Chapter 5481 A Sincere Analysis

Chu Yuntian was thinking too much at that moment, but he immediately retracted his thoughts. Since he knew that Lin Yi was not a simple person, he couldn't take the spirit sense fruit by force.

"Hahaha, so you're a disciple of the blue cloud School from the North Island. Our Chu family is honored to have fellow Daoist Bing from the snow sword sect and young friend Lin from the blue cloud School visit us at the same time. I'm so happy. My birthday is in a few days, so why don't the two of you do me a favor and stay with our Chu family for a few days? How about you come to my birthday banquet together?" Chu Yuntian's ability to change his facial expression was getting better and better. He spoke as if he was talking to two old friends, without the slightest embarrassment from before.

Remembering that Lin Yi and Bing Wuqing were standing up for Chu Tianlu, Chu Yuntian didn't wait for them to answer and turned to Chu Tianlu, "Tianlu, regarding tianliang's matter, this old man will still investigate it properly. If there is really nothing wrong with you, this old man will not wrongly accuse you. You don't need to go to the dungeon for the time being. Just accompany these two distinguished guests!"

Lin Yi laughed coldly in his heart. This old man clearly didn't trust Chu Tianlu, or he wouldn't be calling him "old man" all the time. Normally, people would use "Grandpa" to address themselves when talking to Chu Tianlu, right?

Bing Wuqing didn't respond to Chu Yuntian's invitation and just stood there expressionlessly. She was only here to accompany Lin Yi, so he could decide what to do next.

Lin Yi thought that this wasn't the best time to bring up Duanmu Yu's marriage, so he nodded indifferently, "That's it then. Tianlu, let's go. Help us settle down first."

Before Chu Tianlu could say anything, Chu Yuntian raised his hand with a dry smile and said, ""Oh right, little friend Lin, did you manage to obtain that spiritual awareness fruit in the end?"

"So what if I am?" Lin Yi didn't deny it-there was no point in doing so. Tianlu was there, and he'd tell him everything if Yuntian asked. He might even tell him more.

"Little friend Lin, you see, using a spirit sense fruit is too much of a waste at your current realm. How about this old master use a golden core to exchange with you? this is much better than using a spirit sense fruit to improve. Of course, a golden core golden core might not be as valuable as a spirit sense fruit. How about this, I'll add some other natural treasures, and if you need spirit Jade, that's fine too. What do you think?" In order to get the spiritual fruit, Chu Yuntian had to give up his old face.

With Bing Wuqing and Lin Yi's Green cloud sect backing him up, Chu Yuntian had already given up on the idea of snatching the fruit by force. However, he still didn't give up. He wanted to use something to exchange for the spirit sense fruit. However, he didn't think about it. If he got the spirit sense fruit and someone else used the same conditions to exchange for it, would he give it away?

Lin Yi looked at Chu Yuntian as if he was an idiot. He took out a spirit sense fruit and threw it up and down a few times, "You're saying that it's too wasteful for me to use the spirit sense fruit now?"

Chu Yuntian didn't know what Lin Yi meant and could only nod.

"Hmm, in that case, it's quite a waste!" Lin Yi's acknowledgment made Chu Yuntian secretly happy, thinking that this exchange was a success.

Then, Chu Yuntian saw Lin Yi bring the spirit sense fruit to his mouth and took a big bite. He mumbled as he ate, "Crunchy and delicious! Why do you care if I waste it or not?"

Chu Yuntian almost spat out a mouthful of blood. That was a spiritual fruit! You're just going to treat it as a rotten apple? Even if he didn't fast or take a bath, he should at least be serious, right? Eating it would help him level up. Didn't he need to go into seclusion?

If it was someone else, Chu Yuntian wouldn't be wrong, but Lin Yi really did treat the spirit sense fruit like an Apple.

The spirit fruit's medicinal properties were gentle, unlike the spirit grass's tyrannical way of refining spirit. If it was spirit grass, Lin Yi wouldn't have dared to gnaw on it so casually.

As for leveling up, Lin Yi still had nine spirit tumors in his soul that he hadn't gotten rid of. Before that, the spirit sense fruit wouldn't be able to level him up at all, so there was no need for him to go into closed door training.

Lin Yi munched on the spiritual fruit as he called Bing Wuqing and Chu Tianlu to leave. As for Chu Yuntian and the others, he couldn't be bothered with them.

Bing Wuqing was cold as ice to begin with, so she followed Lin Yi's example and turned around to leave. Chu Tianlu, on the other hand, didn't dare to do the same as Lin Yi and the others. He bowed respectfully to the three of them one by one, then left.

After the three of them had left, Chu qianding heaved a sigh of relief. He immediately jumped out to fan the flames. "Clan head, you're not going to believe Chu Tianlu just like that, are you? This matter is so strange!"

"Chu Yingding, what else do you want? The head of the family said that he would investigate this matter!" Chu Yunteng glared at Chu youding. Although the development of the situation was beyond his expectations, it was still a good trend. He did not want anything to happen because of Chu youding.

Chu Yuntian, who was suppressing his anger, immediately growled, ""Don't be noisy! Don't you think I'm annoying enough?"

Chu Pingding understood that Chu Yuntian was extremely dissatisfied with Lin Yi and the other two, especially since Lin Yi had eaten the spiritual fruit in front of him. If it weren't for the Qingyun school and Bing Wuqing, Chu Yuntian would have killed Lin Yi. So, this situation was more advantageous to Chu Pingding.

Taking advantage of the fact that Chu Yunteng had given up after being yelled at, Chu qianding continued, ""Clan head, I'm not trying to pick a fight. Chu Tianlu is indeed suspicious! Think about it, if he knew Bing Wuqing from snow sword sect and Lin Yi from Qingyun school, why didn't he mention them before? If we had said earlier that we had these two strong helpers, our Chu family wouldn't have to rely on marriage to obtain the qualifications to enter the ten Little ones!"

This was indeed true. Not only Chu Yuntian, but even Chu Yunteng couldn't refute it. If the Chu family could use these two people to establish a relationship with the snow sword sect and the Qingyun school, it would be many times more effective than the already declining leaf spirit sect.

"If Chu Tianlu didn't bring this up, it'd be fine. But after the trial ended, tianliang went missing, and Wen Shang and Xing Ping died. He brought Bing Wuqing and Lin Yi back. Master, tell me, what is Chu Tianlu's

intention?" Seeing that Chu Yuntian had taken in her words, Chu Pingding continued to analyze the situation 'sincerely'.

Before Chu Yuntian and Chu Tianlu could figure out what Chu Tianlu meant, Chu qianding had already raised her voice and waved her fist fiercely. "Chu Tianlu is forcing me to abdicate! Don't look at this kid who had always pretended to be honest, it could be seen now that he was completely a Wolf with wild ambitions! Tianliang is the only one in the younger generation who is more outstanding than Chu Tianlu. So, Chu Tianlu secretly planned to take advantage of this trial to bring people to harm tianliang, and then use Bing Wuqing and Lin Yi's influence to force the master to acknowledge him as the heir of the Chu family!"

Chapter 5482 The Pill Was Snatched

Chu qianding felt that he was awesome after hearing what he said. He was actually able to deduce such a perfect truth. If he had been to the secular world, he might have even added a sentence in a pretentious manner, "There can only be one truth!"

Chu Yuntian had already believed Chu youding's words before, and now he believed it even more. Even Chu Yunteng fell silent, not knowing how to refute Chu youding's words.

"Hengding, make good arrangements for the two' important guests 'these few days. Don't give them any excuse to act up. As for Chu Tianlu, he was allowed to move around freely for the time being. However, someone had to monitor his movements in secret at all times. After these two leave the Chu clan, I'll settle the score with this unfilial descendant!" Chu Yuntian made the decision with a gloomy face. Chu youding was overjoyed, but Chu Yunteng could not raise any objections. After all, it was a decision made in front of the family head. He could not object.

Chu Tianlu didn't know that he had been labeled as a traitor by the Chu family. He was still thanking Lin Yi and Bing Wuqing happily, "This time, it's all thanks to senior Lin and senior Bing's help as witnesses. Otherwise, I would really have been misunderstood by the family!"

