

Bodyguard 5661

Chapter 5661 A Strange Cave Abode

When Zhao Jing entered, Lin Yi remembered the cave and asked, "Zhao Jing Zhi, do you remember the cave you mentioned when we first met? It's the immortal's cave where we got the God tamer bracelet and the inner core of the sea beast at the xuansheng stage. "

"I remember, why are you asking about this again, senior Lin?" Zhao Jingzhi said awkwardly.

"Ha ... I don't need to tell you what happened the first time I met you. I was afraid that you might have missed out something, so I wanted to ask you again to see if you have anything to add." Lin Yi thought to himself that he'd used force to pressure her back then-she probably wouldn't tell him the truth anyway, so it'd be better to ask again.

If he could find some clues in the cave, he might be able to find a way to connect heaven class Island to the immemorial little world!

Zhao Jing became more and more embarrassed. He stammered, ""That ... Actually, I didn't lie. There really isn't anything there. Senior Lin, you shouldn't go!"

What's wrong with this Zhao Jing Zhi? Did he not want to tell her? Lin Yi looked at Zhao Jingzhi, confused. Zhao Jingzhi had completely submitted to him, so there was no reason for him to hide it.

"I didn't say I wanted to go. Just tell me the details of this immortal's cave, such as where it is, what the layout inside is like, what the size is, and so on."

Zhao Jingzhi stole a glance at Lin Yi, his face a little red, "It's best if you don't go, senior Lin. Actually, the first time, although I didn't lie, I did hide something. At that time, I deliberately kept you in suspense because I wanted to arouse your interest, so that you would take the initiative to ask me about the cave dwelling. Then, I would take the opportunity to get rid of you."

"Oh?" Lin Yi raised an eyebrow. In that case, that immortal's cave is an extremely dangerous place. Do you think that I'll basically be courting death if I go there?"

"Right! That place is extremely dangerous. Senior Lin, if you go there, you'll basically be courting death!" Zhao Jing was more at ease now that he said it, and he continued, "In fact, there's really nothing left in that cave. I acted like that just now because I wanted to lure senior Lin there to die. Anyway, you went there yourself, so you can't blame me even if you don't die, right?"

"That's not important," Lin Yi smiled faintly, "you didn't do anything wrong back then. I won't hold it against you. " Now, tell me properly, how dangerous is that place?"

Zhao Jingzhi let out a breath of relief-it was fine as long as Lin Yi didn't mind. He recalled for a bit and continued, "It's like this. The space inside the immortal's cave is very large, but inexplicably, some Thunderbolts always appear out of thin air. It's clearly in the immortal's cave, but I don't know where the Thunderbolts come from, but they are extremely powerful!"

Lin Yi frowned. Lightning appearing out of thin air? This was a little strange!

"Actually, when we went there, there was also a great elder of the heaven opening sect who was at the peak of the nascent Soul Stage with us. However, it was this kind of top-tier expert who was struck to death by a bolt of lightning! That was a peak nascent soul realm cultivator! He was the top existence in the small ancient underworld! He couldn't even withstand it for a moment. If not for that, Qi Danai

wouldn't have gone to central for help this time, would he?" Zhao Jing ran off as he spoke, and he didn't even realize it.

Lin Yi didn't care about Qi Dani or the Grand Elder of the Qi Tian sect. He was more concerned about the lightning that appeared out of nowhere.

"You wait! Did you just say lightning? A Thunderbolt appeared out of thin air in the immortal's cave and killed a peak Yuanying stage expert in an instant?" Lin Yi felt that this was ridiculous. Did the people of the ancient martial world not know that they could reach the mysterious Ascension stage?

Lin Yi's first reaction was to think of the thunderclap plain Island-that was where the lightning tribulation for breaking through to the mysterious Ascension stage was located. Why did the cave Zhao Jing Yi was talking about seem like a lightning tribulation for breaking through to the mysterious Ascension stage?

"That's right, this junior said exactly that!" Zhao Jing didn't know what was wrong with Lin Yi, and could only nod in confusion.

Lin Yi pondered for a while before turning to Zhao Jing, "You've piqued my interest. Now, take me to that immortal's cave to have a look!"

"Ah?" Zhao Jing was dumbfounded. I said so much so that you wouldn't go! How did it become to attract your interest? Can you not have such strange interests?

Lin Yi didn't care what Zhao Jingzhi was thinking. He didn't want to go at all, but after hearing Zhao Jingzhi's description, it was impossible not to go. He had to see it with his own eyes to confirm whether it was what he thought it was!

Zhao Jingzhi heard that Lin Yi wanted him to take a look at the cave and froze. He saw how the Grand Elder of the Qitian sect died, and he didn't want to go through that terrifying feeling again.

Lin Yi said faintly as he looked at him. "What's wrong? You don't want to take me?"

"Senior Lin, Didn't I tell you? that place is too dangerous. Why do you have to go?" Zhao Jingzhi said with a long face. That was lightning! To a primordial spirit, the power of the same lightning would be even more terrifying than if it were to strike a physical body!"

"You don't need to worry about this. You just need to take me there!" Lin Yi said in an unquestionable tone, and Zhao Jingzhi knew that he couldn't change Lin Yi's mind anymore. He could only smile bitterly and agree.

"Wait for a moment. I'll settle the things here and go with you to the immortal's cave to take a look," Lin Yi planned to leave the ancient martial world after seeing the cave and never return to the North Island's Green cloud sect. He had to say goodbye to everyone before he left.

Of course, Zhao Zhong Yi didn't have any objections. He thought to himself, "you can take your time to settle down. I don't mind waiting forever. I don't care if you're dead or old, as long as you don't ask me to take you there ..."

He'd met all four of the big and ten small representatives already, and he'd made all the necessary arrangements. All he needed to do now was to let Xin Yijie and the others know.

Lin Yi didn't say anything about the cave-he said goodbye to Xin Yijie, Hong Zijun, Jin Weifeng, and the others and went to find Lingshan and the others, with Duanmu Yu and Leng Leng with them.

Everyone was already prepared for Lin Yi's departure-they didn't want him to leave, but they weren't too sentimental. Chentian, qikun, and qijiu all laughed at Lin Yi,"Boss, this time you have to go and come back quickly. Otherwise, when you come back, we might all surpass your strength!"

Chapter 5662 We Will Be Waiting For You

"I'll see how you perform then. If you guys still don't improve, I'll fire you!" Lin Yi smiled.

"No way! How could he be so ruthless? Boss, we're in the wrong, okay?" Chentian Wu's antics instantly washed away the faint sorrow of separation, and everyone laughed.

Lingshan gave Lin Yi a big hug-Lin Yi's wives weren't here, and she was the boss here. She couldn't let this chance go.

"You have to come back quickly. The little silly girl has been waiting for you!" Lingshan's face was red as she whispered in Lin Yi's ear.

Lin Yi hugged Lingshan hard as well, smiling."I will!"

Ziyu's eyes flickered, and when Lingshan left Lin Yi's arms, she rushed into his arms.

"Lin Yi bro, you promised my bro that you'd take care of me, but you've been leaving me alone! If you don't hurry back this time, when my brother wakes up, he'll definitely tell on you!" Ziyu hugged Lin Yi tightly, making up some random excuse, but she just wanted to stay in this warm embrace for a little longer.

Lin Yi patted her head and smiled. "Alright, since when did you learn to act coquettishly? That's not like you, Ying Ziyu!"

Ziyu hmped, too embarrassed to stay in Lin Yi's arms. She got up and stomped her feet, "I'm not joking with you. If you don't come back soon, I'll definitely complain to my brother!"

