

## Bodyguard 5711

### Chapter 5711 Strength Training

Of course, most of them did it because of Lin Yi.

Lin Yi couldn't help but recall a lot of things from back then when they were talking about this topic. He realized that he was thinking about the past more and more recently, probably because of the pressure he felt when he saw Yao Yao, Shu, and the others still unconscious.

If it wasn't for central, Lin Yi would've gone back to Sky Class Island and found his cheap master, Zhang Liju, and ask him to save Yaoyao and the others. Unfortunately, Lin Yi couldn't go back without getting rid of central. If central caused some trouble, it'd be too late for regrets!

Just as he was lost in his thoughts, Xu Shihan finished her song and smiled, ""Hello everyone, I'm xu Shihan!"

"Xu Shihan! Xu Shihan! Xu Shihan!" The audience immediately erupted in cheers. There was no need for any commands or rehearsals. They had appeared naturally, showing the influence of a superstar.

Before Shihan could continue, the crowd was forced apart in the middle. Six European Men in Black suits surrounded a white young man, and like a boat cutting through the waves, they created a path.

The people who were pushed away couldn't help but curse. Anyone who opened their mouths was secretly manipulated by the six men in Black suits. They all bent down and fell to the ground, unable to speak. For a moment, no one dared to come forward and argue. They all glared at these people, but they didn't dare to speak.

The White young man surrounded by six Men in Black looked at Xu Shihan, mesmerized. He walked to the front of the stage and said loudly, ""Beautiful miss Xu, I am Igradopovich, one of the ancient European nobles! You're the goddess in my dreams every day. It's my great honor to see you today. I wonder if miss Xu is free, I'd like to treat you to a cup of coffee. "

As he spoke, Igradopovich even bowed slightly, making a gentlemanly appearance.

"I'm sorry, Mr. Igradopovich," Xu Shihan replied with a faint smile. "I'm busy, so I can only reject your invitation!"

Lin Yi was here, and Xu Shihan would put everything aside, not to mention drinking coffee with this ancient noble.

Igradopovich's face changed. He was indeed someone with a high status in Europe. As long as he took a fancy to a star, no one would dare to reject his invitation. But this Xu Shihan rejected him without hesitation, which made him feel a little embarrassed!

Xu Shihan must not know who she was talking to, she must be! Such a beautiful woman should be given another chance!

Igradopovich thought to himself, and his smile returned. ""Miss Xu, perhaps you don't know who I am, but my family is a famous ancient noble in Europe. Even today, they are still one of the driving forces that control the economic lifeline of Europe. As long as it is my will, anyone can quickly become famous in Europe. Maybe we can go to the hotel I'm staying in and have a good chat. We'll get to know each other better. "

Lin Yi's face went cold-was this Povich guy stupid? He just came to her and said that to her, he must be tired of living!

But Lin Yi didn't need to say anything-Xu Shihan's fans were already pissed off. No matter how strong this igradopovich was, humiliating their goddess in front of their faces was something they couldn't take. Many people started to curse at him, but the six men in Black were way stronger than normal people, almost equivalent to early phase golden class physical practitioners. These normal people who opened their mouths were quickly beaten down.

"Stop! What are you doing? Please leave this place immediately, I don't welcome you!" The usually calm Xu Shihan couldn't hold back her anger anymore-these were her fans, and no matter what, she couldn't let someone do this to her fans in front of her!

"Miss Xu, where do you think you are?" igradopovich sneered. This was Europe! She's just a celebrity. Does she think she's a noble Princess? Come with me obediently and we'll have a good chat in the room tonight. I guarantee that your reputation in Europe will rise to another level, otherwise ... Hmph!"

Lin Yi flashed and appeared in front of igradopovich like a ghost. He raised his hand and slapped, and the idiot was sent flying with a crisp slap. Like Fan Jian, his teeth were all scattered in the air before he fell to the ground with him.

"I told you to get lost, so just get lost. Why are you talking so much nonsense? Who Do You Think You Are? Do you not know how popular Xu Shihan is in the world? You're just a small European family, how dare you talk big?" Lin Yi said coldly as he looked at igradopovich, half of his face red and swollen, blood flowing from the corner of his mouth.

If he wasn't just a normal person, Lin Yi would've killed him already.

The six black-shirted bodyguards only reacted after Lin Yi finished speaking. They roared as one of them went to help Igradopovich up while the other five pounced at Lin Yi.

Lin Yi didn't even need to do anything-LAN Guzha was already shouting excitedly, ""Boss, I'll do it!"

It was not easy to get a chance to fight, and LAN Guzha did not want to miss it!

A gust of wind swept past. LAN Guzha grabbed the five black-shirted bodyguards by the collar and held them in his hand. They could not move at all. To LAN Guzha, this was a familiar, easy, and pleasant task.

LAN Guzha turned around and asked, "boss, how should I deal with them?" Directly kill him?"

"Don't kill him, do whatever you want," Lin Yi said casually.

LAN Guzha agreed and immediately pulled the five bodyguards to the side excitedly. He began to think about how to deal with them. These weaklings could only be used to practice controlling their strength. Boss had said that it would be fine as long as they were not killed!

Lin Yi then heard the sound of bones breaking. LAN Guzha was using these people to practice his strength control, but it didn't seem like he was very good at it. Fortunately, he knew to block their mouths first, so no screams came out.

Igradopovich looked in LAN Guzha's direction in horror. Such cruel methods had always been used on others. Since when was there anyone who could do this to his people?

Chapter 5712 Done In Three Minutes

The commotion here quickly alerted the organizers. Four men in security uniforms quickly ran over and shouted at LAN Guzha, "Stop! What are you guys doing? This is murder!"

"LAN Guzha, stop for a moment!" Lin Yi ordered faintly, and LAN Guzha agreed without hesitation. He threw the five Guys back to Lin Yi.

When Igradopovich saw the tragic state of his five men, he suddenly trembled all over. The bodyguard who went to help him was also secretly scared. He thought to himself that it was a good thing he did not go over, or he would have been in such a miserable state.

The four security guards ran over and saw the five men's limbs all twisted and broken. Their faces turned pale as they pulled out their guns and pointed them at Lin Yi and the others.

Lin Yi smiled faintly, not taking the guns to heart at all. He replied casually, "These five friends said they're here to show off the effects of our miracle doctor Guan Medical group's products, of course we'll fulfill their wishes. Please take a closer look!"

With that, Lin Yi took out five grade three great recovery pills and gestured for LAN Guzha to give them to the five unlucky fellows. These grade three great recovery pills had almost no effect on practitioners, especially those above the Foundation Stage. However, to normal people, they were no different from immortal pills.

Within a few minutes, the five people's arms began to heal miraculously, which shocked everyone.

"Your booth has violated the rules of this conference, so you must be disqualified! Now, we're going to drive you out completely! It's best if you can cooperate!" The four guards were in disbelief at the miracle, but it didn't change their minds. One of them announced their decision to Lin Yi coldly.

