

Bodyguard 5901

Chapter 5901 Rejected Again

"Uncle Li, I can't be sure if I can concoct the recovery pill. Brother Li said that you have the pill formula for the recovery pill. Can you let me take a look at the specific contents of the pill formula first?" Lin Yi turned around and cupped his fists.

It didn't matter who suggested it-Lin Yi wouldn't agree to it. He wanted to take a look at the recipe, and he'd use the Shennong cauldron to do some research on it.

Li zaixiang was prepared for this. He picked up a scroll and handed it to Lin Yi,"This is the recipe for the recovery pill. Nephew Lin, please take it. I've already left a copy here, so keep this one well."

"I dare not decline the elder's gift. Thank you, uncle li!" Lin Yi didn't try to be pretentious-he'd take it if he saw it anyway. It didn't matter if he succeeded or not, the recipe would still be his. He just had to accept it.

After receiving the parchment with both hands, Lin Yi opened it on the spot to take a closer look. As expected, the main ingredients and so on were exactly the same as what li Zeyu had told him. The only difference was the specific dosage.

After a while, Lin Yi kept the recipe and smiled,""Uncle Li, I've never come into contact with this pill recipe before. With a rough look, I can already feel that there are many profound mysteries in it, so I have to go back and study it carefully. For the time being, it's impossible to refine this recovery pill. "

Li zaixiang waved his hand and said, "It's fine, you can study it as much as you want. In fact, I've been injured for many years, so there's no rush at all. It doesn't matter even if it takes a year or so. Besides, we don't have any top quality recovery pills or grade seven great recovery pills on hand, so you don't need to feel any pressure. "

Lin Yi did have a peak grade recovery pill and a peak grade seven great recovery pill, but he wasn't sure if he could make them. There was no need to tell him now.

"Don't worry, uncle li," Lin Yi nodded with a smile. "I'll let you know as soon as I'm sure I can make the pill, and I'll give you an answer before the auction ends."

Li Zao Yi looked at Lin Yi as if he wanted to say something, but in the end, he just opened his mouth and didn't say anything.

After some small talk, Lin Yi used the excuse of going back to study the recipe and got up to leave. Li Zao Yi also followed and left. Li Zeyu sent the two of them to the door and went back alone. He could tell that Li Zao Yi wanted to talk to Lin Yi, so he didn't stay and disturb them.

After Li Zeyu went back, Li Zao Yi immediately said to Lin Yi, "Lin Yi, you're not saying you're going to make the pill alone again, are you?"

"Why not?" Lin Yi shrugged.

"I admit that you're indeed a genius in alchemy. You can even concoct the yin and yang pill, but the recovery pill is completely different. Even if you can do three things at the same time and do two

people's work, it's impossible for you to concoct the recovery pill alone!" Li Zao Yi's expression was very serious. When it came to pill refining, she could always put her heart into it.

Lin Yi smiled faintly. "Whether you can make it or not, it's not up to you to decide. If you want to find someone to work with, you can ask Li Zeyu to help you find one. I think there should be a suitable Alchemist on the northernmost Island who can work with you!"

Lizao Yi wasn't angry at Lin Yi's obvious rejection and said seriously, "I'm not joking with you. I can do three things at the same time, but to refine a recovery pill, it's not enough to do three things at the same time. The amount of mind and Zhen Qi required is not something you can imagine. Do you think that you can use medicinal pills to recover your Zhen Qi when you're halfway through the process? As long as there's the slightest fluctuation, the entire furnace of pills will be completely scrapped. What's more serious is that there will be signs of an explosion. Can you imagine how dangerous it is to have an explosion when your true Qi is exhausted?"

Lin Yi wasn't too worried about Qi—he had the Jade space providing him with an endless supply of Qi, so he didn't have to worry about that. But it was rare for this girl to talk this much, so he couldn't be too unreasonable.

"Thank you for your reminder, I will pay attention!" Lin Yi thanked him with a fist salute and turned to leave.

Li Zao Yi was instantly furious. How could this person be like this? She had already made it so clear to him, could it be that he still wanted to refine the pill alone?

"Hey, are you even listening to what I'm saying?" Li Zao Yi stomped his foot and stepped forward to stop Lin Yi. His face that was always calm and collected revealed a hateful expression.

Lin Yi blinked, "didn't I say I'd be careful?" Thank you for your reminder, but I'm going back now. Is there anything else?"

Li Zao Yi was speechless. She really wanted to beat Lin Yi up, but she didn't know if she could beat him up or not, but she didn't have a reason to!

Lin Yi saw that she didn't say anything, so he waved his hand and walked around her. Other things weren't important, he had to go back and study the recipe for the pill.

This time, Li Zao Yi didn't continue to chase after him. Lin Yi quickly returned to the courtyard of the five elements Chamber of Commerce. Cai Zhongyang, Wei Shen, and Marquis Jin were waiting for him. They were still a little worried when Li Zeyu pulled Lin Yi away.

