Chapter 5811 Reason For Failure

Luckily, the automatic refining system analyzed the reason for the failure and told Lin Yi, ""To make the spirit quenching pill, you need to use both the spirit sense and true Qi refinement fire together. Creating a new recipe, please wait a moment, Lin Yi bro!"

It actually needed to be used together with the consciousness pill fire and the true Qi pill fire? Lin Yi didn't know what to say-didn't that mean he was the only one on the entire Sky Class Island who could make the pill? Even Zhang Liju probably didn't know how to form a spirit sense pill fire. But this cheap master was hard to say. He might have some magical abilities.

He should've reminded hou guanqi about this, so he wouldn't waste the spiritual sense grass, but Lin Yi knew that he wouldn't be able to make elixirs today, so there was no rush. He'd tell him after they got on the boat, and tell him the method to condense the spirit Fire as well.

Two minutes later, a new recipe was created. Lin Yi cleaned up the residue in the Shennong cauldron and put in the four portions of ingredients again. He then started multitasking, sending in Qi with one hand and spirit sense with the other.

It was all thanks to the experience of creating the Super refinement fire bomb that Lin Yi was able to multitask easily. He followed the system's instructions and alternated between the two types of energy. Of course, he had to use his Qi and spirit sense more often at the same time. In terms of difficulty, it was even more difficult than making a Mystic pill like the earth strengthening pill.

Lin Yi guessed that even if hou guanqi learned how to use the refinement fire, he might not be able to make the spirit quenching pill. It might be a golden class level Seven, but that was a classification from ancient times. With the difficulty level now, it wasn't surprising to say it was Mystic class level two.

Moreover, the most important thing was that if Hou Guanqi were to learn how to condense the consciousness pill fire now, he would have to start from scratch.

"Ding! You've obtained seven soul tempering pills, two more than expected. They're all special grade. Analyzing ..."

Lin Yi was overjoyed. He thought that after the first failure, the new script would need a few more tries to perfect it, but who knew that he'd get a perfect refinement right away? Not only were the quality special grade, but even the quantity was two more than he'd expected.

"The cause of the abnormality has been analyzed. Because the main ingredients used are of a higher grade, there has been an overflow. If the main ingredients are of the same grade in the next alchemy, you can reduce the number of ingredients used by half or double the amount of supplementary ingredients!"

"So it's like this! I understand!" Lin Yi nodded as he understood now. The main ingredient in the recipe was spirit sense grass, and Lin Yi used it directly. It was no wonder that there wasn't any overflow.

He had estimated that he would make five pills and seven pills. In fact, he had already wasted the spiritual energy of the spiritual sense grass. If he refined the pill in two batches, he should be able to make ten pills from that piece of spiritual sense grass!

But it didn't matter—Lin Yi didn't have much, but he did have spirit sense grass! He immediately took out a Jade bottle and put the six soul quenching pills away. Then, he directly swallowed one of them.

Before giving it to Tiangang Xueli and the others, Lin Yi had to try it himself, in case there were any problems and he would regret it.

The pill still carried the warmth from the refinement, and it turned into a warm current as soon as it entered Lin Yi's mouth. It flowed into his stomach and rose up into his consciousness, starting to train Lin Yi's spirit.

After going through the pain of the spiritual roots, the spirit quenching pill was as gentle as a lover's touch. In a short time, Lin Yi's spirit seemed to be more condensed, without any side effects.

Lin Yi wanted to cry, but no tears came out. If only he had the recipe earlier, then he wouldn't have to suffer so much. But then again, if Han Jing didn't upgrade the automatic refining system and included the spirit sense refinement fire, Lin Yi wouldn't be able to make the spirit quenching pill even if he had the recipe.

"Good stuff! The spirit tempering pill was indeed a good thing! I don't believe I can't get a good price if I auction it!" Lin Yi opened his eyes and smiled as he muttered to himself. He started making the spirit quenching pill again.

This time, he reduced the amount of spiritual awareness grass by half. As expected, five pills were formed, and they were all special grade pills. The Shennong cauldron with its automatic pill refining system was just so heaven-defying!

After three cauldrons, Lin Yi stopped. Sixteen special grade pills were enough for Tian Gang and Xue Li to cultivate for two to three months. He just needed to give them more when they came back from the northernmost Island.

Seeing that there was still some time before the sky turned dark, and that Cai Zhongyang still hadn't come to inform him that he could board the ship, Lin Yi decided to take out the mountain gaze stone and start making the mountain gaze pill.

Lin Yi wasn't in a hurry for the pill anymore, but Hou Guanqi still needed a mountain gaze pill to report on. He wanted to make it as soon as possible and give it to Hou Guanqi.

With the experience of the failed spirit tempering pill, the automatic elixir refinement system automatically included the consciousness elixir fire and true Qi elixir fire into its calculation when it analyzed the elixir recipe and formed an elixir refinement script. Therefore, there were actually two elixir fire refinement methods for the mountain gaze pill this time!

In other words, both the consciousness pill fire and the true Qi pill fire could be used to refine this kind of pill. It depended on which one to choose. In any case, the result would be the same.

Lin Yi didn't really mind-he'd gotten used to using Qi or spiritual sense anyway, either way-Qi just saved him a lot of energy.

When the sky was getting dark, the mountain gaze pill was finally made. Lin Yi was surprised to find that although it was his first time making the mountain gaze pill, he made nine pills in the end, and they were all Supreme grade. No one would believe it if he told them.

Lin Yi was already very happy with the original estimate of seven mountain gaze stones-after all, one stone was only enough for a little more than five portions. He didn't expect that it would almost double in the end. It was probably because the two refinement flames could fuse the effects together more perfectly.

In a good mood, Lin Yi put away the mountain gaze pill and cleaned up the Shennong cauldron. He stopped refining and went to Han Jing Jing's room.

Han Jingjing was still the same as before. Lin Yi looked at her calm face and smiled, ""Jing Jing, thanks to your automatic alchemy system, I don't have to worry about not having enough spiritual jades to buy the spirit gathering branch when I go to the northernmost Island for the auction. You went to earth to save me last time, so let me save you this time. I'll definitely be back soon!"

Tian Gang appeared at Han Jing Jing's door but didn't interrupt Lin Yi. When Lin Yi turned around to look at her, he smiled, "President Cai has already sent someone to inform you to board the ship. Don't worry, we'll take good care of Jingjing. Bring the spirit gathering branch back as soon as possible!"

Chapter 5812 Meeting Ao Tianba Again

"I will!" Lin Yi nodded and took out the Jade bottle with the pill. "Here are 16 soul quenching pills, you and Xue Li each take half, you can use them to refine your soul consciousness."

"Soul quenching pill, you actually refined the soul quenching pill?" Tian Gang raised his head to look at Lin Yi, surprised. He'd clearly heard of the spirit quenching pill before.

Lin Yi sweated-even Tian Gang knew about the spirit quenching pill, but he'd never even heard of it before. He was way too ignorant.

In fact, Tian Gang had read about it in the books of the pill Hall by chance. This was the importance of inheritance. If Lin Yi could always be by Zhang Liju's side, he wouldn't have only seen this much. Of course, his achievements wouldn't be as high as they were now.

"There are two more mountain gaze pills. Give one to brother Tian. He won't need it for now, but he'll need it in the future. As for the other one, I'll sell it as the shop's treasure." Lin Yi didn't explain the soul quenching pill, but gave the two mountain gaze pills to Tian Gang.

Lin Yi had helped him modify the creation battle technique, and he should improve quickly in the future. Giving him a mountain gaze pill might help him enter the mountain-opening stage.

As for the other pill, it could increase the reputation of the heavenly elixir Pavilion once again. Even though it couldn't make up for the losses they had suffered in the past two years, it could at least restore some of their popularity.

Tian Gang didn't ask much about the pill and put it away. He hugged Lin Yi and said, "Nothing else is important, as long as you're safe. Remember to come back soon."