"Disqualifications? Banish him on the spot?" Lin Yi frowned, not expecting this to happen.

Igradopovich laughed out loud, and after losing his teeth, he mumbled, "Hurry up and beg me. I can give you a chance!"

After Lin Yi's slap, Igradopovich obviously didn't dare to be too cocky anymore-he still had a bit, but he didn't dare to talk to Lin Yi anymore.

Lin Yi didn't even want to bother with this idiot as he sent a message to Xue Jianfeng, "Get someone from the sacred Alliance to settle this. If you can't do it in three minutes, I'll deal with you!"

Since the sacred Alliance was so powerful and could affect the organizer of the exhibition, Lin Yi naturally had to order Xue Jianfeng around.

Xue Jianfeng, who was treated as trash, was shocked when he heard Lin Yi's voice, but it happened to Lin Yi, so it wasn't that strange. Although he didn't know what Lin Yi was doing up there, and Xue Jianfeng didn't want to help Lin Yi, but now that his life was in Lin Yi's control, he had to force himself to help Lin Yi.

However, he thought that he could use this opportunity to escape. Xue Jianfeng had another idea. After putting away the item that would expose him, he opened the door and left the small house. However, there was no one outside. Xue Jianfeng looked through two rooms before he found a person from the sacred Alliance. He ordered him to go to the display cabinet of miracle doctor Guan Medical Group immediately and make sure that there was no damage!

The people from the sacred Alliance didn't understand. Miracle doctor Guan Medical Group was their enemy, why would they help them? If they were in enough trouble, wouldn't that be the sacred Alliance's chance?

However, Xue Jianfeng was sent down by the sanctuary Alliance's higher-ups and had a shocking background, so this guy didn't dare to ask too much. Who knew what the higher-ups were thinking? he was just a small figure, so he should just follow orders.

After respectfully agreeing to Xue Jianfeng's request, the guy from the sacred Alliance quickly ran to the front and contacted the organizer of the exhibition.

Xue Jianfeng thought that since Lin Yi couldn't get away, it was the best chance for him to slip away. He had already gotten the limited edition golden creation from miracle doctor Kang, and he had already forwarded it to the doctor. There was no point in staying.

"Well done. Now, go back to the lounge. I'll find you later!" Xue Jianfeng was just about to sneak out when Lin Yi's voice rang in his ear. He didn't dare to have any other thoughts and went back to drinking.

The people from the sacred Alliance didn't show up at miracle doctor Guan's booth directly. They were watching the development from a distance. They had already told the organizer not to cause trouble for miracle doctor Guan's Medical Group, and now the four security guards had received orders from their superiors to apologize immediately and not cause any dissatisfaction!

The four men were dumbfounded. Fortunately, the order was transmitted through the headphones in their ears. If it were transmitted through the walkie-talkie, the four men would not be able to live. They would be humiliated to death!

"Hahahaha, I was just joking. It seems that you guys are still not used to our sense of humor! That's really a pity. My friends from afar, I apologize for our joke just now. I hope you won't be unhappy!" The security guard who said he was going to kick them out suddenly laughed and put away his gun.

The other three weren't stupid either. They had just received the order and saw that their leader had found an excuse, so they laughed and said that it was just a joke. As for the pistol, they naturally put it away.

"Everyone, please take a look over here. Miracle doctor Guan's medical company's products are definitely the best in the world! It wasn't easy for our organizing committee to invite them here, and this practical effect is enough to explain everything. Friends who need it, you must seize the opportunity!" The security guard turned around and started advertising for miracle doctor Guan's Medical Group, as if the tension was really just a joke.

Lin Yi smiled coldly as he watched their performance, not saying anything. It seemed like the sacred Alliance's influence here was huge indeed. One phone call was all it took for the security guards to slap themselves in the face and still have to smile.

Xiaobo and the others were confused, but since Lin Yi didn't say anything, they didn't say anything. They didn't understand the story, but it wasn't a bad thing anyway. They'd just let the security do what they wanted.

Igradopovich's face turned extremely ugly-he was just asking Lin Yi for help, and these bastards changed their attitude the next second! And a sense of humor?

Chapter 5713 I'll Remember You

If possible, Igradopovich wanted to chop them to death and say that it was all a joke and that they had a sense of humor.

The four security guards yelled for miracle doctor Guan Medical Group for a while, but they didn't feel good when they saw Lin Yi and the others staring at them with cold faces. They could only smile dryly and turn to Igradopovich. After all, he wasn't someone they could offend.

"Young master Igradopovich, we can't make the decision here. Let's leave first. These Easterners have a strong background. Can you go back and discuss it with someone else?" The head of security first bowed and smiled apologetically to Lin Yi before walking to Igradopovich's side and begging softly.

If Igradopovich refused to give up, they would be the ones in the most difficult position. However, after seeing the magic and strength of these Easterners, he did not think that Igradopovich would continue to fight with the other party stupidly. These young masters were best at stabbing in the dark. If they could deal with it head-on, they could. If they could not, it was most reasonable to choose to attack from behind.

Igradopovich glared at Lin Yi-half of his face was still swollen, and all his teeth were missing. It really affected his handsome image, and there would be reporters paying attention to this exhibition. If it weren't for the fact that the exhibition had just started and the reporters weren't all in position yet, his face would've become the headline tomorrow.

"Kid, I, Igradopovich, will remember you. As long as you're still in Europe, you'll be in my hands one day. Let's go!" Igradopovich spat out a few harsh words and left with his bodyguards in a sorry state.

As for the recover pill that Lin Yi took out, even Igradopovich was shocked. A bone fracture could be healed in such a short time, and he could even walk with difficulty-this was a miracle pill! If it was possible, he wanted to collect some of them-they could be used to save his life in times of emergency. What he didn't know was that Lin Yi didn't care much about the recover pill, but miracle doctor Guan's Medical Group really didn't have any for sale.

"Boss, are we just going to let them go like this? These fools actually dare to threaten boss. Should I follow them and kill them?" LAN Guzha was not enjoying himself to his heart's content, so he came over and asked softly.

Lin Yi waved his hand, "forget it, they're just normal people. You sure have time!" Let them go, what can a few ants do?"

If it was someone who posed a threat, Lin Yi would, of course, eliminate them first. But this Povich guy, no matter how he jumped, he wouldn't be able to affect Lin Yi. Not to mention Lin Yi, even Xu Shihan wouldn't be a threat to them. After all, Xu Shihan was a top class master in the secular world. Even a normal Army might not be her match. These small fish, what was there to worry about?

LAN Guzha smacked his lips twice. He thought to himself, 'even small fries are meat. It's a pity that the boss doesn't allow it. I can only let them off this time.'

After Igradopovich left, Xu Shihan sang another song to regain her popularity and comforted the fans who were beaten up before leaving the stage.

Now that the volunteer work was done, it was time for Xiaobo and Changyi. Shihan wanted to spend more time with Lin Yi, and Jingyi wasn't a stranger to her either, so the group started chatting behind the booth.

