

## Bodyguard 5611

### Chapter 5611 You Will Be Called Yu Yi

Lin Yi stared at small one, dumbfounded. He knew how strong small one was before-he was trash on Sky Class Island, the worst kind of trash. After Yu Taicang successfully possessed the body, he actually directly rose to the great circle of the nascent Soul Stage!

"What's going on? Why would the strength of the primordial spirit directly improve the strength of the physical body? And with such a huge gap, there's no obstacle at all for me to improve?" Lin Yi really didn't expect this to happen. He was just about to tell Yu Taicang that his body's strength was weak and he needed to slowly cultivate to return to his peak.

In the end, Yu Taicang had already returned to his peak in the blink of an eye ...

Yu Taicang moved his hands and feet with joy, obviously very satisfied with his new body. After hearing Lin Yi's words, he immediately went up and cupped his fists, "Yu Taicang greets master. In fact, master doesn't need to be surprised. Our ancient martial world has always focused on the cultivation of the divine sense. Breaking through realms is also driven by the divine sense. So after possession, the strength of the body will quickly be equal to the strength of the divine sense."

Lin Yi understood-it was true that the ancient martial world's training method was completely different from Tianjie Island 's, so Lin Yi didn't know how to react immediately. But now, he remembered his situation.

After coming to the ancient martial world, Lin Yi's essence spirit had a breakthrough. According to Yu Taicang, didn't that mean that his body would break through on Sky Class Island?

The more Lin Yi thought about it, the more likely it seemed. He was secretly happy-he thought that his main body was wasting all this time on practicing, but he didn't think that he'd get something like this! It was no slower than practicing on Sky Class Island!

But this was just Lin Yi's guess, and since he couldn't verify it, he'd put it aside for now. The main task now was to find the central location, get Yu Taicang out, and let him possess small one's body for this.

Yu Taicang clearly didn't forget about it as well. After giving Lin Yi a simple explanation, he continued,"Master, the place that Xue Jianfeng brought this old servant to should be the middle island's queluo mountain, but this old servant can't remember the exact location. I'll need to go and search again."

After the possession, Yu Taicang did feel Lin Yi's control over the puppet body. He didn't need Lin Yi to use it to know that Lin Yi wasn't talking nonsense. His life and death were really in Lin Yi's hands.

So Yu Taicang very straightforwardly adjusted his position, calling Lin Yi master and himself old servant.

Lin Yi found it a little weird, but he didn't want to correct it. Master-servant relationships like this were common in the ancient martial world, after all, and it wouldn't attract attention.

"If that's the case, then you should make a trip to queluo mountain and find that place. But this time, you have to be careful to stay hidden. You can't let anyone discover your tracks, so as not to alert the enemy!" Lin Yi didn't say anything about the sea beasts, only telling Yu Taicang not to expose himself.

Yu Taicang bowed and said, "yes, master!" This old servant will definitely pay attention to concealment and will definitely not spoil master's plans. Now that this old servant's appearance has completely changed, no one will notice this old servant. "

Lin Yi looked at Yu Taicang's current appearance. It was true that he would never think that he was Yu Taicang, but it was a little strange to call him Yu Taicang with small one's face.

"How about this, you don't use the name Yu Taicang in the future, just change your name to Yu one. The previous owner of this body was called little one, and you'll change your name to Yu one. It can be considered that you two have been reborn together." Lin Yi looked at the familiar face and thought of the xuanchen ancestor. He wondered how the old man was doing.

Yu Yi bowed. "Thank you for the name, master. Shall I go to queluo mountain now?"

"Wait!" Lin Yi raised his hand to stop Yu Yi and said, "You are from the snow sword sect, so I have some of the sect's mental cultivation methods and martial skills. Listen to them and figure them out on your way. It can improve your strength. You are already at the peak of the nascent soul realm. If you can comprehend the mental cultivation methods and martial skills I give you, you can be considered one of the top in the peak of the nascent soul realm."

"Thank you, master!" Yu Yi thanked Lin Yi in surprise. He had no choice but to become Lin Yi's slave in order to reincarnate, but now that Lin Yi gave him the snow sword sect's martial arts, it was equivalent to raising his strength directly. Yu Yi's mood immediately improved.

One should know that Yu Yi was a person who would do anything for the sake of power. Lin Yi's action hit his weak point directly, and his loyalty to Lin Yi increased a lot.

Lin Yi didn't really mind-this was something that belonged to the snow sword sect, after all, and giving it to Yu Yi was perfectly normal. Plus, this was someone who wouldn't betray him, and raising Yu Yi's strength was the same as raising Lin Yi's group's strength-it would be weird if he didn't do something as logical as this.

After teaching Yu Yi the missing heart cultivation method and martial arts technique of the snow sword sect, the flying spirit beast had already entered the coastal waters. The insurrection of the sea beasts had begun to calm down during this period of time. The sea snake must have obtained the consent of the royal family of the sea beasts and temporarily suppressed the insurrection of the sea beasts. So when they arrived at the coastal waters, there were almost no sea beasts on the sea.

After another hour, the coastline of the ancient mountains was in sight. Lin Yi turned into his essence spirit and flew up, saying to Yu Yi, "We'll part here. Ride this aerial spirit beast and immediately head to Que Luo mountain to investigate. If you discover anything, don't act rashly. Immediately come back and inform me. Within two days, I want results, understand?"

"Yes, master! I understand!" Lin Yi got tired of hearing Yu Yi call himself old servant, so he asked him to change it on the way. It was much more comfortable now.

After Yu Yi changed direction and disappeared into the sky, Lin Yi flew back to the coastline. He wasn't as fast as an aerial spirit beast, but he wasn't slow either. He could still fly back quickly within his sight.

"Eh, how did these four guys get together?" Lin Yi was halfway there when his spirit sense found four people panting on the beach, and he knew them.

Two of them were House Chu's Chu Yuntian and Chu Yunteng, while the other two were from the everyday and every day sect. They were the ones who tried to kill Duanmu Yu before Lin Yi let them go.

Looking at their wounded appearance, they should have escaped from the sea beast riot with great difficulty. There should have been four flying spirit beasts, but now there were only two flying spirit beasts left. It seemed that it was not easy to escape.

#### Chapter 5612 Subduing Tomorrow And Then Tomorrow

If it were just the two from the everyday and every day sect, Lin Yi wouldn't have bothered, but the two from house Chu were there, and he couldn't just ignore them. He adjusted his direction and flew over.

"Are you guys okay?" Lin Yi turned back into his Yuan spirit form after he reached the shore and landed in front of the four.

"Master Lin!" Chu Yuntian and Chu Yunteng saw Lin Yi and were both surprised and happy. They struggled to get up and cupped their fists.

The two from the everyday and every day sect, on the other hand, were a little embarrassed when they saw Lin Yi. After all, Lin Yi had taught them a lesson before, and although he let them go in the end, it would only be more embarrassing if they met again under such circumstances.

They wanted to get up and pay their respects to Lin Yi, but their injuries were much more serious than the two from house Chu. They couldn't get up after a few twitches, so they could only smile awkwardly and say weakly, ""Greetings, senior Lin!"

Lin Yi waved his hand, telling them not to be so polite. He then checked the four men's injuries. The two from house Chu were still fine, they probably took the great recovery pills he gave them. Although their injuries were still a little serious, they should be able to keep their lives.

As for the two guys from the everyday and every day sect, their injuries were a little serious. If they did not have a top-grade fifth grade great recovery pill, they probably would not be able to survive today.

"Master Lin, we encountered a sea beast riot near the sea. Although most of them were Foundation establishment stage sea beasts, there were also some golden core stage sea beasts. So, it was very difficult to deal with them. We managed to hold on until the sea beast riot ended before we managed to escape." Chu Yuntian explained the situation to Lin Yi with a face full of lingering fear.

