Chapter 5791 Returning To Sky Class Island

"I'll definitely come back within a year. If I can find that cheap master of mine, Zhang Liju, I might be able to come back earlier. "

A year's time, of course, referred to the agreement with central. At this time, everyone was actually blaming LAN xiaoru in their hearts. Why couldn't she set the agreement time shorter, such as signing once a month and so on?

If Lin Yi knew what they were thinking, he wouldn't know whether to laugh or cry. He wouldn't sign a one-month contract. If he had the time, he'd rather tear their faces apart.

"Boss, I'll definitely protect my brothers and sisters-in-law. Even if I have to sacrifice my life, I won't let them come to any harm. Don't worry, boss!" Chen Dongcheng patted his chest and said loudly.

He'd been calling Lin Yi grand-uncle all this while, but this way, everyone in the common world would be on the same level as him-it was a little too pitiful, so Lin Yi might as well just let him call Lin Yi like LAN Guzha did.

Of course, Chen Dongcheng was overjoyed. Although he was older than the others, he was not dissatisfied with the fact that he had become a younger brother from the generation of his grandchildren. He had no qualms about calling him 'brother' or 'sister-in-law'.

Lin Yi nodded to Chen Dongcheng. "I'll leave this to you. The next time I come back, I'll give you a bigger boost in strength. Also, you have to take care of the thing I gave you. If you can't suppress the snow sword edge, you'll have to rely on this."

"Yes, boss! I understand!" Chen Dongcheng nodded respectfully. The thing Lin Yi was talking about was a five-element killing intent that he had condensed, and he had saved it like a pure energy bomb for Chen Dongcheng to use as a trump card against Xue Jianfeng.

But this thing was very unstable, and Lin Yi only dared to use a small amount of five elements killing intent to condense it, in case he exploded before he even used it. He just needed to control the snow sword peak when he was caught off guard.

"Then Jingjing and Lin Yi bro are leaving-I'm sure we'll see each other again soon, so just treat it as if we're going on a vacation on an island, and we'll see each other again when we come back! Am I right? Alright, take care, everyone. Bye!" Han Jing Jing smiled and waved at everyone. She and Lin Yi turned into their spirit forms and started the teleportation to Tianjie Island.

Lin Yi was holding onto Han Jing Jing's hand at first, but after turning into a spirit, he naturally couldn't hold onto it anymore. Both of their spirits were compressed to the extreme and instantly penetrated the barriers of the plane.

After a strong wave of dizziness, Lin Yi felt his body sink a little. It was clear that his essence spirit had returned. He was used to being in a spirit state, and he still felt a little uncomfortable after returning to his body.

The moment he regained consciousness, Lin Yi naturally sent his spirit sense out. It had become his instinct, and many times, this small action would save his life.

Of course, the place where he was now was absolutely safe. The heavenly pill Pavilion was a business that he had built by himself, not to mention that this was Middle Island. Whether it was the heavenly path or the AO Tian state, they were all big shots in Middle Island!

"Tiangang! I'm back!" Lin Yi didn't open his eyes, but his lips curved up as he spoke softly.

Tianshuo, who was sitting on the side with his elbow on the table and his hand on his chin, jumped in shock. His eyes widened in disbelief, afraid that this was another illusion caused by his longing.

But that faint smile on Lin Yi's face made Tian Gang realize that this really wasn't an illusion!

"Arg! Lin Yi! You bad thing, did you really come back? Hurry up and open your eyes! If you dare to lie to me, I'll kick you!" Tianshuo rushed to the bed, wanting to touch Lin Yi but was afraid of disturbing him. He could only speak in a confused manner.

Lin Yi's faint smile became more and more obvious as he slowly opened his eyes, his deep pupils exuding a warm sense of longing.

"I just came back and you're already kicking me. Tell me honestly, did you come and kick me every day when I left?" Lin Yi said with a smile as he got off the bed.

The crisp sound of bones cracking rang out continuously, and his body, which had not moved for a long time, suddenly felt an indescribable comfort.

Tian Gang blushed and snorted, ""Yeah, I'll come and kick you when I'm free. Who asked you to be gone for so long and not come back!"

Lin Yi only smiled and didn't say anything. Of course, Tiangang was joking. She loved Lin Yi so much that she couldn't even wait to kick him.

He sent his spirit sense into the Jade space to check-LAN Guzha was indeed fine. Lin Yi let out a breath of relief, but he didn't plan on letting LAN Guzha out yet. After all, it wasn't a big deal if Tiangang and the others found out about the Jade space, but it'd be troublesome if other people found out.

On Sky Class Island, Lin Yi's strength was at the peak late stage of xuansheng, but he was far from being strong. He'd be able to justify LAN Guzha's origin the next time he came back from the sea.

Also, elder Jiao disappeared again, as expected. Luckily, Lin Yi talked to him for a long time before he left. He wouldn't be unhappy the next time he left the mortal world, would he?

On the other hand, the Green Dragon's spirit was showing signs of waking up. It'd been a long time since he last saw him, and Lin Yi wanted to have a good chat with him when he had time.

Lin Yi's mind went blank for a moment, and Tian Gang pulled the rope on the bell. She wanted to spend more time with Lin Yi alone, but Xue Li was just as worried about Lin Yi as she was. As a good sister, she had to inform Xue Li immediately.

Hearing the bell ring, Xue Li, who was busy downstairs, quickly ran up. She was still thinking that the last time the bell rang, it was Lin Yi recovering from his cultivation state. Could he have woken up this time?

She knew that she was right when she saw Lin Yi standing there with a smile on his face, but she didn't know what to do. She could only stand there and smile happily.

"Xue Li, what are you doing standing there? As a small, small, small wife, shouldn't she hurry over to serve her husband when she sees that he's awake?" Tianshuo smiled mischievously. Lin Yi's return made everything a lot better, and she was in the mood to joke around with her best friend.

"I ... I ... I ..." Xue Li's face blushed after being scolded by Tian Gang. She wanted to say something, but she stuttered.

Chapter 5792 Jingjing Didn't Come Back!

"Lin Yi's back? Lin Yi! Little Junior Brother!" Shangguan LAN 'er rushed in. She had been accompanying Han Jing Jing's body in the next room. When she heard the commotion, she immediately ran over.

"LAN 'er, you're here too!" Lin Yi greeted with a smile before pulling Xue Li in, "Let's sit down and talk. I haven't been back for a long time, so I don't know many things. Tell me everything. "

Shangguan LAN 'er was also in high spirits, but she suddenly paused and said, ""Eh, Lin Yi, didn't Jing Jing come back with you? Why hasn't she woken up yet?"

Lin Yi found it strange as well-he'd already noticed that han Jingjing was in the room next door, still in her training position. It was obvious that her spirit hadn't returned yet, but perhaps it was because his spirit was stronger that he woke up first.

Now that Shangguan LAN 'er brought it up, Lin Yi felt that something was wrong. The return of the projected spirit shouldn't have much to do with the strength of the spirit. He had been awake for a while, so why hadn't han Jingjing woken up yet?

"I'll go and see Jing Jing. She returned with me before, so she should be able to wake up soon. " Lin Yi wasn't too sure as he quickly walked to the next room.

Shangguan LAN 'er and Tianji Xue Li quickly followed after her. They heard that han Jingjing came back with Lin Yi, but she still hadn't woken up yet, and they couldn't help but worry.

Putting aside the fact that han Jingjing had a good relationship with them, just the fact that she took the risk to save Lin Yi with her spirit projection was enough to make the sisters admire her. Of course, they wouldn't want anything to happen to han Jingjing.

The four of them arrived at han Jingjing's room in an instant. Lin Yi frowned and used his spirit sense to sense han Jingjing's sea of consciousness. There was no trace of her spirit-it didn't seem to have returned.

What was going on? They came back together, so why was Jingjing like this? Where did her primordial spirit go? Lin Yi couldn't help but feel uneasy. Even if han Jingjing was slower, she should be back by now. Did something go wrong during the teleportation?