"I know, I'll be back soon!" Lin Yi smiled dotingly as he patted Ziyu's head. He couldn't help but feel sad when he thought about her brother.

"Also, Lin Yi bro, you have to find Chen Xi as soon as possible when you go back, I ... I miss her!" Ziyu couldn't help but feel sad at the mention of Chen Xi, who she hadn't heard from yet.

Lin Yi stopped smiling and nodded seriously, "I will definitely find Chen Xi! Don't worry, I won't let Chen Xi get hurt. "

That being said, Lin Yi wasn't really confident-on Sky Class Island, he wasn't the top of the list yet, but he was definitely famous. There wasn't anyone in the younger generation that could compare to him.

By right, Chen Xi should be able to get some information about Lin Yi, but she never contacted him. If something didn't happen, then she must've been teleported to a place isolated from the world.

No matter what, when he returned this time, Lin Yi had to do his best to find Chen Xi and the others. The longer he delayed, the higher the chance of an accident happening.

Duanmu Yu waited for Ziyu to finish before coming up and giving Lin Yi a big hug, smiling. "Take care of yourself, Lingshan, Ziyu, Leng Leng, and I will wait for your return!"

Lin Yi nodded and patted Duanmu Yu's back. "You too, we will meet again soon!"

After letting go of Duanmu Yu, Lin Yi raised his head to look at Leng Leng. Leng Leng turned her head to another direction, but she was secretly observing Lin Yi's movements from the corner of her eyes. It was obvious that she wanted to say goodbye to Lin Yi, but her cold personality made it hard for her to put down her face and she didn't know what to do.

Lin Yi smiled and went up to give Leng Leng a hug, whispering into her ear, "Wait for me to come back. It won't be long!"

Leng Leng's body was still a little stiff when she was pulled over, but she relaxed after Lin Yi's embrace. She didn't know what to say after hearing Lin Yi's words. It seemed like the three of them had told her everything, so she only gave a soft "en" and quietly enjoyed the warmth before they left.

Bing Wuqing, who was standing next to Leng Leng, had a cold expression on her face, as if she was writing something like 'I don't need your hug' on it. She saw Lin Yi's eyes turn to her, and she immediately said with a blank expression, ""Boss, I'll take good care of coold. Don't worry and leave!"

Lin Yi's mouth twitched. If he didn't know Bing Wuqing's ice-cold personality, he would have thought that she was possessed by Yu Yi. How could she say such vicious words so naturally?

However, it was obvious that Bing Wuqing didn't understand what she was saying. In his opinion, he had just said something very ordinary, and it was the truth. What was the problem?

Yu Yi tried to hold back his laughter, thinking, "Lin Yi, you little B * stard, even your little brother wants you to leave in peace, so you can go in peace. Just leave everything in the ancient martial world to Grandpa Yu!"

Of course, he could only think about it in his heart. Yu Yi didn't dare to say it out loud. Lin Yi could tolerate Bing Wuqing's unintentional slip of the tongue, but he would never let Yu Yi go ... Was this the difference between a follower and a slave?

Yu Yi was almost pissed off by his own thoughts. Even if Lin Yi was beaten to death, he would never understand this brain circuit!

Seeing Yu Yi's fake reluctant face and open arms to give Lin Yi a big hug, Lin Yi turned his head away and pushed his face to the side.

Why did Yu Yi's expression suddenly look so funny when he saw her? He didn't realize how funny Yu Yi was ...

No matter what, Lin Yi had said his goodbyes to everyone. He brought LAN Guzha and went to the cave under Zhao Jingzhi's lead.

The location of the cave was on an uninhabited island in the endless sea. From the environment, it was similar to the snake Island, and it reminded Lin Yi that he had a snake spirit follower there. He didn't have time this time, but he would go and see it next time.

Lin Yi had already refined five spirit tumors and was in the process of refining the sixth. He had also consumed six spirit fruits, and this was all thanks to the taishe essence spirit. Otherwise, these spirit tumors would be a huge hidden danger to Lin Yi, and he didn't know when they would erupt.

"Senior Lin, this is the location of the cave. At the center of the island, there is the crater of an extinct volcano. There is a hidden restriction there. Ordinary people can't find the traces of the cave even if they walk there," Zhao Jingzhi was a little nervous, but he still tried his best to introduce the place to Lin Yi.

Lin Yi asked, "then how did you guys find the restriction?" Could it be that there's someone among you who knows something about this?"

Chapter 5663 Heading To The Cave

Zhao Jingzhi smiled bitterly. "No, we just happened to be here. We came here because the three of us formed a team to hunt a nascent Soul Stage sea beast and wanted to find the five elements sect to refine a nascent Soul Stage golden core. Although the Grand Elder of the heaven opening sect no longer needs a nascent Soul Stage golden core, he still owed Yin chencheng a favor and Yin chencheng had given him a generous reward, so he came here together."

"There are countless small islands like this in the endless sea. You are really lucky to find this place directly!" LAN Guzha chuckled. As a king of the sea beasts, he had seen tens of thousands of islands like this. However, he had never heard of any cave dwelling being discovered.

"We were indeed lucky. We were chasing after an original infant stage sea beast, so the three of us came to this Island and followed the sea beast into the volcano. After triggering the mechanisms, we entered the cave by accident." Zhao Jingzhi smiled apologetically.

Suddenly, he remembered that the blue water dragon in front of him was a Royal of the sea beasts. It did not seem very appropriate to say that he was chasing after the sea beasts in front of him. Hence, Zhao Zhong Yi secretly sized up LAN Guzha. He only heaved a sigh of relief when he did not see any unusual expression on his face.

As they spoke, they arrived at the mouth of the extinct volcano. Lin Yi stood at the edge, and he didn't see anything unusual with his eyes or spirit sense. It looked like a normal volcano because it hadn't erupted for a long time. There was a thick layer of volcanic rock, almost blocking the mouth of the volcano.

Zhao Zhong Yi pointed to a hidden spot in the volcano and said, ""Senior Lin, that place is the place where we accidentally touched ... At that time. Then, the restriction on the volcano's crater fluctuated a little, allowing us to see the entrance of the cave. What's amazing is that before the restriction is triggered, no matter how hard you look, you can't find the entrance, but once you can see it, you can easily enter. "

Lin Yi followed his finger and saw that the area was blocked by a protruding volcanic rock. It was impossible to see clearly from the top of the volcano. When Zhao Jingzhi said that ... It was clearly meant to kill the sea beast. He was worried about LAN Guzha, so he didn't go into details.

However, those who didn't know better would think that he was talking about when he was going to the toilet ...

According to Zhao Jingzhi's explanation, the sea beast that the three of them were chasing had most likely escaped to this place and entered the volcano to hide. Then, it had accidentally touched the restriction, allowing them to discover the cave inside, and because of this, the Grand Elder of the heaven opening sect had fallen.

As expected, fortune and disaster depended on each other. No one could clearly say whether they had encountered an opportunity or a crisis.

"Thank you for leading the way. Next, the two of us will explore it ourselves. You can go back!" Lin Yi smiled faintly at Zhao Jingzhi. He could tell that Zhao Jingzhi didn't want to enter this dangerous cave again, so he didn't force him. As long as he could get in, it wouldn't be a problem.

Zhao Jing relaxed. If Lin Yi wanted him to go in, he would go in even if it cost him his life, but since Lin Yi was so considerate of his feelings, he wouldn't force himself to go.