Xu Shihan wasn't on stage anymore, but her presence at the back was enough to attract a lot of attention. More and more fans gathered around, and miracle doctor Guan's medicine group's booth was packed. Fortunately, Kang Xiaobo and Lai Changyi were all experts, so they didn't let people rush in. However, this couldn't go on, because no one cared about miracle doctor Guan's medicine group. Everyone only had eyes for Xu Shihan.

"Looks like it's not entirely a good thing that you're too popular!" Lin Yi said with a smile. He was already thinking of leaving with them-there were too many people around, after all, and it was hard to talk to them.

Jingyi said as if she knew what Lin Yi was thinking, "Why don't we leave first? with Kang Xiaobo and Lai Changyi here, the exhibition shouldn't be a problem. If Shihan stayed, it'd only affect the exhibition's operations."

Xu Shihan stuck out her tongue adorably and smiled, ""Then I'll retire. Big brother Lin, where do we go to eat?"

Lin Yi didn't say anything, but LAN Guzha's eyes lit up. He couldn't stop himself from eating when he heard the keyword.

"Boss, let's go eat something. There's nothing fun here, so it's better to eat something." If fighting was allowed here, LAN Guzha would be able to stay a little longer, but Lin Yi didn't allow him to fight so his only pleasure was to eat. Of course, after eating, his only pleasure was to buy clothes.

Since the sacred Alliance wasn't looking for trouble for the time being, there was no reason for Lin Yi to stay. He turned to LAN Guzha and said, "Take them to a place to eat first. I still have something to do. I'll be back in a while. Take care to protect them!"

LAN Guzha's face immediately bloomed into a smile. He patted his chest and assured, "Don't worry, boss. I'll protect the two sisters-in-law well, and you'll definitely be satisfied with the place we're going to eat! If it's not good, you can come to me!"

Lin Yi couldn't help but laugh. It's to your liking!

Jingyi and Shihan didn't mind-Lin Yi had things to do, and they wouldn't stop him from leaving. They left the booth after saying goodbye to Xiaobo and Yushu.

Lin Yi casually set up a spirit sense barrier. With his current spirit sense strength, it wasn't hard to hide from practitioners of the same level or even higher, let alone these normal people!

She didn't attract the attention of the fans at all-after she left, the fans didn't even realize that their goddess had left.

It was even easier for Lin Yi to leave now-he was out of the crowd in a flash. He was going to talk to Xue Jianfeng again to see if he could get more information about central, most importantly, the core people and the location of the base.

He had to settle Central's matter before he returned to Sky Class Island. Otherwise, they'd really create a bio-human practitioner force, and the common world would be done for. Lin Yi had many friends here, and he couldn't let that happen.

Chapter 5714 At Most, You Can't Take Care Of Yourself

"Oh, isn't this Lin Yi? I didn't expect to see you here. Why? Did you run back here because you couldn't stay in that place anymore?" Suddenly, a man's voice sounded beside Lin Yi. Lin Yi turned around and saw Guifeng's son, Kang Zhaolong.

The guy used to think of himself as Xinyan's fiancé, and he'd spent quite a bit of time with Lin Yi. He was far more talented than his cousin, Kang Zhaoming, but that idiot ended up doing much better than Zhaolong.

Lin Yi didn't have the mood to greet an old acquaintance like him, only giving him a cold look before turning around, ""Get lost, I don't have time for you!"

Zhaolong laughed as he fiddled with the light purple tie on his neck."Did I hit your sore spot? Was he angry from embarrassment? We're all acquaintances, so what's there to be embarrassed about?"

Lin Yi couldn't be bothered with this cocky idiot. He wouldn't mind teaching Zhaoming a lesson if he were here. To put it bluntly, she didn't even have the right to be taught a lesson by Lin Yi!

"Hey, Lin Yi, even if you're chased out of that place by my Zhaoming, you don't have to run away the moment you see me, do you? We should at least chat for a while, we're old acquaintances after all!" Zhaolong was getting more and more pleased with himself as Lin Yi didn't say anything. He straightened his suit and quickened his steps.

Lin Yi frowned as he stopped in his tracks. He didn't want to bother with a small fry like Zhaolong, but it was annoying to have him following him around like a fly.

"Zhaolong, do you want to die?" Lin Yi said coldly to Zhaolong, the impatience in his voice obvious.

Zhaolong was taken aback for a moment before bursting into laughter. "Lin Yi, are you trying to scare me? I've heard from my Zhaoming that you're having a hard time in that place-you're just a small fry, and you can only turn around and run when you see our Zhaoming! If it wasn't for Zhaoming's kind heart, he would have killed you long ago! How? You couldn't survive there, so you came back here to show off? You're right, I, Kang Zhaolong, am no match for you, but if you do anything, our Zhaoming will never let you go!"

Lin Yi almost laughed out of anger-it turned out that the idiot Zhaoming was just bragging to his family, making Zhaolong think that Lin Yi really did escape from Tianjie Island.

She'd thought that Zhaolong was a smart and cunning person, but now she realized that people who trusted Zhaoming had to be pretty smart as well.

"Let Kang Zhaoming come for revenge!" Lin Yi didn't want to waste any more time with Zhaolong. He raised his hand and slapped Zhaolong's face.

Zhaolong didn't even have time to scream before he was sent flying. Half of his face was swollen as well, and he spat out a mouthful of teeth that looked exactly like igradopovich. If it weren't for the hair and skin color, he would be like a brother.

Coincidentally, Zhaolong landed right in Xue Jianfeng's room. He was here to look for Xue Jianfeng, but when he saw the room number, he grabbed the doorknob and opened the door."Master Xue, help! I'm Kang Zhaolong, Kang Guifeng's son. I'm Kang Zhaoming's cousin. Someone's trying to kill me. Master Xue, you have to save me!"

Xue Jianfeng was waiting in boredom, unsure of what Lin Yi was going to do to him. He didn't think much of it when he heard Zhaolong's shout. He stood up,"Who the hell dares to kill in front of me, Xue Jianfeng? Especially when the person he killed was my partner. Did he not want to live? Don't worry, I'll make sure you're safe and sound!"

He never thought that Lin Yi would be the one to deal with Zhaolong. Otherwise, Xue Jianfeng would've found a turtle shell to carry him, and he could be a Ninja Turtle for a while.

Zhaolong was overjoyed-he only dared to mess with Lin Yi because he'd just made contact with the sacred Alliance, and he knew that Zhaoming was in control of the organization. He wasn't afraid of Lin Yi at all, and that was why he'd been so brazen.

With Xue Jianfeng's firm stance, Zhaolong straightened his back and turned to Lin Yi, who was slowly walking over."Lin Yi, don't be too cocky. I won't let you walk out of this door today!"

Xue Jianfeng was walking out to see who beat up Zhaolong when he heard Lin Yi's name. He was a few centimeters shorter than Zhaolong, who had just straightened his back!