Lin Yi shook his head. This poor kid was too naive! The group of people led by Chu qianding has never misunderstood you!

Naturally, there would be servants to arrange for guests. Chu Tianlu was only accompanying them. Under the guidance of the disciples of the Chu family, Lin Yi and Bing Wuqing were arranged to stay in a separate courtyard. The environment was quiet and elegant, and it was obvious that this wasn't a place for ordinary guests.

"Two seniors, this is the guest room for our Chu clan's distinguished guests. If there's anything you need, you can just instruct the servants to do it." Chu Tianlu and Lin Yi were quite familiar with each other, but he still spoke with respect.

"This place isn't too bad," Lin Yi nodded nonchalantly, "it's only for a few days, you don't have to worry about it. "

After a pause, Lin Yi took out the internal elixir and passed it to Chu Tianlu, ""I'll give you this inner core. Prepare the pill recipes and send them to me. This is what we agreed on before. Is there a problem?"

Chu Tianlu was overjoyed. He immediately extended his hands and carefully received the inner core."Of course, no problem. Senior Lin, you've been a great help to me. With this nascent Soul Stage sea beast's inner core, my grandfather will have the opportunity to refine a nascent soul golden core to break through his current realm. Perhaps the problem with me will be completely resolved."

"It's good that there's no problem. Get this done as soon as possible!"He said. Lin Yi waved his hand, signaling for Tianlu to leave.

"Yes! Then senior Lin, senior Bing, you two have a good rest. I'll take my leave first! The pill recipe will be sent over very soon. " Chu Tianlu held the inner core and bowed respectfully. Then, he happily went to find the pill formula.

After Chu Tianlu had left, Bing Wuqing shook her head and said, ""Boss, if you want these pill recipes, I can also find a way to get them. After all, in the ancient martial world, the most precious things are the ingredients and alchemists. As for these pill recipes, they aren't too rare. "

"Hehe, so you're saying that I don't have to give the inner core to Chu Tianlu?" Lin Yi turned to Bing Wuqing and asked with a smile.

A rare smile appeared on Bing Wuqing's expressionless face. ""No, what I mean is, if boss really wants these pill recipes, I can think of a way to get them. As for Chu Tianlu, let's not have too much hope, shall we?"

"Back when we were on the island, I still had some hope for Chu Tianlu. However, with the current situation, it's really impossible to exchange for the pill formula. However, this is also what I hope for." Lin Yi shrugged and walked back to his room. "You should rest for a while too. Let's wait and see what that inner core will bring us in the end."

"Yes! Boss Lin Yi!" Bing Wuqing agreed and pondered for a moment before revealing an expression of understanding. After Lin Yi entered his room, she walked into the room next to his and sat down cross-legged to cultivate.

After about twenty minutes, Chu Tianlu returned to Lin Yi's courtyard with a bitter face. He paced back and forth in front of Lin Yi's room, but didn't go up to knock.

Lin Yi knew that Chu Tianlu was coming, so he didn't make him wait long. He opened the door and walked out, "You're done?"

"Senior Lin, I'm too useless. I didn't get the pill recipe you wanted." Chu Tianlu was extremely ashamed. He lowered his head and cupped his fists.

"It's fine if you can't get it, but does your family not have these pill recipes?" Lin Yi had already expected this outcome. With Chu Tianlu's awkward position in house Chu, it would be a miracle if he could get the recipe.

To exchange the inner core of a nascent Soul Stage sea beast for a pill formula, the most important thing was not the pill formula but the inner core!

Lin Yi knew that with Chu Tianlu's current status, he wouldn't be able to get the recipe, but house Chu wouldn't just give up on the core of an original infant stage sea beast. This was especially true when the inner core was in Chu Tianlu's hands.

As expected, Chu Tianlu's next words confirmed Lin Yi's guess. "I should have the pill formula, but Chu qianding is not willing to give it to me. Not only that, he even snatched your inner core, saying that his youngest son, Chu Tianhao, bought it and prepared it as a birthday gift for grandfather. "

"You're going to exchange the inner core with Chu qianding for the pill formula?" Lin Yi was completely speechless. He'd planned for Chu Tianlu to attract the attention of those people from house Chu, but he didn't think that this guy would be so honest to the point of directly trading with Chu peiding.

Don't you know that Chu qianding has completely fallen out with you just now? Not only did he happily accept the inner core that was delivered to his door, but he also did not take the opportunity to accuse him of stealing and then kill him. Chu qianding was already being exceptionally kind.

To be honest, if Chu Yuntian didn't say that Chu Tianlu would stay temporarily to entertain Lin Yi and Chu peiding, Chu peiding might really take the opportunity to deal with Chu Tianlu. However, this was not something Lin Yi could predict.

Chu Tianlu realized that he had indeed done something stupid. He replied, feeling a little embarrassed, "Chu qianding is in charge of all the finances and resources of the Chu clan. If we want to make an exchange, we can only go to him. Therefore ..."

So, he just gave himself up to be snatched by others?

Lin Yi rubbed his forehead helplessly. This was his plan from the start, and Chu Tianlu's appearance this time was even more effective than he expected. However, Lin Yi really had nothing to say about Chu Tianlu's personality!

Chapter 5483 The Chu Family's Birthday Banquet

She wondered how this fellow managed to grow up to such an age and participate in the trial alive and well under the coveting eyes of Chu qianding and his son.

"Senior Lin, although the inner core was stolen, this junior will definitely find a way to get the pill recipe back to you! If I can't, I'd rather die to atone for my sins!" Tianlu felt that he owed Lin Yi too much, and so he swore the oath.

Lin Yi waved his hand, "it's not that serious, it's just an inner core." Didn't you say that Chu qianding wanted to present his youngest son as a gift on Chu Yuntian's birthday? I'll just go and get it back then. "

If Chu peiding dared to take Lin Yi's things, he would naturally have an excuse. For example, he could say that Lin Yi's inner core was pocketed by Chu Tianlu, but would Lin Yi care about such an excuse?

After some thought, Lin Yi decided to add a few more words to prevent Chu Tianlu from going into a dead end. "You really don't have to worry about it. I'll handle this matter. Keep a low profile for the next few days and don't provoke Chu qianding and the others. We'll talk about it again on your grandfather's birthday."

"Thank you for your advice, senior Lin," Chu Tianlu said solemnly. "I understand!"

After all, Chu Tianlu was just being honest, not a fool. Lin Yi could understand what he meant. After feeling his own status drop and Chu qiangding's malicious intent, he knew that he had to keep a low profile and protect himself.

Everything would be revealed on Chu Yuntian's birthday in a few days!

On the day of Chu Yuntian's birthday banquet, the Chu family's residence was decorated with lights and decorations, and the atmosphere was jubilant. Lin Yi and Bing Wuqing had also received the invitation early on, and they came to the Chu family's reception hall with Chu Tianlu.

At this time, there were already many guests in the reception hall. Before they entered, they could already hear Chu Yuntian's hearty laughter. He was obviously in a good mood.

"Let's just sit by the door and have some peace!" Lin Yi didn't want to get involved.

Bing Wuqing was completely following Lin Yi's lead, so she naturally didn't have any objections. Chu Tianlu, who was used to keeping a low profile these few days, didn't feel that it was inappropriate, so the three of them sat down in an empty corner after entering the room.

From this position, he could see everything in the hall without attracting attention. It was an ideal position for Lin Yi.

Most of the practitioners in the hall were focused on Chu Yuntian, not paying any attention to the three people at the corner of the door. Anyone with status would be invited to sit beside Chu Yuntian, and the ones sitting in the corner were mostly the younger generation. With Lin Yi and the other two's age, it wasn't too strange.

"Hehe, your Chu clan's face is not small. There are quite a number of sects that have come to offer their congratulations." Lin Yi glanced at it casually and chuckled, "There are almost a dozen nascent soul old monsters. I think it won't be a problem for your Chu family to be promoted to one of the ten small sects."

"Thank you for your kind words, senior Lin!" Chu Tianlu hurriedly cupped his fists and bowed to express his thanks. There was nothing happier for this fellow, who had been thinking of the Chu clan with all his heart, than to hear that the Chu clan was flourishing.

