Chapter 5401 Coincidental Encounter With Ling Tianyou

Lin Yi's intuition told him that Duanmu Yu had a reason for doing this, but even when it was almost evening, Duanmu Yu still didn't say anything special, as if he really just wanted to entertain him alone.

With a stomach full of questions, Lin Yi bade farewell to Duanmu Yu and left the sect with Bing Wuqing.

"She seems to have something to say." Bing Wuqing suddenly said.

"It's a pity that she doesn't seem to want to say it." Lin Yi shook his head helplessly. He had been struggling with this matter for the whole afternoon, wondering if Duanmu Yu had any other difficulties. But after thinking about it carefully, he realized that Duanmu Yu was already a peak early gold core expert, and he had powerful helpers like him and Bing Wuqing. Even if ye Qingcheng wanted to deal with her, she would have to think twice. In theory, Duanmu Yu shouldn't have any difficulties.

Perhaps, he was shocked by the other party's femininity today and was overthinking it.

As the two of them talked, they arrived at the lakeside. At this moment, a huge flying spirit beast suddenly descended from the sky. It was a spiky Eagle with feathers as sharp as knives. On its back was an old acquaintance. It was the young sect leader of the thousand blades sect, Ling Tianyou.

"What a coincidence." Lin Yi smiled. They weren't that close, but he had a pretty good impression of this super genius. He was one of the few friends he had in the ancient martial world.

"Haha, this isn't a coincidence. I heard that brother Lin had come to spirit leaf sect, so I specially came over to show my hospitality." Ling Tianyou laughed. He was a little surprised when he saw Bing Wuqing, but he quickly understood. A genius like Bing Wuqing was someone that any normal person would try to recruit, provided that they had the ability to do so. Lin Yi obviously had the ability to do so.

"A friendly host? Could it be that your thousand blades sect is nearby?" Lin Yi asked.

"That's right. The territories of our two sects are adjacent to each other, so I can be considered half a landlord here. " Ling Tianyou smiled and said,"it just so happens that there's a Pavilion here. I've prepared some good wine and delicacies. It's a welcome party for brother Lin. It's also a good opportunity for us to express our gratitude."

He didn't plan to invite Lin Yi to the thousand blades sect directly. First, they weren't that close yet, and second, he was afraid that Lin Yi would steal the spotlight. After all, the thousand blades sect wasn't like before. They didn't even have a nascent soul old monster to back them up.

"Hehe, then it would be impolite to refuse." Lin Yi didn't decline and immediately sat down opposite Ling Tianyou with Bing Wuqing. He didn't dislike Ling Tianyou's kind gesture.

The three of them sat down, and Ling Tianyou first made three toasts. Although he didn't say any more polite words, anyone could see the gratitude in his words. Unlike Xue Jianfeng, this super genius of the thousand blades sect wasn't someone who would return kindness with ingratitude.

"I've heard about brother Lin's incident at the green cloud sect on the North Island. You've spent a lot of money. I believe the entire immemorial Alliance will be in an uproar soon." Ling Tianyou said.

The destruction of a nascent soul old monster like Chen Jiu would change the days of the green cloud sect on the northern island. This was not a small matter for the entire small Jianghu in the immemorial era. After all, it was a sect from one of the ten small families. It might seem stable in the short term, but the subsequent impact would come very soon. It was just that the matter had not yet completely fermented and spread.

"Will you?" Lin Yi was a little surprised. He knew that this would cause some disturbance, but he didn't know how it would affect the outside world. After all, his understanding of the ancient Alliance was limited.

"Of course they will. The green cloud sect of the North Island is one of the ten small sects and families. Moreover, they are the main members of the North Island Alliance. They have a lot of influence in the entire immemorial Alliance. Brother Lin, many people have their eyes on your sudden appearance. Not to mention, this year is special." Ling Tianyou said with a smile.

"Special? How special?" Lin Yi asked curiously.

"Among all the major forces in the Jianghu in the primitive times, the top four are the big families and sects, followed by the ten small families and sects. These fourteen forces control at least eighty percent of the experts and resources, and they control the fate of the whole Jianghu in the primitive times. In order to be among them, all the sects and families in the primitive times will do whatever it takes. And this year is the year of the selection that happens once every Millennium!" Ling Tianyou's eyes were shining as he spoke.

"The year of the selection?" Lin Yi's expression was weird-the word made him think of the elections in the common world, but that was only the normal society's system. It wasn't realistic in the world of cultivation where the strong were respected. Did the ancient martial arts world do that?

"That's right. The Millennium selection is a rule set by the immemorial Alliance when it was first established. From the four great sects and families to the ten small sects and families, every position has to be re-evaluated. The weak will be eliminated. This is a rare event in the entire small Jianghu of the immemorial era. Brother Lin, didn't you hear about it?" Ling Tianyou glanced at Bing Wuqing as he spoke. Although the latter had officially joined Lin Yi's Army, he didn't care about other people's business. Even if he knew about the Millennium selection, he wouldn't care about it, and he wouldn't mention it to Lin Yi.

"I've never heard of this. " Lin Yi shook his head, confused, "but if I remember correctly, whether it's the four big sects or the ten small sects, they're all divided by the number of nascent Soul Stage cultivators. Is there a need to judge?"

The number of Yuanying stage old monsters in a sect was obvious at a glance. In theory, there was no need for any selection at all. The so-called selection that happened once every Millennium couldn't just be a formality, could it?

"Indeed, but there are also strong and weak nascent Soul Stage cultivators. Even if each of them has a nascent Soul Stage cultivator, they will still have a ranking in the top ten sects and families. The stronger the nascent Soul Stage cultivator is, the higher the status of the sect and family he belongs to, and the greater the right to speak on all kinds of major events. So, it's no exaggeration to say that the Millennium election is actually a reshuffling of the top experts in the entire primitive times to see who is stronger and who is weaker. There has to be a clear winner. " Ling Tianyou explained. (The school Belle has been writing for more than five years. Recently, she has encountered some bottlenecks in the plot. Murloc plans to adjust her thinking, so for the time being, she will maintain a daily update from this month. However, today, murloc's new book, "the president of the school's Belle depends on me," was released! Readers who don't have enough to read can read the new book. Thank you for your support as always!)

"According to what you said, the Yuanying stage old monsters of various sects and families will fight each other?" Lin Yi was interested.

"I'm not too sure about this, but even if they do have a fight, it won't be made public. Moreover, each Yuanying stage old monster is the stabilizing force of their respective sects and families. They will never easily fight with others, especially with other Yuanying stage old monsters. I guess they will use an indirect way to compare." Ling Tianyou speculated.

Chapter 5402 Marriage Partner

Although he was the young sect leader of the thousand blades sect, he was only a master at the peak of the late stage of Foundation establishment. He was still thousands of miles away from the nascent Soul Stage. He had only heard some rumors about these things, but he was not clear about the details.

"Well, at the level of the nascent Soul Stage, it's not necessary to fight each other to determine who is stronger. Then again, since the Millennium selection is a grand event of the entire Jianghu in the primitive times, it shouldn't be just a gathering of the nascent Soul Stage cultivators, right?" Lin Yi asked.

"Of course not. Although the nascent Soul Stage is the decisive threshold to measure the level of a sect or family, other aspects can not be ignored. The competition between the core Masters of the Aurous core stage, especially between the young disciples, is the highlight." Ling Tianyou said.

"Looks like there's going to be a show to watch." Lin Yi nodded.

"Hehe, brother Lin, you're now the actual controller of the green cloud School on the North Island. When the time comes, whatever position the green cloud School can occupy will all depend on you. When the time comes, you still have to hold the fort for the young disciples who are competing below. Even if you want to watch the show, you don't have that free time, right?" Ling Tianyou couldn't help but laugh.

Lin Yi almost forgot about that. He shook his head and chuckled, "How's your thousand blades sect?"

"There's no other way. We don't have a nascent Soul Stage old monster now, so there's no hope for the ten small sects and families. We can only try to fight for a strong ranking in the periphery, such as getting a supplementary qualification for one of the ten small sects and families. Although we can't get much say in this way, we can at least get some soup when something happens, and we can prepare to return to the ten small sects and families in the future." Ling Tianyou had a bitter smile on his face, but his tone was extremely firm. This unprecedented super genius of the thousand blades sect was obviously full of confidence in reviving the sect.

