

Bodyguard 5671

Chapter 5671 Heading To Miracle Doctor Guan's Group

Lin Yi talked to the girls alone for a long time, and a few hours passed before Yutian knocked on the door. "Boss, I received a mission from the supernatural Investigation Bureau and have to leave for a while, so I came to tell you."

"You should go, but be careful. Although you should have no opponents in the secular world, central seems to be stirring up trouble again. Their strength can not be underestimated." Lin Yi got up and patted Yutian's shoulder, giving him some advice. Lin Yi wasn't sure if central would come back to cause trouble, and decided to just rest and recover.

Yutian turned around and left, and Lin Yi followed after one last look at the girls.

Lin Yi decided to visit his two followers, Kang Xiaobo and fatty Lai. They weren't really interested in practicing, and the business world was the best stage for them to show off their skills. He wanted to meet these two followers of his before he went back.

After seeing his unconscious sisters-in-law, LAN Guzha had been watching TV in the living room while eating and drinking. Whether it was the wonderful programs or the delicious food, LAN Guzha felt very happy. He felt that this was a heaven-like place. What kind of life was he living in the endless sea before?

Seeing Lin Yi come down, LAN Guzha quickly stretched his neck and swallowed the food in his mouth. He said excitedly, "Boss, are you going to take me out for a walk? I can do it anytime!"

They'd agreed to let Yutian take LAN Guzha out to play, but Yutian was out on a mission. They had no choice but to count on Lin Yi. As for Yu Bing and Yu Dake, LAN Guzha didn't think they were as good as Yutian, and they were in charge of guarding this place, so it wasn't easy for them to leave.

Lin Yi smiled. This was LAN Guzha's first time in the common world, and he was full of curiosity. He didn't want to bring him to see Kang Xiaobo and Lai Changyi, but since he wanted to go out, Lin Yi didn't mind bringing him.

"Let's go, I'll just show you around. " With that, Lin Yi said goodbye to Yu Bing and the others before leaving with the excited LAN Guzha.

On the main street, LAN Guzha only felt that there were novel things everywhere. He had not even been to a human town in the small Jianghu of the immemorial era. Of course, it was too much for his eyes to take in when he came to the secular world.

On the other hand, LAN Guzha's handsome appearance also brought a rather high number of people to turn their heads. Especially that head of luxurious Blue-Gold hair, it was especially dazzling under the sun. Fortunately, the people of the secular world were used to seeing the world and thought that this kid had dyed his hair. The scene of being surrounded did not appear as LAN Guzha had expected.

"Boss, this place is really fun. How long do you plan to stay here? Otherwise, we can just stay here forever!" The more LAN Guzha looked at the place, the more he liked it. He started urging Lin Yi to just stay here.

As for the thin spiritual energy of heaven and earth in the secular world, it was completely ignored by LAN Guzha. After all, at his level, it was basically impossible to rely on natural spiritual energy to improve. As long as he did not consume too much spiritual power, it did not matter whether there was spiritual energy or not. At most, he would use spiritual jades to supplement his daily losses.

Lin Yi's heart moved. If LAN Guzha liked to stay in the common world, it was not a bad choice. After all, Central's guys had already returned to the common world. He didn't know if they could create a master in the xuansheng stage here. With LAN Guzha's strength, no human in the xuansheng stage was his opponent. With him around, it was safer.

"LAN Guzha, I can't stay here for too long, but if you like it here, you can stay." Lin Yi said to LAN Guzha.

"I want to follow boss. I'll go wherever he goes!" LAN Guzha said after a moment of hesitation.

Even though the secular world was very attractive to him, LAN Guzha still knew what he should choose.

"Didn't I tell you? you can't go where I want to go, so if you're not here, you'll have to go back to the endless sea," Lin Yi smiled.

"Then I'll just stay here!" LAN Guzha did not hesitate and made his decision immediately. After witnessing the prosperity of the secular world, he did not want to return to the damned endless sea.

"If you choose to stay here, then I have to ask you for a favor. Help me protect the people in that villa, okay?" Lin Yi said seriously. This was related to the safety of Chu Mengyao and the others. He would not take it lightly.

"Don't worry, boss. Leave the safety of the sisters-in-law to me, LAN Guzha! If there's any problem with the sisters-in-law, boss, you can just look for me!" LAN Guzha immediately patted his chest and

promised. This was a good reason to stay. Lin Yi didn't use an order, but a negotiating tone. Even the heartless LAN Guzha could feel the respect Lin Yi had for him.

With such a boss, what else was there to say?

"Thank you very much. With you here, I feel much more at ease!" Lin Yi smiled and nodded at LAN Guzha. Even if central wanted to cause trouble, there was nothing to worry about.

Before he knew it, the two had reached the entrance of miracle doctor Guan's Medical Group. Lin Yi looked up at the tall building and was in a daze for a moment. The people around him were rushing back and forth, giving Lin Yi a strange feeling. It was familiar, yet foreign at the same time. The days before felt like a lifetime ago.

LAN Guzha stood beside Lin Yi, looking around impatiently. He even put on a bright smile when he saw a pretty girl looking at him, and when the girl turned away with her face red, he started laughing happily.

Lin Yi came back to his senses and shook his head slightly before walking towards the building's main entrance. LAN Guzha turned around and saw that Lin Yi wasn't beside him, so he quickly followed.

After entering the building, Lin Yi walked straight to the elevator for the higher-ups, and a pretty girl at the front desk stopped him. She smiled sweetly before speaking, "Hello, Sir. How can I help you?"

Lin Yi blinked, remembering that he hadn't been in miracle doctor Guan's Medical Group for a long time. Most of the employees probably didn't know him, and not many of the old employees knew him either, so it was normal for them to be stopped.

Lin Yi didn't want to make things difficult for this pretty lady, so he smiled. "I'm looking for Kang Xiaobo. This is the elevator, right?"

Chapter 5672 You Dare To Insult Us!

The little beauty still maintained her sweet smile and nodded lightly. "That's right, that's right, but this elevator is for the use of our group's higher-ups, and people without fingerprint identification can't use it. Also, if you want to see Chairman Kang, you need to make an appointment in advance. "

"Can I trouble you to give him a call and tell him that Lin Yi's looking for him? I think he'll see me!" Lin Yi said calmly. If it was an old employee, they'd know who Lin Yi was even if they didn't know him. After all, both Xiaobo and Changyi considered themselves Lin Yi's lackeys, and they were proud of it.

The pretty girl thought Lin Yi's name was familiar, but she didn't remember that he was an important figure the two chairmen had specifically asked for. After all, Lin Yi had never appeared before, and no one would remember the name of someone they'd never seen or seen before.

"I'm sorry, but Chairman Kang is currently receiving some foreign guests. It's not convenient for me to call and disturb him. Could you please wait a moment?" The pretty girl said apologetically, and Lin Yi wasn't unhappy at all.

"Since Kang Xiaobo isn't free, then is Lai Changyi around? It's the same if you go to him. " Lin Yi asked Lai Changyi. They were the same anyway, so he could see the other if he saw one.

"I'm sorry, Chairman Lai is also receiving the foreign guests, so I couldn't inform him,"the little beauty said awkwardly.

