

## Bodyguard 5531

### Chapter 5531 Quickly Leveling Up To Nascent Soul

Jin Weifeng only broke through to golden core after Lin Yi came to the ancient martial world and perfected the Qingyun sect's technique. How long had it been? He was already at the peak of the late stage of the Golden core realm, and there were signs of a breakthrough. He could become a perfected golden core realm cultivator at any time.

Xin Yijie didn't notice Lin Yi's suspicion and said proudly, "Senior granduncle, Wei Feng is definitely a genius that has been buried in our green cloud School. In the past, his progress was slow because his cultivation technique was incomplete. Thanks to you, senior granduncle, Wei Feng has soared to the sky immediately after he obtained the complete cultivation technique!"

Lin Yi squinted his eyes and hid the coldness in his eyes. Jin Weifeng might have joined central, but his aura was different from the people who joined central. Maybe there was something hidden?

After all, Lin Yi had been dealing with central ever since Jianwen and Zhaoming, and now that central had leveled up, there was a cold aura around him that made people uncomfortable.

"Such a fast cultivation speed, he is indeed a genius! Yi Jie, you have good eyes!" Lin Yi said faintly as he observed Jin Weifeng carefully.

Jin Weifeng said embarrassedly, "senior granduncle, you flatter me. Actually, my cultivation speed is fast. It's just that I have a special physique. Also, at my current level of strength, it's impossible for me to continue to break through quickly."

"Oh? Do you have some special Constitution?" Lin Yi raised a brow, curious.

Xin Yijie quickly said, "grand uncle-master, Weifeng has wood-type spiritual roots. He has a broken bamboo physique!" With his physique, as long as he has enough spiritual jades, he can break through any major level without any bottlenecks. He will only stop when he reaches the barrier of the major level. Just like every bamboo, there is a hollow before the bamboo joint. If he can do it in one go, he can easily break through the barrier of the major level. "

"Broken bamboo physique? It's really magical!" Lin Yi said, surprised. This was the first time he'd heard of a physique like this. As long as you broke through a big level, you could train to the next big level without any bottlenecks. This kind of talent was really heaven-defying!

In other words, Xin Yijie must have provided Jin Weifeng with a large amount of spirit Jade, which was why he could improve so quickly. It was no less than eating a golden core.

As for Xin Yijie's spirit Jade, Lin Yi's followers didn't have to worry about a shortage of spirit Jade ...

Jin Weifeng smiled shyly, "senior granduncle, you flatter me. Master has also exaggerated a little. The broken bamboo physique is very fast, but in terms of the power of martial arts, it doesn't have any special enhancement. If I were to encounter an existence like the shattered ice physique, I would definitely not be a match for it!"

The relationship between Lin Yi and Leng Leng was known by all the disciples of the Qingyun school. Those who didn't participate in the training would hear about it from the disciples who did. After all, it was related to their legendary grand uncle-master, and anything would be discussed. So Jin Weifeng subconsciously used Leng Leng's ice-shattering body as an example.

"It's already a heaven-defying talent to be able to improve your strength quickly without relying on external forces. It's too greedy to pursue the power of the attack!" Lin Yi said with a smile. He pointed at Xin Yijie. "You're really a good master. He wants you to improve as soon as possible. As your grand uncle-master, I should help you."

Xin Yijie was overjoyed. He knew Lin Yi's methods the best, so he was more pleased than Jin Weifeng. He said that because he wanted Lin Yi to help Jin Weifeng. If someone with the broken Bamboo Body couldn't break through the barrier in one go, it would be much harder than normal people.

The peak late-stage golden core wasn't the bottleneck-it was the peak-stage golden core, but as long as Lin Yi agreed to help, that wouldn't be a problem!

"Silly boy, hurry up and thank senior granduncle for his cultivation!" Xin Yijie smiled as he reminded Jin Weifeng.

Only then did Jin Weifeng reveal a look of ecstasy as if he had just woken up from a dream. He respectfully bowed and thanked, "Thank you for your guidance, senior granduncle!"

"No need. This is also your own hard work. Otherwise, I wouldn't be able to help you even if I wanted to!" Lin Yi smiled faintly. He wasn't lying. If Jin Weifeng didn't reach peak late-stage golden core, Lin Yi wouldn't be able to help him even if he wanted to.

"Go back to your room first. I'll protect you. We'll talk after you break through to the perfected golden core!" Lin Yi already had a plan in his heart. Jin Weifeng's broken bamboo physique was very special, and now he was at the peak of the late-stage of golden core. As long as he had enough spiritual Qi, he could reach the peak of the Golden core stage. For others, it was a breakthrough, but for Jin Weifeng, it was just a natural upgrade.

Jin Weifeng naturally had no objections and went back to his room with Lin Yi. Lin Yi let Jin Weifeng sit down and started to cultivate. He took out dozens of spiritual jades and circled around Jin Weifeng. He forcibly extracted the spiritual energy from the spiritual jades and put it into Jin Weifeng's body.

In fact, this was the same as Lin Yi directly extracting the spiritual energy from the Jade space for Jin Weifeng. However, according to past experience, Lin Yi's current strength was only at Foundation peak, so it was useless for golden core stage cultivators. So, he could only use the spiritual Jade as a medium.

Moreover, this method could only be used by Jin Weifeng, who had a broken bamboo Constitution. If it was someone else, they wouldn't be able to withstand this kind of force-feeding method.

From a certain perspective, Jin Weifeng's broken bamboo physique was similar to Wang Xinyan's sponge physique, but Lin Yi could only force it in this situation. If Lin Yi wanted to force Jin Weifeng from beginner to peak nascent soul, he wouldn't be able to do it unless he used the Jade space.

The terrifying power without a bottleneck was displayed instantly. The spiritual Qi from dozens of pieces of spiritual Jade was gathered by Lin Yi, making Jin Weifeng a perfected golden core.

Jin Weifeng's body trembled. He opened his eyes in surprise and said, "I'm already at the Paragon level? Senior granduncle, you're really too amazing!"

If he had to describe it in one sentence, Jin Weifeng would probably say, "In the blink of an eye, I've gone from the peak of the late-stage golden core to the perfected golden core ...

Lin Yi flipped his hand and took out a golden core for Jin Weifeng, "Your physique is indeed strong. Because you don't have a bottleneck, you don't need to stabilize your strength. Now, break through to the nascent soul realm with an imposing manner!"

Jin Weifeng saw the Golden pill in Lin Yi's palm and was shocked, "Martial granduncle, this is too valuable! Furthermore, I've just reached the peak of the nascent Soul Stage. Can I take a golden pill now?"

Chapter 5532 The Arrogant Profound Secrets Sect

"Others may not be able to do it, but you should do it as soon as possible. Don't forget that you have the broken bamboo physique. When you encounter a barrier of a large level, you have to break through it with irresistible force. The longer you take, the more difficult it will be to break through the barrier!" Lin Yi reminded.

Lin Yi didn't know much about the broken Bamboo Body, but when Jin Weifeng broke through, he used his spirit sense to pay close attention to Jin Weifeng's body condition, so he had a lot of understanding about the broken Bamboo Body.

As for Jin Weifeng's attitude, Lin Yi was quite satisfied. This guy was smart and calm enough. The key was that he didn't show any greed when he saw the top quality golden core. His eyes were clear! To be honest, Lin Yi was already planning to train Jin Weifeng to be the next sect leader of the Qingyun sect.

Lin Yi paused for a second before continuing, "There's one more thing. Because of your special physique, you didn't need to take any pills to break through before. This should be the first time you've taken a pill in the entire golden core stage, right? This is the best result. Even if you don't have a broken bamboo physique, you don't have to worry about any problems in this situation. "

Jin Weifeng didn't hesitate anymore and took the Golden core from Lin Yi with both hands. He said respectfully, "This disciple thanks martial granduncle for your cultivation! In the future, you will definitely contribute to the green cloud School and strengthen our school!"