Lin Yi explained the situation briefly, telling them to go back and not think too much about it. The issue at the pill Hall was settled, and the Zheng family's two were released. Everything was back to square one, and it wasn't bad.

After returning to his room, Lin Yi activated the restrictions and took out the Shennong cauldron. He entered the recipe into the automatic refining system.

"Unknown pill recipe has been discovered. There is an abnormality in the analysis. Unable to generate the pill recipe. Please confirm the accuracy of the pill recipe!" The automatic pill refining system calculated for a long time and finally came to this conclusion.

Lin Yi smiled bitterly as he picked up the recipe. There wasn't anything to be sure about-the recipe had to be real. It was just that using two main ingredients was indeed weird. No wonder the system couldn't recognize it.

After making sure that there weren't any mistakes or omissions in the data, Lin Yi activated the automatic refining system again, unwilling to give up. He wondered if the AI system evolved itself in between the two analyses. It was just like every time he refined pills. He would summarize and modify the previous pill refinement so that he could get closer to perfection every time.

It was because of this function that Lin Yi's pills produced so many high quality ones.

Elixir recipes and elixir making were obviously not the same thing. The automatic elixir making system did not have an upgrade function in this regard.

After wasting another two hours, Lin Yi had to accept the fact that he couldn't make the revival pill for now. It seemed that he could only make it after Han Jing came back and upgraded the system. As long as he succeeded once, he could make more similar types of pills.

Chapter 5902 Who's Following Who?

Since he couldn't make the recovery pill, Lin Yi could only put the Shennong cauldron away and take out the book he bought to continue studying. The night passed quickly.

"Boss! Are you free now?" After daybreak, Wei shenjin came to Lin Yi early in the morning, not knowing what happened.

"What's up?" Lin Yi asked after putting his things away.

Wei shenjin shook his head and said, "boss, it's not that I'm busy. It's Li Zao Yi from the pill Hall. She's waiting outside the door. She didn't say who she was looking for, but I guessed that she was looking for you. So, I came to ask if you want her to come in?"

Lin Yi scanned with his spirit sense and found Lizao Yi standing outside the door. If it wasn't for the fact that she had changed her dress, he would have thought that this weird girl had been waiting outside the whole night.

"I'll go take a look, you can go do your work!" Lin Yi waved his hand casually and walked out the door.

Wei shenjin scratched his head, thinking that there was nothing to be busy with so early in the morning. He might as well look for Yu Hua to stroll around the northernmost Island! That's right, I'll go and pack up first, then I'll go look for Yu Hua. It seems like boss is going to accompany that Li Zao Yi, so I'll be able to go shopping with Yu Hua alone!

Lin Yi walked to the door leisurely and waved at Fang Zao Yi, "What a coincidence, is Master Li Zao out for morning exercise?"

Li Zao Yi didn't know what morning exercise was, and she didn't want to know. She asked Lin Yi directly, "Lin Yi, have you thought it through? the pill isn't something you can make alone, it's only possible if we work together!"

"Uncle Li said that there's no hurry. Why are you in such a hurry?" Lin Yi curled his lips and looked at her strangely, "Also, why do you have to cooperate with me? Didn't I tell you that if you want to refine the

regeneration pill, the northernmost Island will definitely be able to provide you with a suitable candidate?"

Li Zao Yi said with a matter-of-fact expression, "I just want to see how you refine pills! Didn't you say that you're the pill God Zhang Liju's disciple? I wouldn't even be willing to cooperate with anyone else!"

Lin Yi didn't know what to say-so that was the problem. But what was with that "I'm giving you face, you better know what's good for you" look? Who was the one who wanted to cooperate in pill refining?

"I'm sorry, I'm naturally introverted and easily shy. I'm not used to concocting pills with others because others will feel embarrassed if they see me. I can't concoct pills at all, so I definitely can't cooperate with them!" Lin Yi shrugged and made up a story.

Li Zao Yi gritted his teeth and glared at Lin Yi. You have the face to call yourself an introvert? Shy? "Sorry?" There should be a limit to shamelessness, right?

Lin Yi scratched his chin, thinking that he'd gone a bit too far, but it didn't matter-the weird girl could think whatever she wanted.

Having said that, Li Zao Yi really had nothing to say. She also had her own pride, and it wasn't her style to continue to be entangled.

Lin Yi waved goodbye to her. He didn't want to go back to his room anymore. He had to go to the auction for today. He had a lot of spirit Jade on him, but he needed a lot of things too. He needed to prepare more.

After a few steps, Lin Yi turned around helplessly, "Master Li Zao, what are you still following me for? I already said I wouldn't work with you on pill refining!"

Li Zao Yi's face was slightly red, she glared and said angrily, "Who is following you! If you don't agree, then don't. Do you think I care? I'm also walking this way! Don't tell me you're the only one who can leave?"

Lin Yi didn't know what to say to that. He stood to the side, "I'm sorry, I misunderstood. You first!"

Li Zao Yi snorted, turned her head to look at the sky, and stomped forward.

