Chapter 5471 Nascent Soul Realm Sea Crab

"It's no trouble at all. It's my honor to be able to do something for you, boss Lin." Marquis Yu bowed and smiled.

As he spoke, Marquis Yu turned his head and whistled. Soon, an aerial spirit beast flew over from a Hill not far away at a rather fast speed.

Lin Yi stepped on the ground and landed on the back of the flying spirit beast steadily. He said to Marquis Yu indifferently, "That's it then, we'll meet again in the future!"

Before his voice had died away, the flying spirit beast flapped its wings and instantly flew more than ten meters away, quickly leaving the snake Island.

This flying spirit beast was quite tamed. Lin Yi controlled it and quickly flew to the agreed location. It was a desolate Island about thirty miles away from the snake Island. With their current speed, it would only take a few minutes.

"Eh? Is this the true Qi fluctuation formed from a battle?" After flying for about half the distance, Lin Yi sensed some movement in the distance. He frowned.

That direction should be the small island where he had agreed to meet with Bing Wuqing. Since a battle had broken out, it was highly likely that Bing Wuqing and her companion had run into trouble.

"Buddy, faster!" Lin Yi patted the flying spirit beast lightly. With the spirit beast's intelligence, it naturally understood what Lin Yi meant.

After Lin Yi said that, the speed of the flying spirit beast increased by more than 50%-it seemed like the spirit beast was holding back.

After switching from long-distance running mode to a hundred-meter sprint mode, the rest of the journey was left behind Lin Yi very quickly, and the small island was completely in front of Lin Yi.

"What a huge crab! I wonder if it'll taste good if it's steamed!" Lin Yi saw that both Bing Wuqing and Chu Tianlu were fine, and he instantly relaxed. He smiled and muttered to himself.

At this time, on the island, Bing Wuqing was fighting with a huge sea crab. Judging from the size of the sea crab, it was basically the size of a container truck. To it, Bing Wuqing was just a snack that could be stuffed between its teeth.

"An early nascent soul realm sea monster. No wonder Bing Wuqing couldn't handle it." Lin Yi nodded to himself, thinking that it was quite a mess.

They had randomly agreed on a place, and they had only been separated for a short while, but Bing Wuqing and the others had already encountered such a powerful sea beast. They were really lucky.

Normally, with Bing Wuqing's strength, she wouldn't have many opponents in the ancient martial world. After all, she was a genius, and it was common for her to fight against a sea monster of a higher level.

However, sea monsters of the same level were stronger than humans under normal circumstances. In addition, Bing Wuqing had already consumed a lot of physical strength and true Qi, so it was reasonable that she couldn't defeat this huge sea crab.

Most importantly, the sea beasts were naturally the strongest Water-type creatures. Bing Wuqing's merciless ice power was not of much use at all. The huge sea crab did not even bother with her freezing ability.

As for Chu Tianlu ... Let's not mention him. In a battle of this level, it was already thanks to the martial technique unmoving like a shadow that he was able to stand firmly at the very edge ...

Bing Wuqing was panting heavily. This man who was as cold and proud as ice was also starting to find it difficult to withstand the huge consumption of energy. If it weren't for the Black Ice, he would have been defeated long ago. However, he had consumed too much true Qi now, and the Black Ice was almost out of use.

The giant sea crab didn't do much. It only spat out a string of bubbles from its mouth and surrounded Bing Wuqing, allowing her to deal with the bubbles with the black icicles in her hands.

"Human, are you still not giving up? Your uncle crab didn't even make a move and I can already play you to death, why do you need to put up such a pointless resistance?" Crab looked relaxed, as if he was enjoying the feeling of having Bing Wuqing in his palm.

Bing Wuqing snorted coldly. "Cut the crap. Come and deal with me if you have the ability. Stop spitting and disgusting people all day!"

As she spoke, Bing Wuqing burst another four water bubbles, and the aura on his body weakened even more.

Although the sea crab's bubbles seemed to be weak, it was not. If one was trapped in the bubbles, their true energy would be continuously extracted. It would be more difficult to break the bubbles from the inside.

Now, it seemed that it was very easy to break the bubble. In fact, Bing Wuqing had already tried it, and ordinary attacks were useless. Only black ICE's attack power could do this.

Seeing that Bing Wuqing's life wasn't in danger for the time being, Lin Yi didn't rush to help. Although Bing Wuqing was a genius, the speed at which her strength was increasing was still a little too fast. This giant sea crab would be a good Whetstone for Bing Wuqing to sharpen her.

In particular, the sea crab was a perfect counter to Bing Wuqing in all aspects, allowing her to fall into a difficult situation. After this battle, she believed that Bing Wuqing would have gained a lot.

Bing Wuqing, who was in the middle of the battle, had already noticed the flying spirit beast in the air. When she saw that it was Lin Yi, her heart calmed down. Unconsciously, in Bing Wuqing's heart, there was nothing that Lin Yi couldn't do as long as he was involved.

Lin Yi didn't make a move immediately, and Bing Wuqing immediately understood what he meant. She calmed herself down and continued to deal with the giant sea crab.

However, the giant sea crab wouldn't turn a blind eye to Lin Yi's arrival. It continued to trap Bing Wuqing while speaking to Lin Yi, "Another human has come! You've gained quite a lot today. Do you want to surrender?"

"There are brain-dead people every year, but there are especially many this year!" Lin Yi shook his head, speechless. "It's just an early Yuanying stage sea monster. I don't know where he got his confidence from, but he's asking everyone he sees if they want to surrender."

"Yo, you sound like you're very powerful. In fact, your uncle crab is not interested in a weakling like you at all. But you're so arrogant. I might have to teach you a good lesson!" Da ao waved his hand, and a bubble flew towards Lin Yi.

In crab's eyes, Lin Yi was just an ant at Foundation peak-he wouldn't even bother if it weren't for the flying spirit beast. He was already thinking highly of Lin Yi by sending a water bubble over.

Lin Yi's body flashed, and he left the back of the flying spirit beast, pouncing towards the sea crab. The bubble, on the other hand, turned in the air and continued to chase after Lin Yi.

From the way Bing Wuqing and the sea crab fought, Lin Yi could tell that this guy's outer shell was extremely hard, and Bing Wuqing's attacks basically couldn't break through it. Although Lin Yi had all kinds of tricks up his sleeve, his primordial spirit body was only at the peak of the foundation building realm, after all. His physical attacks were definitely no match for Bing Wuqing's.

Fortunately, the current Lin Yi was already used to using primordial spirit attacks. In order to give Bing Wuqing a sparring partner, Lin Yi didn't want to use the soul-summoning hand right from the start, so he chose to use snake's divine sense vortex!

Chapter 5472 Bing Wuqing's Training

Lin Yi had been trying to figure out how to use the vortex, and although he hadn't finished it yet, he had some ideas. He decided to use this crab as a practice.

An invisible spiritual awareness Whirlpool appeared above the sea crab's head. The scale of this spiritual awareness Whirlpool was really exquisite. It was probably only one-fifth of the size of the Grand snake's spiritual awareness Whirlpool.

Lin Yi wasn't disappointed-this level was already pretty good. He'd already prepared himself for the possibility that he wouldn't be able to activate it, but seeing that small and exquisite vortex still made him quite proud.

The giant sea crab's physical defense was definitely strong, but its primordial spirit wasn't that great. The divine sense vortex that Lin Yi had created probably wouldn't be of any use against Bing Wuqing, but it worked surprisingly well on the head of the giant sea crab.

"Gah! What the hell? You're making your uncle crab dizzy!" The giant crab's two eye sockets swayed a few times, and even its huge body began to shake.

The vortex of consciousness pulled the giant crab's primordial spirit a few times. Although it did not pull it out, it caused his primordial spirit to tremble.

Lin Yi smiled and encouraged Bing Wuqing, ""This Idiot's stupid bubble has exploded. Little Bingbing, hurry up and beat him up!"

After Lin Yi's attack had worked, he didn't continue to attack, but gave the opportunity to Bing Wuqing. What he could do was to protect Bing Wuqing and weaken the opponent's strength to a level that Bing Wuqing could deal with.

Bing Wuqing's forehead was filled with black lines. Little Bingbing? What the hell was this? Although you're my boss, you can't make personal attacks, right?