Lin Yi nodded. It was fate that the four of them were able to help each other in times of crisis. What was even rarer was that they didn't give up on each other even when they only had two flying spirit beasts. Lin Yi's opinion of them improved a lot.

"You've already used up all the fifth-grade great recovery pills?" Lin Yi asked casually. He'd given house Chu quite a lot of Grade 5 great recovery pills, and if Chu Yuntian still didn't take them out for his friends to eat, Lin Yi's evaluation of him would be greatly reduced.

Chu Yuntian smiled bitterly, "it's a good thing that we had the Supreme grade fifth grade great recovery pill that you gave us. That's why the four of us had the chance to last until the end. Otherwise, we would have become sea beasts 'snacks a long time ago." It's a pity that we've used up all of our medicinal pills in this sea beast insurrection, which is why the two fellow Daoists from the everyday and every day sect are unable to treat their injuries. "

Lin Yi was relieved after hearing that. At least Chu Yuntian didn't make such a selfish low-level mistake at this critical moment.

In fact, Lin Yi didn't need to use too much Qi to heal the four of them, but he didn't want to expose the secret of his Qi, so he took out four top quality grade five great recovery pills and gave one to each of them. After all, with Lin Yi's stock, he could make as many of these pills as he wanted.

The two from house Chu were fine-they were used to Lin Yi's generosity, but the two from the everyday and every day sect were different. This was a life-saving pill! Plus, the two of them were Lin Yi's best friends, Duanmu Yu. They were already grateful that Lin Yi didn't make a fuss about it, and now Lin Yi took out a peak grade five great recovery pill to save them. They wanted to repay Lin Yi with their lives.

"Thank you, senior Lin, for saving my life!" After taking the great cyclic pellet, the two of them immediately felt their injuries begin to recover rapidly. As expected of a Supreme-grade medicinal pill, this effect was indescribable! She thanked Lin Yi immediately.

Lin Yi waved his hand, "it's nothing. You guys heal first. We'll talk later."

The two of them nodded gratefully and no longer spoke. They went all out to refine medicinal pills to recover from their injuries.

After a while, the four of them finished healing and stood up to thank Lin Yi again.

"Senior Lin, this time, you've let bygones be bygones and saved the lives of my Junior Brother Huang Gang and Qin wujiu. The two of us have nothing to repay you with. From now on, you have the final say in the tomorrow after tomorrow sect. We'll definitely go through fire and water without hesitation!" Although the early Yuanying stage Huang Gang appeared to be mentally retarded when he was chasing after Duanmu Yu, he was definitely not stupid.

After seeing Lin Yi's strength, Huang Liantong already had the thought of building a good relationship with Lin Yi. This time, Lin Yi saved their lives in passing, so he immediately seized the opportunity and made a decision to completely support Lin Yi.

In the first round, the two big bosses of the everyday and every day sect were finished. Huang Liantong had just reached the nascent Soul Stage at this time. Together with Qin Wujiu, the two of them were basically the leaders of the everyday and every day sect. As long as they made a decision, this matter would be settled.

Lin Yi smiled faintly and exchanged a few words of courtesy with Huang Lian and Qin Wujiu.

This was a pleasant surprise. Two fifth grade great recovery pills could subdue an everyday and every day sect. It was really worth it.

Lin Yi didn't really care about the everyday and every day sect, but it was still a good thing that they were willing to submit to him. Thinking about it, all of the ten small sects, including the everyday and every day sect, seemed to be on Lin Yi's side. This way, it would be even easier to challenge the big four. After becoming one of the big four, Qingyun's power would instantly reach the peak.

If Central didn't catch the blue serpent, Lin Yi thought that this trip to the endless sea would be a perfect ending with a big harvest. But with Central stirring up shit, Lin Yi couldn't be happy.

"The second round of the competition can't be carried out as usual due to the insurrection of the sea beasts in the endless sea. Let's go back to Ying town and end the second round of the competition." Lin Yi wanted to end the ancient meet as soon as possible so he could have time to deal with Central.

It wasn't an order, but Lin Yi's position in their hearts was clearly different from before. They didn't have any objections and nodded.

To be honest, although the sea beast riot had subsided, they were still a little afraid to go back and hunt sea beasts for a while. It was only natural that they would go back.

The four of them sat on two flying spirit beasts, which was barely enough. Lin Yi could only continue to fly in his spirit form.

By the time the five of them returned to Ying town, the others had already returned.

#### Chapter 5613 Joint Discussion

It was a miracle that none of the 20 people who participated in the ten small competitions had died in this sea beast insurrection. As for the people from the Qiankun sect and the five elements sect who had died, they didn't belong to the ten small competitions, so they didn't count in.

Seeing Lin Yi's group return, the invincible archaic Bing Wuqing and the rest of the people who had escaped from danger all gathered around and greeted Lin Yi. Even Xin Yijie couldn't squeeze in, so he could only smile and wait.

Daoist dujie and MA Zaidan, on the other hand, looked as if their parents had died. They looked at Lin Yi, who was surrounded by people, with deep resentment in their eyes. The people they sent out had their soul Jade plates broken, and now Lin Yi's group was back alive and well. Was there a need to ask what happened?

After a while, Lin Yi finally broke away from the crowd and walked up to the four representatives, "There has been a sea beast riot in the endless sea, so the three days of the second round is no longer

necessary. After our discussion, we have all agreed to end the second round in advance. Please start to check the scores of each family,"

Daoist master dujie and MA Zaidan looked at each other and saw the deep fear in each other's eyes. Why didn't anyone come to inform them?

Not to mention the disciples of the Shangguan family, the disciples of the two families had reached an agreement with the other sects without any notice. This was not a good sign! Could it be that the ten Little ones were already prepared to switch to the Shangguan family?

Shangguan Qingyun laughed heartily as he stood up and said,""Since the ten Little ones have agreed, then let's do it this way. After all, there's no other way to deal with such a thing as a sea beast riot. This was originally a ranking competition for the ten Little ones. As long as you have no objections, anything can be discussed. "

The Daoist master dujie glared at Shangguan Qingyun with hatred. 'Is this bastard thinking of me as the leader of the big four in advance?' He was speaking on behalf of the big four!

However, what Shangguan Qingyun had said was not wrong. Since the ten Little ones had come to a common decision, they had no reason to interfere by force, so they could only acquiesce to this result.

The great elder of Ying town walked out and interrupted Shangguan Qing Yun,""If that's the case, then take out all your gains! After counting, it will be converted into points and added to your ranking. "

Invincible primordial, Bing Wuqing, and the others walked out without a word, each carrying a huge bag in their hands, and placed it on the inspection table.

At first, everyone was guessing what was in the bags invincible primordial and the others had brought back. Some guessed that it was inner cores, but such a large bag of inner cores was too shocking. Moreover, it was not just one bag, but twelve bags. They really didn't dare to guess that it was inner cores!

They didn't expect that they would really take out all twelve big bags. After opening them, those who hadn't gone to the endless sea were all shocked!

Then, they all felt that they were going crazy. Twelve bags of Foundation establishment stage inner cores were already shocking enough, but there were not many Foundation establishment stage inner cores here. Most of them were golden core stage inner cores, and there were even many nascent Soul Stage inner cores.

Since when did the inner core of a Yuanying and Jindan stage sea beast become so common? He could harvest a piece of land just because he wanted to?

Even the big four's representatives were stunned. Lin Yi smiled faintly. "The inner cores here were obtained by the ten of us when we joined forces to fight against the sea beasts during the riot. So, these inner cores will be divided equally among the ten of us!"

The moment these words came out, everyone was in an uproar. Invincible primordial was stunned at first, but then he stepped forward and said, ""No!"

