Chapter 5741 Meeting Elder Jiao Again

"No problem. Boss, wait for me. I'll be there soon!"

With that, LAN Guzha cut off the communication. Lin Yi smiled at Cheng Yiyi, "Don't worry. With LAN Guzha around, we'll all be fine!"

"Big brother Lin, is LAN Guzha more powerful than you?" Cheng Yiyi asked curiously.

As far as she was concerned, Lin Yi was the most powerful person in the world, and LAN Guzha was obviously Lin Yi's follower. How could LAN Guzha do something that Lin Yi couldn't?

Even if Lin Yi was injured, Cheng Yiyi didn't think that Lin Yi was weaker than LAN Guzha.

"I'm not saying who's stronger," Lin Yi smiled, "but there's very little LAN Guzha can't do in the sea. You'll know when he comes. " I'll fly up and look for Dafeng and Chen Dongcheng. Perhaps I'll be able to see them. "

Cheng Yiyi didn't object, of course. Lin Yi transformed back into his spirit form and flew a few hundred meters into the air, looking down at the sea around him. Unfortunately, he couldn't find any traces of brother Dafeng and Chen Dongcheng.

However, there was a white line rapidly approaching from the sea in the distance.

"No way? That's LAN Guzha?" Lin Yi said, a little surprised. How long had it been? LAN Guzha was already here?

After thinking about it, Lin Yi felt that it was normal. After all, LAN Guzha was a real sea serpent Dragon, and a genetically mutated one at that. His strength had even reached the late stage of xuansheng. After turning back to his original form, LAN Guzha's speed in the sea was definitely several times the speed of sound. It was understandable why he came so quickly.

In the blink of an eye, the white line was already approaching at high speed. It was indeed LAN Guzha's true form, a wyrm dragon that was over ten meters long. The waves that he stirred up alone were over twenty meters high.

"Boss, I'm here!" LAN Guzha's loud voice was already heard before he arrived.

Cheng Yiyi stared at the rapidly approaching sea serpent Dragon, dumbfounded. She suddenly felt that she might have been in an absurd dream. Otherwise, how could she have seen such a legendary serpent Dragon?

Although he was a Sky Class practitioner, Cheng Yiyi had never heard of a real flood Dragon.

Lin Yi landed in the sea and smiled, "You've come at the right time. I don't know where the other two guys are. Can you find them?"

As he spoke, Lin Yi pulled Cheng Yiyi onto LAN Guzha's wide back. Back in the endless sea, LAN Guzha was still a sea serpent, and Lin Yi felt good riding on his back. Now that he had evolved into a sea serpent, it was even more comfortable.

"Boss, don't worry. It's easy to find two people in this small pond!" LAN Guzha said complacently. Compared to the extremely dangerous endless sea, the ocean of the secular world was indeed only worthy of LAN Guzha's evaluation of a small pond!

Lin Yi was completely at ease after hearing that. He fell onto LAN Guzha's back and rested for a while.

A trace of worry flashed through Cheng Yiyi's eyes. She started to feel that Lin Yi's condition wasn't too good. She recalled the instructions Lin Yi gave her before she fell into the sea. She guessed that Lin Yi was probably heavily injured.

It was a pity that Cheng Yiyi couldn't do anything for Lin Yi. If sun Jingyi was here, she might be able to help Lin Yi with her skills.

Of course, what Cheng Yiyi didn't know was that Lin Yi's injury was on his spirit, and even sun Jingyi's Arts wouldn't be able to help him.

After Lin Yi and Cheng Yiyi had settled down, LAN Guzha stuck his head into the water and let out a roar. The sound wave created a huge wave, but it quickly subsided.

Ten seconds later, LAN Guzha raised his head and chuckled, "Boss, the sea beasts here are really weak. They don't even deserve to be called sea beasts, and their intelligence is very low! Fortunately, it was easy to ask them to help find two people. I already have their positions!"

The sea serpent Dragon was the sea serpent Dragon. As long as it was in the ocean, it was the absolute king race!

Lin Yi smiled and nodded, "then let's go get them back quickly. It's easy to get into trouble if we wait too long!"

"Alright, boss and Yiyi sis-in-law, sit tight. I'm leaving now!" LAN Guzha answered with a laugh. He arched his body and shot out like a sharp arrow. Cheng Yiyi could clearly hear a Sonic Boom. This guy had actually broken through the speed of sound.

In a few breaths, LAN Guzha arrived at brother Dafeng's position. Brother Dafeng had seen LAN Guzha's Sea Dragon appearance before, but he had never seen a sea Wyrms after its evolution. Hence, he was shocked at first. LAN Guzha was very satisfied with this and thought that he could continue to play with it like this next time.

Lin Yi saw the awake Dafeng bro and greeted him with a smile. This guy was quite tenacious. Other than being a little flustered, he was in good spirits. When LAN Guzha came over, Dafeng bro was still swimming quickly, looking for Lin Yi and the others.

As for Chen Dongcheng, Lin Yi didn't know whether to laugh or cry. Chen Dongcheng was the most powerful of the three, but this useless guy was the most miserable. Not only was he unconscious, but his stomach was also bulging. It seemed like he drank a lot of seawater.

It was all thanks to Chen Dongcheng's superb strength that he managed to protect his heart meridian with a single breath of true energy. That was why he did not become the laughingstock of a xuansheng stage expert drowning in the sea of the secular world.

Dafeng quickly pulled Chen Dongcheng up and made him spit out the seawater in his stomach. Lin Yi used pure energy to treat him, and Chen Dongcheng woke up.

"LAN Guzha, let's go. We're going back!" He finally found all three of them, and Cheng Yiyi was saved from Central's hands. Lin Yi smiled and patted LAN Guzha's body, his heart relaxing. Suddenly, he felt a wave of dizziness attacking him. His body fell back, and he fainted!

Lin Yi didn't know how long he'd been unconscious for, but when he came back to his senses, he realized that he was in the Jade space, and there were people watching him.

"Elder Jiao? You've appeared again!" Lin Yi smiled as he sat up, waving at elder Jiao.

"What do you mean again? I've been here the whole time!" Elder Jiao cursed. However, if you leave the secular world, I will disappear. When you return to the secular world, I will be able to appear again. "

"I know. You said it the last time I came back. What I want to say is, I've been back for many days now. Why haven't you talked to me?" Lin Yi said as he stood up, feeling that his condition wasn't too bad.

Chapter 5742 Cultivate Well

"Am I not talking to you? Isn't it because you've never entered the Jade space and never thought of me?" Elder Jiao looked at Lin Yi with a smile that didn't quite reach his eyes.

Lin Yi didn't know what to say-it did seem to be the case after thinking about it. He'd never thought of elder Jiao since he'd returned from the ancient martial world, and he'd been uncontactable the whole time-he'd gotten used to it.

Elder Jiao didn't mind-he'd gotten used to being alone before Lin Yi opened the Jade space, and he was just joking.

"Speaking of which, your rate of growth has far exceeded my expectations. In the past, I could still give you some help and advice, but now, there is really nothing I can give you. So, there is no need for me to say anything when you return to the secular world." Elder Jiao smiled and pointed at Lin Yi's forehead with a straight face,"But you've really disappointed me this time!"

"Elder Jiao, what do you mean?" Lin Yi asked.

"What do you mean? You still have the nerve to ask me what I mean! Don't tell me you don't even realize your own condition?" Elder Jiao didn't hold back at all. He wasn't even this strict when Lin Yi was still a weak rookie.