Lin Yi wouldn't have been so worried if han Jingjing had projected it normally, but she used some tricks to deceive him. It wasn't surprising that something happened to her when she came back. It was because of this that Lin Yi was worried.

"Lin Yi, what happened? Why hasn't Jing Jing woken up yet? Is there a problem?" Shangguan LAN 'er was getting anxious. She had a very good relationship with han Jingjing. After all, they had been together for a long time. Han Jingjing's position in her heart was no different from ning Xuefei' s.

Lin Yi was worried as well, but he didn't dare show it. He forced himself to calm down. "It's fine. Jing Jing might be weaker than me, so she'll take longer to return. Don't worry, she'll wake up soon. "

Shangguan LAN 'er looked at Lin Yi suspiciously, but since he'd never lied to miss Shangguan before, she believed him in the end.

"Jingjing will be fine," tianshuo said."Look at her, she's still in her training position. If something happened to her, she'd be like Lin Yi last time, lying down."

This statement was obviously more convincing, and Shangguan LAN 'er immediately heaved a sigh of relief, ""That's right. Sister Tiangang is right. If Jingjing was in trouble, she should be lying down by now. "

At this point, Shangguan LAN 'er turned to Lin Yi,"Lin Yi, what happened to you in the common world? why did you have to ask Jingjing to save you?"

Lin Yi didn't know what that was, but he could guess that when he fell unconscious, his body fell unconscious as well, and after waking up, he could sit up and maintain a practicing position.

Speaking of which, his body was already at the peak of the late mysterious Ascension stage. It seemed like leveling up his spirit could also level up his body. Unfortunately, the spirit sense fruit was no longer useful to Lin Yi.

When he was refining the spirit tumor, the residual energy of the spirit fruit was far more than a normal spirit fruit. With the energy formed by the refined spirit tumor, it was normal for Lin Yi's spirit to reach the peak of the mystic Ascension realm. However, it only went up one level and stopped at the peak of the late stage of the mystic Ascension realm. From then on, Lin Yi knew that there was a limit to how much the spirit could level up. He ate all the remaining spirit fruits. It probably wouldn't allow his primordial spirit to advance any further.

Seeing the curious look on her face, Lin Yi shrugged, "It's a long story. There's no rush now. I'll tell you the details of what happened after I went to the secular world later."

"Do you want to call big brother and otada over to listen to it together?" Tianjie wanted to know what happened to Lin Yi as well, but she understood what Lin Yi was thinking. Since he was back, it was only right to inform Tianxing and ao Tianzhou.

Moreover, han Jingjing had not woken up yet, so he had to ask the two of them. Tian Gang knew very well that this matter was not that simple. She had only brought up this matter to make Shangguan LAN 'er feel at ease.

Lin Yi nodded, "that's right. I do want to talk to these two brothers. I discovered a place that seems to have a connection with Sky Class Island. I might be able to find some clues if I ask them."

"That's good. I'll immediately invite the two of them over. " Tian Gang didn't ask much and immediately arranged for people to invite Tian Xing and ao Tian state.

As for Shangguan LAN 'er, she was very curious and asked a lot of questions. She wasn't very interested in places related to the Sky Class Island. Instead, she was very interested in the things of the secular world.

Shangguan LAN 'er had asked about this a lot when she was with han Jingjing, but she never got tired of it. It was even better now that Lin Yi was here.

In order to distract Shangguan LAN 'er from worrying about han Jingjing, Lin Yi didn't reject her. He casually picked some interesting things about the secular world for her to hear, and she was really interested. Even Xue Li, who came from the secular world, was the same. After all, she grew up in the snow Valley and didn't know much more about the secular world than Shangguan LAN' er.

Even so, Lin Yi could still see the worry in their eyes when they looked at Han Jing Jing. It seemed that these two girls were just forcing a smile so that Lin Yi wouldn't worry about them.

Chapter 5793 Meeting Old Friends

It wasn't long before Tianxing Dao and ao Tianzhou came to visit. Staying in han Jingjing's room wasn't too appropriate, but Lin Yi had no choice but to let them meet here in order to ask about her condition.

"Brother ao Tian, big brother Tian, you're here!" Seeing the two enter, Lin Yi stood up and greeted them first. He knew that it was all thanks to them that the heavenly pill Pavilion was able to maintain such a stable situation.

"It's good that brother Lin is back. We were so worried!" Ao Tian Zhou laughed as he walked up to Lin Yi and held his hand.

Ao Tianzhou had already wanted to get on Lin Yi's good side before, and he didn't dare to be slow this time. There wasn't a second person on Sky Class Island who could project their spirit this long into the mortal world, and their physical body leveled up continuously during the process. This was even more shocking-ao Tianzhou wanted to get on Lin Yi's good side even more.

Tian xingdao didn't say much, only nodding to Lin Yi with a smile. With their relationship, it wasn't too much to say that they were life-and-death friends-there was no need for formalities.

"It's all thanks to brother ao Tian and big brother Tian's care these days. We're all family, so I won't say any more words of thanks!" Lin Yi said with a smile as he invited the two to sit.

"Not bad, not bad, that's what I meant! We're all brothers, there's no point in formalities!" Ao Tian Zhou laughed heartily, secretly happy. Lin Yi really did treat him as one of his own, and all his time helping him wasn't in vain.

Tian xingdao waved his hand and said,"there's no need to say more about that. What's wrong with sister-in-law Jing Jing?" Why haven't you woken up yet?"

Tian xingdao was very impressed with this girl who dared to use a disguise soft armor to try out the primordial spirit projection, so he asked.

Ao Tianzhou also asked,"eh, didn't she take the initiative to stay in the secular world and not return?" If she came back with you, why hasn't she woken up yet?"

Lin Yi's heart sank. Ao Tianzhou's words made his bad feeling even more obvious. It seemed that something really did happen to han Jingjing, but he didn't know if there was any way to fix it.

Both Shangguan LAN 'er and Tiangang Xue Li showed a worried look. Ao Tianzhou was an experienced man, he immediately realized that he had said something wrong, so he laughed and said, "It seems that sister-in-law Jing Jing's sense of direction isn't very good. She probably got lost on the way back. After a while, her primordial spirit will return to her body on its own."

Lin Yi knew that Ao Tianzhou was just bullshitting to comfort the girls, but he wasn't stupid enough to ask. It was better to ask Ao Tianzhou privately later, but he didn't seem to know much about this situation.

Shangguan LAN 'er and the others didn't completely trust Ao Tianzhou, but they did feel a little more at ease. Lin Yi changed the topic, "By the way, my two brothers, when I left the mortal world this time, I accidentally discovered another plane. It's called the immemorial little Jianghu. Although the spiritual Qi there isn't as abundant as the sky-class Island, it's still pretty good. Before I went there, their highest cultivation level was the peak of the nascent Soul Stage. Only the Royal sea beasts could reach the xuansheng stage."

"Oh? I've never heard of such a place before." Ao Tianzhou made an interested face, but he didn't really mind. He was just playing along with Lin Yi's attempt to downplay the topic.

It was the same for Tianxing Dao. A place where the highest cultivation could only reach the peak of the nascent soul realm was just a low-level cultivation plane. It was not worth paying attention to. Although the strength of the Jianghu of the immemorial era was much stronger than that of the secular world, there was not much difference between the Jianghu of the immemorial era and the secular world for them.

"It's not strange to have an ancient martial world," Lin Yi smiled faintly. "What's strange is that the power structure here is almost the same as our Sky Class Island!"

"What do you mean by the power structure is similar?" Ao Tian Zhou was stunned and asked in confusion.

"Let's put it this way. When I entered the small Jianghu of the immemorial era, I became the Grand-martial uncle of the green cloud sect of the North Island. The green cloud sect of the North Island was one of the sects of the North Island Alliance. The other two sects were the North Island's skyward sect and the North Island's profound secrets sect!" Lin Yi smiled faintly as he extended his palm and bent three fingers.

Shangguan LAN 'er was attracted by the names of these three sects. She was the granddaughter of Shangguan Tianhua, the master of the rising Sky Pavilion. It would be strange if she did not pay attention to these three sects.

