

## Bodyguard 5681

### Chapter 5681 Visitor

He was here to help ruoming get Liang ruoqing back, and killing these people wasn't going to make Liang ruoqing marry him happily. He'd have to see what happened first.

The four of them were tied up and thrown into a small room in the villa, and ruoming woke up as well.

Ruoguang grumbled, ""God Lin Yi, you're really embarrassed. You used to be good at fighting, why didn't you fight back this time? are you afraid of them?"

Lin Yi only smiled faintly and ignored zou ruoguang. At the same time, he told LAN Guzha to keep quiet and not break the tendons on his body. It would be hard to fix it back to its original state.

LAN Guzha did not mind. He would just treat it as accompanying his boss to play a game. He had never tried something like this since he was young. It was actually quite fun.

Ruoming interrupted with a bitter smile. "Brother, don't say anymore. I've implicated God Lin this time. If I wasn't controlled, with God Lin and brother Lan's strength, it would be easy for them to leave."

"What do you mean by 'implicated'? I'm here to help you propose marriage. I have to fulfill my promise." Lin Yi smiled faintly. Ruoming was indeed different from back then. He'd completely changed- perhaps it was true love that changed him?

Zou ruoguang sneered. "You're already tied up like a dumpling. What's the point of proposing marriage and fulfilling your promise? think about how to leave here alive first!"

"Ruoming, there's plenty of fish in the sea-we'll just have to let it go if we can't. We may not have much power now, but we're still pretty rich-it's easy to find a pretty girl!"

Ruoguang was starting to regret asking Lin Yi for help-he'd thought that he'd be able to get into the higher-ups, after all. It'd been a few years, and the noble houses "structure had changed, but at least he'd still have some face, right? Who knew that it would end up like this?

She should live her life in Songshan, and as time went by, her brother would forget about Liang ruoqing. She was really a busybody this time!

Ruoming shook his head. "Bro, it's easy to find a pretty girl, but it's not easy to find someone who's in love with you. You don't have to say anything-I, ruoming, will never want anyone other than Liang ruoqing!"

Zou ruoguang still wanted to say something, but he opened his mouth and didn't say anything.

Thinking about their current situation, they might not even be able to leave this place alive, so what was there to persuade? They might as well hope that Liang ruoqing would be considerate of their relationship and secretly let them go.

LAN Guzha suddenly asked, "from what the Liang family's head said, Liang ruoqing should be getting married soon, right?" Zou ruoming, if you were given two choices-you could die or leave with Liang ruoqing, or you could give up on Liang ruoqing and leave on your own, what would you choose?"

Zou ruoguang thought that this was the current situation. If he could choose, he would let his brother choose to leave!

Ruoming said without hesitation. "Of course I'll choose to leave with ruoqing. Even if I have to die, I won't hesitate."

"Is this the so-called feelings? It's so strange!" LAN Guzha muttered. There was no such thing as emotions in the endless sea. As long as you were strong enough, it was fine as long as you fancied a sea beast. If you would die, it would be better not to provoke it.

Lin Yi didn't bother with them as he thought about how to deal with this. If he revealed his strength and background, he could easily make this happen, but that might not be the best result. Now that zou ruoming's intentions were clear, could Liang ruoqing also disregard everything for zou ruoming? If it was possible, then Lin Yi would be able to fulfill their wishes without any worries.

As he was thinking about it, Lin Yi's spirit sense told him that Liang ruoqing had found a seal in her father's study and put it on a piece of paper. She quickly came over.

As for Liang bufan, he was currently welcoming a middle-aged man. He seemed to be a Minister of offerings of the Liang family. He had just returned from an errand and was an Earth Class early phase. He was considered a powerful existence in the secular world.

A few minutes later, Liang ruoqing ran over quickly and said to the two men in Black who were guarding the door, "I tried to persuade my father to let them go, and he has agreed. This is an order he wrote, with his signature and seal on it. Take a look!"

One of the men in Black took a look and nodded, ""It's indeed the master's handwriting and signature. The seal is also correct, but why didn't the master call to inform us directly?"

Lin Yi laughed to himself-this wasn't ancient times, and this wasn't Sky Class Island. Everyone had a phone, and who would use a warrant to release someone? This Liang ruoqing was quite fun to play with.

However, Liang ruoqing had clearly considered this. After hearing the Man in Black's words, she said very calmly, ""That's because The Guardian is back. Father is discussing some matters with The Guardian and it's not convenient for him to use his phone, so he wrote a warrant to come over."

"Ah, the consecrated has returned!" The other man in Black said and quickly put down his phone, ""So we can't call the head of the family to confirm this now?"

"What do you mean?" Liang ruoqing was displeased. Don't you believe me?"

Lin Yi didn't believe her. Who didn't know that your lover was locked up inside? if it was someone else, it might be fine. If it was you, these two people would never believe it unless you personally asked.

"Miss, this matter is of great importance. It's very difficult for us to do this without the master's personal order. How about this? since the master is not available to answer the phone now, we'll go over personally. Miss, can you wait for a moment?" One of the men in Black said very respectfully, but this proposal was something that Liang ruoqing could not refuse.

If Liang ruoqing didn't agree, it would be suspicious. If she agreed, then this matter would be over.

Lin Yi was very interested in Liang ruoqing's reaction. The room was soundproof, so ruoming didn't know that his lover was trying to save him.

"Alright, you guys go ahead. I'll go in to see them first. That shouldn't be a problem, right?" Liang ruoqing said without any hesitation. It was also a reasonable request. These two Men in Black were the Liang family's subordinates. They could not offend Liang ruoqing too much, so they could only open the door and let her in.

However, it was impossible for all of them to leave, in case Liang ruoqing took her people and left. It was not safe to leave one behind. In the end, both of them did not leave. Instead, they called someone to see if Liang bufan had finished his conversation with the consecrated and then inform them.

Chapter 5682 So You're Confident

Liang ruoqing's face was calm, but her heart was extremely anxious. She only had a little time left, she had to send zou ruoming and the others away before her father Liang bufan reacted.

"Miss, we'll wait at the door. We don't have to close the door, right?" One of the men in Black was on the phone, and the other man in Black said respectfully.

Rather than saying that they were discussing, it was more like he was directly informing Liang ruoqing that he was going to do this, in case Liang ruoqing played any tricks.

Unfortunately, this guy had underestimated Liang ruoqing's determination. As soon as he finished speaking, Liang ruoqing turned around and said angrily, ""What do you mean? Are you trying to monitor

me? Who gave you the right to treat me like this? Even my father doesn't speak like that. Are you trying to rebel?"

The Man in Black was shocked. Miss Liang ruoqing had always been very gentle. Although she was rebellious and stubborn, she had always been kind to the people below her. When she suddenly exploded, she was really quite oppressive.

Before he could react, Liang ruoqing slammed the door shut and locked the door from the inside to prevent the two guys from opening it again.

The Man in Black calmed himself down. He felt that he couldn't escape from the inside. Instead of offending the young lady, he might as well turn a blind eye.

Liang ruoqing closed the door and ran to ruoming's side, her voice soft. "Ruoming, why are you so stupid? why won't you listen to me? My dad is serious this time. This matter concerns the Liang family and he will never give up on this marriage. I only have this one chance to let you go. You must listen to me and leave this place immediately and never come back!"

As she spoke, Liang ruoqing tried to undo the tendons on ruoming's body-the way they were knotted was complicated, and she couldn't do it right away. The more impatient she was, the harder it was to undo, and the tendons tightened instead.

Liang ruoqing was on the verge of tears. She had brought a pair of small scissors with her, but there were steel wires in the tendons, so her small scissors could not cut them at all.

