Chapter 5691 Sect Master Wen

Although the fire Wolf wasn't a real spirit beast and had no relationship with sea beasts, it still couldn't withstand the power of this mutated flood Dragon. After all, the difference in their levels was too great.

Lin Yi picked at his ear and continued, "LAN Guzha, I told you not to scare the girls with too much blood. Don't shout or scream. You'll scare people more easily! Why can't you be flexible at all? Hurry up and settle it. I'll take you to buy some cool clothes and eat something delicious!"

Upon hearing that there would be handsome clothes and delicious food, LAN Guzha immediately perked up and agreed loudly. He then rushed to Gu Yuehu's side.

Gu Yuehu did not even see his figure and was already lifted up by LAN Guzha by the collar. He was instantly overwhelmed with shock and lost all strength to resist.

"No, you can't use so much force. You have to be gentler!" LAN Guzha mumbled to himself and released Gu Yuehu's collar again. Gu Yuehu was in a daze and thought that he had escaped. Who knew that he would be lifted up by LAN Guzha again the moment he landed.

However, this time, langu zatti was rather careful. It was as if he was carrying a bomb that could explode at any time. Then, he carefully extended his palm and gently, gently ... Gently slapped Gu Yuehu's face.

Gu Yuehu watched in fear as LAN Guzha's palm slowly approached his face. Then, the entire world turned upside down and rapidly turned blood red. At that moment, he knew clearly that he was dead!

LAN Guzha flicked his hand in frustration. He was already very careful, but in the end, he still killed Gu Yuehu with a slap and sent his head flying. Fortunately, LAN Guzha reacted quickly and used his true energy to seal Gu Yuehu's blood vessels in time, so it didn't cause too bloody a scene.

"Boss, it's so hard to deal with. This guy's neck is like tofu. Can't you let me fight to my heart's content?" LAN Guzha's face was full of anger and grief as he spoke to Lin Yi. It wasn't that he was heavy-handed, but his neck was too fragile!

Lin Yi ignored LAN Guzha's complaints, but the remaining five practitioners suddenly came to their senses. They knew that they had kicked an iron plate today. No, it was a super invincible Vajra alloy plate. If they continued to stay, they would definitely die!

Gu Yuehu was the one who wanted to cause trouble for the Liang family. Now that his head had been sent flying, who would be willing to be buried with him? The five cultivators from Fire Wolf Mountain didn't even say a word. They rushed down the mountain almost at the same time. They only wanted to escape and let their companions buy them some time. Unexpectedly, everyone had the same idea. They were indeed from the same nest!

"What are you running for?" LAN Guzha was furious. My boss didn't even say anything, who would dare to run around!"

Before he could finish his sentence, his figure flashed and he had already pulled back the five cultivators who had separated and escaped. LAN Guzha grabbed the collar of these five people with one palm, but they could not struggle at all.

"Be gentle, be gentle, don't be too bloody!" LAN Guzha mumbled as he extended a finger. He thought to himself, 'I won't use my palm and my finger this time. Even if it's tofu, it won't be broken too badly, right?'

Just as LAN Guzha's finger was about to touch the forehead of one of the earth-rank cultivators, LAN Guzha felt that this was not safe. He simply bent his finger and flicked it in the air, releasing a true Qi finger wind that easily penetrated the forehead of the earth-rank cultivator.

"Hahaha, boss, do you think I'm okay? I'm really a genius, I'm really too smart and quick-witted!" LAN Guzha turned back to Lin Yi with a smile on his face. He even sealed the wound when his Qi went through the man's forehead, and there was no blood at all.

Lin Yi waved his hand. "Stop messing around. Take care of him quickly. Leave one for me to talk to."

LAN Guzha was dumbfounded. He thought to himself, 'I'm not fooling around. I've been doing this according to your request, boss ...'

However, since the boss had said so, it should be reasonable. Anyway, there was no wrong in listening to the boss. It was more reasonable to quickly solve it and go back to try on clothes and eat!

LAN Guzha did as he thought-he flicked his fingers and killed everyone except the Sky Class early phase peak. He then dragged the only survivor to Lin Yi.

"Boss, it's for you to ask questions!" LAN Guzha looked at Lin Yi anxiously, meaning that they should hurry up and finish asking so they could go back!

Lin Yi nodded and turned to the Sky Class practitioner, "Tell me, why did your fire wolves build your sect? Did the fire Wolf Gang and the GaN mountain sect merge? Who's the leader?"

The heaven rank cultivator's body trembled like a sieve. LAN Guzha threw him on the ground, and he quickly knelt on the ground, but his body was still swaying.

As a Sky Class master, he was caught and thrown around like a chicken, unable to fight back at all. Especially after seeing his men die so easily, it was already very good that he didn't wet his pants.

After hearing Lin Yi's question, the Sky Class practitioner replied with a trembling voice, "My ... My Lord, our Fire Wolf Gang's sect was indeed formed from the merger of the fire Wolf Gang and the GaN mountain sect ... The ... The leader ... The leader ... Is a man called master Wen! My Lord, I'm here to help Gu Yuehu this time. It's really none of my business. Please let me go like a fart!"

The guy was pretty smooth when he was begging, but Lin Yi didn't care at all. The first person Lin Yi thought of when he heard master Wen's name was Jianwen. Since the fire Wolf Gang had merged with the Qian Mountain sect, it wasn't surprising that Jianwen became the leader of the fire Wolf Gang.

"What is the address of your Fire Wolf sect's headquarters?" Lin Yi didn't expect to meet someone familiar like this-Jianwen was an old acquaintance, after all. It'd be easier to talk to him if he asked for his address.

"Sir, our Fire Wolf sect is still at the original Qian Mountain sect. We just added the name 'Fire Wolf' in front. However, there aren't many people in the sect now. The seven who came are the strongest. The

rest are just golden class and ordinary disciples." Since he'd already told Lin Yi, there was nothing to hide. He answered Lin Yi's questions with a few questions.

"Why?" Lin Yi asked curiously, "isn't your leader inside?"

The guy who was kneeling on the ground quickly nodded and said, ""Yes, yes, yes. I forgot to mention it just now. Master Wen basically doesn't establish the sect in Fire Wolf. It's just a name. All the affairs are controlled remotely, and a batch of potions is sent to us regularly for us to improve our strength. I'm the most powerful one in Fire Wolf, but compared to you two, I'm just a fart. No, no, no, I'm not even a fart. Why don't you just let me go like this?"

Chapter 5692 Battle Sooner Or Later

LAN Guzha glared at him from the side and exclaimed, "Be honest. Just answer whatever our boss asks. Don't talk about useless things!"

"Yes, yes, yes, this little one won't dare to!" After being glared at by LAN Guzha, the god of death, this fellow immediately shrank back and became well-behaved.

Lin Yi reached out his hand and took the guy's phone from him. He lit up the screen and saw that it didn't have a password. He opened his contacts and found "master Wen"'s number.

After a few rings, the call was connected, and a familiar voice came from the other side. ""You'd better have something important to do, or else you'll be in big trouble!"

It really was an Jianwen!

Lin Yi chuckled. At his level now, he didn't care about an old enemy like an Jianwen at all. On the contrary, he felt a sense of nostalgia when he heard that pretentious voice. After all, it was an Jianwen's existence that made his relationship with Chu Mengyao progress so well.

"An Jianwen, you're still as cocky as ever. I didn't think you'd be alive after all this time. You even took over the GaN mountain sect and created a fire Wolf. You're pretty capable!" Lin Yi said faintly, thinking about the unconscious Chu Mengyao.

