

Bodyguard 5851

Chapter 5851 Don't Be Ungrateful When I Give You Face

Naturally, Xu lingchong did not believe him. However, he still subconsciously reached out to touch it. Then, his expression froze. This cloth bag was originally used to store some spiritual Jade cards and some spiritual Jade fragments. There was nothing else inside. However, when he touched it now, there was actually a medicinal pill inside.

Had he seen a ghost? Of course not! Xu lingchong wasn't an idiot-how could he not know that this was Lin Yi's doing? the only thing that chilled his heart was how Lin Yi did it-he didn't even sense it at all. If that was the case, even if Lin Yi wanted to kill him, he wouldn't even let him sense it, right?

"What, you don't dare to take it out? Does this count as being caught red-handed?" Lin Yi looked at lingchong Xu with a smile that was not a smile. He was not worried at all that lingchong Xu would secretly destroy the pill.

"You're trying to frame me. Anyone with eyes can see what you've done!" Xu lingchong said with a dark face.

Lin Yi shrugged, not planning on denying it. "Same to you, I'm just using your methods on yourself, so we all have a tacit understanding. I'll give you the pill and this matter is even. Now can you get lost?"

Lingchong almost puked blood as he took out the pill-it was just a golden class first level small reversion pill, and on Sky Class Island, even dogs wouldn't eat it-and this bastard Lin Yi said he stole it? Didn't that mean he was worse than a dog?

"Lin Yi, enough! Why would this young master commit theft for such a trashy small reversion pill? Even if you want to frame me, you should at least put in some capital, right? You want to exchange my camera for a small reversion pill? Don't joke around!" Xu lingchong screamed in anger. Who knew if it was because Lin Yi wanted to use the pill to settle this or because Lin Yi only took out a small recovery pill.

Lin Yi's face darkened, "Xu lingchong, don't be so ungrateful!" I've just returned and I'm in a good mood, so I don't want to hit anyone. If you continue to be so ungrateful, don't blame me for being impolite!"

Xu lingchong sneered in his heart. Who's afraid of who? However, now that he had a gun user, he didn't need to do it himself.

"Senior brother Wang, not only are your people not willing to obey, but you also want to beat up the manager of the central Chamber of Commerce in front of the GreenCloud Pavilion's entrance. It seems that the day when the GreenCloud Pavilion will replace the rising Sky Pavilion is not far away!" Xu lingchong said to senior martial brother Wang in a neutral tone, the anger on her face having been swept away.

Lin Yi was starting to admire this guy-he was pretty good at changing faces! It was a shame he didn't become an actor in the common world!

Wang Shixiong was already pissed off with Lin Yi, and after hearing Xu lingchong's words, he took another step forward. His body trembled slightly, and he revealed all of his aura-he was actually a master in the early stage of the mysterious Ascension realm!

Lin Yi was shocked as well. It wasn't that this guy's strength had any effect on him, but he didn't think that a Senior Manager of the pavilion would be at the xuansheng stage. On the middle Island, this kind of strength was enough for him to be the Vice-Master!

Xiao ran, Qiao hongcai, and the others' expressions changed. They knew that senior brother Wang was strong, but they didn't expect him to be this strong. The early stage of mystique Ascension was indeed beyond their imagination!

"Lin Yi, you're just an idiot who likes to act cool, keep it up!" Wang Shixiong grinned. I'd like to see how you can continue to pretend. I told you to get lost just now, but you didn't. Now, even if you want to get lost, it's too late!"

Lin Yi put away the surprise on his face. Of course, it was a frightened expression in their eyes, but it didn't matter. They'd find out who was scared later.

"This is my last warning. Don't test my patience. If you don't believe me, you can try!" Lin Yi said calmly, but in the eyes of lingchong and the others, it was obvious that he was guilty.

"Hahahaha, the acting tough leader is still acting tough. Senior brother Wang, I don't think you should challenge his patience, or else your perfect performance will be greatly reduced!" Xu lingchong laughed eerily as he mocked Lin Yi, adding fuel to the fire in Wang Shixiong's heart.

As expected, senior brother Wang snorted coldly and said, "I don't believe I'm going to challenge your patience today." I'll let you see a sky full of stars!"

Before he finished his sentence, Wang Shixiong's aura was raised to its limit. With a wave of his palm, a wave of powerful Qi rushed towards Lin Yi!

However, even though he had made his move, he still felt that something was amiss, as if he had overlooked something.

Before Wang Shixiong could figure out what was going on, Lin Yi's attack was already in front of him. However, Lin Yi didn't even try to Dodge it. He didn't look scared at all. Facing an attack from an early stage Xuan Sheng, Lin Yi just waved his hand casually as if he was chasing away a fly. Wang Shixiong felt that his attack was like a clay ox entering the sea, and there was no connection at all.

"How is that possible?" Senior brother Wang cried out in alarm. Then, he suddenly understood what that feeling of uneasiness was all about!

Lin Yi didn't even make a move to resist the pressure from the early stage of the mystic Ascension realm, but he wasn't affected at all. It wasn't just Lin Yi-even Xiao ran, Qiao hongcai, and the other disciples behind him were the same. It was as if the pressure from the early stage of the mystic Ascension realm was just a breeze!

A person who was inferior to him could do this? How could a person with the same strength as him be able to do this?

No! So this bastard Lin Yi's strength was far beyond his own, and he only realized it now!

It was too late, it was all too late! By the time Wang Shixiong came back to his senses, Lin Yi had already made his move. He didn't do it too gory, just using the five elements killing Qi to invade this Idiot's body, completely destroying his dantian and Qi sea, as well as all the meridians in his body. From now on, this early stage mysterious Ascension master was no better than an ordinary person who had never trained before.

To be honest, this was a fate worse than death for a practitioner. Lin Yi hated this Wang guy for helping others, and he even worked with Xu lingchong to deal with his own sect members. They were all his friends and brothers, too, so Lin Yi didn't show any mercy.

The surrounding disciples had already started backing off when Wang Shixiong revealed his aura, but what they didn't expect was that the battle ended so quickly that it couldn't even be considered a battle at all. It was just a casual strike from Lin Yi, and he killed the inner sect manager of the GreenCloud Pavilion!

Chapter 5852 Poor Ghost

As for the senior disciple of the inner sect of the GreenCloud Pavilion, he was 'merely' a cultivator at the early stage of the mysterious Ascension realm ...

Gasps of cold air could be heard continuously. Looking at senior brother Wang who was lying limply on the ground, everyone felt a chill rising from the bottom of their hearts. The legend of the GreenCloud Pavilion, the strongest newcomer King in the history, was indeed not a lie!

Lin Yi waved his hand nonchalantly and turned to Lu bianren, "Senior brother Lu, I was wondering why you didn't become the eldest senior brother of the inner sect's steward. So it's because of this idiot. This time, you're the eldest senior brother."

Lu bianren's face was still full of shock, his mouth opening and closing a few times, but he didn't know how to express his thoughts. In fact, he didn't know what he was thinking, but he was shocked by Lin Yi's strength!

Peak of the late stage of xuansheng!

That's right, the moment Lin Yi made his move, his aura was completely revealed. Under normal circumstances, Lu bianren might not be able to see his true strength, but he could still feel it when Lin Yi made his move.

Lingchong's back was covered in cold sweat. He thought that he and Meng Tong would be able to take down Lin Yi for sure, but that wasn't the case at all! A peak late stage xuansheng master! The two of them together were just going to be snacks for someone! What was there to be sure about?

This Lin Yi was too scary! In that instant, the shadow in Xu lingchong and Meng Tong's hearts was multiplying exponentially. Seeing Lin Yi talking to Lu bianren, Xu lingchong and Meng Tong exchanged a look and lowered their heads at the same time, trying to sneak away from the side.

Unfortunately, Lin Yi's spirit sense had already locked onto the two of them. How could he let them leave so easily? Before they could even take a second step, Lin Yi was already in front of them.

"What, you're leaving already? You didn't even greet me, isn't that too rude?" Lin Yi looked at Xu lingchong and Meng Tong with a smile that was not a smile as he spoke with a faint sneer.

