

Bodyguard 5491

Chapter 5491 Who Is The Traitor?

As he spoke, Chu qianding secretly looked down on the snow sword. He thought to himself, 'this spineless fellow. He's even a peak nascent soul realm expert. How could he kneel down so easily? he's even worse than me!' At least I didn't kneel!

Lin Yi turned to look at Chu qianding and smiled, "Who's interfering with the Chu family's Affairs? Right now, he was clearly interfering in my own affairs. Let's talk about my sea crab's inner core first!"

"Nei...Neidan?" Chu qingding wished he could give himself a few tight slaps. How could he have forgotten about this? he had always thought that the inner core was his. He had lied so much that even he himself believed it. Even though Chu Tianlu had already proven that the inner core was not his, he still had not changed his mind.

After all, there were two nascent soul realm cultivators in the great circle and one in the early stage. Chu youding felt that everything was under his control. How could he not think that the things in his hands belonged to him?

If he had known earlier, he would have used the pill formula to exchange for it, and naturally, there wouldn't be all these things happening after that!

Chu Pingding was depressed, but Lin Yi couldn't be bothered with him. The inner core was just an excuse, who would really care about it?

He handed the sword in his hand to Bing Wuqing, and said, ""This sword is not bad. There are two words 'Ice Spirit' on it. I'll give it to you!"

"Thank you, boss Lin Yi!" A rare smile appeared on Xue Jianfeng's face. The ice soul sword was one of the three famous swords of the snow sword sect, and so was the shattered ice sword. However, the ice soul sword was more suitable for Bing Wuqing.

"Oh right, boss Lin Yi, this icebreaking sword is very suitable for Leng Leng's icebreaking body. Do you want me to bring it back for her, or do you want to give it to her next time?" With the ice soul sword, the shattered ice sword was naturally useless. Bing Wuqing had considered this thoroughly and immediately thought of Leng Leng's shattered ice physique. After all, in Bing Wuqing's eyes, Leng Leng wasn't only Lin Yi's woman, but also one of snow sword sect's people.

"If it's suitable for Leng Leng, then I'll just give it to her. I don't know when I'll be able to find her." Lin Yi waved his hand nonchalantly.

After that, Lin Yi turned to Chu qianding, "Hey, what do you mean?"

Chu qianding braced himself and said, "yes, the inner core is yours. You can interfere. But Bing Wuqing isn't the owner of the inner core, right?" He shouldn't meddle in our Chu clan's Affairs, right?"

Bing Wuqing glanced at Yu Taicang and Xue Jianfeng, who were lying and kneeling on the ground, and said coldly, ""I'm from snow sword sect!"

What he meant was that Yu Taicang and Xue Jianfeng were both from snow sword sect. Since they had interfered, as snow sword sect members, they had to get involved to the end.

"I ..." Chu qianding was speechless. He could tell that even though Bing Wuqing didn't talk much, she wasn't someone to be trifled with when she spoke. To put it simply, he was referring to people like Bing Wuqing.

Chu Yuntian sighed softly. No matter what, today was his birthday. This was the Chu clan's territory. It was despicable of Chu qingding to force him to abdicate. However, Chu qingding's embarrassment was equivalent to the Chu clan being slapped in the face. Therefore, as the 'former clan head', he could only step forward to clean up the mess.

"Everyone, today is this old man's birthday. It's rare for our distinguished guests to be willing to give me face, so why don't we first take a seat and continue the birthday banquet?" Chu Yuntian politely bowed to Lin Yi and Lin Yi, and then invited the people outside the hall.

As for the mess in the hall caused by the short battle, Chu Yuntian completely ignored it.

The people outside the hall immediately said politely: "no, no. We are already full. We will take our leave now!"

Although he didn't eat much of the food, but after watching the magnificent family internal fight, the drama of the destruction of the palace, and the chaotic battle of the Yuanying stage Masters, it was worth the price.

The only question was how did Yu Taicang suddenly die? It was obvious that Bing Wuqing was about to be defeated, but all of a sudden, there was a shocking reversal. Other than Xue Jianfeng, no one else present could see what was going on.

Now that they were obviously here to settle family matters, were they really going to go in and set up the tables and chairs that they had flipped over, then continue to pick up a bowl and eat?

"Sorry for the lack of hospitality, please forgive me!" Chu Yuntian forced a smile and greeted them one by one. Only after most of them had left did his face sink.

Now, other than the Chu family, only Lin Yi, Bing Wuqing, Xue Jianfeng, Yu Taicang, and ye Ling sect's Ye Qingcheng and Duanmu Yu were left.

Lin Yi smiled at Duanmu Yu, signaling her to continue watching the show. He then turned to Chu Yuntian, "Alright, I'm going to hold a meeting for you guys to discuss the issue of the Chu clan's traitor."

Lin Yi suddenly felt like he'd seen this scene before, but he couldn't quite put his finger on it.

Duanmu Yu and ye Qingcheng, on the other hand, didn't know whether to laugh or cry. Wasn't this what Lin Yi said in ye spirit sect last time? It was just that ye Ling sect had been changed to the Chu family!

Lin Yi felt like he'd seen this before, probably because ye Qingcheng and Duanmu Yu were there ...

"Traitor? Who are you calling a traitor?" Before Chu Yuntian could say anything, Chu Yingding jumped up immediately. Of course, he was the traitor. It couldn't be Chu Tianlu, could it?

Seeing Lin Yi's strength, it was obvious that he wouldn't have a good ending if Lin Yi confirmed his identity as a traitor. Chu qianding had to fight for it. This was also why he always thought that Yu Taicang was the one who caused the problem. Whether he was scared to death or suddenly had a relapse, it wasn't Lin Yi's doing. If Chu peiding and Xue Jianfeng understood this as well, they wouldn't dare to jump out and refute it.

Lin Yi laughed coldly and mocked mercilessly, "Do you think that other than you, who has been the head of the family for a few minutes, there's someone else who deserves the glorious title of traitor?"

"You're talking nonsense! I, Chu Yingding, am doing this for the Chu clan with all my heart. I am upright and have a clear conscience!" Chu qianding was truly a capable actor. His expression was on point.

Lin Yi pointed at Xue Jianfeng, "Since you've sided with Xue Jianfeng, you're a traitor now. Do you still want to deny it?"

Ye Qingcheng's face looked weird as if he was trapped in a memory.

"Xue Jianfeng, tell me, what's up with this Chu qianding?" Lin Yi didn't want to waste his time with Chu Pingding. There was a snow-capped sword beside him. It would be a waste if he didn't take it out!

Xue Jianfeng's face was full of tears. You finally remember that this young master was still kneeling here? Can't you let this young master Stand up first?

However, Xue Jianfeng knew that his life was in Lin Yi's hands, so he didn't dare to show any dissatisfaction. Yu Taicang's defeat was too strange, and Xue Jianfeng knew that his strength was still not as good as Yu Taicang's, so he had to keep a low profile when it was time to save his life.

Chapter 5492 Who Else Disagrees?

"Boss Lin Yi, this Chu pengding is my new follower. He's here to help me control house Chu. After he becomes the Head of House Chu, all of house Chu's resources will be mine!" Xue Jianfeng gritted his teeth, but he had no choice but to cooperate with Lin Yi.

He couldn't say the name "central" out loud, and Lin Yi didn't seem to have any intention of exposing him. This made Xue Jianfeng quite satisfied.

"What else do you have to say, Chu peiding?" Lin Yi shrugged. Or are you not going to acknowledge Xue Jianfeng as your boss?"

Chu youding's face turned red. No matter how cunning he was and how thick-skinned he was, he did not dare to refute Xue Jianfeng's words. However, Chu youding was already cursing Xue Jianfeng in his heart. He also cursed all of Xue Jianfeng's female family members.

"It's clear now. Chu qianding is the traitor of the Chu clan! Do you have any objections?" Lin Yi shrugged as he looked at Chu Yuntian.

