

## Bodyguard 5451

### Chapter 5451 Monster Space

The monsters were getting closer and closer, and Lin Yi had no choice but to Dodge! After all, this place was too small. If they were not careful, it was possible that they would be knocked down by these thick-skinned guys!

Fortunately, they weren't too fast, and they only attacked with their mouths and tails. Even though the space was narrow, Lin Yi could easily dodge them with his movement skills.

But soon, Lin Yi couldn't relax anymore, because he realized that more and more snake-headed crocodiles were rushing over, like a school of sharks in the deep sea who smelled blood-there were hundreds of them in a short time!

Hundreds of golden core stage spirit beasts. If this lineup was released, it would probably be enough to cause a lot of trouble for the entire small Jianghu in the ancient times! Even on the Sky Class Island, such a scale could only be seen in the southern part of the island. It was impossible to see anywhere else.

Of course, at Lin Yi's level, he wouldn't be scared by these monsters, but he couldn't use martial arts to kill them. He couldn't find an effective way to attack them, and it was a real headache!

At first, there were only five of them, and Lin Yi could still dodge them with his movement technique, but now there were hundreds of them, and he was surrounded in all directions.

Plus, this was only the first batch. There were more coming-Lin Yi didn't know what to say. What the hell was this place?

Fortunately, Lin Yi could transform into a spirit, and these monsters didn't seem to have any means of attacking the spirit. He could rest easy for now, but this wasn't a long-term plan.

Occasionally, Lin Yi would find a few openings and quickly try out all kinds of attacks in his Yuan spirit form. He knew all kinds of martial arts skills, and it was always effective after trying them one by one.

The result was just as he had expected. Although most of his martial arts skills did not have any effect, when he began to try powerful fire martial arts such as the wild flame thousand explosive fist, these snake-headed and crocodile-bodied monsters finally began to suffer casualties. However, even so, the effect was not very good. After several attempts, he could only kill a few scattered monsters, which was far less easy than when he had dealt with the illusionary worms.

This efficiency was far less than the number of monsters that were coming from all directions. It was meaningless! However, when Lin Yi started using the Qi pellet bomb, the situation started to change.

For some unknown reason, these snake-headed and crocodile-bodied monsters were extremely afraid of pure energy attacks like the Zhen Qi pellet fire bomb. It was basically the same as the magic bugs that encountered fire-type martial skills. They would die upon contact. A Zhen Qi pellet fire bomb would immediately cause a large number of people to fall. The scene was quite spectacular.

With that, Lin Yi relaxed quite a bit. Although he could ignore these snake-headed, crocodile-bodied creatures in his essence spirit form, this place was too strange and unpredictable. Who knew if there were other unknown dangers?

To be on the safe side, it was better to maintain the primordial spirit form as much as possible. The existence of the true Qi pill fire bomb gave him the confidence to stand firm. Otherwise, if he couldn't even stand on his feet, he would feel weak in his heart.

He was using the true Qi pellet fire bomb to clear out the snake-head crocodile-body monsters nearby, and at the same time, he was using his divine sense to scan the surroundings as much as he could. Other than observing the environment, Lin Yi also wanted to see if Bing Wuqing and the others had followed him in!

He could handle this situation, but if it were Bing Wuqing, she would be at a loss. After all, not everyone could use this kind of energy attack. Only alchemists and blacksmiths could do it. Of course, some primordial spirit bodies could do it as well.

Indeed, Lin Yi's guess was right. Bing Wuqing and Chu Tianlu's foreheads were covered in sweat.

Because they stepped onto the altar together, they were lucky to be teleported to the same ancient snake scale. However, they faced the same situation as Lin Yi-snake-head crocodile-body monsters were coming at them from all directions.

Lin Yi was still fine-even if he didn't find a way, he could at least protect himself, but the two of them were different. They were surrounded, and it was almost certain death.

If Chu Tianlu had been alone in the face of this group of unreasonable golden core monsters, he would have been dead by now. Fortunately, he had Bing Wuqing, who was at the peak of the early stage of the nascent soul realm. Although he didn't know how to use pure energy attacks like true Qi, fire, and bombs, his ice-type martial arts techniques were at least effective against these monsters. With the advantage of his level, he wouldn't have a problem for a short time.

The snake-headed crocodile monsters were frozen into ice sculptures one by one, and then fell into the bottomless darkness. Unfortunately, there were just too many of them, and they seemed to be endless in number. Even if they exhausted Bing Wuqing's energy, they wouldn't be able to kill all of them. Instead, they would only increase in number.

As for Chu Tianlu, who was standing back-to-back with Bing Wuqing, he couldn't help at all. With his current strength, he wasn't even able to scratch the itch of a snake-headed crocodile-bodied monster. He was just a burden to Bing Wuqing.

Chu Tianlu couldn't help but feel a little regretful. He wasn't regretful that he had rushed in recklessly to court death, but that he was too weak. He couldn't do anything if he had followed them. Instead, he would only become a burden to Bing Wuqing. He really felt bad about it.

The only thing he could do now was to observe the surroundings and look for Lin Yi's position while Bing Wuqing was busy fighting the monsters.

It was a pity that even this was very difficult for him to do. After all, it was so dark here that he could only rely on his divine sense to perceive everything, and he was only at the great circle of Foundation establishment.

No matter how much spirit sense was valued in the ancient martial world, it was still a threshold that couldn't be crossed. A peak Foundation Stage's spirit sense had a very limited range-how could he find Lin Yi's position in this situation?

Fortunately, they weren't the only ones looking for Lin Yi-he was looking for them as well. With Lin Yi's strength, it was troublesome to look for someone in a place like this, but if he wanted to find someone, it wasn't like he couldn't do anything.

After all, Bing Wuqing and Chu Tianlu hadn't been here for long, and they weren't far from each other. If it wasn't for the darkness, they could basically be seen with the naked eye. Of course, this was also thanks to Lin Yi's divine sense, which had a wide range. If they were both in the dark, they would have to circle around for the rest of their lives.

Lin Yi felt some movement in front of him to the right. He couldn't see what was going on, but it was a fight. He flew away from the scale without hesitation.

#### Chapter 5452 Fourth Dimension Space

As for the monsters, they left after Lin Yi flew up in spirit form, as if they knew that attacking a spirit was useless. Perhaps they couldn't feel a spirit, or they were only interested in the prey standing on the ancient snake scale and would be ignored once they left the scale.

All in all, when Lin Yi flew away, the monsters didn't follow him, which made Lin Yi let out a breath of relief. No matter which guess he made, it was a good thing.

In fact, one couldn't see in the dark, but the distance between Lin Yi, Bing Wuqing, and Chu Tianlu wasn't too far. It was about two to three kilometers in the common world's measurement.

When Lin Yi got closer, he could clearly feel the situation not far away! Bing Wuqing was trying her best to use her merciless ICE FORCE to knock the monsters down one by one, which surprised Lin Yi.

This move was effective, but ... Lin Yi's divine sense was much stronger than Bing Wuqing 's. Although these monsters fell down after being frozen, the ice on their bodies automatically broke apart after falling a few hundred meters down, and they flew back up again ...

In other words, Bing Wuqing had been doing useless work all this time! Of course, he thought that the monsters would be killed after they were frozen. However, these monsters were not afraid of the cold at all! He didn't freeze to death at all!

Lin Yi shook his head. If this went on, Bing Wuqing and Chu Tianlu would die sooner or later. There was no second ending! Of course, at this moment, Bing Wuqing was also sweating profusely. She had also realized that something was not right, and that was the increasing number of monsters!

Of course, he didn't know that some monsters had "resurrected," and only thought that they were flying over from a distance.

