Chapter 5541 Spreading Rumors

Another elder said, "sect leader, our Xuanji sect is aiming to get into the top ten. Without a sect backing us up, it's impossible to get into the top ten. So, no matter what, we have to find a sect to rely on. Since the five elements sect is not going to make it, we should find a new one as soon as possible while we still have time."

Hong xuanlei rubbed his forehead and said, ""Who doesn't know the importance of a sect? But there are only four of them in the big four, so which one do you think we should find to be our sect?"

"It's impossible for us to go to the Qiankun sect. We wanted to go to the Qiankun sect from the beginning, but they didn't even want to talk to us." The elder smiled helplessly and said, "let's not talk about the five elements sect. We don't have much of a relationship with the third-ranked heaven enlightening sect. Moreover, they are the furthest away from us. Even if we want to join them, they might not be willing to accept us. Especially since we have some disputes with one of the sects under the heaven enlightening sect."

"Why don't you just say that the Shangguan family is the only one left of the four greats? what are you talking about?" Hong xuanlei was in a very bad mood. He had left the Shangguan family with the Xuanji sect on his own initiative, and they had just had an unpleasant conflict with the Qingyun sect. It seemed that he would be too embarrassed to return to the Shangguan family now.

"Sect leader, I think the Shangguan clan is the only one out of the four greats that can accept us. Besides, they seem to have become a lot more powerful recently, and they don't even show much respect to the Qiankun sect. It's not a bad choice to return to the Shangguan clan." That elder was quite reasonable. At least, he had a better understanding of the situation than Hong xuanlei.

Hong xuanlei nodded and said, "it's not impossible for us to return to the Shangguan family. I think they will welcome us very much. After all, we are the weakest among the four great sects. We don't have many outstanding sects. We have one perfect golden core and two peak late golden core cultivators in the Xuanji sect. It will be a great boost to the Shangguan family's strength."

If Shangguan Qingyun had heard this, he would definitely ask where Hong xuanlei's confidence came from. In the immemorial meeting, the deciding factor was always the nascent soul realm cultivators. A few golden core cultivators could only wave the flag and cheer.

After a discussion with his two confidants, Hong xuanlei finally decided to return to the Shangguan family as soon as possible. Otherwise, when the five elements sect spread the news of expelling the Xuanji sect, the value of the Xuanji sect would be even lower.

With the help of Lin Yi's golden core these past two days, Shangguan Qingyun had already broken through to peak nascent soul realm and had the complete practitioner's Arts. He was feeling very proud of himself when he heard that the Xuanji sect's head, Hong xuanlei, was visiting. He met Hong xuanlei immediately.

After the two of them exchanged some pleasantries, Hong xuanlei went straight to the point and said, "Shangguan family head, in addition to paying a visit to you, I'm here to pay a visit to the Shangguan family again. I want to return Xuanji sect to the Shangguan family."

"Oh? I'm glad that sect leader Hong has such an idea, but I don't know why sect leader Hong suddenly wants to return to the Shangguan family." Shangguan Qingyun said with a smile, but in his heart, he was wondering if the return of the mysterious secrets sect was the idea of the green cloud sect.

Previously, Xin Yijie had sent a message to Shangguan Qingyun, asking him to inform the rising sky sect to advance and retreat together at the immemorial meeting. Of course, to the outside world, the

Shangguan clan was still the rising sky sect's backer. Now that Hong xuanlei from the profound secrets sect had come, could it be that this was the same situation?

If it was really someone from the Qingyun school who had called Hong xuanlei over, then Shangguan Qingyun would not have neglected him. Because of this, Shangguan Qingyun was very polite and warm to Hong xuanlei.

Hong xuanlei sighed and said, ""Master Shangguan, to tell you the truth, after our Xuanji sect joined the five-elements sect, we've been looked down upon by the five-elements sect. Moreover, there are many sects and families under the five-elements sect, and in terms of seniority, our Xuanji sect is at the bottom. Therefore, it's not only the five-elements sect that doesn't pay attention to us, but even the other sects can order us around. Thinking of the care that the Shangguan family has given us in the past, it's really like heaven and earth compared to the five-elements sect. They were completely different! I'm deeply uneasy, and I think that returning to the Shangguan family is the right way!"

Shangguan Qingyun was slightly startled. Although Hong xuanlei had put himself in a very humble position, if it was really Qingyun school who had asked Xuanji school to come back, Hong xuanlei only needed to mention Qingyun school. Why did he have to talk so much?

"Well, it's a good thing that sect leader Hong has returned. Let's not talk about the past. We'll work together in the future!" Shangguan Qingyun didn't know what to say, so he could only say a few words of comfort.

Hong xuanlei was overjoyed when he heard this. He thought, "just as I expected, the Shangguan family is very happy that our Xuanji sect has returned. After all, the Shangguan family still needs to strengthen themselves."

"The Shangguan family's head is really a wise and wise representative! Under the wise leadership of the family head, our Shangguan family will definitely rise to the next level in this year's archaic meet!" Hong xuanlei's eyes narrowed as he smiled, and words of flattery came out of his mouth.

"You're too kind, sect leader Hong!" Shangguan Qingyun quickly waved his hand. He knew his own capabilities best. In this archaic meet, the Shangguan clan might really be able to rise to a higher level, but that would definitely not be his credit.

Just as Shangguan Qingyun was about to praise Lin Yi so that Hong xuanlei, who had been pulled back by the Qingyun school, would speak up for him, Hong xuanlei changed the topic.

"Patriarch, you probably don't know this, but Xin Yijie from the Qingyun school secretly came to find me, wanting me to return! This is simply preposterous!" Hong xuanlei lowered his voice slightly, his expression showing that he was feeling indignant for Shangguan Qingyun.

Shangguan Qingyun was a little dazed, and did not know how to respond for a moment. He thought to himself, "if the profound secrets chapter was not pulled back by the Qingyun chapter, I wouldn't even bother with you, you traitor!"

Hong xuanlei naturally didn't know what Shangguan Qingyun was thinking. He continued to make things difficult for the green cloud sect and said, ""Family head, who do you think Xin Yijie is? he actually dared to bypass our Shangguan family and try to recruit me in private. This junior is wholeheartedly on the side of the clan head, so how could I be influenced by such a minor character? I made the decision to return this time after much consideration and judgment. Since I'm back, I'll have to think about our Shangguan family. "

Shangguan Qingyun's expression had already turned somewhat cold. He casually picked up the teacup and took a sip, then asked indifferently, "What is sect leader Hong's consideration?"

Hong xuanlei thought that Shangguan Qingyun's expression was ugly because he was dissatisfied with the green cloud School, and he was even happier.

Chapter 5542 Dispatching Spies

Thus, Hong xuanlei continued to stir up trouble, ""Master, you may not know this, but the green cloud School has occupied the five elements sect's stall for the past two days, and they were caught red-handed by the five elements sect today. You don't have to ask, and the five elements sect will definitely pursue the responsibility of the green cloud School. The Shangguan family can't take the blame for the green cloud School. Let's take this opportunity to drive the green cloud School out so that we don't get into trouble. What do you think, family head?"

Shangguan Qingyun replied expressionlessly, "Sect leader Hong, I think you can go back now. Take care!"

Hong xuanlei was a little dumbfounded. Weren't they having a good conversation just now? why did they suddenly turn hostile? Looking at the teacup in Shangguan Qingyun's hand, he thought, "is he sending the guest off with tea?"

"Family head, I'm doing this for the sake of the Shangguan family ..." Hong xuanlei felt that something was wrong and wanted to remedy the situation.

Shangguan Qingyun interrupted him with a Humph, "Shangguan family is Shangguan family, Xuanji school is Xuanji school. Sect leader Hong, please don't say anything about our Shangguan family. We ... Are not that close!"

Why did these words sound so familiar? Although it wasn't exactly the same, there didn't seem to be any difference in meaning. Hong xuanlei was a little anxious. He quickly stood up and said, ""Patriarch, did this junior say something wrong? Please enlighten me, patriarch!"

Hong xuanlei was completely confused. Shangguan Qingyun had said that he had accepted the Xuanji sect, but now he seemed to have refused. What did this mean?

"You didn't say anything wrong. I was too tactful. " Shangguan Qingyun paused for a moment, then looked at Hong xuanlei and said in a low voice, "Get lost! It's so direct, do you understand?"