Daoist dujie and MA Zaidan were overjoyed, thinking that Lin Yi's plan had touched the undefeatable Taigu's bottom line and caused him to attack Lin Yi. In that case, they didn't mind getting a stool to sit down and enjoy the show.

As soon as invincible primordial came out, Bing Wuqing, zou Baixiang, and the others all expressed their opposition. However, their reasons made the faces of the Daoist master dujie and MA Zaidan, who were just waiting to watch a good show, turn dark.

"Master Lin, more than 90% of these inner cores were obtained by you. How can you split them equally among the ten small ones? How about this, the quantity will be converted into points anyway. Master Lin, you can take 90% and the remaining 10% will be split equally among the nine of us. If you still don't agree, then we'd rather not have these inner cores!" Invincible primordial put forward his plan with a decisive expression, as if there was no room for discussion.

Bing Wuqing and the others also expressed their support. As for the few sects that did not participate in the battle, they would not have any objections.

Lin Yi thought that this wasn't a problem-they had the same points anyway, which meant that they didn't have to compete in the second round. As for the 90% inner core, he could use it to complete the deal with the spirit eating beast.

"Alright, then let's call it a day! Anyway, no matter how many inner cores there are, the points are only that much. " Lin Yi said with a smile. He was quite pleased to see their reactions-at least it meant that the ten Little ones were starting to see Qingyun school as their leader.

After a short while, the inner cores were counted. The people of Lin town said in a trembling voice,""There are a total of 2125 inner cores. 181 of them are of the original level, 1628 of them are of the Aurous core stage, and the rest are of the foundation establishment stage."

As for the early, middle, and late stages, there was no need to report them at all. Such a harvest had never appeared before, not even a fraction of it!

There were more than 2000 sea beast inner cores, but only 10% of them were Foundation establishment inner cores. There were even Foundation establishment inner cores that were only a little more than nascent soul inner cores. If one didn't see it with their own eyes, no one would believe it!

With this batch of sea beast inner cores, how many golden core and original infant stage experts would be born in the small world of the immemorial era? It was no exaggeration to say that this batch of sea beast inner cores represented a prosperous era for the small Jianghu in the immemorial era. When there were more experts, the number of sea beast inner cores hunted would be more, and more experts would be born.

Many people had already fallen into such a beautiful fantasy. Among them, the happiest one was none other than MA Zaidan, who had a dark face just now. According to the previous rules, all the inner cores of the sea beasts hunted would be handed over to the five elements sect to be refined into elixirs. Then, they would be divided into five equal shares. The sect that contributed the inner cores would get one, the five elements sect would get one, and the other three major sects and four major sects would get one. Including the ten small sects that contributed the inner cores, the ten small sects would get one share. The last one would be sold to the sects and families other than the four big and ten small ones, and the income would continue to be distributed according to the ranking.

#### Chapter 5614 Three-Hit Combo

Under this model, the sect that contributed inner elixirs seemed to get the most elixirs, but in fact, it was only 22%, which was much less than the normal alchemy. The five-elements sect could also get one-fifth of the elixirs. Although it seemed that the income was not as much as the usual alchemy income, all the materials were provided by other sects. Moreover, the number of elixirs formed in the end was also determined by the five-elements sect. There were many tricks in this, so it was not impossible for them to take half of the elixirs.

In the past, it would not have been a big deal. After all, there were only a few sea beast inner cores. But this time, there was a huge amount of inner cores. MA Zaidan could already see the five elements sect take off completely and become the number one sect in the small ancient martial world!

Daoist master dujie looked at the huge pile of inner cores and nodded, "Since the ten small sects have made a decision, Qingyun school will get ten points this time. The other sects are tied for second place and will get nine points at the same time. The real-time ranking will not change."

Just like what Ma Zaidan was thinking, the Daoist master dujie also wanted to finish this matter as soon as possible and then let the five elements sect concoct the elixirs. Now that the Qiankun sect and the five elements sect were in an Alliance, the Qiankun sect would definitely take a share of this batch of elixirs. As for how to divide them, it still needed to be discussed carefully.

The great elder of Ying town glanced at venerable dujie. Since he had spoken, he could only give up the right to speak.

After the Daoist master dujie announced the real-time ranking, he immediately pointed at the pile of inner cores and said, "According to past rules, the inner cores obtained from killing sea beasts will be handed over to the five elements sect to be refined into elixirs and then distributed. This time is no exception. Keep these inner cores and send them to the five elements sect later."

"Hold on!" Chu Yuntian suddenly shouted, "more than 90% of these inner cores belong to Master Lin. Why should we hand them over to the five elements sect to make pills and distribute them?" What a joke! Master Lin is a top-notch Alchemist. Most of the pills he refines are of the highest quality. Compared to the five elements sect, his success rate is much higher. It's a joke to ask such a master to let the five elements sect refine his inner core!"

Lin Yi nodded to himself. This time, Chu Yuntian was really sharp-he came out early to help him.

Zou Baixiang saw that this was a rare opportunity. Although he didn't know Lin Yi's skill in refining, since Chu Yuntian said so, he had to follow up and support him. So zou Baixiang also said with a face of justice,"Not bad! If Master Lin isn't an Alchemist, then it wouldn't matter if we hand him over to the five elements sect. The point is that Master Lin is an Alchemist that's even more powerful than the five elements sect. It would be unnecessary to go to the five elements sect again. Our Yunzi sect also feels that we shouldn't follow the rules this time. "

Daoist master dujie really wanted to kill someone this time. Yingyun sect was a sect under Qiankun sect. Was it really good to sing a different tune from Qiankun sect?

Without waiting for the venerable dujie to digest the news that the yingyun sect had indeed turned against them, Bing Wuqing said coldly,""Snow sword sect agrees with the Chu clan!"

Two hits!

Even though snow sword sect had the intention to rebel, they were still a sect under Qiankun sect in name, so they did not hesitate to finish him off.

"Our aotian family also agrees with the Chu family's point of view!" After snow sword sect, the aotian family also followed!

Three consecutive critical hits!

The Daoist master dujie almost vomited blood. His face turned red, but he couldn't say anything. There were only three sects in total under the Qiankun sect, and all of them were standing on the opposite side of him at once. This was so embarrassing that even the Daoist master dujie was considering whether it would be better to just pass out ...

MA Zaidan cast a consoling look at the Daoist master dujie. In fact, he was gloating in his heart. After all, they had been rivals for so many years. However, when he thought that the inner core that was about to be in his hands might be gone just like that, his mood immediately became bad.

Then, MA Zaidan's mood went from bad to extremely bad, because two of the five-elements sect's sects, the everyday and every day sect and the evil warding sect, also stood out to show their support for the Chu family's proposal.

This is really ... MA Zaidan really wanted to curse, vomit blood, faint, and tell Daoist master dujie that I understand your pain ...

In the end, all ten of them said that they couldn't give the cores to the five elements sect, and that they'd let Lin Yi handle them himself. As for the elixirs after the refinement, they said that they'd rather not get any of the elixirs!

A bunch of lunatics! Venerable dujie cursed in his heart. In the end, he could only suppress the urge to vomit blood and slowly opened his mouth, "Let's put this matter aside for the time being. It's not urgent anyway. After the end of the Archaean meet and the four great rankings are completed, the four great powers will vote to decide where the inner core will go. That's it!"

Daoist master dujie could see that if the ten Little ones were to decide, there was no hope at all. They could only place their hopes on the Final Four major voting decisions.

As long as the four major voting process began, the universe sect and the five elements sect would immediately have two votes, and they would be in an undefeatable position. Then, they would persuade the heaven opening sect to join in, and the matter would be settled!

Compared to Lin Yi's treatment of the inner cores, the heaven enlightening sect might not get any benefits at all. At least, if the five elements sect were to make elixirs, the heaven enlightening sect could still get a lot of elixirs. After all, there was a large number of inner cores this time. Even if it was only 7% of the elixirs, it was still a considerable amount.