Who was it? Lin Yi? Xue Jianfeng was still thinking about how Lin Yi would deal with him when he suddenly heard that the person he was going to deal with was Lin Yi. He was really scared and quickly released his spirit sense to see if it was someone with the same name. Unfortunately, this was the Tiger continent, how could there be such a coincidence?

"It really is Lin Yi! You've F \* cked this young master to death!" Xue Jianfeng wanted to cry but no tears came out-he wanted to cut Zhaolong into pieces.

Lin Yi's calm voice came from the corridor, "Xue Jianfeng, you're here to act tough again! I really need to change this habit of pretending to be cool. I don't want to keep pretending like it's been three years ..."

Xue Jianfeng's body shook, and before Lin Yi could finish, he dashed to Zhaolong's side and slapped the other side of Zhaolong's face.

Zhaolong was caught off guard and flew into the air again, slamming into the wall. Luckily, he didn't spit out any teeth this time, because all his teeth had fallen out.

Zhaolong's eyes were filled with stars as Xue Jianfeng stepped on his chest. His body that was sliding down the wall stopped in place.

"Who Do You Think You Are, Kang? You actually dare to command this young master? Are you kidding me? do you think you can order me around as you please? Do you believe that this young master will teach you a good lesson right now and make you unable to take care of yourself?" Xue Jianfeng was panicking-he was afraid that Lin Yi would turn on him, and so he decided to deal with Zhaolong first.

Zhaolong looked at Xue Jianfeng, dumbfounded. "Young master Xue, you ... Didn't you ... Didn't you say that you would protect me ..."

"You're still alive, right? That's right! At most, you won't be able to take care of yourself, but your life will definitely be safe!" Xue Jianfeng didn't dare to face Lin Yi, and decided to fight Zhaolong.

Chapter 5715 Leaving A Mark

"Are you ignoring me, Xue Jianfeng?" Lin Yi smiled faintly.

Xue Jianfeng quickly turned around and said with a smile, "Senior Lin? Aiya, why are you here! What a coincidence, what did you say? I'm ignoring you? How was that possible? I'm just teaching this little brother a lesson, so my eyesight isn't very good. I didn't see you coming. I'm sorry, please forgive!"

"It's fine if your eyes are bad, but why are your ears bad too? Didn't you hear what I said just now?" Lin Yi looked at Xue Jianfeng with a half-smile, waiting to see how he would continue to lie.

"Hahahaha, you might not believe it, but senior Lin's teachings have been ringing in my ears all day long. So if you were to speak to me, I really wouldn't be able to tell if it was an illusion." Xue Jianfeng's shamelessness had reached its peak, and he could even spout such nonsense without blushing or panting.

Lin Yi was completely convinced-he'd be disappointed if he wanted to see where this guy's bottom line was, since he didn't have a bottom line at all!

Zhaolong was completely dumbfounded, his whole face swollen like a pig's head as he lay on the ground. He couldn't understand why the Lin Yi that Zhaoming said would run away from him was so powerful that even master Xue was trying to please him?

Lin Yi glanced at Zhaolong indifferently and waved his hand. "Get lost, tell Kang Zhaoming that I'm waiting to see him!"

Zhaolong didn't dare to say another word as he ran away. His face was a little pale, but he wasn't seriously injured. Lin Yi and Xue Jianfeng controlled their strength and only made things difficult for him.

Xue Jianfeng looked enviously at Zhaolong's back-how nice would it be if he could run with him ...

Lin Yi walked into the resting room, and Xue Jianfeng took one last look at Zhaolong, who had disappeared around the corner, before retracting his envious gaze and following him in.

"Senior Lin, do you have any other orders?" After Xue Jianfeng entered the room, he closed the door and stood aside respectfully.

Lin Yi didn't beat around the bush and asked directly, "Who's the person in charge of the center of the secular world now? Where is the headquarters?"

Xue Jianfeng was a little surprised. He guessed that this was a sign that Lin Yi was going to make a move on central, but he couldn't completely sell central out to Lin Yi yet. After all, there was still the poison in his body. If central was done for, Xue Jianfeng would be done for as well.

"I really don't know about this! Senior Lin, think about it, how long have I been out of the small ancient martial world? How is it possible for you to figure out all these things?" Xue Jianfeng said with a difficult expression. It did make some sense.

Lin Yi frowned, "the person you wanted to report to ... Was the doctor glasses?" What was the identity of this person? Where's your base in Milwa?"

Xue Jianfeng thought that since Lin Yi already knew about it, he couldn't hide it anymore. He replied, "The bespectacled doctor is in charge of pharmaceutical research at the Center. As for his identity, he's the person in charge of research, right? I'm not too sure, but I think he's one of the higher-ups in central, but he's definitely not the most important one. "

It wasn't a lie, but what Xue Jianfeng was trying to say was that there was no point in Lin Yi capturing the doctor, as he wasn't the key person.

"As for Milwa's stronghold, it doesn't have a fixed location. It often changes in a day or two, so it doesn't make much sense for you to find a stronghold here, senior Lin, because there's nothing valuable in it." Xue Jianfeng didn't know if Lin Yi would believe him or not, but he could only secretly glance at Lin Yi as he spoke, ready to change his mind at any time.

Lin Yi didn't doubt Xue Jianfeng's words. Mierwa was a good place, but it wasn't enough to be Central's base. Plus, it was normal for the base to change a lot after knowing that Lin Yi was here. After all, the queluo mountain incident kicked central out of the ancient martial world.

"Senior Lin, why don't you let me be your spy? if I find out that Central's leader has appeared, I'll inform you immediately. What do you think?" Xue Jianfeng suddenly said. Of course, he didn't mean it, but if he could trick Lin Yi and make Lin Yi let him go, it would be a good thing.

Lin Yi paused. It didn't matter if Xue Jianfeng meant it or not, this was a good suggestion. After all, Lin Yi didn't intend to kill Xue Jianfeng right now. Before he caught the leader of central, he couldn't let central be alerted at all. Otherwise, it would be even harder to find clues from central.

"Your suggestion is not bad. If you really want to help me, I won't mistreat you." Lin Yi nodded noncommittally as he spoke to Xue Jianfeng.

Hearing Lin Yi's words, Xue Jianfeng was overjoyed. He was just saying it casually, but he didn't think that Lin Yi would really agree. It seemed that this young master was a genius!

"Don't worry, senior Lin. I really want to help you. I'll inform you as soon as the leader of the center appears! Also, if the doctor has any progress in his research, I can let you know at any time so that you can be prepared!" Xue Jianfeng just wanted to leave Lin Yi as soon as possible, so he kept sending empty promises. After he escaped, he wouldn't be able to care about Lin Yi.

"If you put it that way, I'm actually quite interested. If you're making such a promise just to get rid of me, the next time I see you will be the day of your death!" Lin Yi said with a faint smile. Although he had the intention to let Xue Jianfeng go, he didn't mind threatening him a bit more.

Xue Jianfeng's body trembled slightly, but he quickly put on a smile and said, "How could I? I've admired senior Lin for a long time. It's my good fortune to be able to forsake the dark and join the light. Please rest assured, leave this matter to me!"

