### Chapter 5521 Visiting The Shangguan Family

Wei Yidao didn't dare to interrupt. He couldn't help but feel a little disappointed. He had heard about the agreement mentioned by the venerable dujie. It seemed to be an agreement between the four big sects and families. Anyone who wanted to touch the ten small sects and families under the other party must get the other party's consent. Otherwise, the four big sects would be in chaos, and the so-called reliance sects would only exist in name.

If the Qiankun sect wanted to deal with the green cloud sect of the northern island, they must get the consent of the sect that was close to the green cloud sect. Otherwise, they would be breaking the rules and would be attacked by the other three sects.

Even though the power of the Qiankun sect suppressed the other three sects, if the three sects joined forces, they could still crush the Qiankun sect. It was because of this that the balance of power in the small Jianghu of the immemorial era was maintained.

"Someone, go and find out which sect is the backer of the North Island's Green cloud School this year." The Daoist master dujie did not lose his mind. Instead, he immediately sent someone to investigate the situation of the Qingyun school in the North Island.

According to the usual practice, the green cloud School of the North Island should be backed by the Shangguan family. This was the weakest of the big four, with only three Yuanying stage cultivators, which barely reached the standard of the big four. If the green cloud School of the North Island was still under the Shangguan family, the Daoist master dujie felt that he could get the permission of the Shangguan family if he proposed to deal with the green cloud School of the North Island.

However, if Beidao's Blue cloud sect, like Beidao's mysterious secrets sect, turned to a powerful sect like the five elements sect, which was only slightly inferior to the Qiankun sect, then they would definitely not agree to the Qiankun sect's request.

"Yes, master!" A disciple of the Qiankun sect outside the door answered and ran out quickly. This kind of thing was not a secret. It was easy to get the news by asking around, so the disciple came back very quickly to report.

"Sect leader, the green cloud sect of the North Island hasn't paid a visit to the pier yet, so they don't have a sect to rely on for the time being. However, I heard that the green cloud sect of the North Island has already sent a visiting card to the Shangguan family. They should have chosen the Shangguan family to be their sect to rely on this year." This disciple's investigation was quite thorough. He even found out that Xin Yijie had just sent someone to visit the Shangguan family.

"Good! That's great!" The Daoist master dujie suddenly opened his eyes and sneered, ""Immediately spread the news that the people from the green cloud School on the North Island killed my son. I'd like to see if you dare to accept Beidao's Green cloud School?"

If the green cloud School of the North Island had already paid their respects to the pier and become a disciple of the Shangguan clan, perhaps the Shangguan clan would still protect the green cloud School of the North Island for the sake of their reputation. However, since the green cloud School of the North Island was not a disciple of the Shangguan clan yet, after hearing the news released by the Qiankun sect, he would have to consider whether he should accept the green cloud School of the North Island or not.

Was it worth it for the Shangguan family to offend the Qiankun sect, the leader of the four greats, just for the green cloud sect on the North Island?

Not to mention the Shangguan family, even the five-elements sect might not accept the trouble of the green cloud sect after receiving the news, because it was obvious that they were enemies with the Qiankun sect!

"Sect leader is wise! As long as the news is spread, I guess the other three sects will not deliberately not give face to our Qiankun sect. At that time, the Qingyun sect in the North Island will not even have a sect to rely on. It will be easy to play them to death!" The elder who had persuaded the Daoist master dujie previously agreed with his method and sent Wei Yidao to help as well.

Wei Yidao was overjoyed, and he immediately thanked Lin Yi profusely as he left. He was already prepared for the tyrant's blade sect to be blamed, but he didn't expect Lin Yi to have such a big face, taking all the blame and trouble on his own!

In fact, Wei Yidao didn't understand that the reason why the Qiankun sect was targeting Lin Yi was because they had complete information on Lin Yi. They knew that Lin Yi was the pillar of the Qingyun sect in the North Island. If they didn't get rid of Lin Yi, even if the Qingyun sect didn't do anything this time, they would definitely have a chance to rise the next time!

Although the green cloud sect of the North Island might not be able to threaten the position of the Qiankun sect, the Qiankun sect did not want to change the current power structure easily. They had the intention to suppress the green cloud sect of the North Island, and now that such a thing had happened, if they did not take the opportunity to target the green cloud sect of the North Island and make it so that they would never be able to rise again, when else could they do it?

At the same time, the Shangguan family had already received the visiting card from the green cloud sect on the North Island and agreed to meet with them. However, when the people of the green cloud sect went back to report, the news spread by the Qiankun sect had also reached the Shangguan family. For a time, the Shangguan family's current master's expression changed a little. Would the green cloud sect from the North Island meet them or not?

Shangguan Qingyun walked back and forth twice with his hands behind his back. As the current clan leader of the Shangguan clan, it was really difficult for him to make a decision on the matters of the green cloud sect on the North Island.

Based on the relationship between the Shangguan family and the green cloud sect of the North Island, they should have accepted the green cloud sect of the North Island. After all, the green cloud sect's invitation card had already been accepted. However, Shangguan Qingyun did not want to offend the Qiankun sect for the sake of the green cloud sect of the North Island.

"No, I have to ask father's opinion on this matter!" Shangguan Qingyun muttered to himself. In the end, he decided to throw this burden on his father, the Shangguan clan's Supreme elder, Shangguan feixing.

After making the decision, Shangguan Qingyun immediately went to visit his father. The Shangguan family had mobilized all their high-end combat forces for this immemorial meeting, so it was quite easy for Shangguan Qingyun to meet Shangguan feixing.

"Father, about the green cloud sect on the North Island ..." Shangguan Qingyun couldn't wait to speak before he entered the room.

"Stay calm!" Shangguan feixing interrupted Shangguan Qingyun. He was at his desk, writing. Although he knew his son had come, he had no intention of looking up.

Shangguan Qingyun knew that his father did not like to be interrupted when he was writing, so he could only shut his mouth in embarrassment.

After Shangguan feixing finished writing, he put down the brush in his hand and raised his head, saying unhappily, "You're already so old, why are you still so impatient? when you encounter something, you have to be as unmoved as a mountain. The more flustered you are, the more mistakes you'll have."

"Yes! Your son understands!" Shangguan Qingyun hurriedly bowed to receive his advice. In the Shangguan family, the old man's words were everything. Although Shangguan Qingyun was the current head of the family, important decisions still needed Shangguan feixing's approval.

"Tell me, what's wrong with Beidao's Green cloud School? Did he join the other Big Four like the profound secrets chapter?" Shangguan feixing's tone did not fluctuate at all, but Shangguan Qing Yun felt that there was a hint of desolation in it.

The Shangguan family had been in a weak position for a long time. Even the Xuanji sect, which had always supported them, had turned to the five elements sect. If the green cloud sect on the North Island was the same, then the Shangguan family would indeed have no say in the big four.

Chapter 5522 Didn't See Anyone

From this point of view, the Shangguan family should have accepted the green cloud sect from the North Island. However, when he thought about how he would have to fall out with the Qiankun sect because of this, Shangguan Qingyun felt that he had lost his courage. He could only clench his teeth and say, "It's not like this. The North Island's Green cloud School has sent a visiting card!"

Shangguan feixing's expression relaxed slightly when he heard this, and then he said nonchalantly, "If that's the case, are there any more questions?"

"The problem is, Lin Yi from the green cloud sect on the North Island killed the son of the Qiankun sect's Daoist dujie! The Qiankun sect has already spread the word!" Shangguan Qingyun did not make it clear, but he believed that his father would understand.

As expected, after Shangguan feixing frowned slightly, he nodded and said, "Lin Yi, I know this guy. He's the Grand uncle-master of the green cloud sect. Originally, our Shangguan clan should have made good friends with this person. "

Originally ... Should ... Then what about now? I shouldn't have? Shangguan Qingyun nodded understandingly. He roughly understood his father's meaning. Although his father had just been lamenting the fact that the profound secrets sect had turned to his family, it seemed a little inappropriate for him to turn around and completely give up on the green cloud sect of the North Island. However, Shangguan Qingyun was quite in favor of this approach.