"Ruoqing, listen to me. I will never let you marry that guy as his concubine. Even if I die, I will never agree. You don't have to worry about me. You must firmly reject your father. As long as you don't agree, I think this matter will not succeed!" Ruoming, on the other hand, was calm and composed-there was a hint of joy on his face, probably because his sweetheart was right beside him.

Lin Yi asked curiously, "Liang ruoqing's going to marry someone else as a concubine?" Why didn't I hear you mention it before?"

"I don't know the details," ruoming said with a bitter smile. "I've only heard ruoqing mention it. " Oh right, ruoqing, this is God Lin. I've implicated him this time, don't worry about me, think of a way to send God Lin out first!"

Liang ruoqing looked at Lin Yi, but she didn't give up on untying zou ruoming. She only said apologetically, "I'm sorry, Mr. Lin. I'm really grateful that you're here to help, but I've only just finished undoing half of ruoming's ..."

This cow tendon rope was more complicated. She had just cracked it. If she gave up now, she would have to start all over again, so it was a bit difficult.

"Don't worry about me, untie God Lin first!" Ruoming said, shaking his head.

Lin Yi, on the other hand, smiled nonchalantly. "It's alright, you can go ahead with your work. Why don't you tell me which family you're going to marry into? Zou ruoming isn't too sure, but maybe someone I know would help you reject this. "

Liang ruoqing looked at Lin Yi in disbelief. If Lin Yi had that kind of power, he wouldn't be tied up like a rice dumpling.

However, in line with the principle of making a last resort in a dead horse, Liang ruoqing still tried her best to unbuckle the rope and said, ""My father wants me to marry the young master of house sun, sun Yikai, but he already has a wife. I can't marry him even if he's not married, let alone be his concubine."

Lin Yi blinked. Sun Yikai? Wasn't that sun Jingyi's little brother? Sun Yikai was Lin Yi's neighbor when they first arrived at the villa Bay, and Lin Yi had a good impression of him after that because of sun Jingyi.

This was a very forthright and loyal young man. Why was he already starting to force a marriage now? Or do you want to be the second branch?

"Are you sure it's sun Yikai from house sun? I know this kid. He used to be my neighbor, but I've never heard of him being so lecherous. He even wants to force his sweetheart to be his second wife. Doesn't his family care?" Lin Yi asked suspiciously. If it really was sun Yikai, then it would be even easier. With his face, the sun family would cancel the engagement immediately without a second thought.

Liang ruoqing blinked, and was immediately overjoyed. She quickly came over to undo the button and smiled sweetly, ""God Lin, you really know sun Yikai from house sun? Actually, it's not sun Yikai's fault- he's never seen me before, and he doesn't know much about this marriage. It was my father who insisted on marrying me to him, so he contacted sun Yikai's wife and discussed it with her. "

Lin Yi didn't know what was going on. Sun Yikai didn't even know that he was going to marry a second wife, and it was arranged by his first wife. This guy's wife was too generous, wasn't she?

Also, sun Yikai's wife wasn't the one who suggested this, but Liang bufan? Lin Yi had always thought that it was some big family bullying people and kidnapping women, but he didn't expect it to be Liang bufan, this shameless bastard, who sold his daughter for glory! Could it be that Liang ruoqing was not his biological daughter?

Lin Yi didn't want to continue acting after seeing Liang ruoqing trying so hard to remove the tendon. He didn't want to go into a situation where he had to transform his body into a primordial spirit and break free from the tendon's binding.

Liang ruoqing felt the weight in her hands lighten. The button was still the same button, but the entire tendon rope was on the ground. Lin Yi was already standing to the side, relaxed.

"I know the bone shrinking technique!" Lin Yi saw Liang ruoqing looking at him in a daze, so he made up some serious nonsense to brush it off.

Ruoming said, overjoyed. "God Lin, you're God Lin after all! You've been so confident all along!"

Ruoguang felt like he'd underestimated Lin Yi-he didn't fight back because he had a way to escape!

LAN Guzha saw Lin Yi's signal and exerted his strength as well. The thick chain made of cow tendon and steel wire snapped, and the zou brothers turned to look, dumbfounded.

This guy who ate a portion of meat for thirty people was indeed not ordinary! To be able to be abnormal to such an extent, he was simply an inhuman existence. It was too terrifying!

Chapter 5683 Let's Go To Sun Family Together

Ruoming and ruoming didn't know that they'd accidentally found out the truth-LAN Guzha really wasn't human, he was a genuine mutated Sea Dragon!

"So powerful! It turns out that you can escape at any time!" Liang ruoqing mumbled to herself, but was soon overjoyed-ruoming had such a powerful friend to help him, and he even knew house sun-her marriage could be settled!

Lin Yi gestured for LAN Guzha to go and tear the zou ruoming and his brother's tendons as well. He continued to ask Liang ruoqing, "Do you know why Sun Yikai's wife wanted to marry him a concubine?"

Liang ruoqing shook her head. "I'm not sure either. However, the wedding is going to be held the day after tomorrow. If you can really speak to the sun family, then please help me and ruoming."

Lin Yi didn't answer Liang ruoqing's question but turned to look at the door. Liang bufan had already received the notice and rushed over in anger. He was now outside the door, ready to kick it down.

With a loud bang, the door was kicked open by Liang bufan. Lin Yi moved the door slightly and it flew to a place where no one was.

"Liang ruoqing! Do you really want these kids to die Here? How dare you forge my handwriting to write a warrant, and even secretly use my seal, How dare you!" Liang bufan rushed in and roared. He wasn't surprised that Lin Yi and the others had escaped, thinking that it was Liang ruoqing who untied them.

Lin Yi knew the whole story now, and he was sure that ruoming and ruoqing were truly in love-there was no point in delaying it.

LAN Guzha received Lin Yi's signal and immediately stepped in front of Liang bufan, stopping him from getting close to Liang ruoqing. Although he didn't reveal his aura, the natural pressure of a flood Dragon made Liang bufan who was facing him slightly surprised and stopped in his tracks.

All along, Liang bufan had thought that LAN Guzha was just a physical master who practiced thwart Kung Fu and was definitely not his opponent. But when he faced LAN Guzha, Liang bufan felt that he had no confidence at all.

"I know everyone in the sun family. I'll talk to them about Liang ruoqing's matter. You don't have to worry about offending them!" Lin Yi walked to LAN Guzha's side and said to Liang bufan indifferently.

Liang bufan was a little guilty towards LAN Guzha, but he didn't feel anything wrong with Lin Yi. He turned around and laughed,""I thought you were going to say something. You actually said that you can make decisions for the sun family? Who Do You Think You Are? You're just a nobody, do you believe that I'll kill you right here and now?"

Although LAN Guzha made Liang bufan a little afraid, there was still an earth-rank consecrator behind him, so he wasn't too worried. His words were naturally unyielding.

"No!" Lin Yi shook his head.

Liang bufan choked. If they didn't believe him, what else could he do? Was he really going to kill Lin Yi?

"Boss, this old brat actually dared to say he'll kill you, is he tired of living? Why don't you let me kill him?" LAN Guzha's face was full of dislike for Liang bufan as he requested Lin Yi.

Lin Yi waved his hand, telling him not to interrupt. He then turned to Liang bufan. "I don't believe you when you say you'll kill me here. You can try! I said I can solve the sun family's problem. If you don't believe me, let me try!"

If it weren't for the fact that Liang bufan was about to become ruoming's father-in-law, Lin Yi would've let LAN Guzha kill him. He wouldn't lose out even if he killed Liang bufan for selling his daughter.

Liang bufan was a little hesitant. LAN Guzha was someone he was afraid of, but he was only Lin Yi's follower. Lin Yi said that he could solve the problem with house sun. If it was true, he couldn't afford to offend him!

