### Chapter 5591 Jin Weifeng's Disappearance

Duanmu Yu's heart was filled with sweetness. A faint smile appeared on his face. "If you want me to be with you, just say it. Why are you looking for an excuse?"

"Alright!" Duanmu Yu readily agreed. In fact, wasn't this the result she wanted?

Lin Yi smiled as he remembered that he still had an original leveled sea beast core. He handed it to Duanmu Yu, "Keep this for now. I'll find some original infant stage sea beast cores for you later."

Duanmu Yu didn't stand on ceremony with Lin Yi and accepted the pill. This action further revealed the intimacy between the two.

"Oh right, you said that Jin Weifeng was hunting around here alone? Did he not have any connections? After all, there are already nascent Soul Stage sea beasts here. Even though it's only an early nascent Soul Stage sea beast, with Jin Weifeng's strength, it would be a bit troublesome to encounter it, right?" Duanmu Yu did not treat himself as an outsider, so he asked about Jin Weifeng's situation.

"This place is still mostly filled with Jindan stage sea beasts. The most Yuanying stage sea beasts are just passing by." Lin Yi said with a smile, but Jin Weifeng's current position was beyond the range of Lin Yi's divine sense. The distance between the two of them was already close to the limit of this range, and Lin Yi flew even further to save Duanmu Yu. It had been a while since he paid attention to Jin Weifeng's situation.

After getting his bearings, Lin Yi turned to Duanmu Yu. "Now that you've mentioned it, I'm a little worried about Jin Weifeng. Let's go and take a look. It's in this direction."

With that, Lin Yi flew towards Jin Weifeng's previous location on his spirit beast. Duanmu Yu flew side by side with Lin Yi. It was only then that Lin Yi remembered that he forgot to exchange a medium grade spirit beast with the people from the everyday and every day sect ...

However, when he thought about how he would still need them to hunt for the inner cores of sea beasts in the future, and how it didn't fit the image of the Qingyun school to snatch their flying spirit beasts by force, he didn't dwell on this matter anymore.

"Lin Yi, is your Qingyun school trying to challenge the four greats?" Duanmu Yu suddenly asked a question that was rather unexpected.

"You noticed?" Lin Yi chuckled. Is it that obvious?"

"Then it's true?" With a happy expression, Duanmu Yu said with a smile. "It's not that obvious. I just think that with you here, Qingyun school would be too useless if they don't even think about challenging the big four!"

"That means I have to succeed in the challenge, or else I'll become the useless person you're talking about!" Lin Yi said with a smile. He was determined to get his hands on the big four, and he wouldn't really become the useless person Duanmu Yu was talking about.

"I believe that as long as you want to, a mere seat in the big four will definitely be within your grasp. I just wonder which family you've pulled down?" When Duanmu Yu said this, his large eyes suddenly

blinked a few times."It can't be our sect, the heaven opening sect, right? The Shangguan clan has such a good relationship with you, so it definitely doesn't belong to them. In that case, the weakest force is our heaven enlightening sect!"

"Do you think I will challenge the heaven enlightening sect?" Lin Yi turned to look at Duanmu Yu. It would be weird if Duanmu Yu really thought that way.

Duanmu Yu squinted his eyes and revealed a big smile."Of course I won't! Even if you gave me face, you still wouldn't challenge the heaven opening sect! Besides, the Qiankun sect and the Qingyun sect are obviously enemies. Your first choice is to challenge the Qiankun sect and become the leader of the four greats!"

"Haha ..." Lin Yi chuckled, not saying anything more. Since Duanmu Yu knew him so well, he didn't need to say anything more.

But Lin Yi immediately frowned. After flying for a while, he was already within the range of his spirit sense, but he didn't find Jin Weifeng.

Lin Yi didn't think that he was in the wrong place. After all, the body of the Jindan stage sea beast Jin Weifeng killed was still floating on the sea, being eaten by other sea beasts.

Could it be that he went back to find me? Lin Yi thought to himself as he used his spirit sense to scan the area he was at before, but he still didn't find anything.

Duanmu Yu noticed the change in Lin Yi's expression and whispered,""Did I say something wrong? Did I make you unhappy?"

Lin Yi relaxed his brows and smiled, "no, you said what I was thinking. I'm happy that you know what I'm thinking. Just now, I couldn't find Jin Weifeng's trace. He seemed to have changed his direction, so I was a little worried."

"So that's how it is. Does that mean that Jin Weifeng was hunting sea beasts in this area?" Duanmu Yu extended his neck and looked around. However, he did not discover anything.

Lin Yi didn't point it out. His spirit sense's range was already beyond what he could see. If he couldn't even find it with his spirit sense, Duanmu Yu's eyes wouldn't be able to see it.

Moreover, they were surrounded by the same ocean surface. If their sense of direction was a little bad, they would be completely lost if they took a turn. Duanmu Yu looked around for a while before giving up. If she continued to look, she felt that she would even forget where she had come from.

"It should be in the nearby Sea area. Let's continue flying there for a while!" Lin Yi said as he continued to fly with Duanmu Yu. They soon arrived at the place where Jin Weifeng was hunting.

At this time, the body of the Golden core stage sea beast had basically been eaten clean. The rest of the bones had sunk to the bottom of the sea, leaving only some faint red blood on the sea surface. It was quickly washed away by the waves.

Duanmu Yu's eyes were sharp. He noticed that wisp of blood that had disappeared. He immediately pointed below and shouted. "Lin Yi, there should have been a battle here. I saw blood in the water. It seems like Jin Weifeng was here not long ago."

"Yes, that blood was left behind by the sea beast that Jin Weifeng killed." Lin Yi nodded and continued to focus on his spirit sense. Duanmu Yu's observation ability was strong, but it wasn't of much help to Lin Yi. When it came to spirit sense, Duanmu Yu was miles away from him. Lin Yi still needed to find Jin Weifeng himself.

Soon, Lin Yi found a clue. At the edge of his spirit sense, there was another golden core sea beast's body being eaten. It looked like it had just been killed. Perhaps it was Jin Weifeng, but Lin Yi didn't find any trace of him.

"This way!" Lin Yi turned to Duanmu Yu and pointed at the direction, urging his flying spirit beast to speed up. His was a low quality flying spirit beast, while Duanmu Yu's was a high quality flying spirit beast, so he didn't have to worry about Duanmu Yu not being able to keep up with him.

Chapter 5592 Is This The Place?

After a while, Lin Yi and Duanmu Yu arrived at the sea. At this time, there was still a small half of the Dead Sea beast's body that had not been eaten. There were a total of five mid-stage golden core sea beasts fighting for food on the side, and there were other sea beasts gathering not far away.

Lin Yi frowned again. He had a bad feeling. Although Jin Weifeng was riding a high quality flying spirit beast, from the time of death of the sea beast, it shouldn't have been too long. Jin Weifeng shouldn't have flown out of Lin Yi's range in such a short time.

Previously, when Jin Weifeng killed the Golden core stage sea beasts alone, he only did it in the nearby sea. After all, there were fresh sea beast corpses as bait. It was much more efficient to kill the Golden core stage sea beasts that came to grab food than to kill one and change a place.

Duanmu Yu didn't have Lin Yi's strong spirit sense, but Lin Yi was able to find the sea beast corpses from far away. There was no need to ask, and he knew that there was some unknown method. Lin Yi's serious expression meant that Jin Weifeng was in trouble. Duanmu Yu's face became serious as well.

A Sea Map was placed on top of each flying spirit beast. The area only covered the coastal waters and some of the sea areas where golden core stage sea beasts were active. Their own flying spirit beasts would also be displayed on the sea Map, so that the ten Little elites who participated in the competition would not get lost in the endless sea.

Now, Duanmu Yu opened the sea Map on her flying spiritual beast. After taking a careful look, he said, "Lin Yi, we're almost out of the map's boundary. If we go any further, the chances of nascent soul realm sea beasts appearing will increase greatly. Jin Weifeng didn't go there, did he?"