Chu Yuntian had nothing to say. Chu Yingding was the one who forced him to abdicate. However, Chu Yingding was still his son. Moreover, he was already a nascent soul old monster's son. Together with him, it was enough to make the Chu clan rise.

Lin Yi didn't care what Chu Yuntian was thinking. He pulled Chu Tianlu over. "From today onwards, Chu pengding's position as the family head will be abolished. Old man Chu, since you're already a Supreme elder, you don't have to work too hard. Let Chu Tianlu be the young family head and take care of all the affairs of the family head!"

Given Chu Tianlu's strength, the clan head was still unable to convince the masses. The words of the young clan head did not matter. In any case, the power was in Chu Tianlu's hands. Titles and such were not important.

When Chu qianding saw that his years of planning and hard work had gone to waste, he immediately shouted in excitement, "I don't agree. Chu Tianlu can't be the young clan head! Even if I can't be the head of the family, there's still Tianhao! Let Tianhao marry Duanmu Yu of leaf spirit sect and become the young master ..."

Before he could finish speaking, Chu youding also fell straight down to the sky and lay side by side with Yu Taicang.

"Who else disagrees?" Lin Yi's cold eyes swept across the people of house Chu, and even Chu Yuntian couldn't help but shiver.

At this time, if they still couldn't see that Yu Taicang's death was Lin Yi's doing, then they might as well just die.

The only question was, Lin Yi didn't even move a finger. How did he deal with a peak and an early stage nascent soul?

Fear came from the unknown!

It was because no one knew what Lin Yi was capable of that they respected him even more. No one dared to say anything in the face of Lin Yi's overbearing question.

Xue Jianfeng secretly rejoiced in his heart, it was all thanks to his quick reaction! Otherwise, he would definitely be the only one lying on the ground! Lin Yi, this kid, wasn't someone he could mess with! He could only scheme against him in secret, he could not confront him directly!

"Senior Lin ... I'm too weak ..." In the silence of the crowd, only Chu Tianlu stammered, ""Why don't you let my grandfather be the head? Senior Lin, please take back the nascent Soul Stage inner core of the sea crab. As for the Chu family's pill recipe, junior will give it all to senior Lin. "

Hearing Chu Tianlu's words, Chu Yuntian's mood suddenly became better. No matter what, Chu Tianlu was his grandson. Whether Chu Tianlu's words were sincere or not, Chu Yuntian would remember them in his heart.

What an honest child! Lin Yi glanced at Chu Tianlu indifferently and ignored him. He continued to speak to the people of house Chu, "Chu Tianlu will become the young master of the Chu clan and manage the affairs of the Chu clan. Who objects!"

It wasn't a question. It was an affirmative statement that forced the Chu clan to make a decision immediately. As for how to make a choice, Chu qianding, who was lying on the ground, obviously didn't have any accomplices.

Duanmu Yu looked at Lin Yi, who was standing in the middle of the hall lazily, yet exuded an unquestionable strength. He felt that Lin Yi was even more outstanding than before!

"I agree! Boss Lin Yi's decision was brilliant!" Surprisingly, the first person to jump out was Xue Jianfeng. Chu Yuntian suspected that this guy had knelt for too long, so he took the opportunity to jump up and move around.

"What's it got to do with you?" Lin Yi raised an eyebrow, impatient.

"Of course it's my business! How can I not be there for you at such an important moment, boss Lin Yi?" Xue Jianfeng rubbed his hands and laughed in a flattering manner. It was hard to believe that he was willing to risk everything.

"Hey, didn't you guys hear boss Lin Yi's orders? Young master Chu Tianlu is such a suitable candidate. Could it be that your Chu clan still has an opinion?" Xue Jianfeng turned around. His flattering smile disappeared without a trace and was replaced by a menacing look. He also released his peak nascent soul realm Qi.

"This old master agrees!" Chu Yuntian sighed and nodded in agreement. Then, Chu Yunteng, the first elder, also agreed. With the two big shots of the Chu family agreeing, the matter was settled.

In fact, Chu Yuntian wasn't forced by Xue Jianfeng's pressure, but he felt that Chu Tianlu being the young master wasn't too bad. At least Chu Tianlu had Lin Yi's support behind him. Not to mention Lin Yi's strength, just the Qingyun school behind him would be a huge help.

Xue Jianfeng turned his head and put on a smile, "Boss Lin Yi, you see, it's young master Chu's big day right now, it's too much of a killjoy to leave two dead people here. Let me deal with them first, then I'll come congratulate young master Chu!"

Without waiting for Lin Yi's reply, Xue Jianfeng picked Yu Taicang up from the ground and gave Chu Tianhao a subtle look, telling him to hurry up and carry his father 's' corpse '.

Chu Tianhao was already scared out of his wits by the series of events. He didn't know how to react. When he saw the look in Xue Jianfeng's eyes, he was initially muddleheaded and didn't know what it meant. Suddenly, he had an epiphany and learned from Xue Jianfeng. He lowered his head and carried Chu qiangding, turned around and walked out.

Lin Yi knew exactly what Xue Jianfeng was thinking, but he didn't stop him. Xue Jianfeng wasn't a threat-it'd be easier for him to deal with central in the future. At least with Xue Jianfeng there, Lin Yi wouldn't have to worry about not finding clues about central.

"Boss Lin Yi, do we need to go after them?" Bing Wuqing asked in a low voice. Although Lin Yi seemed to be letting Xue Jianfeng go, he didn't say anything, so Bing Wuqing still had to ask.

"Let him be!" Lin Yi shook his head.

Chapter 5493 Another Underling

Yu Taicang and Chu youding's spirits were restrained by Lin Yi's soul-seizing hand. If Xue Jianfeng hadn't taken them away, perhaps Lin Yi could've released their spirits. But now, even if Lin Yi released his spirits, they wouldn't be of much use without a body nearby.

A body without a spirit, on the other hand, would die for real soon. This was different from Lin Yi's original body-he used the projection of his spirit, which was fundamentally different from holding it by force. Otherwise, Lin Yi's body on Sky Class Island would've died long ago.

He turned to the people of the Chu clan and said,"since you've all agreed to let Chu Tianlu be the young clan head, then all the matters of the Chu clan will be decided by him in the future. Is that okay?"

The Chu family, of course, didn't have any problems with it, but they didn't dare to say it out loud. Lin Yi didn't show any bloodied or brutal moves, but the pressure he gave off was one level higher.

At this point, Chu Tianlu had no choice but to take the title. However, this one-track minded guy suddenly cupped his fists to Lin Yi as if he had been enlightened,""Boss Lin Yi, please accept me as your follower, or I won't dare to take over as the young master of house Chu!"

"You're threatening me?"Lin Yi raised an eyebrow.

Chu Tianlu was shocked. He immediately waved his hand and said,""How could that be? how could this junior dare to do that! Since senior feels that this junior is beyond my reach, then forget it!"

"Forget it, it's annoying to listen to your seniors all the time-I'll take you in as a follower!" Lin Yi said after a moment of silence.

Lin Yi already had a lot of followers anyway, and he didn't mind having one more. Besides, he didn't dislike Chu Tianlu-he'd had the thought of taking him in before, and since Chu Tianlu had suggested it himself, he'd just go with the flow.

Chu Tianlu was overjoyed. He cupped his fists again and said, ""Thank you, boss Lin Yi!"

Chu Yuntian was very happy with Chu Tianlu's sudden move. It was obviously in line with house Chu's interests for Chu Tianlu to recognize Lin Yi as his boss. It couldn't be considered a bad thing.

"You don't have to call him senior Bing anymore, just call him Bing bro or Wuqing bro!" Lin Yi pointed at Bing Wuqing.

Chu Tianlu hurriedly and respectfully greeted, ""Brother merciless!"

"You have good eyes!" Bing Wuqing didn't have a smile on her face. She only said this coolly, and then ignored Chu Tianlu.

Lin Yi turned to Duanmu Yu and Chu Tianlu. "That's Duanmu Yu from the leaf spirit sect!"