The thousand blades sect's hope was all on him.

"Replacement qualifications? Since they can become one of the top ten small sects, it means that each of them has a nascent Soul Stage old monster. Even if your thousand blades sect has a nascent Soul Stage old monster, you can't be the eleventh, right?" Lin Yi asked curiously.

"In theory, yes, but it's not like there's no chance at all." Ling Tianyou laughed in a profound manner.

"What do you mean?" Lin Yi asked.

Ling Tianyou glanced at Bing Wuqing, who was beside him, and laughed instead of answering. "Speaking of which, I haven't congratulated brother Bing yet. It's a great thing to advance to the nascent Soul Stage. Let me offer you a toast."

Of course, Bing Wuqing's strength couldn't be hidden from Ling Tianyou. Most people would be trembling with fear in front of a nascent soul old monster, but he, Ling Tianyou, didn't feel restrained at all. He didn't even say a word after greeting her, let alone try to please her. As a foundation building

expert, he completely ignored the presence of a nascent soul old monster. It was rare for Ling Tianyou to have such confidence.

Bing Wuqing nodded slightly and toasted with him. She didn't look down on him at all. Even if he was an expert at the peak of the early stage of the nascent soul realm, he wouldn't underestimate Ling Tianyou because of that. After all, his opponent had thousands of blades flying at him!

After the two of them finished their cups, Ling Tianyou continued, ""Snow sword sect already has three nascent Soul Stage cultivators. This super luxurious arrangement is not something that the ten small sects and families can accommodate. Snow sword sect's target this time is the four big sects and families that stand at the top. Am I right, brother Bing?"

"I do have this intention." Bing Wuqing nodded. The four major sects represented the highest status and power in the snow sword sect. This was something that everyone in the snow sword sect dreamed of. Now that they finally had such an opportunity, they would naturally not let it go.

"That's right. Maybe after the millennium election, the big four will become the Big Five. By then, there will be an empty spot for one of the ten small sects. Won't our thousand blade sect have the opportunity to fill the spot?" Ling Tianyou said with a smile.

"But what if snow sword sect can't improve?" Lin Yi asked.

"It's not like there's no chance. The other ten small sects and families will more or less have some trouble, just like the current ye Ling sect. It's said that their Grand Elder ye Yi Xing suffered a backlash and has not recovered from his serious injuries until now. Once his strength falls out of the Yuanying stage, this Millennium selection will be very uncertain, and he may even be removed from the list." Ling Tianyou said.

"Yes, ye Yixing's condition is indeed not very optimistic. He might be better if he keeps recuperating in seclusion. If he really goes out to fight other nascent soul old monsters for the Millennium selection, the consequences will be unimaginable." Lin Yi had a say in this-ye Ling sect was already at this stage, and ye Qingcheng was still messing around with things like this-she was just asking for it.

"Ye spirit sect knows this situation better than anyone else. As soon as I came back, I heard that they had already made preparations. There is a Qin family nearby, a local family. Originally, it was nothing special, but two years ago, I don't know what kind of good luck they had, but a nascent soul old monster actually appeared. It's a pity that their Foundation is too weak. Otherwise, they might have been able to take advantage of this Millennium selection to fight for the position of the top ten small sects." Ling Tianyou said.

"What's the relationship between the Qin family and leaf spirit sect's backup plan?" Lin Yi asked.

"The Qin family has a nascent Soul Stage old monster, but they don't have any Foundation. The leaf spirit sect has a Foundation, but the nascent Soul Stage old monster can't. That's why someone suggested a marriage alliance. On the Qin family's side, it's Qin Shaohao, the grandson of a nascent Soul Stage old monster. On the leaf spirit sect's side, it's your friend, Duanmu Yu. " Ling Tianyou intentionally reminded.

In the small Jianghu of the immemorial era, it was not a new thing for different sects and families to combine their interests. The North Island's Qingyun sect and the North Island's Chen family were examples. The leaf spirit sect was just forced to follow suit because they had no other choice.

"What ..." Lin Yi was stunned for a long while. He finally understood Duanmu Yu's abnormal behavior. The usually cool and decisive Duanmu Yu was suddenly showing him her womanly side. She was about to marry someone!

Lin Yi was touched by the sudden news! He'd never thought of it as a relationship with Duanmu Yu before, mainly because Duanmu Yu was too manly most of the time. No matter how happy they were, Lin Yi wouldn't take the initiative to contact him in this way, mainly because he was embarrassed.

I treat you like a brother, and you actually want to F * ck me?

How embarrassing would that be if Duanmu Yu were to say those words, right ...

But after seeing Duanmu Yu's feminine side today, Lin Yi suddenly realized that the image of Duanmu Yu had already been imprinted in his heart!

Chapter 5403 The High Snake Island And The Spiritual Fruit

Moreover, he was certain that Duanmu Yu did not treat him purely as a brother. Otherwise, he would not have received such special treatment.

With Lin Yi's personality, he'd found out that they both liked each other, and now that Duanmu Yu was forced to marry someone else, he'd feel extremely uncomfortable if he didn't stop it.

However, the problem was that although Duanmu Yu's actions were a hint, he had not said it out loud.

She didn't say anything, and that in itself was a sign of her attitude-she did have feelings for Lin Yi, but she decided to accept her fate ...

With that, even if Lin Yi wanted to stop them, he wouldn't be able to. What reason could he have to stop them? what identity did he have to stop them?

Lin Yi fell into silence for a moment. Bing Wuqing, who was beside him, saw this, but it was a pity that no one else could help in this kind of matter. As for Ling Tianyou, he was still unaware of this.

Seeing that Lin Yi didn't say anything for a long time, Ling Tianyou thought that he was a little drunk. After all, the wine he brought had a long aftereffect, and it was easy for people to drink too much on their first time. He suggested, ""It's getting late. There's an Inn nearby that's owned by my thousand blades sect. Why don't you two come with me to rest for the night? I'll take you to a good place tomorrow morning. How about it?"

"That's good. " Lin Yi's mind wasn't on this at all-he'd been planning on exploring Nakajima for a while, anyway, so he'd just let them say whatever they wanted.

Ling Tianyou tossed and turned the whole night. The next morning, he woke Lin Yi up with a mysterious look on his face. However, he didn't say anything directly, and looked at Bing Wuqing with a hesitant look.

He had brought Lin Yi to this nice place to repay his gratitude, but it was different for Bing Wuqing. He had nothing to do with her, and although they weren't enemies, they weren't friends either. It was a bit difficult for him.

If it were someone else, they might have been tactful enough to take the initiative to avoid arousing suspicion. However, Bing Wuqing's face was completely indifferent to this. With his strength and temperament, he wouldn't do something like taking orders from others unless Lin Yi asked.

"Wu Qing is one of us. He can go wherever I can. Of course, if brother Ling feels that it's inconvenient to bring two people at once, then forget it." Lin Yi said.

Hearing this, Bing Wuqing didn't say anything, but her eyes were warm as she looked at Lin Yi. Although he always had a cold face, his heart was still made of flesh. He didn't care about ordinary people, but Lin Yi's acknowledgment as his boss was very important to him.

Ling Tianyou was put in a difficult position upon hearing this. But in the end, he still gritted his teeth and said, "Alright, let's go together then."

The three of them immediately got on their flying spirit beasts, and they flew for two days and two nights. Their destination wasn't the middle Island that Lin Yi had thought it was, but an isolated island in the South. Even Bing Wuqing, a native of the ancient martial world, didn't know where it was located.

"This place you mentioned is so mysterious. What are we doing here?" Lin Yi and Bing Wuqing looked at each other, their eyes full of doubt. With their strength, they weren't afraid of anything, but this place was too mysterious.

"Hehe, the two of you, don't be impatient. You'll know when we arrive," Ling Tianyou laughed in a profound manner.

The island wasn't very big, but the terrain was extremely long and narrow. From above, it looked like a giant snake with its body half coiled up. Ling Tianyou brought the two of them to land at the tail of the snake, which was at the lowest point. It wasn't just the three of them; there were also other people who were rushing over in groups of two or three. It wasn't clear if it was a tacit agreement or if it was a rule, but everyone's landing point was on the same empty space.