"Weifeng, get someone to keep the inner core!" Lin Yi turned to Jin Weifeng. He was the one who got the cores, so he didn't feel embarrassed.

Lin Yi didn't care about the four major voting at all. With so many inner cores, it was enough to exchange with the spirit eating beasts for the next three to four years of mining quota. Of course, Lin Yi wouldn't exchange all of them. After all, the small world of the ancient martial world would run things on its own in the future, not always relying on Lin Yi.

Lin Yi still wanted to use the remaining inner cores for his research. Without Han Jing Jing, he still had to research.

After Daoist master dujie finished speaking, he motioned for the great elder of Ying town to continue. He was in a bad mood and didn't want to talk anymore.

The great elder of Ying town nodded, then turned to the ten children and said, ""The third round of the ten ranking competition will be carried out to determine the final score. The current ranking is the first

of the Qingyun school with twenty points, but the last place also has ten points. Therefore, this third round is quite crucial. Any of the ten schools can reverse the situation and reach the top. Please make good use of it!"

Because all nine families had nine points in the second round, the gap in points did not widen. The great elder of Ying town took this opportunity to sow discord, hoping that the green cloud School would become the target of public criticism.

Unfortunately, he still didn't understand the situation just now. Qingyun school had become the leader of the ten Little ones. No matter how he tried to sow discord, it would be of no use.

#### Chapter 5615 The Unstoppable Qingyun School

"This third round will be a real competition of strength. It will still be the three rounds of competition between the original infant stage, golden core stage and Foundation establishment stage. It will end with two wins. At the beginning, the opponents will be decided by drawing lots. It will be a 5v5 match. The winner will advance to the top five and the loser will fight for the 6th to 10th place." The great elder of Ying town spoke slowly while paying attention to the reactions of the ten small families.

However, what surprised him was that the ten Little ones were all very calm. There was nothing unusual. By right, this rule was not fair. One round would decide whether the points were in the top five or top ten. The uncertainty was too high.

Since no one responded, the great elder of Ying town could only continue slowly, ""The top three will still be decided by drawing lots. One team will get a bye, and the team that gets a bye will have to accept the challenge if they are challenged by a loser from the top three. After the top three are decided, they will continue to draw lots for the top two. The rules for the losers will be the same, and the losers will have the chance to challenge the losers to decide whether they will enter the final. The final round is the finals, so the rules for the last five are the same as the top five. Is there a problem?"

Lin Yi turned to look at the executives and said faintly, "The rules are unfair, but it doesn't matter. I hope that everyone can stop at a certain point in the competition and don't cause unnecessary injuries. If anyone wants to kill the other party, then we'll see how it goes later!"

"Senior Lin, don't worry. We know what we're doing!"

"Don't worry, Master Lin. We're all on the same side. We won't kill him!"

.....

The people from the ten small sects all agreed. They weren't stupid-Qingyun wasn't one of the big four yet, but they were one of the ten small sects. Since they were comrades in the same pit, it'd be stupid to kill them now. Did they really think Lin Yi didn't kill?

Lin town's elder was speechless-he didn't get a response at all, but Lin Yi's one sentence was enough to get everyone to respond!

Daoist dujie and MA Zaidan looked at each other helplessly. They couldn't understand how Lin Yi could have taken in all ten of them in such a short time. In comparison, the two of them, the big four, were so weak that they couldn't be compared.

This time, even the Qitian sect wasn't happy. Lin Yi had become the one who set the rules, and the big four were practically non-existent. No matter how neutral the Qitian sect was, they were still one of the big four, so it was normal for them to have some thoughts.

After the results of the draw were out, Qingyun school's ten to five opponents were the everyday and every day sect. When Huang Liantong drew Qingyun school, not only was he not depressed, he even shouted with a face of joy, "We, the everyday and every day sect, admit defeat!"

To admit defeat in such a jubilant and righteous manner, Huang Gong was probably the first one, right?

The other four groups didn't admit defeat again, and all fought according to the rules. But after Lin Yi set the tone, everyone was harmonious, and no one really wanted to risk their lives.

After an hour, the top five were decided. Besides the Green Cloud School, the Snow Sword Sect was the first to qualify for the top five, followed by the Thousand Blade Sect. This was a sect with only two people, and they had fought their way from the ten candidates to the top five. They were already second in points, and as long as they won one more match, they would definitely be in the top three.

Ye Ling Sect had eliminated the Otian family and entered the top five, but from Lin Yi's perspective, the Otian family was giving him and Duanmu Yu face, so they let Ye Ling Sect advance. Lin Yi didn't have anything to say about this.

The last spot was actually taken by the Evil Warding Sect. They had eliminated the Soaring Heaven Sect and entered the top five. Next, it was time for a new round of drawing lots.

In the drawing of lots for the top three, Qingyun School had a bye, which made the other four families relieved. After all, if they drew Qingyun School, it was basically a direct admission of defeat, and there was nothing much to say.

Now that they were fighting in pairs, everyone would rely on their strength to speak. Those who failed would not have to waste time challenging the bye. It could be said to be the best result of drawing lots.

Snow sword sect versus spirit leaf sect, thousand blades sect versus evil warding sect. After a few exciting but not too intense battles, snow sword sect and thousand blades sect joined hands to enter the top three. This time, Duanmu Yu's face would not be of any use. If snow sword sect gave Duanmu Yu face, where would they put their cold face?

"The top three will draw lots. The thousand blades sect will have a bye, and the snow sword sect will fight the green cloud sect!" The great elder of Ying town announced the result of the draw with a cold face. He could see that whether the green cloud School got a bye or not, the result was the same. It was better to hope that a sow would climb up a tree than to hope that the snow sword sect or the thousand blades sect would attack the green cloud School.

As expected, after the results of the draw were out, snow sword sect admitted defeat and no longer challenged thousand blades sect, who had a free pass. They immediately took third place.

In fact, Bing Wuqing was already at the peak nascent soul realm. Although she had just broken through, and her Foundation was not as strong as that of the immemorial era, she still had a high chance of winning against the thousand blades sect for the second place. The problem was, what would happen after she defeated the thousand blades sect? Admit defeat to Qingyun school again? Even if Hong Yuanqing was willing to do such a boring thing, Bing Wuqing wouldn't agree to it. The thousand blades sect was one of them anyway, so the difference didn't matter.

In the end, what was supposed to be the most intense fight for the top three, the final battle, ended without a fight after snow sword sect admitted defeat and gave up on challenging thousand blade sect, who had a free pass. Then, thousand blade sect admitted defeat and Qingyun school directly rose to the top without a fight.

This kind of competition wasn't unprecedented, it was definitely unprecedented, because no one had ever heard of such a thing happening in the immemorial meeting.

Both the Daoist master dujie and MA Zaidan's faces turned ashen as they muttered in a low voice, "How shameless! The immemorial meeting is about to turn into a farce!"

In fact, the two of them were already beginning to feel afraid. With such an unstoppable momentum, Qingyun school had climbed to the top of the ten small schools. Their next step was to challenge the big four!

To put it bluntly, challenging the big four was the same as challenging the Qiankun sect and the five elements sect, but the two of them weren't confident in facing the Qingyun sect's challenge. If it was before Lin Yi's presence, the two sects wouldn't even look at them and would kill them with a single slap. Now, they were worried that they might be killed by Lin Yi's slap!

The ranking competition after that didn't have much of an uproar, and it all ended in a harmonious atmosphere. The great elder of Ying town stood out with a sour expression and announced, "The ranking competition for the top ten has ended. After three rounds of competition, the green cloud sect is ranked first with 30 points, the thousand blade sect is second with 27 points, and the snow sword sect is third with 25 points ..."