Xu lingchong laughed and said with some embarrassment, ""Well ... I think what you said just now was very good and correct. Today's matter should end here. There's really no need to continue. We're all people who know each other well, so everything can be discussed, right?"

"I don't know if I'm right or not, I just know that I gave you a chance just now, but you didn't seem to care. Now you want to leave, ha ..." Lin Yi said faintly and grabbed Xu lingchong by the collar.

"I care! I care! I was just thinking about it just now. Now that I've thought it through, please give me another chance!" As Xu lingchong's feet left the ground, her face turned pale as she cried out. The disciples of the GreenCloud Pavilion who were watching from the side felt their anger being vented as they secretly laughed and pointed at Xu lingchong.

Lingchong didn't care about that-his face was nothing compared to his life, and he was really afraid that Lin Yi would kill him. Even if he didn't, he wouldn't let him be crippled like that Wang guy!

Meng Tong quickly took out all the spirit Jade cards he had and handed them to Lin Yi, "This is for Xiao ran. We won't cause him any trouble in the future. Please let us off today!"

If it was just him, Meng Tong might not have lowered his head to Lin Yi, but seeing Xu lingchong being lifted up in the air by Lin Yi, he couldn't take it anymore. He knew that he couldn't save Xu lingchong even if he tried, so he could only compromise and wait for the chance to take revenge in the future!

Lin Yi looked at the spiritual Jade card that Meng Tong took out-two yellow ones, one orange one, and three red ones-it was a total of two hundred and eighty thousand spiritual jades. This was a huge amount of money on the North Island. Thinking back to when Lin Yi first came to the North Island, he spent a lot of effort just to hide a piece of useless Jade. It was really unbearable to look back on!

"Since it's for you to calm down, you should keep it!" Lin Yi turned around and said to Xiao ran. It would be a waste if he didn't take this kind of fortune. The spiritual jades in the central Chamber of Commerce were no different from being blown by the wind anyway. He could just sell a few pieces of junk from the secular world and he'd get more than this.

Xiao ran didn't stand on ceremony and immediately took the spirit Jade card, ready to give it to Lin Yi later. After all, Lin Yi asked for it, and he couldn't just accept it.

"Can you let him go now?" Meng Tong swallowed his anger and asked. Nothing else was important right now. The most important thing was to let Xu lingchong leave safely.

Xu lingchong looked at Meng Tong excitedly. She felt that she had not misjudged him. He was more reliable at critical moments!

"Let him go?" Lin Yi smiled. I can't just give you my pills for free, I'll have to collect some cost money. "

Xu lingchong was instantly furious. The small reversion pill that was thrown away on the road and not even dogs would eat it? He even wanted to collect some capital? Don't you have any shame?

Lin Yi couldn't care less about what lingchong was thinking. He reached into the bag with his left hand and took out all the spirit Jade cards.

Shopkeeper Xu was, after all, much richer than Meng Tong. He had four yellow spiritual Jade cards and even one green one, totaling up to nine hundred and eighty thousand spiritual jades. Lin Yi felt that it was not useless to keep them alive. At least, it would be interesting to come and Rob them from time to time.

He was in need of spirit Jade when he went to the northernmost Island. With these spirit Jade cards, along with the ones Shang Wanyi gave Lin Yi and his own, he could probably buy some good stuff even if he didn't sell the soul quenching pill.

However, it might not be enough to buy the concentration branch and the soul nourishing wood. Of course, there were still many spiritual jades in Tian Gang's spiritual Jade card.

"Poor thing, this is all I have. Forget it, I'll just accept it for today. I'll come back again if I have business in the future!" Lin Yi put the nine hundred and eighty thousand spirit Jade card into his pocket, not at all surprised at the price.

Xu lingchong, on the other hand, wanted to vomit blood. That was nine hundred and eighty thousand spiritual Jade! If it wasn't 9.8 pieces of spiritual Jade, how could he Rob them so blatantly and call them poor? Do you still have any conscience?

Of course, Lin Yi still had a conscience, but it wasn't for lingchong and the others. After taking the money, he threw lingchong on the ground and gave him a good beating.

Meng Tong was a loyal friend. He threw himself on Xu lingchong and took most of the attack for him. Lin Yi was impressed by this. He planned to beat them up for one or two minutes, but Xiao ran and Qiao hongcai beat them up for ten minutes.

Chapter 5853 Vice Pavilion Leader Zhang's Nephew

He had to admit that it was quite refreshing to beat people up like this. He felt refreshed after the beating!

The two pigheads on the ground groaned and didn't dare to stand up. However, they only looked miserable. In fact, they didn't suffer any serious injuries. They were basically just some superficial wounds.

Lin Yi didn't want to kill them here, and he didn't want to cripple them just like that. After all, they just signed the truce agreement with central. Although Xu lingchong and the others came looking for trouble, they gave in in the end. It didn't make sense for Lin Yi to kill them.

"Alright, you two can get lost. Be careful in the future and don't fall into my hands. Also, if you dare to touch my brother again, there won't be a next time. If you remember, then get lost!" Lin Yi kicked the two, telling them to get up and leave.

Xu lingchong and Meng Tong didn't dare to be slow-they just wanted to get as far away from this terrifying Lin Yi as possible. They didn't say anything and kept their grievances in their hearts as they ran away.

The disciples at the side cheered as they saw this scene, treating Lin Yi and the others as heroes.

As for the eldest senior brother whose cultivation had been crippled, who would remember such a pile of mud!

Lin Yi thanked the people who came to support him, and brought them to his old place.

Although Lin Yi didn't introduce Xiao ran and Wei shenjin to each other, they got along well with each other without any obstacles. They were all Lin Yi's underlings, so there was nothing to hide. Besides, Wei shenjin and Shang Yuhua had just fallen in love, and they were very enthusiastic about Xiao ran's pursuit of the rising Sky Pavilion's junior Sister. They even gave him advice and advice, completely forgetting that they needed Lin Yi to bring them to meet Shang Yuhua two days ago.

Lu bianren was smiling as well, but there was a hint of worry in his eyes. Lin Yi ignored the guys behind him and asked Lu bianren, ""Senior apprentice-brother Lu, you don't seem to be happy?"

"I'm not unhappy, I'm just a little worried. " Lu bianren shook his head and looked around. He lowered his voice and said, ""I was going to tell you about it when we get back, but since you asked, I'll give you a heads up."

"Senior brother Lu, please speak." Lin Yi, on the other hand, didn't seem to care at all. He guessed that Lu bianren was probably going to say that Wang Shixiong had some kind of powerful backing, something like that. But so what?

With Lin Yi's strength now, he really didn't have to be afraid of anyone on the North Island, not to mention that Shangguan Tianhua had enough backing to suppress everyone.

As Lin Yi expected, Lu bianren was going to talk about the backing of that Wang Shixiong."Junior Brother Lin, you've been away for too long, so it's not strange that you don't know who this Wang fellow is. You were too impulsive to cripple his cultivation this time. You must know that he has just returned from the East Province and is the nephew of our vice Pavilion master Zhang. At the same time, he is also a distant relative of elder Xu of the soaring Pavilion. Just these two are already very difficult to deal with. "

Lin Yi wasn't afraid of these two. The North Island was the weakest of the five islands. The Vice master of the Qingyun Pavilion and the elder of the soaring Pavilion were at most on the same level as the Vice master of the middle Island. In theory, they should be weaker than the Vice master of the middle Island.

Lin Yi didn't have anything to fear from someone like this, but he was interested in what Lu bianren didn't finish."Senior apprentice-brother Lu, is there anyone or anything else besides these two?"

Lu bianren smiled bitterly, "what's more difficult is that this Wang guy is a rare xuansheng stage expert in our GreenCloud Pavilion!" He's the hope of our GreenCloud Pavilion. If you cripple him just like that, it's equivalent to going against the entire GreenCloud Pavilion! Even if you're on good terms with assistant Jia, the pavilion master might not give him face ..."

Lin Yi smiled and waved his hand, "it's fine. I'm on good terms with house master Yu too!" I'll take full responsibility for this matter. "

After a slight pause, he asked, "is assistant Jia senior brother Jia mufan?" I was just about to ask, why didn't he become the inner sect's manager first senior brother, but an assistant instead? could it be that this assistant position is even higher than his previous position?"