"Adapt to the situation!" Shangguan feixing said one last sentence, picked up the wolf-hair brush on the brush stand again, dipped it in thick ink, and continued to stroke the brush. This also meant that the conversation was over.

Shangguan Qingyun took his leave respectfully, thinking about how he should respond to the reform at random.

Shangguan feixing's meaning was actually quite obvious. In order not to offend the Qiankun sect, he would give up accepting the Qingyun sect from Beidao this time. It could not be helped. After all, the Shangguan family was weak. The Qiankun sect had a total of seven nascent soul realm cultivators. Well, after the death of one, there were still six of them left. However, the Shangguan family only had three nascent soul realm cultivators in total. This was already the minimum configuration of the four greats. If there were less than three nascent soul realm cultivators, the number of the four greats would drop at any time.

"The green cloud School in the North Island is really troublesome!" Shangguan Qingyun muttered to himself in a low voice. If they had not received the card and had known about the Qiankun sect in advance, the Shangguan family would not have accepted the card. Now that they had agreed to meet with the Qingyun sect of the North Island, it would seem a little unreasonable if they did not meet.

In that case, he could only meet them and then casually send them away! Shangguan Qingyun had made up his mind. He waved at a passing disciple of the Shangguan clan and said, "You, come here!"

"Master! Do you have any orders for me?" The disciple was a distant relative of the Shangguan family. He usually had no chance to talk to Shangguan Qingyun, but now that he was suddenly called over by Shangguan Qingyun, he immediately ran over.

"You're ... Xiao Liu from the seventh branch, right?" Shangguan Qingyun thought for a moment and asked uncertainly. After all, he was a child of a branch family, and he had only seen him occasionally. It was already good enough that he could remember this.

"Yes, yes, yes! Master, you can just call me Xiao liuzi!" Xiao Liu Zi was overjoyed. He didn't expect the family head to be able to call out his family's ranking in one go. Although he couldn't call out his full name, it wasn't easy.

"Well, Xiao liuzi, in a while, people from the green cloud School of the northern island will come to visit. They want our Shangguan family to be their backing. I have some things that are inconvenient for me to meet them. You can find a reason to send them away!" Shangguan Qingyun thought that it was still not suitable for him to go out, so he sent someone to send away the people from Beidao's Green cloud School first. However, he could not reject them too obviously. After this matter was over, it would be best if he could pull Beidao's Green cloud School back to the Shangguan clan.

After all, the Shangguan family was already the weakest of the four great sects. If they lost Qingyun school after Xuanji school, then the Shangguan family would really lose their right to speak.

However, Shangguan Qingyun had not considered that if the Shangguan clan had chosen to stand by and do nothing when the green cloud School needed them, what reason would the green cloud School have to return to the Shangguan clan after the matter was over? Besides, with Qingyun school as an example, which other sect would be willing to tie their own sect to the war chariot of a family that had no blood and guts like the Shangguan family?

"Xiao liuzi understands! It's absolutely right to leave such a small matter to Xiao liuzi. Patriarch, you can just watch this disciple's performance!" Xiao liuzi immediately patted his chest in a self-assured manner. Being able to perform in front of the family head was an opportunity that he could only dream of. No matter what, he had to seize it.

Just as they were talking, a disciple came to report, ""Master, the people from the green cloud School of the North Island are here!"

"So fast!" Shangguan Qingyun, on the other hand, was a little surprised. It had not been long since the person who had sent the visiting card had left, and the people from the northern island's Green cloud School had already arrived. It seemed that the people from the green cloud School were also anxious, hoping that they could immediately join the Shangguan clan so that the Qiankun school would not be able to attack them.

In fact, Shangguan Qingyun was thinking too much. Lin Yi and Xin Yijie didn't care about the Qiankun sect at all. They wanted to use the Qingyun sect as a stepping stone to climb up the ranks. What was there to be afraid of? The reason why he came so quickly was because the encampment of the green cloud School was only a gate away from the Shangguan family ...

Xiao liuzi immediately cupped his fists in high spirits and said, ""Patriarch, this disciple will send them away and will come back to report to you soon!"

Shangguan Qingyun wanted to say that the reason he had come up with was a little more tactful, but he felt that there was no need to specifically explain it. After all, it would not be any direct descendant or high-ranking official of the Shangguan clan who would come forward. Even if the Qingyun school was dissatisfied, he would personally come forward as the Shangguan clan's clan master when they could escape from the hands of the Qiankun sect. Everything could be salvaged.

Therefore, Shangguan Qingyun did not say much. He only waved his hand and let Xiao liuzi represent the Shangguan family to meet the people of the green cloud sect on the northern island.

Lin Yi and Xin Yijie were both in the living room. Although the Shangguan family was the weakest of the four, Lin Yi still had to take care of them for the sake of Shangguan Tianhua's bloodline. He came personally to discuss with the Shangguan family's head about how they should coordinate during the gathering.

This was to prevent the Shangguan family from being unaware of the situation and accidentally injuring him. It would not be fun if he killed two of the big four at once.

That's right, Lin Yi was putting both of them on the same level! To be honest, this was already overestimating the Shangguan family. As for the sect that relied on the mountain, it was just in name. When the North Island's Green cloud School became the leader of the four major sects, it would be hard to say which sect it relied on.

What Lin Yi didn't expect, however, was that he didn't even get to see the Shangguan family's head. The one who came out to meet them was only a peak mid-golden core disciple.

Chapter 5523 Displaying His Strength At The Entrance

And that wasn't all-this golden core was even snorting at Lin Yi and Lin Yi with a face full of superiority,"You can go back. Our patriarch is busy and has no time to meet you today."

Lin Yi was taken aback, and his eyes turned mysterious. He could clearly feel that there were two nascent soul practitioners not far behind this golden core disciple. One was in the late stage, and the other was in the mid stage. One of them was the Shangguan family's head.

So, what was the Shangguan family's intention in doing this?

"The Shangguan family head just told the disciples of our Qingyun school to come and pay a visit," Xin Yijie said with a slight frown. "Why are you so busy?"

The words weren't very polite at all-with Xin Yijie's temper in the past, he'd never say something like that. However, he wasn't the ignorant person he used to be, and after following Lin Yi for so long, he'd naturally developed a sense of self-righteousness-if it weren't for their past relationship, he wouldn't even care about the Shangguan family at all!

"Is it your place to interrupt our patriarch's business? Why don't you take a look at yourself! If it weren't for the fact that your Qingyun school has been willing to be our Shangguan family's dog, you wouldn't even have the right to enter this door!" Xiao Liu Zi had completely misunderstood Shangguan Qingyun's meaning. Originally, Shangguan Qingyun had only wanted him to find an excuse to send the people from the green cloud School away, but this fellow had thought that Shangguan Qingyun did not want to accept the green cloud School at all, so he had acted as he pleased, and had thoroughly offended the green cloud School!

When he said this, not only Xin Yijie, but even Shangguan Qingyun, who had been following behind to see what was going on, had a dark expression on his face. No wonder this guy was from a branch family. If the direct line had produced such a person, the Shangguan family would have been wiped out a long time ago ...

"What did you say?" Xin Yijie shot up in anger, but Lin Yi sent a slap across his face before he could do anything.

Wild fire Eight Trigram palm!

He was from the Shangguan family, after all, and Lin Yi didn't kill him. He only wanted to teach him a lesson, and the raging fire Eight Trigram palm didn't even take much effort to deal with a small fry like him. Without a doubt, liuzi was sent flying.

"Don't waste your breath on him! This kind of barking dog, just send it flying!" Lin Yi said faintly as he pulled back his hand and picked up the cup of tea. He fiddled with it a little before taking a sip.

Xin Yijie secretly wiped the cold sweat off his forehead. He thought to himself, I thought I already knew martial granduncle's style, but I didn't think I would still not know him well enough!