#### Chapter 5616 Everyone Is Scared

According to the previous rules, the ten leaders had the right to challenge the four greats directly, while the second and third leaders had the right to challenge the substitutes. Just like the previous challenges, only when the leader succeeded could the second leader have the opportunity to continue the challenge. If the second leader succeeded, the third leader would have the chance. Starting from the fourth leader, they would not even have the right to challenge the substitutes. No matter what happened before, they had nothing to do with it.

If the first of the ten young ones failed the challenge directly, then the rest would not have the right to challenge. What was different from the challenge of the ten young ones was that the challenge of the four great ones did not use spiritual jades to participate in the gambling battle. If the challenge of the first person failed, the challenge of the four great ones would be over.

After the great elder of Ying town finished announcing the ranking of the top ten, he turned around and looked at Daoist master dujie before he continued, "The ranking of the top ten has ended. The immemorial meeting will rest for a day. After a day, the competition between the top four and the top ten will continue. I will announce the rules when the time comes. Everyone, please go back and rest!"

Lin Yi frowned. He wanted to end the gathering as soon as possible and then meet up with the sea beasts to find central. Although there was no news of Yu Yi, he couldn't delay the gathering any longer.

Xin Yijie happened to see Lin Yi's expression. He didn't go to the endless sea to participate in the battle on the island, but Jin Weifeng had told him in detail when he came back. Even if he didn't know the agreement between Lin Yi and the sea beasts, he knew that Lin Yi was unhappy with the big four's delay.

Thus, after the Grand Elder of Ying town finished speaking, Xin Yijie immediately said, ""Why do you need to rest for a day? As the new leader of the ten Little ones, our green cloud School can start challenging the four great ones now. As for rest, we'll have plenty of time to rest after the immemorial meeting. Please start the challenge of the four great ones immediately!"

As the new sect leader of the top ten small sects, Xin Yijie's words carried a lot more weight than before. In the past, no one would have paid him any attention. After all, waiting one more day was nothing. But now, with his words, several sects immediately expressed their support.

This was especially true for the thousand blade sect and the snow sword sect. After the Qingyun school's challenge, it would be their turn. Since Xin Yijie had said so, they naturally had to support him. After all, they hadn't spent much effort in the ranking battle of the top ten.

"Impudent! Do you all have the final say in the archaic meet? This is a rule set by the big four. Whoever doesn't want to abide by it must leave the ten small immediately!" First elder Li Zhen roared, his face filled with rage. However, in the eyes of the crowd, he was clearly acting tough on the outside but was actually a coward on the inside.

"Rules set by the big four?" Lin Yi sneered. Alright, we'll follow the rules! But don't let me find out that anyone doesn't follow the rules. At that time, perhaps it'll be time to form a new big Four!"

If it wasn't too much trouble, Lin Yi could just leave the Qiankun sect and the five elements sect and form his own four big and ten small sects. The ten small sects were all under Lin Yi's control now, and so was the Shangguan family. The Qitian sect was neutral, but they were just fence sitters. They'd probably come over to Lin Yi's side if they saw how strong he was.

Lin Yi was warning the Qiankun sect and the five elements sect not to do anything sneaky. He could afford to wait a day. After all, no matter how fast Yu Yi was, it would still take him a while to come back. Lin Yi didn't want to waste time on this. It wouldn't be too late to finish the meeting tomorrow.

Venerable dujie and MA Zaidan snorted and left without saying anything. Qi Dani, on the other hand, looked at Lin Yi with a meaningful look and followed after with a smile. Only Shangguan Qingyun ran over with a smile. He first congratulated Lin Yi and Xin Yijie, then said a few useless words before chasing after venerable dujie and the other two.

Shangguan Qingyun would definitely attend the meeting of the big four in case they came up with any bad ideas. If he was not there, he would not be able to get the news in advance.

"Everyone, do you have any opinions on the four great challenges this time?" The four of them came to a secret room and sat down. Daoist master dujie said with a gloomy face.

MA Zaidan sneered and said, "what opinion can I have?" We've all seen the strength of Qingyun school, and we've always been allies in attacking and defending, not allowing new sects and families to rise up. Will we still be like this this time?"

As he spoke, MA Zaidan turned his head and glared at Shangguan Qingyun. Obviously, with the black sheep of the Shangguan clan in the four great clans, any talk of an Alliance was a joke.

Shangguan Qingyun nodded at MA Zaidan with a smile, completely ignoring the hatred in the latter's eyes. His "I love to see you looking at me with an expression that you can't stand but can't kill me" expression only made MA Zaidan even angrier, but he really couldn't do anything.

Qi Danian picked up the teacup that had just been served and took a sip, then slowly said, "The challenge from the green cloud School is inevitable. The question is, which family will the green cloud School Challenge? It seems like the chances of success for our heaven opening sect are very high, but unfortunately, in the heaven opening sect, the most powerful one is this old man! We don't have a number one Yuanying stage expert like Daoist master du Nan to oversee us, so the possibility of us being eliminated from the big four is very high!"

Daoist master dujie snorted and said, "elder Qi, you're too modest. As long as you're not blind, you can see that there's a 99% chance that Qingyun school won't challenge your heaven opening sect. On the contrary, our Qiankun school has the highest chance. Daoist master Dunan has been in closed-door cultivation all this time. Although he has received my notice, I don't know if he'll be able to arrive here tomorrow. Is elder Qi prepared to see our Qiankun school make a fool of himself?"

"Daoist master dujie, your words are a bit too serious!" Qi Dani quickly waved his hand and said with a smile, ""Although there is competition between the four great sects, we are still people on the same boat. Even if Qingyun sect will challenge Qiankun sect, will our heaven opening sect have a good life after they take the throne?"

The enlightened person dujie's expression looked a little better. Although Qi Dani's words seemed to imply that the Qingyun school would definitely succeed in challenging the Qiankun school, he actually thought so in his heart, so he did not express any displeasure.

"Forget it, forget it. I don't think there's anything to discuss like this. Let's disperse!" MA Zaidan suddenly said with an impatient expression. At the same time, he gave a subtle look to the venerable dujie and Qi Dani, but he avoided Shangguan Qingyun.

The two of them understood at the same time. With Shangguan Qingyun here, any plan that the three of them came up with would be immediately leaked by him. He was just short of sticking a note that said "I'm a spy" on his head. There was no point in continuing this meeting.

Chapter 5617 Return

If they really wanted to come up with a plan, they would have to leave Shangguan Qingyun alone and let the three of them discuss it in secret. This was what Ma Zaidan meant. He wanted venerable dujie and inner Qi to work together to send Shangguan Qingyun away.

The Daoist master dujie immediately squeezed out a helpless expression and said, ""What sect leader MA said makes sense. It's indeed useless for us to discuss it here. The only hope of our Qiankun sect is that Daoist master Dunan can arrive in time. That's all for today. Everyone, go back and rest. We'll gather again tomorrow. "

Shangguan Qingyun waved his hand and said with a smile, "Don't! It's rare for us to meet each other, and tomorrow is the last segment of the archaic meet. Why don't we have a good gathering today, drink, and chat? there won't be many opportunities like this in the future!"

This stinky and shameless person, why was he like a sticky candy that he couldn't get rid of?

MA Zaidan glanced at Shangguan Qingyun coldly and said, "I'm sorry, I'm not familiar with you, so I won't be accompanying you!"

Qi Dani immediately stood up and smiled at Shangguan Qingyun. "I'm sorry, Shangguan clan head. I still have to go back and make some arrangements. After all, the chances of our heaven opening sect being challenged tomorrow are still the highest, so ... You know what I mean!"

Without waiting for Shangguan Qingyun's reply, he cupped his hands at the venerable dujie and MA Zaidan, turned around, and left.

The Daoist master dujie was even more direct. He picked up the teacup and said indifferently, "I won't send you off!" That was it. After all, this was the Qiankun sect's base ...