After a few seconds of silence, Jianwen said uncertainly, "Lin Yi? How did you know that Fire Wolf built the sect? Why is this phone in your hands? Didn't you go to Sky Class Island? Why did you come back?"

This string of questions was even more professional than a professional reporter 's-if Jianwen was here, he'd probably put a microphone in Lin Yi's mouth for him to answer.

Lin Yi said impatiently, "so much bullshit!" Listen to me, stop causing trouble like this. If you keep doing this, I'm going to exterminate your entire Firewolf gang, do you believe me?"

"You don't believe me ... No way ..." Jianwen was confident in the first two words, but he was completely discouraged by the last two. Lin Yi had left a huge shadow in his heart, and the shadow was so huge that it couldn't even be counted. There was no way he could be tough!

"I say, Lin Yi, what did I do to you? I hope I didn't provoke you recently? I've already hidden myself and not moved about outside. Could it be that you want to settle the score for the past? But I've already compensated you! You can't be so immoral, can you?" An Jianwen felt wronged as he spoke. Every time he went against Lin Yi, he had to pay Lin Yi a huge sum of money after losing his men. He wasn't going against Lin Yi at all! He was just giving Lin Yi money and stuff!

Before Lin Yi could reply, Jianwen changed the topic."Lin Yi, I'm telling you, don't think that I'll give up on Yaoyao just because you're gone and she's unconscious. I'm only telling you this-it's impossible! When I grow stronger, just wait and see how I'll deal with you. "

Lin Yi couldn't help but frown. What was going on? it seemed like Jianwen hadn't recovered from the shock yet. One moment, he was about to admit defeat, and the next moment, he was going to be tough and say harsh words. Even if he was a Gemini, he shouldn't be suffering from schizophrenia, right?

But from Jianwen's words, it seemed like he really wasn't going to come out and cause trouble anymore. Could it really be that this was a decision made by the fire wolves?

"That Fire Wolf Gang of yours is here to cause trouble for my friend, the newly-promoted Liang family. Don't tell me you don't know about this!" Lin Yi said casually. He didn't care if Jianwen knew or not, but since he was the leader of Fire Wolf sect, Lin Yi had to get even with him.

"What? Those bastards, I told them not to go out and cause trouble, but they F * cking went to your jinx's friend's house! No wonder that Idiot's phone was in your hands. Alright, I got it. I'll leave the person to you to handle. In the future, no one will go to the Liang family to cause trouble. Is that okay?" An Jianwen seemed to have broken something and he really did look angry.

"What do you mean? Your people came to find trouble with my friend, and I helped you clean up your mess, and you're just going to dismiss me with this sentence?" Lin Yi's lips curled up into a faint smile as he recalled the times he'd extorted Jianwen. He was in a good mood now, and it was a habit of his to extort Jianwen.

Jianwen was silent for a moment before getting angry. "I knew you wouldn't give up so easily. Fine, fine, fine, I'll admit that I'm unlucky! Give your Liang family friend 100 million as compensation. Don't bargain with me, or you can just tear down the fire Wolf Mountain Gate. It's just a place to test the medicine anyway!"

Lin Yi couldn't help but smile. Money in the secular world meant nothing to him. He was just trying to find some memories and fun. Since he had achieved his goal, there was no need to force him anymore.

"Alright, since you're so tactful, 100 million it is then. I'll send you my account number in a while and the transfer will be over in ten minutes. Otherwise, I'll do as you say and tear down the fire Wolf Mountain Gate." Lin Yi was about to hang up when Jianwen suddenly yelled.

"Lin Yi, don't get too cocky. We'll have a fight sooner or later. Yaoyao is mine, and she's destined to come back to me. I'll come for you!" Jianwen was probably trying to raise his voice to boost his confidence, and so he spoke louder and louder. Lin Yi had to move the phone away a little so that the noise wouldn't pollute his ears.

When he stopped for a moment, Lin Yi said with a face full of disgust, "Okay, okay, I know. I'll wait for you. Anyway, just don't jump out and cause trouble. I don't have time to deal with you!"

A sharp 'Lin Yi ...' Sound came from the phone again, but Lin Yi hung up the call without hesitation. He threw the phone to Liang bufan, who was dumbfounded, ""The fire Wolf's problem has been solved, they won't come to the Liang family for revenge anymore. Send your account number to this number, and a hundred million will come in later. Take it as the betrothal gift for zou ruoming and Liang ruoqing's engagement."

With that, Lin Yi turned back and signaled for LAN Guzha to take care of the last guy from Fire Wolf sect. Since an Jianwen said to let Lin Yi handle him, then so be it.

LAN Guzha nodded and killed him without another word.

Liang bufan's body trembled. He felt that these two people were too cruel. He wanted to say that 100 million was a little too much, but he decided against it. No matter what, it was better not to go against their will.

After typing in his account number and sending it, Liang bufan let out a breath of relief and handed the phone to Lin Yi with both hands respectfully, ""Senior Lin, I'm fine now. Thank you for saving everyone in the Liang family."

Chapter 5693 Ruoming's Wedding

Lin Yi waved his hand, not taking the phone. "It's no big deal. After Liang ruoqing married zou ruoming, the Liang family is now somewhat related to me. There's no need to worry about this small thing. Let's go in and discuss the marriage, shall we?"

"Oh, right, right, right. I've been too impolite. Senior Lin, please come in. Senior LAN, please come in as well." Liang bufan quickly bowed respectfully and personally led the way for Lin Yi and LAN Guzha to enter the villa. At the same time, he signaled for the Liang family to get ready.

They didn't know what Lin Yi's hobbies were yet, but LAN Guzha obviously liked handsome clothes and delicious meat. These were things that the Liang family could easily do, so it was better to prepare these two things first.

If he made LAN Guzha happy, maybe Lin Yi's mood would be better too. Liang bufan understood that if he could get Lin Yi's help, his family's position would be completely stable, and they might even be able to climb to the next level. Even if he couldn't get on Lin Yi's good side, he still had LAN Guzha's thick leg.

It was just some clothes and meat, after all. The one hundred million Lin Yi got on the spot was enough to fill up the entire villa.

After arriving at the living room of the Liang family villa, someone quickly brought over some ready-made food. Lin Yi naturally wasn't interested, but LAN Guzha was eating with great relish. However, it was impossible to bribe him like this.

"Liang family head, what do you think we should say about their wedding?" Lin Yi asked directly without beating around the bush.

Liang bufan bowed respectfully, ""Senior Lin, you're too polite. Please just call me Xiao Liang. Otherwise, Xiao Fan is fine too."

Lin Yi was speechless. Little Liang Xiaofan at his age? However, thinking about how he was treated as a thousand-year-old monster in the ancient martial arts world, it was normal to call him Xiao Liang.

Liang bufan replied humbly and went back to the main topic. He didn't dare to let Lin Yi wait after he asked the question.

"Senior Lin, how about this? anyway, ruoqing is also preparing to get married the day after tomorrow. Everything is already prepared. Why don't we do it at this time and hold the wedding for the two of them the day after tomorrow? what do you think?" Liang bufan just wanted to get closer to Lin Yi as soon as possible. He was prepared for it the day after tomorrow, so he just brought it up.

If it wasn't for the fact that he didn't want Lin Yi to think it was too rushed, Liang bufan would've let them consummate their marriage tonight. It was a good choice!

Lin Yi didn't really mind-as long as ruoming thought it was fine, he'd be fine as long as Lin Yi helped him this far.

Ruoming nodded after some hesitation-the day after tomorrow was a bit too much for him to handle, but after what happened with house sun, ruoming decided that it'd be better to get things done while Lin Yi was around.