Lin Yi wasn't too familiar with the positions in the pavilion, but he'd never heard of an assistant before. It probably wasn't an important position, but Lu bianren's words made it seem like Jia mufan had a say in this.

Lu bianren revealed a helpless expression. This was no longer a matter of whether they were on good or bad terms, okay? You're the one who killed the hope of the GreenCloud Pavilion! How can you bear the responsibility alone? Unless you replace that Wang guy, right?

"Assistant Jia is Jia mufan. In order to make room for Wang, the position of the pavilion master's assistant was specially set up for Jia mufan. It sounds good, but it's just a high-level errand boy. I heard that lingchong Xu was the one who pushed for this. As for the assistant position, it was Zhaoming's idea. " Lu bianren smiled bitterly. If it weren't for Lin Yi's return, he might have become someone's assistant as well.

It was that idiot Kang Zhaoming's doing, after all! No wonder the assistant position appeared in the GreenCloud Pavilion! "Hmph." Lin Yi hmphed and asked again, "senior brother Lu, is our GreenCloud Pavilion's talent dwindling to this extent?" This middle-aged man who had just reached the early stage of mysterious Ascension was the hope of the GreenCloud Pavilion? The hope of the GreenCloud Pavilion is really slim!"

Lu bianren immediately coughed a few times. That Wang guy did look like an uncle, but he, Lu bianren, didn't look like a young man. He wasn't even as good as that Wang guy. How could he explain this?

But then again, Lin Yi was so young, and he was already at the peak of the late stage of mysterious Ascension. Compared to this abnormal level of guy, this Wang guy who barely reached the mysterious Ascension stage at such an old age really wasn't a Star of Hope.

Then, Lu bianren thought of himself, and his face was practically covered in tears. Being together with this kind of monster, his self-confidence really could take an inexplicable blow at any time!

Lin Yi heard Lu bianren's dry cough and realized that he'd been a little too direct. He quickly changed the topic. "What level is senior brother Lu's strength now?"

After asking, Lin Yi realized that he didn't change the topic, but was rubbing salt in Lu bianren's wound ... A peak nascent soul couldn't hide from Lin Yi's eyes-it was stupid of him to ask that!

Chapter 5854 Helping You To Advance To Xuansheng

Lu bianren continued to cry-Lin Yi was rubbing his sore spot, but he knew that Lin Yi didn't mean it, so he smiled. "I'm at the peak of the original level now. It's a pity that I can't level up to the xuansheng stage on the North Island."

To be honest, with Lu bianren's talent, it was already very fast for him to reach his current level. If he wasn't compared to Lin Yi, who was an abnormal monster, Lu bianren could be considered a small genius.

"At my position, I know some secrets. If I want to advance to the xuansheng stage, I have to go to the East continent. Hehe, you're asking for nothing. If you've never been there, how could you have reached your current level?" Lu bianren smiled and shook his head, but his tone was still a little envious.

"Speaking of which, that Wang guy came back from the East Province after you left. It took him a few years to advance to the early stage of the mysterious Ascension realm, so you don't know him. If I have the opportunity to go to the East Province, I will definitely seize it." Lu bianren said with some hope. He was obviously looking forward to the xuansheng stage.

Lin Yi smiled faintly, "who said we have to go to the East continent if we want to reach the xuansheng stage?" Don't worry, senior brother Lu. Even if you were on the North Island, you would still be able to become a master of the xuansheng stage. "

"Really?" Lu bianren was stunned. How come I never knew about this?"

"Let's go back first and talk!" Lin Yi didn't want to go into the details.

He'd wanted to come back and take a look, and then go to the Sky Tower to find Shangguan LAN 'er, but it seemed like he'd have to take a break now and help Lu bianren level up first. Lin Yi's spirit sense had found Shangguan LAN' er, anyway, and it didn't seem like she had anything important to do. It wouldn't be too late to find her after he'd settled things here.

Naturally, Lin Yi's place had a training area and was protected by restrictions. It would be better to go to an open area in the wild when breaking through to the xuansheng stage since Lin Yi could attract natural lightning, but it would be too obvious on the North Island. It was better to make do with a place with restrictions. Lin Yi's self-made lightning wasn't weak anyway, and it was enough for him to break through.

After letting Xiao ran and Qiao hongcai take care of Wei shenjin and Shang Yuhua, Lin Yi brought Lu bianren to the training area. It wasn't that he didn't trust the four of them, but he was worried that Lu bianren would be in trouble if he was disturbed by them during the Tribulation. So, he let the four of them do whatever they wanted. After all, there wasn't much experience to learn from the Tribulation Lin Yi created.

"Senior brother Lu, take this pill. I'll help you advance to the xuansheng stage." Lin Yi took out a Thunder elixir and gave it to Lu bianren, speaking calmly.

Lu bianren wasn't someone who didn't know what was good for him. Moreover, at his current stage, he was looking for Thunder elixir to prepare for advancement, so he would naturally study these things more.

"Thunder profound pill! Junior Brother Lin, you actually have the Thunder elixir! And it's a special grade top grade pill!" Lu bianren couldn't help but exclaim. Although the Thunder elixir was the most precious thing to him, it was because it was too precious that he was a little embarrassed to accept it.

Lin Yi waved his hand nonchalantly, "I made this myself. Extra Thunder mystical pills are useless to me. Senior brother Lu, you should eat it!"

Lu bianren was stunned. He knew that Lin Yi could make elixirs, but he didn't know that Lin Yi's alchemy skills were so good that he could even make supreme quality Thunder elixir!

He didn't know how Lin Yi was going to help him, but since Lin Yi wanted him to eat the Thunder mystical pill, he didn't ask and just swallowed it.

Then, the lightning tribulation began!

Lin Yi was very familiar with using the lightning tribulations he created to help people reach the mysterious Ascension stage. Naturally, Lu bianren's breakthrough was very smooth.

At this moment, the higher ups of the GreenCloud Pavilion were in an uproar. The sudden death of an early mysterious Ascension realm expert was definitely a major event that could shake the entire GreenCloud Pavilion. Therefore, the pavilion master, Yu Zhenyang, had gathered in a very short time. Even those who were in seclusion were called out one by one.

In fact, the elders of the GreenCloud Pavilion couldn't make any decisions. Attending this kind of meeting was just for the sake of making up the numbers. The truly important people in the GreenCloud Pavilion were the pavilion master Yu Zhenyang, as well as the two vice Pavilion Masters, Yao Lun Zhen and Zhang Ziqiang. However, Yao Lun Zhen was still missing, so Zhang Ziqiang could almost stand up to Yu Zhenyang as an equal.

The elder brother named Wang that Lin Yi killed was Zhang Ziqiang's nephew. After receiving the news, he immediately went to Yu Zhenyang and asked for a meeting.

It wasn't that Zhang Ziqiang didn't want to take revenge on Lin Yi, but the problem was that Lin Yi's strength was already known to all-he was at the peak of the late stage of mysterious Ascension! Plus, in the GreenCloud Pavilion, Lin Yi had always appeared with the attitude of challenging people of a higher

level. Zhang Ziqiang didn't have the slightest confidence in dealing with Lin Yi himself, so he could only use this method.

"Pavilion master, this puny little disciple Lin Yi dared to kill our inner sect manager, our big senior brother, right in front of our door. He's looking down on our Pavilion! This time, we can't let this person go no matter what, or we'll never be able to lift our heads up again as one of the three great pavilions on the North Island. If Pavilion master feels that it's difficult, perhaps you can also directly let the people of the law enforcement Hall handle this matter!" Zhang Ziqiang said loudly with a face full of righteous indignation. However, no one in the room was a fool. They all knew why he did this.

Although Jia mufan was a high-level errand boy, he was still qualified to be an assistant to the pavilion master. Hearing Zhang Ziqiang's words, he immediately cupped his fists at Zhen Yang and said, ""Master, there's a reason for this, we can't jump to conclusions. I know Lin Yi, he's not an unreasonable person, so ..."