Lin Yi shook his head, "it's hard to say. Under normal circumstances, Jin Weifeng wouldn't be like this. We just don't know what happened."

The sea Map on the flying spirit beast was also one of the ancient Alliance's tools. Lin Yi had seen it before, and it was similar to the GPS on the phone in the secular world. However, the flying spirit beast was located on the sea Map, and other flying spirit beasts wouldn't be displayed, otherwise, it would be much easier to find Jin Weifeng.

Duanmu Yu took a glance at the sea beast's corpse below. He suddenly opened his mouth and said, "Maybe I can find Jin Weifeng, but I need you to help me drive away the sea beasts around."

Lin Yi blinked. He didn't expect Duanmu Yu to say that he could help, but he didn't doubt the authenticity of Duanmu Yu's words. After nodding, he waved his hand and used the soul snatching hand.

This time, Lin Yi's Soul Catcher hand went one round in the sea, pulling out the spirits of the five mid-stage golden core sea beasts. With his level of spirit, doing this was as easy as turning his hand over.

He didn't know what Duanmu Yu wanted to do, so he didn't take the cores of these golden core stage sea beasts, in case the blood would affect Duanmu Yu.

The five sea beasts that were happily devouring each other suddenly stopped moving, as if they had been hit by a petrifying spell. The sea beasts that were rushing over in the surroundings also felt the dangerous aura, and immediately scattered in all directions, diving to a safe position one after another, quietly observing the situation on the surface of the sea.

Duanmu Yu was already used to Lin Yi's methods, so he wasn't surprised at all. He controlled his flying beast to land on the surface of the sea, put his right index finger in his mouth, and bit it lightly. He flicked out a drop of blood and used his Qi to control it to float in front of him.

Slowly, the drop of blood was pulled by Duanmu Yu's true Qi into a fine red line. It then formed a small and exquisite red leaf that fluttered down toward the remaining half of the sea beast's corpse!

"Fallen leaves return to their roots, red leaf soul guide!" Duanmu Yu's hands formed a seal as he muttered in a low voice. His beautiful face was slightly pale. Clearly, this technique was not a simple one and would still create a certain amount of burden on Duanmu Yu.

The small red leaf fell on the body of the sea beast, and suddenly bloomed with an intense red light. From the broken body, an illusionary image of a sea beast rose, roaring silently towards the sky.

Following the beast's silent roar, a gust of wind started blowing on the sea, changing directions non-stop. Fortunately, the wind wasn't strong, or Lin Yi's flying spirit beast might not be able to adapt to the change in wind and have to land on the sea.

Duanmu Yu's expression was solemn. He moved his hands toward the head of the sea beast and made a pulling gesture. Then, he shouted in a low voice, "The fallen leaves return to their roots! Soul return!"

A dim red ray of light shot over from afar and entered the head of the sea beast. The roaring sea beast instantly quieted down and returned to the broken body, disappearing. Duanmu Yu let out a long breath and flew his flying spirit beast to Lin Yi's side.

"Lin Yi, the person who killed this sea beast isn't far from here. Or rather, it should be said that compared to the distance between where we found the blood and here, the person is only a third of the distance from us." Duanmu Yu's beautiful brows also furrowed slightly. The result of the fallen leaves returning to their roots shouldn't be wrong, but if Lin Yi could find the corpses of the sea beasts from three times the distance, there was no reason why he couldn't find the killer.

"So close? Then let's go take a look!" Lin Yi squinted his eyes and said. He didn't even bother to collect the cores of the five mid-stage golden core sea beasts and flew towards the direction of the sound.

Duanmu Yu naturally followed closely behind. Although they were in the area with the most nascent soul realm sea beasts, Duanmu Yu wasn't worried about his safety at all with Lin Yi by his side.

After a short while, the two of them arrived at the place where Duanmu Yu had sensed with the return to the roots of the fallen leaves. However, the surroundings were still an empty sea. There was no difference at all. In fact, there weren't even any sea beasts in the sea.

"Xiao Yu, can you still sense their location?" Lin Yi's spirit sense was completely useless, and he could only continue to rely on Duanmu Yu's methods.

Duanmu Yu flipped his palm, revealing the exquisite red leaf that he'd dropped into the sea beast's corpse earlier. Under his gaze, the red leaf danced in the air, as if it was sending some sort of mysterious message. Unfortunately, Lin Yi couldn't understand it at all.

"Strange!" Duanmu Yu was stunned. He turned around and looked at Lin Yi unwillingly, "This is the place where the fallen leaves return to their roots can be sensed. It has not changed, but there is nothing unusual here. Perhaps there is a problem with my move!"

"Is this the place?" Lin Yi raised an eyebrow and retracted his spirit sense.

#### Chapter 5593 Surrounded And Attacked

Lin Yi scanned the area carefully and still didn't find anything unusual. However, it did not seem like there was no abnormality at all. In the sea surface that they had passed before, no matter how deep it was, they could always find some sea beasts. However, in this area, there was not a single sea beast.

There were only a few possibilities for such a situation. One was that there was a powerful sea beast here, and other sea beasts did not dare to invade this area. The second was that the sea beasts here had been cleared out by someone! Of course, the possibility of that was low. Even if it was true, there was no way such a huge commotion wouldn't be noticed by Lin Yi.

Other than that, it was also possible that the sea beasts were attracted by something and left for a while, returning after a while. Lin Yi didn't believe in any of these possibilities.

According to Duanmu Yu's senses, Lin Yi was more willing to believe that someone had set up some kind of restriction here, blocking off this entire Sea area!

This restriction was strong enough to even hide from Lin Yi's spirit sense. If it wasn't for Duanmu Yu, Lin Yi wouldn't be able to find this place even if he was beaten to death!

"Xiao Yu, fly a little further away, and then a little higher. I'll see what's going on here!" Lin Yi turned to smile at Duanmu Yu as he started to form a super alchemy bomb in his hand.

No matter what the restriction was, Lin Yi didn't have the skill to break it. It was impossible to break it step by step. The only way was to break it with force, and the Super pill bomb was perfect for this situation.

Duanmu Yu didn't ask any questions and obediently flew his flying spirit beast to the side for a distance. He looked at the Super alchemy bomb in Lin Yi's hand from a distance and saw that it was emitting more and more terrifying waves.

Lin Yi waited for the Super alchemy bomb to finish forming before he got his flying spirit beast to fly up and hover a thousand meters in the air. He then threw the Super alchemy bomb down.

To be honest, Lin Yi didn't use the full power of the Super refinement fire bomb this time. After all, Jin Weifeng might be below, and it would be troublesome if he accidentally hurt Jin Weifeng. So, Lin Yi reduced the power and increased the output of the refinement fire at the same time, making it easier to control the release of the power when the explosion happened.

With a loud explosion, the two refinement fires mixed with Lin Yi's Qi and wreaked havoc everywhere. Lin Yi's eyes narrowed as his spirit sense finally sensed the abnormality in the space below. He used all his strength to direct the power of the Super refinement fire bomb to the abnormal places he sensed.

Under the burning of the two core fires, the originally normal space cracked like a mirror, revealing an almost identical Sea area. The only difference was that besides Jin Weifeng, there were three other original infant stage cultivators and the corpses of several golden core stage sea beasts on the sea.

"Senior granduncle!" At this moment, Jin Weifeng was covered in blood and looked very embarrassed. If it wasn't for the fact that his flying spirit beast was reliable, he might have been chopped up and fed to the sea beasts.

Lin Yi's face was dark as water as he squeezed the words out of his mouth, "You're looking for death!"

Lin Yi had completely forgotten about uniting the families to hunt for spiritual Jade after he became the big four. When he saw Jin Weifeng's shaky state, Lin Yi couldn't control the killing intent in his heart anymore!