After saying a few simple words, Jin Weifeng raised his head and ate the nascent soul golden pill. He once again entered the state of cultivation.

Lin Yi was right. Jin Weifeng didn't have any bottlenecks in his cultivation, so when he reached the final barrier, the faster he was, the higher his chance of breaking through. When he just entered the peak of the Aurous core stage, he took a peak-grade nascent soul golden pill, and breaking through to the nascent Soul Stage was almost certain. There was no need to worry at all.

Lin Yi didn't rush to leave as he watched Jin Weifeng break through to nascent soul. He sat on the side and protected Jin Weifeng while observing how strong the broken bamboo physique was.

But this time, Jin Weifeng only spent a little more than an hour to complete the process. Lin Yi was speechless. Even with the help of a top grade golden core, this speed was a little too fast. It was even faster than Lin Yi using the Jade space to help him.

More importantly, Jin Weifeng's nascent soul was definitely not the weakest. It was at least above average. Even if it was not invincible among those of the same level, it was not something that anyone of the same level could deal with.

At the same time, Xin Yijie had already arrived at the Xuanji sect's base. He wanted to pull them into his camp while Lin Yi was helping Jin Weifeng break through!

After all, they had been brothers for so many years. Since Qingyun school was going to rise, they naturally had to bring Xuanji school along. The North Island would always have three main gates, not two!

After exchanging a few pleasantries, Xin Yijie went straight to the point and said to Hong xuanlei, ""Sect leader Hong, the three great sects of the North Island are one family. Have you ever considered returning to the North Island Alliance?"

There was a reason for this. After Xuanji sect found five-elements sect to be their backer, although they were still in the North Island Alliance, their status could be considered as part of the middle Island Alliance.

Hearing that, Hong xuanlei was amused. He laughed and said, ""What's wrong? The Shangguan family can't protect you anymore? So you want us, the Xuanji sect, to go back and help you? Xin Yijie, Xin Yijie, I didn't expect you to be this kind of person. It's bad enough that you're in trouble, but you want to drag our Xuanji sect down with you?"

The news of Lin Yi killing the two nascent soul cultivators from the sect hadn't spread yet. First, it happened too quickly, and second, it was embarrassing. The sect would try to cover it up and not publicize it. It was completely different from spreading the news that Lin Yi killed the young master.

Therefore, Hong xuanlei only knew that the Qingyun school had offended the Qiankun school and that the situation was not good. He had no idea that the situation had been completely reversed.

Moreover, as a sect that was not even part of the ten small sects, and had separated from the three gates of the North Island, new allies would not take them seriously. Therefore, their intelligence could be described as isolated from the world!

Even now, Hong xuanlei still thought that Xin Yijie was still a cultivator of the Golden core stage. After all, he himself was only at the perfected golden core stage.

Xin Yijie didn't expect Hong xuanlei to be so impolite, but as a good person, he could understand Hong xuanlei's feelings. He smiled and said, ""Sect leader Hong, you don't know this, but the Qiankun sect is actually not that great. The martial granduncle of our Qingyun sect has returned with great momentum. In this immemorial meeting, the three sects of the North Island will definitely do something! The day to revive the North Island is today!"

Hong xuanlei sneered and said with disdain, ""Xin Yijie, you're quite the boaster now, aren't you? What's so great about the Qiankun sect? "I don't think the Qiankun sect is anything great. They can crush the entire North Island alliance with a finger. As for your mysterious martial granduncle, he's just a primordial spirit body of a perfected foundation building cultivator. He can kill him with a fart. You'd better protect him with your pants!"

These words were extremely mean. Xin Yijie wouldn't mind if it was something else, but Hong xuanlei insulted Lin Yi! This made Xin Yijie furious!

"Hong xuanlei, be more respectful when you speak! My Qingyun school's martial granduncle is also your Xuanji school's martial granduncle. Is it Xuanji school's rule to disrespect your elders?" Although Xin Yijie was angry, he still suppressed his anger and tried to reason with Hong xuanlei, considering their Brotherhood.

However, Hong xuanlei didn't want to reason with Xin Yijie at all. He continued to speak arrogantly, ""Qingyun school is Qingyun school, Xuanji school is Xuanji school. It's fine if you like to make a rookie your ancestor, but just don't drag our Xuanji school into it! To tell you the truth, our profound secrets sect has been doing very well with the five elements sect! This time, the five-elements sect has already agreed to help our Xuanji sect become one of the ten small sects! As for who will be replaced, it

will most likely be your Qingyun school! Don't blame big brother for not telling you when the time comes!"

After he finished speaking, Hong xuanlei even threw his head back and laughed out loud. If he knew that the person he looked down on and was suppressing his anger was a nascent Soul Stage old monster who was almost a whole level higher than him, he would probably be choked to death by his laughter!

Xin Yijie's face was green with anger-he wasn't Lin Yi, after all. If it were him, he'd've slapped this smiling idiot to death already, but even if Xin Yijie had the ability, he still cared about the last bit of affection he had left. He didn't really do anything and just left without a word!

#### Chapter 5533 Attacking The Four Great Sects

Since Hong xuanlei didn't appreciate it, Xin Yijie didn't want to say anything more to him. Qingyun school was originally going to be the head of the big four, so it would be easy for them to give Xuanji school a helping hand by leaving one of the ten small schools empty. But now, Xuanji school could do whatever they wanted!

Even the Qiankun sect was about to kneel down, so what was the five-elements sect?

At this time, Daoist master dujie was really about to kneel down in the Qiankun sect. He looked at the two bloody corpses on the floor of the hall, which had been bitten by dogs. He was dumbfounded and didn't know what to say.

It was to the extent that a deep sense of fear had already emerged in the heart of the venerable dujie! These two were the third and fourth experts of the Qiankun sect, who were ranked only second to him. How long had it been since they had been out?

"Sect leader, the two elders were thrown out of Ying town by Xin Yijie from the Qingyun sect. They were then bitten by a pack of wild dogs. Because Xin Yijie left after watching the two elders get bitten, I had no choice but to wait for him to leave before I went to retrieve the elders' bodies, so ..." The Qiankun sect disciple said in a trembling voice.

This disciple was only a spy of the Qiankun sect. He wasn't even at the Golden core stage yet. It would be too difficult for him to take someone from Xin Yijie. Even in the past, Xin Yijie wasn't someone this disciple could deal with.

Lin Yi had only casually asked to feed the two to the dogs, and Xin Yijie really did do it. There weren't any dogs in Pi town, so they could only be thrown outside. Xin Yijie would only go back to report when he saw the dogs bite them.

The disciple who had followed Xin Yijie could only watch helplessly as the two respected elders were fed to the dogs. It had not been easy for him to retrieve the two broken bodies from the pack of wild dogs, and that was all he could do.

Poor two nascent soul cultivators-Lin Yi had only trapped their spirits, their bodies weren't dead yet, but they were bitten to death by a wild dog. It was so embarrassing!

The Daoist master dujie felt that his steps were a little unsteady. He quickly sat down and calmed himself down. Then, he waved his hand weakly and said, "You can leave now. Don't let others know about this!"

The disciple was in a difficult position. It was really difficult to not let people know about this matter. However, he had no way to disobey the sect leader's orders. He could only say respectfully, "Yes, sect leader!" Then, he bowed and left.

After a short while, the dazed venerable dujie finally regained his senses and realized that the matter was a little serious. He immediately sent a letter to the sect's venerable Dunan, who was overseeing the matter. He reported the ins and outs of the matter in detail to venerable Dunan, hoping to get some instructions.

There were only seven nascent soul realm cultivators in the Qiankun sect. They had already lost three before the immemorial meeting started. In terms of strength, the Qiankun sect had lost one-third of their high-end combat power.