Chu Tianlu understood tacitly and immediately went forward to greet him with a smile, ""Sister-in-law, I didn't know about your situation before. Now that I know, the marriage between the Chu family and leaf spirit sect will be canceled. I hope that the Chu family and leaf spirit sect will still be allies in the future!"

Duanmu Yu blinked, blushing as he peeked at Lin Yi. There wasn't anyone else who was Chu Tianlu's big brother other than the one he just met, was there?

Lin Yi thought that the kid was a little too straightforward, but he did have some brains. At least he knew what to do.

However, Duanmu Yu understood, but Chu Yuntian didn't. He had been planning for the marriage between the Chu clan and the Ye spirit sect to achieve the rise of the Chu clan. How could he let Chu Tianlu cancel it just like that?

"No! This old man doesn't agree. Tianlu, what nonsense are you talking about? Sect leader Ye, don't listen to him. The marriage between the Chu family and Ye Ling sect is imperative!" Chu Yuntian didn't understand that Chu Tianlu's "sister-in-law" was relative to Lin Yi's. He was curious where Chu Tianlu's big brother came from. Was he the illegitimate son of Chu Tianlu's dead father?

It had to be said that Chu Yuntian's imagination was quite big. Fortunately, Chu Tianlu didn't know what he was thinking. Otherwise, he would really have to go to his father's grave and kowtow to apologize. This old man would have been shot down there.

"Grandpa, I'm serious. The marriage between the Chu family and leaf spirit sect must be canceled. There's no possibility of it continuing!" Chu Tianlu said seriously.

"Nonsense! This is a great opportunity for our Chu clan to rise again! This old man will not tolerate you ruining this opportunity!" Chu Yuntian was burning with anger as he berated Chu Tianlu.

"Grandpa, I have the final say in the Chu family's matters now!" Chu Tianlu glanced at Lin Yi. He didn't want to go against Chu Yuntian, but he could only continue to be tough.

Chu Yuntian shook his head and said, ""No matter what, the marriage can not be stopped. Although your second uncle has evil intentions, he was still the nascent soul of our Chu family. However, he died because of you, and now you refuse to marry ye Ling sect. Do you really want to destroy the Chu family and watch the Chu family fall?"

Chu Tianlu laughed bitterly. He leaned over and said in an extremely low voice, ""Grandfather, if I continue to form a marriage alliance with ye spirit sect, I will be truly killing the Chu family. Not only the Chu family, but ye spirit sect will probably not be able to escape this calamity!"

Chu Yuntian's mind cleared up immediately. It was obvious that Chu Tianlu's brother was not some bastard son, but the Lin Yi who was standing on the side, looking at him with a faint smile!

Thinking back to how Lin Yi specifically pointed out Duanmu Yu from leaf spirit sect, Chu Yuntian cursed himself for being so stupid. It was such an obvious hint, and even Tianlu, this stupid kid, understood it. How could he be the one who was confused?

After thinking it through, Chu Yuntian immediately said to Chu Tianlu in a serious tone, ""You child, why don't you listen to me? It's necessary for the Chu family and ye Ling sect to form an alliance through marriage, but you're definitely not good enough for a genius like miss Duanmu. I think only your boss, senior Lin, is the most suitable candidate!"

"Ah?" Chu Tianlu was dumbfounded. After all, he was an honest child. He could not understand why Chu Yuntian was so thick-skinned. "But Grandpa, boss Lin Yi isn't a member of house Chu!"

Chu Yuntian had been waiting for this sentence. He immediately said with a face full of righteousness, ""Why isn't he a member of our Chu clan? Since he's your boss, he's naturally our Chu family's boss. Isn't it normal for him to represent our Chu family?"

This works too? Chu Tianlu looked at Chu Yuntian dumbly and turned to Lin Yi, hoping to get some hints from Lin Yi.

Lin Yi coughed and said faintly, "I won't interfere in your Chu clan's Affairs!"

Chu Yuntian secretly looked down on him. Why didn't you say that you wouldn't interfere with the Chu clan's Affairs? But now, he came out to put on an act!

But since Lin Yi said so, Chu Yuntian could only use this as an excuse, "Since senior Lin doesn't represent our Chu family, then we can only say that it's a pity. The marriage proposal between our Chu family and leaf spirit sect will be terminated!"

Chapter 5494 5492-Following Lin Yi

Ye Qingcheng didn't have any objection. Hearing what Chu Yuntian said, she immediately agreed, ""Our ye spirit sect has no objections to this. Although the Chu family and our ye spirit sect are not connected by marriage, our Alliance will not change. We still need to support each other in the future."

Ye Qingcheng's mind was working really fast, and she saw it clearly. Since Duanmu Yu and Lin Yi had an unclear relationship, and Lin Yi was such a powerful existence, it would be better for ye spirit sect to be tied to Lin Yi's war chariot rather than the marriage alliance between them and house Chu. As for house Chu, they were the ones who proposed to cancel the marriage alliance first, so ye spirit sect didn't owe them anything, but it was necessary to maintain the relationship. After all, it was the family of Lin Yi's little brother, and with this layer of relationship, ye spirit sect would be able to help them. The Chu clan would rise up sooner or later.

"Sect leader ye, you're really righteous! Let's get closer in the future!" Chu Yuntian laughed out loud. No one knew if he was really that happy in his heart.

Ye Qingcheng and Chu Yuntian flattered each other for a while, and the atmosphere was quite harmonious. However, Lin Yi and Bing Wuqing didn't want to join in at all, and the two of them stopped awkwardly.

After ending the meaningless conversation with Chu Yuntian, ye Qingcheng said in a low voice that only Duanmu Yu could hear, ""Yu, why didn't you tell the sect that you were so close to Lin Yi? If we had known that the two of you had such a relationship, why would our ye Ling sect need to find the Chu family for a marriage alliance? With Lin Yi's ... No, senior Lin's support, it'll be a piece of cake for our sect to regain its former glory!"

Duanmu Yu's face reddened, "no, sect leader. Lin Yi and I were just normal friends before. We were like brothers ... Maybe even closer than brothers, but it's not what you think ..."

"That's enough, you're really a little muddleheaded, child!" Ye Qingcheng looked at Duanmu Yu with an exasperated expression. However, he didn't blame Duanmu Yu at all. Instead, he spoke like a parent who spoiled his child, "You should take advantage of the good relationship you have with senior Lin. As long as senior Lin can help you reach the nascent Soul Stage, you can keep the position of our spirit leaf sect. There's no need to talk about other developments in the future."

Duanmu Yu didn't reply. She knew how strong Lin Yi was, but she didn't know that he was this strong. Even a peak nascent soul realm master couldn't last one move from him, and no one could tell what was going on.

Duanmu Yu understood what ye Qingcheng said and the plan in his heart, but she instinctively resisted it. To be able to increase one's strength was the dream of every practitioner, but Duanmu Yu didn't want

to rely on his relationship with Lin Yi to ask Lin Yi to help him increase his strength. This made Duanmu Yu feel that he was using Lin Yi, and it made him feel very uncomfortable.

Ye Qingcheng didn't know what was on Duanmu Yu's mind. He continued to speak in a voice that only the two of them could hear, "Xiao Yu, you should find a chance to follow Lin Yi in the future. With his abilities, helping you reach the original level is no problem at all!"

"Sect leader, why are you so sure that if I follow Lin Yi, he'll help me reach nascent soul? Sect leader, do you think that your training speed will increase by a lot just because you're with Lin Yi?" Duanmu Yu looked at ye Qingcheng, confused. Lin Yi did help her break through the Foundation Stage to the Golden core stage, but that was only because of the elixirs in his hands. The elixirs were precious, and Duanmu Yu didn't think that Lin Yi had enough to help her break through to the nascent Soul Stage.