Lin Yi waved his hand and didn't say anything, but his eyes fell on the two people beside Chu Yunteng.

Ye Qingcheng, the sect leader of leaf spirit sect!

As for the beauty with a gloomy look beside ye Qingcheng, she was Duanmu Yu!

He didn't expect Duanmu Yu to come to the Chu clan as well! Lin Yi had a faint smile on his face-it made sense. Since the leaf spirit sect was preparing to marry into the Chu family, Duanmu Yu, the main character of the marriage, had to come to Chu Yuntian's birthday.

Lin Yi looked at Duanmu Yu, then at Chu Yuntian. This was good too, he thought. He'd just settle this once and for all today!

Bing Wuqing seemed to have noticed some problems as well. ""Boss Lin Yi, Duanmu Yu doesn't look right. Should we go and take a look?"

Bing Wuqing was aware of the relationship between Lin Yi and Duanmu Yu, so she subconsciously observed Duanmu Yu carefully when she saw him. She found that his eyes were empty, without any expression.

"It's alright, it's just that I have too many things on my mind!" Lin Yi didn't mind. There was nothing wrong with Duanmu Yu-he wouldn't have that depressing aura otherwise.

He knew that Duanmu Yu was fine, but seeing her like this made Lin Yi's heart ache.

Bing Wuqing looked at Duanmu Yu again, but she didn't say anything.

As time went on, the guests were almost all here. Those who were far away basically arrived a day early, so Lin Yi's group was soon filled with young practitioners. After Chu Yuntian stood up and thanked them, the banquet started.

Delicious food was served, but the three only had a small taste of it, chatting with the people around them.

After three rounds of drinks, the disciples of the Chu clan began to present their birthday gifts. This was a necessary process at a birthday banquet, and it was to let people see the prosperity of a clan.

"Grandpa master, I wish you good fortune and longevity!" The first to come out were the third generation of the Chu family's branch family. In terms of seniority, they could indeed be considered Chu Yuntian's grandsons.

This branch family descendant had given him a formation diagram that was hand-drawn by a famous artist. Although it was a simple formation diagram, it was still a pretty good thing. It was barely qualified to be the first birthday gift.

Chu Yuntian nodded with a smile. It was hard to tell if he was satisfied or not. Chu qianding, who was standing beside him, took the array map and put it aside.

"Why do I feel that Chu peiding's aura is unstable? did he break through in the past two days?" Lin Yi frowned.

"I've never heard of it!" Chu Tianlu raised his head and looked at Chu youding strangely. He shook his head and said, "He should be arranging grandpa's birthday banquet these few days. Where would he find the time to go into seclusion and break through?"

At Chu Tianlu's level, he wouldn't be able to tell whether Chu pengding had broken through or not. However, what he said made sense. Chu pengding had been busy preparing for the birthday banquet these few days, so he shouldn't have had the time to break through in seclusion, unless he was like Bing Wuqing, who had the support of a rich man like Lin Yi who gave away pills like candy.

Bing Wuqing also looked at Chu qianding carefully, then shook her head at Lin Yi, indicating that he couldn't see anything unusual.

Lin Yi shrugged and said nonchalantly, "Maybe I was wrong. Forget it, I don't need to care too much about such a small character."

Chu Tianlu sweated a little. Only a ruthless man like Lin Yi could call Chu peiding, a peak mid-stage golden core cultivator, a small fry. In any sect or family, a peak-stage mid-stage golden core cultivator was a high-end combat power.

Chapter 5484 Inner Core Battle

With a few words, a few more branch family descendants sent the birthday gifts that they had prepared. The value was not too precious, and could only be said to be average. Chu Yuntian also maintained his previous smile.

Lin Yi suddenly turned to Tianlu. "What gift have you prepared? Although this old man doesn't really like you, he's still your grandfather. "

Chu Tianlu was extremely embarrassed to be called an old man by Lin Yi in front of his face. He pretended not to hear it and lowered his head, "I originally wanted to use that inner core as a birthday gift. However, after it was snatched away by Chu qianding, I had to think of other ways. To be honest, the things I've prepared now are only about the same as the gifts my cousins gave me."

As a direct descendant of Chu Tianlu's family, giving him something similar to a branch disciple was already very degrading. Lin Yi chuckled, ""Then you'd better not send me off. Otherwise, your grandfather will give you a hard time again."

Without waiting for Chu Tianlu to reply, Lin Yi lifted his chin and pointed at Chu pengding, ""You'd better go and get the inner core back later. Since you prepared it, why should it benefit that old brat, right?"

"Senior Lin is right," Chu Tianlu said solemnly. "Besides, this inner core still belongs to you, senior Lin. Before I give you the pill formula, the inner core can't be considered as my possession." Don't worry, senior Lin, I'll go all out today to get the inner core back. "

Lin Yi smiled faintly, thinking that the kid would be so lucky to get the core back on his own.

No matter what, it was now time to take back the thread that he had laid down previously. If everything went smoothly, not only would he be able to clear Chu Tianlu's name and regain his rightful status, he would also be able to destroy Duanmu Yu's marriage.

After a short while, Chu youding's youngest son, Chu Tianhao, appeared with his head held high and chest puffed out, holding an antique-looking purple-red wooden box.

"Greetings, grandson Chu Tian. I wish Grandpa a long life and eternal happiness! This is a small gift from your grandson. I hope you will like it. " Chu Tianhao had a well-behaved look on his face. After he knelt down and finished speaking, he kowtowed three times.

This was much more sincere than the other branch family descendants. Chu Yuntian laughed and said, ""Good, good, good. You're really my good grandson. Hurry up and get up. Don't knock so hard next time. Did it hurt?"

"Your grandson's feelings for grandfather can not be expressed without a heavy kowtow. I hope grandfather can understand this!" Chu Tianhao's face was serious, as if he was telling the truth.

"A cultivator at the peak of the late stage of the foundation building realm kowtowed three times, and the brick on the ground didn't even crack. How dare you say that it's serious!" Duanmu Yu, who was at the side, did not know what was wrong with him. He suddenly pouted and muttered.

However, the moment she mumbled, it just so happened that Chu Tianhao had finished speaking. Everyone in the hall was quiet, waiting to see what Chu Tianhao would give Chu Yuntian. Therefore, Duanmu Yu 's' whisper 'was just enough for everyone to hear clearly. After all, they were all cultivators, and having good hearing and sight was a basic quality.

Chu Tianhao's pretty boy face instantly turned red. He knew Duanmu Yu, and he knew that as long as he could win Chu Yuntian's favor, he would have full confidence in marrying this beautiful woman.

However, he did not expect that the woman he had been coveting for a long time would suddenly say such a sarcastic sentence, which really put him in a difficult position.

The smile on Chu Yuntian's face also froze. Fortunately, ye Qingcheng reacted quickly and immediately scolded, ""Duanmu Yu, what nonsense are you spouting? Hurry up and apologize to senior Chu and young master Tianhao!"

Duanmu Yu snorted, her face full of reluctance. With her personality, she wouldn't do anything impolite, but the thought of marrying this pretty boy made Lin Yi's shadow flash across her mind, and she stabbed Chu Tianhao with this sentence.

Chu Yuntian laughed and waved his hand, ""It's fine, it's fine. Sect leader ye, don't take it too seriously. It's normal for young people to like to joke around. Do we old people not want to see our children and grandchildren playing around in front of us?"

The meaning of his words was that he already regarded Duanmu Yu as his own grandson. He would no longer pursue her rudeness.

Ye Qingcheng said with a smile, "senior Chu, you're really broad-minded, I'm impressed!" That's right, young master Tianhao's birthday gift seems to be an extremely precious treasure. Hurry up and let us broaden our horizons!"

Both of them were cunning old foxes who had managed to smooth out the sudden situation with just a few words. Ye Qingcheng complimented him and then shifted the topic to Chu Tianhao without any trace of deliberate intention.

Chu Tian kindly said, "this little girl actually dared to not give me face. Wait and see how I'll deal with you when I marry her in the future!"

After hearing ye Qingcheng's words, Chu Tianhao cleared his mind and lifted the purple rosewood box to the level of his forehead.