Lin Yi chuckled to himself-this weird girl still had the temper of a kid, and it was quite interesting to look at.

After walking for a while and turning two corners, Lin Yi felt that something was wrong. Why were the two walking the same way? Wasn't he the one reminiscing about the past now?

Lizao Yi obviously noticed that Lin Yi was following her, but she was too embarrassed to say anything, so the two walked in weird ways.

Luckily, the auction house wasn't too far away from Lin Yi's house. It didn't take long for them to appear in front of him, and Lin Yi was sure that the two were heading to the same place.

The two walked at almost the same speed, and Lin Yi didn't have any intention of avoiding her, so they entered the auction together.

There was a staff member arranged by the auction house at the entrance. He asked politely, "Is there anything I can help you with?"

The auction wouldn't start for a few days, so the people who came to the auction house now were basically here to auction items or to inquire about what items were being auctioned.

"I have something to auction!"

Lin Yi and Li Zao Yi said the same thing at the same time. The timing and word count were exactly the same. The two looked at each other and couldn't help but smile, making the weird atmosphere even more obvious.

It turned out that not only was the destination the same, but even the purpose was the same. However, Li Zao Yi felt that the things they were auctioning would definitely not be the same.

"Please follow me!" The staff of the auction house said with a polite smile. He thought that the two were together, so they didn't go to different rooms.

The staff couldn't be blamed for this-Lin Yi and Lizao Yi came in together, and the way they spoke was the same as well. They even smiled at each other, and they looked like strangers. If he said they didn't know each other, the staff would dig his eyes out and step on them!

After they entered a private room, a special receptionist came over and asked, "Please take out the items you want to auction, so that we can estimate the base price!"

Lin Yi didn't say anything this time to avoid bumping into Li Zao Yi, but Li Zao Yi seemed to have the same thought. The result was that the two fell into silence at the same time, making the staff look like an idiot ...

The staff member looked up at the two of them. Seeing that they still had no intention of saying anything or taking out anything, he could only say again, "Please take out the items you want to auction, so that we can estimate the base price!"

"I want to auction a pill refining opportunity!" This time, the two of them spoke in unison again. The same timing, the same word count, and the same content!

Lizao Yi looked at Lin Yi with a weird expression and nodded, "Lin Yi, I suggest you think about it again. I suddenly feel that if we work together, we'll definitely succeed!"

Lin Yi wanted to cry, but no tears came out-he wouldn't have wasted so much time if he were working with her, he'd have to at least give his master Zhang Liju some face! The problem was that there was no way to cooperate on this matter!

Chapter 5903 Auction Opportunity

The staff member also felt that something was wrong and could only ask carefully, "Are the two of you going to auction off a pill refining opportunity together, or ..."

"Once for me, once for her. We're not together!" Lin Yi said straightforwardly. He didn't reply to her question, and his attitude said it all.

Li Zao Yi didn't say much and just nodded to the staff member.

This guy was speechless. How could two clients be brought to the same room? Who the hell brought him in just now?

Now that things had come to this, he couldn't let the two of them talk alone anymore. Fortunately, these two people should know each other, so it was barely acceptable.

"Are the two of you respected alchemists? If it's an auction opportunity, please fill in your information and base price. We'll evaluate it and decide if you're eligible for the auction. " The staff member said politely as he handed two blank receipts and pens to the two of them.

The reason why Lin Yi chose to auction the refinement chance instead of the mountain gaze pill was because he'd tasted the sweetness of it on the ancient battleship. He knew that selling the refinement chance at an auction might be more profitable than selling the pills directly. Besides, he might be able to use the pills to exchange for something he needed at some point in time. As long as it wasn't something like the recovery pill, Lin Yi didn't feel any pressure at all.

Li Zao Yi picked up the pen and started to write. She finished filling in the form in a few seconds and handed it back to the staff.

Lin Yi didn't look in that direction, but he knew what she was writing with just a scan.

Li Zao Yi wrote that it was a Mystic first level pill and below, guaranteed to be of high quality and above, and the starting price was one million spiritual Jade.

This condition was absolutely excellent. The starting price of one million spiritual Jade was like a free gift. However, the final price would definitely be more than that.

Lin Yi hesitated-he'd written down pretty much the same conditions as well, so after seeing li Zao Yi's receipt, he added a line under Mystic first class-Mystic second class and below, guaranteed to be of high quality, and the starting price was ten million.

Lin Yi had set the starting price at one million as well, but since the conditions had changed, the starting price had to change as well, so he increased it tenfold.

A Mystic second grade pill was definitely worth the starting price! When this opportunity was won, almost no one would choose to refine that 'or below' pill. They would only choose Mystic second level pills.

Li Zhaoyi looked at Lin Yi in surprise but didn't say anything. She guessed that Lin Yi's final change was to surpass her. But this guy didn't seem to be such a shallow person!

Li Zao Yi could make Mystic second level elixirs, but she didn't want to auction them off. She didn't want to change anything after Lin Yi changed it.