"Senior Lin is too polite, this is what a junior should do." Zhao Zhong Yi said gratefully. Then, as if he had thought of something, he continued, "Oh, I forgot to tell you, senior Lin. We have a Deputy sect leader. You should know him. He's called Fei liangsheng. If you need our help in the future and I'm not in the sect, you can directly find Deputy sect leader Fei liangsheng!"

"Health maintenance Fei. He's already become the Deputy sect leader?" Lin Yi nodded, understanding that Zhao Jingzhi was trying to get on his good side. He didn't know where he heard that health-maintenance Fei was working for Lin Yi, but he immediately promoted him to vice-leader.

Lin Yi didn't have any particular thoughts about this-he asked a few questions about health-maintenance Fei with a smile before sending Zhao Jing away.

Lin Yi casually sent out a stream of pure Qi, lightly bombarding the mechanism. As expected, the volcanic rock in the crater started rippling like water, creating transparent ripples. As the ripples spread, a dark hole appeared in between the volcanic rock and the ripples.

"That's the entrance to the immortal's cave! Let's go in!" Lin Yi turned to LAN Guzha and rushed to the entrance of the cave.

Zhao Jing Zhi was right. Lin Yi and LAN Guzha successfully made it through the entrance. In front of them were two tightly shut bronze doors. The doors were covered in green-black rust, but they didn't seem to have the slightest bit of ancient and desolate aura.

"You're indeed an antique! I wonder what's the use of the two doors here?" LAN Guzha muttered. He stepped forward and pushed with his claws, easily opening the two bronze doors.

The three had been here before, so the bronze door was no problem at all-that was why Lin Yi let LAN Guzha go.

"Boss, it's pitch black inside and I can't see anything! If I had known earlier, I would have brought a few night-luminescent pearls with me from flood Dragon Island!" After the bronze door opened, LAN Guzha went in directly. He did not care about the dangers inside. With his strength and the strength of his physical body, there were very few people in the small Jianghu of the immemorial era who could hurt him.

Lin Yi walked in unhurriedly and reminded, "LAN Guzha, don't go too deep in. We don't know what kind of danger is in there. Come back and take a look at the situation first."

"Don't worry, boss, I know what I'm doing!" LAN Guzha replied, but he still had no intention of coming back. He only slowed down his pace, waiting for Lin Yi to come up.

Lin Yi's divine sense was fully activated. Although he was in the dark, his divine sense wasn't blocked, so it didn't affect him much.

"It's so empty inside. It seems like there's really nothing left. " Lin Yi came to LAN Guzha's side and continued to walk slowly with him.

LAN Guzha laughed."Boss, even if there's anything here, it must have been taken away by that Zhao Jingzhi. That's why it looks so empty."

"Maybe we haven't reached the real immortal's cave." Lin Yi smiled faintly, disagreeing with LAN Guzha's words. This place was empty, but there wasn't any lightning like Zhao Jingzhi had said, so he guessed that they hadn't found the real cave yet.

Chapter 5664 Jade Box

"Hey, boss, do you smell something?" LAN Guzha suddenly stopped. He turned his head and sniffed around.

Lin Yi was speechless. You're a sea serpent, not general Weiwu. Why are you acting like a dog?

But seeing LAN Guzha's serious face, Lin Yi subconsciously sniffed as well-there wasn't any special smell. Even if there was, it was the smell of the sea water from LAN Guzha ...

"What do you smell?" Lin Yi stopped as well and used his spirit sense to search more carefully, but he still didn't find anything.

"I can't tell what this smell is. It's faint, but it feels familiar. Could it be the inner core of some sea beast?" LAN Guzha stretched out his claws and scratched his head as he spoke with uncertainty.

Lin Yi had mentioned before that Zhao Zhong Yue and the others had obtained a xuansheng stage beast core here. Perhaps this was the smell of the other beast core? After all, LAN Guzha was the royal family of the sea beasts. He must be very familiar with the smell of the sea beasts' inner cores.

"LAN Guzha, can you be sure where that smell is coming from?" Lin Yi didn't find anything, but he wouldn't doubt LAN Guzha's words so easily. He patted LAN Guzha's body and told him to try to find the source of the smell.

LAN Guzha nodded. "Boss, I'll go and try. The smell is a little scattered. I might not be able to find it."

After he finished speaking, LAN Guzha sniffed hard and dangled here and there. After a while, he seemed to have found the right direction and began to move forward in a straight line.

Lin Yi was surprised. He had never heard of a sea serpent having a nose like a dog's, but that wasn't important anymore. What was important was what LAN Guzha could find-another xuansheng stage sea beast's inner core?

After a while, LAN Guzha stopped in front of a huge rock and walked around it before speaking to Lin Yi with certainty, "Boss, it's inside this rock. The feeling is stronger now, it's definitely right!"

Lin Yi used his spirit sense to scan the huge rock in front of him suspiciously, but he didn't find anything. The interior of the rock looked extremely normal, and his spirit sense could completely penetrate it.

"Boss, move aside. Let me break this stone and see!" LAN Guzha's divine sense could not find any trace of what might be inside the stone, but his strange sense of smell made him unwilling to give up just like that.

LAN Guzha had never felt that his sense of smell was so sensitive before, but for some reason, the faint smell lingered around his nose today. It couldn't be removed, and Lin Yi didn't notice it at all. Only he could smell it.

Lin Yi thought it was weird as well, but the Jade didn't give him any warning, so there shouldn't be any danger. He took two steps back and let LAN Guzha deal with the rock.

LAN Guzha did not use any complicated or profound martial arts techniques. He used his strong body to deal with the rocks. With a swing of his thick tail, a large piece of rock was smashed down.

After a few consecutive strikes, the huge rock immediately cracked into pieces. LAN Guzha used his divine consciousness as his eyes and extended two claws to pull at it a few times. He found a crushed rock the size of a millstone.

"Boss, it's here. The smell is getting stronger!" LAN Guzha turned to Lin Yi and pointed at the stone. It was dark, but Lin Yi could still see his every move.

The problem was that Lin Yi still didn't smell anything, and the stone LAN Guzha was holding didn't seem to be any different.

"LAN Guzha, be careful when you open this stone. Let's see what's inside." Lin Yi walked up and touched the stone.

LAN Guzha answered. He held the stone with one claw and slid the other on the stone. The sharp claws easily left clear marks on the stone before slowly falling off.

As the small stones fell, a small black jade box was revealed. Lin Yi was surprised-there really was something inside the stone?

If LAN Guzha didn't come along, Lin Yi wouldn't have noticed the black jade box at all.

LAN Guzha came to Lin Yi's side with the black jade box in his hands and laughed, "Boss, look, I told you there was something inside! My nose is really amazing!"

Lin Yi smiled, thinking that the two of them would have a lot in common.

LAN Guzha handed the box to Lin Yi and stared at it with wide eyes. He'd tried to open the box just now, but he couldn't find the mechanism.

He wanted to use brute force to break it, but he was afraid of hurting the thing inside the jade box. After all, it was a smell that he could smell. LAN Guzha didn't dare to touch it casually and could only place his hopes on Lin Yi.

Lin Yi looked at the black jade box in his hand with a weird expression. His spirit sense could 'see' the shape and size of the jade box, but when he wanted to go inside, it went through directly, as if he was holding air.

This situation made Lin Yi wonder if what he saw with his spirit sense in this dark space was real.

Or was it that a large part of the darkness was missing in Lin Yi's consciousness? With that thought, Lin Yi decided to light up a fire to illuminate his surroundings. His surroundings immediately came into view, overlapping with what he saw with his spirit sense.

He didn't want to light it up since using his spirit sense was the same, but now he had to use his eyes. There was nothing different, and Lin Yi was relieved.