After landing, these people did not act on their own. Instead, they gathered together and seemed to be extremely vigilant of each other. There was even obvious hostility between them. It was just that no one dared to stir up trouble.

Lin Yi looked around and found that these people were all very careful. They didn't even open their mouths to chat, and even if they did, they'd set up a soundproof formation so no one could hear what they were saying.

Of course, with Lin Yi's strength, it wasn't hard for him to eavesdrop on their conversation. After all, the stronger ones were only at the Golden core stage, while the weaker ones were only at the Foundation Stage. Even the weakest were at the late Foundation Stage.

However, Ling Tianyou was standing right beside him, so Lin Yi didn't need to do anything unnecessary. He could just ask directly.

"Can you tell me now? what happened?" Lin Yi asked.

"Even if I don't say anything, I'm sure brother Lin and brother Bing can guess what's going on. We're here to participate in a secret trial. This place is one of the most secret islands in the entire small Jianghu of the immemorial era, the high Snake Island." Ling Tianyou finally explained.

"The legendary Supreme Snake Island?" Lin Yi didn't say anything about it, but Bing Wuqing was a little surprised when she heard the name. Although she didn't have any idea about this place, she had heard of the snake Island.

"That's right. It's said that the great snake Island was formed from the body of an ancient fierce beast, the great snake. Therefore, the entire terrain is in the shape of a giant snake. In the entire ancient Jianghu, many people have heard of this place, but few know the exact location." Ling Tianyou added.

Lin Yi was about to ask more when a middle-aged man in Black walked over. He was wearing a typical Butler's uniform, and everyone around him greeted him with a smile. He seemed to be someone from a powerful background.

"Young sect master Ling, we meet again." The black-robed middle-aged man quickly arrived in front of the three of them and took the initiative to greet Ling Tianyou.

"That's right, it's been three years since we last met. I hope you've been well, steward Yu. " Ling Tianyou also smiled and nodded.

"It seems to be your first time here. How should I address you?" The middle-aged man turned to look at Lin Yi and Bing Wuqing.

"Let me do the introductions. This is Lin Yi, the Grand uncle-master of the green cloud sect from the North Island, and this is Bing Wuqing from the snow sword sect. I brought them here." Ling Tianyou took the initiative to introduce them. He pointed at the middle-aged man in Black and said,""This is the manager in charge of managing the Supreme Snake Island, manager Yu Hou. His qualifications in the immemorial Alliance are one of the best, but few outsiders know about him."

"Nice to meet you." Marquis Yu nodded slightly at Lin Yi and Bing Wuqing, not showing any surprise. Of course, this was because Lin Yi and Bing Wuqing were used to restraining their auras. Otherwise, if he knew that a nascent soul old monster was standing in front of him, he would never be so calm, unless he was one of them.

After greeting them, Marquis Yu didn't continue to chat with Ling Tianyou. He continued to greet the others before walking to the center of the crowd and saying in a clear voice, ""Welcome to the high Snake Island, I personally wish you all the best, but the spiritual fruit is after all a rare treasure, whether you can find it or not depends on your luck and fate, I can't guarantee anything."

Chapter 5404 Price Increase?

Everyone looked at each other and laughed, but Lin Yi was confused. He knew about spirit sense grass, but what was a spirit sense fruit?

"Spirit sense fruit, one of the most precious treasures in the legends, together with the spirit sense grass, they are called the two treasures of the spirit." Upon hearing this, Bing Wuqing began to get a little excited.

"Tell me the details." Lin Yi said.

"The effect of the spirit sense grass is to temper the spirit sense, and this spirit sense fruit, after eating it can directly raise a person's primordial spirit by one level!" Bing Wuqing wasn't a man who was easily moved, but the temptation of the spiritual fruit was endless for any expert. The higher one's strength was, the more irresistible the temptation was.

It was the same thing to increase the level of spiritual awareness, but for a Foundation Stage master and a Yuanying stage old monster, this concept was completely different.

"Then ... What will happen if I eat more?" Lin Yi asked.

"..." Ling Tianyou was stunned for a moment when he heard this. He interrupted with a strange look on his face, "This is a spirit sense fruit, just like the spirit sense grass, it's a rare treasure that can only be found by luck. It's already a great fortune to have one. Brother Lin, how come you don't even know about this?"

"What if I'm lucky?" Lin Yi didn't want to give up.

"I don't know. Maybe it can increase one level with one spiritual fruit, but if you eat too much of it, you'll definitely have resistance. Who knows?" Ling Tianyou shook his head and laughed.

Lin Yi nodded. He couldn't help but feel curious when he saw everyone, including Bing Wuqing, looking forward to it. "The spirit sense fruit can directly raise the level of the primordial spirit. This is very rare, but it's only to raise the level of the primordial spirit. It's not the real level of strength. Is there a need to be so excited?"

In his view, this spiritual awareness fruit sounded like something people would drool over, but in terms of effect, it was not as practical as Foundation establishment and golden core, so there was no reason for him to be so excited.

"Brother Lin, that's a new thing to say. Once the primordial spirit is raised, the strength will naturally increase. Our ancient martial world's big sects and families all focus on cultivating the spirit, so the primordial Spirit's upgrade naturally means that the strength will increase. Moreover, the spirit fruit has the same tempering effect as the spirit grass to a certain extent, but it's not as extreme." Ling Tianyou explained in surprise.

"I see." Lin Yi understood. He knew that the ancient martial world and Sky Class Island were two completely different paths. The former focused on the spirit while the latter focused on the body. It was even clearer after hearing Ling Tianyou's explanation.

As the few of them were talking, the rain Marquis continued in a clear voice, "Alright, since everyone is able to come here, I'm sure you all know the rules. I won't waste any more of your time. 300 spiritual jades per person, you may enter."

300 spiritual jades didn't sound like a lot. It would be a small amount on the sky-class Island, but this was the ancient martial world. The rarity of spiritual jades was far beyond that of the sky-class Island. For most people, this was a sky-high price. The key was that it wasn't guaranteed that they could find the spiritual fruit directly, but it was just an entrance ticket.

Three hundred spiritual jades for an entrance ticket was already extravagant to a certain extent. There were not many people in the entire ancient martial world who could afford this price. From this, it could be seen that the people present were beautiful. Even if their strength was not absolutely tyrannical, at least their identity and status were absolutely unquestionable.

When Marquis Yu's voice fell, most of the people did not have any strange expressions. However, there were a few people whose expressions changed, and that included Ling Tianyou.

"Isn't it two hundred spiritual jades? Why did it suddenly become 300?" Ling Tianyou's face was filled with pain.

"Eh? Don't you know that this rule has been changed since last year, young master Ling?" Marquis Yu explained.

"I ... I really don't know." Ling Tianyou couldn't help but smile bitterly. In the past, he had always come here with his master. It was only last year that he was participating in the training in the secular world, so he didn't come. But this time, his master happened to be in seclusion to recuperate, so he didn't know about this at all.

"Hoho, this is so rare. Surely the young sect leader of the thousand blades sect can't even take out three hundred spiritual jades? I've really broadened my horizons today. No wonder your thousand blades sect is on the decline. You still have the nerve to call for the revival of the thousand blades? If you can't even take out this little bit of spiritual Jade, I advise you to hurry back to the countryside and farm. You can rely on the heavens to make a living, and maybe you can even become a small landlord. " A burly man came over and mocked.

Ling Tianyou's face darkened when he saw this person. This person was Wei Yidao, one of the best among the younger generation of the tyrant's blade sect. His strength was at the perfected Foundation establishment realm. Since ancient times, the tyrant's blade sect and the thousand blade sect had been at odds with each other, and there would be friction between the two sects from time to time. It was only natural for their disciples to be hostile to each other, especially with their special identities.

If it were any other person mocking him in his face, Ling Tianyou would basically ignore them with his personality. However, his opponent was Wei Yidao. He could ignore everyone's ridicule and mockery, but Wei Yidao was the only one he could not.

Pa! Without another word, Ling Tianyou immediately threw out a huge bag of spiritual Jade. With everyone's eyes, they could tell that it was a total of four hundred spiritual jade pieces, not a single piece more or less!

