

Bodyguard 5821

Chapter 5821 Request To Refine The Soul Tempering Pill

Wei shenjin's eyes lit up and he nodded: "Boss, you're right. With Shang Yuhua's looks and family background, if she was easy to pursue, she would have already been chased by someone else. I can't give up. As long as I don't give up, I'll definitely have a chance!"

"It's good that you can think this way! Come on, let's finish eating and go back first. There will be plenty of opportunities on the way to the northernmost Island, and there will be a time when you can make Shang Yuhua look at you in a new light. " Lin Yi let out a breath of relief. At least Wei shenjin wasn't completely disheartened.

It wasn't easy being a matchmaker, after all-Lin Yi remembered the oath he'd made when he officiated zou ruoming and Liang ruoqing's wedding back in the common world. How could he have forgotten it so quickly? This time, even if the matchmaking was successful, he absolutely could not be the officiant of that marriage!

There were fewer people in the restaurant by the time Lin Yi and Wei shenjin finished eating. Ao Tianba's fleet wouldn't finish loading the cargo until tomorrow morning, so they had to wait until then to leave.

Lin Yi was thinking of going back to the sky elixir dispensary first and coming back when the sun rose, but it wasn't too long before daybreak, and the ship's cargo might've finished loading and unloading earlier than expected.

On the way back to the room, Wei shenjin was worried for a while, then smug for a while. Lin Yi told him to go back to sleep, in case he got a split personality.

He remembered that he still owed hou guanqi a mountain gaze pill, so he decided to go to his room. "Brother hou, have you rested? I'm Lin Yi!"

Hou guanqi quickly opened the door. He didn't seem to be resting. "Lil bro Lin, it's great that you've come to see me. Come on in! I was wondering if I should go and look for you, but I was afraid of disturbing your rest, so I didn't go. "

"Brother hou, if you need anything, you can come find me at any time. There's no need to be polite!" Lin Yi said with a smile as he followed him into the room.

After the door closed and the restriction activated, Lin Yi took out a Jade bottle. "Brother hou, this is a mountain gaze pill. Take it back and report on your mission!"

"Lil bro Lin, you've already concocted the mountain gaze pill?" Hou guanqi said in shock. He took the Jade bottle eagerly and opened it.

The faint fragrance of the pill rose. Hou guanqi's spirit was suddenly lifted, and his cultivation showed signs of loosening. However, he did not dare to smell it too much and quickly closed the bottle. The mountain gaze pill was not something that he could use at his current level. Using it would only bring him harm and no benefits.

"It really is a mountain gaze pill, and it's even a special grade peak grade mountain gaze pill!" Hou guanqi looked at Lin Yi in surprise. This quality of the mountain gaze pill wasn't something any Mystic first level refiner could make. Even a Mystic second level refiner couldn't guarantee that they could make a special quality mountain gaze pill, right?

More importantly, how long had it been since Lin Yi got the mountain gaze stone? This was simply a pill refining monster!

Lin Yi smiled faintly, "brother hou, I actually made this mountain gaze pill with the consciousness refinement fire. If possible, I suggest that you train your consciousness more and try to form a consciousness refinement fire. This will be very helpful to your alchemy skills!"

Hou guanqi was stunned for a moment, then he nodded with a serious expression. ""Thank you for your reminder, brother Lin. I'll find a way to temper my divine sense. If there's a chance in the future, I'll also find some divine sense cultivation methods to cultivate and try to condense a divine sense pill fire as soon as possible!"

When hou guanqi, Cai Zhongyang, and the others failed to form a consciousness pill fire, he didn't pay much attention to it. After all, not having a consciousness pill fire didn't affect alchemy. After all, he was still familiar with true Qi pill fire of various attributes.

But after seeing Lin Yi's special quality mountain gaze pill, he decided that he had to find a way to increase his spirit!

Not only did he need to condense a pill fire, but he also needed to have a spiritual sense strong enough to support the spiritual sense pill fire to refine a furnace of pills. Although this couldn't be done in a short time, it also had to be taken seriously.

"If brother hou can successfully form a spirit sense pill fire, I believe that with brother hou's skill in alchemy, you'll definitely have a major breakthrough!" Lin Yi smiled.

"Then I'll thank you for your kind words!" Hou guanqi smiled and saluted with his fists, "Since you want to cultivate your divine sense, then I'll shamelessly ask you for a favor, lil bro Lin!"

"Brother hou is too polite. If there's anything you need, just tell me. As long as it's within my means, I won't hesitate to do it!" Lin Yi said seriously. He was really grateful to hou guanqi. Not to mention the fact that he had always taken care of the heavenly pill Pavilion, just the mountain gaze stone and the recipe of the soul quenching pill were things that he needed the most. Hou guanqi had been a great help to him.

Hou guanqi laughed. "Then I'll thank you in advance, brother Lin. Actually, I kept all of the consciousness grass you gave me. As for the mountain gaze stone, I used my own things to exchange for it. Now I can't form the consciousness pill fire, so it's impossible to make the spirit tempering pill. But to cultivate the consciousness, the spirit tempering pill is the best thing, so ..."

Lin Yi immediately understood what hou guanqi meant. He wanted Lin Yi to help him make the elixir! But this was a small matter-making the spirit quenching pill was part of Lin Yi's plan, after all, and making it one or two more times wasn't a big deal.

"Brother hou, don't worry. I can definitely concoct the soul quenching pill. Just leave this matter to me!" Lin Yi smiled and replied readily.

Hou guanqi was overjoyed-even Lin Yi's Mountain gaze pill was special grade, how could he fail in the spirit enhancing pill? If he could have twenty or thirty spirit quenching pills, it was possible for his spiritual sense to increase by more than ten times. Unfortunately, he knew that this was only a thought. The spirit quenching pill was not effective just by taking it in large amounts. Even if he had twenty or thirty spirit quenching pills, the restrictions would not be able to improve his spiritual sense that much.

"Brother Lin, this is the consciousness herb you gave me. Make as many as you can, and the rest will be your reward. I only need half of the successful spirit tempering pills!" Hou guanqi took out the jade box that Lin Yi gave him. The spiritual roots were still there.

Although he said half, hou guanqi actually thought that about ten or so spirit tempering pills would be enough for him. He still had some money left to exchange for other natural treasures.

Lin Yi frowned, "brother hou, if that's what you're saying, then please take back the jade box!" With our relationship, could it be that I still want to charge you for the pill refining fee?"

Chapter 5822 Shocking Effects

Hou guanqi was stunned for a moment, then he laughed. ""Okay, okay, okay, I'm sorry. In that case, I won't be polite anymore. From now on, your business is my business. If you have any instructions, I'll never refuse!"

"Brother hou's words are too serious! Tian Gang and Xue Li have always been under your care, so don't take this small matter to heart!" Lin Yi waved his hand with a smile and took the box.

In fact, Lin Yi didn't even want to take the spiritual sense grass. Giving him ten or twenty spirit quenching pills was a small matter, but if he did that, hou guanqi would probably be too embarrassed to take it. In that case, he didn't want to trouble himself.

"Brother hou, last time you said that these spirit sense grass roots can be divided into thirty to forty portions of spirit quenching pill's materials, right?" Lin Yi shook the box and smiled at hou guanqi.

Hou guanqi nodded. "That's right. To be exact, it can be divided into 36 portions. Of course, there are always failures. With your ability, I think you should be able to make 20 pills, right?"

"Heh ... Brother hou, aren't you underestimating me a little too much?" Lin Yi looked at hou guanqi strangely. For a normal refiner, a fifty percent success rate was already pretty good, but his Shennong cauldron and automatic refining system were heaven-defying existences. Even a hundred percent success rate was considered a failure, so it was normal to exceed that.

"Could it be that brother Lin's success rate is quite high?" hou guanqi asked in surprise. It's ... Ninety percent?"

This was already hou guanqi's bold guess. As for a 100% success rate, other than the God of alchemy, Zhang Liju, no one else on the island could achieve it.