The jade box was flat, and there was no lock or anything like that. He raised his hand and shook it a few times, and there was a slight sound from inside. It was obvious that something was put in this Jade box. He touched it inch by inch, but there was not even a small crack, as if this was a piece of natural black jade.

"This Jade box is indeed strange. I wonder what's inside. Just the box itself is already a pretty good treasure." Lin Yi couldn't open it after trying, so he handed it back to LAN Guzha. After all, it was something he found, and Lin Yi couldn't keep it for himself.

LAN Guzha received the box and tilted his head to look at the black jade box. Then, he suddenly closed his claws. After a soft crack, the black jade box immediately shattered into pieces. Soon after, a wave of pure spiritual power fluctuation spread in all directions.

Chapter 5665 It's Actually A Lightning Tribulation Point

Lin Yi looked at LAN Guzha, stunned. He was just saying that the jade box was a pretty good treasure, and this guy destroyed it right away? Lin Yi didn't have much use for the jade box anyway, so he decided to just open it and see what was inside. LAN Guzha's decisiveness was really cruel ... Cruel Dragon!

"Uh, boss, I didn't do it on purpose! "I didn't think that this thing would be so hard to hold ..." LAN Guzha looked at Lin Yi awkwardly, not knowing what to do.

Lin Yi was speechless. So you didn't do it on purpose? I was just about to praise you for being a decisive Dragon ...

"Forget it, so be it if it's broken!" Lin Yi waved his hand nonchalantly and focused on the thing LAN Guzha was holding.

Other than the fragments of the black jade box, there was also a thin book in the middle of LAN Guzha's claws. The paper was made of an unknown material, but it was extraordinarily tough. LAN Guzha's claws did not cause any damage to it.

The thing that was emitting the pure Qi was a fist-sized Blue-Gold core of a sea beast. From the strength of the Qi, Lin Yi guessed that it was at least at the peak of the mid-stage of the mysterious Ascension realm.

But Lin Yi wasn't too interested in the beast core-it was rare, but Lin Yi didn't need it right now. The book, on the other hand, was a pretty good catch.

"This is the inner core of our sea serpent dragon race!" LAN Guzha suddenly revealed a sorrowful expression as he muttered to himself while looking at the Blue-Gold inner core of the sea beast.

Lin Yi finally understood-it was the neidan of the sea Dragon race. No wonder LAN Guzha could sense it. He probably didn't smell anything, but the neidan of the same race formed a mysterious connection with him, which was why he felt like he could smell a faint scent.

"LAN Guzha, are you alright?" This was the first time Lin Yi had seen LAN Guzha with such an expression. He'd always been a carefree guy, and Lin Yi didn't know what to say.

LAN Guzha was stunned for a moment, "I'm fine! What's wrong, boss?"

Lin Yi almost thought he was seeing things-the guy didn't even show any sadness at all!

"It's fine. Let me take a look at the book in your hand. You can deal with the inner cores of your clan's seniors yourself!" Lin Yi couldn't be bothered to say anything more and pointed at the book in LAN Guzha's hand.

"Oh," LAN Guzha replied and handed the book to Lin Yi with his other claw. He then slapped the black jade piece off the side of the core and threw the core into his mouth.

Lin Yi looked at LAN Guzha blankly. Where was the elder? He just swallowed it in one gulp?

LAN Guzha grinned and said, "what are you so surprised about, boss?" The neidan of our sea serpent dragon clan is a kind of inheritance. Senior has left the neidan to the junior, which is equivalent to his spirit not being destroyed. Therefore, swallowing this neidan is the greatest respect for senior!"

The first law that the sea beasts revered was the law of the jungle. The sea serpent Dragon Tribe was able to become the king of the sea beasts not only because of their natural talent, but also because of their inheritance method.

"I see," Lin Yi smiled faintly, "take some time to digest this, I'll study this book."

LAN Guzha did as he was told and began to refine the sea serpent Dragon's inner core. Initially, the sea beast clan did not like the inner core as its efficiency was too low. However, it was a different story for the inner core of the sea serpent dragon clan.

Although the spiritual energy contained within it could not increase LAN Guzha's strength by much, he could obtain some memory inheritance from this inner core. Perhaps he could awaken some innate skills.

Lin Yi ignored LAN Guzha and flipped open the cover of the book. There were five big words on it-the essence of the lightning gathering formation!

Formation?

Lin Yi didn't know if he should be happy or sigh-he really didn't know much about formations. The book sounded powerful, but it wasn't of much use to him since he didn't understand it at all.

Even so, seeing that LAN Guzha was still digesting the core, Lin Yi decided to continue flipping through it since he had nothing to do anyway.

What he didn't expect was that the opening chapter didn't go straight to the lightning gathering formation, but started with the most basic formations. It explained everything clearly, and even a beginner like Lin Yi could understand it easily!

This piqued Lin Yi's interest-after all, formations were rare even on Sky Class Island, and almost no one understood them. If it weren't for the impression he had from the damn thing, he wouldn't even be able to break through it.

This made Lin Yi put all his attention into the book-he wouldn't have to panic if he were to run into any formations in the future.

After a long while, Lin Yi finally finished reading the thin book and sighed, ""So the Thunder gathering array is an artificial point of Thunder tribulation. Its power is not inferior to the natural point of Thunder tribulation on the thunderclap plain Island. If controlled properly, it can also be used as an offensive killing array. This is really an eye-opener for me!"

At the end of the book, it also mentioned that a Thunder gathering array had been set up here. The Grand Elder of the heaven opening sect had probably mistakenly entered the Thunder gathering array, which was why he had been killed. If he had a Thunder profound pill, he might have been able to advance to the xuansheng stage directly.

"Boss, what's the use of the Thunder tribulation points in the Thunder gathering formation?" LAN Guzha had already finished digesting the inner core. The aura on his body had become much stronger and he had already entered the peak of the early stage of the mysterious Ascension realm.

Lin Yi smiled, "that's what we humans use to reach the xuansheng stage. When you sea dragons reach adulthood, you have a chance to reach the xuansheng stage directly through transformation. But we humans have to go through lightning tribulations. So, a Thunder gathering formation is a must."

The sea serpent dragon race was indeed blessed by the heavens. They could go through a transformation from a sea serpent to a sea serpent Dragon, and another transformation from a sea serpent to a Sea Dragon. Every transformation would allow them to break through the limits of a large level. Lin Yi wondered if they would become stronger after the lightning tribulation.

Lin Yi's eyes brightened at the thought. LAN Guzha was raised to the mysterious Ascension stage by Central's medicine. He didn't go through the lightning tribulation, nor did he undergo any transformation. If he went through the lightning tribulation here, would there be some miraculous changes?

Chapter 5666 Testing The Lightning

As for the possible danger, Lin Yi didn't think there would be any at all. First of all, LAN Guzha was already at the peak of the early stage of mysterious Ascension. As a sea serpent, his body was far stronger than humans. It wouldn't be a problem even if he took a few lightning tribulations. Besides, Lin Yi didn't have anything else, but he had enough pills. One Thunder mystical pill was enough to make LAN Guzha completely safe.

Although he'd finished reading the Thunder gathering formation, it was obviously impossible for Lin Yi to set up a Thunder gathering formation himself. The materials were a problem, and Lin Yi's formation skills were a problem as well. Fortunately, the Thunder gathering formation here was set up long ago, and even if it was in disrepair, Lin Yi could still fix it.

"LAN Guzha, let's continue. There's a Thunder gathering array here. I'll let you try it out when we find it." Lin Yi didn't have any intention of hiding anything and told LAN Guzha.