Lin Yi frowned-elder Jiao wasn't trying to scare him, so he sent his spirit sense out of the Jade space to figure out what was going on.

However, Lin Yi's spirit sense couldn't leave the Jade space at all. It could only wander in this world. To put it bluntly, he had lost all contact with the outside world!

"Elder Jiao, how did this happen? How long have I been unconscious?" Lin Yi knew that the situation was serious, but he still maintained his calm.

Elder Jiao only hmped in response to Lin Yi's question. He replied faintly, "Your strength has surpassed this spatial plane. I can't understand it, so how can I know what happened to you? However, I can tell you that you've been unconscious for ten whole days!"

Lin Yi took in a deep breath-he thought he'd only been unconscious for two hours at most, but it'd been ten days!

One had to know that Lin Yi himself was a Yuan spirit, and now that his Yuan spirit was in the Jade space, didn't that mean that the yuan spirit in the mortal world had completely disappeared?

"Elder Jiao, no matter how strong I am, I'm still a junior in front of you. Can we talk nicely?" he said. Lin Yi said with a bitter smile. Only elder Jiao could help him figure out the situation.

Elder Jiao suddenly smiled and yelled, "Do you think I'm angry with you? How was that possible? I'm just expressing my disappointment to you! You don't know how to cherish yourself, do you? This time, your soul was almost destroyed, you know? If it wasn't for the fact that you've eaten a spiritual fruit and still have a part of it that hasn't been refined, you would've been finished! You still dare to do this after your primordial spirit has left your body? do you really think you're invincible?"

Lin Yi was a little dazed. He felt a little scared after hearing elder Jiao's words. He really did almost die, and it was all thanks to the spirit sense fruit that he had saved his last chance.

It was probably because everything had gone too smoothly before-Lin Yi was basically invincible as a Yuan spirit, except for the short period of time when he just came back. He forgot that a Yuan spirit was actually very weak, and the damage it took was ten times or even a hundred times that of the physical body. It was already not easy for him to still be alive.

"Elder Jiao, I know I was wrong. I was too careless this time. What's my situation now? How do I leave the Jade space?" Lin Yi admitted his mistake obediently. Elder Jiao was his teacher and friend, after all, and Lin Yi didn't feel like a master in front of him at all. He was more like a junior.

Elder Jiao snorted-he'd probably let out all his pent-up frustration after the phone call just now, and that was because he was worried about Lin Yi. He wouldn't care if it were someone else!

"You want to escape after listening to my nagging? I'm telling you, it's not that easy!" Elder Jiao mumbled to himself after calming down a lot, then said seriously, "You're quite lucky, kid. Originally, your soul would have completely collapsed after you lost consciousness, but the remaining spirit fruits protected the source of your soul. The Jade space also pulled you in with all its might, so you didn't die immediately,"

"Has my primordial spirit body already dissipated?" Lin Yi's heart skipped a beat. This was the news he was most concerned about and the one he didn't want to hear the most. The strength of Lin Yi's spirit in the Jade space wasn't even six to seven percent of his peak strength. Even if he left the Jade space, his Spirit's strength would be greatly reduced.

But elder Jiao did give him some good news."No, your soul is still in the outside world. I have to say that your luck is truly heaven-defying. Aside from spirit sense fruits, you can also use spirit sense grass to refine your soul. Adding on the fact that you've always had a perfect breakthrough, your soul is far stronger than those of the same rank. Your soul is almost as condensed as a cultivator's body. When you lost consciousness, at least you left your soul in the outside world,"

Lin Yi let out a breath of relief. As long as the yuan spirit was still there, his strength wouldn't drop that much. More importantly, with the yuan spirit outside, he would only faint, not disappear. At least the people outside could have some comfort. If Lin Yi disappeared all of a sudden, sun Jingyi, Xu Shihan, and the others would probably go crazy.

"Elder Jiao, what should I do now? Can you let me communicate with the primordial spirit outside?" Lin Yi tried again, but he still couldn't connect to the outside world. He asked elder Jiao for advice.

Elder Jiao shrugged helplessly, "I can't do anything about it. You can only settle this matter yourself. He had to cultivate quickly and properly. Perhaps he would have the chance to find a way to contact the outside world's primordial spirit. Don't be lazy!"

Lin Yi didn't know what to say-it seemed like he really couldn't count on elder Jiao anymore. He'd have to recover his spirit as soon as possible if he wanted to get out.

It was a pity that the spiritual Qi in the Jade space was abundant, but it didn't help with the cultivation of the spirit at all. Lin Yi's essence spirit was only about six percent of its peak strength, and this was after he digested the spiritual fruit. With this kind of strength, he couldn't even use spiritual fruits or spiritual roots.

Chapter 5743 Base No. 2

He had no choice but to train. He didn't know how long it would take for him to be able to communicate with the outside world's essence spirit. Lin Yi sighed and didn't waste any more time. He sat down and started training his spirit sense.

Going back to ten days ago, Lin Yi's sudden coma made Cheng Yiyi panic, but LAN Guzha, Chen Dongcheng, and Dafeng were already used to Lin Yi's power and invincibility. They thought that Lin Yi would wake up after resting for a while, so they didn't care at all and even comforted Cheng Yiyi.

LAN Guzha's speed was extremely fast. Within a few minutes, he had already returned to the shore. He found a hidden place and transformed back into his human form. After putting on his clothes, brother Dafeng had already gotten a commercial car and was carrying a few people to LAN mi.

Cheng Yiyi's concert tour had been interrupted. Fortunately, it had not been long, so she could continue with her original schedule. However, she would not make it to the two stops of Lanmi and mordork, so she had to make an announcement that she would resume her concert later. She would make arrangements for the two stops after she had completed the Baroni and rundun's concerts.

Lin Yi still didn't seem to be awake after returning to LAN mi. LAN Guzha checked Lin Yi and didn't find anything wrong with him, so he told Cheng Yiyi and Xu Shihan to go do their things first and inform them when Lin Yi woke up.

The next day, Kang Xiaobo's plane flew everyone back to China. He sent Lin Yi back to his villa in Songshan to rest and think of a way to contact Lin Dongfang and aunt Qing. After all, Lin Yi had been unconscious for more than a day, and they weren't too sure.

LAN Guzha and Chen Dongcheng did not expect that the day before their return, Xue Jianfeng's flying saucer would land silently in a remote corner outside Songshan city.

It was a large chemical plant. Since its construction, no one knew what it produced, and there were no signs of human habitation within a hundred miles. With the cloaking device on the flying saucer, Xue Jianfeng was not afraid of being seen.

In the middle of the chemical plant, the roof of an ordinary factory silently slid to the sides, revealing a huge gap. There were circles of lights inside as a guide, leading deep into the underground of the factory.

Xue Jianfeng's flying saucer hovered above the breach and slowly descended. This was the emergency escape route that the system had automatically arranged. In fact, Xue Jianfeng himself didn't even know where he had flown to.

"Hello, I'm little pure from the central Songshan base, welcome!" After the flying saucer landed, the cabin door opened, and Jianfeng and Zhaolong saw the people waiting for them outside.

Zhaolong blinked after hearing the introduction. "Songshan base? Could it be in Songshan?"

"That's right, this is the suburbs Songshan. From a military perspective, this is the second base in the middle of the common world. " Little purity smiled and nodded, then turned slightly to the side. ""Please follow me. The person in charge of our base is already waiting for you in the conference room."