Lin Yi smiled mysteriously, not answering hou guanqi. His Shennong cauldron was a secret, and it was best not to let anyone know, even if hou guanqi was someone he could trust.

"Brother hou, let's not talk about pill completion first. What I want to say is that these spiritual awareness grass roots are far more than just thirty-six sets of materials!" Lin Yi didn't need to open the box to know how many spiritual sense grass roots there were. After all, he put it in himself.

Hou guanqi immediately shook his head. "That's impossible. I measured it myself. In fact, there might not even be thirty-six portions. Because it's a whole piece now, it's inevitable that there will be losses if it's separated. Maybe there will only be more than thirty-five portions in the end!"

Suddenly, hou guanqi was stunned for a second, then he said happily, "I understand! Lil bro Lin, you're saying it's spirit sense grass root! This is a spirit sense grass root!"

"That's right, it's good that brother hou understands!" Lin Yi smiled as he stood up and made a fist salute. "Then I'll go back first today. I'm sure brother hou will be satisfied with the final amount of soul quenching pills!"

"Brother Lin, wait a minute, please tell me, what's the difference between spirit sense grass and spirit sense grass?" Hou guanqi stood up and asked excitedly. He was the same as Lin Yi before, he didn't consider the fact that the spirit grass root was better than the spirit grass, so he only calculated the amount of spirit grass. This was indeed a huge loophole, and it was simply unimaginable for an Alchemist.

"It's about a 1:2 ratio. In other words, brother hou's spiritual awareness grass roots can theoretically be used to refine seventy soul quenching pills!" Lin Yi didn't try to hide it, but he didn't tell the truth either. In theory, he could make seventy, but in the Shennong cauldron, he could make at least eighty. He couldn't tell hou guanqi about that.

Hou guanqi couldn't help but take in a cold breath. Of course, he really wanted all the spirit tempering pills, but he didn't let it get to his head. If he really did that, even if Lin Yi didn't say anything, he'd be too embarrassed to face Lin Yi in the future.

"Brother Lin, a mountain gaze stone is not worth so many spirit tempering pills! Listen to me, although the grade of the mountain gaze pill is higher than that of the soul quenching pill, in terms of value, a mountain gaze pill and a soul quenching pill are about the same. I only gave you five sets of materials for the mountain gaze stone. Not to mention that you already gave me a Supreme-grade mountain gaze pill, even if you didn't give me one, at most ten soul quenching pills are enough to compensate for the mountain gaze stone!" Hou guanqi looked at Lin Yi seriously, not wanting Lin Yi to retort.

"If there's only thirty sets of ingredients here, and you're at around fifty percent success rate, I wouldn't reject it, but with your success rate and so many sets of ingredients, I can't take them!" Just to refine so

many spirit tempering pills, the time and spiritual energy consumption is extremely shocking, old brother can't be so ignorant!"

Lin Yi opened his mouth but didn't know what to say. Was he supposed to tell him that he didn't make it one by one, but five? There were also people who might not even be able to complete one pill in a day or two, but he could make at least eight to ten batches in a day?

As for the consumption of his spirit sense, Lin Yi wasn't worried at all. Once he was out at sea, he could just grab a sea beast and hook its essence spirit into it to replenish his spirit sense. He could also get an inner core of a sea beast to make elixirs.

"Brother Lin, I appreciate your kind intentions, but I only want ten spirit tempering pills. I don't want more than that. With ten spirit tempering pills, I think my spirit sense will be able to improve by leaps and bounds. You can keep the rest for your own use! It's settled then. If you say anything more, you're not treating me as a friend anymore!" Hou guanqi didn't give Lin Yi a chance to speak and finished his sentence.

Seeing that Lin Yi was about to say something, hou guanqi continued, "Lil bro Lin, you know the restrictions of the soul quenching pill, right?"

Lin Yi blinked and shook his head, "what's the limit of the soul quenching pill? please tell me, brother hou. I've never heard of it before."

"In fact, I also accidentally read about it from an ancient record. The spirit tempering pill is not always effective, otherwise, if these spirit sense grass roots were refined into dozens of spirit tempering pills, wouldn't it be able to improve one's soul to an extremely terrifying level?" Hou guanqi pointed at the jade box with some regret. If it wasn't for those restrictions, he might have been thick-skinned enough to ask for more soul quenching pills.

Before Lin Yi could ask, hou guanqi continued, "The effect of the spirit quenching pill on refining the spirit sense is quite amazing, but unfortunately, in every large level, you can only take one Spirit quenching pill, and eating more won't have any effect. Only when you enter the next major realm can you take another soul quenching pill, and the effect will be lower and lower. "

Hou guanqi then pointed at his nose and said, ""For example, the strength of my spiritual sense right now is only about the middle stage of the foundation building realm. A Supreme-grade spirit tempering pill may be able to raise the strength of my spiritual sense to the peak of the late stage of the foundation building realm or even the peak of the foundation building realm. But if I want to enter the strength of the Golden core stage, I can only rely on my own cultivation. No matter how many spirit tempering pills I eat, it will be useless."

Chapter 5823 Enemy Attack In The Middle Of The Night

"After entering the Golden core stage, one soul tempering pill might be able to raise one's cultivation from the early stage to the middle stage or even the peak of the middle stage. The effects will definitely be weaker than the foundation establishment stage. Similarly, one will have to rely on their own cultivation later on. In this manner, the heavenly Dao realm and the Titan realm will only need eight soul tempering pills at most. I even asked for two more. "

There was one more thing that hou guanqi didn't mention. With his talent, it was uncertain if he could even enter the Titan realm. No matter how much he cultivated, the strength of his deified soul would not exceed his own level. Therefore, in theory, four spirit tempering pills were enough. Most of the other spirit tempering pills were not of use to him.

Lin Yi didn't know that the soul quenching pill had such a limit-he'd have to send a message to Tian Gang later. It didn't matter if it was wasted, but he was worried about the side effects if he took too much.

The next time Lin Yi made the spirit enhancing pill, he'd try to take it continuously to see if it was true. He believed what hou guanqi said-the effects of using the spiritual roots to refine his spirit were getting

weaker and weaker, probably because he'd used up the portion for this big level already. He could only wait until the next big level to continue.

Lin Yi shrugged helplessly after understanding that Hou Guanqi wasn't being polite. "Alright, since brother Hou must say so, then we'll do it. When I make the soul quenching pill, I'll give a few to brother Cai and Captain Ao Tian. Then, I'll tell them it's your gift."

"Haha, whatever. After all, it's yours. It's none of my business whether you like to gift it to others in my name. I only want my share!" Hou Guanqi laughed again. He was in a good mood.

Lin Yi smiled, thinking that it made sense. Forget it, it was a small matter anyway. "Alright, I'll take my leave this time. When the soul quenching pill is finished, I'll send a few over first. Brother Hou, if you have nothing to do, you can start to refine your soul!"

With that, he cupped his fist and left with the box. Hou Guanqi quickened his steps and sent him to the door, saying goodbye. The two were just diagonally opposite the door-there was no need to be so polite ...

Lin Yi didn't go back to his room, but took out a note in the corridor and wrote down the requirements for the spirit quenching pill. He asked the guard to send it to Tian Gang.

Who on this ship didn't recognize the vice-captain? The guard felt extremely honored to be able to work for him-he didn't even accept Lin Yi's spirit Jade as a token of gratitude, and ran out the moment he took the note.

After returning to his room, Lin Yi lifted the restriction on his door and started making the spirit enhancing pill. He could make a lot of them on the way, but he had to give them away, auction them, and use them. He needed to make more.

However, before Lin Yi could take out the Shennong cauldron, his face turned cold. He turned to the door-the restriction that just took effect was broken!

The ancient ship's restrictions weren't set up by ao Tian BA later on-they'd been there since the ship was created, and that was why they could block Lin Yi's powerful spirit sense. Otherwise, there was no need for restrictions like this with the current level of spirit sense on Sky Class Island.

