Chapter 5831 Talk About Cooperation Again

"I see, what a coincidence." Lin Yi nodded nonchalantly and looked at hou guanqi and Cai Zhongyang's room. The two seemed to be in isolated cultivation, so he decided not to disturb them for now.

"Boss, do you want to go get something to eat?" Wei shenjin suggested with a smile. Although he had failed to get to know Shang Yuhua last time, failure was still the mother of success. Who knew if success would be born today?

"Alright, let's go then!" Lin Yi needed some rest, and it'd be a good idea to go get something to eat. He'd also check if Shang Yuhua was around-if she was, he'd continue with the matchmaking.

This time, there were much fewer people in the restaurant, only about 40% of the seats were occupied. Lin Yi scanned with his spirit sense and found his main target, Shang Yuhua, who was still with Shang Wanyi. Perhaps this was a place to talk about new business, so Shang Wanyi would prefer to stay here.

With that, it would be much more convenient for Wei shenjin to see Shang Yuhua in the future as long as he came here often.

Other than Shang Yuhua, Lin Yi was surprised to see the weird girl, li Zao Yi. He thought she'd go into isolated practicing after trying something yesterday, but she came to eat again. Hou guanqi's information wasn't accurate!

Of course, where there was an early memory, there would be Zheng Tianqing following behind. After being warned not to mess with Lin Yi yesterday, the kid pretended not to see Lin Yi today, not even raising his head.

Everyone looked at Lin Yi deeply as he walked in-what happened on the deck yesterday left a deep impression on them. A few even took the initiative to greet him, and he returned them all with a smile.

Lin Yi brought Wei shenjin to Shang Wanyi and his daughter's table and said politely, ""Vice President Shang, miss Shang, what a coincidence to meet you again. Can we sit together again today?"

Shang Wanyi smiled warmly, "of course. Master Lin, young hero Wei, please have a seat. We didn't have enough time to chat yesterday. I was just thinking about when I could pay master Lin a visit. Now that I've met you, I'm really happy."

"Oh, really? What a coincidence, I also felt that I didn't have enough fun chatting with Vice President Shang, so when I saw you here, I took the liberty to come over. " Lin Yi laughed. Everyone knew that he was just making things up.

The only purpose of him and Wei shenjin coming here was to give Wei shenjin and Shang Yuhua a chance to talk. Shang Wanyi and his daughter were well aware of this, but no one pointed it out.

As the Vice President of Wantong, Shang Wanyi's ability to talk with people was unquestionable. Since he wanted to get on Lin Yi's good side, he started talking in the direction that Lin Yi was interested in. He could talk about anything, and the atmosphere quickly became harmonious.

However, Wei shenjin and Shang Yuhua still didn't say anything. Lin Yi really wanted to beat this idiot up. When he didn't see it, he was already thinking of coming to find Shang Yuhua, but when he saw it, he just pretended to be mute. What a waste of time!

"Oh right, Master Lin, I would like to make a request of you!" Shang Wanyi saw that Lin Yi was having a good time, so he made a request that he'd been thinking about for a long time.

"There's no need to be so polite, Vice President Shang. If you have something to say, just speak!" Lin Yi replied politely. He had to be polite-his little brother was plotting something against his daughter, and if it worked, Shang Wanyi would be the elder ...

"It's like this, I'm thinking that Master Lin would be able to give our Wantong Chamber of Commerce an authorization. We can resell the Golden class level six and above pills from the heavenly elixir Pavilion outside of Nakajima after we purchase them. Of course, the profits from the reselling will be split with the heavenly pill Pavilion according to the rules. " Shang Wanyi said carefully as he observed Lin Yi's expression.

On the surface, this proposal didn't seem any different from the previous one, but in fact, it was very different. The previous cooperation was equivalent to Wantong Chamber of Commerce being the exclusive agent of the sales of the heavenly elixir Pavilion outside of the central island, but this time, they were only buying the original price of high-grade elixirs from the heavenly elixir Pavilion, and then getting the authorization to resell them. If other Chambers of Commerce also wanted to do the same, it didn't matter if the heavenly elixir Pavilion continued to authorize others.

According to Shang Wanyi's estimation, this suggestion was likely to get Lin Yi's approval, especially in a situation like this. Lin Yi probably wanted to be on good terms with him.

As expected, Lin Yi only thought about it for a moment before nodding, "No problem. If it's just the reselling permit of the heavenly elixir Pavilion's high grade elixirs, I think it's possible. When we return to Middle Island, Vice President Shang can go to the heavenly elixir Pavilion and discuss it!"

"Hahaha, that's great! Thank you, Master Lin. Come, let's toast. I hope that we will have more and more cooperation in the future!" Shang Wanyi laughed as he raised his glass to Lin Yi.

Lin Yi didn't reject and returned the toast. The two finished their drinks at the same time, feeling closer to each other.

After obtaining Lin Yu's permission, Shang Wanyi was in a good mood. One should not underestimate the right to transfer these high-grade elixirs outside the island. For example, a Yellow Class seventh level Thunder profound pill was normally priceless. If the selling price in the heavenly elixir Pavilion was 70000 to 80000 spiritual Jade, it could easily be sold for 200000 to 300000 spiritual Jade at an auction on the North Island. The profit from this was really not low.

With such a good start, Shang Wanyi naturally valued Lin Yi even more. The two talked and laughed, as if they were old friends reuniting.

It was a pity that Shang Yuhua didn't have any special feelings for Wei shenjin. He couldn't be too bad if he could get someone like Lin Yi to take him in as a follower. It was a pity that she didn't have a good impression of Wei shenjin from the start.

Although Wei shenjin did not show any frivolity in their two interactions, and instead appeared to be very young and dull, Shang Yuhua also understood some of the situations of his previous failed marriage. However, at most, she felt some sympathy for Wei shenjin, not to the extent of being moved.

Lin Yi was talking to Shang Wanyi while secretly observing the change in Shang Yuhua's attitude towards Wei shenjin. Although she didn't have a good impression of Wei shenjin yet, she didn't hate him as much as she did yesterday. It was a big improvement.

No matter what, Shang Yuhua and Wei shenjin were acquaintances now, and Lin Yi didn't care if there was a new development for them in the future. This was something Wei shenjin had to pursue with his own efforts, and no one else could help.

On the other table, li Zao Yi allowed Zheng Tian Qing to chatter and flatter her, but she didn't have the slightest reaction. She just minded her own business and finished her food slowly and elegantly. Then, she stood up and left.

Chapter 5832 Morning Memory's Invitation

The smile on Zheng Tianqing's face froze, and a trace of embarrassment flashed by. He immediately stood up and wanted to catch up with li Zao Yi, but he didn't know what to do when he saw li Zao Yi walking straight to Lin Yi.

His old man and second uncle had warned him time and time again not to mess with Lin Yi, but now that he'd gone over, should he follow them or not?

Zheng Tianqing's body had already made a decision before he could figure out the answer to this question. He took a few quick steps and caught up with li Zao Yi.

"Master lizao, what are you doing here? that bastard Lin Yi is an enemy of the pill Hall, and he's cruel too! Be careful of what he does to you!" Zheng Tianqing moved closer to li Zao Yi's side and provoked her in a low voice.

Unfortunately, Li Zao Yi didn't want to pay attention to him at all. She moved a little to the side expressionlessly, which meant that Zheng Tianqing was a little too close and she didn't like it.

Zheng Tianqing was a little embarrassed, but he was used to being ignored. It was nothing.

Li Zao Yi walked to Lin Yi's side and said coldly, "Lin Yi, I have some questions for you, come with me!"

Lin Yi raised his head to look at her, "I'm not free, please go ahead!"

Zheng Tianqing thought that this was a rare opportunity. He immediately stood up and rebuked, "Lin Yi, don't be so shameless! You haven't even settled the debt of offending our pill Hall, and now Grandmaster Li Zao wants to ask you some questions, and you actually still dare to make things difficult for him?"

"What are you? The pill Hall will become your family's?" Lin Yi's face was full of mockery as he replied coldly, "Don't bother me. Otherwise, you know the consequences!"

