

Bodyguard 5461

Chapter 5461 Flying Back

There might be treasure in there, but Lin Yi didn't want to take the risk. First of all, his real body wasn't here, and he wasn't that strong. Secondly, Bing Wuqing and Chu Tianlu were both waiting for him behind. If he went in, he might not be able to come out for a long time. What would happen to the two of them then?

With their strength, they would probably be trapped here to death. So even if Lin Yi wanted to go, he'd go on his own next time. This time wasn't an option. It would be best to bring the main body of the Sky Class Island, as it would be safer.

With that thought, Lin Yi flew back to the scale again, controlling it to fly back at full speed. It took less than two hours to get back to where he was.

At this moment, Bing Wuqing and Chu Tianlu were both fighting the monsters with great effort. They were shocked when they suddenly felt something flying toward them from behind! The two of them looked back at the same time, but they could not see anything in the dark.

"Brother Bing, could this be some big monster or Monster King?" Chu Tianlu asked in shock. The time he had spent fighting monsters during this period of time had already made him complain incessantly. His strength was low to begin with, and even if Bing Wuqing went all out, she wouldn't be able to take care of everything. He could only protect himself.

"No, it's boss!" Bing Wuqing's perception was stronger than Chu Tianlu's, and she had already identified the person when Chu Tianlu asked the question. It was Lin Yi, who had just returned!

"Ah? It's brother Lin!" Chu Tianlu's voice became unusually excited.

"That's right, it's me," Lin Yi had already reached the two's side as he spoke. He casually used a pure Qi pill fire bomb to blow up the monsters around him. He then said to the two, "Come on, there's limited space for you two, so one of you can carry the other!"

"Uh ... Eh?" The two were shocked-Lin Yi didn't fly back on his own this time, but stepped on the scale. Did that mean that he'd mastered the control of the scale?

"Alright," he said. Bing Wuqing didn't say anything else and jumped onto Lin Yi's snake scale. "I'll carry him."

"Brother Lin, can't we control the scales of the Supreme snake?" "Oh?" Chu Tianlu asked curiously, "in this case ... We don't have to hug anymore ..."

He always felt that it was strange for two grown men to hug each other. Of course, he didn't mean to steal anything.

"Boss said no, so of course we can't." Bing Wuqing said coldly. If it wasn't for the fact that Lin Yi still valued Chu Tianlu, he would have left him to his own devices.

"This ..." Chu Tianlu felt a little awkward.

"Controlling this requires consciousness and spiritual power. You can try, but your consciousness is limited." Lin Yi explained.

"I see, I know." Embarrassed, Chu Tianlu jumped over and landed directly on Bing Wuqing's body with an awkward expression on his face.

However, Bing Wuqing's face was still expressionless, as if she wasn't hugging a person but an object. She only said to Lin Yi, ""Boss, can we get out of here? What is this place?"

"I'm not too sure about the specifics, but I ran into Ling Tianyou. He was the one who told me how to control the mech, and he left first. I'm coming back to get you guys." Lin Yi didn't mention the invincible ancient or the treasure, since there was no need to.

"Many Thanks, boss!" Bing Wuqing was very touched. Lin Yi could have left, but he still came back to pick her up. She wouldn't be at a disadvantage following a boss like this.

Although Chu Tianlu was also touched, he didn't dare to say anything. If he said something wrong, he would be mocked by Bing Wuqing again. If he was unhappy and threw himself down, he would be done for.

Lin Yi nodded and started to control the scales. Although there were two more people, it didn't make much of a difference to Lin Yi. He was just a little slower. Of course, Lin Yi was worried that he would be too fast and dodged them, especially Chu Tianlu, who was half-suspended in the air.

Because their speed had dropped, they encountered the two idiots, Bai jingze and Chu tianliang, on the way. The two of them were sweating profusely as they fought the monsters, clearly exhausted.

The two of them were barely able to hold on with their skills, but now that they were at their wits 'end, they were shocked to see Lin Yi flying over from afar!

"You ... How can you fly with people?" Bai jingze exclaimed.

"Oh, I was lying to you before." Lin Yi said with a smile.

"You!" Countless "F * ck you" words flashed through Bai jingze's mind, but he didn't dare to curse at Lin Yi."Lin Yi, take us with you. We'll repay you when we get out, right, tianliang?"

He'd learned his lesson this time-he'd bring tianliang with him if Lin Yi didn't agree, and he wouldn't be as passive as he was before.

"Not bad!" Chu tianliang couldn't hold on any longer. He didn't beg Lin Yi before because he felt that there was no way the two could reconcile, but now that Chu Tianlu was here, he softened,"Tianlu, we're all members of the Chu family. You won't leave me here, right?"

"I ..." Chu Tianlu's heart was good, but he couldn't make the decision right now. He couldn't help but look at Lin Yi.

"Did you ask the wrong person?" Lin Yi said faintly.

"I ... Oh right, Tian Lu, you just need to tell me how to control this Supreme snake scale!" Tianliang knew that Lin Yi wouldn't be able to help him anymore, so he had to settle for the next best thing.

"Oh, do you think he would need to be carried if he could control it?" Lin Yi looked at Chu tianliang mockingly.

"This ..." Chu tianliang was speechless.

"Baibai, we'll meet again," Lin Yi waved his hand and controlled the scale to leave.

"F * ck! I'll teach you a lesson sooner or later!" Chu tianliang spat in anger.

"Tianliang, what do you mean by Baibai?" "Is he calling me?" Bai jingze asked with a strange expression.

"Who knows? it's probably the nickname I gave you!" Chu tianliang shook his head. "No, if they can do it, so can we. I have to study how to control this thing!"

Without a doubt, Chu tianliang's intelligence was not low. He was a person who was good at discovery and research. He immediately started to study the Tai snake's scale ...

Chu Tianlu looked at Chu tianliang, who was left behind, and could not help but sigh. Although he did not want this to happen, it was the best outcome. Would Chu tianliang stop going against him after he returned? It was obviously impossible.

However, if they were to stay here, in the future ... There would be no future.

"Sometimes, you can't be too soft-hearted. This kind of person who has harmed you time and time again will still find ways to harm you when they go back." Lin Yi didn't even look at Tianlu, but he seemed to know what he was thinking.

Chapter 5462 The Background Of The Tyrant's Blade School

"Brother Lin, I know!" "Yes." Chu Tianlu nodded. "I'll be more careful in the future."

Lin Yi didn't say anything else-it was hard to change a person's personality. Chu Tianlu had said so, but it was hard to say if he'd go back on his words.

They arrived at the teleportation formation invincible ancient used and walked through it. A white light flashed before their eyes, and it was the same as the teleportation formation they'd been through before.

In the next moment, the three of them appeared in a patch of grass. Chu Tianlu immediately cheered. This was obviously the Supreme Snake Island from before. It felt great to see the light of day again after coming out of the void of the fourth dimension.

"It really feels like a lifetime has passed!" Bing Wuqing, who had always been a woman of few words, couldn't help but sigh at this moment.

The first thing Lin Yi did after coming out wasn't to sigh, but to search around to see if Ling Tianyou was still around. Unfortunately, he couldn't find him anywhere within the range of his spirit sense.

It was likely that Ling Tianyou had already gone back with invincible ancient to seek revenge from the Qiankun sect. How could an expert at the great circle of the nascent Soul Stage tolerate such a hatred that was close to the destruction of the sect? He was an existence that stood at the top of the small ancient underworld.

"Let's go back. " Lin Yi didn't want to stay here anymore. He wanted to find out what was in the black hole, but he wasn't strong enough. He had to leave first.

"Alright!" Bing Wuqing and Chu Tianlu followed Lin Yi, one on the left and one on the right. The three of them walked towards the teleportation formation. As for how to get there, Chu Tianlu would lead the way, so Lin Yi didn't need to look for it.

"Oh? Isn't he a nouveau riche?" A voice came from not far away and fell into the ears of the three people.