Liang ruoqing sat beside zou ruoming, her head lowered and her face red. She didn't expect to be married to zou ruoming so soon, but after all the ups and downs she'd been through, she wouldn't object to the wedding as soon as possible.

Lin Yi nodded,"it's settled then!" Since the wedding's the day after tomorrow, zou ruoming, you should go back and get ready. Or do you want to have one at house Liang's first, and then have another one when we get back to Songshan?"

"Not a bad idea, God Lin!" Ruoguang interrupted. "How about this, we'll do it here the day after tomorrow, and then we'll do it again when we get back to Songshan!" This way, Songshan will have more time to prepare. I'll make a call and tell them to make the arrangements. "

With that, ruoguang ran to the living room to make a call. House zou was in decline, but they still had a decent amount of money and connections in Songshan. Small things like preparing for a wedding wouldn't be a problem.

Liang bufan was smiling so widely that his eyes couldn't be seen. In his view, after the wedding of zou ruoming and Liang ruoqing, their Liang family would finally have a real relationship with Lin Yi. In the

future, if there were any problems like the fire Wolf opening up the sect, they could use Lin Yi's name as a protective talisman.

He could tell that new noble houses like house Liang might not have heard of Lin Yi's name before, like Wu Qingli's family, but higher-ups like house sun and the sect leader of Fire Wolf sect, young master Wen, all knew who Lin Yi was. They were either respectful or afraid of him.

This meant that Lin Yi's background was extremely deep, and the new noble houses didn't know about it because they were too low-leveled!

"Senior Lin, for the wedding the day after tomorrow, you must be the matchmaker for the two children! Don't you think this Junior's request is a little too much? If possible, it's a very important blessing for these two children!" Liang bufan's eyes turned as he thought of a great idea to get closer to Lin Yi. If Lin Yi agreed, then his relationship with zou ruoming and his wife would be even better.

Lin Yi thought about it and realized that it wasn't a big deal. It was a bit troublesome, but he'd help her to the end. Being a wedding officiant or something wasn't a big deal.

Just as he was about to agree, his phone rang-there was no signal in the Jade space, so he had to carry it with him at all times for people to find him. It'd been a while since he'd received a call, and he wasn't used to it yet.

He took out his phone-it was from Xiaobo, probably about the medicine exhibition in Europe. After apologizing to Liang bufan, he picked up.

"Boss, you're not in the villa? I couldn't find you!" Xiaobo said after the call connected.

"Yeah, I ran into Zou Ruoming today, so I came to Anhuang City with him for some business," Lin Yi smiled.

"Zou Ruoming? It's this guy, I haven't seen him in a long time. Boss, are you done with the thing you wanted to do with him?" Xiaobo said, sighing. Ruoming was one of Xiaobo's schoolmates, but Xiaobo wasn't too interested in the Big Four—even after Lin Yi was crowned the new Big Four, and Xiaobo was the number one follower of the young master.

But Xiaobo knew that Lin Yi had asked Ruoming to take care of Chen Xi and Ziyu, and so he wasn't surprised that the two were together. After all, they'd crossed paths before, and it was normal for them to meet and have a meal together.

Chapter 5694 Heading To Eastern Sea City

"Yeah, I'm almost done. Are you looking for me about Europe?" Lin Yi didn't want to go into the details, so he cut straight to the point.

"Yeah, it's been confirmed, and all the preparations are done. If you're fine with it, we'll fly to Yanjing from Donghai airport tomorrow, then we'll connect to Europe," Xiaobo said.

"Is the trip urgent?" Lin Yi asked after a pause.

"Boss, is there anything else you need to do? The notice from Europe said that the exhibition will start in three days. According to our schedule, we have about a day's spare time. So it shouldn't be a problem to wait a day or two." Xiaobo replied immediately. If Lin Yi was in trouble, he'd have to accommodate him.

Lin Yi thought about it. "It's fine then. I won't be going back to Songshan tomorrow. I'll meet you guys at Donghai airport. You don't have to wait for me!"

"Okay boss, we'll wait for you at Donghai airport tomorrow. The flight will take off at 12:20 pm and the tickets have been booked. I'll get it ready for you. "

"No need, I will prepare it myself. You guys can just go over!" Lin Yi said a few more words to Xiaobo before hanging up.

He turned to Ruoming apologetically. "Zou Ruoming, I'm sorry, but I won't be able to attend your wedding. I have something to do in Europe tomorrow, so I can only wish you two a happy marriage and a happy and blessed child!"

Liang Bufan couldn't hide the disappointment on his face. Lin Yi's presence and absence were two completely different concepts, but since Lin Yi said he had something to deal with, Liang Bufan didn't have the guts to say anything more.

Ruoming was a little disappointed as well, but getting married to Liang Ruqing was already the biggest reward he could get. He thanked Lin Yi sincerely. "God Lin, it's all thanks to you that Ruqing and I can get married today. How about this, we don't have to rush our wedding. Why don't we wait until you come back from Europe?"

Ruoming had thought of the last part of his sentence on the spot—he'd been looking forward to the wedding, of course, but it didn't feel like it would be perfect without a matchmaker like Lin Yi.

Liang bufan's eyes brightened. He said that the wedding would be held the day after tomorrow because he was aiming at Lin Yi. Since Lin Yi wasn't free the day after tomorrow, then it was only natural that it would be postponed.

However, Lin Yi didn't care about Liang bufan's eyes. He smiled, ""I'm afraid I can 't. After I go to Europe, I may not come back. Even if I come back, I don't know when. There's no need to delay your wedding."

Ruoming sighed softly, knowing that Lin Yi wouldn't be able to attend the wedding now that he'd put it that way. He and ruoqing thanked Lin Yi again, and promised that they'd treat him to a good meal when he came back in the future to express their gratitude to the matchmaker.

Liang bufan knew that there was no hope and was disheartened. He forced himself to discuss the details of the wedding with ruoguang. He felt that without Lin Yi's participation, nothing was important.

"How about this-Songshan's going to have another one anyway, so push this one back. I'm still a friend of the guy, so I'll attend this one!" Lin Yi said after some thought, seeing the disappointment in the group.

"Argh! That's great, God Lin, I'll definitely prepare well!" Ruoming was overjoyed-God Lin was so nice to him!

After Liang bufan heard that, he rubbed his hands excitedly and expressed his gratitude.

The next morning, Jingyi rushed over to house Liang's Villa to meet up with Lin Yi. As the Head of House sun, she had to spend a lot of effort to arrange for her to be away for a while. She didn't sleep at all the

whole night, but it was a good thing that she was a strong practitioner-staying up a few nights wasn't a problem.

Lin Yi bade farewell to the Liang family and the zou brothers with LAN Guzha, and got into sun Jingyi's car, heading straight to Donghai city's airport.

Jingyi didn't stop talking to Lin Yi the whole way, as if she was trying to make up for all the losses they'd missed all these years. Lin Yi didn't like to talk much, but he followed her lead and didn't stop talking.

It was the same for LAN Guzha in the back row, his mouth never stopping. When they left the Liang family, Liang bufan had prepared a lot of meat bento and stuffed them into sun Jingyi's car. LAN Guzha was naturally overjoyed, so he only cared about eating the food the whole way. Other than the sound of chewing, it was very quiet.

"Speaking of Wu Chengtian, he's already at the Foundation Stage, and his strength improved really fast after coming to the ancient martial world. He's pretty talented." Lin Yi mentioned Chentian's strength when they were talking about him.

"This guy sure is lucky," Jingyi said enviously. "He's already this strong, if only I could be like him. "

"What's so hard about that? you know that I'm good at helping people increase their strength!" Lin Yi smiled.