The guy from the auction house looked at the two's receipts and was filled with respect. These two young men and women were both Mystic class alchemists. Although they looked weird, it had nothing to do with him-he just needed to do his own thing.

"Esteemed alchemists, we accept your request. As for the bidding price, there might be some fluctuations. I wonder if you can accept our deal?" The staff member asked respectfully. After all, they were the professionals when it came to auctions. For example, Lin Yi's starting price of ten million wasn't out of the question, but it could go even higher if he lowered it a little.

"If you don't accept it, you can't go on set?" Lin Yi asked faintly. He didn't really mind, but it wouldn't be nice if the auction house just changed his base price.

The staff member quickly shook his head."Of course not. We're just making slight adjustments according to the market. It'll be more suitable for the auction. If you don't agree, we won't make any changes!"

Lin Yi nodded,"if that's the case, then don't change it. It doesn't matter what it looks like."

Li Zao Yi also expressed the same intention. The staff member of course didn't have any other opinions. He then talked to the two people about the Commission that the auction house would take. It was 10% of the transaction price, which was a relatively reasonable price. The two people didn't have any opinions.

After the deal was made, both of their alchemy chances would appear on the auction list. People who were interested would naturally see it, and they'd have a few days to prepare for the auction to start. Lin Yi and Li Zao Yi only needed to wait for the money to be collected.

Before leaving the auction house, Lin Yi took a look at the latest auction list to see if there was anything he needed. One look and he realized that he really didn't have enough spirit Jade, because he had a lot of good stuff ...

It seemed like he had to think of a way to earn more spiritual Jade these few days ...

Li Zao Yi didn't leave the auction house with Lin Yi, but went ahead first. Lin Yi looked at the list for a while and left as well. Because there were spirit sense restrictions everywhere in the auction house, he didn't notice Zheng Tian Qing, who he just let out, was in a corner far away. After he left, he went to the list and looked at it.

After looking at the latest list, Zheng Tianqing chuckled and quickly left the auction house and returned to the Zheng family's residence.

"Grandpa, second Grandpa, I saw that bastard Lin Yi at the auction house!" Zheng Tianqing said impatiently as soon as he entered the door.

Zheng Dongsheng glared at him, "so what if you saw him? what's so strange about that? I'm warning you, don't mess with Lin Yi during this period of time. He's on good terms with li Zeyu. It wasn't easy for us to get out of this situation, we can't fall again."

Zheng Dongsheng had suffered a lot during the time he was imprisoned by the North Garrison. He was a noble Alchemist. When had he ever had such an experience? Although his injuries had been healed by medicinal pills after he had been released, the shadow in his heart could not be removed in a short time.

Zheng Tianqing shrunk his neck back. He didn't want to go through those painful memories again, but he couldn't let go of the anger in his heart until he killed Lin Yi.

"Cousin, you don't have to be too careful. Let's hear what Tian Qing has to say first." Zheng dongjue waved his hand.

This time, Zheng Dongsheng had put in a lot of effort to help the two of them escape, so it was not good for Zheng Dongsheng to not give him face. He could only say to Zheng Tianqing, "Didn't you hear what your second Grandpa said? Hurry up and tell us what happened?"

Zheng Tianqing muttered something under his breath before he smiled and said, "That Lin Yi kid went to the auction house with li Zao Yi. After they left, there were two more items on the auction list. I know that one of them was posted by li Zao Yi because I heard her say it before. Without a doubt, the other one was posted by Lin Yi."

Chapter 5904 Another Plan

"So what?" Zheng Dongsheng said unhappily. Lin Yi just posted a refining auction information, what did it have to do with them?

"Grandpa, have you forgotten? We've already asked Lin Yi to make elixirs a few times on the boat-this guy must be at the end of his rope. This is his last time making elixirs in a while. And do you know what conditions he issued? A Mystic second level pill, and it's of high quality! Don't you have any thoughts about it?" Zheng Tianqing said with a hint of excitement.

Zheng Dongsheng and Zheng dongjue's eyes lit up as well. Zheng Dongsheng had just said not to mess with Lin Yi for the time being, but if there was a chance for revenge, he wouldn't miss it.

Crouching Tong, who was standing on the side, suddenly said, "Master Qing, are you saying that we should get someone to ask Lin Yi to make more pills and let him use up all his recovery pills? This might be a little difficult, but no matter what, Lin Yi will leave a chance for him to refine the pill. It's impossible for him to ruin this auction. "

Wooshan didn't really think much of the idea-not to mention how many Qi recovery pills Lin Yi had, couldn't he make more even if he ran out? To be able to use medicinal pills to recover, it meant that the medicinal pills refined once could support at least two more refinements. This kind of scheme was really somewhat ridiculous.

Even if Lin Yi really didn't have the ability to complete the auction, what could he do? At most, he would just withdraw it. In any case, the income from sending it over to ask him to refine pills these few days should be enough to make up for the opportunity at the auction, right?