As for the defensive capabilities of these restrictive spells, to be honest, they were not very strong. Any master of the xuansheng stage could easily break through them with brute force. Of course, under normal circumstances, if someone came to look for someone, they would only lightly touch the restrictive spell and remind the person inside that there was a guest. If they broke through the restrictive spell by force, it would be obvious that they were attacked by an enemy!

Lin Yi squinted his eyes and sent his spirit sense out like a tide. Through the broken restriction, he could easily see a thin middle-aged man with an aquiline nose pushing the door open with a cold face.

In the next moment, the hook-nosed man flashed in like a ghost and closed the door behind him. He didn't even say a word before he attacked Lin Yi.

A Qi as sharp as a knife split the air in the room and instantly appeared in front of Lin Yi's face. If it was a normal xuansheng master, their head would've been cut open by this Qi.

Unfortunately, Lin Yi wasn't a normal person. Although this guy was at the peak of the mystic Ascension realm, he wasn't a big deal in Lin Yi's eyes.

When he was at the early stage of the mysterious Ascension realm, he was able to take on an opponent at the early stage of the mountain split realm. Now that he was at the peak of the late stage of the mysterious Ascension realm, a mere cultivator at the great circle of the mysterious Ascension realm dared to launch a surprise attack on him. He was simply here to deliver himself to the enemy.

Lin Yi didn't need to use any profound martial arts-he just reached out his hand and the invisible Qi was locked in front of him as if it were real. He closed his fingers, and with a slight sound of metal breaking, the hook-nosed man's gold Qi disappeared without a trace, not even a speck of dust.

"Good boy, you have some skills!" The hook-nosed man's pupils contracted as he snorted in a low voice, "It's a pity that you're destined to fall today! Don't put up any unnecessary resistance, I'll give you a quick and painless death!"

Before he finished his sentence, the hook-nosed man's body flickered, and countless sharp Qi blades shot out, completely enveloping Lin Yi. If he didn't have a way to deal with it, he would be riddled with holes in the next moment!

Sword rain slaughter!

The hook-nosed man's lips curled into a smug smile. This was his strongest attack. Even an expert at the initial stage of the mountain split realm would be caught off guard and suffer a great loss if they were to face his sword rain slaughter at such a close distance, let alone someone at the xuansheng stage!

The gold element Qi was already filled with killing intent, and this sword rain killer move was able to unleash this killing intent to the fullest. He didn't believe that Lin Yi could block this killer move!

If it weren't for the fact that they were on ao Tianba's ancient battleship and had to end the battle quickly to avoid alerting others, the hook-nosed man wouldn't have used his strongest offensive martial technique right from the start. Since he had used it, it was naturally a result of a one-hit kill!

Lin Yi laughed coldly. His spirit sense was extremely strong right now. The hook-nosed man's sword rain shower kill had all the changes and strengths within his grasp. If it was a mountain split-stage master using this move, Lin Yi might have to avoid it. It's not enough!

A deep Dragon's Roar resounded in the room. The killing Qi of five elements transformed into the shape of a Dragon, baring its fangs and brandishing its claws to meet the wave of sword Qi rain. The sharp metal attribute Zhen Qi immediately retracted all of its sharpness after meeting the killing Qi of five elements. It was as if it had been tempered into a soft steel that wrapped around the fingers of the Dragon-shaped killing Qi, no longer posing any threat.

"What?" The hook-nosed man cried out in shock, his smug smile instantly turning into a look of shock and despair. He was too confident in his sword rain massacre, and he couldn't believe it after Lin Yi broke it so easily!

Chapter 5824 Pill Hall's Consecrated

At this moment, the hook-nosed man's heart was filled with endless regret. He regretted that he had not inquired clearly about who he was dealing with before coming. The opponent's level was clearly lower than his, but this kind of strength was enough to ruthlessly crush him!

"I can't retreat, I'll die if I retreat!" The aquiline nose was already a little scared, but he still said that in his heart. He had rich battle experience, and he knew that Lin Yi had completely suppressed his aura. If he wanted to run, it would only turn into a situation where he would be crushed.

Their only chance of survival was to face the difficulties head-on!

The hook-nosed man gritted his teeth and forcefully suppressed the timidity in his heart. He put his hands together and roused all the true Qi in his body. At the same time, he burned his blood essence and reduced his lifespan to obtain more strength in a short period of time. Then, he risked his life to meet the small five-colored Dragon that was baring its fangs and brandishing its claws!

All of this happened in an instant, and Lin Yi admired the hook-nosed man's decisiveness. Not everyone could make the right decision in a flash. Unfortunately, even if he burned his blood essence, the increase in strength was still just above the peak of the mystic Ascension realm. He was only half a step into the mountain split realm at most, and it was far from enough to go against Lin Yi's Dragon-shaped killing intent!

There were no explosive sounds, nor were there any surging waves of true energy. The hook-nosed man's desperate counterattack was like a small stone thrown into the sea. It did not cause any waves, and was completely swallowed by the Dragon-shaped killing intent of five elements. Then, he could only watch helplessly as the small five-colored Dragon rushed into his body, wantonly penetrating and destroying his meridians.

Lin Yi looked at the hook-nosed man coldly. The five-element killing intent, combined with his powerful spirit sense, was more powerful than he could imagine. He could control it as if it was his own arm and fingers, without any delay.

The hook-nosed man wasn't dead, only twitching on the ground. Lin Yi didn't plan on killing him now, at least not before he found out who sent him.

"Tell me, who sent you?" Lin Yi walked up slowly and looked down at the man with an Eagle nose.

Lin Yi controlled the killing intent to a certain extent-the man was still able to speak.

The hook-nosed man's face was pale and he was gasping for breath. His forehead was covered with large beads of sweat. In such a short time, his clothes were already drenched from the inside out.

"Hehe, you don't have to ask. I'm afraid that you'll be scared to death if I tell you. Kill your grandfather if you have the guts. Let's see who will die more miserably in the end!" The hook-nosed man was tough-he didn't give Lin Yi the answer he wanted to know, but judging from his cocky face, he seemed to have a strong background and wasn't afraid of Lin Yi at all.

Lin Yi smiled faintly,"I didn't know you were this strong." Actually, it doesn't matter if you tell me or not. I'm just giving you a chance. Since you don't need it, then forget it. Anyway, with the soul-searching technique, I can know whatever I want to know. "

The hook-nosed man's face changed-he knew how powerful soul-searching was, of course. If Lin Yi really did use it on him, he'd either die or be crippled.

In a situation like this, he might as well just die. Even if he could kill himself now, his soul wouldn't be able to escape the pain of the soul search. Lin Yi's words hit the guy's weak spot. He wasn't afraid of death, but he was afraid of being soul searched!

He'd only been scaring people when he said he'd use soul-searching before, but after going to the ancient martial world and learning the essence devour technique, soul-searching was a piece of cake.

Even if he hadn't learned it yet, he could easily deduce it-so he really wasn't trying to scare the hook-nosed man.

The hook-nosed man's expression kept changing-he didn't know if Lin Yi was just scaring him, but he didn't dare try. He gritted his teeth, "You can't use the soul-searching technique on me. Otherwise, don't even think about leaving the island! I'm not afraid to tell you the truth. I'm a consecrator of the pill Hall. You can kill me, but if you dare to use the soul-searching technique on me and cause some of the pill Hall's secrets to be leaked, even hou guanqi won't be able to get away with it, let alone you!"

Lin Yi frowned. He could feel that this guy wasn't lying. His identity as a pill division elder should be real, and the consequences of using the soul-searching technique should be real as well. Lin Yi didn't care about it, but he had to consider the Tiangang snow pears in the heavenly elixir Pavilion, as well as hou guanqi, Cai Zhongyang, and Tian Xing.

With the pill Hall's position in the central island, if Lin Yi really used the soul-searching technique on a consecrator of the pill Hall, even the AO Tian state wouldn't be able to protect him and the heavenly pill Pavilion!

Seeing Lin Yi's hesitation, the hook-nosed man finally let out a breath of relief. If he knew this would be the result, he wouldn't have agreed to come to Lin Yi's trouble. But since it was already like this, as long as he didn't die, he would find a way to get back at Lin Yi!