"Yes, martial granduncle, this disciple will remember!" Xin Yijie agreed, but he felt very relieved. In the past, the people of Qingyun school would never dare to show any disrespect to the Shangguan family. No matter how weak the Shangguan family was, they were still one of the four greats. Any nascent soul realm cultivator from the Shangguan family was stronger than the green cloud School.

Shangguan Qingyun was extremely angry as well. Xiao liuzi was indeed rude, but he still represented the Shangguan family! How dare Lin Yi turn hostile and send him flying with a single slap? What was Beidao's Green cloud School trying to do? Did they think that people from sects that relied on their mountain could fight as they pleased?

The Shangguan family was indeed weak-the Qiankun sect and the five elements sect knew Lin Yi pretty well, and only the Shangguan family's information on him was still limited to when he first entered the ancient martial world. They were surprised that the Qingyun sect on the North Island had brought back a master's granduncle from the secular world!

"Liuyun, go and teach these ignorant fools a lesson. How dare they attack us in the Shangguan family's territory!" Shangguan Qingyun turned around and whispered to the middle Yuanying stage elder Shangguan liuyun.

Shangguan liuyun had also heard that the people from the green cloud School had come and wanted to come and meet them. However, after meeting Shangguan Qingyun and learning of the family's decision, he simply followed Shangguan Qingyun to see what was going on.

Now that Shangguan Qingyun had spoken, Shangguan liuyun was naturally obliged to do so. He immediately agreed and appeared in the living room in a flash.

"How audacious! How dare you attack a member of the Shangguan family in our territory? Did they really think that the Shangguan family could be easily bullied? Quickly kneel and admit your guilt!" Shangguan liuyun shouted loudly. At the same time, he fully displayed his mid Yuanying stage aura.

From Shangguan liuyun's point of view, without Chen Jiu, the North Island's Green cloud School would not even be able to maintain its position as one of the ten small schools. Otherwise, they would not have allowed an early gold core realm person to become the sect leader!

As for Lin Yi, he seemed to be hiding his strength. Although he showed that he was a Foundation peak, he should be around the nascent Soul Stage, but at most, the peak of the early stage.

A mid-nascent Soul Stage cultivator's aura was more than enough to pressure Lin Yi and Xin Yijie-he didn't even need to do anything. He could just use his aura to pressure the two and make them beg for mercy. This was the Shangguan family's way of doing things.

But what Shangguan liuyun didn't expect was that even the early golden core Xin Yijie didn't seem to be affected by his mid-nascent soul aura, let alone Lin Yi who was still drinking his tea.

Not only that, the originally smiling Xin Yijie's face had turned ice-cold after Shangguan liuyun had revealed his strength. He straightened his back and his surging aura pushed back Shangguan liuyun's aura like a tidal wave, forming a suppressive force.

"Late nascent Soul Stage!" Shangguan liuyun was dumbfounded. What was going on? What happened to the early jiedan stage? Even if the nascent soul realm was mistaken for the Golden core realm, he was still in the early stage of the nascent soul realm! What the hell was that?

Lin Yi put down the teacup in his hand and used a combination of his spiritual sense vortex and wild fire Bagua Palm. He took advantage of Shangguan liuyun's unstable spiritual sense and sent him flying with a slap. He said faintly, "I just told you, but you forgot again. What's the point of showing off your aura? just directly slap him away. Do you want him to kneel and admit his guilt? You can't be so cruel! You can't be so cruel!"

"Yes, martial granduncle!" Xin Yijie agreed, and then secretly wiped the cold sweat off his forehead. In his heart, he couldn't tell whether he was the one who was more ruthless or whether his senior granduncle was the one who was more ruthless ...

After all, Shangguan liuyun was a mid-tier nascent Soul Master. Lin Yi didn't have any killing intent, so the normal deified soul vortex and wild fire Bagua Palm didn't cause much damage to Shangguan liuyun.

After being sent flying, Shangguan liuyun immediately stabilized his body. Although he was covered in dust, at least he wasn't as miserable as Xiao liuzi.

Lin Yi glanced at Shangguan liuyun, and then at Shangguan Qingyun's position ... "Fishman's new book" the president of the school's beauty relies on me "is in the middle of a popular series.

Chapter 5524 So Haughty

After that, Lin Yi spoke slowly, ""Our green cloud School from the North Island came to visit your Shangguan family not because we look up to your family, but because the Shangguan family and the three great sects of the North Island are of the same lineage. It's entirely for the sake of this relationship. Do you really think that the green cloud School is asking you, the four weakest sects, to be their backing? I really don't know where you guys got your confidence from!"

The words were quite impolite, and not only was Shangguan liuyun's face red, but even Shangguan Qingyun, who was hiding in the dark, was also embarrassed. However, what made Shangguan Qingyun more concerned was the strength Lin Yi had shown!

It was not a big deal to be able to send little liuzi flying with one slap, but to be able to send Shangguan liuyun flying with one slap, it was not simple no matter how you looked at it!

Shangguan Qingyun knew that it would be difficult for him to do this so easily. In other words, this Lin Yi was at least in the advanced stage of the original level, or even higher, perhaps at the peak of the advanced stage!

Since when did the green cloud School of the northern island have such powerful strength?

At this time, Shangguan Qingyun was already a little indecisive. Judging from the strength displayed by the green cloud School on the northern island, although it was far inferior to the Qiankun school, it was already an outstanding existence among the ten small schools. If the green cloud School had another nascent soul cultivator, he would be qualified to fight for a seat in the top four.

With such strength, even if they offended the Qiankun sect, they might not necessarily be exterminated. If the Shangguan family intervened, they could protect the Qingyun sect even more. With the help of the Qingyun sect, the Shangguan family would definitely have more power among the four greats in the future!

Most importantly, Lin Yi didn't fear the Shangguan family at all. It made sense-Lin Yi even killed the son of the head of the Qiankun sect, so why would he fear the Shangguan family? Why didn't I understand this before? But it wasn't too late. From this, he could tell that Lin Yi had some powerful trump card!

In a flash, Shangguan Qingyun had already thought through the pros and cons. He immediately laughed and walked out, cupping his fists and saying, "Fellow Daoist from green cloud School, you've arrived. This old man was busy with some matters just now, so I asked this disciple to come and entertain you two. Sorry for the delay!"

After he finished, he seemed to realize that the atmosphere in the living room was not right. He frowned and said, ""What's going on?"

Lin Yi didn't reply, only smiling as he watched Shangguan Qingyun's act. He'd been outside watching from start to finish, and he didn't know what was going on. Who knows?

"Master! They ..."Shangguan liuyun was just about to speak when he was interrupted by Shangguan Qing Yun's glare.

"Shut up!" Shangguan Qing Yun's face was filled with anger, and he pointed at Shangguan Liu Yun with his finger, saying: "Liuyun, Oh liuyun, you're an elder of the Shangguan family. How can you do something that offends our guest? And Xiao liuzi, don't you know that visitors are guests and must be welcomed with a smile? Don't tell me that the fellow Daoist from the green cloud school is here to cause trouble! Just by looking at you, I know that the problem is with you!"

Shangguan liuyun and Xiao liuzi felt aggrieved. However, the master had clearly made them the scapegoats. They would not be so insensible as to go against the master. Now, they could only take the blame.

"You guys, ah you guys, what can this old man say about you guys!" Shangguan Qingyun's face was full of pain and resentment. After pointing at Shangguan liuyun, he pointed at Xiao liuzi, then at Xiao liuzi, and then at Shangguan liuyun. "Have you all forgotten that I've always said that the Shangguan family comes from the three great sects of the North Island? we and the three great sects of the North Island are brother sects that share the same lineage. We're on the same page and we advance and retreat together. Why can't you listen to me?"

Lin Yi picked up the cup again and took a sip. He didn't want to talk at the moment, so he just drank the tea and watched the show. After Shangguan Qingyun finished, they would probably get to the main topic.