"Another 100? How? Are you showing off?" Wei Yidao still had a mocking expression on his face. Four hundred spiritual jades was indeed not a small sum outside, and it was enough to intimidate a large

group of people. However, which one of the people present was an ordinary person? For those who could afford the admission ticket, would they really care about such a small amount of spiritual Jade?

"Young master Ling, is this for two people?" Marquis Yu, on the other hand, understood Ling Tianyou's intentions. In order to repay him for saving his life, Ling Tianyou had specially invited Lin Yi to the snake Island. Naturally, he had to pay for the entrance fee as well. Otherwise, he would be too petty.

"That's right. I just didn't expect it to become three hundred ..." Ling Tianyou could only smile bitterly. Other than this bag, he had put some more on the flying spirit beast, but it wasn't as much as two hundred. This time, he was really in a difficult situation. He had properly repaid the debt of gratitude, but had instead become a joke to others ...

"So that's how it is. This is going to be a little troublesome." Marquis Yu pinched his chin, feeling a little embarrassed. It was not Ling Tianyou's first time here, and they could be considered old acquaintances. Furthermore, Marquis Yu had always had a good relationship with the thousand blades sect. However, these were two separate matters. He couldn't possibly waive Ling Tianyou's 200 spiritual jades just because of this, right?

Firstly, he didn't have the authority to do so. Secondly, there were so many eyes watching. Once he set a precedent, there would be all kinds of trouble in the future. His friendship with Ling Tianyou had not reached that level yet.

"Hahahaha, I'm dying of laughter! It's rare for the great sect master Ling to show off his wealth, but in the end, not only did he not show his face, he even showed his butt!" Hearing this, Wei Yidao seized the opportunity to taunt him!

Chapter 5405 Don't Need To Go Back

He and Ling Tianyou were destined to be mortal enemies since birth. Although both his talent and strength were not bad, it was a pity that he was comparing himself to Ling Tianyou. In front of a super

genius with a thousand blades flying at the same time, everything else would pale in comparison, including Wei Yidao.

In the past, he had been suppressed by Ling Tianyou so much that he couldn't even raise his head. Now that he had a rare opportunity, Wei Yidao naturally wouldn't let it go.

As soon as these words were spoken, the other people in the surroundings also revealed ridiculing expressions as if they were waiting to watch a good show. Some of them even cooperated and sneered. No matter which side they were on, it was always a good thing to be able to see the Super genius Ling Tianyou embarrass himself. In any case, Wei Yidao was the one who stood out, and they were happy to add fuel to the fire behind the scenes.

Ling Tianyou didn't want to waste his breath on Wei Yidao, but now that he had become the target of public criticism with just a few words, especially in front of Lin Yi, he couldn't hold it in anymore. He said in a low voice, ""Wei Yidao, this is not the middle Island. There is no rule in the Supreme Snake Island that the disciples of the ancient sects are not allowed to fight in public. In other words, if you continue to talk nonsense, I will not be polite."

"Oh, really? Then why don't you try?" Wei Yidao's eyelids twitched. In terms of level, he, who was a perfected foundation building cultivator, was superior to Ling Tianyou. However, the problem was that Ling Tianyou was an existence that defied all common sense. He was very clear that it was impossible for him to block the thousands of flying blades of his opponent!

However, this didn't mean that he was really afraid of Ling Tianyou. If it were just the two of them here, he might really be scared. But with so many outsiders present, if Ling Tianyou really made a move on him, the news would definitely spread back to the Middle Island. Even if the snake Island didn't have a rule that forbade private fights, it would still anger the entire tyrant's blade school.

The thousand blade sect had once been strong and prosperous, but it was now just an ordinary sect. Its strength was on par with the tyrannical blade sect, or even worse. With the centuries-old enmity between the two sects, and the new hatred of the head disciple, they would definitely fight. The thousand blade sect couldn't bear the consequences.

As the young sect master of the thousand blades sect, Ling Tianyou had the heavy responsibility of reviving the sect on his shoulders. Wei Yidao knew very well that he did not have the guts to do so!

"Do you really think I don't dare to?" Ling Tianyou's killing intent surged. In the past, he was indeed a little scared. He believed that as long as he grew up, he would be able to revive the thousand blades sect, and there was no need for him to look for trouble for himself. However, he threw all these thoughts to the back of his mind after seeing Lin Yi.

Lin Yi's appearance made him realize that there was always someone better than him-he wasn't the only super genius in the world. If he continued to be a coward, he'd be left behind by the others sooner or later. The gap would only get bigger and bigger, and he wouldn't be able to revive his Empire then.

As long as it was a genius, their heart would be higher than the sky. As for a super genius like Ling Tianyou, it was even more so. Once he made a decision, a person like Wei Yidao was a dead man in his eyes.

Seeing Ling Tianyou like this, Wei Yidao's heart couldn't help but skip a beat. He had originally been very sure that Ling Tianyou would definitely not dare to attack him in public, but now he was really a little uncertain. If this fellow Ling Tianyou really got angry, he would be very frightening.

"Young master Ling, you can try." At this moment, the old man standing beside Wei Yidao spoke. This person's name was Lin Zhen, and he was one of the top five elders in the tyrant's blade school. His strength was at the late gold core stage. No matter how terrifying Ling Tianyou's thousand flying blades

was, and even if it was rumored that it could contend against gold core experts, it was still not enough in front of a late gold core expert like Lin Zhen.

Ling Tianyou's position in the thousand blade sect was a hundred times, a thousand times, more important than Wei Yidao's position in the tyrant's blade school. Once something happened to Ling Tianyou, the entire thousand blade sect would go into a frenzy. At that time, they would definitely seek revenge on the tyrant's blade school. However, Lin Zhen could not just sit by and watch as Wei Yidao was bullied by Ling Tianyou. If Ling Tianyou really wanted to make a move, he would have to get past him first.

"I've long heard that elder Lin has comprehended the fifth level of the tyrant blade. I'll try it out today." Ling Tianyou grinned. If it were any other Foundation establishment cultivator facing a late-stage golden core cultivator, they would have been so scared that their legs would have gone soft. However, he was not the slightest bit afraid. After all, his usual sparring partner was at this level, and he had long been used to it.

"You have guts." Lin Zhen's face sank. To be looked down upon by a mere peak late Foundation Stage junior, even if the other party was the famous thousand flying blades Tianyou, this feeling was truly unpleasant and infuriating.

Furious, Lin Zhen was about to make a move. At this moment, Yu Hou finally interjected, "Please wait a moment. Although my Snake Island doesn't prohibit people from fighting each other, this place is not suitable. After all, I am still waiting to collect the entrance spirit Jade. If you have any grudges, why don't you settle them after we enter?"

"Alright, since you've spoken, I'll definitely give you face." Lin Zhen immediately took advantage of the situation. He did not really want to make a move on Ling Tianyou. Furthermore, Marquis Yu's status on the snake Island was equivalent to half a master. Let alone an elder of the tyrant's blade school, even the sect leader of the tyrant's blade school would have to show some respect.

"In that case, let's go in first." Ling Tianyou also took a step back.

"Enter? Hehe, young master Ling, are you going in alone or are you bringing your friends? You've brought him all the way here, but in the end, because of the lack of spirit Jade, he can only stand outside and wait. You're playing him like a monkey. It's an honor to be your friend. " Wei Yidao didn't forget to mock him.

Ling Tianyou's expression was extremely unsightly, but the other party was speaking the truth. At this point, he could only grit his teeth and say, ""Brother Lin, I'm sorry that I wasn't well prepared this time. How about this, you go in alone this time, and I'll go back to the thousand blades sect to get the spiritual Jade and come back again."

Although it was a little awkward and he would inevitably be laughed at, this was the only solution he could think of at the moment.

"No need," Lin Yi's eyes swept across the crowd, stopping on Wei Yidao, who was waiting to see him make a fool of himself. He suddenly laughed, "Brother Ling, you're overthinking it. I've already received your kind intentions, but you should have heard that I'm not lacking in spirit Jade. Let me handle this bit of spirit Jade."

With that, Lin Yi pointed behind him, and only then did everyone notice that there was a bag of spiritual Jade behind him. It seemed to be quite a lot.

For a moment, everyone thought that their eyes were playing tricks on them. Such a large bag of spiritual Jade had been thrown on the ground, and they had not noticed it in the first place?