"I was wrong this time. We can be considered to have become friends after a fight. Why don't we just let it go like this?" The hook-nosed man looked at Lin Yi and asked carefully. If he could scare Lin Yi with the name of the pill Hall and escape with his life, that would be great. It wouldn't be too late to think about revenge after planning it.

Of course, the hook-nosed man didn't think it was possible to move Lin Yi with just a few words, either. He forced himself to take out a small Jade box from his pocket and spoke with a pained tone, "As long as you promise not to mention this matter, I'll give you this mountain gaze stone as compensation!"

"Mountain-gazing rock?" Lin Yi was really surprised-were mountain-gazing stones cabbages? Can you get it easily? If he had known that he could get the mountain gaze stone like this, he wouldn't have needed hou guanqi to exchange for it.

However, thinking about how the hook-nosed man was at the great circle of xuansheng and was about to charge into the mountain-gazing period, it made sense for him to collect mountain-gazing stones. He was the honorary elder of the pill Hall. As long as he had something, there was basically no problem in asking the people of the pill Hall to refine pills. The problem was that there were not many people in the pill Hall who could refine mountain-gazing pills. Therefore, he kept the mountain-gazing stones and did not use them.

The aquiline nose felt his heart ache at the loss of his life, but he thought that he could get it back after killing Lin Yi, so he calmed down.

Lin Yi took the jade box and opened it. It was a complete mountain gaze stone. With his alchemy skills, there were at least eight to nine mountain gaze pills. He wouldn't complain about having too many of these things, because the mountain gaze pills only increased the comprehension of people at the peak of xuansheng stage towards the mountain opening stage and increased the chances of breaking through. It didn't mean that it would definitely help you break through. So, one or two mountain gaze pills might not be effective. It was always good to have a few more.

Chapter 5825 Preparing To Kill One To Warn The Others

Lin Yi closed the jade box and smiled faintly, "This is my trophy, so I'll take it!"

The aquiline nose's face turned ugly-was Lin Yi not letting him go after taking his stuff? But he couldn't say anything else, because Lin Yi was right-his life was in Lin Yi's hands, and his things didn't belong to him anymore.

Lin Yi scanned the guy's clothes with his spirit sense to see if there were any other good stuff, but there was nothing to Rob other than some spiritual jades.

The hook-nosed man probably didn't bring everything with him-he only kept the mountain gaze stone, which he valued the most, with him, and Lin Yi got it in the end.

Lin Yi was quite satisfied with the mountain-gazing rock, and it didn't matter if there were nothing else. He used his pure Qi to lift the hook-nosed man up in the air and said coldly, "You said you're a pill Hall's consecrator, so I'm sure there are many people who know you, right? Since you dare to come and kill me, then let everyone see if you're really that awesome and if the pill Hall will really stand up for you!"

"What do you want to do?" The hook-nosed man couldn't care less about his wangshan rock-he had a bad feeling about this after hearing Lin Yi's words, his face changing.

"You'll find out soon enough!" Lin Yi smiled.

With that, Lin Yi carried the man out of the room. It'd only been a minute since the guy broke through the restriction, and the damage alarm had reached the control room, probably reaching Okita by now.

As for the rooms beside Lin Yi's, Wei shenjin, hou guanqi, and Cai Zhongyang didn't know what was happening in Lin Yi's room because the restrictions in their rooms weren't triggered.

If it wasn't for the fact that the aquiline nose's target was Lin Yi, he would've left the ancient ship long ago. Lin Yi wasn't too happy with the defense-he had to find a chance to talk to ao Tian.

Of course, there was originally a guard here, but he was sent by Lin Yi to run errands. This guy was quite lucky, otherwise the aquiline nose would've killed him if he entered Lin Yi's room.

After Lin Yi walked out of the room, he released his spirit sense and activated all the room restrictions on the ancient battleship. Since he wanted to make a big scene, it would be boring if there were too few people.

"Someone launched a sneak attack in the VIP room of the ancient warship and has been caught red-handed. Anyone interested can go to the deck to see if you know the assassin!" Lin Yi wrapped his voice in pure Qi and let it echo in all the corridors.

This time, he had made up his mind to kill the chicken to warn the monkeys. So what if he was a pill Hall consecrator? Lin Yi wanted everyone on the island to know that the people of the heavenly elixir Pavilion weren't to be trifled with, even if they were the elixir Hall's priests.

As long as he didn't soul search the hook-nosed man, Lin Yi was on the side of reason. He didn't believe that the pill Hall would fall out with him over this. If that happened, he'd be disappointed in his master, Zhang Liju.

Hou guanqi was the first to come out-it hadn't been long since he'd sent Lin Yi off, and he was still thinking about the soul quenching pill when he felt the restriction on the door being activated. He

thought that Lin Yi had come back for something, so he quickly ran over to open the door and saw Lin Yi carrying a man with an aquiline nose towards the deck.

Of course, Lin Yi's words made hou guanqi understand what was going on, but the problem was that he really did know the man with the aquiline nose!

"Brother Lin! Brother Lin!" Hou guanqi had caught up with Lin Yi after a few shouts. He looked at the man in Lin Yi's hands with surprise. "Stone Warrior, did you sneak into brother Lin's room?"

Lin Yi wasn't surprised that hou guanqi knew this man-it was just proof of what the guy said. He really was a priest of the pill Hall.

"Brother hou, you know this guy? You're called Stone Army, right?" Lin Yi didn't stop, continuing to walk towards the deck.

Hou guanqi felt like he was in a difficult position. One was Lin Yi, the person he was trying his best to be on good terms with, and the other was a consecrator of the pill Hall. It wasn't right to speak for either side. If he knew this would happen, why would he come out?

"Brother Lin, how are you going to deal with helper Shi?" He had no choice-since they were already out, he had to force himself to ask. No matter what, he had to make sure Lin Yi didn't get into more trouble.

Lin Yi smiled faintly, "this revered elder Shi wanted to kill me. I don't even know him, and he wouldn't tell me who sent him. If that's the case, then don't blame me for killing a hundred people with him. I want everyone to know that the people of heavenly pill Pavilion can't be bullied easily. If they dare to attack us, they'll be killed in return!"

Hou guanqi couldn't help but cry in his heart. Lin Yi's tone may be calm, but the killing intent in his words could make people's hearts turn cold. Although Lin Yi was on the right side, if he really killed Shi Jun, the rift between him and the pill Hall wouldn't be easily mended.

Shi Jun wanted hou guanqi to put in a good word for him, but Lin Yi's five elements killing intent was still raging in his body. He couldn't speak at all under Lin Yi's control.

"Brother Lin, I'm not trying to advise you, but you should think twice before you act. This Shi Jun was sent by the pill Hall to protect Master Li Zao Yi, but I heard that he's already on the Zheng family's side ..." Hou guanqi said bitterly. This was the most he could say. If he continued, not only would there be a Rift between Lin Yi and the pill Hall, but there would also be a Rift between him and Lin Yi.

Cai Zhongyang and Wei shenjin also quickly followed, but hou guanqi didn't expect them to say anything.

One was Lin Yi's follower, and the other was Zhang Liju's disciple in name, but didn't have much of a connection with the pill Hall. If they were to help, they would definitely help Lin Yi.

Sure enough, after knowing the matter, Cai Zhongyang did not say anything that was beneficial to the stone Army, and Wei shenjin directly said that such a person should be killed on the spot!

Ao Tianba was already on the deck, coming up to Lin Yi as soon as he saw him. "Brother Lin, it's all your big brother's fault this time. I can't believe something like this happened. Let me see who's so arrogant that they dared to kill people on my ship!"

Chapter 5826 Bold Lin Yi

Lin Yi pushed Shi Jun to the ground and smiled, "Brother ao Tian, you can't be blamed for this. If they wanted to attack you, you wouldn't have been able to stop them."