Seeing that the three of them were determined to kick him out, Shangguan Qingyun had no choice but to shrug and leave. After a while, Qi Dani and MA Zaidan secretly turned back. Although Shangguan Qingyun knew it, he could not stop them.

Shangguan Qingyun didn't know what the three came up with in the end, but he was much more confident in Lin Yi than himself, so he didn't care too much. In his opinion, Lin Yi's absolute strength could crush all schemes and tricks, so he didn't need to worry at all.

The next morning, Yu Yi rushed back to Lin town and found the base of Qingyun school. Lin Yi was a little surprised. He didn't expect Yu Yi to be so efficient. He was given two days and he came back in a little more than a day.

"Master, Yu Yixin did not fail you! We found the Central's experimental base. " Yu Yi didn't even have time to catch his breath as he said to Lin Yi with a smug look on his face. His expression was as if he was writing 'praise me' on his face.

"Well done!" Lin Yi said with a smile. "Is it really in que Luo mountain? Do you have the exact locations?"

"Of course, I'll do it. Master, you can rest assured!" Yu Yi patted his chest with a smile and said, ""Not only the exact location, but I also sneaked in to inquire about it. However, master told me not to act rashly, so I didn't go deep in and only heard some news from the periphery."

"I'm glad you remember my instructions. Tell me, what did you find out?" Lin Yi nodded.

Yu Yi licked his lips and said in a low voice, ""Master, I heard that the center is doing some mysterious experiment. They want to inject the 'hen' of some sea beast into the human body, so that after the fusion, the human can break through to the legendary xuansheng stage. Master, what kind of chicken is that 'hen'? It was actually so powerful! It can even help people break through to the profound Ascension realm?"

Chicken cause? I'm still a duck fruit! It was terrible to be uncultured, and Lin Yi didn't bother explaining it to Yu Yi. He waved his hand and said nothing.

Central had captured the royal family of the sea beasts, the blue flood Dragon. As expected, they wanted to use the blue flood Dragon's genes to fuse with the human body and create an expert at the xuansheng stage. If Central's research was really successful, the structure of the small world of the ancient martial arts world would be completely changed!

Lin Yi's essence spirit was only at the peak of the mid-stage of the mysterious Ascension realm. If central could successfully create a master of the mysterious Ascension realm that was stronger than Lin Yi's essence spirit, then even with Lin Yi's current essence spirit strength, he would be forced into a passive position.

Lin Yi raised his head and saw Yu Yi's face, which was full of longing. Lin Yi was angry and amused at the same time. This guy was a fanatic who wanted to improve his strength. He could do anything for it. He probably couldn't get out of it after thinking about the power of the mysterious Ascension stage.

"What, are you envious? Do you want to go back to the center to undergo experiments and see if you can advance to the legendary xuansheng stage?" Lin Yi's lips curled up as he asked faintly.

Yu Yi's whole body quivered, and he quickly put on a smile and said with righteousness, "How could I! Yu Yi was master's man in life and master's ghost in death. How could he think of going back to the center to get some 'hen Yin'? even if he succeeded, he would be a bastard! That's impossible!"

Lin Yi shook his head helplessly. What master's man in life and master's ghost in death? it was so mushy ...

Yu Yi took a peek at Lin Yi's expression and lowered his voice, "Of course, if master wants me to be a spy in the enemy's base, I'll do anything for you. I don't care if you're a bastard or a mongrel ..."

"Stop!" Lin Yi quickly raised his hand to stop Yu Yi. This bastard was getting more and more ridiculous, but his desire to reach the xuansheng stage was obvious. He just needed to carve it on his face.

Yu Yi shut his mouth obediently, but he was thinking in his heart, "if I wasn't controlled by you, I would definitely try to reach the xuansheng stage!" That was the legendary xuansheng stage! I can tell that you're an inexperienced brat. When you heard that you're at the xuansheng stage, you thought that you were at the same level as the original infant stage? What a joke! When the center is done, anyone can kill you with a little finger! Let's see how proud you can be!

If central kills Lin Yi, does that mean I'll be free? Should I go back to the center and ask them to help me level up to the xuansheng stage? It seemed to be quite good!

Yu Yi felt that this was a good idea and was pleased with himself. He hoped that the central would quickly create a master at the xuansheng stage to kill Lin Yi. Not only would he regain his freedom, but he could also level up to the xuansheng stage. It was the best of both worlds!

As for the loyalty that Lin Yi had gained from teaching him martial arts, Yu Yi had probably fed it to the dogs ...

Lin Yi glanced at Yu Yi. He felt that this guy's expression was a bit strange. He didn't know what he was thinking, but after hearing Yu Yi's words, Lin Yi had some new ideas.

"Yu Yi, from what you're saying, if there's a chance, do you really dare to participate in the Center's experiments?" Lin Yi organized his thoughts as he asked.

Chapter 5618 The Number One Person Of The Ancient Primordial Era!

Yu Yi quickly put away the wild thoughts in his heart and carefully said, ""Why wouldn't I? As long as it's master's order, I, Yu Yi, am not afraid even if I have to die. Besides, this is an opportunity to upgrade Xuan Sheng, the legendary Xuan Sheng. It's worth it to take a little risk. "

"This is not a small risk. There's a high chance that your newly reincarnated body will be finished again, and this time, even your primordial spirit might die!" Lin Yi wasn't trying to scare Yu Yi. Even if he didn't know about Central's experiments, he could still deduce this.

"What kind of risk is that? compared to advancing to the mysterious Ascension stage and becoming the true number one in the small ancient martial world, this kind of risk can be completely ignored!" Yu Yi couldn't help but reveal his thoughts. In order to get more powerful, he could really do anything.

Lin Yi looked at Yu Yi strangely and nodded, ""I'm relieved to hear you say that. Anyway, if I kill you, I'll just find you a new body to possess."

"Ah? Master, what do you mean by this?" Yu Yi was dumbfounded. Did he know what I was thinking, so he wants to kill me? That's not right. If he really wanted to kill me, why did he say that he would find a new body for me to possess?

"You'll know in a while. Now, follow me!" Lin Yi beckoned for Yu Yi to follow him. They got on an aerial spirit beast outside Pi town and flew to a remote area in the ancient mountain range.

In fact, Lin Yi suddenly thought of a problem. In the ancient martial world, the main thing was to cultivate the spirit and improve the body. Yu Yi was the best example. What could the spirit do here?

Not to mention divine sense attacks, condensing pill fire, raising level, and activating martial arts techniques!

Lin Yi felt that he was really stupid-his thinking was completely wrong. He thought that martial arts must have a physical body and pure Qi to use. For example, the five elements killing Qi needed to be condensed into a Yuan spirit to barely be able to use it. The higher level Dragon-shaped killing Qi couldn't even be activated because of the restrictions of the yuan spirit!

Actually, that was not the case! In the ancient martial world, many sects used spirit sense to drive the body to activate the martial skills. In other words, Lin Yi could bypass the restrictions of the soul form and use his spirit sense to activate the martial skills of his body. This meant that his body's combat power was completely recovered!

After thinking about it, Lin Yi tried it out in secret and found that it was possible, so he dragged Yu Yi out to test it out.

Since Yu Yi didn't fear death in order to increase his strength, Lin Yi had to fulfill his wish. He had to try it too, so he might as well try to help Yu Yi break through to the xuansheng stage!

After the flying spirit beast landed, Lin Yi used his spirit sense to make sure that there were no spirit beasts or human cultivators in the surrounding area. He then took out a Thunder elixir from the Jade space and handed it to Yu Yi.

"First, eat this pill!" Lin Yi didn't bother explaining what the pill was or what he was going to do next.

Yu Yi's heart skipped a beat, and he was secretly nervous. This isn't a vicious pill, is it? 'This kid is so cruel. Maybe he doesn't want to kill me directly but torture me first?' It was too vicious!