"Hell! How did Lin Yi find this place?!" The strongest of the three was at the peak of mid-stage of nascent soul, and he couldn't help but exclaim in panic after seeing Lin Yi.

The other two were at the peak of the early nascent Soul Stage and the other was at the early nascent Soul Stage. But to Lin Yi, even if they were three peak nascent Soul Stage cultivators, it was the same.

An invisible soul-snatching hand swept over. Lin Yi had already made up his mind to kill these three original infant stage cultivators. This was obviously a trap to kill Jin Weifeng, or to put it another way, it

was a trap to kill the Qingyun school. Since they were already here, Lin Yi would not compromise and care about the big picture!

To Lin Yi, the big picture was a term that would only appear when the people around him were safe. The actions of these three people had clearly crossed Lin Yi's bottom line. This was completely different from the two from the everyday and every day sect who went after Duanmu Yu for the beast cores.

The practitioner was still on guard against Lin Yi's attack when there was a loud explosion in front of him, and a ripple-like ripple spread out. His face instantly turned pale as he controlled his flying spirit beast to retreat.

"A divine sense defensive tool?" Lin Yi frowned-he'd planned to use the soul snatching hand to wipe out the three nascent soul cultivators, but he didn't expect to be stopped at the first one.

The immemorial little world was indeed a completely different place from the heaven class Island. While the consciousness was strong, items that could defend against it were also popular.

In that case, it wasn't strange that Lin Yi's spirit sense couldn't detect the shield they set up.

"He really does have a divine sense attack. You all have to be careful!" The one at the peak of the middle Yuanying stage seemed to feel that his performance was a bit embarrassing, so he loudly reminded the other two, at least he found a way out for himself.

The other two looked at each other and charged at Lin Yi instead of retreating. It was obvious that they had defensive items on them as well, so they weren't afraid of Lin Yi's moves.

"Aotian family, when did you start working with the five elements sect?" Lin Yi sent out three spirit sense vortexes as he spoke to the two nascent soul masters with a cold face.

In the first round, the aotian family sent a Yuanying stage expert and a perfected golden core stage expert, but they died. Unexpectedly, in the second round, the aotian family directly sent two Yuanying stage experts. This strength was indeed quite strong.

Lin Yi had a good impression of the AO Tian family here because of the AO Tian family on Sky Class Island. They didn't have much interaction yet, but Lin Yi would take care of the AO Tian family if possible.

He didn't expect them to team up with the five elements sect to ambush Jin Weifeng. This wasn't something Lin Yi could take.

The spiritual awareness Whirlpool slightly blocked the two's attack, but it didn't cause any damage. They really had spiritual awareness defensive tools on them.

Lin Yi's mind moved, and a portion of the consciousness in the vortex turned into a consciousness refinement fire, doubling its power. Lin Yi wanted to use this move against Yin Chenchen, and it was just as effective against the two aotian family people.

Before the two could attack Lin Yi, their spiritual sense defenses shattered at the same time. It was obvious that they were not high-quality items, not on the same level as the God bracelet Lin Yi got from Yin chencheng.

Chapter 5594 Not Accepting Surrender

As the two of them were shocked, they had already enjoyed the crazy baptism of the spiritual sense pill fire Whirlpool. The burning and tearing from the depths of their soul immediately made the two of them suffer, but they couldn't even scream. They could only fall from their respective flying spirit beasts into the sea.

Fortunately, all the sea beasts in the nearby sea had been killed. Otherwise, the two of them would have been killed.

Sometimes, living was worse than death, and it was crueler than just killing them. So, after the two fell into the sea, Lin Yi didn't do anything. It wouldn't be too late to talk about it after they suffered enough.

Ignoring the two from the aotian family, Lin Yi turned to the peak mid-stage nascent soul cultivator and sneered, "Why would the experts of the five elements sect appear in the endless sea? Could it be that the five elements sect is not going to stay in the four greats and is going to compete with the ten small sects for a ranking?"

He didn't know him, but he'd seen this peak mid-tier nascent soul practitioner before. He was standing behind MA Zaidan, and was obviously one of the higher-ups of the five elements sect.

What he didn't expect was that MA Zaidan would send a higher-up of the five elements sect to the endless sea to cause trouble for the green cloud sect. This move was beyond Lin Yi's expectations.

This peak mid-tier nascent soul cultivator was called MA Mingyuan, he was MA Zaidan's cousin. His purpose of sneaking into the endless sea was to find an opportunity to weaken the strength of the Qingyun school. He was just about to kill Jin Weifeng, but unfortunately, he failed. Now that he heard Lin Yi's sarcastic words, his face turned green and red.

"Lin Yi, don't talk nonsense. I, MA Mingyuan, just don't like your green cloud sect, what does it have to do with the five elements sect? Don't think that just because you have a few spiritual sense attacks, you can do whatever you want in the small ancient Jianghu. If you have the ability, come and try attacking me!" MA Mingyuan shouted, but he was already thinking about how to escape.

Lin Yi's ease of breaking through the AO Tian family's divine sense defensive item had already made MA Mingyuan extremely guilty. Although his defensive item was much better than the AO Tian family's two, and Lin Yi's first attack was perfectly blocked by his own defensive item, it didn't give him any more sense of security.

"Hehe, MA Mingyuan, right? Since you want me to try, then I'll try!" Lin Yi said with a light smile, but his eyes were cold. The fire core Whirlpool that attacked the two from the AO Tian family appeared around MA Mingyuan.

Although this evolved version of the deified soul vortex was still in the category of deified soul attacks, its destructive power against deified soul defensive tools had completely exceeded this category. MA Mingyuan's deified soul defensive tool was indeed of a much higher grade than the AO Tian family's, but the rapidly fluctuating protective layer obviously could not resist for long.

MA Mingyuan was scared out of his wits-this Lin Yi really was a violent man! Can't you let me finish what I'm saying? Can't you just turn around and leave?

Lin Yi smirked coldly and sent out a stream of five-element Qi, joining the destruction. Jin Weifeng had already taken a peak-grade fifth-grade recover pill and his injuries were under control, but Lin Yi wasn't going to let MA Mingyuan go just because of this.

When MA Mingyuan saw the five-colored flood Dragon formed from true Qi in the sky, his last hope was completely gone. Without another word, he urged his flying spirit beast to turn around and run.

This wasn't the flying spirit beast chosen by the ten Little ones. When MA Mingyuan came out, he used the five elements sect's flying spirit beast, which was of a much higher grade than the ten Little ones. Otherwise, Jin Weifeng wouldn't have been surrounded by the AO Tian clan's people with his high-quality flying spirit beast. Now that MA Mingyuan wanted to escape, even Jin Weifeng's flying spirit beast couldn't catch up to MA Mingyuan.

Their only chance was to prevent MA Mingyuan from accelerating!

Lin Yi flicked his hand and threw a super alchemy bomb over. The power of the bomb condensed in a hurry was not too strong, of course, but it was enough to block it for a while. Lin Yi and MA Mingyuan were very close to each other to begin with, and with MA Mingyuan's intention to turn and run, he was not prepared for Lin Yi's attack at all.

The Super pill fire bomb exploded right in front of the flying spirit beast's head. The spiritual awareness pill fire vortex and the five elements true Qi took advantage of the situation and completely destroyed MA Mingyuan's spiritual awareness defense tool.

This time, MA Mingyuan was truly scared out of his wits. He immediately begged for mercy, "Senior Lin, please spare me! I surrender ..."

"I'm sorry, but I don't accept surrender!" Lin Yi activated his hand again after he finished his sentence. MA Mingyuan could no longer resist and fell off the flying spirit beast before he could even finish his sentence.

Lin Yi didn't continue to kill MA Mingyuan's body. After falling into the endless sea, it would only become a snack for the sea beasts. As for whether it was Dead or Alive, the sea beasts wouldn't care.