"I will!" Lin Yi smiled and hugged Tian Ji's soft body as well. He saw Xue Li peeking her head out of the door.

He waved at Xue Li, asking her to come over. She was shy at first, but she quickly walked in, obviously knowing that Lin Yi was going to the northernmost Island soon and wouldn't see him for a while. She didn't want to miss any chance.

Tian Gang was quite generous, pulling Xue Li into Lin Yi's arms as well, giving him the rare feeling of hugging her left and right.

Cai Zhongyang's men were still waiting downstairs, and Lin Yi didn't waste any more time. After saying goodbye to the two, he went downstairs with his luggage.

As soon as he went out, he saw Wei shenjin rushing over. Before he even ran over, he waved and said, ""Boss, the fleet is here. We can go over now!"

"I was just about to head over, let's go together!" Lin Yi nodded to Wei shenjin and followed Cai Zhongyang's men to the dock.

After walking for a short while, they could see the outline of a huge treasure ship docked at the Nakajima Pier. There were also many people loading and unloading goods. One side was unloading the goods they had brought, and the other side was loading the goods they were going to take away. Although they were busy, they were all carrying out their tasks in an orderly manner.

Lin Yi took a look-there were five new ships, and other than the four big treasure ships, there was a familiar ancient battleship. He scanned with his spirit sense and saw his old acquaintance, ao Tianba, on the deck, looking at the busy people.

Hou guanqi and Cai Zhongyang were by ao Tianba's side, chatting and laughing with him. Perhaps it was because of the relationship between ao Tianzhou and Lin Yi, but they seemed to be on good terms.

When Lin Yi used his spirit sense to scan over, the three people seemed to have noticed his arrival as well. They all moved to the boarding gate of the ancient battleship, waiting for him. It was obvious that Lin Yi was still very important in their hearts.

Knowing that they were waiting for him, Lin Yi increased his speed and saw them very quickly. He smiled and cupped his fists, "Captain ao Tian, long time no see. We finally meet again!"

"Brother Lin, you're too polite. Why are you calling me Captain? you're my honorary vice-captain!" Ao Tianba laughed loudly as he walked up to Lin Yi and gave him a firm hug, fully displaying the forthright nature of a man from the sea.

"It's my fault," Lin Yi smiled, " please forgive me, aotian bro. Why are you the one sending us to the northernmost Island?" Brother hou and brother Cai aren't good friends. You've been hiding this from me. "

Cai Zhongyang laughed. "I wanted to give you a surprise, brother Lin. Captain ao Tian has been to Nakajima a few times and has been looking for you. I thought you would be very happy to see him, right?"

Lin Yi only realized now that ao Tianba had come to visit him a couple of times in the past two years. It wasn't easy, and he didn't even want to come to the central island before.

"I'm indeed very happy! And thank you for your concern, brother ao Tian!" Lin Yi would remember this favor-he'd return it when he had the chance.

"Alright, let's go up and talk. It's not my ao Tian BA's way of treating guests here!" Ao Tianba seemed to be in a good mood as he pulled Lin Yi and the others onto the boat.

The treasure ships on the side were busy loading and unloading goods. Only the ancient warship in the AO Tian state did not load anything. It was only replenishing some of the materials that were needed at sea.

Lin Yi's heart moved as he smiled. "Brother ao Tian, could it be that you've already built a fleet? Are these four giant ships all under your command?"

A proud look appeared on ao Tianzhou's face as he heard Lin Yi's question. He waved his hand humbly, "No, of these four giant treasure ships, only two are mine. The other two are travelling with me and asked me to escort them along the way. Although my dream is to build an invincible fleet, these two treasure ships are far from being a fleet. They're just a small fleet. "

"Brother ao Tian, you're too humble. It hasn't been long, and you already have two giant treasure ships. In a few years, you'll definitely be able to build an unrivalled fleet on the sea!" Cai Zhongyang complimented him, but what he said was the truth. To be able to add two giant treasure ships in two years without relying on the aotian family behind him, aotian BA's ability was definitely extremely powerful.

However, after ao Tian BA and ao Tian Zhou reunited two years ago, it was unknown if ao Tian Zhou had secretly helped them. However, thinking about it, it was obvious that he had done something.

"Thank you for your kind words!" The joy on ao Tianba's face could not be hidden at all. Cai Zhongyang had clearly spoken his mind.

Lin Yi complimented him as well-it was true that Sky Class Island had a lot more ships than ancient warships, but they weren't just cabbages. Ao Tianba had two more in two years, and that was already a feat.

Chapter 5813 Cold Vice President Wei

"This time, the precious items from the Nakajima clans have already been brought onto the warship. The ordinary ones are placed on my two treasure ships. Of course, there are also many of my own goods. It's very hard to support these three ships. If I don't transport some goods myself, I won't even have enough food for my subordinates." Ao Tianba chuckled as he spoke, but he didn't look like he was working hard at all. Instead, he looked very happy.

Lin Yi understood now. Ao Tianba's ancient battleship usually didn't carry any goods and was used as an armed force. This time, however, it involved many important guests of the central island, so they were allowed to bring the most precious items.

Of course, the safety of the giant treasure ship was also very high, but it was not worth mentioning at all when compared to the ancient warship. The important figures of Nakajima were all important customers of Ao Tianba. As long as there was no special reason, they would naturally choose to take the ancient warship.

As soon as he got on the deck, Lin Yi saw the people from the Hong Chamber of Commerce follow him on board. He wasn't familiar with the people from the central island, but he was an honorary Vice President. He had to greet them.

"Brother Ao Tian, I'm going to the Hong Chamber of Commerce to greet them. You can go in first, I'll be back in a while." Lin Yi said to Ao Tianba and the others before walking over to the Hong Chamber of Commerce.

Lin Yi wasn't really interested in this kind of thing, but Hong Zhong was his best friend. He should go and greet him for his sake, especially since Lin Yi really wanted to know how he was doing.

"This must be Vice President Wei of the Hong Chamber of Commerce? I'm Lin Yi, we should've met before. " Lin Yi smiled as he walked up and saluted first.

There weren't many familiar faces in the Hong Chamber of Commerce this time, but Lin Yi did see Vice President Wei two years ago, but they didn't interact much, not even knowing his name.

Lin Yi wouldn't have come if it weren't for this familiar face.

Vice President Wei looked at Lin Yi indifferently, not even bothering to greet him with a fist salute, "I'm Wei Jiading, what's the matter?"

Lin Yi blinked-did this guy not know him? Even if Lin Yi hadn't appeared for two years, there weren't many people on the island who didn't know his name, not to mention that he was the honorary Vice President of the Hong Chamber of Commerce.

Even if he didn't know who Lin Yi was, he was just the Vice-President of a Chamber of Commerce. How could he make that face on ao Tianba's ancient ship? Didn't he know that those who could board this ancient warship were all of high status? Would the Hong Chamber of Commerce still be able to do business?

"Could it be that Vice President Wei doesn't recognize this Lin anymore?" The smile on Lin Yi's face disappeared as well-he wasn't used to sticking his warm face into someone else's cold ass. If it weren't for Hong Zhong, he'd have left already.

"I know you're the honorary Vice President Lin Yi, just say it!" Wei Jiading said expressionlessly. What surprised Lin Yi was that Wei Jiading acted like this even though he knew Lin Yi. It seemed like there was a change in the Hong Chamber of Commerce!

Could it be that something had happened to Hong Zhong?

Lin Yi was a little scared, but he knew that he wouldn't get anything out of Wei Jiading even if he kept asking him. He nodded and looked at Wei Jiading indifferently before turning around and leaving.

Seeing Lin Yi's expression, a look of surprise flashed across Wei Jiading's eyes, as if he didn't expect Lin Yi to leave without even saying a word. He saw Lin Yi's warm smile and came over to greet him, and thought that he was someone he could easily deal with, but it didn't seem like it.