Lin Yi was able to call Xiaobo and Changyi by their names, so he must be someone special. The pretty girl didn't think he was a normal person either, and so she started to get nervous after rejecting Lin Yi's requests.

In fact, she was overthinking it-why would Lin Yi be mad at a normal person? Not to mention, Lin Yi had a pretty good impression of this pretty girl. A front desk like this was very well-mannered!

Lin Yi was wondering what kind of guest was here that needed both Changyi and Xiaobo to attend to him? These two had become the co-chairmen of miracle doctor Guan Medical Group after Lin Yi left. Under normal circumstances, one of them was already a very Grand treatment, but two of them came at once? were they foreign leaders?

"Then forget it. When they're done, tell them I've been here and let them find me!" Lin Yi waved his hand, letting them be. The two had gone to the transit station with him and said what needed to be said. They were more focused on business, so Lin Yi didn't want to disturb them.

"Okay, Mr. Lin, I'll definitely convey your message to the two chairmen!" The little beauty smiled sweetly and bowed slightly, her words and actions were impeccable.

At that moment, the elevator for the group's senior management opened and a beautiful young woman came out. When she heard the little Beauty's words, she asked, ""Who are these two guests? You want to see the chairman?"

"Yes, CEO LAN, they want to see the two chairmen," the little beauty quickly replied. I've already told them that the two chairmen are receiving foreign guests and can't see them for the time being. "

The beautiful woman was LAN Fen, and she turned to see Lin Yi smiling at her. "Big brother Lin! You're back! Why didn't you tell us to pick you up?"

"I'm here to inform you!" Lin Yi joked a little as he looked at his old friend, but LAN Fen reminded him of Tang Yin, and his mood dimmed.

"Big brother Lin, you should've asked Xiaobo and the others to come down and pick you up. You're not joking with the girl at the front desk!" LAN Fen grumbled with a smile before pulling Lin Yi into the elevator.

The little beauty at the front desk saw that the usually calm CEO LAN was a little excited, and she was secretly speechless. She thought that these two handsome men were indeed not simple. Fortunately, she did not offend them!

After entering the elevator, LAN Fen pressed the button for the highest floor. "Brother Lin, how's Yun Yun?"

Lin Yi couldn't help but let out a long sigh. He'd just thought of Tang Yin, and LAN Fen was already asking about her. As expected of the best of besties.

LAN Fen was frustrated-why was she asking Tang Yin for no reason? she knew the answer, and she still asked!

He was thinking of how to change the topic without leaving a trace when LAN Guzha asked Lin Yi in a low voice, "Boss, her surname is also LAN? Could he be a relative of mine? I'm so handsome, and she's pretty too. It's possible!"

Lin Yi looked at LAN Guzha speechlessly. What the hell was this? LAN Fen is a human from the mortal world, and you're a real Dragon from the endless sea? Not to mention eight poles, even eight million poles wouldn't be enough!

LAN Fen was just thinking about how to get over the topic when someone offered her a way out. She laughed, "Is this gentleman also surnamed LAN? What a coincidence, maybe our ancestors are really one family. "

Lin Yi looked at LAN Fen, not saying anything. If LAN Fen knew that it was a Dragon in front of her, she'd probably go to her ancestors "graves to repent, wouldn't she? To say that their ancestors were from the sea serpent dragon clan was equivalent to saying that they were the descendants of demons in the secular world!

LAN Guzha didn't care what Lin Yi was thinking. He liked to talk to beautiful or handsome humans the most. As long as LAN Fen responded, he'd immediately use his special skill of being close to her and start a conversation with her.

LAN Fen didn't want Lin Yi to keep thinking about Tang Yin's sad past, and so she went along with the conversation. When the elevator stopped, the two really did look like long-lost siblings ...

The elevator door opened. As soon as he walked out, he heard the sound of a quarrel coming from the chairman's office. Because ordinary people were not allowed to come up to this floor, the office door was not closed, so the conversation inside could be heard very clearly.

An unfamiliar man's voice spoke in stiff Chinese, ""...If your miracle doctor Guan medicine company wants to enter Europe for the drug Fair, you'll have to go through sanctum ..."

Xiaobo cut him off rudely. "We received an official invitation from Europe to attend the exhibition. What organization are you from? Saint domain? Is there Saint Seiya? Do you want us to go and see your leader, Athena? Will she use her golden staff to attack us?"

"You dare to insult us sanctuary-realm?!" The strange man was furious, and his voice was obviously raised by an octave, sounding a little sharp and harsh, ""I'm telling you, all pharmaceutical industries in Europe must be approved by the sacred Alliance. Otherwise, it will be difficult to move forward. You want to enter Europe but don't follow the rules of the sacred Alliance. The only outcome is to be pushed out!"

Chapter 5673 The Sacred Alliance

Xiaobo said with a laugh, his tone full of disdain. "Alright! I'd like to see if your Saint seiya's are really that powerful! If you have any means to attack our Medical Group, just bring it on!"

Xiaobo and Changyi were both foundation level fighters now. They were practically invincible in the mortal world, aside from their own people. Saint seiya's were nothing more than a joke to Xiaobo, and even if they really did have one, he wouldn't be afraid.

As for using normal business methods, there was nothing to worry about with a Business Expert like Lai Changyi around. After all, miracle doctor Guan's Medical Group had a lot of money now, and there was nothing to worry about when it came to capital.

Whether it was civil or military, Kang Xiaobo wasn't afraid at all. If they were here to discuss business, Kang Xiaobo and Lai Changyi would follow the rules and cooperate with them, but threatening doctor Guan's Medical Group was a big mistake!

The man said in English, a little flustered, but Xiaobo replied indifferently. "Take care, I won't send you off!"

Lin Yi saw two angry Europeans come out, cursing in English.

Lin Yi frowned, but didn't have the intention to teach the two a lesson. It wasn't appropriate for Lin Yi to interfere with the common world's affairs, and he believed that Xiaobo and Changyi could handle the business world.

The whole thing looked simple-miracle doctor Guan's company wanted to get their products into Europe, and their springboard was the upcoming exhibition. Then, an organization that controlled the business in Europe jumped out and asked for benefits from the company, but Xiaobo rejected them outright.

LAN Fen waited for the two to leave before smiling apologetically at Lin Yi. "Big brother Lin, I'm so sorry. You've just returned and you're already in such an unpleasant situation."

"What's there to be embarrassed about?" Lin Yi said, waving his hand. Any product that wants to enter Europe and America will be resisted by the local financial oligarchs. If you want to open the market smoothly, it's not just about the quality of the product. I think Xiaobo and Changyi can handle these things well, so I don't have to worry about it, right?"

Xiaobo and Changyi rushed out upon hearing the conversation, surprised. "Boss, you're back! How was it, was it fun in the small world of the immemorial era?"

The two rushed up to Lin Yi and gave him a Big Bear hug. They were both Lin Yi's followers from the very beginning, and their relationship wasn't normal.

Lin Yi was quite happy as well, "There's nothing fun about it, so I'm back!"

"Hahaha, then boss, why don't you stay here and not leave?" Xiaobo said with a laugh. He knew that it was impossible, but it didn't really matter to Lin Yi.