"Grandpa, this is the core of a nascent Soul Stage sea beast that your grandson collected after much effort. I hope that it can help you to refine a nascent soul golden core and reach a higher level!" Chu Tianhao said with a smug look on his face as he slowly opened the purple rosewood box.

A faint water blue light rose from the wooden box, and waves of pure spiritual energy fluctuations were faintly emitted from the open wooden box.

Gasps immediately sounded in the hall. There were many nascent soul old monsters in the hall. The attraction of this sea beast's inner core was definitely not small.

Chu Yuntian was also surprised and happy. He was happy that Chu Tianhao could actually find a nascent Soul Stage sea beast's inner core. And judging from the size of the inner core, it was as big as two fists. If it was used to refine a nascent soul golden pill, it could be divided into at least three parts. If he found an Alchemist to refine the pill, three parts of materials were basically guaranteed to produce one pill.

What shocked him was that Chu Tianhao had actually taken out the inner core of a nascent Soul Stage sea beast just like that. Didn't he know that there were more than ten nascent soul old monsters here? Don't you know that a man's wealth will make him guilty? Don't you know that I'm the weakest early Yuanying stage cultivator? If someone tried to snatch it, who would help you keep the inner core?

Feeling the greedy eyes of the few nascent soul realm old monsters around him, Chu Yuntian couldn't wait to put away the sea beast's inner core immediately. However, under the watchful eyes of so many people, it would be too embarrassing to do so. Moreover, he had already seen what he wanted to see, so there was no point in putting it away.

"Grandpa, he's lying! I prepared this inner core for Grandpa!" Just as Chu Yuntian was struggling internally, Chu Tianlu appeared out of nowhere. He stood beside Chu Tianhao and glared at him.

Chapter 5485 This Is The Evidence

Chu Tianhao's heart skipped a beat. However, his father, Chu qianding, had warned him long ago that Chu Tianlu might jump out to fight for it, so he was still rather calm now.

He cast a disdainful glance at Chu Tianlu, who was standing beside him, and said arrogantly, "Oh, I was wondering who it was. Isn't this my traitor cousin? Why? You killed my brother, and now you want to snatch the inner core I prepared for Grandpa?"

"You're talking nonsense!" The word "traitor" immediately provoked Chu Tianlu. One could tell how agitated he was just by looking at his flushed face. After all, the reputation of a traitor was too heavy for someone who was dedicated to the clan.

"I'm talking nonsense? Whether I'm talking nonsense or you're doing something outrageous, you and I both know in our hearts!" Chu Tianhao's face was full of righteousness, which really made people feel that there was something wrong with Chu Tianlu.

Only the people involved knew in their hearts who was spouting nonsense!

"Grandfather, I really got this core from the two seniors. I was going to give it to grandfather as a birthday gift, but it was stolen by second uncle!" Chu Tianlu didn't want to argue with Chu Tianhao, so he knelt in front of Chu Yuntian and said with grief and indignation.

Lin Yi shook his head in the dark-what was the point of doing this? But Lin Yi already knew that Chu Tianlu's presence was useless-it was just a spark.

Chu youding snorted and said, "what a joke. Let's not talk about whether I'll snatch something from a junior like you. Tell me, what did you use to exchange for such a precious nascent Soul Stage sea beast's inner core?" Since you exchanged for it, how could I snatch it away? Since I took it, why didn't you come to complain to the patriarch earlier? why did you have to come out at this time to make a mess?"

It had to be said that Chu qianding's words were quite sharp. The people around him nodded in agreement. Eight out of ten people believed that Chu Tianlu was just being unreasonable, while the other two were just watching the show and were eager for Chu Tianlu to continue retorting. It would be best if the Chu clan could have an internal strife. That would be interesting.

Chu Tianlu straightened his neck and said angrily, "senior Lin gave me the inner core first. He wanted me to be the witness and Exchange it for a few pill formulas with you. In the end, not only did you snatch my inner core, you didn't even give me a single pill formula!" You've been keeping Grandpa in the dark for the past few days. Even if you go to Grandpa, you'll definitely stop me!"

"Ridiculous. I can tell you're lying just by your incoherent remarks." Chu qianding's face was full of disdain. He retorted mercilessly, ""One moment, you said that it was senior Lin's inner core and that it was just for you to prove it. The next moment, you said that it was your own. You even said that for a few pill recipes, someone would actually use a nascent soul inner core to exchange for a pill recipe? And how dare you say that the master was deceived by me? Could it be that in your eyes, the patriarch is so muddleheaded?"

Seeing Chu Yuntian's face slowly turn dark, Chu Pingding was secretly pleased with himself. He deeply felt that his intelligence was superior to Chu Tianlu's. Chu Tianlu was absolutely powerful!

Chu Tianlu was anxious and blurted out, "Then what did you use to exchange for the inner core?"

Chu Tianhao chuckled. "Traitor cousin, don't worry. What my father and I are going to exchange for is definitely much more valuable than the elixir recipes you've mentioned. But you don't need to know!"

"Nonsense! Do you have any evidence? This is clearly the inner core you stole from me. I don't believe you can find someone who can exchange it for you!" Chu Tianlu could only feel his blood boiling. He blurted out the words without thinking, not knowing if what he said made sense.

However, Chu Tianlu didn't think about it. Chu Youding was the person who controlled the entire Chu clan's economy. How difficult would it be to find a chamber of Commerce to admit that they had sold the inner core to Chu Youding?

Sure enough, Chu Qianding had prepared an excuse long ago. He laughed in a condescending manner and said, "Of course I can prove the origin of the inner core, but you, how can you prove everything you said? Or perhaps, your senior Lin did give you an inner core in exchange for something, but you pocketed it for yourself and then framed us?"

Lin Yi laughed coldly. This Chu Peiding was trying to make him shut up. After all, Lin Yi had some background.

Chu Tianlu was speechless. If he wanted to prove the origin of the inner core, he could only ask Lin Yi to come out. However, Lin Yi didn't have any evidence to prove that the inner core was his!

Since that was the case, there was no point in dragging Lin Yi into this. Chu Tianlu gritted his teeth and thought to himself, "I'd rather take this on myself!"

Suddenly, a package flew to Chu Tianlu's side, and a sharp blade appeared in the corner. Lin Yi's voice came, ""Use this to prove that the inner core is ours. When these things are placed together with the inner core, there will be a weak resonance."

Chu Tianlu was overjoyed. He immediately opened the package. It contained the materials from the Dead Sea crab that he had dissected personally that day. There was only a claw tip and a small piece of shell in the package, but it was enough to prove the source of the inner core.

However, Chu Tianlu was a little curious-when did Lin Yi bring these things with him? when he returned to the Chu house that day, these materials were all on Chu Tianlu's flying spirit beast and he didn't even bother to take them down before he was locked up.

After Chu Tianlu regained his freedom, he went to look for these things again, but they were completely gone. No one knew where they had gone either.

All the materials were piled up. After all, it was a small mountain that was as tall as two people. Chu Tianlu even suspected that Chu youding had pocketed it for himself, but he had no way to verify it.

In fact, Lin Yi turned these things into essence spirits and stored them in the Jade space when no one was paying attention. They were all good for refining weapons, and it was good to give them to the king of junk later. He didn't want to let that old brat Chu qingding take advantage of them.

"This is the evidence! Did you see that? This is the tip of a claw and a piece of shell of a sea crab, an early nascent soul realm sea beast. After the two seniors killed the sea crab, I dissected it myself. It has the same root and origin as the inner core, and there will be a weak resonance when placed together. Do you dare to give it a try?" Chu Tianlu stood up abruptly and approached Chu Tianhao with the materials from the sea crab.

Chu Tianhao was shocked. He didn't know if Chu Tianlu was telling the truth, but he knew very well that the inner core did belong to Chu Tianlu. Therefore, he didn't dare to let Chu Tianlu try it.

Chu peiding's face was also quite unsightly. He didn't know that Lin Yi and the others got the inner core from killing the sea crab themselves, but since Chu Tianlu said so, it should be true. He was already at a disadvantage for not trusting an honest man like Chu Tianlu before, so it was better to trust him now.

Chapter 5486 The Fish Doesn't Die, The Net Breaks

Faced with the suddenly aggressive Chu Tianlu, Chu qianding and his son fell silent. Chu Yuntian immediately felt that something was not right.

