Chapter 5621 Four Great Challenges

Lin Yi turned around and gestured to invincible Taigu to take the pill. Invincible Taigu nodded and took a deep breath before swallowing the Thunder elixir. Shangguan feixing stepped aside quietly, protecting Lin Yi and invincible Taigu.

It was Shangguan feixing's turn to exclaim when Lin Yi used the skill again. He'd just experienced it, but it was still unbelievable. Even if he was in the early stage of the mysterious Ascension realm, he still felt very dangerous facing this kind of lightning, because he didn't have the Thunder elixir to absorb the power.

Invincible immemorial completed his advancement very quickly in the Thunder tribulation. He was more experienced than Shangguan feixing in the great circle of the original level, so his Foundation was naturally more profound. From the perspective of his aura that had stabilized, he was also stronger than Shangguan feixing.

Lin Yi didn't ask them how many spirit roots they fused. This was their privacy, and he knew that they would tell him if he asked, but that obviously wasn't a reason.

Secondly, Lin Yi was using the Sky Class island's leveling method, but he wasn't sure if it would be the same after he leveled up. After all, the ancient martial world mainly relied on spirit sense to level up, so it wasn't convenient for him to ask too much. He could just ask Yu Yi later.

"Master Lin, I, invincible primordial, am not very good with words. Let's not talk about anything else. If you need my help in the future, just let me know!" Invincible Taigu's joy was at its peak as well, and Lin Yi changed the topic after a few words of congratulations.

When he returned to Queluo mountain, he would immediately need the two of them ...

"Martial granduncle, it's about time for the challenge of the big four to begin, right? This time, I'll go with you. If the Qiankun sect and the five elements sect don't know what's good for them, we'll just kick them away and play by ourselves!" Shangguan Feixing had gone into seclusion to study the completed mental cultivation methods, but Shangguan Qingyun had probably been reporting to him about the immemorial meeting, so he was no stranger to him.

Now that he was in the early stages of the mysterious Ascension realm, Shangguan Feixing wasn't in a hurry to study the arts. If the Qingyun school wanted to become the leader of the big four, as a grand-disciple, he had to go and support his grand-uncle Lin Yi.

"Ha ... We'll see how it goes. I don't think they'll do anything out of line." Lin Yi smiled faintly. The big four's fate was pretty much sealed. After being able to use spirit sense to activate martial skills, who could be Lin Yi's match in the ancient martial world?

The three mysterious Ascension stage cultivators combined wouldn't even be able to take one move from Lin Yi. If he really wanted to overturn the Qiankun sect and the five elements sect, it would be as easy as flipping his hand.

The only problem was Central. He didn't know how far Central's experiment was going. Logically, it shouldn't be successful so quickly. The most worrying thing was that they had already done research before and now only needed to add the blue flood Dragon's gene to complete it.

The three of them got on their flying spirit beasts and quickly flew to Ruins Town. It was almost time, and Lin Yi had already decided to finish the four challenges as soon as possible.

After returning to Huang town, the four big and ten small sects were all gathered together, preparing for the Final Four great challenges. Since Lin Yi hadn't appeared yet, the people from the Qingyun sect naturally wouldn't come out to challenge him. As for the Qiankun sect and the five elements sect, they didn't rush him either. Everyone waited in tacit understanding.

Before Lin Yi went over, he said to invincible, "Don't lose. For the four major challenges, our Qingyun school will challenge the Qiankun school, and then your thousand blade sect will challenge another of the four major sects. Although the thousand blade sect was originally ranked second among the ten small sects, because they did not meet the necessary conditions of having three original infant stage cultivators, they could not challenge them even if they had the right to. Now that you are already at the xuansheng stage, it doesn't matter anymore."

"I understand!" Invincible Taigu nodded in agreement. In terms of challenges, the one he wanted to challenge the most was the Qiankun sect. After all, the enmity between the two sects was too deep. In addition, invincible Taigu had just been crippled by the Qiankun sect. If it weren't for Lin Yi, he might not even be able to get out of bed right now, let alone an early stage xuansheng.

However, since Lin Yi had said that Qingyun sect was challenging Qiankun sect, it meant that this was part of his plan. Even if the thousand blades sect was first, he would still have to leave Qiankun sect to Lin Yi.

Lin Yi nodded and didn't say anything else. Among the big four, house Shangguan was one he couldn't challenge. Lin Yi didn't need to remind him about this, since Shangguan feixing was right next to him. Even if invincible primordial was crazy enough to challenge House Shangguan, he might not be able to win against Shangguan feixing for sure. Lin Yi wouldn't allow that to happen.

Without a doubt, the five elements sect, which Lin Yi had some conflict with, was the best target. Lin Yi didn't say it out loud, but that was basically his plan. The heaven opening sect didn't have a stand, so Lin Yi didn't have any intentions of targeting them.

If the snow sword sect could gather three nascent soul cultivators, they could continue to challenge the heaven opening sect. Unfortunately, Yu Taicang was now Yu Yi, and Xue Jianfeng had betrayed the snow sword sect and joined central. The remaining Bing Wuqing didn't have the right to challenge the big four. Unless Lin Yi turned Bing Wuqing into a xuansheng master, she would lose without a doubt.

After a few words, the three arrived at the platform. Shangguan Qingyun saw that his father was here as well and quickly came over to greet Lin Yi before bringing Shangguan feixing up to the platform. After all, this seat had been Shangguan feixing's in the first place, and Shangguan Qingyun had the right to come up, but he was still ranked behind him.

"The Shangguan family has two outstanding disciples, two of them are at the peak of the original level. I'm afraid they will rise up a few ranks after this challenge."

"Why didn't you just say that the Shangguan family will become one of the four greats? how many positions do you want to promote? there are only three positions left, okay?"

"Shush, don't talk anymore. Lin Yi and unbeatable Taigu are here, the four great challenges are about to start!"

"Which sect do you think the green cloud School will challenge? It can't be the Shangguan family, the sect that I'm relying on, right?"

"Do you think the green cloud School is as stupid as you? I think most of them are here to challenge the heaven opening sect ..."

"I think it's more likely to challenge the five-elements sect. The green cloud sect and the five-elements sect had a conflict before ..."

With Lin Yi's appearance, more and more people started whispering amongst themselves. There were all sorts of things to say, but no one told the truth ...

The four great challenges were about to begin, and Lin Yi called out to the elder, "We can start the four great challenges now!"

Chapter 5622 Then I'll Wait For Your Auspicious Time

The elder glanced at Lin Yi and said, "It's not time yet, why are you so anxious?"

"When is the time?" Xin Yijie asked, clearly displeased.

"I'll tell you when the time comes. Do you think you're already one of the big four? You even want to meddle in this?" The first elder of Pi town still shot Xin Yijie a sarcastic comment. If it wasn't for Xin Yijie's good temper, he would have already fallen out with him.

Qi Dani saw that the expressions of the people from Qingyun school were not good, and immediately yawned. "Everyone from Qingyun school, there's no need to be so anxious. We've already waited for an entire day. We don't need much more time. Today is an important day. We're likely to witness the birth of a new great four, so it's only right to wait for an auspicious time before we start!"

In fact, this was one of the methods that the Daoist master dujie, MA Zaidan and Qi Dani had discussed later, which was to delay as much time as possible so that the Daoist master Dunan could come here. Originally, the Daoist master Dunan should have arrived a long time ago, but he had been delayed to this time at the critical moment of his closed-door cultivation. From his reply, it seemed that his cultivation base had made another step forward. Although he still couldn't break through to the xuansheng stage, he could be regarded as a half-step xuansheng, which was more than twice as powerful as an ordinary cultivator of the great circle of the Yuanying stage.

Once the immortal Dunan, who was originally the number one Yuanying stage cultivator, arrived, the Qiankun sect would be as stable as Mount Tai. It was unknown what kind of agreement Qi Dani had reached with the two sects that made him give up his neutral position and speak up for the Qiankun sect with all his might.

Lin Yi looked at Qi Dani indifferently and nodded, ""Good! I wonder how long it'll be before the auspicious time?"

Qi Dani and the Daoist master dujie looked at each other, knowing that they could not pass the time without a clear time. They could only smile and say, ""In another hour, it will be the best time today!"