Lin Yi turned his head indifferently and saw Wei Yidao. This person had been mocking Ling Tianyou when they entered the arena, and now he suddenly jumped out again. However, what puzzled Lin Yi was that, since he knew that Bing Wuqing was a nascent soul old monster, who gave him the courage to act tough here?

The word "nouveau riche" was probably learned from the disciples who had gone to the secular world to gain experience. They learned and sold it on the spot. From this point, it could be seen that this person was not a good person. He had learned this kind of word specifically.

"Is there something?" Bing Wuqing asked indifferently, which made Lin Yi even more confused. Logically speaking, Bing Wuqing was the type of person who would strike at the slightest disagreement. There must be something fishy about her being able to hold her temper and ask questions at this moment.

"I'm fine. Why don't I see Ling Tianyou? He wouldn't have died here, right?" Although Wei Yidao was acting cool, he didn't really dare to go against Bing Wuqing, so he only targeted Ling Tianyou.

"Are you okay?" Bing Wuqing furrowed her brows, and a cold aura emanated from her body.

"Hey, why are you so excited?" Wei Yidao shrugged his shoulders and said, "you still dare to hit me? what?" This is boring, I'm leaving!"

As he said that, he turned around and quickly left with elder Lin Zhen.

"You seem to be afraid of this guy?" Lin Yi asked after Wei Yidao left.

"I'm not afraid, but I'm afraid. " Bing Wuqing didn't try to hide anything, and shook her head as she spoke.

"That's right, it's not just brother Bing, I'm also afraid of him!" "That's right." Chu Tianlu nodded. "Don't be fooled by the tyrant's blade school's strength. They can't even be considered one of the ten small sects. They have an awesome backer!"

"A backer?" Lin Yi raised a brow.

"The tyrant's blade school is backed by the Qiankun school, one of the four great sects!" Chu Tianlu said, "it's also because of this that although the tyrant's blade school is overbearing, no one dares to offend them to the death. They usually give in to them. Who asked them to be so awesome?" The daughter of the tyrant's blade school's sect master has married the Qiankun school's Daoist master du Nan as his concubine!"

"So that's what happened." Lin Yi could more or less understand why the thousand blades sect and the tyrannical blade sect were enemies now-it was probably the Qiankun sect that started this. It was disgraceful for the giant Qiankun sect to deal with a small thousand blades sect, but he didn't have to worry about it if the tyrannical blade sect did it for him.

It seemed that Bing Wuqing knew how to endure, and this made Lin Yi look at her in a higher light. Sometimes, taking a step back didn't mean that he was weak, but that he had to consider the big picture.

"The Qiankun sect is the hidden leader of the small Jianghu in the ancient times." Chu Tianlu continued to explain. "It can be said that those who submit to me will prosper and those who resist will perish. That's why we rarely touch anything or anyone related to them."

Lin Yi nodded. It was the same everywhere. Take Beidao for example, the rising Sky Pavilion was a place like that too, before Lin Yi appeared.

Of course, the invincible Taigu wasn't Lin Yi, so he didn't think too highly of him. The Qiankun sect had two peak nascent soul practitioners, and he was alone. The chances of him winning were slim.

But these grudges weren't something Lin Yi could worry about-he wouldn't just give up just because he said he wasn't a match for the undefeatable Supreme ancient. After all, the Qiankun sect and the thousand blades sect were mortal enemies. There was no possibility of reconciliation between the two.

They returned to the teleportation formation without any danger. With Lin Yi at the back and Bing Wuqing in the lead, the three of them filed out of the teleportation formation and saw Marquis Yu standing not far away. He nodded at Lin Yi and the other two indifferently.

"Butler Yu!" As a junior, Chu Tianlu naturally greeted Marquis Yu. However, Bing Wuqing, who was a nascent Soul Stage expert, didn't need to do so, and Lin Yi didn't need to do so either.

"How's the harvest?" Seeing that Chu Tianlu was still rather polite, Marquis Yu gave him a perfunctory reply.

"Not bad." "Yes," Chu Tianlu replied respectfully.

"Oh?" Actually, Marquis Yu did not expect Chu Tianlu to have any gains. He was just being polite. Who would have thought that Chu Tianlu would say that it was not bad? He raised his eyelids slightly and asked in confusion, ""Tell me about it."

"Yes!" Chu Tianlu didn't dare to hide anything. He said carefully, ""Our luck is pretty good, we got a spirit sense fruit. Of course, this is only secondary, we found the heart of the spirit sense fruit ..."

Lin Yi shook his head silently. This Chu Tianlu was really stupid. If Lin Yi didn't know that this guy was a good person with a lot of compassion and didn't have any intention to harm or guard against people, he would even think that he did it on purpose!

It was best not to talk about such things. An ordinary man was innocent and would be guilty if he had a treasure. It was better to keep a low profile to avoid unnecessary trouble!

However, if it were someone else, Chu Tianlu might not have told the truth. However, in the face of this manager of the snake Island, he subconsciously told the truth without hiding anything. After all, the things he had taken were from the trial ground.

Chapter 5463 Blocking And Snatching

From his point of view, since the rain Marquis had called for this trial on the Supreme Snake Island, he must have allowed everyone to take whatever they wanted. Otherwise, wouldn't his reputation be gone? In the future, who would come to participate in his trial again?

Moreover, there were no outsiders around, so Chu Tianlu would tell the truth without hiding anything.

"What? The heart of the spirit sense fruit?" When Marquis Yu heard the words "spiritual fruit," his eyelids only twitched a little, but when he heard the words "heart of spiritual fruit," his expression immediately turned into one of shock. He raised his head and asked anxiously with a dazed look.

"Yeah ... It's ..." Chu Tianlu wanted to continue but Lin Yi interrupted him.

"Alright, I still have important matters to attend to, so I won't disturb steward Yu any further." Lin Yi said faintly as he pulled Chu Tianlu back.

"Ah!" Chu Tianlu finally realized that he had said too much. He was the witness to both the fruit and the heart of the fruit, but they still belonged to Lin Yi. What was he supposed to do?

Previously, Chu Tianlu had only said so much out of respect for Marquis Yu. But now, he had also sobered up and hurriedly said apologetically, ""I'm sorry, Butler Yu, we'll be leaving now ..."

"Wait!" However, Marquis Yu's expression suddenly changed. His expression became dark and terrifying. His eyes were like those of an Eagle's as he glared at Chu Tianlu and said, ""Speak clearly, what heart of the spiritual fruit?"

"I ..." Chu Tianlu shuddered. He never thought that Marquis Yu would suddenly become so irascible. At that moment, he didn't dare to say anything more. He only mumbled, ""I'm just joking ..."

Lin Yi sighed to himself-no wonder Chu Tianlu was almost killed by Chu tianliang, and was played like a fool by his two brothers. He didn't have a high EQ.

When Marquis Yu asked the question, Chu Tianlu only needed to casually make up the appearance of the heart of the spiritual fruit to muddle through. For example, the fake spiritual fruit that could move. These could all be casually mentioned. However, Chu Tianlu chose the most untechnical lie, which was not to be believed by anyone.

As expected, Marquis Yu blocked Chu Tianlu's path coldly and said, ""Tell me, what does the heart of the spirit sense fruit look like? where did you get it?"

"I ... I ..." Chu Tianlu stammered, not knowing what to say. He lowered his head apologetically, his heart filled with guilt towards Lin Yi. He shouldn't have trusted this Marquis Yu.

"I'm puzzled. What he got on the island is his own good fortune. What does it have to do with you?" At this moment, Bing Wuqing couldn't help but speak up. She had been tolerant of Wei Yidao because of his background, but it didn't mean that he was so patient with everyone.

For example, this rain Marquis in front of her made Bing Wuqing feel very displeased. He had opened his door to do business, and he had publicized the trial of the snake Island. The other party had paid the spirit Jade to obtain the quota, but he had asked him what he had obtained without giving up.

"This is none of your business. Don't interfere." Marquis Yu ignored Bing Wuqing and replied coldly. He didn't even look at him.

"What did you just say?" Bing Wuqing's aura suddenly changed, and her strength at the peak of the early stage of the nascent soul realm was fully revealed.

