

Bodyguard 5701

Chapter 5701 Biased Organizers

Tianyi and Tianli also said they'd be back as soon as they received the call.

To house Liu, nothing was more important than Lin Yi-they had to see him first. They'd have to put everything aside.

In less than half an hour, the three most important members of House Liu came back one after another, chatting with Lin Yi about what would happen after they left.

Lin Yi couldn't help but tell him about han Jingjing. Knowing that han Jingjing was doing well on Sky Class island made the Liu family very happy, and now that Liu Tianli was back on his feet, he still felt a little guilty when he faced Lin Yi, but he was a completely different person, and Lin Yi was much more at ease.

Lin Yi stayed the night at the Liu's passionately, and they sent him to the airport the next morning. They greeted sun Jingyi and Kang Xiaobo when they saw him-they were all familiar with each other, and Tianyi even complained that they didn't come to the Liu's since they were already in Yanjing. He knew that Lin Yi wanted to talk to them about han Jingjing alone, so he didn't bring them along.

It was time to board, and they said their goodbyes again. After making plans for their next gathering, Lin Yi took the group onto the flight to Europe for the medical exhibition. They were prepared to investigate the mysterious sacred Alliance!

The plane landed at the Kelan International Airport in Milwa. This was the venue of the pharmaceutical sales exhibition. Cheng Yiyi's concert was held in bonerte, so it didn't take long to get there by car after arriving at Milwa.

"Brother Lin, my concert will be held in bonerte. Three days later, I'll go to Lanmi, and three days later, I'll go to Mordock. After that, I'll go to Baroni and rundun. Are you going to come to the first concert, or to every one of them?" Cheng Yiyi's eyes curved into two crescents as she smiled, but she set a small trap when she spoke.

If Lin Yi said he'd come for the first match, then he'd have to come for the later ones, too. As for the choice to watch every match, it was even simpler and more direct.

But Lin Yi didn't fall for it. He only smiled, "That's hard to say, but I'll definitely go and watch your concert. "

Xu Shihan was a guest at Cheng Yiyi's every event, so Lin Yi didn't have to worry about not being able to see her. The main thing at the moment was to deal with the medical exhibition in miewa and the sacred Alliance.

Cheng Yiyi laughed and hugged Lin Yi. It was good enough that Lin Yi could go to her concerts. Of course, she wouldn't expect Lin Yi to go to every concert.

She turned around and said goodbye to sun Jingyi and the others one by one before getting into the business car that came to pick her up and leaving the airport.

Xiaobo said, sighing as he watched the car drive away. "Now that Xu Shihan and Cheng Yiyi are famous internationally, they're two rare international superstars. If we have the time, we should all go and support them. I just don't know if there are any tickets left."

"With boss here, we don't need tickets at all. Didn't you see Cheng Yiyi invite him to her concert? she didn't even give him a ticket!" Our boss just needs to show his face!"

"Fatty Lai, you've got some balls now, huh? you're making fun of me!" Lin Yi said angrily.

"I don't dare, I don't dare, boss, please spare me!" Lai Changyi raised his hands in surrender.

Everyone laughed and laughed. Lin Yi was finally able to relax with these old friends. Ever since he went to Sky Class Island, it seemed like everything was going smoothly, but in reality, it was filled with danger and difficulties. He was on the verge of death countless times, and only Lin Yi himself knew how much pressure he was under.

As they chatted and laughed, the people from miracle doctor Guan medical company arrived. They got in the car and went to the hotel to settle down, while Xiaobo and Changyi went to the exhibition hall to register and arrange the display.

Xiaobo and Changyi wouldn't trouble Lin Yi with these trivial things, of course. Lin Yi saw that there wasn't much he could do, so he decided to take Jingyi and LAN Guzha out for a walk. The city of mierwa was quite beautiful, and Lake mierwa was beautiful too. It was rare to come here, so he thought of it as a vacation.

Jingyi felt that she was already very happy to be able to travel with Lin Yi in a foreign country like this. It would be even more perfect if there wasn't this super lightbulb LAN Guzha around, and it was just the two of them!

Lin Yi had wanted to look for clues about the sacred Alliance at first, but decided to let it go after that- they were just some low-level clowns anyway, and it wouldn't be too late to deal with them when they jumped out. He'd just spend some time with Jingyi for now.

The three of them let their horses rein and wandered around Milva at will. LAN Guzha did not stop eating at all. Although Switzerland food was not to his liking as Chinese food, it was still quite fresh to eat it for the first time. Anyway, as a qualified foodie, he would not refuse any food that he had not eaten before.

The sky was already dark when the three returned to the hotel. Xiaobo and Changyi were waiting in Lin Yi's room, their faces dark.

"What's wrong? Has the sacred Alliance come out to cause trouble?" Lin Yi smiled faintly-he'd been spending all his time with Jingyi, and hadn't been using his spirit to monitor the entire mierwa, but he'd pretty much guessed what was going on just by looking at the two's faces.

"Boss, you're right. The people from the sacred Alliance are here to cause trouble." "But there's a Sky Class and two Earth Class Masters among the people from the sacred Alliance," Xiaobo said with a nod. "They didn't even say anything and just wanted to smash our booth." If it wasn't for me and old Lai, no one would be able to stop them. "

"Sky Class?" Lin Yi asked, surprised. Are you Chinese?"

"No, they are all pure Europeans, but they are indeed cultivators! And he's an expert in inner force!" Lai Changyi continued, his expression serious, "We don't have to worry about the sacred Alliance. After all, they're not strong enough to threaten Xiaobo and me. However, the attitude of the organizer is a little annoying."

"That's right," Xiaobo said angrily. "The organizers came to warn us after we kicked out the sacred Alliance people, saying that our personal grudges might affect the exhibition's operations and that if something similar happened again, they'd disqualify us and remove our booth. "

Chapter 5702 It Feels Weird

Lin Yi smiled coldly, "shouldn't they be responsible for the exhibition's safety?" They actually dare to threaten you. If they really can't do it, I'll just let them end this exhibition early. "

"Boss, I'm good at this. Should you give me the task?" LAN Guzha jumped out and asked excitedly. After coming to the secular world, LAN Guzha only had three hobbies-fashionable clothes, delicious food, and fighting! Hearing Lin Yi's tone as if there was going to be a fight, LAN Guzha, who had just had his fill, was naturally a hundred times more energetic.

"You're getting fired up again. Go to the side first, there will be time for you to fight!" Lin Yi scolded with a smile before turning around. "It's not important that the sacred Alliance has cultivators. What's important is that the Europeans have our cultivation system. As far as I know, this wasn't the case in the past. It seems that there's something strange about the sacred Alliance. We have to dig up their history. "

Lin Yi wasn't lying-he'd used Ling Yi and Eagle's names on missions before, and he'd had a lot of contact with Europeans and Americans. It wasn't that there weren't any Masters, but the training system they used was all physical style. Lin Yi might've only been golden class back then, but he wouldn't be wrong about these things.

At the same time, a mysterious man in glasses and a bamboo hat was listening to his men's reports in the sacred Alliance's Secret base in mierwa that Lin Yi and the others were talking about. He was the practitioners from Europe that Kang Xiaobo and Lai Changyi had chased away.

"You're saying that miracle doctor Guan's Medical Group still refused to cooperate and defeated all of you?" The mysterious man in glasses said in a low voice, clearly in disbelief.