Hong xuanlei was embarrassed. He knew that Shangguan Qingyun really didn't like him anymore. Although he didn't know what was going on, he could only leave.

"What the hell! What was the big four's weakest family so arrogant about? You've offended both the Qiankun sect and the five-elements sect. Just wait for your sect to be exterminated! I've humbled myself to join you, and you actually dare to treat me like this? I won't go back even if you kneel and beg me in the future!" As soon as they stepped out of the Shangguan family's Gate, Hong xuanlei immediately cursed in a low voice. His voice was only loud enough for him to hear. If the Shangguan family heard him, Xuanji sect would be in deep trouble.

Hong xuanlei's Lackey was waiting outside the door just now, so he didn't know what had happened. He couldn't hear Hong xuanlei's mumbling, but it seemed that Xuanji sect had failed to join them.

"Sect leader, it's fine if the Shangguan family doesn't want to accept us. They're one of the four weakest families anyway. Let's try the Qiankun sect!" The Lackey took half a step forward and whispered to Hong xuanlei.

Hong xuanlei sighed. "I also want to join the Qiankun sect, but they ignored us. What's the Difference?"

"Sect leader, have you forgotten? When we were under the five elements sect, didn't you have a good relationship with a Senior Steward of the Qiankun sect? although it was under the name of the five elements sect, it was you who made friends with him. Why don't you give it a try?" This Lackey had always been by Hong xuanlei's side, so he naturally knew who Hong xuanlei had come into contact with. He immediately reminded him.

Hong xuanlei's eyes lit up and he said, "that makes sense!" If we go by ourselves, the Qiankun sect might still ignore us, but it'll be a completely different story if we're introduced by an acquaintance. Good job, if this matter is successful, this Lord will remember your merit!"

After finding a new way out, Hong xuanlei immediately changed directions and went to the steward he was familiar with at Qiankun sect. However, when the steward heard that Hong xuanlei wanted to join Qiankun sect, he rejected him on the spot without saying anything.

Friendship? A fair-weather friend is considered a friendship? If it was just some trivial matters, then so be it. But to accept the Shangguan family's traitor, the Xuanji sect? Wasn't that him looking for trouble? What if Lin Yi came for revenge?

After Jinhua suffered a loss at the hands of Shangguan liuyun, Qiankun sect had warned all disciples internally that anyone or anything related to the Shangguan family and Qingyun sect was strictly forbidden to interfere. Those who violated the rules would be served according to the sect rules!

"How could this be? Why is it like this?" As Hong xuanlei walked, he mumbled to himself in a daze. Three of the four great sects had already clearly rejected the offer of the Xuanji sect, so the only choice left was the heaven opening sect.

Although he did not have many acquaintances in the heaven opening sect and even had some friction with a small sect under the heaven opening sect, Hong xuanlei had no other choice but to try to send a visiting card. In the end, he was rejected without a doubt! The heaven enlightening sect didn't need a sect like the profound secrets sect, which was a burden.

"What's the problem? It's impossible that none of the four big sects and families want our Xuanji sect! In terms of strength, our Xuanji sect is much stronger than most of the sects and families that are not part of the four big and ten small sects!" Hong xuanlei was extremely depressed. If he had known that this would happen, he would have stayed in the North Island Alliance. Why did he have to do so much?

"Sect leader, didn't you catch a spy? maybe it's not a spy from Qingyun school, but from the Shangguan family. That's why the Shangguan family rejected our Xuanji sect's offer to join them, right?" Hong xuanlei was a loyal follower. When Hong xuanlei was at his wits 'end, he could at least come up with some ideas.

"Yeah! If you didn't mention it, I would have almost forgotten!" Hong xuanlei clapped his hands and said excitedly, ""Let's go back quickly. It doesn't matter if this guy is a spy from the Qingyun school or the Shangguan family. We can only try this desperate attempt. If we rely on this spy to mediate, we might have a chance!"

Hong xuanlei had been in despair, but now there seemed to be a glimmer of hope. He immediately sped up and returned to Xuanji sect to bring out the disciple who had been locked up.

"Li Yunjia, I don't care if you're a spy from the Shangguan family or the Qingyun school. From now on, as long as you can complete the task I've assigned you, I'll let bygones be bygones!" Hong xuanlei sat on the chair at the head of the table and said to the innocent disciple, Li Yunjia, with a pleasant look.

Li Yunjia was still a little confused at this moment. He had only come back to report some information loyally. How did he end up being locked up as a spy? What was going on now?

"Sect leader, I'm not a spy. I'm doing this for Xuanji sect!" Li Yunjia subconsciously defended himself.

Hong xuanlei raised his hand and said, ""Good, good, good, I believe you are not a spy. How about this, there is something that is very suitable for your original task, you will be happy to hear it." (Murloc's new book "the president of the school Belle depends on me" is in the hot serialization.

Chapter 5543 What Were You Doing Earlier

"Uh ..." Li Yunjia was about to explain but was interrupted again.

"Now, Xuanji school is preparing to return to the North Island Alliance. I need you to contact the Shangguan family and Qingyun school. After all, there was a misunderstanding with them before, and it is not convenient for me to show up. As long as you can repair the relationship between Xuanji school and these two families and let Xuanji school return smoothly, it will be a great merit!" Hong xuanlei said directly.

"For the sake of the sect, this disciple is willing to go through water and tread on fire," said li Yunjia sullenly. "However, sect master, this matter has nothing to do with this disciple's original mission! No, no, disciple didn't have any mission at all!"

Hong xuanlei sneered in his heart. He had let it slip, hadn't he? You're still quibbling! However, I still need you, a spy, to help me, so I'll let you go for now.

"Hahaha, Alright, alright, whatever you say. In any case, this matter will fall on your shoulders. You must not disappoint this Lord. Now, go!" On the surface, Hong xuanlei laughed heroically and sent li Yunjia out.

Li Yunjia stupidly walked out of Xuanji school's encampment and walked toward Qingyun school with a sad face. He was not a spy. He did not know anyone from Qingyun school at all, let alone the Shangguan family.

Although Qingyun school's status was slightly higher than Xuanji school, they were both from the North Island Alliance. They would be easier to talk to than the Shangguan family. Therefore, li Yunjia subconsciously came to Qingyun school first.

The disciple guarding the Qingyun school's encampment saw li Yunjia dressed in Xuanji school's uniform. Without waiting for him to approach, he shouted, ""Stop! This is the base of Qingyun school. Unauthorized people are not allowed to approach."

Li Yunjia hurriedly smiled apologetically. "Senior brothers, I'm a disciple of Xuanji school. I would like to see sect leader Xin Yijie. I wonder if you could help me pass the message?"

"Sect leader Xin is not here. If there's anything, come back tomorrow. Please go back!" The disciple of Qingyun school still didn't allow li Yunjia to approach and casually sent him away.

Li Yunjia said all the good things, but the disciples guarding Qingyun school only said that Xin Yijie hadn't returned and asked li Yunjia to leave quickly. Left with no choice, li Yunjia could only leave Qingyun school's encampment first.

"It seems that sect leader Xin really didn't come back. These senior brothers of the green cloud School don't have to lie to me. I'd better go find something to eat first and wait for sect leader Xin to come back!" Li Yunjia rubbed his stomach and muttered a few words in a low voice.

These few days, he was locked up as a spy. No one came to send food to Li Yunjia at all. At this time, Li Yunjia was really hungry. If he was not thinking about his sect's mission, he would have gone to find something to eat when he came out.

Li Yunjia quickly arrived at the dining hall of an Inn. He picked an empty seat at the door and sat down. He casually ordered some food that could be served immediately and gobbled it up. At the same time, he had to pay attention to whether Xin Yijie would pass by the door.

"Have you heard? "Xuanji sect was expelled by five-elements sect. How embarrassing. I've never seen anyone being expelled by a sect before the start of the immemorial meeting. I wonder how Xuanji sect offended five-elements sect ..." Several cultivators two tables away from Li Yunjia were chatting, but the content stunned him.

"Oh, really? "No wonder, I heard that the Xuanji sect wanted to return to the Shangguan family. It's because they were expelled by the five elements sect. It's really embarrassing. If I were the Shangguan family's master, I would never accept a traitor like him. He went to the five elements sect for the sake of his glory, but now he's unlucky and wants to return to the Shangguan family. How can it be so easy ..."