Zheng Tianqing's body trembled as he remembered that Lin Yi's ferocity was not something he could fight against. Even Shi Jun, who was at the peak of xuansheng realm, was defeated. How could he, a mere early nascent soul realm cultivator, fight Lin Yi? As expected, not provoking Lin Yi for now was the right strategy-he should've listened to her.

Li Zao Yi didn't care about what Zheng Tian Qing and Lin Yi said. He thought for a while and continued, "If you don't have time, then I'll ask you here. What caused the stone Army's condition? What kind of pill could save him? Or do you have such a pill recipe? I can use other pill formulas to exchange with you ..."

Lin Yi waved his hand and interrupted Li Zao Yi. This girl either didn't talk, or she was talking non-stop!

Didn't she know that they were still enemies? Of course, Lin Yi didn't see her as an enemy. He just thought that the girl was a little weird.

"I said I'm not free, so I won't answer any of your questions! Also, Shi Jun has nothing to do with me anymore, so don't mention anything about him to me in the future!" Lin Yi said bluntly. He didn't have any bad feelings towards Fang Zhaoyi, but he didn't have any good feelings either, so he didn't want to have anything to do with her.

Li Zao Yi didn't get angry and only nodded, "Alright, since you're busy, then forget it. I heard you're a Mystic first level refiner-if there's anything you don't understand about making pills, you can ask me, I might be able to find some time to give you some pointers!"

Without waiting for Lin Yi's reply, she turned around and left, leaving Lin Yi behind, not knowing whether to laugh or cry.

This girl was quite conceited-she knew he was a Mystic first level refiner, and she still dared to say she could give him pointers? What level was her skill at? How old was he? Was there really such a genius Alchemist?

But Lin Yi didn't mind. His way of making elixirs was different from everyone else's. As long as Han Jing Jing was here, she could keep upgrading the automatic elixir refining system, making elixirs with no difficulty at all.

After this small incident, Shang Wanyi didn't continue to chat with Lin Yi and quickly left with Shang Yuhua. Wei shenjin was a little reluctant, but he was satisfied with the current situation. Shang Yuhua had chatted with him in a very normal tone, just two sentences, and one of them was a greeting before he left. However, it was obviously much better than the mocking yesterday.

Lin Yi didn't have anything to say about this. If Wei shenjin liked to smile like an idiot, then so be it. He hoped that Shang Yuhua would One Day Like This kind of silly smile of his ...

After sending Wei shenjin back to his room, Lin Yi went to the deck alone. After a day of sailing, the middle Island had long disappeared without a trace. Other than the other four treasure ships, there was only the beautiful scenery of the sea and the sky at night.

Lin Yi extended his spirit sense out to see if LAN Guzha was following them, but there was no trace of him within the range of his spirit sense. It seemed that this guy was too happy to think about home after entering the sea!

Lin Yi was still worried that LAN Guzha wasn't strong enough, but his spirit sense was far stronger than the sea beasts on Sky Class Island. With the sea Dragon's racial advantage, normal sea beasts in the early stage of Mountain Formation were no match for him. As long as he didn't go to the deep sea to find those powerful beings, he shouldn't be in any danger. Moreover, the ancient battleships and treasure ships were big targets, so he shouldn't lose them.

"Lil bro Lin, are you here to enjoy the scenery? Why didn't you come and have a drink with me?" Ao Tianba walked over from the bridge and greeted them with a smile.

Lin Yi retracted his spirit sense and turned around with a smile, "Brother ao Tian, I'm just afraid of disturbing you, so I came here alone to get some fresh air. It's fine to drink, but I've just eaten."

Ao Tian BA walked over and pointed at Lin Yi, "You're still so polite to me. Have you forgotten that you're still the honorary vice-captain of this ancient warship? You can do whatever you want on this ship!"

Ao Tianba felt a little regretful as he spoke-he'd forgotten about Lin Yi's identity! That Stone Army dared to ambush the vice-captain on the ship! He couldn't do anything to him!

If Zheng dongjue were to bring up the Association again, ao Tianba would not have to worry anymore. The position of honorary vice-captain had also been reported. With this position, the Association would definitely not side with the pill Hall.

"Brother ao Tian, you're not trying to get me to do something, are you? is that why you're reminding me that I'm your honorary vice-captain?" Lin Yi laughed-he was just making things up, and ao Tianba actually nodded!

"Yeah! I didn't have such thoughts at first, but you've reminded me of it, lil bro Lin!" Ao Tianba laughed like an old fox who had stolen a chicken. "There's something that I really need your help with. Of course, if you don't have the time, you don't have to force yourself. "

"What's the matter, ao Tian bro?" Lin Yi asked, a little speechless. " We don't have to beat around the bush, do we?" As long as I can help, I won't hesitate to help!"

Chapter 5833 The Ghost Is Awake

"Of course you can!" Ao Tianba was overjoyed. I'm just informing you in advance. You've heard of the Association before. Anyone who makes a living in the sea, as long as they're not Pirates, will be under the jurisdiction of the Association. The Association will also compete for the division of sea routes once in a while, and this year's competition will begin shortly after the auction on Thule Island. "

"I get it now," Lin Yi said, "you want me to help you fight for the route, right?" I'll say this first, I don't know much about this, so you can't blame me if I can't help you. "

"You're too humble, lil bro Lin. You're the most talented seafaring expert I've ever met. If you can't help me, then no one can." Ao Tianba laughed. He still remembered Lin Yi's first performance. Let's not talk about the lookout first, but the Starfall formation and Dragon were still amazing. It was exciting just thinking about it!

Only Lin Yi himself knew that he wasn't the one who did it-he wouldn't know anything about the Starfall formation if it weren't for that damn thing!

Thinking about it, Lin Yi realized that he didn't even pay attention to whether the thing had woken up or not after he returned to Sky Class Island. He quickly contacted it mentally, "Senior Azure Dragon, are you awake?"

"What do you think? You little brat, do you want me to be in a deep sleep?" The damn thing said lazily, but the resentment in his voice made Lin Yi sweat. Didn't elder Jiao use a similar tone last time? Old people always needed people to take the initiative to care for them!

"Brother ao Tian, let's put this matter aside for now. When the battle for the flight route begins, I'll go with you. I won't be accompanying you for now. I just thought of an alchemy problem and I need to go

back and test it out!" Lin Yi didn't have time to talk to otaba anymore-he quickly called out to him and ran back to his room.

He didn't think of it before, but since the thing was awake, he had to have a good chat with it. It was his mentor and friend, after all, and he could give him a lot of useful advice.

Ao Tianba smiled and waved at Lin Yi. He didn't mind Lin Yi's rush-he'd already gotten the result he wanted, and the details didn't matter.

Lin Yi sat down in his room and said seriously, "Senior Azure Dragon, it's been too long since I've been able to contact you after leaving the mortal world. I didn't think of it for a while after I came back. I'm really sorry."

"It doesn't matter. You don't need me now anyway." The ghostly thing snorted twice, clearly not really indifferent.

Lin Yi chuckled to himself-the ghostly thing was pretty much the same as elder Jiao. It was a pity that elder Jiao couldn't show up on Sky Class Island, or the two would be able to keep each other company and chat when they were free.

"How could that be? I went to the secular world precisely because senior wasn't there, so it was very difficult. If you were always by my side, then I would have a much easier time." Lin Yi wasn't bullshitting-it was a bit of an exaggeration to say that it'd be difficult, but it'd be a lot easier and more fun if there were ghostly things around.

The ghastly thing let out a strange laugh and finally said with satisfaction, ""You've finally said something decent, kid. But I know you're just trying to make me happy because you want me to help you fight for the route for that kid, Okita, right?"

"How could I? I'm speaking the truth. Senior, don't you know me?" Lin Yi grinned. What the hell was he talking about?

"Alright, let's not talk about these useless things. You've gone to the secular world and caused a lot of trouble, and you even brought back a sea serpent Dragon. That little guy's body is really good. If it wasn't for your little brother, I would have taken over his body." The ghastly thing sighed, appearing to be very regretful.

Lin Yi sweated. He knew that the thing was joking, but he couldn't help but feel worried for LAN Guzha. If the thing really wanted to take over his body, LAN Guzha wouldn't have much resistance in the Jade space.