Judging from Shangguan Qingyun's attitude, the matter was over. Lin Yi didn't want to make things too difficult for the Shangguan family. After all, he had to give them face for Shangguan Tianhua's sake, not to mention the relationship with Qingyun school.

Shangguan Qingyun turned to Lin Yi and Xin Yijie with a smile after scolding the two men. "My two fellow Daoists, please don't take it to heart. These two guys probably have some opinions about the three great sects of the North Island because of the matter of the Xuanji sect switching to the five elements

sect, so they vented their dissatisfaction on the green cloud sect. After all, the three great sects of the North Island have always been a Trinity. My two fellow Daoists, please forgive them!"

Lin Yi didn't want to expose him, so he just continued drinking his tea. Xin Yijie saw that Lin Yi didn't respond, so he stepped in himself. After all, he was the current head of the Qingyun sect, and since the Shangguan clan's head had already spoken up for him, he couldn't go too far.

Thus, Xin Yijie and Shangguan Qingyun began to chat about random things. However, as if they had a tacit understanding, they did not mention anything about the sects that relied on the mountain.

Xin Yijie didn't know what Lin Yi was thinking, and naturally didn't dare make a decision. Shangguan Qingyun was the same—he had the idea of roping in Qingyun school, but this was an important matter, and the old man had to make the final decision.

Shangguan Qing Yun knew that the old man would come after seeing the commotion in front of him. However, the old man would never step out of the study room before he finished writing the piece of calligraphy. So, he could only delay the matter for now and wait for the old man to finish writing.

Shangguan Qingyun felt that he had done a pretty good job by being able to "improvise" when Shangguan feixing said that. Fortunately, Xin Yijie was very cooperative and did not make things difficult for Shangguan Qingyun.

Finally, when Lin Yi finished his second cup of tea out of boredom, Shangguan feixing appeared. He was still holding the piece of paper he had just finished writing. He passed it to Shangguan liuyun, who had a dark face and a black wok on his back, "Useless thing, when the handwriting is dry, go and Mount it!"

Shangguan liuyun did not dare to refute, so he quickly answered, ""Yes! Grand Elder!"

Both Shangguan Qingyun and Xin Yijie stood up to welcome the pillar of the Shangguan family when they saw him. Only Lin Yi remained seated, gesturing for a disciple to refill his cup.

Shangguan feixing frowned at Lin Yi's cocky attitude, his face expressionless, "Sect leader Xin, your green cloud sect is really something now. You're really arrogant. It seems that our Shangguan family will need your green cloud sect as our backing in the future!"

Chapter 5525 Incomplete Mental Cultivation Method

Xin Yijie blinked. He didn't think that Lin Yi would ignore Shangguan feixing like this, but considering Lin Yi's status, he didn't seem to need to take Shangguan feixing seriously.

As Lin Yi's most loyal supporter, Xin Yijie replied immediately, "Senior Shangguan, you're being too serious. However, with our martial granduncle's seniority, it's not impossible for senior Shangguan to call him martial granduncle if we count from senior Shangguan's ancestor. Isn't it a little too much to say that martial granduncle is putting on airs?"

Shangguan feixing was so angry that he laughed, "what a joke!" Don't think that I don't know that you've brought back a strange primordial spirit body from the secular world and claimed that he's the martial granduncle of the green cloud School. It's fine if the green cloud School is willing to mess around, but now you actually want me to call him martial granduncle? Do you really think that your green cloud School is the best in the world?"

Lin Yi suddenly looked up at Shangguan feixing and said faintly, "It's not up to you to decide whether the green cloud sect is the number one sect in the world or not. As for whether the Shangguan clan will rely on the green cloud sect in the future, there's no need to talk about it for the time being. There's only one thing I want to talk about right now. What exactly is the Shangguan clan trying to do in this immemorial Grand meeting?"

After a slight pause, Lin Yi continued, "The Shangguan family and the green cloud School are enemies? Are you a friend?"

Lin Yi's words revealed his unquestionable confidence—friend or foe, he could only choose one! And to Lin Yi, these two didn't seem to be any different!

Shangguan feixing was furious, but he wasn't that shrewd to fall out with Lin Yi right there and then. He laughed it off and avoided Lin Yi's question, bringing the topic back to the uncle-master status.

"I've always said that the Shangguan family and the three great sects of the North Island are of the same lineage. If you can prove that you are the true martial granduncle of the Qingyun sect, then it's no big deal for me to call you martial granduncle. But if you can't prove it, I won't waste my breath on a fake like you!" Shangguan feixing said coldly as he sat down.

Lin Yi raised his eyebrows. With his personality, Shangguan feixing's words were the same as answering Lin Yi's question. From now on, the Shangguan family and Qingyun sect were enemies! It was only because he remembered how much help Shangguan Tianhua had given him on Sky Class Island that he decided not to leave.

"Forget it. Since you want evidence, I'll give you one!" Lin Yi pointed at the scroll in Shangguan liuyun's hand, the ink still wet. "If I'm not mistaken, what you just wrote should be the Shangguan family's mental cultivation method, right?"

Shangguan feixing was a little surprised. The Shangguan family's mental cultivation method was not known to ordinary people. Although the Shangguan family had the habit of treating it as a calligraphy

practice, no one except the direct descendants of the Shangguan family would be able to understand it even if it was seen by outsiders.

Lin Yi was able to tell that this was the Shangguan family's practitioner's art-no matter what, he had quite a good eye.

But just this alone was far from enough to prove that Lin Yi was the Qingyun school's grand uncle-master!

"Your knowledge is not bad, but this is not a secret. Your green cloud School has some ancient books in this area. You can't be thinking of using this to prove your identity as a senior, right?" Shangguan feixing's lips curled into a sneer, completely concealing his true thoughts.

Lin Yi smiled faintly,"don't worry. What I want to say is that your writing is not bad. Unfortunately, you didn't complete it!"

This time, Shangguan feixing was really shocked. Outsiders could not understand the Shangguan family's mental cultivation method at all, so even if they saw it, they would never know that what he had written down was only an incomplete version of the Shangguan family's mental cultivation method.

Moreover, this was only the last part of the incomplete chapter. Outsiders would only think that it was a few profound sentences, and would not be able to understand the profound meaning within.

If Lin Yi was completely guessing, then his observation and deduction skills were at a shocking level, but what if Lin Yi wasn't guessing?

This thought had only flashed through his mind for a moment, but then it grew like the weeds in spring and grew wildly. No matter how much Shangguan feixing wanted to get rid of this thought, he could not.

Lin Yi pointed at Shangguan liuyun, "Hey, you, spread out the words, don't shake them!"

Shangguan liuyun felt extremely humiliated, but he didn't dare to disobey Lin Yi after being sent flying with a slap. He could only glare at Lin Yi and turn his head away, pretending to spread his words out unintentionally.

Lin Yi didn't care about Shangguan liuyun's small actions. He turned to Shangguan feixing and said, "The last sentence is not complete. If I'm not wrong, your Shangguan family's mental cultivation method has been lost here, right? Otherwise, you would have at least finished this sentence!"

Shangguan feixing's heart shook again-Lin Yi was right, the Shangguan family's practitioner's art was incomplete from here on. This was a secret of the Shangguan family, and only the direct descendants would know!

To be honest, at this point, Shangguan feixing was starting to hope that Lin Yi really was an ancient Yuan spirit. If Lin Yi could help the Shangguan family perfect their Arts, that would be more valuable than anything else. By then, Shangguan feixing could even call Lin Yi ancestor, let alone calling him uncle!

"This sentence was originally only half written, so it's not a skill for you to be able to see it!" Shangguan feixing calmed himself down, but his face was still calm.

"The landing point of Fu Yun's Qi lightning will consume Nangong's Qi Dao!" Lin Yi didn't reply to Shangguan feixing, but mumbled something to himself. Xin Yijie was completely confused and didn't understand a thing.