"Assistant Jia," Zhang Ziqiang interrupted with a cold smile, "according to what you're saying, Lin Yi isn't an unreasonable person who can just kill our inner sect elder Shixiong. If he's an unreasonable person, then wouldn't he be able to come here and kill us all at will?" Assistant Jia, we have to be fair and just, no matter what we do or what we say! You can't side with the murderer just because you're on good terms with Lin Yi!"

Jia mufan was immediately angry. This damn bastard was clearly the most selfish one, yet he still had the face to talk about fairness in such a serious way! He was simply shameless to the extreme! It was just that his status really didn't allow him to say anything in this kind of situation. Just now, when he opened his mouth in a moment of desperation, it was already considered overstepping the rules.

"Deputy Pavilion master Zhang, Lin Yi and I have a personal relationship," Yu Zhenyang said faintly, "are you also suspecting that I'm biased towards Lin Yi?"

Chapter 5855 One For One

Yu Zhenyang already felt guilty when Jia mufan's position as manager was replaced by the pavilion master's assistant. He naturally had to support him now, not to mention that Lin Yi was involved.

Zhang Ziqiang immediately cupped his fists and said,"of course not, Pavilion master. Our GreenCloud Pavilion has only been able to develop to this day because of your leadership. I believe that no matter what the matter is, Pavilion master will maintain a fair and just judgment."

Yu Zhenyang's expression was a little unsightly. Although Zhang Ziqiang's words were all praise, the GreenCloud Pavilion was the weakest of the three great pavilions on the North Island. If he said that this was all because of his leadership, wouldn't that be equivalent to saying that he, Yu Zhenyang, was a complete failure and had made no contribution to the GreenCloud Pavilion at all?

However, as the pavilion master of the GreenCloud Pavilion, Yu Zhenyang couldn't be bothered with such a verbal argument. He said to Zhang Ziqiang,""We don't have a conclusion on the ins and outs of this matter yet. Let's find a few disciples at the scene and ask them."

If it was someone else, Yu Zhenyang would've at least apprehended the person first, even if he didn't send the law enforcement Hall. But Lin Yi was different. Not to mention his importance to the GreenCloud Pavilion, just Shangguan Tianhua's face was something Yu Zhenyang had to consider. Who on the North Island didn't know that Lin Yi was a junior that Shangguan Tianhua valued?

"Pavilion master, you don't believe me?" Zhang Ziqiang was slightly angry. I've already investigated this matter-it was Lin Yi who killed our inner sect manager in front of all the disciples and shopkeeper Xu. What else is there to ask? We should just kill him!"

Yu Zhenyang's heart was also gradually filled with anger. Even if this Zhang Ziqiang's power was no weaker than his, it shouldn't be enough to suppress him. But now, he dared to be so overbearing. He

didn't even put Yu Zhenyang, the pavilion master, in his eyes. Did he really think that Yu Zhenyang was made of mud?

"Deputy Pavilion master Zhang! Do you have the final say in the GreenCloud Pavilion now?" Yu Zhenyang said coldly and emphasized the word "Fu."

Zhang Ziqiang slightly squinted his eyes and then chuckled,""Of course not. Everything in the GreenCloud Pavilion is naturally up to you, Pavilion master Yu. It's just that our inner sect's eldest senior brother has been killed, and he's also an early mysterious Ascension realm expert. He's the hope of our GreenCloud Pavilion. If Pavilion master Yu doesn't respond to this, it will definitely chill the hearts of all the disciples!"

As soon as he said this, the elders who supported Zhang Ziqiang immediately echoed him. As long as Yu Zhenyang didn't deal with it well, they were afraid that it would become a situation of forcing him to abdicate.

Yu Zhenyang's lips curled into a faint sneer. His eyes slowly glided across the faces of those elders, causing them to lower their voices and turn their heads away. They didn't dare to make eye contact with him.

Zhang Ziqiang's heart trembled slightly. He knew that Yu Zhenyang, the pavilion master, had accumulated a lot of power and might not be able to shake his position for a while.

"As for Lin Yi's murder, since vice-Pavilion master Zhang said that there's no need to investigate it anymore, then we won't. However, this happened outside the gates of the pavilion, so strictly speaking, it's no longer within our territory. Plus, both parties are disciples of the pavilion, so it can only be considered a personal grudge. Although it's a little against the rules, it's not our place to interfere!" Yu Zhenyang said slowly, clearly trying to help Lin Yi.

Of course, Zhang Ziqiang couldn't just agree to it. He immediately opposed, ""Pavilion master Yu, isn't that a little wrong? How could the main gate of the GreenCloud Pavilion not be considered within the territory of the GreenCloud Pavilion? Even if you said that it wasn't their sect's fault for fighting, it was still a fact that Lin Yi had killed a xuansheng stage master. Even if it was somewhere else, couldn't they take revenge if a xuansheng stage disciple of the GreenCloud Pavilion was killed? If that's the case, it's better for the GreenCloud Pavilion to close down as soon as possible!"

Yu Zhenyang looked at Zhang Ziqiang and suddenly smiled. ""Vice Pavilion master Zhang, Lin Yi did kill an early stage mysterious Ascension realm master, but he's also a disciple of the GreenCloud Pavilion. Tell me, after losing a master who only reached the early stage of mysterious Ascension in forty years, do you really want to kill a genius who's only in his twenties and is already at the peak of the late stage of mysterious Ascension?"

Everyone was silent!

Zhang Ziqiang was also dumbfounded. Of course, he knew that Lin Yi was a disciple of the GreenCloud Pavilion, and he also knew that Lin Yi was a master at the peak of the late xuansheng stage. But he had never thought about how important this person was to the GreenCloud Pavilion.

If someone who took forty years to go from peak nascent soul to early mysterious Ascension stage was the hope of the pavilion, then what was a monster like Lin Yi? Wasn't he a key figure in the rise of the GreenCloud Pavilion?

"Pavilion master Yu is right. Lin Yi is a once-in-a-thousand-years genius, how can we just kill him like that? He's just a master in the early stages of the mysterious Ascension realm, so what if he's killed? that kind of trash can't even compare to one of Lin Yi's fingers!" One of the elders who supported Yu Zhenyang immediately voiced his support.

They didn't have much help in making decisions, but they were very smooth in waving flags and shouting.

Zhang Ziqiang was not willing to fail like this. He still straightened his neck and said, "I don't deny that Lin Yi is a true genius, but he won't stay in the GreenCloud Pavilion. Look at him, he's been traveling all over the place these past few years. Not only did he go to the Western part of the island, he even opened a pill house in the central part of the island. Pavilion master Yu, do you think he'll stay in the northern part of the island forever?"

Yu Zhenyang didn't say anything this time, because what Zhang Ziqiang said was the truth. Not only that, Lin Yi was someone Shangguan Tianhua valued. Who knew if he would go to the rising Sky Pavilion in the end? If he were to argue with Zhang Ziqiang now and Lin Yi left the pavilion, his prestige as the pavilion master would be dealt a fatal blow.

Jia mufan couldn't help but interrupt. "Junior Brother Lin is a person who can see the big picture. As long as we make things clear to him, I believe he will definitely stay in the GreenCloud Pavilion. With Junior Brother Lin's strength, one for one, the GreenCloud Pavilion shouldn't be at a disadvantage."

It was cruel to exchange a life for a life, but Jia mufan didn't have a good impression of the guy who took his position as the senior brother. He was happy that Lin Yi could kill that guy.

"Shut up!" Zhang Ziqiang roared, "is this a place where you can talk?" You've interrupted the normal progress of the meeting time and time again. Do you want to die?"

Yu Zhenyang immediately sneered. "Deputy Pavilion master Zhang, you're so impressive. Jia mufan is my Pavilion master's assistant, and you were the one who suggested this position. Since he's the pavilion master's assistant, of course he has the right to speak on my behalf on this occasion!"

Chapter 5856 Return You Your Xuan Sheng

Originally, it wasn't suitable for Yu Zhenyang to make comments like Jia mufan 's, but now, in order to support him, he could openly use Jia mufan's mouth to express his thoughts, which made him very satisfied.