"Don't look for trouble. " However, Marquis Yu didn't seem to feel the aura that Bing Wuqing was exuding. He still had that indifferent expression on his face, as if this had nothing to do with him.

"You're looking for death!" Bing Wuqing was instantly enraged. She put her hands together and activated her mental cultivation method. The merciless ICE FORCE was about to be released.

"Hmph!" Marquis Yu moved this time. He raised his right hand slightly and his aura changed. He revealed his true strength. He was actually an expert of the great circle of the original level!

"Ah ..." Chu Tianlu's legs went soft from the aura of these two people, especially the Marquis rain in front of him. He was actually a top-notch existence in the small Jianghu of the immemorial era. Why ... Didn't he know about this before?

After all, Bing Wuqing was one of Lin Yi's followers. Although his opponent was strong, he wasn't afraid at all and continued to face him coldly. Although he was nervous, he couldn't lose face for Lin Yi. He firmly believed that this man couldn't even withstand a single blow from Lin Yi!

Lin Yi squinted his eyes. He already knew that there was something wrong with this Marquis Yu, but he didn't expect him to be a peak nascent soul realm master! Lin Yi realized that his ability to see through other people's strength wasn't very useful in his spirit state.

Perhaps, it was still limited by the strength in the physical state. The Golden finger relied on the strength of the Foundation Stage and could not see through Masters who were much higher than him. But this was not important, it was just a complete Yuanying stage, that was all.

Lin Yi's divine sense suddenly spread out, directly taking over the pressure on Bing Wuqing. He looked at Marquis Yu and said, ""We don't want to cause trouble, but don't force us. You're open to doing business. What does it have to do with you what we get?"

Seeing that Lin Yi was able to withstand the pressure of his peak nascent soul realm and share Bing Wuqing's burden, it made Marquis Yu extremely shocked! He didn't put Lin Yi in his eyes at all before. In his eyes, Lin Yi was on the same level as Ling Tianyou and Chu Tianlu.

As such, he was most afraid of Bing Wuqing among the three of them. He had never expected that there would be a hidden expert here.

He didn't know Lin Yi's strength, but he could tell that Lin Yi was at least an original infant! However, it shouldn't be too strong. After all, he only took a part of the pressure for Bing Wuqing and didn't counter it. This meant that even if Lin Yi and Bing Wuqing combined their strength, they wouldn't be able to fight him.

But even so, he didn't want to go head to head with Lin Yi and Bing Wuqing. Although he was one of the top existences in the ancient martial world, he was still under a lot of pressure to fight against two early nascent soul experts at the same time. It might even end up with both of them getting injured.

Thus, if one could resolve it with words, they should use words. Negotiation was the way to go.

"I can do other things but not the heart of the spirit sense fruit." Marquis Yu spoke.

"Why?" Lin Yi smiled, "I'm really curious, what rule says that I can't take the heart of the fruit?" Or did you change it at the last minute?"

"No, the heart of the spiritual awareness fruit is the source of the spiritual awareness fruit on the high Snake Island. If you take the heart of the spiritual awareness fruit, there will be no more spiritual

awareness fruits here, and no one will come to participate in the trial!" Marquis Yu explained the reason in a serious manner.

Lin Yi understood now-so that was what happened. But understanding it was one thing-he pitied this rain Lord, as he would have no more business on the snake Island in the future, but he didn't plan on giving up.

In the world of cultivation, unnecessary sympathy was equivalent to harming oneself. Lin Yi needed the heart of the fruit as well-the tumor in his body hadn't been cured yet!

Chapter 5464 Instantly Kneeling

What would Lin Yi Do to himself if he returned the fruit?

"I'm sorry, but even if that's the case, I can't give you back the heart of the spirit sense fruit. " Lin Yi opened his mouth, but he didn't sound too forceful,"Your rules didn't say that we can't take the soul consciousness fruit's heart, and we also spent a lot of money to come in, don't you think your request is a bit too much?"

"I didn't expect anyone to be able to get it." Marquis Yu spoke the truth,"that's almost impossible. I don't know what method you used, but I definitely won't let you take it away. Otherwise, it would be my dereliction of duty, and the island Lord will not let me off. So, everyone, I'm sorry! I'll pay you back the cost this time, but please return the heart of the spirit sense fruit!"

"I'm sorry, that's impossible," Lin Yi didn't need spiritual jades at all. Returning them or not, what was more important than the heart of the spiritual fruit? Besides, Lin Yi almost went into the fourth dimension for the heart of the fruit. It was too risky to return it.

"Don't force me," It was clear that Marquis Yu was really angry, Lin Yi's attitude pissed him off, "Do you know who you're talking to? Do you really intend to become enemies with our Snake Island?"

"I really don't have the habit of making enemies everywhere, but if you really want to make enemies with me, then I can only accept it." Lin Yi shook his head helplessly. "Tell me, what do we do?"

"Very good!" Marquis Yu's aura suddenly skyrocketed, and Bing Wuqing's expression tightened as she prepared herself for battle.

Chu Tianlu, on the other hand, was so scared that his face had long turned pale. He sat at the side, trembling all over. He had even forgotten to use his true energy to defend himself. Of course, he couldn't defend himself even if he wanted to. The difference in strength between him and the people fighting was too great.

"Oh, it's very good." "You're going to fight?" Lin Yi nodded.

"What do you think?" Marquis Yu's face was twisted. He moved his hands, and his sleeves suddenly flung open. Like two venomous snakes, they flew toward Lin Yi and Bing Wuqing!

Lin Yi didn't know if he should call him arrogant or confident. One against two? Shaking his head helplessly, Lin Yi moved as well.

In the next moment, the Furious rain Marquis fell to the ground with a thud. Without any warning, he was like a corpse that had lost its soul.

Bing Wuqing's breath caught in her throat. Although she'd already seen Lin Yi's power, his current opponent was a peak nascent soul realm! He was still completely shocked!

The battle was over just like that? Even Bing Wuqing felt that it was a little ridiculous. Her boss was so ruthless that she didn't even know how to describe it.

Chu Tianlu was dumbfounded as he watched from the side. What was going on? How come the battle hadn't even started and that expert at the peak of the advanced stage of the original level had already knelt down? Isn't this too strange?

He rubbed his eyes, trying to see if he was dreaming. But unfortunately, Marquis Yu was still lying on the ground without any movement.

Bing Wuqing laughed coldly and scolded, "you dare to argue with boss with that little bit of skill of yours?! You're too arrogant, aren't you?!" Are you hurt?"

"..." Lin Yi was a little speechless, but he didn't have the time to care about Bing Wuqing's antics. He had more important things to do, and he didn't want to hurt Marquis Yu. After all, there was no point in making enemies with the snake Island.

The other party's words were also reasonable. If it were anyone else, they would have risked their lives for the heart of the spiritual awareness fruit, standing on two different sides, it was impossible to say who was right and who was wrong.

"How is it? It feels good, right?" Lin Yi asked as he looked at Marquis Yu's soul, who was lost in the dark space.

Just as Marquis Yu was about to attack Lin Yi and Bing Wuqing, he suddenly felt as if his essence spirit was forcefully pulled away by something, and he was instantly transported into a dark space.

The area of this dark space was limited, and it was sealed up from all directions. No matter what he did, he couldn't get out. In an instant, despair filled his entire body.

In fact, if it was the Lin Yi before he entered the snake Island, it would be difficult for him to pull out Marquis Yu's soul so easily.

Secondly, Marquis Yu wasn't completely defenseless. He had already made preparations for battle. Under such circumstances, it would be even more difficult for him to succeed.

But Lin Yi did it easily and happily, all thanks to the fusion with the sky-devouring crocodile's spirit. That guy was a peak nascent soul, and after fusing with Lin Yi, Lin Yi's Spirit's strength skyrocketed.

Although there were some flaws in it, as long as it did not devour Marquis Yu's primordial spirit, it should not be a problem to just grab it into the jade pendant.

"You ... How did you do that? Where was this place? What magic treasure do you have?" Marquis Yu was on the verge of breaking down when he heard Lin Yi's voice.