Shangguan feixing, on the other hand, was shocked. He stood up abruptly, his face full of disbelief, and then he fell into deep thought.

Shangguan Qingyun felt a little dizzy as well-other people might not understand what Lin Yi was talking about, but he was different! It could be said that Shangguan Qingyun could recite the Shangguan family's mental cultivation method backwards. Even if he couldn't recite it, there were still large characters that his father had just written here. The last broken sentence only had five words: Fu Yunqi lightning fell!

Could it be that Lin Yi's words were the first line of the missing part of the Shangguan family's Arts?

Thinking of this, Shangguan Qingyun immediately said to the disciple beside him, ""There's nothing for you to do here. Take Xiao liuzi away to heal his injuries. Without my summons, no one is allowed to come here!"

"This disciple will obey!" The disciple quickly went up to support Xiao Liu Zi and walked out quickly. The matter here was no longer something they could get involved in. If they didn't leave immediately, who knew how they would be targeted in the future?

Chapter 5526 Family Position

After the group left, Shangguan Qingyun let out a breath of relief. Whether Lin Yi's words were true or not, he would have to rely on Shangguan feixing to verify it. Shangguan Qingyun himself didn't have the ability to do it, but no matter what, everything that happened here from now on had to be kept a secret.

Why did Shangguan feixing like to use his family's mental cultivation method to practice writing? In addition to this being a habit of the Shangguan family, the more important reason was that Shangguan feixing wanted to derive the missing mental cultivation methods from the calligraphy that he had completed in one go. Only in this way could the Shangguan family develop.

As for the other members of the Shangguan family, they were just following the lead of the Supreme elder and flattering him. They didn't understand the deep meaning behind his words.

Unfortunately, for a long time, the progress in this area was almost stagnant. It was not that Shangguan feixing had not deduced some directions, but every time he went deeper, he would find various problems and eventually return to the starting point.

But the one Lin Yi read out was different. Shangguan feixing was very experienced in deduction, and after a little deduction in his mind, he was basically sure that the second half of Lin Yi's chant was completely correct!

Shangguan feixing had tried many times to deduce the rest of the content, but every word in the Shangguan family's mental cultivation method had a very important meaning. Perhaps Shangguan feixing had deduced one word correctly, but there was a problem with the second word, and then everything would have to be repeated again.

"It's actually like this! It's simply wonderful!" Shangguan feixing's expression kept changing as he mumbled to himself, obviously still immersed in Lin Yi's technique.

Not only that, but Shangguan feixing had even activated his internal energy to verify the authenticity of this mantra.

Lin Yi didn't disturb him-it was just a part of the practitioner's Arts, after all. There was still at least a quarter of the Shangguan family's practitioner's Arts missing, and they were able to become one of the four big sects with just three quarters of it. This was proof of how powerful the practitioner's Arts were.

It was no wonder that Shangguan Tianhua was one of the few big shots on Sky Class Island. His name had spread throughout the entire Island, and it was definitely not just limited to the North Island.

What Lin Yi didn't know was that the Shangguan family had three nascent soul cultivators when they became one of the big four. After so many years, they still had three nascent soul cultivators. The other Big Four would have at least one or two more, especially the Qiankun sect, who almost doubled their number. Why? It was because the Shangguan family's core cultivation method was missing a quarter of its most important part!

If the Shangguan family's mental cultivation method was complete, they might have dominated the ancient martial world a long time ago. They wouldn't have been the weakest of the four great clans.

After a while, Shangguan feixing finally stopped and looked at Lin Yi again, his eyes full of passion!

"Fellow Daoist Lin, where did you read this?" Shangguan feixing didn't call Lin Yi "great uncle," but there was a clear change in his tone, at least a little more humble now.

Lin Yi's lips twitched. Why would he tell her? was this what he saw on Sky Class Island? Do you think I'll tell you that it's the complete mantra that Shangguan Tianhua personally wrote, and that his good granddaughter picked it out for me?

"Elder Shangguan, you don't need to know where I got the incantation. You just need to know that it's not fake!" Lin Yi chuckled and continued, "Could it be that senior feels that this half of the incantation is not enough and still wants the remaining quarter of the heart cultivation method?"

Shangguan feixing almost knelt down when he heard this. He didn't even know how much of the family's Arts was missing, but he could guess that at least a tenth was missing. He didn't think that Lin Yi would open his mouth and say that a quarter was missing!

To be honest, Shangguan feixing really wanted to call Lin Yi his ancestor now. As long as they could get the complete practitioner's Arts, the number of nascent soul cultivators in the Shangguan family would surge. At that time, they would be able to dominate the ancient martial world, let alone the four!

Of course, with Lin Yi's complete practitioner's Arts, the Shangguan family would have to rely on Lin Yi and his Qingyun sect if they wanted to dominate the ancient martial world ...

No matter what, this was a rare opportunity for the Shangguan family. If they didn't grab it, they would be punished by the heavens! Shangguan feixing took a deep breath and forced out a smile that he thought was the most sincere. ""Fellow Daoist Lin, let's talk about the green cloud faction first!"

"Speaking of which, the green cloud School and our Shangguan family have always been of the same lineage. So, this time, when the green cloud School is in trouble, our Shangguan family will definitely lend a helping hand! Of course, the strength of the help will vary according to the situation. If fellow Daoist Lin can complete the mental cultivation method for our Shangguan family, any trouble of the green cloud sect will be borne by our Shangguan family. What do you think? Otherwise, I'll have

someone announce that the backing of the green cloud faction this year is still the Shangguan family!" Shangguan feixing wanted the practitioner's Arts from Lin Yi, but the more he spoke, the more he lost his respect and went back to his high and mighty self.

Lin Yi's face turned cold as he glanced at Shangguan feixing, "Are you sure you're not mistaken? I've given you face by calling you elder Shangguan, but don't think that you're really something! Do you think I care about the Shangguan family's protection? Don't make it sound so funny, okay?"

Shangguan feixing was stunned. What was going on? Shouldn't Lin Yi be grateful for her kindness? If the Shangguan family and the Qingyun sect joined forces, they wouldn't have to worry about the Qiankun sect anymore, especially when Lin Yi had the practitioner's Arts that the Shangguan family lacked.

But what was with Lin Yi's attitude? Was he looking down on the Shangguan family?

To be honest, Lin Yi didn't think much of the Shangguan family. They were too timid and indecisive, and they didn't have any of Shangguan Tianhua's heroism. If word got out, it would be an utter disgrace to Shangguan Tianhua.

"I'll ask you one more time. In this ancient meeting, are the Shangguan family and the green cloud sect friends or enemies?" Lin Yi's face was cold as he continued the topic. "You've been beating around the bush before, but this time, I hope you can be clear about it. If you want to be the Qingyun school's enemy, then I have nothing to worry about. I'll directly step on your Shangguan family and Qiankun school, and then I'll support another sect to replace you. It doesn't matter if it's the rising sky sect, the leaf spirit sect, or even the thousand blades sect!"

Chapter 5527 The Nascent Soul Realm Cultivators

With that, Lin Yi turned to Xin Yijie, "I've made it so clear, and you still want me to explain it to you? these people are really difficult to communicate with. I think the Shangguan family is really useless. What do you think?"

Naturally, Xin Yijie was on Lin Yi's side. He nodded. "That's true. Why don't we just go back? it's not a big deal to start a business with the Qiankun sect or the Shangguan family."

Shangguan Qingyun was immediately enraged,"impudent!" Do you really think that the two of you can completely ignore our Shangguan family?"

Even if Lin Yi had some tricks up his sleeve, Xin Yijie was a late-stage nascent soul practitioner, but on the Shangguan side, Shangguan Qingyun was at the same level as Xin Yijie, and Shangguan feixing was a peak-stage nascent soul practitioner. With Shangguan liuyun in the mid-stage, Shangguan Qingyun felt that his side had a huge advantage no matter how he looked at it.

However, Shangguan feixing raised his hand to stop Shangguan Qingyun from continuing. He asked Lin Yi with a serious face,"Are you serious?"