After considering the consequences, Liang bufan opened his mouth, ""Since you've said so, I'll give you a chance. Let's go now and go to the sun family together. I'd like to see how you're going to solve this problem! Don't go in and not be able to come out!"

Liang bufan had no choice but to force Liang ruoqing to marry sun Yikai. As a new Noble House, if they couldn't marry into house sun, they would be stepped on by others very quickly. But if Lin Yi was really on the same level as house sun or even higher, then it was no big deal to break the marriage. It was the same if they could get on Lin Yi's good side.

However, even though Liang bufan thought so in his heart, his tone was still sarcastic. To mock someone who might want to join his side, his intelligence was a little low.

Ruoming and ruoqing looked at each other when they heard that Liang bufan agreed to bring Lin Yi and the others to house sun. They saw the excitement and hope in each other's eyes. As long as Lin Yi could solve this problem perfectly, the two of them might be able to stay together forever!

Lin Yi didn't mind Liang bufan's words at all, only raising his hand to signal for him to lead the way. Compared to settling Liang ruoqing and sun Yikai's marriage, Lin Yi wanted to see sun Jingyi as soon as possible, so he didn't want to waste any more time on a small figure like Liang bufan.

A moment later, the three cars rushed down the mountain road together and headed to the neighboring city where the sun family was located!

Although the sun family's residence was in the neighboring city, it was not far from the Liang family's residence. It was only about half an hour's drive, and they arrived very quickly.

Lin Yi scanned the villa with his spirit sense as he got out of the car, but he didn't see Jingyi and Yikai. They weren't home, and there didn't seem to be anyone familiar in the villa.

If it wasn't for Liang bufan pressing the doorbell with certainty, Lin Yi would've suspected that house sun had already moved away. After all, although this villa was a luxurious type with a garden and pool, it was still too low-profile compared to house sun's current status.

"Hello, I'm Liang bufan from anhuang city's Liang family. I would like to see the sun family head. Is it convenient now?" Liang bufan personally pressed the doorbell. After the call connected, he smiled and spoke to the camera.

A middle-aged woman's voice came from the intercom on the doorbell. "Oh, it's Mr. Liang. I'm sorry, miss is out. Did Mr. Liang make an appointment with miss in advance?"

"No, no, I just came to visit at the last minute. Since Master Sun is not here, may I ask if young master Sun or young Madam sun is home?" Liang bufan quickly waved his hand to deny it. Although the other party might just be a servant of the sun family, but he was a seventh-rank official of the Prime Minister. He didn't dare to offend anyone from the sun family.

"The young master isn't home either, but the young Madam is. Please wait a moment, Mr. Liang. I'll go ask the young Madam for her opinion." After the middle-aged woman's voice finished, there was a burst of footsteps. Obviously, she went to ask Mrs. Sun.

Chapter 5684 I'm His Neighbor

Liang bufan heaved a sigh of relief. He had always been in contact with Mrs. Sun, so he was relieved to hear that she was here. He'd love to see the sun siblings as well, but it'd be nice to avoid the awkwardness of ruoming's situation if they weren't home.

Lin Yi's main purpose here was to see sun Jingyi, but he couldn't help but feel a little disappointed that she wasn't home. Luckily, he was already at sun's house, and sun Jingyi would probably come back tonight. He decided to meet Sun Yikai's wife first and settle Liang ruoqing's matter.

Two to three minutes later, the middle-aged woman's voice sounded again. "Mr. Liang, the young Madam has invited you in. If it's not someone important, please wait outside."

"Yes, I understand. Thank you!" After Liang bufan finished speaking, the iron door in front of him opened slowly.

Lin Yi led LAN Guzha and the zou brothers inside. Liang ruoqing followed zou ruoming and Liang bufan quickly stopped them.

"Hey, hey, hey, didn't you hear them say that they're not important people and are just waiting outside? You and ruoqing can go in with me. The rest of you wait in the car!" Liang bufan pointed at Lin Yi and Liang ruoqing, then used his eyes to signal to the people who came with him to watch the others and not let them cause trouble.

Whether or not Lin Yi had the face to resolve the engagement with house Sun, Liang bufan wouldn't bring the zou brothers in. Wasn't that humiliating Mrs. Sun? He didn't have the guts to do that!

Lin Yi nodded at LAN Guzha and the zou brothers. It was actually a simple matter-it was fine to let them wait for now. It'd be resolved soon anyway.

Liang ruoqing wanted to stay outside with zou ruoming, but Liang bufan was worried. If they suddenly ran away while he was in the room, it would be troublesome. It was better to separate Liang ruoqing and zou ruoming.

Seeing that Lin Yi agreed, Liang bufan let out a sigh of relief in his heart. He immediately brought the two into the sun Villa. The door to the living room was already open, and a dignified middle-aged woman was waiting at the door.

"Xiang Sao, we meet again, how have you been?" Liang bufan greeted the middle-aged woman with a smile. As the head of a new family, he didn't need to do this, but this Xiang Sao was brought over by young Madam sun's maiden family. She was definitely a trusted aide and could be considered the second housekeeper of the sun family. Liang bufan didn't dare to treat her as a servant.

Xiang-Sao didn't look anything special, she just smiled and bowed slightly, "Mr. Liang, please. The young Madam is already waiting."

Originally, Xiang-Sao had always called her miss. However, after marrying into the sun family, there was a big miss. After marrying over, of course, she still had to take the title of young Madam, so now she was very used to the identity of the sun family.

Liang bufan had been here a few times, most of them to see young Madam sun. Xiang Sao was also the one who received them, so although the two of them weren't familiar, they weren't strangers.

When Lin Yi came over, Xiang-Sao bowed slightly as well, and Lin Yi nodded back in response.

After entering the living room, the young woman on the sofa stood up and greeted him with a smile. She must be sun Yikai's wife. She was pretty and had a gentle temperament. She didn't look like a bully.

Liang bufan took a few steps forward and said with a smile, "Mrs. Sun, I'm sorry to disturb you again today!"

"Uncle Liang, you're too polite. You're going to be our elder soon, so you don't have to bother us. May I know why you're here today? The wedding is the day after tomorrow. Could it be that something has happened that even sister ruoqing is here?" Mrs. Sun first greeted Liang ruoqing, then smiled and said to Liang bufan.

As for Lin Yi, it wasn't convenient for her to ask and she could only wait for Liang bufan to introduce him.

Liang ruoqing snorted. She wanted to say that she was not his sister, but she was worried that she would mess things up, so she could only bear with it.

Liang bufan smiled awkwardly, "it's like this. This little brother is a friend of ruoqing's friend. He said that he knows young master Sun. So, he asked me to bring him to meet young master Sun today." I don't know if you've heard of him before, young Madam, his name is Lin Yi. "

Lin Yi looked at Liang bufan and said, ""Don't call me little brother. I'm not familiar with you, so don't call me so intimately. I'm not worthy of it. "

Liang bufan's face turned red. He wanted to fall out with Lin Yi, but he couldn't do it in front of Mrs. Sun.

Mrs. Sun looked at Lin Yi in surprise, clearly not expecting him to be so impolite. She thought for a while before replying, "Mr. Lin, do you know Yikai? I'm sorry, I've never heard him mention you before. How did you meet Yikai?"

Lin Yi didn't have any bad feelings towards this Mrs. Sun-she didn't seem like an unreasonable person, judging from her actions and words. "Yikai used to be my neighbor, and we were on good terms."

If sun Yikai was here, he would definitely add, ""After that, I treated you as my brother-in-law, and our relationship became even better!"