The ghastly thing was an absolute powerhouse in the primordial spirit aspect, and the strength of LAN Guzha's divine sense was not even on par with the strength of his physical body. How could he be a match for the ghastly thing?

"Senior, LAN Guzha is only a Sea Dragon. Even if you possess his body, you won't be able to display your might. Even if you want to possess him, I think it should be the sea Dragon from last time." Lin Yi remembered the sea Dragon's power last time-he really thought that if this thing could take over a body like this, it could at least recover 70 - 80% of its strength.

The demonic thing laughed and said,"alright, go and catch him. Let me possess him!" I'll leave this task to you!"

"Forget it. A possessed body is inferior to our own. We have to pursue perfection!" Lin Yi changed the topic immediately. He was only at the peak of the late xuansheng stage, and even if he was at the peak of the late mountain split stage, he wouldn't be able to withstand a single scratch from the sea Dragon. He'd better think of another way, "When I went to the secular world this time, I found a place called the little Jianghu of the immemorial era. It's said that there are natural treasures like the purple mist sinful Lotus there that can perfectly reconstruct the body. It's a pity that I couldn't find the exact place. I'll look for it in detail next time!"

"If you didn't find him, why the hell did you tell me?" The devilish thing said in dissatisfaction. The purple mist sinful Lotus was a good thing, but it would be a lie if he didn't get it.

"Senior, there is a piece of soul raising wood being auctioned on the northernmost Island this time. I'm going to buy it for you to nourish your primordial spirit. This thing will be useful to you, right?" Lin Yi patted his forehead and used the topic-changing technique again! In fact, when he heard about the soul raising tree, the first thing he thought of was the ghostly thing. However, he didn't contact him at all. He was really a little stunned.

"Of course it's useful. At least you still have a conscience. I know that you've lost your soul because of that little girl, han Jingjing, so I'll be magnanimous and not hold it against you." The bastard made it sound like he was generous, but Lin Yi didn't think that the guy was being generous at all!

But from what he said, Lin Yi knew that the guy already knew about him wanting to buy the soul raising wood. This thing was really weird, not talking to him even after waking up, just like elder Jiao.

"Senior, you also know about Jing Jing's situation, right? Do you have any ideas?" Lin Yi finally found someone he could talk to-he felt much more at ease with the ghost around, and the ghost had experience in this area, too. It could really say something.

Chapter 5834 Going Into Seclusion Right After Waking Up

Knowing that Lin Yi really cared about han Jingjing, the ghost's face turned serious, "From my experience, han Jingjing's soul is most likely trapped somewhere, but not in the mortal world. Perhaps it's in some sort of spatial tunnel between the sky Island and the mortal world. In this case, it's a good idea to use the branch to find her soul, but whether it'll work or not will depend on her own abilities,"

Lin Yi rubbed his forehead, troubled. The damn thing couldn't give him an accurate opinion, but at least he had a guess. No matter what, he felt that it would be easier to find han Jingjing's spirit with the damn thing beside him.

"Oh right, the soul quenching pill you made is not bad. I'll take a few for myself. It'll help me recover faster." The thing wasn't going to be polite with Lin Yi, and since Lin Yi didn't think of him, he didn't say anything. But it didn't matter anymore-he just greeted Lin Yi and Lin Yi didn't have to care about the rest.

"You can take it if you need it. There's no need to be polite with me." Lin Yi said nonchalantly. The amount of soul quenching pills was enough, and he couldn't use more than a few under limited circumstances. It was probably the same for this damn thing.

However, if the spirit tempering pill was effective against these ghostly things, the spirit sense fruit should also be effective, right? Why didn't you mention anything?

"Senior, I still have some spirit sense fruits here. They'll be useful for your primordial spirit, right? If you need it, feel free to take it. "

The demonic thing snorted and said, "you're really wasting God's gift. It's good to use the spiritual fruit directly, but if you can refine it into a pill, the effect will be even better." Of course I know that the spirit sense fruit is useful to me, but this thing is the same as the spirit tempering pill, it can only be used once

in a large grade, and the more it is used, the worse the effect. I don't want to waste this treasure, so let's wait until you refine the pill first. "

"Spiritual fruits can also be refined into pills?" Lin Yi wanted to cry, but no tears came out. It was scary to be uncultured. No wonder his spiritual sense didn't jump a few levels even after eating so many spiritual fruits. Although most of it was used to refine the spiritual tumors, there was also a lot of medicinal power that was directly absorbed.

That was why it was so important to have such an experienced person by his side. Those precious experiences were definitely not something that could be obtained easily.

"Senior, do you have the pill recipe for the spirit sense fruit?" If he had the recipe, he could start making the elixir right away. He was at the peak of the late stage of xuansheng, and if everything went well, he might be able to reach the peak of the late stage of xuansheng.

Unfortunately, the ghastly thing shook his head and said, ""No, but I can tell you that the pill that uses the spirit sense fruit is called the spirit accumulation pill. It's of a higher grade than the spirit quenching pill, and the difficulty of making it is between Mystic first and Mystic second grade. With your Shennong cauldron, it's not difficult at all, as long as you can find the recipe."

Lin Yi couldn't help but smile bitterly. The hardest part of making elixirs was getting the recipe, and all he needed now was the last thing he needed. However, he couldn't rush this-he'd ask hou guanqi and Cai Zhongyang if they had any news on the recipe.

"Alright, I'll cut the crap with you. You don't have to come to me if there's nothing important. I'll take a few of your soul quenching pills and go into closed-door cultivation!" The demonic thing laughed. Lin Yi's strength was enough to protect himself, so he wasn't worried about anything.

Lin Yi was speechless-why did she have to come to him for no reason? Then who was the one who complained that I didn't look for him earlier?

After the conversation with the ghost, Lin Yi had nothing else to do and could only continue making elixirs. He needed to make more elixirs for backup before he reached the northernmost Island.

Another day passed, and Lin Yi put away the Shennong cauldron. He was going to give the promised Spirit enhancing pill to hou guanqi so that he could start refining his spirit. The first time was the best, and hou guanqi's spirit was still very weak, so it would probably make a qualitative leap.

He didn't see Wei shenjin waiting for him when he went out today, but with a sweep of his spirit sense, he found that the kid was already in the restaurant. Without a doubt, Shang Yuhua was also eating in the restaurant, but he didn't sit with the father and daughter. Without Lin Yi beside him, Wei shenjin didn't have the courage to take the initiative to strike up a conversation with Shang Yuhua.

Lin Yi shook his head with a bitter smile. He'd already done his best for this. In the future, Wei shenjin would have to rely on himself, so he didn't plan on going to a restaurant.

He raised his head and saw that there was a restriction in hou guanqi's room, but there wasn't any "do not disturb" sign, so he went over and triggered the restriction.

Soon, hou guanqi came to open the door and smiled when he saw Lin Yi."What brings you here today, lil bro Lin? Come on in, Junior Brother Cai is here as well, let's have a chat. "

"Many thanks, brother hou. It's great that brother Cai is here, so I don't have to make another trip." Lin Yi cupped his fist with a smile and walked into the room.

Cai Zhongyang followed him out and cupped his fists warmly when he saw Lin Yi, "Is there something you need from me, little brother Lin? If there's anything you need, just say it. "

"Brother Cai!" Lin Yi greeted with a smile and sat down. He waited for guanqi to pour him a cup of spiritual tea. "The reason I came here today is because the pill that brother hou asked me to refine has been completed. I'm here to deliver it to brother hou."

"You're done so quickly?" Hou guanqi said, surprised. He knew that Lin Yi was fast at making elixirs, but he didn't expect it to be this fast. After all, he only wanted ten of the soul quenching pills, and Lin Yi even wanted to give a few to Cai Zhongyang. This was no joke. A normal refiner would be lucky to make two in two days.

Lin Yi smiled and took out two Jade bottles, one big and one small. He gave the big one to hou guanqi and the small one to Cai Zhongyang.