Ye Qingcheng said with a mysterious smile, "others might think the same as you and think that their cultivation speed will be faster by staying with senior Lin. However, I'm sure that senior Lin definitely has a heavenly method to improve others' strength quickly. After what happened last time, I've made some inquiries."

"What did you find out? Lin Yi?" Duanmu Yu wasn't too surprised. After all, Lin Yi had caused quite a big commotion in the ye spirit sect last time, and it wasn't strange for ye Qingcheng to go and investigate.

"It can't be considered as me probing senior Lin!" Ye Qingcheng glanced at Lin Yi guiltily. She didn't know what would happen if Lin Yi heard her asking about him behind his back.

Fortunately, Lin Yi was talking to the Chu people and didn't seem to notice them. Ye Qingcheng thought that she should keep her voice low enough to not attract Lin Yi's attention.

"Actually, I went to inquire about snow sword sect and found something strange." Ye Qingcheng turned around and continued to explain in a low voice, ""Last time, Xue Jianfeng wanted to get his hands on our leaf spirit sect, so I went to investigate snow sword sect and found out that snow sword sect suddenly had three nascent soul old monsters. The strangest one was Xue Jianfeng!"

Duanmu Yu nodded his head. She was well aware of Xue Jianfeng's previous strength. After all, he was one of the people who went to the secular world to train with him. In just a few months, he went from a Foundation establishment disciple with potential to a peak nascent soul realm expert. This speed, in the words of the secular world, was like riding a rocket to Rise Up! Calling him strange was already a light punishment.

"I'm still not sure what kind of fortuitous encounter Xue Jianfeng had, but other than this strange Xue Jianfeng, there's another person who has suddenly reached the nascent Soul Stage, and that person is Bing Wuqing!" At this point, ye Qingcheng couldn't help but steal a glance at Bing Wuqing, her eyes full of envy, jealousy, and hatred!

Although Bing Wuqing had always been known as a genius, she had only been a genius in the early stage of the Golden core realm before. There was still a huge gap between her and ye Qingcheng. However, Bing Wuqing had now become a master in the peak of the early stage of the nascent soul realm. She had directly become an existence that ye Qingcheng had to look up to. The world was really unpredictable!

"Let's not talk about Xue Jianfeng, but I'm sure that Bing Wuqing's improvement has something to do with senior Lin Yi. Otherwise, no matter how talented Bing Wuqing is, no matter how amazing her cultivation speed is, she'll only be in the mid-stage of the Golden core realm at most. That's why I said that if you follow Lin Yi, you'll be able to reach the original level quickly. " Ye Qingcheng finally finished explaining. If it was possible, he would rather follow Lin Yi himself in exchange for a chance to reach nascent soul.

Chapter 5495 The Current Crisis

Unfortunately, Lin Yi obviously didn't like ye Qingcheng, unless she was really a beautiful woman ... And he was obviously too old to be a follower. He even regretted that he didn't use the beauty technique to stop his appearance from the moment he broke through to Sky Class.

Following Lin Yi like this and calling her Lin Yi's Lackey would scare people to death. It didn't fit.

On the other side, Lin Yi was almost done explaining things to Chu Tianlu. He didn't take back the internal core of the sea crab and gave it to Chu Tianlu, telling him to settle the Chu family's matters first.

Chu Tianlu couldn't reject it and took the core. He promised to send the recipe to Lin Yi as soon as possible. Whether it was to complete the deal or as a token of respect to his boss as a follower, it was necessary.

Lin Yi nodded and walked towards Duanmu Yu. Ye Qingcheng and Duanmu Yu spoke softly, but with Lin Yi's essence spirit body, he could monitor the entire house Chu with his spirit sense if he wanted to. Even if Lin Yi didn't listen to them, he could hear every word they said.

"Duanmu Yu, let them handle the matters here. I have some matters to discuss with you." Lin Yi looked at Duanmu Yu awkwardly. After all, their relationship hadn't been so obvious before.

Duanmu Yu didn't think that Lin Yi would come looking for him all of a sudden. His face reddened and his heart started beating faster. He lowered his head slightly and thought about what he should do.

Ye Qingcheng was overjoyed, 'it's a good opportunity!' Seeing that Duanmu Yu was still unable to let go, he hurriedly and secretly pushed Duanmu Yu's arm and said, "Since senior Lin is looking for you, you

should go with him. This place is too messy and not a good place to talk. Young master Chu, do you think we should arrange a quiet room for senior Lin and the others to talk?"

The last part of the sentence was completely directed at Chu Tianlu, afraid that this dumbfounded young master Chu wouldn't understand. There wasn't even any tactfulness in the sentence, and it was just short of directly saying that she wanted to send Lin Yi and Duanmu Yu into the bridal chamber ...

Duanmu Yu's face was getting redder and redder. She was a straightforward girl, and it was just as she said-at first, she and Lin Yi were like brothers, but she didn't know when she stopped being brothers with Lin Yi ...

Lin Yi was a little embarrassed, but he didn't show it on his face. He remained calm, "Thank you for your concern, sect leader ye. There's no need to trouble the heavenly road. The matters here need to be handled by him. Duanmu Yu and I will take our leave first!"

"No, no, please go ahead, senior Lin. You guys take your time to chat!" Ye Qingcheng was extremely happy to see Lin Yi being so polite. She thought that her decision was very wise. It seemed like there was hope for ye Ling sect to rise again!

Lin Yi didn't say anything else and called Duanmu Yu out of the hall. Not far from the hall was a study used for receiving guests. Lin Yi had never been there before, but he had already seen this place with his divine sense.

The two entered the study and were quite satisfied with the quiet and elegant decorations. Duanmu Yu didn't talk to Lin Yi and sat down beside the coffee table. He started a fire and started boiling water, preparing to make tea for Lin Yi.

Lin Yi didn't stand on ceremony and sat down quietly opposite Duanmu Yu, admiring her elegant movements. After a while, Duanmu Yu washed the tea and made Lin Yi a cup, placing it in front of him.

The faint aroma of tea spread out, lifting Lin Yi's spirits. He didn't think he'd be able to stand shoulder to shoulder with Duanmu Yu in terms of tea ceremony.

When Lin Yi picked up the teacup and took a whiff, Duanmu Yu gathered up her dress and walked to the side. She sat down in front of the zither and raised her arms slightly, her fingers dancing. The sound of the zither was like pearls falling on a Jade plate, or a clear spring in a secluded valley, flowing quietly in the study.

They didn't say a word, but Lin Yi knew that Duanmu Yu was expressing his feelings to him in this way. Unfortunately, Lin Yi didn't have much knowledge in this area. It was a very elegant thing to do to Lin Yi.

Listening to the clear music, Lin Yi was thinking about how he could increase Duanmu Yu's strength. Duanmu Yu was only at the peak of the early golden core stage. To reach the nascent Soul Stage, he would need at least five to six golden cores and one nascent soul golden core. The nascent soul golden core wasn't a problem-Lin Yi still had a lot of good ones, but he had almost used up all his golden cores and golden cores.

Lin Yi had quite a few golden cores before, but the strength level of the ancient martial world was too low, and the Golden cores were used up quickly. Lin Yi didn't care much about these pills, so it was a little difficult to raise Duanmu Yu's strength all at once.

On Sky Class Island, golden cores weren't of much use to Lin Yi anymore. At most, he could make some to sell, so he had all of his stock on him. If he wanted to make more, he had the supplementary herbs, but the main ingredients weren't available yet.

With Duanmu Yu's strength, he would explode and die if he consumed the Golden pill directly. Lin Yi needed to think about this carefully.

Duanmu Yu's music was soothing and relaxing, but Lin Yi's mind was focused on leveling up Duanmu Yu, so he couldn't appreciate the essence of it at all.

Without enough golden cores, Lin Yi wouldn't be able to level Duanmu Yu up quickly. It wasn't just Duanmu Yu, Lin Yi was also extremely worried after seeing Xue Jianfeng and Yu Taicang's strength.