LAN Guzha asked doubtfully, "boss, how did I try? Go and see if you'll be struck by lightning?"

"If you put it that way ... There's no problem!" Lin Yi smiled faintly at LAN Guzha.

"Boss, can I choose not to try?" LAN Guzha's mind flashed with the image of himself being charred black and smoking from the lightning strikes. He immediately asked with a bitter face and caution.

Lin Yi nodded, "of course you can. It's your right. But if you don't want to try, you can go back to the island now. You don't want to get hit by lightning!"

"Boss, where is that Thunder gathering array? I'm feeling a little itchy, and I want to go and try what it feels like to take a bath in lightning!" LAN Guzha's expression was one of duty-bound as he looked left and right in search of that damned Thunder gathering array. Compared to returning to flood Dragon Island, it seemed like being struck by lightning was completely acceptable!

Lin Yi chuckled and shook his head. Would this guy not leave the formation after knowing the benefits of the lightning?

As he spoke, Lin Yi brought LAN Guzha to another rock wall. He used his Qi to tap a few times, and the rock wall rippled, revealing a passage.

The book did mention how to enter the formation, and Lin Yi followed the instructions and found the node easily.

But what Lin Yi didn't understand was how Zhao Jing and Yin chencheng got into the Thunder gathering formation. If it was someone who didn't understand formations, they shouldn't even be able to find the entrance to this passage. Could it be that they had accidentally found it again?

However, it was also possible that the formation had been in disrepair for a long time and had become loose. It was possible that they could break in without using special methods.

As soon as he stepped into the tunnel, a bolt of lightning struck on his head. If it landed, Lin Yi's essence spirit would suffer and might collapse.

Fortunately, Lin Yi was prepared. A similar lightning appeared above his head, cutting off the previous lightning and dissipating it with a few cracking sounds.

LAN Guzha pulled his head back. He could feel that the lightning wasn't enough to threaten his life, but it would definitely hurt if it hit his body. If Lin Yi didn't insist, LAN Guzha wouldn't step into the formation.

"It seems that the Thunder gathering array is damaged. The lightning has escaped from the array!" Lin Yi nodded, confirming his guess. He turned around and took out a Thunder elixir for LAN Guzha, "Eat it!"

LAN Guzha didn't suspect anything and popped it into his mouth, his trust in Lin Yi evident.

Lin Yi nodded and continued to lead LAN Guzha forward. At the same time, he strengthened his guard. The tunnel wasn't long, only about a hundred steps away, but there would be lightning at almost every step. It was a strengthened version of the tunnel, and even Lin Yi, who was prepared, had a hard time dealing with it.

In this situation, it was impossible to move quickly. If he couldn't block the lightning accurately, he didn't know what would happen. If his real body was here, the lightning wouldn't be a threat, but he didn't dare to take the risk with a Yuan spirit.

Lin Yi's eyes brightened up as he walked out of the tunnel. He could see the sky covered in dark clouds, surrounded by cliffs, forming a Valley that wasn't too big or too small. In the center, there were clear formation patterns glowing and flowing.

"Thunder gathering formation! After so many years, it's still operating on its own. It's really amazing!" Lin Yi complimented as he started looking at the damaged parts of the formation. Normally, people wouldn't be able to see the patterns in a complete formation, as it was easy to grab onto the nodes and destroy them.

So when he saw the formation pattern, Lin Yi was sure that the Thunder gathering formation was damaged, but even if it was damaged, the amount of lightning it attracted was still quite shocking.

With the lightning gathering formation in his hands, it was easy for Lin Yi to observe the formation. After all, it was much easier to find the broken part than to build a new one.

On one of the array nodes of the Thunder gathering array, there was a crack in the array pattern, causing the entire array to be unable to flow when it reached this point. It could only change its direction. Because of this point, it affected the entire Thunder gathering array.

Lin Yi focused all his attention on guarding against the lightning, and the lightning at the edge of the formation was much denser than in the tunnel. Only Lin Yi could counter the lightning with lightning, and if it were someone else, they might not even be able to get close to this damaged node.

"The formation base uses spirit Jade as its power source? The spiritual Jade was only the initial energy source. After the formation was activated, the excess lightning energy would be directed underground to replenish the spiritual Jade. That was why the spiritual Jade would never be exhausted. It's almost a perpetual motion formation!" Lin Yi studied the damaged array base and exclaimed softly.

In the essence of the Thunder gathering array, only the arrangement of the array base was not mentioned in detail. Perhaps it was because the array base could not be set up by man and had to be found in a natural place? Or was the author of the essence of the array hiding something? However, this did not matter much, because the array base was not broken.

Lin Yi looked at the broken formation pattern-he didn't know if it was this node that broke first, or if the formation pattern broke first, causing the spirit Jade in the base to be unable to get energy. In the end, it was broken, but if he wanted to repair it, he'd have to fix the base first.

He took out a bunch of spirit Jade from the Jade space, took out the broken pieces of jade from the node, and filled it with new ones. He then carefully connected the broken nodes again, and after the whole process was done, a round, transparent cover appeared over the entire formation, covering the entire formation.

Chapter 5667 Transforming Into Human Form

The dark clouds in the sky churned, and the scattered lightning in the surroundings gathered again, concentrating into the transparent cover of the Thunder gathering array.

Lin Yi let out a breath of relief. The lightning gathering formation was finally repaired successfully. When the formation patterns were all hidden, the lightning gathering formation was back on track.

Lin Yi turned to LAN Guzha, "You can go in now. Don't worry, nothing will happen!"

LAN Guzha looked at the lightning that kept falling from the formation. He didn't believe that nothing would happen if he went in, but since Lin Yi said so, he didn't hesitate and charged in with gritted teeth.

The moment he entered the Thunder gathering array, a bolt of lightning struck LAN Guzha accurately. His entire slender body was covered with tiny leaping lightning arcs, but the expected destructive damage did not appear. On the contrary, LAN Guzha felt numb and numb all over his body. He was so comfortable that he could not speak.

"Hahahaha, boss, did you see that? I'm really bathing in lightning! It's so comfortable!" The lightning continued to fall, and LAN Guzha started laughing loudly, even calling out to Lin Yi outside the formation in a carefree mood.

Lin Yi smiled faintly. This was all within his calculations. LAN Guzha's body was extremely strong to begin with, and with the Thunder elixir, the lightning in the Thunder gathering formation was just enough to cleanse his body.

Although LAN Guzha's body had been repaired and mutated by Lin Yi's pure Qi, the potential contained in it was not something Lin Yi could stimulate. The lightning baptism this time was just enough to complete this crucial step and let LAN Guzha undergo a qualitative transformation!

"Hehe, it's effective! LAN Guzha has already started to evolve. I wonder how much his strength will increase after he transforms into a sea serpent Dragon?" Lin Yi's eyes were filled with relief as he looked at LAN Guzha, who was constantly writhing in the lightning gathering formation.

LAN Guzha was extremely excited as well. He could feel his strength increasing with every lightning that landed on him. This speed of improvement was unheard of. LAN Guzha finally understood why Lin Yi wanted him to try it out in the Thunder gathering formation.

When the third claw grew out of LAN Guzha's lower abdomen, LAN Guzha finally could not suppress his excitement. He could not help but roar into the sky. There was a faint Dragon's Roar that shook the Four Valleys.

Lin Yi couldn't help but be moved, "this guy has unlimited potential!" After undergoing the baptism of the lightning tribulation and completing his transformation, his strength went directly from the peak of the early stage of the mysterious Ascension realm to the late stage. In the entire sea serpent Dragon Tribe, I think only the sea serpent Dragon King can be stronger than him, right?"