Someone from elder Zhen Yang's side immediately said, ""The pavilion master is right. As long as the pavilion master doesn't object, assistant Jia can speak on behalf of the pavilion master. I also think that he's right. With Lin Yi's talent, it might not take long for him to become a pillar of our Pavilion, and it might even be possible for him to surpass the mysterious Pavilion. As for the dead Junior Brother Wang, hehe, his talent is not bad, but he'll only be an elder in the future."

Zhang Ziqiang's face was dark, but he couldn't say anything-it was the truth! His dead nephew was a pile of dog shit compared to Lin Yi! If he had to choose one out of the two to be his teammate, even he would think that he'd choose Lin Yi, right?

Yu Zhenyang glanced at Zhang Ziqiang and said, ""It's settled then. Jia mufan, go and inform Lin Yi about the decision of today's meeting. We'll see what he says. "

"Yes, Pavilion master! This subordinate will do it now!" Jia mufan bowed respectfully and then turned to leave. As for Zhang Ziqiang, who had an ugly expression on his face, he didn't even look at him.

After a while, Jia mufan arrived at Lin Yi's place. Lu bianren just finished his mysterious Ascension and was stabilizing his realm, so Lin Yi came out to see him as soon as he saw Jia mufan.

"Senior brother Jia, long time no see!" Lin Yi smiled and waved at Jia mufan as soon as he came out. Jia mufan had always been very kind to him, so he was very polite.

Jia mufan didn't dare to be negligent. He quickly stepped forward and cupped his fists. "Junior Brother Lin, long time no see. I didn't expect you to be so powerful this time! I'm afraid that there aren't many people on the North Island who can defeat you. "

It was a compliment, of course-there weren't many strong people on the North Island, but they must have hidden masters as their trump cards. Lin Yi was just listening.

"Senior brother Jia is too kind!" Lin Yi smiled and gestured for Jia mufan to sit down before continuing, "Senior brother Jia, is there something you want to tell me?"

Lin Yi had wanted to ask Jia mufan about his loss of a big Senior Steward, but it wasn't a good idea to rub salt into someone's wound. Although Lin Yi had killed that Wang guy, he preferred Lu bianren to be the big Senior Steward ...

Jia mufan didn't think too much about it. He nodded and said, "That's right, the higher ups of the GreenCloud Pavilion had a meeting just now. They were discussing the matter of you killing senior brother Wang at the entrance of the GreenCloud Pavilion. "

"That's pretty fast, but why don't I see anyone coming to catch me?" Lin Yi smiled faintly, not at all concerned.

"It was vice Pavilion leader Zhang Ziqiang who strongly requested for the meeting to be held, so it was immediately convened. Junior Brother Lin, you know vice Pavilion leader Zhang, right? The one you killed was his nephew, so he's very concerned about it. " Jia mufan explained with a bitter smile. He didn't know if Lin Yi was fearless because of his ignorance or because he was a skilled person.

"The pavilion leader tried his best to mediate during the meeting, so your matter was temporarily suppressed. However, Deputy Pavilion leader Zhang's power is not below that of the pavilion leader. If there is no explanation, he will definitely not let this matter go!" Jia mufan continued. He didn't say that he'd also spoken up for justice, but he'd only highlighted Yu Zhenyang's contributions. At the same time, he was wondering if Lin Yi would accept the suggestion.

Whether he would accept it or not, he had to say it out loud. Jia mufan stole a glance at Lin Yi before continuing, "In the end, the meeting decided that Junior Brother Lin will replace vice Pavilion master Zhang's nephew and become a disciple that the GreenCloud Pavilion will focus on nurturing. Of course, you have to promise that you will never leave the GreenCloud Pavilion. In other words, you have to be tied to the GreenCloud Pavilion!"

Lin Yi blinked-he'd never thought of leaving the pavilion in the first place, so why did they have to talk about binding now? it made him a little unhappy.

Jia mufan had been observing Lin Yi's expression the whole time, and he immediately followed up after seeing the slight displeasure, "Of course, if Junior Brother Lin doesn't want to be restricted too much, you can also go to Pavilion master Shangguan to speak on his behalf. With his status, he can erase this matter with a single word."

"Who wants to intercede with my grandfather? It'll be the same if I go!" As they were talking, Shangguan LAN 'er came in bouncing. She heard that the Nakajima fleet had arrived at the North Island, and heard that Lin Yi was on the ship too, so she ran over alone.

Lin Yi's spirit sense had already noticed that LAN 'er was coming over, but she had to accompany Jia mufan, so he didn't go out to welcome her. Now that he saw her, he only smiled and greeted,"LAN 'er, you're here. Why didn't you say goodbye last time?"

A small figure dashed over before Lin Yi could finish his sentence. It jumped onto Lin Yi's shoulder and rubbed its head against Lin Yi's face affectionately. It was Curly Bear.

"Yi, long time no see, you've become much more powerful!" Lin Yi smiled as he played with Curly Bear with his fingers, and the little guy nodded quickly, gesturing that he was indeed very strong.

"This heartless little thing has been in closed-door cultivation all this time. When he heard that you were back, he ran over to find you. I wonder who he's closest to." Shangguan LAN 'er pointed at the curly Bear and scolded it with a smile, but she deliberately put on a straight face and snorted,""I wanted to tell you, but you're so busy that I can't even see you. What can I do? Also, as the little Junior Brother, you didn't come to visit little Senior Sister as soon as you returned to the North Island. Do you think you're powerful, so your wings have hardened?"

Curly Bear rubbed Lin Yi's face affectionately again before running back to Shangguan LAN 'er's side, showing a fawning expression, indicating that it wasn't the kind of bear that would forget its roots.

"Alright, alright, go play by yourself! I know you've been through a lot in your closed-door cultivation and must've gone crazy. Go home by yourself later!" Shangguan LAN 'er couldn't help but laugh, waving her hand to send Curly Bear away.

The little guy cheered softly, turned around, waved at Lin Yi, and ran away. It was only here to see Lin Yi, and the main purpose was to have fun.

Jia mufan was trying to hold back his laughter. Shangguan LAN 'er wasn't as useful as Shangguan Tianhua, but if she came out, Lin Yi's problem would probably be solved by half. Zhang Ziqiang's power in the GreenCloud Pavilion was pretty good, but he probably didn't have the guts to mess with the Shangguan family's little princess.

"Alright, it's my fault. We'll talk about this later. Have a seat first." Lin Yi smiled as he let Shangguan LAN 'er sit down, then said to Jia mufan, "Senior brother Jia, if it's just because of the loss of an early mysterious Ascension realm expert in the GreenCloud Pavilion, there's no need for me to replace him. There's just one person who's very suitable for this task, and you know him."

"Junior Brother Lin, stop joking. Among the people I know, none of them can be compared to you!" Jia mufan laughed. He was speaking the truth. Even Gongyang Jie, the publicly acknowledged super genius of the North Island, might not have more potential than Lin Yi.

Lin Yi didn't answer Jia mufan's question, but turned his head and said, "Senior brother Lu, since you've recovered, come out!"

Lu bianren had already stabilized his realm after saying all that. Lin Yi's spirit sense had been watching him the whole time, and he let him out when he saw that Lu bianren had finished his training.

Jia mufan was slightly taken aback, but he immediately smiled and said, "Could Junior Brother Lin be referring to Junior Brother Lu? To be honest, Junior Brother Lu is indeed a talent, but before going to the East Province, he is not qualified to replace Deputy Pavilion leader Zhang's nephew. If you want him to come out, you will only harm him and make him a thorn in Deputy Pavilion leader Zhang's side. "

Chapter 5857 Can You Be Quiet For A While?

Lin Yi only smiled faintly and didn't say anything. He knew what Jia mufan meant. Those below Xuan Sheng weren't enough to attract the attention of the higher-ups in the pavilion, and Lu bianren was only

at peak nascent soul before he went to the East continent. Even if it was just one step away, it was a world of difference.

Unfortunately, Jia mufan didn't know that Lu bianren didn't go to the East continent and had successfully advanced to the xuansheng stage. Otherwise, he definitely wouldn't have said these words.