"I see. Then Yikai will be very happy to see you, Mister Lin!" Mrs. Sun had a happy expression on her face, as if she was really happy that sun Yikai was able to meet an old friend, but she didn't ask who Lin Yi was at all.

Liang bufan smiled awkwardly, ""Mrs. Sun, don't mind him. He's just an idle person who has nothing to do. He's just here to join in the fun. Let's discuss the details of the day after tomorrow."

Mrs. Sun obviously hadn't heard of Lin Yi's name before, which meant that this guy wasn't someone important in sun Yikai's heart. Liang bufan felt that he was too stupid to bring Lin Yi to house sun. He was obviously asking for trouble.

He didn't know that the reason why Sun Yikai didn't mention Lin Yi was because he didn't want sun Jingyi to hear it and be sad. In fact, in sun Yikai's heart, Lin Yi's weight was even higher than sun Jingyi.

Mrs. Sun didn't give Lin Yi the cold shoulder because of Liang bufan's words. She still smiled at Lin Yi, ""Please wait for a while, Mr. Lin. Yikai will be back soon. It'll be great if you can have a drink and chat with your old friends when you meet."

After she finished talking to Lin Yi, she turned to Liang bufan, ""Uncle Liang, do you have any more questions about the arrangements for the day after tomorrow? Even though we've somewhat mistreated little sister ruoqing this time and can't hold a grand wedding for her, we've already discussed the necessary procedures. Even though we won't hold a grand banquet, our closest guests will still come. "

Liang bufan didn't have any questions. He just wanted to change the topic. So, he didn't know how to reply.

Chapter 5685 Are You Threatening Me?

Lin Yi said indifferently, "Mrs. Sun, Yikai and I are brothers, so I'll call you sister-in-law. I heard that you arranged Liang ruoqing's incident, but Yikai didn't know. Is that true?"

From Jingyi's point of view, Lin Yi was right to call sun Yikai his brother-this cheap brother-in-law's wife was a real brother's wife.

However, Liang bufan didn't know that. When he heard Lin Yi's words, his expression changed, ""Lin, Who are you? How dare he call the young Madam sister-in-law? You don't know what you're doing, get out immediately!"

If he could take the chance to chase Lin Yi away, Liang bufan would be more at ease. He didn't want Lin Yi to cause any more trouble and he would have to clean up the mess.

Mrs. Sun was a little stunned, not sure if it was because Lin Yi called her sister-in-law or because of Lin Yi's sudden question. Seeing Liang bufan's angry face, she quickly raised her hand to indicate that it was okay.

"Don't be angry, uncle Liang. Mr. Lin and Yikai are friends, so it's only right for him to call me sister-in-law. But why is Mr. Lin interested in this marriage? The wedding is the day after tomorrow. Why don't you stay for it?" Mrs. Sun didn't answer Lin Yi's question directly, but it was the same as her silence.

Lin Yi smiled, "I don't think the wedding is necessary. I'm here to see sun Yikai and tell him that Liang ruoqing won't marry him. She already has someone she likes!"

No matter how well-mannered Mrs. Sun was, her face changed a little this time. She turned to Liang bufan, who hated Lin Yi to death, but could only smile and say, "Mrs. Sun, you don't have to care about him. I don't know where this guy came from. He's so boring. How can he interfere with a man and a woman's marriage? I'll send him out now!"

"Liang family head, what exactly is going on? Could it be that Mister Lin is sister ruoqing's sweetheart?" Mrs. Sun put away her smile and directly changed the uncle to the master of the family. Obviously, she was quite dissatisfied with the development of this matter.

Liang bufan was a Mystic class master, and his forehead was already covered in sweat. He could only blame himself for being possessed. He knew that Lin Yi was here to mess things up, but he still brought him to house sun himself!

"It seems that sister-in-law doesn't know about this either! Then I'll explain it simply!" Lin Yi smiled faintly-he'd pretty much figured out the cause and effect.

He didn't know why Mrs. Sun wanted to find a concubine for sun Yikai, but it was probably because she couldn't give birth, and then she let Liang bufan know.

Liang bufan, who wanted to get close to the sun family, immediately contacted Mrs. Sun and told her that Liang ruoqing was an ignorant girl who admired sun Yikai. The two of them got married and the marriage was settled. During this process, the two parties who got married probably didn't know about this news.

After that, Liang ruoqing ran away from the wedding and was caught by zou ruoming, and Lin Yi intervened. Now, they were sitting here and explaining everything.

Mrs. Sun's face didn't look too good after hearing Lin Yi's story of ruoming and ruoqing. As for Liang bufan, he had an even bigger headache.

The living room was silent for a few minutes before Madam sun slowly opened her mouth, "Mr. Lin, I know what you've told me, but the wedding has already been decided, and the most important family members of House sun are all here. If you want to cancel the wedding, it's too much of a mess, so we have to make do with it. The wedding has to go on as planned. I believe that our Yikai is much better than that zou ruoming, and ruoqing will definitely fall in love with Yikai after spending some time with him!"

At the side, Liang ruoqing could not help but say, ""That's impossible, ruoming is the only one in my heart. No matter how good your son Yikai is, I'll never fall for him!"

Mrs. Sun's face was cold as frost. She no longer had the spring breeze on her face. She completely ignored Liang ruoqing's words and said to Liang bufan, ""Liang family head, the wedding is going to be held as planned. The only reason why the bride isn't here is because the Liang family has been exterminated. I don't think such a tragic situation will happen, right?"

Liang bufan's body suddenly trembled. He felt a chill spreading from the bottom of his heart. The always gentle and gentle young Madam sun was so aggressive when she was angry!

Lin Yi thought to himself-sun Yikai's wife wasn't as simple as she seemed, after all. No wonder she'd get him a room without telling sun Yikai.

Don't look at this little woman as though she wasn't a cultivator, but her superior aura was definitely more oppressive than ordinary cultivators. One could tell just by looking at Liang bufan's cowardly appearance.

"Hehehe, don't worry, young Madam. The wedding will definitely be held as scheduled. Our Liang family has the sun family as in-laws, so how can we be exterminated? hahahaha, young Madam, you really know how to joke!" Liang bufan secretly wiped his forehead and laughed as he promised.

Mrs. Sun's face relaxed a little, apparently satisfied with Liang bufan's answer. But Lin Yi didn't care about her threat and asked indifferently, "I forgot to ask, what's sister-in-law's name? Which family's daughter is she?"

"My surname is Wu, Wu Qingli. She's just a little girl from the Wu family, a small aristocratic family that has just risen. I'm sorry to have embarrassed myself, Mister Lin!" Mrs. Sun, Wu Qingli, didn't really like Lin Yi anymore, but she decided to be patient since sun Yikai might really know Lin Yi.

Another house that Lin Yi had never heard of before-it seemed like the structure of noble houses had changed quite a bit. He wondered if sun Yikai and Wu Qingli got together because of an arranged marriage.

However, all of this wasn't important. Lin Yi didn't care about the new Noble House at all. After knowing Wu Qingli's identity, he only smiled, "Sister-in-law is only thinking for the Liang family, don't tell me you didn't think for your own maternal family? Who knows, this wedding might not be a good thing for your Wu family! Of course, it doesn't matter what guests you've invited. Even if they don't attend the wedding, they can still come and see me. I'm sure they'll be very willing to. "

"You're threatening me!" Wu Qingli's face changed as she clenched her fists. She wasn't a practitioner, and even if she was, she was nothing in front of Lin Yi.

Lin Yi looked at Wu Qingli, amused. Threatening a new Noble House? Wouldn't it be too embarrassing if word got out? Moreover, Wu Qingli was Sun Yikai's wife, so he still had to give the Sun family some face.