More importantly, who was this Lin Yi? 'It doesn't seem to be a wise decision for the Qiankun sect to become enemies with such a person ...'

Just as the Daoist master dujie was having a headache, Xin Yijie rushed back to the courtyard of Qingyun school in a Huff. He happened to see Jin Weifeng who had successfully broken through to the nascent Soul Stage. His anger instantly turned into joy as he said, "Weifeng, you actually broke through to the nascent Soul Stage so quickly? Good boy, you didn't let master down!"

"It's all thanks to you and master's advice, or else I wouldn't have achieved what I have today. "Jin Weifeng quickly bowed.

"Alright, alright, I can't stand your wishy-washy looks!" Lin Yi quickly waved his hand and interrupted the two's flattery, "Yi Jie, did you go to Xuanji school when you came back from outside?"

At the mention of the Xuanji sect, Xin Yijie's anger flared up again. He immediately snorted. "Don't mention it! Martial granduncle, this disciple was wrong this time. I thought that Xuanji school was still a brother school to our Qingyun school, but it turned out to be just wishful thinking!"

Without waiting for Lin Yi to ask, Xin Yijie told him everything that happened at the Xuanji sect. He didn't exaggerate or mix in his personal feelings-it was just an honest account.

Lin Yi didn't get angry at all, "Everyone has their own ambitions, let them be!"

Lin Yi didn't have a good impression of the Xuanji sect to begin with, and it was even better that they didn't appreciate it. Lin Yi couldn't be bothered to bring them around to play anyway, so he'd just let them be.

As for the rising sky sect, the Shangguan clan would naturally notify them, so there was no need for Xin Yijie to go. Moreover, the relationship between the rising sky sect and the green cloud sect should be fine, and they wouldn't be as ignorant as the Xuanji sect.

"Yi Jie, don't worry about those things for now. Make some preparations. Our Qingyun school is about to break into the big four!" With Jin Weifeng, Qingyun school was now one of the four greats. Now, Lin Yi just had to wait for the opening of the ancient meet!

With Jin Weifeng and Lin Yi, the Qingyun school now had three nascent soul cultivators. They had the strength to become one of the big four!

Of course, before Jin Weifeng came into the picture, Lin Yi didn't care about the rules at all. When he reached a certain level of power, these rules didn't have much meaning anymore.

But what Lin Yi was worried about was that he couldn't stay in the Qingyun school forever. No matter how strong a person was, if he left for a long time, the deterrence would be reduced. The thousand blades sect was a living example.

Xin Yijie still had a chance to use a golden core to reach peak nascent soul before the gathering started. As for Jin Weifeng, Lin Yi didn't plan on letting him take another golden core.

With his broken bamboo physique, not only was it a waste to take the Yuanying stage golden pill, but it would also increase the difficulty of Jin Weifeng's future breakthrough. As long as Jin Weifeng continued to cultivate by himself and completed the breakthrough of the Yuanying stage, he might be able to break through to the xuansheng stage with the help of the pill when he reached the peak of the Yuanying stage!

How long had it been since a xuansheng stage expert had appeared in the small ancient martial world? With Lin Yi here, Jin Weifeng might become the first xuansheng in thousands of years! It was because of Jin Weifeng's potential that Lin Yi had the idea of making him the next head of the Qingyun sect.

So Lin Yi prepared high-tier spiritual jades for Jin Weifeng. Spiritual jades were just a number to Lin Yi, so giving Jin Weifeng tens of thousands of spiritual jades was enough for him to quickly increase his strength.

Of course, spiritual jades weren't endless-the main reason why Lin Yi was so generous was that spiritual jades could be recycled to him. When they were almost used up, he could just throw them into the Jade space to recharge and take out a new batch to use-it was almost like an endless supply.

Chapter 5534 Get Lost

Two peaceful days passed like this. The sects in Ying town were a little confused. Why didn't Qiankun sect go to Qingyun sect to cause trouble? The news of Lin Yi killing the son of the head of the Qiankun sect was spread by the Qiankun sect themselves, but it turned out to be nothing but a big show?

Since Xin Yijie had fed the two elders to the dogs outside of Ying town, the Qiankun sect had deliberately played down the truth after the incident. Therefore, most sects didn't know about it. The few who knew didn't dare to speak carelessly after receiving the warning from the Qiankun sect, or they could be annihilated at any time.

Under such circumstances, most people were secretly guessing that the Qingyun school had been accepted by the Shangguan family when they went to visit the Shangguan family at the dock. For the sake of the Shangguan family, the Qiankun school had temporarily put down their plans to deal with the Qingyun school, and they were waiting for the immemorial meeting to be full of energy to directly destroy the Qingyun school.

The only thing that the onlookers couldn't figure out was when did the Shangguan family, the weakest of the four great families, become so hot-blooded? Moreover, his reputation had also become much better. He could actually make the Qiankun sect hold back for the time being?

Just as the speculations evolved into more and more versions and were getting further and further away from the truth, something happened that made all the surrounding sects completely dumbfounded.

It was still in the dining hall of an Inn. The fuse of this incident was still Duanmu Yu!

Of course, Duanmu Yu was still eating. He had no intention of causing trouble. However, his actions had still incurred the wrath of the Qiankun sect. They did not know if they should say that she was a femme fatale or that she was just unlucky ...

"Stinky bitch! You're actually eating here in peace! Today, I will avenge my poor nephew!" A burly middle-aged man came in and saw Duanmu Yu eating alone. His eyes immediately turned red and he roared as he pounced over.

This middle-aged man was a late-stage golden core cultivator of the Qiankun sect, the second uncle of the young master of the sect who was killed, Jinhua. Daoist dujie had more than one woman and son, but Jinhua's sister only had one son, the one Lin Yi killed.

The Qiankun sect didn't dare to touch Lin Yi and the Qingyun sect anymore. Although Jinhua wasn't one of the higher-ups in the Qiankun sect, he had that layer of connection. Daoist dujie had warned him about this.

Lin Yi and the Qingyun school couldn't be touched, so you could imagine how frustrated Jinhua was. He was still hoping that his nephew could help him in the future, but now there was no hope!

After all, even if his nephew wasn't particularly outstanding, he would still be able to become the great elder! Therefore, when he saw Duanmu Yu, the fuse that had caused a series of tragedies, Jinhua was instantly filled with anger. He roared and pounced over.

Duanmu Yu was just a disciple of a Fallen Leaf spirit sect, and the sect backing the leaf spirit sect was the Qitian sect, which was only a little bit stronger than the Shangguan clan. More importantly, Jin Hua knew that the Qitian sect didn't like the leaf spirit sect, so they definitely wouldn't make things difficult for the Qiankun sect just because of a disciple of the leaf spirit sect.

Since he couldn't touch Lin Yi, he'd start with this little girl! Jin Hua had a good plan in his heart. So, when he saw Duanmu Yu alone, he did not hesitate to attack!

In terms of strength, Jinhua was at the late Jindan stage, while Duanmu Yu was at the peak of the middle Jindan stage. The gap was quite small. However, Duanmu Yu was a genius disciple of leaf spirit sect while Jinhua was at the late Jindan stage, which Qiankun sect had barely reached with resources by relying on nepotism. Thus, his combat power was only weaker than Duanmu Yu 's.

Therefore, after Duanmu Yu discovered Jinhua's attack, he didn't panic. He just easily took a defensive and counterattack posture.

However, Duanmu Yu didn't even have the chance to make a move. Someone took the initiative to block Jinhua's attack for Duanmu Yu.

"Impudent! Do you still have any respect for the four big sects and families in your eyes?" With a loud shout, Shangguan liuyun suddenly appeared and slapped Jin Hua's face. Jin Hua's face turned a hundred degrees in an instant, and his neck was almost broken.

Shangguan liuyun reached out and grabbed Jinhua's collar, pulling him back. He slapped Jinhua's face with his other hand. Jinhua's face swelled up like a balloon. Shangguan liuyun had shown mercy. Otherwise, he would have blown Jinhua's head off with one slap.