Although this old man was headstrong and self-opinionated, he was also extremely suspicious. When he trusted people, he might not show anything, but once he became suspicious, everything would be overturned by him, and everything would be listed as a target of suspicion.

Now was the time for Chu Yuntian to be suspicious of Chu youding. He believed everything that Chu youding said before, but the more he thought about it, the more he felt that something was amiss.

"Tian Lu, what exactly is going on? tell this old man honestly!" Chu Yuntian's face was cold as he glanced at Chu youding and the others. Finally, his gaze stopped on Chu Tianlu and he ordered in an unquestionable tone.

"Yes," Chu Tianlu immediately said respectfully, "these are the sea crabs and sea beasts that the two seniors and I killed on a small island when we left the snake Island ..."

This time, Chu Tianlu was smart. He didn't tell them that Lin Yi had separated from the two before coming to help. He started from the moment Lin Yi came to deal with the sea crabs with Bing Wuqing, making people think that the three had been together the whole time, and that they were together when they met the sea crabs.

Strictly speaking, what Chu Tianlu said was the truth. It was just that there was a time difference. Whether others would misunderstand or not, it was not his problem.

After Chu Tianlu finished, Chu Yuntian could be sure that Chu Tianlu was not lying without the need to verify the resonance between the inner core and the materials. So, who was the one who lied about Chu tianliang?

Chu peiding's expression changed, but he didn't interrupt Chu Tianlu's story. This surprised Lin Yi. Could it be that Chu peiding knew that he had lost and had given up?

Chu Yuntian cast a cold glance at Chu qianding and snorted. Then, he said to Chu Tianlu, "Tianlu, tell me about you and tianliang again!"

Chu Yunteng was stunned. He quickly walked up and said in a low voice, "Patriarch, should we discuss this matter in private later? After all, there are many honored guests present. "

If it weren't for the fact that dirty linen should not be aired in public, Chu Yunteng wouldn't be in the mood to help Chu qianding out of this predicament. Although he and Chu qianding had not completely fallen out, they were not far from it.

Chu Yuntian squinted his eyes and looked around. He forced a smile and said, ""My fellow Daoists, Chu Yuntian has some family matters to attend to. If he has been rude, please excuse him."

As he spoke, he cupped his hands and made a bow. Then, he waved his hand and released a barrier of true energy, which wrapped himself, Chu youding, Chu Tianlu, and the others.

"It doesn't matter now. Tianlu, if you have something to say, just say it!" Chu Yuntian said with a gloomy face. No matter what the final result was, today was already a very embarrassing day.

Chu Pingding sneered. "Chu Tianlu, since the clan head wants you to say it, just say it. I'd like to see what other lies you can come up with."

"I'll say it! I, Chu Tianlu, have an indomitable spirit and have never lied. Every word I say is the truth, and I have a clear conscience!" Chu Tianlu said proudly, immediately recounting everything that had happened earlier.

This time, Chu qianding didn't interrupt him at all. He allowed Chu Tianlu to tell him everything in detail, which surprised Chu Tianlu.

When Chu Tianlu mentioned that Chu tianliang had used the shapeshifting urn to take Chu Wenshang's place, Chu Yuntian's face was so dark that it could drip water. He didn't feel sorry for Chu Wenshang, but for the shapeshifting urn!

Such a one-time use treasure that could save one's life at a critical moment was actually used by Chu tianliang in private. As for the person who gave Chu tianliang the shapeshifting urn, there was no need to ask to know who it was.

When Chu Yuntian heard that Chu tianliang still had the falling shadow shield, he instantly exploded. Fortunately, Chu Tianlu was careful this time and did not tell him about the heart of the spiritual fruit. He only said that he was ambushed by Chu tianliang during his exploration. Otherwise, Chu Yuntian's attention would have been distracted by the heart of the spiritual fruit.

"Chu qianding, why don't you tell me what exactly is going on? How did the shapeshifting urn and the falling shadow shield in the family's Treasury end up in Chu tianliang's hands?" Chu Yuntian was already on the verge of going berserk. He glared at Chu qianding with bloodshot eyes.

This was not only because of the two treasures. No matter what, Chu Yuntian was still the head of the Chu clan. Although two disposable treasures were precious, it was not impossible for him to bear them. What Chu Yuntian was really angry about was that he had been played like a fool by Chu qingding and his son. Any headstrong person would definitely be an extremely conceited and arrogant existence. How could he tolerate the fact that he had been played like a monkey all this time?

Chu qianding laughed out loud and said, "clan head, are you going to believe whatever Chu Tianlu says now? Are you going to punish me for my crime?"

"You still dare to quibble!" "Do you really think I'm a fool?" Chu Yuntian roared. "Whether Chu Tianlu is lying or not, we'll know once we check the amount of the shapeshifting urn and the falling shadow

shield in the clan's Treasury. Do you think he would tell such a clumsy lie? Or are you not going to shed tears until you see your coffin? do you want me to personally check what treasures are missing from the Treasury?"

Chu qianding pouted, shrugged, and said nonchalantly, ""It doesn't matter. If you're free, you can go and take a look. However, I'm not afraid to tell you that it was indeed me who gave it to tianliang for him to use to save his life. So what? Tianliang is also your grandson. As the young master of the Chu family, can't you use these two one-time use items?"

"You actually admitted it! You actually dare to admit it like this! Good! You're quite responsible!" Chu Yuntian was greatly surprised, but he did not think much about it. Just as he had said, it was easy to find out whether Chu Tianlu was lying or not with a simple investigation. Chu qianding had no room to deny it.

"Men, take this unfilial son, Chu qianding, into custody. After the birthday banquet, I will personally deal with him!" Chu Yuntian removed his true energy barrier and pointed his sword at Chu youding. He ordered the Chu clan to capture Chu youding.

"Hahahaha! Old thing, you really want to catch me!" Chu Tong ding laughed out loud. He did not seem to realize that he had become a traitor of the Chu clan after being exposed. Instead, he arrogantly slapped away Chu Yuntian's finger and said, ""Old fool! Do you really think I'm afraid of you? I was giving you face before. If you had cooperated obediently and continued to play dumb, I could have let you continue to be the family head for a few more days. Now that you want to capture me, we'll just go our separate ways and not break the net!"

As he said that, he pointed at Chu Yuntian and laughed disdainfully, ""Oh, I think I'm the fish that doesn't die, you're the one who breaks the net!"

Chapter 5487 Who Isn't A Nascent Soul Cultivator?

Chu Yuntian was so angry that he laughed instead. The genuine Qi in his body surged, and his strength of the early Yuanying stage was fully revealed. "Evil creature! This old man has really raised a son like you in vain. Come, come, come, let this old man see how strong your net is, to be able to kill this old man without breaking!"

"He's just an early nascent Soul Stage cultivator, is that so great?" Chu qianding looked at Chu Yuntian with eyes full of pity and ridicule. She then said slowly, ""It's as if someone isn't an early nascent soul realm cultivator!"

As soon as he finished speaking, his aura soared. It was equally powerful, equally violent, equally disdainful of early nascent soul realm cultivators!

"How is that possible?" Chu Yuntian was shocked, and so was Chu Yunteng! A few days ago, Chu youding was still at the peak of the intermediate stage of the Golden core realm. How did he suddenly become an early stage nascent soul realm cultivator?

You can level up like this? One step a day? When did cultivation and leveling up become as fast as walking the stairs? Chu Yunteng suddenly felt that he had wasted his previous decades!

"What is going on?" Chu Yunteng and Chu Yuntian looked at each other, but they asked the same question. No one knew the answer.

Could it be that Chu youding had obtained several spiritual sense fruits, a golden core, a golden core, and a nascent soul golden core? It didn't make sense!

Lin Yi was the only one in the hall who had expected this. He pinched his chin and pondered when he saw Chu pengding's power. As expected, there was a problem. He was not mistaken. This old fellow's unstable aura was indeed caused by a breakthrough. However, he didn't expect to break through to the early Yuanying stage so quickly.

Other than Lin Yi himself, there was only one other sect in the common world, Sky Class Island, or the ancient martial world that could do this.

