

## Bodyguard 5651

### Chapter 5651 Showing Off

LAN Guli laughed out loud. "Oh, you're so ambitious now. I can't believe you dare to challenge me. It seems like it's been too long since I've teased you. You've forgotten who you are!"

As LAN Guzha did not reveal his early stage mysterious Ascension realm aura, LAN Guli thought that he was still the same LAN Guzha that he could control as he pleased. However, he did not know that LAN Guzha was telling the truth. Under the new and old grudges, he really had the intention of killing LAN Guli.

If it were not for the fact that there were very few members of the sea serpent dragon clan and it was forbidden for clansmen to kill each other, LAN Guzha might have been killed by LAN Guli long ago. However, it was also because of this rule that he could only suppress the killing intent in his heart.

She yichiro stood awkwardly at the side, not daring to say anything. He was a relative of the sea serpent dragon race, and he had a trace of the sea serpent dragon's bloodline. However, it was not his place to interfere in the dispute between two members of the sea serpent Dragon King race.

Lin Yi didn't mind. He knew that there weren't any real sea dragons in the sea Dragon race, and the strongest one was only at the xuansheng stage. After learning how to use the spirit sense to activate the skill, Lin Yi could now ignore all opponents under the mountain split stage.

"There's a saying in the human race that a good dog doesn't block the way. LAN Guzha, it seems that the royal family of the sea beasts doesn't know this!" Lin Yi's face didn't change as he spoke indifferently, but the words he said were like the fuse to a bomb.

LAN Guzha's reaction was rather quick. He immediately burst out laughing, "Boss, don't mind it. Even our sea serpent dragon clan has some uncultured things that like to find trouble."

LAN Guli was instantly furious. This damn human was comparing him to a dog, and LAN Guzha was even saying that he had no manners. This was simply intolerable!

After a sharp howl, LAN Guli didn't waste any more time. He shot up from the sea and attacked LAN Guzha and Lin Yi. This wasn't the first time he had bullied LAN Guzha. There was nothing to worry about.

Lin Yi snorted coldly and did not give LAN Guzha the chance to attack. He waved his hand and shot out a five-element killing intent. The five-element killing intent generated by using divine sense was completely different from the five-element killing intent generated by a primordial spirit body. LAN Guli's eyes only blurred for a moment before he was sent flying by the huge force. His slender body was pulled straight and shot out like a sharp arrow, plunging into the distant sea, causing a huge splash.

"Boss, you're so awesome! I've wanted to do this for a long time!" Langu Zha laughed loudly. He didn't get to take revenge himself, but Lin Yi's actions still made him feel good.

"Let's go to the island first!" Lin Yi waved his hand casually-he'd only made his stance clear with his forceful attack.

Whoever came was a guest, and the one who invited Lin Yi was the Kraken Dragon King. Not just any Tom, Dick, or Harry could jump out and insult Lin Yi-Lan Guli would be the best example.

She qilang understood what Lin Yi meant and looked at him with respect. This human was really confident and ruthless. He was probably the only one who dared to come to Dragon Island to establish his authority.

Lin Yi jumped down from LAN Guzha's body as soon as they reached the island. LAN Guzha didn't mind, but Lin Yi had to consider how people looked at him. LAN Guli wasn't wrong on this point.

"Damned human! You actually dared to sneak attack me!" LAN Guli's furious roar came from behind him. It was obvious that he had not learned his lesson from the previous attack.

Lin Yi frowned. There were already a few sea serpents gathering here after hearing the commotion. With LAN Guli, they weren't strong enough, but the commotion was getting bigger.

"Where did this human come from? flood Dragon Island doesn't welcome you. Get lost immediately!" The first sea serpent raised its head and roared at Lin Yi.

LAN Guli arrived at the right time and blocked Lin Yi with the sea serpent, glaring at him with dark eyes.

LAN Guli felt more confident after realizing that a few clansmen were coming. He didn't see how Lin Yi attacked him, but he didn't suffer any real damage even though he was sent flying. At most, it hurt a little.

LAN Guli was indeed afraid of Lin Yi, but he wasn't so scared anymore! He had also heard that among the humans in the ancient martial world, there had never been a mysterious Ascension stage cultivator who had surpassed the great circle of the original Soul Stage. At the same level, sea beasts were stronger than humans, let alone a sea flood Dragon, the royal family of sea beasts!

He must've underestimated Lin Yi too much, and this human must've used some kind of underhanded method to do that! LAN Guli's mind whirled rapidly before he finally came to this conclusion.

"Human, get off flood Dragon Island! Otherwise, don't blame us for being impolite!" Behind them, a sea flood Dragon joined in and similarly shouted out in a stern voice.

In fact, they had been informed that LAN Guzha would bring a human onto the island. That was why they came to stop him. Otherwise, if a human came up, they would have killed him without a second word. Why would they have the time to talk like this?

"Boss Lin Yi was invited by the clan leader," LAN Guzha raged. "Who dares to kick him out?" Are you all thinking of rebelling?"

The sea serpents were stunned. It was precisely because they knew that LAN Guzha was not lying that they did not know how to continue. Were they going to let them go just like that? Then why did he rush over to stop them?

"Just because you say the patriarch invited you, does that mean the patriarch invited you? Do you have any evidence? He's just a lowly human, what qualifications does he have to receive the clan leader's invitation?" LAN Guli laughed as he continued to mock Lin Yi.

Lin Yi was a little speechless at this idiot. He decided to send out another killing intent and send LAN Guli flying again.

This time, Lin Yi's attack was a little heavier. If it was the previous enlightened du Nan, he might have vomited blood and suffered serious injuries. However, the strong body of the sea serpent once again helped LAN Guli avoid injuries. After rolling a few times on the ground, he came back as if nothing had happened. However, there was more fear and dread in his eyes when he looked at Lin Yi.

"I was invited by your sea serpent Dragon King as a guest. If you don't believe me, go back and ask your King! Or is this how you sea serpent Dragons treat your guests? If that's the case, then there's nothing worth my visit to flood Dragon Island!" Lin Yi sneered. His face was full of disdain and contempt for flood Dragon Island.

LAN Guli and the others were rendered speechless. It was too embarrassing for a human to look down on the entire flood Dragon Island. If he were to go back and spread the news, the royal families of the endless sea would be too ashamed to face anyone.

Chapter 5652 Here To Discuss The Agreement

"Hmph, we don't know if it's true or not, so we'll let you on the island for now. If you're talking nonsense, don't even think about leaving this place alive!" LAN Guli put on a tough front, but he didn't have much of an air to speak to Lin Yi now that he was a little guilty.

LAN Guli was probably the leader of the group-the others didn't say anything after he let them in. They could only let Lin Yi and the others on the island.

When LAN Guzha left, he even snorted heavily at LAN Guli. Then, he raised his head high with a proud look on his face. He was very happy to see LAN Guli being sent flying twice in a row.

At the center of the island, there was a huge Sea Dragon Palace. The style was quite rough, and it was obvious that this wasn't something the sea Dragon race was good at. To Lin Yi, it was terrifyingly simple.

With his spirit sense, Lin Yi found a part of the palace LAN Guzha was talking about. It had the same style, but the beautiful underwater scenery was a natural decoration. It was quite interesting.

There weren't only flood Dragons on the island-there were other sea beasts as servants as well. Lin Yi and the langu Zha serpent were brought to a huge Hall without walls, and they sat at a stone table.

After the sea beast left, only Lin Yi and the other two were left in the empty Hall. They were speechless as they enjoyed the sea breeze. The hall was big, but it was more appropriate to call it a Pavilion.

After a short while, the sea serpent Dragon King finally came out. He did not bring any other serpents with him, but was alone.

LAN Guzha glanced at Lin Yi awkwardly. The sea serpent Dragon King was here personally, but there were no other guests other than him and she qilang. This dinner was a little shabby.