#### Chapter 5686 Prostrating On The Ground To Send Him Off

It was just that Lin Yi felt that these new noble houses were too chaotic right now, and the Practitioner Alliance obviously didn't care about these things anymore. It seemed that he had to find some time to let them sort things out!

The two men who looked like bodyguards heard Wu Qingli's high-pitched voice and immediately rushed out of the room. They were all Earth Class and above. To Liang Bufan, they were existences that he could only look up to. However, to Lin Yi, they were just slightly stronger ants in a group of ants. In the end, they were still ants.

"Young Madam, do you need us to ask them to leave?" "What's wrong?" the two men asked softly as they protected Wu Qingli.

Wu Qingli hesitated for a moment before turning to Lin Yi, "Mr. Lin, I'm sorry, but we don't welcome you. Please leave now. We don't want to see you at Yikai's wedding. That's all I have to say. You're on your own!"

With that, he waved his hand at Lin Yi, and the two bodyguards came over, ready to force him out.

Lin Yi leaned back on the sofa, completely relaxed. "Sister-in-law, I don't think you can make the decision. Why don't we wait until Sun Yikai comes back?"

Wu Qingli had a cold smile on her face. Although she managed to convince sun Yikai, it didn't mean that there were no hidden dangers. It would be a pity if Lin Yi's words caused sun Yikai to cancel the wedding.

"Mr. Lin, please leave!" With Wu Qingli's order, the two Earth Class Masters increased their speed and were about to drag Lin Yi off the sofa.

However, as soon as they moved, an invisible force enveloped them. They didn't even have time to react, and the two Earth Class fell to the ground, unable to move.

"Sister-in-law, the way your two subordinates ask people to leave is very special. Are they prostrating on the ground to send them off? If I don't leave, will they not get up?" Lin Yi smiled nonchalantly, as if the two Earth Class Masters' actions had nothing to do with him.

Everyone in the living room stared at Lin Yi, dumbfounded. Who the hell was this guy? He didn't even move his hand, and two Earth Class Masters fell to the ground? How powerful must he be? Heaven rank?

Liang bufan was in a difficult position. When they were in the villa, there was a moment when he thought that it was a good idea to join Lin Yi, but he overturned that thought. He even mocked Lin Yi just now, but he couldn't understand the strength Lin Yi showed now.

No wonder she didn't think much of Lin Yi-he was just too high up, someone she couldn't see through at all!

Wu Qingli's face went from red to white-the two Earth Class Masters were bowing down to Lin Yi, and she finally understood that Lin Yi wasn't threatening her-he had the power to do anything he said. If they continued with the wedding, it might bring trouble that house Wu couldn't handle!

And for such an awesome figure, the sun family's friends obviously wouldn't attend the wedding, but they would take the initiative to visit. Who wouldn't want to get to know such a powerful master?

Lin Yi waved his hand, "go away. Don't make it so Grand. Your young master is coming in soon."

Sun Yikai was back indeed-Lin Yi's spirit sense had seen his car driving into the villa, so he let the two Earth Class Masters go.

The two men felt the tension in their bodies loosen up, and they scrambled to the side, looking at Lin Yi with fear and respect.

The people watching from the side might be shocked, but they definitely wouldn't be as shocked as the two of them. It was a sense of powerlessness filled with despair, as if one was facing a destined fate. No matter how hard one struggled, there was no way to change it.

"Qingli, we have guests today? So it's the Liang family's Liang family head!" Sun Yikai smiled and greeted them when he saw them.

Lin Yi's back was facing sun Yikai, so the latter didn't recognize him.

Liang bufan smiled at sun Yikai awkwardly, but he didn't know how to react. The day after tomorrow, sun Yikai would be his son-in-law, and their relationship should be very close, but sun Yikai called him master Liang. It was obvious that he didn't care much about this marriage.

Sun Yikai didn't notice when he first came in, but he noticed that Wu Qingli's expression wasn't right. He immediately asked with concern, ""Qingli, what happened? Are you feeling uncomfortable anywhere?"

Wu Qingli forced a smile. "No, Yikai, come here. This Mister Lin said he was your neighbor."

From Lin Yi's display of strength, Wu Qingli knew that the marriage was going to be canceled. House sun might have a Sky Class full master, but it wasn't worth it to offend a master like Lin Yi for Liang ruoqing.

"My neighbor?" Sun Yikai turned around suspiciously and looked at Lin Yi. Lin Yi turned around at the same time, revealing a faint smile.

Sun Yikai was stunned. He jumped up and shouted, ""Brother-in-law! It really is you! You're finally back!"

Brother-in-law? Other than Lin Yi, everyone else was dumbfounded once more-what was going on?

Sun Yikai only had one sister, and that was the current Head of House sun, sun Jingyi! But no one had ever heard of her getting married! If sun Yikai didn't say it himself, they would never believe that Lin Yi was sun Jingyi's husband!

"Yikai, long time no see. I heard that you're going to have a second wife soon, so I came to see you!" Lin Yi greeted him casually.

Sun Yikai blushed and laughed, ""Brother-in-law, don't laugh at me. It's a complicated matter. I'll tell you later. Let me give my sister a call first. You have no idea how much she misses you. I don't even dare to mention your name. I'm afraid that she'll secretly wipe her tears if she hears you."

Lin Yi felt guilty-sun Jingyi was a special one among all his female friends. If it weren't for her, Lin Yi would've been killed by his enemies after losing all his strength, and he wouldn't be the Lin Yi He was now.

Lin Yi, on the other hand, didn't spend much time with Jingyi, and so he decided to visit her this time.

Sun Yikai took out his phone excitedly and told sun Jingyi the news of Lin Yi's arrival, but the other side hung up the phone after a few words. Sun Jingyi had obviously left everything behind and rushed back as fast as she could.

Chapter 5687 Is She New To Your Eyes?

Sun Yikai turned around and sat down beside Lin Yi after he was done with his report, "Brother-in-law, please wait a moment. My sister will be back soon. Are you hungry? Why don't we eat something first and wait?"

He suddenly remembered what Lin Yi just mentioned. Liang bufan and Liang ruoqing were also watching from the side. Sun Yikai said, ""Liang family head and miss Liang should also eat together. In the future, we'll be a family, so there's no need to be so formal."

"Do you know her?" Lin Yi pointed at Liang ruoqing.

Sun Yikai scratched his head. "I've seen her in photos. It's my first time seeing her in person. What's wrong?"

"What's wrong? You haven't even met her once and you dare to marry her as a concubine? Don't you know that she might already have a boyfriend?" Lin Yi said, annoyed. He treated sun Yikai as one of his own, so he didn't like this kind of thing.

If it was someone else, Lin Yi would've been killed by LAN Guzha already. Who had the patience to talk so much nonsense?

Sun Yikai was shocked and lowered his voice, "Brother-in-law, is this your new ..."

Lin Yi didn't know what to say-this kid sure had a big brain! I like your sister ... Oh, no, I mean your sister!

"I don't think you're interested in this marriage, so why don't you just cancel it and give the couple a chance?" Lin Yi glared at sun Yikai and made the decision without further explanation.

"Alright, I'll listen to brother-in-law!" Sun Yikai nodded without any hesitation. His natural reaction made Wu Qingli dumbfounded again!

Sun Yikai looked at Wu Qingli and suddenly pulled Lin Yi's arm, ""Boss, I remember that your medical skills are outstanding. You're a hidden Divine Doctor. You must help me this time!"

Lin Yi looked at Wu Qingli and nodded, ""Speak!"

It seemed like his guess was right-the root of everything was Wu Qingli. Lin Yi could've known if there was something wrong with Wu Qingli with just a scan of his spirit sense, but it would be embarrassing if he scanned sun Yikai's wife like that even if she didn't know. His spirit sense was much clearer than his eyes. Under normal circumstances, Lin Yi wouldn't just scan someone's body-only a pervert would do that.