Originally, LAN Guzha's transformation into a wyrm dragon would not have allowed him to advance three levels in a row. In fact, if he were to count the one level he had advanced because of the inner core, he would have advanced four levels in a row. There were many factors that had combined to form this.

For example, after the potion from the center forcibly increased LAN Guzha's strength level, it began to cause LAN Guzha's body to collapse from the genetic level. In fact, the root cause was that LAN Guzha's body was not strong enough at that time and could not bear the power of the potion.

In other words, the Medicine's power was suppressed by Lin Yi's pure Qi before it could even be used. Lin Yi took advantage of the pure Qi to fix LAN Guzha's genes and infused it into his body. This was the most direct cause of LAN Guzha's mutation.

Even Lin Yi didn't know the changes, let alone the ignorant LAN Guzha. If this continued, the residual power of the central potion would slowly be released, but whether it would be beneficial or harmful was hard to say. It was because of this that LAN Guzha's potential was evaluated as both positive and negative.

It was LAN Guzha's biggest chance to find the Thunder gathering formation with Lin Yi this time. Lin Yi wouldn't trigger the lightning for no reason, and it was under such circumstances that he suddenly had the idea of letting LAN Guzha, who was already in the xuansheng stage, try out the effect of the Thunder gathering formation.

The final result was that the power of Thunder forced out all the remnants of the central potion hidden in LAN Guzha's cells and became one of the powers of transformation and evolution. In addition to the powerful enhancement brought by the evolution itself and the undigested sea serpent Dragon's inner core, it caused him to achieve the magnificent feat of three levels in one go!

However, this was not the end. Within the lightning, LAN Guzha's huge body that had completed his evolution was shrinking rapidly. In the blink of an eye, he was only left with a height of about two meters. His three claws had also transformed into four strong and powerful limbs!

"Human form?!" Lin Yi didn't think that LAN Guzha would give him such a surprise in the end. He heard LAN Guzha mention before that the sea Dragon clan could only take human form after evolving into a Sea Dragon. Sea dragons couldn't do this at all.

However, the current LAN Guzha was obviously a sea serpent Dragon that had just evolved. There was still a long way to go before he could evolve into a Sea Dragon, but he could already successfully transform into a human. It could only be said that this guy's mutation was quite powerful. In terms of talent, it was estimated that no one in the current sea serpent Dragon Tribe could be compared with LAN Guzha.

"Hahahaha, boss, I've also turned into a human! Boss, do you think I'm handsome?" After LAN Guzha's transformation, the lightning in the Thunder gathering array calmed down temporarily. Without the dazzling lightning, LAN Guzha's new appearance was fully revealed.

His Blue-Gold shoulder-length hair exuded a luxurious glow, but it was wild and unruly in his disheveled appearance. His sharp eyebrows and Starry Eyes were filled with masculinity and dominance. The corners of his mouth were slightly raised, inadvertently revealing a trace of an evil smile. His golden-ratio figure was well-built and slender, and his well-proportioned muscles contained explosive power ...

How could he be described as handsome? He was simply going to charm thousands of girls!

Lin Yi, however, only curled his lips. "Don't you know how to change your clothes?"

One sentence changed the entire situation! He had turned from a Prince Charming to a ruffian ...

LAN Guzha had just taken a step forward, but his center of gravity was already unstable due to his unfamiliarity. Upon hearing that, he immediately fell to the ground with a loud thud. He stood up, scratched his head, and laughed dryly, "I don't think so ... Boss, can you lend me yours?"

Lin Yi was speechless-she could take on a human form, but couldn't even take out clothes-she was still half-assed!

Lin Yi had no choice but to take out a set of men's clothing from the Jade space and throw it over. It was his own spare clothes. Lin Yi was quite tall, but he couldn't compare to LAN Guzha, who was almost two meters tall. The loose Casual clothes looked like sexy tights in LAN Guzha's hands ...

Chapter 5668 The Dumbfounded Yu Yi

"Wahahaha, boss, although your clothes are a little tight, there's no helping it. You look handsome no matter what you wear. Don't you think so, boss?" LAN Guzha touched his sleeves and the bottom of his pants. He was smiling smugly.

Lin Yi didn't bother with him and walked to the lightning gathering formation to study it. This formation had an interval-the violent lightning tribulation just now had almost used up all the lightning in the sky, so it needed some time to charge up again.

Lin Yi used this chance to find the way to shut down the formation by following the instructions.

With this discovery, Lin Yi had to go back to the Qingyun sect. His plans really couldn't keep up with the changes. As long as he could guard this Thunder gathering formation, there would be more mysterious Ascension stage cultivators in the ancient martial world. If he could really connect to Sky Class Island in the future, the difference between them wouldn't be too big.

"LAN Guzha, you wait here first. I'll make a trip back to the green cloud School and bring a few people over." Lin Yi turned off the Thunder gathering formation and stood up.

LAN Guzha nodded. "Alright, boss. Do you need me to send you there? I'll be able to get there faster with my speed."

Lin Yi thought about it and shook his head, "forget it, my flying spirit beast is still outside. You can stay here and stabilize your cultivation!" It won't do you any good if you don't familiarize yourself with the continuous upgrades. "

LAN Guzha did not insist. He had just been able to transform into a human form and did not want to return to his original form immediately, especially the clothes that were not easy to put on. It was really troublesome to take them off and put them on again ... He had to cultivate the ability to transform into clothes as soon as possible!

"Boss, hurry up and come back. I'll practice walking here first. I've never tried to walk with my legs, so I'm not used to it!" LAN Guzha chuckled as he took two steps forward before he fell head first again. Fortunately, he was prepared this time. In order not to dirty his clothes, he stretched out his hand to support himself and used the force to stand up.

However, he didn't control his center of gravity well, and his whole body fell backward. As a super expert in the late stage of the mysterious Ascension realm, of course, he wouldn't fall down so easily. He used his hand to support himself, and his body stood up again ... And then fell to the side again!

Lin Yi was speechless. Seeing that LAN Guzha was having fun playing with the roly-poly toy, he didn't say anything more and left the place. He returned to the volcano outside and summoned his flying spirit beast to fly to Qingyun school.

Lin Yi didn't alert anyone when he returned to the Qingyun sect this time. He went straight to Xin Yijie and told him to inform the three xuansheng stage cultivators. They left the Qingyun sect quietly and flew to the nameless Island.

On the way, Lin Yi told Xin Yijie the method to activate the formation-this formation had to be in the hands of the green cloud sect. The situation in the ancient martial world was already dominated by the green cloud sect alone, and there was no need to create another sect that could compete with them-it'd only make the situation worse.

He brought the four of them into the cave abode. When they arrived at the valley where the Thunder gathering formation was located, LAN Guzha could already walk, run, and jump normally. He looked no different from an ordinary person. After all, he was an expert. He did not lack balance. He could easily find the trick after a little practice.

Lin Yi had already told them about LAN Guzha's transformation, but it still felt weird when they saw it with their own eyes. After all, he was still a sea serpent when they parted yesterday, but he'd turned into a fierce man today. The change was too huge.

LAN Guzha did not regard himself as an outsider. He laughed as he went up to one of them and gave him a Pat on the shoulder, "How is it? are you all dumbfounded? Are you shocked by this young master's dazzling and handsome appearance? It doesn't matter. After looking at you a few more times, you will become habitually self-abased, and there won't be any problems then! Hahahaha!"

The others were fine, but Yu Yi couldn't help but say, ""LAN Guzha, you were quite good at speaking yesterday. Why have you regressed so much today? In terms of handsomeness, how can you be compared to me?"