Jingyi's face reddened at the mention of that-she'd clearly remembered the time when she leveled up, and her eyes flickered as she looked at Lin Yi.

Lin Yi coughed and took out a Foundation pill. "This is a foundation building pill. When we reach the airport, if there's enough time, I'll help you build your foundation first. After you've successfully built your Foundation, not only will your strength increase greatly, but your lifespan will also be longer, and you'll be able to maintain your appearance for a longer time."

"Really? Could it maintain its appearance for a long time? Does it mean that you won't get old?" Jingyi asked, pleasantly surprised. As expected, all women cared about their looks.

Lin Yi didn't know what to say-strength increase, longevity ... Jingyi didn't care at all. The only thing she heard was something about maintaining her looks. But in fact, among cultivators, strength and longevity were the things that needed to be pursued. Looks and such were not important at all, okay? Moreover, he was just saying it casually, the heaven rank already didn't age.

But reasoning with a woman was obviously the stupidest thing to do-women had many nicknames, and one of them was reason. No matter how much you tried to reason with her, it'd all be hers. Lin Yi wisely didn't talk about strength or lifespan, and only nodded.

"Sky Class completion means that you're not old anymore, but it's just a delay-you'll die eventually, after all. However, Foundation establishment will greatly extend this time. " Lin Yi wasn't sure how long a foundational's life span was-how old was he? Therefore, he could only give a rough estimate.

Chapter 5695 Sun Jingyi Was Hit

Jingyi was satisfied with just a rough estimate-she knew that Lin Yi couldn't always be by her side, and what she feared the most was that he'd be gone for a few hundred years, and when he came back, she'd already be dead. But now was great-as long as she broke through to the Foundation Stage, she'd be able to extend her life for another few hundred years!

Lin Yi didn't know what Jingyi was thinking, and continued talking about the Foundation Stage. He moved on to the ancient martial world-Chentian, Lingshan, and the others were still there, after all, and Jingyi was more interested.

Before he knew it, he'd arrived at Donghai airport. He scanned with his spirit sense and found Xiaobo and Changyi, who'd been waiting for him. LAN Fen probably had to stay at the headquarters, so she didn't come with them. Only the two Chairmans were going to Europe.

After parking his car, Lin Yi went to meet up with Xiaobo and Lin Yi before bringing everyone to the airport to get a room.

"Xiaobo, Changyi, take LAN Guzha around and eat something. Jingyi and I have something to do. We'll come back later." Lin Yi said calmly. He was planning on helping sun Jingyi break through to the Foundation Stage in the room, and at the same time, making some pills for her to level up as soon as possible.

Xiaobo and Changyi, however, clearly misunderstood Lin Yi and Jingyi's "business"-they chuckled and nodded."No problem, boss, don't worry, the boarding time is still early! You and sister-in-law have finally reunited after a long time, so you need more time to communicate!"

Jingyi blushed-she wasn't some innocent girl, and she understood what Xiaobo and the others were trying to say. She wouldn't have rejected Lin Yi if he really had that intention, but she knew why he wanted to get her a room.

Lin Yi couldn't be bothered with these two idiots as he brought Jingyi to her room.

After closing the door, the mature and capable sun Jingyi was a little shy, standing there helplessly, which was very cute.

Lin Yi handed the pill to Jingyi. "Jingyi, let's start. We'll try our best to Reach Foundation establishment before the plane takes off."

Sun Jingyi didn't take the pill, but asked softly with a red face, "Do you want to take off all your clothes?"

This was obviously from his experience! Lin Yi replied awkwardly, "no need. I was too weak before and couldn't control it well. I'll protect you now. I can make sure that your clothes won't be damaged."

In fact, Lin Yi had seen sun Jingyi's body before, and it wasn't something he was embarrassed about. However, Lin Yi still had to refine pills, and he didn't want to have anything distracting him. He gave up on the temptation.

Jingyi said "Oh" as if she was relieved, but she was a little disappointed inside-she shouldn't have asked, and just stripped off her clothes, but that'd be too embarrassing-she was a girl, after all, and no matter how mature she was, it was still embarrassing!

After taking the foundation pill, Jingyi started meditating to break through to Foundation. Lin Yi took out his automatic furnace as well, making some pills that were suitable for her. He'd used up most of the pills he'd saved up in the ancient martial world-most of them were gifts, and some were for sale before the ancient meet.

It was a good thing that Lin Yi had a luxurious store of spiritual medicine-he could make whatever he wanted, and the only thing that didn't have the main ingredients was the Golden core. Jingyi wouldn't need it for a while, anyway, so he didn't have to think about it.

After han Jingjing's upgrade, the efficiency of the automatic pill refining device was extremely high, and it didn't take long for Jingyi's pills to be refined. Jingyi herself was also entering the final stage of Foundation establishment.

Waves of Qi kept surging and attacking, and after some thought, Lin Yi decided to take out some spirit jades and set up a simple Qi gathering formation. The Qi in the common world was too scarce, and a Foundation pill alone might not be enough for Jingyi to break through to the Foundation Stage, but with a simple Qi gathering formation set up by the spirit jades, it would be absolutely safe.

As expected, sun Jingyi broke through the bottleneck of Sky Class full phase with Lin Yi's help.

After opening her eyes, Jingyi was pleasantly surprised to feel the strength in her body, as well as her Jade-like skin. She glared at Lin Yi with a bitter look.

"These black and slimy things dirtied my clothes, and you still say you don't need to take them off!"

Lin Yi didn't know what to say-he'd indeed kept her clothes intact, but the foundation had changed her body, removing a lot of impurities-that wasn't something he could control.

He could only smile awkwardly."My bad, my bad. Hurry and wash up. Anyway, we have our clothes and luggage. It's almost time to board the plane. We should go out."

"I'll let you off this time, but I'll settle this with you in the future!" Jingyi sniffed and quickly went into the shower. She wanted to get intimate with Lin Yi, but that sour and stinky smell made her lose confidence in getting close to him. It was too embarrassing.

A while later, Jingyi changed her clothes and followed Lin Yi out of the room, her face full of happiness as she held the pills Lin Yi gave her.

Lin Yi was planning on putting it away after he'd packed it up, but Jingyi wouldn't let him-this was something he'd made for her, how could she just put it away like that? He had to properly appreciate it!

What she didn't expect was for a passerby to bump into her just as she stepped out of the door, and the pill slipped out of her hand.

Sun Jingyi had just reached Foundation Stage, and normal Masters wouldn't even be able to get close to her-there was no way she'd drop everything in her hands just from a bump.

Jingyi's mind was completely focused on the pill in her hand, and she was careful not to use any strength in case she damaged it. The effects didn't matter, but this was Lin Yi's heart-how could she not take care of it?

And now they were all on the ground! If it weren't for Jingyi's good temper, she would've just killed them!

Jingyi didn't have time to say anything-she quickly bent down to pick up the pills. The corridor was covered with a thick carpet, and the pills wouldn't be damaged.

"Don't you have eyes when you walk? You dared to bump into this young master, what do you want? Are you looking for a beating?" An arrogant young man's voice came from above her-it was the person who'd bumped into her.

Jingyi blinked, her anger rising. She hadn't even gotten to settle the score for Lin Yi's pill, and this guy was telling on her? He was really bold! Did he think that the master of the sun family could be easily bullied?

Chapter 5696 Courting Death

Lin Yi frowned as well-he didn't pay much attention to this, either. He'd sent his spirit sense out to look for LAN Guzha and the other two the moment he'd left the room, and he didn't really mind seeing normal people passing by. He didn't think he'd run into Jingyi, though.