Xue Jianfeng quickly caught up with him and asked with a smile, ""Little purity, who's the person in charge of base No. 2? I used to follow the doctor and miss LAN, so I'm not familiar with the person in charge of your base. I should get to know him before meeting him. "

Zhaolong didn't say anything after being pushed to the back by Xue Jianfeng. After all, Xue Jianfeng was strong enough to help him escape from the central sanctuary. Strictly speaking, Zhaolong's connection with the central sanctuary was mostly because of Zhaoming. He wasn't as strong as Xue Jianfeng in any way, so he didn't have any thoughts of fighting for the center.

Little purity giggled. "You'll see our person-in-charge soon. You'll know when you see him. It's no use telling you now. Come on!"

While they were talking, little purity took the two of them into a magnetic levitation car. After they stood still, it started quickly. In just a minute, they arrived at the conference room of base No. 2.

"We're here, you two can go in!" Xiaochun turned around and waved at Jianfeng and Zhaolong, leaving as soon as they got off.

Xue Jianfeng reached out and knocked on the door. The doctor was dead, but the poison in his body was still there. Before the poison was detoxified, Xue Jianfeng could only show enough respect to the person in charge of this base. Otherwise, with his temper, he would have already pushed the door open and entered.

"Come in!" A young man's voice came from the meeting room, and Xue Jianfeng immediately pushed the door open with a smile.

"Hello, I'm Xue Jianfeng from the central sacred zone, which is the first base. How should I address you?" Although Xue Jianfeng was not so humble, he was still quite polite.

The young man who was sitting on the sofa had no intention of standing up. He just pointed to the chair at the side and said, ""Have a seat, I'm the person in charge here, an Jianwen. You can call me master Wen! I already know what happened in base one. It wasn't easy for you two to escape, so you'll have to follow me from now on!"

"So it's master Wen! It's an honor to meet you, I, Xue Jianfeng, will be in your care from now on!" Xue Jianfeng laughed and expressed his intention to join them. Then, he sat down without any hesitation.

He could tell that this an Jianwen was just a little stronger than a normal person. His strength was nothing, and so he subconsciously looked down on him.

Zhaolong didn't sit down, his face full of surprise. "Master Wen! I know you! You used to be one of the four young masters of Songshan, and I'm Zhaolong. You don't know this, but you've always been my idol! I didn't expect to see you today. It's really an honor. I'm so excited to be able to see you often in the future and work under you!"

Jianwen's face lit up-he didn't expect to meet a fan of his today!

"Hahaha, it's all in the past. Why are you bringing it up?" Jianwen waved his hand with a smile, but the look on his face was as if someone had written a few words on his forehead.

"Master Wen, you're wrong. As one of the four young masters of Songshan, you've almost become a legend. It's a pity that we haven't heard from you in the past few years, or I'd have come to you a long time ago!" Zhaolong said seriously. He didn't look like he was lying at all.

Xue Jianfeng immediately looked at him with disdain. He didn't expect this guy to be so good at flattering! It was simply a disgrace! It seemed that he would have to interact more with him in the future and learn about these profound flattering skills.

Chapter 5744 Zhaolong Takes Over

It was obvious that Jianwen was buying it. He waved at Zhaolong with a smile. "Come, come, come, Kang, sit down and talk. I didn't think that the young master of miracle doctor Kang's house would understand me so well. Not bad, not bad at all. I'm lacking a capable assistant here, so you'll be under me from now on!"

Zhaolong was overjoyed-he didn't have a strong foundation in central, and his only backer, Zhaoming, had gone to Sky Class Island. Now that he had Jianwen as the person in charge of the base, his status would be different.

"Thank you for your guidance, master Wen. I'll definitely bow to you in the future!" Zhaolong said as he filled Jianwen's teacup with water. He was now an assistant.

If Zhaolong knew that Jianwen's assistant had always been his scapegoat, would he still be this happy?

Xue Jianfeng saw that Zhaolong had gained Jianwen's attention with just a few words, and he immediately felt uneasy. He quickly sat up straight and smiled, "Master Wen, I'm the number one subordinate under the professor ..."

Jianwen interrupted him. "I understand. I'll let you know if there's anything. Our base is currently carrying out the plan to revive miss Lan's clone. You don't need to do anything for now. We'll talk about it after it's done. You can go and rest!"

Xue Jianfeng was extremely depressed. He didn't even want to hear him finish his sentence! He didn't think that after the doctor died, he, the young master Xue Jianfeng, would be ignored like this. He couldn't even be compared to that weak Kang Zhaolong!

No matter what, he was still an early stage Mystic Ascension realm super expert! Furthermore, the fusion of the new potion was very smooth. Even though snowy had never tried it before, he knew that if he was injured in battle, he would recover very quickly.

"Master Wen asked you to rest first, so you should rest first! I'll come and inform you if there's anything!" Zhaolong said as he turned to Jianfeng. He'd been calling him "young master Xue" before, but now he couldn't even be bothered to call him by name.

Xue Jianfeng snorted and could only get up and leave resentfully. If it were not for the poison in his body, he would not have to suffer such vexing anger! He didn't know if the genetic cells that could quickly recover from injuries could also get rid of the poison.

Unfortunately, he couldn't confirm this yet. Xue Jianfeng didn't dare to offend an Jianwen yet. The doctor glasses was the best, if only he could be reborn ...

While Jianwen was busy reviving LAN xiaoru, Lin Yi was still unconscious. It was already the tenth day.

Xiaobo and the others all put down their work and gathered in the villa, waiting for Lin Yi to wake up. It was a pity that the possibility of an additional unconscious person in the villa was higher.

No one knew that Lin Yi had just woken up, but he couldn't communicate with the outside world in the Jade space, so his soul was still in a deep sleep.

Lin Yi cultivated in the Jade space for a few hours, but he made no progress at all. The Qi in the Jade space had no effect on Lin Yi's soul and spirit.

Yet Lin Yi couldn't use the spirit sense fruits and spirit sense grass, even if they were right in front of him. He could only watch. It was frustrating.

He couldn't congeal his primordial spirit in the Jade space, so he couldn't take it.

"Elder Jiao, do you have any spirit sense cultivation techniques for me to learn?" Lin Yi turned to elder Jiao, depressed.

Lin Yi had never systematically trained his spirit before. On Sky Class Island, he used his body to level up his spirit, but after coming to the ancient martial world, his spirit mostly relied on the spirit grass and the sky-devouring giant crocodile's spirit. There weren't many who really trained themselves.

Of course, this was also because Lin Yi didn't have a complete, high-level spirit and spirit training technique. He knew that elder Jiao didn't have anything in this area, so he just asked casually.

"I've seen beggars before, but I've never seen a beggar with a Golden Bowl," elder Jiao laughed. Or stupid? Or are you stupid?"

Lin Yi didn't know what to say-what was the difference? It seemed like elder Jiao was still angry because he hadn't talked to him for too long.

Elder Jiao laughed at Lin Yi for a bit before turning serious, "Kid, you really don't know that you're in the treasure Mountain. Don't you know that the battle technique for seizing heaven's fortune that you're cultivating is a true top-notch cultivation technique? No, saying it's a top-notch cultivation technique is an underestimation of this heaven seizing fortune battle technique. With this cultivation technique, why would you still look for a cultivation technique to cultivate your spiritual sense?"

"The heaven seizing fortune battle technique can cultivate the primordial spirit and divine sense?" Lin Yi asked, surprised. He'd never thought about this before, but now that elder Jiao mentioned it, it did seem possible.

Lin Yi's essence spirit had always been stronger than other cultivators of the same level. He thought that was what he was, but now that he thought about it, he realized that it was probably because of the battle tactics for heaven's fortune.

