

Bodyguard 5781

Chapter 5781 It's Not Impossible If You Want To Go

"Please wait a moment, Jing Jing is currently creating the script for Lin Yi bro's golden core. After Jing Jing's calculations, putting in five sets of ingredients at a time will give you the maximum benefit, but it's best if the cores of sea beasts are of the five elements. This way, after forming a five-element cycle, the effects will increase by twenty percent! If one did not have the five elements, they could only use the inner core of a single-element sea beast. Of course, the difference in the level of the cores can't be too big, or it will affect the effect. "

Lin Yi was taken aback-this was the first time he'd heard that there was a cycle of five elements in elixir refinement. Han Jing Jing was too overpowered, even taking this into account!

In fact, no matter if it was Sky Class Island or the ancient martial world, a refiner always used one set of ingredients at a time. No one would put in several sets of ingredients at once like Lin Yi did. Even if there was a method like this, no one could use it, so it was normal that he'd never heard of it.

No matter what, this was a more powerful way of making elixirs. Lin Yi didn't hesitate anymore and picked out the five cores-metal, wood, water, fire, and earth-and put them into the Shennong cauldron along with the supplementary herbs.

To be honest, Lin Yi didn't have many cores of the fire attribute-one could only imagine how hard it was for a fire beast to survive in the sea. So, the maximum number of cores he could gather was fifteen portions, enough to make three times.

"Golden core golden core pill refining script has been generated. According to the weight of the materials, five sets of high-quality materials have been obtained. The estimated refining time is two hours and thirty-six minutes, and the estimated number of pills is seven. Please prepare your spirit sense pill fire and keep it in the input state."

The time it took to make the Golden core was one hour longer than the Foundation Stage golden core-it was almost double, and so was the amount of materials needed. Lin Yi didn't find it strange at all as he focused on the spirit Fire.

It was a good thing that Lin Yi's spirit sense was extremely strong, or else he would've passed out long ago if he kept on making elixirs like this. He didn't have any talent in making elixirs, but he was blessed in this aspect.

After two and a half hours, the first golden core and golden core were completed. The automatic alchemy system reported that there were eight completed pills, six special grade and two high-grade. Not only was it one more than expected, but the quality was also amazing. As expected, the five elements were different when it came to refining.

Unfortunately, there weren't many fire-attributed sea beasts. Lin Yi had to pick these fifteen cores from thousands of miles away. Fortunately, a single-attributed sea beast core could be used as well. Although the effect would be a little weaker, it wasn't a big problem.

He didn't need the Golden core yet, so he didn't waste time making it. He needed to prepare some practical pills before leaving.

As for the mystic Ascension inner core, Lin Yi only had one with him, and there was no recipe for the mystic supporting pill in the ancient martial world. Although he really wanted to make the mystic supporting pill to increase Chen Dongcheng's strength, he could only give up on that.

There were too few xuansheng stage sea beasts in the ancient martial world. If he wanted to get the inner core of a xuansheng stage sea beast, he would have to return to the Sky Class Island and think of a way. By then, even if he didn't have the recipe for the Xuan cultivating pill, Han Jing Jing's automatic pill refining system could analyze it and make it in the end.

Lin Yi spent an entire day and night making elixirs, and the elixirs were more or less enough for the people in the common world. After all, the spirit was different from Qi, and without the Jade space to support it, he needed to rest.

With Central's matters settled, Lin Yi had to return to Sky Class Island. He'd been here for too long, and to be honest, he was worried about Sky Class Island too, but everything was fine so far.

He opened the door to see LAN Guzha sitting on the floor in front of his room, with a lot of meat on the side. It seemed like he was protecting Lin Yi, which surprised him.

He was using his spirit sense refinement Fire This Time, so Lin Yi didn't release his spirit sense. He really didn't know that LAN Guzha would be waiting here.

"LAN Guzha, what are you doing here?" It wasn't easy to make LAN Guzha, who always focused on his handsome appearance, sit on the ground like this. Of course, Lin Yi was just curious why he didn't get a chair to sit on ...

When LAN Guzha heard the sound of the door opening, he immediately swallowed the food in his mouth and stood up quickly, "Boss, you've come out! I was afraid that they would come and disturb you, so I helped you keep watch here. "

In fact, Lin Yi had already told them that no one would disturb him before he came out unless it was something really important. However, this was also LAN Guzha's kind intention. He probably knew that Lin Yi was going back to Tianjie Island soon and was a little reluctant.

"LAN Guzha, come in. I have some things to discuss with you." Lin Yi smiled faintly and waved at LAN Guzha before turning back.

LAN Guzha followed her in a hurry. He did not forget to bring in the meat at the entrance.

"Boss, what's the matter? Just tell me, I, LAN Guzha, will definitely make sure that everything is done properly for boss!" LAN Guzha said immediately after he sat down. He appeared to be rather carefree.

"I told you before that I wanted you to stay in the common world to protect the people here. Do you have any other thoughts? if you want to go back to the endless sea, it's fine," Lin Yi said after some thought.

LAN Guzha's expression darkened slightly. He heaved a rare sigh and said, "Boss, I want to stay with you. I don't want to go back to the endless sea. If you can't take me to Sky Class Island, I'll stay here and protect my sisters-in-law."

"If it's Sky Class Island, it's not impossible for you to go!" Lin Yi said after some thought. The Jade space was his secret, but he could trust LAN Guzha's personality. Since he'd already considered this, Lin Yi didn't hesitate anymore.

LAN Guzha was overjoyed. He could not help but lean forward and asked anxiously, "Really? Boss, can I really go with you? It was too awesome! That Chen Dongcheng guy is still very reliable. It's enough to have him stay here. I, LAN Guzha, will follow boss to Sky Class Island!"

Lin Yi couldn't help but smile. Chen Dongcheng had used LAN Guzha's gene sample to reach the xuansheng stage, so he didn't really like him. Now that he heard that he could go to Sky Class Island with them, he immediately turned Chen Dongcheng into a very reliable person.

Chapter 5782 Zou Ruoming's Wedding (1)

"Of course it's true, but it's a bit dangerous, and you can't tell anyone about it. You can't say that you followed me when we get to Sky Class Island, either-you can only say that you were a sea serpent Dragon from the island!" Lin Yi believed that LAN Guzha wouldn't tell anyone about the space in the Jade, but he still needed to give him some reminders.

LAN Guzha also understood that Lin Yi had some secrets to let him know. He may be loud and boisterous all day, but he was no fool. He immediately turned serious, "Boss, I understand. I'm not afraid of danger. As long as I can be with you, what's a little danger? As for what you said, boss, I, LAN Guzha, will definitely keep it in mind. I will definitely not reveal any information to anyone. "

Even if LAN Guzha didn't say it, the people from central would be able to guess the truth if they found out. But when they reached Sky Class Island, Lin Yi could make LAN Guzha change his appearance, or have han Jingjing research a way to get people to Sky Class Island directly.

No matter what, as long as LAN Guzha went to Sky Class Island, he'd have something to say. Lin Yi's plan was to let LAN Guzha go to the sea to train and find his own opportunities after reaching Sky Class Island, and it might not attract Central's attention.