"You're right! The Shangguan family's master did not accept the Xuanji sect, and guess what happened? Xuanji sect actually wanted to seek refuge with Qiankun sect, but they were directly driven out ..."

"That's not all, that's not all. I heard that in the end, the profound secrets sect wanted to join the heaven enlightening sect, but the heaven enlightening sect didn't even want to bother with them. Now, the profound secrets sect has become a joke in the small Jianghu of the ancient times!"

The few cultivators at the table were talking one after another. Their voices were not soft. Not only li Yunjia, but everyone in the hall could hear it.

Li Yunjia was dumbfounded. His mouth, which was filled with food, was wide open, allowing the food that he had not swallowed to roll out of his mouth.

Was Xuanji sect already in such a miserable state? How many days has it been? Why did his own sect become like this? No wonder sect leader Hong asked me to repair the relationship with the Shangguan family and the Qingyun school no matter what.

Li Yunjia truly wanted the best for Xuanji sect. After understanding Xuanji sect's predicament, he was determined to complete the mission. No matter what, li Yunjia was the Senior Manager of Xuanji sect. In front of Hong xuanlei, he was nothing. However, the fact that he was selected to participate in the immemorial Grand meeting already showed his excellence.

"No! We don't have time to sit here and eat now. We must find sect leader Xin immediately, otherwise our Xuanji sect's situation will only get worse!" Li Yunjia spat out everything in his mouth and muttered to himself. He then hurriedly got up and walked out. Pi town was only so big anyway, so it would not waste much time to run one round.

As soon as he left, li Yunjia was pleasantly surprised to see the Qingyun sect leader, Xin Yijie, accompanying Lin Yi over with Jin Weifeng. Li Yunjia couldn't miss such a good opportunity.

Xin Yijie and Lin Yi were just casually chatting when someone suddenly kneeled down, giving him quite a shock.

Lin Yi had long noticed that Li Yunjia was acting a little strange, but Li Yunjia didn't have any hostility, and his strength was only at Foundation peak, so Lin Yi didn't care about Li Yunjia's movements at all.

It was only when Li Yunjia knelt down in front of him that Lin Yi looked at him indifferently. He then looked away, obviously not wanting to say anything.

Xin Yijie coughed drily. Since his senior granduncle didn't want to step in, he had no choice but to ask. "Who are you? What are they trying to do?"

Li Yunjia knelt on the ground and cried, "sect leader Xin, I am the managing disciple of Xuanji sect. I heard that our Xuanji sect is in a difficult situation now. I hope that sect leader Xin can put in a few good words for our Xuanji sect on account of the relationship between the North Island Alliance and the Shangguan family. I hope that the Shangguan family can accept our Xuanji sect again!"

Xin Yijie looked troubled. He was very angry with Hong xuanlei, but when he heard that the North Island Alliance was of the same lineage, his heart softened. In the end, Xin Yijie was still a kind old man.

Jin Weifeng saw that his master didn't say anything, so he sneered, "Now we're talking about the relationship between the North Island Alliance? What were you doing earlier? My master went to look for Hong xuanlei, but what did Hong xuanlei say? Since Hong xuanlei is so capable, then let him find a way to deal with it!" (Murloc's new book "the president of the school Belle depends on me" is in the hot serialization.

Chapter 5544 You Go And Be The Sect Leader

After reaching the original infant stage! Jin Weifeng was now one of the higher-ups in the green cloud faction. He knew a lot of things, like how Xin Yijie went to find Hong xuanlei. Because of this! Jin Weifeng hated the Xuan Ji faction so much! Xin Yijie was his master! What was Hong xuanlei?

Li Yunjia burst into tears. "Senior, I'm just a disciple of Xuanji sect. I can't interfere with what sect leader Hong does. I just want Xuanji sect to survive this crisis. That's all!"

Lin Yi's heart moved-this guy was a bit like Xin Yijie when they first met. Seeing that Xin Yijie was looking at him, it was clear that his heart had softened. He waved his hand. "Let's bring him back first. What's the point of him crying here? he's not afraid of being laughed at. Those who don't know might think that we're joining forces to beat him up!"

In truth, Lin Yi wasn't someone who was afraid of being laughed at. It was just that it wasn't convenient to talk on the streets, so he signaled for Xin Yijie to bring li Yunjia back to Qingyun sect's base.

After returning to Qingyun school's camp, li Yunjia was still kneeling on the ground, not willing to get up no matter what. Lin Yi and the others could only let him be.

"Tell me, what's going on?" Xin Yijie knew what was going on, but he didn't dare to make the decision. He could only let li Yunjia continue crying and complaining, and perhaps Lin Yi would agree to the return of Xuanji sect.

Li Yunjia also understood that Hong xuanlei must have offended the people of the Qingyun school, so he simply did not mention Hong xuanlei. He continued to talk about the Xuanji school itself, hoping that the Qingyun school would help the Xuanji school for the sake of the North Island Alliance.

Lin Yi only smiled coldly, "Hong xuanlei really knows how to put on airs. He didn't even show his face and only sent a managing disciple away. Does he think that he can write off all the previous matters?"

"It's not like this! Martial granduncle Lin, sect leader Hong was too embarrassed to come here directly because of some misunderstanding. In addition, I was mistaken as a spy sent by the green cloud sect, which makes it easier to communicate with them. That's why I was sent here to lobby them!" As soon as the words left his mouth, Li Yunjia suddenly felt that he had said the wrong thing. Why did he mention the spy? Wouldn't this make Xuanji sect lose even more face?

As expected, Lin Yi asked with a weird expression, "You're a spy from the green cloud School? What was this? Yi Jie, you sent them?"

"No, no, this disciple has never had the habit of sending spies to his brother's sect." Xin Yijie hurriedly waved his hand in denial. When he heard Li Yunjia say that there was a spy, Xin Yijie himself was confused.

Li Yunjia was helpless. He could only briefly explain how he saw Jinhua suffer, went back to report to Hong xuanlei, and then was mistaken as a spy by Hong xuanlei and locked up for a few days.

Lin Yi was speechless, "This is indeed Hong xuanlei's style. This is a typical symptom of eating too many brain-damaged pills. He can make connections. Hehe ..."

Li Yunjia was also embarrassed. He laughed and said, ""No, no, it's a critical period now. Sect leader Hong should be on guard, it's normal to be suspicious. Please don't take offense, Grand Master Lin."

"There's nothing to be surprised about. This has nothing to do with you. " It was rare for Lin Yi to be this friendly-this Li Yunjia was really more and more like Xin Yijie from back then. He was also full of enthusiasm for the sect, only to be ruthlessly suppressed.

He had such a good disciple, yet Hong Xuanlei didn't know how to cherish him. He was really stupid.

After some thought, Lin Yi suddenly spoke up, "Go back and tell Hong Xuanlei that it's not impossible for Xuanji sect to return to the North Island Alliance, but there's a condition, that is, Hong Xuanlei must abdicate. He's not suitable to be the sect leader of Xuanji sect. Under his leadership, Xuanji sect will be destroyed sooner or later. It's better for someone like you to be the sect leader! Let's put it this way, Hong Xuanlei will abdicate and you will be the sect leader. Then, Xuanji sect can return!"

Li Yunjia was shocked. He quickly straightened his back and waved his hands quickly. "You must not! Junior is only a disciple of the Foundation Stage, how can I take on the great responsibility of the sect leader? Please reconsider, martial granduncle. "

Lin Yi smiled faintly, "if you don't want to be the sect leader, then the Xuanji sect can just wait for death!" Alright, see the guest out!"

Li Yunjia still wanted to say something, but he was already pulled up by Jin Weifeng and sent out. At that moment, he could only bow with a bitter face and go back with worry.

After Li Yunjia left, Xin Yijie said with some worry, ""Grand uncle-master, if you let this little guy go back and say that, Hong Xuanlei might kill him on the spot!"

"Don't worry, Hong xuanlei wouldn't dare to!" Lin Yi, on the other hand, looked confident and smiled. "If Hong xuanlei dares to kill Li Yunjia, then he really has no way out. Didn't you see the rumors outside that the four big sects and families have all rejected the Xuanji school? At this moment, apart from the North Island Alliance, Hong xuanlei has no other choice. Under such circumstances, do you think Hong xuanlei will still attack Li Yunjia?"