"There are 500 spiritual jades here. If you include the 400 from young master Ling, that's a total of 900 spiritual jades. That's just enough for three people to enter the arena?" Marquis Yu looked at Lin Yi and Ling Tianyou, and then his eyes fell on Bing Wuqing.

"That's right. Is there a problem?" Lin Yi asked.

Chapter 5406 Very Expensive

As soon as he said this, Ling Tianyou's expression became a little strange. Wei Yidao, who was opposite him, was already sneering, ""Spiritual jades for three people? If I'm not mistaken, you're saying that Ling Tianyou is treating us, right? but I remember that ancient sects usually only have two spots. Since when did the thousand blades sect have such a powerful background?"

"Really?" Lin Yi turned to look at Ling Tianyou.

"Yes, the Supreme Snake Island trial here is different from the other trials of all sizes in the ancient Alliance. It has never been made public, and only a few people know about it. The quota is limited, and it is a very strict one-to-one transfer system. Once the quota that originally belonged to you is transferred, even if it is only temporary, you will not be qualified to enter the Supreme Snake Island trial before the quota is returned. My thousand blade sect only has two, my master and I. However, this time, my master is injured and is in closed-door cultivation. "That's why his spot can be used by you, brother Lin, but ..." Ling Tianyou looked at Bing Wuqing with a troubled expression.

From the very beginning, Bing Wuqing's appearance was out of his expectations. He didn't expect Lin Yi to not treat Bing Wuqing as an outsider and bring her here by force. He couldn't even bear to stop him.

With Ling Tianyou's status, it was fine if it was just an extra three hundred spirit jades. Although it wasn't a small amount, it wasn't something that the thousand blades sect couldn't afford. The key was the right

to enter. There were only two people in the entire thousand blades sect. He couldn't just be a good person and let Lin Yi and Bing Wuqing in while he, Ling Tianyou, just stood aside, right?

"In that case, I'll go back to Nakajima first." Bing Wuqing wasn't an unreasonable person. Even if she was in Lin Yi's shoes, she couldn't let things get too bad. Although the spiritual fruit was indeed coveted, she didn't really care too much about it now that she was following Lin Yi. After all, Lin Yi could give her a soul gathering golden core that was comparable to a spiritual fruit.

"Thank you for your understanding, brother Bing ..." Ling Tianyou was moved. As a super genius, he knew that it was rare for Bing Wuqing to say something like that. Even if she was only doing it for Lin Yi, he had to accept it from his perspective.

"Hehe, I say, young master Ling, being friends with you is really the bad luck of our ancestors. They came all the way to the snake Island, but only got kicked back dejectedly. Besides, I heard that Bing Wuqing is a nascent soul old monster now. You're really giving her face!" Wei Yidao was waiting for an opportunity to sow discord.

Although the snow sword sect and the thousand blades sect were not as incompatible as fire and water, they had never had any friendly relations. To be honest, he and Lin Zhen were a little flustered when they suddenly saw Bing Wuqing and Ling Tianyou standing together. At this time, they naturally had to stab them in the back.

A nascent soul old monster had a special meaning in the small Jianghu of the immemorial era. As the highest combat power of each sect, their every move represented not only themselves, but also the sect behind them. If Bing Wuqing was really rejected at the door today, it would not only be embarrassing for him, but also for the entire snow sword sect.

In the eyes of the bystanders, Bing Wuqing had simply been played by Ling Tianyou.

Ling Tianyou felt extremely apologetic. If he had known this would happen, he would have made things clear when he was on Nakajima. That way, he wouldn't have fallen into such an awkward situation. Now, he couldn't back down after riding on a Tiger. After being ridiculed by Wei Yidao and the others, Bing Wuqing couldn't be empathized even if she wanted to.

"If that's the case, then let brother Lin and brother Bing go in this time. There'll be more chances in the future, I'll come again next time." Ling Tianyou gritted his teeth and said in the end. He had no other choice. Otherwise, if he really forced Bing Wuqing to go back in embarrassment, it would be a bad thing for her. Not only would she not benefit from it, but she would also become enemies with him.

"This is good too." Upon hearing this, Marquis Yu nodded his head. From his perspective, he would not open the back door for Ling Tianyou. As long as it did not break the rules of the trial on the snake Island, everything else did not matter.

"Oh my, you're sacrificing yourself for others. Young sect master Ling's awareness is quite high!" Wei Yidao gloated.

Ling Tianyou did not say anything on the surface, but his expression was as dark as water. No one would be happy about this, especially when there was such an opponent who was constantly mocking and ridiculing him. It would be considered good enough if he could suppress his anger.

Staying would only make him look bad. Ling Tianyou was about to leave, but Lin Yi stopped him, ""Brother Ling, you don't have to leave."

"What?" Ling Tianyou frowned and looked at Bing Wuqing. Was Lin Yi telling Bing Wuqing to leave?

Bing Wuqing was quite tactful. She didn't take this matter too seriously. She nodded at Lin Yi and turned to leave, but was stopped by Lin Yi as well.

"Brother Lin, you want to quit? That won't do!" Ling Tianyou quickly interrupted him. The main reason he was here was to repay Lin Yi for saving his life. If he had to force Lin Yi to quit in the end, what the hell would he be doing?

"I won't. Brother Ling, you're thinking too much," Lin Yi smiled and turned to Yu Hou, "Steward Yu, you see, the three of us have come all the way here. It's not appropriate to let anyone go. There must be a way to solve this problem, right?"

"What do you mean? If you have something to say, you can just say it. " Marquis Yu narrowed his eyes.

"Since there is such a trial on the snake Island, and since it is a trial that charges entrance fees, then there is always room to fight for it. Therefore, I want to buy an entrance qualification." Lin Yi said directly.

"Buy the admission ticket?" Everyone was dumbfounded when they heard this. Everyone knew that the qualification to participate in the trial on the snake Island could only be inherited or transferred. This was the first time that someone had publicly proposed to buy it.

"What are you talking about in your sleep? Did he really think that he could do anything with just a few spiritual jades? He even wanted to buy the admission ticket? Are you daydreaming?" Wei Yidao immediately grinned and sneered.

Not only him, but the other people on the scene also showed a sneer on their faces. It was because the qualification to participate in the Tai Snake island's trial was rare that it was precious. They also appeared to be superior to others. If it could be bought casually, then what was the point of being precious?

Just when everyone thought that Marquis Yu would deny it and even teach this arrogant fellow a lesson, they heard him slowly say, ""That's very expensive. "

It was very expensive. In other words, it could be bought, but the price was very high. It was definitely not a low price like three hundred spiritual Jade.

"I can understand." Lin Yi nodded. This was within his expectations. Since the trial on the snake Island required the entry fee, it meant that it was similar to a business to some extent. It could be regarded as a paid tourist attraction, but this tourist attraction was a bit special, with a strict membership system of privacy.

Business was business. No matter how strict the rules were, as long as there were enough spiritual jades, the problem could be solved. Money could make the devil turn the millstone. This had always been a wise saying in the business world.

Chapter 5407 There's Spirit Jade!

"That price isn't something normal people can afford. Even a normal ancient sect doesn't have that kind of wealth. Are you sure you want to buy it?" Marquis Yu took a deep look at Lin Yi. If this could really be done, it would be an unprecedented big business. It had been hundreds of years since the snake Island had met such a big customer. However, he had never heard of Lin Yi's past deeds and didn't know of his existence before, so he was naturally suspicious of this.

"State your price." Lin Yi said faintly.

This tone shocked everyone for a moment, and then they all revealed a mocking expression. The rain manager had already made it clear that ordinary ancient sects could not afford to buy an entry qualification even if they tried their best. Otherwise, the trial on the snake Island would not be so unknown like today.

Even if the green cloud School of the North Island was one of the ten small sects, it would still be very difficult for them. This guy actually acted so nonchalantly, wasn't he being too pretentious?

Marquis Yu was also surprised. His long and narrow eyes narrowed into a thin line, and the corner of his mouth curled up as he spat out two words, "A hundred times."

Everyone in the hall gasped. A hundred times, of course, referred to a hundred times the price of the spiritual Jade. That was a total of 30000 spiritual jades. This was not the Sky Class Island, and 30000 spiritual jades was a Super sky-high price. Just as Marquis Yu had said, an ordinary ancient sect would not be able to afford it!