However, Veigar didn't care. It was just an honorary Vice President. It might have some weight outside, but it was nothing in front of the Vice President of the Nakajima District.

Lin Yi's face was dark as he walked towards Ao Tianba and the others. He didn't care about someone like Wei Jiading—he was worried about Hong Zhong. With Hong Zhong's position in the Chamber of Commerce, no one would disrespect him as an honorary Vice President if nothing happened.

Ao Tianba and the others didn't leave, waiting for Lin Yi instead. They were all surprised at the scene. On central island, there was someone who wouldn't give Lin Yi any face other than the medicine sect, and it was even someone from the Hong Chamber of Commerce. It was too unexpected.

Hou guanqi and Cai Zhongyang were better off, but ao Tianba was still considering if he should just kick the Hong Chamber of Commerce off the ancient warship. However, he was a businessman now, and it was best to wait and see before Lin Yi said anything. Of course, he had to show his attitude.

"Brother Lin, what's up with that Wei Jiading?" Ao Tianba frowned as he asked Lin Yi. As long as Lin Yi said the word, he'd kick them out for sure. He didn't say it out, but he believed that Lin Yi would understand what he meant.

Lin Yi waved his hand and smiled faintly, "It's nothing. He's just an irrelevant person. We don't need to pay attention to him. "

"That's right, that's right. There's no need to pay attention to ordinary idlers. Let's go and have a drink together!" Ao Tianba smiled. Lin Yi's words had saved him from a difficult situation, and his mood improved a lot. However, he remembered that Wei Jiading, and as long as he had a valid reason, he wouldn't be polite to him.

As they were talking, an aerial spirit beast flew over from the sky above the middle Island and landed on the deck of the ancient warship.

In the past, the people on the ancient warship would have surrounded them, but now that ao Tianba was a businessman, he would not do such a thing.

On the middle Island, flying spirit beasts were generally forbidden to fly at will. Only a small number of people at the top had this privilege. Ordinary people who dared to fly like this were courting death. Now that someone had flown directly from the Inland of the middle Island to ao Tianba's ancient warship, it was obvious that the other party had a noble status.

Ao Tianba only glanced at the person on the flying spirit beast, not planning on going over to welcome him. The acting Island master was his second brother, and other than people like Lin Yi, who he really wanted to make friends with, there weren't many people worthy of him personally welcoming. Even if it was business, he wouldn't go out of his way to cater to others.

Lin Yi's spirit sense had already seen the person on the flying spirit beast. The one at the front was a young beauty with a heroic bearing, elegant and Noble temperament, but there was a faint pride in her eyes. If you didn't look closely, you wouldn't notice it.

Chapter 5814 5812-Remembering Early

The other one was someone Lin Yi knew-Zheng dongjue of the Zheng family. As the Vice head of the hall of alchemy, the fact that he was accompanying this classic beauty showed how noble this girl's status was.

In addition to the two of them, there was also a young man on the flying spirit beast. His looks were quite reasonable, but he was smiling and talking attentively beside the young girl, which made people have a bad impression of him.

"Brother hou, is this a member of your pill Hall?" Lin Yi asked curiously, putting aside his worries for now.

It wasn't his first or second time coming to Middle Island, but he had never heard of such a person from the pill Hall. He could actually ride an aerial spirit beast on Middle Island and even have Zheng dongjue accompany him.

Hou guanqi introduced in a low voice,"that's right. Her name is li Zao Yi. She's the chief Alchemist of our alchemy Hall. Without the hall Master, her alchemy ability is the strongest. Although I don't know who

her master is, she's indeed a stunning talent! Little brother Lin, your alchemy skills are also quite strong, but this old brother will say something unpleasant, you may not be able to compare to Alchemist li. "

Lin Yi smiled and didn't mind. If he lost the Shennong cauldron, his skills in elixir making would be better than anyone else's, let alone li Zao Yi's.

But this girl was the head refiner of the pill Hall, and Lin Yi couldn't help but be surprised. Even if he didn't count his cheap master Zhang Liju, there were still quite a few refiners in the pill Hall. To be able to get the title of head refiner meant that this girl with the strange name was really capable, and looking at her age, she should be younger than Lin Yi. Geniuses were everywhere!

"Alchemist Li's identity is very mysterious. A few years ago, she suddenly appeared in the pill Hall and became our pill Hall's chief Alchemist in one fell swoop. After that, she went into long-term seclusion to refine pills. Normally, you can't even see her figure. I don't know what level her current alchemy ability has reached." Hou guanqi obviously held this little beauty in high regard. When he talked about her, his face was full of admiration.

Cai Zhongyang chimed in, "that's right. I've also heard of li Zao Yi's name. This time, she was able to attend the auction on the northernmost Island. She must have taken a fancy to something in it. Among the first auction items that were revealed, there were indeed a few Supreme-grade alchemy materials."

Lin Yi shrugged. He didn't really care about making elixirs, as long as they didn't fight over the soul-raising tree and the concentration branch. As for li Zao Yi's ability, he didn't care at all. In the world of practitioners, strength was everything, regardless of gender. It was the same for alchemy. For example, han Jingjing's genius wasn't any worse than li Zao Yi.

"Let's go. Let's chat and drink together. It's better than staying here in the wind!" Ao Tianba smiled as he greeted everyone. He knew that Lin Yi didn't have a good impression of Zheng dongjue, and they were

already enemies. He didn't want to bother with Li Zao Yi and the others. Since they didn't have a good relationship, they'd just mind their own business.

As the captain of the ancient warship, Ao Tianba should have a neutral attitude to maintain his power, but Lin Yi was his honorary vice-captain, and he was on his side. Of course, the others could do whatever they wanted.

Although Hou Guanqi was also a member of the Pill Hall, he had never gotten along with Zheng Dongjue. Normally, he would have gone over to greet Li Zao Yi when he saw her coming out of seclusion. However, with Zheng Dongjue there, Hou Guanqi pretended not to see her.

Ao Tianba brought Lin Yi, Hou Guanqi, Cai Zhongyang, and Wei Shenjin to the four-person dining room. There was already exquisite food prepared, and the five of them sat down to enjoy.

Lin Yi thought of Lan Guzha when he saw the food. If the guy was here, he'd probably be gone again. He didn't know if he was nearby or if he'd already entered the sea near the middle Island and was waiting for the ship to set off.

"By the way, brother Cai and brother Hou, it seems that there are many big shots attending the auction on the northernmost Island. I've been there once before, but I didn't see many big shots there." Lin Yi asked as he took a sip of the spirit fruit wine.

Cai Zhongyang smiled and said, "indeed, the scale of this auction is relatively large. Well, it should be said that it is the largest auction in the northernmost Island in the past ten years. The reason is that many precious treasures have flowed out from the East continent, such as the spirit-gathering branch and the soul nourishing wood. In fact, these two things are not the most precious treasures this time."

Hou guanqi nodded with a smile. "It's precisely because so many good things have appeared that the auction on the northernmost Island is quite a sensation. All the families have brought out their more precious collections to participate in the auction. This has raised the level of the auction by several levels. For example, Foundation establishment pills were the main items in the past. This year, I don't think even the ordinary items will be sold. They can only be traded in the periphery."

Lin Yi thought so. The last time he went with Hong Zhong, he was ambushed by the Hong Chamber of Commerce's opponent and was unprepared for the auction item. It was only because he made more than a hundred Foundation Stage pills that Hong Zhong managed to escape.

The elixirs that were auctioned that time were all foundation level elixirs. They were golden class fourth level elixirs, but they were already very rare items. This time, however, only elixirs of golden class sixth level and above were qualified to enter the auction.

Speaking of the pill, Lin Yi remembered the restrictions on the soul quenching pill. He turned to hou guanqi and Cai Zhongyang, "Brother hou, brother Cai, I learned a method of using consciousness to condense pill fire in the ancient martial world. The alchemists there all use consciousness pill fire to refine pills. Have you heard of it?"