Cai Zhongyang didn't mind. He took the Jade bottle with a smile and said, ""I have one too? Many thanks, lil bro Lin. Let me see what pill it is. "

"It's the spirit tempering pill!" Lin Yi said nonchalantly. There were two soul quenching pills in the bottle. He wanted to give more to Cai Zhongyang, but it wouldn't do him any good if a large amount of these pills were leaked out. Two pills were enough for Cai Zhongyang, and he could give it to him when he needed it in the future.

Cai Zhongyang's hand trembled and the Jade bottle almost flew out of his hand. It was obvious that he had heard of the name of the soul quenching pill. After he grabbed the Jade bottle in a flurry, he held it tightly in his hand and did not dare to let go easily.

"Brother Cai, you don't have to thank me. The ingredients and pill recipe were given to me by brother hou, so these two soul quenching pills are also given to you by brother hou. If you want to thank someone, you should thank brother hou." Lin Yi pointed at the overjoyed hou guanqi-they'd agreed on this before, and Cai Zhongyang probably wouldn't suspect anything.

Chapter 5835 The Bell Rings

"A Supreme grade spirit tempering pill!" Cai Zhongyang didn't have the time to thank hou guanqi. He opened the bottle and closed it back up immediately. He looked at Lin Yi in shock."Brother Lin, you're so amazing! You can actually make Supreme grade spirit tempering pills! With these two pills, my consciousness will undergo a tremendous change!"

He remembered Lin Yi's words and turned to hou guanqi,"Big senior brother, I owe you this time. These two soul quenching pills are too precious. It's a pity that all the good items are from the auction of the five elements Chamber of Commerce. If there's anything you need in the future, just let me know, I'll do my best to help you find it!"

Hou guanqi was prepared for this, but he still couldn't contain his excitement. He didn't open the Jade bottle, putting it away and cupping his fists to Lin Yi."Many thanks, brother Lin!"

Then, he turned to Cai Zhongyang."Junior Brother Cai, don't listen to brother Lin's nonsense. What I got was mine. Your share is brother Lin 's. If you want to thank someone, you should thank brother Lin properly!"

"Are you two playing with me?" Cai Zhongyang laughed and bowed to the two of them, ""No matter what, I, Cai Zhongyang, have benefited from the two of you. We're all brothers. I won't say anything more. I'll keep everything in my heart!"

"You're right, we're brothers. It'll make us seem distant if we talk too much," Lin Yi nodded with a smile.

"Yes, yes, yes. Junior Brother Cai is still the one who sees through things. I'm the one who's too focused on looks!" Hou guanqi laughed heartily. The three of them were already on good terms, but they seemed to have become even closer in an instant.

After that, the topic revolved around alchemy. Hou guanqi and Cai Zhongyang both thought that Lin Yi was a Mystic first level or even second level Alchemist master, so they humbly asked Lin Yi all kinds of questions.

It was a good thing Lin Yi had Liju's notes-the two were of the same skill, and all the problems were covered in the notes, making it easy for Lin Yi to handle.

After this conversation, hou guanqi and Cai Zhongyang admired Lin Yi more and more. It was like getting Zhang Liju's personal guidance. Many of their doubts were solved. Although they hadn't tried it yet, they knew that their skills had improved.

"Brother Lin, listening to your words is better than studying for ten years! It looks like we'll have to consult you more in the future. I hope you won't find us troublesome!" Hou guanqi said emotionally. He was glad that he was on good terms with Lin Yi. With Lin Yi's age and understanding of alchemy, he might become another alchemy God in a few years!

Lin Yi sweated inside-his theoretical knowledge was pretty rich, but it was all from Zhang Liju's notes. He'd never actually done it before. If it wasn't for the automatic refining device that Han Jingjing invented, he might not have been able to make a single pill in his life.

However, the two of them did not know about this. After Hou Guanqi finished speaking, Cai Zhongyang also echoed, "Brother Lin is definitely a great teacher and friend to us. If you have the time, you might as well take some time to give us some pointers so that we can improve."

"My two brothers are too modest. Everyone should learn from each other and improve together. What advice are you talking about? If that's the case, I won't dare to chat with you guys anymore." Lin Yi waved his hand with a smile, half telling the truth. If it weren't for Zhang Liju's notes, he wouldn't dare to talk to these two refiners like this-he was just exposing his weakness!

They'd been talking for about an hour and a half, and Lin Yi felt that it was about time to go back to his refinement. At this time, the ancient battleship rang with an urgent Bell, echoing in every corridor. Even the rooms with restrictions were ringing.

This level of sound was specially set up by the ancient warship. It would not affect the cultivation of the people in the room, but it could also attract a certain amount of attention. It was almost similar to triggering the restriction at the door.

"What's going on?" Hou Guanqi frowned. Did you encounter any danger?"

"Don't worry, brother Hou," Lin Yi waved his hand with a smile, "this isn't a sign of danger, it means someone on the ship needs help. " I was once a danger lookout on this ship, so I'm still very clear about all kinds of signals. "

Cai Zhongyang heaved a sigh of relief. "It's good that they didn't run into danger. If anyone dares to target this fleet, they must be very powerful. No matter what, there will be huge casualties. I don't want to see that happen."

A fleet of one ancient warship and four giant treasured ships was not something that anyone would dare to attack. Even if they encountered a sea beast tide like the last time, they could deal with it easily. Therefore, if someone dared to come, they must be confident enough.

Hou guanqi smiled and said, "Junior Brother Cai, you're overthinking. Ordinary people wouldn't dare to attack Captain ao Tian's fleet." Lil bro Lin, should we go and see who needs help?"

"Go ahead, brother hou," Lin Yi shrugged, "I won't be going. There're a lot of people on this ship, and I don't think they'll need me." I've gained a lot of insight from my discussion with my two brothers about the Dao of alchemy, so I'd like to go back and sort it out. If there's a need, brother hou can come and inform me at any time. "

There weren't many people on this ship that Lin Yi cared about, and two of them were right in front of him. He wasn't really interested in the person who needed help, and those who knew him knew that if there was anything he needed help with, he could just go to the door. He didn't have the time to go and check when the bell rang.

Hou guanqi nodded. "That's good. I'll go and take a look. If you need help, brother Lin, I'll help you if I can."

Cai Zhongyang put his arm around hou guanqi's shoulder and said, ""Big senior brother, you're so long-winded, don't you know what kind of person little brother Lin is? What's the point of saying such

nonsense? Let's go, let's go. I'll go with you. If there's nothing important, I'll go back and study the pill Dao. "

"Don't worry, brother hou, I'll definitely help if you need my help. "Lin Yi smiled nonchalantly.

The three left the room as they spoke. Lin Yi used his spirit sense and saw that there was a group of people gathered on the deck. It seemed that there were quite a few warm-hearted people. In the world of practitioners, this was a rare sight.

But what surprised Lin Yi was that the person who needed help was someone he knew, and they were on good terms for the time being-it was the Vice President of Wantong, Shang Wanyi.

Chapter 5836 Shang Wanyi Is In Trouble

She did not know what was wrong with Shang Wanyi. Half of his body was red and the other half was pale. His entire body was twitching slightly and he had already lost consciousness. His condition looked serious.

Since something happened to Shang Wanyi, Lin Yi wanted to go and take a look. After all, it was someone he knew, and even if he couldn't help, he should at least be concerned. However, he saw that Wei shenjin had already run up to the deck and was asking about Shang Wanyi's condition in a low voice beside Shang Yuhua. He hesitated for a moment whether to go now.

If Lin Yi went over, Wei shenjin would definitely stand by his side. It was a rare chance to show off, and Lin Yi didn't want to ruin it.

He used his spirit sense to check on Shang Wanyi's condition and understood what was going on. Something must have gone wrong with his cultivation, causing his Qi deviation.

It was dangerous, but there wouldn't be any new changes in a short period of time. Lin Yi wouldn't be of much help there, so he went back to his room.

"Senior, are you in closed-door cultivation?" After returning to his room, Lin Yi wanted to ask the ghostly thing if there was any solution to Shang Wanyi's situation, but the ghostly thing seemed to have really started its closed-door cultivation and didn't respond to his calls.

Lin Yi shook his head. He had to think of a way to solve Shang Wanyi's problem.