Realization dawned on Xin Yijie as he smiled and praised, ""Martial granduncle, you're so thoughtful. It's Li Yunjia's good fortune to meet you."

At this moment, Li Yunjia didn't think that he had any good fortune. After getting Lin Yi's reply, Li Yunjia was thinking about how to express it to Hong xuanlei tactfully. It wasn't that Li Yunjia was worried about him, but he was afraid that once Hong xuanlei got excited, he would completely destroy the last hope of the Xuanji sect.

After returning to Xuanji sect, Hong xuanlei asked impatiently, ""How is it? How's the discussion with the people from Green Cloud School?"

Li Yunjia smiled bitterly to himself. It seemed that he would never be able to clear his name as a spy. Hong xuanlei did not ask whether he had a discussion with the Shangguan family or the Qingyun school. Instead, he directly asked about the discussion with the Qingyun school. It was obvious that he had sent someone to follow Li Yunjia in secret. There was no need to explain what he meant.

"Sect leader, I met with the Qingyun sect's sect leader, Xin Yijie, and Qingyun sect's grand-master, Lin Yi. They said that we can re-accept the Xuanji sect, but ..." Li Yunjia pretended not to notice the flaw in Hong xuanlei's words and said a few words normally.

"But what?" Hong xuanlei was overjoyed. As long as Qingyun school agreed to Xuanji school's return to the North Island Alliance, it should not be a big problem for them to join the Shangguan family. Although

he was not sure what was going on, there seemed to be some unusual relationship between the Shangguan family and Qingyun school.

"It's just ... Just ..." Li Yunjia's face was bitter. How could he say this? It's just that Qingyun school wants you to abdicate your position and that person is me, Li Yunjia? Would Hong Xuanlei kill him with a slap?

Chapter 5545 Something Doesn't Seem Right

"But what? Just tell me!" Hong Xuanlei was anxious and immediately raised his voice. This damn spy, he's still hanging my appetite in front of me at this time?

Li Yunjia made up his mind, closed his eyes, and quickly said, "It's just that Lin Yi said that you're no longer suitable to be the sect leader. If you want to return to the North Island Alliance, you'll have to step down immediately and give the position to a disciple?"

"What?" Hong Xuanlei was furious. He raised his hand and was about to slap the spy to death.

Li Yunjia immediately knelt on the ground and shouted, "Sect leader, I'm just passing on Lin Yi's words-it really wasn't what I meant. I don't even have the strength or experience to be a substitute elder, how could I want the position of sect leader? But this is really Xuanji school's last chance. I know it's treasonous, but for Xuanji school, I'll pass on the message even if I die!"

Hong Xuanlei's face was livid, but his raised palm did not fall. Li Yunjia's life and death were not important, but what he said was true. This was the last chance for Xuanji school. If he really killed Li Yunjia, it would mean that he had completely broken off with Qingyun school! Xuanji sect would truly be at a dead end!

"You traitor! I'm not that stupid to believe your nonsense!" After thinking for a while, Hong xuanlei put down his palm and snorted coldly, ""You must be trying to gain some benefits for yourself by being the middleman, right? Be the sect leader? Even if you're a spy for the green cloud School, they wouldn't be so crazy as to push out a disciple who has completed the Foundation Stage, right?"

"Sect leader, I'm really just repeating Lin Yi's words," li Yunjia said quickly. "I didn't exaggerate anything!" Sect leader, please understand!"

"No need to say more! This Lord will personally investigate this matter!" Hong xuanlei coldly waved his sleeve and said in a deep voice, ""Men, take li Yunjia away and continue to imprison him!"

"Sect master ..." Li Yunjia still wanted to continue to argue, but he was already dragged out by the disciples who quickly entered the door. At this time, li Yunjia only wanted to say that he should have eaten his fill just now ...

Hong xuanlei walked back and forth, organized his thoughts, and then went out to the base of the Qingyun school.

This time, the disciples on guard didn't stop Hong xuanlei. When they heard that Hong xuanlei was here for Xin Yijie, they immediately brought him in. Xin Yijie must have told them to do so.

In the living room, Lin Yi and the other two were all there. Hong xuanlei couldn't help but feel a little awkward when he saw Xin Yijie. He cupped his hands casually as a greeting and went straight to the point, "Sect leader Xin, I heard that your Qingyun school wants our Xuanji school to return to the North Island Alliance? This is the right way! After all, the three gates of the North Island are one family. This matter that benefits both sides should be settled as soon as possible! Alright, this matter is settled!"

Lin Yi looked at Hong xuanlei coldly and didn't want to talk to him at all. This guy really ate too many brain-damaged pills. He made it sound like Qingyun school was begging Xuanji school to come back. Was there something wrong with his brain?

Xin Yijie was also a little unhappy. Li Yunjia's attitude was so good before. That was how the three great sects of the North Island should act as one. What was wrong with Hong xuanlei?

Jin Weifeng was still a young man, and he was instantly furious, "What's decided? Who are you? Do you have the right to speak here? Hurry up and get lost!"

Hong xuanlei also felt that he had gone a little too far, but after seeing Xin Yijie, he had forgotten all the things he had planned to say. These words had come out of his mouth without thinking. It was too late to regret now. Even if he wanted to change his words, he couldn't do so.

"Weifeng, be polite to the sect leader and send him out!" Xin Yijie didn't want to waste any more time with Hong xuanlei, so he picked up his teacup and said.

Hong xuanlei's face turned green and red. Can't you be a little more innovative? Can't you serve tea and keep the guest?

Since Xin Yijie had said so, there was no way Hong xuanlei would stay. However, Qingyun school was Xuanji school's last chance of survival. Hong xuanlei did not dare to give up just like that. Therefore, he was caught in a dilemma and did not know what to do.

At this moment, another disciple came in to report, ""Grand uncle-master, sect leader Xin, elder Jin, the Shangguan family's Grand Elder and the family head have come to visit you at the same time. They want to meet you, grand uncle-master. Can you bring them here?"

Hong xuanlei's heart skipped a beat. They were the Supreme elder and the Shangguan family's master! Someone actually came to report? This should be opening the middle door and everyone going to the front to welcome him, right?

"Bring them in!" Lin Yi waved his hand casually.

The disciple replied and quickly ran out. After being interrupted by him, Hong xuanlei was ignored. He didn't want to miss the chance to meet the Supreme elder of the Shangguan clan, so he stood aside quietly.

After a short while, Shangguan feixing and Shangguan Qingyun came together. As soon as they entered, Hong xuanlei rushed out and bowed, ""I'm Hong xuanlei from Xuanji sect. Greetings, Grand Elder and Shangguan family head!"

Shangguan feixing didn't know Hong xuanlei at first, so when Hong xuanlei came out to greet him, he wanted to help him. After all, he was a member of the Qingyun school, and Shangguan feixing didn't dare to put on airs in front of them. But when he heard Hong xuanlei's name from the Xuanji school, he immediately walked over as if he didn't see him.

Shangguan Qingyun followed suit, completely treating Hong xuanlei as air.

"Martial granduncle, this junior presumptuously came to ask you some questions. I've really disturbed martial granduncle's cultivation!" After Shangguan feixing walked past Hong xuanlei, he immediately put on a smile and bowed to Lin Yi respectfully.

"You're welcome, just tell me what's the problem!" Lin Yi waved his hand.

In fact, Lin Yi understood even without Shangguan feixing's explanation. He must have completed the practitioner's Arts. Shangguan feixing and the others were a little confused, otherwise he wouldn't have come to Lin Yi directly.

"Senior granduncle, can we clear out some of the miscellaneous people first?" Shangguan feixing knew that Hong xuanlei and Qingyun school were not on good terms, so he would not show any mercy. Moreover, Xuanji school was also a sect that had fled from the Shangguan family. It would be strange if Shangguan feixing showed him any mercy.

Hong xuanlei was completely dumbfounded. Why did this happen? Shangguan feixing was the top peak nascent soul in the ancient martial world, why was he so respectful in front of Lin Yi?