Sun Yikai looked at Liang bufan and Liang ruoqing, then said to Xiang Sao, ""Xiang-Sao, you go and prepare the food and wine first. We'll have dinner in a while. Brother-in-law, come with me for a while."

"It's fine, they won't hear you!" Lin Yi said, waving his hand.

To people from the common world, Lin Yi could just casually set up a Qi barrier and completely block out the transmission of sound. Even if they wanted to eavesdrop, it would be impossible.

Sun Yikai paused, but he believed Lin Yi's words, ""Qingli is terminally ill. If she maintains her current condition, she can still live for another ten years. If she's pregnant, she won't be able to live past three months. That's why she's in a hurry to find me a concubine. She wants to give the sun family an heir. Brother-in-law, you know as well that my sister won't be able to marry anyone other than you. However, it's impossible for you two to have any children in such a short time ... So ..."

As expected, it was like this! Lin Yi had expected this, and wasn't surprised at all. He just hadn't heard of this terminal illness before, dying early during pregnancy.

"You gave your treatment quota to your sister-in-law?" Lin Yi asked casually. House sun was a famous healer house in the world of practicing. If they were talking about miracle doctors, then they were all miracle doctors.

Sun Yikai smiled bitterly, "yes, but Qingli isn't a practitioner, so the effect wasn't very good. It only extended her life for five years. Otherwise, she would only have five years left."

"Alright, I'll take sister-in-law's pulse later!" Lin Yi nodded in agreement. No matter how sun Yikai and Wu Qingli got together, the two of them were truly concerned about each other. This kind of feeling was the same as Zou Ruoming and Liang Ruqing's. Even if it wasn't sun Yikai, Lin Yi would still help him.

Sun Yikai thanked Lin Yi excitedly. He knew how good Lin Yi's medical skills were, and if there was anyone who could extend Wu Qingli's life, it would be Lin Yi!

He was desperate for Lin Yi to heal Wu Qingli, but he didn't rush Lin Yi. Instead, he accompanied Lin Yi and told him about the changes in the noble houses.

The members of the noble houses in the practitioner Alliance were working harder and harder to cultivate because of the opening of Sky Class Island. They wanted to find an opportunity to open sky Class Island again and enter it, so most of the noble houses and sects went into seclusion. They retracted their tentacles from the secular world and transferred their real estate to others. At most, they left some of their assets to invest in the financial market and find professional investment managers to operate their capital.

Although the cultivator Alliance was still the most powerful force in the secular world, those who were in closed-door cultivation were in closed-door cultivation, and those who were not in closed-door cultivation were in the investigation Center, so they had no time to care about other things.

As a result, many new noble houses emerged. These were all second or third-rate houses in the past, but because the previous noble houses and hidden houses had all gone into seclusion, the remaining old noble houses like house sun had all joined the practitioner's Alliance, which was also known as the mystic Investigation Bureau, to investigate the center and the re-opening of Sky Class Island. So, it was normal for these small noble houses to appear.

After all, it was normal for there to be new talents in every generation.

As for Liang bufan's family, they were slightly weaker. Even among the new families, they were at the bottom.

The two chatted for seven to eight minutes before they heard the screeching of a car's brakes-it was Jingyi!

Lin Yi removed the noise barrier and looked at the door-a pretty lady in a light-colored business suit came rushing in like a gust of wind. It was sun Jingyi, who he hadn't seen in a long time!

When they first met, she'd made herself look mature on purpose, and it'd been a few years since then-she really was! The qualities that'd attracted Lin Yi back then were all the more perfect now!

Jingyi, who'd been panicking just a moment ago, stopped in her tracks upon seeing Lin Yi-she took her time and walked over to Lin Yi with a seductive air.

"Yo, isn't this my little lover? how rare! Come and give big sister a hug!" Jingyi walked over with a bright smile on her face, but Lin Yi's face was a little red from her words.

There were so many people watching. It wasn't like this on TV. Could they learn from others? first, they watched in disbelief, then their tears naturally fell, and then they choked and cried in their arms!

But that was just a thought-he opened his arms wide and pulled her into his embrace.

Chapter 5688 Indeed, It's Not Easy To Cure

Jingyi's body tensed up for a second before melting into Lin Yi's body, as if she was going to melt into him.

"I'm back!" Lin Yi whispered in Jingyi's ear. "I miss you!"

Jingyi's tears flowed down her face, only sticking to Lin Yi's chest before falling onto his clothes.

"What a sweet and smooth tongue. You're indeed an expert at coaxing your lover!" Jingyi hugged Lin Yi tightly, tears streaming down her face as she smiled.

Everyone in the living room turned their heads and pretended not to see. This was the sun family's current master and her ... Little lover making out. It wouldn't be good to see them, right?

A while later, Jingyi left Lin Yi's embrace unwillingly-not because there were people around, but because Lin Yi was going to treat Wu Qingli first.

He used his pure Qi to evaporate the tears on his chest before pulling Jingyi back to the sofa. He waved at Wu Qingli, "Sister-in-law, come over here and let me take your pulse."

Sun Yikai had already exaggerated Lin Yi's medical skills to Wu Qingli, saying that resurrecting a dead person and regrowing bones were all just the most basic skills. Her illness was just a walk in the park.

Although Wu Qingli didn't believe in the truth, she still sat down beside Lin Yi and took his pulse.

Lin Yi's finger touched her body, and his pure Qi flowed into her body to check for any hidden problems.

After a few seconds, Lin Yi found out what the problem was. What made him feel strange was that Wu Qingli's so-called terminal illness didn't seem to be inborn. It seemed more like someone had done something to it.

This explained why Lin Yi had never heard of this terminal illness before.

With Lin Yi's methods, this was a piece of cake. He removed the problem in an instant and pulled back his hand.

"Sister-in-law, how long has your illness been discovered?" Lin Yi asked calmly. He wanted to make sure if Wu Qingli's incident involved house sun. If it did, then he had to uproot the mastermind to prevent Jingyi from being threatened.

"It's been five or six years, is it hard to cure? It doesn't matter. All the doctors I've seen said it's hard to treat. " Wu Qingli said dejectedly. Lin Yi didn't even take a minute to feel her pulse, and although she felt a warm flow circulating in her body, Wu Qingli didn't know that she had been cured and thought that Lin Yi couldn't do anything about it.

"Yes, it's not easy to cure, so I crushed the virus directly. You won't have any problems in the future!" Lin Yi said in a relaxed tone. Wu Qingli had been living here for five to six years now, so this matter had nothing to do with house sun. Even if the mastermind didn't want to let Wu Qingli go, they had to consider house sun's power and influence, so Lin Yi didn't have to worry about her.

"You mean ... I'm done?" Wu Qingli was still a little dejected when she heard the first half of the sentence, but her eyes widened as she looked at Lin Yi in disbelief.

In less than a minute, he had cured a terminal illness that all the doctors were helpless against? This Lin Yi wasn't bluffing, and sun Yikai wasn't bluffing either!

Sun Yikai, on the other hand, trusted Lin Yi completely. He jumped up and hugged Wu qingxuan, "That's great, Qingli. We can rest assured from now on. We'll be able to carry our son next year!"

"Go away, what kind of shameless words are you saying!" Wu Qingli's face turned red. She felt that she was no longer as uncomfortable as before. Could she have really recovered? Sun Yikai was as excited as a child, and he suddenly turned his head and snorted, ""You only know how to hold a son. Can't you have a daughter?"

"Hahahaha, of course. It'll be good if you have a daughter who's as powerful as your sister!" Sun Yikai laughed as he kissed Wu Qingli on the cheek.