The two nascent soul masters from the aotian family finally recovered from Lin Yi's spirit attack. They saw MA Mingyuan fall to the ground and die without even fighting back. They were scared out of their wits. They knew that their life and death were in Lin Yi's hands. They didn't dare to put on any airs. They quickly struggled to climb onto the sea beast's corpse and knelt down obediently.

"Senior Lin, I was threatened by the Qiankun sect and the five elements sect. Please let us go!" The cultivator at the peak of the early Yuanying stage said while kowtowing in fear.

Duanmu Yu, who was in the distance, had already urged his flying spiritual beast to rush over and help when he saw the battle. However, everything had already been settled by the time he arrived.

"Your aotian family is really shameless. You're actually willing to be the five elements sect's lackeys! Lin Yi, why don't you just kill the two of them!" Duanmu Yu's character was one that abhorred evil as if it was his enemy. Therefore, he was extremely dissatisfied with the AO Tian family's actions this time.

The two men trembled when they heard Duanmu Yu's suggestion. They hated the Qiankun sect and the five elements sect to the core. It was obvious that they wanted to go against the green cloud sect, but they had to drag the aotian family down with them.

The house only had two nascent soul cultivators, and they'd lost a peak golden core cultivator in the first round. If Lin Yi didn't let them go, the house would be in deep trouble.

Besides, if Lin Yi really did kill the two of them, he might just wipe out the entire ao Tian family. The Qiankun sect and five elements sect might not even help him.

Therefore, at this time, he had to throw away all his face and dignity. The most important thing was to protect the survival of the family!

Chapter 5595 Let's See One Of Them Die

"Senior Lin, we were blind this time. As long as senior Lin can let us go, the AO Tian family will follow the green cloud school's lead from now on. If senior Lin wants us to go east, we will definitely not go west. If senior Lin wants us to go up the mountain, we will definitely not go down the sea. Even if we have to climb a mountain of daggers or plunge into a pot of oil, as long as senior Lin orders it, we will definitely not frown! If you can't do it, then let the two of us die with ten thousand arrows piercing through our hearts, and we'll never be reincarnated!" The fellow at the peak of the early Yuanying stage suddenly raised his body and made an impassioned vow.

"So you're willing to die for me?" Lin Yi raised an eyebrow.

"Of course! As long as senior Lin gives the order, we brothers will definitely not have any objections!" Although that guy felt something was wrong, he still answered firmly.

"Then I'll see one of you die right now!" Lin Yi's lips curled up as he looked at the two.

Ah? I'm going to kill one of them. I only have one life in total, so how am I going to die? To kill someone without even nodding, this was too ruthless!

The cultivator at the peak of the early stage of the nascent soul realm was filled with grief and indignation, but he smiled embarrassedly and said, ""Senior Lin, you see, we brothers still have some

strength. It's meaningless to die for nothing. Good steel should be used on the blade. When necessary, we brothers will definitely not frown!"

"Since Lin Yi said so, it's time!" Duanmu Yu interrupted.

The two men from the aotian family looked at Duanmu Yu with a sad expression. They thought to themselves, "little great aunt, we didn't offend you, right?" Can't you be more merciful with your words?

Jin Weifeng's injuries had already recovered after eating the great cyclic pellet. He also came over and said, "Martial granduncle, since the two of them are so sincere, why don't we just accept them? in any case, our Qingyun school's goal is to become one of the four greats. In the future, we still need to have a few sects under us. The aotian family seems to be a good choice."

The two people from the aotian family immediately turned around and looked at Jin Weifeng with surprise and joy. They never thought that the little guy they were chasing would actually plead for them. This was really a F \* cking hopeless situation, but a ray of light at the end of the tunnel!

Jin Weifeng didn't care about the two's grateful gazes at all. He was pleading for mercy for them because he was thinking from the perspective of the green cloud School. To be honest, no one would have a good impression of the people who wanted to kill them, but Jin Weifeng and Xin Yijie were of the same lineage. They both regarded the responsibility of the sect as more important than their own lives, so it wasn't surprising that they would say such things.

Lin Yi looked at Jin Weifeng and nodded, "I'm very happy that you can say that. Since you've already spoken, let them go then!"

"Thank you, senior Lin! Thank you, senior Jin!" The two people from the aotian family quickly bowed their heads and thanked him. They didn't care if Jin Weifeng was qualified to be a senior. In any case, he saved their lives. It wasn't a loss to call him senior.

"The two of you only thank them and not me. Is it because you hate me?" Duanmu Yu suddenly interjected.

Ao Tian and ao Tian shivered-how could they have forgotten about this lady?! But Lin Yi kept asking Lin Yi to kill them and thank them-wasn't that too much?!

They thought so, but the situation was more pressing than the person. They knew that Duanmu Yu's words carried a lot of weight, and Lin Yi might change his mind even if he promised to let them go. They could only pinch their noses and thank Duanmu Yu.

Duanmu Yu laughed in satisfaction. She didn't really want to make things difficult for these two. Since Jin Weifeng didn't pursue the matter, Duanmu Yu naturally wouldn't do the same to Lin Yi. She was just toying with these two guys to vent her anger.

Lin Yi took out two pills after some thought. "You're just talking. To be honest, I can't completely trust you two. So, take these two pills. If you perform well, I'll give you the antidote in a year. Otherwise, you'll bleed from your seven apertures and die from the collapse of your primordial spirit!"

Ao Tian and ao Tian looked at each other and saw the helplessness in each other's eyes. However, Lin Yi was right. There was no problem in doing this, so the two didn't hesitate at all. They took the pills from Lin Yi's hands and swallowed them.

Lin Yi nodded in satisfaction, "very good. This pill won't act up for a year. On the contrary, it'll be good for you. There won't be any changes normally. As long as you're loyal to Qingyun school, you'll be fine after a year. If you don't, you know the consequences."

"Don't worry, senior Lin. Our aotian family will not be disloyal. From now on, we will completely obey the orders of the green cloud School and senior Lin!" The two of them quickly cupped their fists to show their loyalty. Their lives were in the hands of others, so this was the only way!

Lin Yi acknowledged faintly, but he found it funny on the inside. He did make this kind of pill for control when he was in the Sky Class Island and Taigu trials, and even getting some Gu poison wasn't hard, but he didn't have it prepared in this situation.

So what Lin Yi gave the two of them wasn't some kind of poison. On the contrary, the two pills were new recipes that Lin Yi came up with in his free time at the heavenly pill Pavilion. It wasn't that useful after making them, so he threw them aside.

To the person who took it, it was like the people in the secular world eating health care products. There were basically no disadvantages, only some benefits. Lin Yi couldn't be sure without the exact data.

However, the two aotian's were misled by Lin Yi into thinking that what they ate was poison. If there was nothing abnormal, it meant that the poison was strong. They didn't dare to resist at all. They only hoped that Lin Yi would give them the antidote as soon as possible after they performed well.

"The two of you can stay in the nearby waters and hunt for sea beasts. If there's anything I need you to do, I'll let you know at any time." Lin Yi ordered before waving his hand and sending the two away.

MA Mingyuan didn't have much good stuff on him, but his flying spirit beast was pretty good. Lin Yi wanted to exchange it for a better one, so he took it for himself.

"Weifeng, are your injuries alright?" After Lin Yi changed to his flying spirit beast, he first asked about Jin Weifeng's injuries. After getting Jin Weifeng's confirmation, he nodded, "Then let's fly over there while hunting sea beasts. Xiao Yu, keep a distance from Wei Feng and practice more."

#### Chapter 5596 Turbulent Tidal Current

Lin Yi wanted Jin Weifeng to hunt sea beasts outside of the map. That area was mostly the territory of peak-stage and peak-stage golden core realm sea beasts. Nascent soul realm sea beasts were not rare, and with Jin Weifeng's strength, it would be a good training for him to hunt alone. Duanmu Yu, on the other hand, was in the map. Although there might be nascent soul realm sea beasts, most of them were still mid-stage and peak-stage golden core realm sea beasts. The effect was the same as Jin Weifeng's.

