

Bodyguard 5431

Chapter 5431 You Tell Him

Lin Yi raised his head for a look and walked towards the snake's head, with Bing Wuqing following closely behind. However, the two of them stopped after a few steps and turned to Chu Tianlu, "What are you following us for?"

They had never met before, and although both Lin Yi and Bing Wuqing had saved him, it was only a side effect. They never really wanted the other party to repay the favor, and they didn't take his words to heart. To be precise, they wouldn't even think in that direction.

It wasn't strange for Chu Tianlu to follow them. After all, he had to come out of the cave eventually. But it was a little unreasonable for him to follow them at this time.

"Don't tell me you still want to try your luck? Should we look for spirit sense fruits from other places?" Lin Yi asked.

"There's no more. The spiritual awareness fruit is the best collection of the Supreme snake tribe. Only one will grow within a period of time. There won't be a second one." Chu Tianlu shook his head. He had done a lot of research on this matter and was quite familiar with it.

"Then what do you mean by this?" Bing Wuqing's face darkened instantly. With his rational and pragmatic style, he would not allow such a fellow to follow behind him. He was not in the mood to attack someone irrelevant like Chu Tianlu, but if the other party got in his way, he would not hesitate at all.

"That ..." Faced with the questioning gazes of the two, Chu Tianlu found it difficult to speak. In the end, he braced himself and admitted, "I don't want to be separated from the two of you. If I go out alone, I'll definitely die if I meet Chu tianliang on the way. He won't let me go, and he might even find other helpers ..."

His words sounded a little insatiable, but Chu Tianlu had no other choice. If he was in his normal state, he would have no problem dealing with Chu tianliang. However, now that he was severely injured and had lost an arm, he would be in grave danger if he were to face Chu tianliang, who was at the peak of the late Foundation establishment stage.

Although Chu tianliang had escaped, Chu Tianlu was almost certain that he would not leave the snake Island so easily. Now that they had shed all pretenses of cordiality, this was the only chance for Chu tianliang to kill him. Otherwise, it would be too late when they returned to the middle Island. Therefore, Chu tianliang would definitely find a way to lie in ambush and wait for the last chance. Once he went out rashly, he would easily fall into the trap of the other party.

If he didn't go out directly, it would be dangerous for him to wander around the island in his current state. So, he had no choice but to follow Lin Yi and Lin Yi closely to find a way out.

"You're quite honest. " Bing Wuqing said. She didn't look annoyed or impressed. In her eyes, Chu Tianlu was just an insignificant passerby. That was all.

Lin Yi's face turned weird, and he grinned, "How do you know that I won't kill you?"

"Ah?" Chu Tianlu was dumbfounded. He was so stunned that he couldn't say a word. Although the two of them didn't have any relationship with him, their previous experiences had indeed saved his life. A normal person's logic wouldn't think that they were enemies. Otherwise, why would he be so thick-skinned as to 'take a mile after taking an inch'?

Not only Chu Tianlu, but even Bing Wuqing was a little taken aback by his words. After thinking about the other party's identity, and then looking at Lin Yi's half-smile, they finally understood.

"Why ... Why do you want to kill me?" Chu Tianlu was still in a daze.

"You tell him." Lin Yi pouted his lips at Bing Wuqing.

"You are a disciple of the Chu family, right? you should be one of the most outstanding people in the younger generation. There is an 80 - 90% chance that you will be the one who will have a marriage alliance with the spirit leaf sect." Bing Wuqing's speculations were all on point, and she said, ""Do you know who Duanmu Yu from leaf spirit sect is?"

"Who ... Who is it?" Chu Tianlu asked.

"She's my boss's woman. " Lin Yi and Duanmu Yu's relationship was originally a vague one, and they didn't even point it out to each other. However, Bing Wuqing's words had directly confirmed their relationship.

"Cough, cough, cough! What?" Chu Tianlu's jaw dropped in shock, and he was dumbfounded. It took him a long time to react and confirm, ""Uh ... Is this true?"

"You think I have the time to lie to you?" Bing Wuqing pursed her lips. He was an expert at the peak of the early stage of the nascent soul realm. According to the rules of the ancient martial world, it was difficult for someone like Chu Tianlu to even see him, let alone talk to him in such a casual way.

"..." Chu Tianlu could only smile bitterly. This trip to the snake Island was really inseparable from Duanmu Yu. He didn't even say hello before, but he almost died because of her. He thought that he was lucky to meet a good person when he was saved by Lin Yi and Lin Yi, but he didn't expect it to be related to her. This was really a coincidence.

Chu Tianlu didn't know what to say. He told Chu tianliang that he didn't even think about the marriage. The only thing he wanted to do now was to cultivate without being disturbed. The problem was that even if Chu tianliang didn't believe him, would Lin Yi?

Duanmu Yu was Lin Yi's woman, and he, Chu Tianlu, was the leader of the Chu family's younger generation. No matter what he thought, he was the most likely candidate for marriage. To a certain extent, they could be love rivals in the future, and it was only natural for Lin Yi to kill him here to eliminate future trouble.

Chu Tianlu was both embarrassed and afraid. Other than a bitter smile on his face, there was nothing else he could do. Since his life was saved by the other party, there was nothing wrong with returning it to the other party. He could only say that this was fate.

With this hidden relationship, even if Lin Yi didn't kill him, he wouldn't be able to shamelessly follow Lin Yi and Chu tianliang anymore. He knew that Chu tianliang was watching him like a tiger watching its prey, and with his current condition, the hope of leaving the snake Island alone was very slim.

Lin Yi couldn't help but find the change in Tianlu's expression funny. He spoke up after a while, "I'm just teasing you. If I wanted to kill you, I would've done so long ago. Why would I have kept you alive until now?"

"Thank you ..." Since it was not convenient for him to cup his hands, Chu Tianlu hurriedly bowed again. In fact, he had already thought of this. He was just at a loss and didn't know what to do.

As confused as he was, Chu Tianlu knew that Lin Yi wouldn't want him to follow him. He was about to leave when Lin Yi suddenly said, ""You can come with us, but we're going to meet up with a friend. It's very dangerous up ahead. Aren't you afraid?"

Ling Tianyou was clearly prepared to die before he was resurrected. Even though he was at the peak of the late Foundation establishment stage, he was definitely not someone Chu Tianlu could be compared to. If Chu Tianlu really wanted to enter a place where even he had a 90% chance of dying, it would not be easy for him to come out alive.

Chapter 5432 Early Warning Of Danger

Chu Tianlu's eyes lit up when he heard this. He quickly said, ""Don't be afraid. That's still better than losing your life. "

"Alright, since that's the case, you can follow me." Lin Yi didn't think much of it-to be honest, this was also because he was quite satisfied with Chu Tianlu's attitude. If this guy had been drooling over Duanmu Yu like Chu tianliang, Lin Yi wouldn't have taken care of him so much even if he didn't get rid of him right away.

The three of them immediately set out together. The terrain of the island was narrow and long, so there were basically no forks in the road. The direction they were heading in was very clear, which was to head to the snake head in the furthest distance.

On the way, Chu Tianlu was very restrained, mainly because of the awkwardness. Lin Yi, on the other hand, didn't mind. After all, the marriage between the spirit sect and House Chu had little to do with Chu Tianlu. Even if he became the candidate for the marriage, he was just a puppet. It wasn't fair to vent their anger on him, and it was meaningless.

Besides, the only thing that mattered to Lin Yi was Duanmu Yu's attitude. As long as he could confirm this, the other two houses wouldn't be a problem. As a mid-stage mystique Ascension cultivator, Lin Yi was prepared for this.