With the team he sent out, One Sky Class, two Earth Class, and some Mystic class practitioners, how could they not take care of one person from miracle doctor Guan's Medical Group?

The leader of the heaven rank European team lowered his head: "Yes, there's only two of them, but they're shockingly strong-they're definitely beyond the sky Class, so they must be Foundation Stage!"

"Foundation establishment? How could there be a Foundation Stage master here, and those two are the joint Directors of miracle doctor Guan's Medical Group, you're not joking with me, are you?" The man in glasses said unhappily. He didn't believe that Xiaobo and the others were Foundation Stage Masters.

"Forget it, let's not talk about this for now, but we have to get our hands on miracle doctor Guan's company's deluxe version of the medicine for golden sores. We can only carry out the next step of research if we combine it with our medicine. So you guys have to think of a way to distract Kang Xiaobo and Lai Changyi away and target the other people from miracle doctor Guan's company. It'll be more likely to succeed!" The bespectacled man said calmly. It was obvious that he was determined to get the special edition formula of the gold-inflicted pain medicine.

At this moment, someone suddenly said, ""What did you say those two people were called? Xiaobo and Changyi? I know these two, they're Lin Yi's lackeys! They didn't go to the ancient martial world with Lin

Yi, but returned to the common world. They're just two Foundation Stage cultivators, I'll take care of them!"

The person who spoke was none other than Xue Jianfeng, who had been electrocuted by Lin Yi's lightning. This guy was indeed an undying cockroach. After being electrocuted by Lin Yi, his flying saucer was shot down by a sea beast and fell into the endless sea. Even so, he still didn't die. His life force was shockingly strong!

There was another person beside Xue Jianfeng. It was his good friend Chen Dongcheng, who had carried Xue Jianfeng and fled with him. After these two guys fell into the endless sea, they were rescued by the Central's reinforcements. Then, they followed the Central's people out of the immemorial small Jianghu and returned to the secular world to continue causing trouble.

With these two people present, the origin of the sacred Alliance was clear. It was a puppet force established in the European region of the secular world in an attempt to use it as a springboard to control the entire Europe.

After Xue Jianfeng finished, he was very excited. He couldn't beat Lin Yi, but these two were only Foundation Stage ants. He could kill them with a pinch. Taking it out on them and making Lin Yi's heart ache was the most suitable!

The bespectacled man glanced at Xue Jianfeng and nodded slightly, "That's good. Although it's a bit of a waste for you to deal with them, it's worth it as long as we can get what we want. "

In the ancient martial world, central could already create mysterious Ascension Masters, but after Lin Yi's mess, a lot of the information was destroyed. Without the environment and resources of the ancient martial world, they'd have to start all over again in the secular world.

Miracle doctor Guan Medical group's limited edition medicine for wounds was related to one of their important research projects, so the man wearing glasses didn't hesitate to use his trump card, Xue Jianfeng.

Snow Jianfeng shook his head at Chen Dongcheng and said, ""Old Chen, let's go out for a walk and relax. It's rare to have the chance to beat up that bastard's lackeys. There's two of them, so let's take one each. Is that enough?"

Chen Dongcheng laughed. "That's good. It's been too long since I've exercised. It's time to go out for a walk."

The bespectacled man didn't express any objection to this. So far, only Xue Jianfeng and the other two were allowed to fight. After all, the opponent was a Foundation Stage expert.

Dafeng bro was panicking as he stood at the door. He wanted to inform Xiaobo and Changyi, but he couldn't get away. He could only stand there expressionlessly, praying that these two would be able to avoid Xue Jianfeng and the other man.

Xue Jianfeng and Chen Dongcheng did not know what brother Dafeng was thinking. When they passed by, they even smiled and nodded at brother Dafeng. Brother Dafeng could only force a smile and wish them success.

The two didn't go to the exhibition hall, but went straight to the hotel where Kang Xiaobo and the others were staying. They asked the front desk for Kang Xiaobo and Lai Changyi's room number, and went upstairs to find them.

After reaching the floor, Xue Jianfeng scanned with his spirit sense and found that Kang Xiaobo and Lai Changyi were drinking together. He smiled at Chen Dongcheng, "We're in luck. The two of them are in the same room. It saves us the trouble of catching them one by one. "

"Did we miss something? why do I feel like something's off?" Chen Dongcheng furrowed his brows.

"You've always been a strange person. Alright, hurry up. I've already checked. There's no one on this floor except for these two guys. Besides, this is the secular world. The foundation establishment stage is the highest cultivation level. We two masters of the xuansheng stage can run amuck in the world without a problem!" Xue Jianfeng felt a little disdainful of Chen Dongcheng in his heart, but he still said a few words in a very gentle manner.

Chapter 5703 What Am I Afraid Of?

Lin Yi and the others were on the same floor as well-Xiaobo and Changyi had left Lin Yi's Presidential Suite right after they finished talking about the exhibition, coming over to their side to discuss the next step of the plan. The reason why the two couldn't detect Lin Yi, LAN Guzha, and sun Jingyi was because Lin Yi's divine sense was too strong. He naturally blocked it when he felt other divine senses scanning by.

Xue Jianfeng's strength was indeed in the early stage of mysterious Ascension, but it was all because of the medicine from central that forced him to level up. It was true that the main focus of the ancient martial world was the cultivation of spirit sense, but Xue Jianfeng's strength was too fast, and his spirit sense couldn't keep up with the progress. Speaking of which, his spirit sense was only in the early stage of nascent soul, which was already very fast, but in front of Lin Yi, it was not enough at all. If he wanted to find the three people in Lin Yi's room, he still had to walk a long way.

Chen Dongcheng thought that Xue Jianfeng's words made sense. Perhaps he was overthinking it. He shook his head and smiled as he walked to the door of Xiaobo's room. He pressed on the lock and released his Qi, shattering the steel lock.

For an expert in the early stage of the mysterious Ascension realm, it was as easy as turning his hand if he wanted to collapse an entire building. A mere steel lock was indeed not an obstacle.

After opening the door, Xue Jianfeng laughed and said, "Kang Xiaobo, Lai Changyi, it's time for you two to die. Come over and kneel down and accept your death, and I'll be extra kind and leave you two with an intact corpse!"

Xiaobo and Changyi held their wine glasses as they looked at Xue Jianfeng and Chen Dongcheng, who was closing the door behind them. They looked at each other and calmed down. Xiaobo said, "Snow sword? What are you doing here?"

Xue Jianfeng was very pleased with the expressions on Kang Xiaobo and Lai's faces. He loved to see people panic in front of him, but it was a pity that Kang Xiaobo and Lai Changyi only panicked for a moment before they regained their calm.

This made Xue Jianfeng a little unhappy, so he sneered, "What, are you surprised to see me? This time, your boss isn't here. Do you feel very flustered? Don't worry, you don't have to pretend to be calm. You'll still be crying and screaming when I kill you later."

"Cut the crap, Xue Jianfeng," Xiaobo laughed. "Do you think you've got us all in the bag just because you brought someone with you? Aren't you a little too arrogant?"

Xiaobo's confidence came from the fact that Lin Yi was just next door! He and Lai Changyi already had blind worship towards Lin Yi. As long as Lin Yi was there, there was no problem that couldn't be solved!

Snow sword peak started laughing as well, pointing at Xiaobo and Changyi. "Do you think you need me to bring people to deal with you two trash? This young master can crush you two ants with one finger, and old Chen can crush you two ants again with another finger. I said, hurry up and kneel down and accept your death, and I'll leave you two with an intact corpse!"