"Then we'll wait for an hour!" Lin Yi didn't waste any time. He was going to solve this problem today anyway, so it didn't matter if he waited for an hour more. Yu Yi could continue to stabilize his strength.

Thinking of Yu Yi, Lin Yi used his spirit sense to find his position. He was sitting in the last row of the Qingyun sect's Square formation, cultivating quietly, which made Lin Yi very satisfied.

In fact, Yu Yi was very excited at this moment. He was still praying that all the people from Qingyun school would fail, and it would be best if they all died. Then, Lin Yi would have no choice but to send him

to turn the tide and let the whole ancient martial world see that he, Yu Yi, was the legendary master of the xuansheng stage, a God who stood in the sky and looked down on the world, an existence that ants like them needed to look up to and worship ...

If Lin Yi could read Yu Yi's mind, he would probably give him a tight slap to wake him up and stop dreaming. He was already so old, and this wasn't good!

An hour passed by in a flash, but Daoist master du Nan didn't arrive in time. Xin Yijie stood up and sneered at the great elder of Ying Zhen, ""The auspicious time is here, are there any other tricks? If you don't have it, then hurry up and start. Everyone's busy, and it's not a good idea to waste time like this!"

The great elder of Ying town had no choice. He sneaked a glance at the Daoist master dujie, but didn't get any hint. He could only nod and say, ""Let's start the challenge against the big four now. Let me explain the rules first!"

At this point, the great elder of Ying town pretended to clear his throat, before continuing in a slow tone, ""Of the four great challenges this time, only the green cloud School is qualified. So, people of the green cloud School, please pay attention. The rules of the challenge are very simple, after the sect you want to challenge is specified, both sides will send their strongest person to fight alone. There will be a total of three rounds, two wins out of three rounds. One person can challenge three rounds, or three people can each fight. The loser can continue to fight as long as they want, there is no limit to their strength level. If you want, you can also send a Foundation Stage master!"

Speaking of the foundation establishment stage, the great elder of Ying town glanced at Ling Tianyou of the thousand blade sect as if he was pointing at something. He was obviously mocking the fact that the thousand blade sect only had two people.

"Another special reminder, if you want to become one of the big four, you must first meet the conditions of having three Yuanying stage Masters. Among them, there must be one at the great circle of Yuanying stage. If you don't meet the conditions, then don't even dream of challenging the big four!" The great elder of Ying town almost mentioned the thousand blades sect directly.

In the eyes of the great elder of Ying town, there were only two people in the thousand blade sect. Even if the green cloud School succeeded, the thousand blade sect could not change the fact that they could only become one of the ten small sects. They could not threaten the Qiankun school in any way.

Since the thousand blades sect couldn't advance any further, they couldn't afford to offend Lin Yi. It was a good idea to take it out on the thousand blades sect. If it wasn't for Lin Yi's unknown strength, the three sects would even want to remove Lin Yi from the Qingyun sect's nascent soul list. This way, they wouldn't even have to fight.

Ling Tianyou, on the other hand, was very calm. He didn't care about the provocation of elder Li Zhen at all. Although he didn't know about the undefeatable Supreme ancient breaking through to the mysterious Ascension stage, the undefeatable Supreme ancient who came back with Lin Yi gave him a completely unfamiliar feeling. It was as if he would have a shiver coming from the bottom of his heart whenever he was next to the undefeatable Supreme ancient. It was obvious that this wasn't a bad thing!

"Are you done? Let's start after you're done!" Xin Yijie impatiently interrupted Grand Elder Lin Zhen's long-winded speech. He pointed at the Daoist master dujie and said, "Our Qingyun school wants to challenge the Qiankun school!"

The crowd was in an uproar. Most people guessed that Qingyun school would choose Qitian school as their opponent. After all, on the surface, Qitian school was the weakest.

There were also many people who thought that green cloud sect would challenge five elements sect, but basically no one thought that green cloud sect's opponent would be Qiankun sect. After all, Qiankun sect had always been the leader of the four greats, and their might was still lingering after the Tiger's death. Moreover, this Tiger was not dead at all. The most powerful immortal du Nan was still standing behind Qiankun sect like a mountain. With the presence of immortal du Nan, whoever wanted to challenge Qiankun sect would have to think twice. The number one Yuanying stage expert was not self-proclaimed, it was widely acknowledged by the small Jianghu of primitive times!

Venerable dujie's face turned ashen. Even though he had already expected this, he still felt embarrassed to be challenged by Xin Yijie.

How many years had it been? As the Overlord of the small Jianghu in the immemorial age, how many years had it been since the Qiankun sect had encountered such a situation? In an instant, the Daoist master dujie felt the blood in his chest burning. He suddenly stood up and took a step forward, ""Good! The Qiankun sect accepts the challenge!"

Chapter 5623 You're Not Human!

It couldn't be helped, the rules were set by them. Even if they didn't want to, the sect that was named to challenge must come out to accept the challenge, unless they voluntarily admitted defeat. It was obviously impossible for a Daoist master of tribulation passing to admit defeat!

"Since that's the case, the participants for the first round, please come up the stage!" The head elder of Pi town was furious as well. As a member of the Qiankun sect, he looked at Lin Yi and the others with hatred. It was rare for him to be able to continue hosting.

Lin Yi was about to step up. Since the spirit sense could activate martial skills, Lin Yi could easily take care of anyone from the sect without using spirit sense attacks. If he went up, he would probably need less than a minute to finish two fights, as long as the elder didn't waste time.

"Wait!" Daoist dujie saw that Lin Yi was about to go up the stage and immediately shouted, "Lin Yi, you can't go up there!"

"What do you mean?" Lin Yi raised a brow.

Daoist master dujie flew onto the stage and said righteously, ""The rules state that the strongest 'people' from the two sects will fight. Are you a human? You're a primordial spirit!"

This was the second plan the three came up with-if they couldn't stall for time, they'd find an excuse to stop Lin Yi from fighting. The most unpredictable person in the Qingyun sect was Lin Yi, and as long as they excluded him, the others weren't a problem.

"That's right, Lin Yi, you're not human at all! Even if you go up, the result doesn't count!" MA Zaidan laughed.

He was blatantly pointing at Lin Yi and calling him a bastard! MA Zaidan felt so good, there was no need to mention it!

Shangguan Qingyun immediately retorted, "what nonsense!" For us cultivators, the primordial spirit is the source. It's ridiculous to say that the primordial spirit is not considered a human! You're throwing away all the face of the big four by saying this!"

The audience below the stage were also discussing animatedly. Most of them agreed with Shangguan Qingyun. What primordial spirit wasn't a human? who didn't have a primordial spirit? Then wouldn't everyone be inhuman?

For the people in the small Jianghu of the immemorial era, the primordial spirit was the source of their origin, and the physical body was just their skin. Therefore, the words of the Daoist master dujie were absolutely disgusting to most people.

Qi Dani looked at them with an unfathomable expression, then smiled and said, ""Let's cut it out, everyone. In fact, there are no specific rules on whether primordial spirits can participate in the competition. We've learned our lesson this time and can change it in the future. As for today's competition, elder Lin, I think you shouldn't take part in it. Qingyun school is full of talents anyway, you should at least give the younger generation a chance to gain experience!"

At first, it seemed like a fair decision, but towards the end, it was completely leaning towards the Qiankun sect. Lin Yi looked at Qi da and knew that the Qi Tian sect was under pressure, and it seemed like they had decided to join the alliance between the Qiankun sect and the five elements sect. Fortunately, they weren't so shameless as to not count Lin Yi as one of the Qingyun sect's nascent soul masters, or they would have directly disqualified Qingyun sect from the challenge!

They probably didn't dare to go that far, or Lin Yi would just turn on them and they might not be able to handle Lin Yi's anger. It was better to use these little tricks to force Lin Yi out of the arena.

Since that was the case, Lin Yi had nothing to say. If the thousand blades sect chose to challenge the Qi Tian sect instead of the five elements sect, then they deserved it. Saying that they couldn't become one of the big four without three original infant stage cultivators was a joke! Invincible ancient had advanced to Xuan Sheng, and he alone was enough to fight against eight to ten nascent soul cultivators. If they really fought, eight to ten nascent soul cultivators would be killed by invincible ancient in seconds. Who dared to say that the thousand blades sect was not qualified?