It was a pity that the skill was incomplete. Although he combined it with the art of Dragon mastery and made up for the missing parts, Lin Yi never really studied the later parts of the skill.

"Don't think that I don't know about you just because I'm asleep. Don't forget that our hearts are connected. Once you return to the secular world, I'll know everything you've experienced. " Elder Jiao squinted his eyes, "Although your growth is amazing, ask yourself if you've properly cultivated this heaven-defying cultivation technique. I remember reminding you of the importance of this technique before you entered Sky Class Island. "

Lin Yi blushed. Elder Jiao didn't say it, but Lin Yi knew what he meant. After coming to Sky Class Island, Lin Yi did improve a lot, but not much of it was because of the battle tactics for heaven's fortune.

Most of it was because of the opportunities Lin Yi had found, along with countless treasures and his own body's toughness. The battle tactics of heaven's fortune naturally played a part in it, but it was only a small part. Lin Yi could've gotten to where he was now with any other martial arts, at most he would be a little bit weaker in terms of combat strength.

Lin Yi had really underestimated the battle tactics of heaven's fortune. If he had paid more attention to it, he might have been even stronger.

"Elder Jiao, I understand. I will continue to study and deduce the battle technique for snatching heaven's fortune!" Lin Yi said seriously. Elder Jiao said that he couldn't help Lin Yi anymore, but it turned out to be the truth.

Chapter 5745 Lin Yi Fainting

If elder Jiao could stay by Lin Yi's side all the time, he'd be able to avoid a lot of detours! The ghostly thing could replace elder Jiao, but it was a spirit beast, after all. It might not know more about the human race than elder Jiao.

"It's good that you understand. Go figure it out yourself!" Elder Jiao smiled happily, as if Lin Yi was a promising student. He'd only just realized this himself-he'd have told Lin Yi about it already if he didn't.

Elder Jiao was an onlooker, and the reasoning was simple. It wasn't that Lin Yi couldn't think it through, but he'd missed out on too many details in the game.

Lin Yi sat down cross-legged again and began to study and deduce the battle of heaven's stolen fortune. Originally, this battle of heaven's stolen fortune could only be practiced to the nascent Soul Stage. The Tianxing sect's title of the number one nascent soul cultivator was achieved by this battle of heaven's stolen fortune. Unfortunately, the incomplete battle of heaven's stolen fortune couldn't help him improve further.

The art of Dragon mastery, on the other hand, didn't have this flaw anymore. It was just that there wasn't a detailed description of the technique at the start, and it would only start when Lin Yi reached this level.

After Lin Yi reached the xuansheng stage, he didn't spend much time trying out the tactics of heaven's fortune. He kept using the same tactics as before, and this was what elder Jiao was most unhappy about. To put it more seriously, Lin Yi just didn't want to improve! But in reality, Lin Yi still cared a lot

about his own strength. Otherwise, he wouldn't have been able to look for opportunities everywhere and level up to the xuansheng stage so quickly.

In the Jade space, Lin Yi started the process of training. The essence spirit in the villa still had no reaction, but on the Sky Class Island, Lin Yi's real body started to change.

Lin Yi's original body had been sitting cross-legged all this time, but now he was lying down as if he'd fallen asleep, and his aura was slowly withdrawn. This sudden change scared Tian Gang and Xue Li!

"How did this happen? Wasn't everything fine before? Did something happen in the secular world?" Xue Li turned around in a panic, but she didn't know what to do.

Tian Gang was calmer. After comforting Xue Li, he said decisively, "Xue Li, get Tian Xing Dao and ao Tian here. They know more about primordial spirit projection and should know what happened."

Xue Li had no idea what to do, but after hearing Tian Gang's words, she suddenly felt that it was very reasonable. She immediately agreed and rushed out.

Tian Gang waited for Xue Li to leave before showing a worried expression. He looked at Lin Yi and whispered, "You bad thing, you only know how to make people worry. Nothing must happen to you! Otherwise ... I'm going to kick you ... Come back quickly, Lin Yi!"

A while later, both Tian Xing Dao and ao Tian Zhou arrived at the heavenly elixir Pavilion. They checked on Lin Yi's condition, looked at each other, and shook their heads.

"Big brother, what's wrong with Lin Yi?" Tian Gang could no longer maintain his calm appearance and asked anxiously.

Tianxing thought for a moment, "sister tianshuo, you don't have to worry. Lin Yi should be fine. Maybe it's because his soul has been projected for too long, far beyond the normal limit. His body is also tired. It's normal for him to lie down and rest."

Even though he was worried about Lin Yi, tianshuo couldn't help but laugh. What kind of big brother was this? Lin Yi's body was tired, and he wanted to lie down for a while-this was ridiculous! It was normal for a powerful practitioner to sit and meditate for a dozen years, why would Lin Yi lie down for this reason?

But from what Tianxing said, Lin Yi's body should be fine, so tianshuo and Xue Li were a little relieved.

Ao Tianzhou chimed in, "brother Lin's body is very healthy, and his qi and blood are extremely vigorous. He doesn't seem to have any problems. Don't worry, everyone. This might be a sign of his primordial spirit returning. Let's take a look first."

"Thank you, Island master ao Tian!" Tian Gang quickly thanked him. I'm really sorry to bother you when you're so busy!"

Ao Tian Zhou waved his hand, "you're being too polite. Lin Yi bro and I aren't strangers. Alright, let's cut the formalities. You guys take care of him. I'll go back first."

Tianxing, as half of the owner, sent Otada Zhou out on behalf of Tianshuo and Xue Li. Then, the two of them set up a soundproof barrier. Otada Zhou was the first to speak, "Heavenly vice Island master, what do you think of Lin Yi's matter?"

"There must be a problem!" Tianxing sighed. Just now, he didn't dare to say anything in front of Tian Gang and Xue Li. Now, he had no more scruples with Otian state.

Ao Tianzhou nodded, "that's right. Lin Yi's Qi is strong, but his aura is starting to be reserved. This doesn't look like he's about to break through, but it looks like his spirit is injured. When the spirit is projected, the body won't be damaged, but if something goes wrong with the projected spirit, the body without the spirit will be in trouble. Lin Yi seems to be in that situation."

Tianxingdao was silent. He had also seen through it, but there was nothing he could do. Now that Ao Tianzhou had confirmed his thoughts, there was nothing he could do.

"Let's wait and see, I hope Lin Yi can come back on his own soon!" Ao Tianzhou sighed softly, cupped his fists slightly, and left.

Tianxing stood there for a few seconds before returning to the heavenly elixir Pavilion. Hou Guanqi and Cai Zhongyang had both heard the news. They were both Pill God Zhang Liju's disciples in name, but Lin Yi's situation wasn't something they could solve, so their conclusion was the same as Tianxing's.

Of course, they couldn't say this to Tian Gang and the others, so they could only say it in their hearts.

Unfortunately, even if they did not say anything, Tian Gang and Xue Li were both smart girls. They could always see some clues. Since the people on the middle Island could not do anything, they could only place their hopes on Shangguan Tianhua of the North Island!

After sending off Tian Xing and the others, Tian Gang immediately came back and said to Xue Li, ""I'll write a letter to Shangguan LAN 'er right now and tell her about Lin Yi's situation. If she can ask her grandfather, Shangguan Tianhua, then maybe Lin Yi can wake up. "

Xue Li nodded and said, "yes, yes, yes!" The only person who can save Lin Yi now is probably someone as powerful as Shangguan Tianhua. We can't delay any longer, we'll contact Shangguan LAN 'er immediately. "

If the two of them knew Shangguan Tianhua, perhaps they would have written the letter directly to him, and it would not have needed to go through Shangguan LAN 'er's hands, so that she would not have to worry about it.