However, Bing Wuqing really didn't have the time to complain. Because of the shock to her primordial spirit, the giant crab's water bubble attack went out of control for a moment, and then burst one after another.

Bing Wuqing, who had been trapped by the water bubbles, suddenly burst out. Driven by her true Qi, which was not at all consumed, the Black Ice thorns pierced towards the giant crab's eyes like lightning!

"Despicable human, do you think you can sneak up on your uncle crab like this? You're too naive, don't underestimate crabs!" The sea crab had recovered a little, and it noticed Bing Wuqing's sneak attack. It roared loudly and waved its huge crab's head.

"As expected, vomiting too much bubbles will turn you into an idiot!" Lin Yi sighed and threw another spirit sense Whirlpool over.

He clearly knew that the one who knocked him out was Lin Yi, yet he only paid attention to Bing Wuqing. This sea crab's intelligence was indeed a major weakness!

Lin Yi wasn't familiar with this type of spirit sense Whirlpool, so it didn't do much damage. However, it was quite good to use it to pin down sea beasts, especially against sea beasts with weak spirit defense like sea crabs.

After being hit by another divine sense vortex, the sea crab's primordial spirit shook again as expected, and the move that he had used to defend and counterattack Bing Wuqing suddenly came to a halt.

A slight difference could lead to a thousand miles of difference!

Bing Wuqing was not blocked at all, and the Black Ice spike successfully pierced the sea crab's eye!

"Argh! Despicable human, you only know how to sneak attack your uncle crab! Just you wait!" The sea crab roared and turned around to retreat into the sea. It was actually planning to escape.

To be honest, sea crab was really panicking at this moment. It was not a big deal that his eye was pierced. At his level, he could still use some natural treasures to recover. The problem was that the weak-looking human was knocking him out again and again. If this continued, he probably wouldn't have the chance to use any heavenly treasures!

Although Lin Yu was being silly and ridiculing the sea crab, the sea crab was definitely not stupid. At the moment of life and death, it would still run if it could. As for whether it could run away, it was another matter.

Lin Yi threw another spirit Whirlpool over, stopping the crab from running away. He turned to Bing Wuqing, "Little Bingbing, I'll leave this silly bubble to you. Don't be shy, make a seafood feast!"

"Mm." Bing Wuqing's face was cold. She was seriously considering in her heart whether she should change her surname. Little Bingbing or something was too mushy. She didn't know why her boss suddenly liked to give people nicknames after going to see the island master of the spirit Snake Island alone.

Lin Yi was chuckling to himself-he'd called her little Bingbing on purpose, of course, just to vent his anger from being called an old man. It was only natural for him to call him little bro.

With endless resentment for being called little Bingbing, Bing Wuqing instantly appeared behind the sea crab and thrust out her black ice thorns with all her might!

"Aowu!" The blind crab screamed, and Lin Yi couldn't bear to look at it. "Pfft ... Little Bingbing, you're so dirty. You actually went to poke my ass ..."

The corners of Bing Wuqing's mouth twitched, and she said in an almost inaudible voice,""I ... I really didn't do it on purpose ..."

The sea crab, who was blind and had its anus F * cked, was completely furious. It frantically flapped its eight long legs and then desperately ... Desperately ... Fled into the sea ...

This time, Lin Yi didn't continue to use the divine sense vortex. Although he was getting more and more used to it, he still gave the chance to Bing Wuqing.

Merciless ice!

The next moment, a huge cold air directly enveloped the sea crab's huge body. The pressure within it did not have much effect on him, but this time it was obviously different.

After Bing Wuqing unleashed her merciless ice spell, the sea crab's huge body was pressed down by a section, and a layer of frost quickly formed on its surface.

Lin Yi's lips curled up into a satisfied smile. Bing Wuqing was indeed a cultivation genius. She had actually managed to level up her ICE FORCE in the middle of a battle!

At this moment, there were tiny black ice crystals floating in the air within the heartless ICE FORCE. It was precisely these tiny black ice crystals that caused the power of the heartless ICE FORCE to undergo an earth-shaking change.

Geniuses indeed needed to grow in battle. At this point, Lin Yi knew that he didn't need to interfere anymore. With Bing Wuqing's current ice power, even a sea crab at its peak might not be a match for her, let alone a blind sea crab with its ass popped.

A moment later, Bing Wuqing finally finished off the giant sea crab. She had also exhausted all of her true energy, and was lying limply on the ground, not wanting to move.

Lin Yi came to Bing Wuqing's side and took out a few Supreme-grade spiritual jades. ""Let's recover and recall the details of the battle. This is a rare and precious experience!"

"Yes!" Bing Wuqing quickly sat up, took the spiritual Jade, and said gratefully, ""Boss Lin Yi, thank you!"

"No need to be so polite with me!" Lin Yi waved his hand, "you know my personality, I'll never mistreat those who are loyal to me!" Alright, I'll protect you. "

Chapter 5473 The Use Of The Inner Core

"Alright!" Bing Wuqing didn't try to be pretentious. After sitting down cross-legged, she suddenly thought of something and stammered, ""Um ... Boss Lin Yi, can you please ... Not call me little Bingbing?"

Lin Yi couldn't help but laugh, thinking that someone finally understood how he felt when he was called "old man." He waved his hand boldly, "No problem, I won't call you that in the future."

Only then did Bing Wuqing close her eyes in peace, preparing to cultivate and recover. However, Lin Yi's next sentence almost drove her mad. "How about I call you deep well ice from now on?"

I'm going to faint! Bing Wuqing was dumbfounded. Boss Lin Yi used to be such a serious person, so why was he acting like this all of a sudden? What had provoked her?

Bing Wuqing would never know that Lin Yi's resentment was transferred to her after being called Grandpa by Marquis Yu ...

Of course, it was also because Lin Yi was happy after getting twenty spirit sense fruits. The tumor in his body could probably be cured, so he joked a little more.

Chu Tianlu saw that Bing Wuqing had entered a state of cultivation, so he walked over and greeted Lin Yi, "Senior Lin, thank you for saving me again. These sea crabs are full of treasures. Why don't you let me help you and senior ice clean them up first?"

Lin Yi looked at Chu Tianlu and nodded, "Alright, I'll have to trouble you. By the way, tell me what kind of treasure is on this sea crab. "

Back on Sky Class Island, the sea beasts in the endless ocean had never been conquered before. Lin Yi had only fought them a few times, and didn't know much about them.

Even an old captain like Ao Tianba knew very little about sea beasts! But it seemed that the sea beasts in the ancient martial world weren't that strong. Naturally, Lin Yi was interested.

"It's no trouble at all. It's only right. " Chu Tianlu smiled humbly, then introduced, "The shell of this sea crab is extremely hard and is a good material for forging armor, while its toes are good for forging weapons. The most valuable thing is his inner core. An early Yuanying stage sea beast's inner core is a priceless treasure!"

Chu Tianlu's face immediately glowed when he spoke of the value of the inner cores of sea beasts. "The inner core of an early Yuanying stage sea beast is the main material for refining a Yuanying stage golden core! Only Masters like senior Lin and senior Bing can easily deal with nascent Soul Stage sea beasts. Normally, even if there were a few more nascent Soul Stage old monsters, they might not be able to do it. "

Every Yuanying stage old monster was the mainstay of each sect. Even if they knew the value of the sea beast's inner core, they did not dare to step into it. If something happened to them, the sect behind them would be finished.

This could be seen from what happened to the thousand blades sect after invincible primordial left.

"Oh? You said that the inner core of sea beasts can be used to refine Yuanying stage golden core?" Lin Yi was quite surprised by this. He'd always thought that the baby ginseng was a must for making the Golden core, but now that he heard that the inner core of a nascent soul sea beast could also be used to make the Golden core, he was very interested.

After all, baby ginseng was hard to come by, and sea beasts were easy to find. To Lin Yi, even if he had the whole baby ginseng, he'd use it up eventually. But in the endless ocean, the sea beasts wouldn't die no matter what.

Chu Tianlu nodded and said, "the inner cores of sea beasts are used to refine elixirs. Senior Lin, you're not an Alchemist, so you might not be very clear about this. For example, the foundation establishment golden core and the Golden core golden core are all refined with the inner cores of sea beasts in the foundation establishment and golden core stages. It's just that it's not easy to capture sea beasts, so there aren't many elixirs circulating in the world."