If it was just Qi deviation, Lin Yi's pure Qi could heal it, but the situation wasn't that simple. He had to think of another way.

As for the situation on the deck, Lin Yi's spiritual sense was still paying close attention. Perhaps there were others who could find a way to help Shang Wanyi. Even if they didn't succeed, at least they could provide some ideas.

Wei shenjin had gotten to know Shang Yuhua in the past two days, so he got an answer from her when he asked. Now that almost everyone had arrived, he stood up and cupped his fists, ""Friends, I'm Wei shenjin, and this is the Vice President of Wantong Chamber of Commerce. I think everyone knows him. Because Vice President Shang was careless in his cultivation, he had an unexpected situation. May I ask if anyone here has medical skills and can help treat Vice President Shang? I'll definitely reward you heavily after this!"

Shang Yuhua looked at Wei shenjin in surprise. Was this the Wei shenjin that she had thought was a little dull? Why did he sound like a completely different person when he spoke?

These words should have been said by Shang Yuhua, but she was a little flustered. After a simple explanation with Wei shenjin, she was so focused on Shang Wanyi's condition that she forgot her original intention.

Fortunately, Wei shenjin helped her, otherwise, the bell would only attract a bunch of onlookers. In the world of cultivators, under normal circumstances, no one would take the initiative to help before a request was made, unless the other party was alone and did not even have the ability to ask.

Now, Shang Wanyi obviously had family by his side. If Shang Yuhua didn't say anything, even if others could help, they couldn't. This was to avoid any unnecessary misunderstandings.

After Wei shenjin finished speaking, the first one to walk out was actually Zheng Dongsheng. It was unknown if he was really enthusiastic or if he had other intentions.

"I'm Zheng Dongsheng from the famous medicine sect. I'm a high-level Alchemist and I'm extremely proficient in medicinal properties. I've also dabbled in the medical field. Let me diagnose Vice President Shang's condition!" Zheng Dongsheng walked over and said arrogantly. However, he was only talking to Shang Yuhua. As for Wei shenjin, he didn't even want to talk to him.

Zheng Dongsheng wasn't interested in Lin Yi's lackeys. If it wasn't for Shang Wanyi lying on the ground, he wouldn't have come out to help.

Shang Yuhua quickly bowed and said, "master Zheng, I naturally trust your medical skills. I hope that you can treat my father immediately. As for the fee, please name it. As long as you can save my father, I'm willing to pay any price."

Zheng Dongsheng nodded with satisfaction. "Miss Shang is so filial. I'm moved. Vice President Shang will be safe and sound."

After the polite exchange, Zheng Dongsheng squatted down and began to examine Shang Wanyi. After a while, he stood up with a serious face and said, "Vice President Shang has indeed suffered from Qi deviation during cultivation. His condition is extremely special and doesn't look good!"

"Master Zheng, please think of a way to save my father. If there's anything you need, please let me know. I'll do my best to find it," Shang Yuhua said anxiously.

Zheng Dongsheng hesitated for a moment before slowly nodding, "If I'm not mistaken, Vice President Shang should have fire and water dual spiritual roots, right?"

"That's right," Shang Yuhua quickly replied, "my father has the water-fire dual spiritual roots, but he's never had any problems with his cultivation before!"

"Water and fire spiritual roots are extremely rare. They are two completely opposite and conflicting spiritual roots. When cultivating, water and fire can not coexist, and the slightest carelessness will cause one to suffer from Qi deviation. Vice President Shang is extremely lucky that nothing has happened to him for so long. Of course, it could also be that Vice President Shang's mental cultivation method is extremely advanced, which can turn the incompatible water and fire into water and fire complementary. In this way, the speed of cultivation will instead double, but it doesn't mean that you won't suffer from Qi deviation. This time, there must be a problem. " Zheng Dongsheng touched the beard on his chin and spoke with fervor and assurance in the style of a master, which frightened the people around him.

Shang Yuhua was anxious. These things were not important. What was important was how to save her father. Why was this Zheng Dongsheng talking nonsense? However, she was still counting on Zheng Dongsheng to help, so she didn't dare to complain.

When Zheng Dongsheng finally finished speaking, Shang Yuhua quickly asked respectfully, ""Master Zheng, may I ask how I can save my father?"

"Vice President Shang's condition is terrible! Ordinary methods are no longer effective!" Zheng Dongsheng shook his head as he spoke. He waited for Shang Yuhua's face to become more and more anxious before he continued, "I'm afraid that the only way to save Vice President Shang is to refine a Yin Yang pill to balance yin and yang, and to communicate with fire and water! Furthermore, this yin and yang pill must be given to him within 24 hours. Otherwise, even the gods can't save him!"

Shang Yuhua's face turned pale. She was the daughter of the Vice President of Wantong Chamber of Commerce. She had seen and heard a lot, but she had never heard of a pill like the yin and yang pill. It was obviously a rather obscure existence. Judging from Zheng Dongsheng's tone, it was probably not easy to make it.

However, the only person Shang Yuhua could rely on now was Zheng Dongsheng. Since he could mention the yin and yang pill, he should have some way to deal with it, right?

Chapter 5837 Yin And Yang Pill

Holding on to her last bit of hope, Shang Yuhua asked with a trembling voice, ""Master Zheng, I wonder if you have any ready-made yin and yang pills? If you don't have it, can you immediately refine it?"

Zheng Dongsheng said with a look of regret, "the materials of the yin and yang pill are very precious. The refining method is also very special. I don't have any ready-made elixirs here. It's really a pity, Vice President Shang!"

Shang Yuhua's pretty face turned pale, and her delicate body swayed slightly. She almost fell to the ground. Zheng Dongsheng's words were basically saying that Shang Wanyi was hopeless!

Wei shenjin quickly released a burst of true Qi to support Shang Yuhua's body. He really wanted to do it himself, but in this situation, even if Shang Yuhua didn't mind, he couldn't do it.

After Shang Yuhua steadied her body, although she was grateful for Wei shenjin's actions, she did not take it to heart as she was out of her wits. Her mind was filled with thoughts of the Yin Yang pill, Alchemist, and the like.

Wei shenjin retracted his Zhen Qi and cupped his fists to Zheng Dongsheng, "Master Zheng, may I ask what are the ingredients for the Yin Yang pill? If you can gather all of them, can you immediately refine the yin and yang pill?"

In fact, Wei shenjin wanted to ask Lin Yi. After all, his boss was a genius refiner, even better than Zheng Dongsheng. But since Zheng Dongsheng suggested it first, he couldn't just go around the old man and ask Lin Yi directly. It was taboo.

If Zheng Dongsheng couldn't do it, then he'd just go to Lin Yi. What Wei shenjin didn't know was that Lin Yi was paying attention to everything here, and he really didn't know anything about the Yin Yang pill. In the end, it was because he didn't have a solid foundation. Zhang Liju's notes were mostly about his experiences and experiences. There were some useful recipes, but there weren't many, so Lin Yi had to find his own recipes to make the pills.

Zheng Dongsheng snorted and looked up at the sky at a 45-degree angle, completely disdainful of Wei shenjin. With The Grudge between famous medicine sect and heavenly pill Pavilion, this kind of behavior

was understandable. However, Wei shenjin was asking a question on behalf of Shang Yuhua, so this old man's behavior was a little ungentlemanly.

Shang Yuhua came back to her senses. She knew that Zheng Dongsheng had a grudge with Wei shenjin's boss, so she quickly asked the same question, but she was a little disdainful of Zheng Dongsheng's behavior.

Zheng Dongsheng heard Shang Yuhua's question and replied indifferently, ""The main ingredients of the yin and yang pill are the extremely rare Yin core fruit and yang grass. The supplementary spiritual grass is ordinary. A normal Alchemist would have a certain reserve. As for the yin and yang pill, I have already said that the refining method is extremely special. It is impossible for one person to succeed in refining it."

Shang Yuhua couldn't care less about the special refining method. She had to get the yin core fruit and yang extreme grass first before she could consider refining pills!

"Master Zheng, do you have any Yin core fruit and yang extreme grass? If you have it, I'm willing to buy it with spiritual Jade or directly exchange it with other items. " As Shang Yuhua spoke, she was calculating in her heart. Who else on this ship might have these two spiritual herbs, and what could she use to exchange for them?