He suddenly remembered that Lin Yi was standing right next to him, so he quickly added, ""Not to mention, there's still our boss Lin!"

With that, Yu Yi turned to Lin Yi with a smile, meaning that master would always be the most handsome man in the world! I, Yu Yi, will always be the second in the world.

Of course, in his heart, Yu Yi would never admit it. In the world, except for Yu Yi, who would dare to say that he was handsome?

Lin Yi ignored the two of them and signaled for the three to follow. He had to explain the lightning gathering formation-who had the time to care about these two?

LAN Guzha saw Lin Yi walking towards the Thunder gathering formation and thought, "boss is strong, but he's only a little more handsome than me. Who the hell are you, Yu Yi? you look like a zombie."

At the thought of this, LAN Guzha immediately cast a sidelong glance at Yu Yi and said with a face full of disdain, "I'll admit that boss is more handsome than me, but how are you, an old man who can not die, handsome? Oh no, I patted your shoulder just now. It's so dirty. I need to wash my hands!"

Yu Yi was furious and rolled up his sleeves, "what did you say, you damn sea snake?" Do you believe that I won't kill you?"

In Yu Yi's memory, LAN Guzha was a weak sea snake that was caught by central to improve its strength with potions. Sea serpents looked quite similar to sea snakes, and LAN Guzha had the blood of sea snakes in them, so it was not nonsense.

LAN Guzha chuckled coldly. "You've got some guts, you old fart. Come on, try killing me!"

LAN Guzha did not move after he finished speaking. He immediately released his aura. The powerful aura of a late-stage mysterious Ascension cultivator was immediately revealed.

Yu Yi was dumbfounded. How did this damn sea snake suddenly become a late-stage xuansheng? F * ck, this must be Lin Yi's doing-I've only been away for a few days! All the benefits were given to this Dead Sea snake! Don't you think about who I've been working so hard for?

After glancing at Lin Yi's back resentfully, Yu Yi immediately put on a smile and said to LAN Guzha, "I'm saying that you're so handsome, brother LAN. You're going to kill me! He's so handsome, he's not giving others a way out at all, Haha, haha! Other than boss Lin Yi, you're definitely the most handsome one. I, Yu Yi, can barely be considered third. "

The situation was stronger than the person. Yu Yi immediately changed his words without saying anything, but the change was a little stiff, so he could only laugh a few times to cover it up.

LAN Guzha expressed his satisfaction with this. He snorted twice, crossed his arms in front of his chest, and looked up at the sky at a 45-degree angle.

Stupid sea snake, what are you being arrogant for? I'll get Lin Yi to help me level up too, and I'll beat you up until your parents can't recognize you!

Chapter 5669 She's Gone

Yu Yi gritted his teeth and laughed drily before running to Lin Yi. He had no choice. If he wanted to continue getting stronger, he had to grab Lin Yi tightly ...

He thought that he'd be the strongest in the ancient martial world after reaching the xuansheng stage, but he didn't expect that there was an invincible immemorial, and then Shangguan feixing who was stronger than him. Now, even that Dead Sea snake was about to break through the sky. Yu Yi felt that he was too miserable. Suddenly, he felt that Lin Yi's departure wasn't a good thing for him anymore ...

Unbeatable Taigu, Shangguan feixing, and Xin Yijie all turned back in surprise after feeling LAN Guzha's powerful aura, but they didn't stop. In their hearts, Lin Yi's words were more important than anything else, so they continued to follow after him after a few glances.

Lin Yi, on the other hand, continued to ignore the two's actions. As long as they didn't start fighting, he'd let them be.

LAN Guzha was getting bored after a long time with no one to appreciate his style. He decided to walk to Lin Yi's side and listen to him talk about the formation.

"This Thunder gathering array is one of the keys to advancing from the peak of the original level to the mysterious Ascension stage. Only after experiencing the Thunder tribulation can one integrate the various spiritual roots in one's body and become a cultivator of the mysterious Ascension stage. However, ordinary peak of the original level can not withstand the attack of the Thunder tribulation." Lin Yi said as he activated the lightning gathering formation, drawing in a bolt of lightning for everyone to feel.

Other than Xin Yijie, invincible primordial and the other two had all experienced the lightning tribulations Lin Yi created before. Their faces turned serious when they felt the lightning in the formation-the power of the lightning in the formation should be stronger than the ones Lin Yi created!

Of course, they only thought that way because they'd never experienced Lin Yi's lightning burial. This lightning spot was much weaker than lightning burial.

Without the Thunder profound pill, the human race's nascent soul realm cultivators would not be able to resist the Thunder tribulation. Even the most talented sea beasts might not be able to resist the Thunder tribulation.

Lin Yi could make the Thunder elixir, and he had the Thunder mystical vine, but he couldn't take care of the development of the ancient martial world all by himself. He had to make sure that the ancient martial world was running well.

"There are two Thunder mystical pills here as backup and a pill formula for the Thunder mystical pill. Xin Yijie, keep it well and give it to MA Zaidan to study this pill formula and see if he can make any changes to it." Lin Yi couldn't do anything on his own, so he could only pin his hopes on MA Yidan.

The elixir recipes of the ancient martial world were a system of their own. Even if the Thunder elixir recipe of the Sky Class Island was not suitable here, there was no Lei xuantang here! He could only find other methods to replace the ingredients in the pill recipe.

For example, the precious Thunder mystical vine could be replaced by the inner core of a Thunder attribute sea beast, or the inner core of a sea beast at the xuansheng stage. All these would have to be researched by MA Zaidan and the others.

Xin Yijie agreed and took the two Thunder mystical pills and the recipe seriously. Lin Yi didn't say who he was giving the pills to-Xin Yijie guessed that Lin Yi wanted him to decide on his own. He was at the peak

nascent Soul Stage now, but he didn't have enough accumulation. Even if he had the Thunder mystical pills, he wouldn't dare to try breaking through easily.

It was the same for Bing Wuqing. In terms of relationship with Lin Yi, Bing Wuqing wasn't inferior to Xin Yijie at all. However, she still hadn't accumulated enough experience, and she might not be able to break through to the xuansheng stage now.

The only thing was that Bing Wuqing's talent was one of the best in the ancient martial world. Thus, Xin Yijie had already decided that one of the two Thunder elixir pills would be reserved for Bing Wuqing.

"Yi Jie, I'll leave this Thunder gathering array to you. The trick to activating the array can only be grasped in your hands. After that, the few of you can discuss together and choose a suitable peak nascent soul realm cultivator to undergo the Thunder tribulation baptism every year. Even without the profound Thunder pill, there's still a chance to successfully advance. This will depend on their choice." Lin Yi used his Qi to tell Xin Yijie the trick and added a few more words of advice.

"Yes, martial granduncle, this disciple will remember!" "Everyone in the ancient martial world will be grateful for your great kindness!" Xin Yijie bowed respectfully.

Lin Yi even left the recipe for the Thunder Mystic pill behind. Even without the pill, just the Thunder gathering formation alone was enough to give the practitioners of the ancient martial arts world, who hadn't had a single xuansheng stage practitioner in thousands of years, the hope of breaking through. Xin Yijie was right-this was enough for all the practitioners of the ancient martial arts world to remember this great favor.

Lin Yi, on the other hand, didn't really care about all this. He left with LAN Guzha after a few more words. The matter of the little world of the ancient martial arts world was finally over, and Lin Yi was eager to return home. He just wanted to get back to Sky Class Island as soon as possible.