Remembering what he had said before he left, Xue Jianfeng turned to Chen Dongcheng and said, ""Old Chen, just now, we said that we would each take one. Come, I'll pick one for you first. These two fools still think they're awesome. Let's show them what true awesomeness is!"

Chen Dongcheng kept feeling uneasy for no reason. He stood by the door and shook his head. "Forget it, I'll leave these two small fries to you. I don't know them anyway, so it's more interesting for you to deal with them."

"Oh? You're the one who gave up on this opportunity, so don't say that I didn't take care of you later. This kind of fun is very rare, so don't pull that off!" Xue Jianfeng didn't mind and sneered.

From Xue Jianfeng's point of view, he had both Kang Xiaobo and Lai Changyi in the palm of his hand, and all he needed to do now was to have some fun with them. The reason why he didn't immediately take them down was to give them a chance to fight back. He knew very well that it was really satisfying to beat people from hope to despair!

Xiaobo and Changyi, however, didn't show any signs of escape or resistance. They sat on the sofa like normal people, even raising their glasses to each other, signaling for them to have a drink.

Xue Jianfeng was furious. Was this how a person who was threatened should behave? If this young master doesn't show his might, you guys are really treating a Tiger as a cat!

With a wave of his hand, Xue Jianfeng turned the sofa they were sitting on into ice. Fortunately, Xiaobo and Changyi reacted quickly enough to stand up, or they would've fallen onto the ice.

"Hahahaha, are you scared now? If this young master wants to kill you, it's just a matter of waving my hand. Why don't you hurry up and beg for mercy?" Jianfeng laughed, pleased with himself. Xiaobo and Xiaobo, on the other hand, were as calm as ever. They even looked like they were watching a clown's performance, which made Jianfeng very uncomfortable.

Chen Dongcheng couldn't stand it anymore. They came here for the recipe of miracle doctor Guan's Medical Group. After getting the recipe, they could kill two of Lin Yi's lackeys. Now that Xue Jianfeng was acting all high and mighty, he didn't even care about it. This made Chen Dongcheng even more uneasy.

"The two of you, if you want to live, hand over the godly doctor Medical group's formula. Otherwise, I'll let you know what it's like to be in a living hell!" Chen Dongcheng was afraid that Xue Jianfeng would continue to say irrelevant things, so he quickly asked.

Xue Jianfeng also felt bored and said embarrassedly, ""That's right, hurry up and hand over the formula, or you'll regret it! At that time, you won't even have the chance to beg me to kill you!"

"Xue Jianfeng, aren't you afraid that our boss will come for you?" Changyi chuckled.

"What am I afraid of? I'm a great xuansheng stage expert, why would I be afraid of him? "Stop joking around, if he dares to appear in front of this young master, I'll ..." Xue Jianfeng said loudly. In fact, he was trying to cover up his guilty conscience, but before he could finish his words, he was interrupted by a loud bang.

The door that Chen Dongcheng had just closed was kicked open, and even Chen Dongcheng, who was standing by the door, was sent flying.

Xue Jianfeng turned around angrily and said, "Who are you? how dare you kick the door open?!" Do you want to die?"

As he spoke, Xue Jianfeng reached out and grabbed Chen Dongcheng to help him up. At the same time, he complained, "You don't even know how to use true Qi to protect your body! Any Tom, Dick, or Harry can send you flying with a kick, aren't you embarrassed?"

Chapter 5704 You're Not Dead Yet?

"Xue Jianfeng, you're not dead yet? Did he come here to seek death? I'm right in front of you now, what are you going to do?" Lin Yi smiled coldly as he walked in, LAN Guzha following behind excitedly. He knew these two as well, and they had his genes in their bodies. It was time to settle the score with them.

Xue Jianfeng's body trembled as he cried out in disbelief, ""Lin Yi?!"

He really couldn't talk behind people's back, and Lin Yi was here! Xue Jianfeng wanted to slap his own mouth a few times-what kind of jinx was this!

Lin Yi smiled faintly, "Xue Jianfeng, you're really something. I can see you busy acting tough everywhere. People used to call me the head of the show, but I think this name is more suitable for you. And every time you act tough, you always come to me. I have to admire you!"

Chen Dongcheng was already scared out of his wits-no wonder he'd been feeling uneasy ever since he'd entered the hotel. It was Lin Yi, The Fiend, who was here! One had to know that Chen Dongcheng was a traitor from the green cloud sect on the North Island. He didn't have much confidence in front of Lin Yi, and Lin Yi's performance at the ancient meeting made him even more scared. He couldn't say a word and only thought about how to escape from Lin Yi.

Xue Jianfeng rubbed his eyes and looked at it more carefully. It was Xue Jianfeng's nightmare! No matter how much he tried to increase his strength, no matter how fast he broke through, Lin Yi was like a mountain, forever pressing down on his head. He couldn't get out no matter what!

At this moment, Xue Jianfeng actually thought of a saying in the secular world,'don't act tough, or you'll be struck by lightning!' Lin Yi, this bastard, just loved to use lightning to strike people! Although he wasn't wearing alloy armor this time, he might as well have been wearing armor when he was struck by lightning!

Xue Jianfeng was also single, and he knew that he wasn't Lin Yi's opponent, so he knelt down in front of Lin Yi and smiled,"Hahaha, Lin Yi-qianbei! It's really you! I was just about to say that if you appeared in front of me, I would immediately kneel down and pay my respects to you! Actually, I heard that you were staying here today, so I came here with old Chen to pay a visit to you! I didn't have time to prepare any gifts in such a hurry, it's really rude!"

As he spoke, Xue Jianfeng secretly gestured to the dazed Chen Dongcheng. Why was this idiot so stupid? Don't you see that this young master has already knelt down? don't you know that a wise man doesn't fight when the odds are against him?

Chen Dongcheng saw Xue Jianfeng's hand gesture, but his first reaction was to look down on him. This spineless thing knelt down as soon as he saw Lin Yi. He'd been talking nonsense for so long just now, and now he'd said something like this-even a ghost wouldn't believe him. Furthermore, they were both xuansheng stage experts. Did they not even have the courage to fight?

He didn't know who LAN Guzha was in his human form, or he wouldn't have the courage to fight for his life. They didn't even have the right to fight LAN Guzha alone, let alone Lin Yi. They'd be dead if they fought.

Lin Yi glanced at Chen Dongcheng with a half-smile on his face. He had a deep impression of this former deputy sect leader of Qingyun sect. Last time, Chen Dongcheng came to cause trouble at the ancient meet, but he managed to escape with Xue Jianfeng. This time, he came to Lin Yi's door. Should Lin Yi just take care of him while he was at it?

Chen Dongcheng felt a chill run down his spine as Lin Yi's eyes swept over him. He shivered and knelt down as well. As for the disdain he had for Xue Jianfeng, it was completely thrown to the back of his mind now. He was someone else, after all. When it came to him, the standard was completely different.

"Grand-master Lin, I've come here to ask for your forgiveness. Ever since I left the green cloud faction, I've been thinking about returning to the school. Unfortunately, I know that I've committed a grave sin and I really don't dare to go back to see you. I heard that you've also come to this hotel, so I've finally gathered my courage to ask for your forgiveness. I hope that grand-master will take me back into the school for the sake of all the previous grandmasters of the green cloud faction. I'm willing to accept the punishment of the school rules!" In a moment of desperation, Chen Dongcheng actually said a long sentence in one breath, and in the end, he almost touched himself.