"Alright, since elder Qi has said so, I, as the Grand uncle-master, should indeed give the junior Disciples some opportunities to perform!" Lin Yi shrugged nonchalantly and smiled faintly. In fact, if Lin Yi really wanted to go up, they wouldn't be able to stop him, but Lin Yi had a new idea, so he agreed.

He turned around and said to Xin Yijie, "Yi Jie, you'll be the first one to experience the strength of the Qiankun sect. Be careful, they're the number one sect in the ancient times. They're very powerful!"

Xin Yijie didn't expect to have the chance to fight. He hadn't had a real fight since he'd reached the peak nascent Soul Stage. He nodded excitedly. "No problem, martial granduncle, just watch this disciple's performance!"

In the ranking competition of the top ten, Xin Yijie didn't even get a single chance to fight. All of it was taken by his disciple Jin Weifeng. Now that he finally had a chance to fight, he had to perform well!

After he went up the stage, Xin Yijie pointed his sheathed sword at Qiankun sect and said, ""Xin Yijie from the Qingyun school has come to challenge you. Who from the Qiankun school will step out?"

The Daoist master dujie was secretly resentful. Originally, the Qiankun sect had many experts. However, more than half of them had fallen during the immemorial meeting. Now, before the arrival of the Daoist master Dunan, who else could be present besides him?

"Since sect leader Xin is going down personally, it's naturally my turn to accept the challenge!" Venerable dujie coldly snorted and walked toward Xin Yijie step by step. At this time, his aura was raised to the extreme and his half-step peak Yuanying stage aura was fully revealed.

"Good! I'd like to see the methods of a Daoist master of tribulation passing!" Xin Yijie laughed out loud as he sheathed his sword and slammed it against the ground. His aura exploded out without any restraint!

Peak nascent soul realm!

Although there were already such rumors, and that only one at the peak of the original level was qualified to challenge the four greats, this was the first time Xin Yijie had displayed his full strength in front of others, and it still caused a wave of exclamations.

On the surface, Xin Yijie already had the upper hand. After all, Daoist master dujie was only a half-step peak nascent soul realm cultivator, and was still far from a true peak nascent soul realm cultivator.

"Peak nascent soul? He's quite strong!" The Daoist master dujie didn't seem to care at all. After sneering, he still maintained his own pace and walked towards Xin Yijie step by step. Every step was exactly the same as if he had measured it with a ruler.

To tell the truth, Daoist Masters of tribulation passing really didn't fear Xin Yijie. No matter how strong Xin Yijie was now, it couldn't change the fact that he had only been an early golden core cultivator a year ago!

With such rapid progress, even peak nascent soul cultivators wouldn't have a stable Foundation. Even if a Daoist dujie was a bit lower in level than Xin Yijie, he was still confident that he could defeat Xin Yijie!

Xin Yijie didn't continue speaking. Instead, he focused on the Daoist master dujie's steps. As each step moved, there seemed to be some wonderful changes occurring. Unfortunately, Xin Yijie couldn't determine what was happening at the moment, so he didn't make a move in time.

Chapter 5624 Losing

Lin Yi didn't have the Qiankun sect's practitioner's Arts or Arts, and so he couldn't give the Qingyun sect people any specific pointers. After Xin Yijie went up, he could only rely on his own experience and vision, but Xin Yijie's improvement was too fast-he was infinitely close to zero battle experience at his current level.

When the venerable dujie was only ten steps away from Xin Yijie, the invisible pressure made him feel like he couldn't wait any longer. He immediately let out a clear cry and flicked his right wrist. His longsword shot out of its scabbard like a bolt of lightning, and the scabbard was shot out by Xin Yijie's skillful technique, directly towards the venerable dujie.

The venerable dujie's expression did not change at all. He still took a step forward at the same pace as before.

One step of heaven and earth!

The scabbard was inserted into the ground with a sharp whistle. This was supposed to be the place where the venerable dujie had been standing, but now there was no one there. The venerable dujie took a step forward, but it was as if he had added all the distance he had walked before to it. When he landed again, he was already behind Xin Yijie. He turned around and aimed a palm at the vital point on Xin Yijie's back.

Xin Yijie didn't have much battle experience at this level, but he wasn't a greenhorn who had never fought before. As soon as he realized that his scabbard had missed, he knew that something was wrong.

He had already spun his sword around him to defend himself. He didn't want to make any mistakes, but he wanted to avoid them!

Venerable dujie struck out with his palm, but it was as if he didn't see Xin Yijie's long sword and simply struck down. The strange thing was that Xin Yijie's impenetrable sword aura didn't slow down venerable dujie's light palm at all. It allowed the sword to penetrate the defense set up by the long sword and was almost about to hit Xin Yijie's heart.

A single step into the universe was so terrifying! This wasn't just a footwork anymore-it was a powerful martial arts technique that included follow-up attacks. Even Lin Yi, who was watching from the side, couldn't help but be moved.

At this critical moment, Xin Yijie didn't panic. Although he didn't see the venerable dujie behind him, his sharp spiritual sense had sensed the danger ahead of time. The long sword around his body suddenly shot into the sky, bringing Xin Yijie's body with it. The venerable dujie's palm was just a hair's breadth away from hitting Xin Yijie's vital points. It only grazed the outside of his waist, and the true Qi He spat out also missed by more than half.

Xin Yijie's brows furrowed as he hovered in the air. He'd already taken a beating in the first exchange. The blow to his waist wasn't a serious injury, but it was enough to affect his movements. He had to end the battle as soon as possible. Any delay would be detrimental to Xin Yijie.

Daoist master dujie was indeed not to be underestimated. Even if the strongest person in Qiankun sect was Daoist master Dunan, he, as the sect leader, had the capital to look down on the small Jianghu in the immemorial era.

Although the venerable dujie's attack had missed, his face was expressionless. He raised his head slowly and elegantly, but his eyes were locked on Xin Yijie's figure.

The "one step of heaven and earth" was still in effect. Venerable dujie gently stomped his foot and his figure flashed. Like a ghost, he appeared above venerable dujie and lightly sent out a palm strike. This time, his target was Xin Yijie's head!

Xin Yijie, who was in the air, was trying his best to turn his head to look for the trace of the venerable dujie. He had never expected that the venerable dujie had already appeared above him. At this time, he was still flying upwards, which was equivalent to sending his head to the palm of the venerable dujie.

"Be careful, master!" Jin Weifeng, who was watching the battle, couldn't help but exclaim. He knew he couldn't help. By the time Xin Yijie heard his warning and reacted, his head would have exploded like a watermelon smashed by a hammer.

Lin Yi squinted his eyes, but didn't have any intention of attacking. This level of attack wasn't something that Xin Yijie couldn't handle at all. What he lacked right now was actual combat experience, which was why he was falling into the trap of a Daoist dujie. In terms of true strength, Xin Yijie was still a little stronger.

Sure enough, although Xin Yijie couldn't see the Daoist master dujie, this meant that he was in great danger. Since he couldn't determine the position of the Daoist master dujie, he could only use his martial skills to avoid being in absolute danger.

Three appearances of the cloud Dragon!

This was a high-level wind and water martial technique of the Qingyun school, which Xin Yijie had only just mastered after reaching the nascent Soul Stage. Daoist master dujie's palm hit Xin Yijie's head, but it directly passed through his body without any force. It was like a Phantom!

"A shadow?" Venerable dujie's calm expression, which had been present since he'd used the world's first step, revealed a hint of surprise for the first time. He hadn't expected that Xin Yijie would still be able to escape from danger with the help of a martial technique in this life-and-death situation.

However, Daoist priest dujie's eyes instantly shifted to another position and locked onto Xin Yijie's figure again. To a certain extent, the Qiankun sect's "one step of heaven and earth" was similar to the six Harmonies sect's "Six Harmonies sect of heaven and earth" in some ways, but the "one step of heaven and earth" was obviously more powerful.