If the ancient warship was sailing on the sea, there would naturally be a layer of shielding. If outsiders wanted to board, they would be immediately known. However, it was docked at the port, and there were still people boarding or leaving. It was impossible for ao Tian BA to ban all of them, which was why there was such a loophole.

"It's a good thing you're fine, brother Lin," ao Tianba said with a smile, "otherwise, even if I cut that bastard into a thousand pieces, it wouldn't be enough to dispel the hatred in my heart!"

After that, ao Tianba turned his attention to Shi Jun. The smile on his face disappeared as he looked at Shi Jun coldly and said, ""You're quite bold to come to my ao Tianba's ship alone and kill my brother. You don't even put me in your eyes! Do you think that just because I, ao Tianba, have left the AO Tian family, you can do whatever you want to me?"

Shi Jun's body trembled as he started regretting his decision. He thought that he could kill Lin Yi in one hit and didn't give ao Tianba any time to react before he came. He didn't expect that he would be the one to be killed in one hit. He would be lying if he said that he wasn't afraid of ao Tianba.

Although ao Tian BA had indeed run away from the AO Tian family, he had never said that he would cut off all ties with the AO Tian family. After all, he was the third young master of the AO Tian family. The AO Tian family was definitely one of the few families that Nakajima was not afraid of the power of the hall of alchemy. Stone Army was merely a Minister of offerings. He really could not be compared with ao Tian BA.

"Lil bro Lin, do you know who this guy is?" Ao Tianba turned to Lin Yi, unsure if he really didn't know who Shi Jun was.

"I heard it's the pill Hall's priest, Shi Jun!" Lin Yi nodded.

Ao Tianba sneered, "the pill Hall's honorary elder, what a big background!" If it's not convenient for lil bro Lin to do it, why don't you let big bro me help you get rid of this guy?"

The hall of dan was a giant in the middle Island, after all. Even if Lin Yi had a reason, he'd still have to be careful when he made a move. Ao Tianba, on the other hand, was different. Not to mention the AO Tian family behind him, he had enough money to not be afraid of the hall of dan. At most, he could go to any Sea area, and Zhang Liju wouldn't be able to find him.

"Thank you, brother ao Tian," Lin Yi smiled faintly, "I'll take care of this myself!"

Ao Tian BA didn't force him and nodded. "Okay, no matter what, I'm definitely on your side. If there's anything, we'll shoulder it together!"

Lin Yi knew that this was ao Tianba's way of getting on his good side, but he was still very grateful. He cupped his fists and thanked Lin Yi with a smile. He was still standing on Lin Yi's side in a situation like this-he was a friend worth befriending.

In the time it took to exchange a few words, more and more people came to the deck, including Zheng dongjue, li Zao Yi, and other people from the pill Hall.

"How dare you, Lin Yi! How dare you kidnap a Guardian of the pill Hall! This is simply preposterous!" Zheng dongjue took a step forward and pointed at Lin Yi angrily, but he didn't dare to go any closer. It would be embarrassing if he got too close to Lin Yi and fell to the ground.

Lin Yi looked at Zheng dongjue coldly. "Zheng dongjue, did you send this Stone Army? It seems that the Vice Hall Master can still mobilize the pill Hall's honorary experts. Otherwise, why are you so agitated?"

Zheng dongjue glared at him and said, "nonsense! You're slandering me! How could our pill Hall's consecrator do such a thing? it must be you, a treacherous villain, who wanted to deal with consecrator Shi, so you framed him! Hmph Hmph, he really wanted to punish someone but couldn't find a good excuse! Lin Yi, I advise you to stop now, or else the pill Hall won't let you go!"

"Vice head Zheng, you don't know what happened, how can you be so sure that Lin Yi framed you?" What's more, he has no grudges with high official Shi and has never had any interactions with him, so why would he make any arrangements or plot against high official Shi?"

"Hou guanqi, you're a member of the pill Hall, and the head's first disciple in name. Not only did you not contribute to the pill Hall, you even defended the enemy of the pill Hall. Could it be that you colluded with Lin Yi to target revered elder Shi?" Zheng dongjue immediately dragged hou guanqi into the mess with a cold smile. Didn't you say that Lin Yi and Stone Army didn't have any interactions? Then you, hou guanqi, must have had some interactions with the stone Army, right?

An honest man like hou guanqi had never been humiliated like this before. He was so angry that he couldn't say anything.

Lin Yi looked at Zheng dongjue mockingly. "Zheng, I wasn't sure at first, but I'm relieved to see you biting people like a Mad Dog. You were the one who ordered the stone Army to assassinate me. Don't talk to me about evidence, I don't need any evidence for what I believe in!"

"Lin Yi, Who Do You Think You Are! You want to deal with me, Zheng dongjue, with such a groundless excuse? Hehe! If you want to come at me, just come at me directly, why did you involve the irrelevant revered elder Shi? I, Zheng dongjue, will not be as despicable as you, using such a lame excuse to wrongly accuse an innocent person!" Zheng Dong felt a little weak in his heart, but he would never back down on the surface. It was a pity that his words were no longer as strong as before.

Li Zao Yi frowned slightly and said indifferently, ""Don't quarrel anymore. Is there some misunderstanding? let's figure out the whole story first!"

Lin Yi glanced at li Zao Yi and said in a neutral tone, "The stone Army broke the restriction on my room and barged into my room to kill me. What misunderstanding could there be? A pill Hall helper can be so lawless and kill people at will. Does he really think that without pill God Zhang around, Nakajima is where he, Zheng dongjue, can do whatever he wants?"

Zheng dongjue's face was extremely ugly, but he didn't refute Lin Yi for some reason. Li Zao Yi looked at Lin Yi with a strange expression and nodded slightly, not saying anything else.

Lin Yi didn't know what was going on-this girl was really weird, just saying one sentence and then not saying anything. Was this considered fulfilling her responsibility as the head of the pill Hall?

Li Zao Yi stopped talking, and Zheng dongjue stood up again. However, this time, he pointed his finger at ao Tianba. "Captain ao Tian, Lin Yi kidnapped our pill Hall's consecrated member on your ship, don't you have anything to say? Aren't you looking down on our pill Hall too much like this?"

Ao Tianba didn't even lift his eyes as he coldly replied, ""Who Do You Think You Are? A person who helped alchemy God Zhang manage the pill Hall also dared to represent the entire pill Hall? You can't decide if Lin Yi took Shi Jun hostage or not, but it's up to me if Shi Jun broke the restrictions on my ship and killed my brothers! Trying to show off on my ship, Hmph Hmph, who gave you the face?"

Zheng dongjue's face instantly flushed red. No matter what, he was still the dignified vice Hall Master of the hall of alchemy, yet he was actually humiliated by ao Tianba in front of his face, and yet he could not flare up.

Chapter 5827 I Want To Impeach You

There was no helping it. Behind ao Tianba was a super aristocratic family. The entire pill Hall was at most on the same level as his family. Although he, Zheng dongjue, was currently a Deputy Hall Master, it was just as ao Tianba had said. He still could not represent the entire pill Hall!

Zheng Tianqing pointed at ao Tianba and sneered, "Captain ao Tian, are you trying to protect Lin Yi by talking about my uncle like that? Don't think that you're great just because you have the aotian family behind you. Although our Zheng family is not as good as your aotian family, but ..."

"But, my ass! Do you have the right to speak on my ship? Who Do You Think You Are? How dare you point at me! Are you looking to die?" Ao Tianba slapped Zheng Tianqing's finger away. 'What the hell is this? does he really think he's some Big Shot? he doesn't even take Zheng dongjue seriously. He's already considered himself a businessman by not killing this stupid bird!'

"You!" Zheng Tianqing was furious. He was a proud Son of Heaven from the East continent. Especially in front of li Zao Yi, ao Tianba's merciless lesson almost made him fall out with li Zao Yi.

Unfortunately, the guards on the ship surrounded him in an instant, which made Zheng Tianqing calm down completely. It was not wise to challenge ao Tianba on the ancient warship. Zheng Tianqing could only swallow his anger and wait for a chance to take revenge in the future.