Jingyi wasn't paying attention when she left, but this kid didn't have eyes either-he hit someone like that, and he even tried to bite back!

Sun Jingyi ignored the kid and quickly put the pills away, in case there were any other injuries.

The guy got cocky after seeing that both Lin Yi and Jingyi were silent-his eyes lit up when he saw the perfect figure and smooth skin of Jingyi, and he laughed out loud."Oh, it's a beauty. Hey, beauty, what are you picking up? Brother Wei? It's obvious that this guy can't satisfy you. Why don't you come with me? I'm sure you'll never be able to leave me again!"

Jingyi put the pill away, stood up and slapped the Idiot's face, breaking all his teeth.

After turning around several times, the guy finally fell to the ground and said with a muffled voice, ""Big mud? You dare to hit me? Do you know who I am? You stinky B * tch, you're really looking for death!"

Jingyi's slap didn't make him realize the truth, and he stood up, ready to hit her.

However, what greeted him was another slap. This time, both his cheeks were swollen like steamed buns, and he could no longer speak clearly.

Jingyi felt a lot better after slapping him twice-she wasn't going to argue with him anymore, and was ready to leave with Lin Yi.

However, that guy didn't give up. He mumbled something and waved his hands, signaling the bodyguards behind him to take action.

The two bodyguards were tall and intimidating, but they weren't even golden class yet, so they didn't even react.

He didn't understand what his employer was saying, but he had a rough idea of what was going on. He split up and charged at Jingyi.

Jingyi didn't even need to do anything this time-Lin Yi only needed to wave his hand and send the two flying.

If they weren't ordinary people, Lin Yi would've injured them even if he didn't kill them. He wouldn't have sent them flying so easily like this.

The pig-headed man was dumbfounded-he'd seen through Lin Yi and Jingyi's strength, and knew that they weren't people he could mess with. He started mumbling and gesticulating, but he probably didn't even understand what he was saying.

"What is he saying?" Jingyi asked, her eyebrows raised.

Lin Yi shrugged. He was about to tell Jingyi to leave him alone and leave, but he thought that Jingyi might still be angry. He reached out and pulled the pig over, using his pure Qi to clear the swelling-at least he could hear some human language now.

"You guys are cultivators? Do you know who I am? I'm from the Liu family of Yanjing! It was one of the biggest aristocratic families in the cultivators Association! Don't think that you're all that just because you can fight. If you don't obediently apologize to me, I can kill you in minutes, do you understand?" Lin Yi had thought that the guy wanted to apologize to Jingyi, but he didn't think that the idiot would threaten the two.

Didn't he understand that his life was in the hands of Lin Yi and Jingyi? No matter how powerful your backer is, what can you do if they want to kill you?

But Lin Yi had to give some face to house Liu-it was han Jingjing's family, after all.

"You're from the Liu family? Which room is it? Liu Tianyi or Liu Tianli? Or is it another branch family?" Lin Yi decided not to argue with him, but he still asked anyway.

The idiot was immediately pleased with himself and chuckled, ""It seems that you know about the Liu family of Beijing. You even asked around quite clearly. You don't need to know which branch I'm from. I'll tell you one thing. The president of the cultivators Association is my cousin-in-law. The whole Association has to give our family face. Quickly kneel down and apologize to this young master, and I'll let you go!"

Lin Yi found it strange-the practitioner's Association had a new president? Who was it? Did he still have a marriage alliance with the Liu family?

"Who's your cousin-in-law?" Jingyi knew about house Liu-they were all allies, and she was quite familiar with them. She was curious who this guy's cousin was.

"You'll be scared to death if I tell you. Listen up, my cousin-in-law is Lin Yi, you know that? My cousin-in-law and cousin-in-law have gone to a higher level to cultivate. You won't understand even if I tell you. If you know what's good for you, quickly kneel down and beg for mercy, or I'll kill you!" He didn't have a full mouth of teeth, but that smug look on his face made Lin Yi want to stuff them back in and pull them out one by one!

Lin Yi never thought that he'd meet someone who'd use his name to show off, especially in front of him ... Should he give him some face and let this idiot go?

Jingyi tugged at Lin Yi's shirt, a questioning look in her eyes. It wasn't hard to tell from this guy's words that his cousin was Han Jingjing, and he didn't seem to be lying.

Lin Yi still had to give face to Jingjing-he'd just used her automatic furnace to make pills, and he couldn't just kill her cousin right away, that'd be too much. He gave Jingyi a look, telling her to just let it go.

Jingyi nodded-she wouldn't object to Lin Yi's decision, of course. She had a good relationship with house Liu, after all, and they were relatives of house Liu, after all.

"Forget it, I can't be bothered to argue with you about what happened today. I'll give face to Jingjing. Jingyi, let's go!" Lin Yi said after confirming Jingyi's intentions, preparing to leave.

Unfortunately, Lin Yi's generosity made the guy think that his background had the upper hand. He became even more arrogant and laughed,"Are you afraid now? If you know you're scared, why don't you quickly kneel down and apologize to this young master! How could it be so easy to leave just like that! The men can leave after kowtowing a few times, but the women don't need to kowtow. Stay and let this young master have a good time, and this matter will be considered over!"

Lin Yi's face darkened-this idiot wanted to die, so there was no one else to blame!

Chapter 5697 My Cousin-In-Law Is Lin Yi

He'd already let him go once, and now he was insulting sun Jingyi like this. Even if he had to give han Jingjing face, Lin Yi couldn't ignore sun Jingyi's feelings. After all, in Lin Yi's heart, they were both his soulmate, there was no difference between good and bad.

"What's your name? I'm going to fly to Beijing soon, and I'll go ask House Liu on the way, who gave you the guts to be so arrogant? Liu Tianyi? You're only a cousin of the Liu family, right? You're not even a core member of the Liu family, and you're just out here swindling people. It's very easy for people to die, you know?" Lin Yi said indifferently as he looked at the idiot.

If he weren't a normal person, Lin Yi would've cleaned up the house on his behalf-Tianyi and the others wouldn't have any complaints.

The guy shivered. Lin Yi didn't release any aura, and his words weren't too intense, but he felt a chill rising from the bottom of his heart. He really did get into some big trouble!

However, this guy was obviously a person who wouldn't shed tears until he saw the coffin. After attributed this feeling to an illusion, he puffed out his chest and said loudly, ""Who are you trying to scare! This young master never changes his name. Fan Jian is me, I am fan Jian! Do you remember?"

Jingyi burst out laughing, hiding behind Lin Yi and covering her mouth as she laughed-she was a pretty girl, after all, and it was too embarrassing to be seen like that.

Lin Yi didn't know what to say-a person who could shout "I'm a B * tch "out loud like that really was a B * tch ... But to be honest, the name was easy to remember, and Lin Yi remembered it immediately.

"You're Fan Jian? I'll remember that, I'll ask Liu Tianyi when I get to Yanjing. " Lin Yi felt like Yingying was acting like a B * tch, right? Then I'll beat you until you stop! Normally, this would be easier to say, right?

"Yo, yo, yo, you really scared this young master to death! Do you think you can suppress me by mentioning my uncle Tianyi? Who Do You Think You Are? If you want to see my uncle Tianyi, you can see him! You're too naive!" Fan Jian said with a look of disdain. However, looking at his expression, he was indeed despicable!

Lin Yi looked at Fan Jian with a faint smile, "I'm your cousin-in-law, Lin Yi! If it wasn't for your cousin Jingjing, you would have turned into a pig's head by now!"