"Don't just talk nonsense, let boss in!" Changyi said, pushing Xiaobo away. Quickly take out your precious tea and brew it. "

"Damn, fatty Lai, you've been eyeing my tea leaves for a long time, right? You know that boss doesn't like to drink tea, so you're abusing your position for your own benefit, right?" Xiaobo's face was full of anger, but his eyes were full of smiles.

With Lin Yi here, the atmosphere was completely different from normal.

Changyi laughed heartily, neither denying nor admitting to it as he pulled Lin Yi into his office.

After introducing LAN Guzha to the two, they quickly became close to each other. They were both Lin Yi's underlings and could be considered a family. There was a natural sense of closeness, and with LAN Guzha's natural familiarity, they were already Close Brothers in a while.

After a while, the topic shifted back to the two Europeans. Lin Yi didn't want to get involved with the common world, but it didn't matter if he heard the whole story. He could give some advice if necessary.

The most important thing was that LAN Guzha was very interested in Saint Seiya and Athena, but he didn't know that it was just Kang Xiaobo's nonsense.

After listening to Xiaobo's explanation, Lin Yi realized that this sanctuary organization wasn't a simple place. They didn't have Saint seiyas, but they were a force to be reckoned with in Europe!

"You're saying that the sacred Alliance just appeared out of nowhere? And then monopolize the European pharmaceutical market in a very short time?" Lin Yi frowned-this wasn't what he'd expected.

Xiaobo nodded."That's right. I've never heard of a Sanctuary Alliance in Europe before. Although our products are in short supply in China and we haven't been able to export them in large quantities, we've been paying attention to the European and American markets. After all, opening the International market is something we have to do sooner or later."

Changyi added,"our medicine is very popular in Europe. We can't get the goods through proper channels, so many smuggler groups buy them in China and then smuggle them to Europe for profit. That's why our medicine is very well-known in Europe. This is the reason why they sent an invitation to our company for the medical exhibition this time. It just so happens that our production capacity has increased further, and it's time to enter the International market. It's a perfect opportunity for both sides."

"The European exhibition was very happy to get our confirmation. I didn't expect the sanctuary Alliance to suddenly appear and send people to our group." LAN Fen made tea herself and filled Lin Yi's Cup with a smile.

Xiaobo moved a little to the side, letting LAN Fen sit down beside him. "Boss, ever since the sanctuary Alliance appeared, the organizers of the exhibition have changed their attitude towards us. That's why Brother Lai and I are meeting with the people from the sanctuary. We want to know more about them."

"Then have you guys figured it out?" Lin Yi thanked LAN Fen as he lifted his cup.

Changyi and Xiaobo looked at each other awkwardly before opening their mouths. "Boss, you saw the situation just now. These two foreigners were overbearing as soon as they arrived. They talked for a long time, but in the end, they parted on bad terms. They didn't get any useful information."

Lin Yi took a sip, letting the tea's aroma slowly bloom on the tip of his tongue. He savored the aftertaste, and felt that it was a world of difference from the spiritual tea on Sky Class Island. He couldn't help but shake his head, "You should know the background of the medical exhibition, right?"

Chapter 5674 Things And People Are Not The Same

"I do know that. The organizer is a Pharmaceutical Group with an ancient noble family in France behind it. They have a deep background in Europe." LAN Fen seemed to be in charge of the information, and so she answered the question.

Lin Yi put down his cup and smiled faintly, "Such a powerful organization was suppressed by the sacred Alliance. It would be strange if you could find out the details of the sacred Alliance."

LAN Guzha took a sip of tea like Lin Yi did, feeling the bitterness. He wanted to spit it out, but he was afraid of embarrassing Lin Yi. If Lin Yi didn't bring him out in the future, it would be over. He could only swallow the tea with a bitter face.

She put down her cup after hearing Lin Yi's words and requested enthusiastically, ""Boss, why don't you let me go and get rid of that sacred Alliance guy? By the way, Where is Europe? If I go over now and kill them, I'll still be able to make it back for dinner, right?"

In fact, LAN Guzha was so eager to deal with the sanctuary Alliance, most likely because he wanted to confirm whether the Saint seiya and the goddess Athena were there. Kang Xiaobo said it was a joke, but LAN Guzha felt that he had to confirm it himself.

"I don't need you to do anything, I'll let you know if I need anything!" Lin Yi smiled.

"Boss, just tell me if you need anything. I, LAN Guzha, will definitely do my best!" LAN Guzha said with a sigh.

With that, he focused on the fruits and desserts LAN Fen had placed on the table. As for the teacup, he would never touch it again.

With LAN Guzha's interruption, Lin Yi didn't want to talk about the sacred Alliance anymore. There wasn't enough information right now, so there was no point in talking about it. He stood up and said, "That's all for today. When are you leaving for Europe to attend the exhibition? Let me know when the time comes, I'll go with you!"

"Alright, boss!" Xiaobo and the others stood up quickly. They didn't think that Lin Yi needed to do something like this, but they felt more confident with Lin Yi coming with them. It was rare for them to get to see Lin Yi, and going to Europe together would be a good trip.

"Boss, why don't we go for a meal together?" Seeing that Lin Yi was leaving so soon, Changyi wanted to have dinner with him so they could spend more time together.

If Lin Yi had followed his original plan and was going back to Sky Class Island soon after meeting them, eating together would be a must, but now that he was going to see the sacred Alliance, there was no rush.

The main thing was that Lin Yi felt that the sacred Alliance's appearance was a little strange. This timing ...

"You guys go ahead. I still have to meet other people. We can have dinner when we go to Europe." Lin Yi smiled and waved his hand, telling them not to send him off. He turned around and walked towards the elevator with LAN Guzha.

Lin Yi said he didn't need to see them off, but Xiaobo and the others couldn't just ignore him. Lin Yi was their most respected boss, after all. Even LAN Fen accompanied him into the elevator and out of the building.

"Alright, you guys can go back to work. If you continue, you'll have to send me back to the villa! Just call me if you need anything!" With that, Lin Yi left the group with LAN Guzha, not bothering with the three anymore.

LAN Guzha followed Lin Yi for a while and saw the fashionable clothes in the window displays. His eyes lit up, "Boss, I want some new clothes. Why don't we go over there?"

Lin Yi looked at the clothing store. He really wasn't interested in shopping with LAN Guzha, so he shook his head, "It's too troublesome to buy clothes. It's inconvenient to carry them around. Why don't you go buy them yourself and then go back to the villa?"

LAN Guzha immediately hesitated. On one hand, it was a handsome outfit. On the other hand, it was a rare opportunity to broaden his horizons. It was a difficult choice!

Lin Yi didn't stop and didn't even turn his head, "Let's go. I'll get someone to send a set of clothes that are suitable for you to the villa. It'll be enough for you to wear for a few years. "

This was no big deal at all. Wealth in the common world was just a meaningless number to Lin Yi. If LAN Guzha liked it, he could even buy a clothing company to make clothes for him. There was no need to waste even a second on this.

LAN Guzha laughed at Lin Yi's words and followed behind him, satisfied.

Lin Yi was thinking about who he should look for next when he stopped in his tracks and looked carefully. This seemed to be the bar where he first met sun Jingyi? It'd been a long time since he'd seen her, and Lin Yi couldn't help but miss the promise they made to be half lovers.