"There's such a pill fire? I've never heard of it before!" Hou guanqi said, surprised. He hadn't started making the pill yet, but he'd studied it a few times already. He felt that something was wrong, and now that Lin Yi mentioned the spirit sense refinement fire, he finally understood.

Although Cai Zhongyang was the Vice President of the five elements Chamber of Commerce, he was also Zhang Liju's disciple. He asked with interest, "This consciousness pill fire sounds very interesting. If little brother Lin doesn't mind, why don't you show it to us?"

"Of course I don't!" Lin Yi smiled faintly and extended his left hand, using his spirit sense to form a small refinement fire.

Although ao Tianba and Wei shenjin didn't know much about alchemy, they were very curious to see this consciousness pill fire.

Hou guanqi and Cai Zhongyang sensed the state of their consciousness fire and nodded in praise. "The world is really big, there are all kinds of strange things. This kind of spirit sense pill fire is no worse than the elemental pill fire that we condensed with our Zhen Qi. Moreover, this is a non-elemental pill fire, so it might be more convenient to use it to concoct pills. Unfortunately, our spirit sense is not strong enough, so we probably won't be able to concoct a furnace of pills before we completely pass out."

Chapter 5815 Wei Shenjin's Antidote

Lin Yi's heart skipped a beat as if he'd caught onto something, but before he could think further, hou guanqi asked, "Brother Lin, can you teach us how to condense the consciousness pill fire?"

Normally, people wouldn't say things like that-there was a price to pay for any refinement fire method, but hou guanqi knew that his relationship with Lin Yi wasn't normal. He could even give Lin Yi spiritual roots so casually, so he probably wouldn't keep the refinement fire method to himself.

Hou guanqi had already felt that the spirit sense pill fire was the key to making the spirit tempering pill. If he couldn't control the spirit sense pill fire, he would have to use the spirit sense grass in his hand directly.

Lin Yi said it to teach them, and hou guanqi was very clear on this point, so he told them the secret of refining the conflagrated knowledge without saying anything. As for ao Tianba and Wei shenjin, they could learn it if they wanted to, but they might not be interested.

After teaching them, Lin Yi slowly drank the spirit fruit wine on the side, allowing the four to study the method of condensing the conflagration. Unfortunately, an hour later, there was no progress or gain.

The first to give up was Wei shenjin, followed by ao Tianba. Cai Zhongyang persevered for a while, and the last was the unwilling hou guanqi.

"Brother Lin, my consciousness is too weak. It seems like I won't be able to successfully condense this consciousness pill fire." Hou guanqi shook his head helplessly. He knew that without the spirit sense pill fire, he couldn't make the spirit quenching pill. Unfortunately, his spirit sense couldn't form the pill fire, unless he used a lot of spirit quenching pills to strengthen his spirit sense.

However, if one's spirit sense wasn't strong enough, they wouldn't be able to condense the pill fire to refine the spirit tempering pill. This was simply an unsolvable strange circle.

Lin Yi could feel that the strength of hou guanqi and Cai Zhongyang's spirit sense was similar to that of a practitioner who had just entered the Foundation Stage in the ancient martial world. It was too difficult for them to condense the spirit sense pill fire, and even if they did, it wouldn't be of much use. This bit of spirit sense power couldn't support the production of a furnace of elixirs.

"Senior brother, this kind of consciousness pill fire is also something of little value to us, don't worry too much, it's not of much use anyway!" Cai Zhongyang said indifferently. He didn't know that hou guanqi wanted to use the consciousness pill fire to refine the spirit quenching pill. To him, the consciousness pill fire didn't mean much.

Hou guanqi shook his head and didn't say anything. Lin Yi was involved with the spiritual grassroots, and he wouldn't reveal anything unless Lin Yi said it himself. As for the recipe of the soul quenching pill, the fewer people who knew, the better.

Lin Yi didn't have a choice in this situation. Even if he could make the spirit quenching pill, he couldn't give it to Hou Guangqi and the others without limit. He had too many people close to him, and no matter how many spiritual sense roots he had, it wasn't enough.

The Sky Class island's practitioners looked down on spirit sense too much, and Lin Yi couldn't change this situation. Normally, the practitioners here only started focusing on spirit sense after they reached the Titan level. Only people like the old sect of West Mountain, who focused on spirit sense attacks, would continue to practice spirit sense Arts.

In comparison, the cultivation method of the ancient martial world was more outstanding. If it wasn't for the restrictions of the ancient martial world, their strength might have already surpassed that of the Sky Class Island.

Lin Yi didn't mention it anymore since no one had successfully condensed the conflagration. Ao Tianba changed the topic as well, talking about some interesting things he'd seen on the sea, and the atmosphere became lively.

To Ao Tianba, it didn't matter if Lin Yi was a Mystic first level refiner or not. What he valued was Lin Yi's strength in the sea and his potential. If possible, he didn't mind making Lin Yi a real vice-captain or even a real Captain of a ship.

After chatting for a while, Lin Yi and the others stood up and said their goodbyes, preparing to go back to their rooms. Ao Tianba still had things to take care of, so he arranged for someone to lead the way instead of sending them there.

With Lin Yi's group's status, ao Tianba naturally arranged the highest class rooms for them. Wei shenjin's status was a bit lower, but he was also arranged to be next door because of Lin Yi's light.

Lin Yi passed a Jade bottle to Wei shenjin when he reached the door, ""Go back to your room and consume it. Immediately refine it, and the thing in your body will disappear and become your true Qi. What you want to do in the future is up to you. "

Wei shenjin was slightly startled, but he immediately knew what it was. He received it with both hands excitedly and bowed in thanks, ""Thank you for the medicine, boss. I, Wei shenjin, will still follow you in the future, even if I have to go through fire and water!"

"Alright, you can go in first. Come back later." Lin Yi nodded.

"Yes, boss!" Wei shenjin respectfully bowed and took his leave. After entering his room, he immediately swallowed the pill in the Jade bottle.

Seeing that Wei shenjin had been loyal for the past two years, Lin Yi decided to destroy the heart-devouring Gu in his body and let him completely refine it, increasing his cultivation.

After five minutes, Wei shenjin knocked on Lin Yi's wooden door, feeling refreshed. He walked in with a smile after getting permission.

"Boss!" Wei shenjin cupped his fists and bowed. He didn't say any more words of thanks and just stood respectfully at the side.

"Sit down, no need to be so formal," Lin Yi said, pointing at the chair.

Lin Yi didn't have much contact with Wei shenjin. Wei shenjin only joined Lin Yi because he had no choice. The two didn't talk much and weren't familiar with each other.

"Is there anything you want to buy on your trip to the northernmost Island?" Lin Yi asked casually, trying to start a conversation.

Wei shenjin quickly shook his head. "No, the level of this auction is too high. There's basically nothing I can participate in. Maybe I can find some suitable items in the outer trading market. I'll see when the time comes."

"Oh," Lin Yi replied. To be honest, he wasn't that good at conversing with people. "If you don't have enough spiritual jades, let me know. I still have quite a lot here."

"Thank you, boss. I have enough on me. If it's not enough, I won't be polite." Wei shenjin said, a little surprised as if he didn't expect Lin Yi to say this.

Looking at the awkward silence, Wei shenjin suddenly said with embarrassment, "Boss, actually, I'm going to the northernmost Island this time because, first of all, I want to follow you to explore more. Second of all, I've fallen in love with a girl. She's also going to the auction on the northernmost Island, so I want to see if there's a chance to become friends with her."

Chapter 5816 Wei Shenjin's Spring

Lin Yi laughed out loud. Wei shenjin had finally walked out of the shadow of his past. That was good!

"Which family is that girl from? It's not enough to just be friends. It's a rare opportunity, so I must pursue her!" Lin Yi patted Wei shenjin's shoulder as if he was supporting him.