However, on the surface, Yu Yi did not show the slightest doubt. Instead, he took the Thunder elixir respectfully and swallowed it without hesitation. He even said with a satisfied look, ""Thank you for the pill, master!"

If I can get out of your control, I'll torture you to death!

After taking the pill, Yu Yi stood aside quietly and began to guess what would happen next.

Lin Yi was quite satisfied with Yu Yi's performance and smiled, ""Are you ready?"

"Ah? What does master want Yu Yi to prepare?" Yu Yi raised his head and continued to look dumbfounded. He thought to himself, 'you bastard, you didn't even say anything. Why the hell did you ask me to prepare?'

"Get ready to receive the baptism of the lightning tribulation!" Lin Yi said casually as he used his spirit sense to activate the lightning punishment!

The entire process was just as Lin Yi expected. He was still a little rusty at the start since it was his first time using his spirit sense to activate the skill. However, it became smoother after he succeeded.

The sudden lightning tribulation completely stunned Yu Yi. If it wasn't for Lin Yi's Supreme-grade Thunder elixir, Yu Yi would have been killed by Lin Yi. But now, his face was burnt black, and his hair stood up. He just looked a little embarrassed.

In Yu Yi's body, as the lightning raged, Yu Yi's consciousness instinctively guided it to change his body and spirit. It was just as Lin Yi said, this was a lightning baptism, purifying the impurities in Yu Yi's body and spirit.

Without the Thunder elixir, Yu Yi might have been purified as well. But now, he clearly felt that his body was about to explode, but at the edge of the limit, there was an endless and huge energy that flowed back into his body's meridians. Even his primordial spirit began to undergo a change as if it was reborn.

At this time, even a fool would know what had happened. This was the precursor to a breakthrough!

What would happen after a breakthrough to the great circle of the original level? The legendary xuansheng stage!

Yu Yi felt like he was about to explode, not because of the lightning tribulation, but because of the joy in his heart. All of this had happened too suddenly! Happiness really caught people off guard!

After a while, the Thunder tribulation stopped, and Yu Yi's aura spread out uncontrollably. Such a powerful feeling had not been seen in the small Jianghu of the ancient times for thousands of years!

Awesome! It was too awesome! I'm simply going to blow up! I've broken through to the legendary xuansheng stage! He was now the number one person in the small Jianghu of the immemorial era!

Yu Yi was so excited that he couldn't help but shout at the sky. For a person who was dedicated to improving his strength, what could be happier than becoming the number one in the world? If there was anything, the only thing left was to kill the person controlling him!

Yu Yi, who was floating in the air, decided to kill Lin Yi. Although Lin Yi said that he could control Yu Yi's life and death with a thought, Yu Yi was full of confidence now. He thought that he could kill Lin Yi before Lin Yi could react!

'This fool actually allowed me to advance to the profound rank just like that. Does he really think that I'm willing to be his slave for life?' What a joke! I'm the number one person in the ancient times!

After making the decision, Yu Yi immediately activated his pure Qi and rushed towards Lin Yi. However, what welcomed him was a clear Dragon's Roar of five elements killing intent!

Chapter 5619 Kneeling Down And Crying

With a loud bang, the newly-promoted number one man of the archaeozoic era, Yu Yiyu, who looked down on the world, somersaulted several times in the air and knocked over several big trees in succession. Finally, he hit a rock and cracked it.

Yu Yi, who slid down from the rock, immediately knelt down obediently. His eyes were filled with tears. It was so painful! I'm at the xuansheng stage! The number one man of the immemorial era! Why did it hurt so much?

What was the background of this little B \* stard? In front of him, was a xuansheng stage cultivator also a dough that could be kneaded at will? Don't tell me that I won't have a day to shine?

Lin Yi landed lightly in front of Yu Yi and looked at him with a half-smile, "What are you doing? Kneeling and crying?"

In fact, if Lin Yi wanted to kill Yu Yi, he only needed to think about it, but it was not easy to get Yu Yi to the xuansheng stage. Lin Yi didn't want to kill him so easily, so he used the Dragon-shaped killing intent to teach Yu Yi a small lesson.

After figuring out how to use the spirit sense to activate the martial skill, Lin Yi's strength was back to normal. He wouldn't even be afraid of a sect opening Big Shot, let alone Yu Yi, who was only at the early stage of mysterious Ascension.

"Yu Yi is thanking master! Without master, how could there be the current Yu Yi? Yu Yi would never have thought that he would be able to advance to the legendary xuansheng stage in his lifetime. Yu Yi's tears of excitement and gratitude are on his knees!" After saying these words, Yu Yi admired himself. What a F\*cking genius! He was too smart! I'm so smart, I'll definitely have a chance to escape from this little b\*stard's evil clutches!

"Oh, really? Then what were you trying to do by rushing over here?" Lin Yi didn't believe the guy's bullshit-he was clearly crying and begging for mercy because he was in pain, as if he were telling the truth.

"Just now?" Yu Yi wanted to play dumb, but then he thought that playing dumb definitely wouldn't work, so he immediately said with an expression of realization, ""Just now! I was too excited after the upgrade and wanted to hug you to express my gratitude and celebrate. I didn't expect to lose control of my aura, so I was a little reckless. It's Yu Yi's fault. Please punish me, master!"

"So that's what happened, then forget it!" Lin Yi smiled faintly. It didn't matter if Yu Yi had some small thoughts. It was fine to knock him down once in a while. He couldn't escape from Lin Yi's palm anyway, so he let him be.

Yu yidun put on a flattering smile and said, ""Master's move just now was so powerful. It was really mighty, domineering, and invincible! I wonder what that move is called? By the way, seeing that master had sent Yu Yi flying with a casual slap, it seemed that master's strength had reached an unfathomable level! I wonder if Yu Yi has a chance to catch up to one-tenth of master!"

Lin Yi knew that the guy was trying to get some information about his strength-it wasn't a big deal to tell him, but Lin Yi didn't want him to get what he wanted. He smiled faintly, "Follow me and work for me. You will have the chance to catch up to me in the future ... One-tenth!"

Yu Yi sneered in his heart, but he still smiled brightly and said respectfully, ""Then, I thank master for your guidance!"

"Alright! Let's go back!" Lin Yi waved for Yu Yi to follow him back to ruins town, but he was thinking about improving his own strength.

As a test subject, Yu Yi was the most suitable one. Since it was proven to be feasible, Lin Yi had to think about who would be the next one to reach the xuansheng stage. He had the Thunder elixir and could make the lightning punishment, so the only problem was who was the right person.

Now, the most suitable one was, of course, the invincible Ancient One. He was a veteran of the great circle of the original level, who had accumulated more than a hundred years of experience. With the Thunder elixir and Thunder tribulation, it was almost a matter of course for him to advance to the mysterious rising stage.

As for Bing Wuqing and Xin Yijie, they'd both reached peak nascent soul realm in a short period of time with the help of elixirs. If they didn't have enough experience, even if they tried to level up with the Thunder elixir and Thunder tribulation, they might not succeed. It might even make it more difficult for them to level up in the future, so Lin Yi didn't plan to ask them to come over now.

Other than the unbeatable Taigu, there was another suitable candidate-Shangguan feixing. He was a veteran peak nascent soul, and had a good relationship with Lin Yi. He should help him out for Shangguan Tianhua's sake, not to mention that Lin Yi needed Shangguan feixing's power to deal with central.

With these three xuansheng Masters, Lin Yi could go to queluo mountain to cause trouble after the ancient Festival. It would be best if he could Save the Blue flood Dragon before the agreed gathering time. To be honest, Lin Yi didn't really want the sea beast Army to come ashore. It would be troublesome if they liked the land and didn't want to leave. It was easy to kill them all, but it wasn't worth it to become enemies with the endless sea.