"Tianlu, although I've always looked down on you, I'm impressed that you're not afraid at all." Even though she was facing a great disaster, Bing Wuqing still maintained a calm expression. "'I'm afraid you're in a dangerous situation this time. Are you afraid of death?'"

"I'm not afraid of death, but I feel a little regretful and self-reproaching. I brought you all to this place, but an unexpected disaster came." Chu Tianlu sighed. If Lin Yi didn't save him, he would've died a long time ago, so dying again wasn't a big deal.

However, Lin Yi was his Savior. He didn't care if he died, but what about Lin Yi? What about Bing Wuqing? Chu Tianlu wasn't stupid. He knew that Lin Yi and Bing Wuqing were definitely people who could stand at the peak of the ancient martial world. Even if they didn't have the heart of the divine sense fruit, they were still strong.

It would be a pity if he died here, but there was no point in saying anything now. He didn't try to be pretentious. "Big brother Bing, why don't we jump down? maybe we can still survive ..."

"Let's wait and see ..." Bing Wuqing didn't want to give up. She was still thinking of a solution.

"It's ... It's brother Lin!" Chu Tianlu released his divine sense to check the situation under his feet. In the end, he almost jumped up in joy!

Because he finally felt Lin Yi's presence within the range of his pathetic divine sense. He immediately cried out in excitement. This situation was like a life-saving straw. If it were just Bing Wuqing alone, she would be exhausted soon, and he wouldn't be able to help at all ...

"Boss!" Bing Wuqing had noticed it earlier than Chu Tianlu, but while he was excited, he wasn't as optimistic as Chu Tianlu. These snake-headed, crocodile-bodied creatures were endless, and even Lin Yi wouldn't be able to handle them.

At this moment, he himself was almost unable to hold on. With his current strength of the peak of the early Yuanying stage, if it was an ordinary Jindan stage master or spirit beast, he could easily kill a large number of them, but he really didn't have many ways to deal with these rough-skinned monsters in front of him. He had barely killed a few dozen of them, but the true Qi in his body had been almost exhausted.

But what happened next made him prostrate himself on the ground-one Qi pellet fire bomb destroyed a whole bunch of them, and there were at least a hundred of them-it was twice as much as what he'd achieved after all that hard work. He had to admit that boss Lin Yi's strength was unparalleled.

As for the weaker Chu Tianlu, he was even more shocked. At his level, he could only bow down to Lin Yi in this situation. A Foundation Paragon like him could easily kill dozens of snake-headed and crocodile-

bodied monsters, but Lin Yi could kill dozens of them with a simple Qi fire bomb. The difference was so big that there was no need to compare.

With the help of a powerful being like Lin Yi, the two's crisis was resolved quickly! The surrounding monsters were all cleared, and they could finally heave a sigh of relief.

"Are you two alright?" Lin Yi landed on the ground. He could tell that the two weren't injured at all, just a little weak.

"It's alright. " Bing Wuqing's breathing was a little heavy, which was a sign that she had used up too much of her true Qi. As for Chu Tianlu, he was completely fine. He finally had the time to observe the surroundings."This place ... Could it be the place recorded in the book?"

"What?" Lin Yi and Bing Wuqing were stunned at the same time. They looked at each other and asked anxiously.

"Regarding the island of the Supreme snake, there was a vague mention of an extremely special fourth-dimensional space in the book." Chu Tianlu said.

"A fourth-dimensional space?" Lin Yi was shocked-there was someone in the ancient martial world who knew about this?

"I'm not too sure about the details. The records are very vague. It seems that someone has come in before and left, so there are records left. However, there is no other information to support this, so it's hard to say whether it's true or not. I just feel that it's a little similar to the situation we're in now, but I'm not sure about the details." Chu Tianlu shook his head and explained.

Although it sounded a little vague, it was honestly not easy for someone of Chu Tianlu's level to have such knowledge. Moreover, to a certain extent, this place did give Lin Yi the feeling of a four-dimensional space, and there was something strange about it in all directions.

Not long after, another wave of monsters surrounded them. Fortunately, Lin Yi was present, so it was only a matter of two or three true Qi fire pill bombs. Bing Wuqing only needed to take some pills to quickly recover her true Qi.

"Boss, what should we do next? He couldn't just stay here and fight monsters, could he? It's not a problem to fight a group of them!" Bing Wuqing, who had already recovered her strength, asked with a red face. Although she had some doubts in her heart, she was no longer as worried as before.

It was as if seeing Lin Yi made Bing Wuqing see her pillar of support. It was as if Lin Yi was omnipotent, and as long as he was there, he could do anything. Of course, this was also the result of several previous tests.

#### Chapter 5453 The Way To Fight The Enemy

"Of course it's not a problem. It's fine as long as I find you." Lin Yi nodded. He'd been thinking of a plan the whole time. "I want to continue exploring and see what's going on here. I want to see if there's any way out."

"That's true, but ..." Bing Wuqing wanted to say something, but then stopped. He was a little embarrassed and embarrassed. "Boss, with the strength of me and Tian Lu ..."

"That's right, brother Lin. If you leave, the two of us staying here is basically the same as waiting for our deaths ..." Chu Tianlu added, his face red.

"Ha ..." Lin Yi smiled faintly, "I've already thought of this situation. I've also found a way to restrain these monsters. I can teach Bing Wuqing the skill that I used to attack those monsters. I believe that with his talent, he will be able to learn it in no time."

"Ah?" Bing Wuqing was slightly startled, looking at Lin Yi in surprise, but her heart was filled with gratitude. After all, martial arts techniques were a secret in the ancient martial world. Otherwise, Xue Jianfeng wouldn't have used the excuse that Leng Leng had taught Lin Yi the martial arts techniques in secret as an offensive move.

Lin Yi, on the other hand, was going to teach her such an awesome skill without holding anything back. At this moment, Bing Wuqing truly felt that she had followed the right boss, especially when he still had a rather disgraceful history.

"It's like this. Actually, this skill is very simple. You guys definitely won't be able to learn the pill fire bomb. " Lin Yi didn't hesitate, "After all, the pill fire is a skill of The Alchemist."

"What? Brother Lin, you're an Alchemist?" Chu Tianlu was a little shocked.

Of course, Bing Wuqing wasn't surprised. Although alchemists were rare in the ancient martial world, it was reasonable for Lin Yi to be an Alchemist since he could casually take out a pile of high-level elixirs.

Lin Yi waved his hand. He didn't have time to explain, "This is a simple true energy compression ..."

With that, Lin Yi told Bing Wuqing the technique of compressing the energy bomb. It wasn't a big secret, actually. Before the heavenly Dao realm, the energy bomb had unrivaled destructive power, and Lin Yi could be said to be invincible with this skill.

Lin Yi used this weapon when he fought Ma Zhu.

However, things had changed with the passage of time. This skill really wasn't considered a very powerful move at the heavenly Dao realm, much less at the magnate realm.

Bing Wuqing was a little shocked to hear this. She had never thought that a simple true energy compression could be used to attack these monsters. This was the saying that those who had difficulty would not know how to do it, and those who knew how to do it would not find it difficult.

If it weren't for Lin Yi's advice, they probably wouldn't have thought of such a method in their entire lives. Lin Yi didn't hide it from Chu Tianlu when he mentioned it, because there was no need to. One more person meant one more strength. Although Chu Tianlu was only in the Foundation Stage, he could relieve some of Bing Wuqing's pressure.

As expected, Bing Wuqing had a great talent for comprehension. It didn't take long for her to fully understand the profoundness of the true energy bomb. As a cultivation genius of the Chu clan, Chu Tianlu wasn't stupid either. He was just a little slower than Bing Wuqing.

Seeing that the third wave of monsters had appeared, Lin Yi deliberately chose not to attack, and gave the opportunity to practice to Bing Wuqing and Chu Tianlu. Once he fired the ice-type true energy bomb, the monsters would drop.