"She's the daughter of the Vice President of Wantong Chamber of Commerce. Her name is Shang Yuhua. She's a real lady from a big family. She's gentle and kind, and her appearance is beautiful. I'm quite satisfied to know her." Wei shenjin had a gentle smile on his face. It seemed that he had really fallen in love.

The problem was, why did he say that he would be satisfied just because he knew her? It turned out that this guy was in love with her, and they didn't even know each other. Lin Yi felt that this guy still had a long way to go!

"En, you can do it. Do you want me to give you some ideas?" Lin Yi really was just saying it casually-he didn't think that Wei shenjin would've been waiting for him to say that. He nodded immediately.

"It's great that you're willing to give me ideas, boss. With your help, I think it will be very smooth!" Wei shenjin was a little excited as he spoke, making Lin Yi speechless.

What was going on? Could it be that Wei shenjin had already planned to ask him for advice?

Thinking about it, it was really possible. Wei shenjin had been helping out in the heavenly elixir Pavilion for the past two years, and of course, he knew that the two beauties, Tian Ji and Xue Li, were both concerned about Lin Yi. After that, Han Jing Jing and Shangguan LAN 'er came, and it was said that there was also the little princess of the Western Island, ning Xuefei. Boss Lin Yi was definitely strong in this

aspect, and he was Wei shenjin's goal and idol. Now that he had the chance to ask for advice, of course, he wouldn't miss it!

Lin Yi shook his head with a bitter smile-it seemed that he couldn't just talk nonsense in the future. He'd be asking for trouble if he did. It was a good thing that he had the time to make two more furnaces of elixirs.

But since he'd already said it, Lin Yi had to take responsibility. He thought for a while and said,"How about this? you don't know her yet, so the most important thing is to let her get to know you and have a good impression of you. After that, we'll proceed with the next step of the plan. "

What's the next step of the plan? I'm still thinking about it ...

Wei shenjin nodded."Boss, you're right. We have to let her know me first. I know that Wan Tong Chamber of Commerce is also taking the ancient warship this time. Why don't we go and find her first?"

Lin Yi didn't know what to say-where was he supposed to find her in the middle of the night? If he had known earlier, he would have asked ao Tianba and immediately understood.

There were spirit sense restrictions everywhere on the ancient battleship, so even though Lin Yi's spirit sense was strong, it wasn't easy to find someone. Plus, he didn't even know who Shang Yuhua was, so he couldn't find her even if he wanted to.

"Boss, why don't we take a look at the dining area on this ship? Maybe I'll be able to see her?" Wei shenjin gave his suggestion very proactively.

Lin Yi wanted to tell Wei shenjin that he'd look for it tomorrow, but since he was the one who came up with the idea, he'd just go!

The two left the room and went to the small restaurant in the VIP room. It was expensive there, but there were quite a lot of people there. Lin Yi saw a few people walking there along the way, which didn't match his impression of people resting.

Could it be that they were so excited that they couldn't sleep? Or was it because the food here was so delicious that they couldn't wait to come back tomorrow?

After entering the restaurant, Lin Yi realized that he'd underestimated the number of nobles on the island. The VIP rooms on the ancient battleship weren't something you could stay in just because you had money!

In other words, in this small restaurant for distinguished guests, all the people were famous people in Nakajima.

Wei shenjin took in a deep breath of cold air. Seeing the small restaurant that was almost full, he couldn't help but feel a little apprehensive.

As a core disciple of the snow sword sect, Wei shenjin could barely be considered one of the nobilities of Nakajima. However, compared to the people here, he was obviously at the bottom of the hierarchy. He could only be considered barely qualified to enter this circle.

"Boss, why don't we go back? there are so many people!" Wei shenjin said hesitantly. He was too embarrassed to pursue Shang Yuhua in front of so many people.

"Is the girl you like in there?" Lin Yi smiled faintly.

"Yes." "Yes," Wei shenjin replied in a low voice, somewhat embarrassed. Then, he glanced in a certain direction without a trace.

Lin Yi didn't turn his head to look, but used his spirit sense to follow Wei shenjin's eyes. If there was someone with the same level of spirit sense as him, it would be impolite to do so, and it might even cause a conflict. However, Lin Yi was clear that Sky Class Island was a desert of spirit sense. It was impossible for anyone below the giant tier to detect his spirit sense. Even in the first two tiers of the giant tier, there was no one with a stronger spirit sense than him, unless it was someone like the old sect of West Mountain, who relied on spirit sense for a living.

Because of this, Lin Yi's spirit sense easily found the table of Wantong Chamber of Commerce. He didn't know anyone from Wantong Chamber of Commerce, but he knew their logo.

There were a total of five people at that table. Two of them were from the Wantong Chamber of Commerce, and the other three were familiar with them. They were currently chatting happily. The two people from the Wantong Chamber of Commerce were a man and a woman. The man was a middle-aged man in a brocade robe, while the woman was in her early 20s, wearing a light yellow dress. She should be the Shang Yuhua that Wei shenjin liked. Her appearance and temperament were indeed not bad. Although she was not at the level of Tianji Xue Li, she was only slightly inferior.

"You have good taste! Alright, let's find a place to sit down first. We'll see if there's a chance to introduce you later. " Lin Yi still didn't look in that direction, only casually looking around as if he was looking for an empty seat. He then whispered to Wei shenjin.

Wei shenjin was a little embarrassed, but with Lin Yi as his boss, he felt a little more confident.

"Over there! There's still space at the table over there!" Lin Yi pointed at the two empty seats two tables away from Yuhua's table. They were all of the same status here, and sharing tables was a common thing. Eating wasn't the main thing here, it was more important to build relationships.

Wei shenjin did not have any objections. The two empty seats were directly facing Shang Yuhua, and were separated by two tables. It was a safe distance, just enough for him to sneak a peek at her, which was simply the best.

As for the other people at the table, Lin Yi and Wei shenjin didn't care who they were. They didn't want to talk to anyone.

Chapter 5817 Taking Up My Position

But after Lin Yi sat down, he realized that the person sitting opposite him was someone he'd seen before-it was the head refiner of the pill Hall, the genius girl Li Zao Yi.

Li Zao Yi noticed that there were two people sitting opposite her. She raised her head and glanced at them, but her delicate face didn't have any fluctuations in expression.

Lin Yi smiled and nodded to her as a kind greeting, but Li Zao Yi didn't seem to want to respond. After she looked away, she continued to eat her food.

Although Li Zao Yi was prettier than Shang Yuhua, beauty is in the eye of the beholder, Wei Shenjin didn't pay any attention to her at all. He completely ignored her existence and only asked Lin Yi in a low voice, ""Boss, what should we do next?"

"Next, let's order some food!" Lin Yi was speechless. Wei Shenjin's expression and tone made it easy for people to misunderstand that they were doing something bad! Fortunately, Li Zao Yi didn't seem to care about anything around her. Otherwise, it would have been really awkward.

Wei Shenjin nodded and quickly beckoned the waiter to order. Lin Yi noticed that Li Zao Yi was eating things from the sea. There was a bit of meat, a bit of plants, and a drink made from spiritual fruits. These things all contained rich spiritual Qi fluctuations, which were obviously good for practitioners.

No wonder so many people still came here to eat at such a late hour. Not only could they communicate with people of similar status, but they could also enjoy the delicious food and obtain the same effect as meditation and cultivation. Of course, such a place would make these people scramble like ducks.

On the way to the northernmost Island, this was probably the most popular place!

Of course, people like Li Zao Yi probably just came to try something new and then entered a state of closed-door cultivation to refine pills, so this was probably the only time she would encounter a situation here.

Wei Shenjin casually ordered a few things and waved the waiter away. Then, he asked in a low voice, ""Boss, what should we do next?"

Lin Yi was defeated-it seemed like even a man in love had zero intelligence ... He was losing his ability to think for himself ...

"Let's wait for the food to be served ..."

"Alright, boss!"

As soon as Wei shenjin finished speaking, he saw a person quickly walk over and stand beside him.