Lin Yi waved his hand at ao Tianba with a smile. "Brother ao Tian, I told you to leave this matter to me. You don't need to care about these clowns. Since everyone is here, I won't waste your time. I, Lin Yi, will tell you all today that anyone who provokes me, no matter where they come from, will only end up in embarrassment and death if they fall into my hands!"

Lin Yi's tone was extremely cold as he spoke, his cold eyes sweeping across the room. People like Shang Wanyi who had interacted with Lin Yi before were shocked. They didn't feel this much power from Lin Yi when they were talking to him before, but now they realized that this man was not simple!

Zheng dongjue panicked. Stone Army had secretly sided with him, but this kind of thing couldn't be brought out in the open. If a pill division's consecrator was killed, no matter what, Zhang Liju would investigate it thoroughly when he returned. Then some things would naturally surface, and this was something Zheng dongjue would never allow!

"Lin Yi, do you really want to be the pill Hall's enemy? If you dare to kill consecrator Shi, you'll have to face the wrath of our Hall Master, pill God Zhang Liju. Are you sure you and your friends can handle it?" Zheng dongjue shouted. He couldn't let Lin Yi kill Shi Jun no matter what, and he even brought up Zhang Liju's name.

It was sad to think about it. Zheng dongjue wanted to snatch the hall of alchemy from Zhang Liju's hands, but at this critical moment, he still needed Zhang Liju's reputation to control the situation. Even if he could get the hall of alchemy, would it be Zheng dongjue's?

"Zheng dongjue, can't you change your story?" Lin Yi sneered. "Can't you just keep repeating the same thing? you can't live without the name of pill God Zhang?" Also, brother ao Tian has already said, Who Do You Think You Are? He was just a Butler who was managing the pill Hall on his behalf. Did he really think that he was the master of the pill Hall? Representing the pill Hall and alchemy God Zhang at the drop of a hat. Simply laughable!"

Some people in the crowd snickered. They felt that Lin Yi's words made sense. Most of the people here were prominent people in Nakajima. They didn't mind laughing. No one was afraid of Zheng dongjue, the Vice head of the pill Hall.

Li Zhaoyi still had a strange expression on her face. She looked up at Zheng dongjue and then turned to Lin Yi, but she didn't want to speak.

"Ao Tianba, are you going to do anything about this? The pill Hall's honorary elder was killed on your ship. Do you think you can get away with it? So Lin Yi is ao Tianba's guest, but we're not? Do you still want to do business in the waters of the five islands?" Zheng dongjue turned his head and shouted at ao Tianba. He was already a little flustered and did not notice that Tong wozha, who had followed him onto the boat, was giving him a look.

Ao Tianba frowned. He could ignore the pill Hall and Zheng dongjue, but he couldn't ignore his own reputation. Lin Yi was in the right, but he couldn't just sit back and do nothing. It wouldn't be good for the fleet's development.

But after a second thought, he made up his mind-he was still on Lin Yi's side!

"Zheng dongjue, I don't need you to tell me what happened on my ship. The stone Army broke the restriction and attacked Lin Yi. It's only right that they were captured and killed on the spot. Don't tell me that you're all guests. If they were all guests like you, I wouldn't dare to accept your business!" Ao

Tianba said. Ao Tianba said indifferently. Zheng dongjue was right about one thing. He was also an honored guest on this ship, so ao Tianba's tone was slightly more restrained.

Zheng dongjue laughed,"ao Tianba, don't talk to me about these useless things. I'll be direct with you. If you continue to side with Lin Yi and treat the lives of our mercenaries like nothing, I'll immediately go to the Association to impeach you. Don't forget that our pill Hall is also a vip member of the Association. I don't believe that no one can control you!"

Aotian BA's face was as calm as water. If he wanted to make a name for himself in the ocean, he had to be under the jurisdiction of the Association of marine transportation. Unless he did not do legitimate business and became a pirate, he had to care about this matter.

Ao Tianba truly did not care about Zheng dongjue. He also believed that the pill Hall would not go all out against him. However, with Zheng dongjue's despicable character, it was possible that he would file a complaint to the Association of marine transport to impeach him. This put him in a rather difficult position.

Lin Yi could tell that ao Tianba was in a difficult position-he wouldn't let his friend be in a difficult position, of course."Brother ao Tian, Shi Jun is actually not that important. After all, he is just a pawn. I will find out who is behind him, so it doesn't matter if we don't kill him!"

Ao Tianba let out a breath of relief. He knew that Lin Yi was trying to save his face, so he smiled,"Lil bro Lin, you're so broad-minded, there's really nothing to be calculative about with a rat like this. Don't worry, after this trip, big brother will definitely help you get justice!"

Ao Tianba's cold eyes swept over Zheng dongjue. Not only did this idiot send people to assassinate Lin Yi on his ship, but he also threatened him with the Association. Did he think he was a Saint?

Chapter 5828 I'll Return Her To You

A man who could move unhindered on the sea was definitely not a soft-hearted person. It was ruthless!

Zheng dongjue's body trembled slightly as he felt some regret. Not only did he fail to kill Lin Yi, but he'd also offended ao Tianba completely. It was a huge loss!

Fortunately, Lin Yi didn't say anything more about killing Shi Jun. Zheng dongjue had won this round, and Lin Yi felt that his words were a slap in the face. This was the only consolation.

"Thank you, brother ao Tian. However, I have my own plans for this matter! Brother ao Tian, you don't need to worry about it!" Lin Yi smiled faintly. He lifted his foot and kicked Shi Jun towards Zheng dongjue. At the same time, he used the invisible soul-hooking hand to trap Shi Jun's yuan Shen in the Jade space.

Since he said he wanted him to die, he would definitely die! And he would die even more miserably than before!

"I've already returned him to you for the sake of my brother ao Tian. I'll also let the matter of the stone Army ambushing me go for the time being. However, I'm warning you, if you continue to provoke me, no one will be able to save you!" Lin Yi said coldly to Zheng dongjue's group, including lizao Yi. This girl was weird and always hung out with that idiot Zheng Tianqing. Of course, he didn't have a good impression of her.

Zheng dongjue snorted. Although he had saved Shi Jun, he didn't feel proud of his victory. He was too reckless this time. He wanted to use Shi Jun to get rid of Lin Yi, but he didn't expect Lin Yi to be so strong. He could get rid of Shi Jun so easily.

In the crowd, Tong wuhui shook his head secretly. Zheng dongjue was indeed his master, but it was really hard to follow a master who always liked to mess around! What the hell was going on? she was the one who told them not to mess with Lin Yi, and now she sent someone to assassinate him! It would be fine if they succeeded, but they failed!

However, he knew that this sudden operation was probably because Zheng Tianqing had suffered a loss at Lin Yi's hands, and he went to provoke Zheng dongjue to make a move. He probably couldn't get rid of his face ...

That was the only way he could comfort himself-at least he'd figured out Lin Yi's strength from this operation, and it wasn't like he didn't get anything.

Just as he was thinking about this, Zheng dongjue suddenly shouted,"Lin Yi, what did you do to Shi Jun? Why isn't there any movement from him?"

Even his primordial spirit had been taken away by the soul snatching hand. It would be strange if he could still move. Although Stone Army's body was still alive, it was not much different from a corpse. It would completely decay after a period of time.

Lin Yi laughed coldly in his heart, his face calm,"What did I do? Zheng dongjue, are you looking for trouble? If you want to pick a fight, just say it. I'll take it all, don't find such a poor excuse!"

Zheng dongjue was at a loss for words. He didn't have any evidence to prove that Lin Yi did something to Shi Jun, but even an idiot would know that it was Lin Yi who did something to Shi Jun. However, unless he had evidence, there was no point in saying anything.

Lin Yi looked at Shi Jun and sneered, "Does this guy have any hidden injuries? Otherwise, things wouldn't have turned out this way, right? I didn't do anything to him. He suddenly became a fool, so don't blame me for this!"

Zheng dongjue glared at Lin Yi. He knew that he wouldn't be able to get anything out of Lin Yi with his words, so he ignored Lin Yi and started examining Shi Jun.