Shangguan LAN 'er looked inside curiously. She knew Lu bianren, but Lin Yi's serious look made her curious. Could it be that Lu bianren had changed?

Of course, Lu bianren had changed. When he walked out, the aura he exuded made Jia mufan suddenly stand up. He looked at Lu bianren in disbelief, unable to say a word.

"Eh, this is the aura of an early stage mysterious Ascension cultivator! Senior brother Lu, you've leveled up?" Shangguan LAN 'er was not too surprised, and asked.

Lu bianren smiled and greeted Jia mufan and Shangguan LAN 'er, before saying with a smile, "That's right. It's all thanks to Junior Brother Lin that I'm able to break through to the mystic Ascension primary stage. It's just that I've just stabilized my strength, so I can't control my aura as I please. I'm sorry to have embarrassed myself."

Jia mufan took in a cold breath. The way he looked at Lin Yi was completely different now. If it was respect before, it was almost worship now.

How long had it been since Lin Yi came back? He had killed an early stage mysterious Ascension realm expert and then helped to raise another to the same level. Who else in the North Island could be so

awesome? At least, Jia mufan had never heard of anyone who could advance to the xuansheng stage without going to the East continent.

If anyone didn't try to befriend a person who could do something so outrageous, and instead decided to offend him, that person would either be stupid or ready to die. Jia mufan was glad that he had good taste and had been good to Lin Yi since he was young.

"Senior brother Jia, do you think there's any problem with senior brother Lu replacing that Wang-something guy?" Lin Yi asked with a smile. In terms of strength, Lu bianren wasn't any weaker than the guy he killed, and in terms of potential, with Lin Yi's support, he was way ahead of that unlucky guy. He didn't think that those people from the GreenCloud Pavilion couldn't see the situation clearly.

Jia mufan was thinking the same thing, and he immediately nodded, "I don't think it's a problem! Junior Brother Lu's talent and strength aren't bad. In the future, you will definitely become the pillar of our GreenCloud Pavilion! I'll go back and report this to the pavilion master and let him know the good news!"

As for tying Lin Yi and the pavilion together, Jia mufan didn't say anything more. With Lin Yi's potential, as long as he didn't say he wanted to leave, the pavilion would be able to bask in the light. There were so many people in the pavilion that Lin Yi cared about, and if he trained them well, he would be drawing Lin Yi to his side. After all, he was once the manager of the pavilion, and Jia mufan was very clear about this.

The few of them chatted for a while more before Jia mufan left in a hurry. He had to inform Yu Zhenyang as soon as possible to prevent Zhang Ziqiang from causing any more trouble. If he offended Lin Yi, the loss of the GreenCloud Pavilion would be immeasurable!

The anxious Jia mufan ran as fast as he could and quickly returned to the conference hall. Yu Zhenyang, Zhang Ziqiang, and the other elders didn't leave and were waiting for his report.

"Pavilion master, I've seen Lin Yi!" After Jia mufan ran in, he hurriedly cupped his fists and saluted Zhen Yang. After calming his breath, he continued, "I've talked to Lin Yi about what we decided in the meeting. "

"Is he very grateful to you, an old friend, for secretly helping him and giving him a chance to live?" Zhang Ziqiang sneered.

"Deputy Pavilion leader Zhang has a rich imagination, but unfortunately, he didn't guess it right. Junior Brother Lin didn't express his opinion on our proposal. Instead, he recommended a suitable replacement for us," Jia mufan said, neither obsequiously nor haughtily.

"Hahaha, what a joke! Did he think that the GreenCloud Pavilion was a place for playing house? He could do anything he wanted? Pavilion master Yu, do you have anything else to say now? This Lin Yi kid clearly doesn't want to stay in the pavilion anymore, or else why would he reject our offer and recommend some random guy instead?" Zhang Ziqiang was overjoyed-Lin Yi was really asking for it! He'd have to prove Lin Yi's crime of disrespecting the pavilion first, and then slowly deal with him.

Yu Zhenyang glanced at Zhang Ziqiang and said, ""Deputy Pavilion master Zhang, I would like to hear assistant Jia out. Can you be quiet for a while?"

Zhang Ziqiang was stunned. He glared at Yu Zhenyang and finally shut his mouth.

Jia mufan was secretly happy-it was Zhang Ziqiang's fault that he was an assistant. Lin Yi made Zhang suffer as soon as he came back, and he was overjoyed.

"Reporting to Pavilion master, Junior Brother Lin recommended our GreenCloud Pavilion's second senior, Lu bianren. I originally said that Junior Brother Lu wasn't qualified to replace him, but to my surprise, with Junior Brother Lin's help, Junior Brother Lu has already broken through to the early stage of the mysterious Ascension realm!" Jia mufan deliberately emphasized the last part of his sentence. Sure enough, as soon as he said it, it immediately caused a cry of surprise.

Even Yu Zhenyang couldn't help but sit up straight and asked in shock,"Jia mufan, you're saying that Lu bianren is already in the early stage of the mysterious Ascension realm? He broke through without going to the East Province?"

"That's right! It was exactly so! I've seen it with my own eyes!" Jia mufan puffed out his chest with a proud expression and said in an extremely certain tone,"And Junior Brother Lu has personally admitted that his breakthrough was due to the help of Junior Brother Lin!"

Yu Zhenyang didn't need him to say that. Lu bianren didn't break through before Lin Yi came back, but he broke through as soon as Lin Yi came back. He wouldn't believe it even if he was beaten to death.

"Good! As expected of the person valued by Pavilion master Shangguan, he's truly extraordinary!" Yu Zhenyang muttered to himself and then said with a smile,"Lin Yi's return gave us a big surprise! Although I don't know how he did it without going to the East continent, but such an incredible method is enough to let us know what to do next!"

"Not bad! We all understand what the pavilion master is trying to say-with Lin Yi's abilities, he's definitely someone that everyone needs to be on good terms with. How lucky is he to still be a disciple of our Pavilion? With him around, how many xuansheng stage experts would the GreenCloud Pavilion

have? So we have to get on Lin Yi's good side at all costs, and at the same time, put Lu bianren and those related to Lin Yi into the training list. With Lin Yi around, they'll definitely be the backbone of the future GreenCloud Pavilion!" An elder who supported Yu Zhenyang stood up and said excitedly. His face was red, and it was obvious that he was really happy to see someone as strong as Lin Yi.

Chapter 5858 A Warning In Return For A Complaint

It wasn't just Yu's faction-even the elders of Zhang Ziqiang's faction couldn't raise any objections in this situation. Strength was everything in the world of practicing, and Lin Yi was strong and had great potential-he could even build his own faction. It wasn't worth it to offend someone like this, and so they hoped that Zhang Ziqiang would stop at the edge of the cliff and stop thinking about revenge.

Zhang Ziqiang's face was as gloomy as water. No matter how unhappy he was, he had no way to raise any objections in such a situation. It would only make him deserted by his friends and relatives, and all his long-term efforts would be destroyed in one day.

But it was impossible for him to give up on Lin Yi just like that. Since he couldn't do anything to Lin Yi in the open, Zhang Ziqiang began to plan how to kill Lin Yi in the dark!

If Lin Yi knew about this, he wouldn't care at all. There were so many people out there who wanted to kill him, who would care about Zhang Ziqiang?

The GreenCloud Pavilion was in a good mood, but the central Chamber of Commerce was cold and quiet. Xu lingchong immediately contacted the mysterious man in Black after he came back, telling him everything about Lin Yi's return and what happened at the entrance of the GreenCloud Pavilion.

He'd hoped that the mysterious man would come up with a way to deal with Lin Yi, but who knew that the mysterious man would give him a scolding instead!

"Xu lingchong, I'm warning you! Our Center has just signed a one-year truce agreement with Lin Yi, and this isn't a joke. We have important plans to carry out during this year, and if you mess with Lin Yi and break the truce agreement, I'll cut you into pieces, skin you alive, and boil you alive! Remember, don't mess with Lin Yi-if you do, you'd better pray that he'll kill you, but if you drag central into this, I'll kill your whole family!"

Xu lingchong held the mysterious man in Black's reply with a dumbfounded expression. What did this mean? What was going on?