"Okay, after Jing Jing comes out, we'll head back to Sky Class Island. I'll let you enter a space that's mine only. No other living people can enter, but spirit beasts can live in it. You're a sea serpent Dragon, so

you're a spirit beast too, so I think you'll be able to go in. It's just that I'm not sure if you'll have any problems when you cross the plane to Sky Class Island." Lin Yi said seriously. He really wasn't trying to scare LAN Guzha. Even that thing didn't wake up in the common world, and elder Jiao couldn't appear on Sky Class Island. Who knew if LAN Guzha would be fine?

LAN Guzha laughed and said, "don't worry, boss. I, LAN Guzha, didn't die even when I was captured by central. I was saved by you, boss. This means that I'll be accompanied by good luck if I follow you, boss. There won't be any problems! Let's do this!"

Lin Yi thought about it and agreed. If he didn't save LAN Guzha, his body would've crumbled already. He was quite lucky.

"Boss, you don't have to worry about that. Let's try and see if you can let me enter your space first! If we can't get in, then everything will be in vain!" LAN Guzha had made up his mind to follow Lin Yi, so he was very concerned about whether he could enter the space Lin Yi mentioned like the spirit beasts.

"That's right, then let's try it!" Lin Yi had this idea from the start, and since LAN Guzha brought it up, he might as well give it a try.

The result was as expected. Although LAN Guzha was a sea serpent Dragon, he was still a spirit beast. There was no problem for him to enter the Jade space.

This way, he only needed to get LAN Guzha into the Jade space before Lin Yi left. He could get him out when they reached Sky Class Island. It was a pity that he couldn't bring people into the Jade space. Otherwise, he wouldn't have to run back and forth if he did.

After making the deal with LAN Guzha, Lin Yi started to bid farewell to the people from the secular world while han Jingjing was still studying the wormhole. He could leave immediately after han Jingjing came out. Everyone knew that he was going back, so they all put down everything they were doing and stayed in the villa.

Even Cheng Yiyi, who was far away in Europe, had rushed back without stopping after her concert tour.

But before he left, he remembered that he didn't know if ruoming and Liang ruoqing's wedding was done yet. He was the matchmaker, and he promised to host a wedding for them in Songshan. He had to keep his promise before he went back to Tianjie Island.

Lin Yi didn't waste any more time-he took out his phone and dialed ruoming's number, and the call went through after a few rings as if ruoming had been waiting for his call.

"Boss Lin Yi, you're back in Songshan?" Ruoming's surprised voice came through the receiver, lifting Lin Yi's mood considerably. He was indeed happy to have a good relationship.

"Yes, there are some things that I've delayed for a long time. Is your wedding done? I have to give you guys a wedding gift. " Lin Yi, of course, wasn't going to ask if they were still waiting for him to host the wedding-he'd just ask indirectly.

Ruoming laughed,"boss Lin Yi, are you trying to make me laugh?" It's all thanks to you that ruoqing and I can have what we have today! This was the best gift! And as for the wedding, we've already done it once at ruoqing's house, but Songshan city is still waiting for you, boss Lin Yi. Without you, we'd rather not have this wedding. "

Lin Yi wasn't surprised at all-he nodded."In that case, tell me the wedding date. I've been quite busy recently, so I'll be leaving after attending your wedding."

"Boss Lin Yi, I know you're busy, but if you're free today, then let's do it tonight!" Ruoming said, evidently prepared.

"Are the wedding preparations complete?" Lin Yi blinked, understanding that Ruoming must've booked the entire venue so that he could attend the wedding whenever he wanted. This amount of money wasn't even a drop in the ocean to Lin Yi, but it wasn't a small sum to House Zou.

"That's right. The bride, groom, and venue have all been prepared. We're just waiting for you to host the wedding!" Ruoming said with a bright smile. This wedding was all for Lin Yi, and as for the guests, House Zou didn't have many people they were close to, so it was easy to inform them.

In Ruoming's heart, his family and friends weren't on the same level as Lin Yi at all-he'd just treat them to another meal if he had to.

"Alright, since you're ready, I'll definitely be there on time tonight. Where is the location?" Lin Yi said with a smile. Ruoming's done a great job, and it didn't take up too much of his time-that was important.

"It's the Huangting Hotel's Supreme No. 1 private room. Why don't I pick you up, boss? If you have any friends with you, you're welcome to come along. " Ruoming was thinking of Lan Guzha, thinking that he'd have to get the hotel to prepare more meat with him around.

Lin Yi smiled faintly,"it's okay. We'll go there ourselves. You're quite busy today as a groom. Don't worry about me."

Chapter 5783 Zou Ruoming's Wedding (2)

"Alright then, since you've said so, boss Lin Yi, then ruoqing and I will be waiting for you and your friend here." Ruoming said respectfully before bidding Lin Yi farewell.

After hanging up, Lin Yi greeted LAN Guzha. He wasn't planning on bringing anyone else, but LAN Guzha was the one who'd witnessed the story between Zou Ruoming and Liang Ruoqing with him all the way. It wouldn't be a problem to bring him along, not to mention that LAN Guzha alone was enough to "represent" thirty to forty people.

Ruoming said that he didn't need a gift, but Lin Yi couldn't just go empty-handed, could he? There was no point in giving money, after all. No matter how poor House Zou was, they didn't lack money, especially since they had a marriage alliance with House Liang.

After some thought, Lin Yi decided to use the herbs from Sky Class Island to make two high quality bone cleansing pills as gifts for them. They were useless to him, but they were extremely effective for normal people like Ruoming. They could extend their lives by a hundred or two years.

When it was about time, Lin Yi drove LAN Guzha to the Huangting hotel. This hotel was one of the top hotels in Songshan, and even if they didn't use it, they had to pay two to three hundred thousand a day to book a room. Ruoming had spent quite a lot of money waiting for Lin Yi!

Lin Yi drove his old Grand Cherokee today, and a bellboy came to open the door for him when he arrived at the hotel. He didn't mind and gave him some tips before giving the key to the bellboy to park the car. He then brought LAN Guzha into the hotel.

Normally, there'd be a sign at the entrance of a hotel for guests to get married, but Lin Yi didn't see any sign of ruoming and Liang ruoqing getting married.

Supreme suite number one was the best suite in the area, after all. There was no reason for the hotel to overlook something like this. Lin Yi frowned as he sent out his spirit sense and found a broken sign in a remote corner. The White lilies on it were all ruined, and ruoming and Liang ruoqing's names were pretty much broken as well.

Lin Yi wasn't very pleased-this hotel was way too much, messing up their handcrafted notification board like this! Not only that, they didn't even put a notification on the screen! Was this a sign of dissatisfaction?

His spirit sense continued to extend, and the entire hotel appeared in his consciousness. He easily saw that there was another group of people confronting zou ruoming in the honored room.

"Boss, that zou ruoming kid's in trouble. Should I go and take care of those guys?" LAN Guzha's divine consciousness swept out as well. He was overjoyed when he discovered the situation. He did not expect that not only would he be able to have a feast today, but he could also loosen up his muscles and bones while he was at it!

"There's no need for you," Lin Yi smiled, "they're all small fry, not worth our time."

Ignoring LAN Guzha's disappointed look, he took out his phone and called Kang Xiaobo, then brought LAN Guzha up the elevator.

They could already hear the argument from inside when they arrived outside the room. Lin Yi didn't rush in, and listened outside with LAN Guzha.

"Zou ruoming, Cheng bro said that you'll have to let us have this place today, no matter what. Don't think that you can fly into the sky just because you married a woman from house Liang-it's just a new Noble House, and if you don't know what's good for you, do you believe that your wife will become the wife of all of us tonight?" A yellow-haired youngster was yelling inside, and ruoming was about to charge at him, but Liang ruoqing pulled him back.