"You unruly thing, you actually dare to commit a crime in front of this Lord. Do you believe that this Lord will slap you to death like this, you bastard!" Shangguan liuyun continued to punch and kick Jinhua while he was scolding him. Fortunately, Shangguan liuyun did not have the intention to kill Jinhua. Otherwise, Jinhua would have been turned into a pile of meat paste by now.

"Senior Shangguan, I know I was wrong. Please forgive me!" Jin Hua's face was swollen like a pig's head. He finally squeezed out a sentence, but it was begging for his life.

Shangguan liuyun did not go too far. After all, Jinhua was just a small fry. Even if he killed Jinhua, it would not show any of Shangguan liuyun's power.

Shangguan Tianhua threw Jin Hua on the ground like a broken sack and said coldly, ""Since we're both from the four great sects, I'll let you live today. Hurry up and get lost!"

"Yes, yes, yes, this junior will get lost! Get lost!" Jinhua felt that his bones were about to fall apart. After barely standing up, he nodded and bowed. He mumbled a few words and immediately turned around and left as if he was running for his life.

Not to mention that Jinhua, a late-stage golden core cultivator, was facing a mid-stage nascent soul cultivator from the Shangguan family. Even if he was facing a mid-stage golden core cultivator from the Shangguan family, he wouldn't even dare to let out a fart!

After all, he knew that the Shangguan family was on Lin Yi's side now. Otherwise, the two nascent soul realm cultivators who went to the Shangguan family wouldn't have died so miserably.

Of course, Jinhua didn't know that the relationship between Lin Yi and the Shangguan family wasn't what he thought it was. They had already become Lin Yi's followers.

As for the audience on the side, they had long been stunned. It was normal that Jinhua didn't dare to provoke Shangguan liuyun. After all, he was a Jindan against a Yuanying. He didn't even have the ability to resist. The key was that Jinhua was too cowardly.

After all, he was the cheapskate brother-in-law of the Qiankun sect's leader. After being taught a lesson by Shangguan liuyun, he did not even dare to say anything tough? Are we just going to accept it like this? Was this still the same person from the overbearing Qiankun sect?

#### Chapter 5535 You're A Spy

And Shangguan liuyun, was it really okay for him to beat up the people of Qiankun sect so arrogantly? When did the cowardly Shangguan family become so bold?

"Thank you for your help, senior Shangguan!" Duanmu Yu stood up and thanked him politely. Although she didn't need Shangguan liuyun's help and could also deal with Jinhua, he had helped her after all. He still had to thank him.

Shangguan liuyun's stern look was gone. He turned around and said with a smile, "There's no need to be so polite, Daoist Duanmu. This is what we should do. Our Shangguan family also has a share of the inn. We can't just stand by and watch others break the rules. "

In fact, this was all nonsense. Shangguan liuyun did it for Lin Yi's sake. How did the son of the head of the Qiankun sect die? It was all because he wanted to tease Duanmu Yu! For Duanmu Yu's sake, Lin Yi would kill anyone he didn't want to see. Now that there was a chance, Shangguan liuyun would be an idiot if he didn't grasp it.

To be honest, Shangguan liuyun was very grateful to that idiot Jinhua. If it wasn't for him, Shangguan liuyun wouldn't have had the chance to please Lin Yi.

However, Shangguan liuyun would never mention Lin Yi at this point in time. Lin Yi would know about this sooner or later. It would be too deliberate if he mentioned Lin Yi now. On the other hand, it would make Lin Yi remember that Shangguan liuyun had helped him.

"Senior Shangguan, you're too kind. Please just call me by my name!" Duanmu Yu still didn't know the relationship between the Shangguan family and Lin Yi. In her eyes, the Shangguan family was still one of the big four, and Shangguan liuyun was also a powerful nascent Soul Master. It was a bit too much to call him a fellow Daoist.

"Don't be so polite, it's just a form of address. You can continue eating, I won't disturb you. " Shangguan liuyun wanted to call him "senior," but with his relationship with Lin Yi, calling him "friend" would be too much for him ...

After saying that, Shangguan liuyun immediately took his leave, leaving Duanmu Yu who was still confused. Duanmu Yu sat down and continued to eat, not knowing what had happened.

She didn't know what Lin Yi was busy with these past two days, but he didn't come to see her at all, leaving her to eat here slowly, hoping to see him. What a bastard! Duanmu Yu chewed hard on the food in his mouth, his mind filled with hatred. Ye Qingcheng wanted her to take the initiative to look for Lin Yi, but the carefree Duanmu Yu became shy again, completely losing the courage to make tea and play the Qin to express her feelings to Lin Yi.

After a short period of noise, the hall returned to silence. However, the way the cultivators looked at Duanmu Yu had changed. They might have to reevaluate their opinion of leaf spirit sect.

No one noticed that a disciple of the Xuanji sect had also left the hall quietly after Shangguan liuyun had left. He then ran back to the Xuanji sect's encampment and reported everything he had seen to Hong xuanlei.

Judging from the situation just now, the Qiankun sect didn't seem to be as powerful as he had imagined, and the Shangguan family wasn't as bad as he had expected. This disciple of the Xuanji sect thought that if he reported what he had seen to the sect leader, perhaps the Xuanji sect would pay more attention to their strategy in the immemorial meeting.

However, after Hong xuanlei heard this, he glared and scolded, ""Bullshit! What the hell are you saying? Shangguan liuyun, that good-for-nothing, dared to attack the people of Qiankun sect? Or Jin Hua from the Qiankun sect? Don't joke around! Even if he was a Foundation Stage disciple of the Qiankun sect, would he dare to attack Shangguan liuyun if he lent him his courage?"

"But what this disciple said is the truth! Jin Hua of the Qiankun sect was really beaten up badly by Shangguan liuyun. Although there were no fatal injuries, he had definitely lost all his face! Sect leader, do you think the Shangguan family has some kind of backing?" This disciple was very loyal to Xuanji sect and had guessed 70 - 80% of the truth.

Hong xuanlei sneered and said, " This Lord thinks that the Shangguan family is relying on you, a traitor, right? Speak! How many benefits have the Qingyun school and the Shangguan family given you? why are you so eager to promote them? are you trying to make me return to the North Island? What a joke! Do you think such a small trick can fool my eyes?"

The disciple's face was full of shock. He had never thought that he would be bribed by the Shangguan family and the green cloud School when he came to report the news with loyalty.

"Sect leader, this disciple is speaking the truth! This happened in front of everyone's eyes, so if you ask around, you'll know that this disciple didn't lie!" That disciple's words made sense! As long as he went to inquire, he would know that this news was absolutely true.

However, Hong xuanlei already had a preconceived idea. He was sure that this disciple was lying to him. Seeing that this guy was still quibbling, he was instantly furious. "You spy, you're still trying to fool me at this point? You've really underestimated this Lord. This Lord will definitely not be deceived by a villain like you! Men, take him down and lock him up. After the archaic meet is over, bring him back to the sect and deal with him properly!"

"Sect leader, this disciple is innocent! Sect leader ..." That unlucky disciple didn't know that no matter what he said, he couldn't change Hong xuanlei's opinion of him!

No one outside knew about the farce in Xuanji sect. As the immemorial meeting was about to begin, the market in Ying town finally became lively.

At this time, all the sects and families participating in the immemorial meeting had arrived. Therefore, the trading in the city square had gradually become more active. Every sect and family would go to trade some natural treasures at this time. If they were lucky, they might be able to improve their strength before the immemorial meeting and fight for more benefits for their sect.

That was Jin Weifeng's plan, and so he went to the market early in the morning. He was already a master of the original level, and although there was no bottleneck before the peak of the original level, he couldn't increase his strength again within two to three days. After all, he wasn't Lin Yi, and he couldn't use that kind of overbearing method to directly extract the spiritual power from the spiritual jades. Normal cultivation only made him a few times faster than others.