Before he could raise his head to see who it was, he heard the person say coldly, ""Who are you two? Leave immediately! This is my seat!"

Lin Yi didn't even lift his eyes. He didn't want to talk to this guy at all. His spirit sense had already found out that this guy was the young man who came with lizao Yi and Zheng dongjue. If he talked to him nicely, Lin Yi might just give up his position, but this kind of commanding tone ... Hehe, did he really think he was something?

Lin Yi ignored him, but Wei shenjin wasn't happy. He was just about to sneak a peek at Shang Yuhua when he was interrupted. He was a little scared, and it would be a wonder if he could keep a good face!

"Your position? I'm sorry, I didn't see your name anywhere. I only know that this is a public area, and whoever sits down first will get their seat. Could it be that your butt is so big that you can occupy this seat from a distance?" Wei shenjin ridiculed without mercy.

His status wasn't much here, but that didn't mean anyone could order him around. Plus, his boss Lin Yi was sitting right next to him-he couldn't lose his boss's face!

"Who the hell are you? how dare you speak to me like this?" the young man was furious. Get out of my way, or I, Zheng Tianqing, will let you know what it means to be too late for regret!"

"Zheng Tianqing? I was wondering what kind of Big Shot it was. It turns out to be the grandson of that old dog Zheng Dongsheng. As a dog, your barking skills are not bad!" Wei shenjin sneered and ridiculed. If it was someone else, he might have given them some face, but Zheng Dongsheng's grandson? The heavenly pill Pavilion and the famous medicine sect were like fire and water, so it would be strange if this bird was an idiot.

Zheng Tianqing's face suddenly became livid. He had not been to Nakagama for long, but because of his relationship with Zheng Dongsheng and Zheng dongjue, he was still relatively popular in Nakagama. How could he have suffered such anger?

When he was in the East continent, Zheng Tianqing might not have been the most talented one, but when he came to the middle Island, he felt quite good about himself. Although the middle Island was the center of the Sky Class Island, the East continent was actually the strongest place. From the East continent to the middle Island, Zheng Tianqing thought that only a woman like li Zao Yi was worthy of him.

If it wasn't for li Zao Yi's presence, Zheng Tian Qing would've immediately turned hostile. Fortunately, he knew his limits and didn't dare to be too presumptuous in case li Zao Yi didn't like him.

Zheng Tianqing suppressed his anger and said coldly, ""I'm with her. We don't like sharing tables. Leave this place immediately!"

This time, Wei shenjin didn't know what to say. It didn't matter if he looked down on Zheng Tianqing, but Li Zao Yi was the pill Hall's chief Alchemist. If he continued to talk nonsense, he would offend the pill Hall.

Lin Yi glanced at Li Zao Yi indifferently. This girl was sitting in the middle of two seats on the bench. She obviously didn't want anyone to sit next to her. If she really wanted Zheng Tianqing to sit down, she should move to make room for him now, but looking at her, she didn't seem to have any such thoughts.

"Alchemist Li, is he with you?" Lin Yi asked casually. He guessed that Li Zao Yi wouldn't admit it. If she admitted that Zheng Tianqing was with her, Lin Yi wouldn't give his position to the Zheng family. He would ask her to give it up herself.

As Lin Yi expected, Li Zao Yi raised her head and looked at him. Her face didn't change at all as she said faintly, "No!"

Zheng Tianqing was instantly embarrassed. In his heart, he was also extremely angry with Li Zao Yi, but he didn't dare to show it. He could only snort angrily at Wei shenjin.

Wei shenjin laughed and said, "the Zheng family is really shameless. Forget it, I can't be bothered to argue with you. Hurry up and get lost. If you're hungry, our boss doesn't mind throwing a bone for you to eat."

His words had confirmed Zheng Tianqing's identity as a puppy! Zheng Tianqing couldn't take it anymore. After a cold Hmph, he released his Qi, and his early nascent soul aura crushed towards Lin Yi and Wei shenjin.

Lin Yi didn't even bother to react. He was just an early stage nascent soul cultivator, not even an early stage mountain split cultivator could easily crush him with his aura. An early stage nascent soul cultivator's aura was no different from air.

Chapter 5818 Going Crazy

If Zheng Tianqing didn't know what was good for him, Lin Yi wouldn't mind teaching him a lesson. However, the guy retracted his pure energy as soon as he released it. Perhaps he knew that this wasn't the place for him to act presumptuously, so he didn't make any further moves. It looked like he was just acting on impulse in anger.

This way, Lin Yi couldn't really teach him a lesson-bullying the weak wasn't something he'd do.

Li Zao Yi was still not affected by Zheng Tianqing's loss of self-control, as if he was a person who had nothing to do with her. However, when she came, she had clearly boarded the ship with Zheng Tianqing on the same flying spirit beast.

It seemed like this girl didn't just have a weird name, even her personality was weird. It must've been difficult for her to tolerate Lin Yi and Wei shenjin sitting opposite her, seeing how distant she was.

Zheng Tianqing didn't say anything else after retracting his aura. He glared at Lin Yi and Wei shenjin before turning around and leaving. This made Lin Yi look at him in a higher light. Under normal circumstances, he would've left a few brainless words to save face, but this kid actually held it all back.

After he left, Wei shenjin's food arrived. Lin Yi was about to start eating when he felt something was wrong. Zheng Tianqing's eyes didn't just contain anger and hatred, but also a hint of pride. Lin Yi didn't pay much attention to it because it was too vague, but now that he thought about it, it seemed wrong.

Just as he was about to remind Wei shenjin to see if there was anything wrong, this guy had already completely revealed it ...

"Little girl, you're really beautiful. Hehe, so tender. I really want to F * ck you. Come, come here ..." Wei shenjin's face instantly turned red. While talking nonsense, he reached out to pull Li Zao Yi's wrist.

Lin Yi's face changed. He didn't think that Zheng Tianqing's methods were so hidden that even he was fooled. The effect of the medicine was also far more powerful than he imagined. How long had it been? Wei shenjin had acted up just like that without any warning.

Li Zao Yi, who had been expressionless the whole time, finally had a change in expression. He directly used the tableware in his hand to slap Wei shenjin's palm away. His eyes were full of disgust and he almost called out to him.

Lin Yi's reaction was extremely fast. He didn't wait for Wei shenjin to move and pulled him back to his seat. At the same time, he secretly restrained his movement and sent Qi into his meridians.

At the same time, Zheng Tianqing, who had just left, came back with a few guards and pointed at Lin Yi and Wei shenjin, "Capture them! How dare they flirt with the pill Hall's chief Alchemist, Master Li Zao! They don't even know how the word 'death' is written!"

Lin Yi smiled coldly. This guy's movements were fast. Even a fool wouldn't believe that it wasn't premeditated. When he finished speaking, Lin Yi's omnipotent Qi had already forced the poison in Wei shenjin's body into his palm. After a light shake, it condensed into a small black Qi ball, floating in his palm.

"Zheng Tianqing, right? You're good at your little tricks. You can actually poison people by releasing your true Qi. It's invisible, colorless, and odorless. You can poison people directly by suppressing them with your aura. You do have some skills, but it's a pity that it's useless Against Me!" Lin Yi used his pure Qi to wrap around the small ball of black Qi and held it in front of his eyes.

With the results, it was much easier to reverse engineer the process. It was true that Lin Yi didn't pay attention to Zheng Tianqing before, and that was why he let him take advantage of the loophole. Now, if he had to do it again, even if he had to release all his pure Qi, Lin Yi could make him hold it back without leaking a single drop.

Zheng Tianqing's face changed slightly. He didn't expect Lin Yi to be able to force the poison out of Wei shenjin so quickly. Of course, he wouldn't admit to Lin Yi's words. He sneered, "Nonsense!"

He turned around and said to the guards who had followed him, "what are you guys waiting for? these two guys who were teasing Master Li Zao are right here. Hurry up and capture them. They dare to have bad intentions just because they saw Master Li Zao's beauty. They've really eaten a bear's heart and a leopard's gall!"