In a short period of time, they could already mass-produce experts of the great circle of the nascent Soul Stage. Even if Xue Jianfeng, who had been forcibly promoted to the great circle of the nascent Soul Stage, was weaker than ordinary experts of the great circle of the nascent Soul Stage, it was still not enough to fight against the number of experts!

Lin Yi could clearly feel the pressure from Central's overbearing development speed. Helping Duanmu Yu increase his strength was only the first step. He still had to train enough Masters to fight against the growing central.

If he could go back to Sky Class Island, making the Golden core would be no problem at all, but there was no point in making it after he went back. Plus, he might not be able to do a second soul projection in a short time, so naturally, he couldn't go back. The only way was to think of a way to make the Golden core here!

Lin Yi's brows furrowed unconsciously as he thought about this. Although Duanmu Yu was focused on playing the zither, he was also paying attention to Lin Yi's expression. When he saw Lin Yi frowning, he closed his fingers and pressed down, stopping the zither's sound!

Chapter 5496 A New Pill Refining Method

"Lin Yi, what's wrong? Do you think my zither is too clumsy?" Duanmu Yu couldn't help but feel nervous. She wanted to show off in front of Lin Yi, and it wouldn't be good if she messed up.

Lin Yi smiled and shook his head. "How's that possible? you're pretty good at it. I was just thinking about something."

Duanmu Yu's heart jolted. He secretly thought to himself, "could it be that he's thinking about the matter between the two of them?" If that was the case, what was the meaning of Lin Yi's frown?

Duanmu Yu was starting to worry, wondering if Lin Yi had any feelings for him.

Lin Yi didn't know about Duanmu Yu's complicated feelings. He thought for a while and took out the last two golden cores for Duanmu Yu, "I only have these two golden cores here. If I want to raise you to the Yuanying stage, I still need a few more. But it doesn't matter, you can use these two to improve your strength first. I will think of a way in the future."

"So you're thinking of helping me increase my strength!" Duanmu Yu's heart was filled with sweetness as he accepted the two golden cores, not bothering to be polite with Lin Yi.

It wasn't the first time Lin Yi had helped Duanmu Yu level up, and Duanmu Yu felt that if he were to be too polite to Lin Yi, it would only make the two of them more distant. This ... Was very good!

"You can start now. I'll protect you!" Lin Yi didn't even finish his sentence when he noticed that Duanmu Yu had already consumed a golden pill and was sitting down cross-legged to start training.

Lin Yi smiled and shook his head, not saying anything else. He sat down on the coffee table as well, protecting Duanmu Yu as he refined the spirit sense fruit he just ate.

Lin Yi had already eaten Two Spirit fruits these past few days, so he had a great understanding of their medicinal properties. Normally speaking, it was fine even if one didn't refine the spirit fruit after eating it, because its gentle medicinal properties could slowly nourish the spirit for a long period of time, allowing the spirit to level up gradually.

Of course, if he refined the spirit sense fruit on his own after eating it, the effect would take place much faster. Lin Yi knew this, which was why he ate a spirit sense fruit in front of everyone.

To Lin Yi, a spirit tumor was also a time bomb. However, after consuming the spirit fruit, the tumor wasn't removed immediately. Only by refining a spirit fruit could the tumor be completely removed.

The two weren't far from each other and were both in a state of cultivation, but Lin Yi was still paying close attention to Duanmu Yu's situation as he refined the spirit sense fruit. Fortunately, Duanmu Yu's leveling up was quite smooth. After all, Lin Yi's golden core was of the highest quality, and anyone with decent talent would level up naturally, not to mention a genius like Duanmu Yu.

After breaking through to the intermediate gold core stage, Duanmu Yu did not stop his cultivation. He did not even bother to stabilize his strength. Instead, he directly took the second golden core and charged to the peak of the intermediate gold core stage in one go.

Lin Yi, on the other hand, was refining the spiritual fruit step by step and removing the spiritual tumors. This process was much slower than Duanmu Yu's leveling up, so Lin Yi wasn't in a hurry. Even if the spiritual fruit's medicinal properties weren't refined all at once, it didn't matter. It was just a matter of time.

Duanmu Yu finally finished his training the next day, stabilizing his peak mid-stage golden core strength while Lin Yi was at it. Lin Yi, on the other hand, stopped his progress of removing the tumor.

"Lin Yi, thank you!" Duanmu Yu stood up excitedly. He felt that it would be too distant if he said thank you, but he still thanked Lin Yi sincerely.

Lin Yi waved his hand and smiled, "what are you thanking me for? it's just two pills. You were able to break through so smoothly mostly because of your extraordinary talent. If it were any other person, even with the pills, they wouldn't be able to break through one level in less than ten days."

"No!" Duanmu Yu blushed as she whispered. Getting Lin Yi's praise made her happier than getting two levels up.

Lin Yi wasn't interested in this topic at all. Chu Tianlu was already outside the study room, but he didn't disturb Lin Yi. He waited quietly at the door, obviously knowing that Lin Yi would know if he appeared at the door. If it was convenient, Lin Yi would let him in.

Duanmu Yu hadn't finished his training before, so Lin Yi had asked him to wait outside. Now that everything was fine, he naturally had to let Chu Tianlu in to talk.

"Tian Lu, you can come in!" Lin Yi said as he sat down on a chair beside the desk.

Chu Tianlu immediately pushed the door open and entered upon hearing Lin Yi's call. He saluted with respect, "Boss Lin Yi, Duanmu sis-in-law, breakfast's ready. Are you bringing it here or going to the restaurant?"

Lin Yi waved his hand, "let's go to the restaurant later. There's no need to trouble yourself. You're here to deliver the recipe, right?"

"Yes, boss Lin Yi. Here are some of the recipes we've collected, as well as Chu tianliang's alchemy manual. I thought that boss Lin Yi might be interested in it, so I brought it along with me." Chu Tianlu took out a stack of parchment paper and passed it to Lin Yi. There was a small book on it-it should be Chu tianliang's alchemy manual.

Lin Yi looked through the recipes first. Other than the recover pill, there were also recipes for the foundation golden pill, golden pill, and nascent soul golden pill, but that was all. There weren't any recipes for the Thunder mystical pill. There probably weren't even any recipes for the Thunder mystical pill in the entire ancient martial world. Otherwise, there wouldn't be no xuansheng realm practitioners.

As for the foundation, golden core, and nascent soul golden core-other than the core, the rest of the supplementary ingredients were very different from the Sky Class Island recipe. Lin Yi's eyes lit up as he studied it-this was a whole new way of combining the ingredients, something he'd never thought of before.

Of course, Lin Yi never thought that the cores could be used to make golden cores, so he didn't think of matching the ingredients with the cores.

The ingredients for the recipe were different, but Lin Yi's stock of ingredients was quite abundant now. He didn't need to worry about these supplementary ingredients-the only thing he needed to do was to capture golden core sea beasts.

Chu Tianlu and Duanmu Yu saw Lin Yi's focus on the recipe and didn't disturb him. Duanmu Yu poured away all the tea from last night and started a new fire to boil water after cleaning the tea set. He was ready to make tea for the guests as if he was the hostess, but he didn't realize that Chu Tianlu, the 'guest', was actually the real owner.

Chapter 5497 The Arrogant Alchemist

Lin Yi put the recipe away and flipped open Chu tianliang's manual. He frowned immediately after reading.

Condensing the pill fire with divine sense? How could it be like this? Whether it was the common world or Sky Class Island, Lin Yi had never heard of anyone using their spiritual sense to form the refinement fire. All this while, he had been using his Qi to form the refinement fire, but this was a completely different story.

"Boss, is there a problem?" Chu Tianlu had been paying attention to Lin Yi all this time. He saw Lin Yi's frown and thought that there was something wrong with Chu tianliang's manual.

"It's nothing," Lin Yi waved his hand, "it's just that the things mentioned in this manual are a little different from what I've seen before, so I'm a bit confused."

Chu Tianlu scratched his head and said in embarrassment, ""In this case, I really can't help you, boss. I really don't know anything about alchemy."