"No, it's a new martial technique. You just haven't heard of it." Lin Yi's voice was cold, "if you stay here for too long, your body will die, and you'll slowly dissipate due to the lack of consciousness!" To put it simply, you'll be trapped to death by me sooner or later. "

"You ... I ..." Marquis Yu wanted to ask Lin Yi to let him go, but he couldn't. Why would Lin Yi let him go? With this kind of ability, wouldn't he be able to do whatever he wanted to him? He didn't need to say anything about revenge, because he couldn't get out.

"I can let you out, but don't cause any trouble again. Otherwise, I won't be so easy to talk to next time." Lin Yi said as if he knew what Marquis Yu was thinking.

"I ... Okay!" Marquis Yu gritted his teeth. Although he didn't want to give up on the heart of the spiritual fruit, he had to give in in order to survive. After all, in front of a true top-tier expert, he had no way of bargaining.

"I hope you don't seek your own death after you come out." With that, Lin Yi put the spirit back.

Marquis Yu's body suddenly moved, giving Bing Wuqing a fright. She quickly prepared herself for battle, but Lin Yi stopped her with a wave of his hand, ""It's okay. Don't worry about him. He won't dare to pretend anymore."

Marquis Yu was a bit speechless after hearing Lin Yi's words-he thought,"when did I pretend? I thought I had you guys for sure, but who knew you were this strong!"

"Phew ..." Marquis Yu rested on the ground for half a day before he steadied his Yuan Shen. He stood up carefully and looked at Lin Yi with a wary and respectful gaze, ""This ... Senior ..."

"If there's nothing else, we'll be leaving." Lin Yi didn't want to waste his breath.

"Wait a moment!" Marquis Yu immediately became anxious and hurriedly shouted.

"What's wrong? And you want to spar with us?" Lin Yi frowned, a little annoyed. Why were you so nosy now that I let you out?

Chapter 5465 Another Primordial Spirit

"No, no, no, senior ... The heart of the spiritual fruit is really very important to us. You see ..." Marquis Yu said carefully.

Lin Yi laughed at the words, "You still want to take back the heart of the spirit sense fruit? Are you really not afraid of death?"

"No, senior, you've misunderstood. What I mean is, can we exchange? "I'm very sincere. I can bring you to see the island Lord ..." Marquis Yu quickly said.

"You want to bring me to the island master so that he can deal with me?" Lin Yi narrowed his eyes, "are you sure your Island master is my match?" You won't be killed by me?"

"Senior, you've misunderstood. I don't mean it that way. I just want to use something to exchange for it." Marquis Yu explained with a bitter smile.

"Alright, in that case, let your Island master come over. Why should I go see him? My time is limited, and so is my patience. You should contact him quickly. " Lin Yi waved his hand. In fact, Lin Yi also wanted to see who this mysterious island master of the snake Island was. His modified Soul Catcher hand still had few rivals.

"Our Island master ... Sigh, how should I put this?" Marquis Yu's expression became a little awkward. "He's a bit special and can't come here, so please forgive him, senior, and ask if he can ..."

Lin Yi laughed, "he wants to see me and he's making me go?" What if it was a treacherous plot? What are you thinking?"

"Senior, I can guarantee that we are absolutely sincere. I have just communicated with the island master and he is very happy to see you. You can have an equal negotiation and see if we can use other good things to exchange for the heart of the spiritual fruit in your hands. If not, then we will not force you!"

"Oh?" Lin Yi looked at Marquis Yu in surprise. When did he communicate with the island master? Could it be that he had the spiritual awareness mark of the island master on him? The two of them could communicate through divine sense? It should be like this.

This made Lin Yi even more interested in this mysterious island master. This was a good technique, even better than Lin Yi's Energy Voice transmission. Lin Yi wanted to learn it. However, he still pretended to be very unhappy on the surface. "Oh, really? What's the strength of your Island master?"

"This ... With all due respect, I'm not too sure myself. I only know that the island master's strength is much higher than mine." Marquis Yu said with a bitter smile.

At this time, some disciples from other sects came out of the teleportation array. When they saw Marquis Yu and Lin Yi talking to each other, they didn't disturb them. After all, they knew Bing Wuqing's strength.

Lin Yi didn't say anything else after seeing the crowd. He nodded, "Alright, you lead the way! Wu Qing, you and Tian Lu go back first!"

With that, Lin Yi used his Qi to communicate with the two, deciding on a meeting place so that Marquis Yu wouldn't hear him. It didn't matter if Lin Yi went to see the island owner-no matter what strength he had, Lin Yi was confident that he could escape.

However, Bing Wuqing and Chu Tianlu couldn't. It was better for them to leave first. They didn't want Lin Yi to be unable to take care of them.

"Alright!" Bing Wuqing didn't say much, nor did she ask anything. She pulled Chu Tianlu and left. Lackeys like this were pretty easy to deal with, and Lin Yi thought it was a pretty good personality.

"Lead the way," Lin Yi only spoke to Marquis Yu after Bing Wuqing and Chu Tianlu had left.

"Alright, this way please, senior!" Marquis Yu made an inviting gesture. He didn't stop Bing Wuqing and Chu Tianlu from leaving, and it was obvious that he didn't want to make things difficult for them.

At this moment, Marquis Yu was sure that Lin Yi was the backbone of the three, and the heart of the fruit must be with Lin Yi.

Lin Yi followed Yu Hou and walked forward on the small path of the snake Island at a moderate pace. In the blink of an eye, they came to an area with no one around. It was obvious that there was a teleportation formation here, similar to the one in the test.

"This is the place." Marquis Yu pointed at the teleportation formation and said, "We will be able to see the master of the Supreme Snake Island after passing through this transportation formation."

Lin Yi shrugged his shoulders. He wasn't afraid of Marquis Yu's tricks, because Lin Yi could kill him at any time and return to Tianjie Island in his essence spirit form.

Marquis Yu took out some spiritual jades from his bag and placed them into a small sacrificial altar-like device next to the teleportation array. Then, a white light flashed, indicating that the teleportation array had been activated.

"Please, senior!" Marquis Yu said.

Lin Yi nodded and walked in first. Such courage and courage made Marquis Yu admire him. He followed closely behind and entered the teleportation formation.

What entered Lin Yi's eyes was a narrow path with dim light. It seemed to be the underground cave of the snake Island. Lin Yi saw that Marquis Yu had arrived and said, "How?"

"I'll lead the way, senior!" Yu Hou walked in front and started to lead the way. The path was narrow and had many forks. Yu Hou was familiar with walking in front, but Lin Yi could easily remember the path after walking it once. It wouldn't be a problem for him to come out himself.

On both sides of the path, there was a faint light. He didn't know what the light was, but although it was dim, he could see the road under his feet clearly.

The two of them walked forward and finally came to a door.

Marquis Yu walked up and made a few hand gestures in front of the door. From Lin Yi's point of view, each of his hand gestures contained pure Qi, and the strength of each hand gesture was different. It should be some kind of password to open the door. Lin Yi memorized them one by one since he was an expert in imitating.

"Please enter!" Marquis Yu said to Lin Yi after entering the password. The door was still closed.

Lin Yi raised a brow, and the door slowly opened the next moment. A blinding light came from inside! The visibility here was obviously much better than outside!

Of course, Marquis Yu was already used to it. He waited for Lin Yi to walk in before following behind.

This was a large hall, and the light came from the stones that could emit light around the hall. In other words, this place was still not connected to the outside world, and should still be underground.

The hall was very spacious. There was nothing else other than the glowing stones on the stone pillars.

In the middle of the hall, there was an especially large platform, and on the platform ... Was a primordial spirit!

Lin Yi was surprised-he didn't expect to see an essence spirit here! Could it be that the master of the Supreme Snake Island that Marquis Yu mentioned before was this primordial spirit in front of him?

The spirit was in the form of a white mist, and Lin Yi couldn't tell what it was from its shape. He stopped walking and looked at Marquis Yu suspiciously, waiting for his explanation.

Chapter 5466 Why Aren't You Kneeling Down And Thanking Me?