"Lin Yi, is what you said true?" Shangguan LAN 'er could not help but ask, her big eyes even blinking a few times.

"Of course it's true," Lin Yi nodded, "I also thought it was unbelievable when I first heard about the North Island Alliance's three gates ..."

"No, I'm saying that you'll become their martial granduncle when you go there? How did you change?" Shangguan LAN 'er interrupted Lin Yi's words and asked curiously.

Lin Yi didn't know whether to laugh or cry. He thought that Shangguan LAN 'er was just curious about the coincidences of the three sects "names, but that wasn't the case at all. What she was concerned

about was Lin Yi becoming a grand uncle-master, and these two things were completely unrelated. It was really rare for the two to have a conversation.

Fine, these two things were actually the same thing. Lin Yi decided to put the other sects aside and continued, "I became the martial granduncle of the North Island's Green cloud School because their cultivation method is the same as our green cloud Pavilion's cultivation method. Moreover, it's only an incomplete cultivation method and martial technique, so it takes twice the effort and half the result. I completed the cultivation method and martial technique of the green cloud School, and said that it was the primordial spirit of the ancient green cloud school's senior, so I became the martial granduncle!"

Shangguan LAN 'er immediately exclaimed, "there's such a thing?!" Not only were the names the same, but even the cultivation techniques were the same? In that case, is the rising sky sect on the North Island the same as our rising Sky Pavilion? Can I also become a martial granduncle in the past?"

Lin Yi smiled. Not only was he the great uncle-master of the North Island's sky sect, he was also the ancestor of the Shangguan family!

"That's right, that's true. The rising sky sect and the profound secrets sect both cultivate the techniques and Arts of our sky order island's rising Sky Pavilion and profound secrets Pavilion. Of course, they're all incomplete. Other than that, there's also the Shangguan clan that's independent from the rising sky sect, as well as the snow sword sect, five elements sect, and the AO Tian clan that's the same as sky order Island!" Lin Yi looked at ao Tian Zhou meaningfully. He didn't believe that the man wouldn't react at the mention of the AO Tian family.

As expected, when the AO Tian state heard the AO Tian family, his eyes widened. He was even more surprised than when Shangguan LAN 'er heard that the Shangguan family had become independent from the sky Gate.

Chapter 5794 The Benefits Of Divine Sense Cultivation

"Brother Lin, you said that there's actually an ao Tian clan in the ancient martial world, and the martial arts techniques they use are remnants of our ao Tian clan's martial arts techniques?" Ao Tianzhou really couldn't believe it and asked subconsciously.

His status in the family was not low, but he had never heard of any small Jianghu in the ancient times, nor had he heard of any other bloodline of the AO Tian family wandering outside.

"That's right, and I'll be very responsible to tell you that all the sects that can be found on Sky Class Island in the ancient martial world use incomplete techniques of that sect. Including the aotian family and the Shangguan family!" This was what Lin Yi wanted to explain, and he even went into detail about the aotian family's martial arts and cultivation techniques.

The AO Tian state and the Tian Xing Dao were amazed, and they began to guess the origin of the small Jianghu of the immemorial era and the sky order Island.

As for the bloodline that was wandering outside, the AO Tian state was only surprised for a moment before it didn't matter anymore. After all, there were quite a number of branch families in their family's branch family, so having another bloodline was nothing at all. However, the small ancient pugilistic world was somewhat interesting.

"Lin Yi bro, our house aotian is an ancient family. I don't know about this, but the oldest in our family might have some information. I'll go back and ask, and maybe I'll know the history between the ancient martial world and Sky Class Island," Ao Tianzhou understood that Lin Yi was trying to get some information from them, so he made the promise immediately.

Tian xingdao shrugged his shoulders and said,"brother, you know that I don't have any family to ask. I've never heard of this before. So, I can only wait for Island master ao Tian to go back and ask. Then, I'll listen to it with you."

Lin Yi smiled faintly, "it's fine. It's not important. I'm just saying it. Don't mind it."

Since the two of them didn't know about the ancient martial world, Lin Yi decided to ask Shangguan Tianhua if he'd heard of it in the future. As for the elders of the aotian family, he didn't have high hopes for them.

After talking for a while, han Jingjing still did not respond. The only good news was that she was still in her cultivation posture. At least, it meant that her primordial spirit had not died. At least, it was a comfort.

He ordered Tian Gang and Xue Li to bring Shangguan LAN 'er to prepare some food for Tianxing and ao Tianzhou. It was also a welcome party for Lin Yi. Lin Yi took the opportunity to ask the two about their opinions on Han Jing Jing's condition.

The result didn't change at all. The two of them still didn't know what was going on. They could only say that they would go back and look for more information and ask others.

"You don't have to worry. As long as sister-in-law's condition hasn't deteriorated, we will definitely be able to find her primordial spirit! I'll definitely help you with this!" Ao Tianzhou patted Lin Yi's shoulder and promised solemnly.

"I hope so!" Lin Yi sighed softly. Han Jingjing only used her Yuan Shen projection for him. If something happened to her, Lin Yi would never be able to forgive himself.

Xue Li came up and said that the banquet was ready. The three of them could only put aside Han Jingjing's question and go down to eat something. They continued to talk about the small Jianghu in the ancient times and the secular world.

After three rounds of drinks, Ao Tianzhou asked curiously, "Brother Lin Yi, you're already at the peak of the late stage of mysterious Ascension, how did you do it? According to common sense, after reaching the Xuan rising stage, it was very difficult to increase one's level. Even if you had the Xuan raising pill, it was rare. Moreover, you couldn't take it while you were unconscious! But you can automatically level up continuously, this really makes big brother like a celestial being!"

Tian Xingdao was very curious about this as well. Back then, he wanted to break through to the xuansheng stage, but all his meridians were broken. If it wasn't for Lin Yi's help, he would be a cripple now.

It didn't matter if he was the number one nascent soul cultivator or not-he'd finally reached the early stage of mysterious Ascension, but his training speed was slow. It'd be helpful if Lin Yi could tell him how he did it.

Ao Tianzhou felt that it wasn't right to ask this question-it was Lin Yi's privacy, after all. "It's brother's slip of the tongue. It's better not to say this kind of thing, so as not to leak it out. That would be bad. "

Lin Yi smiled faintly and waved his hand. "There's nothing I can't say. Brother Ao Tian, you don't have to worry so much. Actually, I've already mentioned that the people of the ancient martial world mainly tempered their spiritual sense. They even used their spiritual sense to condense the pill fire when they refined pills. In their world, as long as the level of their spiritual sense goes up, the strength of their physical body will also improve. So, my main body has also improved because of the increase in the level of my spiritual sense."

"So that's how it is. This is indeed an outrageous method, worthy of our reference!" Ao Tianzhou exclaimed in surprise. The increase in spiritual sense could actually lead to the increase in physical strength. It was a pity that he didn't have any spiritual sense cultivation techniques. Otherwise, Ao Tianzhou would have immediately started cultivating his spiritual sense.

Tian Xingdao's expression changed slightly. He was probably considering whether this method was suitable for him, but he was not sure for the time being.

Lin Yi put his hand in front of his eyes, clenching and unclenching his fist. After a few times, he couldn't help but feel a little weird.

After so long, he had already gotten used to the state of a primordial spirit body. It was really a little difficult for him to adapt to suddenly returning to his main body.

He originally thought that he would be even more powerful after returning to his body. In fact, a primordial spirit body that had mastered the way of spiritual awareness attacks could do everything that the body could do. In battle, he could even transform into a primordial spirit state and reverse the situation unexpectedly. So what was the use of leaving this body?

In fact, Lin Yi had really gone into a dead end. Without a body, no matter how strong the Yuan Shen was, it was like a duckweed without roots. For example, he had the Qing Long's Yuan Shen in the Jade space. He would tell Lin Yi how much loss it was to lose a body!

Ao Tianzhou was extremely interested in the ancient martial world's cultivation method, and so he asked a lot of questions about it. Lin Yi answered without holding anything back, but he didn't reveal anything substantial.