"Oh?" Lin Yi smiled faintly, but didn't say that he'd made more than Tianlu had. He changed the topic, "It's not easy to catch a golden core or nascent Soul Stage sea beast. Could it be that it's not easy to catch a Foundation establishment stage sea beast too?"

"It's easy to catch a Foundation establishment sea beast, but there are too few foundation establishment sea beasts!" Chu Tianlu shook his head and explained with a bitter smile, "All the sea beasts in the coastal waters are basically below the foundation establishment stage. Even if we catch them, they won't be of much use. As for the sea beasts in the deep sea, although there are Foundation establishment stage sea beasts, they are all young sea beasts. In order to catch them, we have to face powerful adult sea beasts. It's almost the same as catching sea beasts in the Golden core stage and the original infant stage."

"So that's what happened!" Lin Yi nodded and didn't think much of it. With his strength, whether it was in his original body or Yuan spirit body, it was relatively easy to catch a nascent soul sea beast.

He wondered if the inner core of a sea beast at the xuansheng stage was the same. However, it would probably be very difficult to find a xuansheng stage sea beast in the small world of the immemorial era. He'd have to wait until he returned to the Sky Class Island.

"You seem to have a good understanding of the inner cores of sea beasts. Are you an Alchemist?" Lin Yi asked casually. Since he knew that the cores of sea beasts could be used to make elixirs, he had to find a way to get the recipe and try it out.

If Chu Tianlu had the recipe, Lin Yi wouldn't mind exchanging it for something else.

Unfortunately, Chu Tianlu shook his head regretfully and said, "Junior's aptitude is dull, and I don't have the talent of an Alchemist at all. "

At this point, Chu Tianlu's face revealed a hint of ridicule. He stammered, "Senior Lin, I have a presumptuous request. I wonder if senior Lin can sell this sea crab's inner core to me at a price?"

"You want this inner core?" Lin Yi looked at Chu Tianlu, amused. This guy was an honest man after all. He wanted the inner core, but he had to praise it first. Was he afraid that the other party wouldn't raise the price?

Chu Tianlu's face turned slightly red as he said in embarrassment, ""I know that the neidan of a nascent soul sea beast is extremely precious. However, my grandfather's birthday is coming soon. If I can get the neidan of a nascent soul sea beast and give it to my grandfather, it will help him advance to the peak of the early nascent soul realm."

After a slight pause, Chu Tianlu added, ""Senior Lin, whatever price you want, just name it. As long as you can transfer this inner core to me, I will definitely find a way to do it."

"Can you refine a golden core of the nascent soul after obtaining this inner core of the sea beast? Or rather, do you have the pill recipe for the Golden core of the nascent Soul Stage?" Lin Yi didn't really care much about the beast's internal elixir-he didn't mind giving it to Chu Tianlu. After all, if it weren't for Chu Tianlu's honesty, Lin Yi wouldn't have been able to get twenty spirit sense fruits.

At most, he would capture another sea beast when he wanted to test the pill refinement. The important thing now was to use the inner core of the sea beast to refine the pill.

Chu Tianlu hesitated for a moment before saying, ""If it's alchemy, with my family's connections, there should be no problem. As for the pill formula, tianliang is an Alchemist, he may have the pill formula for the Yuanying stage golden core."

Chapter 5474 No One Welcomes The Distinguished Guest

Lin Yi remembered that Chu tianliang knew how to use alchemy bombs-he was a refiner, but he didn't know if the guy was dead or not.

"If you can give me the pill recipe for refining the core of a sea beast, I'll give it to you!" Lin Yi didn't beat around the bush and laid out his conditions. After all, he didn't really need the item, and Chu Tianlu wasn't the type to beat around the bush.

Chu Tianlu was a straightforward person, but he wasn't really stupid. He immediately reacted upon hearing this and asked in surprise, ""Senior Lin, you ... You're an Alchemist?"

"It can be considered so!" "Maybe slightly stronger than Chu tianliang!" Lin Yi smiled faintly.

Chu Tianlu was instantly overjoyed, but he also looked a little bewildered. For a moment, he didn't know how to react.

"Does your family have any pill recipes for this?" Lin Yi thought that Duanmu Yu's marriage had to be settled, and this was a good reason to go to house Chu to help him solve this problem.

"There should be," Chu Tianlu was indeed a straightforward guy. Even now, he had yet to finish his words. "Even if we don't have it, with our family's connections, we can find the recipe quickly."

In fact, Chu Tianlu also knew that it was the best time to get on Lin Yi's good side with a definite answer. As he said, even if house Chu didn't have the recipe, it wouldn't be difficult for them to buy one with their strength. They didn't have to tell Lin Yi these details.

However, Chu Tianlu didn't like to lie, so he told the truth.

"Senior Lin, since you need the pill recipe, why don't you come with me to my family? I believe my grandfather will be very happy to meet you, senior Lin." Chu Tianlu extended his invitation sincerely.

Lin Yi nodded, "that's good. Your grandpa's birthday is coming. I'll go and congratulate him."

"That's great! To be able to receive senior Lin's presence, our Chu clan is honored by your presence!" Chu Tianlu rubbed his hands excitedly. Being able to be on good terms with Lin Yi was very important to both the Chu family and himself.

As for Lin Yi's intention to destroy the marriage between Duanmu Yu and house Chu, Chu Tianlu didn't even care if he knew about it. He wasn't interested in the marriage to begin with, and if he knew that Duanmu Yu was related to Lin Yi, he would definitely ask his family to stop the marriage.

"Senior Lin, please rest for a while. I'll go and deal with the sea crab! We'll set off after senior ice recovers. " Chu Tianlu bowed slightly, and after Lin Yi nodded in agreement, he quickly took out a short knife to deal with the crab.

It could be seen that Chu Tianlu had some experience in dealing with the carcasses of sea beasts. Although the shells of the sea crabs were quite hard, Chu Tianlu's short knife always went deep into the joints of the sea crabs and then broke down the shells along the lines. His movements were quite smooth.

After more than ten minutes, Chu Tianlu had broken down the shell of the sea crab. Together with the claws, they had piled up into a small mountain that was as tall as two people.

"Senior Lin, this is the inner core of the sea crab. Please keep it well!" Chu Tianlu ran over to Lin Yi with a blue inner core the size of two fists in his hands.

Although this was what Chu Tianlu wanted, he didn't have any covetous expression. He looked very natural.

Lin Yi took the inner core and felt the pure nature of the energy within. He smiled faintly, "You've worked hard. "

At this moment, Bing Wuqing finished her cultivation. She stood up suddenly and said excitedly, ""Boss, I've recovered! And ... It seems that he has already stabilized his strength!"

"Just in time, we can set off now!" Lin Yi nodded in satisfaction. He could feel that Bing Wuqing's aura had become much more stable. Although she didn't break through, she must have improved a lot compared to before.

"By the way, can I have this sea crab's inner core? I'll give you some other benefits later. " In the name of it, Bing Wuqing was the one who killed the sea crab, and Lin Yi didn't want to show off his overbearing attitude in front of his little brother, so he decided to ask.

"Boss Lin Yi, what are you saying!" Bing Wuqing immediately said in a serious tone, ""If it wasn't for you, boss, I would probably have been killed by this sea crab by now. Everything that I, Bing Wuqing, have is given to me by you, boss. Even if I killed this sea crab, everything belongs to you, boss, not to mention being able to kill this sea crab. So, all the credit goes to you, boss!"

Hearing that even a nascent soul old monster like Bing Wuqing was so submissive to Lin Yi, Chu Tianlu's expression changed, and he was even more determined to befriend Lin Yi!

Lin Yi didn't stand on ceremony and nodded with a smile, "Alright, you've always been so cold, but you're talking too much today. Anyway, I won't mistreat my own people. Let's pack up and make a trip to the Chu family first. "

In fact, with Bing Wuqing's current status, it wasn't a problem for her to purchase a few recipes. However, since Lin Yi had already made the request, he naturally wouldn't object to it. As long as it was Lin Yi's decision, he would just carry it out completely.