Marquis Yu didn't care about Lin Yi's suspicious look. Instead, he bowed and quickly walked forward, bowing respectfully to the soul on the stage, ""Island Lord, I've brought him here!"

Lin Yi was surprised at this scene. He thought that the master of Marquis Yu would be a human cultivator who was stronger than him, but who knew that it was an essence spirit!

However, the primordial spirit on the high platform was definitely not simple to make Marquis Yu, a peak expert of the great circle of the nascent soul realm, so respectful!

As soon as Marquis Yu finished speaking, the primordial spirit spoke, ""Hello, human boy. After so many years, you are one of the few humans I have seen! How is it, aren't you excited and proud?"

Lin Yi was speechless-why was this spirit so narcissistic? Did he not understand the situation? he was the one who begged her to come and see him. How did it become her being happy and honored to see him?

"You took the heart of the spirit sense fruit?" The spirit on the stage didn't wait for Lin Yi to speak and continued to ask.

"That's right," Lin Yi frowned, "I heard from this Yu guy that you want to make a deal with me?"

"Hand over the heart of the spiritual fruit and I'll let you live." The spirit on the stage didn't even bother with Lin Yi's question, ordering arrogantly with a look of disdain.

It was as if Lin Yi was an insignificant ant in his eyes, and it was already a great gift for him to even speak to Lin Yi.

"Oh? Is this your so-called deal?" Lin Yi squinted his eyes and smiled instead of getting angry as he looked at Marquis Yu.

Marquis Yu's body trembled slightly. He had a deep understanding of how terrifying Lin Yi was. Although the master on the stage was a powerful existence in his eyes, he didn't have much confidence in facing the strange Lin Yi, "Island Lord, just now ..."

"Shut up, you useless thing!" Just as Marquis Yu opened his mouth to speak, he was interrupted by the yuan Spirit's cold voice, ""Don't you think it's embarrassing to be called a junior by a weak human?"

Marquis Yu shrunk his head back. A peak nascent soul realm master was silent as he looked at Lin Yi awkwardly.

"Ha ..." Lin Yi didn't mind, ""Since you don't have any sincerity in the deal, then let's drop it! Bai Bai!"

At this point, Lin Yi could see that Marquis Yu truly wanted to trade with him, but he couldn't even speak in front of this Yuan spirit.

"Haha, you want to leave? Kid, this is my territory, how can I let you leave as you please?" The primordial spirit on the high platform snorted, and invisible vortexes of spiritual awareness instantly surged in the empty Hall.

"Early stage of the mysterious Ascension realm!" Lin Yi had expected this, but he was still surprised to feel the strength of this essence spirit.

Wasn't it said that the strongest person in the ancient martial world was at the peak of the original level? How did a primordial spirit of the early stage of the mysterious Ascension realm appear?

However, Lin Yi's spirit sense had already reached the mid-stage of the mysterious Ascension realm, and he'd learned a lot more about using his essence spirit recently. This early-stage mysterious Ascension realm essence spirit was nothing to him.

"This Island Lord isn't someone who likes to kill, so I'll give you one last chance. Use your life to exchange for the heart of the spiritual fruit. Do you want to exchange or not? quickly decide." That primordial spirit seemed to be certain.

"What big words!" "An early stage Mystic Ascension primordial spirit-you should be one of the strongest in the ancient martial world. No wonder you're so arrogant!" Lin Yi chuckled.

"You still have some eyes? To be able to see that this Island Lord is at the early stage of the mysterious Ascension realm, you know quite a lot!" The primordial spirit seemed to be surprised as well. In the ancient martial world, the xuansheng stage was a legend, but Lin Yi pointed out his strength with a single sentence. No wonder Marquis Yu was no match for him.

If he was up against a practitioner in the early stages of the mysterious Ascension realm, Lin Yi's soul-snatching hand might not be as easy as it was against Marquis Yu, but against the yuan Shen of an early stage mysterious Ascension realm, there was nothing to be afraid of.

With a wave of his hands, two refinement fires shot out, easily breaking the two invisible whirlpools. For the Lin Yi now, refinement fire was the most basic method to deal with essence spirit enemies. It wasn't powerful, but it was practical.

"Interesting!" The spirit on the stage was surprised at Lin Yi's refinement fire, but he was more interested in Lin Yi.

The spirit sense vortex in the hall was just a small trick of his. After all, Lin Yi's strength was only at the peak Foundation Stage. Even if Marquis Yu lost to Lin Yi, he couldn't really use his ultimate move.

However, no matter how small the trick was, it was still the trick of an early stage mysterious Ascension cultivator. The fact that Lin Yi could destroy the two whirlpools so easily was enough to attract the attention of the spirit.

"Since you refuse to trade, I'll fulfill your wish!" Before Yuan Shen finished, ten spirit sense vortexes appeared around Lin Yi, tearing at Lin Yi's body, or rather, the yuan spirit in Lin Yi 's' body '.

If it was a cultivator like Marquis Yu, it could be said with certainty that his primordial spirit would be immediately pulled out by this spiritual awareness Whirlpool. Even if it was not completely torn apart, it would definitely suffer some damage.

However, Lin Yi was a physical body formed from his essence spirit, and his strength was only higher than the essence spirit on the stage. He didn't care much about these spirit vortexes.

This move was somewhat similar to the soul snatching hand, but it was not as overbearing. But it was a little more destructive to the soul than the hand, and Lin Yi could study it when he had the time.

Lin Yi had a strong desire for primordial spirit attacks now, and it was rare to meet a primordial Spirit Master, so he immediately thought of learning a few moves.

Lin Yi got a lot of benefits from the sky-devouring crocodile, and now he met someone stronger than the sky-devouring crocodile. Even if he didn't get the spiritual fruit and the heart of the spiritual fruit, this trip to the snake Island was worth it.

Just as Lin Yi was about to experience the theory behind these spirit vortexes, the spirit on the platform suddenly retracted all the vortexes.

"What a strange kid. He's clearly in the foundation building realm, but he can actually last for a breath in my deified soul Whirlpool without his primordial spirit leaving his body." The spirit looked at Lin Yi and mumbled to himself.

When the nearby Marquis Yu heard this, he really wanted to tell his master that this was not some weakling at the great circle of the foundation building stage! He's someone who can kill me, a peak nascent soul realm cultivator, in seconds!

"This Island Lord has suddenly changed his mind. You look quite interesting! How about this, hand over the heart of the spiritual fruit, and this Island master will take you in as a younger brother and let you be the chief Steward of this Island. Then, I will give you a spiritual fruit, so hurry up and kneel down to thank me!"

Chapter 5467 Let's Talk This Out

"Is there something wrong with this guy's brain? Did you eat too many brain-dead pills?" Lin Yi felt like he was struck by lightning. He turned to look at Marquis Yu with a weird expression.

Taking Lin Yi in as a follower? Chief Steward? Kneel down and thank me? Thank you, eight generations of ancestors!

Marquis Yu felt even more embarrassed and speechless. He didn't know what to say, but Lin Yi just gave him his big Manager position without any explanation. Although he didn't know what a retard was, he felt that Lin Yi's words made sense.

Of course, he wouldn't dare to say that out loud even if he was beaten to death. Lin Yi wasn't someone to mess with, and neither was his Island master. He was a peak existence in the ancient martial world, and all he wanted to do right now was lie down and play dead.

"What's wrong? I've offered you such favorable conditions, yet you're still looking for death?" The voice of the primordial spirit on the high platform was full of surprise. He was not pretending.

As far as he was concerned, although Lin Yi was a little weird, he was still an ant. Giving him such a condition was definitely a sign of his generosity. If Lin Yi didn't know what was good for him, then he'd be too shameless.

"I've indeed eaten too many brain-damaged pills!" Lin Yi shook his head helplessly and shrugged, "Forget it, I'm too lazy to talk nonsense with you. Since you're not sincere, the deal is off!"

With that, Lin Yi used his butterfly microsteps and quickly retreated.