He'd completely forgotten how he'd threatened Xiaobo and Changyi to hand over the recipe! He was also constantly hypnotizing himself in his heart. Had such a thing happened before? I don't think so? Did I? I don't think so! Alright, actually, none of this is important! The most important thing was to make Lin Yi believe what he was saying!

Thinking about it carefully, it wouldn't be a bad thing if this could succeed! The Qingyun school was now the leader of the four major sects. The entire martial world of the immemorial age looked up to the

Qingyun school. Chen Dongcheng was at the early stage of the mysterious Ascension realm, so he was definitely a Taishang elder. He was also in a distinguished position.

More importantly, Chen Dongcheng clearly knew that there was no central power in the ancient martial world. From the looks of Bing Wuqing's situation, Lin Yi could also remove the poison that was implanted in his body. As long as Chen Dongcheng could be accepted by Lin Yi and return to the ancient martial world, he would still be one of the top people!

Lin Yi blinked, evidently not expecting Chen Dongcheng to say something like that. But from what he said, this guy did seem to be sincere. Of course, he would not believe Chen Dongcheng immediately. After all, Chen Dongcheng had just threatened people. Now, perhaps he was just trying to escape. There was no need to rush to a conclusion on this matter.

Xue Jianfeng looked at Chen Dongcheng from the corner of his eyes, his heart full of disdain. This Chen Dongcheng always scolded Lin Yi in front of him, but now he was calling him uncle-master so affectionately and even wanted to hug Lin Yi's leg. How shameless! Why wasn't this bastard a grand uncle-master of the snow sword sect? Otherwise, I, Xue Jianfeng, can go and hug his legs!

Lin Yi didn't know what the two were thinking. He was more concerned about the sacred Alliance's background. He waved his hand, "Enough with the nonsense. Tell me, are you here on behalf of the sacred Alliance? What was the relationship between this organization and central? What's their purpose for getting the recipe from miracle doctor Guan's Medical Group?"

Xue Jianfeng and Chen Dongcheng looked at each other, not knowing what to say. Xue Jianfeng definitely didn't want to tell Lin Yi the truth, while Chen Dongcheng had the thought of turning over to Lin Yi, but he didn't dare to fall out with central without Lin Yi's guarantee. After all, his life was still in Central's hands.

Chapter 5705 Timely Rain When Escaping

Chen Dongcheng wouldn't betray central in front of Xue Jianfeng-he'd only tell Lin Yi everything he knew if he had something on Xue Jianfeng.

"What are you looking at? the boss is asking you a question! If you don't tell me the truth, I'll kill you immediately!" LAN Guzha glared and threatened loudly. He really wanted to kill these two fellows. As long as they were from central, LAN Guzha did not have a good impression of them.

Chen Dongcheng quickly said,"grand uncle-master, I was only recruited by central to be a hired thug. I don't know anything important. Snow Jianfeng should know more about this than I do. After all, he's the leader of all the cultivators who joined later."

Lin Yi turned to Xue Jianfeng and smiled faintly,"It seems like you're really awesome. You already have a pivotal position in central!"

Xue Jianfeng's heart was filled with hatred. He knew that Chen Dongcheng didn't dare to betray central, but he pushed him to the fire to roast. However, he didn't dare to do anything with Lin Yi staring at him.

"Senior Lin, you must be joking. In fact, I'm just an errand boy in the center. I don't have any status!" Xue Jianfeng's mind whirred, and he said with a smile,"We don't know much about the sanctuary Alliance. We're here to pay you a visit, but we don't mean to represent anyone ..."

"It seems like you really want to die!" Lin Yi nodded seriously and raised his palm.

Xue Jianfeng was shocked. He knew that he couldn't convince Lin Yi with his words, but even he didn't believe it himself, let alone Lin Yi. Lin Yi must have heard everything that happened in the room just now, so there was no need to ask Kang Xiaobo and the others!

"Senior Lin, I suddenly remember that I've heard of the sacred Alliance before. I think I've heard of it in central by chance. It's said that after retreating from the ancient Jianghu, it re-established a force in the secular world. Its main area of activity is Europe, and it might develop in the Americas in the future. If that's the case, it seems like the two of us are really here as representatives of the sacred Alliance. We don't even know ourselves!" Xue Jianfeng put on an expression of sudden realization, as if he had a talent for acting.

"Ha ... If that's the case, you'll probably hear some rumors about why central is targeting miracle doctor Guan's group, right? For example, what do we need the formulas from miracle doctor Guan Medical Group for?" Lin Yi asked casually as he retracted his hand.

Xue Jianfeng wiped the cold sweat from his forehead. He thought that the information he had given was not confidential, so it should not be a big problem. Moreover, compared with his life, even if it was confidential information, it did not seem like it could not be revealed.

"Haha, senior Lin, you think too highly of me. I've really never heard of such information." Xue Jianfeng didn't want to reveal more information to Lin Yi easily, so he sneaked a glance at Lin Yi's reaction as he spoke. He saw that Lin Yi was about to raise his hand again, so he quickly continued, "However, I do have some speculations. Senior Lin, please take them as your reference."

LAN Guzha glared at him again and said, "stop talking nonsense!" If you don't be more decisive, I'll beat you up!"

Xue Jianfeng thought to himself, "you're just a small fry who's using the Tiger's might as an intimidation tactic. What are you so proud of?" You still want to beat me up? If it wasn't for Lin Yi, I would've taken care of you already!

This was also the reason why LAN Guzha did not reveal his aura. If Xue Jianfeng knew LAN Guzha's true strength, he might not have any more thoughts of getting lucky.

"It's like this, although I didn't hear why central would ask the sanctuary Alliance to cause trouble for miracle doctor Guan Medical Group, and I don't know why they want the formulas from miracle doctor Guan Medical Group, but central has been researching all kinds of medicine, and you know that, senior Lin. So I'm guessing that maybe there's something from miracle doctor Guan Medical Group that central is interested in, and it might be related to Central's research in medicine. Senior Lin, you must be careful!" What Xue Jianfeng said was actually the truth. He just changed the way he put it so that he could have an excuse to deceive himself.

Lin Yi frowned, not quite understanding why central was doing this. Xue Jianfeng's words didn't seem to be fake-could it be that central was really interested in a certain recipe from miracle doctor Guan's Medical Group?

However, these recipes were only useful in the common world-they were still valuable before they entered the Sky Class Island. After the island opened, there were more high-level recipes that were better than miracle doctor Guan's products in the common world. Central had a way to connect the two places, so they shouldn't be coveting these things!

Lin Yi was wrong-Sky Class island's pills and recipes were indeed better than miracle doctor Guan's Medical Group's, but that was all based on the difficulty and ingredients. In terms of the same level, miracle doctor Guan's Medical group's recipes that Lin Yi had improved were the best, and what the center needed was to start from the basics and improve steadily-it would be weird if they didn't come to miracle doctor Guan's Medical Group.

Just as he was thinking about it, the hotel staff rushed over. Lin Yi's kicking of the door had already triggered the hotel's alarm, and the guests on this floor were the most distinguished guests. The hotel didn't dare to be negligent, so they came to deal with them immediately.

Seeing that the hotel staff was about to come in, Xue Jianfeng gave Chen Dongcheng a look, then stood up and said, "Senior Lin, there's a bit of a misunderstanding today. I'll come back for your orders after I've settled the matter at the hotel with elder Chen."