The sea crab's core was hidden in the Jade space, but the outer shell and the tip of his toes weren't convenient. After all, Chu Tianlu wasn't someone Lin Yi could completely trust, not to mention that the guy was an honest man. Who knew when he'd expose Lin Yi's Secret?

Fortunately, Lin Yi's flying spirit beast was still hovering in the air. Chu Tianlu packed up the spoils of war and put them on his own flying spirit beast. He let Lin Yi and Bing Wuqing ride on Lin Yi's flying spirit beast while he led the way on his own.

After they set off, Bing Wuqing returned to her cold expression. Her cold personality couldn't find anything to talk about, so she could only stay behind Lin Yi and reminisce about the battle.

Four hours later, the two aerial spirit beasts arrived at a stretch of rolling hills. The Chu clan was located in these Hills.

Before the old man of the Chu family broke through to the nascent Soul Stage, the Chu family was just an unrated family. Now that they had a nascent Soul Stage old monster, their status immediately changed. That was why they wanted to marry ye Ling sect, hoping to go one step further and enter the ranks of the ten small sects.

Chu Tianlu slowed down and cupped his hands as he got on Lin Yi's flying spirit beast. "Senior Lin, our Chu clan is right in front. I've already sent a message back saying that there will be an important guest coming. I believe my family will be very welcoming of senior Lin's arrival. "

However, Lin Yi didn't feel much of a welcome from the Chu family. When he and Bing Wuqing followed Chu Tianlu into the house, no one came to welcome him, a distinguished guest at the entrance of the house. Not only that, even the person who opened the door had a cold expression.

Chapter 5475 Directly Framed

"Ha ... It seems like you're not doing very well as the young master of the Chu family!" Lin Yi looked at Chu Tianlu with a weird expression. He thought that Chu Tianlu's position in the Chu family was at least a little higher than Chu tianliang 's, or Chu tianliang wouldn't want to deal with Chu Tianlu.

However, the current situation was that Chu Tianlu couldn't even get the respect of a clan. He was the young master of the Chu clan's direct line of descent, but he had been reduced to such a state. It was really speechless.

Chu Tianlu laughed awkwardly. This sect was on Chu tianliang's father's side, so it was normal for them to not bother with Chu Tianlu. As for the news that was sent back, it was probably intercepted by them.

Tianlu understood, but he didn't explain anything to Lin Yi-he was an honest man, after all, and didn't want dirty linen to be spread in public. He forced a smile on his face as he led Lin Yi in.

"Please forgive me, senior Lin. My grandfather is probably in closed-door cultivation, so he didn't receive my message. Sorry for the delay!" Chu Tianlu apologized, thinking that he would be fine as long as he could see his grandfather.

Putting aside Lin Yi's strength, just his status as an elixir master who could make golden dan of the original level was already a top existence in the ancient martial world. He was on the same level as the core members of the four big sects and ten small families. Chu Tianlu was sure that his grandfather would not ignore Lin Yi's arrival.

"It's fine!" Lin Yi waved his hand nonchalantly. At his level, small things didn't matter at all. Plus, his main purpose here was for house Chu to cancel the engagement, so that the spirit leaf sect wouldn't be in a difficult position. It'd be embarrassing if they really did receive a warm welcome.

If that idiot Chu tianliang came back, he might be able to stir up more trouble and give Lin Yi more excuses. He should've just helped Chu tianliang back then.

Lin Yi was still lamenting when his spirit sense found a dozen golden core cultivators standing in the yard not far away. They all looked unfriendly, as if they were targeting Lin Yi's group of three.

Was he trying to stir up trouble?

Lin Yi wasn't surprised, but happy. He immediately used his vital energy to send a voice transmission to Bing Wuqing, ""Wu Qing, if there's anything later, don't do anything. Don't do anything without my order."

Bing Wuqing nodded without any hesitation. As for the reason? Lin Yi's words were the reason, as long as they were carried out accurately! It didn't matter if others saw him nod, since he didn't know what it meant.

After a dozen steps, they crossed the guest-welcoming eaves and entered the courtyard in front of the main hall. It was the place where Lin Yi's spirit sense found someone.

Chu Tianlu raised his eyes and saw the dozen or so golden core stage clan members in the courtyard. He was slightly taken aback, wondering if they were here to welcome senior Lin. Although they didn't directly go to the main gate to welcome them, this lineup was already considered luxurious. It included almost 90% of the Chu clan's higher-ups.

"Second uncle, did you receive my message and come to welcome our honored guest?" A smile appeared on Chu Tianlu's face. He took two quick steps forward and cupped his hands in salute to the middle-aged man in the middle.

This sinister-looking middle-aged man was none other than Chu tianliang's father, the man who held all the financial and cultivation resources of the Chu clan, Chu Yingding!

Chu Tianlu was about to introduce Lin Yi to his clansmen and let Chu peiding know Lin Yi's identity and strength when he was interrupted.

"What important guest? Is it these two juniors?" Chu pengding snorted coldly and glanced at Lin Yi and Bing Wuqing in disdain.

He couldn't see Bing Wuqing's cultivation level, but he could clearly see Lin Yi's strength. She was only at the peak of the foundation building realm. Seeing Bing Wuqing walking half a step behind Lin Yi, it was obvious that she was not as powerful as Lin Yi. No matter how strong she was, she was only a little stronger than Lin Yi. She was not worth paying attention to.

It was Chu Tianlu's fault as well. The previous news only mentioned that there was an important guest at the Chu family's door, and they needed the family to prepare a Grand welcome ceremony. There was no mention of Lin Yi and Bing Wuqing's status or strength. Otherwise, Bing Wuqing's status alone would be enough for the Chu family to prepare a Grand welcome ceremony of the highest standard.

"Second uncle, you don't know ..." Chu Tianlu hurriedly tried to explain. Although Chu qianding's faction had never liked him, Chu Tianlu was an honest man who still thought of the Chu clan's overall situation.

Unfortunately, Chu qianding did not want to listen to Chu Tianlu at all. He snorted coldly and interrupted, "I didn't know that you would be so bold! Speak! Where was the conscience? And how did Wenshang and Xing Ping's soul Jade plates shatter? did you collude with outsiders to plot against them?"

This really was a case of wanting to pin a crime on someone without any excuse! Only then did Lin Yi realize that Chu qianding was waiting for Chu Tianlu.

However, it was not surprising. Chu Tianlu and Chu tianliang went out together. Among them, Chu Wenshang and Chu Xing Ping were Chu tianliang's men. Chu tianliang and Chu qianding secretly gave him an offensive and defensive treasure. No matter how one looked at it, Chu Tianlu should have died in the trial on the snake Island.

However, the one who had returned was Chu Tianlu. Chu tianliang's whereabouts were unknown, and Chu Wenshang and Chu Xing Ping were confirmed to be dead. Even if it wasn't Chu Tong ding who was always looking for trouble, any higher-up of the Chu clan would probably look for Chu Tianlu to find out the truth at the first possible moment.

Of course, if it were someone else, they would at least give Chu Tianlu a chance to speak. They would definitely not be like Chu youding, who immediately put a big hat on him.

Just as Chu Tianlu was about to speak, Chu qianding waved his hand and said resolutely, ""Forget it, I don't think you will tell the truth. Guards, lock up this traitor and his two accomplices first, then interrogate them carefully. I don't believe you won't tell me!"

He didn't even let her open her mouth, how did it become not saying? Lin Yi was convinced by Chu peiding's actions. He was obviously bullying an honest man. If Lin Yi was in Chu Tianlu's position, he would've killed him with a slap!

The two peak-level early gold core realm cultivators at the edge of the group immediately unleashed their auras after Chu pengding's words and pressed them down on Chu Tianlu, Lin Yi, and Bing Wuqing.

After receiving Lin Yi's instructions, Bing Wuqing naturally didn't have any reaction. Otherwise, if the Chu family knew that she was using the aura of a golden core stage cultivator to deal with a nascent soul old monster, they would probably all slit their own throats. Wouldn't that be a more painless death?

Chu Tianlu wanted to remind his clansmen that one of the two who came today was a genuine nascent soul old monster, and the other was a ruthless man who could easily manipulate nascent soul old monsters. They should not be offended. Unfortunately, under the pressure of the two peak early gold core realm cultivators, he simply had no ability to speak.

Of course, Chu qianding would not allow Chu Tianlu to speak!