However, he couldn't say much about these speculations. Besides offending Zheng Tianqing, it wouldn't change anything. After all, these were just his speculations.

"F * ck, don't worry, I'll make sure Lin Yi uses up his last chance!" Zheng Tianqing laughed.

Zheng Dongsheng was happy and quickly asked, "Tian Qing, what good idea do you have? Hurry up and tell me!"

Zheng Tianqing's face was full of pride. He laughed and said, "Grandpa, I just went to see Qian Xiaodong. Do you know what he brought this time? The ghost cicada wings! With this, Lin Yi will definitely take the bait!"

Zheng Dongsheng and the others couldn't figure out how the ghost cicada wings could hook Lin Yi. After all, this kind of thing was too rare and not many people used it, so they didn't care about it.

Zheng Tianqing didn't let them guess. He immediately smiled and said, "Grandpa, have you forgotten about the small trade fair held by ao Tianba on the ancient warship?"

At the mention of the trade fair on the ancient warship, they suddenly understood! Ghost cicada wings! Wasn't that what Lin Yi wanted to trade? However, the exchange was not successful, so Zheng Dongsheng and the others did not pay much attention to it. Now that they were reminded by Zheng Tianqing, they naturally remembered it at once.

"That's right, Lin Yi does need something like the ghost cicada wings. If we have that, we can definitely hook him!" Zheng Dongsheng's face was filled with joy. He laughed and said, "The only question is whether or not Qian Xiaodong will use the ghost cicada wings as bait."

"Don't worry about that, Grandpa," Zheng Tianqing waved his hand. "Don't forget that young master Qian and Lin Yi had a conflict before. If we tell him that we're going to use it against Lin Yi, he'll probably be even more enthusiastic than us." Besides, the ghost cicada wings are rare, but not many people need them. It's not easy to sell them for a good price, and it's good to use them to scam Lin Yi for a higher profit than auctioning them off. Young master Qian wouldn't reject it. "

Zheng dongjue smiled in agreement. "Tian Qing's idea is not bad. This matter is not dangerous to us. Whether it succeeds or not, Lin Yi won't blame us. After all, we are taking care of his business!"

"Hahaha, that's right. If we take care of his alchemy business, he might even come to thank us!" Zheng Dongsheng was in a good mood. He smiled and calculated, ""This time, we'll find someone to ask Lin Yi to make elixirs. Mystic class level two is too expensive, so we'll only need level one elixirs. With this kid's methods, they'll probably be special grade elixirs. When we auction them, not only will we not lose money, we might even make a big profit. This is a good deal!"

On the ancient battleship, the guys he found failed to find trouble with the Zheng family, and the Zheng family's investment was treated as compensation to them. This time, they learned their lesson and asked Lin Yi to make elixirs for them. There was a high chance that they could make a big profit.

She could earn money and set Lin Yi up without any danger, why not?

Zheng dongjue was very satisfied with this plan. The alchemy Hall had brought a lot of spirit herbs this time, and there were at least ten more types that could be used to refine Mystic first level elixirs. To the alchemy Hall, auctioning elixirs was obviously better than auctioning spirit herbs. He might even be able to use this opportunity to increase his reputation in the alchemy Hall.

However, after the events of the past two days, Zheng dongjue had become even more cautious. At the same time, he paid more attention to the sleeping breathing. Even though the plan seemed perfect, he still did not dare to be too at ease.

"What do you think of Tian Qing's plan? Is there anything else you want to add?" Zheng dongjue turned to look at Tong wuzhui and asked with a pleasant expression.

"Young master Qing's plan is indeed feasible!" Crouching Tong said with a smile. This subordinate didn't consider everything thoroughly just now. "

In fact, Tong wuhui still had a disapproving attitude towards this plan, but Zheng dongjue had asked if there was anything to add, which meant that it had already been decided to be carried out, so he naturally did not need to say more.

No matter what, this plan would not bring any danger or trouble to the Zheng family. Although the possibility of success was not high, what if they were lucky? Therefore, Richard decided to let nature take its course and wait and see.

Zheng Tianqing was very proud of himself. This Tong wozha had always acted as if he was extremely smart, and he had long been unhappy with him. Now that the plan he proposed made this guy speechless, the satisfaction he felt was indescribable.

"Haha, Mr. Nie, you're too kind. I thought you'd say that you weren't sure when Lin Yi's last chance would appear, and that the ghost cicada wings wouldn't be of much use!" Zheng Tianqing laughed mockingly. It was a rare opportunity, so of course he wanted to hold his head high.

Crouching Tong just smiled, lowered his head and said respectfully, "Young master Qing, you've planned everything perfectly. I'm sure you've already thought of something. I don't need to say anything about such a small matter."

Chapter 5905 Business Knocking On The Door

If Lin Yi really was limited by the energy recovery pill, it would be too easy to make sure that he didn't need to use it again. He'd wait for Lin Yi to stop accepting missions, and then he'd use the ghost cicada wings to lure him in. He didn't understand-what was there to show off when everything was clear?