"Grandpa!" LAN Guzha stood up and saluted respectfully. The sea serpent Dragon King only nodded slightly and did not say anything else.

"Greetings, Dragon King!" She shichiro followed.

Although he was only a flood Dragon, it was clear that he was happier to be called a Dragon King. Therefore, the sea serpent Dragon King smiled and said, ""She jichiro, you did well this time. LAN Guzha is lucky to have your help as a friend!"

"You're flattering me, Dragon King. This is what snake shichiro should do." Snake shichiro looked flattered and quickly said humbly.

The Kraken Dragon King encouraged him before turning to Lin Yi. "You're Lin Yi, right? I heard from she qilang that you've also put in a lot of effort this time, so I've invited you to be a guest on flood Dragon Island to thank you. It's not easy for you humans to eat the delicacies of the endless sea, so please don't stand on ceremony. "

Lin Yi frowned. The Kraken Dragon King sounded polite, but his tone was full of arrogance. He was the king of the endless sea, and it was normal for him to be arrogant. What was with the look and tone of disdain?

"Thank you for your invitation, Dragon King!" Lin Yi cupped his hands slightly and thanked him in a manner that was neither humble nor overbearing. Since the Kraken Dragon King's attitude was like this, Lin Yi pretty much knew what he was doing.

The Kraken Dragon King nodded and didn't say anything else to Lin Yi. He turned to she yichiro, ""She qilang, you've made a great contribution this time. Your ancestors are from our Sea Dragon Tribe, so I won't mistreat you. From now on, you'll be the Prince commander of the endless sea's lianluo sea. Do well, I have high hopes for you!"

Snake shichiro was overjoyed and quickly came out to thank him, ""She Qi lang thanks my King for His grace. In the future, he will go through fire and water for the prosperity of the royal family without hesitation!"

The so-called Prince commander was basically a member of the royal family of the sea beasts. Although the Lianluo sea was not big, with the title of Prince commander, Snake Shichiro could be considered to have entered the true core of the endless sea.

If he could transform into a sea serpent, he would be able to take this title one step further in the future and truly integrate into the core circle of the sea serpent dragon race.

"Very good. With such a young and promising junior like you, our sea beast clan will have a chance to develop and prosper." The Kraken Dragon King said gently before turning to Lin Yi. "As for our human friend, do you have any reward you want? Since you are not a member of the sea beast clan, the position in the endless sea is meaningless to you. "

The meaning of his words was that he could go home after getting some benefits, and he shouldn't expect to be truly recognized by the sea beast clan.

Lin Yi frowned again. Why was the sea serpent Dragon King ignoring him? Reward? Who did he think he was? If not for LAN Guzha's sake, who would give face to an old dragon like you?

He was only here for a short while, and there was no need for him to fall out with the king. He didn't care about the king's attitude, and he just wanted to achieve his goal.

"Sea serpent Dragon King, I don't need your reward. I'm here only to make an agreement with the sea serpent Dragon Tribe." Lin Yi said faintly, only emphasizing the word "reward" to subtly express his power. As LAN Guzha's Savior, Lin Yi was not a servant of the sea serpent dragon clan who needed the sea serpent Dragon King to reward him.

The Kraken Dragon King squinted his eyes. He could tell what Lin Yi was trying to say. To be honest, he looked down on Lin Yi, a human. This invitation was just for show. He wanted to give the Kraken race some face.

"Grandpa, this human is too arrogant. He actually wants to make a deal with our sea serpent dragon race. This is ridiculous!" As soon as Lin Yi finished, LAN Guli entered the hall with another Kraken Dragon. With the Kraken Dragon King present, LAN Guli regained his confidence and interrupted Lin Yi.

The sea serpent Dragon King turned to look at LAN Guli and the sea serpent Dragon beside him. He said calmly, "LAN Guli, don't talk nonsense. He's LAN Guzha's benefactor, so he has the right to ask for some things."

The other sea serpent Dragon glanced at LAN Guzha and Lin Yi in disdain before bowing to the sea serpent Dragon King, "Grandpa, your grandchildren have come to disturb you."

"It's fine. Blue ancient, since you're here, you can sit together. It'll be good to accompany our human guests." The sea serpent Dragon King said with a pleasant expression. This langu nao was a genius of the sea serpent dragon race. He had transformed from a sea serpent to a sea serpent Dragon at a young age, becoming an early stage mysterious Ascension expert.

If one were to say who was most likely to evolve into a Sea Dragon among the younger generation, it would be blue ancient! Although he was the second-in-line successor, he was the most suitable one in the sea serpent Dragon King's heart.

Chapter 5653 No Sincerity

"Thank you," LAN Guli said as he sat down with LAN Guli. He looked at Lin Yi. "Human, don't think that you can make a deal with the sea serpent dragon clan just because you saved LAN Guzha once. There should be a limit to your overconfidence. What status do you think you have to be on equal footing with the sea serpent dragon clan?"

LAN Guzha said angrily, "LAN gunau, Who Do You Think You Are?" This is Grandpa and boss Lin Yi's conversation-you and LAN Guli have no right to interrupt!"

"Alright! All of you shut up!" The sea serpent Dragon King growled and interrupted LAN Guzha's words. He also stopped LAN gunao and LAN Guli from continuing their conversation, "Human, tell me what you want first. This King said that he would reward you. As long as it's not too excessive, this King can satisfy your request."

To be honest, Lin Yi didn't have much hope right now. At most, he could go and hunt sea beasts! However, since the sea serpent Dragon King had said so, he had to mention it regardless of whether it would work or not.

"I hope to exchange 3000 inner cores of sea beasts with the sea serpent Dragon Tribe every year. The level ratio is 300 for the nascent Soul Stage, 900 for the Golden core stage, and 1800 for the foundation establishment stage. I wonder if the sea serpent Dragon King is willing to agree?" Lin Yi didn't even mention what he was going to give in exchange-if the king had the intention, he'd continue the negotiations, but if he didn't, it'd be pointless.

As expected, the Kraken Dragon King didn't even ask about Lin Yi's terms and rejected him directly, "Impossible! Our sea beast clan's inner cores would never be given to humans. Moreover, it's three thousand of them every year? On account of you saving LAN Guzha, I will give you thirty sea beast inner cores when you return later. The ratio will be arranged according to your proposal!"

Lin Yi was furious-thirty beast cores? Was he trying to send off a beggar? Lin Yi killed two thousand sea beasts during the island battle, why would he care about thirty cores?

What was worse was that Lin Yi and LAN Guzha did mention this when they were chatting. LAN Guzha also told Lin Yi that hundreds of thousands of sea beasts died of natural causes every year in the endless sea. Thousands of inner cores were like a drop in the ocean. To the sea beasts of the endless sea, where the strong preyed on the weak, it didn't matter whether these inner cores were given to humans or not.

But now, the Kraken Dragon King had rejected Lin Yi's suggestion-he didn't even want to hear Lin Yi's conditions! This was too much!

"Sea serpent Dragon King, I'm not asking for your inner elixir for free. The human race in the ancient martial world will use spiritual jades or other items to trade for it. This is a win-win situation for both sides. Why can't I accept it?" Lin Yi said coldly, suppressing his anger.

"There's no why!" The sea serpent Dragon King replied indifferently,"the sea beast race is noble. Even the inner cores left behind after natural death are not something that humans can easily touch. So, it's useless for you to say anything. There's no need to discuss this any further!"

Such an argument was simply laughable! Did this old thing think that Lin Yi and the humans wouldn't be able to get the cores if he didn't trade? At most, they would only be able to kill a few more sea beasts!

The Kraken Dragon King would rather be killed in the endless sea than use the cores of Dead Sea beasts to exchange for resources. From Lin Yi's point of view, he was a stupid King!