Not all of the Chu clan's higher-ups present were his men. At least half of them were neutral. Although he didn't know what had happened to Chu tianliang, since Chu Wenshang and Chu li were dead, it was

very likely that the Chu clan's treasure that he had secretly given to Chu tianliang had been exposed in front of Chu Tianlu.

Chapter 5476 I'll Testify For Him

No matter what, this matter must not be made known to the upper echelons of the upper echelons. Therefore, Chu qianding had already called for Chu Tianlu to not have a chance to speak.

"Tianlu, don't resist anymore. Otherwise, you'll really be a traitor. Come with us to the discipline Hall obediently!" One of the two peak early golden core cultivators coldly advised. Of course, this was just a formality. Whether Chu Tianlu resisted or not, it made no difference to them.

Seeing that Lin Yi and Bing Wuqing didn't come to his rescue, Chu Tianlu wasn't disappointed at all. On the contrary, he was glad. Otherwise, these two would have annihilated the entire Chu family if they really fell out.

Lin Yi communicated with Chu Tianlu and Bing Wuqing without changing his expression, ""Let's listen to them and see what they're up to. "

The current situation was not enough to make the Chu family cancel the marriage with leaf spirit sect! Lin Yi could, of course, use his strength and power to pressure house Chu, but that would be disadvantageous. After all, Lin Yi wasn't in the right here, and he was usually very reasonable before people provoked him.

Of course, Lin Yi wouldn't have to worry about it if someone came to him.

After hearing Lin Yi's voice transmission, the two of them cooperated and allowed the two golden core cultivators of the Chu family to seal their strength. Of course, this kind of restriction was only effective

on cultivators below the Golden core stage. Bing Wuqing and Lin Yi, who were in the form of primordial spirits, ignored it.

Seeing that Chu Tianlu had been captured so easily, Chu qianding relaxed a lot. At the same time, a hint of ruthlessness flashed across his eyes. Whether Chu tianliang was alive or dead, he would take this opportunity to kill Chu Tianlu!

Lin Yi and the other two were escorted to the discipline Hall by the two peak-level early-golden core cultivators. It was actually just a small yard in the corner, but there was a dungeon under the yard, enough to imprison all the Golden core cultivators.

The two men separated Lin Yi and the other two into three adjacent cells. They didn't say a word and left with cold faces.

Lin Yi waved his hand and used his pure Qi to clear the ground before sitting down cross-legged.

Chu Tianlu walked over and said guiltily, "Senior Lin, I'm really sorry. Because of this Junior's matter, I've implicated you, senior."

"It doesn't matter!" Lin Yi said, waving his hand. Besides, I know what happened to Chu tianliang and his two accomplices. Don't worry, I'll be your witness when your family comes to interrogate you. "

"Many thanks, senior Lin!" Chu Tianlu thanked Lin Yi sincerely, but Lin Yi could feel that he wasn't thanking Lin Yi for being his witness. He was thankful that he didn't attack house Chu with Bing Wuqing!

If it was any other nascent soul old monster, they wouldn't be able to endure such treatment from house Chu. However, Lin Yi and Bing Wuqing didn't say a word and cooperated with house Chu. Naturally, Chu Tianlu was grateful to them for putting house Chu first.

"You're welcome. The people who are interrogating you are already here." Lin Yi raised his eyebrows. His spirit sense had already sensed Chu pengding and two other members of the Chu family entering the dungeon.

The only difference was that Chu youding did not take the lead position this time. Instead, a man who was slightly older than him took the lead. It seemed like his status was higher than Chu youding 's.

Chu Tianlu heard Lin Yi's words and turned around in surprise. He didn't see anyone entering the prison. Clearly, Chu Tianlu's divine sense was a hundred thousand miles inferior to Lin Yi 's.

After a short while, Chu Pingding and the other two walked along the spiral staircase and arrived at the cell where Chu Tianlu and the others were locked up. Lin Yi and Bing Wuqing didn't move at all, treating the three of them as air. Only Chu Tianlu quickly turned to the side that was closer to the aisle and cupped his hands respectfully.

"Chu Tianlu greets first elder and third elder!" Chu Tianlu didn't greet Chu pengding this time, but he still nodded as a greeting. Lin Yi was speechless at Chu Tianlu's sloppy personality.

Since they had already shed all pretenses of cordiality, why should they bother with such a vile person? If it was Lin Yi, he'd either kill the guy with a single slap or ignore him completely.

The leader of the group was the first elder of the Chu family, Chu Yunteng. After seeing Chu Tianlu, he nodded and said, ""Tian Lu, what's going on? tell me, the great elder, about it!"

The other late-stage golden elixir realm cultivator was the third elder that Chu Tianlu had mentioned. He was also the person in charge of the Chu family's discipline Hall. His dark face was expressionless. He just looked at Chu Tianlu coldly. He did not say anything, nor did he move.

Without waiting for Chu Tianlu to speak, Chu qianding interjected, ""Great elder, what else is there to ask? tianliang, Wen Shang, and Xing Ping acted together, but none of the three have returned. Only Chu Tianlu has returned. It's obvious that he colluded with outsiders to harm his brothers. Such a person should be executed immediately!"

Chu Yunteng frowned slightly and said, "hengding, we have to investigate the matter before we can come to a conclusion. How can we convict them so hastily?" Tian Lu is a direct descendant of the Chu clan, and it's possible for him to become the clan head in the future!"

He just couldn't let him become the head of the family! Chu qianding sneered in his heart, but he retorted without giving in, ""Great elder, I, Chu youding, can't agree with you. Chu Tianlu is the only one who has returned. Who knows if he's telling the truth? Since tianliang and the others are not back yet, we'll just have to rely on Chu Tianlu's mouth to tell the truth. "

"Ha ... The way the Chu clan does things is really eye-opening!" Lin Yi couldn't help but sneer as he looked at Chu qianding with disdain, "I know very well what kind of person Chu Tianlu is as someone who has only known him for a short time. It's harder than killing him to make him talk nonsense. On the other hand, you, this whatever medicine cauldron guy, making up lies is your ultimate skill, right?"

Chu Pingding glared at Lin Yi, "Little brat, why are you interrupting as an outsider? After we deal with the traitor of the Chu clan, it will be your turn to settle the score. You don't have to jump out and court death now, do you?"

"I don't care about your Chu clan's Affairs, but regarding Chu tianliang, I'm just giving you a friendly reminder because I was a witness. That kid should be dead by now, right? However, it had nothing to do with Chu Tianlu. He was only trapped in a secret realm in the trial of the snake Island. If you don't have the ability to escape, you can't blame others. " If Lin Yi said he'd testify for Chu Tianlu, he'd keep his word.

Chapter 5477 Imprisoned

However, Lin Yi guessed that Chu pengding would not believe him. Otherwise, he would have given Chu Tianlu a chance to speak. But this was good too-Lin Yi was here to cause trouble, after all, and the troublemaker wasn't afraid of trouble.

"You and Chu Tianlu are obviously Birds of a Feather. Do you think we'll believe you?" Chu Pingding sneered. Tian Liang's soul Jade plate was not even broken, how could he be dead? You're the ones who imprisoned him somewhere, aren't you?"

"Second uncle, what senior Lin said is true ..." Chu Tianlu finally seized the opportunity to say half a sentence but was rudely interrupted by Chu yanding.

"You shut up! What right does a shameless traitor have to speak in front of us? He actually shamelessly addressed this junior as a senior? A mere ant at the peak of the Foundation Stage, what kind of senior is he?" Chu Pingding shouted. After chiding Chu Tianlu, he turned to Chu Yunteng and said, ""Great elder, there's no need to ask. These three people must be colluding with each other. We can be sure just by hearing their mouths full of lies!"

Chu Yunteng frowned and said, "you can't be so arbitrary!" Hengding, I know how you feel. Tianliang is your most beloved son, it's normal for you to be worried. After all, he's my junior. But this matter concerns the road of heaven, and both the palm and the back of the hand are meat. We have to investigate it clearly before we can make a case!"

"Great elder, what else is there to investigate? These three are all accomplices. You're willing to listen to their lies, but I don't want to waste time. Third elder, what do you think? Can they be executed directly?" Chu youding was rather domineering. Not only did he reject the first elder's suggestion, but he also dragged the third elder of the discipline Hall into this.