With that, Xue Jianfeng looked at Lin Yi carefully, his eyes full of "can I leave now?"

"You'll be suspected if you go back like this," Lin Yi smiled. "I'll leave you a mark!"

Xue Jianfeng was about to leave a mark when he felt a pain in his left arm, followed by a crisp crack. Lin Yi had broken his arm.

"Ah! Senior Lin, what are you doing?" Xue Jianfeng was in so much pain that beads of sweat started to form on his forehead ...

Chapter 5716 The Latest Potion

He'd already cursed Lin Yi to death in his heart, but his mouth still maintained the necessary respect, in case he put his other arm on him.

"I'm leaving a mark for you. Do you have any healing pills on you?" Lin Yi smiled faintly and said nonchalantly. He couldn't kill Xue Jianfeng yet, but he could at least make him suffer.

Xue Jianfeng endured the pain and quickly took out the great recovery pill, but Lin Yi snatched it away.

"Senior Lin, weren't you the one who told me to take the great cyclic pellet?" Xue Jianfeng felt so aggrieved that he wanted to cry. A broken arm was not a big deal. Even without the great cyclic pellet, he could recover after a period of treatment with his Zhen Qi. It was just that the pain was a little annoying.

Lin Yi said as he put away the pill. "No, I asked you to give me the recover pill. If you eat it now, what's the point of your injury? Alright, go back quickly and let the doctor treat you. "

What Lin Yi said made a lot of sense, and Xue Jianfeng was speechless. He could only say goodbye to Lin Yi with a sad face. Finally, he could escape from Lin Yi's evil hands. Xue Jianfeng swore that he would never go anywhere near Lin Yi in the future, unless he was strong enough to completely destroy Lin Yi one day!

After leaving the exhibition hall, Xue Jianfeng quickly rushed to the center of the base. He wasn't afraid of Lin Yi using his spirit sense to monitor him anymore. If Lin Yi wanted to follow him, he wouldn't be discovered if his spirit moved.

In the base, the bespectacled doctor was studying the special edition recipe of miracle doctor Kang's golden creation that Xue Jianfeng sent back. He saw Xue Jianfeng coming back injured and said indifferently, "Injured? Did you meet that jinx again?"

Xue Jianfeng cursed, "of course it's that bastard Lin Yi!" Why was it that she could meet him every time? this time, she had finally managed to escape, but fortunately, she had only lost an arm. Did she still have any recover pills? I've used up all mine. "

Chen Dongcheng laughed to himself, but he felt a little regretful. If he went alone this time, he might be able to reach an agreement with Lin Yi. It wasn't often that he would meet Lin Yi alone!

Chen Dongcheng took out a recover pill and gave it to Xue Jianfeng. ""Eat mine first. Fortunately, it's only a fracture. It'll heal very soon."

The doctor said without looking up, ""Don't worry. I'll give you the new potion when I've developed it. You don't have to worry about small injuries like this at all. They'll be healed immediately, and you won't have to worry about getting hurt anymore."

"That magical? Then I'll be looking forward to it!" Xue Jianfeng was overjoyed, but a thought flashed through his mind. Should he tell Lin Yi about this? Go! Was he crazy? With this medicine, they wouldn't have to be afraid of Lin Yi anymore!

Xue Jianfeng quickly patted his forehead and drove the crazy thoughts out of his mind. What he said to Lin Yi just now was just a temporary solution, he couldn't take it seriously!

What he didn't know was that Chen Dongcheng was also hesitating on whether he should report this to Lin Yi or use it as a bargaining chip.

Other than these two, Dafeng wanted to inform Lin Yi about the situation as well, but he didn't have the chance to contact Lin Yi alone. He could only wait on the side.

At the same time, igradopovich, who had been chased away by Lin Yi, had returned to his home. His family was indeed an ancient noble family in Europe, but they weren't as powerful as he said. On the other hand, igradopovich's mother's family, which was his grandfather's family, was the biggest Mafia family in the area.

Seeing her son beaten into a pig's head, igradopovich's mother was furious. After asking for the reason, the former underworld Princess immediately called her brother.

"Edmund, my dear brother, your nephew has been bullied. As an uncle, shouldn't you do something?" After the call was connected, igradopovich's mother said very elegantly, without the anger she had when she saw her son being beaten.

On the other end of the phone, Edmund laughed and said, ""Josephany, my dear sister, do you only remember to call your brother when you have something to do? Don't you think you should contact your family more often?"

"Edmund, I admit that you're right, but can we talk about your poor nephew first?" Josefini didn't seem to be displeased, she continued to speak unhurriedly.

On the other side, Edmund shrugged and poured himself a glass of red wine before he continued, ""Alright, as an uncle who dotes on his younger generation, of course I will stand up for our lovely little igrado. Tell me, what's going on?"

Josefini smiled in satisfaction and glanced at the pitiful-looking igradopovich before continuing, ""It's like this, Milva is holding a pharmaceutical exhibition, and there's a Pharmaceutical Group from the East called miracle doctor Guan or something. Their people hit igrado. Edmund, you didn't see it, your nephew's teeth were all knocked out, and his face was swollen. It's so hateful!"

"Miracle doctor Guan's Medical Group?" Edmund was slightly stunned. It sounded familiar. ""Wait, I think I've heard of this name before. Let me think ... Oh right, one of the products of this company is called golden creation, right? The drug was very effective, and it couldn't be bought in Europe at all. All of it had to be smuggled in. Were they going to land in Europe? This is a good opportunity!"

"My dear Edmund, are you focusing on something else?" Josefini frowned slightly, expressing her dissatisfaction. ""That's right, their medicine is indeed very magical. Five of the bodyguards had their limbs broken by them, but after using their medicine, they quickly began to recover. This is really surprising, but does this have anything to do with igrado?"

"Oh, yes, dear Josefini, I have to admit that you're right. Let's talk about how we can stand up for igrado, and then tell me about the five bodyguards!" Edmund was obviously more concerned about the

products with amazing medicinal effects. As an underworld family, having such a divine medicine was simply an invincible trump card!

"It's very simple. We'll send people to ambush them now. When they come out, we'll shoot them to death!" Josephany didn't beat around the bush and spoke her mind directly.

#### Chapter 5717 Haughtily Discussing Business

As a former gangster Princess, she was used to this kind of shooting, and it was also the simplest and most direct way of revenge.

However, Edmund clearly didn't think that way. When he heard this suggestion, he immediately objected. ""Oh, no, my dear sister, I understand how you feel, but what we're doing now is not in line with our family's interests at all. You know, the police have been keeping a close eye on us recently. If there's a shooting case, especially if it's an important person from abroad, if it's raised to the diplomatic level, our family will be in a very passive position!"

Josephany fell silent. She was from that family, and of course, she knew that Edmund was not lying, but it was impossible for her to just swallow her anger.

Igradopovich, who had been listening on the side, came over and said with difficulty, ""Uncle Edmund, I think you're right. Instead of killing them, it's better to control their channels and make them earn money for us. We can also use this as a threat to make them pay more."