Lin Yi only had the battle tactics of heaven's fortune for the divine sense, and he didn't get any practitioner's Arts in this area in the ancient martial world. This was an oversight-he could collect some practitioner's Arts in this area the next time he went there and bring them to Sky Class Island for his acquaintances to practice. He could also auction off the useless ones or exchange them for something useful.

Chapter 5795 The Famous Medicine Sect Shows Off Their Might

As for the spiritual roots and spiritual fruits, he wouldn't sell them. He could give some of the spiritual roots to others, but he didn't have any use for the spiritual fruits anymore. He wanted to see if there was a recipe that could use them for pills. If he could make them into pills, not only would the quantity increase, the effect would be much better than eating them directly.

There were too many people around Lin Yi, and ten spirit sense fruits couldn't satisfy his needs. Making it into a pill was the best choice.

Tian xingdao knew that Lin Yi was also a practitioner of the creation battle technique, but there were many questions he couldn't ask in front of ao Tianzhou. He could only ask some things about the ancient martial world, thinking that he could talk to Lin Yi in private later, perhaps it could help him improve his creation battle technique.

Just as the atmosphere between the host and the guests was getting along, the restrictions outside the heavenly elixir Pavilion were triggered. Because of Lin Yi's return, the heavenly elixir Pavilion had to close early today. It was a little strange that someone was here on purpose.

Tian Gang went out to take a look and his expression turned ugly.

"Zheng Dongsheng? What's he doing here?" Lin Yi scanned with his spirit sense and asked curiously. Did the medicine sect know that he was back and came over to say hello?

It didn't seem like the relationship between the two sides was that good, right?

During Lin Yi's absence, the heavenly elixir Pavilion was constantly being suppressed by the famous medicine sect. They didn't just cause trouble on the surface, they also made small moves in the dark. If it wasn't for ao Tian Zhou's protection, Tian Gang and the other two wouldn't have been able to hold on.

"Let's just ignore them, shall we?" tianshuo turned to Lin Yi. It's rare for me to be happy, so I don't want these guys to lose their spirits. "

Lin Yi didn't really mind-he knew that the medicine sect and the heavenly elixir Pavilion weren't on good terms, but he'd just returned and didn't want to make trouble for them yet. He could wait a couple of days.

However, they didn't want to pay attention to it, but Zheng Dongsheng didn't want to give up. When he saw that no one came to open the door of the heavenly elixir Pavilion, he directly touched the restriction with great force. If it wasn't for the rules of the middle Island that forbade attacking the shop's restriction, he might have broken it directly.

Lin Yi's face turned cold. He didn't want to bother with these clowns. It seemed like they wouldn't know who they were until they were taught a lesson!

Tian xingdao stretched out his hand and said,"brother, you don't have to take it to heart. I'll handle this matter. It's rare that you've just returned. You should take a good rest."

After he finished speaking, Tian Xing stood up and walked out. After opening the seal, he stood outside the gate with Tian Gang and Xue Li.

"Zheng Dongsheng, what are you doing? If you want to buy medicinal pills, please come early tomorrow!" As soon as Tian Gang came out, he said to Zheng Dongsheng without any politeness.

These days, the sky elixir Pavilion had been suppressed by the sky elixir Pavilion led by Zheng Dongsheng. Now that Lin Yi was back, Tian Gang had a backbone. Of course, they wouldn't be nice to Zheng Dongsheng.

Tong Yang, who was following behind Zheng Dongsheng, shouted, ""Impudent! What status do you have? how dare you speak to master Zheng in such a manner. Do you have any respect for your superiors? No wonder your heavenly elixir Pavilion is in decline ..."

"What are you!" Tian xingdao interrupted Tong yangzian with a cold smile and stepped forward, ""Who are you to say what my sister's status is? How dare you point your finger at my sister? do you believe I'll kill you right now?"

Tong Yang's face turned pale and he immediately shrank back. The reputation of the heavenly path was not fake. If he said to kill, they would really kill!

Zheng Dongsheng chuckled and patted a few times, ""The heavenly vice Island master is really awe-inspiring, daring to say that he would kill our medicine sect's people in the street. The entire Nakajima District was ruled by the Tianxing path? I, Zheng Dongsheng, a seventh grade Alchemist, was almost frightened by your prestige and knelt down!"

Tian xingdao glared at him and said,"if you have something to say, then say it. Don't give me all those useless things. What kind of bullsh * t seventh-realm Alchemist is that? is it that rare?" Try taking another step forward!"

Zheng Dongsheng's face stiffened. He really did not dare to take a step forward. Who knew what this fellow from the heavenly path would do?

Tong Yang braced himself and helped Zheng Dongsheng out,"Grandmaster Zheng can't even be bothered to talk to a rough person like you. Tiangang, listen up. You know the current situation of your heavenly pill Pavilion. It's already a compliment for you to say that there's no one at the door. How about it? give your noodle shop to the famous medicine sect. We won't treat you badly!"

Tian Xing Dao laughed heartily."This is really funny. Your famous medicine sect is nothing. How dare you come here to disgust us? get lost!" Don't make me say it a second time!"

"Tianxing Dao, we are here to discuss business. By doing this, are you trying to use your status for personal gain? Or do you want to bully others?" Zheng Dongsheng smiled sinisterly. If he could get hold of Tianxing's weakness and get him out of the way, he could send the people on his side up. Then, he could get rid of the acting Island master of the otian state, and Nakajima would be under their control.

Therefore, Zheng Dongsheng hoped that the heavenly path would make a mistake. Only when he made a mistake would the famous medicine sect have the chance to kill three birds with one stone.

Tian Gang replied coldly, "my big brother has already said that the heavenly pill Pavilion will not do business with the famous medicine sect. Even if we want to take over, we will take over your sect's territory. You are not welcome here!" Did you hear me clearly now? If you're clear, then get lost!"

Zheng Dongsheng was slightly stunned. He wanted Tian Xing to continue to wrangle with him, but he did not expect Tian Gang to take over the conversation so decisively. For a moment, he did not know what to say, and could only give Tong Yang a look.

Tong Yang understood tacitly. Although he was a little afraid of the Tian Xing Dao, he thought that this was a commercial Street and the Tian Xing Dao would not dare to attack casually. He finally became a little more courageous, rolled up his sleeves, and stepped forward, shouting, ""How dare you! A heavenly pill Pavilion that's about to close down actually dares to say that you want to take over our sect's territory. This is simply ..."

He didn't have the time to say anything, and probably wouldn't be able to say it again, because Tian xingdao grabbed his neck and lifted him up.

"Tian xingdao, what are you doing? Quickly put him down, if you dare to touch a single hair on his head, you're dead!" Zheng Dongsheng's face suddenly changed, but he was secretly surprised in his heart. This guy really fell for it!

As long as he seized this excuse, Zheng Dongsheng could unite a few people to impeach Tianxing. At that time, it would be a matter of course to force him to step down.

Tian xingdao glanced at Zheng Dongsheng with disdain and said, ""Oh, really? Then let me see how I'm going to die!"

Before he could finish his words, he released genuine Qi from his palm and crushed Tong Yangxin's head. His head turned into a cloud of blood mist and fell to the ground. The onlookers gasped in surprise. No one had expected that the heavenly path would actually dare to kill him!

Chapter 5796 You Have To Give Me An Explanation

Zheng Dongsheng was also stunned. He had never expected that Tianxing would kill people in the street so fiercely. When he saw Tianxing's cold eyes, his heart suddenly turned cold. He could not help but take two steps back, afraid that Tianxing would kill him again.

Tian xingdao said indifferently, "this person violated the safety regulations of the middle Island. The heavenly elixir Pavilion clearly refused to let him in. He even barged into the shop without permission. Therefore, he was killed on the spot!" It was a warning! Remember, no one is allowed to rashly invade the shops on the middle Island!"

Zheng Dongsheng was dumbfounded. He originally thought that Tong Yangxin's death was not in vain. At least he could use it as a leverage against heaven's will, and it was a very big one, enough to kill heaven's will.