Even though the third elder was in charge of the discipline Hall, he was secretly part of Chu qianding's group. That was why Chu qianding had sent Chu Tianlu and the other two to the discipline Hall.

Going to the discipline Hall was equivalent to being in Chu youding's territory. He could do whatever he wanted. He did not believe that he could not get the confession he wanted. The only thing that surprised Chu youding was that the first elder, Chu Yunteng, had rushed over after hearing the news.

The third elder did not look at Chu youding. Instead, he looked down at Chu youding and said expressionlessly, ""We have to be clear about everything. We can't be too hasty. However, given that Chu tianliang and the other two have gone missing, there's no evidence. Chu Tianlu is the most suspicious. Hence, their testimonies don't have much value for reference."

"First elder, even third elder said that their words can't be trusted. Do you still have any objections?" Chu qianding looked at the first elder proudly and said in high spirits, ""In my opinion, the traitor Chu Tianlu should be executed immediately. The two accomplices he colluded with should also accompany him!"

Chu Yunteng's face turned a little ugly. He had long known that Chu qianding had the intention to take over the position of the family head, but he did not expect that he would be so arrogant and domineering now. He did not even respect him, the first elder.

"Chu qianding, we must report this matter to the master and let him make a decision. After all, this involves two outstanding direct descendants. It's not something that can be decided so easily!" Chu Yunteng felt a sense of powerlessness in the face of Chu qianding and the third elder's joint attack. He could only use the name of the family head to deal with them.

Speaking of which, he had no relationship with Chu qianding and Chu Tianlu. He was a completely neutral party, the kind that did not have any selfish motives. He was protecting Chu Tianlu for the sake of the Chu clan. However, he would have to fight Chu qianding to the death just to protect Chu Tianlu. This was something that he had to consider carefully.

"The patriarch is currently in seclusion and can't be disturbed before his birthday, so there's no need to trouble the patriarch with such a small matter. Otherwise, what's the point of us elders? Aren't we supposed to share the patriarch's burden at this time?" Chu qianding had the upper hand, so he immediately put on a righteous look.

"Hehe, it's rare to see someone so shameless! Wu Qing, don't you want to come and take a look? Just treat it as watching a monkey show!" Lin Yi's face was full of mockery-he couldn't be bothered to waste any more time on this guy's bullshit.

Upon hearing Lin Yi's call, Bing Wuqing slowly walked to the side of the fence and stuck her head out to take a look. "Boss, are you talking about that old monkey? He's too ugly, can I not look at him?"

It was rare for this cold guy to have a sense of humor. Lin Yi laughed, "How can you be like this? why are you speaking the truth? he's ugly, so you don't have to insult a monkey, right?"

Chu Tianlu, who was standing at the side, finally reacted. He couldn't help but snicker. Although he was an honest man, a man made of mud still had some dirt in him. Chu Tianlu was still quite angry at Chu pengding's overbearing attitude. However, he felt extremely relieved when he heard Bing Wuqing and Lin Yi's teasing.

Chu qianding's face turned red and she said coldly, ""You two foreign juniors, since you can't wait to court death, I'll fulfill your wish and send you to reincarnate as soon as possible!"

Before he finished his sentence, his peak mid-stage golden core aura was fully released. He raised his hands, ready to attack Lin Yi and Bing Wuqing.

Chu Yunteng squinted his eyes, but he didn't stop him. Chu Tianlu was a direct descendant of the Chu family, and it was his duty to protect him. As for Lin Yi and Bing Wuqing, it wasn't worth Chu Yunteng taking the risk of falling out with Chu Pingding.

"Stop! That is senior Bing Wuqing from snow sword sect!" Chu Tianlu paled when he saw that Chu pengding was about to attack Lin Yi and the others. He was not worried about Chu pengding's safety, of course. He was afraid that Chu pengding would anger Lin Yi and Bing Wuqing and bring disaster to the Chu clan.

"Snow sword sect?" Chu qianding stopped in his tracks and hesitated. In terms of influence, the snow sword sect was far more powerful than the Chu family. He had also heard of Bing Wuqing, the genius disciple of the snow sword sect who was already an early-stage golden core expert at such a young age.

Chu Pingding couldn't be blamed for his ignorance. He didn't know that Bing Wuqing had already become a nascent soul old monster. It was because the Chu clan's Foundation wasn't strong enough. The four big and ten small clans and sects basically knew that the snow sword sect had three nascent soul old monsters, and that their rise was unstoppable. However, Bing Wuqing didn't visit the various sects and sects with great fanfare. Therefore, it was normal that the lower-level sects and families hadn't received the news.

Chu Tianlu nodded vigorously. "That's right, senior Bing Wuqing from snow sword sect. She is the nascent Soul Stage Grandmaster of snow sword sect, someone who is on the same level as Grandpa. Second uncle, you must not neglect her."

Chapter 5478 Reporting To The Clan Head

Chu qianding, who was still hesitating, burst into laughter. ""You traitor, you can't even lie properly. Although Bing Wuqing is a genius, who doesn't know that she's only a genius at the beginning stage of the Golden core realm? Yuanying stage ancestor? It was extremely laughable! If you didn't say that, I might have been wary of snow sword sect, but now I've overreached myself, right?"

After he finished speaking, Chu qianding was about to continue his attack. Since he was sure that Chu Tianlu was lying, it didn't matter even if Bing Wuqing was really inside. At most, he would just push all the blame on Chu Tianlu.

Unfortunately, just as Chu Pingding was about to make a move, he was stopped by Chu Yunteng. For the sake of two nobodies, Chu Yunteng naturally would not go against Chu Pingding. However, if one of these two nobodies was a genius of the snow sword sect, it would be completely different. In some ways, Chu Yunteng and Chu Tianlu were quite similar. They could both put down their own interests for the sake of the Chu clan. It was just that the extent of what the two could do was different.

"Stop! Chu qianding, are you trying to put the Chu family on fire? We can't afford to offend the snow sword sect. Whether Bing Wuqing is inside or not, this matter must be handled by the family head!" Chu Yunteng, who had already given in a moment ago, was now quite unyielding.

Not only that, but Chu Yunteng's aura at the peak of the late golden core stage had also fully erupted, firmly suppressing Chu qianding. Although Chu qianding seemed to be more powerful than Chu Yunteng, the first elder, in terms of personal strength, Chu Yunteng was still far from Chu Yunteng.

"First elder, since you insist, let's go to the patriarch and talk about it!" Chu Pingding's face was gloomy. He was not as powerful as Chu Yunteng, so there was nothing he could do. Although he had acted so domineering before, he still could not completely fall out with Chu Yunteng.

If something went wrong, Chu Yunteng might completely lean towards Chu Tianlu!

Chu Tong ding snorted coldly and left with third elder.

Chu Yunteng looked deeply at Chu Tianlu, Lin Yi, and Bing Wuqing, then turned to leave as well. The situation was getting out of control, and he hoped that there would be a turn of events after the clan head appeared. However, he wasn't very confident about it, and he felt a little uneasy.

The facts proved that Chu Yunteng's premonition was correct. Why was Chu youding's strength only at the peak of the intermediate golden core stage, but his power was above that of Chu Yunteng, the first elder? It was all because of the master's trust in Chu qianding!

Chu qianding, who had left first, had successfully convinced the head of the Chu family, Chu Yuntian, with just a few words. This made Chu Yuntian believe that Chu Tianlu had indeed colluded with outsiders to frame his own brothers and family members!

When Chu Yunteng arrived, Chu Yuntian was already furious and his face was extremely gloomy.

"Family head, we still need to investigate this matter carefully ..." Chu Yunteng felt helpless. Chu Yuntian trusted Chu qianding deeply, so he was able to enter the meeting room quickly. However, he, the great elder, was blocked and delayed for a while. As a result, he could not speak with a firm tone now.

Before Chu Yunteng could finish his words, Chu Yuntian waved his hand and said, ""Yunteng, you don't have to say anything more. This unfilial descendant of Chu Tianlu not only colluded with outsiders to harm his own brothers, but also found someone to impersonate a nascent Soul Stage ancestor to come to the clan to swindle people. This is really intolerable!"