"Ha ... So this is the sea serpent Dragon's sincerity? Alright, just pretend I didn't say anything. " Lin Yi said with a cold smile. It seemed like he couldn't continue communicating with this sea serpent Dragon King.

"Human, don't think that you can threaten us sea serpent Dragons just because you're LAN Guzha's Savior!" The sea serpent Dragon King sneered.

"Grandpa, how is boss Lin Yi threatening us? He just wants to exchange for a little inner core every year, that's all. There's nothing wrong with that!" LAN Guzha stood up for Lin Yi, but he didn't understand the Kraken Dragon King's intentions at all. It was destined that nothing would come out of it.

The sea serpent Dragon King did not even need to open his mouth. LAN Guli and LAN Guli both rebuked, ""LAN Guzha, remember your own identity. You still have the nerve to call a human boss here? It's simply embarrassing!"

"Boss Lin Yi saved my life, what's there to be embarrassed about? On the other hand, the two of you are fanning the flames and causing our sea serpent dragon clan to lose even more face!" LAN Guzha had also gone all out and roared without backing down!

"Enough!" The sea serpent Dragon King shouted unhappily. What kind of people are you? All of you better restrain yourself!"

The internal conflict in front of a human like Lin Yi clearly made the sea serpent Dragon King quite unhappy. He didn't like LAN Guzha to begin with, and now he focused all his dissatisfaction on LAN Guzha, not blaming the two at all.

Lin Yi laughed coldly in his heart. LAN Guzha wasn't spouting nonsense. His position in the sea serpent Dragon Tribe was indeed quite awkward. He was the third-in-line successor in name, but he didn't get any attention at all.

With the sea serpent Dragon King's favoritism, LAN Guli's arrogance immediately soared. "Grandpa, LAN Guzha has really embarrassed our sea serpent dragon clan. Perhaps LAN Guzha was bewitched or something after he was captured by humans. Please allow me to check if LAN Guzha was sent back by humans to be a spy, Grandpa!"

She yichiro's expression turned ugly. This fool's brain hole was quite big. He could pull out anything. In that case, didn't that mean that she yichiro had also become an accomplice in colluding with humans?

It was a pity that even though she qilang was the Prince commander of the lianluo sea, he did not have the right to speak in the current situation. He could only lower his head in anger and curse LAN Guli in his heart.

"LAN Guli, that's enough! I've never held a grudge against you for bullying me all this time, but if you insult me and boss Lin Yi again, I won't let you off!" LAN Guzha pointed at LAN Guli and roared. This made the sea serpent Dragon King even more displeased.

"Aiyo, I've been bullying you all this time and you didn't make a fuss about it. You really sound very confident. It seems that I have to thank you for showing me mercy! How about this, show me what you're capable of and haggle with me. Show me that you won't let this matter rest!" LAN Guli said with a mocking expression. He was well aware of LAN Guzha's strength.

It was already good enough for a lowly creature born from a cross-breeding with a sea snake to have the strength of an early-stage nascent soul realm cultivator. Since when had he not been completely dominated by him, LAN Guli? He could be afraid of anyone but him, LAN Guzha!

Chapter 5654 Instant Defeat

LAN Guzha could not bear it any longer. He immediately shot out from behind the table. His monstrous aura completely enveloped LAN Guli and appeared in front of him in a split second.

LAN Guli's expression immediately changed in shock. LAN Guzha's aura of the mystical Ascension primary stage was fully revealed at this moment. He was no longer the beginner nascent Soul Stage that he could easily manipulate back then.

But it was too late to realize this now. Although the difference between the early stage of mysterious Ascension and the peak of the original level seemed to be only one level, the difference between this one level was like the distance between heaven and earth!

The sea flood Dragon had matured and evolved into a flood Dragon. This was the greatest embodiment of this level!

LAN gunau was right beside LAN Guli. He was also shocked when he discovered LAN Guzha's strength. However, he was also a powerhouse at the early stage of the mysterious Ascension realm. He would not just stand by and watch LAN Guli be attacked. Under LAN Guli's shocked gaze, LAN gunau appeared in front of him as if he had teleported. He forcefully blocked LAN Guzha's attack and forced LAN Guzha to retreat!

After all, LAN Guzha's strength had just been forcefully increased by central. Although Lin Yi's treatment made him mutate, it only increased his potential. His current strength and experience were far from LAN Guzha's, so it was normal for him to lose in one move.

The sea serpent Dragon King had initially allowed LAN Guli to teach LAN Guzha a lesson. Unexpectedly, LAN Guzha had almost turned the tables on LAN Guli. For a moment, he looked at LAN Guzha in surprise and did not speak.

LAN gunau squinted his eyes and looked deeply at LAN Guzha. He nodded slightly and said, "He's already at the early stage of the mysterious Ascension realm, this is really unexpected! Since you have the right

to challenge me, I'll give you a chance today. If you can defeat me, I'll speak up for you in front of Grandpa. How about it?"

LAN gunau had always looked down on LAN Guzha. Not to mention the difference in strength, he was also firmly ahead of LAN Guzha in the succession, not to mention the difference in status in the sea serpent Dragon King's heart.

To put it bluntly, LAN Guzha, who was in the early nascent soul realm, did not even have the qualifications to enter LAN gunau's line of sight! It was only LAN Guli, who was ranked behind LAN Guzha and whose ability surpassed LAN Guzha's, that was why he kept trying to attack LAN Guzha.

However, now that LAN Guzha had revealed a strength that was no lower than his, and had not transformed into a sea serpent Dragon, he could not help but take it lightly. He naturally wanted to figure out LAN Guzha's true strength.

The sea serpent Dragon King looked indifferent. Although the short exchange just now was not even a test, he was sure that LAN Guzha was no match for LAN gunau with his eyesight. Since LAN gunau had this intention, he would pretend not to hear it. After all, LAN gunau was his favorite grandson.

LAN Guzha hesitated for a moment because LAN gunau had never treated him as an opponent. He did not bully him like LAN Guli did, or rather, he disdained to bully him. Hence, LAN Guzha did not particularly hate LAN gunau! He could only look to Lin Yi for advice.

Lin Yi smiled faintly and nodded at LAN Guzha, signaling for him to agree. Since the sea Dragon race didn't have a good impression of humans, it might be a good idea to help LAN Guzha rise to the top. If LAN Guzha jumped out of his own accord, it would be good to let LAN Guzha show off.

LAN Guzha threw away all his concerns after Lin Yi agreed to let him go on stage, "Good! Then I'll experience the power of our Kraken dragon race's genius! If you're lucky enough to win by one or two moves, I hope you'll keep your promise!"

"Do you think I'd go back on my word for such a small matter?" LAN gunau looked at LAN Guzha in disdain and said, "Only a guy like you would take it seriously. Cut the crap, come on!"

"Alright!" LAN Guzha shouted as he shot toward LAN gunao.

Although he knew that he might not be LAN gunau's opponent, LAN Guzha was not afraid at all. His indomitable aura was rather shocking. Even LAN gunau had to put away his contempt and deal with LAN Guzha's attack seriously.

Both sides wanted to fight seriously, but Lin Yi didn't want to waste any time. He used his spirit sense to activate his martial skill, summoning a bolt of lightning and striking LAN Gunai's head!

Caught off guard, LAN gunao was struck to the ground by the lightning. He kept twitching. Although this attack would not kill him, it was enough to make him temporarily lose his ability to move.

LAN Guzha was taken aback by the situation as well, but he understood that Lin Yi was helping him in the dark. An old-fashioned guy might think that Lin Yi's actions were an insult to the spirit of the duel, but LAN Guzha felt that his boss was always right. It was only natural for him to help him. What was so strange about it?

Taking advantage of the fact that LAN gunau was unable to move, LAN Guzha sent him flying cleanly. It could be considered as a victory for this competition.