"Today's my big day with bro Ming, so I don't want to argue with you guys. Leave now, or else, even your bro Cheng won't be able to live a good life!" Liang ruoqing's pretty face was frosty as she spoke in a neither humble nor arrogant manner.

After all, she was a lady from the Liang family, so she was not at a disadvantage in terms of imposing manner.

"Yo, this girl is quite shrewish! Little girl, what kind of good days can you have by following this poor family? follow us brothers, and we guarantee that you'll have good days every day!" Another yellow-haired man said with a perverted smile. He didn't have any respect for the new aristocratic family, the Liang family.

"Ruoqing, why are you talking nonsense with them? today, I'll first cripple a few of their small fries!" Ruoming's blood was boiling-he'd rather die than endure this humiliation!

The leader of the group of hooligans snorted and said, ""Zou ruoming, do you still think that Songshan city is still your house's time? Brother Cheng is giving you face by letting you use Supreme one for so long. Today, he's going to invite a Big Shot here, as well as all the famous people in Songshan. If you know what's good for you, then get lost, or don't blame us for not being polite. "

"I think we should let his wife stay as the main course. Brother Cheng will definitely like it!" Another yellow-haired man laughed and said.

Liang ruoqing ignored him and sneered, ""That brother Cheng of yours is going to invite some Big Shot to a banquet. It can't be that he just decided on it today, right? Songschan's big names, huh? the sky's getting dark and you're here to take our reserved room? do you really think we're pushovers?"

"What a joke! This Supreme suite number one was originally reserved for our brother Cheng. When did he come and go as he pleased? did you guys reserve it? You guys have to give us what you've decided on! If you continue to be so long-winded, do you believe that we'll F * ck you in front of your useless husband?" The Blondie from before pointed at Liang ruoqing arrogantly and said. The expression on his face seemed to be eager for her to continue arguing.

Lin Yi took a step forward and appeared in front of the yellow-haired guy like a ghost. He gently slapped him and sent him flying out of the room. The yellow-haired guy hit the wall and spat out a mouthful of blood. His head tilted and he passed out.

If he had not shown mercy, this guy would have turned into a cloud of blood mist and disappeared.

"Boss, why did you do it yourself? let me do this!" LAN Guzha quickly followed up, rolling up his sleeves and ready to make a move, but seeing Lin Yi's lack of reaction, he could only put down his arm in frustration.

"This is zou ruoming and Liang ruoqing's wedding-those who aren't invited can get lost now!" Lin Yi looked at the gangsters coldly, his voice emotionless.

He didn't want to bother with these normal people, but these guys were too mean and Lin Yi couldn't stand it anymore.

Chapter 5784 Zou Ruoming's Wedding (3)

The gangsters didn't know who Lin Yi was, but they were intimidated by his aura. None of them dared to speak.

"Who's telling my people to get lost? is Songshan going to change?" A young man stepped out of the elevator coldly and heard Lin Yi's words. He smiled coldly as he walked in.

"Brother Cheng!"

"Young master Cheng!"

The gangsters seemed to have found their pillar of support as they greeted Lin Yi excitedly and respectfully, looking at him as if he were a dead man.

LAN Guzha looked at this foolish person who was acting all high and mighty in amusement. He thought to himself, 'what's this fellow's cultivation level? I'll have to consult my boss later.'

It was not that this fellow's strength was too high, but it was too low. LAN Guzha was not very familiar with the division of levels below the foundation building stage. After all, there were almost no sea beasts that were so weak. He did not have any idea.

Lin Yi, of course, knew that an Earth Class late phase peak was a pretty good position in Songshan, but challenging him with that was a bit too much of a joke.

"My boss told you guys to get lost, and you guys still didn't get lost?" LAN Guzha glared at him before turning to Lin Yi with a big smile on his face. "Boss, they don't want to get lost. Do you want me to get them to get lost one by one?"

When LAN Guzha said "roll," he meant it. He thought that it would be a good game, but Lin Yi didn't agree to it.

Lin Yi looked at that young master Cheng indifferently and said without a trace of anger, "Change the heavens? Did the weather change in Songshan?"

Young master Cheng paused, not quite understanding what Lin Yi meant. Was he trying to stand up for the fallen House zou? Make house zou the top power in Songshan again? Even so, it could be considered as changing the heavens and changing the heavens, right?

Lin Yi couldn't be bothered with an ant like him—he didn't even want to know who this guy was. The difference was too big, and he didn't even have the mood to care.

What Lin Yi meant was that the sky of Songshan city would always be in his hands, no matter if he was here or not, no one would be able to control it as long as he wasn't dead! This was Lin Yi's base camp in the common world, after all. Who dared to claim control over this place? He simply didn't know how to spell the word 'death'!

Young master Cheng was hesitant. Lin Yi and LAN Guzha looked like normal people, but the Lackey that flew out was definitely not someone normal people could move. He suspected that there was more to the two of them than met the eye, and it was because of this that he didn't dare to act rashly.

"You two, do you know who's in charge of Songshan? Although I'm only the second-in-command, I'm a man of my word. If you give up this place today, I'll owe you a favor. Otherwise, the noble families behind us would have no problem crushing the small Liang family!" An Jiancheng thought for a moment and softened his attitude, but he still made a threat.

"Get lost!" Lin Yi didn't show any expression as he told them to get lost. What Noble House in the common world would dare to mess around with him? He really wanted to see it! However, this guy's name was quite familiar. An Jiancheng? What did it have to do with that idiot An Jianwen?

An Jiancheng's face turned cold and he sneered, ""Don't be so shameless. Do you know who I'm inviting today? Not just in Songshan, even in the whole of Huaxia, he's someone who can shake the world with a stomp of his feet. If you delay my big plan, none of you here will have a good time today!"

"Aiyo, you scared me to death!" LAN Guzha screeched as if he wished for the world to be in chaos. Then, he laughed in an enigmatic manner and said, "I have to stomp my feet and tremble a few times every day. I don't know when I accidentally brought you out, you son of a bitch. You actually came here to scare me. Do you really think I'm scared?"

Lin Yi didn't know what to say. LAN Guzha was a simple Sea Dragon, how did he become like this? Even if society was a big dye vat, he didn't go to society at all ...

Besides, you're a Sea Dragon! If you're this son of a b*tch's father, then isn't this family relationship a little too complicated?

"You're looking for death!" Before an Jiancheng could say anything, his underlings couldn't hold back anymore. This was the best time to show their loyalty. No one was willing to fall behind. Each of them rolled up their sleeves and rolled up their arms, ready to teach LAN Guzha a lesson.

LAN Guzha was instantly excited. He had wasted so much saliva just to get this effect! Boss, please don't stop them!

Unfortunately, before these guys could do anything, the elevator opened again and attracted their attention. A young woman dressed in international brands came out. Her makeup was exquisite, and she had light blonde shoulder-length curly hair. Although she was wearing large sunglasses and couldn't see her face clearly, her aura was very powerful.

Behind her, there were four men and women. They seemed to be her assistants, makeup artists, costume designers, bodyguards, and so on. It was obvious that they were a team of celebrities.

"Emily! It's Miss Emily!" The underlings who were about to rush up turned around and saw the woman. They immediately changed their target and looked in the direction of the elevator. If it wasn't for an Jiancheng, they would have rushed up and surrounded her.