Chapter 5746 Han Jingjing's Decision

Shangguan LAN 'er received Tian Gang's letter very quickly. She had been waiting for Lin Yi's news all this time. A spirit projection had never stayed in the secular world for so long before. It was impossible for her to not be worried. On the other hand, Han Jing Jing had always been confident in Lin Yi, never thinking that he would be in any danger in the secular world.

"Jing Jing, quickly come and see Nakajima's letter. It's from Tian Huan!" Shangguan LAN 'er did not read the letter by herself. Instead, she found han Jingjing and shared the news with her.

After Lin Yi left, the girls weren't together anymore, but their friendship grew deeper and deeper, becoming best friends who talked about everything.

When Han Jing Jing heard Tian Ji's name, she immediately dropped what she was doing and ran over to Shangguan LAN 'er's side to read the letter.

"Is there a problem with Lin Yi?" Shangguan LAN 'er, who was originally excited, was suddenly stunned. She threw the letter away and ran out.

Han Jing Jing quickly pulled Shangguan LAN 'er back and said, ""What are you doing?"

"To find my grandfather. Didn't you see Tian Gang say that my grandfather might be of help?" Shangguan LAN 'er stomped her feet and said, as she tried to shake her arm off but failed.

"Calm down!" Han Jingjing immediately pulled Shangguan LAN 'er back and tried to placate her. ""Of course senior Shangguan is powerful, but he might not be of much use even if he goes. The people from the Tianxing path and the AO Tian state, which one of them isn't an Overlord of a region with a lot of knowledge? The status of any one of them is not lower than your grandfather 's. "

Shangguan LAN 'er thought about it and agreed. If her grandfather was of no use in the past, what should she do?

"Jing Jing, what do you think we should do? I'll listen to you!" Shangguan LAN 'er was too lazy to think about it. Anyway, with han Jingjing, who was comparable to a supercomputer, she did not need to do anything.

Han Jing Jing did not hesitate and said solemnly, ""It's good that you tell senior Shangguan first. I'll go to Nakajima and see what's going on!"

"I want to go too. Why don't you wait for me? I'll ask Grandpa and I'll be back soon!" Shangguan LAN 'er knew that she needed Shangguan Tianhua's permission to leave, so she ran out without waiting for han Jingjing's permission. This time, han Jingjing did not hold her back.

After packing up a little, Shangguan LAN 'er came back in a hurry, her little face full of disappointment.

"My grandfather agreed to let me go out, but he said that he doesn't know much about the situation in this area. If the people in Nakajima can't do anything, he won't have any countermeasures either. He's busy these two days. Maybe after these two days, my grandfather will go over and take a look. He also asked us to inform him of the situation at any time." Shangguan LAN 'er was a little unwilling, but there was nothing she could do. It was not easy to leave this place and go to Nakajima.

"If that's the case, then let's not delay any further. Let's set off immediately!" Han Jing nodded.

The little princess of the North Island used the best aerial spirit beast to travel. Under the protection of the highly-skilled Masters arranged by Shangguan Tianhua, the two of them quickly soared into the sky and flew toward the middle Island.

After arriving at the sky elixir Pavilion, Han Jing Jing saw Lin Yi very quickly, but she couldn't do anything about Lin Yi's condition. This was expected, and there was nothing to be disappointed about.

"I understand. This is the only way!" Han Jingjing said calmly after seeing Lin Yi's condition.

"What do we do?" Tian Gang asked hurriedly. She knew how smart han Jingjing was. Others might not be able to do anything, but han Jingjing might be able to think of something.

"I'm going back to the common world to find Lin Yi bro's soul and see what happened to him!" Han Jing Jing said casually, as if she was not talking about something dangerous.

"No!" Tian Gang and Xue Li shouted at the same time.

Both of them were well aware of the dangers of primordial spirit projection, so they would definitely not agree to such a thing.

Instead, Shangguan LAN 'er asked curiously, ""Why not? If they could find Lin Yi's spirit, wouldn't they be able to bring him back? Jing Jing, you're really a genius. You immediately discovered the key to the problem. "

Tian Gang smiled bitterly. "It's not that easy. Primordial spirit projection is very dangerous in the first place, and there are restrictions on the strength of the person who can project it. Only those above the Yuanying stage can do it. If you have the strength to do it quietly, you don't even have the qualifications, let alone face those dangers!"

Han Jingjing shook her head firmly. "No, I have to go back and take a look. Strength is not a problem at all. I can solve it. I can also find a way to reduce the danger to the minimum. According to my calculations, there is at least an 80% chance that I can return to the secular world unscathed!"

For some reason, han Jingjing's words were so convincing. Even if han Jingjing said she was 100% confident, Tian Gang felt that he would believe her, let alone 80%.

At the end of the day, Tian Gang also wanted to know what happened to Lin Yi in the common world. Since han Jingjing was determined to go, and was confident that she wouldn't get hurt, there was no reason for Tian Gang to stop her.

"I understand. I'll look for Island master ao Tian and ask him to arrange an essence spirit projection. However, han Jingjing, you have to promise me that nothing will happen to you!" Tian Gang said seriously. If she could, she wanted to go to the mortal world to find Lin Yi, but she didn't have the confidence to do so. She could only place her hopes on Han Jing Jing!

Han Jingjing took out a soft armor from her bag and showed it to Tian Gang. Then, she said solemnly, ""I'll definitely be fine, because I've been preparing to leave the mortal world for a long time!"

Before Tian Gang could say anything, Xue Li asked, ""Jing Jing, what is the use of this soft armor? Is it related to the projection of primordial spirit?"

"That's right, I didn't know when Lin Yi bro would be back, so I just came up with this soft armor. If I have the chance, I'll go play with him in the common world, and it'll come in handy this time. " Han Jing Jing nodded and pointed to a round protrusion on the chest area of the soft armor. ""There's a spirit beast's inner core here. It's the key to projecting the primordial spirit. "

Tian Gang felt it for a moment and said in realization, ""It's the inner core of a spirit beast at the peak of the nascent soul realm. You want to use this soft armor to deceive the device for projecting the primordial spirit and pretend to have the strength of a peak nascent soul realm?"

This was a genius's idea, but if he really did it, he could only be considered a madman. This was because the possibility of successfully disguising himself was very high, but the danger would not be reduced at all. It might even be higher. Therefore, anyone who could come up with this idea was definitely a genius. However, without a crazy enough personality, one would not dare to carry it out.

Chapter 5747 Deceived Primordial Spirit Projection

"Jing Jing, your cultivation is too low," Shangguan LAN 'er said anxiously. "It's useless even if you go. Why don't I go?"

Tian Gang immediately objected. "LAN 'er, you don't know the situation in the secular world. You can't even find the way there. Let me go!"

Tian Gang couldn't go before, but now that he saw the armor, he knew that he could use it to leave the mortal world. He wanted to go find Lin Yi immediately.

Han Jing Jing kept the soft armor in her arms and said, ""You guys don't have to fight anymore-only I can help Lin Yi bro this time, no one else can help. Plus, this soft armor is something I made for myself-you guys won't be able to use it to its full potential, and the chances of failure are high!"

Tian Gang and the others were speechless. In this regard, han Jingjing's genius was definitely not something they could understand. Even if han Jingjing was full of nonsense, they could not tell if it was true or not.

"Alright, that's settled then. Sister Tiangang, help me arrange for the projection of the primordial spirit as soon as possible. I'll adjust this soft armor." Han Jingjing did not intend to say much and made a final conclusion.