Lin Yi didn't say anything and let Xue Jianfeng pull Chen Dongcheng out of the door. He told the hotel staff that it was all a misunderstanding and that they'd pay for the damage to the door immediately. Then, he half-forced the hotel staff to go downstairs and settle this.

To be able to take this opportunity to escape, it was simply a miracle. Xue Jianfeng wanted to hug the hotel staff and give him two big kisses. This was the legendary timely rain!

LAN Guzha watched helplessly as Xue Jianfeng and Chen Dongcheng left. He felt as if his heart was being scratched by a cat. He could not help but ask, "Boss, why don't you just kill those two? The people in central aren't good people!"

Lin Yi smiled faintly, "LAN Guzha, they can't escape. We're not killing them now because we want central to let his guard down. After all, it's easy to get rid of these two guys. If central hides completely because of their deaths, it'll be much harder for us to find him."

Chapter 5706 Working With House Kang

"I get it now, boss!" Xiaobo clapped his hands. "You're trying to get the big fish!" These two guys are the bait for fishing!"

"That's right, that's what I meant!" Lin Yi didn't hide anything-it'd be best if he dealt with the central forces before leaving the common world. Even if he couldn't uproot them, he'd at least cripple them so they wouldn't dare cause trouble for a while.

It was easy to kill Xue Jianfeng and Chen Dongcheng, but it wasn't easy to catch Central's tail. Now that central had exposed the sacred Alliance, Lin Yi had to hold on to it tightly. He released Xue Jianfeng and Chen Dongcheng so that he could ask them something useful the next time he saw them.

"Boss, I think that guy who called you grand-master wants to join you," Changyi suddenly said. "If he can turn around and be a spy, we'll have a greater chance of defeating central." If there's a chance, I can definitely get in touch with this guy in private. "

Lin Yi nodded at Changyi with a smile, but didn't say anything. Changyi immediately understood that Lin Yi had already planned this and didn't need him to remind him.

Otherwise, Lin Yi would've grabbed Chen Dongcheng and interrogated him instead of letting him go so easily and letting the two leave with him. Other than setting a long line to catch the big fish, he also found an excuse to let Chen Dongcheng go.

As for whether they could really make Chen Dongcheng betray them in the future, there was no need to think too much about it now. After all, he was only a Mystic Ascension preliminary stage who had been forcibly elevated. LAN Guzha alone could beat them up. If he really did not want to give them face, it would only take a few minutes to eliminate him.

The next day, nothing happened. Xue Jianfeng and Lin Yi seemed to have disappeared into thin air. Lin Yi wasn't very familiar with using his spirit sense to track them, so after following them for a while, he was shaken off by their vigilance. After all, he was from the ancient martial world, and he had some skills with his spirit sense.

As for Chen Dongcheng following Xue Jianfeng to hide from Lin Yi's tracking, Lin Yi didn't care too much. Chen Dongcheng probably still had some hesitation in his heart. Besides, Lin Yi didn't give him any clear hints, so it was normal for Chen Dongcheng to do this.

The exhibition finally went on smoothly. The people from the sacred Alliance didn't continue to provoke miracle doctor Guan's Medical Group, but set up their own stall. Of course, their stall was the largest and had the best position, much better than the one from miracle doctor Guan's Medical Group.

To Lin Yi's surprise, he saw someone he knew from miracle doctor Kang's Medical Group. They weren't on good terms, but they were acquaintances. Zhaoming might still be on Tianjie Island, but Lin Yi naturally thought of him when he saw the Kangs.

Speaking of which, Zhaoming and Xue Jianfeng were quite similar. The two were the representatives of the unkillable cockroach clans, and no matter how they slapped themselves, they would always be able to keep their lives. If the two could meet, it might be a scene where they could appreciate each other.

Miracle doctor Kang's representative this time was Guifeng, Kang Zhaoming's uncle. Their booth was right next to the sacred Alliance, and Guifeng was happily chatting with the people from the sacred Alliance. Lin Yi suspected that the people from miracle doctor Kang's Medical Group were sent by the sacred Alliance to piss him off.

Or maybe central couldn't get their hands on the formulas from miracle doctor Guan's Medical Group, so they wanted to get something similar from miracle doctor Kang's Medical Group? After all, most of the products of the two companies had a high degree of similarity!

Guifeng didn't see Lin Yi's arrival, and after chatting with the sacred Alliance for a bit, he followed one of them to the resting room.

Lin Yi wasn't interested in a small fry like Guifeng, but he'd been paying attention to the sacred Alliance for a long time. In order to get central through the Alliance, he wouldn't let go of any clues.

He extended his spirit sense out silently, wanting to keep an eye on Guifeng and the Alliance's every move, but to his surprise, his spirit sense was blocked outside the room. It was completely isolated.

"There's something strange about this lounge!" Lin Yi felt a sense of joy after the initial shock-the fact that his spirit couldn't get in meant that there was a secret inside, like someone important at central! Otherwise, there wouldn't be anyone in the common world who could stop Lin Yi's spirit sense.

"Xiaobo, you guys stay here. Jingyi and LAN Guzha, stay here and help out. I'll go over there for a bit!" Lin Yi turned around and quickly left for the resting room.

Since his divine sense couldn't enter, he would just let his primordial spirit enter directly. If he could catch the core figure of central and then follow the vine to get rid of Central's power in the secular world, that would be great!

In the resting room, Guifeng only saw Xue Jianfeng. Chen Dongcheng didn't come with Xue Jianfeng, probably because he felt that Guifeng wasn't worth two xuansheng stage Masters.

"You're Kang Guifeng from miracle doctor Kang's medicine? I've come to see you this time to ask for the limited edition formula of house Kang's medicine for wounds, and to cooperate with the sacred Alliance to develop new medicine. This is a very good condition, aren't you grateful for my generosity?" Xue Jianfeng said indifferently.

He wasn't very happy with this mission-coming to the exhibition would be easy for Lin Yi to find him. Although Xue Jianfeng used a spirit sense item from the ancient martial world to block the detection of spirit sense, he was still worried. It wasn't easy to escape from Lin Yi's hands last night, what if he was caught by Lin Yi again?

Guifeng was all smiles as he bowed, "You must be young master Xue, right? It's our honor to be able to work with young master Xue's Alliance, but the special edition golden medicine is an important secret that we rely on for survival. We can't just hand it over to the Alliance, please understand, young master Xue!"

Xue Jianfeng said impatiently, "it's just a stupid formula, and you're treating it like a treasure!" If it wasn't for the fact that our sacred Alliance has a use for it, who would want such a broken thing?"

Guifeng didn't dare to answer, only bowing and chuckling. What's the point of going if it's just a piece of junk? You want to deceive me? Don't joke around!

Chapter 5707 Meeting Everywhere In Life

In fact, Xue Jianfeng was not joking this time. He was once a genius disciple of the snow sword sect. He could get any kind of healing elixir he wanted. How could he care about a medicine like the Golden medicine for wounds that was not even close to a medicinal pill?

If it wasn't for central, who would even bother with this Kang Guifeng who reeked of copper!

"Forget it, I'm not going to waste my breath on you. Just watch this video for yourself!" Xue Jianfeng waved his hand impatiently and opened a video file on his computer. After coming to the secular world, these high-tech things had become the most attractive things for Xue Jianfeng.