Liang bufan and Liang ruoqing were in an awkward position. They couldn't hear the conversation between sun Yikai and Lin Yi, so they didn't know what was going on.

But sun Yikai had just agreed to cancel the wedding, so Liang bufan didn't know what to do. Liang ruoqing, on the other hand, was happy-there seemed to be no problems between her and zou ruoming!

Sun Yikai only remembered to thank Lin Yi after hugging Wu Qingli for a while. However, he didn't think that there was a need to be polite since his brother-in-law was helping his brother-in-law. They were family.

It was at this moment that sun Yikai remembered that the father and daughter of the Liang family were still here. He immediately said to Liang bufan apologetically, ""Liang family head, I'm sorry. Previously, there were some misunderstandings between me and my wife that were not cleared up, which caused some trouble for your daughter. Fortunately, it's not too late to pull back now. Let's just pretend that there was no wedding. We will also try our best to satisfy you with some compensation later."

Before Liang bufan could speak, Liang ruoqing opened her mouth and said, ""I don't need any compensation. It's the best compensation for young master Sun and young Madam to be together. I can see that you both love each other deeply. I hope you can grow old together and have thousands of children!"

Wu Qingli's face was red as she said, "thank you for your blessings, sister ruoqing. I was wrong before. If I have offended you, you must forgive me. May the lovers in the world be together!"

Liang ruoqing's smile bloomed like a flower as well. She nodded vigorously and said, ""Thank you, sister. May the lovers in the world be together!"

Lin Yi turned his head to look at Jingyi, and Jingyi happened to turn her head as well. Their eyes were as soft as water, and it was clear what they wanted to say.

Although it was a pity that Liang bufan couldn't get any compensation, but this matter was his own initiative. In the end, there was nothing he could do even if it was canceled. Now he could only try to build a good relationship. Since he couldn't get a marriage alliance, it would be best to get a promise from the Alliance.

The sun family's kitchen had already prepared dinner, and Jingyi had people bring the three people Lin Yi brought in for dinner. As for Liang bufan's people, she'd have to deal with them herself, and Liang bufan wouldn't have any objections as long as he could stay.

During the meal, Liang bufan announced that he would marry Liang ruoqing to zou ruoming in order to please Lin Yi. As long as zou ruoming came to ask for their hand in marriage, they could choose a date to get married!

Lin Yi felt that Liang bufan was acting, but things were over now, and he didn't say anything more. The dinner was a happy one, and LAN Guzha had a good time, too. It was just that house sun's chef-LAN Guzha was a glutton, and his food was four times that of everyone else's combined. He didn't know if Jingyi would give him a higher salary.

#### Chapter 5689 Trouble At The Door

After the meal, Liang bufan tactfully took his men and left. Although the marriage had failed, he had found someone to rely on after the meal. He was already satisfied.

Ruoming didn't want to be separated from Liang ruoqing for even a second, so he wanted to go back with her. Lin Yi had helped him so much, so ruoming hoped that Lin Yi could go to the Liang family's Villa and help discuss his marriage with Liang ruoqing. He was afraid that Liang bufan would go back on his words without Lin Yi around.

Jingyi walked everyone out and pulled on Lin Yi's hand with a smile. "I know you'll be going back to that place soon, so I want to keep following you. Will you find me annoying?"

"Why would I? I'm here to spend more time with you, but since I've helped out with zou ruoming's problem, I'll have to do a good job. Why don't you come with me now?" Lin Yi wanted Jingyi to stay with him for a little longer-he'd do his best to push her strength to the max before they left the common world and returned to Sky Class Island.

"Sure, but I still have some things to take care of here. You go with zou ruoming and the others to the Liang family's Villa first-if everything goes well, I'll meet up with you tomorrow morning."

"Alright then, I'll wait for you at the Liang family. I might have to go to Europe with Xiaobo and fatty Lai in the next two days, so remember to bring your passport and other things when you come." Lin Yi remembered the sacred Alliance and told Jingyi to get ready.

"That's great! I'm so happy to be able to go on vacation with my little lover!" Jingyi didn't ask what Lin Yi was doing in Europe-she wasn't planning on separating from him before he returned to Tianjie Island.

Since they were going to meet again tomorrow, Lin Yi didn't waste any time. He said goodbye to sun Yikai and the others before getting into the car with LAN Guzha.

The three cars went back the way they came, and when they got back to the villa, it was around nine at night. What made Lin Yi feel strange was that his spirit sense saw seven practitioners standing at the entrance of the villa, and more than thirty people from the Liang family were kneeling there. It seemed like the Liang family's enemies were here.

Of these seven practitioners, one was Sky Class early phase peak, five were earth Class, and the weakest one was Mystic late phase peak. In terms of strength, they weren't inferior to the hidden forces at all- they might even be ancient!

To deal with the Liang family, any two of them would be enough. After all, the Liang family only had One Earth Class consecrator, and Liang bufan, the family head, was only at the early stage of Mystic class.

"Boss, is there a fight up there? Is there a chance for me to make a move later?" LAN Guzha's divine sense was quite powerful too, and he noticed what Lin Yi noticed as well.

The conversation between the two wasn't heard by ruoming and the others, and Lin Yi didn't think much of the seven practitioners up there, so he didn't have the intention to warn Liang bufan.

"You want to attack such a weak opponent? Did you eat too much and want to digest?" Lin Yi said with a smile. LAN Guzha's competitive nature was getting more and more obvious. Masters usually didn't bother to fight weaklings, but LAN Guzha didn't care at all. He was fine as long as he could fight.

"No way, boss, don't think about saving my food expenses. I wasn't full at all just now, I was at most 60% full!" LAN Guzha looked at Lin Yi warily, afraid that Lin Yi would tell him to eat less in the future.

Lin Yi couldn't help but chuckle-what would house sun's chef think if he heard LAN Guzha's words? he'd worked so hard to prepare a feast for thirty to forty people, and he was only half full?

Soon, the three cars arrived outside the manor. Liang bufan also saw the situation outside the manor's Gate. He was a little confused.

Without waiting for the car to stop, one of the earth Class practitioners raised his hands, and twenty steel nails shot through the air, piercing into the tires of the two cars from the Liang family. As for zou ruoming's car, Lin Yi used his spirit sense to make it deviate a little, so that they wouldn't have to fix the tires tomorrow.

Fortunately, the speed of these two cars had almost reached zero, so the tire bursting didn't cause any serious consequences. Liang bufan brought the elite of the Liang family and pushed the door open to get off the car with a gloomy face.

"Liang bufan, today is the end of your Liang family. Do you have any last words?" The earth Class who had burst the tire had a sinister smile on his face as he slowly walked in front of Liang bufan.

"Gu Yuehu, if you want to take revenge, just come to me. What does it have to do with the other members of the Liang family? Let them go and I, Liang bufan, will be at your disposal!" He knew that Gu Yuehu had burst the car tire to prevent them from having the chance to escape. Otherwise, the seven of them would have killed them all.

There wasn't even a need for seven. Gu Yuehu alone was enough to kill everyone in the Liang family. After all, the earth-rank consecrated of the Liang family was slightly weaker than Gu Yuehu.

Gu Yuehu laughed, "Liang bufan, you're really funny. Do you think you can let me do whatever I want to you?" The other people in the Liang family originally had nothing to do with this matter, but since they have entered your Liang family, then they are related. Anyone who has anything to do with you, Liang bufan, will accompany you down to the yellow Springs today. "

Liang bufan's expression was quite ugly. He really wanted the consecrator of the Liang family to protect Liang ruoqing and leave first, but the earth-ranked consecrator's face was pale at the moment. In the face of so many powerful cultivators, the earth-ranked consecrator had already lost his will to fight!