Meng Tong looked at the reply and said indignantly, "Isn't the higher-ups a little too much? They were saying that if they offended Lin Yi, they deserved to die! This is preposterous! Are we that unimportant?"

Xu lingchong came back to his senses and shook his head with a bitter smile. "It's not that we're not important, but ... Fine, we're not important. What's important is Central's big plan. We've never even heard of it. What do you think we are?"

Meng Tong fell silent. He had thought he was very powerful, but now he realized that he was still an ant, not even a strong one.

Xu lingchong sighed softly, "this Lin Yi really doesn't act tough for no reason. He's already able to negotiate with our superiors and sign agreements. He's on a completely different level from us. It seems like the gap between us and him is getting bigger and bigger!"

Meng Tong reached out his hand and patted Xu lingchong's shoulder. Then, he said, "Maybe we're living too easy. Like now, without the medicine from central, we've never thought about breaking through to

the mysterious Ascension stage. We've lost the confidence and motivation to improve, so it's normal for the gap between us and Lin Yi to get bigger and bigger."

"Perhaps we should go out and explore? If we can advance to the mysterious Ascension stage without relying on the potions from the center, our achievements in the future might be even higher!" Xu lingchong muttered thoughtfully. However, when she thought of the situation that she had achieved after years of hard work, it seemed to be a pity to give up just like that.

"Forget it, let's not mess with Lin Yi for now. We'll talk about it when we have the strength and the opportunity!" Xu lingchong shook his head. He still couldn't give up on everything he had. Maybe central would have the medicine to raise him to the mysterious Ascension stage soon. Then, the gap between him and Lin Yi would be closed instantly, right?

After Lin Yi sent Jia mufan away, Lu bianren found a room to continue stabilizing his strength. Only Lin Yi and Shangguan LAN 'er were left in the living room. As for Wei shenjin and the others, they went out to tour the North Island together. Shang Yuhua still wanted to buy a stalk of yang extreme grass to return to Cai Zhongyang. The fleet was only docked for one day, so they had to hurry and find it.

Shangguan LAN 'er sat down on the chair beside Lin Yi, asking about han Jingjing first. She was one of her two best friends, so of course she was very concerned about her.

Lin Yi shook his head and sighed, "There's still no news of Jing Jing's primordial spirit. I went to the northernmost Island to participate in the auction this time because I wanted to buy the soul-gathering branch and see if I could use its effect to find Jing Jing's primordial spirit. "

Han Jingjing sighed as well. Then, she consoled, ""Little Junior Brother, you don't have to worry too much. Jingjing will definitely be fine. If you buy that spirit gathering branch, perhaps she will be able to come back?"

"I hope so!" Lin Yi nodded, thinking that Central's reply to the common world should be here by the time he bought the branch. If there was still no news of Han Jingjing's essence spirit, he'd be ready to use his spirit projection again to find her.

"The auction on the northernmost Island must be very lively this time. It's a pity that I have something to do at home. Otherwise, I could go with you to have a look!" Shangguan LAN 'er said with a look of regret. She loved this kind of excitement the most, but it was a pity that she would have to miss it this time.

"What happened to your family?" Lin Yi asked. Did you suddenly come back last time because of this?"

Looking at Shangguan LAN 'er's face, it didn't seem like anything big had happened. Lin Yi really couldn't understand what had happened. He didn't know what made Shangguan LAN 'er rush back from the middle Island overnight, but she couldn't go to the northernmost Island to participate in the auction.

"It's not that something happened, but my grandfather has a friend from the East Province. I heard that he's an important person in the East Province! I could only stay and help to entertain them. Then, he said he would take me to the East continent to cultivate. You know I don't like cultivation, but you still want to take me to the Far East Province. What do you think I should do, Little Junior Brother?" Shangguan LAN 'er's little face changed into a depressed expression again. She really carried a hundred different expressions with her.

Lin Yi laughed to himself. Shangguan LAN 'er's talent in cultivation was definitely very strong, but this little girl was really lazy by nature. If she could focus on cultivation, her speed would definitely soar.

As for going to the East continent to cultivate, this was an opportunity that ordinary people could only dream of. In Shangguan LAN 'er's eyes, it had actually become a painful journey. No one else would have such an idea except her.

Chapter 5859 LAN 'Er Wants To Go To The East Province

"You're thinking too much. The East Province is actually very good. It's rich in spiritual energy and has beautiful scenery. If you go there, you'll definitely like it. Also, even if you don't cultivate very hard there, you'll be able to cultivate much faster than here. Your Grandpa will be very happy." Lin Yi didn't know what to say, so he just consoled her.

Shangguan LAN 'er's eyes lit up, and she asked with a smile, ""Is everything you said true?"

"Of course it's true. I've been to the East Province!" Lin Yi was just about to continue emphasizing how abundant the Qi was in the East Province, how beautiful the scenery was, and how Shangguan LAN 'er would definitely like the East Province, but the girl's one sentence made him completely speechless.

"That's great! I don't need to cultivate hard to improve quickly. I can finally deal with Grandpa!" Shangguan LAN 'er clapped her hands in joy, while Lin Yi wiped the cold sweat off his forehead.

Can't we just have a good chat?

"When will your grandfather's friend take you to the East Province? If it's possible, I'll go with you and visit my friends in the East Province. I can also take you around. " Lin Yi said with a smile. If there was time, he really did want to go to the East Province with Shangguan LAN 'er.

"That's great! It would be great if Little Junior Brother could go to the East Province with me! However, you might not be able to make it in time. After all, if you buy the soul-gathering branch, you will

probably return to Nakajima first, right?" Shangguan LAN 'er was still a loyal friend. She was always thinking about her good sister, han Jingjing.

"It's okay, I'll catch up to you. " Lin Yi smiled, not explaining much. He had a flying saucer in his Jade space, but he didn't want to attract attention, so he didn't use it.

He'd have to rush back to the island as soon as possible after buying the branch-he wouldn't be in the mood to take the ancient ship back then, even though it'd be safer.

Suddenly, Shangguan LAN 'er smiled and said,""No, no, you'll definitely make it in time to go to the East continent with me. I heard that we'll have to board the ancient battleships to go to the East continent, but they seem to be busy recently, so they can't leave for the time being. When you come back from the northernmost Island, maybe you can go with us. Hmm, if that's the case, I'll go and beg Grandpa. Maybe he'll agree to let me go with you to the northernmost Island. "

"That's great. When you go home, ask if you're okay. If you're free, why don't you come out with me for a walk?" Lin Yi wanted to see how scrap King was doing-it'd been a few years already, and he didn't know how he was doing.

"Sure, I just ran out, of course I'm fine. Let's go, let's go!" Shangguan LAN 'er had already stood up and was ready to leave.

It was rare for Lin Yi to be alone, and Shangguan LAN 'er felt that it would be a happy day no matter what they were doing.

In the two years that Lin Yi wasn't around, han Jingjing and the others often went to test the automatic casting mechanisms, so Shangguan LAN 'er was very familiar with the king of junk. When she heard that they were going to the casting place, she was a little disappointed that she didn't have time to be alone with Lin Yi anymore, but she soon let go. The casting pool was quite interesting anyway.

The two came to the secret cave, and Shangguan LAN 'er went in first. It was obvious that she was really familiar with this place. It was estimated that the king of junk could forge weapons here safely because of Shangguan LAN' er. Otherwise, after the hole at the edge of the spirit jade mine was exposed, it would have been filled up long ago.

"King of junk, I'm here again. Are you there?" Before Shangguan LAN 'er arrived, she had already greeted him.

Lin Yi smiled and sent his spirit sense in first. Naturally, he knew that Wang lanpo was inside, but the things in the pool were still the same. It didn't seem like he'd made any progress.

"Little Senior Sister Shangguan, you're here! Did miss han come with you?" The king of junk was pleasantly surprised. Of course, he was most concerned about han Jingjing because the automatic casting mechanism was just a little bit away from completion, but han Jingjing had left at the most critical moment.

If han Jingjing could completely perfect the automatic casting mechanism before she left, his years of hard work would have come to a perfect end.