Tian Gang and Xue Li looked at each other and had no choice but to accept this fact.

The matter of the spirit projection was settled very quickly. Ao Tian Zhou was already prepared for Lin Yi's abnormality. Tian xingdao had originally planned to personally project himself to take a look, but he was extremely unfamiliar with the secular world. Before he gathered enough information, he didn't dare to act rashly, otherwise, he would waste the time of the spirit projection.

Therefore, when han Jingjing said that she wanted to go, she could basically leave immediately. However, ao Tianzhou and the others were not very optimistic about han Jingjing's safety. Tian Gang and Xue Li even tried to persuade han Jingjing again.

"Jing Jing, why don't you let me go? your cultivation level is too low. If something happens to you, how are we going to explain it to Lin Yi when he returns? Since you can adjust this soft armor, you can definitely let me wear it, right?" Tian Gang held han Jingjing's hand and tried to persuade her to give up the projection of her primordial spirit and let her take over.

Unfortunately, han Jingjing's attitude was extremely firm. She shook her head and said,""Sister Tiangang, you don't have to say anything. I'm ready, let's start the projection. Lin Yi bro might be waiting for me to help him, let's not waste any more time."

After saying that, the soft armor on han Jingjing's body emitted a faint light. The powerful aura of a peak nascent soul realm cultivator slowly rose without any flaws.

Ao Tianzhou also clicked his tongue in wonder. "It's exactly the same as a real peak nascent soul realm cultivator. If I didn't know the truth, I would've been fooled too! It seemed like he would be able to hide from the primordial spirit projection device! You are indeed a genius in the field of artifact refining!"

Han Jingjing smiled slightly. She was indeed a genius, but she was not a genius in refining weapons. It was just that this kind of thing was too troublesome to explain, so she would just let the AO Tian state understand it on its own!

Tianxing Jian nodded, "that's right. This soft armor is indeed magical. It's very effective in scaring people, but after you use your spirit projection, you will be weak for a period of time. You must be careful and find Lin Yi and come back with him as soon as possible!"

Han Jingjing smiled and nodded. "I'll remember it. Thank you for your reminder, brother Tian. Let's start now!"

Seeing that han Jingjing was determined, everyone stopped trying to persuade her. Instead, they each gave a few words of advice. Ao Tianzhou also activated the primordial spirit projection device. With the disguise of the soft armor, han Jingjing's primordial spirit could easily complete the projection and return to the secular world after breaking through the barrier.

Outside a small town in Europe, han Jingjing appeared in a sparse forest, feeling a little dizzy. The location of her primordial spirit projection was random, so it did not accurately send her back to China. Instead, she came to Europe, which was very different.

However, there was still the shadow of a soft armor on han Jingjing's primordial spirit. It was the work she had used to disguise herself as a peak nascent soul realm cultivator. She did not expect to bring it along with her!

"Where is this place?" Han Jingjing looked around her surroundings in a daze. Her divine sense wasn't strong, and she wasn't used to releasing it, so she looked more.

The soft armor on her body turned into a normal set of casual clothes according to her will, and her spirit quickly turned into a spirit body. This process was so fast that if Lin Yi saw it, he would be stunned. When Lin Yi came down, he had to go through a lot of trouble to form a spirit body, and he was almost eaten as a tonic.

Perhaps this was also the function of the soft armor, but the soft armor was originally made by han Jingjing, which further proved her genius!

It was a pity that the genius han Jingjing and the beautiful woman still had a dazed look on her face. She looked around blankly and then walked slowly.

The forest was not big, and it only took a few minutes to reach the edge. The road that was already vaguely visible before was now completely revealed in front of han Jingjing.

"6 km away from osdor?" Han Jing looked up at a road sign on the road, wondering what kind of place osdo was.

Of course, it was definitely not Chinese, because the words on it were not Chinese. As a straight-A student, this was not a problem for han Jingjing.

"I think I'm in Europe. It seems like primordial spirit projection is random! There's no other way now, Lin Yi bro, you have to wait for me!" Han Jingjing sighed and muttered a few words before walking in the direction of osdo.

With the armor's help, she'd be able to form her Yuan spirit, but flying would take too much spirit power. Her strength was Sky Class mid phase peak now, and that was with the armor-she'd be sent back to Sky Class Island before she could even find Lin Yi.

So, han Jingjing had no choice but to go to osdor first and find a way to contact the people in Huaxia. Whether it was the Liu family or Kang Xiaobo's group, they would definitely be able to get her back.

Lin Yi had the Jade space to carry things around, but han Jingjing only had this soft armor and nothing else. Luckily, she was Sky Class mid phase peak, and was already a master in the common world-she didn't have to worry too much about her safety.

After taking a few steps, a car quickly approached from behind han Jingjing. In Europe, it was very common to hitch a ride. Han Jingjing did not want to waste her spiritual power, so she simply stood by the side of the road and gave a thumbs up.

The Bumblebee had no intention of slowing down. Perhaps it saw that han Jingjing was a beautiful single girl, so it suddenly braked when it was about to pass by.

Chapter 5748 Beaten Up For A Robbery

"Hey, pretty lady, where are you going?" A young white man in his twenties greeted han Jingjing with a smile on his face. Judging from his clothes, he was not a rich man. Bumblebee was just an ordinary model and could barely be considered as a mid-to low-end one in Europe. However, this guy's expression made him look like a rich second generation. The only thing missing was the word 'I want to hit on you' written on his face. It was your honor '.

Han Jingjing squinted her eyes slightly and revealed a harmless and innocent smile. ""I'm going to osdor, which is in front. Can you give me a ride?"

"Of course, no problem. Get in the car!" The White young man said with a warm smile. He opened the door to the passenger's seat for han Jingjing, but han Jingjing had already opened the door to the back seat and sat down.

The young white man was slightly stunned, but he did not say anything more. He could only smile awkwardly, leaned over to close the door of the passenger seat, and then stepped on the accelerator.

"I'm Johansson. How may I address you, pretty lady?" The young white man deliberately slowed down the speed of his car, which was half the speed he had come with, so he had the time to turn around and talk to han Jingjing.

"You can call me Liu," han Jingjing said indifferently. "Oh, right. Please turn your head around and look at the road while driving. Thank you!"

It was just a ride, and han Jingjing had no intention of talking to Johansson. After giving him a reminder, she turned to look out the window.

The six-kilometer journey only took a few minutes. When they arrived at osdor, they went their separate ways.

"Don't worry, Liu," Johansson laughed, "I'm very good at driving. There aren't many cars on this road, so I'll be fine." Do you live in osdore? Or are you here to look for someone or to travel?"

"I'm just here for a stroll," han Jingjing replied perfunctorily.

"You're in luck then. I'm the most familiar with osdor. Even though this is a small place, there are still many fun places. I'll be your tour guide and make sure you have a good time." Johansson immediately said. Han Jingjing guessed that if she said that she was looking for someone, he would say the same.

"Can I borrow your phone for a moment?" Han Jingjing really did not want to waste any more time with Johansson. She borrowed his phone. After all, it would not be easy for han Jingjing to make an international call since she had no money on her when she was in osdor.

Johansson was secretly overjoyed. He thought that his handsomeness had moved han Jingjing and that she was going to give him her number. He immediately took out his phone and handed it over. "Here, feel free to use it. This is the latest model. It just came out three days ago. You know about it, right?"

Han Jingjing casually took it, but she did not even smile. Why was she showing off the latest mobile phone in front of a genius like her? With her ability, any toy she could casually make would be better than this ordinary mobile phone.