Lin Yi didn't mention Duanmu Yu, but instead asked a lot about the Chu's shadow element. The battle he saw earlier was a little low level, but it still gave him a lot of inspiration and inspiration. If he could absorb the essence, it would be useful whether he could directly copy the Chu's shadow element or improve it and integrate it into his own moves.

Chu Tianlu told Lin Yi everything he knew. Normally, he couldn't reveal the essence of the technique to outsiders, but he was just trying to repay Lin Yi's kindness. Even if Lin Yi asked for the technique, he would do it.

Bing Wuqing had been listening to their conversation. She had a deeper understanding of the Chu family's shadow element martial arts now, but that was all she knew. What made her and Chu Tianlu dumbfounded was that Lin Yi had actually started using pasted steps as he was walking. Although he wasn't very familiar with it, and the effect was far from good, he had already learned it.

Chu Tianlu was stunned. 'How long has it been? less than two incense sticks' worth of time, and he's already able to use sticking shadow steps?'

Even the most talented disciple in house Chu would need at least two years of hard work to master a high-level martial art like pasted steps, but Lin Yi took two years, and he didn't even go through any systematic learning. All he did was listen to the guy's random chatter.

The ancients didn't lie ...

At the same time, Bing Wuqing's shock was no less than Chu Tianlu 's. In terms of geniuses, she could be considered the top genius in the ancient martial world, and only someone like Ling Tianyou could be compared to her. But even she couldn't be like Lin Yi, who could use other people's martial arts with ease.

This wasn't just a matter of comprehension, but also the restriction of the cultivation method. If Bing Wuqing were to practice the Chu clan's shadow element martial arts techniques, she would definitely be possessed by the devil.

After walking like this for four hours, two young cultivators suddenly shouted for help in front of them. They ran in the direction of the three of them, rolling and crawling, as if there was something extremely terrifying chasing them.

Chu Tianlu was still talking to Lin Yi about the shapeshifting urn, but his face changed when he saw the two. He wanted to rush up to them but Lin Yi stopped him,"What are you doing?"

"That's my friend! I want to save them!" Chu Tianlu seemed to have completely forgotten that he was injured at the moment. He couldn't even use half of his normal strength. Even if he rushed forward, he wouldn't be able to save anyone. Instead, he would only get himself killed.

"Even if you want to be loyal, you have to look at the occasion. This is not the way to send yourself to death!" Lin Yi snorted. He grabbed Chu Tianlu with one hand and Bing Wuqing with the other, turned around, and ran. He even used the Super limit butterfly micro steps, which was the ultimate of his movement technique.

Tianlu didn't even have time to react before he was sent miles away by Lin Yi. His face was pale as he stammered, "That's ... That's fast ..."

Even Bing Wuqing couldn't help but be shocked at this moment, let alone him. He had fought Lin Yi before, and during this period of time, he was both respectful and fearful of Lin Yi. However, even though he had raised Lin Yi's strength infinitely, after personally experiencing the terrifying speed of Lin Yi's breakthrough, he was still as shocked as Chu Tianlu.

A human's speed could actually reach such a shocking level?

Bing Wuqing's feeling was the same as Lin Yi's other followers. Following such a freak, her worldview would be refreshed from time to time. At first, she would make a big fuss about it, but as time went on, she would slowly get used to it.

"Boss, is there danger ahead?" After such a provocation, even Bing Wuqing's tone was a little agitated. Cultivation was like climbing a mountain. Every time she reached a peak, she would be ecstatic, thinking that she had reached the top of the world. However, she would immediately be doused with a bucket of cold water, because there was always a higher mountain. After reaching the top, she would see an even more towering peak, and a vaster world.

He was in this state right now-peak-early nascent soul wasn't the top level of nascent soul, but it wasn't far away. He could almost see the top of the ancient martial world with one look, but now that Lin Yi had lifted the lid, he realized that he was just like everyone else-a frog in the well.

The road ahead was still long.

"I don't know, but I'm sure there's something extremely dangerous up ahead. We should avoid it if we can." Lin Yi's expression was serious-he'd been running with all his might with the two earlier because of the Jade's warning.

The jade pendant's alarm system was very intelligent. It would only give an alarm when there was a real threat to him. Normally, enemies would not even make a sound. When he discovered the sky-devouring giant crocodile, although the jade pendant also gave an alarm, it was far less urgent than now. It could be seen that the thing in front of him was indeed not a small matter.

The nine tumors were still there, and Lin Yi didn't want any more trouble.

Bing Wuqing's heart trembled when she heard that. This Snake Island wasn't as simple as it seemed. Even someone as strong as Lin Yi had to be so cautious.

"Brother Lin, please let me down. Those two are my friends, I can't just leave them to die!" Chu Tianlu finally came back to his senses after the initial shock. He struggled and shouted. He couldn't see the situation in front of him anymore, but he knew that if even Lin Yi was so afraid of him, his two friends were probably dead.

Chapter 5433 Deadly Beetle

He didn't want to drag Lin Yi and Bing Wuqing into this mess, but he had to go back, even if it meant losing his life.

"You're such a troublesome fellow. " Bing Wuqing frowned. She didn't have a good impression of Chu Tianlu to begin with. At this moment, she felt that this fellow didn't know what was good for him. In her opinion, they weren't even close. Since Chu Tianlu wanted to die, then he should just let him die.

Lin Yi, on the other hand, was quite impressed. There weren't many people who were so loyal these days, and Chu Tianlu was a rare weirdo. He couldn't bear to see him die like this. He smiled bitterly, "Forget it, for the sake of the spirit sense fruit, I'll go back and take a look. You guys stay here and don't come over."

"I don't think so? Brother Lin, you've already done your best for me. Hurry up and leave, don't worry about me, I'm just going to take a look. I'll help if I can, but if I can 't, then forget it. I won't do anything stupid. " Chu Tianlu said earnestly.

Bing Wuqing didn't say anything, but she didn't agree with him. Her logic was simple. It was meaningless to take risks for an outsider, especially someone at Lin Yi's level.

"Just a glance? Do you have the ability to do so?" Lin Yi, on the other hand, rolled his eyes at Tianlu. Something that even he was scared of-with Tianlu's measly strength, he'd be dead with just one look.

Chu Tianlu sweated. Lin Yi wasn't being polite, but he couldn't refute him at all. He could only watch as Lin Yi left him and Bing Wuqing behind, turning around and leaving. In the blink of an eye, they were gone.

Even Lin Yi couldn't help but shiver at the scene when he returned to where he was just now. Chu Tianlu's two friends were still screaming and running for their lives, but there was a dark mass following closely behind them. At first glance, it looked like dark clouds covering the sky, like a sandstorm. It was much faster than the two of them, and it seemed like they wouldn't be able to escape.

At this time, the tall man who was running in front had a ferocious expression on his face. He suddenly pulled out his sword and shot a sharp sword Qi behind him. He was forced into a dead end and had no choice.

However, he didn't want to turn around and fight to the death with that Black Mass. The target of his sword was actually another young cultivator who was following closely behind him. They had been best friends for decades, and that person simply didn't expect his best friend to be so vicious at this life and death juncture.

Two people were being chased by the same Tiger. If they wanted to escape, they didn't need to outrun the Tiger. As long as they could outrun the other person, it would be enough. This was a truth that everyone knew. It was just that he didn't expect this kind of thing to happen to him.

The sword Qi was right in front of him, and the young cultivator hurriedly dodged it. The sword Qi almost brushed past his scalp and cut off a strand of black hair. The scene was dangerous, but it was not worth rejoicing over.

Because he was avoiding the sword Qi, his footsteps unconsciously paused for a moment, and it was in this short moment that the black cloud behind him had firmly enveloped him. Then, like a parasite, a large mass of it firmly stuck to his body, unable to be removed. He could no longer escape.