Although Chu Tianlu couldn't launch a group attack like Bing Wuqing, he was keeping an eye on the fish that escaped the net. This way, the two of them were in a complementary state, and Lin Yi could leave in peace.

After giving the two some elixirs that could help them recover quickly, Lin Yi threw out a true energy pill fire bomb and blew away the third wave of monsters. He then transformed into a primordial spirit and floated away under the admiring gazes of Bing Wuqing and Chu Tianlu ...

Darkness-there was only endless darkness in front of him. Lin Yi only flew a few hundred meters before he couldn't see what was behind him. Fortunately, Lin Yi's spirit sense was strong enough to keep him from getting lost.

Otherwise, it would be easy for an ordinary person to take a loop or go in circles in such a dark place. It would not be easy to maintain a straight line. This was also the reason why many people would encounter a Ghost Wall when walking at night.

Some of them weren't really ghostly labyrinths, but he thought he was walking in a straight line when he was actually walking in circles. Of course, this problem didn't exist for Lin Yi.

After a few kilometers, Lin Yi suddenly stopped. Because he discovered that there were sounds of battle not far away, which meant that there should be people there.

Could it be Bai jingze and Chu tianliang who had entered earlier? Why are these two idiots still alive? Lin Yi was a little troubled-they should've been killed by these monsters long ago with their weak combat strength, how could they have lasted until now?

Could it be that there were others? Lin Yi's spirit flew over.

However, Lin Yi was shocked the next moment. He couldn't believe his eyes! This was because Chu tianliang was actually ... Fighting monsters! This guy could actually control pill fire! Furthermore, he also knew how to use alchemic fire bombs ... Could it be that this rebellious brother of the Chu clan was also a genius?

But Lin Yi thought about it-if even Kang Zhaoming was able to make the pill fire bomb, it wasn't strange that Chu tianliang could do it.

Even though Bai jingze did not know anything and could only be a burden, Chu tianliang did not wish for him to die in this situation. After all, in this endless darkness, it was very good to have an acquaintance as a companion.

If Chu tianliang was the only one left, he would be too lonely. Although he was exhausted, he still found time to talk to Bai jingze, not wanting him to give up. If there was no one to accompany him, he might just give up, because the pace of fighting monsters was too boring.

"Jingze, what the hell do you think this place is? Give me another Qi returning pill, I can't hold on any longer!" Chu tianliang roared hoarsely.

"Oh, okay!" Bai jingze did not dare to delay. He quickly took out an energy recovery pill and put it into Chu tianliang's mouth. Even though these pills were his, there was no distinction between them now. Chu tianliang was his only hope, and if Chu tianliang died, he would not be far from death as well.

"Tsk ..." Lin Yi looked at the scene and laughed coldly. Of course, he didn't intend to help at all. He would just let these two guys live and die. Lin Yi couldn't be bothered to kill them. He would just let them suffer.

"Who is it?" Chu tianliang was caught off guard and was struck by the monster's mouthpart. He staggered and almost fell off the snake's scale. Fortunately, Bai jingze reacted quickly and caught him in time. Otherwise, he would have died on the spot.

Chapter 5454 Meeting Ling Tianyou Again

"Lin Yi! Why was he flying in the sky? How did he do it?" Bai jingze "looked" at Lin Yi flying in the sky as if he'd seen a ghost, his face full of confusion.

Lin Yi was already so close to them-he wouldn't be a practitioner if he couldn't sense it, but they were too focused on the monster to notice that someone was flying over.

"Hehe." Lin Yi looked at the two mockingly, "it seems like you two are having a good time fighting monsters. You even created your own group attacks. Not bad, not bad. You guys continue. I won't disturb you anymore."

"You ..." Bai jingze was furious, but he couldn't do anything to Lin Yi.

Bai jingze was still angry, but Chu tianliang was completely shocked. How could this be? Wasn't Lin Yi under her devouring shadow shield? How come this guy is not only fine, but also flying in the sky? What the hell was this?

"You wait! You didn't die?" Chu tianliang could not help but ask.

"I'm dead. I'm a primordial spirit now, but I don't intend to seek revenge on you. So, let's meet again."  
Lin Yi grinned and turned to leave.

Naturally, Chu tianliang did not believe this nonsense. The name of the shadow devouring shield was shadow devouring, and it could devour shadows. In fact, shadows, from a certain perspective, were a part of a cultivator's primordial spirit. Since the primordial spirit had been devoured, how could it still be alive?

Bai jingze didn't care about this. He rolled his eyes and suddenly shouted, ""Brother Lin, I had no choice. You know that I'm Chu Tianlu's good brother. Please take me away. I was forced. It was this guy who forced me to come back for revenge!"

As he spoke, Bai jingze pointed at Chu tianliang with a look of indignation. Chu tianliang was so angry that he almost fainted. How could this person be so shameless?

"Is that so?" Lin Yi said with a half-smile.

"Yes! I can swear it!" Bai jingze's shamelessness was unrivaled.

"Bai, what do you mean?" Chu tianliang wasn't like Bai jingze-he was like fire and water with Chu Tianlu, and the same went for Lin Yi. He had no choice but to continue opposing Lin Yi.

"Nothing much. Chu tianliang, you forced me to bring you back to frame brother Chu Tianlu. I don't want to help the evildoer, but I can't defeat you." "It's all thanks to brother Lin's good fortune," Bai jingze said painfully. "You're lucky to have survived a great disaster ..."

"I'm sorry, but I still can't take you away. " Lin Yi said, a little embarrassed. He was considering setting up a film company in the ancient martial arts world. This Bai jingze was definitely qualified to be the main character.

"Why?" Bai jingze was stunned.

"Do you think that if I really have that ability, I would not have brought Chu Tianlu and the others with me? Do you see anyone else beside me?" Lin Yi shrugged, disappointed.

"This ..." Bai jingze suddenly realized that the truth seemed to be the case. Did this mean that he had begged him for nothing? What bad luck, not only did he not achieve his goal, he even offended Chu tianliang. What an unlucky year.

At the thought of this, Bai jingze immediately turned his gun and said to Chu tianliang, ""Tianliang bro, don't misunderstand-I was just testing Lin Yi's way of flying, and if I did, you'd be able to learn it too, right? I'm actually on our side!"

"Fine ..." Chu tianliang didn't know whether to laugh or cry. However, he and Bai jingze were only temporary teammates, so they didn't have a deep relationship. If it weren't for the fact that they had to fight for the heart of the spiritual fruit, they wouldn't have ended up in this state.

Although he really wanted to kick Bai jingze out, he could still use this guy for the time being, so he didn't want to ruin their relationship, so he continued, ""I understand. Let's leave Lin Yi alone. He can do whatever he wants. You try and see if you can compress the Qi in your body and release it for an attack, just like how I compressed it with my fire."

Lin Yi couldn't help but be surprised. He didn't expect Chu tianliang to be such a genius. He thought of a way to break it in such a short time, and even got Bai jingze to imitate it!

It wasn't the same name as Lin Yi's energy bomb or pill fire bomb since there was no bomb here, but it was something similar to pill fire compression.

Bai jingze quickly nodded and started trying, and Lin Yi didn't want to waste time with these two idiots. As far as Lin Yi was concerned, even if Bai jingze and Chu tianliang fought monsters together, they wouldn't be able to escape the end of exhaustion.

After all, the strength of these two people was too low, and they were not on the same level as Bing Wuqing at all. And even if Bai jingze, this weakling, learned how to use true energy bombs, he would only be an assistant. After all, his own strength was there.