LAN Guzha looked at the woman called Emily with resentment. The resentment in his heart was deep! It wasn't easy for GE to get into a fight, what's a little girl like you doing here?

Emily's cold face immediately lit up when she saw an Jiancheng. She took off her sunglasses and revealed her delicate face and beautiful eyes. She smiled and walked over quickly, ""Young master Cheng, you came so early! I'm sorry, am I late? I said I wanted to familiarize myself with the venue and

environment. I'm really sorry! Young master Cheng, you're a magnanimous man, so please don't haggle with me!"

Anjiancheng saw Emily and put Lin Yi and the others aside for the time being. He gave a smile that he thought was handsome, "Miss Emily is so dedicated, how can you be late? I also came in advance to see Miss Emily, I'm your fan! It's my honor to be able to invite Miss Emily to sing!"

"Young master Cheng, you only know how to make people happy! You can call me whenever you want to listen to songs. " Emily smiled charmingly and secretly threw a flirtatious glance at an Jiancheng, secretly pleased with herself.

Despite anjiancheng's polite appearance, the fire in his eyes betrayed his thoughts. Emily was very confident in her charm, and this anjiancheng would never escape from her!

Chapter 5785 Zou Ruoming's Wedding (4)

"Eh, didn't young master Cheng invite a distinguished guest today? Why did it look like a wedding?" Emily knew that if she was too enthusiastic, an Jiancheng might not pay attention to her. Fishing for rich guys was the same as fishing, and one had to know how to control one's emotions, so she changed the topic.

"There are some guys who are trying to steal my spot," an Jiancheng sneered. "Emily, don't worry, this won't affect your performance."

Emily turned to look at Lin Yi, her eyes brightened. She didn't know who Lin Yi was, but he had an attractive aura about him, and he was much better looking than an Jiancheng.

It was a pity that she didn't know many young masters from rich and powerful families. The one in front of her was obviously not on the list of those young masters. Otherwise, she could go and make friends with him.

Emily wasn't interested in getting to know Lin Yi since he wasn't a rich young master. She continued to observe the others, and it seemed like Lin Yi was the leader. She could only twist her waist and raise her chin proudly in front of him.

"You're their leader, right? Before young master Cheng gets angry, I advise you to leave quickly. Of course, I'll give each of you an autographed photo of me as compensation. I'll also make an exception and agree to take a photo with the bride and groom as a blessing to them. What do you think?" Emily's face was as if she was giving out charity, as if Lin Yi was taking advantage of her.

"Who are you?" Lin Yi frowned. If Zou Ruoming didn't invite you, you should get lost!"

Emily, who had a proud expression on her face, was instantly petrified. This bastard actually asked who she was? Didn't she know that she, Emily, was already a first-class idol star in the country? Even though she was still very far from the S-list and could not compare to those Heavenly kings and queens, there were not many people in the country who did not know her!

LAN Guzha leaned over and asked softly, "boss, what's the use of this silly woman's autographed photo?" Is it used to clean up your mess?"

Lin Yi couldn't help but smile-this guy was getting worse, but he liked it!

Emily's pretty face instantly flushed red, and her fingers dug into her palms. She almost couldn't hold back the anger in her heart. Autographed photos to clean up his mess? This B * stard is simply going too far!

Emily had never experienced such humiliation ever since she became famous. For a moment, she did not know how to react.

Although an Jiancheng also found LAN Guzha's words funny, it was the time for him to show off. He rushed forward and blocked Emily behind him, pointing at LAN Guzha angrily. "Good boy! I dare you to say it again, and you'll see how this young master deals with you!"

LAN Guzha was immediately overjoyed. There was actually such a good thing. After scolding someone, he could continue to beat someone up. This was simply too great!

"Boss, what's the use of this silly woman's autographed photo? Is it used to clean up your mess?" LAN Guzha repeated loudly, then looked at an Jiancheng expectantly, thinking, "hurry up and do it!" Hurry up! Otherwise, boss would stop me from beating you up again!

Emily was about to go crazy. She was a big Shot, but she was called a silly woman in front of others. Not only did she use her autographed photo to clean up her mess, but she was also called a silly woman twice in a row! Two times!

An Jiancheng's eyes turned cold as he swung his hand towards LAN Guzha's handsome face. Lin Yi, of course, wouldn't stop him if he wanted to die. LAN Guzha had been waiting for this for a long time, hoping that an Jiancheng would move faster.

Unfortunately, just as an Jiancheng raised his hand, the elevator door opened again. The General Manager of huangting hotel rushed out and shouted, ""Young master Cheng, young master Cheng, please calm down. I will definitely settle this matter!"

This time, it was LAN Guzha's turn to be mad with anger. This damn elevator was too much of a hindrance! Shouldn't I go and dismantle this thing first? There were a total of four elevators on the left and right, which was something that could be easily removed with one hand and one foot.

Jiancheng retracted his palm. To be honest, he was pushed too hard just now and he'd be too embarrassed to show his face if he didn't put on an act, but he wasn't sure if he'd be able to deal with Lin Yi and LAN Guzha himself.

If not for this, with his style of doing things, he would have already ordered his men to hack these guys to death the moment he arrived here! Why would he waste so much time with them?

The manager wiped the cold sweat off his forehead as he rushed over to ruoming. "Mr. Jin, huangting hotel has been fully booked today, so we'll have to ask you to change the location of your wedding. If you need it, we can contact another hotel for you. What do you think?"

Ruoming's heart settled the moment he saw Lin Yi-he'd let Lin Yi handle everything, but since the guy was talking to him directly, he had to come out and answer.

"Is this how your hotel does business? The reservation fee for Supreme suite number one is 250000 a day. You should be very clear on which day I'll start and which day I'll reserve it, right? When I wasn't using it, you gave this room to someone else and I didn't get back the money. Now that I'm using it, you're giving me this? Do you really think you can just do whatever you want to me?" Ruoming wasn't pleased at all-it was one thing for an Jiancheng to look down on house zus, but how dare a mere huangting hotel's general manager play tricks on him?

More sweat appeared on the General Manager's forehead-he didn't mention the refund on purpose just now, hoping that zou ruoming wouldn't mention it under the pressure of anjiancheng. It was just as zou ruoming had said, he'd given Supreme one to someone else, and he'd taken the fee that zou ruoming had reserved. Even if he wanted to return it now, there was no way.

"Mr. Zou, today's fees can be refunded to you. Although you have a reservation, the entire huangting hotel has been reserved by young master Cheng. Your reservation can only be canceled. This is something that can't be helped. I hope you can understand!" The General Manager gritted his teeth and thought to himself, it's fine to return today's fees, but it's absolutely impossible to ask for the previous fees!

Lin Yi raised a hand to stop ruoming from continuing, his eyes cold as he looked at the General Manager."If huangting hotel has to do business like this, then there's no need to continue!"

This guy's body trembled, and his heart felt a little cold, but he still braced himself and said,""What a joke! Who Do You Think You Are? How dare you criticize our huangting hotel's business? leave, leave, we don't welcome you. Please leave immediately!"

"LAN Guzha, throw this noisy fellow out. He's too annoying!" Lin Yi couldn't be bothered with a small fry like him and gave LAN Guzha an order.

Chapter 5786 Zou Ruoming's Wedding (5)

Lin Yi wanted to throw it out himself, but seeing LAN Guzha's eagerness, he couldn't bear to keep pressing on him and let him do it.