"I know!" Lin Yi shook his head, amused. He wouldn't have expected her to help him with anything if he'd known that she didn't know how to make elixirs.

It was just that Lin Yi couldn't figure out what the difference was between using the consciousness to form the refinement fire and using Qi to form it. If the manual did have a method to do so, he wouldn't mind trying it out and comparing it to the Qi refinement fire. It was a pity that the manual didn't have the method at all, only mentioning it briefly.

Chu Tianlu suddenly clapped his hands and said, "Boss Lin Yi, after my Grandpa got the sea crab's core last night, he immediately contacted the refiner, preparing to make the core into a golden core. I know that the refiner isn't far from house Chu-if he came quickly, he might be here already. "

"Oh? Your grandfather's movements are quite fast, he has already found an Alchemist who can refine Yuanying stage golden core!" One had to know that an Alchemist who could refine a Yuanying golden pill was at least a sixth-grade existence. Even on Tianjie Island, you couldn't just find one anywhere. This Chu family actually invited them in one night, their connections seemed to be quite good!

"Boss Lin Yi, why don't we go and take a look? if the refiner is here, we can ask him if we have any questions, or we can see how he makes elixirs-maybe it'll answer your questions, boss!" Chu Tianlu suggested excitedly. He was extremely happy that he could help Lin Yi with something. Otherwise, he would feel that he owed Lin Yi too much.

Lin Yi was very moved-this was a good suggestion. If he could watch a high level refiner from the ancient martial arts world make elixirs on the spot, it'd be good for both condensing the refinement fire with his spirit sense and controlling it.

"Since that's the case, let's go and take a look together!" Lin Yi stood up and asked, "When this Alchemist is refining pills, can we let people watch directly?"

When Lin Yi was making elixirs, he would never let anyone see him unless it was someone he trusted or was very close to. After all, an automatic refining furnace was a god-like device, and it couldn't be exposed in front of people.

Putting themselves in other people's shoes, other alchemists might not be willing to let irrelevant people watch them while they were refining pills. If they were not careful and made a mistake, which led to the final failure of the pill refinement, who would be responsible for this?

Chu Tianlu hesitated at Lin Yi's question, "Well, I'm not sure. I thought it would be fine, but after what you said, I don't think it's that easy. But it doesn't matter, even if we can't watch the refining, at least we can ask some questions about it. This is a small matter, I'm sure they will give our Chu clan face. "

"You're right, then let's go!" Lin Yi shrugged and was about to follow Chu Tianlu to see the refiner, but changed his mind when he saw that Duanmu Yu had already made a pot of tea. "This matter isn't that urgent. Tianlu, come and try the tea brewed by Duanmu Yu. It's definitely not an ordinary tea!"

Duanmu Yu smiled, "young master Chu, don't listen to Lin Yi's nonsense. I'm just making it up. It's not suitable to drink tea like this in the morning, but we're all practitioners. There's no need to worry about it."

"Sister-in-law, you're too polite. Just call me Tian Lu. Don't call me young master Chu. It's uncomfortable to hear it." Chu Tianlu chuckled as he spoke. He picked up the teacup in front of him, blew on the hot steam, and gulped it down in one go. Then, he praised loudly, ""Good tea! It's really good tea! Sister-in-law's cooking skills are indeed amazing. "

Duanmu Yu's beautiful face was slightly red. However, she did not refute Chu Tianlu's way of addressing her as 'sister-in-law'. Not only was Duanmu Yu already used to being called that, but he also enjoyed it.

Lin Yi smiled, "you don't seem like someone who knows anything about the Way of Tea. You're gulping it down like a whale gulping down a cow's drink. What can you taste? forget it, let's go and see if The Alchemist is here."

With that, Lin Yi picked up his own cup and drank the clear tea, not wasting Duanmu Yu's effort.

Duanmu Yu laughed to himself. Lin Yi didn't know much about the Way of Tea himself, and he was on the same level as Chu Tianlu. They were indeed boss and follower!

After a simple cleaning, the three of them walked towards the hall. The mess caused by last night had been cleaned up overnight. Now, the hall had returned to its previous tidiness. Even the black bricks that were broken by Xue Jianfeng's kowtowing had been replaced, leaving no traces behind.

Lin Yi's spirit sense had already found Chu Yuntian talking to an old man in the hall. The old man was sitting on the seat of honor, and it was obvious that he had a high status. He must be The Alchemist Chu Yuntian hired.

It wasn't strange for a refiner to have this kind of status. Sky Class Island was like this. A high-level refiner was enough to be on equal footing with the higher-ups of the big sects.

The three had just entered the hall, and before Chu Tianlu could introduce them to Lin Yi, Chu Yuntian smiled and said, "Master Chen, can we discuss this further? Our Chu clan can use other things to exchange for it. It might not necessarily be medicinal pills, right?"

Master Chen was full of pride. He raised his head and said to Chu Yuntian, "There's nothing to discuss, these are the conditions for alchemy! If I can make two or more pills, I can give you one pill. If there is only one, then it can only belong to me. Moreover, the material and pill refining fees will not be refunded!"

Chapter 5498 Forced Purchase?

Chu Yuntian's face was full of bitterness, but he knew that Master Chen was a man of his word. No matter how much he begged, he would not change his mind.

Lin Yi was surprised-he didn't think that this Chen guy would be this overbearing with his conditions. He'd pay for the ingredients and the cost, and if he couldn't even get a single pill, he'd have to give it to this old man. Wasn't this all just making a wedding dress for this old man?

Although it wasn't wrong for an Alchemist to receive payment for their services-Sky Class Island had the same rules as well-the island would at least guarantee that if a single pill was completed, the client would be the first to receive it. After all, it was the client who collected the materials, and they'd also spent quite a bit of money on it-if The Alchemist could only complete one pill, they wouldn't have any reason to collect more.

At this time, Chu Yuntian's heart was also in a dilemma. In the entire ancient Jianghu, old man Chen was not the only Alchemist who could refine Yuanying stage golden pills. But Chu Yuntian could only invite this one. So, besides him, he really could not find anyone else to refine Yuanying stage golden pills.

However, old man Chen's conditions were too harsh. One must know that old man Chen's success rate had never exceeded 30%. With such a low success rate, it was simply impossible to guarantee two pills.

With a success rate of 30%, he would have to take a huge risk to form a pill. Now, he had finally managed to form a pill, and he had to give it to old man Chen. No matter how Chu Yuntian thought about it, he felt that he would end up losing all his money.

"Chu Yuntian, what are you thinking about? Hurry up and give this Lord a straightforward answer!" Old man Chen's face was filled with impatience. He didn't put Chu Yuntian, a nascent soul old monster, in his eyes at all.

However, it was not surprising. The Chu clan was originally a small clan. Chu Yuntian was the weakest nascent soul realm cultivator in the early stage of the nascent soul realm. Old man Chen was an Alchemist of the five elements sect in the ancient Jianghu. The status of the two could be said to be heaven and earth apart. In front of old man Chen, Chu Yuntian really did not have much confidence.

Because of this, after being urged, Chu Yuntian could only continue to smile and say, ""Master Chen, this condition is a little harsh. Can you give me some time to consider?"

"Consider?" old man Chen was furious. What was there to consider? Could there be a more powerful Alchemist than me?"

Chu Yuntian shook his head. "No, no. There are only a few people in the ancient martial world who are as powerful as you, Master Chen, let alone those who are more powerful than you!"

Hearing this, old man Chen's expression became slightly better. He snorted coldly and said, ""If that's the case, what else do you have to consider? Other than me, who else can turn these materials into pills?"

Chu Yuntian thought to himself, "even if no one can refine it, these things still belong to our Chu clan. If we sell them, we can get back a lot of spiritual Jade. But if we let you refine pills, with your level, it'll be difficult for you to even form one pill. If you manage to form one pill, then we'll have to give it to you. Our Chu clan's things will be completely wasted!" No, even if you throw it away, at least you can hear a sound. I asked you to refine pills, but you can't even hear a sound!