Lin Yi himself was in the middle of the two, ready to support them if anything happened. With the flying spirit beast sent by MA Mingyuan, Lin Yi could guarantee this.

As for the direction they were flying in, Lin Yi had already considered it. After encountering the everyday and every day sect chasing after Duanmu Yu for the sea beast's core and the five elements sect and the aotian family plotting against Jin Weifeng, Lin Yi was worried about other people as well. For example, Bing Wuqing and Leng Leng. On the surface, they were the snow sword sect under the Qiankun sect, but they had a deep relationship with the Qingyun sect. They might attract the Qiankun sect's Secret revenge, so Lin Yi chose a direction that had a high chance of encountering Bing Wuqing and the others.

After flying for some distance, Duanmu Yu and Jin Weifeng both had some gains. The hardest part about hunting sea beasts was that they wouldn't give you a chance when they saw that there were many people. However, if you were to act alone, it was hard to guarantee that you would be able to handle the danger. Now that Lin Yi was watching over the two from a distance, they could ignore the danger and lure the sea beasts to attack them. Then, they could take the chance to kill them. So, their progress was quite good.

Lin Yi had made a move twice during this time, and both were strong enemies that the two couldn't handle. Everything went smoothly, and Lin Yi only stopped the fight when the sky was getting dark.

"We need to find a place to rest today. Otherwise, the flying spirit beasts will be too tired, which won't be good for future battles." Lin Yi said with a smile after the two returned.

The endless sea wasn't just a vast ocean. There were also small islands scattered on the surface of the sea, and even some larger coral reefs. As long as you dared to, you could also use them as a place to rest.

"We've been killing sea beasts for half a day. It's very tiring, alright? Really, do you think flying spirit beasts are tiring?" Duanmu Yu said with a smile. He then opened the sea Map and said, "Our current position is at the edge of the map. There are a few small islands marked here that we can land on. The closest one is about a hundred and sixty or seventy kilometers away, so it won't take much time to fly there. Why don't we go there?"

"Sure, as long as we can rest. Let's go to this Island!" Lin Yi nodded.

Jin Weifeng didn't have any objections. The three of them adjusted their direction and quickly flew towards the island on the map.

Lin Yi used his spirit sense to scan the area before they arrived. The island was oval-shaped, with a maximum length of three kilometers and a maximum width of two kilometers. The highest point of the island was less than three hundred meters from the sea level. It was small, but it could fit a thousand people.

"Xiao Yu, are you sure that the island is a place to rest according to the map?" Lin Yi suddenly turned to Duanmu Yu and asked. He realized that his spirit sense could only see the rough shape of the island, but he couldn't see the deeper parts. It was obvious that there was something strange about the island.

Duanmu Yu was slightly startled. He no longer looked at the sea Map. Instead, he subconsciously nodded. "I'm sure! Is there anything wrong?"

"Nothing, I'm just worried that the environment up there isn't good enough!" Lin Yi said with a smile, changing the topic.

Perhaps the island had some special geographical factors that could block out the detection of divine senses. Lin Yi was bold, after all, and even if there was something fishy on the island, it might not be able to hurt them.

The flying spirit beasts of the three people were all excellent, and it only took a few words for them to travel more than a hundred miles. They could only see the black spots of the small island in the distance, and soon, the whole island was revealed.

"Lin Yi, it seems like you were worried for nothing. This Island is very beautiful!" Duanmu Yu laughed as he spoke to Lin Yi. He was the first one to land on the island.

Lin Yi shook his head with a smile and followed closely behind Duanmu Yu, but he didn't let his guard down. Even now, his spirit sense still couldn't cover the entire Island. If he was in the air, he could see more with his eyes than with his spirit sense.

"The disturbance of the turbulent tides on this Island is really strong. It's really rare to see that I can't even let my divine sense penetrate it." Jin Weifeng, who was walking beside Lin Yi, suddenly mumbled something, but Lin Yi was taken aback by it.

"Wei Feng, what do you mean by the interference of the tidal turbulence?" Lin Yi turned around and asked. The three of them were less than twenty meters above the surface of the island, and Lin Yi's divine sense instantly covered every inch of the island.

Jin Weifeng paused, not expecting Lin Yi to ask this question, but he replied immediately, "The disturbance of the turbulent tide is a special natural phenomenon in the endless sea. It is often seen on small islands in the sea. It can isolate and shield the detection of the soul consciousness. Therefore, if there are no records on the small islands in the endless sea, it is likely to be dangerous. Don't go to such islands to explore easily."

"I see ..." Lin Yi was a little speechless. So it really was a special natural phenomenon. He had worried for nothing. However, Lin Yi's expression changed immediately. After covering the entire Island with his divine sense, everything that he couldn't see clearly before was reflected in his sea of consciousness. He also realized that Bing Wuqing and Leng Leng were on this Island!

Without waiting for them to land, Lin Yi immediately urged his aerial spirit beast to fly at full speed towards Bing Wuqing and her companion. He only managed to leave a few words, ""Follow me!"

Jin Weifeng was already an early nascent soul realm master. Although his divine sense couldn't be compared to Lin Yi 's, the range it could cover wasn't small either. So when Lin Yi noticed Bing Wuqing and Leng Leng, Jin Weifeng also noticed them immediately and flew over without a word.

As for Duanmu Yu, her spirit sense couldn't be compared to Lin Yi or even Jin Weifeng, but after hearing Lin Yi's call, she immediately pulled up her flying spirit beast and followed closely behind Lin Yi. The three of them formed a straight line and flew across the sky above the island.

In a breath's time, Lin Yi was at the center of the island. He patted the flying spirit beast's neck, signaling it to land on its own. Lin Yi himself jumped down and landed on a platform on the cliff like a god descending from the sky.

Chapter 5597 The Evil-Looking Young Man

"Boss Lin Yi!" Bing Wuqing was the first to notice Lin Yi's arrival, and her cold expression relaxed a little.

Leng Leng saw Lin Yi as well and smiled like a flower, ""Lin Yi, you've finally come!"

Seeing that the two of them were fine, Lin Yi was finally relieved. After greeting them with a nod, he swept his cold gaze across the people surrounding Bing Wuqing and asked indifferently, ""What's going on?"

Although it was called a siege, there were actually only four people. One of them was the evil warding sect's Zhao Jingzhi, the other peak late-stage golden core cultivator was Zhao Jingzhi's underling, replacing the peak-stage golden core cultivator who died last round, and the last one was an early nascent soul cultivator from the Qiankun sect that Lin Yi had seen before.

The last one was a long-haired young man with an evil look on his face. Lin Yi hadn't seen him before, and when Jin Weifeng and Duanmu Yu landed, the number of people on their side had surpassed the other side.

Bing Wuqing had never liked to speak, so she replied coldly, ""We first came to the island to find a place to rest, but then these four people appeared together and attacked us without saying a word. If it wasn't for elder ICE's extraordinary strength, you might not have seen us when you came."

Lin Yi hmphed and turned to Zhao Jing, "Sect leader Zhao, what is the meaning of this?"

When he had killed Yin chencheng, Zhao Jingzhi had been begging for his life. Now that he had come back to find trouble, was he tired of living and wanted to die?

"This ... This is just a misunderstanding ..." Zhao Zhiyuan didn't dare to provoke Lin Yi. Even someone like Yin Chenchen was killed by Lin Yi. Zhao Zhiyuan was already traumatized by Lin Yi's actions. Now that Lin Yi asked him this question, it wasn't just his heart that started to feel weak. Even his legs started to tremble.