There was a projector and speaker in the lounge. Xue Jianfeng directly projected the video on the computer on the screen. The image flashed and a person appeared on the screen.

"Zhaoming!" Guifeng was surprised-he didn't expect to see the pride of house Kang, Kang Zhaoming!

"I'm Kang Zhaoming, I don't know who in house Kang will see this video of mine, but no matter who it is, please listen to me!" The video was obviously pre-recorded, and Guifeng didn't say anything about it. He was just happy to see Zhaoming's face full of pride.

The better Kang Zhaoming was doing, the more stable house Kang's position would be. If the sacred Alliance wanted the recipe, they could just take it from them, but the fact that they were willing to cooperate with them was probably because of Kang Zhaoming.

"I'm in a very important position in the central organization on Sky Class Island, so if any of the common world's house Kangs come to us for help, no matter what it is, we'll agree to it. Working with central won't mistreat house Kang-remember that!" Zhaoming said seriously. He didn't care if he was important or not in the center of the island, but having the common world's house Kang cooperate with the center was obviously beneficial to him.

Central was giving Kang Zhaoming face by asking him to get a video from Sky Class Island. Otherwise, they would've just attacked house Kang in the common world and Kang Zhaoming wouldn't have had any objections. Luckily, house Kang's recipe was slightly worse than miracle doctor Guan's medicine group's and wasn't Central's main target. Otherwise, they wouldn't have been able to wait for Kang Zhaoming's video and it would've been forcefully taken by central.

In the video, Kang Zhaoming started to boast about his current status. In conclusion, he could become the pillar of support for house Kang in central, and so house Kang didn't need to hesitate at all. If they fully supported central, they would be able to get ten times or even a hundred times the return.

Guifeng was also very excited after watching the video-after Xue Jianfeng closed the video, his face reddened as he shouted, "Young master Xue, since it's our Zhaoming's idea, then there's nothing more to say. Whatever recipe you want, as long as it's something we have, we'll give it to central!"

Xue Jianfeng's face was a lot better now-he knew that house Kang's Kang Zhaoming was on Sky Class Island, after all, so his attitude was a lot gentler.

"Good! We don't need too many of house Kang's recipes, just the limited edition of the medicine for wounds! Your contributions will be recorded, and you'll get your fair share of benefits in the future!" Xue Jianfeng smiled in satisfaction. He could leave this place and return to the Secret Hideout as soon as possible after getting Guifeng's recipe. It would be troublesome if Lin Yi bumped into him.

"Many thanks for young master Xue's care. I'll go prepare the recipe now, and I'll send it over in a moment. If young master Xue has nothing else to do, would you please rest here for a while?" Guifeng bowed respectfully. He didn't know if Zhaoming or this young master Xue had a higher status, but Zhaoming was far away on Sky Class Island, and he felt that it was safer to be respectful to Xue Jianfeng.

Xue Jianfeng was pleased with Guifeng's attitude, smiling as he waved his hand, "That's good. Go prepare the formula and send it over as soon as possible. I don't have much time, so I can't wait too long!"

"Yes, yes, yes. Don't worry, young master Xue. It won't take too long. As long as we get in touch with our people in the country, they'll scan a formula from the safe and send it over. It won't take more than ten minutes." Guifeng nodded and laughed before turning to leave.

After Guifeng left, Xue Jianfeng picked up his glass of red wine and swirled it a few times before taking a small sip. He said, "It seems that today's mission is quite easy. I can go back soon. Should I report to the professor first?"

Xue Jianfeng didn't drink red wine before, but after seeing Kang Xiaobo and Lai Changyi's calm drinking posture last night, he felt that it was very suitable for him to act cool and cool. So he looked it up on the internet and learned to drink today. It felt good.

However, Xue Jianfeng had never expected that someone would be able to continue his mumbling, "Then let's report this first!"

Xue Jianfeng almost dropped the wine glass in his hand. This voice, wasn't it the same Lin Yi that made him so scared! He was the only one in the room, so why was Lin Yi's voice here?

Plus, he had set up a spirit sense isolation device in the room. No matter how strong Lin Yi's spirit sense was, he couldn't find him!

Xue Jianfeng didn't have time to think as he turned around in shock. It really was Lin Yi! And less than two steps behind him, there was a light smile on his face. No matter how you looked at it, it was despicable!

"Haha, so it's senior Lin. What a coincidence. What a small world. Do you want to have a drink with me?" Xue Jianfeng forced a fake smile on his face, but his heart was already crying. He knew that this damn mission was the easiest to meet Lin Yi-this was what he was afraid of!

Lin Yi smiled faintly, "aren't you supposed to report to the professor?" Hurry up, just pretend I don't exist, do you want me to disappear for a while?"

Xue Jianfeng wanted to cry, but no tears came out. How could he let Lin Yi disappear? Wasn't she looking to disappear? it didn't seem like a bad thing to disappear from Lin Yi's sight!

"Senior Lin, you must be joking. When did you arrive? How come I didn't see you come in?" Xue Jianfeng said perfunctorily, but in his heart, he was thinking about how to get out of this situation. Should he kick down the door of the lounge and ask the staff to help him out?

Chapter 5708 Central's New Direction

"I've only been here for a short while, and I just happened to see Kang Zhaoming's video. If you don't want to report to the doctor, then you'll have to report to me honestly!" Lin Yi said as he sat down in front of Xue Jianfeng.

As he spoke, Lin Yi extended a finger, and a blue-purple arc of lightning flickered on the tip of his finger, making a light cracking sound.

Xue Jianfeng's face went pale. He was already traumatized by Lin Yi's lightning. He couldn't stay calm in the face of such a threat.

After laughing dryly, Xue Jianfeng had decided to be a wise man. He straightened his body and said with a serious face, "Senior Lin, last night, I wanted to come up to you after I settled the matter with the gate. But after thinking about it, I felt that it would be more sincere to ask for some useful information and come over to apologize. So, I came here today to tip you off!"

Xue Jianfeng felt that he was a genius himself, explaining what happened last night and today with just two sentences, so that Lin Yi wouldn't be able to catch on to it again.

Lin Yi looked at Xue Jianfeng with a faint smile and nodded, "Tell me!"

"It's like this, I didn't hear about Central's purpose for wanting the formulas from miracle doctor Guan Medical Group last night, so I went back and asked around about it. I found out that central wants to research a new medicine to speed up their experiment. " As he spoke, Xue Jianfeng was wondering if what he said had touched upon Central's core secrets. Ordinary information was fine.

Lin Yi looked at Xue Jianfeng coldly, the lightning on his fingertips getting thicker and thicker. He said faintly, "Don't talk about useless things, get to the point. "

Xue Jianfeng suddenly quivered and no longer cared about weighing anything. He quickly said, "In fact, the center has always been researching potions to improve the strength of cultivators. In the ancient martial world, they have already successfully advanced from the foundation establishment stage to the Golden core stage, the nascent Soul Stage, and even the mysterious rising stage. However, after returning to the secular world, the materials for making potions were difficult to find, and it was even more difficult to find cultivators. Therefore, this research could not continue!"

Lin Yi nodded to himself-what Xue Jianfeng said was true. The common world was completely incomparable to the ancient martial world. Not to mention the precious materials, just the practitioners were hard to find.