LAN Guli was dumbfounded. 'What the hell is going on? Langunau actually failed in an instant? That lightning martial technique was so overbearing. LAN Guzha had actually mastered such a powerful and awesome technique? Then who would dare to bully him in the future! She wouldn't be bullied by him instead, would she?

The sea serpent Dragon King saw the slight daze LAN Guzha experienced when the lightning appeared, and deduced that the lightning Skill that hit LAN Guzha wasn't from him. The most suspicious person was, of course, the indifferent Lin Yi.

This human was indeed not simple!

The Kraken Dragon King took a deep look at Lin Yi and thought to himself. Lin Yi was able to use a martial skill right under his nose without him noticing. His strength was unfathomable.

It didn't seem like a wise thing to offend such a person!

The endless sea was a place where the strong preyed on the weak, and the strong were respected. This was an eternal rule, so the change in the sea serpent Dragon King's mind was quite natural.

"LAN Guli, go and see if LAN Guli is injured. Take him to a place to rest!" The sea serpent Dragon King made up his mind and sent LAN Guli away.

It just so happened that LAN Guli was also feeling a little apprehensive when he saw LAN Guzha. It was to his liking that he could leave. Hence, he quickly agreed and left the place in a hurry.

When LAN Guzha saw this, the resentment in his heart from being bullied all this while finally dissipated completely. He turned to the sea serpent Dragon King and said, "Grandpa, LAN gunau promised me that he would help me. Although he's not here, you heard about this, right?"

"Alright, you don't have to say anything more!" The Kraken Dragon King waved his hand expressionlessly before turning to Lin Yi. "This King can agree to your request. Three thousand sea beast inner cores every year! Leave this matter to snake shichiro. You can just look for him directly in the future. "

Chapter 5655 To Another World

"Alright, I'll send someone to contact snake shichiro." Lin Yi didn't thank the sea serpent Dragon King. This deal was won by LAN Guzha, it had nothing to do with the sea serpent Dragon King.

"Since that's the case, I'll send snake shichiro to escort you away. No human has ever set foot on flood Dragon Island. You're the first, and I hope you'll be the last!" The Kraken Dragon King gave the order to send the guest away, making it clear that he didn't want Lin Yi to come again.

He didn't want to offend Lin Yi, but he didn't want to be on good terms with Lin Yi either. The contempt and hostility he had for humans were already embedded in his bones, and it was already good enough for him to treat Lin Yi this way.

"Grandpa, I hope that I can go out with boss to gain some experience. I have nothing to do on flood Dragon Island anyway. I might be able to complete my transformation as soon as possible if I follow boss!" LAN Guzha quickly made his request when he saw that the king was about to send Lin Yi away.

The sea serpent Dragon King glanced at LAN Guzha and hesitated for a moment. He had never paid much attention to this grandson of his. It was not wrong for him to say that he was dispensable. If it were not for the face of the sea serpent Dragon Tribe, LAN Guzha's death would not be a big deal.

However, LAN Guzha had already reached the early stage of the mysterious Ascension realm. To the sea serpent Dragon Tribe, he was a rare and important combat force. Especially since LAN Guzha had not transformed, the sea serpent Dragon King had a trace of expectation for him.

Considering that LAN Guzha only had his current strength because he went to a human's land, perhaps following Lin Yi could really improve his strength. Plus, the sea serpent Dragon King still didn't like LAN Guzha, so after some thought, he nodded and agreed to his request.

"Thank you, Grandpa!" LAN Guzha thanked him happily after getting the confirmation and brought Lin Yi and she yichiro to the beach.

Lin Yi's purpose here was achieved-it wasn't a happy trip, but at least he didn't waste his time.

After leaving the hall, Lin Yi smiled at LAN Guzha, "LAN Guzha, it's all thanks to you this time."

"Boss, what are you talking about? if it wasn't for you, how could I have taught LAN Guli and LAN Guli a lesson so easily? If you really want to count, I didn't really help much. In the end, it was all thanks to you, boss, who secretly took action. " LAN Guzha laughed and said. He was in a rather good mood.

The Kraken Dragon King's attitude towards Lin Yi wasn't good, and none of them could change that. They didn't mention it, and Lin Yi didn't want to talk about who contributed more. He changed the topic and talked to snake yichiro about the deal.

In fact, when Lin Yi was here, there was no need to make a deal. No one would say anything if he just took it. But Lin Yi was about to leave the ancient martial world. She shichiro wouldn't have any objections, but it was hard to guarantee that the other sea beasts wouldn't take the opportunity to make things difficult for her.

As a result, it was better to make a deal in the long run, and this matter would ultimately fall on Xin Yijie and the others. After Lin Yi settled on the contact details, he could retire.

"LAN Guzha, I'll be leaving the immemorial little Jianghu in a few days. There's no point in you following me. Why don't you go to the lianluo sea with she shichiro?" Lin Yi turned to LAN Guzha after he was done with she qilang.

LAN Guzha replied nonchalantly, "boss, I'll follow you wherever you go. If you're leaving, then we'll leave together. It's not a big problem."

Lin Yi didn't know what to say-didn't this guy hear that he was leaving the ancient martial world? Still following?

"LAN Guzha, when I said that I'm leaving the small world of the immemorial era, I meant that I'm leaving this spatial plane and going to another world!" Lin Yi explained simply, in case LAN Guzha really didn't understand.

LAN Guzha, on the other hand, said excitedly, "Wouldn't it be better to go to another world? I don't want to stay in the endless sea for a long time. Big brother, you must take me with you!"

"You can't go!" Lin Yi wanted to bring him to Sky Class Island, but he himself projected his essence spirit here. There was no way LAN Guzha could go there.

"Boss, if you can go, I can go too!" LAN Guzha said firmly, determined to stick to Lin Yi.

Lin Yi's head hurt-he couldn't explain it in a short amount of time. He'd just let this guy follow him, and he'd understand why Lin Yi could go but he couldn't when they got back.

Thinking about Sky Class Island, Lin Yi suddenly thought of the contact between the sects and factions in the ancient martial world and changed the topic, "LAN Guzha, let me ask you something. Your sea serpent dragon clan should have been able to live much longer than the human clan. Do you know if there were any major changes in this world a long time ago?"

"Boss, I'm so young. How would I know about things that happened a long time ago?" LAN Guzha said with a dumbfounded expression.

Lin Yi blinked-what was the connection between being young and knowing things from a long time ago? Even elementary school students in the secular world knew the history of five thousand years!

Forget it, this guy doesn't look like he's cultured at all. I'll just ask she yichiro. Lin Yi did as he was told, ignoring LAN Guzha as he turned to ask, "Has snake shichiro heard of such things? There should be similar legends or records in the endless sea, right?"

Snake shichiro laughed dryly. "Well, actually, we sea beasts don't have the habit of recording things. As for legends, well, most of us just see our prey go up and eat their fill first. There's nothing to tell, right?"

Lin Yi felt that it was a waste of time to ask them questions like that-he'd better ask the other sects if there were any records of this after he returned to Qingyun school. In terms of cultural heritage, humans were indeed countless times stronger than sea beasts-the two weren't even comparable.

After leaving flood Dragon Island, LAN Guzha continued to carry Lin Yi on his back while she qilang brought his men to lianluo sea to take up his post. After they parted ways, LAN Guzha's speed suddenly became much faster, and the time it took to return to Qingyun sect was greatly reduced.

In the two days that Lin Yi had been gone, Xin Yijie and the disciples who had participated in the gathering had all returned with full loads of rewards. After hearing that Lin Yi had returned, a large group of people rushed out to welcome him.

After spending some time talking to everyone, Lin Yi finally had the chance to call Xin Yijie and Hong Zijun over. "Does our green cloud School have any records of any major changes that happened in the small Jianghu in the ancient times? for example, the changes that affected the entire Jianghu and the inheritance of each family?"