He did not expect that the heavenly path would come up with such a Grand reason in the end. Barging in without permission was basically the same as robbery. Robbing a shop in Nakajima was indeed worthy of being killed on the spot.

But the question was, how did Tong Yang's sucking become robbing a shop? He wouldn't dare to do this even if he had two more guts!

However, Tian Xing's words weren't unreasonable. Tian Gang had already made it clear that they were not welcome here, but Tong yangfei still stupidly took a step forward. They were already at the place where the seal was triggered, and taking a step forward would mean entering the actual range of the

heavenly pill Pavilion. Tian Xing would seize the opportunity to kill them with a single strike, and the headless corpse was still lying on the line between life and death.

Zheng Dongsheng looked at Tianxing with resentment. He knew that Tong yangfei's death was in vain because Tianxing's death was reasonable. Although it was a bit unreasonable, there was really no problem. At most, it was just making a mountain out of a molehill.

"What's wrong? Aren't you going to get lost? Did he want to collect his corpse? Then come over!" Tian xingdao looked at Zheng Dongsheng coldly and said. His killing intent was directed at Zheng Dongsheng without hiding.

Zheng Dongsheng wasn't stupid. If he went over to help Tong Yang absorb the corpse, and the Tian Xing Dao said that he was in cahoots with Tong Yang to Rob the heavenly elixir Pavilion, he would be in deep trouble. For his own safety, he definitely couldn't go over!

"Tian Xing Dao! Do you think that you can do whatever you want just because you're the Vice Island master of Nakajima? Everyone's eyes were on him. It's not up to you to decide what's going on, Hmph! You're not the only vice Island master in Nakagama!" Zheng Dongsheng didn't dare to go forward, but he didn't leave either. Instead, he continued to provoke them.

Of course, Zheng Dongsheng would never enter the heavenly elixir Pavilion without Tian Gang's permission. As long as Tian Xing dared to come out and touch him, he would have enough reason to impeach Tian Xing.

If they could obtain the position of vice Island master, famous medicine sect's power on Middle Island would be even more stable!

"You can do whatever you want," Tian xingdao said disdainfully. "Take your dog back first!"

After saying that, he kicked Tong Yang's headless body toward Zheng Dongsheng. Knowing that this gutless Bandit did not dare to come over to collect the body, the Tianxing Dao was too lazy to talk to him.

"Tian Gang, let's go in and continue eating. There's no need to bother with these boring people!" Tian Xing called out to Tian Gang and prepared to enter.

Tianxing had always been bold and bold, but he was also very careful. Taking out Tong yangfei today was like cutting off one of Zheng Dongsheng's arms, and Zheng Dongsheng couldn't find anything to use against him. This was already a small victory, and with Lin Yi's return, he was in a good mood. It wouldn't be too late to take care of Zheng Dongsheng in the future.

"Heavenly vice Island master is really awe-inspiring!" Someone in the distance said coldly. At the same time, he was approaching quickly.

Tian xingdao stopped, turned around and said, ""Wu Miao, you're also prepared to interfere, right?"

Zheng Dongsheng's face was filled with joy. He quickly cupped his fists and said, ""Island Lord Wu, you've come at the right time. This Tian Xing is really too arrogant. He actually dared to kill someone in front of so many people. Today, I hope Island Lord Wu will uphold justice for our famous medicine sect!"

Wu Miao's face was full of righteousness. He reached out to stop Zheng Dongsheng's words and said with a serious expression, "Don't worry, Alchemist Zheng. As the Vice Island master of Middle Island, I will never tolerate anyone abusing their power for personal gain or bullying others. I will definitely investigate this matter and give everyone an explanation. "

Tian xingdao's face revealed a mocking expression. He said indifferently, ""Vice Island Master Wu is really impartial and incorruptible. You don't even need to investigate and already have a conclusion, right?"

Wu Miao had first said that he would not tolerate anyone abusing their power for personal gain and bullying others. Then, he had said that he would definitely investigate this matter thoroughly. This was indeed equivalent to setting the tone. That was, the Tian Xing Dao was in the wrong! Anyone with a discerning eye could understand, but no one dared to be as direct as Tian xingdao.

However, everyone knew that among the Vice Island Masters of Middle Island, Tian Xing Dao and Wu Miao had never been on good terms. It was normal for them to have such a tit-for-tat situation.

"Tianxing Dao, even if you're one of the Vice Island Masters, I still have the power to investigate you. It's not a problem for you to say that I'm impartial. Let's go, we'll talk about it after we go back and investigate!" Wu Zheng said coldly to Tian Xing. It didn't matter if Tian Xing had done something wrong or not. As long as he was caught, there would always be a way to find an opening.

Wu Miao didn't even need to give any orders. The eight guards who had followed him here immediately spread out and surrounded the entire Tian Xing road.

In terms of strength, these eight people were not even a match for Tian Xing Dao. However, they represented Nakajima District. If Tian Xing Dao dared to resist or even injure any one of them, Wu Miao would have an even easier time talking to them.

However, Tian xingdao didn't care about Wu Miao at all. Instead, he laughed and said, ""Wu Miao, you're just a mere managing vice Island master, you think you're really that great just because you keep talking about it? Without any evidence, you actually dare to send people to capture a vice Island master, How dare you!"

Wu Miao snorted nonchalantly, "no evidence?" Weren't the corpses on the ground and the surrounding witnesses evidence? Furthermore, Alchemist Zheng was the direct witness! Tian xingdao, I advise you to behave yourself. If you dare to resist, even Island master ao Tian can't protect you!"

"Why should I protect the heavenly vice Island master?" A slightly dissatisfied voice came from the heavenly pill Pavilion, causing Wu Miao's expression to change.

Wasn't that the voice of Island master ao Tian that Wu Miao had just mentioned?! What the hell? why didn't anyone tell him that ao Tian Zhou had also come to the heavenly elixir Pavilion?

While Wu Miao's expression was still changing, ao Tianzhou slowly walked out and looked at him with cold eyes.

"Greetings, Island master ao Tian!" Wu Miao, Zheng Dongsheng, and the eight guards who had surrounded Tian Xing all bowed in unison, feeling a chill behind their backs.

Chapter 5797 There's No Problem At All

To be honest, they really didn't receive any news of ao Tian Zhou coming to the heavenly pill Pavilion. Ao Tian Zhou rushed over as soon as he received the news of Lin Yi's return, but he didn't want to cause trouble, so he came alone without letting anyone know. Tian xingdao only met ao Tian Zhou when he entered the hall.

"Vice Island Master Wu, is this how you deal with disputes? What a good method! In my opinion, you should be the island master of this Middle Island. You actually dare to act so rashly when it involves a Deputy Island master. This is a boldness that even my ao Tian state doesn't have. Not bad, really not bad!" Ao Tian Zhou said indifferently. There was no anger in his words, but even an idiot could tell that he was quite dissatisfied with Wu Miao.

Ao Tianzhou wanted to get on Lin Yi's good side, but this happened right after Lin Yi returned. Any normal person would wonder what he would be like before he came back if he was already like this.

Although ao Tian Zhou was still the acting Island master, this incident made him lose face, so he was naturally quite unhappy.

If Lin Yi felt that ao Tian Zhou hadn't been taking care of the heavenly elixir Pavilion properly after the spirit projection, wouldn't all his efforts have been wasted?

Cold sweat began to form on Wu Miao's forehead. Not only was ao Tian Zhou's cultivation level and status far higher than his, but the AO Tian family behind him was also not someone he could afford to offend. The consequences of offending ao Tian Zhou were a thousand times more severe than offending the lonely heaven's will!

"Island master, heavenly vice Island master has openly killed people here. This is against the prohibition. I only want to bring heavenly vice Island master back to verify the situation, in case the rumors on the middle Island are unfavorable to heavenly vice Island master!" Wu Miao said as he bowed to ao Tianzhou. His attitude was extremely respectful, and his attitude was extremely humble.