Lin Yi glanced coldly at the early nascent Soul Stage cultivator from the Qiankun sect. He didn't find it strange at all. The people from the five elements sect had already teamed up with the aotian family of the Qiankun sect, so it was normal for the people from the Qiankun sect to team up with the evil warding sect of the five elements sect. The Qiankun sect and the five elements sect had already made a secret alliance.

The only thing that surprised Lin Yi was how decisive the Qiankun sect was. He'd guessed that they'd be unhappy with snow sword sect, but he didn't think that they'd make a move so quickly.

"That's right, this is a misunderstanding!" Before Zhao Jing could finish his sentence, the long-haired evil-looking young man beside him grinned and spoke to Leng Leng, ""Actually, I just wanted to express my good feelings to miss Leng Leng. How did it become a direct attack without saying anything? Miss Leng Leng, you must speak with a conscience. I wonder if you have a conscience, miss Leng Leng? Why don't you come over and let me touch you!"

Leng Leng shrunk her body subconsciously and hid behind Lin Yi, avoiding the long-haired young man's lecherous gaze. She said angrily, "This is the worst of them all, Lin Yi! Can you please get rid of him, I hate him just from looking at him!"

Lin Yi frowned. To be honest, he felt that the long-haired young man's face was asking for a beating, but for some reason, he felt that he'd seen him before.

"And who are you? The Qiankun sect?" Lin Yi didn't put this long-haired young man in his eyes. He still wanted to figure out his background first, so he didn't make a move immediately. If he did, he wouldn't just chase him away. How dare he flirt with Leng Leng in front of him? wouldn't it be too easy on him to chase him away?

"And who are you? The cold lady's lover? Tsk, tsk, tsk. I didn't expect this. She looks so pure, but she already has a mistress! But it doesn't matter, this young master just has this kind of taste!" The long-haired young man didn't seem to put Lin Yi in his eyes at all, and his words were getting more and more unpleasant.

Leng Leng's face was red from anger-she was secretly in love with Lin Yi, but calling him a mistress was too much! She raised her Iceblade, ready to attack.

Lin Yi raised his hand and stopped Leng Leng. He turned around and gave her a look that said "I'll deal with everything." He then turned to the long-haired young man, looking at him as if he was already dead.

"Since you're so eager to die, I'll fulfill your wish. No matter who you are, you're just an insignificant nobody!" Lin Yi had a mocking look on his face as he threw out a spirit sense Whirlpool.

With the appearance of more and more spirit sense defensive items, the soul Catcher hand had lost its effect a few times already, so Lin Yi decided to use the spirit sense vortex. After all, it could be transformed into a pill fire spirit sense vortex at any time, and in terms of power, it wasn't any weaker than the soul Catcher hand.

The advantage of the soul snatching hand was that it was invisible and silent, so it was absolutely easy to use for a sneak attack. However, its disadvantage was that it didn't have a strong attacking ability. If it encountered a spiritual sense defense tool, there was no way to do it.

Hence, Lin Yi's choice to start with the consciousness vortex was the right choice. Once he broke through the opponent's defense, he would be invincible with the soul Catcher hand.

What Lin Yi didn't expect was that the long-haired young man didn't have any defensive items. Lin Yi wasn't sure if he had one because the whirlpool was blocked by a Red Octopus that appeared out of thin air.

"What's this?" Lin Yi frowned, feeling a little uncomfortable. This Red Octopus was only in the early nascent Soul Stage, but its soft tentacles were able to disperse the vortex!

From the looks of it, this Red Octopus sea beast should be able to resist the attack of divine sense!

"Since you're so eager to die, I'll fulfill your wish. No matter who you are, you're just an insignificant nobody!" The long-haired young man repeated Lin Yi's words word for word and laughed, "I have to give

him full marks for this act! But now, he was acting like an idiot, right? You've never seen it before? I'm not afraid to tell you that this is a spirit shattering octopus that I've caught with great difficulty. As long as there's any divine sense attack, it will automatically come out and shatter, so don't even think about using those inferior divine sense attacks, you idiot!"

Zhao Jingzhi saw that the long-haired young man seemed to have the upper hand, and his expression relaxed a little. However, thinking about Lin Yi's mysterious methods, he didn't dare to offend Lin Yi. After taking a peek, he gritted his teeth and smiled, "Elder Yin, I don't think you're a blood spirit beast anymore. You're really something. In the future, we'll have to rely on geniuses like you to carry the sect to greater heights. "

#### Chapter 5598 Secretly Reminding

Elder Yin? Lin Yi was slightly stunned. He took a closer look and realized why this guy looked familiar. Other than the long hair, this guy looked 60 - 70% similar to Yin chencheng, and 70 - 80% similar to Yin Zhiping. They were obviously from the same family.

However, elder Yin didn't seem to have anything like the blood soul curse. Otherwise, he would have known that Lin Yi killed Yin Zhiping and Yin chencheng.

"Hahahaha, old Zhao, you really understand. Why don't you give me the position of sect leader and become a Grand Elder or something? it'll save me a lot of trouble and energy. It's a happy decision then?" The long-haired young man was really not polite. He immediately took the opportunity and directly asked to be the sect leader.

Zhao Jing's mouth twitched and he laughed dryly before turning to Lin Yi. "Lin Yi, I think you should just surrender! Don't look at how young elder Yin Zhihai was, he was a real genius. His brother Yin Zhiping's talent was not bad, but compared to elder Yin Zhihai, he was trash! If elder Yin hadn't been cultivating in the endless sea, the first round of the evil warding sect competition wouldn't have been so miserable! This octopus was a blood puppet created by elder Yin after he improved the refining method of the blood spirit beast. It was more than ten times stronger than the blood spirit beast! How about surrendering immediately? I can put in a good word for you!"

Lin Yi's eyebrows twitched. This Zhao Jingzhi was quite interesting. He seemed to be praising Yin Zhihai and disparaging Lin Yi on the surface, but in between the lines, he revealed all the important information about Yin Zhihai. Connecting this to Yin Zhihai's demand for Zhao Jingzhi to hand over the sect leader, it didn't matter if Yin Zhihai was joking or not, Zhao Jingzhi was serious.

The evil warding sect's peak-level late-stage golden core cultivator looked at Zhao Jingzhi thoughtfully, but he didn't say anything. He was on Zhao Jingzhi's side, so even if he could see Zhao Jingzhi's intentions, he wouldn't go against Zhao Jingzhi and warn Yin Zhihai.

"Hahaha, well said! That Lin Yi or whatever, you better surrender now, I'm in a hurry to go to the nuptial chamber with Leng Leng!" Yin Zhihai didn't seem to notice the small movements in Zhao Jingzhi's words. He simply thought that Zhao Jingzhi was complimenting him, so he was in high spirits and didn't even mention the sect leader thing.

Leng Leng rushed out and rebuked, "it's just an octopus!" Watch how this lady cuts him into eight pieces, and then I'll have a seafood barbeque!"

The icebreaking sword glowed with a cold light, and the cold air was extremely condensed. It instantly stabbed toward the Red Octopus. One had to admit that Yu Taicang's icebreaking sword was a perfect match for Leng Leng's icebreaking physique. If Yu Taicang could exert 120% of his strength with the icebreaking sword, Leng Leng's icebreaking physique could exert 200% or even more strength with the icebreaking sword!

With the addition of her ice-shattering physique, it was no exaggeration to say that coold's explosive power had reached the level of an early nascent soul realm cultivator!

It was so sudden that Yin Zhihai's octopus didn't take any precautions. This octopus was a top master in dealing with spiritual awareness attacks, but its defense ability against physical attacks was far lower than the average level. In other words, although this octopus was only at the early Yuanying stage, its ability to defend against physical attacks was only at the average level of the peak of the late Jindan stage.

As long as the ice Shatterer sword could hit the octopus, the octopus that Lin Yi couldn't do anything to would probably be turned into ice shards instantly.