Zheng Tianqing didn't know that he had been secretly despised by Tong wuhui. He was very satisfied with the respect shown by Tong wuhui. After smiling and nodding, he said casually, "Very good, since everyone thinks that this plan is feasible, let's do it. Grandpa, why don't we let Mr. Nie do the job of getting Lin Yi to make the pills? at least Mr. Nie can be of some use. I'm sure you'll be able to do a good job. "

Tong wooshan's face was calm, and he still lowered his head with a respectful look. He cupped his fists to Zheng Dongsheng and Zheng dongjue and said, "I can arrange these things, but I still need the support of the Vice Hall Master in terms of the supply of resources."

Zheng dongjue laughed. "I can rest assured with you arranging all these things. As for the resources for Lin Yi, feel free to use them. I believe that the elixirs Lin Yi makes will be enough to make up for all our losses."

"Then this subordinate will do it!" Tong wozian didn't say anything more and bowed to leave.

An hour later, a skinny old man with a bag on his back came to the five elements Chamber of Commerce's encampment and asked politely if Lin Yi had time to meet him.

Lin Yi was just thinking about how to earn more spiritual Jade when he heard Wei shenjin report that someone was looking for him and asked him to bring the person in.

As soon as the thin old man entered, he cupped his fists and bowed respectfully. "Master Lin, thank you for taking the time to see me. It's my honor to be able to visit you!"

"You're welcome!" Lin Yi smiled faintly. Please sit down and talk. May I know who your esteemed self is? Is there anything I can help you with?"

The old man looked familiar-he'd probably come here on ao Tianba's ancient ship, but they'd never met before. What was he up to?

After the thin old man thanked him and sat down, he smiled and said, "I'm sorry for being impolite. I'm the leader of the Nakajima district's Yunzhong sect, Yunxiao. I've come to look for Master Lin to ask for his help."

"So it's sect leader Yun. It's an honor to meet you. I wonder what sect leader Yun needs my help with?" Lin Yi said politely. He'd never even heard of the Yunzhong sect, let alone Yunxiao's name.

It couldn't be helped-the Yunzhong sect was only a second-rate sect on the island, and even Yunxiao was only at the peak of mid-stage nascent soul. Lin Yi would've known if he didn't go out of his way to find out.

"It's like this. Our Yunzhong sect came to this auction to obtain some cultivation resources so that our disciples can improve their strength. So, we've brought a few sets of Mystic first level spiritual herbs that the sect has been keeping for a long time. But after seeing Master Lin's alchemy skills, I would like to ask Master Lin to refine these materials into pills before auctioning them!" Yunxiao went straight to the point and didn't hide his thoughts at all, which made Lin Yi have a better impression of him.

"I'm very grateful for sect leader Yun's high regard for me. However, there is a chance of failure in alchemy. Sect leader Yun, aren't you afraid that such a failure will cause your sect to lose precious resources?" Lin Yi asked casually. He wanted to earn some spiritual jades, and it was great that Yunxiao was here. However, he had to say something first, even if he wasn't worried about failing.

Cloudsky revealed an awkward expression as he said, "To be honest, Master Lin, I'm a little worried. That's why I hesitated for a long time before coming to you for alchemy. Otherwise, I would have asked you for help on the ancient warship."

These words were reasonable. The medicinal pills that Yunxiao wanted to refine were the sect's resources, not his personal property as the sect leader, so it was normal to have concerns. Moreover, from his tone, it seemed that there were more than one or two medicinal pills to be refined, which required him to consider it even more carefully.

Lin Yi didn't ask any questions and only smiled, "Since sect leader Yun is willing to trust me, I will not decline. May I know what kind of pill sect leader Yun needs to refine?"

Yun Xiao's face was filled with joy. He took off the bag on his back and opened it, revealing six exquisite Jade boxes inside. "Master Lin, please take a look. I've already prepared six sets of ingredients for Mystic first level pills. Three of them are mountain gaze pills, two are truth restoration pills, and one is a spirit cleansing pill. As far as I know, Master Lin, you've refined these pills before. I wonder if you'll be willing to help?"

"It seems like sect leader Yun has more confidence in the pills that I've concocted. You've taken out six sets of medicinal materials at once." Lin Yi smiled noncommittally. Yunxiao might have more, but he only chose these few to make-he must have considered the success rate.

Lin Yi had made these three elixirs before, and all of them were special grade. It could be said that the risk of asking him to make these three elixirs was the lowest, and the rewards were predictable-it was a smart decision.

The clear spirit pill was made by one of the four skills on the ancient battleship. It was a Mystic first level pill that could clear the toxins in the body. This type of toxin included poison from others, as well as the toxins formed from long-term consumption of the pill. It was a very precious pill, and Lin Yi could use it for himself.

As for the recovery pill, it was a good thing to have a few more pills. Lin Yi was a little numb to the mountain gaze pill that he needed before. He wouldn't have troubled Hou Guanqi to exchange it for the mountain gaze stone if he'd known ...