However, Chu Yuntian could only say these words in his heart. He didn't dare to say a word out loud. Old man Chen's status was there, and he really couldn't afford to offend him.

Chu Yuntian didn't dare to speak, but Chu Tianlu was an honest man. He immediately walked over and cupped his fists, "Master Chen, with all due respect, everyone in the martial world knows about your success rate. It is thirty percent at most. If we follow your terms, the Chu family will lose everything. In the end, we will get nothing. So, do you think we can trade for one pill with something else?"

Old man Chen's face was as dark as water. He sneered, "Where did you come from, junior? do you have the right to speak here? Can't you see that I'm talking to your family's elders? why are you interrupting?"

Chu Tianlu said proudly, "I'm the young master of the Chu family. I'm in charge of the Chu family's affairs now. The same goes for the elixir refinement. Master Chen, do you think I have the right to speak?"

Under normal circumstances, Chu Tianlu should at least address himself as a junior, but he was Lin Yi's follower now. If he called himself a junior in front of old Chen, it would be the same as making Lin Yi his peer or even junior. This was unacceptable to Chu Tianlu, who regarded Lin Yi as a God.

"I don't care if you're the young master or the old master," old man Chen said angrily. "To put it bluntly, who do you think your Chu family is?" How dare you speak to me like this?"

"Master Chen, please calm down! Let's talk this out!" Chu Yuntian quickly smiled apologetically. If it was before, he would definitely give Chu Tianlu a good scolding, but he didn't dare to do that now. Didn't he see Lin Yi standing right beside Chu Tianlu? at most, he wouldn't be able to refine pills if he offended old Chen, but if he offended Lin Yi, he would definitely die!

"Easy? How could he say it? Is this the attitude your Chu clan has when you ask me to refine pills? Do you really think that our five elements sect can be bullied by any Tom, Dick or Harry?" Old man Chen didn't even plan to negotiate. In his opinion, he was already giving face to a grassroots clan like the Chu clan by lowering his status to refine pills for them. Not only did they not know how to be grateful, but they even bargained?

"I don't dare! Master Chen, you're being too serious!" Chu Yuntian's forehead was about to break out in cold sweat. If he had known about this earlier, he would not have refined the pill!

"I'll leave my words here today. You have to refine the pill whether you want to or not. Otherwise, if word gets out, where will I put my face?" Old man Chen's narrowed eyes flickered with a cold light, causing Chu Yuntian's body to shiver. However, his next words caused Chu Yuntian's entire body to turn cold, "If you don't agree, the Chu clan will be blacklisted by our five elements sect!"

Chu Yuntian and Chu Tianlu were both dumbfounded by his words. What did it mean to be on the five elements sect's blacklist? Lin Yi might not know, but they knew that in the ancient martial world, there weren't many who could get away with it after offending the five elements sect. Even if there were, it wouldn't be someone like house Chu, who wasn't even part of the ten small sects.

"Ha ... I didn't expect to hear such a joke this morning. It's really funny!" Lin Yi's lips curled into a mocking smile as he spoke faintly, ""This is the first time I've seen someone force people to buy or sell pills. It's an eye-opener! Tell me, I won't ask you to refine pills today, what can you do?"

Chapter 5499 Competition

Old Chen glanced at Lin Yi in disdain, not even bothering to get angry. He laughed coldly, "Where did this junior come from? Your Chu family's upbringing is really good! Fine, if you don't come to me for Alchemy today, then don't expect me to help you in the future. At the same time, you must be mentally prepared for the consequences of offending the five elements sect!"

"If you're as good as scaring people off, it's not like I can't make you pills," Lin Yi said disdainfully. Let's not talk about whether you can represent the five elements sect or not. With your alchemy skills, there's really nothing to be proud of. It's just pill refining, I know it too! Is it that amazing?"

"Bullshit!" Old Chen almost jumped up. He was proud of his identity as a refiner, but Lin Yi looked down on him. How could he not be angry? "Ignorant brat, do you really think that refining pills is that easy?" he immediately roared. And you said you also know alchemy? I've never heard of someone like you among the alchemists! You can't be so unreliable even if you're talking big, right?"

Lin Yi shrugged, "we'll know if it's a lie or not once we try!" If you don't believe me, I'll refine the pill. What do you think I should do?"

"Impossible!" Old man Chen subconsciously retorted.

"Just tell me what to do!" Lin Yi didn't want to waste time with him as he pressed on.

"Fine!" Old Chen said with a ferocious expression. Let's see what tricks you have up your sleeve. As long as you can refine it, I'll refine it for your Chu clan for free!"

Lin Yi looked at old Chen as if he was an idiot. "Are you stupid? I've already concocted it, so why would I need you to concoct it for free? Do you think I care about your mediocre pill refining skills?"

Old man Chen almost vomited blood. Other than when he had first started learning alchemy, it was the first time someone had called him a three-legged cat in alchemy. No matter what, he was still the top Alchemist in the small Jianghu of the ancient times. This was really intolerable!

"This junior is too much of a bully! What do you think we should do? I don't believe that I won't be able to do it today!" Old man Chen didn't believe that Lin Yi could succeed in refining the pill and asked Lin Yi to make the decision.

"That's it then," Lin Yi said faintly, "if I can make it, you can stop making elixirs from now on!"

"Alright!" Old man Chen was about to go crazy from anger. He agreed without hesitation and then asked, ""If you can't refine it, what do you say?"

"What do you want to say?" Lin Yi looked at old Chen teasingly. This kind of bet, Lin Yi was just bullying. Before the bet even started, old Chen was already destined to lose. No matter what he said, Lin Yi wouldn't object.

"It's simple. If you fail, your Chu clan will have to apologize to me! At the same time, you will have to pay me ten times the amount of spiritual Jade as compensation! Do you have it? If you do, I'll play with you!" Old man Chen forced himself to calm down and said, thinking that victory was in his hands.

Chu Yuntian was shocked. To make this elixir, the Chu clan had to pay an extra 500 spiritual jades to old man Chen. Now, he was asking for 10 times the amount. That would be 5000 spiritual jades! To the Chu clan, this was a huge sum of money. It was impossible for them to take it out now.

However, Chu Yuntian didn't really expect Lin Yi to be able to make elixirs. After all, Lin Yi's strength was strong, but there was no definite connection between strength and alchemy. Chu Yuntian really didn't want to get involved.

Old Chen laughed coldly to himself-he'd seen all the expressions on Yuntian's face, and it was obvious that house Chu wouldn't be able to afford it. He was sure that Lin Yi would lose, but he was still happy to have the upper hand at a time like this.

"How is it? Do you have five thousand spiritual jades? If you have it, take it out and have a look. Otherwise, I don't have time to talk nonsense with you. Hurry up and give me the materials and reward!" Old man Chen was pleased with himself and felt that he was really quick-witted.

To her surprise, Lin Yi replied calmly, "it's just five thousand spiritual Jade, what's that?" Wait a minute!"

With that, Lin Yi turned and left the hall. Five thousand spirit Jade wasn't something a small bag could hold, and Lin Yi couldn't just take it out from the Jade space. He had to find a place to hide.

Soon, Lin Yi came back with a big bag of spiritual jades and threw it in front of old Chen. "If you're interested, you can count it and see if it's enough!"

Pure spiritual energy fluctuations emanated from the opening of the bag. It was obvious that the spiritual jades inside were of good quality. When old man Chen saw the bag of spiritual jades, he was completely dumbfounded. Even Chu Yuntian and Chu Tianlu were stunned.

Old man Chen was only surprised that the Chu clan could take out 5000 spiritual jades so easily, while Chu Yuntian and Chu Tianlu were surprised at where the 5000 spiritual jades came from.

Lin Yi didn't bring any big luggage with him-five thousand spiritual jades wasn't something that could just be put in his pocket! Could it be that the entire Chu clan was blind?