At the same time, the tall man who had escaped first was not out of danger as he had expected. After all, it was not a Tiger chasing after them. When the black cloud shrouded the young cultivator, it split into two at the same time, but he did not fall behind at all. On the contrary, he even closed in on him. A terrifying buzzing sound that made people's scalps numb rang in his ears, getting closer and closer.

"Help! Help me!" The tall guy saw Lin Yi's figure in front of him and thought that he'd found a life-saving straw. He quickly shouted-he'd be dead for sure if no one came to his rescue in this situation.

Lin Yi looked on coldly. He still had the intention to save him, but after seeing what this guy did just now, he gave up on that thought completely. This kind of person would be a disaster even if he was saved. He'd rather let him die.

However, what Lin Yi was really concerned about was the black cloud that covered the two of them. It was hard to see with the naked eye from a hundred feet away, but if you looked closely, you'd realize that it wasn't a black cloud at all, but a bunch of tiny bugs!

At first glance, it looked a little like a beetle, but it was much smaller. Each of them was so black that it was shiny, as if they were wrapped in a layer of strange black oil. Once you were stuck to them, they would penetrate through all the holes, facial features, and even the skin and hair pores of the whole body, making sizzling sounds.

Lin Yi looked on coldly as the two of them were struggling. They were trapped by the black bugs and had no chance of escaping. The only thing they could do was to struggle.

From a distance, the two of them seemed to have gone mad, beating their bodies with all their might. They didn't care even if their skin was torn open and their flesh was torn, or even if they were to vomit blood.

"You guys are crazy!" In the end, Chu Tianlu still followed them over. When he saw this scene, he hurriedly went up to help. As a good friend of many years, he couldn't just stand by and watch the two of them harm themselves.

Lin Yi reached out to stop him, "open your eyes and look carefully. They're slapping the bugs on their bodies. If I'm not wrong, these black bugs will crazily burrow into a person's body once they possess them. Even if they're attached to the outside, they'll suck blood like crazy. If you don't want to die, don't move."

"Bugs?" Chu Tianlu was taken aback. The black bugs were almost invisible to the naked eye to normal people, and at this distance, he couldn't see them clearly with his strength, let alone see them as clearly as Lin Yi.

"There are actually such terrifying insects in this world. It's really appalling!" Bing Wuqing had caught up as well, and her expression changed when she saw this scene. She had thought that with her current strength, she could go to any dangerous place in the small Jianghu of the immemorial era. She didn't expect that this small snake Island would be so dangerous. The sky-devouring giant crocodile was already able to kill her, and the threat of these tiny black worms in front of her was even greater!

If they were lucky enough to come here to take an adventure, it would be fine. If they were unlucky, they would encounter the sky-devouring giant crocodile and the terrifying black insects one after another. Even if an ordinary Aurous core stage or Foundation Stage expert had ten lives, they would not be able to survive.

Chu Tianlu couldn't hold it in any longer as he watched the two men's injuries get worse and worse, even starting to bleed from their seven apertures. He knew that he couldn't save them, and the only person who could save them was Lin Yi.

However, Lin Yi had saved his life before, and letting him go was already the best he could do. How could he ask Lin Yi to take such a big risk for two unrelated people?

However, they had no choice. If they didn't do anything, the two of them would definitely die!

Chapter 5434 Wild Fire Fist

Chu Tianlu gritted his teeth, as if he had made a great decision. He said in a deep voice, "Brother Lin, although it's very shameless of me to say this, I beg you to help me. Don't worry, I won't let you take the risk for nothing. In return, I'll tell you a huge secret!"

"A big secret?" Lin Yi looked at him, a little amused. He'd thought that Chu Tianlu wasn't a bad person, but he wasn't an idiot either. He had nothing to do, but he still wanted to follow them.

Even if he left on his own, as long as he was careful, he was confident that he could avoid Chu tianliang. He could make use of the opportunity to leave and return to the middle Island. Why did he have to risk his life with the two of them?

Lin Yi finally understood.

Chu Tianlu looked at Lin Yi nervously, afraid that Lin Yi wouldn't do anything. Fortunately, Lin Yi didn't let him down. He smiled and charged at Lin Yi.

The black bugs didn't target them when they were a few hundred feet away, but once Lin Yi got close, a part of them would stick close to him. The overwhelming madness was terrifying, especially when they had a strange pressure on them. It was as if they were the higher life forms and the human was just nutrients for them to absorb.

BOOM! Lin Yi raised his hand and sent out a five elements killing intent, and the black bugs fell to the ground, but they buzzed again soon after. There wasn't a single one that was killed!

Lin Yi's eyes twitched. His Yuan spirit body wasn't strong, but the five elements killing Qi was a high-end martial skill. It couldn't be that it couldn't even kill a small black bug, right?

The facts were right in front of him, and it didn't matter how much Lin Yi tried to argue with them. The shiny black insects seemed to have been shocked by his killing intent, and they didn't seem to be affected at all. They just pounced on him again without slowing down. Lin Yi, on the other hand, seemed to be shocked. He just stood there, not moving or dodging.

"Brother Lin is in danger!" Chu Tianlu, who was a few hundred feet behind, panicked. He was begging Lin Yi for help, but he never thought that Lin Yi would pay with his life. He regretted it-he shouldn't have asked Lin Yi for help! He was just hurting Lin Yi!

However, he could only watch helplessly. There was nothing he could do.

However, when the black bugs pounced on Lin Yi, they passed through his body without any resistance. They seemed to have trapped him like the two before, but they didn't hurt Lin Yi at all.

They took the five elements killing intent without any damage, and Lin Yi was also immune to their attacks.

Chu Tianlu was dumbfounded at this scene. There were four words clearly written on his face.

He had no idea how Lin Yi did it, but it didn't stop him from admiring Lin Yi from the bottom of his heart. The strong were respected no matter where they went, and Chu Tianlu was no exception.

Not far away, Chu Tianlu's two friends were still struggling. They were at the end of their lives, and there wasn't much time left for Lin Yi to think of a plan. Not long after, Lin Yi suddenly raised his hand, and a fiery fist intent surged out of his fist. Wild fire Fist!

Due to the limitation of the strength of a primordial spirit, Lin Yi had been using the soul-snatching hand as a primary spirit for all his attacks. He avoided using physical forms as much as possible-only then could he unleash the strength of a xuansheng stage cultivator. Otherwise, even if he was much stronger than a normal Foundation Stage cultivator, there was a limit to it.

The wild fire Fist was undoubtedly the simplest and most basic move among all his physical moves. In terms of power, it was much weaker than the killing Qi of the five elements. It was usually not useful at all. Logically speaking, these strange black insects in front of him could easily withstand the power of the killing Qi of the five elements, let alone a mere wild fire Fist.

However, the result was shocking. The large group of black insects that were hit fell to the ground, but this time, they did not fly up unscathed like before. Instead, they became charred corpses on the ground, and there was an inexplicable strong burning smell in the air.

"You're so afraid of fire?" Lin Yi himself was surprised. It was true that normal insects were afraid of fire, but he was just trying it out. He didn't expect it to be so effective.

At this time, Bing Wuqing saw the situation and followed over. If even Lin Yi was helpless against these black bugs, he would definitely stand far away and not get involved in this mess. However, since it was proven that these black bugs weren't without weaknesses, there was no need for him to continue staying far away.

Logically speaking, since these black insects were so afraid of fire, then they must also be afraid of ice. His best skill, the merciless ice, was put to good use.

As expected, once the merciless ice was activated, a large number of black bugs that had been frozen into ice shards fell from Bing Wuqing's body. It seemed like it was even more effective than Lin Yi's wild fire Fist. After all, he was a peak-level early nascent soul realm cultivator, and the range of the merciless ice was much larger than Lin Yi's wild fire Fist, so the effect was naturally more immediate.