After looking around, Jin Weifeng felt that there were quite a lot of good things, but he went from Foundation to nascent soul in just a year. He wasn't confident in judging these good things, so he decided to go back and look for Lin Yi and his master Xin Yijie to take a look.

Jin Weifeng immediately went back to Lin Yi and Xin Yijie, and the two immediately agreed.

In these two days, Xin Yijie had broken through to the peak of the nascent Soul Stage with his golden core. Even without Lin Yi, he was already one of the top fighters in the ancient martial world, so there was no point in going into isolated cultivation anymore. Going out for a walk was a good idea.

#### Chapter 5536 Setting Up A Stall In The Market

When the three of them left, Duanmu Yu, who had been eating for four hours, was just leaving. Lin Yi didn't use his spirit sense to observe the entire town, so the two passed by each other just like that. If Duanmu Yu knew about this, he'd definitely extend the meal to six hours ...

After leaving the inn, Lin Yi asked casually, ""Yi Jie, does our green cloud School have the practice of selling things in the past?"

Xin Yijie nodded. "Of course we do. However, we only use small items to exchange for spirit Jade. Now that you've given the sect so many spirit Jade, we don't lack any more. There's no need for us to continue selling our items."

After a short pause, Xin Yijie continued, ""However, before the start of the event, selling some high-level items is also a way to show the strength of the sect. The higher the level of the item, the more it can reflect the strength of the sect, so that people don't dare to underestimate it. After all, before the event begins, there is a round of voting for all the sects. Selling high-level items in the market is a disguised way of canvassing for votes."

"All-sect voting? What is this?" Lin Yi asked, confused. He'd never heard of this before.

Only then did Xin Yijie remember that this martial granduncle of his wasn't too familiar with the rules of the archaic meeting. He hurriedly explained, "Martial granduncle, this is actually not an important

matter, so this disciple did not think of reporting it to martial granduncle. The so-called vote of the entire sect is just to determine the right to challenge. "

The so-called right to challenge referred to the possibility of challenging the higher ranks. The original four big and ten small sects would automatically obtain the right to challenge the four big and ten small sects. However, the ten small sects might not necessarily have the right to challenge the four big sects, and the other sects might not have the right to challenge the ten small sects.

Take Qingyun school as an example. Because it was one of the older ten small schools, there was no need to vote to qualify as one of the ten small schools. However, when all the sects voted and did not think that Qingyun school had the right to challenge the four big schools, then Qingyun school must first challenge the sect that was voted to be qualified to challenge the four big schools. After winning, they could continue to challenge the four big schools.

If green cloud School had the right to challenge the big four during the voting, they could attack the big four from the very beginning.

Another example was the thousand blade sect, which was not even one of the ten small sects. Only those who voted and thought they had the right to challenge the ten small sects could challenge them. If the thousand blade sect had the strength of the four great sects, but only had the right to challenge the ten small sects, they could only challenge them step by step. They could not directly challenge the four great sects.

This rule basically allowed the sects that needed to be challenged to move up step by step, while the original four big and ten small sects enjoyed the advantage of waiting for the exhausted to come.

Lin Yi thought about it carefully after listening to Xin Yijie's explanation. The rules weren't unreasonable, but they weren't completely reasonable either. Lin Yi didn't mind, though. With his strength now, he could basically ignore these rules.

"Then let's take out some good things to show our strength!" Lin Yi could ignore the rules, but it was best to avoid trouble when he could.

Lin Yi nodded lightly and continued, "The sects and families that have come to participate in the archaic meeting, other than our clear enemies, include our allies, sects that fear us, and many others that we have never met before. It's still necessary to show our strength appropriately. It'd be best if you can directly obtain the four great challenge qualifications, so that you don't have to compete for the challenge qualifications, which is a waste of time. "

"Senior granduncle is wise!" Xin Yijie wasn't surprised at all-he'd just do whatever Lin Yi said, after all. Following Lin Yi wasn't a bad thing.

This was the first time Jin Weifeng heard Lin Yi say that he was going to challenge the big four. He was looking forward to it, but he couldn't hide the excitement in his heart when he heard it.

The battle against the big four was the best stage for Jin Weifeng to repay his Grandmaster and master!

As they spoke, the three arrived at the outskirts of the market. Both sides of the road were filled with stalls, but they were in good order. Lin Yi scanned with his spirit sense and shook his head in disappointment-there wasn't anything that caught his eye.

But the deeper they went, the better the quality of the items seemed. Xin Yijie saw Lin Yi's expression and quickly explained, "Martial granduncle, the stalls outside are all set up by some small sects and ten small substitute sects. Further in, there are stalls set up by those who are qualified to challenge the ten small sects and the ten small sects. The items here are much better."

Lin Yi acknowledged faintly and didn't say anything else. With his spirit sense, he could tell that the things inside were much better than the ones outside, but it didn't make much of a difference to Lin Yi. At his level, things that weren't really good couldn't pique his interest anymore.

Xin Yijie continued, "in fact, the truly top-grade items won't be put up for sale at this time. It's only after the end of the immemorial meeting and the rankings are settled that the various sects will take out their top-grade items to participate in the bartering exchange and the auction. Otherwise, it won't be good if they take out their good items now and end up helping others to cheat themselves."

Lin Yi couldn't help but smile. This was an interesting way of putting it, but it was the truth. If Lin Yi took out a few golden cores and sold them to the Qiankun sect, wouldn't he be increasing the difficulty of the challenge?

However, Lin Yi didn't really mind having a few more nascent soul masters as his enemies. It was just that this kind of action was a little too stupid, and it wasn't something a normal person would do.

"Alright, let's find a place to set up our stall! I'm not interested in the things here, so I'd better let them have a look!" Lin Yi smiled as he used his spirit sense to find an empty seat.

"That's the place, follow me!" Lin Yi pointed at an empty seat in the distance and walked over with the two.

Xin Yijie's mouth twitched involuntarily when Lin Yi stopped at the empty seat. He wanted to say something, but didn't.

Lin Yi took out some useless elixirs and gave them to Xin Yijie. "You set up the stall!"

"Let me do it. I've done this kind of thing before." Jin Weifeng quickly took the lead.

What a joke, one of them was the martial granduncle of Qingyun school, and the other was the sect leader of Qingyun school. If they really set up a stall personally, how embarrassing would that be?

Chapter 5537 Too Cheap!

Jin Weifeng's eyes were sharp, but he didn't think about it. He was now a nascent Soul Stage old monster in the green cloud School. He automatically had the identity of an elder. A nascent Soul Stage elder in the green cloud School setting up a stall was not much different from the sect leader.

When Jin Weifeng inspected the pills Lin Yi gave him, he was shocked. What kind of pills were these? Although there were no strategic medicinal pills like the Yuanying stage golden core that could directly improve the strength, there were many life-saving medicinal pills like the fifth grade great recovery pill, and they were all of the best quality. Taking them out was simply dazzling!

"Eh, the five elements sect has set up their stall so early this year? Let's go and see if there are any medicinal pills!" Seeing that the stall had opened, people immediately rushed over.

Lin Yi's ears twitched. He suddenly remembered that the five elements sect was also in the field of alchemy. That Master Chen from before was one of them! It turned out that these people thought that

they were from the five elements sect, who had come out to buy elixirs. However, he was too lazy to take the initiative to explain this.

"Waa! This was a top-grade fifth-grade great recovery pill! Am I dreaming? The five-elements sect had really invested a lot this time! Brother, how much are these pills?" Those who were knowledgeable immediately saw the grade five great recovery pill with a pill Halo circulating around it. Their eyes immediately lit up and they rushed forward. They wanted to snatch the pill in their hands. This was a good thing that could save their lives at a critical moment!