"I'm not in the mood to joke around with you!"Lin Yi said faintly.

After a pause, Lin Yi continued,"If sect leader Xin didn't tell me that the Shangguan family had been taking care of the Qingyun sect all these years, I wouldn't even bother to talk to you! You have to be clear that I'm the martial granduncle of the Qingyun school, not the martial granduncle of your Shangguan family! I don't even take the Qiankun sect seriously, so how much weight do you think the Shangguan family has?"

Shangguan feixing was speechless-Lin Yi was right, why would someone who didn't even care about the Qiankun sect care about the Shangguan family?

Lin Yi added after some thought, "Oh, by the way, I'm only telling you this because I have a close female friend who has some relationship with your Shangguan family. Otherwise, do you think I would waste so much time talking to you?"

Shangguan feixing, who was a little depressed by Lin Yi's words, was overjoyed and quickly asked, ""Is this lady friend of yours also a primordial soul?"

"You don't need to know about this. You just need to know that it's true!" Lin Yi was just mentioning it casually, of course, he wouldn't really mention Shangguan LAN 'er. In fact, he was mainly doing it for Shangguan Tianhua's sake. Shangguan LAN' er probably wouldn't even care if the Shangguan family in the ancient martial world had anything to do with her family.

"Then where is your girlfriend now? can I go and meet her?" Shangguan feixing continued to ask.

After hearing that Lin Yi had a girlfriend related to the Shangguan family, Shangguan feixing had already used "you" twice in a row to address Lin Yi-it was clear that he was quite anxious.

Lin Yi didn't care what the old man was thinking at all. He waved his hand, "Impossible! You won't be able to see her!"

Shangguan feixing couldn't hide the disappointment on his face, but he couldn't say anything more since Lin Yi had already said so.

Shangguan feixing's internal struggle was indescribable. If he could meet Lin Yi's soulmate, then it wouldn't be a big deal for the Shangguan family to lower their stance. After all, everything Lin Yi knew should have come from this soul, so even without Lin Yi, the Shangguan family's practitioner's Arts could still be completed.

On top of that, if that female soul body was as strong as Lin Yi, then the Shangguan family's rise would be unstoppable. Xin Yijie was an early golden core ant, but he'd become a late nascent soul practitioner. There weren't many in the ancient martial world who could stand shoulder to shoulder with him.

Unfortunately, Lin Yi was right about one thing-no matter how strong he was, he was still the Grand uncle-master of Qingyun school, not the Grand uncle-master of the Shangguan family! If there were any benefits, they could share some with the Shangguan clan, but most of them would definitely be given to the green cloud School. This was a great pity for the Shangguan clan!

Besides, although the green cloud School had become very powerful, it still couldn't change the fact that the green cloud School had been under the Shangguan family for a long time. It would be a shame if the Shangguan family were to cooperate with their own school on equal terms, or even be in a disadvantageous position!

Lin Yi saw the hesitation on Shangguan feixing's face, and the lack of an opinion on what to do on Shangguan Qingyun's part-he was extremely disappointed in the Shangguan family.

It was precisely because of such a decision maker that the Shangguan family became the last of the four greats, right? Even if they were given the complete mental cultivation method, the Shangguan family probably wouldn't be able to do much under the leadership of these two guys.

"Forget it, let's just go!" Lin Yi said as he got up to leave. At this point, Lin Yi didn't care where the Shangguan family went anymore!

Shangguan feixing's face changed, hesitating if he should keep the two. He decided to wait and see first and talk to Lin Yi after thinking it through.

At this moment, a disciple ran over quickly and stopped far away from the living room. He shouted, ""Reporting to Grand Elder and family head, two nascent soul elders of Qiankun sect have come. They said ... They want to catch the murderer of their sect leader's son."

Shangguan feixing was slightly stunned, and then he was a little annoyed. Wasn't the Qiankun sect a little too overbearing? Capture people? This was the Shangguan family's territory, not the Qingyun school 's. If they came here to arrest him, wouldn't they be disrespecting the Shangguan family?

However, before Shangguan feixing could say anything, the two nascent soul realm elders of Qiankun sect had already barged into the living room. This made Shangguan feixing even angrier. After all, they were from one of the four big sects. They barged in without even waiting for the announcement. This was not just not giving them face, but they were looking down on the Shangguan family!

In fact, these two Qiankun sect nascent soul cultivators didn't mean anything special. They just heard from their spies that Lin Yi had injured people from the Shangguan family after entering. It was clear that they had fallen out with the Shangguan family.

With that, house Shangguan would never accept Qingyun school as their sect. Since that was the case, they should use this chance to capture Lin Yi. Why would they wait for Qingyun school to find a stronger backing?

Although the Qiankun sect was sure that the other four greats wouldn't disrespect the Qiankun sect after hearing the news, people like the five elements sect might just accept the Qingyun sect. After all, Lin Yi was an Alchemist, and the five elements sect was a big alchemy sect! Hence, Daoist dujie quickly sent two nascent soul cultivators to kill Lin Yi.

#### Chapter 5528 Throw It Out To Feed The Dogs

These two nascent soul realm Masters, one was at the advanced stage and the other was at the intermediate stage. In terms of strength, they were only inferior to Daoist master Dunan and Daoist master dujie in the Qiankun sect. They were the third and fourth strongest Masters in the Qiankun sect, and were not on the same level as the dead son of Daoist master dujie. Daoist master dujie thought that it was more than enough to kill Lin Yi.

After all, his dead son's talent wasn't good, and 80% of his strength was accumulated through the accumulation of natural treasures. His true strength was not even comparable to some peak late golden core stage cultivators!

"Who's Lin Yi from the green cloud sect? Hurry up and come out!" The two nascent soul cultivators from the Qiankun sect felt that the atmosphere was a little weird as soon as they entered the living room, but they didn't think too much about it. They thought that it would be like this after the two sides fell out, so they went straight to Lin Yi.

But then he remembered that this was the Shangguan family's territory after all, and it seemed inappropriate to be so direct, so he cupped his hands at Shangguan feixing and Shangguan Qingyun and said, "Senior Shangguan, Shangguan family head, us brothers are here to capture the murderer of our master's son, Lin Yi. If we've disturbed you, please forgive us. If you don't mind, how about we just make things easy for you?"

It sounded like he was asking for advice, but in fact, there was no hint of that in his tone at all. He was simply stating a fact!

Shangguan Qingyun looked at Shangguan feixing with a troubled expression. When his old man was around, he would never make any decisions. Moreover, he was originally a person with no opinions, so he didn't dare to make arbitrary decisions.

Shangguan feixing was a little angry when he saw the two nascent soul cultivators "aggressive and arrogant expressions. He'd already suffered a lot from Lin Yi, and now these two elders of the Qiankun sect dared to be so arrogant in front of him?

Even if the Shangguan family was not as powerful as the Qiankun sect, he, Shangguan feixing, was also a peak nascent soul realm cultivator, an existence on the same level as the Qiankun sect's immortal Dunan. These two elders were really nothing in front of him!

"You two, this is the Shangguan family's territory. You barged in without being informed. Isn't this a little against the rules?" Shangguan feixing's face was as cold as ice, and he said without a trace of anger.

The two nascent Soul Stage cultivators from the Qiankun sect were stunned. They had not expected Shangguan feixing to have such an attitude. After exchanging a look, the elder in the advanced stage of the nascent Soul Stage said, ""Senior Shangguan, as we've said just now, please forgive us for the sudden incident. We, the Qiankun sect, will remember the Shangguan family's favor in the future."

Shangguan feixing was still expressionless as he said, ""This old man can forgive you, but I can't do this to you. Right now, our Shangguan family is welcoming the green cloud sect to the dock. If there's anything, we can talk about it after the Qingyun school is done paying their respects!"

"Pay respects to the pier? I think it's a fight!" The advanced nascent Soul Stage elder of the Qiankun sect did not care about Shangguan feixing's words at all, so he made his point clear.