Because of the mountain gaze stone, Lin Yi didn't suspect that Yunxiao was sent by House Zheng again. Of course, it didn't matter if he was from the Zheng family. After all, refining elixirs only brought benefits to Lin Yi.

Yun Xiao opened all the Jade boxes humbly. Each Jade box was divided into a small grid, and various spirit herbs were placed inside to ensure that they would not affect each other's medicinal properties before refining.

"I'm confident in whatever pill Master Lin can make. It's just that I have these ingredients with me!" Cloudsky explained with a smile. Then, he pushed the Jade boxes closer and said, "Master Lin, please take a look and see if these spiritual herbs are suitable."

Lin Yi, of course, didn't believe that this guy just happened to have all the ingredients he'd made before, but it didn't matter as long as the ingredients were fine.

Chapter 5906 Each Taking What They Need

Lin Yi nodded in satisfaction after a careful inspection. "That's right. Sect leader Yun's spirit herbs are of excellent quality. I can agree to refine pills for you, but what are your thoughts on the remuneration?"

It was true that elixirs could be sold at a price several times or even tens of times more expensive than the ingredients, but the price of hiring someone to make elixirs was not light either. If this Yunxiao couldn't give Lin Yi a price that satisfied him, Hmph ...

Of course, Lin Yi would still pick it up! For example, with three sets of ingredients for the mountain gaze pill, Lin Yi could probably make five to six pills. Even if he didn't ask for a reward, he could get two to three pills, not to mention that it was impossible for him to make it without a reward.

Cloudsky revealed an awkward smile and said, "Master Lin, our Yunzhong sect is just a small sect, so we don't have many resources. If it's possible, I hope that we can get at least one of each of these six sets of ingredients. The rest can be used as your alchemy fees, Master Lin. Is that okay?"

Lin Yi only smiled faintly, not saying anything. He just looked at Yunxiao quietly.

To him, two sets of ingredients for one pill was a huge profit, of course, but that wasn't how normal alchemists sold their stuff. It was a two to one exchange, and it was like a huge sale. Lin Yi didn't care, but he didn't want to agree to this condition just like that. It wouldn't do him any good if this got out, and he'd become The Public Enemy of all the alchemists.

Yunxiao was just testing the waters, and he knew that Lin Yi wouldn't agree to his conditions. He continued, "Of course, other than the spiritual medicine, I will also prepare six million spiritual Jade for Master Lin. Please don't think that it's too little, Master Lin!"

To be honest, the amount of spiritual Jade was indeed not much, but Lin Yi felt that it was worth it. He only made three elixirs with these six sets of materials, and the amount he got was two to three times more than the client. He even charged six million spiritual Jade. If it weren't for the market, Lin Yi would think that he was a black-hearted profiteer.

"Alright, then it's decided. Before the auction starts, I will give you the pills. Don't worry, I will give you the three pills you requested." Lin Yi didn't want to waste any more time and decided on the matter.

Yunxiao suddenly regretted it-he should've asked for a few more pills if he knew Lin Yi was so easy to talk to. If he used spiritual Jade to exchange for it, it would be a profit no matter what.

But it was too late-bringing it up would only raise Lin Yi's suspicion.

"Thank you so much, Master Lin!" Yun Xiao cupped his fists gratefully."By the way, I have a few friends who also have such needs. If it's possible, can Master Lin refine pills for them?"

Lin Yi waved his hand."We'll talk about that after you're done with your elixir. I'll decide according to the situation. You know that an elixir refiner can't always be in a state of refinement."

Of course, this was nonsense. Other alchemists were like this, but he would never have any restrictions on continuous alchemy. He said this because he didn't want to attract too much attention, even though he had already attracted a lot of attention ...

Cloudsky was secretly happy, but he revealed a regretful expression on his face. He nodded and said,""What Master Lin said makes sense. I can only hope that you can help them if possible. I won't disturb you any longer today. When you're done with your pill refining, I'll come and visit you again. "

Yunxiao placed the green and blue Spirit Jade cards beside the jade box. He hadn't started refining yet, but he'd already paid for it. Lin Yi didn't stand on ceremony and called Wei shenjin in to send him off.

Since he had nothing to do today, Lin Yi decided to go into isolated practicing. He only needed a day to make three batches of elixirs, and there was no difficulty at all in making elixirs like this.

After Cloudsky left the five elements Chamber of Commerce's courtyard, he deliberately circled the northernmost Island a few times. After making sure that no one was following him, he returned to the residence of the Yunzhong sect. Tong Wozhui had been waiting in his room the whole time.

As soon as he entered, Cloudsky cupped his fists and said with a smile, "Mr. Nie, Lin Yi has accepted the request and agreed to give us one of each type of pill."

"Thank you, sect leader Yun. If it weren't for your help, it would've been very difficult to get Lin Yi to make me pills."