Chu Yunteng's heart skipped a beat. Originally, he had hoped that the family head would come forward to turn the situation around. Now it seemed that it was good enough not to add fuel to the fire. For the sake of the Chu family, Chu Yunteng could only bite the bullet and say, ""Clan head, let's put aside the matter of the path of heaven for now. This matter also involves Bing Wuqing of the snow sword sect. In my opinion, that young man doesn't seem to be an imposter. Therefore, we have to be more careful on this matter."

What Chu Yunteng meant was that even if the Chu family was married to leaf spirit sect, they would at most be the last among the ten small sects, not to mention that they were still a small family. They could not be compared with the snow sword sect, which was an old school. Offending the snow sword sect would only bring them more harm than good.

After listening to Chu Yunteng's words, Chu Yuntian calmed down a little. After a moment of silence, he said, ""No matter what, Tian Lu is still my grandson, a direct descendant of the Chu clan. I'll just meet him once and hear what he has to say. As for those two people, whether they're Bing Wuqing from the snow sword sect or not, let them come along."

Chu qingding glared at Chu Yunteng with hatred. If it wasn't for this old man, Chu Tianlu would have been dead by now!

However, it didn't matter now. Since Chu Yuntian already had a preconceived impression of Chu Tianlu, it would probably be difficult for him to believe Chu Tianlu's words. If Chu Yuntian didn't have such a character, Chu Pingding wouldn't have had the opportunity to control the entire Chu clan's economic lifeline.

"Hengding, get someone to bring Chu Tianlu and the two outsiders out of the dungeon. Come to my Yangyuan Hall to see me." Chu Yuntian turned his head and gave an order. Then, he stood up and prepared to leave.

This was Chu Yuntian's cultivation room. Naturally, he couldn't let outsiders in casually, and the Yangyuan Hall was the place where he received outsiders.

"Yes, master!" Chu qianding bowed. He didn't want Chu Tianlu to be released from the dungeon so quickly. Even if he had to be sent back later, he wouldn't be willing.

However, Chu Yuntian was the head of the family and a nascent soul old monster. With Chu Yuntian's identity, it was obviously impossible for him to lower his status and go to the dungeon. He could only send people to bring the three people out and take them to the Yangyuan Hall.

As for Chu qianding himself, he would never leave Chu Yuntian's side. He did not want Chu Yunteng to ruin the good situation by talking nonsense.

Seeing Chu Yuntian stand up and leave, Chu Yiding and Chu Yunteng both looked at each other with an unfriendly look. They didn't say anything and quietly followed Chu Yuntian to the Yangyuan Hall.

After a while, Chu Tianlu, Lin Yi, and Bing Wuqing were escorted over. Since they were here to see the head of the Chu family, Chu pengding's subordinates did not make things difficult for them.

"Grandpa!" As soon as he entered the Yangyuan Hall, Chu Tianlu took two steps forward and knelt down.

Lin Yi shook his head-this guy was just too honest! He should've at least cried and complained a bit when he knelt down, and all he did was call him Grandpa-people might've thought he was guilty.

Chu qianding snorted and said,"you're a traitor. How dare you call me Grandpa?" Call me master!"

"The matter hasn't been concluded yet. How can you put the label of a traitor on the heavenly road?" Chu Yunteng immediately stood up to refute Chu qianding. He had made up his mind today. Since he had already offended Chu qianding, it didn't matter how much more or less he did.

Chapter 5479 Coveting The Spiritual Fruit

Chu Yuntian raised his hand and said,"shut up!" You two aren't kids anymore, how can you do this?"

After he finished speaking, he swept his gaze across Lin Yi and Bing Wuqing before finally landing on Chu Tianlu. He sighed softly,""Tian Lu, tell us the truth. You can't hide anything!"

"Yes!" Chu Tianlu nodded respectfully before straightening his back and saying, ""In fact, the matter started after the start of the trial on the snake Island. The four of us teamed up to find the spiritual fruit, but at the last moment, Tian Liang brought Chu Wenshang and Chu Xing Ping to attack me, wanting to kill me!"

"You're lying!" "If the three of them wanted to kill you, would you have come back alive?" Chu qianding sneered and refuted. Let alone three people, even Chu Wenshang alone would be able to easily deal with you, right?"

There was one more thing that Chu youding did not say. The offensive and defensive treasures that he had given to Chu tianliang in private were all top-notch weapons that belonged to the Chu clan. Even without Chu Wenshang, Chu tianliang alone would be enough to deal with Chu Tianlu easily and happily.

Chu Yuntian nodded. He felt that what Chu Yingding said made sense. However, his attention was not on this. After Chu Yingding finished speaking, he immediately asked, ""Tian Lu, did you get the spiritual awareness fruit?"

Lin Yi rolled his eyes-he was getting sold again!

As expected, Chu Tianlu said after a moment of hesitation, ""Grandpa, I didn't get any spiritual fruit." She glanced at Lin Yi.

There wasn't anything wrong with what he said, but the problem was the look he gave Lin Yi. It wasn't that Chu Tianlu wanted to sell Lin Yi out on purpose, but he subconsciously didn't want to hide it from his Grandpa. Although he didn't say it directly that Lin Yi had the fruit, that look was enough to say a lot.

Everyone present was a wily old fox, who wouldn't understand the meaning behind it? It wasn't just Chu Yuntian, even Chu Yunteng and Chu Pingding looked at Lin Yi with more enthusiasm!

The spiritual fruit was a treasure that could directly increase the level of the spiritual sense. The small world of the immemorial era focused on the cultivation of the spiritual sense to drive the cultivation of the physical body. A spiritual fruit was definitely worth more than a pill that could directly increase the level of strength!

"Chu Tianlu, you've finally given yourself away, haven't you?" Chu Yunding suddenly roared. He also coveted the spiritual fruit, but he knew that even if there was a spiritual fruit, it would not be his turn to enjoy it.

At this time, the most important thing was to confirm Chu Tianlu's crime. Therefore, he had to take advantage of the situation and use the spiritual fruit to make Chu Yuntian give up on Chu Tianlu completely.

"You still said that Tian Liang and the other two wanted to kill you, but it was clearly you who colluded with outsiders to kill your own brothers and clansmen for the spiritual fruit! I was still wondering what reason you had to deal with Tian Liang and kill Wen Shang and Xing Ping, so it was to kill and steal the treasure!" Chu Qinding almost believed that this was the truth after he said this!

A liar would be able to tell a lie that even he himself would believe. Naturally, he would be successful in deceiving others, especially Chu Yuntian. Previously, he already had a strong first impression that Chu Tianlu had indeed colluded with outsiders. Now that even his motive had been found out by Chu Yunding, what else was there to doubt?

Especially when it came to the spiritual fruit. If Chu Yuntian could get his hands on the spiritual fruit, it was very possible for him to break through to the peak of the early stage of nascent soul. Since he knew

that the spiritual fruit was most likely in Lin Yi's hands, he would not let Chu Tianlu go no matter what. Only by getting hold of Chu Tianlu's weakness would he be able to implicate Lin Yi and even Bing Wuqing, and make the snow sword sect speechless.

"The heavenly road! I didn't expect that you would still refuse to tell the truth in front of me, the head of the family. This old man is truly disappointed in you!" Chu Yuntian's face was full of disappointment and anger. He shook his head disappointedly and said, ""Since you're still unwilling to reveal the truth, then this old man, as the family head, can only use the Family Law and put righteousness before family for once!"

Pa pa pa pa! Lin Yi's applause was steady, but not fast. It sounded like he was hitting someone in the face.

"Indeed, life is like a play, it all depends on acting! I've really opened my eyes today!" Lin Yi's face was full of mockery as he looked at Chu Yuntian, the head of the Chu family, and said indifferently, ""Old man, Tian Lu is your grandson after all. If you want to deal with him, you don't have to use such fake acting to insult other people's intelligence. Just do it openly!"

Chu Yuntian was just about to look for trouble with Lin Yi, but he didn't think that it would come right to his door. He immediately sneered, "Who the hell are you! How dare you be so impudent in front of this old man! But it doesn't matter anymore. Since you're in cahoots with Chu Tianlu, you'll definitely have a part to play in the matter of Chu tianliang and the other two. You better be prepared to keep Chu Tianlu company!"