Let's go see sun Jingyi! Lin Yi made his decision immediately, but sun Jingyi's family was in another city, quite far from here. Lin Yi could fly over quickly in his spirit form, but he couldn't follow LAN Guzha.

"Boss, do you want to go there to eat? Then let's go, what are you standing here for?" LAN Guzha followed Lin Yi's gaze and saw a Western restaurant. There were a few people eating inside, and he felt hungry.

In fact, LAN Guzha was a super expert in the late stage of the mysterious Ascension realm. What he needed to replenish was pure spiritual energy. It was useless to eat more of the food in the secular world. The so-called hunger was simply because he was hungry.

Lin Yi sighed as he looked at the restaurant-it was the bar he and Jingyi had come across, but it'd become a completely different restaurant now!

"Let's go and eat something there!" Lin Yi didn't reject LAN Guzha's suggestion. The bar was gone, but it was still the same place.

LAN Guzha ran over with a big smile after Lin Yi agreed, opening the door before the doorman could. He was about to go in when he suddenly turned back to Lin Yi, "Boss, after you!"

"When did you become so polite?" Lin Yi smiled, not bothering to argue with him.

The restaurant was luxuriously decorated, and it didn't look low class at all, but Lin Yi was very disappointed. He only realized after entering that there really wasn't a single trace of the bar from before left.

After LAN Guzha followed them in, he immediately picked a seat and sat down. He first praised the luxurious decorations of the place before he called out to the waiter, "Waiter, I'd like twice-cooked pork, saliva chicken, roasted whole lamb, cumin beef, ancient meat, meatball with crab powder ..."

Chapter 5675 God Lin Arrives

Lin Yi was dumbfounded-where did this guy get all these names from? Then he could probably do a crosstalk with that much energy, right?

More importantly, this was a Western restaurant! You've listed so many Chinese cuisines, including the four major cuisines. You're obviously here to cause trouble, aren't you?

In fact, how would LAN Guzha know the difference between Chinese and Western food? He had seen these dishes on a food introduction program on TV. At that time, he was already drooling. It was not easy for him to come to a restaurant, so of course, he had to order all of them at once. However, as a carnivorous king of the sea beasts, he definitely did not eat vegetables. He also felt like vomiting after eating seafood. Chicken, duck, beef, mutton, and pork were enough.

Lin Yi had just thought of that when a young man rushed out angrily, "Where did this little bastard come from, daring to cause trouble at my place? Are you tired of living?"

Seeing this person rush out, the few people who were eating called for the bill and then left in a hurry. They clearly knew that this person was not easy to get along with.

But Lin Yi was surprised-the voice sounded familiar. Did he know this person?

He turned around and found the man familiar, but he couldn't remember his name. He should be a nobody whom he had seen before but didn't take seriously.

Since Lin Yi hadn't sat down yet and was still standing near the door, the young man and his four burly men completely ignored Lin Yi and surrounded LAN Guzha.

"Why are you all surrounding me?" LAN Guzha asked curiously. Hurry up and bring the dishes up! Move aside, the stench is affecting this young master's appetite. "

"Kid, which gang are you from? Who ordered you to come here and cause trouble?" When the young man saw LAN Guzha's fearless expression even after being surrounded, he felt that this fellow might have some background. He immediately became more polite when he spoke.

LAN Guzha scratched his head and thought, "have you heard of the path to the flood Dragon Island in the endless sea?"

"Boss, is it so troublesome to eat here? Can I beat them up?" LAN Guzha ignored the young man and stood up to ask Lin Yi.

LAN Guzha was about two meters tall. When he stood up, he was about a head taller than the muscular men. He looked like a crane standing among chickens.

The young man's heart skipped a beat when he heard that LAN Guzha had a boss. He quickly turned around and saw Lin Yi standing there casually, not looking like he was that powerful.

However, upon closer inspection, the young man's expression changed. This guy looked very familiar!

Before he could speak, another young man ran out and shouted anxiously, ""Brother, don't be rash, let's talk this out. God Lin told us to behave and not cause trouble! I'm telling you, God Lin Yi can appear at any time!"

Lin Yi raised a brow-this was where he first met Jingyi, and so he didn't use his spirit sense to scan the area. There wasn't much danger in the common world anyway, and he didn't have to be on alert all the time, so he missed out on familiar faces.

Lin Yi recognized the guy right away-it was the second of the big four, zou ruoming. He was considered Lin Yi's schoolmate, and became Lin Yi's follower's follower after that. It was just that he joined Lin Yi's side a little later, and didn't have as much success as Xiaobo.

Seeing zou ruoming, Lin Yi remembered who the young man was. It was zou ruoming's brother, the zou ruoguang from the Mafia! But the guy didn't interact much with Lin Yi, and so Lin Yi didn't really think much of him. It was normal for him to miss him.

Ruoguang's face turned weird after hearing his brother's words-he recognized that the big blue-haired boss was Lin Yi.

Back then, zou ruoguang was the first person in house zou to be afraid of Lin Yi. Lin Yi didn't have a deep impression of him, but he was afraid of Lin Yi to the bone. Now that he recognized Lin Yi, he should be greeting him immediately.

Who knew what ruoguang was thinking, though? he rolled his eyes and pretended that he didn't know who Lin Yi was. "What do you mean I was impulsive? Can't you see that this guy is clearly here to cause trouble? Who would order twice-cooked pork and ancient pork at a Western restaurant? Crab meatballs? I'll just put some powder on his face and he'll have a big meatball!"

Lin Yi looked at zou ruoguang with interest. This guy obviously recognized him, but he was still acting. What was he planning?

Ruoguang was panicking inside as well, afraid that Lin Yi would turn on him. He didn't dare to be too presumptuous and changed the topic, "Ruoming, stop thinking about that God Lin all day. You should focus on your own business. If your God Lin is really that powerful, why hasn't he come to help you?"

Lin Yi understood now-ruoguang was pretending not to know him just to tell him this!

He didn't know what kind of trouble ruoming was in, but he was Lin Yi's follower's follower's follower, after all. Lin Yi wouldn't mind helping him out if he could.

"Brother, don't say that. God Lin must be busy with his own things. He's also gone to University and left. How can he help me if he doesn't know what's going on?" Ruoming said, defending Lin Yi. He knew that Lin Yi's status was way too high for him to reach, and even if Lin Yi were here, he wouldn't have time for him.

As he thought about that, he turned around to see Lin Yi standing not far from him. It'd been a few years, and Lin Yi hadn't changed at all-ruoming recognized him immediately.

"God Lin! It's really you?" Ruoming said, rubbing his eyes in disbelief.

"Long time no see, zou ruoming. You own this restaurant?" Lin Yi smiled faintly.

"Yes, yes, yes, I opened it. God Lin, why didn't you tell me that you were coming back and let me welcome you back? It's such a coincidence today. God Lin, please give me some face and let me treat you to a meal. " Ruoming said, overjoyed. He'd taken the chance to invite Lin Yi.

It wasn't any other time, and Lin Yi was someone he wouldn't even be able to invite. It was a rare occasion that he'd come to his restaurant of his own accord, and he had to use this opportunity to build a good relationship with him.

"So God Lin is here! I'm sorry, I'll go tell the kitchen to prepare a good meal. " Ruoguang acted as if he'd just recognized Lin Yi, and quickly left with his men after greeting him.