He turned around and continued to fly forward, entering the endless darkness once more. He didn't know what was ahead, or if there was an exit. Even if he did find the exit, he still couldn't think of a good way to bring Bing Wuqing and Chu Tianlu out.

He could fly, but these two couldn't-this was the first time Lin Yi felt so out of place. In this godly space, even those giant level Masters of the mountain opening and earth splitting stages couldn't do anything.

He didn't know how long he'd been flying for, but he heard the sounds of fighting again! This time, Lin Yi was completely shocked.

There's still someone else? Who was this person? When did he come in? Was it this time's trial on the snake Island, or was it that he had stayed here the last time? If it was the last time, then it would be really amazing to be able to last for so long.

But even if he came here from the snake Island, it wasn't easy. After all, Lin Yi and the others had been here for a while, and this person came here before them.

Lin Yi got closer to the sound, wanting to see what was going on, but when the person in the battle fell into the range of Lin Yi's divine sense, Lin Yi couldn't help but widen his eyes.

Ling Tianyou, it was actually Ling Tianyou!

What was he doing here? In the next moment, Lin Yi seemed to have guessed something. Ling Tianyou had said that he was going to the snake head to do something big, but because of the high risk, he didn't bring Lin Yi and the others, choosing to go alone.

Could this be what Ling Tianyou was talking about? His goal was also the heart of the spiritual fruit? And then he was also teleported here? But Lin Yi was still curious-Ling Tianyou was only at the peak of the late Foundation Stage, how did he deal with these golden core monsters?

This was simply illogical! Chu tianliang was able to attack the monsters in batches because he was a refiner. The power of the pill fire bomb could be used against enemies of a higher level, and Lin Yi knew this very well.

However, Ling Tianyou was different. He only used one move, and that was the Suan NI's thousand blades attack!

Chapter 5455 Then I'm A Ghost

However, under Lin Yi's careful observation, he noticed something unusual. This thousand blades barrage was different from the martial arts he usually used! This time, although it was also a thousand blades, the target of the attack was a single point!

All of the needles were shot at one point at the same time, and that was one of the monsters!

"Aowu ..." A blood-curdling screech was heard. Even the monster with thick skin and flesh was pierced through! One had to know that Ling Tianyou's strength was not weak to begin with, especially in the thousand blades sect where his sparring partners were at least at the Golden core stage. It was not too strange for a thousand Flying Needles to pierce through a golden core monster.

However, only Ling Tianyou could do something like this. What Lin Yi found strange was that while it was effective, it was extremely clumsy. He only took half a day to kill one, and there were so many monsters around him. How was he able to last this long?

Why didn't the other monsters attack him? The other thing that Lin Yi found the strangest was that there weren't that many monsters around Ling Tianyou-even fewer than the number of monsters around Chu tianliang!

One had to know that Chu tianliang could still attack in batches, but he, Ling Tianyou, could attack them one by one! This was not an order of magnitude at all.

After realizing the problem, Lin Yi wasn't in a hurry to help. Since Ling Tianyou was able to survive for so long, he naturally had his own way of survival. Lin Yi wanted to see how he did it.

Was it because the number of monsters here was low to begin with, or was there some other unknown secret?

In the next moment, Lin Yi saw something even stranger. Ling Tianyou's hand shook, and his signature ribbon danced in the air! The ribbon instantly straightened with a whooshing sound, followed by another ear-piercing sound of air breaking, sweeping towards the monster like a sharp arrow!

The monster was wrapped up in the silk ribbon. Ling Tianyou used his hand to hook and pull again, and the monster fell into his hands. This series of movements was done in one go, flowing like water, as if he had practiced it many times.

Just as Lin Yi was wondering what Ling Tianyou's purpose was for doing this, he reached out his hand and forcefully inserted and pulled at the monster's wound. The skin of the monster was completely torn apart, revealing the flesh inside.

This guy couldn't be thinking of eating the monster alive, right? Lin Yi looked at Ling Tianyou with interest.

After that, Ling Tianyou did not eat the monster. Instead, he used his hand to dig something out of the monster's body. Very quickly, a small red leather bag that looked like a spiritual fruit appeared in his hand.

This thing was similar to the inner core of a spirit beast, except that the inner core was hard, while the thing in Ling Tianyou's hands was soft and elastic. This could be seen from the handprint on the little leather bag when he held it.

After getting the inner core, Ling Tianyou casually threw the monster's corpse away. Then, without any delay, he suddenly threw the inner core in the direction of the group of monsters with his other hand.

The inner core flew out from Ling Tianyou's hands. With the power of a thousand blades, Ling Tianyou threw the inner core with ease. With a loud "boom", the inner core struck one of the monsters, causing a huge explosion ...

Of course, this explosion wasn't a big deal. The key was that the monster that was beaten up had its skin and flesh torn open, revealing the small inner core inside its body. The inner core also exploded immediately after ...

As a result, the monsters in the air were like a chain reaction of explosions. The sounds of explosions continued, and in a short while, all of them were blown up.

Lin Yi's eyes almost popped out of their sockets! What was going on? Earlier, when Ling Tianyou took out the monster's "inner core" and used it as a weapon similar to a "bomb," Lin Yi was already extremely shocked. And now, there was even a chain reaction!

Lin Yi finally understood why Ling Tianyou was able to last so long in this space. He had a special skill! But how did he discover this method? No one would think of this, not even Lin Yi. He didn't think of taking the monster's core.

The inner core of a golden core monster wasn't too attractive to Lin Yi.

"Hu ..." After Ling Tianyou had defeated all the monsters, he let out a long breath and sat cross-legged on the scales of the Supreme serpent to regulate his breathing. He quickly recovered his physical strength and true Qi, and it seemed like he was preparing for the next wave of monsters' attacks.

Lin Yi understood the situation and didn't stay any longer. He started flying towards Ling Tianyou's direction.

"Who is it?" Ling Tianyou was shocked, and he looked in the direction Lin Yi came from with a terrified expression. Unfortunately, he couldn't see anything in this range, and could only feel that there was a human or a spirit beast coming.

After all, the difference between his divine sense and Lin Yi's was too big. But what Ling Tianyou didn't understand was that he had almost figured out the time between the appearance of these monsters, which was why he was so calm and calm. He didn't think that something would happen just like that.

"It's me." Lin Yi didn't try to scare Ling Tianyou and said directly.

"Brother Lin?" Ling Tianyou's entire body trembled as he looked into the darkness in disbelief. He even thought that he was hallucinating after fighting monsters for so long.

"You're very skilled in dealing with monsters. How did you find out?" Lin Yi's figure floated over, and only when he landed on the scale of the Supreme snake and turned solid did Ling Tianyou confirm that the person in front of him was really Lin Yi.

"Brother Lin, you ..." She was shocked at how Lin Yi got here, how he found him, and most importantly, how he moved around!

"It's a long story, so let's make it short!" With that, Lin Yi gave a brief account of what had happened after he separated from Ling Tianyou. Of course, he omitted a lot of details, such as that traitorous Bai jingze. He only said that Chu Tianlu wanted to repay him by bringing him to this place to find the heart of the divine sense fruit.

"As expected!" Ling Tianyou couldn't help but smile bitterly after hearing Lin Yi's words,""The heart of the divine sense fruit is actually a lie. Many people have seen it, but no one has ever been able to get it ..."

"Then I'm a ghost." Lin Yi said with a smile.

"What?" Ling Tianyou was taken aback, not quite understanding what Lin Yi was saying. But he suddenly remembered that Lin Yi floated over, and his whole body shivered. Although practitioners weren't afraid of ghosts, and ghosts were in fact primordial spirits, he still felt a little uncomfortable,"Brother Lin, you ..."

"Oh, it's nothing. I just got the heart of the spiritual awareness fruit." Lin Yi said as he took out the heart of the spiritual fruit he got from the altar. "Didn't you say that no one could get it? Then I'm a ghost?"