Even if Wu Miao was secretly plotting with Zheng Dongsheng, Nantian Aurora, and the others to kick out the Tian Xing Dao and overthrow the AO Tian state's acting Island Lord position, he didn't dare to reveal a single bit of it on the surface. Otherwise, the AO Tian family's revenge was not something he could withstand.

Ao Tianzhou said expressionlessly, "I witnessed the entire incident. There was nothing wrong with what vice Island master Tian did. On the contrary, Zheng Dongsheng, a seventh-realm Alchemist, made a big fuss in front of his shop and disturbed the public order. Vice Island Master Wu, shouldn't you invite Alchemist Zheng back for a chat?"

Zheng Dongsheng's face suddenly turned as red as a pig's liver. His body couldn't help but tremble slightly. This was not fear, but anger!

As a seventh-grade Alchemist, he was treated like the moon by the stars wherever he went. Now, he was being humiliated by the AO Tian state. It was really unbearable!

Even if he couldn't endure it, he still had to endure it! Zheng Dongsheng didn't dare to offend someone like ao Tianzhou, who had a strong background. If he was still the second-ranked Alchemist of the East continent's Morning Star golden class academy, he wouldn't have to be too afraid of ao Tianzhou. Unfortunately, he had already been kicked out!

Wu Miao sighed in his heart. The AO Tian state was clearly showing their support for the heaven elixir Pavilion and the Tian Xing path. The famous medicine sect had delivered themselves to him. He couldn't blame anyone. If he still couldn't understand, he really didn't deserve to be the managing vice Island master!

"I understand. Island Lord, don't worry. Alchemist Zheng will cooperate with me to resolve this matter. Once we have a result, I will personally report it to Island Lord." Wu Miao said with even more respect. If

he wanted to deal with the AO Tian state, he couldn't let him have any suspicions. The current groveling was for the sake of killing him in one blow in the future!

Wu Miao clenched his teeth and consoled himself. Then, he signaled his men to take Zheng Dongsheng away. The two of them were smart people. With the AO Tian state and the Tian Xing Dao supporting the heavenly pill Pavilion, they would definitely not be able to gain any benefits this time. They could only go back first and discuss their next move.

Tian Xing Dao had wanted to ask the famous medicine sect for some compensation, but it was a pity that the AO Tian state was here. They were too embarrassed to do this, so they could only drop the matter. After all, they had killed a dog from the famous medicine sect, so it was not a loss.

After Wu Miao and Zheng Dongsheng left for a while, they transferred to another industry of the famous medicine sect. They sent someone to call Southern Heaven Aurora over for a discussion, and at the same time, they talked about the heavenly pill Pavilion.

"Island Lord Wu, why did the AO Tian state and the Tian Xing Dao appear in the heavenly elixir Pavilion at the same time? Do you think there's a problem with Lin Yi?" Zheng Dongsheng frowned and guessed uneasily. He really did look like the Emperor of truth.

"It's hard to say," Wu Miao shook his head, "it's been almost two years since Lin Yi's spirit projection, right?" He probably wouldn't be able to come back after not waking up for so long. In fact, ao Tian state's support for the heavenly pill Pavilion was all for Lin Yi's sake! If it wasn't for Lin Yi, he wouldn't even care if the heavenly elixir Pavilion was Dead or Alive!"

"I heard that Lin Yi passed out last time, so he shouldn't be able to make it. Do you think ao Tian Zhou has his eyes on those two girls?" Zheng Dongsheng's eyes suddenly lit up as he chuckled and said.

The news he heard was obviously about futures, and he obviously didn't know that Han Jingjing went to save Lin Yi. However, he was very interested in this kind of boring gossip.

Wu Ju snorted and didn't agree with Zheng Dongsheng. He said coldly, "Ao Tian Zhou isn't a shallow person. Although the two women in the heavenly elixir Pavilion are stunning, he wouldn't covet his friend's woman. I'm still confident about this!"

Zheng Dongsheng gave Wu Miao a strange look. He was just making a guess, why did he look so dissatisfied?

"Alchemist Zheng, if we want to deal with Ao Tianzhou, we have to accurately analyze his personality and behavior. We can't put our subjective assumptions on Ao Tianzhou. Otherwise, we'll definitely be the ones who suffer in the end!" Wu Miao solemnly reminded them. He didn't want to see the plan that he had planned for so long be ruined at the hands of these pig-like teammates.

Zheng Dongsheng laughed dryly and said, "Island Master Wu is right, but a reasonable assumption can also be made, right?" Since it's not certain, maybe we can come up with a better idea!"

Wu Miao snorted again, but he was too lazy to say anything more. He picked up the teacup beside him and slowly savored it. The two of them fell silent for a while.

Fortunately, Nantian Aurora Polaris came over at this time. He didn't dare to offend the people of the Otian state, but he really wanted to become the Deputy Island master of Nakajima. Therefore, while he was currying favor with the Otian state, he was also working with Wu Miao. He was prepared to get rid of the Skywalk path and the Otian state, the acting Island master.

Chapter 5798 Going To The Center To Send A Package

"Island Lord Wu, master Zheng, I heard that you had a conflict with Island Lord Ao Tian and Tian Xing Dao?" Nantian Aurora Polaris hurried in and cupped his fists to greet him. He then immediately asked,

"You're quite well-informed. " Wu Miao wasn't in a good mood, so he replied indifferently.

Nantian Aurora was a little confused, but he could tell that Wu Miao was unhappy. He turned to Zheng Dongsheng and asked, ""Master Zheng, what's the matter?"

Zheng Dongsheng snorted twice and briefly explained what had happened just now. Of course, he only briefly mentioned his own embarrassment.

Nantian Aurora touched his chin and thought for a long time before he said, ""Island Master Wu, master Zheng, I think this is a little strange. Both Island master ao Tian and Tian xingdao suddenly appeared in the heavenly elixir Pavilion. There's no way they didn't do anything, and the only person who could make both of them appear at the same time is probably Lin Yi."

"You think that Lin Yi's awake? However, it's been two years since his primordial spirit has projected itself. You should know this best. When have you heard of anyone who can project their primordial spirit for two years and still come back?" Wu Miao squinted his eyes at Nantian Aurora, not caring about Lin Yi waking up at all.

Zheng Dongsheng also nodded in agreement, but then he said, ""Speaking of which, it's only Lin Yi's matter that can make both of them come to the heavenly elixir Pavilion at the same time. If Lin Yi didn't come back, do you think he would have died?"

Nantian Aurora Polaris and Wu Miao trembled slightly, and they couldn't help opening their mouths. That's right! Why couldn't Lin Yi be dead?

His primordial spirit had been projected for two years, and there was news that he had passed out. It seemed normal for him to die now! No! It should be said that this was more reasonable!

However, if Lin Yi died, would ao Tian state still need to go back to the heavenly pill Pavilion to support them?

Nantian Aurora Polaris thought of this and immediately brought it up. After all, aotian state was only taking care of the heavenly elixir Pavilion because of Lin Yi. If this guy was done for, would he still help the heavenly elixir Pavilion?

Wu Miao shook his head, "no, if Lin Yi died, ao Tianzhou would do something like this even more. This is a time to show his generosity. He wouldn't mind the trouble."

Zheng Dongsheng clapped his hands, "that's right, that's definitely the case. It's good that Lin Yi is dead. Tianxing killed Tong yangfei so aggressively to intimidate the medicine sect. I'm sure that if he has the chance, he'll kill me as well. That way, the medicine sect won't have the power to threaten the heavenly pill Pavilion anymore."

Nantian Aurora's eyes lit up, and he laughed. ""This means that this matter is very likely to be true! Island Master Wu, as long as Lin Yi is really dead, Tianxing path's position won't be so stable. As long as we can bring Tianxing path down, I, southern sky Aurora, will support Island Master Wu with all my might!"

Hearing such a straightforward promise from Nantian Aurora, Wu Miao's mood began to improve. However, he wouldn't take action based on such a guess.

"We still need to find out more about this. Whether Lin Yi is dead or not is the key. As long as he's alive, the heavenly elixir Pavilion can continue to be stable. If he's dead, they'll immediately become a pile of loose sand!" Wu Miao said calmly. He was already thinking about how to verify this.