"Old man, the spiritual jades are here. If you don't count them, I'll take it as a silent agreement!" Lin Yi, naturally, wasn't interested in explaining where the spirit Jade came from. He looked at old Chen indifferently.

"Ah? Ah!" Old man Chen was still in shock, and he only unconsciously agreed. Then, he reacted, "Good! I'll take the five thousand spiritual jades with a smile. Since you want to try, then go ahead. Anyway, these materials belong to your Chu clan, so it doesn't matter to me if you fail!"

Old man Chen didn't think it was a bad thing to have 5000 spiritual jades in his account. After all, the Golden pill of the nascent soul was not so easy to make. Even if it was successful, he couldn't guarantee the quality. Maybe one pill and eating it might not be able to help the cultivator of the nascent Soul Stage advance directly.

Lin Yi chuckled, "these spiritual jades are just for you to look at. Do you really think you can take them away?" Cut the crap, since you've agreed, then I'm going to start alchemy. If you're interested, why don't you also refine a pill here, so that you won't lose the bet and be unable to refine pills again!"

Old man Chen snorted in disdain. "Ignorant child, seeing that you've given me so many spiritual jades, I'll give you a kind reminder. Alchemy is not something that just anyone can play with. Admit defeat as soon as possible, or you'll hurt yourself later!"

"These words are quite suitable for you!" Lin Yi didn't bother with old Chen anymore after the taunt. He turned to Chu Tianlu, "Tian Lu, prepare a secret room for me. I'm going to open the furnace and refine pills!"

"Yes! Boss!" Chu Tianlu knew that Lin Yi was interested in making elixirs, or he wouldn't have asked him to collect the recipes, but he didn't expect Lin Yi to say that he could make nascent soul golden pills.

Chapter 5500 Pill Refinement Failed!

However, he didn't question Lin Yi's words at all. Since Lin Yi said that he wanted a secret room, he immediately started thinking about if there was a suitable place.

"That's right!" Bing Wuqing, who was standing at the side of the hall, suddenly asked, ""Boss Lin Yi, do you need me to protect you?"

"No need," Lin Yi shook his head with a smile, "you can just stay here and watch, in case someone runs away with the spiritual Jade!"

Bing Wuqing hadn't left the main hall since yesterday. Since Lin Yi wanted to talk to Duanmu Yu, he had been waiting here. He didn't talk much, and his body was as cold as an Ice Mountain. The people of the Chu clan subconsciously wanted to ignore him.

Old man Chen's face darkened. Lin Yi was obviously referring to him, but what surprised him the most was that both Bing Wuqing and Chu Tianlu were calling this young man "boss"? What was the background of this junior? Could he really be an Alchemist?

Chu Tianlu being the young master of the Chu clan was one thing, but who was Bing Wuqing? He wasn't a simple person. Three nascent soul realm old monsters had appeared in the snow sword sect, and with the five elements sect's background, they were naturally aware of it. As a higher-up in the five elements sect, it would be unreasonable if old man Chen didn't know Bing Wuqing.

One must know that in his heart, this was the only possibility! After all, Lin Yi was only in the Foundation Stage, and the only thing he could be a boss in was in the field of alchemy.

After all, although old Chen was also a nascent Soul Stage cultivator, he was only at the early stage. However, those at the late stage or even the peak stage of the nascent Soul Stage would still respectfully call him Master Chen or senior Chen!

Old man Chen couldn't help but feel a little nervous after hearing what Bing Wuqing had said. Unfortunately, even if he wanted to go back on his word and cancel the bet, Lin Yi would never agree to it.

"Boss, I've thought of a suitable place. It's not far from here. Please follow me, boss!" Chu Tianlu only thought for a moment before leading Lin Yi to the secret room.

Lin Yi smiled at Bing Wuqing and Duanmu Yu, signaling them to wait for him with his eyes. He then followed Chu Tianlu out of the hall.

The secret room wasn't far from the main hall-to be exact, it was under the study where Lin Yi and Duanmu Yu were yesterday. It was originally used to store some less valuable books and other items, but the study wasn't used much, so there weren't many things in the secret room.

Lin Yi nodded-he'd found a space down here last night, but he didn't know it was a secret room. He thought it was just a normal storage room.

"Boss, this secret room is not used by many people, but it's well-ventilated and there will be people cleaning it, so it's quite clean. If boss is not satisfied, we can change to another place!" Chu Tianlu opened the entrance of the secret room and said respectfully.

"This place is not bad, let's do it here!" Lin Yi said nonchalantly. He just didn't want anyone to see him refining pills. It was the same even if the doors and windows were closed, but since there was a more suitable place, Lin Yi didn't object.

"Boss, you can go down then. Do you need me to stay up here? In case someone comes to disturb boss "pill refining." Chu Tianlu stepped aside and requested to protect Lin Yi.

"Sure, wait for me up there then!" Lin Yi nodded.

"Yes! Boss!" Chu Tianlu's expression brightened, and he hurriedly cupped his fists in agreement.

Lin Yi followed the stairs down to the secret room-it was just as Tianlu said-the air was well-ventilated and clean, too, making it perfectly fine for refining.

After taking out the automatic alchemy furnace, Lin Yi didn't waste any time and started refining. But when Lin Yi chose the Golden core on the interface, he suddenly realized that something was wrong!

If the materials and pill recipes were different, the nascent soul golden core pill recipes that had been stored in the divine artifact for alchemy would naturally be useless!

"I can only input a new pill recipe. Fortunately, the heavenly road sent me the pill recipe for the sea beast's inner core just now!" Lin Yi shook his head and muttered with a smile. He took out the Golden core recipe Chu Tianlu gave him and quickly entered it.

After inputting the recipe, the automatic analysis started. Lin Yi wasn't in a hurry-it wasn't like normal people didn't spend ten days to half a month making elixirs, after all. As long as the analysis was complete, the automatic furnace would be able to make the elixir in no time.

Half an hour later, Lin Yi looked at the panel's "analysis failed." He couldn't help but slap his head, remembering that Sky Class Island didn't have any information on the cores of sea beasts. Moreover, the pill recipes here were all refined using pill fire condensed from spiritual sense, which was completely different from the settings before the pill refining divine tools.

After all, a computer was not a human brain. It could only execute pre-set programs. Even Han Jingjing, the creator, did not know about the existence of the spiritual sense pill fire, so it was naturally impossible for her to have taken this situation into account in advance. Thus, it was normal that the new pill recipe could not be recognized.

He'd have to wait until he got back to Sky Class Island and find Han Jing Jing to see if they could find a way to solve this. But that way, even if he had the core of a golden core sea beast, he wouldn't be able to make a golden core-this was what gave him a headache.

What a headache! Since he couldn't use inner cores to make elixirs, he could only use the Sky Class Island recipe's golden pill. The ingredients were different, but the final effect was the same. After the pill was formed, it wasn't easy to analyze the ingredients again. Only rich people like Lin Yi wouldn't care about it. Other people would only waste a golden pill to analyze its ingredients.

He took out the two Yuanying Jindan and looked at them. Because of the preservation ability of the Jade space, these two medicinal pills were still in the state of being just taken out of the furnace. There was no problem to use them to sneak through the muddy water.

But after thinking about it, Lin Yi decided to put the two pills away. It was too early to go out now, and it seemed too shocking. He might as well make another cauldron of golden pills. He needed to use them anyway, and he had a lot of baby ginseng and supplementary herbs.

Since he had nothing to do, Lin Yi decided to go with the original recipe. He put a piece of ginseng and some other ingredients into the weapon and started making the pill.

This time, Lin Yi only put in four sets of ingredients, and seven pills were formed, which was quite good. After putting five into the Jade space, Lin Yi put the other two in a small box and left.

Chu Tianlu was evidently taken aback when he saw Lin Yi. He forced a smile and said, "Boss, it doesn't matter even if you fail. There will always be a chance to succeed in the future."