"I already said that you're in this Island Lord's territory, how can you leave so easily!" The primordial spirit snorted, and the stone pillars around it began to shine brightly. Thin beams of light that could be seen with the naked eye began to intertwine, surrounding the entire Hall and forming a huge cage.

Lin Yi paused. He didn't really want to leave, he would've just used super butterfly micro-steps or even super limit butterfly micro-steps. The reason he used butterfly micro-steps was to give the spirit a chance to attack, so he could continue studying the Spirit's attack skills and learn them.

However, he didn't expect that this guy didn't attack directly, but made a cage. When he got close to the light, the jade pendant would send out a warning. It was obvious that it would be quite dangerous if he touched it.

As he stopped, he sent out a refinement fire to see if he could destroy the light. Unfortunately, the fire went out without even a spark when it hit the light.

The primordial spirit on the stage laughed proudly and said, ""Don't waste your energy. It's said that no one can please me in my territory. Even the ancient sky-devouring crocodile couldn't do anything in my territory, let alone a mere perfected Foundation establishment cultivator like you."

Lin Yi stopped in his tracks upon hearing the words, his expression odd."Sky-devouring crocodile? It seems like you can't do anything to him!"

His primordial spirit was stunned. He coughed and said,"this ... The sky-devouring crocodile is only a pitiful wandering soul now. It seems like you've met him before. Let me tell you, if you don't surrender, you'll end up much worse than him."

"The sky-devouring crocodile is a wandering soul, but your snake doesn't seem to be much stronger than it!" Lin Yi looked at the essence spirit with a faint smile. If it wasn't for those spirit sense tumors, the sky devouring crocodile would've been at the early or peak of the early stage of Mystic Ascension already. After all, the 34 spirit sense fruits weren't for nothing.

As for the identity of this primordial spirit, it was already obvious. Who else could fight with the sky-devouring crocodile and cause both sides to suffer? besides the Tai snake of the Tai Snake Island?

"You have good eyes!" Taishe didn't hide anything and admitted his identity. As for the embarrassing things Lin Yi said, he chose to ignore them.

"I didn't expect that you would be able to recognize this Island master. Since you know this Island master's true body, then you should be more tactful and hand over the heart of the spiritual fruit. The entire Supreme Snake Island is transformed from this Island master's body. If you want to die, then try to refuse one!"

"I'll try it!" Lin Yi curled his lips and chuckled, "the sky-devouring crocodile was wandering on the snake Island, and you didn't do anything to him. Do you think you can scare me by bragging that the snake Island is your body?"

Tai she's yuan spirit was very frustrated. This guy was really rubbing it in. The sky-devouring crocodile was a thorn in tai she's heart, but Lin Yi just had to stab him over and over again!

"If you don't know what's good for you, then you can die for this Island Lord!" Tai she's primordial spirit was furious.

Hundreds of light beams shot out from the stone pillars and gathered around Lin Yi. This wasn't tai she's soul's own martial skill, but it was completed through the formation set up here. It was thousands of times stronger than the consciousness vortex!

Lin Yi's face paled-if it weren't for the Jade's warning, he wouldn't have been able to Dodge the attack even if he used super butterfly microstep. He'd be severely injured if he got hit.

The Jade was alerted by these lights, which meant that they could threaten Lin Yi's life. At this speed, Lin Yi wouldn't even be able to turn into a spirit in time. He might really be tricked by the snake's essence spirit!

"What?" Tai she exclaimed. Lin Yi's figure disappeared the moment he attacked. All his attacks missed. This was something he'd never encountered before!

Before taishe's essence spirit could lock onto Lin Yi again, Lin Yi had already appeared on the platform like a ghost, only one step away from taishe's essence spirit.

"It's impolite not to return the favor! Supreme Snake Island master, please accept my return gift!" Lin Yi smiled coldly as he unleashed his essence spirit.

Primordial spirit devouring!

The snake screamed in panic as he felt his spirit being devoured by Lin Yi.

Lin Yi didn't want to devour snake Tai's spirit at first. After all, devouring the sky-devouring crocodile's spirit brought Lin Yi great benefits, but it also added to the hidden dangers of those spirit tumors. If it wasn't necessary, Lin Yi didn't want to continue devouring spirits.

However, the taishe's essence spirit was already threatening Lin Yi's safety, so he used it.

"Argh! Primordial spirit devouring! You actually know how to devour primordial spirit! "Ah!" No! Stop! Senior, please spare my life!" Tai she's essence spirit rolled around violently, fighting back against Lin Yi's essence spirit devouring. Unfortunately, he was only an essence spirit, and he had no way to resist this kind of spirit devouring skill.

In the blink of an eye, tai she's primordial spirit transformed from a ball of mist into a miniature snake. This should be the true form of his primordial spirit.

The little snake sprawled on the high platform and kept nodding its head on the ground. It begged for mercy, ""Senior, please spare me, senior! Let's have a good talk!"

Chapter 5468 I'll Suffer A Loss

Not only Lin Yi, but even Marquis Yu was dumbfounded. Why did the overbearing tai she suddenly lie down?

Lin Yi's mouth twitched, and he really did stop devouring. The side effects of the sky-devouring crocodile's essence spirit weren't fully digested yet, so he didn't want to devour it.

Lin Yi didn't know what would happen if he devoured all of the Tai she's spirit.

"Oh, alright, then tell me what to do!" Lin Yi asked faintly.

Taishe, who had just gotten his life back, peeked at Lin Yi carefully and stammered, "Senior, the heart of the spiritual awareness fruit is the root of my Supreme Snake Island. Without the heart of the spiritual awareness fruit, the spiritual awareness fruit will be broken."

Lin Yi raised an eyebrow impatiently and waved his hand, "Get to the main point!"

"Ah!" The snake was shocked and quickly said, ""The energy contained in the heart of the spirit sense fruit is about five spirit sense fruits. I'll give you ten spirit sense fruits in exchange."

"Ten?" Lin Yi couldn't help but smile after hearing that.

Tai she's essence spirit relaxed when he saw Lin Yi laughing! What a country bumpkin, he was so surprised and satisfied with just ten spiritual sense fruits. Compared to the heart of the spiritual sense fruit, this was nothing.

"Ha ..." Lin Yi's smile suddenly changed, ""No!"

"Not ... Not exchanging?" Tai she's primordial spirit was instantly dumbfounded. Why didn't he change? Wasn't he just fine just now? Where was the surprise? Where was the satisfaction?

Lin Yi, on the other hand, looked at the snake calmly. "It's just ten spirit sense fruits, do you think they can be compared to the heart of the spirit sense fruit? I say, little snake, if you don't show some sincerity, there's no need for us to have a good chat, right?"

"Uh ..." Tai she gritted his teeth in his heart, but on the surface, he had no choice but to continue to lower his voice and smile apologetically. "Senior, how can you say that I'm not sincere? The energy of the heart of the spirit sense fruit is indeed equivalent to five spirit sense fruits. If senior uses ten spirit sense fruits to exchange for it, it's still very profitable for you, right?"

Lin Yi glanced at taishe and pretended to think about it, "Since you said so, then fine, I'll take a small loss. I'll use this heart of a spirit sense fruit, which is equivalent to five spirit sense fruits!"

The first half of Lin Yi's words gave tai she endless hope, but the second half made him want to fight Lin Yi to the death! But thinking about it, he'd just be putting his life on the line if he tried, and it wouldn't affect Lin Yi at all. He could only continue to swallow his anger.

"Don 't! Senior, how could five spirit sense fruits be better than ten spirit sense fruits? Let's have a good discussion!" Tai she was afraid that Lin Yi would really take the heart of the fruit and quickly squeezed out a fawning expression.

"Heh ... What if I just kill you and take the heart of the spirit sense fruit and your 10 spirit sense fruits?" Lin Yi's lips curled up into a playful smile as he spoke faintly to taishe.

"Gah!" Tai she's primordial spirit immediately shuddered, and his small body immediately straightened. He said righteously, ""That's a great idea! However, a peerless figure like senior, who is chivalrous, courageous, righteous, handsome, elegant, and evil can not overcome good, would definitely not use such an idea!"