"It's our Shangguan family and the Qingyun school's business whether we fall out or not. The Qiankun school doesn't need to worry about it! As for whether the Qingyun school will be accepted by the Shangguan family today, it has nothing to do with the Qiankun school! That's all I have to say, please leave immediately!" Shangguan feixing's sudden unyielding attitude was not only unexpected by the two nascent soul cultivators of Qiankun sect, but also by Shangguan Qingyun.

Lin Yi looked at Shangguan feixing with a half-smile, not wanting to interfere. He thought that the old man was indecisive, but he didn't expect him to have a shred of courage.

The elder of the Qiankun sect narrowed his eyes and looked at Shangguan feixing for a while. After all, Shangguan feixing was a complete nascent soul cultivator, and he did not dare to offend him. He nodded and said, "That's good. We'll wait for you at the gate. Tell us quickly if the Shangguan clan has accepted the green cloud School or not!"

Shangguan feixing was furious. This tone was clearly a threat. It was as if the Qiankun sect would come and destroy the Shangguan family at any time if the Shangguan family dared to accept the Qingyun sect.

If it was Lin Yi, he'd probably have slapped him right away, but Shangguan feixing didn't dare to offend the sect too much, even if he was being stubborn. He could only swallow his anger and say, "Please do as you please!"

The two elders hmped and waved their sleeves, ready to leave when Lin Yi spoke up, "You two don't need to go ahead!"

"Oh, it seems that you're quite tactful. You know that you've offended our Qiankun sect and that you can't escape no matter what. So, you're coming with us?" The late nascent Soul Stage elder of the Qiankun sect said with joy. It would be great if there was less trouble.

Lin Yi chuckled, "if you're stupid, you should read more, or else it'll be difficult for you to understand human language!" I mean, since you two are here, you don't have to leave!"

Before his voice fell, the soul-seizing hand had already made its Move Silently. The two Yuanying realm Masters of the Qiankun sect fell to the ground without even having a reaction.

Everyone in the room was dumbfounded. What was going on? How did these two Yuanying stage Masters fall to the ground with two clangs? Was he drunk? A heat stroke?

"These two irksome things, throw them out and feed them to the dogs. You don't have to worry about them!" Lin Yi turned to Xin Yijie.

Xin Yijie knew that Lin Yi was strong, but he didn't know that he was this strong! One of them was at the advanced stage of the original level, and the other was at the middle stage of the original level. They didn't even raise their hands, and they were killed just like that? Even if all the nascent soul realm cultivators in the small Jianghu of the immemorial era worked together, they wouldn't be a match for the Grand uncle-master, right?

Xin Yijie was so excited that he felt like his heart was about to burst, but he still maintained a calm expression. This was a time to fight for his martial granduncle's reputation, so he couldn't act too stupid!

"Yes, martial granduncle!" Xin Yijie said with a calm expression. He picked up the two nascent soul cultivators and walked out.

As for the three nascent soul cultivators from the Shangguan family, they were all dumbfounded. What the hell was Lin Yi doing? He killed two Yuanying stage Masters just because he didn't agree with them. They didn't even make a move, and they died just like that?

If Lin Yi wanted to deal with the Shangguan family, wouldn't it be a piece of cake? Come to think of it, the chances of him getting into a fight with Lin Yi was pretty high ... It was a miracle that he wasn't dead!

After Xin Yijie dealt with the two nascent soul realm cultivators from Qiankun sect, he came back after a while. Seeing that the three from the Shangguan clan were still in a daze, he coughed lightly and said respectfully, ""Martial granduncle, the two dead people have already been dealt with!"

Chapter 5529 Willing To Be An Underling

But seeing that Lin Yi didn't say anything, he added after some thought, "Elder Shangguan, why don't we continue with the previous topic? What is the Shangguan family thinking?"

With that, Xin Yijie turned to look at Lin Yi. He didn't know if his words would make his grand uncle-master unhappy. After all, the Shangguan family came from the three great gates of the North Island. If possible, he wanted them to be together with the green cloud Gate.

Lin Yi's face was expressionless-this Xin Yijie was pretty smart, and Shangguan Tianhua's kindness to him was like a mountain. He'd help the Shangguan family if he could."Originally, I didn't want to talk nonsense with you. I was going to go back to the green cloud School and then see you at the immemorial meeting! But just now, your attitude was not bad. At the critical moment, you did not do anything that made me look down on you even more. So now I have changed my mind and will give you one more chance to reluctantly accept you as my little sect. "

Shangguan feixing smiled wryly in his heart. Lin Yi had come to visit them at the beginning, planning to let the Shangguan family be their backing. Just a moment ago, the Shangguan family had the

opportunity to get along with Qingyun sect on equal terms and work together. Now, they had become a small sect!

However, Shangguan feixing wasn't unhappy at all now. With Lin Yi's methods, he was indeed qualified to take the Shangguan family as a small sect, especially when Lin Yi still had a quarter of the Shangguan family's missing cultivation method.

Who could he blame? Originally, he could have gotten both face and benefits. It was already good enough that he could leave some benefits. If he lost all face and benefits, he would have no place to cry to ...

Shangguan feixing sighed in his heart. He now understood that it was inevitable for the Shangguan family to become a vassal of the green cloud School. Fortunately, this was not necessarily a bad thing. Perhaps the Shangguan family could rise up in the future.

However, Shangguan feixing was still embarrassed, so he kicked his son and gave Shangguan Qingyun a look that was easy to understand.

Shangguan Qingyun immediately understood. He just didn't have his own opinions, but he was really not stupid. He immediately put on a smile and said, "Senior Lin, no, it's Grand-martial aunt Lin! I'm really grateful that you and sect leader Xin think of our Shangguan family. Don't worry, martial granduncle, our Shangguan family will definitely follow the green cloud sect's lead in this immemorial meeting! As long as martial granduncle gives the order, the Shangguan family will do our best to cooperate!"

Lin Yi nodded. The Shangguan family finally understood the situation. They didn't want to go down the dark path anymore. However, Lin Yi also understood that the Shangguan family only gave in because of Lin Yi's strength. They didn't submit to him from the bottom of their hearts. He needed to give them some real benefits to make them truly believe in him.

For example, a Suan NI's golden core!

Lin Yi threw the two golden cores to Shangguan Qingyun, who caught them subconsciously before saying indifferently, "While the archaic meet hasn't started, you should increase your strength. Otherwise, I'll have to take care of you all. It won't be good if you fall out of the big four."

"A golden core nascent soul! And it's of the highest quality?" Shangguan Qingyun cried out in surprise. He didn't know what Lin Yi was throwing at him at first, but he didn't know what to do when he saw it clearly.

This was a top-grade Yuanying Jindan, how could he just throw it around like this? At the very least, he should have obtained two top-quality spirit Jade bottles to store it, right?

Even Shangguan feixing was a little shocked by Lin Yi's generosity. He'd wanted Lin Yi to tell the Shangguan family more about the arts, but he felt that their relationship wasn't that good yet. He'd wait until they got closer to each other. After all, they had a female soul ancestral master, so there was still hope.

However, Lin Yi's gift of these two golden cores was no less valuable than the arts.

After all, this was a treasure that could immediately increase the Shangguan family's combat strength. Even if he had completed the cultivation method, he wouldn't be able to see the effects immediately.

"Senior Lin, this gift is too valuable!" Shangguan feixing's face was full of joy, completely letting go of the last bit of unhappiness in his heart. He didn't dare say that the gift was too expensive or something like that-if Lin Yi really took it back, he'd really cry himself to death in the toilet ...

"It's not a big deal," Lin Yi waved his hand, "I'll never mistreat anyone who's following me with all their heart."

"Yes, yes, yes. Senior Lin is such a great martial granduncle. We can't even dream of getting one. The Shangguan family has decided to return to the ranks of the three great sects on the North Island. Of course, we're not going back to the rising sky sect, but to the green cloud sect!" Once he had put down the burden in his heart, Shangguan feixing immediately did everything thoroughly. He even said that the Shangguan family would return to the green cloud School.