After discovering Xin Yijie, venerable dujie's figure flashed and disappeared. He completely ignored the fact that he couldn't borrow force in the air and appeared behind Xin Yijie again in the blink of an eye, striking the back of his head with his palm.

Xin Yijie didn't seem to have any reaction this time. He didn't move at all. However, a long sword suddenly thrust down from above venerable dujie. The Zhen Qi on the tip of the sword fluctuated and almost touched the Baihui point on the top of venerable dujie's head.

The crowd below the stage exclaimed. Although most of them could not see the specific details of those few moments, the occasional thrilling scene was exciting enough.

Without a doubt, the venerable dujie's palm once again pierced through Xin Yijie's illusory figure. The three cloud Dragons were obviously not just one illusory figure.

How could a Daoist master of tribulation transcendence, who was filled with killing intent at every step, be so easily defeated? No one would believe this kind of reversal, and no one had the time to consider this possibility, because the next change happened almost at the same time!

Xin Yijie's sure-kill sword attack had indeed pierced through the head of this Daoist master dujie. However, Xin Yijie didn't feel any resistance at all. The Daoist master dujie that his sword had pierced through was also just an illusion!

"How is that possible?" Xin Yijie was shocked. At this moment, the disadvantage of his lack of experience was revealed. By relying on the special mental cultivation method of the three appearances of Cloud Dragon, Xin Yijie was able to continuously move in the air and leave behind an illusory image that could pass off as real. However, the fact that the Daoist dujie was able to move in the air once was already surprising to Xin Yijie. In the end, he was actually able to do the same as his three appearances of Cloud Dragon and move continuously while leaving behind an illusory image!

Chapter 5625 Crossing Disaster

This attack was his final killing move. Xin Yijie had used up all his tricks, and he could no longer control his body. He could only fall, his heart in a state of panic that made him lose his cool. In a battle of this level, losing his cool was the same as losing!

Daoist master dujie once again appeared on Xin Yijie's left and right. However, the distance between the two of them was a bit awkward. If he wanted to continue attacking Xin Yijie with his palm, it would seem that his hand was too short.

After continuously moving in the air, Daoist master dujie was also like an arrow at the end of its flight. He also couldn't control his trajectory in the air and could only try his best to move his body and use an extremely ordinary whip-like kick to attack Xin Yijie.

It was impossible to kill or even seriously injure Xin Yijie with such an attack. Daoist priest dujie only felt that since he had nothing to do, it was better to kick him than to do nothing.

Unexpectedly, the distance between the two of them was just enough for venerable dujie's whip-like leg to barely reach Xin Yijie. However, because the downward force of his kick wasn't completely solid, the tip of his foot merely brushed past Xin Yijie's body, causing him to lose control of his body and spin in a different direction, flying out of the ring ...

To be honest, even Daoist master dujie himself didn't expect this result. He had thought that after landing, he would take advantage of the situation and kill Xin Yijie. However, now that he thought about it, it didn't seem too bad. He could still accept the fact that he could win the battle so easily!

As long as they won the next round, Qiankun sect would be the winner of this challenge and the ten Little ones 'right to challenge would end here. It wouldn't be a big problem if Daoist master Dunan couldn't make it in time.

"The first match between Qingyun school and Qiankun school, Qiankun school's Daoist priest dujie wins!" The great elder of Ying town, who had always had a poker face, was now smiling like a blossoming peach blossom, and announced loudly with a proud tone.

His expression was filled with disdain towards everyone. Look at this, look at this. This is the strength of the number one sect in the Supreme ancient Immortal Realms, the Qiankun sect. The strongest one doesn't even need to appear and he's already able to take care of all of you. Come on, let me see who else is here. Who else was there?

The onlookers below the stage reacted and were in an uproar, but they looked somewhat dissatisfied.

"It's over? Sand got into my eyes, and it's gone after I blinked?"

"The battle at the start was so exciting, how could the ending be so weak? Continue fighting!"

"What was that thing that you kicked? It was too ugly! It doesn't count!"

"Sect leader Xin, don't be discouraged, keep going! We'll definitely win this time!"

.....

The face of the venerable dujie! Who had just won a round, turned black! He was no longer as calm as before. Out of ten people, seven of them supported Xin Yijie, and the other three were just watching the show. None of them said that he, the venerable dujie! Had fought well! Are you all F * cking blind!

Xin Yijie walked to Lin Yi's side, his face full of shame. "Martial granduncle, this disciple has let you down! This time, I was too careless. Please give me another chance. This time, I must defeat the Daoist master dujie even if I have to die!"

The rules of the challenge allowed those who failed to continue on the stage. Anyway, it was best of three. If you failed once, you would go up. If you failed a second time, it would be over. If you wanted to, no one would stop you.

That was why Xin Yijie said that. However, he was not confident that he could defeat venerable dujie at all. That was because Xin Yijie had not seen through venerable dujie's martial arts technique at all.

Lin Yi knew this as well, and so he patted Xin Yijie's shoulder. "You're just inexperienced, but you're no weaker than a Daoist master dujie. It's not impossible if you want to go up there and win back, but you have to tell me, why did you fail?"

Xin Yijie was instantly speechless. Wasn't failure due to a lack of experience? This is what you said, senior granduncle ...

"It seems that you really didn't understand it. The martial skill that Daoist master dujie used just now is very powerful and high-end. In the beginning, I thought it was just a wonderful footwork, but then I found out that this footwork has a continuous attack method, which is the palm strike that Daoist master dujie has been using. It's not that he can't use other martial skills, but the use of other martial skills will destroy the integrity of this move." In order to let Xin Yijie learn from this experience, Lin Yi went to great lengths to tell him everything he saw.

After a slight pause, Lin Yi's face turned serious, "If that's all, the technique of venerable dujie is not too difficult to deal with. You can counter it with the three appearances of Cloud Dragon. But in the end, I found that the most terrible thing about venerable dujie is that he can instantly copy the opponent's martial arts techniques within the range of his martial arts techniques. Although I guess it's only a temporary copy and not a permanent one, it's enough for him to gain a huge advantage in the battle!"

Xin Yijie raised his head and looked at Lin Yi in shock. "Martial granduncle, you're saying that Daoist master dujie actually copied my three appearances of Cloud Dragon and then defeated me with my own moves?"

How absurd was this? however, when Xin Yijie thought about it carefully, he realized that he had already completely believed it. Wasn't the last bit of displacement and the illusionary figure of the venerable dujie his three appearances of cloud and Dragon?

After Xin Yijie thought it through, he was deeply shocked by the enlightened dujie's one step of heaven and earth. With such a powerful martial technique, it wasn't without reason that the Qiankun sect could stand at the top of the small Jianghu in the immemorial era.

But what shocked Xin Yijie even more was that Lin Yi was able to analyze every single detail of Daoist dujie's one step of heaven and earth just by looking at it for a short while. He even went through every single detail without a single flaw. Just how many intense battles did he have to go through to have this kind of battle experience and vision?

Although Lin Yi had a lot of combat experience, he was able to analyze the Daoist dujie's one step to heaven so accurately because he was used to copying other people's martial arts!

Without this insight, even if one had the five elements and eight attributes and the omnipotent true Qi, it would still be impossible to achieve this. Just this alone was not something Xin Yijie could compare to.

As the two of them were talking, an aerial spirit beast flew over from the distance like a bolt of lightning. It brought with it a gust of wind as it landed on the high platform. In Ying town, only the families of the four big sects had the privilege of riding on an aerial spirit beast. Therefore, this person was undoubtedly a member of the four big sects!

Daoist master dujie saw the middle-aged man in a Daoist robe coming down from the flying spirit beast and greeted him with a big smile, "Senior brother du Nan, you've finally come! Junior Brother, I've been waiting for you for a long time!"

The discussion below the stage instantly stopped!

Chapter 5626 Just Casually Deal With It

Everyone looked at the seemingly ordinary middle-aged man in a Daoist robe. This was the number one nascent soul realm cultivator in the small Jianghu of the ancient times! Although he did not reveal his aura, there was still an invisible power that made him stand out from the rest.

"Tribulation transcendence? you can't even handle such a small matter?" Daoist master Dunan glanced at the green cloud school's side in an undetectable manner and then reproached Daoist master dujie with a slightly dissatisfied tone.