Chapter 5546 I'll Let You Have The Sect Leader

There was definitely something wrong with this! What was the problem?

Hong xuanlei did not dare to offend Shangguan feixing. Although he did not understand, he could only smile and leave dejectedly.

After leaving Qingyun school, Hong xuanlei felt that something was wrong. He put on a disguise in a corner and walked to the hall of an Inn. There was no better place than that to get information.

This time, Hong xuanlei was smart. He pretended to be a nobody, which made it easier for him to get information. Under his careful guidance, many cultivators who were eating would talk about what they knew.

The more information he gathered, the more frightened Hong xuanlei became. The Qiankun sect had suffered a loss in the Shangguan family? The Shangguan family was not afraid of the Qiankun sect? Was the Shangguan family behind the green cloud sect's dominating occupation of the five elements sect's stall?

Hong xuanlei knew some of them, and he didn't know some of them. However, there was one thing that he was sure of. The Shangguan clan was no longer the weakest among the four great clans. It was very likely that the Shangguan clan would rise to power in this year's Archaean meet!

The only thing that Hong xuanlei was concerned about was why the Shangguan family's Supreme elder and master were so polite to Lin Yi. Could Lin Yi really be the Grand uncle-master of the Qingyun school?

"I think I was wrong! I've already felt that something was amiss. The Shangguan family's change in attitude towards Xuanji school was entirely because of Qingyun school, right?" Hong xuanlei murmured to himself. He had only just realized that Shangguan Qingyun had turned against him and driven him away because Hong xuanlei had said bad things about Qingyun school. He had even wanted the Shangguan family to kick Qingyun school out!

If he wanted to return, the key was indeed the green cloud School!

Hong xuanlei returned to Xuanji sect in a daze. The news he had just heard had completely overturned his views. Although Hong xuanlei was a little headstrong, it was undeniable that deep in his heart, he still hoped that Xuanji sect could rise. Otherwise, he would not have to run around all day to rely on others. He could just be the sect master of Xuanji sect.

"Bring li Yunjia up!" Hong xuanlei sat on the chair and waved to his disciples listlessly.

For the sake of the mysterious secrets sect, it seemed like he had to agree to Lin Yi's conditions!

Li Yunjia came over quickly. Hong xuanlei said in a deep voice, ""There's no need for all those useless formalities. I won't say anything unnecessary. For the sake of Xuanji school, I can agree to Qingyun school's condition and give you the position of sect leader. Now, come with me to Qingyun school!"

"Sect leader!" Li Yunjia was stunned for a moment. He hurriedly opened his mouth and wanted to decline, but Hong xuanlei waved his hand and stopped him from saying anything more. He walked out first.

This kind of big matter should have been discussed with the other elders, but Hong xuanlei's heart was full of urgency. He could only take li Yunjia to the Qingyun school first.

Besides, Hong xuanlei was a man of his word in Xuanji sect.

Li Yunjia didn't know what had happened. He had just been imprisoned not long ago. Why did Hong xuanlei's attitude have a 180-degree change?

However, since Hong xuanlei did not say anything, li Yunjia did not dare to ask. He could only follow Hong xuanlei to Qingyun school.

At this moment, Shangguan feixing and Shangguan Qingyun had just finished asking questions about their mental cultivation methods, so they did not need to avoid Hong xuanlei.

After Hong xuanlei came in with li Yunjia, he did not dare to act rashly. He respectfully saluted and greeted each of them. Then, he said carefully, ""Seniors, our Xuanji sect wants to return to the North Island Alliance and once again rely on the Shangguan family. I wonder if you would be willing to accept us?"

"You know the conditions, right?" Lin Yi said faintly. No problem?"

Hong xuanlei gritted his teeth, but he said without hesitation, ""Junior can abdicate and let li Yunjia take over as Xuanji sect's sect leader. Then, junior can take on the role of Xuanji sect's Grand Supreme elder. I wonder what Junior Master Lin thinks about this?"

When Xuanji school was still one of the ten small sects, there was a Grand Elder in the original infant stage. However, after the Grand elder's unexpected death, Xuanji school was directly dropped out of the ten small sects, and the position of Grand Elder had been vacant. Hong xuanlei felt that it was not bad to become the Grand Elder.

"You're a Grand Elder?" Lin Yi sneered. And then continue to point fingers behind his back? What's the point of this?"

"Grand-martial aunt Lin, then ... What do you think we should do?" Hong xuanlei's attitude was quite humble, and he looked very sincere.

Lin Yi thought about it and said faintly, "how about this? you're the most powerful person in Xuanji sect right now. So be it if you're a Grand Elder, but it's just an honorary Grand Elder. It's a noble status, but you can't interfere with Xuanji sect's matters at all!"

"No problem!" Hong xuanlei nodded and agreed, ""As long as Xuanji sect can return to the North Island Alliance, I'm willing to become an ordinary disciple of Xuanji sect, let alone an honorable status like the honorary Grand Elder!"

What he said was true. When Hong xuanlei came here, he was already prepared to be killed. He proposed to be the Grand Supreme elder only because he wanted to fight for it one last time. He never thought that he would succeed. It was enough for him to be an honorary Grand Supreme elder.

Xin Yijie had always wanted the Xuanji sect to return and reunite with the three great sects of the northern island. Now that his wish had finally been fulfilled, a relieved expression appeared on his face.

Lin Yi looked at Xin Yijie, his lips curling up. "In that case, let's see if there are any extra spots for the top ten in this immemorial meeting. If there are, let Xuanji sect return to being one of the top ten. If there aren't any, we'll talk about it next time. Even if there are, don't even think about reaching the sky in a single bound. I guess you'll only be at the bottom of the top ten."

"Thank you, grand-master Lin, for your help!" Hong xuanlei's heart burst with joy-it didn't matter if Lin Yi really had the ability or not, at least the Xuanji sect could be stabilized for now!

Hong xuanlei turned around and saw that li Yunjia was still in a daze. He immediately pulled his sleeve and whispered, ""Hurry up and thank Grand Junior Master Lin!"

Hong xuanlei no longer felt any jealousy towards the person who had stolen his position as sect leader. Instead, he felt grateful. Since Xuanji sect had been able to return to being one of the ten small schools, it did not matter what kind of hatred or enmity they had.

Li Yunjia felt as if he had just woken up from a dream. He quickly bowed and thanked Lin Yi. Of course, there was also Xin Yijie, the two big bosses of the Shangguan family. He didn't dare to leave either one of them behind ...

Shangguan feixing laughed and said, "you're too kind, Grand Master Lin. When Qingyun school replaces Qiankun school, with the Shangguan family's support, Qingyun school will be the number one school in the Grand meeting. It's just a position among the ten small schools. It's not a big deal. Grand Master Lin can decide who will be the top and who will be the bottom!"

Chapter 5547 Who Told You I'm In The Late Stage?

Hong xuanlei was shocked. He thought that he had already valued the relationship between the Qingyun school and the Shangguan family, but now he realized that he had underestimated the relationship.

However, was it possible for the Qingyun school to replace the Qiankun school?

Seeing Hong xuanlei's confused expression, Shangguan Qingyun chuckled and said, ""You might not know this, but besides the early nascent soul realm cultivator who was the son of the sect leader, a late nascent soul realm cultivator and a mid nascent soul realm cultivator who came to our Shangguan family to cause trouble were also killed by Grand Master Lin. In terms of strength, even the current Qiankun sect might not be stronger than our Shangguan family, let alone the green cloud sect who has Grand Master Lin!"

"Grand Junior Master Lin is that powerful?!" Hong xuanlei's expression changed. He finally realized how stupid his previous actions had been. If he had returned to the North Island Alliance the moment Xin Yijie came to find him, the status of the Xuanji sect would have been completely different!

Fortunately, Xuanji sect had finally returned after a series of twists and turns. Although Hong xuanlei's status had fallen, as long as Xuanji sect could rise again, Hong xuanlei's status as the honorary Grand Elder would naturally rise with it.

Lin Yi smiled indifferently, "alright, let's not talk about this anymore. The Xuanji sect's return has come to an end. Now, all of you go back and prepare. The immemorial meeting is about to start. Let's have a good time there."

"Yes!" Everyone responded and left one by one to prepare for the immemorial meeting.