After thinking for a moment, he felt that something was amiss. Tai she's primordial spirit quickly added weakly, ""I'm sorry, I spoke too fast. The last sentence just now doesn't count ..."

Lin Yi didn't know whether to laugh or cry-the guy was pretty good at flattering people, too, coming up with all sorts of idioms.

In the world of practicing, the strong preyed on the weak, and killing people for their treasures was a common occurrence. If Lin Yi could find where taishe hid the spirit sense fruits, he might just Rob him. He wouldn't feel any psychological burden at all when snatching things from taishe's hands.

But the problem was that this Hall was probably covered by a formation, and Lin Yi couldn't find any traces of the spirit sense fruit. Since killing tai she didn't guarantee he'd get the spirit sense fruit, the best way was naturally to trade for it.

On top of that, Lin Yi had another consideration-it was a rule in the practicing world that treasures couldn't be harvested completely. Leaving the roots for the later generations was the same as leaving the roots for himself.

If there weren't any extra spirit sense fruits, Lin Yi naturally wouldn't give up on the heart of the spirit sense fruit to deal with those spirit tumors. But since there were many spirit sense fruits now, leaving the heart of the spirit sense fruit on the snake Island and letting the island continue to produce spirit sense fruits was a good choice.

"Alright, cut the crap! Take out all your spirit sense fruits and I'll let you live. I'll also return you the heart of the spirit sense fruit!" Lin Yi ordered with a wave of his hand.

Taishe and Marquis Yu felt that the tone and words were very familiar, like the way taishe spoke to Lin Yi just now ...

Tai she didn't dare to be slow as he sized Lin Yi up secretly, stuttering, "Senior, it's not easy to form a spiritual fruit, I really only have 10 ... 12 here!"

Taishe was going to say ten, but he quickly added two after seeing Lin Yi's dark face.

To be honest, Lin Yi was quite satisfied with twelve spirit sense fruits, but looking at tai she's face, he knew that she was still hiding something.

So Lin Yi narrowed his eyes and looked at taishe coldly. "Really?"

"Really, really!" Tai she's little head nodded quickly, leaving a string of afterimages as he was afraid that Lin Yi wouldn't believe him.

"Oh! This means that the sky-devouring crocodile is much stronger than you!" Lin Yi thought of something and threw out the sky-devouring crocodile to test snake tai.

Normally, the sky-devouring crocodile could get 34 spiritual fruits. As the master of the snake Island, the primordial spirit of the snake should not be worse than the sky-devouring crocodile.

Sure enough, when he heard the name of the sky-devouring crocodile, the snake's heart skipped a beat. How could he have forgotten about this bastard? This human had clearly seen the sky-devouring crocodile before. Could he have heard something from it?

Taishe's mind was spinning-he hadn't even thought of how to deal with Lin Yi when he heard Lin Yi say, "It's been a long time since I've used the soul-searching technique. Looks like I'll have the chance to practice it today!"

Hearing the words "soul-searching technique", tai she was scared out of his wits. He was a primordial spirit, how could he withstand the overbearing destruction of the soul-searching technique? It wouldn't be much worse than being devoured by Lin Yi's essence spirit!

"Senior! It's true, I really only have twenty spirit sense fruits, I don't have one more!" In a moment of desperation, tai she's primordial spirit roared and revealed everything.

Lin Yi chuckled to himself-he didn't know anything about soul-searching, after all. He was just saying it to scare the snake, but the effect was so great!

Chapter 5469 I Want To Be Your Little Brother

Lin Yi looked at tai she's spirit in a daze and smiled,""Twenty? Didn't you say there were twelve?"

"It's a slip of the tongue ... You know that I'm a Blabbermouth sometimes ..." Taishe smiled awkwardly, moving back subconsciously, afraid that Lin Yi would really use the soul-searching technique. It was better to stay away from dangerous people like this," "Senior's imposing manner shocked this junior, so in a moment of nervousness, I said twenty was twelve. I ask for senior's forgiveness. "

Lin Yi, naturally, knew that taishe was talking nonsense, but he didn't expose him. He touched his chin and pondered,"Why is it different from what the sky-devouring crocodile said? If I had known earlier, I wouldn't have devoured all of it and would have left some to search his soul!"

Tai she heard Lin Yi 's' soft 'mumbling and was even more scared. The sky-devouring crocodile had been devoured! Luckily, he didn't fight with this human. Otherwise, he would have died with the giant sky-devouring crocodile.

As for whether Lin Yi was lying or not, the snake spirit didn't doubt it at all. It felt that Lin Yi really did have a trace of the sky devouring crocodile's essence spirit aura. It didn't notice it before, but now that it was closer, it could be sure.

The highest level of lying was nine truths and one lie. Lin Yi's half-truth was enough to deal with taishe.

The frightened taishe didn't dare to hesitate, afraid that Lin Yi would search his soul and devour him. That would be too cruel!

Gathering his courage, tai she inched closer and said with a flattering smile, "Senior, junior doesn't know what that damn crocodile said. In fact, junior and he have an agreement."

Lin Yi raised a brow, not saying anything. He was the snake, after all, so he wouldn't stop him.

The snake continued after Lin Yi didn't say anything. "Because we had a mutually destructive experience before, we later agreed not to invade each other and that each person could pick one Spirit sense fruit."

After tai she's explanation, Lin Yi found out how he and sky-devouring crocodile split the fruits.

Since both of them had suffered great losses, they were extremely wary of each other. Therefore, they did not dare to make a move without absolute confidence.

In this case, the picking of the spiritual fruit was decided to be a rotation. Last time it was tai she, this time it was the giant sky-devouring crocodile. In other words, the giant sky-devouring crocodile had 34 spiritual fruits. In theory, tai she should have at least 34 spiritual fruits.

But because of the test on the snake Island, tai she only got twenty fruits. He didn't lie to Lin Yi about this.

Every time it was the giant sky-devouring crocodile's turn, it would find the spiritual fruit at the first moment. It was just unlucky this time to meet its nemesis, Lin Yi. Otherwise, no one would be its match except for snake tai.

Every time, tai she's spirit sense fruit had to wait until the end of the trial before being picked by Marquis Yu. Fourteen times, it had been obtained by the trial-takers in advance, so tai she really only had twenty spirit sense fruits.

The Supreme snake had great use for these spiritual fruits. After storing 36 of them, it would use them in conjunction with the array. Thus, it did not use any of them, unlike the sky-devouring giant crocodile, who ate one after another.

As for the trial on the snake Island, the purpose was to collect spiritual jades to maintain the spiritual energy of the entire Snake Island. Only in this way could the heart of the spiritual fruit produce spiritual fruit. Otherwise, how could the snake bear to let people take away the spiritual fruit? Half of the sky-devouring crocodile was gone!

"So that's how it is!" Lin Yi nodded. There were so many twists and turns behind this, but no matter what, getting twenty spirit sense fruits was already an unexpected gain.

Lin Yi didn't say anything, but taishe's essence spirit took out the twenty fruits. Lin Yi looked at it, and it was indeed blocked by the formation. If taishe didn't take them out himself, he wouldn't be able to find them.

"Senior, this is all of Junior's spiritual awareness fruits, please check them." Taishe's heart was bleeding. This was his treasure of many years. He didn't want to use a single one, and now it was all going to Lin Yi.

Taishe didn't dare to play any tricks with Lin Yi, even hesitating if he should mention the heart of the fruit again. He was afraid that he'd anger Lin Yi and he'd eat and search his soul again.

Lin Yi didn't want to go back on his word and kept the heart of the spiritual fruit. It was his plan to let the snake Island continue producing spiritual fruits, so after keeping the twenty spiritual fruits, he took out the heart of the spiritual fruit.

Tai she's primordial spirit was greatly relieved. He smiled and complimented, ""Senior is truly a man of his word! A promise was worth a thousand gold! This Junior's admiration for you is truly like a torrential tide, endless ah!"

Lin Yi looked at taishe with a weird expression. This guy knew that? Could it be that he had also been in the secular world?