Daoist master dujie thought that if he hadn't played some tricks, he really wouldn't have been able to deal with it. However, he still smiled and said, "Since senior brother is here, there's naturally nothing we can't deal with. It's mainly because without you, senior brother du Nan, around, Junior brother's heart has never been at ease. "

Hearing the words of Daoist master dujie, the expression in Daoist master Dunan's eyes immediately became much gentler. It seemed that the relationship between the two of them was not bad.

However, when the surrounding audience saw that the awe-inspiring and unsmiling Daoist master dujie had completely changed into a different person, and was smiling so brilliantly, they couldn't quite wrap their heads around it for a while.

"Senior brother du Nan, Qingyun school really doesn't know what's good for them this year. They've come to challenge our Qiankun school. I've already won one challenge just now, and that's Xin Yijie, the current sect leader of Qingyun school. I'll be able to get rid of Qingyun school if I win one more." Daoist priest dujie looked at Xin Yijie with disdain, thinking that he could still beat Xin Yijie if he were to fight again.

Moreover, Daoist priest dujie wasn't going to let Xin Yijie off so easily this time. After all, he had challenged someone from the Qiankun sect, so he had to teach Xin Yijie a profound lesson.

"Why didn't you kill him?" Daoist master Dunan followed Daoist master dujie's line of sight and gave Xin Yijie a cold look. Those who dared to provoke the people of Qiankun sect had no need to live.

I also wanted to kill him, but I didn't manage to ... Daoist master dujie smiled embarrassedly and said, ""Don't worry, senior brother. The most powerful person in the green cloud School is Xin Yijie. He'll probably fight again in the next round. Although he's a peak nascent soul cultivator, he's not very strong. Just watch how I'm going to deal with him!"

Immortal du Nan waved his hand and said,"forget it. Since I'm already here, let me go and stretch my limbs. I'll also let everyone in the small Jianghu of the immemorial era know the consequences of challenging our Qiankun sect!"

The Daoist master dujie was overjoyed. He clapped his hands and laughed,"With senior brother du Nan taking action, Xin Yijie is dead for sure!"

With that, he turned to Lin Yi and Xin Yijie and laughed,"Xin Yijie, who's up for the second round? Don't tell me you're the one coming up? Hahaha, if it's really you, then I'd like to give you a piece of advice. Hurry up and leave your last words! This time, it's my senior brother, the number one expert in the immemorial era, who is at the half-step ascended realm. Don't forget to beg for mercy when the time comes. "

Lin Yi sneered and pressed his hand on Xin Yijie's shoulder, stopping him from going up to the stage. Fighting with venerable dujie could increase Xin Yijie's combat experience, but if he fought with venerable Dunan, it was just like what venerable Dunan said-Xin Yijie might be killed instantly without even having the time to react.

The difference between a half-step xuansheng and a normal peak nascent soul was like the difference between a peak nascent soul and a peak mid nascent soul. Lin Yi wouldn't let Xin Yijie take the risk knowing this.

"Hehe ... Half-step xuansheng, you really scared us to death!" Lin Yi looked at Daoist Dunan with a ridiculing look. Although the conversation between Daoist Dunan and Daoist dujie was soft, Lin Yi still heard every single word. Lin Yi's killing intent towards Daoist Dunan had really risen.

Just because of that one sentence from the immortal du Nan: "Why didn't you kill him?"

In the eyes of Daoist master du Nan, Xin Yijie was like an ant that could be crushed to death at any time. His life and death were not to be regretted at all! Since that was the case, Lin Yi had to let him know who the real ant was!

"Since you're all scared to death, just admit defeat and come over to kowtow and admit your mistakes. Then, our Qiankun sect can consider letting your Qingyun sect Live!" Daoist master dujie uncharacteristically said arrogantly. It seemed that it was because his biggest backer, Daoist master Dunan, had arrived?

Lin Yi didn't even bother with him. The enlightened dujie who used one step of heaven and earth made Lin Yi look at him in a new light, but the enlightened dujie now seemed to have a big drop in intelligence. If he really paid attention to him, it would be the same as dropping his own intelligence with him.

"Since the number one Yuanying stage cultivator has personally come out, then our Qingyun school can only find a random disciple to deal with it!" The mockery on Lin Yi's face was getting more and more obvious. He turned around and waved to Yu Yi, who was in the last row of Qingyun school, "Yu Yi, come here!"

Hahahaha, is it finally my turn? Lin Yi, you little B * stard, you still have to rely on me in the end! Hahahaha!

Yu Yi laughed madly in his heart. He felt that the time for him to rule the world had finally come, but he still put on a respectful face. He ran over immediately after hearing Lin Yi's call.

"Martial granduncle, do you have any orders for this disciple?" Because they were in front of people, Yu Yi followed Lin Yi's instructions and called Lin Yi grand uncle. Although it was a lot younger, Yu Yi felt that he didn't have to call him master or something. It was so cool!

"You're up for this match. Just deal with this number one Yuanying stage cultivator!" Lin Yi said casually and waved for Yu Yi to come up.

Yu Yi still bowed and cupped his fists, saying respectfully, ""Yes! Senior granduncle!"

Lin Yi's sharp senses noticed Yu Yi's twitching smile. He guessed that this guy must be thinking, "what bullshit half-step to xuansheng is this? why does he need uncle Yu to deal with him?" He could blow him away with a breath, drown him with a spit ... And so on ...

Lin Yi didn't give an accurate description of Yu Yi, but he did know him well ...

Daoist master du Nan was also slightly surprised when he saw Lin Yi sending out a disciple he had never heard of. What the hell was this? Are you looking down on me, the number one nascent soul cultivator in the ancient Jianghu?

"Hahaha, senior brother du Nan, green cloud School is really afraid. Seeing you enter the arena, none of them dare to come out. They can only send their weakest disciple to deal with you. If they die, they die. It's really ridiculous!" Daoist dujie thought he saw through the truth and laughed. Although Lin Yi said it was just for show, the meaning was obviously different.

After hearing this, the immortal du Nan deeply thought that it was true. After all, the rules of the challenge were that there was no restriction on the level. It was not a problem for the green cloud School to send a disciple of the Foundation Stage to die.

Chapter 5627 Don't You Die?

However, he, the immortal du Nan, was a dignified half-step xuansheng, the number one man in the small Jianghu of the immemorial era. It would be beneath his status to fight a weak chicken in the foundation establishment stage! If it wasn't for the fact that they had already agreed that he would take the stage, Daoist master du Nan would have turned around and come back.

This green cloud School saw that they couldn't win, so they deliberately came up with this to disgust people, right?

The fire in the heart of the immortal du Nan rose to the stage and stood still. He raised his head to look at the sky at 45 degrees and said coldly and arrogantly, "Nameless junior, it's your honor to die by my hands. I'll give you a chance to report your name and then quickly come over to die!"

Yu Yi was instantly furious. Who the hell are you? You want me to sign up? do you think you're Lin Yi, you bastard? It's my honor to die in your hands. I'll beat you to death and let you know what honor is!

He cursed in his heart out of habit, but his words weren't polite either. Daoist master du Nan wasn't Lin Yi, so Yu Yi didn't have any scruples, "Are you deaf, old man? Didn't you hear Lin Yi call you Yu Yi? Is it because I haven't beaten you up for too long that you're itching for a beating, you son of a turtle?"

Immortal du Nan was furious. As the number one Yuanying stage cultivator in the small Jianghu of the primitive times, no one had dared to scold him in such a vulgar way for many years. Even his sworn enemy, the invincible cultivator of the primitive times, would not do this. This disciple of the green cloud School who came out of nowhere was simply tired of living!

"You're looking for death!" With a low shout, Reverend du Nan appeared in front of Yu Yi in a flash and threw a slap at Yu Yi's face.

According to the calculation of Daoist master du Nan, this casual slap was enough to send the head of this silly disciple of Qingyun school flying. Such a violent and sure-kill strike could not only vent the anger in his chest, but also intimidate the people of other sects.