Although Igradopovich's words were not very clear and organized, Edmund had been thinking about this, so he immediately understood what he meant.

"Little ego, you've really grown up! It's a good idea. You can tell me in detail and also tell me more about the five bodyguards. " Edmund was in a good mood now that Igradopovich had the same idea as him. If they could get the product agent position of miracle doctor Guan Medical Group, they would have a lot of money in their pockets.

"Yes," Igradopovich replied. He first told him about the five bodyguards 'broken limbs, how they took the other party's medicine, and how they could barely walk in less than ten minutes.

On the other side, Edmund gasped. He had already thought highly of miracle doctor Guan's Medical group's effects, but what he heard was even more shocking than he expected. It was almost like magic!

This also strengthened Edmund's determination to become the agent of miracle doctor Guan's medicine group. Although his family wasn't involved in the medicine industry, he couldn't let go of the opportunity to make money.

"Uncle Edmund, you're going to send someone to talk about the cooperation now, right? If that's the case, I think you can lower the price even more. This way, we can ensure our profits and at the same time, teach them a lesson. I heard that the sacred Alliance had a discussion with them, but they didn't come to an agreement in the end, so the relationship between the two sides is probably not that good. We can provide them with the channel they want the most, so a lower price is necessary!" Igradopovich laughed sinisterly. He accidentally pulled on the wound on his face, and immediately grimaced in pain.

"What you said makes sense. Do you have any other suggestions?" Edmund had always looked down on his nephew, thinking that he was just a dandy. Although he doted on him for his sister's sake, he had never thought that he would actually have his own ideas.

Igradopovich covered the corner of his mouth with his hand and continued to speak carefully. "It's like this, I think we can use a very low price to get their agency rights, but don't get into a conflict with them!

As I said just now, these mysterious Orientals have amazing combat power. We don't need to fight them directly. We just need to tell them our advantages. If they don't agree to our request, then they won't have a place in Europe!"

At the stadium, igradopovich could tell that Lin Yi was strong, but he didn't dare to go too far here. Otherwise, he wouldn't have stopped when the security came. So if he used pushing out miracle doctor Guan's Medical Group as a breakthrough, he should be able to threaten Lin Yi's group!

At that time, it wouldn't be difficult to make Xu Shihan obediently climb onto his bed!

With a sinister smile, igradopovich did not reveal his dirty thoughts. Instead, he hung up the phone with Edmund. The other party had already begun to arrange people to do this. Next, he just had to sit at home and wait.

Hmm, maybe I should get a better set of fake teeth first ...

At this time, the crowd in front of miracle doctor Guan's medicine group's booth had finally dispersed, but Xu Shihan's popularity didn't. There were still many people who came to ask questions, making the staff that Kang Xiaobo arranged busy.

If it was before the sacred Alliance, the brand of miracle doctor Guan would attract a lot of people to work with it. But with the sacred Alliance, the demand for miracle doctor Guan's products in Europe decreased a lot. After all, the products of the sacred Alliance were not as good as those of miracle doctor Guan's Medical Group, but they were cheap. Before, miracle doctor Guan's products were all smuggled in, and the price was enough to scare most people away.

Because of this, most of the people who asked were interested in purchasing a batch of products from miracle doctor Guan's Medical Group and selling them in Europe. They wanted to see how effective they were before deciding on anything else. There weren't many who really wanted to be agents.

Xiaobo and Changyi didn't really care-they didn't care if they didn't have agents. As long as they could get to Europe, they'd be able to open up a market. They believed that with the quality of their products, they'd be able to cause a rush in Europe sooner or later.

At that moment, three white Men in Black suits walked over arrogantly. The first one was carrying a briefcase.

"Which one of you is the person in charge of miracle doctor Guan's Medical Group here?" The guy with the briefcase glanced at the crowd and asked arrogantly.

Xiaobo and Changyi looked at each other-they felt like the other wasn't here with good intentions, but they weren't afraid of trouble. Changyi stood up, "I'm lai Changyi, a co-director of miracle doctor Guan Medical Group, what can I do for you?"

"So you're a Joint Board member. Does that mean you're the one who can make the decisions? Very good!" The guy who spoke nodded slightly, then pointed to the back seat with his chin and said, ""Let's go sit down and talk. We want the European representative rights of your miracle doctor Guan Medical Group."

So he was here to discuss business, he was a little worried! Xiaobo and Changyi smiled. Europeans were always a bit arrogant, so they didn't think much of it and let the three sit down.

Chapter 5718 I Told You To Get Out

After they sat down, the man with the briefcase said, ""I'm here to negotiate with you on behalf of the fresher family, you can call me Abel. Now, let me ask you, how much is the exclusive European agent of your miracle doctor Guan Medical Group?"

Xiaobo raised an eyebrow-he'd heard of the fresher family before. LAN Fen was in charge of collecting information, and as her husband, it was only natural that he'd pay more attention to her.

This family was the largest underworld family around mierwa and was well-known in the whole of Europe. If there was a ranking, it would be at least in the top five of the underworld forces in Europe!

To be honest, Xiaobo didn't really like working with this kind of family-they had a bad reputation, and the last name "fresher" meant "butcher."They'd never changed their way of doing things for hundreds of years.

Lai Changyi didn't mind. Business was business. It didn't matter who they were working with, as long as they could open up the European market, it would be good for miracle doctor Guan's Medical Group.

"Mr. Abel, if you're talking about the exclusive business rights in Europe, then I think ten million euros a year is quite cheap. As for the supply price, we can also give you a 5% discount on our domestic retail price. Of course, you'll be responsible for all the transportation and tariffs. What do you think?" Changyi calculated in his mind and gave a relatively favorable price.

Golden creation smuggled from China to Europe was at least five to ten times the retail price in China. Some places were even more expensive. The price that Lai Changyi offered was definitely a price that would make one vomit blood!

Xiaobo didn't really like the fresher family, but he didn't have any objections since Changyi was already talking about it.

After hearing the price, Abel shook his head and said, "No, no, no, this price is still too high. You should know that your products have no foundation in Europe and have no channels. Our Flesher family will provide all the sales channels, so this 5% discount is impossible to accept. I think your domestic sales price of 40% should be enough!"

Changyi frowned. 60% off domestic retail price wasn't a bad deal, but export to Europe could double or even triple the profit. There was no reason to lower the price.

After some thought, Changyi said calmly, "I'm sorry, but I don't think we can accept this price. If you're really sincere about our cooperation, how about 10% off our domestic retail price and 20 million euros per year in agency fees?"

"20% off. The agency fee is 50 million euros!" Abel immediately bargained. This price was within Changyi's acceptable range.

In any case, they just needed to open up the market in the first year. It didn't matter if they made less money. When the market opened up, they could sign a new agency contract. This time, the contract wouldn't last more than two years.

After finishing his calculations, Changyi smiled, "Deal, I hope we can cooperate happily!"