Jin Weifeng sneaked a glance at Lin Yi, wanting to know how much he was going to price the pills.

Lin Yi didn't have much of an idea of the prices in the ancient martial arts world, and gave her a look that said "you decide."

Jin Weifeng immediately understood, he turned around and stuck out his chest, pointing out a finger, ""This is a top-grade fifth-grade great recovery pill. 50 pieces of spirit Jade, no bargaining!"

Lin Yi almost spat out a mouthful of blood-no bargaining, your sister! This was a Supreme-grade great cyclic pellet, not a Supreme-grade cabbage! Fifty spiritual jades? Is it enough for the materials?

Lin Yi looked at Jin Weifeng as if he was expecting better from him. He didn't know that this kid was a prodigal! A Supreme-grade fifth-grade great recovery pill was only sold for fifty spiritual jade pieces? Speaking of which, why did you have to stick out a finger to sell it for 50 spiritual Jade? It represented one? Normally, it should be a hundred spiritual jades, right?

Unknowingly, Lin Yi had fallen into Jin Weifeng's trap. A hundred spirit Jade ... Was there a difference between that and fifty?

"Waa! Fifty spiritual jades!" The crowd gasped in surprise-Lin Yi guessed that the pills would all be gone in the blink of an eye.

However, the following words almost made Lin Yi vomit blood,"So expensive? Fifty spirit Jade!" This was what passerby A said.

"That's right! It's so expensive! However, there's nothing to say about their quality. Fifty spiritual jades for a life is really not expensive!" This was what passerby B said.

"I'm going all out. I'm going to buy one even if I have to sell everything I have. But this pill is so damn expensive. Brother, aren't you a little too greedy?" Passerby C took out fifty spiritual jades and bought a grade five great recovery pill. He didn't forget to complain to Jin Weifeng.

Lin Yi was sweating-fifty spirit Jade was expensive? Black? You came out wearing sunglasses, right? It's Black everywhere! If you think this is expensive, then please get lost immediately!

Of course, this was just Lin Yi complaining in his heart. He didn't care about the spiritual Jade at all. He didn't have any use for these pills anyway. He just wanted to earn some reputation for the Qingyun school.

However, today, everyone seemed to think that the five elements sect was selling elixirs. After all, in the past, no one would sell elixirs in large quantities except for the five elements sect. At most, they would exchange one or two elixirs that they had no use for for spiritual Jade.

Lin Yi didn't plan on explaining. The five elements sect selling their pills had become a common occurrence in the ancient realm. If he said that they were from the Qingyun sect, people might think that these cheap pills were fake, and it would be even harder to sell them. He'd better let people buy them and study them first. When the word of mouth was out, he'd put up the Qingyun sect's signboard tomorrow, and his original goal would be achieved.

Xin Yijie whispered from the side, "senior granduncle, although Jin Weifeng's price is low, it's still acceptable here. After all, the other small sects don't have a lot of spirit Jade. Their purchasing power is limited."

There was one thing that Xin Yijie didn't mention-if it wasn't for Lin Yi's sudden appearance, the Qingyun school would probably be very poor right now. Spirit Jade and stuff had to be distributed according to plan-even fifty spirit Jade worth of pills weren't something they'd buy just because they wanted to.

Lin Yi nodded helplessly. He thought back to the time on the snake Island when Ling Tianyou and Wei Yidao were arguing with each other over that little bit of spirit Jade. It seemed like the spirit Jade resources in the ancient martial world were indeed quite scarce, or else that situation wouldn't have happened. It was precisely because of the scarcity of spiritual Jade that the purchasing power of spiritual Jade was relatively strong.

"It doesn't matter. These pills aren't meant to earn spiritual jades anyway. Just let Jin Weifeng handle it himself." Lin Yi said faintly, not caring about the ridiculously low price anymore.

In Lin Yi's eyes, pills that were cheaper than cabbages weren't something that just anyone could buy, and he'd never seen such a rush to buy before.

However, the sale of the elixirs did not stop. Slowly, there were still deals. There were no stormy waves, but there were still steady streams. Some people did not have enough spirit Jade at the time, so they left to raise money first. They either returned to their sects or borrowed money from friends. In any case, they would still come back to buy the elixirs they wanted in the end.

Lin Yi, naturally, didn't want to stay here any longer and left after seeing that there wasn't anything special. Xin Yijie, on the other hand, was worried about his precious disciple and stayed with Jin Weifeng.

Before dark, all the pills were finally sold out. Jin Weifeng was counting the spirit Jade while Xin Yijie helped to clean up the stall.

Two people rushed to the stall. Xin Yijie didn't look up and simply said, "It's sold out today. If you want it, come back tomorrow to take a look!"

"You guys set up a stall here?" A somewhat familiar voice came from above Xin Yijie's head, brimming with anger.

Xin Yijie raised his head and saw that it was indeed an old acquaintance-Hong xuanlei from the Xuanji sect. His face immediately turned cold as he said, "Is there a problem?"

It was a coincidence that Hong xuanlei had brought one of his disciples to the market. He saw that the stalls here were quite lively, so he wanted to come and take a look. However, when he came, Jin Weifeng had already sold out the last pill, so he saw Xin Yijie packing up his stall.

Chapter 5538 Sending The Message

As for what Xin Yijie was selling, Hong xuanlei didn't see it. That wasn't important anymore. What was important was that Xin Yijie was using this stall!

"Is there a problem? I'm telling you clearly, get rid of the "mo" word!" Hong xuanlei's face was full of anger. He sneered and said, ""Xin Yijie, don't tell me you don't know whose stall this is! Is this a place where you can set up a stall?"

Xin Yijie stood up straight and looked around indifferently. ""I didn't see anything about it. Could it be from your Xuanji school?"

Hong xuanlei was speechless. Xuanji school wasn't even one of the ten small schools. How could it have such a seat in the inner circle? This Xin Yijie was clearly slapping him in the face!

"Xin Yijie, don't be so ungrateful!" Hong xuanlei was a little embarrassed as he shouted, ""On account of the fact that we're both from the Beidao lineage, I'm kindly reminding you, but you're still playing dumb with me? You're really stupid!"

Jin Weifeng came up to Xin Yijie and whispered, "Master, where did this fool come from? He's so noisy, do you want this disciple to drive him away?"

"Don't talk nonsense. He's the sect leader of the Xuanji sect, the New right-hand man of the five elements sect! Just look at how impressive he is!" Xin Yijie said sarcastically. He had been a good old man, but now he couldn't help but laugh at Hong xuanlei's ignorance.

Hong xuanlei's face turned white from Xin Yijie's mocking. However, Xin Yijie still said calmly, ""We'll find out who's the fool soon enough. However, since no one is using this stall, Qingyun school will still set up a stall here tomorrow. If you have any objections, you can come back tomorrow!"

After that, Xin Yijie nodded to Jin Weifeng, telling him not to bother with Hong xuanlei and to go back.

Hong xuanlei gritted his teeth and shouted, "Xin Yijie, don't say that I didn't warn you. Go to the five elements sect and apologize immediately. For the sake of the North Island Alliance, I'll put in a good word for you. Maybe you'll get the five elements sect's forgiveness. Otherwise, you'll be dead!"

Xin Yijie didn't even turn his head. He only said indifferently, ""Those who walk different paths can't make plans together. Hong xuanlei, just take care of yourself. You don't need to worry about the matters of Qingyun school."

He didn't say anything about putting in a good word for Qingyun school. Qingyun school didn't need it at all. Even if they did, Xuanji school probably didn't have the right to say anything in the five elements sect. Even if Xuanji school could say something, Xin Yijie didn't think that Hong xuanlei would say anything good either ...

Ever since Xin Yijie and Hong xuanlei had parted on bad terms at Xuanji sect, Xin Yijie had already seen through Hong xuanlei's character. He had long since stopped thinking of Hong xuanlei as a partner who could go through thick and thin together. In that case, why should he care about him? However, it was a pity that the Xuanji sect's tens of millions of years of business was wasted.