In the current situation, even if someone had these two things, it would not be easy to exchange for them. There was no shortage of people who would take advantage of the situation and raise the price.

Zheng Dongsheng smiled meaningfully and then said indifferently, ""I do have a Yin core fruit, but it's a pity that I don't have the Yang extreme grass, so anything I say is useless! Miss Shang, go find the Yang extreme grass first, then come back and talk to me about the yin core fruit. "

Shang Yuhua was overjoyed. She didn't expect Zheng Dongsheng to have one of the main herbs. If that was the case, the chances were much higher. As long as she could find the Yang extreme grass, she might be able to save her father.

"Fellow Daoists, may I ask who has the Yang extreme grass? I, Shang Yuhua, am willing to buy it at a high price and promise the Wantong Chamber of Commerce a favor. As long as my father can be saved, I will do my best to repay today's favor if I need the Wantong Chamber of Commerce in the future!" Shang Yuhua cupped her fists and bowed to the crowd, hoping that someone would really be able to bring out the Yang grass.

Cai Zhongyang, who was in the crowd, looked like he was struggling. He did have a stalk of yang extreme grass in his hand, but it was reserved by a customer on the northernmost Island. It was not something to be auctioned.

If it was an auction item, it didn't matter if he sold it to Shang Yuhua here, but if he couldn't bring out the item that someone else had ordered, the reputation of the five elements Chamber of Commerce would be ruined!

Speaking of which, the Wantong Chamber of Commerce was still the five elements Chamber of Commerce's competitor. An ordinary person would never use something that concerned their business to save a competitor. Cai Zhongyang also felt that a human life was at stake and that it should not be related to the other party's identity, which was why he hesitated.

Before Cai Zhongyang could think about it, Zheng Dongsheng looked at him and said with a mysterious smile, ""Miss Shang, I know who here has the Yang extreme grass. As for whether they are willing to take it out, it will depend on your means and sincerity. Of course, I don't think they will care about your favor, let alone the face of the Wantong Chamber of Commerce."

Cai Zhongyang felt Zheng Dongsheng's gaze and was slightly stunned. Although the fact that he had the Yang extreme grass was not a top secret, there were definitely not many people who knew about it. How did this old man know so much?

Shang Yuhua was instantly overjoyed. What she was most afraid of was that there was no yang extreme grass on this ship. With their current position, they would not be able to reach the shore within 24 hours no matter which direction they went. Even if they could buy it on the shore, it would not be able to save Shang Wanyi's life. Since there was someone here who had it, the only problem was how much it would cost to buy it.

"Master Zheng, please tell me, who has the Yang extreme grass?" Shang Yuhua suppressed her surprise and asked Zheng Dongsheng anxiously.

Zheng Dongsheng pointed at Cai Zhongyang and said with certainty, "Cai Zhongyang of the five elements Chamber of Commerce must have some extreme yang grass. As for how much, I'm not sure."

His words made it easy for people to think that Cai Zhongyang had more than one stalk of yang extreme grass. At least, that was what Shang Yuhua thought. Hence, she was even more confident in exchanging for the Yang extreme grass!

"President Cai, if you really have the Yang extreme grass, please sell it to me. Just name the price, I, Shang Yuhua, will definitely not bargain!" Shang Yuhua walked quickly to Cai Zhongyang and bowed solemnly.

Although the two Chambers of Commerce were competitors, there was no deep hatred between them. Shang Yuhua didn't think that Cai Zhongyang would leave her in the lurch. He was a businessman to begin with, so why didn't he take the opportunity to sell it for a good price if someone wanted to buy it?

This time, apart from the items that Wan Tong Chamber of Commerce had brought for auction, they had also brought enough spiritual Jade to buy things. Hence, Shang Yuhua had the confidence to let Cai Zhongyang name his price.

Chapter 5838 Running Cai Zhongyang Down

Lin Yi, who was in the room, was a little surprised. He didn't think that Cai Zhongyang would be involved in this. Since he didn't come out and say that he had the Yang extreme grass, there must be something wrong. Otherwise, with his personality, he wouldn't leave Shang Wanyi in the lurch. Lin Yi had a strange feeling about this.

On the deck, facing Shang Yuhua's eager eyes, Cai Zhongyang could only smile bitterly and say, ""Miss Shang, I do have a stalk of yang extreme grass in my hands. It's not that I don't want to sell it to you, but this yang extreme grass was reserved by someone else and not for auction. If I were to give it to you, you know what the consequences would be."

Shang Yuhua's face turned pale. As someone who ran a Chamber of Commerce, she knew the consequences of reselling the items that a customer had ordered. No matter how much they offered, they would not be able to compensate for the loss of their reputation!

To put it bluntly, Cai Zhongyang suspected that the Wantong Chamber of Commerce could deliberately use this trick to ruin the five elements Chamber of Commerce. It was indeed a bit difficult for him to take out the Yang extreme grass.

"President Cai, I know that this will put you in a difficult position, but as you can see, my father is in danger and is waiting for the extreme yang grass to save his life. Our Chamber of Commerce will bear the consequences of this matter. When we arrive at the northernmost Island, I will be the one to compensate for the loss and explain to the customers!" And the price of the Yang extreme grass will be decided by you, President Cai. I only ask that you save my father's life!" Shang Yuhua's eyes were filled with tears as she spoke.

Cai Zhongyang was in a difficult position. If Zheng Dongsheng didn't point out that he had the Yang extreme grass, he might have agreed to Shang Yuhua's request. However, it was because of Zheng Dongsheng's malicious gaze that made him feel uneasy.

However, Cai Zhongyang couldn't bring himself to reject Shang Yuhua. Even though he was a businessman, he was also a soft-hearted person.

"Haha, Vice-President Cai is really cold-hearted. The little girl has already begged you like that, but you still refuse to give in. Could it be that you're afraid that your price is too low? You want people to offer you their own price?" Zheng Dongsheng's indifferent words made Cai Zhongyang more and more certain that there must be a problem, but he did not know where the problem was.

Hou guanqi sighed in his heart. He did not know what to say. He wanted to save Shang Wanyi, but he knew Cai Zhongyang's difficulties. If he tried to persuade Cai Zhongyang, Cai Zhongyang would definitely listen to him. However, this was not the result he wanted.

Shang Yuhua, who received the reminder, immediately bid, ""President Cai, I'm willing to pay 500000 spiritual jades for your yang extreme grass. I'll also take care of all the aftermath. At the same time, the promise that the Wantong Chamber of Commerce owes you a favor is still valid!"

The surrounding crowd couldn't help but let out a low gasp of surprise. Five hundred thousand spiritual Jade. This was definitely a huge sum of money. Although not many people knew about the yin and yang pill, they had heard of it before. It had long been popularized by those who didn't know about it.

Although the elixir was more troublesome to refine, it was still only a Yellow Class seventh level elixir. Normally, the price would be at most seventy or eighty thousand spiritual Jade, and this was a completed elixir. As one of the main ingredients of the yin and yang elixir, the value of the Yang extreme grass could not be compared with that of a completed elixir.

Although the Yang extreme grass was also an extremely rare spiritual herb, its normal selling price was at most 10000 spiritual Jade. In a normal auction, it would be considered a sky-high price if it could be sold for 20000 to 30000 spiritual Jade. Shang Yuhua's first offer was 50000 spiritual Jade, and she even promised to settle all the cleaning up, as well as a favor. The surrounding people even had the thought of killing Cai Zhongyang and robbing him of his goods!

"Miss Shang, you know that this isn't a matter of how many spiritual jades we have ..." Cai Zhongyang shook his head with a bitter smile. Before he could figure out Zheng Dongsheng's motive, he wouldn't dare to agree to Shang Yuhua's request.

"Miss Shang, they're saying that your price is too low!" Zheng Dongsheng said in a neutral tone, but he felt great inside. He would be happy to deal with the people around Lin Yi, no matter who it was.