"That's not necessary. After all, the Shangguan family has a long history. There's no need to merge them with the green cloud School." Lin Yi, of course, wouldn't agree to that suggestion. It'd be embarrassing if he saw Shangguan Tianhua in the future. He looked at Shangguan feixing and smiled, "Just say what you want to say. You don't have to beat around the bush."

Shangguan feixing said with a big smile, "Martial granduncle, you really have a pair of sharp eyes, you can see through my thoughts in an instant. It's like this, you see, our Shangguan family's cultivation method is incomplete, causing many of our disciples to be unable to make any further progress. With a few casual pointers, the juniors will be able to avoid many detours. "

To tell the truth, Shangguan feixing didn't think that Lin Yi would tell them the Shangguan family's missing Arts after giving them the two golden cores, but he didn't want to give up without asking. He made this request carefully with the intention of trying.

She didn't expect Lin Yi to agree without even blinking, "No problem. That's the Shangguan family's cultivation method, and I got it from your family's senior. It's only right that I return it to you."

"It's only right for martial granduncle to be put in a difficult position. After all, we have to first greet that female martial ancestor ... What? Senior granduncle, you said ... There's no problem?" Shangguan feixing, who was worried about the losses, instinctively thought that Lin Yi had rejected him directly. He didn't want to offend Lin Yi, so he subconsciously wanted to give Lin Yi a way out. When he understood what Lin Yi meant, he suddenly felt that he was so happy that he could die!

#### Chapter 5530 Xin Yijie's Disciple

Lin Yi didn't waste time and read out the rest of the chant word by word. With the strength of these people, they could remember everything after listening to it once. Even if they missed something, they could compare it with each other, so there was no need to worry about them making mistakes.

After finishing, Lin Yi said faintly, "This is the complete mental cultivation method that I know. Whether it's true or not, you can verify it yourself. Whether you remember it or not, I won't say it a second time!"

"Thank you, martial granduncle, for your help!" Shangguan feixing was so touched that tears welled up in his eyes, and he almost knelt down in front of Lin Yi.

With the complete version of the practitioner's Arts, the Shangguan family's rise was just around the corner. Not to mention, Lin Yi's two golden cores could also help Shangguan Qingyun reach peak nascent soul realm. With two peak nascent soul realm members in the Shangguan family, even the Qiankun sect wouldn't dare to mess with them.

Speaking of which, three Yuanying stage Masters had already died in Qiankun sect, and now their strength had been greatly reduced. When Shangguan Qingyun reached the great circle of Yuanying stage, the status of the two sides would be completely reversed!

Lin Yi waved at Xin Yijie, signaling for him to go back. As for the Shangguan family's gratitude, Lin Yi only waved his hand.

After leaving the Shangguan family's house, the calm Xin Yijie started to shake with excitement. If he'd done that just now, he'd be embarrassing Lin Yi, but it didn't matter anymore!

Xin Yijie had never imagined that Qingyun school would have such a glorious moment.

Lin Yi chuckled as he patted Xin Yijie's shoulder. "Look at you, such a small thing and you're already so excited! When you become the sect leader of the Qingyun sect, the head of the four great sects, you'll be so excited!"

"Martial granduncle is right, this disciple really has not seen the world! But I'm really excited. Our green cloud School has never been so glorious before!" Xin Yijie rubbed his head awkwardly. He was already so old, but he was still acting like a child.

"Alright, alright. No matter what, you're still the sect leader. We're about to return to the encampment, so pay attention to your image!" Lin Yi shook his head, a faint smile on his face.

Xin Yijie agreed and took a few deep breaths to calm himself down. After a few steps, he had recovered.

"Oh right! Martial granduncle, since the Shangguan clan is already on our side, our Qingyun school is already extremely powerful in terms of strength. Why don't we go and get back the Xuanji school?" Xin

Yijie suggested after calming down-he'd suddenly thought of one of the three gates of the northern island, the mysterious sect.

He was really a good person! Lin Yi chuckled to himself. This Xin Yijie really valued the words "we're of the same bloodline" a lot-he'd been trying to help the Shangguan family, and now he wanted to help the Xuanji sect. However, Xin Yijie knew his limits and everything was within Lin Yi's acceptable range, so Lin Yi didn't dislike him. In fact, he felt that Xin Yijie was someone he could trust.

"If you think it's good, then do it. I have no objections." Lin Yi didn't really care much about the mysterious sect-it wasn't even one of the ten Little ones, after all, and he didn't have much of a relationship with the mysterious Pavilion on Sky Class Island. Since Xin Yijie had mentioned it, he'd help if he could-it wouldn't take much effort anyway.

Xin Yijie was overjoyed. He clenched his fists and said,"Many thanks, martial granduncle! When I return, I will go to the profound secrets sect and have a talk with them. Although they have already found the five elements sect to be their backing, this does not prevent the profound secrets sect from returning to the three gates of the North Island. "

In fact, there would be an impact, but after seeing how Lin Yi dealt with the Qiankun sect, Xin Yijie naturally felt a sense of pride in his heart. He felt that even if the five elements sect had something to say, it was insignificant to the Qingyun sect. He believed that Lin Yi wouldn't care about what the five elements sect thought!

"En, do as you see fit. Just let me know when you're done!" Lin Yi said nonchalantly as he walked into the courtyard of the Qingyun sect.

In the empty space in the courtyard, a disciple of the Qingyun school was practicing martial arts. Seeing that he controlled the power of the martial arts technique within a half-foot radius around his body, it could be seen that he was quite talented in this area.

Xin Yijie walked in behind Lin Yi, a satisfied smile on his face as he looked at the situation. He nodded lightly. "Upper right half a point, full force strike, turning back Qi, good! It's like this!"

The disciples in the courtyard followed Xin Yijie's instructions and executed their martial arts perfectly. After finishing their moves, they immediately bowed respectfully and said, "Disciple Jin Weifeng greets senior granduncle and master!"

"Yeah!" Lin Yi nodded with a smile. He's a good seedling. Yijie, this disciple of yours is quite capable. Be careful, he'll surpass you very soon!"

"It's rare for senior granduncle to think so highly of this kid. If he can really surpass me, it'll be a wonderful thing. However, I have senior granduncle's protection, so it'll be difficult for this kid to surpass me!" Xin Yijie laughed.

Lin Yi couldn't help but smile. This Xin Yijie really liked to blurt out the truth! But the meaning of his words was that he wanted Lin Yi to help his disciple Jin Weifeng increase his strength, right?

To be honest, Lin Yi had a good impression of Jin Weifeng. As Xin Yijie's disciple, Jin Weifeng didn't have enough cultivation resources before. After all, before meeting Lin Yi, Xin Yijie was only an early golden core cultivator, the last in the Qingyun sect. He didn't have the power to take care of Jin Weifeng.

However, Jin Weifeng was indeed a talented guy. He didn't participate in the common world's training to break through to Foundation Paragon, but after Lin Yi completed the Qingyun sect's training, he broke through to golden core in one go.

If it wasn't for Lin Yi's help, Xin Yijie would've been overtaken by his own disciple already!

It was a pity that he didn't have any more golden cores. Otherwise, he could train this Jin Weifeng well. Lin Yi sighed to himself, but immediately felt that something wasn't right!

"Jin Weifeng, you are already at the peak of the late Aurous core stage?!" Lin Yi hadn't noticed it earlier, but now he realized that Xin Yijie's disciple was already at the peak of the late-stage of the Golden core realm!

In an instant, Lin Yi's eyes turned as cold as ice. The first thing he thought of was that Jin Weifeng had joined central! In the entire ancient martial world, other than Lin Yi, only central had the ability to greatly increase a person's strength in a short period of time. Lin Yi knew that he had never helped Jin Weifeng before, so the only possibility was central.