"Alright! Boss, just you wait and see. You don't have to worry about me, LAN Guzha!" Before he could finish his sentence, LAN Guzha had already grabbed the General Manager's tie and lifted him up like a chick. He thought for a moment before he continued to ask, "Boss, should we throw him out of the window or the door?"

That fellow's face was pale with fear. After being caught by LAN Guzha, he could not move at all. He could not even speak. He could not even beg for mercy, let alone anything else.

If LAN Guzha had really thrown him out of the window, it would be considered good if he could be reduced to a pile of minced meat after going down from such a high floor.

"Throw it outside the door!" Lin Yi waved his hand casually. He didn't care if he killed a small fry like him, but he didn't want to kill him so easily.

LAN Guzha responded with an "Oh." He estimated the strength in his hand and threw it out gently. The General Manager flew out with a whoosh and slammed hard on an elevator door, causing the alloy door to collapse. However, the guy was fine. LAN Guzha's strength was transmitted to the elevator door, so his body did not withstand much force.

"Beautiful! One was destroyed!" LAN Guzha gave himself a thumbs up. Of course, he did it on purpose to destroy an elevator that was always in the way.

It was a pity that there were still three elevators that had not been destroyed. LAN Guzha had already glanced at an Jiancheng and Emily with ill intentions. As for not hitting women and the like, sorry, in the eyes of the wyrm dragon, humans were humans, there was no distinction between men and women!

An Jiancheng looked at LAN Guzha fearfully, thinking to himself that it was a good thing he didn't make a move just now, or else he wouldn't have an easy time.

This blue-golden haired guy was quite strong. Although he couldn't tell his exact level, he was definitely not weaker than an Jiancheng!

Emily didn't know how powerful it was. Although the Hotel General Manager had smashed the elevator door, in her opinion, it was only because the elevator door was made of poor material. Otherwise, the General Manager wouldn't have been able to stand up immediately and run away alive.

"They're really too impudent. Young master Cheng, who exactly are they to actually be so arrogant! Do you want me to find someone to deal with them? With Emily's face, I don't believe that I can't find someone who can take care of them!" Emily said through gritted teeth, not forgetting to show off her wide circle of friends.

Before anjiancheng could say anything, another person came out of the elevator. This time, it was two big bosses of the business world. They saw the atmosphere was a little off and wanted to leave, but anjiancheng had already seen them. If they left now, they would most likely offend anjiancheng!

"Young master Cheng, and Miss Emily, what's going on?" One of the guys saw that he couldn't leave, so he directly greeted an Jiancheng.

The other one was also a smart person, and he followed closely to greet an Jiancheng. No matter what, they couldn't offend an Jiancheng. As for the people who were confronting an Jiancheng, they wouldn't get involved easily before they figured out the situation.

An Jiancheng only nodded and didn't even bother to say anything. These two were pretty good people in the business world, but they were only at the bottom of the guest list today.

The two business elites were embarrassed, but they didn't dare to express their dissatisfaction. They could only stand aside and pretend to look at the decorations around them.

At this time, the other two elevators opened one after another, and a few more groups of people came in. They were all young people, and they seemed to know each other. As they came out, they were very familiar with each other and were laughing and chatting.

"Brother Cheng, you came so early! Are you here to see Miss Emily?" The young man at the front laughed and waved at an Jiancheng.

An Jiancheng finally smiled. ""You're all here, and you're even coming in groups. Are you afraid that others won't know that you're the five little Dragons of a newly-advanced aristocratic family?"

"Hahaha, what are you talking about the five little Dragons for? with brother Cheng, the big dragon, here, what are us five little Dragons?" Another muscular man also laughed and said.

Of these two groups, the five in the lead were the second generation of the new aristocratic families, while the rest were their lackeys. They often hung out together, so they were very familiar with each other.

"Eh, isn't that Liang ruoqing from the Liang family? she's getting married here today?" One of the guys who knew Liang ruoqing said in surprise. After all, they were all from new aristocratic families, so they would have some interactions.

"Brother Cheng, didn't you reserve this place for young master han? Why is the Liang family holding a wedding here?" The well-built man asked in a low voice.

An Jiancheng's face darkened and he snorted,""I, an Jiancheng, don't have enough face. They're not even willing to give up the first honored room!"

"This is simply preposterous!" The five little Dragons immediately exploded. They stepped forward with righteous indignation and threatened,""Liang ruoqing, even your father, Liang bufan, has to be careful when he sees brother Cheng, let alone a little girl like you. Let us give you a piece of advice. Hurry up and leave. Otherwise, when young master han comes, your face will be even more ugly."

Liang ruoqing's face was a little pale. She knew how strong Lin Yi was, but they weren't facing a new Noble House, but an Alliance of them. She didn't care about herself, but the Liang family was there, after all. She didn't want to cause trouble for her family.

"Where did these five bugs come from? so annoying!" Lin Yi smiled faintly.

"That's right, boss, do you want me to throw them out too? This kind of trash actually dared to call himself a Dragon? I'm dying of laughter!" LAN Guzha revealed a terrifying smile. He clenched his fist and was about to make a move.

I don't even dare to call myself a Dragon, and you weaklings dare to call me five little Dragons in front of me? This was simply an insult to the Dragon race!

"Brother Cheng, where did these two idiots come from? You actually dare to show off in front of us brothers! Even if young master Han was here, he would have to give us some face. Who the hell are these two people? Why don't we cripple this guy first!" One of the five dragons who had not spoken much all this while suddenly exploded. It seemed like he was a guy who liked to curse.

LAN Guzha had wanted to beat someone up for a long time, and now that he had a reason to do so, he didn't charge up like before. Instead, he sent a stream of pure Qi out with his hand, sending the bug flying before apologizing to Lin Yi, "Boss, I'm sorry I couldn't hold back."

Chapter 5787 Zou Ruoming's Wedding (6)

If Lin Yi didn't want LAN Guzha to make a move, he could naturally stop him. Since he didn't stop him, it meant that he didn't mind LAN Guzha making a move. So he smiled, "If you can't bear it, then don't!"

They were just a bunch of clowns, and Lin Yi didn't want to waste his time on them anymore.

LAN Guzha was overjoyed—he knew that Lin Yi had agreed to help, but someone else came out of the elevator! LAN Guzha swore that when he turned around and left, he would definitely tear down these elevators!

But when he saw that it was Kang Xiaobo and Lai Changyi, LAN Guzha's anger subsided. He couldn't be angry at his own people, could he?

"Boss, we're here!" Kang Xiaobo and Lai Changyi walked over and greeted Lin Yi with respect.

Lin Yi chuckled to himself-the two were doing this on purpose, weren't they? He didn't usually have such an attitude. At his level, did he still need to act like this?

"Kang Xiaobo and Lai Changyi from miracle doctor Guan's Medical Group are here to congratulate zou ruoming and miss Liang ruoqing on their wedding!" The hotel's reception was supposed to be watching the show from the outside, but the two came in with gifts and even greeted Lin Yi-they didn't dare delay and announced their names immediately.

A small figure like him might not know the five dragons, but anyone who stayed in Songshan would know the two Joint Directors of miracle doctor Guan Medical Group. They were the real big shots that could shake the entire city!

An Jiancheng's face changed. There was no one in Songshan who didn't know Kang Xiaobo and Lai Changyi. The people behind Kang Xiaobo told him that no one should mess with miracle doctor Guan's Medical Group, or no one could save him!