According to Lin Yi's estimations, the best medium for central to level up practitioners was foundation Stage practitioners-Sky Class full master was already a huge hurdle to go through, and it wasn't easy for a normal person to level up to Sky Class full master, not to mention the Foundation Stage. Putting aside

the huge cost, it was almost impossible for a normal person's test subject to go through the pain of Foundation Stage.

What Xue Jianfeng said next was roughly in line with Lin Yi's conjecture. It was because of this that the people at the center had to change their research direction.

"You're saying that the central Hospital wants the formula for the limited edition gold-inflicted medicine to research a new recovery medicine? And then?" Lin Yi was quite satisfied with Xue Jianfeng's performance, but he still spoke with a strong tone.

Xue Jianfeng didn't dare to delay. He had already said a lot, so he didn't mind saying more, "This new medicine originally had two uses. As I said, it's very difficult to advance from the heaven rank to the Foundation Stage, and ordinary people simply can't withstand it. So, this new recovery medicine is to help these people smoothly survive the danger of the Foundation Stage."

"Originally, it's just as dangerous to advance from Yuanying to xuansheng. It's hard for people who don't have a strong will like me and ambitious cultivators like old Chen to endure the pain of advancement. This new drug is also effective in this situation. Although it's not very big, it can at least increase the success rate by 10%. It's just that upgrading Xuan Sheng from Yuanying requires the genes of sea beasts, so it can't be carried out for the time being. "

"That's the first use. The second use is to add a new type of recovery drug to the bio-humans. It will allow these bio-humans to recover instantly even when they are injured! Even if it can't heal instantly, it should at least heal on its own in a short time. To be honest, I think that's the main purpose!" Xue Jianfeng was ready to risk everything-he didn't even mind helping Lin Yi analyze the situation for the sake of his own life.

Lin Yi couldn't help but be moved after hearing Xue Jianfeng's words. This central was indeed terrifying. Not only did they increase the strength of the practitioners, but the bio-human project was also quite terrifying.

Even though the level of the bio-humans did not seem high, the central government could mass-produce them! Lin Yi had dealt with those bio-humans. He knew how annoying these cheap things were. He wasn't afraid of the bio-humans. He knew that the world would be in trouble if they were created by central.

All the ordinary people on the street were the basic materials for the bio-humans. With some drugs, they could be produced continuously. What was more terrifying was that if the center combined the two research projects into one and let the bio-humans, who could heal themselves instantly and suffer no pain, become the experimental subjects to improve their strength, there might be a powerful Army of cultivators!

Even Lin Yi shuddered at the thought. He had to get rid of central no matter what, or there would be endless trouble!

"Senior Lin, I've told you all the information I've found out. Should I go back first and report to you if there's any more news?" Xue Jianfeng sneaked a glance at Lin Yi's face and asked carefully. If Lin Yi let him go this time, he would run as far away as he could and never see Lin Yi again!

Lin Yi came back to his senses. Xue Jianfeng obviously didn't know how much of an impact his words had on Lin Yi. After thinking about it, Lin Yi said faintly, "You can stay here for now. When Guifeng brings the recipe, send him away and continue waiting here. I have some things for you to do."

After a slight pause, Lin Yi continued, "Don't think about running away, my divine sense will monitor you at all times. Although there's a divine sense barrier here, once you leave, you won't be able to hide! If I find out that you're trying to escape, you're dead!"

Xue Jianfeng froze, suddenly understanding how Lin Yi found him. Where did the common world get a spirit sense blocking tool? Using this thing was like lighting up a light in the dark, telling Lin Yi that there was a ghost!

Chapter 5709 We Also Have Celebrities

Xue Jianfeng felt like he was about to cry from his stupidity, but he didn't expect that Lin Yi only wanted to follow him because he saw Guifeng with the people from the sacred Alliance. Without this item, Lin Yi's spirit sense would've found Xue Jianfeng too, and the result wouldn't be much different.

Xue Jianfeng replied weakly before Lin Yi turned into a shadow and disappeared from the resting room. Only then did he remember that Lin Yi was still a Yuan spirit. No wonder he could appear behind him without a sound.

Guifeng came running over with his phone just as Lin Yi left the room. Lin Yi knocked him out and looked at his phone.

"Haha, my luck is not bad!" Lin Yi smiled when he saw the recipe for miracle doctor Kang's golden medicine on Guifeng's phone.

He was still thinking about how to change this formula, but he actually succeeded so easily! Guifeng received documents that could be edited, not scanned documents or text messages, which were hard to edit. Only this type of document Format would leave no traces behind.

Of course, Lin Yi wouldn't waste an opportunity like this. He quickly made a small change to the key ingredients in the recipe. The recipe was already not as good as the one from miracle doctor Guan's Medical Group, and with this change, the ingredients were even more precious, but the effect was reduced by more than half. When the people from the center verified the problem, Lin Yi would probably be able to find their nest by then.

She put the phone back in Guifeng's hand and woke him up before leaving quietly. Guifeng was still confused when he woke up, not knowing what was wrong with him. Was he too tired and in a trance?

Lin Yi returned to the exhibition to find that all the booths were bustling with noise and excitement. Pretty boys and girls were basically attracting attention, and from the cheers of the crowd, it seemed that many of them were famous stars.

Lin Yi didn't know any of these Western celebrities, though, so he didn't pay much attention to them after a quick glance. Unlike the other booths, miracle doctor Guan Medical group's booth was cold and empty-sun Jingyi was a top-class beauty, and LAN Guzha was just as handsome, but neither of them was famous. They'd only attract some attention, and then the celebrities would steal it away.

"Boss, we've miscalculated. We forgot to invite a celebrity to help us!" Xiaobo lowered his head guiltily upon seeing Lin Yi.

Changyi smiled bitterly, "it's almost impossible to find a famous star if we contact them now. After all, they all have their own schedules."

The two of them had indeed been a little careless this time. Because of the sacred Alliance, they had focused their attention on it and neglected the means to attract popularity at the exhibition.

Now the exhibition had just begun, and the stands with celebrities had already attracted the popularity. As time passed, this situation would only become more serious. Because human nature liked to be lively. The more crowded the place, the more people there were. The more deserted the place, the less people would be interested.

Lin Yi smiled, not minding at all, "It doesn't matter. Our products are effective anyway, and it doesn't matter if we have celebrities or not. Didn't you say that these things are smuggled to Europe to sell? it means that miracle doctor Guan's Medical group's products have a good reputation,"

"You're right, boss," Zhaoming laughed. "The smell of good wine doesn't fear the depths of the alley! We don't need celebrities, we just need to show our stuff and it'll be enough to attract attention!"

Lin Yi suddenly smiled mysteriously, "actually, it's not impossible for you guys to get a star. An international superstar just came to your door. But whether you can get her or not will depend on your own methods!"

"International superstar?" Zhaoming blinked. Who was it? Where is he?"

Lai Changyi also turned his chubby neck and looked around, "Yeah, I didn't see her either. Boss, where's the superstar you were talking about?"

Lin Yi smiled and walked towards the door. A girl in casual clothes walked in, wearing a baseball cap and a pair of wide-rimmed sunglasses that covered half of her face. Her simple ponytail swayed gently as she saw Lin Yi walking over, a big smile on her face.

"Big brother Lin, how did you know that I was here?" Seeing Lin Yi's smile, the girl in the baseball cap quickened her pace and rushed into Lin Yi's arms, giving him a tight hug. She felt a little embarrassed doing it in front of so many people, so she quickly broke free.