Chapter 5676 House Zou's Misfortune

Lin Yi looked at zou ruoguang's back with a faint smile. This guy was still acting. If it was before, he wouldn't dare to leave until Lin Yi asked him to. But today, he was acting like this. Could it be that zou ruoming was in big trouble?

To be honest, Lin Yi himself didn't really remember much about zou ruoming's family. He had the Hidden House Zhuang contact House zou and made them an outer force under them. With a hidden background, house zou should be doing well. What trouble could they have in the common world?

After sitting down, Lin Yi asked casually, "Zou ruoming, I remember that your family became the underground boss of Songshan city, right? How come you're in the mood to open a restaurant and be a boss now?"

Ruoming smiled bitterly, "it's all thanks to God Lin that we've been able to get close to the Hidden House Zhuang, and take over the power vacuum left behind by house Zhao!" My father had an accident and my brother couldn't control the situation. The hidden world is too far away in Songshan, and the structure

of the noble houses has changed with the emergence of new houses. House Zhuang seemed to have disappeared since then, and they no longer meddled in the secular world. "

Lin Yi nodded-so Tiandi was dead. These two house zou kids weren't cut out to be underground tyrants, and Lin Yi's arrival on Sky Class Island had shaken these ancient sects and hidden houses. They were probably thinking about how to get there now, so they didn't have time for the common world.

Besides, Lin Yi didn't seem to care that much about house zou back then-he only wanted them to be able to protect Ziyu in school, and what was the point of having them after Ziyu left?

Lin Yi guessed that these families with a bit of background were all trying to break through to Sky Class full master, thinking of ways to get to Sky Class Island again. After all, the news of Lin Yi becoming a sky Dao Foundation Stage master had spread, and these people were all working harder.

LAN Guzha, of course, was all smiles as he gobbled down his food, completely ignoring the conversation between Lin Yi and zou ruoming.

Ruoming explained his family situation briefly before turning to ask."God Lin Yi, you've graduated from University, right? Are you planning to go back to Songshan? But this place is still a little too small. If God Lin comes back, he won't be able to use his skills, right?"

Ruoming didn't know much about Lin Yi's life after he entered University. He was just a commoner at the bottom of the social hierarchy, and so he didn't know what happened to the noble houses and above.

Pinliang was one of the big four as well, and he was doing pretty well on Sky Class Island. Ruoming, on the other hand, was struggling at the bottom. If he'd been as determined to call Lin Yi boss as Xiaobo was, he'd probably be at the top of the food chain a long time ago.

Lin Yi only replied to ruoming's question half-heartedly-the guy wouldn't understand anyway, so he'd just let him use his own imagination.

"God Lin, you're with miss Tang Yun now, right? Or was he with miss Mengyao? To be honest, they're such outstanding girls, only God Lin is worthy of them!" Ruoming was happy to be able to talk to Lin Yi, but there weren't many things they could talk about, and he couldn't help but bring up Lin Yi's sad past.

Lin Yi sighed to himself, but kept a faint smile on his face. He changed the topic, "Don't always talk about me, tell me about you!"

Lin Yi wanted to help ruoming now that he knew he was in trouble, but ruoming had to say it himself first. He wouldn't force his way in if he didn't want to-their relationship wasn't that close yet, after all.

Ruoming smiled bitterly again. "I'll tell you if you want to hear it, God Lin. It's nothing much, you know that I've been staying in school for a long time, there's no way I'll be able to get into any University. Of course, my old man could get me into any University, but I wasn't interested in that, so I just graduated and did some things on my own."

"This isn't too bad, it's better than wasting time." Lin Yi said faintly, thinking that ruoming's decision wasn't too bad.

But ruoming still didn't tell him what he was in trouble with, and Lin Yi couldn't just go ask him. He'd have to wait.

At this time, zou ruoguang came out again and asked with a cold face, ""The dishes are okay, right? Is there anything else you'd like to eat?"

Lin Yi didn't eat anything yet, so he didn't really care about the thanks. He wanted to know how long ruoguang could keep pretending.

On the other hand, LAN Guzha's mouth was filled with all sorts of meat. He mumbled, "The dishes all sound delicious, but the amount is a little small. If it's possible, can you give me two more of each dish?"

Zou ruoguang's mouth twitched. There were so many dishes ordered for ten people, but this blue-golden haired big guy actually wanted twice the amount? Can't you eat enough for thirty people at once?

What he did not know was that although LAN Guzha was in human form, his true form was a sea serpent Dragon. To a serpent Dragon, a portion of food for thirty people was not even enough to fill the gaps between its teeth!

Seeing that Lin Yi didn't have any objections, ruoguang could only order more Chinese food and leave the Western food to his own kitchen. He didn't need to be too meticulous-the big guy wasn't even trying it, he was just taking big gulps.

"Ruoming, since you're so in awe of God Lin Yi, why don't you just tell him about yourself? let's see if he can help you." Ruoguang cut to the chase after ruoming.

It wasn't a lot of opportunities to meet Lin Yi, and if she didn't grasp this opportunity properly, she might not have another chance like this in the future!

Ruoming said awkwardly, "bro, don't get involved. God Lin's good, but he's not normal either!" Don't cause trouble for God Lin!"

"If you can't even solve such a small matter, then what's the point of worshipping?!" Zou ruoguang seemed to be going all out. Although his heart was trembling, his words were quite firm.

Ruoming was getting more and more embarrassed-he knew that Lin Yi had connections with the hidden world, but he'd been gone for so long already, and the noble houses were completely different now. He was afraid that Lin Yi's connections weren't strong enough, and he'd just be one more sacrifice.

Chapter 5677 Rising Aristocratic Family

Ruoming didn't know what Lin Yi was up to these past few years, and thought that it was just a simple school date.

At this point, Lin Yi couldn't just ignore it anymore. He decided to get straight to the point, "Zou ruoming, is there some trouble? If you need it, I'll see if I can help you solve it!"

Ruoming hesitated-he didn't want to say anything, and Lin Yi didn't force him. It was up to him to decide if he needed help or not, and Lin Yi was already pushing his limits by asking.

Ruoguang glared at ruoming, exasperated at his son's failure to live up to his expectations. "It's like this, my little brother, this silly boy, has fallen in love with a girl ..."

"Brother! I'll tell you myself!" Ruoming cut ruoguang off quickly-it'd be more appropriate for him to say it himself than for someone else.

Lin Yi only heard half of the sentence-these two brothers wouldn't be asking him to help them get her back, would they? This was too outrageous. If he really dared to say such a thing, he would definitely be slapped to death!

The first time Lin Yi slapped him, it was ruoming who tried to take Tang Yin away from him ...

Fortunately, that wasn't the case, and ruoming quickly explained everything to Lin Yi, clearing up his confusion.

"God Lin, the girl I like used to work as a waitress here. Don't worry, I didn't use any underhanded means. I really like her!" Ruoming explained, afraid that Lin Yi would misunderstand. After all, he was still a thug.

Lin Yi nodded, but didn't say anything. Ruoming continued,"Her name is Liang ruoqing. She's a very headstrong girl. I fell in love with her the moment I saw her. Perhaps this is love at first sight. It's just that in the beginning, she didn't think much of me. I asked her out a few times but was rejected."