However, before Bing Wuqing could feel a little smug, the black bugs that had been frozen into ice shards started to move. They weren't frozen to death, and were only temporarily trapped in the ice shards. They would break out of the ice very quickly, and before long, a large group of black bugs rose into the air again, completely unscathed. This time, their target was obviously Bing Wuqing.

Bing Wuqing's heart tightened, and she couldn't help but think that she had miscalculated. She shouldn't have rushed up so rashly. After all, she wasn't a pure essence spirit like Lin Yi, who could transform his body into essence spirit at any time and was completely immune to the black insects' attacks. If he were really surrounded by these black insects, he wouldn't end up any better than the other two unlucky guys.

"You can move away." Lin Yi shook his head. There were quite a lot of black bugs in front of him. At a close distance, they were all over the place. Although his wild fire Fist was effective, the attack range wasn't that big. Plus, these black bugs were extremely fast and could be dodged easily. If he just used his wild fire Fist to hit them one by one, he probably wouldn't be able to kill them all by the time it got dark. By then, everyone around him would have been dead.

However, since it was proven that fire skills were useful, Lin Yi's methods weren't limited to the wild fire Fist. He had many fire skills.

With a single thought, Lin Yi's body suddenly split into two, two, four, four, and eight. Bing Wuqing and Chu Tianlu, who were far away, were once again stunned, their eyes filled with disbelief. Could this be the legendary clone technique?

Chapter 5435 Wood Forest Wild Fire Fist

Lin Yi, of course, didn't know any cloning techniques. He was using a fire style that he hadn't used in a long time, a modified version of the thousand changes of wood forest, wood fire Fist!

The black bugs fell in large numbers again. The burning smell in the air was several times stronger than before. This effect was much better than the wild fire Fist. The combination of the clones greatly limited the escape of the black bugs. The effect of this move alone was dozens of times stronger than the previous one!

However, this was still far from enough. Although some of the black insects had been killed, they seemed to be gathering from afar. Their overall number did not decrease, but instead showed signs of increasing in intensity. The already irritating buzzing sound became more and more earth-shaking, and not only the two unlucky ones, even Bing Wuqing, who had joined the battle, and even Chu Tianlu, who had stayed behind to watch, were in imminent danger.

Bing Wuqing started to panic. Although the effect of Lin Yi's Wood forest wild fire Fist was inspiring, the current situation didn't look too optimistic. She was a little regretful that she had advanced too rashly. If she had stayed in Chu Tianlu's position obediently, he would have been able to escape with ease with his strength.

Unfortunately, he was too impulsive just now. He knew that he didn't leave a good impression on Lin Yi, especially with the black mark of not helping Lin Yi in the river of consciousness. Now that Lin Yi was going to get to the next level, he had to think of a way to perform well in front of Lin Yi. Only then could he get true trust from Lin Yi and get more benefits, such as the Golden core of soul formation.

Even someone as calm and rational as Bing Wuqing would make miscalculations sometimes. The black bugs grew in number, and he used his merciless ice power to freeze them into ice shards again and again. Then, he watched as they broke out of the ice unscathed.

Not only that, but after a few more times, he was shocked to find that these black insects were immune to his merciless ice. The time they took to freeze into dregs became shorter and shorter. Some of them didn't even fall down. They shook off the ice on their bodies with a shake in the air and then continued to buzz and pounce fiercely.

In such a short period of time, with such an amazing ability to adapt, the black bug's innate talent was really shocking, it was far beyond common sense.

In this way, not only was Bing Wuqing unable to deal with these black bugs, but she was also gradually losing the ability to help her out of this situation. If she were to be like the two unlucky fellows who had their eyes, ears, nose, and skin pierced by the black bugs, the only outcome for her would be bleeding from their eyes, ears, nose, and mouth, until she completely collapsed.

At this moment, Bing Wuqing wished that she was a fire element master. Even if she was only at the Foundation Stage, even if she couldn't kill as easily as Lin Yi, she would still be able to protect herself. But now, she was a peak-level early nascent Soul Master, and yet she was helpless against a bunch of black bugs. It was unbelievable.

On the other side, after Lin Yi used the wood forest fire Fist a few times, the ground was covered with the corpses of the black bugs. It looked like he had done a lot, but it was a pity that he couldn't keep up with the endless number of black bugs. Not only that, but these black bugs seemed to be quite intelligent. When they realized that they were no threat to Lin Yi and would only be abused, they turned to Bing Wuqing and the others. The situation was getting more and more dangerous.

"Wu Qing, bring Chu Tianlu further away from here." Lin Yi ordered in a deep voice. At this time, Chu Tianlu wasn't completely entangled by the black bugs, and Bing Wuqing could use her merciless ICE FORCE to resist for a short time, so there was still a chance for her to escape. As for Chu Tianlu's two unlucky friends, they were already tortured to death by the black bugs, and there was no way they could escape.

Bing Wuqing was taken aback. She had planned to leave, but now that she heard Lin Yi's order, she retreated without hesitation, bringing Chu Tianlu, who was watching nervously not far away, along with her. Although her speed was far from a freak like Lin Yi, and it couldn't be considered as her Forte, her strength level was still there, and she was still many times faster than Chu Tianlu.

When Bing Wuqing and Chu Tianlu were a little further away, Lin Yi took a deep breath. The heat around him surged, and even the air around him started to twist, as if he was going to melt on the spot.

Gathering his Qi, Lin Yi threw a punch at the air in front of him. It looked the same as before, the same wild fire Fist, but this time there were fire crystals in the air that were invisible to the naked eye. The wild fire Fist was the line of fire that ignited the bomb, and these fire crystals exploded almost at the same time, shaking the earth and mountains.

Hiss! Bing Wuqing and Chu Tianlu gasped at the same time, their eyes full of shock. Not to mention Chu Tianlu, even Bing Wuqing had never seen such a shocking move with such a wide range. The area in front of them had turned into a sea of fire in an instant. No wonder Lin Yi had asked them to back off. Otherwise, they would definitely die in there.

Wild flame thousand explosive fist! This kind of high level violent explosion was extremely rare in the ancient martial world. In fact, with Lin Yi's current strength, it was very difficult for him to use this move. Although it wasn't as profound as the killing intent of the five elements, it had a high requirement on

one's strength. If he couldn't even form a fire Crystal, how could he use the violent flame thousand explosion?

Lin Yi had completely relied on his mid-stage mysterious Ascension realm essence spirit to force his essence spirit body to use a move that was beyond its limit.

The concentrated sounds of explosions quickly died down. Everything before their eyes turned red, and the air was filled with scorching flames. It was only when the flames dissipated with the wind that Bing Wuqing and Chu Tianlu were dumbfounded by the scene before them.

The black bugs that covered the sky and the earth had completely disappeared, replaced by layers of corpses on the ground, and the air was filled with a pungent burnt smell ... Lin Yi took care of the terrifying black bugs that almost forced them into a dead end with one punch.

It might sound unbelievable, but it was the truth in front of them.

"Ugh ..." A painful groan came from the pile of black bug corpses not far away. A person struggled to get up. His body was covered in wounds, and there were some burn marks, but they were not obvious.

The fist wasn't completely controllable, but it wasn't completely useless. The higher the level of the spirit, the more control one had over the details. Lin Yi was in the mid-stage of the xuansheng realm, and even if he increased the difficulty because he wasn't using his real body, he wouldn't kill Chu Tianlu's two unlucky friends by mistake.

Of course, some burns were inevitable. Otherwise, even if they dealt with the black insects in the air, the ones stuck to their bodies would not be completely removed. The only outcome would still be death.