He wasn't expecting these two to come here in person-he'd never heard of them having any dealings with zou ruoming! Wait a minute, Kang Xiaobo and Lai Changyi were calling that brat boss? An Jiancheng suddenly realized that he had overlooked too many things, and there was even some fear in his eyes!

"Zou ruoming, why didn't you tell us that you're getting married? we're schoolmates, after all!" Xiaobo had come to support ruoming after receiving Lin Yi's phone call, and so he went to give ruoming a warm hug after greeting Lin Yi.

Ruoming naturally knew that they were doing this for Lin Yi's sake, but he was still very happy. Jiancheng's men were coming in waves, and his side seemed to be getting weaker and weaker. Even if Lin Yi could take on all of them by himself, it was still a little shabby.

Now that these two were Lin Yi's lackeys, it was a completely different story!

The guy who was sent flying by LAN Guzha did not suffer any serious injuries. He was already walking over with a grimace on his face. He roared at his men, "Are you all dead? You don't even have any reaction when you see this young master being beaten up?"

Before he could finish his sentence, LAN Guzha's figure flashed and he appeared in the middle of the lackeys like a ghost. In just an instant, these guys were all knocked down by him and piled up together in a human pyramid.

"This is much more spacious!" LAN Guzha clapped his hands in satisfaction. Then, he suddenly thought of something and asked the fellow, "By the way, how do you think they'll react? I'll help you see if they can still do it. "

An Jiancheng and his gang were completely dumbfounded. They had thought that LAN Guzha was a little powerful, but they had not experienced it for themselves. Now they finally understood that this was not an existence they could fight against!

No matter how powerful they were, they were nothing in front of Lin Yi's strength. Jiancheng already knew Lin Yi's identity, and the person behind Lin Yi warned him. He didn't know what to do now.

The two people who came later confirmed Lin Yi's identity-the two superstars of Huaxia, Xu Shihan and Cheng Yiyi!

As the two beauties walked out of the elevator, the five dragons on Jianwen's side all turned into bugs. They had no choice-these two might be celebrities to normal people, but they were young masters from noble houses. If they didn't know who they really were, they would've died a hundred times over!

Emily saw Xu Shihan and Xu Shihan and quickly went up to them, smiling and nodding, ""Sister Shihan, sister Yiyi!"

Xu Shihan nodded with a smile, but Cheng Yiyi said coldly, ""Who are you?"

Emily's face immediately flushed red. She had barely managed to make it into the A-list, but Cheng Yiyi had directly asked her who she was. This was too face smacking!

The problem was that she didn't dare to get angry. An A-list celebrity might sound like a big Shot, but when compared to a superstar like Cheng Yiyi, an international diva, there was no way she could be compared!

Not to mention Cheng Yiyi's terrifying background, even with the disparity in status between the two parties, as long as Cheng Yiyi said that she wanted to ban Emily, an A-list star like her would immediately fade into the crowd. It was guaranteed that there would be no splash!

"Sister Yiyi, I'm Emily. I've seen you at this year's China Golden Melody Awards." Emily felt like she was going crazy, but she had no choice but to smile and speak.

"I don't remember!" "Let's go," Cheng Yiyi said bluntly. Then, she casually pulled her to the side. If it were any other occasion, Cheng Yiyi might have tried to interact with her. After all, they were in the same circle, and it was not a bad thing to help the younger generation.

But since Emily was here to go against Lin Yi, Cheng Yiyi was already giving her face by not beating her to the ground. Why would she be nice to her?

"Lin Yi, why didn't you invite us to your friend's wedding? Sister Shihan and I have prepared a song to congratulate the new couple. This is the bride and groom, right? They are indeed a perfect match!" Cheng Yiyi's expression changed completely when she walked towards Lin Yi. Her smile was as beautiful as a flower, and it made Emily's teeth itch even more.

Ruoming couldn't help but blush at Cheng Yiyi's praise-Liang ruoqing was pretty, but as for a man ... Wasn't it a huge insult to someone who'd repeated for ten thousand years?

Emily remembered how arrogant she was in front of Lin Yi, thinking that he was just a pretty boy. She regretted it so much that her intestines turned green. This bastard was detestable! He's obviously so powerful, but he's pretending to be a loser! Would it kill him not to act tough? Ah?

Forget it, the most important thing now was to think of how to remedy it, or else she, Emily, would really be done for!

Chapter 5788 Zou Ruoming's Wedding (7)

If Lin Yi knew what Emily was thinking, he'd be quite speechless. He was a natural tall, rich, and handsome man, when did he ever pretend to be a loser?

By the time Jingyi arrived, Jiancheng was already numb. Since he'd confirmed that it was Lin Yi, he should be thinking about how to keep his life, not fighting for that damn room one.

The five dragons didn't know Lin Yi, but they would definitely know sun Jingyi. This was the head of a Noble House that was even higher class than their own-they'd be digging their own graves if they didn't know her.

But even such a strong woman, just like Xu Shihan and Cheng Yiyi, came to Lin Yi's side with a smile. She didn't even look at them from the corner of her eyes, only talking to Lin Yi and the others, and congratulating the bride and groom.

What put them in a difficult position was that the people following her were the legendary hidden house Yu's Yu Bing, hidden house Zhuang's Zhuang niaoqiang, hidden house Pi's Pi Zhihai ...

They didn't even dare to look anymore, and all kneeled down with their lackeys. Lin Yi didn't have time to deal with them, and had ruoming get them in so they wouldn't be blocking the door.

Other than the five little Dragons, all of the famous people that anjiancheng had invited were immediately invited to ruoming's wedding. It was impossible to get to where they were without a good eye for things.

An Jiancheng stood in front of the five dragons, his eyes blank. Because they were all kneeling, he looked especially out of place. Lin Yi was still there, and he didn't dare to sneak away.

When the elevator opened again, anjiancheng's eyes finally lit up when he saw the person. He quickly greeted, ""Young master han! You've come!"

Mr. Han was the Big Shot that anjiancheng was planning to invite to the banquet today, but after knowing Lin Yi's identity, he knew that he was an idiot. His only hope now was for Mr. Han to put in a few good words for him, so that Lin Yi wouldn't kill him with one slap.

Lin Yi's eyes flashed. He didn't think that the young master han Jiancheng was talking about was han xiaopo. The kid came to Songshan to see Lin Yi, of course, but why was he hanging out with Jiancheng?

"Boss!" Han xiaopo ignored an Jiancheng and walked to Lin Yi with an embarrassed face. It was obvious that he had heard about what had happened.

Lin Yi had only casually asked Xiaobo to get some people with enough power to back ruoming up, so that he could live a more comfortable life in Songshan. He didn't think that the kid would get all the powerful people in Songshan to come, and han xiaopo was naturally on the list.

"Han xiaopo, it looks like you're doing pretty well now!" Lin Yi said faintly, still a little uncomfortable.

It was obvious that an Jianwen had something to do with this guy. Han xiaopo knew that Lin Yi and an Jianwen were enemies, and an Jianwen was one of the main leaders of Central's incident. He was on good terms with an Jianwen, so Lin Yi would definitely have some thoughts about him.

"Boss, let me explain!" Han xiaopo smiled bitterly and shook her head, then said sincerely, ""Boss, the Han family is where we are today all because of you. If it weren't for you, the Han family would've been split up by the other hidden noble houses. No matter what, Xiao po would never do anything to let you down. You must believe me on this, boss."