Chapter 5456 Controlling The Supreme Snake Scale

"Ahem ..." Ling Tianyou was completely shocked by Lin Yi. He stared at the heart of the fruit in Lin Yi's hand, as if he wanted to see what it was. In his impression, this thing was just a lure. Through the altar where the heart of the fruit was, one could enter this space.

Lin Yi put the heart of the fruit away because trouble was coming again. There was an "awoo" sound from the distance-it was obvious that a wave of monsters was coming.

Instantly, Ling Tianyou's serious expression returned. He held the silk ribbon in his hand and a handful of Flying Needles in his palm.

"There's no need to go through so much trouble. " Lin Yi said, shaking his head.

Just as Ling Tianyou was wondering what was going on, Lin Yi threw out a pill fire energy bomb. With a loud explosion, all the monsters that were flying towards him fell into the bottomless darkness.

This time, Lin Yi took a closer look. His bomb was very powerful, so he could blow up a group of monsters at once, but Lin Yi wanted to see if it was because of the explosion of one monster that triggered the other monsters.

However, the result disappointed Lin Yi. This time, he saw clearly that the monsters were killed by his Alchemy Energy bomb, not by mutual explosion.

This was really strange. Using the monster's own 'inner core' to bombard it could create a chain effect, but using the pill fire and true Qi bomb would only kill the extra monsters.

From the looks of it, this Ling Tianyou was even more complicated. Lin Yi looked at him with admiration, but Ling Tianyou admired Lin Yi even more, almost prostrating himself in front of him!

"Brother Lin, how did you do that?" Ling Tianyou's face was filled with shock. It was hard for him to imagine that Lin Yi could annihilate a group of monsters with a single move. This was so much easier than him!

At first, he was very proud of himself, thinking that he knew the ultimate move to kill a group of monsters. However, at this moment, he knew that the gap between him and the strong was insurmountable. Strength could crush everything. In the face of absolute strength, all wisdom was useless.

"What do you think?" Lin Yi didn't know how to explain the situation.

"Heh ..." Ling Tianyou already knew how strong Lin Yi was-he'd seen it in the competition after the test. "By the way, did you come here just to find me?"

"Not really. I was just looking for the exit, but I didn't find it. I found you." "Right, you said you were going somewhere," Lin Yi said, "is this the big monster?" Is it of any use to you?"

It wasn't surprising that Lin Yi would be confused. After all, he couldn't figure out how Ling Tianyou's fighting method helped him increase his strength. In Lin Yi's opinion, it was all based on skill, but it had nothing to do with surpassing his own limits.

It was like in a game, where you relied on your skills to continuously attack small monsters, but the experience points were actually not much.

"It's useless, but there's no other way. " Ling Tianyou sighed."With my strength, I can't kill these monsters at a fast speed. This is already the limit of my speed."

"Then what are you doing here?" Lin Yi asked, confused.

"Naturally, I'm looking for a legendary item." Ling Tianyou didn't hide anything. He brought Lin Yi here to repay his kindness, and the reason why he didn't let Lin Yi follow him was because this place was too dangerous. It wasn't that he didn't want to tell him,"But my movement speed is limited. I calculated that with my speed, after killing the last wave of monsters, I will not have much stamina left. I will rest for a while and return to my peak condition. Then, after killing another wave of monsters, I will have some stamina left. I will use this remaining stamina to speed up for a short distance and then recuperate. But this time, I can't return to my peak condition. After killing the monsters, I will not have any extra stamina. I need to rest and return to my peak condition!"

"What do you mean?" Lin Yi didn't understand at all,"You can still move? How are you going to move?"

"Eh? Brother Lin, don't you know?" Ling Tianyou was stunned as well as he looked at Lin Yi suspiciously,""Of course it's to control the Supreme serpent scale under my feet! However, this is very physically demanding, so I can only move a little bit. I'm starting to regret coming here, because I'll probably be dead tired by the time I reach my destination!"

"This ... The scales of the Supreme serpent can be moved?" Lin Yi looked down at his feet in shock-this was the first time he'd heard of something like this.

"Naturally!" Ling Tianyou nodded his head in a matter-of-fact manner.

"How do I move it?" Lin Yi asked quickly. If it could really be moved, then it would be enough for Xue Jianfeng and Chu Tianlu to come over.

"Use your divine sense!" "Brother Lin, you don't know?" Ling Tianyou asked.

"How would I know!" "This is my first time here, and it's my first time seeing the way you fight the monsters!" Lin Yi didn't know if he should be laughing or crying.

"No wonder. I just remembered that I was the one who brought you here!" Ling Tianyou nodded his head in realization and explained, "The Supreme serpent's scale under my feet is actually a floating duckweed that can be controlled by spiritual sense. It's similar to the legendary sword Kinesis flight, but it's not completely the same! It's just that my divine sense's perception is a bit too weak, so I can't go very far. "

"Show it to me." Lin Yi said suddenly.

"Alright!" Ling Tianyou closed his eyes without any hesitation and began to use his divine sense to control the Supreme snake scale under his feet.

Lin Yi looked at Ling Tianyou carefully and used his divine sense to feel the scale under his feet. It didn't seem like the scale was moving, but Lin Yi could feel it with his divine sense. It was really moving!

Although it was moving very slowly, it was really moving.

"Alright, you can stop." Lin Yi said after some thought.

"Hu ..." Ling Tianyou let out a long breath and wiped the sweat off his forehead. It was obvious that doing all this had exhausted him.

However, just as Ling Tianyou was about to sit down cross-legged to recuperate, he almost staggered and fell into the abyss. That was because the scales of the Supreme snake under him had moved, and they were moving forward at an extremely high speed.

The whooshing sound of the wind rang in his ears, blowing Ling Tianyou's hair all over the place. Even though he was a foundation building cultivator, he was still scared out of his wits. When he came back to his senses, he shouted in shock, ""Brother Lin, are you the one controlling it?"

Of course, Ling Tianyou was also very clear in his heart that there was no one else other than Lin Yi.

"Yeah." Lin Yi replied and stopped the scale-he realized that it was pretty easy to control. He only needed to learn it once and he was already familiar with it!

Chapter 5457 There's Someone Ahead

However, this was also thanks to Lin Yi's powerful spiritual sense-someone else wouldn't be this fast.

"Oh my God, if we continue at this speed, we'll probably reach our destination soon." Ling Tianyou instantly became very excited. ""Brother Lin, don't worry. The item is still yours. Just bring me out. I've had enough of this damned place. It's really boring to deal with these monsters all day long!"

"Where to?" Lin Yi nodded. Ling Tianyou was a good friend. He never had any greed, and Lin Yi was quite impressed.

In fact, Ling Tianyou was different from Bing Wuqing. Bing Wuqing was more intimidated, and she was his little brother.

And he was different from Chu Tianlu. Although Chu Tianlu was also saved by Lin Yi and wanted to repay the favor, he would still hold back and only reveal his trump card at the end. Ling Tianyou, on the other hand, wasn't like that.

"It's in the direction I was just heading. Just keep flying. " Ling Tianyou said. In truth, he had already found the right direction long ago, but he was just too slow.

"Alright," he said. Lin Yi thought for a while. Bing Wuqing was still able to hold on, so he didn't need to rush back. After all, even if he went back, he couldn't control two Supreme snake scales at the same time. That would consume too much of his divine sense and spiritual power, and it wasn't just double his divine sense.

It was like a person doing two things. It might take two hours to finish one and then another, but if he did two things at the same time, it might not take two hours. He might even make mistakes.