Chapter 5656 The History Of The Immemorial Era

"I've never heard of it." Xin Yijie shook his head. "Do you have any impression of it, Deputy sect leader Hong?"

Lin Yi turned to look at Hong Zijun as well. After all, he was the former sect leader of the Qingyun sect, while Xin Yijie was just a normal golden core elder, and the last one at that. There was no comparison between the two.

Hong Zijun furrowed his brows and thought for a while, then said with uncertainty, ""If martial granduncle wants to ask this, this disciple seems to have heard some legends in this area, but it's only a legend and there are no clear records."

Lin Yi's eyes lit up. He didn't have much hope, but he didn't expect Hong Zijun to have heard of it. His interest was piqued, and he signaled for Hong Zijun to continue.

Hong Zijun didn't dare to be slow. Lin Yi was not only the pillar of the Qingyun school, but also the leader of the entire ancient Jianghu. Anything that could interest Lin Yi, whether it was a legend or not, he had to tell Lin Yi in detail.

"Senior granduncle, I've heard that about ten thousand years ago, there was indeed a huge catastrophe in the small Jianghu of the immemorial era. The specific situation can't be verified now. The only thing we know is that at that time, all the sects and families were almost destroyed. The survivors were less than one in a hundred, and they were all the lowest-level disciples of each family." Hong Zijun spoke very slowly. After all, this wasn't anything important. Even he himself didn't remember it very well. He needed to organize his memories as he spoke.

Lin Yi wasn't in a hurry-he thought about it as he listened, and felt that it might be the truth!

"Back then, in the small world of the immemorial age, there were powerhouses at the mysterious Ascension stage or even higher. However, in that catastrophe, all cultivators above the original infant stage disappeared. In the entire small world of the immemorial age, there was not a single cultivator at the mysterious Ascension stage."

Lin Yi frowned slightly, suddenly remembering the God bracelet on his wrist. According to Zhao Jingzhi, Yin chencheng and him found it in a cave a few thousand years ago. There was also a xuansheng stage sea beast's inner core at the time. It seemed like the cave was left behind from tens of thousands of years ago.

He wondered if there were any clues left there.

Lin Yi was hesitating-should he get Zhao Jing to take him to the cave? But he'd thought about the Sky Class Island, and Ziyu's request-if it wasn't too important, he'd just go back next time. He'd just wait until he left.

"If that's the case, the inheritance in the small Jianghu of the immemorial era should have been broken at that time, right?" Lin Yi asked casually, deep in thought.

Hong Zijun nodded and said,"it should be! It's said that all the sects were destroyed at that time, and all the Masters went missing. Although the surviving low-level disciples rebuilt their sects, the mental cultivation methods and martial arts techniques they obtained were all incomplete. Perhaps this is the reason why there were no xuansheng stage cultivators in the small world of the immemorial era since then?"

Lin Yi nodded slightly, but he thought that the missing inheritance was only one of the reasons why there was no mysterious Ascension stage. The other reason was that the ancient martial world had lost the way to get to the mysterious Ascension stage with the help of the lightning tribulation since then.

And this method still existed on Sky Class Island! Perhaps, there were also some in the small Jianghu of the immemorial era, but these people had not discovered them!

This was clearly the first time Xin Yijie had heard of this legend, and he was listening with great interest. At this moment, he suddenly interrupted, ""In that case, could it be that martial granduncle was an Almighty from ten thousand years ago?"

He'd been certain that Lin Yi wasn't from the ancient martial world, but he wasn't so sure after hearing the story.

"Hehe ... I'm not that old!" Lin Yi was about to leave the ancient martial world, and there was no need to hide his background anymore. He smiled, "I come from another spatial plane. The sects there are more or less the same as the Jianghu in the primitive times, and their cultivation methods are the same. They should have some origins. I came from the Qingyun sect in the North Island there, so I can be considered your senior granduncle!"

Xin Yijie and Hong Zijun looked at each other in surprise and joy. They'd already accepted the possibility that Lin Yi was an essence spirit from ten thousand years ago, but now they heard Lin Yi say that he came from another dimension.

The two of them thought of the legendary Almighties who had disappeared almost at the same time. Could it be that they had re-established their own sects and forces in another spatial plane because they had complete mental cultivation methods and martial arts techniques?

Thinking of this possibility, the two of them suddenly became excited. If they could go to that spatial plane, wouldn't they be able to meet many seniors of their sects? From Lin Yi's strength, they could tell that the development there was much stronger than the small world of the ancient martial world!

Lin Yi didn't want to say anything more after that. If he could open up the path between Tianjie Island and the ancient martial world, then there would be some meaning in telling Xin Yijie and the others in detail. There was no point in talking more-it was necessary to let them develop the ancient martial world.

Xin Yijie and Hong Zijun were very curious about where Lin Yi came from, but they didn't dare to ask since he didn't want to talk about it. They could only suppress their thoughts and discuss some details with Lin Yi, such as the trade of the spirit Jade immortal vein and sea beast cores.

Lin Yi suddenly thought of something after he finished talking about the trade, ""Have you ever heard of the Azure sky Valley? There's a plant called the purple mist evil Lotus there, and it's said to be the best material for reconstructing the body. "

Lin Yi had always appeared in front of people as a primordial spirit, so Xin Yijie and Hong Zijun didn't suspect him at all when he asked about the purple mist evil Lotus. They both thought that Lin Yi wanted to rebuild his own body. With his current strength, he would naturally be even stronger if he had a body.

"I've heard of the purple mist sinful Lotus, but I don't know its exact location,"Xin Yijie said." I only found out about the Azure sky Valley when I heard about it from grand uncle-master. So it's here. Where is it exactly?" Our Qingyun school will definitely do our best to find the purple mist evil Lotus and bring it back to martial granduncle. "

Lin Yi thought, why would I ask you guys if I knew the exact location? Plus, the Lotus wasn't for Lin Yi's personal use-Xin Yijie had clearly misunderstood, but he didn't plan on explaining.

Hong Zijun nodded and said,"if we can find the purple mist sinful Lotus, of course, we must get it for grand uncle-master at all costs. The problem is that it's not so easy to find. The disciples of the Azure sky

Valley have heard a rumor that it's near the river of consciousness. However, no one has ever found the Azure sky Valley near the river of consciousness, so naturally, the purple mist sinful Lotus has never appeared."

#### Chapter 5657 Blue Sky Valley

"Oh? Zijun, where did you hear about the blue sky Valley? Tell me the details. " Lin Yi looked at Hong Zijun with interest. He didn't expect the man to know so much. He was a talent in this aspect.

Hong Zijun was happy to see Lin Yi's interest. It wasn't a lot of opportunities to make his presence known in front of Lin Yi, so he cherished it.

"Senior granduncle, I also heard about the Azure sky Valley at an archaic gathering more than ten years ago. At that time, I had just become the sect leader of the green cloud sect and happened to hear them mention it at a gathering of the ten young sect leaders." Hong Zijun wanted to say that he knew something about the Azure sky Valley, but unfortunately, his information was very limited and he could only provide such a clue.

"I see," Lin Yi nodded, "if that's the case, then there should be a record of the Azure sky Valley among the ten Little ones. Zijun, do you still remember which sect leader said that?"

Hong Zijun said regretfully, "I can't remember clearly. At that time, I was not very familiar with the sect Masters of the ten Little ones. Besides, the topic of the blue sky secluded valley was also briefly mentioned. So I can only remember this much." I don't think they know the exact location of the Azure sky Valley. Otherwise, they would have leaked some information after so many years. "

Lin Yi thought for a moment, "alright, let's not talk about this for now. Yijie, send a notice to the four big and ten small sects and tell them to send a higher-up to Qingyun school. I still need to give them an explanation about my departure to avoid any unnecessary trouble. Also, I need to tell them about the spirit Jade immortal Meridian and the sea beast inner core."