Lin Yi didn't say anything, but his heart was a lot calmer. If Han Xiaopo really wanted to partner up with an Jianwen and Central, he'd be disappointed at most. One Han family wasn't enough to change the situation, but Lin Yi really didn't want Han Xiaopo to go the wrong way.

Since Han Xiaopo had something to say, Lin Yi would listen to him.

"Boss, an Jiancheng has a lot of rare treasures in his hands, and you can't find anything better than them in the whole world. I have to give him some face if he wants to establish himself in Songshan city. After all, only the an Central Group has those treasures. Of course, I also warned him not to touch anyone related to you, or I'll be the first one to deal with him!" Han Xiaopo explained simply and clearly, and Lin Yi understood what he meant.

The an's central Group was established by an Jianwen with the help of Central's resources, and he was now his spokesperson. This guy was really everywhere.

But Lin Yi wasn't surprised-the second base was just outside of Songshan, after all, and it was only natural for the central an group to use Songshan as their base. It'd be weird if they moved elsewhere.

With the wormholes, Central could send technology from the common world to Sky Class Island and start a technological storm. Of course, they could also send things from Sky Class Island to the common world. Some of those broken herbs were already top-tier treasures in the common world. This was a two-way profit, and it was a monopoly. If an Jianwen didn't take this opportunity to make some money, then he wouldn't be an Jianwen.

Lin Yi nodded, "I understand. I'll let it go this time. Be careful when you deal with Central. This kind of thing isn't suitable for you."

"I understand, boss. I'll be more careful in the future!" Han xiaopo let out a sigh of relief and immediately bowed in agreement. Compared to Lin Yi, everything else was meaningless. No matter how many good things the an Central Group had in the future, han xiaopo would never work with them again.

Fortunately, he hadn't gotten too involved this time, or it would be difficult to get out of this!

Lin Yi glanced at him faintly, "Did you send a message to an Jianwen? When is he coming?"

Jiancheng was taken aback-he thought he'd been well-hidden enough, but Lin Yi still found him.

"Lin Yi, since you know Wen bro's coming, you should control yourself. Don't think that I'm afraid of you!" Since he was discovered, an Jiancheng didn't bother to hide anymore and growled.

When Jianwen mentioned Lin Yi to him before, he did warn him not to mess with Lin Yi, but when he talked about him and Lin Yi, he didn't say that he was scared of Lin Yi!

The consequence of bragging was that an Jiancheng thought that his Wen bro was afraid of Lin Yi, but in fact, he could take him down for sure! It was because of this that when han xiaopo completely gave up on him, he didn't hesitate to call an Jianwen to save him.

It was a good thing that he didn't say that Lin Yi was here in the message, only asking Jianwen to come to the huangting hotel's Supreme suite number one for help. Otherwise, Jianwen wouldn't have come to save him no matter what!

Chapter 5789 Zou Ruoming's Wedding (8)

Lin Yi frowned slightly and sent out two thin strands of Qi, hitting an Jiancheng's knees, making him kneel down with the five dragons.

"You talk too much, just kneel and let an Jianwen come!" Lin Yi said faintly before turning to han xiaopo, "Xiao po, you go in and sit first. We'll talk later."

"Boss, you're not going in? Why don't I stay here with you? it's very rare for me to see you, boss, so it's good to be able to talk for a while. " Han xiaopo said with a smile. Lin Yi didn't blame him, which made him relax and feel better.

Lin Yi shrugged, "never mind then. Let's go in and sit together. I wanted to wait for an Jianwen to come in so that he wouldn't ruin the atmosphere, but then I thought that this guy isn't worth my time. Let's go in first."

LAN Guzha had long wanted to go in and eat something. These fellows were all soft-legged shrimps. They had long knelt down and begged for mercy. Since they could not fight, of course, they had to eat a lot of things to make up for it. However, before he went in, he did not forget to glare at them and threaten, "Kneel down properly. If anyone dares to get up and walk away, I'll immediately exterminate your entire family!"

Of course, he was just saying it casually. Even if LAN Guzha wanted to do it, Lin Yi wouldn't allow him to do it. But the five dragons didn't know that. Seeing LAN Guzha's fiendish tone, they all nodded their heads, indicating that they wouldn't leave!

LAN Guzha nodded in satisfaction and followed Lin Yi in. He realized that he couldn't keep up with Lin Yi anymore. Lin Yi was like a moon surrounded by stars the moment he entered. Many people wanted to get to know Lin Yi, and they couldn't separate them without using some pure Qi.

Lin Yi said perfunctorily, and he got impatient. He released his pure Qi to isolate himself from the people outside, and walked over.

"Eh, this guy came quite quickly!" Lin Yi mumbled to himself as he walked in before turning around to leave. His spirit sense had already found out that Jianwen was on the roof of Huangting hotel. With the speed of a flying saucer, it wasn't strange for him to get here so quickly.

"Cheng, why are you kneeling here? Who's tired of living and dares to touch our family!" Jianwen was furious when he saw Jiancheng kneeling on the ground. He waved his hand and the ten bio-humans behind him sealed the door.

Before Jiancheng could say anything, Lin Yi walked out and said faintly, "I'm the one who touched your family. What are you going to do?"

Jianwen shivered-Lin Yi's voice was a nightmare to him! Although central had just signed a truce agreement with Lin Yi, it didn't guarantee that Lin Yi wouldn't kill him!

"Lin Yi, are you tired of living? how dare you touch our family!" Jianwen suddenly yelled and kicked Jiancheng's face. He yelled even louder, "If you want to move, then move seriously. What's the point of letting him kneel? It has to be like this, you know? Don't give me any face in the future, it's fine even if you beat this bastard to death!"

The five dragons almost fainted when they saw Jianwen beating up Jiancheng. What the hell was with that line? Aren't you an Jiancheng's brother?

Lin Yi was speechless-so making an Jiancheng kneel was already giving him face? Today, he had finally witnessed what it meant to be invincible!

"Alright, stop acting. Tell me what you're doing here. You didn't come all the way here just to beat up your brother, did you?" Lin Yi looked at Jianwen with a half-smile on his face. They'd just signed the agreement, but it'd be nice to beat him up if he had the chance.

Jianwen glanced into the room and made a decision. "Isn't someone getting married here? I'm here to present my gifts. Yes, yes, yes, I'm here to present my gifts. Beating this kid up is just a convenient way."

"Gifts? That's not bad, you're so thoughtful. I wonder how much money you've given?" Lin Yi smiled faintly as he looked at Jianwen.

"I was in a rush, so I didn't bring much cash with me," Jianwen said with a dry smile. "It's just a token of my appreciation. "

" 100 million, right? Although it's a little too little, I can't reject it on behalf of the groom, so I reluctantly accepted it for him!" Lin Yi's mouth twitched as he hooked his finger at Jianwen, signaling for him to pay up.

Jianwen almost spat out blood-he only wanted to give her a million, okay? 100 million is too little? Can't you say no on behalf of the groom? And he even accepted it reluctantly? Do you think I'm a fool?

If saliva could drown Lin Yi, Jianwen would spit on his face for sure. Unfortunately, he was already used to Lin Yi's extortion and didn't even think about bargaining with him. He was afraid that a hundred million would turn into a billion or something.