"I told you not to find excuses. Don't find excuses. Just do what you want to do openly!" "Your poor acting skills really leave me speechless!" Lin Yi continued to mock.

He pointed at Tianlu and continued, "He's telling the truth, but you didn't listen to a single word he said. Oh, I'm sorry, but you did listen to a few things, such as the spiritual fruit. "

Chu Yuntian's face turned ugly. What Lin Yi said was the truth. It was because they were the truth that Chu Yuntian was so upset when they were exposed.

"You treated Chu Tianlu's words as farts, but you treated that Idiot's farts as immortal Qi and breathed in all of it?" Lin Yi pulled Chu qianding into his attack range and said mercilessly, ""Since you've chosen to be shameless, you might as well tear off all the veils of shame. If you're shameless to the end, I'll still look up to you a little!"

"Impudent junior!" Chu Yuntian suddenly became angry from embarrassment. After becoming a nascent soul old monster, there were not many people in the small Jianghu of the ancient times who were qualified to talk to him like this, and they did not even show him any mercy.

He was here to cause trouble for Lin Yi and steal the spirit sense fruit, so now it was time to attack!

"Don't think that just because you have snow sword sect behind you, I won't dare to touch you! Even if Yu Taicang comes, this old man won't let you off today!" Chu Yuntian made up his mind and released all of his strength without hesitation. He raised his hand and grabbed at Lin Yi.

And then ... There was no ' and then '!

It wasn't Lin Yi who made a move, but Bing Wuqing who had flashed in front of Lin Yi, shielding him behind her.

Before Lin Yi had even opened his mouth, he had already told Bing Wuqing that if the other party made a move, they could immediately counterattack. So, as soon as Chu Yuntian moved, Bing Wuqing had already reacted. Now, she would carry out Lin Yi's orders without any hesitation.

Chapter 5480 The Conditions Of The Exchange

"Nascent ... Nascent soul old monster!" Chu Yuntian's raised arm froze in mid-air. He looked at Bing Wuqing, who was displaying the power of the peak of the early nascent Soul Stage, in shock. For a moment, he didn't know how to react.

This was unrealistic! There really was a nascent soul old monster! Didn't they say that Bing Wuqing was only at the early gold core realm? What was going on?

At this time, Chu Yuntian felt as if ten thousand spirit beasts were galloping and howling in his heart. You are obviously a nascent soul old monster, but you still want to act weak and let people take you to the dungeon. Do you have masochistic tendencies or are you clearly here to trick people?!

Chu youding, who shared the same feelings as Chu Yuntian, had never expected that Bing Wuqing was actually a nascent soul old monster! No, he should have thought of it, because he knew better than anyone that everything Chu Tianlu said was basically the truth. It was just that he was used to treating it as a lie.

An honest man who never lied had said that Bing Wuqing was a nascent soul old monster, but Chu youding didn't believe him. What else could he say now?

Lin Yi smiled faintly and shrugged at the silent group, "Yu Taicang didn't come, but I don't think he'll be able to come. By the way, Master Chu, what are you going to do to us?"

"Ah, my head is so itchy. I have to scratch it!" Chu Yuntian let out a dry cough and retracted his arm that was frozen in the air. He mechanically scratched the back of his head and then said with a righteous tone, ""If Yu Taicang comes, he definitely won't let you interfere in other people's Affairs. Since he didn't come, then ... Then there's nothing for you to do!"

Pfft! This works too? Lin Yi was shocked-this old man's skin was so thick that even a machine gun from the common world wouldn't be able to penetrate it!

Chu Yuntian was also sullen in his heart. He was a nascent Soul Stage elder, one of the few people at the top of the small Jianghu in the ancient times. When had he ever been so depressed?

However, Bing Wuqing's strength was even above his, and the snow sword sect behind her was also far stronger than the Chu clan. Chu Yuntian could only swallow his anger.

After quietly retracting his aura, Chu Yuntian smiled awkwardly and said, ""That ... So it's really snow sword sect's distinguished guest, I'm sorry for the delay! Let's not talk about those misunderstandings from before. "

Lin Yi looked at Chu Yuntian playfully and smiled faintly, ""Oh? Was everything before a misunderstanding? Does this mean that you all believe Chu Tianlu's words?"

Chu Yuntian secretly gritted his teeth and forced a smile, ""This matter still needs to be investigated properly. There's no need to rush to a conclusion now."

Bing Wuqing's face was cold, and she said indifferently, ""I can testify for Chu Tianlu. What he said is the truth!"

At first, they didn't know Bing Wuqing's identity. Even if they did, they would have thought that she was just a junior in the early golden core stage who could testify for them. Of course, Chu Yuntian and the others could listen to whatever they wanted.

Things were completely different now. Bing Wuqing was also a nascent soul old monster, and her strength was even higher than Chu Yuntian 's. Her status was also extremely noble. If she said that she could testify for Chu Tianlu, Chu qianding would not dare to say a word. Even Chu Yuntian would have to think it over carefully.

"Thank you for your testimony, Mr. Bing. I will deal with this matter." Chu Yuntian's face was a little ugly. He squinted his eyes and said, ""Speaking of which, snow sword sect's reputation is really quite good. Your sect has always been independent and has never had much interaction with other sects. That's why our Chu clan hasn't received any news of fellow Daoist Bing's breakthrough to the nascent Soul Stage. "

What he meant was that the snow sword sect didn't have the habit of interfering with the affairs of other sects and clans. Although Bing Wuqing was a nascent Soul Stage old monster, it was best for her not to come to the Chu clan and give orders.

After all, Chu Yuntian was also a nascent soul old monster. It was absolutely impossible for him to yield to Bing Wuqing and listen to her every word from now on.

"By the way, may I know who you are? I've long heard of fellow Daoist ICE's name in snow sword sect, but I've never heard of this young friend. " Chu Yuntian didn't want to dwell on the topic and changed the topic to Lin Yi.

With Bing Wuqing's strength and status, Chu Yuntian wouldn't have any other thoughts if the spiritual fruit was in his hands. However, judging from Chu Tianlu's behavior, it seemed that Lin Yi had obtained the spiritual fruit. Therefore, Chu Yuntian still had some thoughts. He was going to investigate Lin Yi's background and make a decision according to the situation.

"Hehe, I'm not from snow sword sect." Lin Yi smiled and shrugged, not showing any respect for snow sword sect at all. This made Chu Yuntian secretly happy, thinking that there was a chance of getting the spiritual fruit.

"So you're not from snow sword sect? However, seeing little friend's heroic bearing, you must have come from a famous sect, right?" Chu Yuntian continued to put on a gentle smile. If Lin Yi was really a small character with no background, Chu Yuntian wouldn't be afraid even if he had Bing Wuqing as a friend.

Besides, in Chu Yuntian's opinion, Bing Wuqing had just happened to be there. Otherwise, how could he, a dignified nascent soul old monster, be on good terms with an ant who had just completed the foundation building realm?

"Old man, aren't you going around in circles just to find out my background? Then, let's see if you can take the spiritual fruit from me! Just say it, why waste so much effort?" Lin Yi's face was full of mockery. He was here to cause trouble, and if Chu Yuntian were to admit defeat after seeing Bing Wuqing's strength, it would go against his original intention.

Chu Yuntian's face darkened. He was a nascent soul realm old monster, and the Chu family's master was so polite to him. Anyone who came would give him some face. But why did this kid not play by the rules?

Why didn't he think about the fact that Lin Yi had been mocking him before? why would he suddenly treat him well? Not to mention, Chu Yuntian never let go of Chu Tianlu's matter. Even if Lin Yi wasn't here to cause trouble, he wouldn't be nice to him.

Tianlu didn't want Lin Yi and house Chu's relationship to worsen, and he interrupted weakly, ""Grandpa, senior Lin is from the green cloud School of the North Island ..."

Chu Yuntian's heart thumped again. The green cloud School of the North Island was also an existence that the Chu clan did not dare to provoke. Especially the green cloud School of the North Island, the sky Gate, and the Xuanji school, the three sects were all on the same side. Even the snow sword sect would probably not dare to easily go against them.

No wonder Bing Wuqing was hanging out with this brat surnamed Lin. It turned out that they both had similar backgrounds! However, the snow sword sect and the green cloud School didn't seem to have any relationship. Could it be that they had some kind of agreement in private?