However, what Daoist master du Nan couldn't believe was that under his lightning-fast slap, that nameless person actually had the time to stretch his waist and then conveniently return the slap. He even struck later but reached first, and the slap landed on Daoist master du Nan's face with a crisp sound.

In an instant, the world in Daoist master du Nan's eyes rapidly reversed and rotated. He didn't even have time to react before he fell to the edge of the arena with a bang. After rolling a few times, he stopped at the edge of the arena. He didn't leave the arena like Xin Yijie did.

What kind of speed was this? What kind of strength was this? Even though the immortal du Nan kept spitting out blood foam from his mouth, he was still thinking about this question in his heart.

Although it was just a casual slap from Reverend du Nan, he was very confident that there were no more than six people in the entire small Jianghu in the immemorial era who could react to his slap and successfully defend themselves. There were also no more than two people who could defend themselves and counterattack!

However, Daoist master du Nan had never heard of someone who not only didn't defend but also had the time to stretch his back and then attack first!

A person he had never heard of had directly appeared in front of him. Daoist master du Nan was really unable to accept this reality!

Yu Yi waved his hand and said, ""Your skin is quite thick, old man, even my hand is a little painful! Hurry up and get up, I haven't played enough yet!"

Hahahaha, I'm definitely going to give you full marks for this act! What do you think, Lin Yi? Yu Yi couldn't help but look at Lin Yi and found that Lin Yi was looking at him with a faint smile. He shivered and thought that he shouldn't be too proud. It wouldn't be good if Lin Yi's little soul was on guard!

Therefore, Yu Yi gave Lin Yi a flattering smile and quickly turned around to run towards Daoist master du Nan. Yu Yi didn't use his full strength just now because he wanted to keep Daoist master du Nan alive so that he could continue to torture him. Who asked Daoist master du Nan to offend Yu Yi with his words just now? didn't he know that those words were only suitable for master Yu?

Unfortunately, this was the first time Yu Yi had used the strength of the xuansheng stage to attack. He didn't know how much true energy was appropriate. Plus, Reverend du Nan wasn't prepared at all. Just a simple slap had made him spit out blood continuously. He didn't even have the chance to take the great cyclic pellet and died before Yu Yi arrived!

"Damn, are you dead? Don't die!" Yu Yi felt that the aura of Reverend Dunan was rapidly dissipating. He immediately grabbed his collar and gave him a few slaps. With an anxious look on his face, he shouted, ""Are you made of paper? You're so weak, I haven't made you feel honored yet! Don't die!"

The Daoist master dujie on the side felt a chill all over his body. He really wanted to say, "even if my senior brother didn't die, he's definitely dead after being tormented by you." However, he didn't even have the strength to open his mouth, and could only stand there and shiver.

The number one man in the small Jianghu of the immemorial era, the strongest expert of the Qiankun sect, the head of the four sects, immortal du Nan, had been slapped to death by someone!

This had happened right before their eyes, but everyone felt that it was so unreal. Was it a dream? You must be dreaming!

Everyone was shocked and silent!

Therefore, Yu Yi's strange cry and the crisp slap on the face of Reverend du Nan became more and more clear. Finally, someone came back to his senses and shouted, ""The xuansheng stage!"

This roar seemed to have summoned everyone's soul back. In an instant, everyone burst out with their strongest sound waves, screaming, roaring, and shouting hysterically!

Xuansheng stage!

The legendary xuansheng stage! It was the legendary xuansheng stage, which had not appeared in the small world of the ancient times for thousands of years!

Daoist dujie's face turned pale as he trembled in the loud noise. He didn't expect that there would be another xuansheng stage Super Master in the Qingyun school other than the unfathomable Lin Yi!

Why would there be a cultivator at the xuansheng stage? Could it be that the seal of the xuansheng stage in the small ancient martial world had been broken?

"Enough!" Lin Yi said faintly. His voice wasn't loud, but it pierced through the loud noise and reached Yu Yi's ears clearly.

Yu Yi's body trembled. He just remembered that he was representing the Qingyun school now. This kind of action was equivalent to flogging the corpse. It was a bit of a taint on the Qingyun school's reputation. From Lin Yi's voice, he could feel that Lin Yi was a little unhappy.

It wasn't easy to be happy, but Lin Yi was in the way again. I'll trick you into leveling up and get out of your control, then I'll come back and pay you back for what I owe you today! Yu Yi thought to himself

viciously, but his body had already left Daoist master du Nan's corpse and appeared beside Lin Yi like lightning.

"Martial granduncle, disciple has completed the mission! I originally wanted to deal with it a few more times, but I didn't expect that the number one Yuanying stage cultivator to be no different from paper!" Yu Yi reported to Lin Yi with a big smile.

Everyone who saw this scene fell into madness again!

Chapter 5628 We Also Want To Challenge

It was fine if he didn't know about it before, but now even a fool could understand that Yu Yi was a true master of the xuansheng stage! Yet this xuansheng stage master was speaking to Lin Yi with such respect and even flattery, calling Lin Yi "grand-uncle"?!

In the world of practitioners, the strong were respected. Even if Lin Yi was really a grand uncle-master, when the younger generation's strength reached the same level, they would be the same generation. If Yu Yi continued to call Lin Yi grand uncle-master, it meant that Lin Yi was still stronger than Yu Yi!

But after thinking about it, this wasn't all that weird-Xin Yijie and the other peak nascent soul cultivators all called Lin Yi grand uncle-master as well. They didn't think about it before, thinking that it was just a title for Lin Yi, but now they realized that Lin Yi's strength had really surpassed the nascent Soul Stage!

Lin Yi hmphed."Stop talking nonsense. You'll go for the third round. Don't kill him so quickly this time, understand?"

Yu Yi was immediately excited. He patted his chest and said,""Don't worry, martial granduncle. I'll be very careful. I won't kill him so quickly. I'll definitely kill him a little longer!"

The Daoist master dujie had been paying attention to the situation here all this time. Now that a cultivator at the xuansheng stage had appeared, wouldn't he be courting death if he didn't pay attention? When he heard the conversation between Lin Yi and Yu Yi, he was completely dumbfounded. They still wanted to fight? How to fight? Was he going to be a sandbag and get beaten up?

One step of heaven and earth was indeed exquisite and mysterious, but when the gap in strength reached a certain level, no matter how exquisite the martial arts technique was, it was useless. It was just like how no matter how cool the appearance and performance of a supercar was, it would immediately fall apart and become a pile of scrap when it was hit head-on by an earth-square car.

Xin Yijie looked at venerable dujie with a smile and asked with squinted eyes, "Daoist tribulation Transcender, who's up for the third round? Don't tell me you're the one coming up? Hahaha, if it's really you, then I'd like to give you a piece of advice. Hurry up and leave your last words! Although the one who's going up this time is just an ordinary disciple of our sect, and not the number one expert of the immemorial age at the half-step profound Ascension realm, this seat is worried that you might not even have the chance to beg for mercy!"

What the f * ck? an ordinary disciple? what the f * ck? it's not a half-step xuansheng? of course, a xuansheng stage is not a half-step xuansheng stage. A xuansheng stage is an ordinary disciple? Who are you lying to?

Daoist dujie no longer had the energy to complain. He didn't even care about Xin Yijie copying his expression and tone. Right now, he only wanted to save his own life. After all, no one wanted to die so easily after reaching such a high level.

"Our Qiankun sect will not be fighting. Qiankun sect will admit defeat in the third round. Congratulations to Qingyun sect for becoming the new big Four!" Daoist master dujie squeezed out an ugly smile, cupped his hands, and said in an insincere manner.

There was no other way. Facing a cultivator at the xuansheng stage, the Daoist master dujie did not even dare to have the thought of resisting. If he admitted defeat, he might have a chance to make a comeback in the future. As the saying goes, "where there is life, there is hope!"

Yu Yi was immediately displeased. He pulled a long face and pointed at the Daoist master of tribulation passing and said, ""Hey, you, do you have any backbone? He could even admit defeat? Did the Qiankun sect have any shame? Hurry up and come up, let's fight for 300 rounds. I promise I won't beat you to death!"

The Daoist master dujie turned around and left. It was useless to say anything to a xuansheng stage cultivator like him. He couldn't beat him. If he said too much, he would directly come up and fight him, and then ... He couldn't beat him! What else was there to say?