"Hahahaha, that's spicy! This young master is really liking you more and more. Aiyaya, I can't wait to enter the nuptial chamber with you!" As Yin Zhihai laughed arrogantly, a three-meter-tall sea turtle suddenly appeared in front of him and the octopus without any movement. Its hard and heavy shell blocked the ice Shatterer.

The cold air that had accumulated for a long time instantly froze a large area of the turtle's shell, and then immediately shattered. The special attack of this kind of shattered ice physique would immediately burst if an octopus was pierced. However, the turtle's shell didn't even have a trace of a wound. On the contrary, it became brighter and brighter, as if it had been bathed in shattered ice ...

It was another early nascent soul realm sea beast! They were both blood puppets made using the same method as the blood spirit beasts. The blood spirit beasts were complete soul bodies, but the blood puppets retained their original physical body. Lin Yi didn't know the theory behind it, but it was clear that Yin Zhihai was a rare genius in this area!

The two early nascent soul realm sea beasts were completely immune to spiritual and physical attacks. Yin Zhihai was also a peak early nascent soul realm master, so Lin Yi was in a tough spot.

If he was here in his true form, he could destroy a sea beast with a casual five elements killing intent, let alone those nascent soul realm sea beasts that could defend against spirit sense and physical attacks. Unfortunately, Lin Yi was only in his soul form and couldn't use most of his skills. After his spirit sense attacks were restricted, only the Super alchemy fire bomb could be considered his killer move!

It was a good thing Lin Yi had the Jade space, or he wouldn't be able to keep using the Super alchemy bomb. It'd be good enough if he could use it once a day, but it didn't seem necessary in his current situation.

Coold's first attack had failed, but she was not discouraged in the slightest. She took advantage of the situation and used ground for imprisonment. Under the amplification of shattered ice sword, the power of ground for prison had doubled. Unfortunately, the sea turtle's level was already a large level higher than coold's, and its body was extremely resistant to coold's attacks. In the end, it still returned without any success.

"Hahahaha, Leng Leng, are you dancing for this young master? Not bad, not bad, her figure is really charming, this young master is Simply Charmed to death! No, no, this young master can't wait any longer. Let's get rid of all the hindrances and immediately enter the nuptial chamber!" Yin Zhihai was still mumbling to himself, but after he finished, a black shadow shot up into the sky and turned around in the air, shooting hundreds of water arrows at Lin Yi and the others.

Lin Yi raised his head and saw another early nascent soul swordfish blood puppet. He didn't know where Yin Zhihai caught so many nascent soul sea beasts!

"Aiya, there's a beauty over there! You can't hurt the beauty, wouldn't it be better to go back and accompany this young master into the nuptial chambers with Leng Leng!" Yin Zhihai had a relaxed expression on his face. He even had the time to direct the swordfish sea beast puppet to deflect the attack and avoid Duanmu Yu's direction.

Jin Weifeng pulled out his sword and dodged, wanting to shatter the water arrows in the air. However, Bing Wuqing was one step ahead of him. She unleashed her merciless ICE FORCE at full force. When the hundreds of water arrows came into contact with the merciless ICE FORCE, they immediately froze into ice, stopping in mid-air and unable to move forward.

Chapter 5599 If You Want To Die, Leave

The ice soul sword let out a clear sword cry, and soared into the sky with a cold glint. The swordfish were sea beasts, after all. Once they left the water, their strength would be greatly reduced, even if they became blood puppets. It was already their limit to launch a full-force attack. Bing Wuqing was keenly aware of this, and she seized the opportunity to launch a thunderous attack.

"Wei Feng, go and attack that octopus sea beast puppet!" Lin Yi used his Qi to communicate with the sea turtle. He floated forward and sent a small vortex into the sea turtle's body.

As an amphibian sea beast, the sea turtle's strength wouldn't be too much of a loss on land, especially when it was used as a meat shield. So, the ice Shatterer sword couldn't do anything to the sea turtle, but Lin Yi's spirit sense vortex was different. This kind of attack ignored the sea turtle's strong shell defense and directly affected its spirit.

After coming into contact with the sea turtle's spirit, Lin Yi immediately activated his conflagrated knowledge and started burning the sea turtle's spirit in the form of a Whirlpool.

Although the sea turtle no longer had a true soul after becoming a blood puppet, the blood puppet was still an upgraded version of the blood spirit beast. The core of the blood puppet was still the blood spirit beast, but it had an additional physical body. Lin Yi's attack was aimed at the vital point and instantly killed the sea turtle's soul, which was one of Yin Zhihai's blood spirit beasts!

The arrogant Yin Zhihai's body suddenly stiffened, and his face paled. He didn't expect Lin Yi to be this fast. The turtle and octopus were supposed to work together, and their defense was flawless. Both

spiritual and physical attacks would be blocked, and the swordfish would attack. It was a perfect combination of attack and defense.

It was a pity that Yin Zhihai had forgotten that he wasn't facing Lin Yi alone. Bing Wuqing's cold and calm counterattack had already exceeded Yin Zhihai's expectations. If they were at sea, the swordfish would still have the ability to react, but they were on an island, so Yin Zhihai could only divert some of his attention to control the swordfish.

Lin Yi saw through this point and instantly launched an attack. In terms of seizing the opportunity in battle, Lin Yi was even better than Bing Wuqing. Just in case, Lin Yi even ordered Jin Weifeng to keep the octopus busy so that it wouldn't interrupt Lin Yi's divine sense attack.

In fact, Jin Weifeng had attacked at the first moment and successfully stopped the octopus's movement. But at that time, Lin Yi had already killed the sea turtle with lightning speed. Even without Jin Weifeng, the octopus might not have been able to make a move in time.

At the same time, Leng Leng also stabbed at the sea turtle. She was no longer the innocent and weak trial disciple from the secular world. As her strength increased, her battle sense also became more mature. Although Lin Yi didn't ask her for help, she knew that Lin Yi's target was the sea turtle the moment he attacked. She instinctively did what Lin Yi wanted Jin Weifeng to do.

Therefore, when the sea turtle fell to the ground, the shattered ice sword pierced into the octopus's body like a meteor. Originally, even Leng Leng might not have been able to do it so easily, but with Jin Weifeng's first move, the octopus's weak physical defense was instantly rendered useless. Its soft body instantly froze and stiffened, and then it shattered into pieces on the ground.

Lin Yi threw a fire pellet over and burned the blood spirit beast into ashes. Yin Zhihai's body, which was stiff from the sea turtle beast's backlash, went stiff again. His pale face instantly turned gray, and his eyes flashed with a trace of shock.

At this time, Bing Wuqing's ice soul sword had just brought him through the layer of ice formed by the water arrows and appeared in front of the swordfish sea beast. The swordfish sea beast puppet was merely at the early nascent Soul Stage, and it had no ability to resist Bing Wuqing's ice Shatterer sword at all, not to mention that the swordfish sea beast puppet had lost control of Yin Zhihai.

When the ice soul sword cut the swordfish into pieces, Lin Yi's fire flew over at the same time, killing the third blood spirit beast.

Yin Zhihai's face had lost all color, but there was a trace of blood at the corner of his mouth. It seemed that the backlash from the three blood puppets had damaged his vitality greatly. Lin Yi could kill him now as easily as turning his hand.

The whole process seemed to be quite complicated, but in fact, it was just a matter of a snap of the fingers. Yin Zhihai, who had the absolute upper hand before, was beaten up so badly that he couldn't even find his way.

The early nascent soul practitioner from the Qiankun sect didn't say anything and turned to leave. He thought that even if Yin Zhihai couldn't beat Lin Yi, he could at least hold him off for a while, and then he could sneak an attack if he had the chance.

However, he didn't expect that Yin Zhihai, the so-called super genius of the evil warding sect, was just like an idiot clown. He was taken care of with the flip of a hand. The people of the Qiankun sect knew how terrifying Lin Yi was. If they didn't leave now, they might not be able to leave.