Of course, Lin Yi could also have these people stack up on top of each other, one on top of the other, but that would be a little troublesome. He didn't know if there were other dangers at the destination Ling Tianyou mentioned, either. If there were, it was already troublesome for Lin Yi to take care of Ling Tianyou alone, and bringing the other two along would only add to his trouble.

Then, to Ling Tianyou's surprise, the scale flew at a very high speed. The space was vast, and Lin Yi could sense if there were any obstacles ahead, so there was no danger.

However, the two of them flew for about half an hour before Lin Yi was surprised, "Tianyou, did you remember wrongly? Our speed is not low. In the words of the secular world, it's 200 to 300 kilometers per hour. We're almost in time for the high-speed rail! Why haven't they arrived yet?"

Even if this was a four-dimensional space, it wouldn't take long for Lin Yi to find Ling Tianyou from where he was before. Besides, it wasn't that slow to find someone.

"It should be about time?" Ling Tianyou also estimated the distance and frowned. He had never been here before, and he had only heard about it from others.

"Then let's see!" Lin Yi nodded and continued to fly at top speed.

Suddenly, Lin Yi stopped. The sudden brake almost made Ling Tianyou fall, but luckily he was a practitioner and was able to stabilize himself in time. "Brother Lin, what are you ..."

"There's someone in front. " Lin Yi said faintly.

"Someone's there?" Ling Tianyou was taken aback and blurted out, "how is that possible?" Even if there were people, they couldn't have flown so far!"

Moreover, Ling Tianyou was very sure that he was among the first batch of people to reach the snake's head in this trial on the snake Island. How could there be someone who had entered before him?

"You said before that this is not the first trial on the Supreme Snake Island, so it is very likely that the last trial was left here." Lin Yi didn't find it strange, "This person's strength is higher than yours!"

"Then ... How does he compare to you, brother Lin?" Ling Tianyou's heart skipped a beat as he hurriedly asked.

"Higher than me, too." Lin Yi said faintly.

"Ah!" When Ling Tianyou heard this, he was instantly shocked. His face was filled with disbelief, and he was speechless.

"I'm only at the foundation building stage, of course it's higher than mine. " "But your spirit sense isn't as strong as mine," Lin Yi smiled.

In the ancient martial world, it was all about spirit sense, and here, spirit sense was the main job of a practitioner. Lin Yi's strength skyrocketed after realizing this.

"Brother Lin, you scared me to death!" Ling Tianyou immediately heaved a sigh of relief. "I thought he was even higher than you. What kind of expert would he be?!"

In Ling Tianyou's eyes, Lin Yi was an undefeatable legend. He didn't know how strong Lin Yi was, but he knew that Lin Yi was definitely stronger than normal Foundation or even golden core stage cultivators.

"Who is it?" "What's wrong?" the man asked, sensing Lin Yi's approach with the scale.

"Senior, we're just passing by, and we have no ill intentions!" Ling Tianyou heard that this person was full of vigor. Although he didn't reveal his strength, he was clearly not a weakling. He immediately replied respectfully.

"Passing by?" The man obviously didn't believe him. His sharp eyes swept over. Although he couldn't see clearly, it didn't hinder his sharp aura. "You're here, and you can activate the Supreme serpent's scales. Are you just passing by? You're not here for the treasure?"

"This ..." Ling Tianyou did not expect the other party to be so straightforward. Although they were all here for the treasure, he was still a little uncomfortable with the fact that they had said it out loud!

"Little brat, I didn't expect you to still be hiding things. Since you've come here, there's no need to hide anything. But this old master is very curious, how did you, a mere Foundation establishment cultivator, come here? Do you have any secret techniques to activate the scales of the Supreme snake?" The man was weird, but he couldn't see or feel Lin Yi's presence-he wouldn't be so weird otherwise.

And when Ling Tianyou was nervous, he had subconsciously released his strength, so it was understandable that this person had seen through him.

"I ..." Ling Tianyou didn't know what to say anymore. He couldn't help but turn to look at Lin Yi, wanting to hear what he had to say.

However, Ling Tianyou's silence made that person think that he was afraid. He immediately laughed coldly and said, ""Brat, I don't care how you came here, but since you've encountered this old master, it won't be easy for you to escape. Tell me how you quickly activated the Supreme serpent's scale, or don't blame this old master for being impolite!"

"Ah?" Ling Tianyou was stunned when he heard this. He did not expect this person to be so overbearing, to be so impolite just because of a slight disagreement! And even if you did, you can't tell me, let alone the fact that you don't know how to activate it quickly!"

"It's naturally driven by divine sense. " Lin Yi spoke up all of a sudden, sighing. In the ancient martial world, the old and experienced people were all very realistic, and he didn't know if it was because of the atmosphere here or something, but it was different from Sky Class Island.

"Who's there?!" The man was shocked!

Chapter 5458 Invincible In Ancient Times

He had never expected that there would actually be someone else by Ling Tianyou's side, but he had not noticed it at all.

"Naturally, it's the person you're asking about." Lin Yi smiled faintly, "I'm sure you know how to use your spirit sense!" Old thing, tell me what you know about the treasure. Otherwise, don't blame me for being impolite!"

"..." The old man frowned. He said it before, and Lin Yi changed a few words and gave it back to him. He was angry. But he couldn't figure out Lin Yi's strength right now.

He couldn't sense Lin Yi's presence before, and now that Lin Yi had spoken, he still couldn't sense Lin Yi's strength. Just what was this person's strength? Did he have a special ability to hide, or was he as strong as him?

If it was the former, he felt that it was possible, but if it was the latter, it was not too realistic! He was an expert of the original level, and he was at the peak of the original level. He was almost invincible in the small Jianghu of the immemorial era, and no one could surpass him.

Plus, Lin Yi called himself a "youngster" before-this meant that this person wasn't that old. Even if his voice and looks were a little younger, there were plenty of practitioners who were over a hundred years old, and they'd call themselves "old man" instead of "youngster."

The most important thing was that Ling Tianyou's tone when he answered was filled with fear and trepidation. It wasn't hard to tell that they didn't have any experts on their side. If they had an expert as their backing, would Ling Tianyou have spoken in such a tone?

Thinking of this, the man's heart settled down and he said indifferently, "Brat, don't try to fool this old man! Do you think I grew up in this place because I was scared? I might as well tell you that over the years, this old master has also encountered some people who have been ahead of us and wanted to covet the treasure, but do you know what their results were?"

"I don't want to know," Lin Yi shrugged and said nonchalantly, "Since you've caught up to us, our strength is definitely not as good as yours. We're behind you, so we're definitely stronger than you!"

"Ahahaha!" "This is the funniest joke I've ever heard. Do you know how strong I am?" the man suddenly burst into laughter.

"Oh, I know," "Peak nascent soul, isn't it?" Lin Yi said casually.

"Isn't it just a peak nascent soul? Do you know that my strength is at the top of the ancient martial world? no one can surpass me! Do you know the name of this old man back then?" The man seemed to be amused by Lin Yi's nonchalant tone.

"I don't know. Tell me then." If Lin Yi didn't want to get more information about the treasure, he wouldn't even bother talking to this guy. Even if he didn't do anything to him, he'd just ignore him.

Of course, this was also because Ling Tianyou did not know anything. It was unknown which legend this guy had read about this treasure and came to search for it, but he did not know anything else that was useful.

"Back then, this old man was known as invincible in the ancient era!" That person actually said his own name.

"?" Lin Yi didn't think it was anything special, but he did think of Dongfang Bubai ... And Dongfang Busu.

"What? You're an invincible primordial senior? You actually came here?" Ling Tianyou's eyes were wide open as he shouted out in surprise and disbelief.

"It seems that you have heard of this old man, but the other one is far from it. He is so full of himself." Invincible ancient was very satisfied with Ling Tianyou's reaction. Even though he had not appeared in the small world of the immemorial era for over a hundred years, it seemed like there were still many people who knew of his name.