The tall man was the first to get up, followed by the young cultivator whose face was covered in blood. Both of them were covered in dust and wounds, and their bodies were badly mangled. It was a terrible sight!

Chapter 5436 Another Spirit Sense Fruit?

However, the two of them were still very fortunate. No matter how miserable they were, they had survived and escaped the disaster.

"Brother jingze, brother Qingfeng, are you alright?" Chu Tianlu ran over hurriedly. He really cared about his two friends and was completely unaware of what had happened earlier. If he had known that his friends' character was comparable to Chu tianliang's, he probably wouldn't have been so nervous.

"No... I'm fine ..." The tall man named Bai jingze glanced at the person behind him with an unnatural expression. His previous actions had almost offended his companion. If he were in the other party's shoes, once he recovered, he would definitely be in a situation where he would not rest until he died.

Fortunately, the other Zhang Qingfeng did not look in his direction. He was half-lying on the ground, panting. He was the first victim of the black bugs, and his injuries were far more serious than Bai jingze's. Of course, he was in a worse state.

"That's good, that's good. " Chu Tianlu was so concerned that he didn't notice that something was wrong. He carefully helped the two of them up and generously gave them the clan's healing medicine that he had brought with him. Although it wasn't a Holy medicine, it was very effective for external injuries. However, he didn't bring much this time. He had used half of it himself and gave the other half to the two of them. In this way, he didn't even have his own backup medicine.

"Thank you ..." Bai jingze said with a pale face. On the other side, Zhang Qingfeng did not say anything. He just silently allowed Chu Tianlu to help him apply the medicine. His head was lowered so that no one could see his expression.

"We've grown up together, so what's there to thank?" Chu Tianlu frowned to express his dissatisfaction. Then, he asked, ""Didn't the two of you say you were going to the snake's head to take a look? how did you end up provoking these insects?"

The terrain of the snake Island, from the lowest snake tail to the highest snake head, the whole island's terrain could be seen at a glance. After entering, ordinary people would want to climb to the top of the snake head, but only a few people could reach that step.

Although the terrain was simple, it could only ensure that they wouldn't get lost, but it didn't mean that it would be easy to walk through it. In the small Jianghu of the immemorial era, almost no one who came here was weak. But for the snake Island, even a nascent soul old monster like Bing Wuqing might not be enough, let alone those golden core or even foundation building cultivators.

In order to head to the snake's head, apart from strength, luck was the most important. If one's luck was bad, everything else would be in vain. Obviously, Bai jingze and Zhang Qingfeng's luck was not that good. If it were not for Chu Tianlu's plea, they would have been two tragic corpses by now.

Zhang Qingfeng still didn't speak. Bai jingze glanced at him and explained, ""Actually, it's nothing. We just accidentally provoked it on the way. We're really unlucky ..."

"Accidentally?" Chu Tianlu was taken aback, his eyes filled with disbelief. Lin Yi and Bing Wuqing, on the other hand, didn't believe him at all. How could he provoke so many terrifying black bugs by accident? was he trying to trick children?

No matter how ferocious and terrifying the spirit beast was, as long as it did not take the initiative to attack it or go deep into its core territory, it would not take the initiative to attack human cultivators. After all, they all had spiritual intelligence. In this era where human cultivators were dominant, no spirit beast would rashly make an enemy of human beings, let alone be as crazy as the black insects just now.

Everyone could see Bai jingze's perfunctory attitude.

"Strictly speaking, it wasn't an accident. We saw some treasures, so we subconsciously approached them. We didn't expect something to happen ..." Bai jingze quickly tried to remedy the situation.

"What kind of treasure?" Lin Yi asked casually. Treasures were usually guarded by spirit beasts, and the rarer the treasure was, the stronger the spirit beasts would be. This was common sense, and with the terrifying black insects, the treasure was definitely not simple. It had to be a rare treasure.

"Well ... Actually, I don't know. I don't know much about spiritual herbs, but they seem to be worth some spiritual Jade ..." Bai jingze's eyes were still flickering with suspicion.

"There's no need to play dumb," At this moment, Zhang Qingfeng, who had been silent since the beginning, suddenly opened his mouth. The first thing he said was shocking, ""We saw the spirit sense fruit."

"Spiritual awareness fruit?!" Lin Yi and the other two were shocked.

Bai jingze could not help but frown at Zhang Qingfeng. He was very dissatisfied with him. Was this guy crazy? How could he reveal such important information to others? In his mind, he didn't have the concept of repaying Lin Yi for saving them. He only thought of one thing-finding the spirit sense fruit was a great opportunity from the heavens, and no one could take it away from him!

Zhang Qingfeng didn't want to reveal it to Lin Yi and the others. If it was possible, he would be happy to share the spiritual fruit with Bai jingze. Unfortunately, after what happened just now, there was a huge gap between the two. Even if it was just to vent his anger, he wouldn't let Bai jingze have his way.

"Isn't there only one Spirit sense fruit?" Chu Tianlu was surprised. He was the one who did the most research on this. There was only one Spirit sense fruit at the same time. This was his conclusion. The sky-devouring crocodile's performance had also indirectly confirmed this point. Lin Yi had already taken all the spirit sense fruits in the underground cave. How did another one appear?

"Did you guys get the wrong person?" Lin Yi asked. He was worried that one wasn't enough, so it would be great if he could get another one.

"How could I be wrong? It's shaped like a snake's gallbladder, and it's protected by so many terrifying black insects. If it's not a spirit sense fruit, what else can it be?" Zhang Qingfeng shook his head. Everyone who came here was basically here for the spiritual awareness fruit, and he was no exception. He might not recognize the other treasures, but it was impossible for him to not recognize the spiritual awareness fruit.

Lin Yi and Chu Tianlu looked at each other and took out the spirit sense fruit from the Jade space, ""Is this it?"

Bai jingze and Zhang Qingfeng were both stunned and gulped, their eyes filled with greed. Especially Bai jingze, his eyes were about to fall out, but fortunately, he didn't lose his mind. They saw Lin Yi's

performance just now, and with that strength, they wouldn't dare to take it even if they had ten thousand guts.

"It's ... It's this. The spiritual awareness fruit we saw is exactly the same as this. " Since Zhang Qingfeng had already revealed it, Bai jingze could not continue to hide it and could only nod in agreement.

"How did this happen?" Chu Tianlu was even more confused after hearing this.

Chapter 5437 Two Different Things

Chu Tianlu's knowledge of the spiritual fruit came from the ancient books in his clan's collection. Could it be that there was a mistake? But that's not right. Even if the ancient books were wrong, the sky-devouring crocodile didn't need to help lie, right?

Lin Yi fell into deep thought as well. Logically speaking, it was impossible for more than one Spirit sense fruit to appear at the same time, but there was no absolute. Something must have happened.

No matter what, Lin Yi couldn't just ignore the existence of the second spirit fruit. He still needed this to help him get rid of the nine tumors.

"If that's the case, then I'll have to trouble the two of you to lead the way," It was a request, but Lin Yi's tone didn't allow any room for doubt. He saved their lives, and even if they didn't know each other, the two wouldn't dare to reject him in this world where strength was everything.

Bai jingze was a little reluctant. He had been planning to sneak back from the start, but now it was all for naught. The key thing was that he had almost completely fallen out with Zhang Qingfeng. He didn't even have the chance to deal with him, so he could only lead the way obediently.

The destination was not far away. After all, the speed of the black insects was there, and Bai jingze and Zhang Qingfeng were only at the peak of the foundation building realm. With their speed, they could only escape this far. They could not go any further.

Along the way, they would come across some scattered black bugs from time to time. There weren't many of them, but if Lin Yi wasn't here, the others would have a headache dealing with them. None of them knew Fire Arts, so they couldn't deal with them at all. But now, it was easy. Lin Yi could open a path with a wild fire Fist.