She was thinking too much-other than Xiaobo and the others, no one was paying attention to what was going on here. This was Europe, after all, and hugging and kissing were common etiquette. No one would look at them differently.

Lin Yi took off her sunglasses and smiled."I can feel you coming! Why are you wearing sunglasses so late at night? don't you think that you're trying to hide something?"

She took off her sunglasses and revealed a delicate smile under the baseball cap, frowning at Lin Yi before sticking her head out from Lin Yi's side and waving to Jingyi and the others."Sister Jingyi, Xiaobo, and fatty Lai, Hello everyone!"

Jingyi, who'd followed behind, smiled in surprise as she took a couple of steps forward and grabbed her hand."Shihan, what are you doing here? Didn't you say that you're a guest for Cheng Yiyi?"

"I'm doing well. I heard you guys were here, so I rushed over before the concert ended!" Xu Shihan said with a smile. Knowing that Lin Yi was here, even if it was her own concert, she had to rush over, not to mention just being a guest for Cheng Yiyi. However, this way, she would inevitably be complained by Cheng Yiyi, but she couldn't care too much.

In fact, Cheng Yiyi wanted to come too. She was quite disappointed that Lin Yi didn't come to her first concert. If it was possible, she really wanted to come with Xu Shihan. Unfortunately, the concert wasn't over yet. Even if it was over, she would have to rush to the next city to prepare. She didn't have as much free time as Xu Shihan.

Xiaobo was overjoyed-so the International superstar Lin Yi was talking about was Xu Shihan!

Chapter 5710 Sister-In-Law Shihan

If they really asked Xu Shihan to hold the event, then the exhibition would be a hot topic! One had to know that Shihan's popularity in Europe wasn't any less than in China. It wasn't an exaggeration to call her an international superstar-it would even be a modest one.

There were only a handful of superstars in the world that could stand shoulder to shoulder with Xu Shihan, and in the music industry, she was even the world's top female star!

"I say, superstar Xu, you always call everyone else big brother or big sister, why am I fatty Lai?" Changyi grumbled. Isn't this too much of a discrimination?"

"Huh?" Xu Shihan pretended to be surprised. Your name is fatty Lai, right?"

"Who'd call themselves fatty Lai, it's Lai Changyi! It's Lai Changyi!" Lai Changyi's expression was one of madness as he spoke in a very funny way. Everyone burst into laughter.

The friendship between old friends could be clearly expressed in a few sentences. Lin Yi was very happy too. Xu Shihan used to be like a fairy who didn't care about the mortal world, but now she could joke with Lai Changyi. It was a big improvement. It was a pity that Xu Shihan's two best friends, Yaoyao and Shu, couldn't laugh together. It was a pity.

"Big brother Lin, Yiyi said that you agreed to go to her concert, but you didn't go. She's very unhappy. She wants you to go to LAN MI's concert, or else she'll make you pay!" Xu Shihan turned around and smiled at Lin Yi, as if she wanted to see how Cheng Yiyi was going to teach Lin Yi a lesson.

"I'm trying my best," Lin Yi smiled, "if things go well here, I'll go with you to Lanmi. "

Xu Shihan's mood instantly brightened up. Wasn't this what she wanted to hear? to be able to move with Lin Yi, this was a rare opportunity!

Xiaobo saw the smile on Shihan's face, and knew that she was in a good mood. "Sis-in-law Shihan, look, we forgot to get a celebrity to hold the fort for the exhibition today. Since you're here, why don't you help us out?"

Shihan's face turned red as she stuttered, "What ... What sis-in-law? what are you talking about, Kang Xiaobo?"

She'd already confessed to Lin Yi, and their relationship was more or less clear, but Xiaobo calling her sis-in-law so directly still made her feel a little embarrassed and happy.

"I, Kang Xiaobo, never talk nonsense. Alright, let's get ready to go on stage. We've saved the day! We can't delay this!" Xiaobo smiled as he gave Changyi a look-boss Lin Yi said that it'd be up to them if they could get Xu Shihan, and they'd be able to do it soon-they'd better be safe.

Lai Changyi understood and wanted to beat around the bush while Xu Shihan was still shy and distracted.

Jingyi was covering her mouth and giggling as well, as if she had no intention of standing up for Shihan. Lin Yi could only smile helplessly, "Alright, if you two want to invite Shihan on stage, you should at least contact her manager, right? It's only after we've agreed on the appearance fee that we can continue with the following process!"

"Big brother Lin, you're laughing at me with them too!" Xu Shihan stomped her foot and said to Lin Yi.

"That's right, that's right. Boss, you're wrong. I can't side with you as a follower. Shihan and I are not outsiders. We don't need a manager or an appearance fee. Am I right, boss?" Changyi said, laughing.

Xu Shihan's face was getting redder and redder as she glared at Lai Changyi, "Fatty Lai, you talk too much, do you still want me to go on stage? Hurry up and go!"

Xiaobo and Changyi were overjoyed. They looked at each other and led Shihan to the display booth like two lackeys.

Lin Yi smiled and shook his head, knowing that they were just joking. He didn't mind and brought Jingyi and LAN Guzha over.

After Xu Shihan went on stage, she threw the baseball cap to Lai Changyi and untied her ponytail. Her long hair was let down, and in an instant, her body seemed to be glowing. As expected of an international star, her aura was not something ordinary people could compare to.

She didn't say anything as she picked up the microphone Kang Xiaobo passed to her, and started singing acapella. Her ethereal and penetrating voice reached every corner of the hall, instantly suppressing all other voices. In a breath's time, all other sounds disappeared, leaving only Xu Shihan's voice echoing in the hall.

There was no need for words, Xu Shihan's voice was more than a thousand words!

After a short silence, people from all over the stadium screamed, ""Xu Shihan! It's Xu Shihan singing!"

"Ah~~Xu Shihan! Xu Shihan's here!"

"Where are you? Where's Xu Shihan?"

"There! Miracle doctor Guan Medical group's booth! It's really Xu Shihan!"

It turned out that chasing after a star was the same, whether it was in China or abroad. When a superstar like Xu Shihan appeared, those stars in front of the stage would instantly become empty, cold, and miserable.

Almost everyone who came to watch the exhibition ran to this booth at the same time, afraid that they would lose a better position to get closer to the booth if they were a little slower!

Lin Yi's jaw dropped. He knew that Xu Shihan was a superstar, but he didn't think that her popularity would be this terrifying. And this was in Europe. If it was in China, it would probably be even more terrifying!

Fortunately, Kang Xiaobo and Lai Changyi were prepared for this. They pulled LAN Guzha along to protect the stage so that the fans wouldn't rush up and disturb Xu Shihan.

Xu Shihan smiled and waved at the fans below the stage. She was still holding the microphone and singing acapella. Her voice was like that of an immortal, and it made people feel happy. The people below the stage all kept quiet, and those who got a seat started to wave their hands back and forth, dancing to the rhythm of Xu Shihan's singing.

"Little sister Shihan's popularity is really scary. Anything she embarks on will be a hit!" Jingyi said with a smile as she stood beside him.

Lin Yi smiled, "if that's the case, then Shihan is the spokesperson of miracle doctor Guan's Medical Group. It's only right for her to come and save the day!"

Back then, Lin Yi treated Xu Shihan's illness, and in order to repay Lin Yi, Xu Shihan became the spokesperson for miracle doctor Guan's Medical Group. She even supported the group when they were in danger. Her friendship with Kang Xiaobo and Lai Changyi probably started from that time!