So, the guy from the Qiankun sect jumped onto a flying spirit beast and was about to run when Lin Yi's one sentence stopped him from moving.

"If you want to die, fly up and see!"

Lin Yi's words were calm and collected as usual, without the slightest hint of anger. However, these words came from Lin Yi's mouth. The early nascent Soul Stage practitioner from the Qiankun sect didn't doubt the authenticity of these words at all. After quickly weighing the pros and cons in his heart, he could only jump down from the flying spirit beast in embarrassment.

When he turned around, he saw Lin Yi light up Yin Zhihai's body with the fire, turning it into dust in a breath's time.

If it weren't for Yin Zhihai's constant teasing and humiliation, Lin Yi might have left his body intact, but now, he'd just burn it.

"Senior Lin, I'm an elder of the Qiankun sect and a member of the elder Council of the ruins town. I'm here to supervise the progress of the second round of the competition. I happened to run into sect leader Zhao Jing and saw that they found the genius disciple Yin Zhihai, who was rumored to be cultivating in the endless sea. So, for the sake of fairness, I've been following them to avoid the occurrence of three people from the same sect participating in the competition." Seeing that he couldn't escape, the fellow from the Qiankun sect rolled his eyes and threw out a Grand excuse.

On the surface, there didn't seem to be any flaws in this story, and it explained why the Qiankun sect, one of the big four, would send someone to the endless sea. But Lin Yi, of course, wouldn't believe this kind of nonsense.

## Chapter 5600 Distribution Of The Inner Core

Zhao Jingzhi thought that he was lucky. Luckily, he had chosen the right side. If he had been with Yin Zhihai just now, he would probably be in the same position as Yin Zhihai.

"Senior Lin, the two of us have nothing to do with Yin Zhihai. You should know that the yin family used to be very powerful in the warding off evil sect. As the sect leader, I was the leader of a sect, but to put it bluntly, I was just a puppet of that old man Yin chencheng. You've seen Yin Zhihai's strength, senior Lin. The two of us were no match for him at all. We could only pretend to be obedient and deal with him. Then, we would find an opportunity to inform you, senior Lin ..." Zhao Zhihai's attitude was quite humble. He'd been smiling all this time, and Lin Yi wouldn't listen to his explanation-he'd just kill him like he did Yin Zhihai.

The guy from the Qiankun sect looked at Zhao Jingzhi in shock. He'd never heard that the warding off evil sect had any dealings with Lin Yi before. From the look on Zhao Jingzhi's face, it was as if he wanted to kneel down and lick Lin Yi's boots. It couldn't be because of Yin Zhihai's incident. When Zhao Jingzhi revealed Yin Zhihai's information, he already felt that something was wrong. Only that idiot Yin Zhihai would think that Zhao Jingzhi was complimenting him, Yin Zhihai.

Lin Yi nodded, "don't worry about it, sect leader Zhao. I'll remember your help just now. Although it didn't help much, I won't turn my back on you."

Hearing Lin Yi's words, Zhao Jingzhi let out a breath of relief. He thought that his life was saved, and he should stay away from Lin Yi in the future. If this happened again, he would be scared to death.

Lin Yi turned to look at the people from the Qiankun sect, thinking about how to deal with them. From the big picture, leaving an early nascent soul practitioner alive was still beneficial for the ancient martial world, but Lin Yi's overall situation had always started with the safety of the people around him. Since the Qiankun sect and five elements sect had already teamed up to attack secretly, leaving such a practitioner alive would only bring trouble to himself.

After Lin Yi's Qingyun sect replaced the Qiankun sect, the people of the Qiankun sect might choose to take revenge. It would be irresponsible of Lin Yi to leave these people behind when he left the ancient martial world. If that was the case, killing this guy was the right choice.

Before Lin Yi could make a decision, Zhao Jingzhi, who had been observing Lin Yi's expression the whole time, understood what was going on. He moved a few steps away silently, getting closer to the guy from the Qiankun sect and putting himself in a position where it was easier to sneak attack.

The guy from the Qiankun sect was focused on Lin Yi and didn't think that Zhao Jingzhi would do anything to him. So when Zhao Jingzhi's three blood spirit beasts pounced on him and started tearing at his soul, he was still confused and didn't understand what happened.

Zhao Zhong Yi's strength was already higher than the nascent soul beginner stage cultivator from the Qiankun sect. With the sneak attack, he instantly gained the upper hand and didn't give the unlucky cultivator any chance.

"Senior Lin, this B \* stard from the Qiankun sect said that I would collude with Yin Zhihai to cheat. He's going too far! If we don't kill him today, our warding off evil sect won't be able to raise our heads in the future! So, senior Lin, please don't stop me. I'm definitely going to kill him today!" Zhao Jingzhi's face was full of anger as he spoke with his chest out, making Lin Yi almost think that he was telling the truth.

Lin Yi looked at the poor guy on the ground with a weird expression. He was dying, and even if he wanted to stop him, he couldn't, could he? Zhao Jing knew what to do-he'd helped Lin Yi solve the problem, and at the same time, he'd given them the bi Xie sect's name.

Even the Qiankun sect's nascent soul elder had been killed. The evil warding sect could only follow Lin Yi and the Qingyun sect to the end. The five elements sect and the Qiankun sect were in an Alliance, and the evil warding sect would never be on the same side as these two sects again.

"Mm, do as you please. Don't mind us!" Lin Yi only nodded casually before looking deeply into Zhao Jingzhi's eyes. "You can be considered an outstanding talent!"

A wise man submits to circumstances!

Zhao Zhong Yi was overjoyed to hear Lin Yi's praise, thinking that he did the right thing this time. He quickly killed the guy from the Qiankun sect and dug out the cores of Yin Zhihai's three sea beast puppets, handing them over to Lin Yi with both hands.

"Senior Lin, this is your inner core, please keep it well!" Although they were the cores of sea beast puppets, their quality wasn't much different from normal early nascent Soul Stage sea beasts. Zhao Zhong Yi was quite envious of Lin Yi as he gave him three of them.

It was a pity that Zhao Zhong Yi didn't contribute anything in killing these three sea beast puppets, so he naturally couldn't ask for a share of the pills.

"Hehe, sect leader Zhao's reminder has helped you. You can keep one for yourself!" Lin Yi said faintly as he took two, leaving one in Zhao Jing's hand.

Zhao Jing Zhi was overjoyed, but he didn't dare to accept it. He pretended to decline, "Aiya, that's not very good! Junior only said a few words and didn't help at all. It really isn't appropriate for me to accept a nascent Soul Stage sea beast's inner core ..."

"It's just an inner core. I won't let anyone who chooses to follow me suffer a loss!" Lin Yi said with a smile. Since Zhao Jingzhi had given him his loyalty, Lin Yi wouldn't treat him shabbily. An original infant stage sea beast core was just the beginning.

With that, Lin Yi didn't bother with Zhao Jingzhi anymore and passed the two cores to him coldly, "These two inner cores were from the sea beasts that Wu Qing and you killed, so they belong to your snow sword sect. Keep them well!"

"Oh, thank you." Leng Leng didn't say anything more and didn't bother to be polite with Lin Yi. She accepted the request and put the two cores away. After Yin Zhihai died, her anger had subsided and she was back to her cold self.

"Thank you, boss," Bing Wuqing added. And then there was no more.

Why did Zhao Zhi always have this style? It seemed like he really didn't need to be so formal-if he kept rejecting it, Lin Yi might really take it back and give it to someone else. He quickly put the core away and thanked her with a smile, "Many thanks, senior Lin! If there's anything junior can do for senior Lin, please let me know. Junior will do his best to help senior Lin. "

Lin Yi said casually before turning to the group. "We've had a long day, let's find a place to rest. "