Zou ruoguang was anxious. This silly brother, did he forget who he was talking to? And you're still reminiscing about his love story with a sweet look on your face. Hurry up and get to the point!

Lin Yi didn't look impatient at all, but ruoguang didn't want ruoming to tell him his love story-he coughed a few times.

Ruoming wasn't an idiot-he'd only realized that he should get to the point when he saw his brother's face redden from all the coughing, and the look he'd been giving him.

"After that, I was also very sincere and finally fell in love with ruoqing. It was only then that I found out that ruoqing was not a girl from an ordinary family, but a young lady from a newly-promoted aristocratic family. This time, she came to work in my small place because she wanted to escape from marriage." Ruoming's face was bitter as he said that-they might've been able to match up to ruoqing's family background back when they were at their peak, but they were completely different now.

Lin Yi had been curious since the beginning-even the hidden houses had to focus on their training and not care about the outside world anymore, but the common world's noble houses were no longer called noble houses anymore, and the Alliance was in charge Now. What the hell was a new Noble House?

But Lin Yi didn't open his mouth to ask-he'd wait for ruoming to continue. He'd ask the rest later.

"I don't know how ruoqing's family found her," ruoming sighed softly. "They came and took her away, and warned me not to look for her again, or they'd break my brother's and my limbs and dump us on the side of the road as beggars."

"God Lin Yi, I know you have some connections with the hidden side of things. I wonder if you can help my brother out?" Ruoguang asked Lin Yi with a face full of sincerity. The Hidden House Zhuang wasn't in

charge of their Affairs anymore, and the noble houses "structure had changed drastically, but Lin Yi might still have some connections he could use.

Even when house zou was at their peak, they couldn't ask for anything from the higher-ups, let alone a situation like this. They didn't know how much power Lin Yi had, but they had to try it as a last resort.

Lin Yi asked faintly, "what did that Liang ruoqing girl say?" You just left with your family like that?"

Ruoming said, a pained look on his face. "Ruoqing's family threatened that if she doesn't go back and marry, they will deal with us. They have cultivators with them and God Lin, you know how strong cultivators are. We can't fight against them at all. So, ruoqing could only go back with them. "

Lin Yi nodded-it seemed that the Liang ruoqing girl had a good character, and seemed to be quite close to ruoming as well. He wouldn't have to learn from someone without reason.

LAN Guzha, who was at the side, suddenly raised his head and said vaguely, "Boss, are the cultivators here very powerful? Why don't you let me go and kill them?"

Lin Yi didn't know what to say-this guy seemed to have gotten a lot more violent after evolving into a wyrm dragon. He'd be the first one to stand up when he heard there was a possibility of fighting.

"Go to the side and eat your food. Don't interrupt." Lin Yi laughed and waved his hand, dismissing LAN Guzha.

He was waiting for news from Kang Xiaobo and the others anyway, and it wasn't too much trouble to help Zou Ruoming solve this problem. He could just find a hidden house's lackey to help him out.

"Tell me in detail about this new clan. Where is their home? Also, who Liang Ruqing is going to marry and so on." Lin Yi asked casually-knowing this would give him some options. After all, his lackeys' families were scattered all over the place, and it'd be easier to pick the ones closer to him.

Ruoming was getting excited-he knew that Lin Yi was strong, but he didn't know how strong he was exactly. As long as Lin Yi could get a say in the noble houses, there was still hope.

"God Lin, the Liang family is in Anhuang city. I heard that they're going to marry into an even more powerful family. I'm not sure which family it is, and Ruqing didn't mention it to me." Ruoming wasn't able to provide much information, and so he felt a little embarrassed.

"Anhuang city? That place ..." Lin Yi frowned as he thought about it. It was a small city, but he had some impression of it. It was Jingyi's family's neighboring city, and it wasn't too far from her family. He'd been there a few times before, so he had some impression of it.

In that case, there was no need to get someone else to deal with it-Lin Yi wanted to see Sun Jingyi, and he'd help him with it when he passed by.

Chapter 5678 Turtle, Bastard

"En, that's the direction I'm going. Why don't you come with me now? I'll help you propose marriage and see what kind of family is so powerful that they even dare to bully my ... Classmate." Lin Yi wanted to call him Lil "bro, but House Zou never had the right to be his Lil" bro in the first place.

Lin Yi didn't see the need to force Ruoming to be his follower-he didn't have to explain what Ruoming was thinking, either. They'd be classmates, after all, since they'd been to the same high school.

Ruoming was pleasantly surprised-he'd wanted Lin Yi to help him out, but he didn't think that Lin Yi would bring him straight to the Liang family to propose.

Ruoming wasn't too sure about Lin Yi's background, but he knew that Lin Yi wouldn't lie to him after hearing his words. He'd be able to do what he said.

Ruoming didn't know where this strange confidence came from, but he could only attribute it to the fact that he valued Liang Ruqing too much-he wouldn't give up on even the slightest hope, like a drowning man clutching at a life-saving straw.

"Good! Good! God Lin, please wait a moment, I'll drive the car over! By the way, do you need to prepare anything?" Ruoming said as he stood up, turning back and forth as he tried to leave.

It was rare for him to remember that a marriage proposal needed to be prepared, but Lin Yi didn't want to waste this time. It didn't matter which Noble House it was in the secular world, for Lin Yi to come personally to propose marriage was a great honor and honor. Why would she need any other gift?

"No need. It's just a marriage proposal. Hurry up and settle it. You can rest assured." Lin Yi waved his hand indifferently and turned to LAN Guzha, "LAN Guzha, are you going to finish your meal here and go home by yourself or do you want to come with me?"

"Of course, with boss!" LAN Guzha stretched his neck and swallowed the food in his mouth. He spoke without the slightest hesitation, "Oh, boss, this guy ordered a lot of food just now. Can I take it with me to eat on the way?"

This guy actually knew to pack it up? Lin Yi didn't know what to say. He waved his hand, telling the man to do as he saw fit.

Ruoming jogged to get the car after getting Lin Yi's reply, while ruoguang ordered food to be packed for LAN Guzha. He could tell that this golden-blue haired guy wasn't a normal person, and it was best to get on his good side.

Come to think of it, how could an ordinary person be able to eat enough for thirty people?

The screeching of a car's brakes came from outside the restaurant, and ruoming rushed in. "God Lin, I've brought the car. Are we leaving now?"

Lin Yi looked outside and saw a white Range Rover parked outside. The car had enough space for a big guy like LAN Guzha to eat.

"LAN Guzha, let's go!" Lin Yi said, gesturing for ruoming to leave with him.

Ruoming jogged to the door, opening it for Lin Yi before running over to open the door for him. This was a matter of his and ruoqing's lifelong happiness, and he had to get on Lin Yi's good side.

Ruoguang said as he ran out with the food. After house zou fell, the two brothers "relationship had gotten much better, and he had to go see what was going on with ruoming.

Lin Yi and LAN Guzha sat in the back, with one of the zou brothers in the driver's seat and the other in the passenger's seat. The white land Rover roared and charged out after closing the door.

House zou had fallen, but the two brothers still had a decent background-at least the car wasn't cheap. It was a top-class range Rover, and it was even modified-it cost at least a million. Under ruoming's control, the car kept accelerating, and they reached the highway in no time.