Hong xuanlei was about to fly into a rage. He immediately roared, ""Alright! Xin Yijie, you're really something. Just you wait! Let's see how long you can be so proud!"

After he finished speaking, Hong xuanlei and his followers quickly overtook Xin Yijie and Jin Weifeng, ready to go to the five elements sect to complain.

Xin Yijie continued to walk unhurriedly, but he was shaking his head inwardly. Xuanji sect was originally one of the top ten small sects, but it wasn't without reason that it had declined.

Hong xuanlei was a good example. Not only did he have no foresight, but he was also too secretive about the news. Although the news of Qiankun sect's defeat at the Shangguan family's hands had not spread widely, the four major levels were basically aware of it. Those sects that the four major levels valued would naturally receive some news.

Even if they didn't receive any news about this, it could be inferred that Qingyun school was not a pushover by looking at the fact that nothing happened to Qingyun school after the death of the son of the Qiankun school's leader.

In any case, there were several pieces of news that could prove that Qingyun school was not to be trifled with, just like Qiankun school. However, Hong xuanlei, the sect leader of Xuanji school, a school that was not even one of the ten small schools, why did he provoke Qingyun school so vigorously?

Was it because Qingyun school was originally Xuanji school's brother school that he liked to trample on Qingyun school more and more?

Lin Yi strolled over casually and met up with Xin Yijie's group.

"Who's that?" Lin Yi lifted his chin at Hong xuanlei and asked. He saw what happened from afar, but he didn't use his spirit sense to observe. It was just a small thing, not worth his attention.

Xin Yijie chuckled and said bitterly, ""It's Hong xuanlei, the sect leader of the Xuanji sect. "

So it was this idiot! Lin Yi thought to himself as he looked away-there was nothing to pay attention to these small characters.

"What's wrong with him? Did he have a conflict with you?" Lin Yi didn't care about Hong xuanlei, but he did care about Xin Yijie.

Xin Yijie shrugged and said,"it's nothing much. There's an unspoken rule that the best items are sold at the seats inside, and only the big four can use them. Our stall today usually belongs to the five elements sect. Therefore, Hong xuanlei felt that we had offended the five elements sect and was furious."

"Ah, what a good dog!" Lin Yi chuckled, putting the matter to the back of his mind.

It wasn't a big deal. He just used the five-elements sect's stall. The five-elements sect didn't even say anything, so why did the profound secrets sect make a fuss?

However, Lin Yi only understood now what the discussion was about. It wasn't because they were selling the pills to make people think that they were from the five elements sect, but because the seat was from the five elements sect!

After Hong xuanlei left in anger, he immediately went to the five elements sect to ask for an audience, but with the Xuanji sect's status, it wasn't easy to meet the higher-ups of the five elements sect. He didn't know if Hong xuanlei was lucky or not, but he met Lin Yi's old friend, Master Chen, who was in a good mood and agreed to Hong xuanlei's request without thinking too much.

When Hong xuanlei saw Master Chen, he immediately bowed and greeted him. Then, he went straight to the point, ""Master Chen, I heard that the five elements sect's stall was taken over by someone in the market today."

"What? Who would be so bold as to occupy our five elements sect's stall? The Qiankun sect?" Master Chen was slightly surprised, but he was not as angry as Hong xuanlei had thought.

Hong xuanlei wanted to expose Qingyun school, but Xuanji school was from Beidao after all. If he exposed Qingyun school, it would be equivalent to betraying his former teammates. This kind of behavior was typical of harming others without benefiting himself, and he would be looked down upon by the five elements sect. No matter how stupid Hong xuanlei was, he would not do such a stupid thing.

#### Chapter 5539 The Five Elements Sect Handling Matters

"As for which sect he is from, this junior didn't see it personally, but I've heard of it." Hong xuanlei spoke slowly and carefully. He had thought about it several times in his heart, but he still did not dare to say it too quickly for fear of any problems.

"However, I heard that the person who occupied our five elements sect's stall has also raised our flag. Don't you think this is a disgrace to our five elements sect?" Although they couldn't directly say that it was done by the green cloud School, it was still necessary to lay the foundation in advance. When the green cloud School was exposed, it would be enough for the five elements sect to crush them directly.

As a result, there was an extra seat for the ten small ones!

"This is outrageous!" Master Chen was furious. "It's one thing for you to occupy our stall, but how dare you pretend to be from the five elements sect?" Immediately investigate who did it! We can't let this slide!"

Hong xuanlei quickly added, "Master Chen, please calm down. There's no need to investigate. I heard that these people will continue to pretend to be our five elements sect and set up a stall tomorrow. We'll know who they are when we get there!"

"Alright, you've done well in this matter. I'll remember your contribution. By the way, what's your name again?" Master Chen nodded approvingly. He wanted to say more words of praise, but then he realized that he had forgotten the name of the person in front of him.

Hong xuanlei's face was covered with tears. "To think that he kept talking about the five elements sect. It turns out that he doesn't even care about me at all, and doesn't even bother to remember my name."

"I'm Hong xuanlei, the sect leader of the Xuanji sect. I'll be counting on you, Master Chen." Hong xuanlei didn't care if Master Chen couldn't remember it. He just wanted Master Chen to remember it.

"Alright, Hong xuanlei of Xuanji sect, I'll remember this. Tomorrow, you'll follow me to see who this clown is who dares to impersonate the five elements sect!" Master Chen signaled for Hong xuanlei to take his leave.

Gah! Hong xuanlei was crying in his heart. He had successfully made Master Chen remember him, but he suddenly wished that Master Chen didn't remember him.

Hong xuanlei didn't want to go with Master Chen to cause trouble for the green cloud sect. It was best to let the five elements sect handle this matter on their own. If he went with Master Chen, the five elements sect might find out that he had been instigating trouble.

However, since Master Chen had given the order, Hong xuanlei did not dare to disobey. He had no choice but to go with Master Chen tomorrow. All of a sudden, Hong xuanlei did not know whether he should hope for the green cloud School to appear or not.

The next day, Hong xuanlei was dragged out by the five elements sect and followed Master Chen to the market. He had no chance to resist.

Very quickly, the group of people arrived in front of the five elements sect's stall. However, the stall was surrounded by many cultivators, so there was no way to see the situation inside.

"Get out of the way! Master Chen of the five elements sect is here to sell his medicine!" The task of driving the crowd away was naturally done by Master Chen's followers. When they heard that it was Master Chen from the five elements sect, the crowd subconsciously made way for him.

Master Chen did not plan to sell the pills so early. He usually waited until the last moment for important figures to show up.

However, now that someone had impersonated the five elements sect and even snatched their stall, Master Chen could no longer sit still! If he released the elixir that he had prepared long ago, he would definitely be able to regain all the popularity in an instant and catch all those guys who pretended to be from the five elements sect in one go!

Master Chen's plan was very good. As long as the elixir appeared, everyone would flock to him. Then, he would humiliate them. Not only that, Master Chen could also announce on the spot that whoever voted for those people would never sell any of the five elements sect's elixir to them again.

In this way, no one would vote for that unknown sect. This idea was simply killing people invisibly. It was too cool! Master Chen could not help but admire himself for coming up with such a brilliant idea.

Under normal circumstances, the situation would have developed exactly as Master Chen had expected. This was the power of the five elements sect. With the five elements sect's support, Master Chen dared to be so arrogant!

The problem was that what Master Chen was about to face was definitely not a normal situation!

Seeing that the crowd had cleared a path for him, Master Chen walked in with his head held high, as if he was looking at the road with his nose. He said arrogantly, "All unrelated people, move aside! I'm going to sell some pills. These pills were personally refined by me, and you've been lucky for who knows how many lifetimes to get them!"