"Yes," Yu Yi replied. He didn't show it on his face and followed Lin Yi back respectfully, but he was laughing in his heart. He'd forgotten about Lin Yi's lecture, and the joy of reaching the xuansheng stage came back again. Yu Yi wanted to laugh.

Speaking of which, what the hell did that idiot Xue Jianfeng do with those despicable people in the center? in the end, he became a bastard. I was really wise to follow master and become a master of the mysterious Ascension stage, and a pure one at that ... Hmph, I must follow master well from now on. No, no, I should first trick him into raising my strength to a higher level and then turn hostile. I'll slap that little soul on the wall and completely break away from his control!

Hmm, this plan is not bad. Let's do it this way!

Yu Yi secretly made a lot of plans in his heart and unknowingly returned to Lin town.

After returning to Ying town, Lin Yi told Yu Yi to stay at Qingyun sect while he went to find invincible Taigu and Shangguan feixing to go with him. The two trusted Lin Yi and left without saying anything.

Lin Yi got off the flying spirit beast at the place where Yu Yi broke through before and said to the two with a serious face, ""Elder feixing, elder bubai, I've called you out this time because there's something I need you to decide on. No matter what your final decision is, you don't have to consider my opinion. Do you understand?"

"I don't quite understand!" Invincible primordial was rather honest and shook his head, ""Master Lin, why don't you just say it? as long as it's your problem, I, invincible primordial, will definitely do it without hesitation."

Shangguan feixing also nodded and said, "Grand-martial aunt Lin, please let me know if you need anything!" Disciple will do his best to cooperate. "

#### Chapter 5620 The Glorious Shangguan Family

Ever since Lin Yi had fixed the Shangguan family's missing Arts, Shangguan feixing had accepted Lin Yi as his grand-master, and if possible, he wanted to meet that female grand-master from the Shangguan family as well. Naturally, he had to be extra respectful to Lin Yi.

"It's not about me, it's about you guys," Lin Yi smiled faintly.

As he spoke, Lin Yi took out two Thunder mystical pills, "These two pills are called the profound Thunder pill. With the help of the Thunder tribulation, there is a high chance that they can help you safely advance to the profound Ascension stage. However, the success rate is not guaranteed. The so-called safety does not mean that there is absolutely no danger. If you are not lucky, you may be seriously injured by the backlash. You may not have any fate with the profound Ascension stage in the future. So, I need you to make your own choice!"

Invincible Taigu and Shangguan feixing were both shocked when they heard about the Thunder elixir and the mysterious Ascension stage. They looked at Lin Yi in disbelief. Lin Yi didn't look like he was joking at all. So, it was true?

Xuansheng stage?

The two of them didn't care about the probability or injury at all. Right now, the only words in their ears and minds were the mysterious Ascension stage, and the Thunder mystical pill was the only thing in their eyes.

"Grand-martial aunt Lin, this disciple is willing to consume the Thunder profound pill!" Shangguan feixing chose to level up without hesitation.

What a joke! This was a once-in-a-lifetime opportunity. If he did not grasp it when it was right in front of him, he, Shangguan feixing, would have lived all his years in vain!

Invincible primordial immediately made the same choice. If he had not been too excited, he would have spoken before Shangguan feixing, but Shangguan feixing beat him to it.

Lin Yi wasn't surprised by their choices at all. They weren't as crazy about strength as Yu Yi, but it was clear that these two were the top masters in the ancient martial world. Their pursuit of becoming stronger would never stop.

"In that case, each of you can take one. Elder feixing will take it first. After elder feixing successfully advances, elder bubai will take the Thunder mystical pill, so as to avoid any unnecessary trouble when the two of them try to break through at the same time." Lin Yi nodded and gave the two Thunder mystical pills to the two.

Shangguan feixing received it respectfully with both hands. This was a treasure that would determine whether he could enter the mysterious Ascension stage or not. As he held it in his hands, Shangguan feixing, who was at the peak of the nascent Soul Stage, actually felt a little nervous. The unbeatable immemorial God was obviously not much worse off. People like Bing Wuqing, who had just advanced to the peak of the nascent Soul Stage, would never understand their feelings of being stuck for hundreds of years without any progress.

"Grand-martial aunt Lin, please just call me Flying Star. What elder? it's such a waste of my reputation!" Shangguan feixing took a deep breath, remembering how Lin Yi had addressed him.

"That's right. Master Lin, you can just call me bubai in the future. Don't ever mention anything about elder!" Invincible Archaean was very upset and felt that he had failed too much today. He could only repeat what he said behind Shangguan feixing every time.

Lin Yi didn't mind-strength was the most important thing to practitioners, and Lin Yi's strength was more than enough to be their senior or grand uncle-master,"Alright, that's not important. Feixing, take the Thunder elixir first and then prepare to face the Thunder tribulation!"

"Senior granduncle, where did this lightning tribulation come from?" Shangguan feixing obediently took the Thunder elixir, then looked up at the cloudless sky and asked with a little doubt.

Because he came here on an aerial spirit beast, it was quite far from Lin town. The news of Yu Yi breaking through to the xuansheng stage wouldn't have spread to Lin town at all. Lin Yi chose this place to keep it a secret.

"Don't worry, if I say there will be a lightning tribulation, there will definitely be a lightning tribulation!" Lin Yi didn't bother explaining-they'd find out soon enough anyway.

Lin Yi waited until the medicine was about to take effect before he said, "Get ready!" After that, he used his divine sense to activate the martial technique, triggering the lightning tribulation!

The lightning tribulation triggered by Lin Yi, of course, couldn't be compared to the real one, but Shangguan feixing and the invincible ancient, who had never seen a lightning tribulation before, were both shocked. Shangguan feixing, who was undergoing a lightning tribulation, didn't have the time to observe and feel it, but he started trying his best to break through to the xuansheng stage after the shock.

Invincible Taigu, on the other hand, was deeply impressed by Lin Yi's strength. He could summon the power of heaven and earth by himself-this was no longer a martial skill, but a legendary god-like ability!

Unbeatable Taigu suddenly felt that he was really lucky to be able to meet someone like Lin Yi, who was destined to be extraordinary. Originally, he was just cooperating with Lin Yi to repay him, but after seeing Lin Yi's strength, it all turned into respect and respect.

After a short while, Shangguan feixing successfully broke through to the mysterious Ascension stage and easily stabilized his strength. After all, he was a veteran of the great circle of the original level for so many years. He was much more powerful than Yu Yi, who was quickly promoted by the center. Up until now, Yu Yi's aura was still a little unstable, which showed the gap between the accumulation of the two.

"Thank you, martial granduncle, for your help!" After Shangguan feixing felt the indescribable power in his body, he immediately came over and bowed with his hands cupped in front of his chest.

Shangguan feixing wasn't Yu Yi. He wouldn't let the huge increase in strength get to his head just because he entered the xuansheng stage. On the contrary, Lin Yi, who could easily raise him up, made his strength more and more unfathomable in Shangguan feixing's heart. So after becoming a xuansheng stage cultivator, Shangguan feixing was even more respectful to Lin Yi.

"This is also because your strength has reached the required level. I'm only providing you with an opportunity. If you can't do it yourself, I can't do anything about it." Lin Yi waved his hand with a smile, not at all proud of himself in front of Shangguan feixing.

Everyone knew what the situation was like and knew what to do without saying it, so they didn't need to say anything.

Shangguan feixing didn't say anything else. As the saying went, "you can't thank a great person with words." Lin Yi's kindness to him wasn't something that could be offset with a simple "thank you." In any case, he was determined to follow Lin Yi from now on and be at his beck and call.

Shangguan Qingyun was already at the great circle of the original level. After a period of accumulation, he might have the opportunity to ascend to the mysterious Ascension stage. The Shangguan family's glory was actually about to appear inadvertently!