The crowd could not help but secretly rejoice that their entry qualifications had been passed down from their fathers. Otherwise, they would not be able to afford it even if they saved their entire lives!

Even Lin Yi couldn't help but be surprised by the number-thirty thousand spirit Jade? that was a little too much!

" 30000 spiritual jades is not a small amount. It is not something that an ordinary person can afford. In fact, the number of trial qualifications that have been sold in the history of the snake Island can be counted with one's fingers. Most of them obtained the first-generation qualification because of one or

another origin. After that, it will be passed down to you from generation to generation. You should give up on this idea." Marquis Yu looked at Lin Yi's expression and knew that Lin Yi couldn't afford it. After all, if Lin Yi really had that much money, he wouldn't need anything else to stand at the top of the ancient martial world. He knew every single one of those people like the back of his hand, and it was impossible that he hadn't heard of them before.

"What did I say? a Toad lusting after a Swan's meat? that's 30000 spiritual jades we're talking about. Do you really think you're the God of Fortune? This brother, you should just admit that you're unlucky to have a friend like young master Ling. Why are you wasting everyone's time here?" Even now, Wei Yidao did not forget to add fuel to the fire.

Lin Yi ignored him and continued to look at Marquis Yu, "I want to know why this trial qualification is worth 30000 spiritual jades. Is it just because there is a chance to find the spiritual awareness fruit?"

The deified soul fruit was certainly valuable, but even if there were ready-made ones in front of him, they were definitely not worth the Super sky-high price of thirty thousand spiritual jades. At least, no one in the small Jianghu of the immemorial era would be willing to pay such a price.

What's more, this wasn't ready-made, there was only a little chance. Strictly speaking, even this little chance wasn't big, or else spiritual awareness fruits would be commonplace.

"The spiritual awareness fruit is of course the signboard of the trial on the snake Island, but this is not the only signboard. Since my Snake Island dares to offer this price, then it is naturally worth the price. We will definitely not let people suffer a loss. Of course, if we give the opportunity but can not grasp it, then it is not our problem." Marquis Yu swept his gaze across the crowd and said.

As soon as he finished speaking, everyone subconsciously looked at each other. They had all come here for the spiritual fruit. It was true that the snake Island was a unique place in the immemorial small

Jianghu. There were indeed some natural treasures that could not be found elsewhere, but there were very few that could be compared with the spiritual fruit.

However, according to Marquis Yu's words, the Supreme Snake Island should have other extremely rare heavenly treasures, and they should at least be Supreme treasures on the level of spiritual fruits. What could they be?

It was obvious that Marquis Yu wanted to keep them in suspense. Everyone was itching to know what to do. In the past, they had come here to search for spiritual fruits. It seemed that they had to change their thinking this time and explore other things.

"In that case, I'll buy one." Lin Yi's words shocked everyone again, and they all looked at him strangely. Thirty thousand spiritual jades was a huge chest, and he was empty-handed-where did he get that much?

The immemorial little world was not like the sky-class Island. Because spiritual Jade was very rare, a single piece was worth much more than on the sky-class Island. Even a large transaction with an astronomical price would only cost a box of spiritual Jade at most, just that the box was a little bigger, so there was no spiritual Jade card at all. After all, there was no need for it.

"Oh? Where's the spirit Jade?" Marquis Yu was also stunned for a moment. He had thought that the other party would say something like delaying the transaction. It was very normal for him to make a special trip for the sake of 30000 spiritual jades.

"Here, it's on the flying spirit beast." Lin Yi turned around and took a big box from the back of the flying spirit beast. The others were just surprised at the scene, but Ling Tianyou's eyes were about to fall out.

He'd come with Lin Yi-he knew exactly how much stuff was on the beast's back-since when was there such a big box of spiritual jades? He had no idea at all!

In contrast, Bing Wuqing was much calmer. Although she couldn't understand where Lin Yi had conjured it from, she had a deeper understanding of Lin Yi's various miraculous abilities than Ling Tianyou and the others. No matter what earth-shattering things Lin Yi did, she wouldn't be too surprised.

"Not too much, not too little. Exactly 30000 spiritual jades." Marquis Yu did a quick count and a rare smile appeared on his face. Even his eyes towards Lin Yi were no longer as distant as before, and he was now as friendly as he was.

Whether it was his status or position, 30000 spiritual jades was a huge amount of money. No matter how much experience he had in the ancient Alliance, Marquis Yu was still a human. As long as it was a human, a God of Fortune like Lin Yi would always get some special treatment.

With this, everyone, including Wei Yidao, fell silent. Thirty thousand spirit Jade in one go-this genuine nouveau riche was at a certain level. Normal people didn't have the confidence to go against Lin Yi face to face.

"Alright, everyone, line up. You can enter after you hand in your spiritual Jade." Marquis Yu began to arrange the entrance of the hall and added a final sentence,"Finally, I would like to remind everyone that you should not touch the things inside. Some of the mechanisms are not trivial. Once you touch them, you will bear the consequences. Also, there is no time limit for our Snake island's trial. You can stay as long as you want. Of course, you can also leave at any time."

Chapter 5408 Priority To Enter

Everyone immediately started lining up, and Lin Yi, Ling Tianyou, and Bing Wuqing happened to stand in front of Wei Yidao. Wei Yidao was initially shocked by the thirty thousand spirit Jade and didn't say

anything, but he frowned at this moment, ""It's impressive that you paid thirty thousand spiritual jades. You're even ahead of me in the queue. Why don't the three of you just go in directly?"

It was a sarcastic remark, but Lin Yi only glanced at him and turned to Marquis Yu, "Steward Yu, can we go in directly? It doesn't matter if you pay more spirit Jade. "

"Sure." Marquis Yu was very straightforward, directly opening up a green passage. Wei Yidao's face turned green as he watched Lin Yi's group of three swagger away, but he didn't even dare to let out a fart in front of Marquis Yu and could only endure it.

After entering the training grounds, Ling Tianyou introduced the place to Lin Yi and Lin Yi, ""The terrain of this Snake Island can be seen at a glance. The snake's tail is the only entrance. As long as you follow the snake's body up, you will finally reach the snake's head. However, only a few people can reach there, so it is too difficult."

"What do you mean? If we're only going to the snake's head, we can just fly over with our spirit beasts. What's so difficult about that?" Lin Yi asked curiously.

"Brother Lin, you might not know this, but the entire Supreme Snake Island is covered by an extremely special ancient formation. It is said that this is probably the Supreme snake's own protective formation. Flying spirit beasts can't fly above it at all. Even if they manage to rush in, it will be extremely dangerous, and there is a 90% chance of death." Ling Tianyou shook his head.

"If aerial spirit beasts can't do it, is it that hard to walk over?" Bing Wuqing asked.

"It's very difficult. There are dangers everywhere along the way. Spirit beasts and traps can take the life of a golden core stage master at any time. The trial on the snake Island is not only the most secretive trial in the small Jianghu of the immemorial era, but also the most dangerous one. Although it can't be compared with you two, but according to reason, my strength should not be considered bad, right?" Ling Tianyou asked in return.

"Not bad," Lin Yi and Bing Wuqing shook their heads at the same time. Even if they didn't talk about his terrifying potential for growth, Ling Tianyou's current strength wasn't weak at all. With his peak late-stage foundation building realm, he was comparable to an ordinary early-stage golden core cultivator. In theory, he should be able to handle most of the trials in the ancient martial world.

"Then you must not be able to imagine it. The last few times I came here, I had to encounter dozens of dangers each time. It was my master who pulled me back from the edge of life and death. Now, it's only because I'm more familiar with this place and have some experience that I feel a little better." Ling Tianyou said with a bitter smile.

"So brutal?" Even Lin Yi couldn't help but feel his eyelids Twitch. He knew Ling Tianyou's strength very well. He was only at the peak of the late Foundation Stage, but he managed to escape from Xue Jianfeng, a new nascent Soul Stage cultivator, twice. It was enough to tell that this person was not ordinary.

That's right, it was two times. The first time was when Lin Yi saved him at the end of the ancient trials, and the second time was when everyone returned to their own homes after returning to the ancient martial world. Ling Tianyou didn't explain in detail, but with Xue Jianfeng's character, there was no way he would let him go so easily. But he still returned to the thousand blades sect safely, which was no small matter.