"Hahahaha! You sure know how to brag, saying you know my uncle Tianyi and calling yourself Lin Yi! This young master is really dying of laughter! To be honest, you're going to Yanjing to do a crosstalk, right?" Fan Jian was surprised at first, but then he started laughing. He was a little worried when Lin Yi said he knew Liu Tianyi, but he was relieved when Lin Yi said he was Lin Yi!

Everyone in house Liu knew that Jinghan had gone to a higher level with Lin Yi-it wasn't out there, but everyone inside knew. If Lin Yi came back, Jinghan would come back as well. Fan Jian wasn't a core member of house Liu, but it was true that he was related to Lin Yi. Jinghan would be the first to know about it.

As far as fan Jian was concerned, Lin Yi was just a braggart, and an unprofessional at that. In that case, he didn't have to kowtow and apologize right away-it'd be more fun to continue watching him make a fool of himself before toying with him.

Lin Yi pulled Fan Jian to the side and said faintly, "Believe it or not, but don't block my way. We still have a plane to catch."

"Catch a plane? You can't be talking about the 12:20 flight to Beijing, right? What a coincidence, I'm also on that flight. Since it's on the way, let's go to the Liu family together!" Fan Jian smiled evilly. He was still thinking about how to go to Yanjing's house Liu with Lin Yi and expose Lin Yi's lies in front of Liu Tianyi. He could use house Liu's power to teach Lin Yi a lesson and step on that annoying face of his.

After all, Lin Yi was very strong, and he was no match for him. He had to use a strategy to delay.

She didn't expect Lin Yi to be on the same flight as her-what could be better than that?

Lin Yi held Jingyi's hand as they walked towards the elevator, too lazy to deal with this clown. He'd leave it to Tianyi to take care of the Liu family, in case another old Liu Tianli came out.

Fan Jian had a new plan in mind, and so he didn't care about Lin Yi kowtowing and apologizing anymore. As for sun Jingyi, he felt that this Pretty Woman wouldn't be able to escape from his grasp, so there was no need to rush.

With a wave of his hand, Fan Jian ordered the two bodyguards to follow them. The three of them followed after Lin Yi and Lin Yi. Lin Yi didn't answer them, so they weren't sure if they were on the same flight as him. Fan Jian had to keep an eye on them in case Lin Yi got away.

Lin Yi didn't care at all about the three people following him. Who would pay attention to a couple of ants when they were walking? He might not even know if he was accidentally stepped on.

After meeting up with LAN Guzha and the other two, Xiaobo distributed the tickets he'd prepared in advance to everyone, and they boarded the plane through the VIP Lane. LAN Guzha didn't have an id before, but with Yutian, the guy from the supernatural Investigation Bureau, it was a piece of cake to get him one. It didn't even take a day.

Fan Jian was relieved to see that Lin Yi was really on the same flight as him, and that they were both in first class. He didn't care about the two extra people.

It had to be said that this Fan Jian was really a good-for-nothing-the Head of House sun, sun Jingyi, didn't really show her face in public, so it was understandable that he didn't recognize her. However, the two Joint Directors of the miracle doctor Guan Medical Group were definitely influential figures, and he didn't recognize either of them. It wasn't wrong to say that he was blind.

At this moment, Fan Jian was still feeling proud. He thought to himself,"when I get to Yanjing, the Liu family will come to pick me up. By then, you won't be able to escape even if you want to. When I get to the Liu family, what are two cultivators to me?"

The two groups got on the plane one after the other, and Lin Yi saw a familiar pretty girl in sunglasses as soon as he sat down. It was Cheng Yiyi, who he hadn't seen in a long time. He was pleasantly surprised-the world was small indeed, and he could meet someone he knew everywhere.

Just as he was about to go over and say hello, Fan Jian's eyes lit up. He jogged over and said,""Hey beautiful, are you alone? Why don't you let this young master chat with you for a while?"

Jingyi wanted to laugh again-this Fan Jian sure was a B * stard, all his teeth were gone, and he was pouting like an old lady, trying to hit on a pretty girl with his self-proclaimed handsomeness. Where did he get his confidence from?

Chapter 5698 Chance Encounter With Cheng Yiyi

Flipping through the magazine in her hands, Cheng Yiyi said indifferently without even looking up,""Please mind your manners!"

As a celebrity, Cheng Yiyi was very concerned about her personal image. If her fans recognized her and asked for autographs and photos, Cheng Yiyi would of course smile and try her best to satisfy the fan's requests. But for someone like Fan Jian who came to hit on her, it would be a wonder if she would be nice to him!

After all, Cheng Yiyi and Xu Shihan were the same-they weren't ordinary celebrities at all. No one in the entire domestic entertainment industry dared to give them a hard time, not to mention any unspoken rules.

Fan Jian was slightly stunned, but his strongest skill was his thick skin. How could he be sent away by a beautiful woman's words? he flicked his hair and rested his elbows on the back of the chair. He continued in what he thought was the coolest posture, "Beauty, do you know who I am? I'm from the Liu family of Yanjing! You've been to Beijing, don't you know the Liu family? There's no one in the entire Yan Jin who's more powerful than us!"

Of course, Fan Jian's words were true. The Liu family had an influential position in both the political and business world. In addition, they had connections with the cultivator Association. It was not wrong to say that they were the strongest family in Yan Jing.

Unfortunately, Fan Jian wasn't hitting on an ordinary person this time. Lin Yi was quite impressed with the guy's taste. He was just about to mess with sun Jingyi, the head of the sun family, when he turned around and hit on Cheng Yiyi, who was related to the ancient Feng family. The targets were all powerful people, and Fan Jian couldn't afford to mess with any of them.

This time, Cheng Yiyi didn't want to bother with Fan Jian at all. The words "conduct yourself with dignity" had already clearly expressed her meaning, so the bodyguards behind her had already come up to chase him away.

"I told you to leave, did you hear me? Was the Liu family of Yanjing very powerful? Our young miss is from the ancient Feng family! I'll give you a chance for the sake of the Liu family, don't make me say it a second time!" Cheng Yiyi's bodyguards had also been transferred from the Feng family. Although the Feng family and the Liu family had a good relationship, they wouldn't give face to anyone who came in the name of the Liu family, especially if the other party had caused trouble first.

Fan Jian's heart sank. He knew the Feng family from ancient times. Even Liu Tianyi from the Liu family wouldn't easily offend them, not to mention that he was just pulling a Tiger's skin to act as a banner. The Liu family would never go against the Feng family for him. On the contrary, if they knew he had offended the Feng family, they might just tie him up and bring him to apologize.

Unlike when he was with Lin Yi, Fan Jian immediately believed Cheng Yiyi's identity. Perhaps Lin Yi's words were too unbelievable, but the aura of Cheng Yiyi's bodyguard was nine out of ten.

"Hahahaha, it's a misunderstanding. I just wanted to say hello, hahahaha!" Fan Jian explained with a dry laugh and quickly returned to his seat. He didn't dare to take another look at Cheng Yiyi.

Lin Yi had to greet Cheng Yiyi when he saw her. Fan Jian might have been kicked out, but Lin Yi wouldn't be kicked out. So, Lin Yi walked over to Cheng Yiyi's side the moment Fan Jian sat down.

Cheng Yiyi's bodyguard hadn't left yet, and when he saw Lin Yi, he thought that Lin Yi was here to strike up a conversation with him. He immediately blocked Cheng Yiyi's seat and said coldly, ""Didn't you hear that we're from the ancient Feng family? If you don't know what kind of existence the ancient Feng family was, I advise you to go back as soon as possible!"

"I'm looking for someone from the ancient house Feng, you can move aside now!" Lin Yi smiled faintly.

The bodyguard was furious, thinking that Lin Yi was here to cause trouble. He reached out his hand to grab Lin Yi and throw him aside.