Not long after, the group of five came to a rather hidden and remote place. The terrain of the island was simple, but there were many unknown places under the cover of the dense forest. If one did not come in by chance, an ordinary person would not find it even if they walked along the small path ten times.

"That's it. " Bai jingze and Zhang Qingfeng stopped in their tracks and pointed in a direction. There was nothing eye-catching in front of them-no tall trees, no exotic flowers, and no rare plants. It was just a bunch of ordinary weeds, but under the cover of the weeds, a faint red outline could be seen.

"Snake stench! It really is a spiritual fruit!" Chu Tianlu was stunned at first glance. He didn't believe it when he was on the way here, thinking that it might just be similar to a spiritual fruit. However, after smelling the iconic snake smell, there was no doubt at all. There was no doubt that this was the real spiritual fruit.

Lin Yi was stunned as well. He was the same as Chu Tianlu-he had high hopes, but he didn't believe it rationally. Now, he saw it with his own eyes.

"Such a remote place with such a ferocious black insect group guarding it, no wonder no one found this spiritual fruit." Bing Wuqing's tone was calm. She didn't covet the spiritual sense fruit anymore, and even if Lin Yi gave it to her, she wouldn't want it. To her, the spiritual sense fruit wasn't as valuable as a Supreme-grade golden elixir, and she could also use it to leave a good impression in Lin Yi's mind that he wasn't a glutton, killing two birds with one stone.

Just because Bing Wuqing wasn't moved didn't mean that the others weren't as moved. Chu Tianlu was still fine. A truly loyal person would normally know how to repay a debt of gratitude, especially when he knew his own limits. Therefore, he was only surprised by the second spiritual fruit in front of him, but didn't have any other thoughts.

However, the other two were different, especially Bai jingze. His head was filled with thoughts of secretly taking everything for himself, but now that his beautiful vision had been shattered, he could only settle for second best. He couldn't deny that Lin Yi saved his life, but that was a separate matter. He should get a share of the treasure.

As for Zhang Qingfeng, although he was ready to fall out with Bai jingze, they were on the same side in this matter. They only found this spiritual fruit because of their ancestors' graves, and if Lin Yi really took it all for himself and didn't get a single piece, he'd be extremely unwilling and would definitely curse.

Before Lin Yi could say anything, Bai jingze was already rushing to get the spiritual fruit. Zhang Qingfeng didn't want to fall behind either. It wasn't realistic to take it all for themselves, but as long as whoever got the spiritual fruit first, Lin Yi would have to pay a price even if he wanted it. He wouldn't let them be empty-handed.

"You guys ..." Chu Tianlu opened his mouth but didn't know how to stop them. In his opinion, the spiritual fruit should belong to Lin Yi alone. Bai jingze and Zhang Qingfeng didn't know what was good for them. They were just saved by Lin Yi and were still injured. Why were they so impatient?

Lin Yi wasn't surprised at all-he'd known from the very first moment he'd laid eyes on these two that they were up to no good. Birds of a feather flock together, but it was clear that Chu Tianlu hadn't made the right friend, and their actions only served to confirm his perspective of people.

"Wait! Don't act rashly!" Lin Yi stopped him with a deep voice.

Bai jingze and Zhang Qingfeng's faces suddenly turned ugly, but they did not lose their minds and reluctantly stopped. They were only three steps away from the spiritual fruit. Just a little more and they would be able to get it, but they did not dare to.

After seeing Lin Yi's violent flame thousand explosive fist, no normal person would want to be Lin Yi's enemy, not to mention these two who were injured quite badly.

However, they still did not give up. Bai jingze and Zhang Qingfeng looked at each other and put aside their previous dirty thoughts for the time being. In the face of benefits, they stood on the same line again.

"Brother Lin, you were the one who dealt with the black insects and saved us just now. We will never forget your great kindness, but that is a separate matter. Without us leading the way, you couldn't have found the spiritual fruit. According to the rules of the martial world, you should at least give us some, right?" Bai jingze said with dissatisfaction.

"You don't know what's good for you," Without waiting for Lin Yi to speak, Bing Wuqing immediately used her merciless ICE FORCE to freeze him into a human-shaped popsicle. She never talked nonsense with trash like him. She was still holding back her anger from the black bugs.

"Brother Bing, wait! Let's talk this out!" Chu Tianlu was shocked and quickly stood up to stop him. At the same time, he tried to signal Bai jingze and Zhang Qingfeng with his eyes. It wasn't easy for him to beg Lin Yi to save his two friends. If he was killed because of this, wouldn't it be a waste?

Bing Wuqing didn't pay him any attention. Chu Tianlu was nothing in her eyes. If he was equally insensible, she didn't mind killing him as well.

"Forget it," he said. Lin Yi waved his hand to stop them. He didn't like Chu Tianlu's two friends, but he didn't want to kill them.

Chapter 5438 It's Not A Spiritual Fruit

At the xuansheng stage, one's mental state would gradually calm down, especially when Lin Yi wasn't a bloodthirsty person to begin with. As long as it wasn't someone who provoked him, he wouldn't easily attack.

"Thank you for your magnanimity, brother Lin!" Chu Tianlu let out a sigh of relief, his back covered in cold sweat. Bing Wuqing was known for being difficult to negotiate with. If Lin Yi didn't stop her, he and his two friends would have been three lifeless human-shaped ice sculptures.

Lin Yi shook his head and looked at them without saying anything.

Chu Tianlu hurriedly tugged at Bai jingze and Zhang Qingfeng's sleeves, desperately giving them meaningful looks. At this time, it was better to quickly admit defeat and make a stand. After all, the other party was an unfathomable existence comparable to a nascent soul old monster or even more. Under normal circumstances, they could only kneel and lick the other party's boots when they met. They did not even have the opportunity to have an equal conversation, let alone be afraid.

However, he still underestimated the attraction of the spiritual fruit to the two of them. If there was a word to describe Bai jingze and Zhang Qingfeng at this moment, it would be greed.

Of course, this was also because they didn't know Lin Yi's actual strength. They didn't see Lin Yi take out the sky-devouring crocodile. The wild flame thousand explosive fist looked exaggerated, but Lin Yi controlled it so that it didn't cause much damage to the two. As for those terrifying black bugs, they were just afraid of fire. They thought that any Fire Master in the Foundation Stage could take them out. The reason it was so difficult to deal with was purely because they didn't like it.

While brainwashing themselves with these self-deceiving thoughts, they never thought that if Lin Yi's strength was only at this level, why would the great Bing Wuqing listen to him? He was not only a super genius who was famous for a time, but also a newly advanced nascent soul old monster!

"Brother Tianlu, why don't you put in a good word for us? this ..." Bai jingze rubbed his hands shyly. He had indeed been scared out of his wits just now, but since Lin Yi was soft-hearted and didn't want Bing Wuqing to kill them both, this was a chance for him to get a share of the loot. It was just like the saying, "wealth comes from danger."

"Ah?" Chu Tianlu was dumbfounded. From what he knew in the past, Bai jingze was not someone who did not know when to advance or retreat.

"Tianlu, we're all friends. Since you have a good relationship with them, please speak for us." Zhang Qingfeng whispered back. However, they were standing so close to each other that Lin Yi and Bing Wuqing could hear him clearly.

Lin Yi couldn't help but find this scene funny. Seeing Chu Tianlu's awkward face, he opened his mouth, ""Could it be that you guys think that with this spirit sense fruit in front of you, you can just pick it without any danger?"

"What danger can there be?" Bai jingze and the other man unconsciously looked at each other. Since they had already dealt with the terrifying Guardian spiritual beasts, there would naturally be no more danger. It was time for them to reap the rewards.