Nantian Aurora suggested, "I heard that the central Chamber of Commerce has connections with the secular world. Maybe we can get some information about Lin Yi in the secular world from the central Chamber of Commerce. We can use that to determine if he's really dead or not."

Of course, Wu Miao was familiar with the name of the central Chamber of Commerce. He immediately nodded, "Good! I'll leave this matter to you. You must find out the detailed information!"

Nantian Aurora Polaris agreed respectfully, but he was secretly disdainful in his heart. Do you think that you don't need spiritual Jade to go to the central Chamber of Commerce to get information? He was actually dismissed with a casual sentence?

Just as Nantian Aurora suggested going to the central Chamber of Commerce to find out Lin Yi's information, Lin Yi was also thinking of going there. Han Jing Jing didn't know what happened, but no matter what, he had to ask the secular world first to see if Han Jing Jing was still there.

But he couldn't do it right away-the aotian state and the Tianxing path were still here, after all, and Lin Yi had to eat, drink, and chat with the two first.

The next morning, Lin Yi went to check on Han Jing Jing's condition. She was still sitting cross-legged, and nothing had changed. For now, it was good news that nothing had changed, and he was even more relieved.

He didn't bring Tian Gang and the others, and went to the central Chamber of Commerce by himself. It wasn't that far from the heavenly elixir Pavilion, but the scale was far from what the heavenly elixir Pavilion could compare to.

It wasn't that far away, but Lin Yi walking into the Chamber of Commerce like that meant that someone had already reported it to Wu Miao and the others. These guys were speechless-wasn't he supposed to be unconscious? Didn't you say that he was already dead? Why did he appear again!

At this point, Wu Miao and the others finally understood. The reason why the aotian state and the Tian Xing society appeared in the sky elixir Pavilion at the same time was because of Lin Yi. After two years of spirit projection, this guy really did come back!

Lin Yi didn't know how big of a "surprise" he'd brought to these guys, but he saw a familiar face the moment he stepped through the door.

"Si tsunami? Why did you come to Nakajima?" Lin Yi asked curiously. The outside of the central Chamber of Commerce had the effect of blocking spiritual sense, so Lin Yi couldn't use his spiritual sense to observe the situation inside. He saw si tsunami, who was originally in the North Island, appear here and missed Hong Zhong a little.

Si tsunami was surprised to see Lin Yi coming in. He then said proudly, ""So it's Lin Yi, I'm the head manager here. If there's anything you need my help with, just let me know, but I'll need spirit Jade!"

"It seems that you're doing well. You're the head shopkeeper here! Do it well, and don't be so lecherous in the future!" Lin Yi said casually, but si tsunami's face turned ugly.

However, he returned to normal immediately. It was his nature to be lustful, and he couldn't change it. As for Lin Yi, si tsunami would definitely stab him in the back if he had the chance.

In fact, si tsunami came to the middle Island to adjust himself. When he was in the North Island, he barely saw the damage he did to Lin Yi as the head shopkeeper, and he didn't have any information at all. It would be strange if he didn't get sent away.

"Cut the crap. If you have something to say, say it. If you don 't, then hurry up and leave. Don't interfere with our business!" Si tsunami snorted and didn't want to talk to Lin Yi.

Chapter 5799 F * Cking Kang Zhaoming

Lin Yi didn't mind and smiled faintly, Si tsunami, are you the person in charge here?"

"Don't you understand? I'm the head shopkeeper here, which means I'm the person in charge. I want you to say what you have to say, don't dilly-dally. " Si tsunami emphasized the word "head shopkeeper" again to make himself appear more powerful.

In fact, in terms of power, si tsunami didn't have as much power as he did in the North Island after coming to the Middle Island. He didn't even know that central and Lin Yi had reached an agreement.

"Alright, I have a letter to send to the secular world." Lin Yi didn't want to waste time talking to this guy. He took out a letter and handed it to si tsunami.

Si tsunami snorted, looked up, and said in disdain, ""This business has already stopped. You can go somewhere else. I won't send you off!"

Lin Yi frowned-he'd already shared the central tunnel with him, and sending a message was still so troublesome! If han Jingjing had returned, there would be no need for central to do such a thing.

"If you can't make the decision, then don't come out and act like a boss. Hurry up and find someone who can take responsibility here!" Lin Yi said impatiently. If he wasn't worried about han Jingjing, he would have already slapped si tsunami. He was furious when he saw si tsunami's face.

"You don't understand human language, do you? I'm the head shopkeeper here, and this business has already stopped. Hurry up and leave, don't cause trouble here!" Lin Yi was impatient, but si tsunami was not. He continued to chase Lin Yi away arrogantly.

Lin Yi didn't want to waste time talking nonsense. He slapped si tsunami's face directly and sent him flying. Since he wanted this slap so much, it didn't seem appropriate to not be satisfied!

It was said that one had to look at the owner before hitting the dog. Since the owner wasn't coming out, he would hit the dog first. It would probably come out soon.

"You dare to hit me? You dare to hit me in the central Chamber of Commerce? Lin Yi, you're dead!" Si tsunami spat out a few teeth and roared at Lin Yi hysterically.

A guard rushed out without Si Tsunami's order and pounced at Lin Yi fiercely, the big knife in his hand slashing down.

"Mid-stage xuansheng? The central Chamber of Commerce is indeed rich. Even such an expert can be used as a guard." Lin Yi said with a tsk of wonder, but his eyes were full of disdain.

He was only a mid-stage xuansheng, and he wouldn't even know how he died if he dared to be so cocky in front of Lin Yi!

It was another simple slap. The mid-stage xuansheng realm guard flew out at a faster speed than when he came. He spat out a few teeth before he landed on the ground. His situation was no different from Si Tsunami's.

Si Tsunami was dumbfounded. He swallowed the words he was about to say. He knew that Lin Yi was strong, but when did he become so strong?

Mid-stage xuansheng experts were enough to become the Deputy Island master of Middle Island, but what happened? Lin Yi didn't even look at her, sending her flying away with a casual slap like a fly. How could they still have fun together?

Fortunately, it was still early, and there was no one else in the central Chamber of Commerce except Lin Yi. Otherwise, it would be really embarrassing. Si Tsunami wanted to use the ban of the middle Island to talk about it, but he didn't say anything in the end.

Si Tsunami, are you still in charge of this place?" Lin Yi waved his hand and looked at Si Tsunami with a mocking expression.

Si tsunami quickly shook his head and said, "no, no. I'm just a shopkeeper. I can't make the decision. Please wait. I'll find the person in charge immediately."

After saying this, si tsunami didn't dare to delay any longer. He quickly got up and ran to inform his superior. He quickly ran back and said, ""I'm calling you to see him. He's on the fourth floor. This way please."

Half of si tsunami's face was badly swollen, but he didn't dare to treat it first. He led Lin Yi to the corridor with half fear and half respect.

Lin Yi wasn't afraid that central would set up an ambush here-the middle Island was pretty much his territory now, and he didn't need to worry about safety. Plus, with his current strength, even a sect opening practitioner might not be his match.

After bringing Lin Yi to a room on the fourth floor, si tsunami retreated on his own. Lin Yi used his spiritual senses to scan and found that every room had a divine sense-blocking function, but it wasn't strong. If he wanted to, he could easily break it.

But Lin Yi wasn't here to cause trouble today, so he didn't force his way in. He pushed the door open and walked in.

"Kang Zhaoming?" To Lin Yi's surprise, the person inside was someone he knew. This kid was actually si tsunami's boss. It seemed that the bootlicker class was improving quickly, and he was doing well.

"You didn't expect to see me here, did you, Lin Yi?" Zhaoming smiled, pleased with himself. I heard that you're very awesome. You came to my place early in the morning to beat people up. What's wrong? Do you think that central can't deal with you?"

Lin Yi smiled faintly, "I'm quite surprised, you're still alive." He even became the person in charge of the central Nakagama? Forget it, these are not important. I'm going to send a letter to the mortal world, what do you say?"