The spirit projection took way longer than he had expected-he didn't know if anything happened on Sky Class Island, but it was where Lin Yi's roots were now. He didn't want to waste a second and brought LAN Guzha back to the transfer station.

As soon as they reached the transit station, Lin Yi rushed to the finished building to check on the unconscious Mengyao and the others. With old Lin and the others around, Lin Yi never worried about anything.

To Lin Yi's surprise, there was no one left on the island-not just old Lin and aunt Qing, but all the unconscious people were missing as well.

"What's going on? Where did they go?" Lin Yi's shock was no small matter-the people here were the most important to him, and if something happened, it'd be a pain he couldn't bear.

He spread out his spirit sense and covered the entire Island, but there was no one there. The usually calm Lin Yi couldn't help but feel nervous.

"Boss, there's someone in the sea!" LAN Guzha didn't dare to stay idle when he saw Lin Yi running around. However, as a member of the Royal sea beasts, his attention was naturally focused on the ocean, so he found the figure in the sea earlier than Lin Yi.

Lin Yi blinked and scanned with his spirit sense. He didn't think about going into the sea before. After all, Chu Mengyao and the others were unconscious and couldn't have gone into the sea to play. Plus, the figure just popped out of the sea, which was why LAN Guzha found it first.

"It's Chen Yutian!" Lin Yi relaxed a little-he finally saw one of his own. If Yutian was fine, then the others shouldn't be in danger either. He was panicking because of his concern, but he calmed down the moment he saw Yutian.

Yutian saw Lin Yi when he brought LAN Guzha to the beach. He waved at Lin Yi excitedly, but he was holding a big net bag in each hand, full of fresh seafood. It didn't look right.

Chapter 5670 Returning To Songshan

"Boss Lin Yi, you're back! I just caught a lot of seafood, let's have a barbeque!" Yutian laughed as he ran to the beach. Lin Yi was even more certain that everyone was safe after seeing his expression.

After greeting Yutian with a smile, Lin Yi opened his mouth to ask, "Why are you the only one here? Where are the others?"

"Oh, it's senior Lin who has something to do and has to leave, so he brought aunt Qing back to the secular world." Yutian said as he stood up straight, throwing down two bags.

Lin Yi used to be his instructor, and so every time he saw Lin Yi, he'd naturally want to stand at attention and talk to him. It was a habit that couldn't be changed.

"Without elder Lin here, we felt that staying here wouldn't guarantee our safety. We might as well go back to the secular world. It would be easier to control the situation, so they brought Yaoyao, my sister, and the others back. I stayed behind to wait for you, boss. I was afraid that you would be worried when you didn't see us." Yutian explained the situation simply, and Lin Yi got it.

Old Lin was probably going back to the West Star Village to drink spring water. He had indeed left for quite a long time this time. The others were afraid that someone from the immemorial pugilistic world would come to the transit station. Without old Lin, the remaining few were no match for the cultivators from the immemorial pugilistic world, so they might as well go back to the secular world.

In the secular world, they were the top existences. There was probably no one in the world who could be their match. Unless they used weapons of mass destruction, everything was under their control. It would indeed be more convenient to return to the secular world.

"It's good that they're back-let's go back together, then. I'll be going back to Sky Class island after visiting them!" Lin Yi signaled for Yutian to follow him to the teleportation point.

Chen Yutian froze and pointed at the two bags of seafood on the ground, "Don't you want to eat some seafood first?"

"I'm about to vomit from eating this, what's so rare about it!" LAN Guzha glanced at the two bags in disgust before shaking his head and following Lin Yi.

"I forgot to ask, Who are you?" Chen Yutian saw that Lin Yi really wasn't interested so he opened both nets and threw them back into the sea. He caught up with LAN Guzha.

Just as LAN Guzha was about to pose his most handsome pose to answer the question, Lin Yi replied without even turning his head, "His name is LAN Guzha. He's a new little brother I took in from the ancient martial world. LAN Guzha, Chen Yutian is also my little brother, one of the first batch to follow me, so you have to respect him!"

If Lin Yi didn't say that, with LAN Guzha's strength, he wouldn't even think of Yutian as a Foundation Stage cultivator. Now ... He didn't seem to care much, "Don't worry, boss. I will respect him, but I really don't think there's anything to respect for people who aren't as handsome as me! Of course, in this world, there doesn't seem to be anyone more handsome than me. Hahaha.....Boss, you might be the only exception!"

Lin Yi was speechless. Did LAN Guzha accidentally go into Qi deviation when he transformed into human form? Or was it because there was too much lightning in the Thunder gathering array that he was struck silly?

No one could be narcissistic to this extent. You're a flood Dragon! Can't you show some of the domineering aura of a flood Dragon?

Lin Yi didn't turn around, but he could clearly see LAN Guzha's pose with his spirit sense. His mouth twitched. Forget it, this guy should just give up on treatment ...

Yutian, on the other hand, was sizing up LAN Guzha with curiosity. He didn't know where Lin Yi found this guy, but to be honest, he was more handsome than him. He couldn't tell what strength he had, but his posture was really ugly!

LAN Guzha didn't know what Chen Yutian was thinking, or he would've turned back into his original form and spat on Chen Yutian's face! After the perfect pose, LAN Guzha put his arm around Chen Yutian's shoulder, "Since the boss said you'll follow the boss first, I'll call you Yutian bro. To be honest, you're not as handsome as me, but you're still much better than that old fart Yu Yi. It looks like the third place will be yours. That old fart will have to move back again. He'll be so angry later, haha!"

"Thanks for the compliment!" Yutian laughed dryly. Actually, you can just call me by my name. You don't have to be so polite. "

Yutian bro sounded like someone who would only appear on rainy days-he was so bright and sunny, so how was that rainy?

"What are you being so polite for? this is what I should do. Yutian bro, I need you to bring me around on this trip to your territory. If I don't do this, I'll attract a lot of attention and I won't even know where to go." LAN Guzha's expression was as if it was only natural. Chen Yutian felt that he really couldn't keep up with LAN Guzha's thoughts. He couldn't continue the conversation!

Luckily, they had arrived at the portal. Yutian yawned and got rid of LAN Guzha's arm, entering the portal first.

After Lin Yi put the Jade in place, he activated the teleportation formation. There was a flash of light, and the three of them left the transit station and returned to the teleportation formation in the secular world.

Lin Yi wanted to go to the river of consciousness to look for the valley, but he couldn't find the exact location after asking around for a long time. In order to not waste time, he decided to wait until next time.

Near the teleportation formation, Yu Bing had people build an Ice Palace division, with many practitioners from the common world guarding it. One was to protect the teleportation formation from being destroyed, and two was to wait for Lin Yi's return.

As a result, a helicopter arrived as soon as the three appeared, taking them to the nearest airport and transferring to a private jet.

LAN Guzha said excitedly, "boss, this place is really interesting. The flying devices are really amazing. They can fly fast and steadily. Moreover, they don't need to consume any spiritual Jade. They're of the best quality! It's similar to the oil Al Fu Gull in the center!"

Lin Yi smiled faintly but didn't explain further. The technology of the common world was quite amazing in the practitioner's world. It was just like the technology boom on Sky Class Island, or Kang Zhaoming's armor and laser cannon. It was normal for LAN Guzha to be surprised.

When he got back to the villa, Yu Bing and Yu Dake were both there, and there were a few young girls, probably their girlfriends, helping to take care of the unconscious people. Lin Yi checked them one by one, and the situation was still the same-it didn't get any better or worse. He couldn't wake them up no matter what he did-he could only hope that he could find his cheap master Zhang Liju as soon as possible after returning to Sky Class Island, and then come back to save them.