The immemorial Grand meeting had not even started, but the original structure had already quietly undergone a huge change. Those sects and families were not stupid and had more or less noticed it. However, no one would believe that the hand that stirred the storm was actually the green cloud School!

At most, they could only guess that something had happened to the Shangguan family, which had led to a great increase in their strength, and that they were now able to challenge the Qiankun sect.

The next day was the official start of the archaic meet. The archaic Alliance, which was the name of the four great sects and families, was in charge of all the matters of the meeting.

According to the rules, all the peak nascent soul realm cultivators of the four big sects and families would be present on the same day. However, the Qiankun sect had always participated in the Tribulation transcendence. In fear of the power of the Qiankun sect, no one would say anything. After all, the Tribulation transcendence was also a half step to the peak nascent soul realm, which was one step into the realm of the peak nascent soul realm.

This year was a little different. Shangguan feixing, a nascent soul in the great circle, did not come. Instead, Shangguan Qingyun, the current head of the family, attended the opening ceremony of the event. The heaven and earth sect's tribulation was not said, but the sect leader of the five elements sect, MA Zaidan, could not help but jump out.

"Shangguan Qingyun, did your old man fall? He didn't even show his face on such an important day. Didn't he know that the four Great Perfection Yuanying stage cultivators would all be coming? Or, is your Shangguan family already prepared to give up your seat in the four greats?" MA Zaidan hated the Shangguan family for robbing the stall of the five elements sect, so he started to sneer at them viciously.

From MA Zaidan's point of view, Lin Yi might have found Master Chen's weak spot, but if it weren't for the Shangguan family's support, the Qingyun sect wouldn't have the guts to go against the five elements sect. He had been waiting for a long time to cause trouble for the Shangguan family. Now that he had the opportunity, he would not let it go easily.

Shangguan Qingyun was neither anxious nor angry. He only smiled and said, "Sect leader MA, do you think that the immortal du Nan of Qiankun sect has also fallen?"

MA Zaidan was immediately at a loss for words. He had always been used to the participation of the Daoist master Dunan. Who would remember that the Daoist master Dunan was not present? However, MA Zaidan was not an easy person to deal with. He immediately sneered, "Can you, an old man, be compared to the immortal Dunan? Daoist master Dunan is the number one Yuanying stage expert. In the entire primitive times of Jianghu, only Daoist master Dunan has the chance to reach the legendary xuansheng stage. It's understandable that he's in closed-door training and didn't come. Moreover, Daoist master Dunan is also a half-step to complete earthly sovereign. His strength is not inferior to that

of an ordinary cultivator of complete Yuanying stage. Do you, Shangguan Qingyun, think you can compare yourself with Daoist master Dunan?"

Daoist master dujie coldly looked at MA Zaidan, but he didn't say anything.

Shangguan Qingyun chuckled. "I can't say for sure if we'll be able to compete. But from what you've said, could it be that the five elements sect has already joined the Qiankun sect?"

MA Zaidan's face and ears immediately turned red. Shangguan Qingyun's words were really mean. Everyone in the Jianghu of primitive times didn't know that the biggest rival of the five elements sect was the Qiankun sect. The two sides had never been on good terms. However, MA Zaidan's words just now sounded like he was blatantly flattering the Qiankun sect. It was really embarrassing for the five elements sect.

Originally, MA Zaidan wanted to say a few good words and pull Qiankun sect over as an ally, but who knew that Daoist master dujie didn't respond at all. MA Zaidan could only angrily say, "What nonsense are you talking about? I'm just stating the facts! Tribulation transcendence is a half step to Paragon, so there's no problem at all for him to be a Paragon, right?"

"Oh, if that's what you mean, then I guess so!" Shangguan Qingyun shrugged his shoulders indifferently and continued, "But if a half step to Paragon can participate, why can't I? MA Zaidan, even if you want to be a bootlicker, you can't be so brazen! Don't you care about the five-elements sect's face?"

"Bullshit! You're the one who's a F * cking horse spirit!" MA Zaidan was about to go crazy with anger. He pointed at Shangguan Qingyun and shouted, "He's a half step to complete earthly sovereign, Who Do You Think You Are, Shangguan Qingyun? You're just a late nascent Soul Stage cultivator, yet you dare to act like a boss?"

"Who told you I'm at the advanced stage of the original level?" Shangguan Qingyun looked at MA Zaidan with a mocking expression, but his heart was filled with an indescribable pleasure. The feeling of acting tough was really good!

"Do I need to be told? The entire Jianghu of the immemorial age knows very well how much you're worth, Shangguan Qingyun!" MA Zaidan didn't feel that there was anything wrong with it and still replied firmly.

Shangguan Qingyun didn't say much. He only smiled at MA Zaidan, and then directly activated his heart cultivation method, revealing the momentum of the great circle of the nascent Soul Stage.

MA Zaidan was dumbfounded. Shangguan Qingyun was already at the peak of the original level? The information clearly said that when Shangguan Qingyun came to Lin town, he was still in the late stage of the original level! Moreover, Shangguan Qingyun had been stuck in the advanced stage of the original level for many years. How could he have broken through so quickly, and by two small levels in a row?

The Daoist master dujie's pupils shrank as he looked at Shangguan Qingyun. Among all the people present, he was probably the only one who had expected this, but he still did not expect that Shangguan Qingyun's strength was already above his!

Chapter 5548 Eating Too Many Pills

The other Grand Elder of the heaven opening sect, who had not spoken this entire time, also looked at Shangguan Qing Yun in surprise. His eyes flickered a few times, but he still turned around and remained silent. No one knew what he was thinking.

"Sect leader MA, it shouldn't be clear this time, but clear and thorough, right? Any more questions?" Shangguan Qingyun looked at MA Zaidan sarcastically, and continued to display his complete nascent Soul Stage aura in front of the other party without holding back.

MA Zaidan's face turned green and red. The grievance in his heart could not be mentioned. In the end, he could only smile embarrassedly and said, "The Shangguan family's master's strength has advanced by leaps and bounds. It's really worthy of congratulations. Alright, everyone is here. Let's get ready to start!"

Since MA Zaidan had given in, Shangguan Qingyun had no intention to continue to pursue the matter. After retracting his Qi, he nodded and said, "Then let's discuss the rules of this gathering!"

Daoist master dujie looked at Shangguan Qingyun with a gloomy expression. Originally, these words were said by the Qiankun sect, or to be more precise, he was the one who said it during his tribulation. But now that Shangguan Qingyun had said it first, he was inevitably a little unhappy. However, the Shangguan clan already had two nascent soul realm cultivators, so he could only endure it for the time being.

"As for the rules, I think we can just use the old ones!" Dujie suppressed his displeasure and spoke before Shangguan Qingyun, "In the past, we've always used the comprehensive scoring system, which is considered a more mature rule system. There's no need to change it this year. At most, we'll just make some slight changes to the competition items."

"Daoist master tribulation passing, you're right. Our five-elements sect also has the same intention!" MA Zaidan had just suffered a small loss at Shangguan Qingyun's side and lost his face. Now, of course he would stand on the side of the heavenly Tribulation to suppress the Shangguan family, so he chose to agree at the first moment.

The Grand Elder of the heaven opening sect closed his eyes slightly and sat on the chair, unmoving. He nodded slightly and said, ""Let's do this!"

"Alright, then let's move on to the next topic," Shangguan Qingyun said indifferently.

The venerable dujie almost spat out a mouthful of blood. "How the F * ck did it become Shangguan Qingyun leading the direction of the meeting again?" Didn't they say that this guy had never had his own opinions?

In fact, Shangguan Qingyun was an indecisive guy, even if he was a peak nascent soul. So as long as it didn't affect the Shangguan family and Qingyun school's interests, he'd just let them be. With Lin Yi's strength, there shouldn't be any problems.

"Shangguan family head, before we move on to the next topic, should we first calculate the comprehensive base distribution? Oh, by the way, it's the Shangguan family's head's first time attending this meeting, so it's normal that he doesn't know much about it. " Dujie didn't say anything, but MA Zaidan jumped out again and sneered.

Shangguan Qingyun didn't mind, and chuckled, "Alright, then you'll do this!"

MA Zaidan almost flipped the table on the spot. What the f * ck did he mean by "then you should do this"? Do you think I'm your little brother?