"Yes, martial granduncle! This disciple will make the arrangements!" Xin Yijie replied with respect. The ancient gathering had just ended, and the four elders and ten children were dismissed, but they knew that this was Lin Yi's arrangement and probably wouldn't have any objections.

Lin Yi wanted to ask if anyone knew where the valley was. To Lin Yi, the ghost was both a teacher and a friend. If he could find the purple mist evil Lotus for him to use, it would be a great thing for both him and the ghost.

Seeing that Lin Yi didn't seem to have anything else to ask him, Hong Zijun left with Xin Yijie. Xin Yijie went to arrange for the four adults and ten children to be informed, while Hong Zijun went to arrange for the reception of the four adults and ten children.

As long as they could successfully gather the four big and ten small sects to Qingyun school, then Qingyun school's position as the leader of the small Jianghu in the ancient times would be unbreakable. Before this, it was only a de facto leader, but after this matter, there would no longer be any problem in name!

The day after Xin Yijie sent out the notice, MA Zaidan and Chen bidan from the five elements sect were the first to arrive at the green cloud sect. After leaving the green cloud sect, they were still studying the true Qi alchemic fire, so they didn't fly too far. They came back as soon as they received the news, even earlier than the skyward sect and the Xuanji sect.

"Martial granduncle, do you have any instructions for this disciple recruitment?" MA Zaidan brought Chen bidan to Lin Yi and greeted him with respect.

Lin Yi waved his hand, "it's nothing special. Didn't I say that I'll be leaving the ancient martial world for a while? that's why I gathered everyone here to announce it in front of everyone. I don't want them to have any other thoughts if I suddenly disappeared!"

MA Zaidan immediately said in an impassioned manner, "Don't worry, martial granduncle. If anyone dares to take advantage of martial granduncle's absence and cause trouble in the green cloud sect, our five elements sect will be the first to not let them off! If you want to deal with the green cloud sect, you have to destroy our five elements sect first!"

"That's right. Our five elements sect is greatly indebted to our martial granduncle. No matter who it is, don't even think about touching the green cloud sect!" Chen bidan also echoed loudly. From the expressions of the two people, it didn't seem like they were perfunctory.

In terms of gratitude, Lin Yi's Qi-type alchemy fire chant and experience were priceless treasures to the five elements sect. It was normal for MA Zaidan and MA Zaidan to be grateful, but more importantly, there was a xuansheng stage master like Yu Yi in the Qingyun sect. Judging from his performance at the ancient meeting, Yu Yi wasn't as easy to talk to as Lin Yi. MA Zaidan and MA Zaidan weren't stupid, they knew what to do.

In addition to the strength of the green cloud School itself, there were also powerful allies such as the invincible ancient and the Shangguan family. MA Zaidan didn't think that anyone would be so stupid as to provoke the green cloud School and take the opportunity to express their loyalty. There was absolutely no risk.

Lin Yi smiled and nodded, "I'm glad you guys thought that way." By the way, I have something to ask you.  
"

"Martial granduncle, please speak. This disciple will definitely tell you everything I know!" MA Zaidan said without hesitation. The five elements sect didn't have any secrets that they couldn't tell Lin Yi anyway. The core of the secrets were just the arts of making elixirs, which Lin Yi didn't care about at all.

"It's like this. Have you ever heard of the purple mist sinful Lotus? Although it's used to rebuild the body, it's still a kind of spirit medicine. Perhaps your five elements sect has records of this?" Hong Zijun said that he heard the news from the gathering of the ten small sect leaders, but as one of the four greats, Lin Yi felt that MA Zaidan might have more detailed information.

"If it's the purple mist evil Lotus, could it be the blue sky Valley near the river of consciousness?" As expected, MA Zaidan only needed to think for a moment before he accurately said a few key words.

"That's right, it's the blue sky Valley! Do you know the exact location of the Azure sky Valley?" Lin Yi's eyes lit up as he asked.

"I'm sorry, senior granduncle, this disciple really doesn't know!" MA Zaidan said with a face full of regret. This was a rare opportunity to please Lin Yi, and he really felt that it was a pity. After thinking for a while, he continued, "Legend has it that the Azure sky Valley is located near the river of consciousness, but no one has ever found any trace of it. So I think that there must be some kind of restriction in the valley, the kind of restriction that people who don't know will never find out!"

"That's very possible!" Lin Yi was a little disappointed, but he nodded casually. "Forget it, I'll look for it again if I have the chance."

"Senior granduncle, there's something I don't know if I should say," MA Zaidan said hesitantly.

"Is it about the Azure sky Valley?" Lin Yi looked at MA Zaidan strangely and said casually, "If you have something to say, just say it. I won't blame you for anything."

"Yes, this disciple will speak!" MA Zaidan bowed slightly and said seriously, "Senior granduncle, it's said that the Azure sky secluded valley is a very dangerous place. It's filled with extremely poisonous gas. This kind of gas is fatal to those at the peak of the original level or even those at the xuansheng stage. With my alchemy skills, I may not be able to make enough poison-repelling pills."

Chapter 5658 Inviting Little Jianghu

"I know what you're talking about," Lin Yi smiled faintly, "it's just some poisonous gas, it's nothing. "

"No, senior granduncle, you're wrong!" MA Zaidan raised his head and said in a serious tone, "The poisonous gas is indeed fatal to cultivators, but to primordial spirit bodies, it's like a purgatory! If an ordinary person inhales the poisonous gas, there might be some buffer time for the poison to take effect, but if the primordial spirit and the primordial spirit body are slightly touched by a trace, they might immediately vanish into thin air!"

"There's such a thing?" Lin Yi was surprised-he really hadn't heard of this before. Did jiuqing and water lily hide it from him on purpose?

After thinking about it for a bit, Lin Yi guessed uncertainly, "Could this special property be due to the purple mist sinful Lotus?"

MA Zaidan shook his head and said, "I don't know. These are all mentioned in the legends. However, the possibility of what martial granduncle said is very high because the purple mist sinful Lotus is the best material for reconstructing the body. Those who need the purple mist sinful Lotus are naturally powerful primordial spirit bodies. It's not strange to have this characteristic that specifically targets primordial spirit bodies."

Chen bidan also interjected. "If you want to rebuild your body, you really don't have to risk going to the Azure sky Valley. Although the purple mist sinful Lotus is the best material, there are other alternatives. Even if the effect is not as good as the purple mist sinful Lotus, at least the risk is not so great."

"Thank you for your concern. I will consider it!" Lin Yi smiled and thanked the two. If he was the one who wanted to rebuild his body, he wouldn't put so much effort into it, but since it was for the ghost, he would naturally prepare the best things when he had the chance.

"Is the information about the Azure sky Valley and the purple mist Black Lotus recorded in your sect's records?" Lin Yi asked casually-he'd be able to find more clues if there were records.

Unfortunately, MA Zaidan also said that he heard it from a rumor, and it was something that happened many years ago. He even forgot where he heard it from.

Lin Yi didn't know what to do. He'd give the two more time to get more information on this and find a substitute for the purple mist evil Lotus. At least he'd have a backup plan if things didn't work.

In the evening, people from the sky piercing sect and the mysterious secrets sect came as well. The mysterious secrets sect didn't make it into the ten small sects this time, but they were still here because of their relationship with the Qingyun sect. Lin Yi didn't have much to explain to these two from the North Island Alliance. After all, with Xin Yijie's temper, he would definitely drag these two brother sects along with him.

When night fell, the snow sword sect arrived as well. The two were Bing Wuqing and Leng Leng. They had originally come to the Qingyun sect to look for Lin Yi, so they came directly after settling the snow sword sect's Affairs.

The moment Bing Wuqing saw Lin Yi, she uncharacteristically opened her mouth and asked, ""Boss, I heard that you're leaving the ancient martial world? Let me go with you!"

"You're leaving with me?" Lin Yi asked, surprised. Then what about snow sword sect? The snow sword sect is counting on you now!"