The center!

This damn central had already extended their influence to the Chu family? His movements were really fast!

"Old man, you're no longer suitable to be the head of the Chu family. You should abdicate as soon as possible. I'm your son, after all. Why don't you let me sit in this position for a few years?" Chu qianding chuckled. He had originally planned to help his son become the young master. Now, it was the same. If he became the master, his son would be the young master too!

"Evil creature, I don't know what kind of evil means you used to raise your level, but you think you can compete with this old man? Today, I'll let you see what the foundation of an experienced early Yuanying stage cultivator is!" How could Chu Yuntian tolerate Chu qianding replacing him in such a way? He was about to make a move and take care of this unfilial son.

Both of them were at the early nascent Soul Stage. Chu youding had clearly just broken through and his aura had not yet stabilized. Chu Yuntian was certain of this and thought that he had more than an 80% chance of defeating Chu youding!

Seeing the two nascent Soul Stage cultivators of the Chu family having an internal strife, the guests in the hall had already left the hall to make room for them.

What a joke. Although it was good to watch a show, it was better to watch from a distance when facing a battle between two Yuanying stage old monsters.

As the crowd retreated, most of the tables were empty except for the table near Chu qianding. There were two hooded men sitting at the table.

Lin Yi didn't pay much attention to these people before, but now that he looked closely, he realized that they were old acquaintances.

The two of them stood up slowly and arrived beside Chu youding in a flash. They removed their hoods and revealed their true faces. They were Xue Jianfeng and Yu Taicang.

Lin Yi guessed that Chu qianding's upgrade was related to central, so he wasn't surprised to see the two.

Xue Jianfeng said arrogantly, "old man, you said you want to show Chu qianding the power of an early nascent soul realm cultivator?" Let's see if this young master can make your minced meat sink to the bottom of the sewer first!"

As he spoke, Xue Jianfeng also activated his own cultivation technique. That tyrannical and unparalleled momentum had actually reached the level of the peak nascent soul realm!

Chu Yuntian's aura was completely suppressed, and the movement he was about to make was also forcibly retracted.

"The great circle of the nascent Soul Stage!" Chu Yuntian's expression changed in shock. He had never expected that there would be an existence at the peak of the nascent soul realm behind Chu peiding. This was the most powerful combat force in the small Jianghu of the immemorial era!

Xue Jianfeng was extremely proud. He did not expect that after joining the central, he would be able to reach the peak of the original level so quickly. At this time, there were few people in the small ancient pugilistic world who could be his opponent.

Even if there were a few veteran peak nascent soul realm cultivators, Xue Jianfeng wasn't afraid at all. Because behind him was the center, and beside him, there were many peak nascent soul realm cultivators, such as Yu Taicang!

"Elder Yu, you should also show off your skills. Otherwise, this old thing will not know how powerful you are!" Seeing Chu Yuntian trembling in fear in front of him, Xue Jianfeng's vanity was greatly satisfied, so he wanted to pull Yu Taicang to enjoy this feeling together.

Yu Taicang had joined central in order to improve his strength. Now that his dream had come true, if he didn't show off, wouldn't it be like returning home in glory? Therefore, he smiled and nodded, releasing all the Qi of the great circle of the original level.

"Another peak nascent soul realm?!" Chu Yuntian was completely terrified. He was still confident that he could win against Chu youding, who was only at the early nascent soul realm. However, he had no intention of resisting Xue Jianfeng, who was at the great circle of the nascent soul realm. Now that there was Yu Taicang, he did not kneel down on the spot, which was already a good display of his willpower.

"Seniors, this is the Chu clan's matter. Why are you interfering? Although the strength of the two seniors is astonishing, aren't you afraid of giving others a chance to gossip by doing this?" Chu Yuntian's body did not dare to resist, but his mouth was still making a final struggle.

"Give people an excuse? I'm so scared! Would he be besieged if he gave them a chance to gossip? It's too scary. I have to prepare a few more sets of clothes. Otherwise, if I kill too many people and it's all blood, I won't have enough to change into!" At first, Xue Jianfeng made a scared expression, but then he changed the topic and began to laugh wildly.

Chu Yuntian was both shocked and angry, but there was nothing he could do. With Xue Jianfeng's strength as a peak nascent soul realm cultivator, he could do whatever he wanted in the ancient Jianghu. Unless he was besieged by cultivators of the same level, ordinary cultivators would die no matter how many they went.

"You old fool, what are you still hoping for at this point?" "Can't you see the situation before you?" Chu qianding laughed sarcastically. In your hands, the Chu family will be destroyed sooner or later, but in my hands, prosperity is something that can happen anytime, anywhere!"

Chapter 5488 Remember To Eat But Not To Beat

Chu Yuntian smiled bitterly and sighed, "I understand. From today onwards, I, Chu Yuntian, will abdicate and become the Chu clan's Supreme elder. Chu qianding will take over as the clan head, effective immediately."

To be honest, Chu Yuntian's feelings were complicated. He had been forced to abdicate by his son and outsiders. He had lost all his face. However, looking at the foreign aid that Chu qianding had befriended, it was obvious that he was right. The Chu clan would have a chance to rise in power in his hands.

Chu Yuntian looked at Chu qianding with a mixed feeling of relief and sadness. This was his son! Although he was talented, his heart was not right, and he was too radical. If he could develop the Chu clan steadily with him, the Chu clan might be able to rise.

As for now, in the short term, it seemed that the Chu clan's rise would be even faster. However, it was hard to say what would happen in the future.

Chu qianding beamed with joy after hearing Chu Yuntian's announcement. He had been waiting for this moment for a long time. He had been planning for this moment for a long time!

"Since I, Chu Yiding, have taken over as the clan head, the first thing I'm going to do is to clean up the house. Chu Tianlu, this traitor, has deluded the public with lies, harmed his brothers, stolen the clan's treasures, colluded with outsiders, and so on. His crimes are simply unforgivable. Drag him out and kill him immediately!" Chu qianding pointed at Chu Tianlu in high spirits and announced Chu Tianlu's crimes loudly.

The descendants of the Chu clan did not dare to object. Even the old clan head, Chu Yuntian, had abdicated under Chu youding's coercion. If they disobeyed Chu youding's orders now, they knew what the consequences would be.

The two early gold core realm disciples of the Chu family quickly walked towards Chu Tianlu, ready to drag him down and kill him.

Chu youding suddenly waved his hand. "Wait. Let him watch from the side. Otherwise, he won't be able to rest in peace!"

After stopping the two disciples of the Chu family, Chu qianding said to Chu Tianhao with a smile, ""Good heavens, let father arrange a marriage for you. If that traitor wasn't sick in the head, this marriage would have been his!"

Chu Tianlu didn't care about Chu Pingding's smug look at all. He was thinking about how he could turn the tide in this situation. After thinking about it, it seemed that there was no other way except for Lin Yi.

As for whether Lin Yi would be able to turn things around, it was hard to guarantee.

"Sect leader ye Qingcheng, let's fix the marriage that we've agreed on before? My son, Chu Tianhao, is a direct descendant of the Chu clan and will inherit the position of the young clan head in the future. There shouldn't be any problem for him to match up with your sect's Duanmu Yu, right?" With Chu youding's current strength, it was no longer important whether or not he had an alliance with leaf spirit sect.

However, no one knew a son better than his father. Chu youding was well aware of Chu Tianhao's desire for Duanmu Yu. Therefore, the marriage had to continue.

Ye Qingcheng hurriedly pulled Duanmu Yu into the room and said, ""No problem, no problem. Speaking of which, young master Tianhao is really a man of striking appearance! Our Xiaoyu is climbing the social ladder! Since Master Chu doesn't mind our clumsy girl, Xiao Yu, then let's just settle it like this? It's better to have an engagement today than to choose another day. "

Lin Yi frowned and sent a message to Bing Wuqing, "Wu Qing, go and protect Chu Tianlu first. Don't let this brat die by accident."

"Yes! Boss Lin Yi!" Bing Wuqing nodded in agreement. She stood up, separated herself from the crowd in front of her, and walked over boldly.