Although it had been a long time since she had made a call to the secular world, han Jingjing's memory was extremely good. Naturally, she would not forget those numbers. However, after the call went through, she was notified that this phone was not allowed to make international calls ...

Han Jingjing was speechless. She did not expect to encounter such a thing. It seemed that this Johansson was indeed a poor wretch who liked to show off. He had even specially set such a restriction.

'Forget it, I'll think of a way when I'm in osdor!'

She threw her phone to the passenger seat and continued to look out the window calmly. In front of Lin Yi and the people she knew, she was innocent and pure, but now that she was alone in Europe, her hidden Liu Jinghan personality was slowly waking up.

Seeing that han Jingjing was not talking to anyone over the phone, Johansson thought that his guess was right. She was indeed interested in him, so she gave him her phone number.

He peeked at han Jingjing's perfect face and body through the rearview mirror, and his heart began to race. He was still about three kilometers away from osdo, and he could not wait to return to town. He turned the steering wheel and drove off to the woods on the side.

Han Jing frowned slightly and turned to look at Johansson. ""Aren't you going to osdor? Why did you deviate from the main path?"

"Dear Liu, we are all adults. Since we all like each other, there is no need to be shy. My car is very comfortable. Of course, I will make you feel even more comfortable!" Johansson chuckled. However, Han Jing really wanted to smash his face with the soles of her shoes.

Even an idiot would know what such explicit words meant. Han Jing Jing said with a frosty expression, ""Stop the car! Otherwise, you'll regret it!"

"Hahaha, Liu, you're so cute. Do you think we can do it here? You can still see it on the other side of the road, it'll be more hidden if you go in. Of course, if you like it here, that's fine too, I have no objections, and I promise you won't regret it!" Johansson had a sneaky smile on his face and deliberately distorted Han Jing Jing's meaning.

In his opinion, han Jingjing had only come here to play by chance and had left her phone number in his phone. She was obviously not an old-fashioned woman. It would not be a problem at all to bring her to the forest to play.

Even if han Jingjing was unwilling, it was not up to her. Johansson was already in his zone, and he wanted to rape han Jingjing.

Han Jingjing suddenly quieted down and looked at Johansson coldly. If she wanted to kill this idiot, she could do it with just a flick of her finger. Even though han Jingjing did not practice much, she was still very strong.

Johansson suddenly felt a chill in his heart. Although he did not quite understand, he did not want to continue driving. Seeing that the road was already blurry, he estimated that this place was remote enough, so he simply stopped the car.

Putting down the seat in the front row, Johansson turned around and smiled. ""Come on, baby. Do you want me to help you take it off?"

As she spoke, she reached out to touch han Jingjing's pretty face. She did not even think about whether han Jingjing would resist.

Han Jingjing raised her eyebrows and suddenly reached out to grab Johansson's palm. With a gentle twist, Johansson's palm turned 180 degrees back.

"Achoo!" Johansson cried out in pain. How could he have known that this gentle, delicate, and innocent girl in front of him would be so decisive and ruthless? she had broken his wrist directly. Was this really something that a girl could do?

"I told you you would regret it!" Han Jingjing shook off Johansson's hand calmly and wiped her hands on the seat in disgust. She felt that her wrists were dirty even when she touched this trash.

Johansson screamed as he retreated and crashed into the dashboard of the car!

Chapter 5749 All Commandeered

Johansson suddenly thought of something. He took out A. 38 pistol from the storage compartment and pointed it at Han Jing Jing's forehead. "You raised bitch! You dare to attack me? You're dead today! I'm telling you, you're definitely going to die today!"

Han Jingjing looked at the black muzzle indifferently. A primordial spirit was not afraid of the bullets of this pistol. Even if it was not a primordial spirit, han Jingjing's strength was enough to easily take down the pistol at this distance, so there was nothing to worry about.

Johansson gritted his teeth and said, "Stinky B * tch, take off all your clothes. I'll get some compensation from you first, then I'll deal with you!"

Although the pain from the fracture on his left wrist made Johansson break out in cold sweat, he would not give up until he had done han Jingjing a few times.

Han Jingjing snorted, as if she was mocking Johansson's words. Then, she reached out again and grabbed his right wrist.

Another crisp sound was heard, and the .38 pistol fell into han Jingjing's hand. Johansson screamed again, sweating profusely. The bone-piercing pain was definitely not a joke. His face was pale, and he could pass out at any time.

"I just wanted to teach you a lesson, but your ability to make me angry is not bad. Are you satisfied now? Han Jingjing said with a faint smile. With a casual pinch, she broke the pistol and threw it out of the car window.

Johansson looked at han Jingjing in fear. This girl who was as beautiful as an Angel was as scary as a demon!

"As compensation, I'll use your car first, and the cash and phone you have on you!" Just as han Jingjing was wondering how she could get some money to make an international call, this Johnson came knocking on her door. Since he wanted to rob her, han Jingjing did not mind robbing him of his money!

Without waiting for Johansson to speak, han Jingjing nimbly made her way to the front, opened the car door, and kicked Johansson out.

Of course, his wallet was already in han Jingjing's hands. However, han Jingjing's attention might have been on the wallet, so she did not pay much attention to where she was kicking. When Johansson flew out, he seemed to have heard a terrible sound of an egg breaking ...

Han Jingjing did not care about the guy's shrill screams. She closed the door and backed away. Anyway, this guy should not be dead. After a while, when he was not in so much pain, he could walk to the road and ask for help.

Johansson was sprawled on the ground, his head covered in cold sweat. His body was arched like a shrimp as he watched his car rapidly retreat in despair. He did not expect that a seemingly ordinary act would turn out like this.

Han Jingjing suddenly stopped the car and stuck her hand out of the window. There was a bag of white powder in her hand.

This was what Johansson cared about the most, a bag of heroin! The pistol from before had been placed together with the heroin. Han Jing Jing happened to see this thing in the open storage compartment. She suddenly felt that she had been too kind to Johansson.

It was obvious that he would not be able to consume all the drugs. Johnson must have been transporting drugs, so he had a gun. He just did not expect that this guy would be in the mood to find a woman while transporting drugs. He really deserved to be unlucky.

Seeing the White powder pouring out of the transparent bag in han Jingjing's hand and scattering in the wind, Johansson was in complete despair. Even the pain of his balls breaking could not compare to the pain of watching everything happen. Without the goods, he could only hide his name and escape. Otherwise, he would definitely die a more miserable death.

After getting rid of the drugs, han Jingjing continued to drive. As for Johansson's life or death, she did not care at all. For trash like him, it would only be better for the world if he died.

They arrived at osdo very quickly. Han Jingjing parked Bumblebee at a remote intersection and took out all the Euros from Johansson's wallet. She then casually threw the wallet under the seat.

She didn't want to use the car anymore, so she left the key on it. The most important thing right now was to contact the people in Huaxia and get Lin Yi's situation, and get them to take her back.

The stack of notes in Johansson's wallet was about four to five hundred euros. It might not be enough for a drug dealer, but it was enough for han Jingjing.

Han Jingjing pushed the car door open and was about to get out of the car when she realized that something was wrong. This place was not supposed to be a place where cars would come and go, but now there were two cars speeding over. Their target was obviously han Jingjing's Bumblebee.

Because of Johansson's uniqueness, Han Jing felt that she might have been targeted. She released her divine sense to investigate and was even more certain of this. The few Europeans in the two cars were all holding guns.