Although the four big and ten small sects were basically United by Lin Yi now, it was hard to say if there would be any changes after he left the ancient martial world. The thousand blade sect was so powerful back then, but it fell to the point where it couldn't even get into the ten small sects because of the disappearance of the invincible ancient martial world.

"It doesn't matter! I'll make the arrangements!" Bing Wuqing said firmly.

"Alright," Lin Yi shook his head with a smile, "I'd like to take you with me, but you won't be able to get to where I'm going this time. "

Leng Leng looked like she wanted to say something but hesitated. This time, she finally could not help but ask, "Where are you going?"

Lin Yi turned around and saw the anticipation in Leng Leng's eyes. The girl didn't say anything, but it was obvious that she wanted to go with Lin Yi.

"I'm going back to where I came from this time. I can't take you guys there yet. I'll come back and take you guys with me the next time I find a way. " Lin Yi didn't need to hide anything from Bing Wuqing and Leng Leng, so he explained the situation of Sky Class Island to them in simple terms.

Just like Xin Yijie and the others, even though they were both shocked and curious about the situation on Sky Class Island, Bing Wuqing wasn't someone who liked to talk much. In the end, she didn't ask any questions.

But Leng Leng knew about the existence of Sky Class Island-Lin Yi had told her that story before, but she thought it was just a story. She only found out later that it was Lin Yi's real identity.

The three of them chatted for a while before Bing Wuqing and Leng Leng were pulled away by song Lingshan, Wu Chentian, and the others to talk. They were all old friends, so there was no estrangement between them.

Lin Yi, on the other hand, continued to meet with the people from the other sects. Tonight, there were a few more people from the ten small sects, including the Qiankun sect's Daoist dujie.

By right, the enlightened dujie should hate Lin Yi to the bone, but after seeing Lin Yi's strength, the enlightened dujie made the wise choice to compromise. He was very respectful this time. Lin Yi wasn't someone who liked to kill people, and since the enlightened dujie had given in, he didn't have any intention of going against the Qiankun sect anymore.

It was the afternoon of the second day, the time for the banquet Xin Yijie had set. At the last moment, everyone arrived one after another, including Lin Yi's hardcore supporters from the Shangguan family, the thousand blade sect, the Chu family, and the spirit leaf sect. Lin Yi didn't have the chance to talk to them one by one, so he could only greet them first and find a time to have a good chat later.

The banquet prepared by Hong Zijun started on time. All the delicacies of the mountains and seas were served like flowing water, but no one paid attention to the food. The immemorial meeting had just ended, and the Qingyun school had once again gathered the four big and ten small senior executives. There must be something important to announce, and it would be related to all the sects. This matter was of course much more important than the food.

Lin Yi stood up from his seat of honor. "I've invited all the sect leaders, family heads, and elders here today because I have a few things to say. There are some details that I need everyone to discuss. Thank you for your hard work!"

"Master Lin, you're being too serious. What's so hard about these small things?"

"Martial granduncle is too polite, if there's anything you need, just tell me!"

"Elder Lin, please tell us. We're all waiting for your answer ..."

All the higher-ups agreed, and only quieted down after Lin Yi raised his hand.

"Thank you for your support, everyone. First of all, I would like to talk about the spirit Jade immortal vein. We have already discussed this matter and the details have basically been determined. There is no need to talk about the specifics. I only hope that everyone can abide by the rules and not easily try to change them!" Lin Yi started with something that had already been decided-the main point was to make them follow the rules!

Chapter 5659 Benevolence And Righteousness

This was extremely important for the beast cores trade later on, which was why Lin Yi emphasized this point.

"Other than the spirit Jade immortal Meridian, the second thing is about the inner core of the sea beast. Two days ago, I went to the Land of the Sea beast King and saw the sea serpent Dragon King, the patriarch of the sea serpent dragon clan. This is a sea serpent Dragon at the peak of the late stage of the black Ascension realm. Its true combat power is probably many times stronger than that of an ordinary human at the peak of the black Ascension realm. It should be infinitely close to the early stage of the mountain opening realm of the human race."

Everyone couldn't help but gasp at Lin Yi's words. The xuansheng stage was already a legendary level, but the sea serpent Dragon King was already equivalent to an early-stage mountain-opening master? Wouldn't that be a legendary level?

Lin Yi waved his hand, his face calm. "There's nothing strange about the sea serpent dragon king's strength. I'm telling you all this just to let you know what kind of existences exist in the deep sea of the sea beasts. In the future, when you hunt sea beasts, don't go too deep. You're also forbidden from attacking the royal family of the sea beasts. This is because other than me, even if all the human clans in the small Jianghu of the immemorial era were to join forces, they wouldn't be able to withstand the anger of the royal family of the sea beasts!"

In fact, Lin Yi's words were also hinting at what he was going to say later-he wouldn't be joining the hunting of sea beasts from now on, so this warning was still necessary.

After everyone had digested the information, Lin Yi continued, ""After meeting the sea serpent Dragon King, I came to an agreement with the Royal sea beast clan. Every year, we will use human resources to exchange for a batch of sea beast inner cores, a total of 3000 of them. However, this batch of inner cores will not be used for the exchange of slots for the spirit Jade immortal Meridian. They will only be handed over to the five elements sect for the production of elixirs. Those who need elixirs can find the Azure cloud sect to provide resources in exchange for the exchange ratio of the inner cores. You can ask sect leader Xin Yijie for the specific details later."

Compared to the sea serpent dragon king's strength, the exchange of the sea beast's inner core was nothing. However, after everyone came to their senses, they knew that this was an extremely important opportunity that was not inferior to the quota to mine the spirit Jade immortal vein.

With the five elements sect's ability to refine elixirs, it would be difficult enough for them to consume all three thousand sea beast inner elixirs within a year. It was impossible for them to have extra energy to accept other requests for refining elixirs from scattered sea beast inner elixirs.

In other words, even though there would be a large number of elixirs in the small Jianghu of the immemorial era, they would basically be controlled by the sects that participated in the exchange of the sea beast's inner cores. To get the elixirs, other than participating in the exchange, one had to pay ten times or even ten times the price afterwards!

Lin Yi didn't expect this to happen, but in fact, after the core was exchanged, it would naturally develop like this. Since the Qingyun school controlled the channel of exchange, the five elements sect was completely tied to the Qingyun school's war chariot, which was equivalent to monopolizing the entire supply of elixirs in the ancient martial world!

If any sect didn't want to join, then their development would only be pulled bigger and bigger by the sects in front of them, and they would eventually be ruthlessly eliminated.

After understanding this layer of karma, everyone had made up their minds. They had to get a share of this batch of inner cores no matter what. Fortunately, Lin Yi had planned to develop his little ancient martial world from the start, so Xin Yijie didn't have to give them this opportunity.

"The last thing is a private matter. I didn't want to tell you, but it's only right to inform everyone." Lin Yi gathered these people here to announce his departure, and he wouldn't just let it end like this.

The four big and ten small executives all put down their plans and listened to Lin Yi seriously!

The Lin Yi now was the number one of the ancient martial world, and his every move could affect the entire situation. The sea beast core trade was one such example, so Lin Yi's so-called private matter couldn't be ignored.

"Now that the small Jianghu of the immemorial era has been reshuffled, the power structure has taken shape and is gradually stabilizing. We've also reached an agreement with the sea beast clan that as long as we don't go too far in hunting, we won't offend the sea beast clan. Therefore, it won't affect anything if I leave now. The private matter I'm talking about is to take this opportunity to say goodbye to everyone!"

"Senior granduncle, where are you planning to go?" Shangguan Qingyun was the first to stand up, and asked in surprise.

Shangguan Qingyun had arrived late and hadn't had the time to talk to Lin Yi in private. Otherwise, Lin Yi would've told him the truth instead of asking him now.