In the past, people would have come to support Master Chen's words, but today, there was no response.

It was not that the five-elements sect had never sold elixirs before, but the quality and level of the elixirs were not satisfactory. How could they be better than the elixirs sold by the green cloud sect? Lin Yi had already announced the name of the Qingyun school, and with the good reputation from yesterday, business was much better than yesterday.

"It's master Chen from the five elements sect. He's also here to sell pills!"

"Hurry up! If the five elements sect is here, the green cloud sect won't be able to set up their stall anymore. If we don't buy something of such good quality and not too expensive now, we might not have the chance to do so anymore ..."

"The people in front, make way. Don't occupy the latrine pit and not sh \* t ..."

The people on the outside stepped aside when they heard the name of the five elements sect, but the people in the innermost circle were even more desperate to complete the transaction as soon as possible. After one day, the reputation of the cheap and good quality elixirs of the green cloud sect had been spread. No one was stupid, and they knew that now that the five elements sect had come, it was likely to be their last chance to buy the elixirs of the green cloud sect.

Master Chen's face turned dark. He was the alchemy master of the five elements sect, a figure who was sought after wherever he went. He had never been ignored like this.

"All unrelated people, move aside! I'm going to sell some pills. These pills were personally refined by me, and you've been lucky for who knows how many lifetimes to get them!" Master Chen repeated what he had just said. However, he did not sound as imposing as before. The people who had made way for him looked at him in a different light.

Hong xuanlei knew that this was not the way to go, so he immediately gave a look to Master Chen's followers. The two of them passed Master Chen from the left and right, pushing away the people in the innermost area with both hands.

"Dodge! Dodge! How dare you obstruct the five-elements sect's Affairs? Which sect and family are they from?" Master Chen's Lackey shouted, which scared the hell out of some people. (Murloc's new book "the president of the school Belle depends on me" is in the hot serialization.

Chapter 5540 Abandoned

"Quickly move aside. Although the items are good, your life is more important! Don't cause trouble for your own sect!" The people on the side also persuaded and pulled the people inside in a low voice. It was unknown whether they were genuinely concerned about the people inside or because they couldn't buy the pills of Qingyun school, so they didn't want the people inside to be able to buy them.

No matter what, with the help of his follower, Master Chen managed to force his way into the crowd. He was just about to say something to show off his status when he saw Lin Yi's playful face behind the stall.

"Hey, isn't this Master Chen from the five elements sect? Last time, I heard that you've already washed your hands and stopped refining pills. What's wrong? You've returned to the pugilistic world?" Lin Yi looked at Master Chen with a half-smile on his face as he mocked.

Master Chen cursed Hong xuanlei in his heart. Isn't this a F \* cking scam?! Lin Yi was here! I can't wait to hide from him, but this time, he took the initiative to come to my door.

Master Chen was extremely embarrassed at Lin Yi's mockery, but he didn't dare to retort in case Lin Yi would tell him what happened last time. "This was refined by this Lord in the past. Why? It won't work!"

"Oh, Master Chen, you made it before? I thought you would say it was your disciple who made it! That's why the quality is so bad!" Lin Yi's face was full of realization as he continued to mock Master Chen.

Master Chen's face turned red. He had wanted to say that the pills were made by his disciple, but he had been told twice that he had personally made them. He was too embarrassed to say that it was his disciple who made them.

"Impudent! Who Do You Think You Are? How dare you talk to Master Chen like that?" Hong xuanlei still didn't have much of a reaction. In order to please Master Chen, he jumped out and pointed at Lin Yi, "Who doesn't know that Master Chen's products are of the highest quality? small sects like you can't even compare to them! Get out of here!"

Lin Yi, on the other hand, didn't react much, but Master Chen wanted to slap this idiot who'd been cheating his teammates for thirty years. Can't you see that every single one of his pills is of the highest quality? Compared to Lin Yi, even master Chen had to admit that the quality of his pills was trash ...

Master Chen glared at Hong xuanlei, then turned his head and said, "I forgot that I have an important matter to attend to today. I'll take my leave first!"

Lin Yi only smiled faintly as he watched Master Chen leave. "Remember to take your dog away, so it won't bark here!"

Hong xuanlei's face darkened. So Lin Yi and Xin Yijie were treating his words like dogs barking when they ignored him? After all, he was the sect leader of Xuanji sect. This was absolutely intolerable!

"Let's go!" Master Chen did not even turn his head as he shouted angrily.

Hong xuanlei lowered his head and glared at Xin Yijie and Lin Yi before following Master Chen out.

Seeing that the people from the five elements sect had left, the audience gathered around again. Although they didn't know what was going on, the most important thing was to buy the Supreme-grade elixirs from the green cloud sect!

After walking for some distance, Hong xuanlei approached Master Chen and asked in a low voice, ""Master Chen, what happened? Why did he leave just like that? Are we not going to pursue the fact that they occupied our five elements sect's stall?"

Master Chen turned around and slapped Hong xuanlei across the face. He shouted, ""Are you F \* cking scamming this Lord? He clearly knew that they were selling elixirs at such a cheap price, yet he still urged this Lord to set up a stall. Did he not know the rules of alchemy? In this case, if they set up a stall, I can't do the same!"

Hong xuanlei wanted to cry but had no tears. He had just moved his face closer to Master Chen and he was slapped. He felt that something was wrong. He was also confused by Master Chen's anger. He could only say carefully, ""Master Chen, please don't be angry. I didn't know about this rule. I didn't see them selling pills yesterday."

In fact, the rules were all nonsense. Master Chen was too embarrassed to mention that Lin Yi's team was of the highest quality, and he couldn't compare himself to them. He also didn't have the face to say that he lost to Lin Yi. He could only come up with some random reasons.

"You don't know? It doesn't matter if you don't know!" Master Chen glanced at Hong xuanlei and said coldly, ""You can get lost now. Don't ever appear in front of this Lord again. This Lord doesn't want to see you again!"

His words were like a bolt from the blue. Hong xuanlei was dumbfounded. Seeing that Master Chen had already turned around and left, Hong xuanlei quickly ran after him and begged, "Master Chen, please calm down. I'm doing this for the sake of the five elements sect. I saw that someone had taken our position, so I was anxious and didn't get to know more ..."

"Enough! Who the F \* ck is "we" with you? Who Do You Think You Are? how dare you criticize our five-elements sect?" "Shut up!" Master Chen shouted, cutting Hong xuanlei off.

"No... Master Chen ... I ..." Hong xuanlei wanted to explain, but his words were already incoherent. Master Chen meant to expel the Xuanji sect. It was not easy to find the five elements sect as a backer. Hong xuanlei did not want to be expelled just like that.

Master Chen was furious. He slapped Hong xuanlei again and left with his followers.

This time, Hong xuanlei really wanted to cry but had no tears. He had originally wanted to mess with the green cloud School and show off in front of the higher-ups of the five elements sect, but the result was completely different from what he had imagined.

This wasn't how the script was supposed to be!

However, Hong xuanlei did not dare to follow Master Chen anymore. Before he figured out the reason, he would only be asking for trouble. With Master Chen's status in the five elements sect, what he said was not much different from what the sect leader said, especially when it only concerned the Xuanji sect.

Hong xuanlei, who had returned to Xuanji sect alone, immediately gathered his confidants to discuss this matter." "Tell me, how should we deal with this matter in the five elements sect?"

"Sect leader, there seems to be a secret between Master Chen of the five elements sect and the green cloud sect. The more Xuanji sect interferes, the less it will benefit us. Besides, since Master Chen has already said that he wants to expel us, the five elements sect will not be able to rely on him in this immemorial Grand meeting." An elder said hesitantly.

"Nonsense, this King already knows this, do I need you to say it? What's the most important thing now?" Hong xuanlei said irritably. (Murloc's new book "the president of the school Belle depends on me" is in the hot serialization.