"What do you guys think?" Lin Yi crossed his arms and smiled.

"If you don't dare to take it off, then I'll go." Bai jingze was still thinking that this guy really wasn't much- he didn't have much courage at all. He was afraid that Lin Yi would go back on his words, so he quickly reached out to pick the fruit.

"I'll do it!" Zhang Qingfeng did not fall behind and quickly rushed over.

"Al! "You two ..." Tianlu reached out to stop them-it wasn't just because he didn't want them to offend Lin Yi, but he also felt that something wasn't right. Unfortunately, the two were already blinded by greed, and he couldn't stop them.

The two of them didn't care about their injuries and almost fell into a ball. Unexpectedly, just as they were about to grab the spiritual awareness fruit, Zhang Qingfeng suddenly shouted, "Ah!"

"What's wrong?" Chu Tianlu was shocked and quickly asked with concern.

"Uh, I don't know. I just felt something prick my hand, and it hurt like hell. But it doesn't hurt anymore." Zhang Qingfeng explained. As he spoke, he opened his palm and looked. A tiny red dot had appeared on his palm. It was almost impossible to notice if one did not look carefully.

"It looks like there are thorns!" Although he said that, Bai jingze didn't care about it. Instead, he was gloating because no one would be able to snatch the spiritual fruit from him. However, before he could touch the spiritual fruit, he suddenly let out an "ah" and looked down at his hand. There was also a tiny red dot on it.

"Where ... Where is the thorn?" Bai jingze was a little confused, and Zhang Qingfeng was also confused. There were thorns on the spiritual fruit, but they didn't see them at all. Could the thorns be invisible? But Lin Yi had shown them just now, and there was nothing on the fruit!

They didn't understand what happened because they were too weak, but Lin Yi saw it clearly. When the two reached out to pick the fruit, a thin needle suddenly came out of the fruit. It looked like the tail of some insect, and the speed was so fast that it was beyond the level of the ancient martial world. Even Lin Yi couldn't help but feel inferior.

Bing Wuqing, who was at the side, couldn't help but be moved as well. Although her strength couldn't be compared to Lin Yi 's, she still had good eyesight. Even if she didn't see it as clearly as Lin Yi, she could still roughly understand what was going on. She couldn't help but sneer inwardly. Boss Lin Yi had clearly said that this thing was dangerous, but the two of them still insisted on taking it. They really didn't know what was good for them.

"Brother Lin, did you notice something?" Chu Tianlu could only step forward with a bitter smile to smooth things over.

Lin Yi looked at him and said faintly, "This isn't a spirit sense fruit."

"What?" Bai jingze and Zhang Qingfeng cried out at the same time. Even Chu Tianlu was dumbfounded. This thing clearly looked like a spiritual fruit, and it even had the snake smell that was characteristic of spiritual fruits. What else could it be if not a spiritual fruit?

"This isn't a spirit sense fruit? What's that?" Bai jingze and Zhang Qingfeng didn't believe him, thinking that Lin Yi was trying to take all the fruits for himself. He was trying to scare them off with this.

"I don't know." Lin Yi shook his head. It was the truth. He still didn't know what it was, but he could tell from the scene that it wasn't a spiritual fruit. It was a trap with thorns.

"Why are you so sure when you don't know?" Bai jingze mumbled and turned back to look at the "spiritual fruit". Zhang Qingfeng was on guard, afraid that the other party would be one step ahead of him.

Chapter 5439 Stealing Fruits In The Middle Of The Night

Lin Yi smiled nonchalantly, "If you guys aren't afraid of death, then go ahead and pluck them. I won't stop you."

"Really?" Bai jingze was skeptical. He was just trying to measure a gentleman's heart with his own. If Lin Yi strongly stopped him, he would definitely do everything he could to get the spiritual fruit, but now that Lin Yi had made his stand clear, he was a little uncertain.

"Brother jingze, brother Qingfeng, although I can't give you a reason, my intuition tells me that this thing is really abnormal. You two better not act rashly. There might really be a problem." Chu Tianlu advised.

"This ... Alright." Zhang Qingfeng hesitated for a moment before nodding in agreement.

"But we can't just give up like this, can we?" Bai jingze was thinking of retreating, but he was still extremely unwilling. The legendary spiritual fruit was so close to him. If he just left like this, it would probably become a lifetime of regret.

"If that's the case, then let's just settle down here and wait." Lin Yi didn't mind spending a day or two here to get to the bottom of this thing.

Bing Wuqing didn't have any objections, and so did Chu Tianlu. However, Bai jingze and Zhang Qingfeng were a little reluctant. They still thought that this was the spirit sense fruit, and Lin Yi was trying to scare them off so that he could take it all for himself.

But since things had come to this, they couldn't object and could only waste their time here. No matter what, they would never leave until they got a good share of the loot.

The five of them settled down not far away. Camping in the wild was a common occurrence for cultivators like them. As long as they were a little more careful and avoided the threat of the nocturnal spirit beasts, nothing else was a big deal.

Lin Yi was lying on a tree nearby, and so were the others. It wasn't only more comfortable, but they could also see the situation down there, especially the spirit sense fruit.

The ones who cared the most about this "spirit sense fruit" were Bai jingze and Lin Yi. Bai jingze was afraid that Lin Yi would play some tricks and secretly pick the spirit sense fruit in the middle of the night when he wasn't paying attention. If Lin Yi denied it, he'd be at a huge loss.

However, he knew that he couldn't keep an eye on Lin Yi all by himself. He was injured, and even with medicine, he'd still get sleepy sometimes. He needed to find an ally.

Bing Wuqing was obviously on Lin Yi's side. As for Chu Tianlu, he didn't know what kind of relationship he had with Lin Yi. Besides, with Chu Tianlu's upright character, the possibility of him agreeing to something like this was almost zero.

After thinking about it, Bai jingze could only lock his Alliance target on Zhang Qingfeng. Although there was a Deep Gap between them, he was the only person present who stood on the same side as him.

"Qingfeng, I know you're angry about what happened before, but I was really panicking at that time. I was so scared that I didn't even know your position. I subconsciously attacked from behind. Really, I just wanted to try and see if I could cut those insects. I really didn't attack you. We've been brothers for so many years, you must believe me!" Bai jingze explained in a low voice.

"Is that so?" Zhang Qingfeng looked at him and sneered, "If you really don't have a guilty conscience, why are you explaining this to me?"

Did Bai jingze really think that Zhang Qingfeng was a three-year-old child? In that situation, it was obvious that the other party wanted to use him as a meat shield to attract the black insects so that he could escape. If he, Zhang Qingfeng, could not even see this, then he deserved to be killed.

"I'm just afraid that you'll feel guilty ..." Bai jingze said guiltily.

"Hmph," he snorted. Zhang Qingfeng hmphed coldly and looked at Lin Yi's group, who were pretending to be asleep, "You don't need to pretend in front of me. I've already seen through what kind of person you are. Hehe, you want me to work with you to secretly take that spiritual fruit, am I right?"

"Uh ..." Bai jingze blushed with shame, but he quickly regained his composure and nodded. "That's right, the spiritual energy fruit is right in front of you, I don't think you want to let it slip by and let others take it for themselves, right? No matter what kind of misunderstanding there is between us, we can't let the fertile water flow into other people's fields, don't you think?"

"Hmph, a vile person is a vile person." Zhang Qingfeng curled his lips in disdain.

Bai jingze's face turned ugly, but then he heard Zhang Qingfeng ask, ""What do you plan to do?"

It was true that he hated Bai jingze now, but he also had the same thoughts as Bai jingze. He was also drooling over the spiritual fruit in front of him. Bai jingze's suggestion was exactly what he wanted. In fact, even if Bai jingze didn't take the initiative to suggest it, he would have put down his face and joined forces with the other party. After all, if he was alone, no matter what little tricks he wanted to do, he was too weak.