Looking at Yu Yi, who was cursing on stage, the audience was dumbfounded. Was this the legendary xuansheng stage? Why did he feel like something in his heart had collapsed?

Lin Yi didn't know what to say. Yu Yi seemed to have become completely shameless after changing his face. His personality changed a little too much. Was he schizophrenic? Could it be that small one still had a remnant of his divine sense? But small one didn't seem to be like this either! This was a little like his master, patriarch xuanchen!

After calling Yu Yi back, Lin Yi turned to the stunned elder, ""The results are out. Can you announce it now?"

"Ah? Ah!" The elder looked at Lin Yi, dumbfounded. He only came back to his senses after responding subconsciously.

However, he was in a very awkward position now. The Qiankun sect was no longer one of the four greats, but one of the ten greats. As the great elder of Ying Zhen, who was the great elder of Qiankun sect?

Lin Yi frowned, understanding the situation the elder was in. He waved his hand casually, "You can continue hosting. You're already familiar with the process, so there's no need to add any more trouble!"

"Yes, this old man understands!" Lin town's head elder's back was covered in cold sweat. He didn't dare to say anything, thinking that he didn't offend Lin Yi and the Qingyun school too much, did he? Would he be held accountable?

"Qingyun school challenged Qiankun school. They won two out of three rounds. Qingyun school won and became one of the new big Four! Everyone, please give your congratulations!" The great elder of Ying town led the applause with a smile on his face, but he was crying in his heart. The Qingyun sect had risen to power by stepping on the corpses of the Qiankun sect! He even had to take the lead in applauding and congratulating them. There was no need to mention how aggrieved he was!

Lin Yi gestured for Xin Yijie to go up and express his gratitude. Xin Yijie knew that Lin Yi didn't want to show up, so he went up to thank him happily.

Xin Yijie felt like he was in a dream when he saw Qingyun school become one of the big four. A year ago, he was just a low-level early gold core substitute elder. Now, he had become one of the leaders of one of the big four families. What could be more unbelievable than this?

After a while, the great elder of Ying town continued, ""The new Great four have been created. Now, let's begin the ranking of the great four!"

"Wait a minute. Now that Qingyun school has taken over, our thousand blades sect should be able to continue challenging the big four, right?" Invincible primordial suddenly interrupted.

MA Zaidan was immediately anxious. Qingyun school had directly challenged Qiankun school. Now, it was almost certain that they could become the leader of the big four. What a joke! If a xuansheng stage cultivator wasn't the leader of the big four, who was?

Of course, this was not the main point. The main point was that if the thousand blade sect wanted to challenge the big four, who would become their target? Without a doubt, it was the five elements sect, the close ally of the universe sect!

In the past few days, the five-elements sect had worked with the Qiankun sect to deal with Qingyun sect and his companions. Now that the thousand blades sect had lost its old rival, the Qiankun sect, the only one left was the five-elements sect!

"Ai, ai, ai, this can't be right!" MA Zaidan hurriedly stood up and objected, "Invincible immemorial ... Fellow Daoist, don't you know that to become one of the four great sects, you need to have at least three nascent soul cultivators? Although you're at the peak of the nascent Soul Stage and have fulfilled one of the conditions, there are only two of you right now. Even if Ling Tianyou ... Fellow Daoist Ling Tianyou has also reached the nascent Soul Stage, it's still not enough!"

Chapter 5629 Who Told You I'm A Nascent Soul Cultivator?

The great elder of Ying town had been mocking the thousand blades sect, so he naturally didn't want the thousand blades sect to have a chance to challenge them. However, the thousand blades sect had a

close relationship with the green cloud School, and it wouldn't be wise to target the thousand blades sect now that the green cloud School had taken over.

Since the Qiankun sect had already gone down, what did the life and death of the five elements sect have to do with him? As a result, the great elder of Ying town simply looked down and pretended to be dead.

Grand Elder Li Zhen did not say anything, but Qi Dani stood up to support MA Zaidan and said, "Sect leader MA is right. There has never been a great four with only one nascent Soul Stage cultivator. Therefore, although the thousand blade sect is qualified to challenge the great four, they are not strong enough to become one of the great four. Don't you think so, great elder?"

Qi Dani said with a smile. In the end, he threw the topic to the great elder of Ying Zhen, who was playing dead. Since the Qiankun sect had already fallen, who would care about this great elder of Ying Zhen, who was from the Qiankun sect? It was more important to take advantage of the opportunity.

The great elder of Ying Zhen cursed Qi Darian for being so unreasonable, but he was the host of the archaic meeting after all, so he could only brace himself and continue, "Yes, that's what the rules say. But with the new people and the new atmosphere, whether we should continue to follow the rules of the big four is still open to discussion."

What he meant was, "you guys can fight among yourselves, don't drag me down with you!"

However, this question was no longer a problem. Invincible primordial laughed and said, "A peak nascent soul realm cultivator is indeed not qualified to be one of the four greats. But who told you that I'm a peak nascent soul realm cultivator?"

Everyone was taken aback as they looked at invincible primordial with puzzlement. Although they didn't say anything, they already had some bad guesses in their hearts.

Then, they realized that they could remove their conjectures and directly turn it into a bad feeling ...

Invincible primordial looked around arrogantly and revealed his aura. The powerful pressure made no one present dare to resist. Compared to Yu Yi's aura, it was even more powerful.

Yu Yi gritted his teeth, thinking that Lin Yi was a little B * stard. He had also reached the mysterious Ascension stage, and he was even stronger than him! I've just become the number one in the small Jianghu of the immemorial era, and now I'm the number two. How unlucky!

MA Zaidan was really dumbfounded. Were all xuansheng stage cultivators like cabbages that were grown in the fields? When the time came, he could pull one out with a casual pull?

When invincible immemorial was in the great circle of the nascent soul realm, MA Zaidan didn't think that the five elements sect would be invincible immemorial's opponent. After all, the challenge rules allowed experts like invincible immemorial to fight continuously, let alone now.

No! If this goes on, the five-elements sect is going to be destroyed. Although the heaven opening sect is a bit weaker, invincible ancient is already in the mysterious Ascension stage. There's no difference between the five-elements sect and the heaven opening sect. Because of Lin Yi, invincible ancient will definitely challenge us. I have to think of a way!

Cold sweat trickled down MA Zaidan's forehead as thoughts flashed through his mind. His expression also changed rapidly before he finally shouted, "The five elements sect has made an important decision. That is to become a sect under the green cloud sect and to learn the art of alchemy from Master Lin! Master Lin's alchemy skills are Simply earth-shattering. I, MA Zaidan, am going to become Master Lin's disciple today. Master Lin! Senior granduncle! Please accept my disciple, MA Zaidan!"

The Daoist master dujie's vision turned black. This bastard was too sneaky. He actually thought of such a shameless idea. He was even more shameless than that Yu Yi! Why did the Qiankun sect choose such a person as their ally? it was normal for them to fail.

Unbeatable Taigu was taken aback. He was planning to challenge the five elements sect, after all, it was the sect that was only second to the Qiankun sect. But after MA Zaidan's words, he was hesitating.

He turned to look at Lin Yi and saw that Lin Yi was also in a daze. Obviously, he didn't expect MA Zaidan to have such a god-like move.

"Martial granduncle! Although our five elements sect's alchemy skills are a little weak, we have the advantage in the number of alchemists. As long as we can get the guidance of our martial granduncle, our five elements sect's alchemy skills will definitely improve greatly, and we will be able to give our martial granduncle more time to cultivate! Grand uncle-master, please give me a chance!" MA Zaidan was going all out. If he couldn't convince Lin Yi, the five elements sect would be kicked out of the big four. As MA Zaidan spoke, he felt that what he said made sense.

This was a genius idea! To turn a crisis into an opportunity, in terms of intelligence, I, MA Zaidan, want to ask who else?

Lin Yi pinched his chin as he pondered. He couldn't deny that he was moved by MA Zaidan's last few words. Indeed, if the five elements sect could make elixirs, it would save Lin Yi a lot of trouble. Besides,

Lin Yi couldn't make elixirs himself in the ancient martial world, so there were many benefits to taking MA Zaidan in.