"Chu Tianlu is someone I, Bing Wuqing, brought back. Kill him? Who would dare!" Bing Wuqing's body was exuding a cold aura. With every step she took, frost would quickly spread from the bottom of her feet, forming a thin layer of ice on the ground.

Although the aura of the peak of the early nascent Soul Stage was not as powerful as that of Xue Jianfeng and Yu Taicang, it was more solid and sharp, and it seemed to be able to break through the auras of the two of them.

Bing Wuqing?!" Xue Jianfeng was overjoyed. He had never heard Chu qianding mention that Bing Wuqing was here. Otherwise, he would have gone to find her.

All this while, Xue Jianfeng had not been able to gain any advantage over Bing Wuqing. Now that Xue Jianfeng was already a top-tier expert of the nascent soul realm, how could he not seek revenge from Xue Jianfeng?

Chu youding wanted to tell Xue Jianfeng about Bing Wuqing. After all, both Xue Jianfeng and Yu Taicang were from the snow sword sect. He was still wondering if these three people had any connection. However, he had been really busy these few days, and he had to leave some time for central to improve his strength. As time went by, he didn't have the chance to meet Xue Jianfeng and Yu Taicang, which was why he had been delayed.

"That's great, I've been looking for you but I couldn't find you. So you've been hiding here!" Xue Jianfeng smiled proudly, "Chu Tianlu is one of your men?" Then we really can't kill him. We have to torture him and make him wish he was dead!"

Bing Wuqing looked at Xue Jianfeng coldly, and said, ""You can try!"

"I'll try it!" The corner of Xue Jianfeng's mouth curled up. He was about to make a move to torture Chu Tianlu. However, before he could do anything, he discovered that countless tiny black ice crystals were floating in the air around his body. The temperature had also dropped rapidly, and even the air seemed to be frozen.

"Is this ... The merciless ICE FORCE?!" Xue Jianfeng looked at the thin layer of black ice on his body in disbelief. He couldn't understand how the seemingly useless emotionless ICE FORCE had suddenly become so strange and overbearing.

Just the evolved version of the emotionless ice was enough to threaten Xue Jianfeng's safety. Therefore, he didn't dare to take any more risks and quickly called out, ""Elder Yu, this Bing Wuqing is a little strange. Let's join forces and get rid of her as soon as possible!"

Yu Taicang nodded and said, " You attack from the front, I'll support from the side!"

Xue Jianfeng almost vomited blood. If I could threaten him directly, why would I ask for your help?

However, no matter what, they were two nascent soul realm cultivators. If they were to attack Bing Wuqing at the same time, no matter how powerful his new ruthless ICE FORCE was, it wouldn't be able to withstand it.

Suddenly, an indifferent voice sounded beside Xue Jianfeng, ""You've really forgotten the pain after the scar has healed! Why can't you remember? You're really an idiot who only remembers what you've eaten and not what you've been beaten up for. Do you still want me to continue to teach you a lesson?"

Xue Jianfeng subconsciously shivered. The voice was too scary, it had left a shadow in his heart. He turned his head stiffly. Who else could it be but Lin Yi?

"F * ck! Lin Yi, what are you doing here? Can you stop following this young master like a shadow?" Xue Jianfeng didn't feel right after he said that-Lin Yi was a bastard that couldn't be judged with common sense. He was asking for a beating!

Chapter 5489 One Wave After Another

No, I'm a peak nascent soul realm master, there's no one stronger than me in the entire ancient martial world, who the hell is this Lin Yi?

Lin Yi looked at Xue Jianfeng and said, ""It's not easy, you even know about the existence of a stalker. But ruthless and I have been living here for a few days, and if we're talking about a stalker, it seems you are!"

Chu qianding pointed at Lin Yi, "This kid isn't a good guy either. He's a little strange. Let's attack together and kill these two guys!"

Xue Jianfeng's neck shrunk subconsciously. Although he was cheering himself on, his intuition told him that it was better to stay away from that Chu Pingding in front of Lin Yi.

As expected, Lin Yi didn't even need to make a move. Bing Wuqing had already quietly appeared beside Chu pengding and reached out to grab her finger,""My boss hates it when others point at him, so I think you don't need this trash anymore, right? Then bid it farewell!"

Before he could finish his sentence, two cracking sounds could be heard. The fingers that Chu Pingding had stretched out had been completely broken by Bing Wuqing. The fingers were connected to her heart. Chu Pingding immediately let out a blood-curdling scream, causing the people around him to shiver uncontrollably.

How could a mere early-stage nascent soul realm cultivator who had relied on the central drug and had yet to stabilize his strength be a match for Bing Wuqing, who was at the peak of the early-stage nascent soul realm? If it wasn't for the fact that Lin Yi didn't give the order, Bing Wuqing would've finished him off already.

Chu youding's finger was broken and he pointed it at his own nose. Unable to bear the pain, he knelt down and screamed in pain.

"How dare you, Bing Wuqing!" Yu Taicang shouted and rushed forward. He was different from Xue Jianfeng. He had never suffered a big loss from Lin Yi's hands. Although he was a little afraid of Lin Yi, he had already reached the peak nascent soul realm that he had always dreamed of. Seeing Chu peiding suffer a loss, he immediately wanted to help.

Bing Wuqing snorted coldly, not having the slightest intention of backing down, even if Yu Taicang's strength was clearly a few levels higher than hers!

Tiny black ice crystals filled the hall in an instant, and the power of the merciless ICE FORCE erupted in all its might, causing the air to ring with a slight sound of ice freezing.

Yu Taicang's expression changed slightly, but he still said with a faint smile, "You've made some progress, as expected of the genius of our snow sword sect! However, aren't you being a little rude to me, the Grand Elder?"

Before he could finish his sentence, Yu Taicang's right wrist shook, and a white light burst out. Within the light, a nearly transparent sword blade stabbed at Bing Wuqing like a venomous snake.

Snow sword sect's sword technique was not to be trifled with. Especially after Yu Taicang pulled out the shattered ice sword, its power increased a bit. Even the upgraded ruthless ICE FORCE could only be torn apart by the shattered ice sword.

Bing Wuqing's pupils contracted, and black icicles appeared out of thin air in her palms. The black icicle in her left hand swept across her body with all her might, leaving an afterimage behind, in an attempt to Parry Yu Taicang's icicle sword. The black icicle in her right hand, however, was flung out by Bing Wuqing, appearing in front of Yu Taicang's chest as if she had teleported.

Even if he had broken through to the xuansheng stage, he would definitely be seriously injured if Bing Wuqing's Black icicle pierced his heart, let alone Yu Taicang who was only at the great circle of the nascent Soul Stage. However, Yu Taicang was a nascent soul old monster who had been famous for a long time. He was different from Xue Jianfeng, who had forcibly advanced from the foundation establishment stage to the great circle of the nascent Soul Stage. After all, he had the foundation of the mid-stage of the nascent Soul Stage before, and his strength after the advancement was relatively more stable.

Facing Bing Wuqing's fatal black icicles, Yu Taicang didn't even blink. The shattered ice sword merely rotated slightly, and the sword's body immediately produced a pulling force, pulling the black icicles that brushed past it toward it.

In this way, the direction of the black icicle was completely different. Not only did it avoid Yu Taicang's heart, but it couldn't even hit his body. The black icicle that Bing Wuqing used to Parry with her left hand missed when the icebreaking sword was spinning.

Yu Taicang's face revealed a sinister smile. To be able to kill a genius with his own hands, especially a genius from his own sect, the feeling seemed to be quite good!

Bing Wuqing's face was still expressionless. Even though the aura of death had completely submerged her, it didn't move this iceberg-like man at all. The tip of the dazzling shattered ice sword was almost touching his throat. Even if Bing Wuqing wanted to retreat, there was no way to do so. Furthermore, Lin Yi was behind her. At this moment, Bing Wuqing, who had always been calm and rational, actually couldn't Dodge it, or she would threaten Lin Yi!

At first, Bing Wuqing was going to Dodge it subconsciously, but she stopped firmly after a slight shake. Lin Yi, who was behind her, understood what Bing Wuqing was thinking in an instant. It didn't matter if she was sincere or if it was just a subconscious action, Lin Yi appreciated it.