The Grand Elder of the heaven opening sect opened his eyes and looked at Shangguan Qingyun. He smiled and said, "Shangguan clan head, the basic points are filled in by the various clans themselves and then submitted. If anyone has any doubts, they can go and check it. If there is a false report, they will be disqualified from this gathering. Although it's the Shangguan family's head's first time attending this meeting, you should have prepared the base points in advance, right?"

"Oh, so this is it?" Shangguan Qingyun patted his forehead lightly, then took out a piece of paper from his bosom. On it was a list of the exact number of Yuanying and Jindan cultivators in the Shangguan clan.

The Grand Elder of the heaven opening sect took a look and nodded, ""This is it. The peak of the nascent Soul Stage is 10 points, the peak of the advanced stage is 9 points, and so on until the advanced stage of the Aurous core stage is 1 point. Those below the advanced stage of the Aurous core stage are not counted."

"It's quite convenient to count like this. I didn't pay much attention to it before, but it turns out that the number of people is counted to calculate the base score! Hahaha!" Shangguan Qingyun laughed and turned to MA Zaidan, "Then you don't have to do this. Everyone can settle their own problems!"

MA Zaidan rolled up his sleeves and was ready to turn hostile. What the f * ck was the meaning of this! To come and go at his beck and call? I'll beat you to death!

The Grand Elder of the heaven enlightening sect coughed lightly and interrupted MA Zaidan's anger, "After the basic points are out, all the sects will vote according to the basic points to decide the right to challenge each sect. Then, the competition will begin. In the end, the sect with the highest total points won. You should be familiar with this, right, Shangguan family head?"

"Thank you for your explanation, elder Qi. I know the rest of the rules." Shangguan Qingyun nodded with a smile and thanked Qi Danai, the Grand Elder of the heaven opening sect.

Daoist master dujie coldly snorted and said, "alright, that's all the time for the newcomers to spread their knowledge. The application of the basic points can be carried out first. Let's discuss the items of the competition first." After all the sects have finished voting, you can start the challenge based on your qualifications. "

MA Zaidan took a deep breath and sneered at Shangguan Qingyun, "Shangguan family head, I wonder if you have any thoughts about the event?"

"Thoughts? Hmm, let me think!" Shangguan Qingyun, on the other hand, thought about it seriously for a while, then smiled and said, "Sect leader MA, why don't you give me a few suggestions first and let me consider them to see if there's anything suitable? if there's something suitable, I'll agree. If not, you can think about it again."

Motherf * cker! This was simply bullying! Why should I think of ideas for you to choose? This time, MA Zaidan really jumped up and was ready to take action!

Daoist master dujie watched coldly from the side. He was eager for the five elements sect to start a conflict with the Shangguan family first, and it would be best if both sides suffered great losses. That would be very beneficial to the Qiankun sect.

"Sect leader MA, you're so excited, could it be that you've thought of a good idea? Why don't you tell me?" Shangguan Qingyun did not seem to feel MA Zaidan's anger at all, and her face was still as calm as ever.

"You want to hear it? No problem, come here and I'll tell you, then you'll know why the flowers are so red!" MA Zaidan's eyebrows furrowed as he gnashed his teeth and beckoned to Shangguan Qingyun.

Shangguan Qingyun made an "Oh" sound and suddenly turned to the Tribulation passing Daoist master and said in a low voice, "Tribulation passing sect leader, there's something wrong with sect leader Ma's

expression. Did he take the wrong medicine? The five elements sect has refined a lot of pills, so there might really be a problem. Why don't you think of a way to send him back first?"

Chapter 5549 Admitting Defeat?

The venerable dujie's face darkened, and he turned his head away, not wanting to talk to Shangguan Qingyun. However, he was cursing madly in his heart, "I've never heard of Shangguan Qingyun being such a person. If I had known, I would have killed him long ago!"

MA Zaidan was about to go crazy. Shangguan Qingyun's "whisper" could not escape the ears of the people in the great circle of the nascent Soul Stage. If Shangguan Qingyun was still in the late stage of the nascent Soul Stage, MA Zaidan would have killed him eighteen times!

Qi Dani once again stepped out to smooth things over, "Alright, today is the opening day of the archaic meet. Let's not waste any more time. Let's decide on the competition items first. What I mean is to choose a few of the previous events as the opening competition, and then think of a few new events to add in. What do you think? Of course, if you think it's too much trouble and want to use the previous project as a reference, I have no objections. "

Shangguan Qingyun was the first to express his opinion. "What elder Qi said makes sense. I completely agree with you. Let's do it this way!"

The Daoist master dujie secretly rolled his eyes. What did Qi Danie say? And you completely agree? That's all nonsense, okay? Do you agree to keep a few old ones and choose a few new ones, or do you agree to completely copy the previous projects?

In fact, Shangguan Qingyun had completely agreed with Qi Danai. No matter what they did, he did not care. After all, the final plan would only be fully carried out after the promotion of the green cloud School.

The initial event only involved the competition between the ten No. 10 schools for the qualification. The green cloud School had directly obtained the qualification of the ten No. 10 schools, so there was no need for them to participate in these events. Therefore, Shangguan Qingyun really did not care at all.

"Our Qiankun sect thinks it's better to keep some of the original projects and add some new ones!" The Daoist master dujie did not want to talk to Shangguan Qingyun, so he directly discussed with Qi Danai.

Qi Dani nodded. He had this intention from the start, and since the venerable dujie was also thinking the same, it was naturally for the best.

"The five elements sect also agrees with this," MA Zaidan snorted.

Shangguan Qingyun's face was full of concern as he said, "Sect leader MA, are you not feeling well? You're groaning so painfully, don't take any medicine in the future!"

"You're the one who's taking medicine!" MA Zaidan finally couldn't bear it anymore. He slammed the table and roared.

Qi Dani quickly tried to smooth things over. "We are all the best of the best in the small Jianghu of the immemorial era. Speak less. Time is of the essence. Let's quickly discuss the matter!"

Shangguan Qingyun shrugged innocently. "This sect leader MA is really hot-tempered. Perhaps it's not because he took too much medicine, but because he didn't take any?"

"Don't stop me, I'm going to kill him today!" MA Zaidan pushed away Qi Dani's outstretched arm. They were both at the peak of the original level, who didn't have a temper?

However, Shangguan Qingyun only said unhurriedly, "My old man is currently cultivating in seclusion in the Shangguan family's estate. Do you want to see him?"

MA Zaidan's body trembled slightly. Shangguan feixing was a veteran in the great circle of the nascent Soul Stage. Even if his strength was not as strong as the number one in the nascent Soul Stage, immortal du Nan, he was still much stronger than him, a great circle of the nascent Soul Stage from the five elements sect.

In addition to Shangguan Qingyun, who had just advanced to the great circle of the original level, the Shangguan family was no longer an easy target ...

"I told you not to stop me! You're still blocking me!" MA Zaidan grabbed Qi Danai's arm and roared. After shaking it a few times, he said, "Alright, I, MA Zaidan, will give you face, elder Qi. I will not haggle with you today. However, I will definitely settle this score in the future!"

Qi Dani really wanted to ask, "can you let go of my arm first?" I really didn't want to stop you ...

The Daoist master dujie coughed twice. He knew that MA Zaidan was not an idiot and would not really challenge the Shangguan clan alone at this time. Therefore, he said with a blank expression, "Let's discuss which projects we'll keep and which new ones we'll add. "

"That's right, let's settle the main business first!" Qi Dani also agreed, and Shangguan Qingyun was even more indifferent, so the meeting finally returned to the main topic.

Although it was called a discussion, there was actually nothing much to discuss. It was just some suggestions made by the venerable dujie and Qi Dani, which Shangguan Qingyun had agreed to. MA Zaidan also snorted a few times but did not express any objection. The matter was decided just like that.

"Alright, since it's all decided, I'll take my leave first!" Shangguan Qingyun stood up in a relaxed manner, cupped his hands at the other three people, and left.

After Shangguan Qingyun had left, MA Zaidan immediately shouted angrily, "This is simply bullying! How dare he, Shangguan Qingyun, be so arrogant! Do you think that just because you have two peak nascent soul cultivators, you're above all four of us? Daoist master dujie, elder Qi, how can you endure this?"