Abel didn't reach out to shake Changyi's hand. Instead, he took out a contract from his briefcase and stuffed it into Changyi's hand. Changyi felt a little awkward. There were a few more similar contracts inside, probably prepared according to the different terms and conditions.

"Mr. Abel is really decisive. You've even prepared the contract." Changyi laughed and took back the contract, thinking that these Europeans have no manners. We're from a country of etiquette, so we don't have to bother with them.

Just as he was thinking about this, Changyi casually flipped open the contract. His eyes suddenly froze, and this Mr. Lai from the state of etiquette threw the contract in his hand directly at Abel's annoying and arrogant face.

"Get out! Are you guys here to play with me?" The smile on Lai Changyi's chubby face froze as a terrifying aura rose from his body.

Xiaobo looked at Changyi, confused. This guy was always a nice guy, and when they first met, he'd always hug Lin Yi's leg and cry. What kind of contract was it that made fatty Lai angry?

This time, Abel was unmoved. He rearranged the contract and placed it on the table. "Mr. Lai, don't forget that this is Europe, the territory of the Flesher family. This condition is quite favorable for you, and it's your own condition. Are you going back on your word now?"

"I told you to get out!" Lai Changyi's eyes narrowed, his eyes burning with anger.

Xiaobo's face turned green as he looked at the contract-the supply price was right, 20% off the retail price in China, but the 50 million euros wasn't from the fresher family, but from the miracle doctor Guan Medical Group!

It wasn't that there wasn't such a method of payment for agency fees, but it was basically for some unsalvageable products that needed to be sold through other channels. Moreover, in this way, most of the sales profits would go to the product company.

Would something from miracle doctor Guan's Medical Group have no sales? If the Flesher family demanded such an agency fee, then there would be no so-called supply price, because all the sales revenue of the products would belong to the miracle doctor Medical Group. Now these guys wanted the agency fee of the channel and the sales revenue of the products. What a joke!

This kind of cooperation was the same as letting Lai Changyi and the others pay for the fresher family's profit. Wouldn't it be better to sell it in China?

As Lin Yi's number one follower, Xiaobo's temper was a lot worse than Changyi's, and he didn't have a good impression of the fresher family to begin with. After reading the contract, he didn't say anything and just slapped it on Abel's face.

This time, it wasn't as light as Lai Changyi's throw. It was a solid slap on Abel's face, sending his face flying to the side. There wasn't any pure Qi in it, but it was still more powerful than a normal adult's slap.

"Renege? Did you discuss this with us? Get lost! Otherwise, I'll kill you!" Xiaobo cursed, but when Abel turned around, he slapped him back. Now both sides of his face were red, and he felt better.

Chapter 5719 The Young Master Of The Buffon Family

After two slaps, Xiaobo's anger subsided a little. He put his hands together and crushed the contract into pieces, then pushed both of them out of the room without a word.

Abel, who had just recovered from being slapped twice, was furious. "You dare to treat me like this? Those damned Easterners! Do you know that if you offend us, no one in Europe will dare to work with you! Just wait to get out of Europe!"

Lin Yi suddenly appeared beside Abel, grabbed him by the back of his collar, and threw him out. He threw the other two out as well before speaking coldly, "You can get lost now. I'd like to see if there's really no one to work with us without you!"

He turned to Xiaobo with a smile. "Well done, Xiaobo. There's no need to be polite to these B \* stards."

That being said, the people who had come to inquire before had quietly turned around and left when they saw this scene. It was obvious that they knew a lot about the Flesher family.

Abel got up ten meters away and yelled at Lin Yi, "And who are you? You actually dare to meddle in the matters of our Flesher family!"

"He's our boss, he's the boss of miracle doctor Guan's Medical Group!" Xiaobo said, stepping forward.

"Good! Very good! You will regret this!" After a moment of silence, Abel turned around and walked back to miracle doctor Kang's booth, still cursing. He turned back to Lin Yi and the others. "You guys aren't the

only shop that has golden creation here. Miracle doctor Kang's medicine might not be as effective as yours, but it's not too far off. I'll go look for them!"

It was obvious that he was showing weakness. He didn't know if it was Edmund's order or if Abel was really scared, but miracle doctor Kang's cooperation was still within the plan.

Edmund Fletcher wanted to monopolize the eastern medicine market, and getting miracle doctor Guan's pharmaceutical sales wasn't enough. If he could get miracle doctor Kang's pharmaceutical sales as well, then he'd be able to make a huge profit. He'd be able to compete with whichever one was more profitable, and it wouldn't be a competition.

With Abel's departure, the originally popular miracle doctor Guan's booth suddenly became quiet again. Knowing that miracle doctor Guan had offended the fresher family, no one would come to work with him anymore!

"Looks like we've wasted our time here, boss," Xiaobo said with a bitter smile. "But it doesn't matter-the increased production is something we can handle in China, and if that doesn't work, we can sell them in America."

"This small matter is enough to make you give up your plan to enter Europe? Then you're too lacking in ambition!" Lin Yi patted Xiaobo's shoulder with a smile, as if he didn't mind at all.

"Boss's right," Lai Changyi came over and smiled, "things will work out when they come to it! There was no need to worry. By the way, boss, why are you here alone?"

"Oh, I just came back to take a look. They're still eating. Why don't you two go and eat together? Just let them keep an eye on this place. " Lin Yi said casually. He had noticed that Abel and the others were coming. It seemed that some of them had come with ill intentions, so they came to see the situation.

"It's okay, boss you go ahead. Old Lai and I will wait here. Maybe someone will come and ask. " Xiaobo said, a little disinterested. He'd been very interested in entering Europe, and wanted to see if there were more opportunities.

Lin Yi sighed in his heart. He didn't want to get involved in the common world's business, but it seemed like he had to use his old connections.

It wasn't like they couldn't use brute force to destroy the fresher family, but unless they could wipe out the entire population of Europe, it would cause a backlash. Lin Yi would be returning to Sky Class Island by then, and Xiaobo and the others would be the ones suffering the wrath of the enemy.

He took out his phone and dialed the familiar number. Princess, please help me check ... But I immediately realized that Ranran had already fallen into a deep sleep. The intelligence liaison of the black butterfly organization had probably changed a long time ago.

As expected, a pleasant but unfamiliar female voice came from the other end, speaking to Lin Yi gently, "Hello!"

"I'm fine!" Lin Yi replied.

"The Heavenly King covers the earth Tiger!" The other side added.

"Black widow's dead!" Lin Yi whispered.

To be honest, Lin Yi didn't understand how his master came up with this kind of code all those years ago, and it hadn't changed at all. When ran ran was here, Lin Yi didn't need to say anything, because she knew his number and voice. As long as Lin Yi called, she would know immediately.

"May I know your code name?" The gentle female voice continued to explain the process.

Lin Yi retracted his thoughts and said faintly, "Eagle, killer Z0001."

"Ying, Hello! How can I help you?" The girl's voice was obviously more respectful after Lin Yi introduced himself.