The bodyguard wasn't that strong-he was only Mystic late phase. Cheng Yiyi was Sky Class full master, and bringing him along was just to keep up appearances. After all, all the powerful people of the ancient house Feng were in seclusion, waiting for the Sky Class Island to open again.

Lin Yi didn't pay any attention to the bodyguard's attack because it wasn't necessary. Cheng Yiyi, on the other hand, raised her head in surprise when she heard Lin Yi's voice."Brother Lin? Why are you here!"

As she spoke, Cheng Yiyi had already tossed the magazine in her hand aside. Standing up, she casually pushed her loyal bodyguard to the side.

The bodyguard was quite depressed, but he quickly came back to his senses. He didn't know who Lin Yi was, but that didn't mean he didn't know him. There weren't many people who could make Cheng Yiyi so excited and respectful, and there was only one person with the surname Lin at this age!

After realizing this, the bodyguard's heart trembled. He immediately bowed respectfully, took two steps back, and returned to his seat. He no longer cared about Cheng Yiyi's Affairs.

Fan Jian, who was waiting for a good show, was dumbfounded. Wasn't the bodyguard very impressive? why did he back down when he met this braggart? Was he really from the ancient Feng clan? Was he also bragging?

Looking at Cheng Yiyi's jubilant expression, which was completely different from her previous frosty expression, Fan Jian thought sourly,'this pretty boy is probably that Beauty's old flame, which is why he's being treated so specially.' I'm so handsome and majestic, which part of me can't be compared to this King of bragging? Why were all these beautiful women so blind to want to brag to this pretty boy?

He turned to look at sun Jingyi-she didn't seem to be jealous at all, and that made Fan Jian even more depressed. Even so, he still didn't suspect that Lin Yi was Lin Yi-he still thought that Lin Yi was just a pretty boy who was bragging.

Naturally, Cheng Yiyi was quite happy to see Lin Yi, pulling him to sit down without any suspicion. If the paparazzi caught this scene, it would definitely be a huge piece of news, enough to blow up the entertainment industry in an instant. One had to know that Cheng Yiyi's fame was now a superstar, second only to Xu Shihan. She could shake the entertainment industry with a stomp of her foot.

Lin Yi set up a Qi sound-blocking barrier-no one in the common world would be able to detect it, and even if they did, they wouldn't be able to break it. On Sky Class Island, simple methods like that wouldn't work.

"Yiyi, long time no see. Are you going to Yanjing for work?" Other than greeting Cheng Yiyi, Lin Yi also wanted to ask about Xu Shihan, but it would be rude of him to ask about Xu Shihan right away. He could only ask about Cheng Yiyi first.

Cheng Yiyi took off her glasses and said with a bright smile,""No, I'm just going to Beijing for a transfer flight. I didn't expect to meet brother Lin, it's great! Big brother Lin, when did you come back? are you still going back there?"

Chapter 5699 Then Let's Go Together

"I've only been back for a few days, so I should be going back soon. Where are you taking a transit flight to?" Lin Yi continued to chat with Cheng Yiyi. The plane hadn't taken off yet, so they had plenty of time.

"I'm going to Europe for a concert, and I'm transferring flights to Yanjing. Oh right, my Senior Sister is in Europe too, she's a guest at my concert. Brother Lin, if you're free, do you want to come with me to

Europe to watch my concert and meet my Senior Sister? she misses you a lot!" Cheng Yiyi winked at Lin Yi, obviously knowing that he was concerned about Xu Shihan's news.

Lin Yi hadn't even thought of how to ask for Xu Shihan's information yet, but Cheng Yiyi brought it up herself. This saved him a lot of trouble.

"What a coincidence. Xiaobo, fatty Lai, and I are also transferring flights to Europe, but I'll be staying in Yanjing for a while. We'll go to house Liu to visit Liu Tianyi and the others first. If you can make it in time, you can wait for me and we'll go to Europe together." Cheng Yiyi was an old acquaintance of Lin Yi's, and it was a good thing to be able to keep each other company.

Cheng Yiyi peeked out and saw Kang Xiaobo, Lai Changyi, sun Jingyi, and the others. She smiled and waved at them as a greeting.

In fact, Cheng Yiyi and these people were all very close friends. After all, they all had Lin Yi as a common link. Moreover, Cheng Yiyi was a superstar, and had some business dealings with miracle doctor Guan's Medical Group and house sun, so it was fine to just greet them.

Xiaobo and the others knew that Lin Yi wanted to talk to Cheng Yiyi, so they didn't interrupt them. They all smiled and nodded at Cheng Yiyi.

After retracting her body, Cheng Yiyi continued,""Are Xiaobo and the others going to the medical exhibition? I've heard of this before. Although my concert isn't held in that city, it's not too far away. Then, brother Lin, let's make an appointment to go to Europe together!"

"Alright! As long as there's no problem with your schedule, it'll be fine. After all, you're a superstar, so you're different from me, an idle person!" Lin Yi nodded with a smile. Talking to Cheng Yiyi made him relax a lot.

"Big brother Lin, you're making fun of me! What superstar? I'm afraid they're not even floating clouds in your eyes. Really, when the time comes, I'll let Senior Sister be the judge!" Cheng Yiyi glanced at Lin Yi flirtatiously, joking with him.

The two chatted for a while, and the plane was about to take off. Lin Yi went back to his seat and sat with Jingyi.

After the plane stabilized, Cheng Yiyi took the initiative to talk to them. The journey was not lonely, and everyone was happy.

After landing in Yanjing, Lin Yi told Xiaobo to take everyone to a hotel to settle down, while he went to the Liu 'S. He wanted to see them and send his regards to Jingjing's family, and also tell Tianyi to keep an eye on people like Fan Jian. It was normal for a big tree to have withered branches, but people like him needed to be disciplined.

The group split up at the exit. Cheng Yiyi followed Kang Xiaobo because she had to wait for Lin Yi. This time, Lin Yi didn't even bring LAN Guzha with him. He went to the Liu house alone.

Lin Yi was about to call a taxi when Fan Jian, who had been following behind him, came up. "Oh, that Lin Yi, you're going to Yanjing's house Liu, right? No one came to pick you up? Why don't you come with this young master!"

It was a pity that Jingyi didn't come with Lin Yi, but Fan Jian felt that it would be the same if he dealt with Jingyi after Lin Yi.

Lin Yi glanced at Fan Jian and nodded. "That's good, it saves me the trouble of calling a car!"

Fan Jian's face was full of disdain-he couldn't even afford to pay the taxi fee, and he still called himself Lin Yi! Can Lin Yi get a taxi? That was a God-level figure who could go to a higher level of cultivation. Did he know what a taxi looked like? Big braggart!

At that moment, the car sent by the Liu family to pick Fan Jian up arrived. The chauffeur got out of the car and said to Fan Jian respectfully, "Young master fan, there was a traffic jam on the road. I'm sorry for being late."

Fan Jian immediately felt proud. He waved his hand and said, "It's fine, it's fine. Who doesn't know about the traffic in Yanjing? you came at the right time. You didn't delay anything. Let's go!"

The driver was a new servant hired by the Liu family in the past two years, so he was very respectful to Fan Jian. Although he found it strange that Fan Jian's teeth were all gone, he did not dare to ask too much. He opened the door and invited Fan Jian to get in the car. Then, he put his luggage in the trunk and got in the car, ready to go back to the Liu family.

As for Lin Yi, he didn't know who he was. He just thought that he came with Fan Jian and didn't ask too much. As long as fan Jian didn't object to Lin Yi getting in the car, he would just pull him along.