"That's right, senior. Come to think of it, I'm actually your disciple's disciple ..." Ling Tianyou was already so excited that his entire body was trembling.

Lin Yi didn't know what was going on-what kind of relative was this guy trying to get? This old thing was his Grandmaster? Ling Tianyou wasn't the kind of person who would call anyone who had milk his mother!

"Don't try to get close to this old man. This old man doesn't have a weak disciple like you!" Invincible primordial seemed to be very disdainful of Ling Tianyou's Foundation establishment stage strength."To come here to participate in the trial with such strength, should this old man say that you're a fearless youth, or a fool who doesn't know the consequences?"

"This ..." Ling Tianyou was at a loss for words, and his face turned red.

But at this time, the situation changed. A group of monsters flew over quickly, but this time, they attacked from two directions. One was attacking invincible Taigu, and the other was attacking Lin Yi.

"Swish ..." A throwing knife tied up with a red rope appeared in invincible primordial's hand. It annihilated a monster around him in the air, and in just a few seconds, the monster exploded!

With a few explosions, these monsters were blown into pieces and fell into the abyss. At first glance, this move was actually exactly the same as Ling Tianyou's thousand blades burst. However, upon closer inspection, there were some differences, and the power was also many times greater.

Ling Tianyou's Flying Needles could only focus on killing one of the monsters and not destroy the inner core of the true Airsac in their bodies. However, this invincible primordial could use these Flying Daggers to pierce through the inner core and cause a chain explosion.

On the other side, Ling Tianyou made his move at the same time. He used the same method as before. After killing a monster, he took out its inner core and detonated it.

"Eh?" Invincible primordial let out a cry of surprise and finally started to look Ling Tianyou in the eye. Although he couldn't see his face, he could still sense what had just happened.

After a long while, invincible primordial suddenly said, "Are you really from the thousand blades sect?"

"That's right, grand uncle-master! I'm Ling Tianyou from the thousand blades sect!" Ling Tianyou was extremely excited. Before this, he was still thinking about how to convince invincible primordial, but now, there was no need to say anything. Displaying his martial technique was stronger than anything else.

"You're here because you've read the sect's log, right?" The invincible ancient's voice wasn't as arrogant as before, and it was as strict as an elder's. "You peeked?"

"Senior uncle-master, I didn't peek. I'm a core disciple of the sect and the Big Brother. I have the right to check the logs of these sects." Ling Tianyou hurriedly explained with great respect.

"You're talking nonsense!" Invincible primordial's voice suddenly became eight times louder, and he said coldly, "You, a trifling Foundation Stage disciple, actually dare to call yourself eldest martial brother? When did a nobody like you become the senior brother of the thousand blades sect? If you don't tell me the truth, then don't blame me for being impolite!"

"Senior granduncle, please calm down. I'm really the eldest senior brother of the thousand blades sect!" Ling Tianyou hurriedly explained, "I know the thousand blade sect's ultimate technique, the thousand blades burst. This ultimate technique can only be mastered by core disciples!"

Chapter 5459 Leave Together?

"Bullshit!" Invincible primordial finally cursed, "You call this a thousand blades? You're shooting a Thousand Needles at once! This kind of child's play can be considered the thousand blades sect's ultimate technique?"

"Er ..." Ling Tianyou was suddenly at a loss for words. He didn't know what to say, and could only smile bitterly. Senior martial granduncle, this is indeed the sect's ultimate skill ... A thousand blades firing at the same time, your kind of martial skill that uses real throwing knives is already a legendary existence ..."

"Bullsh \* t! Our thousand blades sect is one of the four major sects. How could we have declined so much?" Invincible primordial was furious. "Don't talk nonsense. Tell me, did you secretly learn a move from our thousand blades sect? are you trying to slander our thousand blades sect?" I think you're the enemies of the thousand blades sect!"

"No, no, no... Grand uncle-master, please don't misunderstand. I'm really the eldest senior brother of the thousand blades sect. If you don't believe me ... Here's my waist token. Please take a look!" As he said this, Ling Tianyou did not hesitate. He took out a token from his waist and threw it over to invincible primordial.

Invincible primordial snorted and took the token. He looked at it carefully, but his expression changed to one of disbelief. After a while, he said, ""You're really the eldest senior brother of the thousand blades sect? How can you be so weak?"

"Martial granduncle, the thousand blades sect now ... Is no longer the thousand blades sect you used to know. After you left, those enemies from back then came knocking on our door and injured the ancestral master kun Dao and killed the second master long Jia. After that, the sect began to decline ..." Ling Tianyou sighed and said helplessly.

"What did you say about kun Dao being injured? My disciple, long Jia, was killed?" Invincible primordial's voice immediately changed, becoming trembling and angry. ""Who is it? Who did this?"

"It's an expert from the Qiankun sect. After you left, it was the Qiankun sect's immortal du Nan who dominated the Jianghu in the primitive times. He's a half-step to the peak of the late nascent soul realm expert. After he dealt a heavy blow to the thousand blades sect, the Qiankun sect seized the seat of one of the four major sects and replaced us!" Ling Tianyou said with a pained expression, "ever since then, our thousand blades sect has never recovered. Most of the disciples have left, leaving only US Core disciples. As for venerable du Nan, his strength has increased greatly in the decades that followed. He's already a half-step to complete nascent soul realm!"

"What? His strength has actually increased so quickly?" Undefeatable Taigu was surprised.

"That's right, grand uncle-master, the current Qiankun sect has already become the number one sect in the small Jianghu of primitive times. This is because Qiankun sect has produced another expert at the peak of the late Yuanying stage in recent years. His strength is only below that of the immortal Dunan!" Ling Tianyou said honestly.

"Al!" Invincible primordial let out a deep sigh, which was filled with unwillingness and regret. He never expected that the thousand blade sect, one of the four great sects, would become so down and out in just a hundred years.

He had not considered all of this. He had thought that with him around, no one would dare to cause trouble for the thousand blades sect. However, he had underestimated the ambitions of these sects.

Perhaps, after he left, his might would still be there for ten or twenty years, and no one would dare to come and find trouble with him. But what about thirty or fifty years? He was no longer here, so naturally, there would be people who coveted the positions of the four big sects.

The Qiankun sect was one of the best among them, and they had a grudge against the thousand blades sect. It was understandable that they wanted to replace the thousand blades sect.

"Grand uncle-master, don't worry too much. For the time being, our thousand blade sect doesn't have any trouble. Although the Qiankun sect is powerful, we're on the decline now. They don't have the intention to continue bickering with us." Ling Tianyou sighed. Actually, being completely ignored by his opponent was the most unbearable thing, but he had no other choice.

And Ling Tianyou's goal was to revive the thousand blades sect. He wanted the thousand blades sect to flourish in his generation and become a member of the ten small sects and families again. He wanted it to even become one of the four great sects and families.

"Let's go back, let's go back. " Invincible primordial finally made a decision. ""I will find the Qiankun sect."

"Senior granduncle, you're not going to look for the treasure?" Ling Tianyou was instantly shocked.

"Treasure ... It's just an illusory legend. It's hard to say whether it really exists or not." Invincible primordial shook his head. "I've been here for more than a hundred years. I haven't found a single clue."

Ling Tianyou couldn't help but fall silent after hearing this. That's right, the records about this place were also vague in the sect's log. Whether or not there was a treasure here was still an unknown. If there was, perhaps the invincible ancient would have found it long ago.

After such a long time, he still hadn't found anything. It was probably useless to stay here any longer.

"Alright, I'll listen to you, martial granduncle. How are we going to get out?" Ling Tianyou asked.

"I know the exit." Invincible ancient said.