"Give me your account number, I'll transfer the money!" Jianwen held his breath-he'd already given ruoming's father-in-law a huge sum of money, so he didn't mind giving ruoming more. He'd just take pity on ruoming and ruoqing, and prepare their dowry along with their betrothal gifts ...

LAN Guzha, who was eating his steak as he came over, came up to Lin Yi."Boss, this guy is so forthright, he must have earned a lot of black-hearted money. We should ask for more!"

An Jianwen really wanted to strangle LAN Guzha. This bastard didn't know how to eat properly. What kind of truth was he spouting?!

Lin Yi knew that an Jianwen must have made a lot of money in the common world through those lousy herbs on Sky Class Island. It would be easy for him to sell one of them for eight to ten million Yuan, but he knew that he should stop. He didn't continue to squeeze an Jianwen. There would be more opportunities in the future.

Lin Yi really did have ruoming's account-he didn't know why he'd come here last time, but he'd made use of it this time. Jianwen didn't want to stay any longer, so he transferred the money and prepared to leave with Jiancheng.

"An Jianwen, if you're here, why aren't Kang Zhaolong and Xue Jianfeng the two idiots?" Lin Yi smiled. Don't tell me that you're just the Supreme Commander in name? Your subordinates don't even know how to follow you!"

"Lin Yi, that's enough!" Jianwen was on the verge of tears-he'd be the one paying if they came!

"Enough?" Lin Yi said expressionlessly, "what do you mean?" You have to make it clear to me today, otherwise, don't leave!"

Jianwen wanted to slap himself. What the hell was that mouth of his?!

"No, I mean, Lin Yi, you're a good friend! Even Kang Zhaolong and Xue Jianfeng, those two idiots, could think of that. We're good friends, we're definitely good friends!" Jianwen understood that Zhaolong was the young master of miracle doctor Kang's Medical Group, after all. He also had the professor's memory, so he should be rich. Jianwen might not even need to pay for him.

Chapter 5790 Ruoming's Wedding (9)

Making the two of them bleed was better than making Jianwen lose all of his men. It was better to be happy together than to be happy alone!

After thinking it through, Jianwen took out his phone and called Zhaolong and Xue Jianfeng without Lin Yi's urging. He told them to come to huangting hotel's room number one as soon as possible, and there was something important to discuss.

Jiancheng wanted to die at the sight-it was one thing to be punched and kicked by Jianwen, but it felt like the sky was falling to the ground when he saw his most powerful man fall.

After a while, Zhaolong and Jianfeng really did come over like idiots. Jianwen didn't even need Lin Yi to say anything and said that he'd give them a hundred million.

What could they do with Lin Yi here? I'll just pinch my nose and accept the gift ...

After sending these guys away, Lin Yi didn't want to waste any more time. He went up to the stage and clapped his hands, "Alright, today's Mr. Zou ruoming and miss Liang ruoqing's wedding, and most of our friends and relatives are here. I'm Lin Yi, the officiant of the wedding. I don't know what the officiant is for, actually, because I've never been married before!"

The audience laughed out of goodwill-who didn't know who Lin Yi was? To be able to see him as the officiant of the wedding, this trip was not in vain.

Lin Yi's forehead was starting to sweat-what the hell was he supposed to be? being the officiant was even more tiring than fighting a sect-opening powerhouse! Did he even have any sense of humor in that sentence? Wouldn't it be too stiff?

God knew that Lin Yi had never thought about something like this in his life. He swore that he would never be someone's damn officiant again!

Ruoming had invited a professional host himself, and Lin Yi didn't need to go up on stage right from the start to steal his job. Ruoming wasn't stupid enough to let him off the stage, however, and so Lin Yi had no choice but to continue with his hosting job.

Fortunately, Lin Yi had seen it before, and the wedding went on with some difficulty. To ruoming and ruoqing, none of this was important-what was important was that Lin Yi really did treat them as friends, or he wouldn't do something like this with his status. And he even invited so many prominent people to support him?

Ruoming wouldn't believe that they'd come for house zou's sake. Even during house zou's peak, they'd been nothing in their eyes, let alone now.

But after today, perhaps house zou would soar again. Lin Yi had already made such a big move, even if the zou ruoming and zou ruoguang brothers didn't want to control the underground world of Songshan city, they would still become an extraordinary house!

The simple yet grand wedding was over when fireworks lit up on the rooftop of huangting hotel, and Lin Yi could finally go back in peace.

Two days later, han Jingjing had finally sorted out all the information about the wormhole and had a rough idea of what it was.

"Lin Yi bro, I think I get it now. The central wormhole's research progress isn't that great either. The known teleportation method is to convert the structure of an object into data, then break it down into the smallest particles and teleport it to the other end of the wormhole. It's a pity that this is the only method that the central Research Center has developed so far. It's impossible to transfer living bodies. "

Lin Yi felt that it was a pity-if he could teleport living people, he wouldn't need to use his essence spirit projection anymore, and people from the secular world could enter Sky Class Island through wormholes too.

But Lin Yi didn't dwell on it too much-it was already amazing that he could transport objects. At least he didn't have to worry about communication problems in the future.

At the same time, Lin Yi understood why central didn't have any contact with people even though they had the ability to connect the two planes. There were only a few people from the common world, and they could only endure Lin Yi's bullying. Otherwise, the Sky Class island's reinforcements would've arrived long ago.

"Lin Yi bro, I'm guessing that this wormhole was discovered by Central's people on Sky Class Island, and it was only discovered before Central's Chamber of Commerce rose up. Otherwise, there wouldn't be so many items from the common world appearing during that period of time. The common world didn't have any powerful cultivation methods before, and they've only recently trained their Masters!" Han Jingjing speculated for a moment, but she was already very close to the truth.

"Since we know the situation of this wormhole, let's go back first. I've been away from Sky Class Island for too long, it's time to go back." Lin Yi really wanted to go home now. He'd been dealing with this and that before, but it was almost time to solve it.

Han Jingjing agreed. Wormholes were still useless at this stage. If they could not transport living bodies, they were not of much use.

However, she still had to make good use of it when she could. Han Jingjing had already prepared a shopping list, and she would find someone to send it to brother Dafeng later so that he could help her teleport the things to Sky Class Island.

Most of the items on the list were things that han Jingjing would need. It included all sorts of professional electronic equipment and components to help her continue her research on Sky Class Island. A small portion of it was food and technology from the secular world. These were gifts for people. Things from the secular world were very popular on Sky Class Island.

With these latest models, han Jingjing would be able to create more powerful equipment and research wormholes more efficiently. If she was lacking anything, she would directly ask brother Dafeng to help her purchase them. This way, with an endless supply of materials, han Jingjing would be able to do anything with twice the results with half the effort. She would no longer have to worry about a lack of technological materials.

"Well, I won't say much about saying goodbye. I've almost said enough in the past two days!" Lin Yi said with a smile to the people gathered in the villa.

Lin Yi had already given them all the resources they were supposed to get, whether it was elixirs, spirit Jade, or Star Ink milk. Perhaps when he came back next time, everyone here would be in the Golden core stage. As for the Golden core stage, they wouldn't need it yet.

"Lin Yi, when will you be back?" Jingyi asked, a little reluctant. They'd said goodbye in private, but she still couldn't let go when Lin Yi was really leaving.

Xu Shihan and Cheng Yiyi were the same-they were all looking at Lin Yi, hoping that he'd promise them that he'd be back soon.