Qi Dani laughed. "The Shangguan family head has never been a busybody. So, he might not have thought things through before he spoke. He might not be really arrogant. You don't have to mind him too much, sect leader MA." I still have some matters to attend to today, so I'll take my leave first. The immemorial meeting is about to begin, so I'll see you later!"

After he finished speaking, Qi Dani cupped his hands at the two of them and turned around to leave, leaving MA Zaidan behind him rolling his eyes.

Now, only the Daoist master of tribulation passing was left. MA Zaidan rolled his eyes and said in a low voice, "Daoist dujie, I, MA Zaidan, am not a person who likes to stir up trouble, but the Shangguan family is really too arrogant now. I've also heard about the unpleasant relationship between your Qiankun sect and the Shangguan family. It'll be difficult for any of us to deal with the two peak nascent soul realm cultivators from the Shangguan clan, right?"

Dujie indifferently looked at MA Zaidan and said, "Forget it. I'll just pretend I never heard about this."

MA Zaidan was slightly stunned. He originally thought that if he proposed to join forces first, the heavenly Tribulation would definitely agree. He did not expect that this guy would refuse so bluntly.

"Daoist dujie, what do you mean by this? Is the great Qiankun sect going to admit defeat like this? In this case, is the Shangguan family planning to climb over your heads in the ranking of the four greats?" MA Zaidan was unwilling to give up, and he even used a method to goad him.

Dujie chuckled. "Sect leader MA, although our two sects have never been on good terms, and it's not wrong to say that we're old enemies, I still want to remind you out of goodwill. Don't go too far. Otherwise, I'm very worried that I won't see your five elements sect appear in the four greats in the next immemorial Grand meeting."

"What do you mean?" MA Zaidan frowned and said with an unhappy expression, "Are you trying to say that our five-elements sect will be driven out of the four greats by the Shangguan family? Even if the Shangguan family has two peak nascent soul realm cultivators, they can't be compared to our five elements sect. "

Chapter 5550 The Miserable Thousand Blades Sect

"That's all I have to say. You should think about the details yourself. I won't say more!" After dujie finished speaking with an indifferent expression, he casually cupped his hands and left.

"Al! Make things clear! Don't say half and keep half!" MA Zaidan shouted twice, but the Tribulation did not pay any attention to him and continued to walk out.

Originally, the Qiankun sect and the five elements sect were in a state of competition. The reason why the heavenly Tribulation had reminded them to this extent was because they had a common enemy with MA Zaidan. However, the heavenly Tribulation would definitely not agree to let MA Zaidan and the heavenly Tribulation go to the Shangguan clan together.

At the very least, she needed to know what Lin Yi's true strength was ...

After leaving, Shangguan Qingyun went straight to Lin Yi to report the situation. After briefly explaining the contents of their discussion, he asked with a smile, "Grand-martial aunt Lin, do you have any of the ten Little ones or the ten Little candidates that you would like to take care of? If there is, you can inform them of the events that have been decided so that they can be prepared and get good results in the competition. "

Lin Yi nodded, "that's very thoughtful of you. Speaking of which, there should be a few other sects and families in the Shangguan family other than the three gates of the North Island, right? is there anyone who wants to get into the ten Little schools?"

Shangguan Qingyun quickly shook his head. "There are others, but they're all very weak. They might not even be a candidate for the top ten. There's not much hope for them to become one of the top ten." Don't worry about it, martial granduncle Lin. We'll go back and inform them about this. Of course, if there's a chance in the event, I hope that martial granduncle can help them. "

"No problem. We'll decide when the time comes. You go and inform them to get ready." Lin Yi nodded and let Shangguan Qingyun go back.

Shangguan Qingyun immediately stood up and took his leave. He still had to go back and discuss with Shangguan feixing whether there was a need to help his own family and sect.

Shangguan Qingyun was a little flattered by Lin Yi's gesture, but in fact, it was just on the way. He was going out anyway, so it didn't matter to him.

The two parted ways at the entrance, and Lin Yi went straight to the thousand blades sect. The only one who needed special attention was the thousand blades sect. The others, whether they were from the leaf spirit sect or house Chu, didn't need Lin Yi to worry about them. The leaf spirit sect was one of the ten small sects, and with house Chu's current strength, it was a piece of cake for them to become one of the ten small sects. Only the thousand blades sect was at its most difficult time.

However, Lin Yi didn't expect that the thousand blades sect's situation would be so much worse than he thought. When Lin Yi arrived at the thousand blades sect's base, there was no one at the entrance. With a scan of his divine sense, he realized that other than Ling Tianyou, there was only one crippled invincible Archaeon ...

"That's too tragic ..." Lin Yi was speechless. From the mess in the yard, it was clear that these two were the only people left in the thousand blades sect. Otherwise, there would be someone to clean up the place.

Lin Yi didn't pay much attention to Ling Tianyou's side before. After all, he had taken care of the Qiankun sect's trouble all by himself, and Ling Tianyou's side wouldn't be looked for by the Qiankun sect.

However, Ling Tianyou didn't know about these things. After he came back that day, Ling Tianyou almost entered a state of waiting for death, not leaving the house even once. From Ling Tianyou's point of view, he was the one who dragged Lin Yi and Duanmu Yu into this mess. However, his strength was too low, and he couldn't help much. There was really nothing he could do other than wait for death.

Invincible ancient was also carried here. After Ling Tianyou returned and told invincible ancient what had happened, the originally arrogant invincible ancient only sighed after hearing it. "Heaven's End thousand blades!" After that, he didn't say anything else.

When Lin Yi arrived, the two of them were completely lifeless, but when he saw Lin Yi, Ling Tianyou was a little surprised and a little angry.

"Brother Lin, why have you come? How ... Have you been?" Ling Tianyou actually wanted to ask why Lin Yi was completely fine. After all, the person Lin Yi killed was the young master of the Qiankun sect!

"I'm fine. But you, why do you look like this?" Lin Yi looked at Ling Tianyou strangely and asked, "What happened to your thousand blades sect? Where did everyone go?"

"The thousand blades sect has dispersed ..." Ling Tianyou let out a long sigh, and then asked, ""Brother Lin, it's great that you're fine. Did Qiankun sect come to find trouble with you?"

"They're here, but they only sent two weak chickens over. They're just delivering food to my door, but I sent them away!" Lin Yi said casually, his eyes on the undefeatable Taigu.

Ling Tianyou asked, feeling a little strange, "why did the Qiankun sect send two weaklings over?" Don't tell me that the death of their sect master's son hasn't made them aware of your strength?"

"Indeed, he didn't recognize my strength." Lin Yi nodded as if it was only natural, "They actually think that by sending a late and mid nascent Soul Stage weakling, they can defeat me. Don't you think it's ridiculous?"

Ling Tianyou was speechless. He didn't know if Qiankun sect was laughable or not, but he thought that he was quite laughable. How could he naively think that they were really two weaklings ... Two nascent soul realm cultivators, and they were even experts in the late and middle stages. How could they be considered weaklings with such strength?

"Brother Lin, you ... Forget it, let's not talk about it anymore!" Ling Tianyou shook his head, feeling that he didn't have anything in common with a perverted person like Lin Yi. He could only change the topic, ""You sent the two nascent soul realm cultivators back, so the Qiankun sect didn't take any further action?"

"I didn't send them back. I killed them directly. Qiankun sect has suffered such a big loss. I don't think they will have the guts to find trouble with me for the time being. They won't attack me easily unless they know all my details." Lin Yi smiled faintly-he was pretty much on the mark.

Lin Yi didn't want to talk too much about his strength, so he changed the topic, ""Just now, you said that the thousand blades sect has disbanded. What exactly happened?"

Ling Tianyou shook his head with a bitter smile. "The thousand blades sect has already declined. When the people under me heard that I offended the Qiankun sect, and that the invincible patriarch was like this, they all quietly left the sect ... When the People's hearts are scattered, the sect will also be scattered ..."

Lin Yi looked at invincible Taigu, who was silent, and said, "Some people are just like the Qiankun sect. They want to show off before they know their opponent's strength. It's too late to regret it now that they've kicked an iron plate."

Invincible Taigu glanced at Lin Yi indifferently, his face expressionless, ""Who doesn't know how to brag? I'll be the first to doubt that Qiankun sect is afraid of you!"