It was really unexpected that such a ruthless person would be so frightened by the snake Island that he would have a sequela.

"Of course, with brother Lin and brother Bing's strength, this bit of danger is nothing. You just have to put in a bit of effort." Ling Tianyou shook his head and chuckled. He wasn't sure about Lin Yi's exact strength, but from Bing Wuqing's attitude, he was sure that Lin Yi was at least above ordinary nascent soul old monsters. A person like him could move unhindered in the entire ancient martial world, let alone a mere Snake Island.

"Let's talk about the spiritual awareness fruit. You have to tell us what it looks like and what its characteristics are." Lin Yi smiled. Although the rain Lord had been bluffing outside, he didn't know how much of it was true. People who came in here would at most pay attention, and the most important thing would still be the spirit sense fruit, and Lin Yi was no exception.

"I don't know what it looks like in real life, because I've never seen it before. All my knowledge about the spiritual fruit came from ancient books and my master. It is said that the spiritual fruit has a deep origin with the Tai Snake Clan. There is a saying that it is a part of the Tai snake's body and it looks very similar to the snake's gallbladder. In other words, the spiritual fruit looks like the snake's gallbladder." Ling Tianyou explained.

"In that case, it's quite recognizable." Lin Yi nodded. The most annoying thing about looking for treasures was the lack of recognition. They looked no different from weeds at first glance, and that would be a pain in the ass.

"You're right, but unfortunately, it's still very difficult to find spiritual fruits," Ling Tianyou gave a bitter smile and spread his hands. "Adding all the times, I've already been to this place four times. From the snake's tail to the snake's head, I don't even know how many times I've been there. Up until now, I've found nothing. You can imagine how rare the divine sense fruit is."

"Didn't the rain supervisor say that there was no time limit? you can stay here and continue to search as long as you want to. If you come again, you'll have to hand in the spiritual Jade again. Why do you have to go out?" Bing Wuqing interrupted.

"The rules are indeed like this, but not many people would do so. As for the reason, why don't the two of you carefully feel it?" Ling Tianyou kept them in suspense.

Lin Yi and Bing Wuqing looked at each other, sensing their surroundings for the first time. After a while, Bing Wuqing frowned slightly. "The spiritual Qi here is a bit lower than outside. Strange, the rarer the ancient trial grounds are, the higher the spiritual Qi density. This way, it can nurture all kinds of natural treasures. How can this place be worse than ordinary places?"

"And this is just the snake's tail. The closer this place is to the snake's head, the lower the concentration of spiritual Qi. When you reach the snake's head, you can't even feel a little bit of spiritual Qi. It's no different from the secular world." Ling Tianyou added.

"But even if the spiritual energy is a little thin, if you want to persist, there's nothing wrong with it, right?" Bing Wuqing was a little confused. No place could compare to the secular world, which was known as the spiritual Qi graveyard, when it came to the scarcity of spiritual Qi. It was true that everyone's daily cultivation was inseparable from spiritual Qi, but if they really wanted to persist, they could even stay in the secular world for the rest of their lives, not to mention on the snake Island.

"It's not just about the spiritual Qi here ..." Lin Yi shook his head and sensed his surroundings, "In addition to the spiritual energy, there is also a very faint fishy smell in this place. I don't know what kind of fishy smell it is, but if you stay here for too long, you may be poisoned slowly, am I right?"

"That's right, this fishy smell is called the snake smell. Humans have the body odor, and snakes have the snake smell. It is one of the symbols of the snake Island, and it is one with the entire Island. It is extremely difficult for ordinary people to detect it ..."

Chapter 5409 Being Targeted By Something

"Most of them only realized it after they were poisoned after staying here for a long time. There are very few people like you who can see through it with a single glance. Your perception is really unparalleled!" Ling Tianyou praised from the bottom of his heart.

This was the truth-Lin Yi's senses were already outstanding to begin with, and now that he'd transformed into a Yuan spirit, his senses were even sharper. He could immediately sense anything strange around him.

"You're too kind," Lin Yi smiled faintly.

"Then how dangerous is this snake smell?" Bing Wuqing asked.

"It can't be considered big. After the symptoms of chronic poisoning appear, as long as we leave the snake Island as soon as possible, the symptoms will be solved." Ling Tianyou said.

"What if we continue to stay here?" Bing Wuqing asked again.

"The symptoms will get worse and worse. When it reaches a certain degree, it's over. There is no antidote for the smell of snakes. It can only cure itself when the symptoms are still light. In the past, some people did not believe it, and in the end, they all became the victims of this Snake Island. They are all lessons from the past." Ling Tianyou said with a sigh.

"Speaking of which, since the chances of finding a spirit sense fruit are so low, why did you bring us here?" Lin Yi changed the topic-he'd spent 30000 spiritual jades on this, and while it wasn't much considering his net worth, it wasn't something he could just throw away like that.

But if he could really find the spirit sense fruit, then let alone 30000 spirit jades, even 100000 spirit jades would be worth it to Lin Yi. After all, the spirit sense fruit meant completely different things to him and to others. A Xuan Sheng master leveling up was different from a Foundation master leveling up.

Ling Tianyou laughed bitterly. He had planned to use this opportunity to return Lin Yi's favor, but who knew that things would turn out like this? Lin Yi actually took out 30000 spiritual jades to buy the entry ticket!

This way, if he still couldn't find the spirit sense fruit this time, he wouldn't be able to return the favor. From a certain perspective, he'd be scamming Lin Yi. He'd just spend thirty thousand spirit Jade for nothing-how could that be reasonable?

However, it was too late to say anything now. Ling Tianyou could only say, ""Brother Lin, it's really hard to find a spirit sense fruit. My master and I have thought of countless ways to find it, but it's not like we didn't find anything."

"I'd like to hear the details. " Both Lin Yi and Bing Wuqing were intrigued.

"Although my master and I didn't find the spiritual fruit, we have spent so much effort on the snake Island. In fact, we can rule out most of the places, but there is one place we haven't been to." Ling Tianyou said in a suppressed voice.

"Process of elimination? In other words, if this place really has spirit sense fruits, then that place is most likely the one with the highest possibility. Is that what you mean?" Lin Yi's eyes lit up.

"That's right. Of course, this is just my one-sided speculation. It's hard to say how big the chance is. It's very likely that we'll still be overjoyed when we get there." Ling Tianyou gave Lin Yi and Bing Wuqing a heads-up.

"I understand." Lin Yi and Bing Wuqing nodded in unison. They weren't the kind of people whose brains were flooded with water, and they'd always held an attitude of "if you get it or if you lose it, it's your fate." They wouldn't force it.

"Then ... I'll Take You There?" Ling Tianyou looked behind him. The worker, Wei Yidao, and the others who had spoken had already started to enter. For this kind of thing, the fewer people there were, the better. Once there were too many people, and they had attracted so much attention just now, it would be troublesome if someone with ulterior motives followed them.

The three of them immediately followed the narrow and winding path. This place was full of danger, and if it was someone else, they definitely wouldn't dare to walk so fast. However, not only did their group have Ling Tianyou, who was a very familiar guide, but they also had Lin Yi and Bing Wuqing, two powerful existences that could be considered the top in the entire ancient martial world. They didn't need to worry about the dangers at all.

But soon, Lin Yi felt that something was wrong.

"What's wrong?" Ling Tianyou and Bing Wuqing were both stunned when they saw Lin Yi suddenly slow down.

"Don't you guys think it's a little weird?" Lin Yi asked.

The two of them looked at each other and shook their heads. ""No, I didn 't,"

Both of them were super geniuses, and their senses were much sharper than the average person 'S. Ling Tianyou's level was still low, as he was at the peak of the late stage of the foundation building realm. However, Bing Wuqing was at the peak of the early stage of the nascent soul realm. If there was any danger here, it was impossible for him to not sense it at all.

However, it was Lin Yi who said that. It wasn't strange that Lin Yi could sense what they couldn 't.

"I feel like there's a dagger at my back." Lin Yi looked around, and his spirit sense told him that there were no other practitioners following him within a few miles. There were no signs of spirit beasts either, but the feeling of being watched was very strong. Lin Yi's intuition was never wrong, especially now that he was a true-blue xuansheng stage essence spirit.