Besides, he couldn't really let anything happen to Bing Wuqing in front of Lin Yi. When the icebreaking sword shone, Lin Yi was already prepared to attack.

Soul snatching hand!

In the face of Bing Wuqing's fatal danger, Lin Yi didn't hesitate to use the soul-devouring hand, instead of the divine sense vortex that he hadn't studied thoroughly yet. He was worried that Bing Wuqing would suffer at Yu Taicang's hands!

Bing Wuqing was almost ready to accept the cold sensation of the icebreaking sword piercing into her throat, but she wasn't the type to close her eyes and wait for death. Even if she was going to die, she would definitely try her best to drag someone down with her. So, in that instant, the Black Ice spike in her left hand was also thrown out. Her target wasn't Yu Taicang's body, but the other black ice spike that had been diverted by the icebreaking sword.

In just a short moment, the situation had changed. From Yu Taicang's sword attack to Bing Wuqing's counterattack, Yu Taicang's counterattack and counterattack almost killed Bing Wuqing. Then, Bing Wuqing's counterattack before her death, and Lin Yi's intervention, everything happened almost at the same time. Those below the nascent Soul Stage outside the hall didn't even have the chance to see their movements clearly, and the nascent soul experts could only see the general picture.

Of course, no one could see Lin Yi's soul-devouring hand clearly-only Yu Taicang himself knew what kind of attack he was under, but he didn't have the chance to say it!

"This is our chance!" Bing Wuqing was almost ready to face death, but she suddenly realized that Yu Taicang's body had stiffened, and even the shattered ice sword had stopped. The cold air on the tip of the sword had already cut the skin on Bing Wuqing's throat, but it instantly froze the wound.

Chapter 5490 Directly Kneeling

In a battle between experts, there was no room for any flaws. The situation that was supposed to be deadly had suddenly turned around like this, and Bing Wuqing naturally wouldn't let it go. Although she didn't know that this was caused by Lin Yi's soul-devouring hand, she immediately reached out to grab the thin blade of the Icebreak sword and wrapped it in black ice.

At the same time, the black icicle that Bing Wuqing had launched in a counterattack before her death ingeniously hit the black icicle that had been deflected. With a slight collision sound, the two black icicles changed direction slightly, while the previous black icicle adjusted again and was still stabbing toward Yu Taicang's heart.

The black icicles behind him turned around and flew downwards. They were aimed directly at Chu qianding, who was still kneeling on the ground and screaming in pain.

If she had succeeded, Bing Wuqing's last strike before her death would have resulted in a double kill. To be honest, even Bing Wuqing herself had not expected that her last strike would have such a precise effect. This was merely the most ideal situation in her heart.

Seeing that Chu youding was about to die under the Black Ice thorn, another snow-white sword stabbed over diagonally and just managed to knock away the fatal black ice thorn. At the same time, the Black Ice thorn accelerated again and knocked away the other black ice thorn that was stabbing toward Yu Taicang.

If Bing Wuqing were to die just like that, and her last attack was broken just like that, she would probably be extremely unwilling, right? Fortunately, he was also unscathed now, and he even managed to easily snatch Yu Taicang's shattered ice sword for some inexplicable reason.

Everyone was dumbfounded when they saw Yu Taicang fall to the ground with his back straight, and the shattered ice sword in his hand had fallen into Bing Wuqing's hands.

Especially Chu youding, who had just escaped death. He wondered if Yu Taicang's heart had stopped because of the black icicles. Otherwise, the icicles would have touched him as well! Speaking of which, this Bing Wuqing was really scary. She had almost scared me to death!

Only Xue Jianfeng, who had saved Chu qianding, had a look of disgust on his face. He cursed himself in his heart for being an idiot. Why did he have to show off in front of Lin Yi? Why did he suddenly rush over like an idiot?

Yu Taicang's fall to death was clearly Lin Yi's hidden move!

It's all that idiot Yu Taicang's fault! He was obviously not strong enough, but he had to stand up for himself. Xue Jianfeng saw that Yu Taicang was bullying Bing Wuqing, and wanted to work with Yu Taicang to kill Bing Wuqing before Lin Yi could react. However, he didn't expect the situation to change so quickly. He was only a little slower, but he didn't even have the chance to intervene in the battle. He could only subconsciously save Chu Pingding's life. If possible, Xue Jianfeng felt that he should immediately ask for this life-saving grace. She didn't want to offend Lin Yi ...

Lin Yi's lips curled up into a playful smile as he clapped his hands. "Good sword! It's a really good sword!"

Xue Jianfeng smiled awkwardly and said, ""Boss Lin Yi, you really have good taste. This is one of the three best swords in the snow sword sect. If you like it, you can play with it."

With that, Xue Jianfeng presented the sword to Lin Yi with both hands.

"Oh, you heard wrong. I didn't say that this sword is good, but that you're a cheap person!" Lin Yi said faintly as he took the sword from Xue Jianfeng's hand. He flicked the blade lightly and listened to the crisp sound of the sword. He nodded, "Since you're so sincere, and this sword is not bad, I'll reluctantly accept it!"

I'll go! Can you not be like this? Xue Jianfeng wanted to cry but had no tears. After all this time, you're just saying that this young master is cheap? You're really cheap, even rushing to give you a sword ... By the way, can you not force yourself? Why don't you return it to me?

"Don't think that I'll let it go just because you gave me a sword! Were you preparing to interfere and ruin my plans?" Lin Yi didn't even look at Xue Jianfeng. He only stared at the snow-white body of the sword and gently touched it.

Xue Jianfeng's face turned serious, and he knelt on the ground with a "plop." He said in an extremely sincere tone, "Boss Lin Yi, it's my fault this time. I've just reached peak nascent soul and wanted to try my hand, I mean no harm! Of course, Junior's strength is nothing in senior's eyes, so please don't kill junior, okay?"

Lin Yi didn't think that Xue Jianfeng would be so quick to kneel down just like that. This made him think of the guy who'd been with him all the way from the common world to Sky Class Island. It'd been a long time since they last met, and he missed Zhaoming a little. He'd have to teach him a good lesson when he got back to Sky Class Island.

Seeing the anticipation in Xue Jianfeng's eyes, Lin Yi held his chin and looked up at the ceiling, "That Chu something just now, even after kowtowing so hard, it didn't break the green bricks on the ground. It seems that they are quite thick. These bricks are of good quality. I wonder where you bought them?"

Xue Jianfeng didn't say a word, and immediately gave three loud kowtows. Then, he smiled without changing his expression, "Boss Lin Yi, these bricks are really sturdy-they only broke when I used so much force! If you like it, I can help you buy some!"

Bing Wuqing glanced at Xue Jianfeng, then turned her head slightly without any expression on her face, as if she didn't know him at all. It was such a disgrace to the snow sword sect!

It just so happened that Xue Jianfeng saw Bing Wuqing's expression, and the silent disdain from his arch-enemy almost made Xue Jianfeng spit out a mouthful of blood. He thought to himself, "just you wait,

Bing Wuqing. I finally know you!" I don't believe that Lin Yi will follow you all the time. When you're alone, just wait and see how I'll deal with you!

Chu qianding, who was sitting on the ground, was completely dumbfounded. He hugged his broken finger and forgot to cry out in pain. Everything had happened too quickly in such a short time. He needed to take a good rest.

Two great circle nascent soul realm cultivators and Chu youding, an early-stage nascent soul realm cultivator, were dealing with a peak-stage early nascent soul realm cultivator and a perfected Foundation establishment realm cultivator. The two great circle nascent soul realm cultivators didn't even do anything. One of them was lying flat and the other was kneeling straight. Chu youding, an early-stage nascent soul realm cultivator, was fine. He didn't lie flat or kneel straight. He just sat on the ground and broke his arm ...

What the hell was going on?

However, Chu youding wasn't stupid. He was quite smart. At least he could tell that Lin Yi was in control of the situation.

"Um ... This is the Chu family's business. Can you not interfere?" To be honest, Chu pengding didn't have much confidence. Didn't you see that even Xue Jianfeng, a peak nascent soul realm cultivator, was kneeling straight? of course, even if he didn't have any confidence, he still had to say it. However, as he spoke, he subconsciously moved his butt back a few times. It was better to stay away from Lin Yi.