"The evil forces here are so rampant! You dare to bring a spear over in broad daylight?" Han Jingjing mumbled softly. She lowered her body and quickly rushed into the alley beside her. She was not afraid of bullets, but she was afraid of trouble.

Regardless of whether these people were coming for her or not, the best choice was to get rid of them as soon as possible. As for continuing to race with the other party, it wasn't like they were in a movie. Was it necessary?

"Catch that woman, don't let her get away!" As soon as han Jingjing entered the alley, someone shouted and chased after her. It was a person from one of the cars who had jumped out.

There were also people who went to check on the car that han Jingjing had abandoned and shouted, ""Johansson is not here, and his things are gone. All that's left is his wallet."

"It's indeed related to that idiot! So annoying, it's just a free ride, why are you so troublesome!" Han Jingjing stood on the roof of a two-story building and snorted as she looked down at the few people who were chasing her.

The fact that the other party was able to find them so quickly meant that the car was probably installed with a GPS device. They had probably already noticed Johansson when he turned into the woods. Otherwise, they would not have been able to track han Jingjing so quickly.

If they deviated from the planned route, it meant that an accident had happened. Although they were about to return to osdor, they did not meet at the agreed place. It would be strange if they did not come to investigate.

"Isn't it just a bag of white powder? is there a need to make such a big fuss?" Han Jingjing shook her head in disdain. That bag of things was only about 100000 to 200000 euros at most. In the eyes of the Liu family's eldest daughter, of course, it was nothing. However, to these guys, it was definitely not a small amount.

Chapter 5750 Shooting To Death

From the looks of it, they would not give up until they found han Jingjing. Moreover, these people seemed to be very powerful in this place. No one dared to say anything even if they were holding guns in broad daylight.

Han Jingjing was not worried that she would fall into their hands. She just did not want to waste time. Hence, she simply sneaked into the house under her feet and found a phone to talk to.

Before she sneaked in, han Jingjing had used her divine sense to make sure that there was no one inside. Her divine sense was more than enough to handle such a close place.

On her first call, she didn't call back to house Liu. Compared to her relationship with Lin Yi, house Liu without her was far from being as powerful as Kang Xiaobo and Lai Changyi, so she called Lai Changyi directly. The two had business dealings before, so she remembered his number.

After a few rings, the other side picked up."Hello, who is this?"

Lai Changyi spoke in English because the number showed that it was from Europe. He thought someone from the Buffon family was looking for him.

"Lai Changyi? I'm han Jingjing!" Of course, han Jingjing had no problem conversing in English. However, since the two Chinese were on the phone, she had to speak in Chinese.

Lai Changyi seemed to freeze for a moment before he cried out,"Han Jingjing? Liu Jinghan? No, sis-in-law, you're back too?"

They all knew who Han Jing Jing was, and upon hearing her voice, Changyi was instantly excited.

This was the second person to come back from Sky Class Island other than Lin Yi-how could he not be excited?

Han Jing Jing did not beat around the bush and asked directly, ""Where's Lin Yi bro? Is there something wrong with him?"

"Sister-in-law Jing Jing, you know? That's right, boss has been in a coma for more than ten days. Although there are no wounds, he just doesn't wake up. Sister-in-law, are you in Europe now? Can you come back as soon as possible and think of a way?" Lai Changyi didn't waste any time. He explained the situation briefly and asked han Jingjing if she could go back.

Han Jingjing came back from Sky Class Island at this time-she knew that she came back for Lin Yi without even asking. Otherwise, she wouldn't have asked if something had happened to Lin Yi.

"Lin Yi bro's been unconscious for more than ten days? There's been no reaction?" Han Jing Jing frowned. It was understandable that Lin Yi's body was unconscious on Sky Class Island since his spirit was projected into the mortal world, but what did it mean for his spirit to be unconscious in the mortal world?

It seemed like this was going to be troublesome, but from what Changyi said, Lin Yi's yuan spirit was fine, just unconscious. No matter what, they had to see Lin Yi first.

"Lai Changyi, I'm in a place called Aldos in Europe. I came back from Sky Class Island, so I don't have anything on me. Find a way to get me back!" Han Jingjing and Lai Changyi didn't need to be polite. They were both Lin Yi's people, and being polite would make them feel distant.

"Okay, sister-in-law, wait a moment. I'll check." After Lai Changyi said that, the keyboard started to clatter before he continued, "Sis-in-law, I've checked Aldos. It's a small town, but it's only 150 kilometers away from LAN mi. It'll take some time for me to send someone there. If it's convenient for you, you can go to LAN mi to find Xu Shihan and Cheng Yiyi. They should be back at LAN mi for a concert."

"Shihan's in Europe too?" Han Jingjing was a little surprised-if that was the case, it would be much easier to go back with Xu Shihan. After all, Xu Shihan wasn't a normal star.

"That's right. Sis-in-law Shihan is a guest at Cheng Yiyi's concert. LAN mi is holding a supplementary concert this time. It's a long story, so we can talk about it later. Anyway, sis-in-law Jingjing, as long as you can get to LAN mi, you can come back with sis-in-law Shihan. You don't have to worry about anything if you take her private plane." Lai Changyi said with certainty. With Xu Shihan's background and reputation, her private plane wouldn't be inspected or given trouble.

After some thought, Changyi said, "If it's not convenient for you to go, sister-in-law Jingjing, then I'll contact someone to pick you up at osdor, or you can go directly to sister-in-law Shihan."

"It's okay, I can go there myself!" Han Jingjing said casually. It was only a hundred and fifty kilometers, and it would only take an hour or two to get there. If she had to wait for Xu Shihan, it would be a waste of time.

"Alright, sister-in-law Jing Jing, take down their phone numbers first. I'll contact them first and let them know. If possible, it's best to come back as soon as we meet up." Changyi was worried about Lin Yi as well. If han Jingjing had a way to cure Lin Yi, the sooner the better.

It was a pity that osdor wasn't within the Buffon family's sphere of influence. Otherwise, Lai Changyi would definitely ask Keman to send Han Jing back directly. With their cooperative relationship and Keman's status as half a disciple of Lai Changyi, these small things shouldn't be a problem.

Han Jing Jing hung up after memorizing the numbers that Lai Changyi gave her. She took out a hundred euros and placed it next to her phone. It was the fee for the International call.

As for whether it was too much, it was not han Jingjing's concern. Anyway, it was all on the go, so it did not matter at all.

It wasn't too late to contact Xu Shihan after they got to blue rice. Right now, he had to think of a way to get to blue rice.

Han Jingjing, who was about to leave the house, suddenly felt that something was wrong. It was as if a threat was approaching, and the only thing that could threaten her was definitely not a gun or any other weapon.

He released his divine sense and found a middle-aged white Man in Black holding a cross-shaped sword in his hand. He was looking straight at han Jingjing as if the wall could not stop him at all.

Han Jingjing frowned. It was too much of a coincidence that someone who could threaten her existed in this small town and had appeared in front of her so quickly.

However, han Jingjing did not think that this was an operation specifically targeted at her. She had just been projected from the essence soul of the sky Island. Even the AO Tian state and Tian Xing Dao did not know that han Jingjing would appear in Europe. The possibility of sending people to deal with her was impossible.

"This old man seems to be quite capable, but I can't tell his strength level. It should be the system in Europe." Han Jingjing thought for a moment and felt that there was no need to waste time. Thus, she turned around and left the house from the other side.

However, just as han Jingjing appeared outside, an arrow was shot at her from the opposite building. There was a faint spiritual Qi fluctuation at the tip of the arrow, which was enough to hurt han Jingjing's primordial spirit.