Fan Jian was planning to have a good time once they reached house Liu, and so he didn't talk to Lin Yi the whole way. Lin Yi was happy with the peace and quiet, and the car was big enough for him and his bodyguards to let them off the hook if they didn't come to him.

On the way, Fan Jian finally remembered that he didn't have any teeth, so he put on fake teeth at the last minute. It took a while, but Lin Yi didn't mind. He waited for him to go to house Liu.

When they arrived at the Liu family's house, they were brought into the living room. However, no one came to welcome them. They only said that young master Liu would come to see them in a while.

After the Liu family's servants served tea and left, Fan Jian said awkwardly, ""The people from the Liu family are so busy. We can't help it. The business is too big and they have to make all the decisions. We really can't find the time to do it."

Previously, Fan Jian had bragged about himself as if the Liu family could not survive without him. Now that he had received such a cold reception, no matter how thick-skinned he was, he felt a little embarrassed.

Lin Yi pretended he didn't hear anything and sipped on his tea. The flight to Europe was tomorrow morning, and he had plenty of time. He had nothing to do anyway, and it'd be interesting to see how Fan Jian would clean up the mess.

Lin Yi didn't react to Fan Jian's words, so he stopped talking and sipped his tea slowly like Lin Yi did. After four or five cups, he went to the bathroom twice, but no one from house Liu came out. Fan Jian couldn't sit still anymore.

Just as he was about to ask the servants of the Liu family, a young man with a cold expression finally came out to see Fan Jian.

Seeing the young man, Fan Jian immediately put on a smile and took a few steps forward to greet him. ""Young master Liu, are you at home today? Sorry for the disturbance, thank you for sending the car to pick me up!"

Chapter 5700 Brother-In-Law Is Back!

This young master Liu lowered his eyes and said indifferently, ""It's what I should do. What's the matter this time? If there's nothing else, feel free to take a seat. I still have things to do, so I'll go in first!"

The smile on Fan Jian's face froze. So you're really just going to show your face? Not even willing to say a few more words? Do you have to do this?

We're relatives, young master Liu! His enemy was still watching from the side, so could he at least give him some face?

"Young master Liu, I'm really here for something. Please stay ..." Fan Jian had no choice but to force young master Liu to stay. If he really went in, Fan Jian would be embarrassed to death!

What Fan Jian didn't expect was for Lin Yi to interject before he could finish, "Han Xiaochao?"

Young master Liu's eyes, which had been lowered all this time, suddenly opened, and a trace of excitement appeared on his calm face.

"Brother-in-law? You're back! Is my sister back?" Han Xiaochao asked excitedly as he walked up to Lin Yi.

In the past, han Xiaochao and now young master Liu had always looked like an introverted bookworm in front of others, but at this moment, they did not have that feeling at all. Obviously, han Jingjing occupied a very important position in his brother's heart. Otherwise, he would not have asked about han Jingjing as soon as he spoke.

Lin Yi smiled and shook his head, "no, your sister is still there. But you know how smart she is. I believe that she will come back to see you soon."

Han Xiaochao, now called Liu Xiaochao, was a little disappointed at Lin Yi's words, but he quickly smiled and nodded, ""Brother-in-law, you're right. My sister is so smart. She will definitely find a way to come back. Besides, if you can come back, my sister will definitely be able to come back next time, right?"

Lin Yi didn't bother explaining his current condition. Liu Xiaochao was concerned about han Jingjing anyway, and he just needed to give him hope.

Liu Xiaochao smiled happily after he nodded, but Fan Jian was completely dumbfounded. What was going on?

Lin Yi was really Lin Yi? Fan Jian felt like crying. Who would be so stupid as to use someone else's name to threaten someone and not believe that the person was real? This Black Dragon sure caused a big scene-seeing Liu Xiaochao and Lin Yi talking and laughing, and then thinking about Liu Xiaochao's lukewarm attitude towards him, Fan Jian thought that he should just die ...

Liu Xiaochao asked about han Jingjing's recent situation, and Lin Yi picked out the important ones and told him about it. He knew that han Jingjing was living a safe life in the Hua Lan House and was still working on her favorite research and invention. Liu Xiaochao smiled with relief and relief, as if han Jingjing wasn't his sister, but an elder.

Fan Jian stood to the side, not daring to get too close in case Liu Xiaochao thought he was eavesdropping. He could only peek at the two, and when it was almost over, he ran over and apologized to Lin Yi.

Liu Xiaochao asked curiously, "brother-in-law, what's going on?" Didn't you come with him? What is he doing?"

Lin Yi smiled faintly, "it's not a big deal. It's just that this Fan Jian guy's a bit of a B * stard. He's using house Liu's name to show off, and he even used my name to threaten me. It's quite funny. What's your relationship with him?"

Fan Jian's face turned pale instantly. He stood aside in fear and did not dare to move. He had been complaining about the Liu family for ignoring him, but now he could only hope that Liu Xiaochao would forget about him.

Liu Xiaochao glared at Fan Jian. Lin Yi only said that casually, but Liu Xiaochao was no idiot. He could guess what was going on.

"Brother-in-law, you don't have to be angry with this kind of person. This guy is my sister's younger cousin. He doesn't have any direct blood relationship with me. Because his family has fallen, he came to the Liu family to beg us. Because of my sister's face, we have been helping him. I didn't expect him to do such a thing outside." Liu Xiaochao's words were quite disdainful of Fan Jian. This guy was indeed not worthy of Liu Xiaochao's attention.

Fan Jian's face paled. It was just as Liu Xiaochao had said-he wasn't related to the Liu family by blood, he was only han Jingjing's cousin. When he said that Liu Tianyi was his uncle, it was all a Bluff. In fact, only Liu Tianli was his uncle, the rest of the Liu family were only doing it for han Jingjing's sake.

If Fan Jian had worked hard and managed to achieve something with the help of the Liu family, he might have been able to gain the recognition of the Liu family. Unfortunately, this guy was completely useless. In addition to using the Liu family's name to intimidate others, he had been using the Liu family's financial aid to fool around. This time, he came back to the Liu family, on the surface to thank them, but in fact, he was asking for money. It would be strange if Liu Xiaochao gave him a good face.

The Liu family was indeed a big family, but they were not willing to keep a parasite like Fan Jian. If it were not for han Jingjing, they would have cut off all contact with Fan Jian.

Liu Xiaochao and Lin Yi's reunion was supposed to be a happy event, but after seeing Fan Jian, he felt disgusted. He waved his hand as if he was shooing away a fly,"Fan Jian, you should leave first. Don't come to our house if there's nothing else. Also, for the sake of my sister, I'll take responsibility for this incident with my brother-in-law. If I find out that you dare to use the Liu family's name to swindle people again, I won't let you off. Don't say that I didn't show you any mercy. Go!"

Sweat poured down Fan Jian's forehead like rain, but he did not dare to refute. He could only leave with his two bodyguards.

After he left, Liu Xiaochao said apologetically,"Brother-in-law, I made the decision on my own. Please don't take it to heart."

Lin Yi smiled, "it's okay, you did well. Just like you said, I won't argue with someone like Fan Jian for your sister's sake. However, I'm happy to see that you've become more mature and decisive. Your sister will be happy too."

Liu Xiaochao smiled shyly, then patted his forehead and said, "Look at my brain! I was so happy that I forgot to inform them that my brother-in-law is back!"

He quickly took out his phone and apologized to Lin Yi before dialing Zhenhu's number. Zhenhu was old now, but he was still a Big Shot in the military and political world. He was usually very busy, but he said that he'd be back as soon as possible after receiving Xiaochao's call.