"Alright," Lin Yi nodded, "from today onwards, the five elements sect will be under us, the green cloud sect!"

As soon as these words came out, the crowd went into an uproar again. A sect from one of the big four had become the sect of another big Four. This kind of thing had never happened before, but now it was decided with just a few words? Wasn't that a little too rash?

Since Lin Yi had spoken, invincible ancient naturally couldn't continue challenging the five elements sect. He couldn't challenge the Shangguan family, so there was only the heaven opening sect left!

In order to prevent Qitian sect from suddenly saying that they wanted to join Lin Yi or Qingyun sect, invincible Taigu quickly pointed at Qi Danai, ""The thousand blades sect is challenging the heaven opening sect!"

"The thousand blades sect has decided to challenge the heaven opening sect. The rules will remain unchanged. The members of both sides, please come up the stage!" The great elder of Ying town immediately announced. He no longer cared about the rise and fall of the four great sects. After all, the Qiankun sect already had ten small sects, so it didn't matter who was going to be the next.

Invincible primordial took up the stage and nodded to Qi Danni. ""Are you the one who came up? Do you want to just admit defeat?"

Qi Dani was dumbfounded. However, he knew that what the invincible immemorial expert said was right. When facing a cultivator at the mysterious rising stage, he, a complete Yuanying stage expert, had to admit defeat before the start of the match. Otherwise, he might not even have the chance to admit defeat after the match started. Daoist master du Nan was a living example. Well, he was no longer alive but dead.

"Senior invincible, it's only natural for me to admit defeat. But before that, can I ask you a few questions?" Qi Dani said to invincible primordial with a smile, as if he would do whatever he wanted, which made it difficult for invincible primordial to make a move.

After hesitating for a while, invincible primordial said, ""I'll give you a chance. Ask three questions and then admit defeat. Otherwise, don't blame me for being impolite. "

Chapter 5630 Reinforcements Arrive

"Good! Undefeatable senior indeed has the demeanor of a senior expert, he's a role model for our generation!" Qi Dani clicked his tongue in admiration and praised the invincible primordial one.

Invincible ancient frowned impatiently. ""What question? hurry up and ask! Don't talk nonsense!"

Only then did inner Qi stop his pointless flattery and asked slowly, ""Senior invincible, I really want to know how you break through to the mysterious Ascension stage. You also know that junior has been stuck at peak nascent soul for many years. If senior invincible can guide me, junior will be very grateful. "

Qi Dali was not the only one who wanted to know the answer to this question. Everyone wanted to know as this concerned the vital interests of everyone in the small Jianghu of the immemorial era.

Invincible Taigu didn't look at Lin Yi, shaking his head instead. "It was just a coincidence. I won't tell you the process, so you can ask another question!"

Unbeatable Taigu wouldn't tell anyone about this without Lin Yi's permission. There was no need to ask Lin Yi.

Qi Danie had expected that invincible Archaean would not tell him the truth, so he shook his head and said with regret, "It's such a pity! If I knew about this, I might have a chance to advance to the mysterious Ascension stage!"

Unbeatable Taigu didn't say anything. In fact, he didn't think that Qi Danie would be able to replicate it. After all, without Lin Yi's pills and lightning, he wouldn't be able to reach the xuansheng stage even if he told Qi Danie the truth.

"I still have two more questions!" The invincible primordial urged. He was running out of patience to listen to Qi Dani's long-winded speech.

"The second question, this junior wants to know, where did invincible senior break through? If it's possible, please tell me so that I can go and find some opportunities. " If he could get the answer to this question from invincible ancient, it would be a good harvest.

However, invincible ancient still didn't answer. Lin Yi picked that place, so who knew if it had any special meaning to Lin Yi?

"The third question!" Invincible ancient coldly said, clearly losing his patience.

Qi Dani chuckled. "The third question is, senior bubai. Can you tell us how the thousand blades sect is going to be rebuilt?" In the future, we can talk about accepting disciples and so on. "

Invincible primordial was about to reject when Qi Dani quickly added, ""Senior invincible, you didn't answer the first two questions, so you should at least answer the last one, right? It's not like it's a difficult matter, so it's not like you can't say it, right?"

Lin Yi frowned. Qi Dani had clearly set a trap for the unbeatable Taigu diamond. He really wanted to know the answers to the first two questions, but he knew that the unbeatable Taigu wouldn't give them out easily, so it didn't matter if he got it or not. However, he added his guilt from not answering the first two questions to the third question, and it was embarrassing for him not to answer.

As for the third question, if he really wanted to answer it properly, it would take more than one or two sentences to explain it clearly. Qi Dani's actions were clearly to delay time. What kind of turning point was he waiting for? Or perhaps, he was waiting for someone to appear?

Inner Qi's plan was good. If it were someone else, they might have chosen to say a few more words because they did not answer the first two questions. Unfortunately, he did not know much about the invincible primordial.

Invincible primordial merely used one sentence to brush off Qi Danie's words. ""It's a sect secret, no comment!"

Qi Dani was depressed. What kind of F * cking secret was there? Can't you just casually say a few words?

"I've finished asking the three questions. Can you admit defeat now?" Invincible immemorial asked without any change in expression, not feeling embarrassed at all.

"Senior invincible, shouldn't you at least answer one of the three questions?" Qi Dani was still unwilling to give up, but he couldn't help but look around as he spoke. Lin Yi was even more certain that Qi Dani was stalling for time.

"Enough with the nonsense. Since you're not willing to admit defeat, then this old man will make his move!" Invincible primordial raised his hand and prepared to attack.

Qi DA's heart was filled with anxiety, he wanted to say something, but suddenly, a look of joy appeared on his face, he shouted, ""They're here!"

Lin Yi's spirit sense had also discovered that a disc shaped flying device was quickly approaching the town. In the blink of an eye, it was above the town.

The center! He had finally intervened in the immemorial meeting!

Lin Yi's heart sank. Central's sudden appearance at this time meant that things were already developing in the worst direction. The Blue Dragon's gene was extracted and used in mature experiments in the shortest time possible, so Central's research was a success!

The only thing he did not expect was that the heaven opening sect would actually have a connection with central. Before this, he had not discovered any signs of it. Qi Dali had really hidden himself well.

Invincible primordial looked up at the flying saucer hovering right above Ying town. When he looked up, he could see a hole in the center of the flying saucer, and many people were jumping out of it.

"The reinforcements of the heaven opening sect? Do you think that just because you have more people, you can keep your heaven opening sect's four great seats?" "If you had just said that you had reinforcements, I would have waited for you," invincible primordial said with a cold smile. "Why waste so much time talking nonsense?"

He had just broken through to the nascent Soul Stage and reached the mysterious Ascension stage. This was the time when his confidence was at its peak. As long as Qi Dani said that he was waiting for someone, the invincible primordial would indeed wait for him. There was no need for him to play such boring tricks.

Qi Darai's expression froze. He ignored invincible primordial and turned to the two people who had landed first. He cupped his fists and said, ""Elder Xue, elder Chen, I've been waiting for you for so long! You've finally come!"

"Hahahaha, the main character only appears at the last moment. Those small fries are only worthy of warming up the scene for this young master!" The one laughing madly was Lin Yi's nemesis after coming to the ancient martial world, Xue Jianfeng. This man was like a cockroach that couldn't be killed, and he finally jumped out after a while of silence.

As for the other person, Lin Yi knew him as well-Xin Yijie and the others were no strangers to him either. He was the Vice-leader of the Qingyun faction, Chen Dongcheng!

Lin Yi almost didn't recognize Chen Dongcheng when he suddenly appeared. Other than the fact that Lin Yi didn't care about Chen Dongcheng at all, his entire aura was completely different. If one didn't look closely, they wouldn't be able to tell that he was the Deputy sect leader of the Qingyun sect.

After greeting Qi Dani, Xue Jianfeng turned to Lin Yi arrogantly, "Oh, isn't that little Lin? I haven't seen him in a while, he doesn't look too good! Did you not eat your fill? Old Chen, it seems that your Qingyun school's food conditions are very difficult right now. Do you want to go back and reorganize?"