"Brother Wang, Jing Jing didn't come, but I did!" Lin Yi didn't tell her about the missing spirit, only smiling as he walked over.

"Brother Lin! You're back!" The king of junk was more and more surprised, but then he said guiltily, ""I'm sorry, brother Lin, I still haven't finished ..."

Lin Yi waved his hand, "it's okay. I'm not in a hurry. I came back this time to see you. You've worked hard these past few years."

"It's not hard, not hard. How can it be hard to have the opportunity to forge such a divine weapon?" The king of junk laughed and scratched the back of his head. ""And miss Han's automatic casting mechanism is really amazing. With the help of this good thing, I don't need to stay here all the time. I can also leave for a while occasionally."

As they spoke, the three arrived at the side of the pool. Lin Yi stuck his head out to take a look, but he couldn't tell how deep it was. The king of junk was an absolute expert in this area, and although Lin Yi had learned a lot of forging knowledge and techniques from him, he was only at the beginner level in the king of junk's eyes.

"By the way, brother Wang, do you know about ghost speed wings?" Lin Yi suddenly remembered the ghost-eye Eagle King wings he got before. According to the ghost, it was the best weapon to escape. He didn't need to run anymore, but it didn't mean he wouldn't meet a strong enemy. Even the Dragon of five evils could only hide under there. With his current strength, it was always good to have more cards.

"Of course I know!" The king of junk's eyes lit up. Did brother Lin obtain the ghost Eye Eagle King wings? Although the ghost-eyed Eagle King wasn't considered a rare spirit beast, it was hard to catch and obtain a pair of wings. To be honest, even I feel that brother Lin is too lucky! However, thinking about how you can obtain ancient Pure Land, thousand year tree crystals, or even ten thousand year tree crystals, it's not strange for you to obtain a pair of Ghost Eye Eagle King wings. "

"I didn't even say anything, and you've already guessed what I have. You're the real deal," Lin Yi smiled faintly.

Since the king of junk knew about the ghost Eye Eagle King wings, it shouldn't be a problem for him to make the ghost speed wings. It was a pity that Lin Yi hadn't been able to find the ghost cicada wings these days, or he could have asked the king of junk to start making them now.

Chapter 5860 The Junk King's Smithing Pavilion

"This is just common sense. The main material of ghost speed wings is the ghost-eye Eagle King wings. Without this pair of wings, why would you mention ghost speed wings?" The king of junk waved his hand nonchalantly and looked at Lin Yi, "Brother Lin, did you bring the thing? Let me take a look. "

Lin Yi was going to ask the king of junk to make the ghost speed wings, so he took out a palm-sized black wing and gave it to him.

"The restriction on this is not bad, it actually made the ghost Eye Eagle King wings shrink so many times." The king of junk complimented casually before he focused all his attention on the wings.

If the seal was removed, a single wing of the ghost-eye Eagle King Wing would be bigger than Lin Yi's entire body. It was like that at the auction, and the king of junk didn't touch the seal. It was a one-time use item, and it couldn't be used if it was broken.

"That's great, this pair of wings is very complete and well preserved. The ghost speed wings that are made are definitely top grade. Brother Lin, do you have any other materials?" The king of junk's eyes were glowing. He was already used to Lin Yi's magic, so he naturally thought that Lin Yi must have gathered all the other materials.

Lin Yi took out the materials he had honest Chai gather and gave them to the king of junk, "I have most of them, but I'm missing one thing, ghost cicada wings! Brother Wang, do you know where I can find these ghost cicada wings?"

The king of junk shook his head regretfully. "I really don't know. The ghost cicada wings are even rarer than the ghost-eye Eagle King wings. Although the ghost speed wings are made of the ghost-eye Eagle King wings, the ghost cicada wings are the most important catalyst. If it were any other material, they could be replaced with substitutes, but the ghost cicada wings are irreplaceable."

"Perhaps the ghost cicada wings will appear in the auction on the northernmost Island? Since you're going to the auction anyway, you might as well take a look. " Shangguan LAN 'er said with a smile, and Lin Yi's eyes lit up.

What he said was true. The auction on the northernmost Island this time was different from the past. All the items were high-grade. The ghost cicada wings might really appear, but the price would definitely be outrageously high.

The price of each Sky Class island's auction varied greatly. For example, the same golden class seventh level elixir could only be sold for a few hundred thousand to a million spiritual jade pieces on the middle, West, and North Islands. On the East Island, it could rise to about four or five million spiritual jade pieces. At the highest auction on the northernmost Island, it was very normal to see a final price of six or seven million spiritual jade pieces.

Therefore, the truly good things would not be auctioned in the central, Western, and Northern islands. Even the ordinary auctions on the northernmost Island were much better than those on these three islands, not to mention the top-notch auction this time.

It was because of this that Lin Yi could only make some more pills even with his net worth of tens of millions of spirit Jade. Who knew what kind of sky-high price the soul-raising wood would fetch? the world didn't lack rich people.

"It would be best if we could get the ghost cicada wings in this auction. Brother Wang, do you have anything else you need me to search for?" Lin Yi wanted to buy it too, so he asked the king of junk what he needed. Anything that could be solved with spiritual Jade wasn't a problem.

The worn-out Wang kept the ghost Eye Eagle King wings and the other materials carefully, then shook his head and said, ""No need for the time being. I need to focus on refining your weapon and wings. I can't think too much about other things, or I might be distracted."

Shangguan LAN 'er giggled and said,"then should we just close down that small forging Pavilion you've opened?" I don't want to be distracted. "

It was supposed to be a joke, but the king of junk nodded and said, ""If I had the ghost cicada wings, I would have to close down the business for a while, but I can't do anything now, so I can only continue driving."

"Brother Wang, do you have your own?" Lin Yi asked, surprised. Not bad, not bad. Business should be good, right?"

The king of junk scratched his head in embarrassment and said, ""I don't sell them by myself. Speaking of which, it's all thanks to brother Lin that I have the opportunity to work with President Hong of the Hong Chamber of Commerce. This weapon forging Pavilion is just a place where I make some small things in my spare time and hand them to the Hong Chamber of Commerce to sell on my behalf. Firstly, it can increase my ability to forge weapons, and secondly, it can also earn some pocket money to spend."

When Lin Yi first met the king of junk, he was in such a poor state. Of course, Lin Yi only had tens or hundreds of spiritual jades at that time. At most, he was better than the king of junk.

"Isn't this good? Speaking of which, how's big brother hongzhong doing? I'm going to visit him when I come back this time. Is he still on the North Island?" Lin Yi asked about Hong Zhong. He was worried that something might have happened to Hong Zhong when they left the central island, causing the Hong Chamber of Commerce to be so hostile to him, the honorary Vice President. But from what the king said, it seemed like Hong Zhong was fine!

"President Hong is quite good, and he often mentions you. Why don't we go find him now?" After the king of junk finished speaking, he turned around and ran back to the side of the casting pool. He carefully observed the situation inside and operated the automatic casting mechanism a few times. Then, he turned around and said, "Alright, we can go now. There won't be any problems here for the time being."

Lin Yi nodded, "let's go then. I'm on a tight schedule this time too. After going to the Hong Chamber of Commerce, it's about time for me to go back to the ship."

Shangguan LAN 'er's eyes darkened a little, evidently not wanting to be separated from Lin Yi so soon. However, she quickly recovered and didn't let them find out about her thoughts. Anyway, Lin Yi promised her that he would catch up with her soon and go to the East Province together.

After the three of them came out of the cave, the king of junk closed the array formation that he had set up outside. As a blacksmith, he had to learn the art of array formation. Otherwise, he would not be able to make high-grade items. In the past two years, his understanding of array formation had obviously improved by several levels, so the array formation at the cave's entrance was quite good. At least, it could ensure that no one could enter the cave casually.

As they talked and laughed, they spent quite some time before they arrived at the Chamber of Commerce. Trash King didn't follow them in, saying that he wanted to take a look at his forging Pavilion and would come back to Lin Yi and the others later.

Lin Yi did want to see the junk King's Forge, but he didn't have much time. He didn't say anything and brought Shangguan LAN 'er into the Chamber of Commerce.