Lin Yi smiled faintly and made up a story. "I'm going to investigate central. Although Central's base on queluo mountain was destroyed, we haven't caught the core members. If we don't get rid of them, they'll be a problem in the future. The clue I got is that they've temporarily left the small Jianghu of the immemorial era, so I'm going with them."

"So it's like this, martial granduncle is really benevolent and righteous! I, Shangguan Qingyun, am willing to follow martial granduncle to destroy the remaining forces in the center!" Shangguan Qingyun complimented, and immediately suggested that they go with Lin Yi.

Shangguan Feixing was right next to Shangguan Qingyun, and he knew the reason why his father had suddenly reached the Xuansheng stage. If he had the chance to follow Lin Yi, he would definitely not lose out!

"Master Lin is really chivalrous. He's working so hard for the peace of our ancient martial world. I'm willing to follow Master Lin and destroy the remaining forces in the center!"

"Elder Lin's act of righteousness is truly heaven-shaking. We are all willing to follow elder Lin and contribute our own insignificant strength!"

Lin Yi sweated. He didn't think that his random excuse would make them so excited. It seemed that having too much prestige wasn't always a good thing!

"Thank you for your support, but we don't need too many people to do this because central is best at hiding their tracks. So, it may not be a good thing to have more people. On the contrary, if I'm alone, I will have the greatest freedom and mobility, and it will be easier to find traces of central. What do you think?" Lin Yi glared at Shangguan Qingyun, gesturing for him to sit down and stop messing around. He then consoled the people who wanted to follow.

In fact, these people didn't really want to follow Lin Yi to kill the people from the center. After all, they were all big shots of their own sects, and killing people was too much of a waste of time. They wouldn't join in if it weren't for Lin Yi.

After Lin Yi said that, these people all expressed their admiration and approval for Lin Yi with regret. They said that they couldn't really follow Lin Yi, but they would support him in spirit.

#### Chapter 5660 Talking One By One

Lin Yi could only smile and nod at the situation before changing the topic, "Alright, that's all. Everyone, please let go of your stomachs and enjoy the food that our green cloud School has prepared for you! Please don't stand on ceremony and enjoy to your heart's content!"

Everyone responded with a loud bang and started toasting with people they knew, exchanging their views on the three things Lin Yi mentioned.

After Lin Yi raised his glass to everyone, he excused himself and called for Shangguan feixing, invincible Taigu, and Ling Tianyou.

Among the big four, the five elements sect was the first to know that Lin Yi was leaving, and they'd said everything they needed to say. Lin Yi wanted to talk to these two sects alone. After all, they were one of the strongest forces he'd left in the ancient martial world.

Lin Yi gestured for the four to sit down in the room he prepared beforehand. "This time, it's true that I'm leaving the small Jianghu in the immemorial era, but it's not for the reason mentioned just now. Of course, I'll investigate Central's matter, but the real reason is that I have to go back!"

"Go back? Where are you going, boss Lin Yi? The secular world?" Ling Tianyou was the first to ask. Among the four of them, he was indeed the closest to Lin Yi.

Lin Yi looked at Ling Tianyou in surprise. All this while, Ling Tianyou had been calling him brother Lin or big brother Lin. He didn't expect him to suddenly call him 'boss Lin Yi'. Was he influenced by Bing Wuqing?

However, Lin Yi didn't have the intention to correct Ling Tianyou. With his current position in the ancient martial world, if Ling Tianyou continued to call Lin Yi brother, undefeatable Taigu probably wouldn't agree. So letting Ling Tianyou be Lin Yi's follower was the best protection for Ling Tianyou.

The invincible primordial didn't object to Ling Tianyou calling him that, either. It was already an honor for Ling Tianyou to be Lin Yi's follower. In fact, it was invincible primordial who told him to do so.

"It's not the secular world, but another spatial plane! It's a place very similar to the ancient martial world! But the xuansheng stage is just a very ordinary cultivator there! The mountain opening stage is only the starting point of the Titan stage. There are even more powerful existences! If there's a chance in the future, I'll look for a way to connect the two spaces, and then I'll bring you guys over as well. " Lin Yi didn't reveal too much about Sky Class Island-they wouldn't know much anyway, so a simple introduction was enough.

"No wonder you're so powerful. It turns out that you're from the upper realm!" Shangguan feixing said emotionally. He wasn't too surprised at Lin Yi's origin, and he even mentioned the upper space. However, Lin Yi didn't know if Sky Class Island was considered an upper space of the ancient martial world.

If his guess was correct, the Sky Class Island should have been built by the disappeared Almighties from the legends of the ancient pugilistic world. Or perhaps the Sky Class Island was originally one with the ancient pugilistic world, but was divided into two worlds during the catastrophe 10000 years ago. If that was the case, there would be no such thing as an upper space.

Lin Yi even thought that if the two were one before, there might be a hidden space tunnel. Even if there wasn't, as long as one was strong enough, it wasn't impossible to open a space tunnel, or build a teleportation formation between the two worlds. Either way, they would merge together eventually.

Ling Tianyou revealed a look of reluctance as he said, ""So you're saying that you won't be able to bring anyone back, boss Lin Yi? How good would it be if I could follow you! My life was saved by you, boss Lin Yi! I don't know when we'll see each other again after you go back!"

Lin Yi smiled and patted Ling Tianyou's shoulder, "Don't show such a wishy-washy expression. Didn't you want to revitalize the thousand blades sect? I might be back soon, but when I come back, you'd better make some progress!"

Ling Tianyou roused his spirits and nodded his head vigorously. "Don't worry, boss. I won't embarrass you. When you return, the thousand blades sect will definitely become one of the four great sects!"

Lin Yi patted Ling Tianyou's shoulder again and nodded without saying anything. Everything was clear now.

He turned around and said to Shangguan feixing and invincible, "The two of you are currently the strongest existences in the small ancient underworld. I'll have to trouble the two of you with the matters of the small underworld in the future. I'll also need you to take care of green cloud School. "

Shangguan feixing and invincible immemorial quickly cupped their fists and bowed, ""You're too polite. This is what we should do!"

"In fact, I'm not particularly worried. After all, there won't be anyone more powerful than you in the ancient martial world for the time being. However, it's easy to Dodge a spear in the open, but hard to defend against an arrow in the dark. No one knows whether the universe sect and the heaven enlightening sect will use any tricks against us, so you should be careful. There's also Yu Yi. I've left him to guard the green cloud School, but if I'm not around, this guy may occasionally go crazy. At that time, I'll have to rely on you to keep him in check. " Lin Yi explained his concerns, especially Yu Yi. Without Shangguan feixing and the invincible Taigu, the Qingyun sect wouldn't be enough for him to deal with.

"Yes, please rest assured, martial granduncle! We'll definitely be careful!" The two agreed respectfully. With this double insurance, Lin Yi could finally relax.

"Alright, all of you can go out and have a good meal. I'll say goodbye to you when I'm leaving!" Lin Yi said with a smile before waving his hand for them to go eat.

After that, Lin Yi sent people to find the people from the Qiankun sect and Qitian sect. He gave them a few words of warning, and seeing that their attitudes weren't bad, he didn't say anything more.

During this time, Duanmu Yu came to find Lin Yi secretly, and Lin Yi didn't hide anything from her. He told her the truth, and although Duanmu Yu didn't want to let her go, he didn't dwell on it. He only asked Lin Yi to come back as soon as possible, and to bring her to Tianjie Island next time.

Duanmu Yu chatted with Lin Yi for a while before leaving. She knew that Lin Yi was very busy right now, and it wasn't a good time to disturb him. She didn't want to leave, but she didn't want to put Lin Yi in a difficult position either, so she left by herself.

Lin Yi didn't have a choice-he'd be saying goodbye to Duanmu Yu and the others after meeting the ten children, but he had to make her suffer a little now.