Wei shenjin did not wait for Shang Yuhua to raise her bid again. He stood in front of her and said to Cai Zhongyang, ""President Cai, I really need your help this time. There's more than one stalk of yang extreme grass. When we pass by the North Island, we can search the island and perhaps find another stalk for you to bring to the customer. However, President Shang can't wait to reach the North Island. A life is at stake. I hope President Cai can consider it."

Cai Zhongyang looked at Wei shenjin in surprise. He didn't have to give face to Shang Yuhua, but Wei shenjin was Lin Yi's follower. He couldn't reject him no matter what. Not to mention the two soul quenching pills Lin Yi just gave him, their friendship was not something a mere yang extreme grass could measure.

Shang Yuhua looked at Wei shenjin from behind in surprise. Today's Wei shenjin seemed to be completely different from the Wei shenjin she knew. Calm, decisive, considerate ... Alright, all of this wasn't important. What was important was that Shang Yuhua suddenly remembered that Lin Yi was Wei shenjin's boss, and Cai Zhongyang and Lin Yi were extremely good friends. Perhaps Wei shenjin's words could really change Cai Zhongyang's mind?

Shang Yuhua, who was slowly losing hope, was suddenly reinvigorated. However, Wei shenjin, who was in front of her, suddenly said, ""President Cai, this is my request, it has nothing to do with boss Lin Yi. I really hope that you'll agree to give me the Yang extreme grass, but I don't want it to be because of boss."

Shang Yuhua didn't know how to describe her feelings. Was she scolding Wei shenjin for being stupid? She didn't even need to use it because of Lin Yi! Moreover, he didn't even need to say anything. Cai Zhongyang would have considered it himself, but he had to make such a statement!

However, it was precisely this Wei shenjin that made Shang Yuhua feel that he was very responsible. A responsible man would not be bad no matter what! The problem was that if Cai Zhongyang refused to sell the Yang extreme grass, Shang Yuhua wasn't sure if she would hate Wei shenjin.

Maybe he would, maybe he wouldn't. Luckily, Shang Yuhua didn't need to think about the answer to this question, because Cai Zhongyang had nodded!

"Lil 'Wei, you're underestimating yourself. Even if I don't give face to brother Lin, do you think I'd ignore you? We've been in contact for the past two years. Don't you think of me as your friend? You're actually imitating others and calling him President Cai?" Cai Zhongyang glared at Wei shenjin, then took out a small and thin flat Jade box from his arms and handed it to Wei shenjin.

"This is my yang extreme grass. I'll give it to you. Take it. Don't mention the spiritual Jade. It'd be best if the North Island has it. It doesn't matter if it doesn't. I can handle this myself. You don't need to interfere." Since Cai Zhongyang had decided, he threw away all his concerns and said to Wei shenjin and Shang Yuhua casually.

Chapter 5839 This Old Man Can't Refine It

Shang Yuhua didn't expect the turn of events to come so quickly and couldn't react in time. After hearing Cai Zhongyang's words, she immediately bowed and said, "President Cai, thank you for saving my life. Everything I said before is valid. I will give you the spiritual Jade immediately."

Cai Zhongyang waved his hand and said, "I said that this is for little Wei. If you mention any spiritual Jade again, you have to return the Yang extreme grass to me. I, Cai Zhongyang, will not destroy the reputation of the five elements Chamber of Commerce for some spiritual Jade. But for the sake of my friends, it doesn't matter!"

Zheng Dongsheng smiled sinisterly. He seemed to be very satisfied with Cai Zhongyang's yang extreme grass, so he didn't say anything more to sow discord.

"Thank you, President Cai. When my father wakes up, he'll definitely come to thank you!" Shang Yuhua could not be bothered to say anything else. The most important thing now was to refine the Yin Yang pill to save Shang Wanyi. Everything else could be put aside.

Wei shenjin didn't thank Cai Zhongyang. Some things couldn't be solved with just a word of thanks. He would only remember Cai Zhongyang's gratitude in his heart and would definitely repay him in the future.

After passing the jade box to Shang Yuhua, Wei shenjin looked at Zheng Dongsheng. Now that he had the Yang extreme grass, he would have to see what this old man said about the yin core fruit.

Shang Yuhua took a few steps forward and came in front of Zheng Dongsheng, ""Master Zheng, I've already obtained the Yang extreme grass. Can we talk about the price of the yin core fruit now?"

Zheng Dongsheng stroked his beard and said with the demeanor of an expert, ""For the sake of your filial piety, I'll give you the yin core fruit at the market price. Ten thousand spiritual jades will do!"

When he said this, not only was Shang Yuhua surprised, but everyone else also didn't expect it. With the appearance of the Yang extreme grass, Shang Yuhua's desire for the yin core fruit didn't need to be said. Just now, the Yang extreme grass was able to offer 500000 spiritual Jade. Now, even if Zheng Dongsheng called out a sky-high price of a million spiritual Jade for the yin core fruit, Shang Yuhua would probably agree immediately.

However, Zheng Dongsheng only asked for 10000 spiritual Jade in the market price! In fact, it was even lower than the market price. It could be sold for at least 20000 spiritual Jade at an ordinary auction!

Could it be that this Zheng Dongsheng was really a good person with noble character and unquestionable integrity? Wei shenjin expressed that he would not believe it even if he was beaten to death!

Without another word, Shang Yuhua immediately took out a red spiritual Jade card and handed it to Zheng Dongsheng. This was a spiritual Jade storage value card that the Tianjie Island Business Alliance had launched to facilitate settlement. Red represented 10000 spiritual jades, and there were other colors such as orange, yellow, green, cyan, blue, and purple, which represented 50000,100000,500000,100000,500000, and 1000000 spiritual jades.

Zheng Dongsheng didn't go back on his word. After taking the spiritual Jade card, he handed the jade box containing the yin core fruit to Shang Yuhua.

After Shang Yuhua took the yin core fruit, she brought it to Zheng Dongsheng with both hands, along with the Yang extreme grass, "Master Zheng, I'll have to trouble you to help me refine a yin and yang pill! If my father can wake up, he will definitely reward you handsomely. "

"Miss Shang, didn't I already say that? The method of refining the yin and yang pill is special, and I can't refine it!" Zheng Dongsheng said with an innocent look.

Upon hearing this, Shang Yuhua felt as if she was struck by lightning. Thinking about it carefully, Zheng Dongsheng did say that before, but there was no need to say anything else since there were no ingredients. Now that he had the main ingredient, but he couldn't refine it, wasn't it the same?

Wei shenjin was just about to speak when Zheng Dongsheng comforted him, ""Don't worry, miss Shang. I have my reasons for not being able to make it, but that doesn't mean others can 't. "

"Master Zheng, please give me some guidance!" Shang Yuhua's hope was rekindled, and she quickly asked Zheng Dongsheng for advice.

"The special thing about the Yin Yang pill is that it requires the cooperation of two alchemists, a man and a woman. The man should be yang and the woman should be Yin. Otherwise, it will only waste the materials and it will be impossible to successfully refine it. That's why I said I can't refine it by myself!" As Zheng Dongsheng spoke, an undetectable smile appeared at the corner of his mouth.

Shang Yuhua's eyes lit up. Wasn't there an outstanding female Alchemist on this ancient warship? Immediately remembered! This was the pill Hall's chief Alchemist. With her taking action, there would definitely be no problem with the Yin Yang pill!

"Master Zheng, there shouldn't be any problem if you and Master Li Zao were to refine it together, right?" Shang Yuhua quickly asked. As long as Zheng Dongsheng agreed, she would immediately go and ask Li Zao Yi to help, no matter how big the price was.

Unexpectedly, Zheng Dongsheng still shook his head and said, "I'm afraid that I won't be able to cooperate with Master Li Zao due to my lack of energy. However, my grandson Zheng Tianqing is also a good Alchemist. His alchemy ability is almost the same as mine. It shouldn't be a big problem for him to cooperate with Master Li Zao."

Shang Yuhua had an impression of Zheng Tianqing's words, but it was not a good impression. The incident in the restaurant that day had been proven to be Zheng Tianqing's doing, but she could not be picky now. Saving Shang Wanyi was the most important thing.