Ruoming only wanted to get to the Liang family in anhuang as soon as possible, and so he didn't care about the speed at all. Fortunately, his driving skills were extraordinary, and he was able to maintain a steady speed despite the speed, allowing LAN Guzha to eat in peace. It wouldn't be good if he pissed this guy off.

An hour or so later, ruoming's car got off the highway, heading towards the suburbs of anhuang city. Ten minutes later, they arrived at a beautiful place with mountains and rivers. Ruoguang, who was in the front seat, pointed at a villa halfway up the mountain."God Lin, that's the Liang family."

"This place isn't bad. They sure know how to enjoy themselves." Lin Yi said faintly as he released his spirit sense, covering the entire villa.

This new Noble House really wasn't anything special-they only had one Mystic early phase, and a dozen golden class practitioners. Lin Yi didn't even bother to tell if they were early or middle phase-they were all just normal people to him.

Ruoming was getting more and more nervous the closer he got to the Liang family, and so his face was serious as he drove the car to the manor's entrance.

The four of them alighted from the car. LAN Guzha rubbed his stomach with a satisfied expression. Although he did not feel full after eating the food, he had a rather satisfying meal along the way.

"Boss, the houses here are very beautiful! It's much better than the one in the city. When I return to flood Dragon Island, I want to build a house like this too!" LAN Guzha said enviously upon seeing the ancient buildings.

Compared to the reinforced concrete buildings in the city, this kind of ancient building was obviously more attractive to LAN Guzha. The red walls, green tiles, carved beams, and painted buildings were indeed more charming and beautiful.

"Alright, let's get down to business first. I'll find an engineering team to build a house for you on your Island in the future!" Lin Yi said with a smile. He could understand LAN Guzha's feelings when he thought of the pavilion-like Hall on flood Dragon Island.

LAN Guzha's eyes brightened. He immediately nodded and said, "That's great! Boss, don't forget! That's right, the two stone spirit beasts in front of the door should be bigger. This one is too small! It would be great if it was a turtle! Also, those stone balls at the entrance can be exchanged for turtle eggs!"

"You can change it when you have a say in your family!" Was he a turtle bastard? Lin Yi couldn't help but smile-this guy sure knew how to play tricks. Only the sea beasts could come up with such a weird combination.

While the two were talking, zou ruoguang had already gone to the door to call. There was no modern visual doorbell on the red painted door, not even the most basic doorbell. There were only two copper rings on the door, and the retro atmosphere was quite strong.

Chapter 5679 Shouting Too Hard

Zou ruoguang grabbed a copper ring and knocked on the copper nail on the door, shouting, ""Is anyone there? Please open the door!"

"Who is it?" someone quickly replied. Wait a minute, stop knocking!"

Lin Yi already knew that there was a small room behind the door, and there were people guarding it.

The red door opened halfway, revealing a gap big enough for one person to go in and out. A young man walked out and looked at zou ruoguang and Lin Yi, but realized that he didn't know them.

"Who are you people? What business do you have in the Liang family?" The man wasn't particularly arrogant since he didn't know who Lin Yi and the others were. He only asked in a formal tone.

Ruoming quickly stepped aside, making way for Lin Yi as he pointed at him. "We're from Songshan city. This is Mr. Lin Yi and his brother, I'm zou ruoguang, and that's my brother, zou ruoming. We'd like to meet the head of the house. "

The Guard's nostrils flared at the mention of Songshan-there weren't any noble houses in that place, and the only ones there were probably miracle doctor Guan's Medical Group or house Chu's Villa. These people didn't mention the name of miracle doctor Guan's Medical Group, nor did they mention the big shots in house Chu's Villa, so they couldn't be from noble houses.

"Do you have an appointment? "Our family head is very busy and doesn't have the time to deal with idle people like you who just come to visit. If you want to see our family head, make an appointment a week in advance! Take care!" After he finished speaking, he turned around and returned to the door.

"Brother, please help us pass the message, we really have an emergency ..." Zou ruoguang said anxiously.

Before he could finish, the door slammed shut, almost knocking zou ruoguang, who was chasing after him.

Ruoguang's face darkened as he turned around. He was in awe of Lin Yi, but he still opened his mouth."God Lin Yi, it seems like your name doesn't work. Can this work? Don't let us brothers fall into the pit. "

The Hidden House Zhuang was gone, and ruoguang was worried that Lin Yi's connections with the higher-ups had been cut off. After all, the structure of noble houses had changed, and if house Liang didn't give Lin Yi face, the two brothers would have their limbs broken and become beggars.

Of course, the Liang family knew how powerful miracle doctor Guan's Medical Group and house Chu's Villa were, but they ignored Lin Yi. It was clear that Lin Yi left a few years later, and house Liang wasn't even a Noble House yet.

LAN Guzha glared at him and said,"what are you saying, kid?" How dare you speak to my boss like that? do you believe I'll slap you to death!"

Ruoguang curled his lips and didn't say anything else. After all, he knew how strong Lin Yi was. He could complain, but he'd be stupid to offend him. After all, Lin Yi was here to help.

Lin Yi didn't mind-he wasn't in the position to argue with Ruoguang about that, so he just smiled faintly. "Zou Ruoming, you go and knock on the door, I'll do it!"

Ruoming, on the other hand, had full confidence in Lin Yi-he'd ran up to the door and grabbed the ring, but the person inside didn't even care. He'd been calling for two to three minutes, and there wasn't even a response-it was as if no one was there.

"Since no one's coming to open the door, then you go open it, LAN Guzha. Be careful not to make too much noise and don't use your pure energy." Lin Yi smiled coldly.

LAN Guzha was overjoyed-he'd been eating and drinking with Lin Yi, and it was his turn now. Lin Yi had warned him not to use his pure energy, or he'd be able to destroy the entire villa with just one punch.

"Don't worry, boss, just watch me!" LAN Guzha laughed. He clenched his fists and his knuckles cracked. He walked to the door and threw a punch without making any moves.

The physical body of a flood Dragon was extremely strong. Even without the use of true energy, it was still an extremely terrifying existence. LAN Guzha's punch was done casually, but when it landed on the red painted door, it only made a muffled sound. The entire door was reduced to extremely small pieces of wood that flew out with a whoosh.

This was the result of LAN Guzha controlling his strength. Otherwise, not only the main gate, but the wall on this side would have collapsed by a long distance.

Ruoguang and ruoming's mouths were wide open-who the hell was this guy?! It would be a waste of talent if he did not join the demolition team. No wonder he had to eat enough food for thirty people, and it was all meat!

LAN Guzha pulled his fist back as if nothing had happened. He wanted to ask Lin Yi for credit, but it was too small a task for him to do. He didn't want to say anything and just gave up.

"Who dares to cause trouble at the Liang family! Do you not want to live anymore?" After the door was broken, someone immediately roared. It was the man who had opened the door just now. Then, four Men in Black rushed out.

Ruoguang said, shocked. "God Lin, two of the four men in Black were the ones who took Liang ruoqing away, they're both golden class practitioners! Can your brothers handle it? These four might all be cultivators!"