"Good! Should we leave now?" Even though Ling Tianyou was a little shocked, he still obediently replied.

"Come with me." Invincible ancient nodded.

"Brother Lin, what should we do now?" It was only at this moment that Ling Tianyou suddenly remembered that Lin Yi was still by his side, and he quickly asked, a little embarrassed.

"You can go back. I'll take a look." Since he was already here, Lin Yi naturally didn't want to leave so easily. Besides, there were still Bing Wuqing and Chu Tianlu behind. He couldn't just leave them behind.

"Kid, you're not from the thousand blades sect?" Invincible Taigu wasn't stupid-he could tell from the conversation that Lin Yi wasn't from the thousand blades sect. After all, Ling Tianyou was the Big Brother, and all the disciples of the thousand blades sect would listen to him. There was no need to discuss this with Lin Yi.

"No, Tianyou. You can go back first." Lin Yi didn't try to hide anything.

"Kid, since you've heard so much, don't even think about leaving!" Unbeatable Taigu's attitude towards Ling Tianyou was pretty good, but it was a completely different story with Lin Yi. As far as he was concerned, Lin Yi was an outsider who had heard so much about the thousand blades sect's decline, so he couldn't just leave.

Lin Yi, on the other hand, was unmoved-a mere peak nascent soul wasn't enough to put him in his eyes. Of course, he wouldn't do anything out of Ling Tianyou's protection, but he didn't say anything.

"You can 't!" Ling Tianyou was instantly shocked, and he hurriedly said,""Grand-martial aunt, brother Lin has saved your disciple's life! If it wasn't for brother Lin during the trial, I would have been killed by Xue Jianfeng! It was brother Lin who helped us, so I came here to repay you by finding the treasure for you!"

"Hmph, I see!" Invincible primordial snorted coldly and stopped moving.

Chapter 5460 The Black Hole

It was obvious that invincible Taigu wasn't an unreasonable person. He still looked down on Lin Yi, but he only hmped coldly this time. "A small snow sword sect dares to go against you. It seems like the thousand blade sect has really declined! I really need to go back and take a look! As for this one, do as you please. Since my sect's disciples have spoken for you, this old man will not make things difficult for you. When you go out, don't talk about our sect's matters!"

"Grand uncle-master, this isn't a secret. Everyone in the ancient martial world knows about this ..." Ling Tianyou didn't know whether to laugh or cry as he explained to Lin Yi, ""Brother Lin won't say anything even if he hears about it. Besides, he won't say anything."

"Yeah." Invincible primordial replied noncommittally, then said to Ling Tianyou, ""Then, Ling Tianyou, come with me. Your friend, I can give you a hint before I leave. Follow my current position and head west. That should be the location of the treasure. However, I haven't found it, and I've gone around in circles. Let's go!"

After saying that, invincible primordial's hand trembled, and the red rope that had previously tied the flying Daggers suddenly shot out. However, there were no flying Daggers this time. Instead, it swept towards Ling Tianyou's position!

Ling Tianyou was stunned at first, and he subconsciously wanted to Dodge. Although he realized that invincible primordial did not have any ill intentions, he stood still. Then, his body became light, and he was lifted up by the red rope. In the next moment, he landed on invincible primordial's scale.

"Hu ..." Ling Tianyou knew that there was a huge gap between his martial arts and his martial granduncle 's. The true thousand blades attack was the one that was invincible in the ancient era, while his was just a simplified version. "Brother Lin, we'll meet again!"

"We'll meet again," Lin Yi said faintly with a nod.

Even Ling Tianyou didn't know how to get out, so Lin Yi probably didn't know either. However, Lin Yi didn't ask, and Ling Tianyou didn't mention it, so invincible Taigu naturally pretended not to know. In fact, he was quite disgusted with Lin Yi. He felt that this young man was very pretentious. Although he had some skills, he didn't show any respect to a peak nascent soul old monster like him. Invincible Taigu couldn't be bothered with him.

After Ling Tianyou steadied himself, the invincible primordial started operating the scale and flew towards the southwest. Naturally, Lin Yi wouldn't forget such an important thing. Didn't the invincible primordial know how to look for himself?

Lin Yi waited for a while before following them on the scale. With Lin Yi's divine sense, he was naturally much further away from invincible primordial, so he could sense them even from far away.

From invincible Taigu's perspective, Lin Yi didn't follow them. He was sure that Lin Yi would have to spend a lot of effort to find the exit. Even if he had the special ability to quickly control the snake scale, he was still a weak junior, and his strength was limited.

As for why invincible Taigu thought that Lin Yi was weak, it was because Ling Tianyou was weak. Birds of a feather flock together. If Lin Yi was really strong, would he still hang out with Ling Tianyou?

However, this was a one-sided thought. Lin Yi's principle in making friends was character-character was the most important, strength was secondary.

Lin Yi used his spirit sense to track them for about an hour, and he saw that invincible primordial and Ling Tianyou had come to a place that looked like a teleportation formation, and then disappeared ... Lin Yi then turned around and left in a hurry, speeding towards the treasure.

Without any interference, Lin Yi's speed was very fast. He didn't have to worry about the people traveling with him anymore because he had the Jade to warn him. He could avoid unknown dangers at any time.

Soon, Lin Yi returned to the place where he met invincible ancient. It was dark here, but with Lin Yi's spirit sense, he could still sense the location.

After finding the right direction, Lin Yi started moving slowly. He didn't use a fast speed this time because he needed to use his divine sense to sense his surroundings and find the exact location of the treasure!

Lin Yi pushed his spirit to its limits, not wanting to miss a single detail! Unbeatable Taigu said that he couldn't find anything after looking around a few times, so it seemed like Lin Yi's efforts were useless, but it wasn't.

Although invincible primordial was an expert of the great circle of the Yuanying stage, his perception was limited. He could control the Supreme snake's scales to move in front, back, left, and right directions to carry out a carpet search without missing anything, but he was far from up and down!

The Tai snake's scales couldn't move up and down, they could only move in parallel. Lin Yi's perception was strong, and he could sense up and down for a long distance. This was something the invincible Taigu couldn't do.

Lin Yi's focus was on the top and bottom areas as well-invincible Taigu had been looking for them for over a hundred years, after all, so the possibility of them being parallel to each other was low.

And so, Lin Yi slowly searched through his senses, slowly pushing forward ...

However, all that entered the range of his deified soul's perception was still endless darkness. There was nothing special about it. One hour, two hours, four hours, six hours ...

Just as Lin Yi thought that the treasure legend was fake, his face changed, and the scales under his feet stopped.

There was something at Lin Yi's Teno' clock direction!

Of course, he wouldn't be able to sense it with his invincible ancient senses-the range was a bit far, and Lin Yi could barely find it.

The Tai snake scale couldn't fly up and down, so Lin Yi had to give up on it and transformed into his Yuan body to fly down slowly. Perhaps only Lin Yi could do this, and no one else had such strong senses.

The scene that entered Lin Yi's eyes shocked him. This ... Wasn't a treasure trove, but a dark black hole! It was like a black hole in the universe. One couldn't see what was inside and it was filled with the unknown.

Or to be more precise, this was a teleportation array. Where it could teleport to, whether there would be any danger after being teleported in, and whether it could still teleport out, all of these were unknown!

Lin Yi couldn't help but hesitate. He didn't go in rashly. After all, things like this were full of the unknown and no one knew what would happen.

At the black hole, Lin Yi hesitated for a moment before trying to get closer. The Jade sent him a strong warning the moment he got close! There's danger here!

The Jade wouldn't lie, and the strong warning signal proved that there was a risk even Lin Yi wouldn't be able to handle.

"Phew ..." Lin Yi decided to leave after thinking for a while.