"Then what do we do?" Ling Tianyou asked. He didn't doubt Lin Yi at all. After all, Lin Yi was much stronger than him. Besides, Lin Yi wasn't someone who would say things without thinking. He wouldn't make a joke like this.

"Drag him out and kill him." This was Bing Wuqing's attitude, and it was also his usual style-simple and efficient.

"Not for the time being. This guy is not ordinary. It is not easy to reverse track and lock its position. Moreover, I can feel that it is not specifically staring at the three of us. Looking at its posture of spreading out its spiritual awareness, perhaps everyone who enters the snake Island is its target. Let's wait and see first. Once it makes any move, it will reveal its fox tail." Lin Yi said.

"Alright," he said. Ling Tianyou didn't have any objections to this, and although Bing Wuqing wanted to get rid of the other party as soon as possible, he naturally wouldn't disobey Lin Yi since he had already given the order. Most importantly, he didn't have the ability to do so.

The three of them continued to move forward, and they felt an inexplicable pressure on their bodies. No matter who the other party was, the fact that they could target a nascent soul old monster like Bing Wuqing without anyone noticing was enough to prove that they were unfathomable. It was only because Lin Yi was standing beside them, otherwise, the two of them would still be as clueless as the others.

"Brother Lin, what do you think this guy's background is? could it be that he's been cooped up in the high Snake Island and plotting something big?" Ling Tianyou couldn't help but ask after holding it in for a long time. When he thought of the fact that such a guy was actually hiding on the high Snake Island, he couldn't help but break out in a cold sweat and feel a lingering fear.

If it wasn't a coincidence, it meant that this guy had probably been hiding on the snake Island for a long time. All the cultivators who came here to train, including him and his master's every move, were under the surveillance of the other party. If this guy had some bad intentions, just thinking about it would make people scared.

Chapter 5410 Two Things

"It's hard to say, but one thing is for sure, this guy's divine sense is very high level. " Lin Yi paused before adding, "It's higher than the average nascent soul old monster. "

As soon as he said that, Ling Tianyou and Bing Wuqing fell silent. A nascent soul old monster was already an existence at the top of the small Jianghu in the immemorial era. If this guy was even higher than ordinary nascent soul old monsters, then wouldn't that mean that he was almost on par with the highest fighting power in the small Jianghu in the immemorial era?

This small Supreme Snake Island actually had so many hidden dragons and crouching tigers. It was simply inconceivable!

The three continued to move forward for nearly an hour. They were now deep into the heart of the snake Island, and they had missed the small path. They were at the edge of a remote place, and Lin Yi could even hear the sound of waves hitting the rocks.

"We're here. " Ling Tianyou stopped in his tracks.

Lin Yi and Bing Wuqing were stunned at the same time. The area in front of them wasn't the deep mountains and dense forests they had imagined, nor was it a dangerous place with danger lurking everywhere. Instead, it was so empty that it made them feel excited, because the sea was right in front of them, and they were standing on a cliff that was a few hundred feet high.

"Right here?" Bing Wuqing frowned. This place was full of bare rocks, and everything could be seen at a glance. It didn't look like a place where spiritual fruits could grow.

Lin Yi didn't know what was going on either, but after a while, he raised an eyebrow. "There's a cave below the cliff?"

"Brother Lin is wise!" Ling Tianyou grinned and explained, ""It's also a coincidence. The last time I came here with my master, we accidentally encountered a shell bone snake. It's one of the most ferocious and terrible spirit beasts on the snake Island. Its mature strength is close to that of a Yuanying stage old monster. If it's targeted, even my master can only escape. However, that guy is too elusive and difficult to get rid of. We couldn't get rid of it several times. Finally, we were forced to this position and had no choice but to jump into the sea. "

There were all kinds of ferocious and terrifying sea beasts in the vast sea of the Sky Class Island. It was the same in the ancient martial world. Normally, no one would jump into the sea unless they had no other choice, especially in a dangerous and secluded place like the snake Island. Of course, compared to the Oracle bone snake in front of them, they had to jump.

"And then?" Lin Yi gestured for Ling Tianyou to continue.

"Then, we found an extremely huge cave under the water. The entrance was less than five feet under the water. My master and I swam in for a while, and after entering, it was a different world. However, there was always a strange and dangerous aura lingering in it. My master was injured by the armored bone snake at that time, so he did not dare to go too deep. He only stayed at the entrance for a while before he retreated." Ling Tianyou said with a sigh.

"Interesting." Lin Yi's lips curled up.

"From the tail to the head of this Snake Island, not only me and my master, but other cultivators have already scanned it countless times. If there were any spiritual fruits, they would have been picked long ago. Only that unknown cave is an empty space that everyone has missed." Ling Tianyou grinned in excitement.

If it wasn't for the fact that their strength was too low and that they had been scared by the armored bone snake, Ling Tianyou and his master would have already prepared to carefully search through the entire underground cave. After all, it was related to the spiritual fruits, and it was impossible for anyone who came here to not be tempted.

"Then what are you still doing?" Lin Yi looked at the two and was about to go down first.

"Brother Lin, please wait a moment." Ling Tianyou hurriedly stopped him.

"What's wrong? Brother Ling, do you have any other things to take note of?" Lin Yi turned to him.

"Not really. With brother Lin's and brother Bing's strength, there's nothing to be afraid of, even if it's a mountain of blades or a sea of flames. It's just that ..." Ling Tianyou paused for a moment and shook his head. "I actually don't plan on going down this time."

"Oh?" Lin Yi and Bing Wuqing couldn't help but look at each other. According to what the other party said, the spiritual fruit was very likely to be in this huge cave. They were already here, but they didn't plan to go down. What the hell was going on?

As the saying goes, there's no knowing what's in a man's heart. Although Lin Yi saved Ling Tianyou's life, no one knew what the other party was planning. This Snake Island trial might really be to repay his kindness, or it might be a trap. No one could tell right now.

No matter how one looked at it, Ling Tianyou's retreat at this time was really a little abrupt.

"Please don't misunderstand, I don't have any ill intentions towards you two. Even if we take ten thousand steps back, with your strength, do you think you two can be easily tricked by others?" Ling Tianyou hurriedly explained with a bitter smile.

"Brother Ling, you don't have to worry. I believe that you won't harm us," Lin Yi nodded. To be honest, he didn't believe in Ling Tianyou's character, but he believed in himself and Bing Wuqing's strength.

After all, no matter what kind of trap it was, if the other party really wanted to trap them, they would have to ask the nascent soul old monsters to come forward. Moreover, it must be a large number of nascent soul old monsters. Otherwise, it would be useless if only two or three of them came.

In the ancient martial world, the movements of any single nascent soul were the focus of attention. As for gathering three or more of them at the same time, that was almost a fantasy. Unless the entire ancient Alliance declared war on Lin Yi, just one Ling Tianyou alone couldn't have that kind of influence.

What's more, even if he could gather so many nascent soul old monsters, as long as they came to the snake Island, they wouldn't be able to escape Lin Yi's divine sense. So the possibility of Ling Tianyou setting them up was very low.

"Many thanks." Ling Tianyou was a little overwhelmed by Lin Yi's trust, and he replied, "My purpose for coming to the Supreme Snake Island this time is actually different from the others. It's not specifically for the spiritual awareness fruits, but to do two things."

"What two things?" Lin Yi asked.

"First, I brought you guys here. Whether or not there are any spirit sense fruits in this huge cave, this is a token of my appreciation and a little repayment for brother Lin's saving grace." Ling Tianyou said sincerely, from the bottom of his heart. From the start, he never planned on going down with Lin Yi and Lin Yi. It wasn't just because he was too weak, but more so to avoid awkwardness.

What if he really found spirit sense fruits down there, and only one or two?

Of course, such a thought was a bit of an unnecessary worry. After all, it was still unknown whether there were spiritual awareness fruits down there. To start worrying about splitting the spoils at this time, it seemed to others that they were thinking too much.

"What about the second one?" Lin Yi continued.

"The second thing is the main purpose of my visit. I'm going to the snake head to challenge my limits." Ling Tianyou's eyes were filled with an unprecedented determination when he said this.