"Please help me check the contact information of a person with the surname Buffon in my previous mission. I forgot his name. I only know that he is the young master of the European Buffon family." Lin Yi only just remembered that there was someone like that-he should be able to help Xiaobo and the others.

"Alright, please wait a moment!" The female voice said gently. After two to three seconds, she continued, "Yes, I've already sent it to your phone. Is there anything else I can help you with?"

"No more, thank you!" Lin Yi thanked him and hung up the phone. He opened the text message and received a new message. It was the contact number of the Buffon family's young master.

As long as he could contact him, the threat of the Flesher family would be dispelled!

Keman Buffon was the person Lin Yi was looking for. Lin Yi saved Keman's life in a mission back then, so he wouldn't reject Lin Yi's request.

The phone rang for a long time before it was picked up. Then, deafening music and noise came from the other end. It seemed that this guy was drinking in a bar outside.

"Hello, who's this? Hurry up and speak! Don't get in the way of my drinking!" A young man's voice was very impatient and shouted loudly. It seemed that he was a little unhappy with being disturbed.

Lin Yi smiled faintly and replied calmly, "Keman Buffon? I'm Eagle!"

The other side seemed to be stunned for a moment, and then let out an excited scream, ""Eagle? Big brother Eagle? Silence! You guys better be quiet!"

On the other end of the phone, Keman seemed to be shouting at his surroundings. Then, there was the sound of a wine bottle shattering in the distance. The noisy music and human voices suddenly disappeared. Other than Keman's heavy breathing, nothing else could be heard.

Chapter 5720 Short And Tough

Lin Yi smiled. It seemed that Keman didn't forget that Lin Yi saved his life. The Buffon family seemed to be quite powerful.

Keman took a few deep breaths and then asked nervously, "Big brother Ying, is that really you?"

"It's me, long time no see, how are you?" Lin Yi said casually. They hadn't been in contact for years, after all.

"Of course I'm fine! Damn it, big brother Eagle, where have you been all these years? do you know how many times I have been looking for you? But your previous organization told me that you've already retired and they don't even have a way to contact you. I've sent people to Asia to look for you, but there has been no news of you! You finally remembered to call me!" Lin Yi's English wasn't bad, or he wouldn't have been able to hear what the man was saying.

But Lin Yi was surprised when he heard that she'd been looking for him. She'd only saved him once back then, and they'd established a friendship on that basis. It shouldn't be enough for her to look for him for years, right?

Lin Yi, for example, didn't even remember his name-it would've been awkward if it weren't for the details in the text ...

"Big brother Ying, where are you now? Asia? Give me the exact coordinates, I'll fly over to meet you immediately!" After that, he asked for Lin Yi's location-it seemed like he'd been looking for him for a long time.

"I'm in Europe right now," Lin Yi smiled, "Milva, if it's convenient for you, you can come over and meet me. I have some things to discuss with you. "

"Milva? I'm in the nearby mendoxia town, very close to Milwa. Brother Ying, wait for me, I'll be right there. Where shall we meet?" Keman was overjoyed, and his voice was filled with excitement.

"I'm at the Milva International Hotel," Lin Yi said after some thought. "Why don't you come find me there? call me when you get there. "

"No problem, I'll be there in thirty minutes! Big brother Ying, wait for me!" Keman hung up the phone immediately after saying that. It seemed like he had rushed out to get the car.

Lin Yi tilted his head, confused. Why did this guy want to see him so badly? maybe it was because he admired him? After all, he was only a teenager when Lin Yi saved him, and it was the age where heroes were worshipped. After seeing Lin Yi's skills, he saw Lin Yi as his idol.

No matter what, Keman's attitude would be helpful to miracle doctor Guan's Medical Group, so Lin Yi didn't think too much about it.

He turned to Xiaobo and Changyi, "Let's go back to the hotel. I've found someone. If he's the agent, there won't be any problems with the European channel."

"Boss, you're so cool! You even have acquaintances in Europe!" Xiaobo said, stunned.

Changyi smacked the back of Xiaobo's head and laughed. "What are you saying? do you only know how awesome boss is now?"

Xiaobo thought about it and agreed-but he still had to get revenge for Changyi's slap. The two directors had started fighting without any warning, and the atmosphere was gone in an instant.

Lin Yi smiled and shook his head, not bothering with the two. He walked out of the arena first, calling sun Jingyi and the others to tell them that he'd return to the hotel first, and that they'd go back together after LAN Guzha finished eating.

Xiaobo and Changyi laughed as they followed behind Lin Yi. They didn't care about the stage for now-after all, it was the first day, and the fresher family had messed it up. There probably wouldn't be any potential business deals, so a few staff members would be enough.

The three went back to the hotel and waited for ke man in the bar. Kang Xiaobo casually asked Lin Yi how he met ke man.

"Boss, Speaking of which, didn't you transfer from the mountains to Songshan high school? When did you get to know the young masters of the big European families?" Xiaobo asked curiously as he poured Lin Yi a glass of red wine.

As Lin Yi's lackeys, they didn't know much about Lin Yi's past. When he was with Lin Dongfang, no one dared to disturb him and aunt Qing, so it was normal to ask now.

"Ha ... Who said I'm going to Songshan high school? Actually, I'm going to be a bodyguard. " Lin Yi said with a smile, reminiscing the old days when he first arrived in Songshan. "I've been here before when I was doing a mission, so it's normal to know people from Europe!"

"Boss, you're going to be a bodyguard? To who?" Xiaobo said, a curious look on his face.

"Of course it's Yao Yao! You can't even guess this? It's a task that my old man assigned to me. It's a long story, so I'll make it short!" Lin Yi explained the whole situation simply, and the two finally understood.

"I see. I knew you didn't look like a student, boss! By the way, boss, why did you give up on the two school beauties at home and go after Tang Yin instead?" Xiaobo grinned, wondering if his boss was thinking that rabbits shouldn't eat the grass near their burrow.

Lin Yi looked at Xiaobo oddly. "Weren't you the one who told me to go after Yunyun?"

Xiaobo said, dumbfounded. That did seem to be true! Speechless, he raised his glass to Lin Yi and Changyi.

The three clinked their glasses, and Changyi took a sip of red wine before turning to Lin Yi with interest. "Boss, can you tell us about your glorious past? otherwise, wouldn't it be embarrassing if we don't even know about your glorious history?"

"That's right, that's right. Boss, tell me about that Keman Buffon first. How did you meet him?" Xiaobo said. He seems to have some power here?"

"Alright, I'm free anyway, so let's just chat." Lin Yi wasn't one to talk about his past, but he was in a good mood today, so he decided to tell the two. "I was only 16 years old at that time. I came to Europe for a mission and saved the life of an 11 or 12-year-old boy. He was Keman Buffon."

Xiaobo and Changyi listened attentively, and after ten seconds, Lin Yi didn't seem like he was going to continue. "Boss, what happened after that?"

"And then? And then it's gone!" Lin Yi said matter-of-factly.

Xiaobo and Changyi were both in tears-the story was short and full of suspense, giving them endless room for imagination.