Tai she didn't know what Lin Yi was thinking. Although he felt the pain of losing his treasure, he remembered that his old enemy, sky-devouring crocodile, was dead. From now on, he would be the sole ruler of the snake Island. With the heart of the spiritual fruit, he didn't need to worry about not having spiritual fruits.

It was wrong! Since this human already knew about the heart of the spirit sense fruit, would he come to collect the spirit sense fruit every year? In that case, what was the difference between having the heart of the spiritual fruit and not having it?

Tai she thought of this possibility and became depressed. After looking at Lin Yi, he suddenly had an idea and immediately got closer, "Senior! This junior reveres you so much that I can't wait to follow senior around and be at your beck and call. Do you think you can accept this junior as your little brother?"

"Take you in as a little brother?" Lin Yi felt like thunder was rumbling in his head. This tai she's brain was really hard to read. If he said that he didn't give him the heart of the fruit, he could understand. But since he gave it back, what was this? Was there really such a saying that a Tiger's body trembled, and the aura of a King leaked out?

Taishe's thoughts were simple. Lin Yi was a powerful human, and there was no way he could resist him. Following him was a good choice, especially since Lin Yi looked like a decent guy. He wouldn't steal his follower's stuff, would he? Even if he wanted the spiritual fruits, he would not leave nothing for the snake. At least, like the sky-devouring crocodile, he would split them half by half.

Lin Yi didn't know what tai she was planning, but after thinking about it, it wasn't a bad thing to have a follower like tai she in the ancient martial world!

But taishe wanted to be his follower, and Lin Yi couldn't just take him all in. He had to put on airs.

Chapter 5470 In-Name Follower

"This ... I have quite a lot of underlings. It doesn't seem to be of much use to take you in!" Lin Yi smiled as he looked at taishe's slightly stiff essence spirit, a picky expression on his face.

Tai she's primordial spirit cursed in his heart, "I'm at the xuansheng stage, and I'm the number one snake in the ancient Jianghu!" Alright, I can barely be considered the second snake ... It's your honor to be your little brother! Was he planning to come and fight for the spiritual awareness fruits in the future?

"Boss, boss! You must take me in! In the future, you can take as many heavenly treasures as you want on this Island!" Taishe cursed in his heart, but he knew that the situation was more pressing than the person. He could only pinch his nose and continue to please Lin Yi, even calling him boss.

The primordial spirit of the Grand snake, who was at the early stage of the mysterious Ascension realm, was wagging its tail and begging to be someone's little brother. This scene was unparalleled ...

Lin Yi nodded, "Fine, seeing how sincere you are, I'll temporarily take you in as an in-name little brother."

In-name underlings? F * ck! You're the in-name underling! Your entire family is just in-name underlings! Tai she's primordial spirit cursed madly in his heart, but on the surface, he had a look of surprise and joy. "That's great! Boss! This little brother will definitely work hard and try to get rid of the "in-name" word as soon as possible!"

Under the high platform, rain Marquis had already silently turned his back around. He really couldn't bear to see this scene. The dignified Island master of the Supreme Snake Island, the little brother who was rushing to be someone's younger brother, and it was just an in-name one at that, was already so happy. Then, what was the matter with him, the little brother of an in-name little brother?

Marquis Yu looked up at the sky at an angle of 45 degrees and was speechless ...

"Since I've become your boss, I'm still a little embarrassed to take so many spiritual fruits from you!" Lin Yi rubbed his chin, thinking that he should at least give this follower some benefits.

Tai she's primordial spirit was overjoyed. Could it be that he was going to return me some spiritual awareness fruits? It seemed that he didn't waste his time as a follower! As long as there were benefits, it didn't matter if they were anonymous.

Of course, although he thought about it, tai she still had to put on an act, so he squeezed out a look of righteousness and said, ""Boss, what are you talking about? what belongs to me is what belongs to you. What's there to be embarrassed about? you're not giving me face by saying that!"

"Ha ... If that's the case, why don't you give me the heart of the spiritual awareness fruit?" Lin Yi teased.

Tai she's primordial spirit was instantly silenced. F * ck, can't you ... Let the snake live? I'm only an in-name underling in order to protect the heart of the spiritual fruit! He actually asked for the heart of the spiritual fruit as soon as he became the boss! Do you really think I don't have a temper?

Alright, taishe admitted that he really didn't have much of a temper against Lin Yi, and he could only stammer and stammer.

Lin Yi laughed loudly at the look on its face, "I'm just teasing you. Since you're already my little brother, I naturally can't take your things for free. "

Tai she's primordial spirit immediately showed a grateful look, but he continued to curse in his heart. Damn it ... You scared me to death!

However, the next moment, a piece of spirit sense grass landed in front of him, the pure spiritual energy contained in it was not inferior to a spirit sense fruit.

"Spirit sense grass root?!" Tai she's primordial spirit cried out in alarm. Happiness had come too suddenly, and he was really caught off guard!

Although the value of this spiritual awareness grass root could not be compared to twenty spiritual awareness fruits, for tai she's primordial spirit, it was more practical than twenty spiritual awareness fruits.

He had to gather 36 spirit sense fruits before he could use them. They wouldn't help him in the short term, but the spirit sense grass could be used to refine his primordial spirit and increase his strength.

"Many Thanks, boss!" After getting the spirit sense grass, taishe finally felt that Lin Yi didn't call him boss for nothing. There was more sincerity in his voice.

Lin Yi didn't mind-the spiritual grass wasn't a problem for him at all. It was just a small patch, like a drop in the ocean. He waved his hand at taishe's essence spirit,"You can continue to cultivate here. I'll find you if I need anything. Bai Bai!"

"Yes, boss! Goodbye, boss!" Taishe's spirit bowed to Lin Yi and shut the formation down.

Lin Yi's body flickered and appeared beside Marquis Yu, ""Steward Yu, I'll have to trouble you to send me out."

Marquis Yu bowed with a smile and said respectfully, ""Yes, Grandpa!"

Lin Yi's foot slipped and he almost fell to the ground. What the hell was this?

Marquis Yu didn't think that there was anything wrong with the old man's address, but he explained after seeing Lin Yi's strange expression, "You're the boss of the lowly boss. According to human terms, you're the boss of the big bosses, so you're an old boss!"

Damn it, you're the old man! Lin Yi rolled his eyes. What did a handsome young man like him have to do with an old man?

Lin Yi didn't know if Marquis Yu was doing this on purpose, but he hmped and said, "Forget it, you can just call me senior Lin or boss Lin from now on. You can keep things like old grandpa for your own use."

"I don't dare, I don't dare. How can I use such an honorable address!" Marquis Yu was very humble, but when he saw the unfriendly look in Lin Yi's eyes, he immediately changed his tone, "But since it's boss Lin's orders, I'll call you boss Lin from now on."

"Just say it like that!" Lin Yi waved his hand casually, too lazy to waste his breath on such a small issue. He was in a good mood after getting twenty spirit sense fruits!

Marquis Yu turned his body slightly and led the way with a half-bent waist. His face was filled with a flattering smile, making him look like a Lackey. Lin Yi shook his head inwardly. Although this kind of person was quite strong, much stronger than Bing Wuqing, his future achievements would definitely not be comparable to Bing Wuqing's.

The two of them went back the way they came from, and soon arrived at the exit of the trial. Bing Wuqing and Chu Tianlu had already left. Fortunately, they hadn't been separated for long, and Lin Yi had already arranged a meeting point with them. It wouldn't take long for him to catch up with them.

"Boss Lin, you're leaving? Would you like this little one to prepare an aerial spirit beast for you?" In his heart, Marquis Yu wanted Lin Yi to get lost, but on the surface, he put on a loyal face.

"Alright, thanks for the trouble!" Lin Yi smiled.

When they arrived, Lin Yi was riding on Ling Tianyou's flying spirit beast. Now that Ling Tianyou and the others had left, and Bing Wuqing was with Chu Tianlu, Lin Yi really didn't have any other means of transportation.

Although Lin Yi could fly in his essence spirit form, it wasn't as comfortable as riding an aerial spirit beast.