Those guards exchanged glances with each other, but didn't really make a move to arrest him. None of the people who could sit here and eat were ordinary people. Only a fool would rush to make a move. At least, they had to figure out the matter, right?

Lin Yi ignored Zheng Tianqing and turned to Li Zhaoyi, "This matter started because of you. Now, tell me, who do you believe in?"

Li Zao Yi frowned slightly and looked at the utensils in her hands. She hadn't finished eating yet, but she had already used the utensils to hit Wei shenjin's hand. It seemed like she couldn't continue using them.

Hearing Lin Yi's question, lizao Yi raised her head and her eyebrows relaxed. She returned to her cold expression and put down the utensils in her hand. She stood up and said, "It has nothing to do with me, you guys go ahead and mess around!"

After saying this, li Zao Yi directly turned around and left, not looking at any of them again.

Zheng Tianqing's face darkened and he said to the guards, "Did you see that? Master Li Zao is angry. Hurry up and arrest these two people!"

Lin Yi channeled his pure Qi and the black gas dissipated, entering Zheng Tianqing's body without anyone knowing. He wasn't afraid of anyone's poisoning methods.

The thing needed a few breaths of time before it took effect, but Lin Yi sped up the process, and so Zheng Tianqing was done for the moment it entered his body.

"Oh, you're so beautiful! I like you so much, come with me!" Zheng Tianqing hugged the guard next to him and rubbed his head against his body. He even made a strange sound, which made the people who were eating next to him vomit.

The guard in Zheng Tianqing's arms was dumbfounded. He subconsciously tried to break free from his arms, but this bastard was an early nascent soul expert. He couldn't break free for a while!

He wanted to ask for help from his companions, but those bastards stepped back in unison, putting some distance between them and Zheng Tianqing. They then looked at their brothers with sympathy.

As the saying goes, 'better a fellow Daoist than a poor one'. If you don't go to hell, who will?

"See?" Lin Yi laughed mockingly, "you couldn't even control yourself, and now the poison's acting up." You've brought yourself into this, what a disgrace! You've brought shame to the Zheng family!"

Li Zao Yi looked back in surprise. A trace of thoughtfulness flashed in her eyes, but she didn't have any intention of staying. She turned around and continued to leave.

Wei shenjin couldn't be bothered with Zheng Tianqing's joke right now. He lowered his head and pulled on Lin Yi's sleeve, "Boss, let's go!"

"Why?" Lin Yi asked casually, but he quickly realized that Wei shenjin was too embarrassed to stay.

Chapter 5819 Shang Yuhua

He originally wanted to use his best attitude to get to know Shang Yuhua, but now that everything was messed up, not only would Shang Yuhua not have a good impression, she would probably even look down on Wei shenjin.

Zheng Tianqing's disgraceful behavior was nauseating, and Lin Yi didn't want this guy to affect other people's appetites, so he knocked him out and asked the guards to take him out.

The guard looked at Lin Yi gratefully and almost knelt down to thank him. He didn't know that Zheng Tianqing would do this, and that Lin Yi was the mastermind ...

After sending Zheng Tianqing away, Lin Yi turned back to Wei shenjin, "What's there to worry about? What happened just now wasn't your fault. You don't need to be responsible for it. "

Wei shenjin's head was still lowered, not daring to look at Wantong Chamber of Commerce. It seemed that his confidence had taken a heavy blow. Lin Yi suddenly felt that he let Zheng Tianqing off too easily just now. It seemed that he would have to teach him a lesson next time.

But the most important thing now was to help Wei shenjin regain his confidence. Lin Yi couldn't think of any good ideas, and just then, he saw Shang Yuhua's table of three people leave, leaving only her and the middle-aged man from the Wantong Chamber of Commerce. He stood up and pulled Wei shenjin, walking over.

Wei shenjin was shocked. How could he have the courage to face Shang Yuhua? Especially after what happened just now-he couldn't resist Lin Yi, and even if he could, he wouldn't even think about it.

"I'm Lin Yi from the heavenly elixir Pavilion, and this is my friend, snow sword sect's Wei shenjin. May I have a seat here?" Lin Yi pulled Wei shenjin over and cupped his fist politely.

The middle-aged man was a little surprised-he'd seen what happened just now, after all. But after Lin Yi introduced himself, he immediately stood up with a smile and cupped his fists, "Oh, so you're Master Lin from the heavenly pill Pavilion. I've heard so much about you. I'm the Vice President of Wan Tong Chamber of Commerce, Shang Wanyi. This is my daughter, Shang Yuhua."

Since Shang Wanyi stood up, Shang Yuhua had no choice but to follow suit and bow to Lin Yi. Her attitude seemed to be pretty good.

Lin Yi did have some disputes with the Chamber of Commerce in the past, but that was with the branch in the North Island. It had nothing to do with the central island headquarters, so Shang Wanyi wouldn't do anything to Lin Yi.

"Master Lin, Wei shaoxia, please take a seat. It's my honor to be able to get to know the two of you!" Shang Wanyi laughed as he invited Lin Yi and Lin Yi to take a seat. He then asked the waiter to bring their food over and ordered a few more dishes, but he didn't say a word about why Lin Yi and Lin Yi came.

This was an old fox in the business world. If you acted like you wanted to know the other party's purpose when they came to your door, you were not cut out for business!

Wei shenjin lowered his head slightly, looking a little uneasy. Lin Yi could only scold him in his heart for being so useless. He was a man, why was he so shy?

Lin Yi had no choice but to open his mouth, "Well, I've had some dealings with the Wantong Chamber of Commerce before, and I've heard of the vice president's name in Nakajima. I saw you here just now, so I took the liberty to come over and say hello."

Shang Wanyi laughed heartily. "Master Lin, you're too kind. What kind of reputation can I have? on Middle Island, Master Lin, you're the one who's famous! Especially the heavenly elixir Pavilion. Let's not talk about their past glory. When Master Lin wasn't around, they were dormant for a period of time. But the moment you returned, the heavenly elixir Pavilion immediately soared again!"

He had to admit that Shang Wanyi's words were very comforting. Lin Yi had a good impression of him and smiled, "The heavenly elixir Pavilion is just a small elixir Pavilion. It can't be compared to a big Chamber of Commerce like the Wantong Chamber of Commerce. It's too much to say that it's soaring. It's all because of everyone's care. Vice President Shang is the real elite of the middle Island. Even young lady Shang is so outstanding. The Wantong Chamber of Commerce will definitely become more and more prosperous in the future."

The main purpose of this trip was to matchmake Wei shenjin and Shang Yuhua, so of course, he had to bring the topic to her. Lin Yi just felt that he changed the topic a little too abruptly, wasn't he?

Shang Yuhua curled her lips in disdain-it was just for a split second, but Lin Yi caught it. What was this girl trying to do? Are you looking down on me?

Thinking about it, Lin Yi understood immediately. Shang Yuhua might have thought that Lin Yi wanted to pursue her, so she came over to hit on him. Who didn't know the two beauties of the heavenly pill Pavilion in central island? They were all Lin Yi's people, and now they were messing with her, Shang Yuhua. It was only natural for her to look down on them.

Lin Yi didn't know if he should laugh or cry when he realized this-she was going after Shang Yuhua, but not him, but Wei shenjin!

Shang Wanyi laughed at Lin Yi's praise, "Master Lin, you're too kind. You're the real young man. My daughter can't compare to you, Master Lin!"

A few words of flattery were enough for each other, and Lin Yi turned to Shang Yuhua after a while. "Miss Shang, I heard that you have the water spirit vein? Did he practice any ice-related martial techniques? My brother Wei shenjin is an expert in this field, you can talk about this. "

It was too obvious what he was trying to do, and Lin Yi didn't know what to do. There was nothing else he could say, so he decided to make things clear first, in case Shang Yuhua thought he was the one who wanted to court her.