Bai jingze's lips curled up as he looked at Lin Yi and the other two. He lowered his voice to a whisper and mouthed, "Our Bai family has a unique family secret technique called the night hiding technique. As long as it is used at night, it can completely hide in the darkness, and ordinary people can't detect it at all."

"Since you have such a method, why did you come to me?" Zhang Qingfeng frowned. If the night hiding skill was really as amazing as Bai jingze said, he could have stolen the spiritual fruit by himself and didn't need to shamelessly come to him for help.

"It's true that the night hiding technique can hide from their eyes and ears, but look at them, each one more alert than the other. Once I use the night hiding technique, they will immediately realize that I'm gone. Wouldn't that be bad?" Bai jingze continued to mouthed.

"Then what do you want to do?" Zhang Qingfeng asked.

"It just so happens that you know the illusion technique. Although it is easy for people to see through your illusion during the day, in this kind of night with only the faint moonlight, it is enough to pass off as the real thing. I will use the night hiding technique while you use the illusion technique to confuse their vision. Wouldn't that be the same?" Bai jingze's eyes lit up as he suggested this. He had already planned this from the start, or else he would not have shamelessly come to Zhang Qingfeng.

Zhang Qingfeng thought for a while. This was indeed a feasible solution, but he was still a little worried. "You want me to cover for you? What if you take it all for yourself?"

Chapter 5440 Illusion Bug

"Don't worry, don't worry, I know the severity. If you tell them, they'll be exposed. How would I dare to take it all for myself? Don't worry, I won't let you suffer any losses. We'll split it in half, how about it?" Bai jingze made a solemn vow, as if he had already forgotten the scene of him almost killing the other party earlier in the day.

Of course, Bai jingze didn't believe him, but what he said made sense. If the other party really had the courage to take it all for himself, he wouldn't have come to cooperate with him. Bai jingze immediately nodded and said, "I'll believe you for the last time. "

The two of them discussed in a low voice for a while and looked up at the night sky. When a dark cloud blocked the moonlight, Bai jingze made his move.

Putting everything else aside, the Bai family's ancestral night hiding technique was indeed praiseworthy. Not only did it completely merge one's body into the night, not leaving a single trace, but it even shielded one's aura. At the same time, it could also escape the perception of spiritual sense to a certain extent, and ordinary people really couldn't detect it.

Unfortunately, the Lin Yi they were facing was no ordinary person. No matter how exquisite the Bai family's night hiding skill was, it was a joke in front of a mid-tier Xuan Sheng like him. After all, the difference between them was too great. It wasn't something that could be made up for with any skill.

In fact, although Bai jingze and Zhang Qingfeng were very careful, almost only using their mouth to communicate, Lin Yi had already seen everything. Whether it was Bai jingze's night hiding technique or Zhang Qingfeng's illusion technique, they were all full of flaws in his eyes. He just watched coldly from the side and didn't step out to expose them.

At this moment, Bai jingze, who had entered the state of the night hiding technique, still thought that no one knew about it and was carefully approaching the "spiritual fruit." Along the way, he was extremely cautious and made sure that his hands and feet were as light as possible. Even if it was inevitable that the wild grass under his feet would change shape, he would find a way to suppress all the movements to the minimum.

At this time, Bai jingze was extremely patient. Every step he took was as natural as possible. This way, he could perfectly cover the movements he made. Even Lin Yi couldn't help but find it funny. This guy was shameless, but he did have some skills.

It took Bai jingze a whole hour to cover a distance of less than ten feet before he finally reached the edge of the spirit sense fruit. He carefully looked at Lin Yi's position, and it seemed that they were really confused by Zhang Qingfeng's wooden illusion. They didn't seem to notice at all, and his heart was surging with excitement as he saw that he was about to succeed.

While he was observing Lin Yi's group's reactions, he didn't realize that a Stinger had already extended out from the bottom of the fruit he was drooling over. It was pitch black and didn't give off any light-it was like a beast that was holding its breath, completely blending into the darkness.

Lin Yi raised an eyebrow-he'd already seen it during the day, but it was even more obvious now. It wasn't a spirit sense fruit, but a living thing!

"Ah!" A cry of pain broke the silence of the night on the snake Island. A group of birds flew out from the surrounding forest. Lin Yi had expected this, and Bing Wuqing had obviously noticed it as well. Only Chu Tianlu woke up from his daze, almost falling off the tree.

"What's the situation?!" Chu Tianlu was taken aback. He immediately saw a figure jumping and howling in pain near the 'spiritual fruit'. After taking a closer look, he realized that it was Bai jingze. He quickly went forward and said, ""Brother jingze, what's wrong?"

Zhang Qingfeng quickly put away his illusion technique and ran over. When he saw Bai jingze's right hand, his expression changed.

It was completely different from the day. Bai jingze's right hand was no longer a red dot, but was covered in blood. In that instant, the Stinger had stabbed him at least a thousand times. The speed and frequency was shocking, even Lin Yi was speechless.

The same tail Stinger seemed to be much more aggressive at night than during the day.

Bai jingze was still howling in pain! Zhang Qingfeng looked at this scene and rejoiced! She was only responsible for creating illusions to deceive Lin Yi and the others. If she really came with Bai jingze to steal the spiritual fruits, she would probably end up the same.

"I got it!" Chu Tianlu suddenly shouted, scaring Lin Yi and the others. They thought that he had fallen into the trap as well, but he said, "I know! This wasn't a spiritual awareness fruit! This was the illusionary insect recorded in the ancient books! It's the mother of those black insects. It's their nature to disguise themselves as rare heavenly treasures to attract prey, poison them to death, and then eat them!"

"What? Poisoned to death?" Bai jingze, who had just felt a little better, was shocked again. He quickly said, "It's really poisonous?"

"I'm not too sure about that, but it's vaguely recorded in the ancient books." Chu Tianlu scratched his head and smiled bitterly. He had accidentally come across it when he was looking for information on the deified soul fruit. The higher-ups had a vague memory of it, and he had only skimmed through it. How could he have known so clearly?

"This ... What should I do ..." Bai jingze was filled with regret. Now that things had come to this, even a fool would know that this was not a deified soul fruit but the illusionary insect that Chu Tianlu had mentioned. If he hadn't been self-conceited, how would he have ended up in this state?

Unfortunately, there were no "what if 's" in this world, and it was too late for regrets. He looked at his bloody right hand and looked at Lin Yi, hoping that Lin Yi could help him.

Lin Yi ignored him and waved his hand, "Since we've confirmed that this isn't a spirit sense fruit, let's go."

Lin Yi turned around and walked away, and Bing Wuqing followed closely behind him. Chu Tianlu opened his mouth, but didn't say anything in the end. He patted Bai jingze's shoulder, sighed, and followed Lin Yi.

He wasn't someone who couldn't distinguish between good and bad. For Bai jingze to appear next to the illusionary insect, even if he used his toes to think, he could figure out what this guy was up to. This was called asking for it. Even if he was on his friend's side, he couldn't say anything. It was already good enough that he didn't scold him to his face to draw a line.

Zhang Qingfeng also quickly followed. In addition to rejoicing, he was also gloating. He looked at Bai jingze with eyes full of joy. This was called evil getting its retribution!

"Sigh ..." Bai jingze's face turned bitter as he turned around to look at the "spiritual fruit". He felt a chill run down his spine and could only sigh as he followed behind the crowd.

Lin Yi walked in front and continued to lead the group under the night sky. For most of the practitioners, they would never travel at night unless they had no other choice, especially in a mysterious place like the snake Island!