Ruoming took a few steps back, a little scared. These two brothers weren't as brave as they were, and that was why Lin Yi asked house Zhuang to help them out a little, instead of taking them in as his lackeys. They'd know who Lin Yi was otherwise, after all the effort they'd put in taking care of Ziyu.

LAN Guzha was just thinking that it wasn't a good idea to ask Lin Yi for credit for breaking a door, and he was happy to see five people coming out at once, but he lost interest when he saw that they were all normal weaklings.

It was a dignified sea serpent Dragon at the late stage of the mysterious Ascension realm. It was too embarrassing for it to bully such an ordinary creature ...

"LAN Guzha, you should come back first!" Lin Yi didn't want LAN Guzha to bully normal people-golden class people were no different from normal people.

When LAN Guzha returned, Lin Yi smiled at the five men. "I'm sorry, I used too much force when I called the door. I was afraid you couldn't hear me!"

The man and the four golden class practitioners looked at the broken pieces of wood on the ground in fear.

To be able to make such a noise, it couldn't be a normal person, but they didn't feel any Qi from him before. It seemed that the Golden blue haired big guy was a physical practitioner, but they didn't know what level he was. If he was Mystic class or above, they wouldn't be his match.

Chapter 5680 Being Caught

"Since you've come out to meet him, then go and inform your family head to come out. Otherwise, don't blame me for going in to find him myself!" Lin Yi said faintly. The head of the Liang family probably had to come out after the door was broken.

The man who had come out to answer the door earlier whispered to the four men in Black, ""I'll go in and report this to the patriarch. You guys keep an eye on these people and don't make a move first. "

The four men in Black nodded one after another. They were not confident in taking action now, so this was the best.

"Boss, why don't we go in and sit for a while? It's so boring to stand here!" LAN Guzha glanced at the small room behind the door. It was big enough for seven or eight people to rest. These few fellows had been eating and drinking inside just now, and they were playing fight the landlord while they were there.

"No need, their master's coming soon!" Lin Yi shook his head.

The man said that he was going to report, but he was actually avoiding Lin Yi and the others. He was going to call the people inside and tell them about the situation, of course. He wouldn't run in and report like before. The architecture here was ancient, and even if it wasn't life, it was ancient.

So the head of the Liang family came here as soon as he received the call. Lin Yi's spirit sense could grasp all the movements in the villa, so he knew that the head of the Liang family would be here soon.

The four men in Black looked at Lin Yi's group nervously. When a middle-aged man came out, they all breathed in relief and bowed respectfully, ""Master!"

The man was the head of the Liang family, Liang bufan. He snorted coldly after seeing ruoming, "I was wondering who it was. So it's you, a Toad who wants to eat swan meat. Kid, you're very bold. You actually dare to come to our door. It seems like you like to have your limbs broken and go begging on the streets, right?"

Ruoming flinched, straightening his back and yelling. Uncle Liang, ruoqing and I are truly in love. Why can't you give me a chance?"

"Chance? What a joke. Do you think I would give a Toad the chance to touch my daughter? If you want to die, I'll fulfill your wish!" Liang bufan laughed coldly and glanced at LAN Guzha, ""But you're not too stupid. You know how to bring help when you're here to cause trouble. Do you think you can threaten me just because you found a physical practitioner? You're still as stupid as ever!"

LAN Guzha whispered in Lin Yi's ear, "Boss, this idiot is so arrogant. Can I beat him up?"

Lin Yi glared at LAN Guzha. He'd turn into meat paste with one swipe of your claw-what's the point of beating him?

LAN Guzha understood Lin Yi's meaning and could only smile awkwardly, not saying anything else.

Liang bufan didn't hear what LAN Guzha was saying. With his strength, it was impossible for him to hear what LAN Guzha didn't want him to hear. So he was a little puzzled but didn't care too much.

"Go and capture them. We'll settle the score with them later!" Liang bufan waved his hand casually and ordered the four golden class cultivators to take her away.

At this moment, a young girl ran out in a hurry and quickly blocked Liang bufan's way, ""Dad! You promised me that as long as you agree to get married, you will not make things difficult for ruoming! How can you go back on your word?"

"Ruoqing!" Ruoming said, excited at the sight of the girl. He wanted to rush over, but the four men in Black stopped him.

Liang ruoqing turned to ruoming, her face filled with worry and sadness as she tried to signal ruoming with her eyes to leave!

Ruoming, on the other hand, was unyielding for once-he charged up and yelled, "Ruoqing, I will never leave you today ..."

Before he could finish his words, the Man in Black who stopped him struck his neck with a knife-like palm, and he instantly fainted.

Lin Yi could tell that the Man in Black wasn't going to hurt ruoming, and so he didn't stop him. This would be a bigger shock to Liang ruoqing, and Lin Yi was happy to see it happen.

Speaking of which, these two people's names, ruoming and ruqing, were quite a match. Were they destined to be a couple? Fine, Lin Yi was distracted ...

Upon closer inspection, the teary-eyed Liang ruoqing was indeed a beauty, but for Lin Yi, who'd seen Chu Mengyao, Tang Yun, Shangguan LAN 'er, Huang xiaotao, Duanmu Yu, Leng Leng, and so on, it could only be said to be passable. She was probably on the same level as LAN Fen, and it seemed like she was quite interested in zou ruoming. This kid was quite lucky!

And the aura she gave off was quite similar to Tang Yin 's-it seemed that ruoming really did like this type.

Liang bufan grabbed Liang ruoqing who was about to rush over and look at zou ruoming, saying coldly, ""Ruoqing, don't get it wrong. This time, it's this blind boy who came to our door himself. It's not dad who's going to find trouble with him. Look, the people he brought even broke our door!"

"Then why did you hit him? just let him leave safely! Dad, let go, let me go see him!" Liang ruoqing struggled with all her might, but she was no match for a Mystic class master. No matter how hard she struggled, she couldn't move.

"If you want this kid to die now, then go ahead. Don't think that I really don't dare to kill!" Liang bufan suddenly released his hand and looked at Liang ruoqing coldly.

Liang ruoqing staggered. After she finally managed to stand up, she really didn't dare to go over. She also knew that Liang bufan would really do what he said.

"Dad, let them go! I'll listen to you, alright? If you don't let them go, I'd rather die for you to see!" Liang ruoqing couldn't resist, but she said firmly.

Liang bufan snorted, "how about this, capture them first. After you get married, let them go." This is my bottom line, so stop bargaining! If you want to die, they will all be buried with you!"

Liang ruoqing looked at the unconscious zou ruoming and lowered her head. After all, being locked up was better than dying now. Besides, she could find a chance to meet zou ruoming and release them secretly if they were locked up in the Liang family's Villa. There was no point in fighting them now.

"Capture them all and tie them up with cow tendons with steel wires!" Liang bufan glanced at Lin Yi and the others and ordered indifferently.

Even a Mystic class master wouldn't be able to break free from a steel tendon, be it spiritual or physical. Now that zou ruoming was in their hands, Liang bufan didn't think that Lin Yi and the others would dare to resist. Even if they did, he, as a spiritual mystic, would be able to handle it.

Lin Yi used his Qi to tell LAN Guzha not to resist and let them do whatever they wanted. These things couldn't affect him anyway, not to mention steel wires and bull tendons, even if it was Mystic iron wire and Dragon tendons, Lin Yi could break free if he wanted to.