Shang Yuhua was slightly taken aback. She glanced at Wei shenjin and said indifferently, ""I'm not interested in ice and snow related martial arts. Thank you for your concern, Master Lin."

Wei shenjin's face paled, and he lowered his head in silence. Lin Yi knew that this wasn't good-he had to think of a way to change Shang Yuhua's impression of Wei shenjin.

But before Lin Yi could say anything, Shang Wanyi spoke up, ""Master Lin, the pills that your heavenly elixir Pavilion sells are all of the highest quality. I wonder if you can cooperate with our Wan Tong Chamber of Commerce? Please believe that we'll definitely show you our utmost sincerity. "

Shang Wanyi wouldn't bring it up at first, but he could tell that Lin Yi didn't come here to get to know him. He wanted to matchmake Wei shenjin from snow sword sect with his daughter.

Since that was the case, it was better to get straight to the point and mention the cooperation, so as not to miss the opportunity.

"Ha ... Vice President Shang is indeed able to find business opportunities at any time and any place. This proposal is indeed good, but Vice President Shang may have heard that I am the honorary Vice President of the Hong Chamber of Commerce. If I suddenly cooperate with the Wantong Chamber of Commerce, it would be a little unreasonable." Lin Yi didn't reject it directly, but it was the same as rejecting it.

Chapter 5820 Not Interested

Shang Wanyi's expression turned ugly. He nodded and said, ""Master Lin's words make sense. I was too rude."

The elixir business was definitely a lucrative industry. Shang Wanyi had proposed to cooperate with the heavenly elixir Pavilion because he wanted to obtain the right to sell elixirs from the heavenly elixir Pavilion at a price lower than their retail price. Then, he would sell them to the West and North Islands through the Wantong Chamber of Commerce.

Just like the East continent's high-grade pills were prohibited from being sold on other islands without a license, in fact, the pills on each Island were not allowed to be sold on other islands without a license. If they were caught, they would be accused of smuggling, and there was nothing to discuss.

Now, the heavenly elixir Pavilion's elixirs were in the limelight. If anyone wanted to buy them on the middle Island, they could just go to the heavenly elixir Pavilion. However, they could not buy the elixirs from the heavenly elixir Pavilion on the other islands for the time being. Shang Wanyi saw this business opportunity. However, without the permission of the heavenly elixir Pavilion, even if he managed to buy the elixirs, he would not dare to sell them on the other islands.

Lin Yi's meaning was clear-if the heavenly elixir Pavilion wanted to sell their elixirs on other islands, their first choice would be the Hong Chamber of Commerce, not the Wantong Chamber of Commerce.

Since there was no possibility of cooperation, Shang Wanyi's attitude towards Lin Yi naturally became cold.

Wei shenjin was secretly anxious, thinking, boss, aren't you here to help me matchmake? Why did he reject her so directly? He should at least give a perfunctory reply and say something like 'I can consider'!

Or was this boss's scheme to play hard to get? Forget it, forget it. His boss's wisdom was not something he could understand. He would just follow his boss firmly.

He thought about how Shang Yuhua's impression of him was probably quite bad. Even if Lin Yi gave Shang Wanyi a perfunctory reply in this aspect, there might not be any changes. Wei shenjin was a little disheartened and could only hope that his boss had some way to turn the tables.

Lin Yi knew that what Shang Wanyi wanted was the reputation of the heavenly elixir Pavilion, but he couldn't promise him anything. He didn't care about the change in Shang Wanyi's attitude, and focused on building connections between Wei shenjin and Shang Yuhua.

"Miss Shang, as far as I know, if people with water spiritual roots can cultivate ice-type martial skills, the power will be much stronger than if they only use Water-type martial skills. Actually, you can give it a try, isn't our cultivation all about pursuing stronger abilities? It would be even better if you could give Wei shenjin some pointers on his water martial skills. " Lin Yi couldn't think of a better idea at the moment-he'd just have to force it out and make the two have a conversation.

Wei shenjin was grateful for Lin Yi's efforts, but he didn't have high hopes. It was probably impossible for him to have a good chat with Shang Yuhua today.

As expected, Shang Yuhua said faintly, "Master Lin, I know my own things. I'm not interested in ice element martial arts. As for teaching water element martial arts, I don't have the ability to do so. So, you don't have to say anything more."

Before, when Shang Wanyi was being friendly to Lin Yi, Shang Yuhua would still be a little apprehensive, but now, there was no need to be polite anymore. The only thing she didn't do was tell Lin Yi to mind his own business!

Lin Yi didn't know what to say-that useless Wei shenjin didn't even have the courage to talk to Shang Yuhua. There wasn't much use in relying on Lin Yi.

Shang Yuhua's face was frosty as she turned to Wei shenjin and said,""I've heard of you. I thought you were someone worthy of sympathy, but now it seems that I've thought too much. Just now, you took the initiative to provoke li Zao Yi from the pill Hall. Later, you realized that you had no chance, so you turned to provoke me, Shang Yuhua. What kind of person do you take me, Shang Yuhua, for? Do you really think that you can just provoke them?"

Wei shenjin's face became paler and paler. He quickly shook his head and waved his hand,""It's not like that, miss Shang, please listen to my explanation!"

"There's nothing to explain. I, Shang Yuhua, am not blind or deaf. I saw it with my own eyes. How could I not know how to distinguish between the two?" Shang Yuhua said coldly. She didn't want to have any more patience with Wei shenjin.

Wei shenjin was at a loss for words. When he was facing Shang Yuhua, he already had symptoms of a short circuit in his brain. Now that she said it, his mind went blank, and there was no possibility of thinking.

"Miss Shang, you've misunderstood," Lin Yi said, raising his hand. "You saw what happened to Zheng Tianqing, didn't you?" Wei shenjin did lose his composure in front of li Zao Yi, but I can guarantee on my name, Lin Yi, that from the moment we sat down until the incident happened, he didn't even look at li Zao Yi at all because you attracted all his attention. In this situation, do you think he would suddenly do those things to li Zao Yi?"

Shang Yuhua's face reddened, evidently not expecting Lin Yi to be so direct. However, that didn't change her opinion of Wei shenjin, ""Master Lin, I've said it before. You don't have to worry about me. As for your friend, I'm not interested either. At this point, you should understand what I mean, right?"

Wei shenjin's mood was quite low, and he nodded slightly, ""I understand, boss. There's no need to say anymore. Let's go!"

Shang Yuhua waved her hand. "There's no need for you to leave. I'm already full. Father, let's go. Let Master Lin and his friends enjoy the food."

"Alright, Master Lin, you guys enjoy. I'll take my leave first!" Shang Wanyi wasn't as passionate as before, but he still had to be polite. He stood up and cupped his fists, leaving with Shang Yuhua without waiting for Lin Yi's reply.

"Boss, thank you for helping me this time. It seems like Shang Yuhua and I are not meant to be together, no, not meant to be together! Let's just drop this matter!" Wei shenjin let out a long sigh and unconsciously shook his head.

Lin Yi smiled faintly, "do you think you're the type to give up so easily?" Or perhaps you don't really like Shang Yuhua, or else why would you give up so easily? There's nothing that's easy to do in this world. The more difficult it is, the more precious it is in the end. If you're not afraid of regretting it in the future, then you can give it up, but if you really like Shang Yuhua, then you'd better pull yourself together!"

"Boss, I really like Shang Yuhua!" Wei shenjin suddenly straightened his body and said solemnly, but then he collapsed again, ""But she's already made it clear that she doesn't want to see me. What should I do?"

"There's always a way out when there's a car at the foot of the mountain, and the bridge will cross when it comes to it!" Lin Yi patted Wei shenjin's shoulder and smiled encouragingly, "If you don't work hard, how do you know there won't be any results in the end? If Shang Yuhua could be pursued so easily, why would she wait until now to be pursued? I'm afraid she'd have become someone else's wife a long time ago. Am I right?"