Unfortunately, other than some minor injuries, there was nothing wrong with Shi Jun's body. Lin Yi had already removed the killing Qi of the five elements, so there was nothing wrong with his meridians.

As the pill Hall's chief Alchemist, li Zao Yi naturally also understood medicinal theory. Zheng Dong Jue couldn't find any problems, so she went forward to check.

"Eh, this situation seems to be soul loss! Is it because you lost your primordial spirit?" Li Zao Yi said in a low voice, a little surprised. She raised her head and looked at Lin Yi, hoping to see some clues from Lin Yi's face. Unfortunately, she didn't get what she wanted.

"Master Li Zao, are you able to find a way to treat consecrated Shi?" Zheng dongjue looked at li Zao Yi with hope. He couldn't see anything wrong with Shi Jun, but li Zao Yi noticed it immediately. Of course, he placed all his hopes on the chief Alchemist of the pill Hall.

Li Zao Yi stood up and slightly shook her head, "This is not something that any pill can cure. I have no other way. Perhaps he will wake up in a few days. If not, vice Hall Master Zheng can buy the spirit gathering branch at this auction and give it to consecrator Shi. It might also help him regain consciousness."

Lin Yi had been paying attention to the situation and naturally heard what Li Zao Yi said. He had a whole new level of respect for this weird girl, but unfortunately, she didn't know the use of the soul-snatching hand. Shi Jun's entire soul was locked up by Lin Yi. Not to mention a soul-gathering branch, even a soul-Gathering Tree wouldn't work!

Lin Yi couldn't help but shiver at the thought. If Han Jingjing's spirit was also being held by someone or some force, would he be able to wake her up even if he had the spirit gathering branch?

"Alright, everyone, please disperse. I will send more guards to guard the corridors of our distinguished guests. I will definitely not let this kind of thing happen again! This is my, Ao Tianba's, guarantee, please rest assured!" Ao Tianba didn't know about Lin Yi's worries. On the surface, it seemed like the stone Army attack had come to an end, and he started evacuating the people on the deck. The sky would be bright soon, and the other four ships would be ready to set off soon.

As long as they left the port, the ancient warship would raise the barrier, and his control of the entire warship would reach its peak. He would not have to worry about the Nakajima pill Hall causing any more trouble.

The people on the deck started leaving in twos and threes after hearing Ao Tianba's words, but the way they looked at Lin Yi was completely different.

Although Lin Yi didn't really kill Shi Jun when he said he was going to kill him, anyone with eyes could tell that it didn't matter whether he was killed or not. Even if he was still alive, he was no different from a dead man.

After Li Zao Yi said his opinion, he didn't want to say anything more. He looked at Lin Yi one last time before turning around and leaving.

Zheng Tianqing glared at Lin Yi with hatred, then gritted his teeth and followed Li Zao Yi. Although Zheng Dongjue was the one who gave the order for the stone Army, it was Zheng Tianqing who incited it at the beginning. If it wasn't for him constantly persuading Zheng Dongjue, the stone Army wouldn't have ended up like this.

Chapter 5829 Soul-Loss Syndrome

However, Zheng Tianqing did not feel guilty at all. He did not care about Shi Jun's current situation. In his heart, he was still blaming Shi Jun for being an idiot. He could not even kill an opponent who was weaker than him. He deserved to die!

Zheng Dongjue's face was gloomy as he motioned for another guard of the pill Hall to carry Shi Jun back to his room. He originally wanted to send Shi Jun back to the shore, but after listening to Li Zao Yi's words, he changed his mind. Since he needed the spirit gathering branch to treat Shi Jun, it was obviously more appropriate to take him to the northernmost Island.

A moment later, Zheng Dongsheng, who was from the famous medicine sect, appeared in Zheng Dongjue's room after receiving the notice. In the original plan, Zheng Dongsheng was to stay in the middle Island to deal with the heavenly elixir Pavilion, while Zheng Dongjue was to take Zheng Tianqing and Tong Wozhui to the northernmost Island to see if there was a chance to implement the plan to cut off the heavenly elixir Pavilion's wings.

Who would have thought that one of their wings would be broken before the ship even set off? A sinecure at the great circle of Xuansheng was definitely one of the top figures in the middle Island.

"Dongjue, what's going on? Didn't they say that they wouldn't mess with Lin Yi for the time being, and would start with Hou Guanqi, Cai Zhongyang, and Ao Tianba? Even if you want the stone Army to kill someone, it should be Hou Guanqi and Cai Zhongyang, right?" After Zheng Dongsheng sat down, he asked with great dissatisfaction.

In addition to Zheng Dongsheng and Zheng dongjue, there was only Zheng Tianqing present. In order to find an opportunity, Tong wofei would not appear around them for the time being. Even if he did, he would pretend not to know them.

Zheng dongjue snorted and didn't speak. He couldn't say to Zheng Dongsheng in front of Zheng Tianqing that it was all his son's fault. If it wasn't for his whining, he wouldn't have lost a general.

Zheng Tianqing looked at Zheng dongjue. He stood up and said, "Father, I begged uncle to take revenge for me. Lin Yi made me lose face in front of Li Zao Yi. If I don't kill him, I won't be able to get over it. He might become a demon in my heart when I cultivate. I want to improve, so I can't let Lin Yi go!"

Zheng Dongsheng suddenly had nothing to say. The trouble caused by his son, what could he, as the Father, say? No wonder Zheng dongjue agreed to let Shi Jun deal with Lin Yi when it came to Zheng Tianqing's cultivation.

"Forget it, let's not talk about this first. Let's talk about Stone Army's situation. Is there any way to save him? after all, he is an expert at the great circle of mysterious Ascension. It would be a pity to lose him like this!" Zheng Dongsheng waved his hand and stopped talking about Lin Yi. He changed the topic to Shi Jun.

Zheng dongjue shook his head, "cousin, you saw Shi Jun just now. Lizao Yi was right. It's like soul loss. I'm sure Lin Yi did it, but I can't be sure how he did it. Maybe he poisoned him before?" Can you see any signs of poisoning?"

Zheng Dongsheng was also helpless. If he could see it, would he have waited until now and not said it? Was this question a slap to his face or something?

"Forget it, let's go to the northernmost Island and get the God-gathering branch first! Cousin, you don't need to go down, just come with us. " Zheng dongjue also realized that there was something wrong with what he said, so he quickly waved his hand to stop the conversation. Since no one had any ideas, he could only do as li Zao Yi said. Anyway, the spirit-gathering branch was a good thing, and he would not suffer a loss by buying it and holding it in his hands.

He had asked Zheng Dongsheng to go with him because he felt that Zheng Tianqing was not very reliable. He seemed to be quite talented, but this time, he had tricked him. It was better to let the kid's father follow him.

Zheng Dongsheng didn't object. There was no hurry to deal with the heavenly elixir Pavilion. As long as he could get rid of a few people on this ship, the heavenly elixir Pavilion would be like a rootless duckweed. There was nothing to worry about.

At the same time, there were a few people gathered in Lin Yi's room. Hou guanqi, Cai Zhongyang, and Wei shenjin were all there. Ao Tianba didn't come because he had to arrange some things on the ship.

Hou guanqi said worriedly, "brother Lin, you've really been a little impulsive this time. Zheng dongjue is a villain. He'll definitely blow this up and make it look like you've offended the hall of alchemy. You might not know this, but master is a person who cares about his face. If he knows that you're not giving him face, he'll definitely be angry."

"Brother hou, isn't it a bit rude to talk about your master like that?" Lin Yi asked, amused.

Hou guanqi was amused, and the worry on his face lessened. ""I'm worried about you. Can't you be more serious?"

Cai Zhongyang laughed as well. "Senior brother, you're worrying too much. Master is not a person who cares about his face. He also likes to be reasonable. Even if Zheng dongjue knows how to spread rumors, don't we have a mouth to speak? As for the truth, master will naturally distinguish it. You don't need to be scared and worried here. "

Lin Yi thought that his cheap master was a decent person, and he didn't need to worry too much about this. Of course, he wasn't worried about it in the first place.