"It seems like Master Li Zao isn't here yet, I'll go and invite her over immediately!" Shang Yuhua looked around and didn't see Li Zao Yi. He was probably in his room and hadn't come out yet, so she immediately went to look for him.

Zheng Dongsheng raised his hand to stop her. "Don't worry, Miss Shang. I've already sent people to invite Master Li Zao and my grandson. You can discuss the details with them when they come."

"Thank you, Master Zheng. It's all thanks to you this time. Otherwise, my father would have been in danger!" Shang Yuhua bowed gratefully. Although Zheng Dongsheng didn't seem to be a good person, he had indeed helped her.

The weird feeling in Lin Yi's heart was getting more and more obvious, but he didn't have enough clues to figure it out.

After a while, Li Zao Yi was really invited to the deck. Of course, Zheng Tian Qing followed behind her like a dog skin plaster, so she didn't need to look for him.

Shang Yuhua went forward and bowed respectfully, then asked sincerely, "Master Lizao, my father, Shang Wanyi, has gone berserk due to his carelessness in his cultivation. Only the Yin Yang pill can save his life now, so I'm begging you to help me refine the pill. I've already prepared the materials. As long as you agree, I'll agree to any conditions."

Li Zao Yi frowned and looked at Shang Wanyi, who was still twitching on the ground. He shook his head and said, "I can't concoct the yin and yang pill!"

Shang Yuhua thought that Li Zao was referring to her inability to refine pills alone, so she immediately pointed at Zheng Tianqing and said, "I know that the yin and yang pill requires both a male and a female Alchemist to concoct it together. Master Zheng has just told me about it. He also said that his grandson, Zheng Tianqing, is also an Alchemist master, and he can cooperate with Master Li Zao to concoct the yin and yang pill."

Chapter 5840 Cooperating With Pill Refining

"You're right, I'm indeed an Alchemist. I'm not a Grandmaster, but if I can cooperate with Master Lizao, I think it won't be a problem to make the yin and yang pill. Don't worry, Miss Shang, I, Zheng Tianqing, will not shirk this responsibility!" Zheng Tianqing laughed.

"Many thanks, Alchemist Zheng!" Shang Yuhua did not expect Zheng Tianqing to agree so readily. However, if that was the case, it should not be a problem for her to remember him immediately, right?

"Master Li Zao, you see that Alchemist Zheng has already agreed. When can you start refining pills?" Shang Yuhua looked at Li Zao Yi expectantly, hoping that she would agree immediately.

Unfortunately, the expressionless Li Zao Yi still resolutely shook his head and said, "I can't concoct the yin and yang pill!"

This time, Shang Yuhua's expression changed. Why was it so troublesome to refine a pill? A series of twists and turns wasn't enough to describe it. He was clearly about to achieve his goal, but this Li Zao Yi inexplicably refused to refine pills.

If it wasn't for the fact that there was only one suitable female Alchemist on the entire ancient warship, Shang Yuhua would have fallen out with her. This was a life-saving act! Do you think this is a game?

Zheng Dongsheng asked gently, "Master Li Zao, do you not have the recipe for the yin and yang pill?" It's fine, I have it here. I believe that with Master Li Zao's strength, refining the yin and yang pill shouldn't be a problem. "

"I have the recipe, but I can't concoct the yin and yang pill!" Li Zao Yi glanced at Zheng Dongsheng indifferently and still said without the slightest hesitation.

Shang Yuhua's tears came out as she bowed and pleaded, ""Master Li Zao, my father's life is really on the line, please help us no matter what, our Shang clan will be eternally grateful! If Grandmaster has any requests, you can bring them up. As long as it's within our means, we won't refuse!"

Li Zao Yi's face revealed a difficult expression, but she didn't seem to want to agree. She still shook her head and said, "You don't understand. I'm going to the northernmost Island to auction my alchemy rights ..."

"Our Wantong Chamber of Commerce has bought it! No matter the price, we will buy it!" Shang Yuhua lifted her head and shouted impatiently, ""Master Li Zao, are you worried that you won't be able to refine any more pills after reaching the northernmost Island because of the wear and tear? It doesn't matter, I'll buy the right to refine the pill this time, so Grandmaster Li Zao won't need to participate in the auction!"

"It's not like that. Let me finish. " Li Zao Yi's tone was still clear and indifferent, without the slightest fluctuation, ""Refining pills consumes physical strength, but that's not the main reason. If it were any other pill, I would definitely help, but not the yin and yang pill!"

Wei shenjin said unhappily, "why can't it only be the yin and yang pill?" If it wasn't for the fact that the yin and yang pill requires a female Alchemist, I would have asked my boss to make a move long ago. Do you think you're the only one here who can refine pills? My boss's alchemy skills are much better than yours!"

Li Zao Yi glanced at Wei shenjin and didn't argue with him. He just continued, ""When refining the yin and yang pill, because of the intersection of yin and yang and the fusion of fire and water, The Alchemist must meet with each other. If it's just me, it doesn't matter, but if I'm refining the pill with others, it's absolutely impossible!"

Shang Yuhua was taken aback. If she were in their shoes, she might not have agreed to it, let alone immediately. They had no relationship with her Shang family, so why should she sacrifice her innocence to help them?

"Master lizao, as the saying goes, a doctor has the heart of a parent. Although it's a little troublesome to refine the yin and yang pill, Vice President Shang's life is in danger. How can such a small matter be more important than saving a life?" Zheng Tianqing said solemnly.

Shang Yuhua opened her mouth, but no sound came out. Yi Li had already made it so obvious, what else could she say? This matter concerned a girl's reputation and integrity, and Li Zao Yi also had the Honorable identity of the pill Hall's chief Alchemist. She really couldn't do such a difficult thing.

Li Zao Yi's expression was extremely awkward. Zheng Tian Qing struck while the iron was hot and continued to say righteously, "Master Li Zao, as an Alchemist, you must overcome all the difficulties in the path of alchemy in order to reach a higher realm. If you're not even willing to make the Yin Yang pill to save people, I'm afraid that you'll have to stop advancing on the path of alchemy. With your overflowing talent, are you really willing to stop because of a mere Yin Yang pill?"

What he said made some sense. After li Zao Yi was slightly startled, she actually began to consider this possibility.

Zheng Tianqing was secretly happy. This was the best opportunity to take li Zao Yi down. As long as she agreed to refine pills with Zheng Tianqing, the chief Alchemist of the pill Hall would be his plaything in the palm of his hand!

"Master Li Zao, time waits for no man. We can wait slowly, but Vice President Shang can't wait. It's best if you hurry up and come with me to refine the yin and yang pill! Not only will it damage your reputation if word gets out, even the pill Hall will also be discredited. " Zheng Tianqing smiled smugly, then pretended to be a gentleman and said, "Don't worry, when I'm refining the pill, I'll definitely close my eyes and not peek at you, Master Li Zao!"

It would have been fine if he hadn't said that, but now that he did, Li Zao Yi's pretty face immediately turned ice-cold and she snorted, "You can refine pills with your eyes closed? He was indeed a top genius! I don't have that kind of ability!"

Zheng Tianqing wanted to say that he didn't mind Lin Yi looking at him with his eyes open, but before he could say anything, Lin Yi walked out and said coldly, "Get lost, don't block my way!"

"Boss!" "Vice President!" Wei Shenjin hurriedly came over to greet him, "Vice President Shang has suffered from Qi deviation. His situation is very bad ..."

"I understand," Lin Yi nodded. "You don't have to say anything."

"Lin Yi, come with me to make the yin and yang pill!" Li Zao Yi suddenly said.

The sudden suggestion startled Lin Yi. He didn't know why Li Zao Yi would think like that.

Zheng Tianqing's face turned green. He talked for a long time but Yi didn't agree to refine elixirs with him. The moment Lin Yi appeared, she asked to refine elixirs with him. This was too much!

"Master Lizao, Lin Yi is the enemy of the pill Hall, how can you say something like that? Even if you want to refine the yin and yang pill, shouldn't you and I be the ones refining it?" Zheng Tianqing asked loudly in a flustered and exasperated manner. He had deliberately planned to use this opportunity to refine the yin and yang pill to get Li Zao Yi. How could he give up so easily?