"What can I say? Since we know each other, I'll send it to you if you beg me. " Zhaoming laughed out loud, his crossed legs shaking quickly like a smug little man.

"Is it because it's been too long since I've beaten you, so your skin is a little itchy?" Lin Yi raised an eyebrow as he spoke faintly. Beating up other people might be boring, but beating up Kang Zhaoming was something he was very interested in.

"Hmph!" Zhaoming hmped, "who are you trying to scare, Lin Yi? he's just in the late stage of the mysterious Ascension realm, what's so great about that?" In the ancient martial world and the secular world, you're strong, but on the Sky Class Island, what's this strength? You'd better behave yourself. "

"You mean you've already surpassed me? Then let's try a few moves?" Lin Yi stretched out his hand and hooked his finger at Kang Zhaoming.

Kang Zhaoming was speechless. How could he compete with Lin Yi? he would be asking for a beating if he went over.

After a pause, Kang Zhaoming straightened his neck and said, "Why do you care if I've surpassed you? Let me tell you, my men are all better than you, so what are you so proud of?"

He was afraid that Lin Yi would continue to pester him with the question, so he decided to change the topic. "Alright, let's not talk about useless things. I know everything about you in the small ancient martial world and the secular world. Why don't you tell me what you are here for?"

"Kang Zhaoming, are you out of your mind? I told you just now to send a letter to the mortal world!" Lin Yi hmped and didn't continue.

He could tell that Zhaoming's position in central wasn't low, and Lin Yi didn't want to get into a conflict with them yet. He didn't know how Xu lingchong and Zhong pinliang were doing.

Chapter 5800 Liang Bro

Lin Yi blurted out at the thought of Zhong pinliang. "If an idiot like you can get to the top, why didn't Zhong pinliang, who's as stupid as you, see it? He wouldn't be promoted, right? Or is he already dead?"

"Hmph!" Zhaoming hmped, "Liang bro's a Big Shot, you're just a small fry, how could you get to see him so easily? It doesn't matter if I tell you, brother Liang is now the central special envoy of Nakajima, a true Lord of a region. The whole of Nakajima is under brother Liang's control. Of course, I'm not bad either, assistant to the Nakajima special envoy, understand? He's Liang bro's second-in-command, helping Liang bro manage Nakajima!"

Lin Yi was a little happy-he didn't think that Zhong pinliang would be doing so well, becoming one of the higher-ups in central. He wondered if this follower had other thoughts. It would be great if they could meet.

"Alright, enough nonsense. Can you, the second brother, make the decision about sending the letter? Give me a straightforward answer!" Lin Yi did want to see pinliang, but it was a bit sudden to bring it up. He'd have to settle the letter first-pinliang was in Nakajima, after all, and he'd have to see him if he wanted to.

Zhaoming paused and hmped."Of course I can make the decision, but you're different. Even Liang bro doesn't like you. I'll have to ask him first. Just you wait!"

Zhaoming said, rolling his eyes at Lin Yi's lack of reaction."I told you to go back and wait, not to wait here!"

Lin Yi furrowed his brows. Did this Kang Zhaoming really forget the pain? did he really think that he wouldn't be able to teach him a lesson here?

"Leave the letter. I'll let you know the result after I've asked Liang bro!" Kang Zhaoming also saw Lin Yi's frown. He didn't dare to offend Lin Yi too much, so he immediately relaxed his tone.

Lin Yi hmped coldly and placed the letter on the table."There is my spiritual awareness mark on it. If it is damaged before being sent to the secular world, you can wash your neck and wait for death!"

Zhaoming's body shivered-he really didn't think that Lin Yi was trying to scare him, and the idea of peeking at him to satisfy his curiosity vanished.

"Who cares! Leave, quickly leave! I don't want to see you anymore!" Kang Zhaoming ordered angrily. As expected, meeting Lin Yi alone was a lot of pressure!

Lin Yi smiled faintly and ignored Kang Zhaoming. He turned around and left the room.

Pinliang might be in the building as well, but Lin Yi wouldn't go look for him on his own. He'd have to go back to the heavenly pill Pavilion first.

After leaving the central Chamber of Commerce, Lin Yi suddenly felt that he should go back to the North Island as soon as possible. Zhong pinliang and Kang Zhaoming were both on the middle Island, and he didn't know if there were any changes on the North Island. Shangguan LAN 'er was from the North Island, but this miss didn't care what was different about the North Island.

In places with a Center, the power structure would change very quickly. For example, if it wasn't for Lin Yi, the ancient martial world would've been completely controlled by the center.

There were a lot of Masters on Sky Class islands, and the central wouldn't be able to control many sects in a short time, but the situation was definitely changing. Lin Yi had to figure out what happened in the past two years, and the best target was, of course, Zhong pinliang, who'd gotten into the central and held a high position.

He just hoped that Zhong pinliang wouldn't fall for central after getting all the benefits.

"I wonder how the king of junk is doing. Over the past two years, the items in the equipment-forging pool should be almost ready, right?" Lin Yi sighed as he thought of the king of junk. It was all because of han Jingjing-with the automatic casting mechanism, the king of junk might have been able to finish the job.

But where did han Jingjing's primordial spirit go?

After returning to the sky elixir Pavilion, Lin Yi went to see han Jingjing again. She was still the same, and she didn't wake up suddenly. Lin Yi felt helpless.

After chatting with Tiangang and Xue Li for a while, Lin Yi started making some elixirs for them to sell. The heavenly pill Pavilion had been suppressed by the medicine sect for too long, and yesterday, the medicine sect came to pick a fight with them, but they got killed by a Tong Yang. It was the best time for the heavenly pill Pavilion to strike back.

Someone from the central Chamber of Commerce came looking for Lin Yi when the sky turned dark, saying that they wanted to discuss sending a letter to the mortal world.

Lin Yi guessed that Zhong pinliang was looking for him, so he followed the man to the central Chamber of Commerce without hesitation.

Kang Zhaoming saw Lin Yi and laughed loudly, "Lin Yi, you really do come and go as you please! Not bad, not bad. Seeing that you're so obedient, I'll put in a good word for you in front of brother Liang, and he'll agree to send you a letter to the mortal world. "

Lin Yi didn't even look at him from the corner of his eyes, completely ignoring Kang Zhaoming. When he walked past him, he said faintly, "Idiot!"

The smile on Kang Zhaoming's face froze as he pointed at Lin Yi, "If you say that again, do you believe that I'll kill you?!"

Lin Yi didn't even turn his head as he walked up the stairs, but he still fulfilled Kang Zhaoming's request. He raised his voice, "Idiot!"

The guide had already told Lin Yi that Zhong pinliang, the central island's special envoy, wanted to see him at the top floor of the central Chamber of Commerce. Lin Yi didn't want to talk to Kang Zhaoming at all, so he went up to find Zhong pinliang.

The veins on Kang Zhaoming's forehead were popping. He felt that he was an idiot. He was scolded once and he still wanted to get scolded again. He wanted to hit Lin Yi, but he knew that his strength was far from Lin Yi's. He would be asking for a beating if he hit him!

"Stop right there! The central Chamber of Commerce is not a place you can walk around as you please!" Kang Zhaoming rushed up the stairs and blocked Lin Yi's way.

He couldn't beat Lin Yi, he couldn't scold him, so all Zhaoming could do was stop Lin Yi for a while to regain his balance.

"Didn't you send someone to tell Zhong pinliang that you wanted to see me?" Lin Yi said, frowning. Why don't you send me a letter and say something straight? don't use these annoying little tricks all day!"

Zhaoming didn't know what to say-it was pinliang who wanted to see Lin Yi, after all. He probably wanted to show off to Lin Yi after he got promoted, so Zhaoming decided to come first and beat down Lin Yi's ego.

Too bad, the one who got hurt was himself!

"That's right, it's Liang bro who wants to see you, but this is the central Chamber of Commerce's area, how can you walk around without someone to lead the way? Follow me! Don't look around!" Kang Zhaoming said a few random things before bringing Lin Yi upstairs to find Zhong pinliang.