"Alright, brother hou, brother Cai said that alchemy God Zhang is a reasonable person, so he definitely won't hold it against me. Not to mention, as you already know, that Shi Jun is Zheng dongjue's man. Alchemy God Zhang should also have some understanding of him, so no matter how Zheng dongjue tries to stir up trouble, it won't be of any use!" Lin Yi said with a relaxed smile, making hou guanqi feel much more relaxed.

"That's right. Master is a reasonable person. When the time comes, Junior Brother Cai and I will explain it to master together. I believe that Zheng dongjue's words can not deceive master!" Hou guanqi nodded, finally letting go of the worry in his heart.

Wei shenjin felt that he was very useless and couldn't help at all. Lin Yi seemed to have sensed his thoughts and patted his shoulder, ""Alright, I'm fine here. You should go back and rest early. Be careful. We'll talk about it after we set sail tomorrow. "

"Alright, boss!" Wei shenjin agreed. He thought that since he couldn't help in anything else, he could only cultivate. If anyone wanted to find trouble with his boss in the future, he would be the first to rush up and block them.

Hou guanqi and Cai Zhongyang also stood up and said, ""Since that's the case, we'll take our leave. Lil bro Lin, rest well. We'll talk again after we set sail!"

Lin Yi didn't stop them and sent them out before closing the door and putting on the restriction again.

The restrictions that were destroyed by Stone Army were repaired. It was hard to fix them again, but it was easy. There were professionals on the ancient battleship who did this. Lin Yi checked and was satisfied with the repair.

After wasting so much time, even Lin Yi's refinement plan was delayed. He knew that Zheng dongjue and the others would be participating in the bid for the spirit gathering branch, so he had to prepare more soul quenching pills as capital. It would be a joke if he couldn't win the bid.

Chapter 5830 Father And Daughter Of The Shang Family

When Lin Yi took out the Shennong cauldron and started making the soul quenching pill, Shang Yuhua was asking him about it.

"Father, who's that Lin Yi? why does he look so strong?" There were only Shang Yuhua and Shang Wanyi in the room, so she was more casual with her words.

Shang Wanyi smiled, "this Lin Yi does have some strength. I heard that he's the new disciple King of the North Island's Green cloud sect. He's the leader of the new generation of disciples in the North Island's three pavilions. He's also highly regarded by Shangguan Tianhua. On the North Island, Lin Yi's reputation

is so strong that he's catching up to Gongyang Jie, the strongest of the younger generation! Although he has some disputes with the North Island branch of our Chamber of Commerce, it can't hide his talent. "

"So he's that famous in the North Island?" Shang Yuhua praised, but she didn't care too much. The North Island was the weakest of the five main islands. For a newcomer King of the North Island to be praised by her like that was already not bad.

"You're wrong if you think he's only famous in the North Island. He's also the Prince Consort of the little princess of the West Island, ning Xuefei." Shang Wanyi chuckled and continued, ""You know about the little princess of the West Island, right? the last lucky one was this Lin Yi. Besides that, I've also heard that he's been to the southern island, and he went deep into the spirit beast territory. I'm not too sure about the details, but the fact that he was able to leave the southern island safely shows his strength. "

"Hiss, hiss, hiss, is he that powerful?" Shang Yuhua sucked in a breath of cold air. She was extremely shocked. The Prince Consort of the West Island was not important, but to be able to enter the South Island and leave safely, that was really amazing. That was the southern island, known as the forbidden land for humans!

"That's not all. Last time, people from the Zheng family targeted Lin Yi, saying that the heavenly elixir Pavilion's elixirs were smuggled over from the East continent. They acted on behalf of the island Lord, ao Tian state, to suppress this matter. In the end, people from the Zheng family directly wrote letters to the East continent to complain, but they were scolded by the big shots of the East continent. From this, it can be seen that Lin Yi has a high status in the East continent. " Shang Wanyi couldn't help but admire Lin Yi.

They wouldn't have noticed it if they didn't mention it-Lin Yi had already visited all five islands, and he had powerful forces and helpers on the Western, Northern, and central islands. Even on the eastern island, he was probably doing well, and he might even have some connections with the spirit beasts in the southern island. It was quite scary if they thought about it-why would the Zheng family want to go against a guy like this? what was wrong with them?

Shang Wanyi praised in his heart, trying to remember if he'd been rude to Lin Yi in any way. Even if they couldn't work together, they should try their best to get on his good side. Who knew when they'd have to ask him for help in the future?

Shang Yuhua's beautiful big eyes were wide open, and her mouth was slightly open, looking dazed. After a while, she let out a breath and said, ""So he's such a powerful person. No wonder he's willing to help his little brother with blind dates."

Shang Yuhua knew what kind of person Wei shenjin was. After hearing Shang Wanyi's introduction of Lin Yi, she was sure that Wei shenjin was at most Lin Yi's little brother. He didn't seem to be qualified to be a close brother.

Shang Wanyi looked at his daughter and suddenly asked, ""Yuhua, you're not young anymore. Have you ever thought about your marriage?"

Shang Yuhua's face reddened as she pouted, ""Father, why are you talking about this? Don't tell me you want your daughter to get married early?"

"Hahaha, men should get married when they're older, women should get married when they're older. You only brought this up when everything was fine!" Shang Wanyi smiled as he stroked his exquisitely trimmed beard. He looked at Shang Yuhua lovingly and said, ""Of course I don't want to marry my precious daughter off, but if you have someone you like, wouldn't I annoy you if I don't marry you off?"

"Father, what nonsense are you talking about?" Shang Yuhua's face turned even redder as she scoffed, "Your daughter doesn't have anyone she likes. An ordinary hedonistic son won't be able to enter your daughter's eyes!"

At this point, Lin Yi's cold eyes and overbearing aura appeared in Shang Yuhua's mind, but she shook her head immediately. Lin Yi was an excellent man, but it was because he was too excellent that Shang Yuhua didn't have any thoughts about him. A man like this was not a good match for her, not to mention the girl beside Lin Yi. In terms of beauty and excellence, she was above her. She was a girl who knew her own limits.

Shang Wanyi nodded. "Alright. Since you don't have anyone you like, I'll keep an eye out for you. I'll see if there's any young man who's worthy of my Yuhua."

"Hmph, and you said you didn't want me to get married early! I'm not going to talk to you!" Shang Yuhua stomped her feet and stood up to leave. Shang Wanyi did not stop her as it was getting late and it would be good for her to go back and rest.

As for the idea of finding a rich husband for Shang Yuhua, he really wasn't just saying it for fun. However, he still needed to think about who to choose.

Before dawn, the fleet led by Ao Tianba's ancient warship completed all the preparations and began to slowly leave the Nakajima port. They lined up in a column in the direction of the northernmost island and gradually accelerated.

Lin Yi had just finished making the first batch of soul quenching pills and was about to make the second batch when the ship shook slightly. He knew that they were on their way, but it didn't affect him at all. He just continued doing what he was supposed to do. After what happened with Shi Jun, no one would dare to force their way into his room again.

From a certain perspective, Stone Army's arrival was timely. If it wasn't for this warning, Lin Yi would be at a huge disadvantage if he was disturbed while he was refining.

The first day passed by peacefully, and when night fell, Lin Yi finished his refinement and prepared to rest. No matter how strong his spirit sense was, he couldn't keep on refining. After all, not everyone on this ancient battleship was his friend-there were many enemies too. Lin Yi needed to have enough strength to deal with sudden situations.

"Boss, you're out!" Lin Yi had just pulled the door open when Wei shenjin appeared in front of him, full of energy. Had this kid been waiting at the door the whole time?

"What are you waiting here for?" Lin Yi asked, confused. Shouldn't they have activated the door's restriction to let him know if something was wrong?

Wei shenjin laughed, "no, I just finished cultivating and wanted to see if you came out. Because there was a restriction on the door, I was afraid of disturbing your cultivation, so I thought I should wait for a while. Then you came out."