Their only hope was Lin Yi! Liang bufan sneaked a glance at Lin Yi sitting in the Range Rover. With zou ruoming here, he wouldn't let anything happen to Liang ruoqing. Lin Yi's strength was unfathomable, and although there was a Sky Class master on the other side, it shouldn't be a problem to protect Liang ruoqing, right?

"Gu Yuehu, do you know where I'm back from? I just came back from the sun family in the neighboring city! To tell you the truth, our Liang family is going to marry into the sun family soon. Don't you know what kind of status the sun family has?" Although Liang bufan was hoping that Lin Yi could protect Liang ruoqing, it would be even better if he could use house sun's name to scare these people away. So he calmly pulled out the Tiger's skin as a flag. Originally, he married into house sun to deal with Gu Yuehu, but it was too late to inform house sun for help.

"It's just the sun family of the cultivators Alliance. What's the big deal?" Although Gu Yuehu said that it was nothing impressive, a look of fear flashed across his eyes. He then looked at Liang ruoqing and laughed, ""This is your daughter, right? Not bad, not bad. You can let your daughter go today, but she won't be marrying into the sun family. I'll help you find many, many son-in-law. In the future, your grandchildren can be surnamed Zhao Qiansun, li zhouwuzheng, but not Liang!"

Chapter 5690 Directly Roar To Death

Liang bufan was furious but he knew that he was no match for Gu Yuehu. He could only glare at him and think of a way to get out of this predicament.

Ruoming had just gotten out of his car when he heard Gu Yuehu insulting his sweetheart. "That short fatty, what did you say! If you have the guts to say it one more time, do you believe that this young master will beat you up so badly that even your mother won't be able to recognize you!"

Lin Yi rolled his eyes. He really wanted to say that he wouldn't believe her! You're just an ordinary person, and you want to beat up an Earth Class? Unless I turn him into a sandbag with a soul-snatching hand.

"Zou ruoming, come back!" Lin Yi thought that since Liang ruoqing was going to be ruoming's wife soon, he'd be the matchmaker for her. He'd better help house Liang before her father died.

"God Lin!" Ruoming's face was full of anger, his sleeves rolled up as he stood there unmoving.

Lin Yi glanced at the seven practitioners in front of him-the strongest one was only sky Class early phase peak. He really wasn't interested in such a weak opponent.

"I'll give you a chance to live. Leave immediately and never come back. I'll spare your lives today. " Lin Yi waved his hand, telling the seven to get lost.

The seven cultivators were stunned for a moment before bursting into laughter. Gu Yuehu laughed so hard that he even teared.

"Liang bufan, did you hire this guy to be a joke? Not bad, not bad. His cold joke is quite funny, but you didn't tell him that he would kill himself by making such a joke. " Gu Yuehu's smile disappeared and he looked at Lin Yi coldly.

"That reckless brat, kneel down now and kowtow a hundred times to each of the seven grandpas, and I'll spare your dog life today. Otherwise, you won't live to see tomorrow's sun!" The weakest of the seven, the mystic class master, smiled coldly. He seemed to be trying to persuade Lin Yi, but he was actually trying to humiliate him.

"Boss, is it cloudy or rainy tomorrow?" LAN Guzha asked, moving closer to Lin Yi. Was that why there was no sun? Did that idiot predict the weather? Didn't they say that the weather forecast was based on the real-time situation? Sigh, human affairs are so complicated!"

The mystic practitioner had sharp eyes and ears-LAN Guzha wasn't trying to avoid him, so he heard everything clearly. He glared at him,"That blind little B \* stard, how dare he make fun of your grandfather. Does he think that we, the fire wolves sect, are easy to mess with? Come over! Kneel down and slap yourself a hundred times, and I'll let you die a quick death. Otherwise, your whole family won't have a good life!"

"Boss, can I go and beat him up?" LAN Guzha didn't care about the guy at all. He turned to Lin Yi and asked. Without Lin Yi's permission, he didn't dare to make a move.

Lin Yi didn't answer LAN Guzha, frowning as he pondered. Fire Wolf established a sect, what kind of sect was that? As for the GaN mountain sect, it was already useless, so why was it starting to become so powerful again? He added the word "Fire Wolf" in front of it. Could it be that he had merged with the fire Wolf Gang?

But didn't the Firewolf gang and the red conch work together? Da Feng was with the red conch. If the Firewolf gang and the GaN mountain sect merged, Da Feng would probably send out news, right?

But Lin Yi remembered that Dafeng was in the center of the area, and it was possible that they didn't pay attention to the Firewolf gang's movements. They also just returned to the secular world not long ago, so this so-called Firewolf building a sect might really be the product of the two merged.

As expected, he had been away for a long time. The layout was very different. He still needed some time to get used to it.

Liang bufan didn't know what to do. Lin Yi's appearance seemed to have focused all his attention on him and LAN Guzha, but Lin Yi didn't do anything. He didn't know what he was thinking. Liang bufan was hesitating whether he should take this opportunity to jump on zou ruoming's white land Rover with Liang ruoqing and escape, so that Lin Yi and LAN Guzha could help block the pursuers.

Before he could figure it out, Lin Yi suddenly spoke to LAN Guzha, "You want to beat him up? Then go!"

LAN Guzha cried out and disappeared like a ghost. When he reappeared, he was already in front of the mystic. With a slap of his palm, the mystic was turned into meat paste!

"LAN Guzha, don't be so bloody. There's a girl here!" Lin Yi said unhappily.

"Alright, boss, I'll be careful!" LAN Guzha quickly replied with a smile.

After he finished speaking, he quickly used his true energy to scoop up a layer of soil and hastily covered the pile of bloody meat paste.

The remaining six cultivators turned pale with fright. Whether they were earth-rank or heaven-rank, none of them could clearly see any of LAN Guzha's movements. Under such circumstances, these six people still made a stupid decision.

Due to their fear of LAN Guzha's strength, the six cultivators of Fire Wolf Mountain Gate did not run away immediately. Instead, they released six fire wolves, thinking that it would be much safer. These fire wolves were similar to the evil warding sect's blood spirit beasts in the ancient Jianghu. However, one was of the fire attribute, while the other was of the divine sense.

As soon as the six fire wolves appeared, they howled and formed a hunting formation. They pounced toward LAN Guzha in perfect coordination.

LAN Guzha remembered Lin Yi's words that he couldn't use too bloody methods, completely forgetting that these fire wolves weren't made of flesh and blood. There was no problem with blood at all.

Seeing that the six fire wolves were already less than a meter away from LAN Guzha, the six cultivators even revealed looks of joy. However, in the next moment, LAN Guzha immediately opened his mouth and roared at the six fire wolves.

The clear and melodious dragon roar turned into a powerful sound wave, blowing the six fire wolves away in an instant. When they landed on the ground, none of them could stand up. All of them fell to the ground and kept twitching, as if they were scared to death. After a while, they turned into balls of flames and disappeared.

At this moment, the six cultivators were completely dumbfounded. When LAN Guzha was roaring, they were already feeling a little confused. Now, they had even forgotten to run away.

That was a fire Wolf! It was the secret weapon fire Wolf had used to build the sect! Six fire wolves ... Even a Sky Class full master would be able to tear them apart if they worked together. How could they be killed by that blue-haired Idiot's roar?

In fact, LAN Guzha's casual shout did not have that much power. The main reason was still the power on his body. Although the flood Dragon was not a true dragon, it already had the embryonic form of Dragon's might. In addition, LAN Guzha was a mutated flood Dragon, so he was more outstanding in this aspect. Even if he was not as good as a true dragon, he was not inferior to it.