"You're too kind. It's my honor to have Mr. Qu's trust." Yunxiao was not spouting nonsense. The Yunzhong sect was only a small sect, and it was indeed his honor to be able to build a relationship with someone from the Pill Hall. "Also, I've done what Mr. Nie said and tested Lin Yi. It seems like he's not planning to take on any more pill refining jobs after this."

"He's going to stop just like that?" Woken up Tong asked in surprise. "Is it because there's not enough time?"

Yunxiao naturally didn't know the answer, and Tong Woken didn't expect him to answer. After a short pause, he asked, "Did he say when he gave you the pill?"

"I did. Before the auction started, because I said from the start that I wanted to refine it into a pill to participate in the auction." When Yun Xiao said this, he could not help but ask, "Mr. Nie, why don't we let him refine the pills one by one? This way, six sets of materials will allow Lin Yi to make six times. Although there will be a lot more spiritual jades, we won't lose out. "

"The reason is complicated, but it's okay if you don't know. Anyway, thank you for this time!" Tong wohui nodded to Yun Xiao and got up to leave.

Of course, it was good to ask Lin Yi to make it again and again, but Lin Yi wasn't an idiot. It'd be weird if he didn't get suspicious if they lined up like this. It was more natural for them to ask him for it like this.

Plus, some of the ingredients were his own, not all from the pill Hall-he'd get some benefits from Lin Yi making him a pill.

Yunxiao was a little surprised, but he didn't show it. Seeing that Tong wozui was about to leave, he immediately walked him out respectfully. Anyway, he wouldn't lose out this time. He had befriended the pill Hall, got some benefits, and even got to know Lin Yi. As for the deeper reasons, it didn't matter at all.

After the second day, Lin Yi opened the door and walked out feeling refreshed. The three furnaces of pills were done long ago, and all that was left was to wait for Yunxiao to finish the task.

Wei shenjin saw Lin Yi open the door and quickly ran over, "Boss, early morning!"

Lin Yi greeted with a smile, "How have you been these two days? Are you progressing very quickly with lady Shang?"

Wei shenjin's face turned red and he said shyly, "No, Yuhua has been quite busy these past two days. He's been dealing with the matters of the Wantong Chamber of Commerce with uncle Shang, so we didn't have much time to spend together."

Chapter 5907 Lightning Escape Technique

He still wanted to explore the northernmost Island with Shang Yuhua alone, but he was already nervous about having a meal, let alone wandering around.

"I'll talk to Chairman Shang later-he can't delay your date no matter how busy he is!" Lin Yi smiled.

"Really? Then I'll leave it to you, boss!" Wei shenjin was really not polite. He actually hit the snake with the stick. As expected, men who fell in love were not reliable. He would not have done such a thing in the past.

After the chit-chat, Wei shenjin took out a Jade token and handed it to Lin Yi, "Boss, Captain ao Tian sent this over. He said it's an identity card for the private trade fair that will be held on the northernmost Island in the next two days. It's similar to the one we had on the ship last time. If you're interested, you can go and have a look. The time and place are on the Jade card."

Lin Yi took it and looked at it-there were some small words on it. This identity card allowed one to participate in three small trading conventions, and the latest one was this afternoon. It was almost time.

"Are you going to the trade fair this afternoon?" Lin Yi waved the Jade card at Wei shenjin and asked casually. This identity card allowed one to bring one person with them.

Wei shenjin thought for a while before nodding, "Then let's follow boss and experience it."

"It's okay if you don't want to go!" Lin Yi laughed. The guy was acting like he was the one who had to bring him along.

Wei shenjin chuckled dryly. "No, no. Boss, don't misunderstand. I do want to go, but I was wondering if Yuhua would go. If they go too, we can go together."

Lin Yi couldn't help but smile-the guy's mind was filled with thoughts of Shang Yuhua, and he was too deeply poisoned to be saved ...

After chatting for a while, Cai Zhongyang came out as well. The five elements Chamber of Commerce naturally had the identification card for the trade fair. He wanted to invite Lin Yi to go with him, but since Lin Yi had it himself, he could go with him.

When it was about time, hou guanqi and Hong Zhong also came. They were familiar with each other now, so they naturally agreed to go together.

This small trade fair was organized by a cultivator from the East continent, so there were many people who came. After all, people from the East continent would always have a lot of good things.

After Lin Yi went in, he realized that he'd seen the organizer before-the one who'd had an argument with him, to be exact.

Yeyue city, Yu Ziqing!

Wei shenjin couldn't help but shrink his neck after seeing the guy. He whispered to Lin Yi, "Boss, isn't that kid the dumbass we tricked once? since we've arrived at his territory today, why don't we just go back?"

"You're thinking of going back because you didn't see Shang Yuhua, right?" Lin Yi couldn't help but chide her. If you knew fear, you wouldn't have scammed him in the northernmost Chamber of Commerce. "

Wei shenjin was stunned. "Boss, you're so wise. You've even seen through this. But weren't you the one who tricked that silly boy in the northernmost Chamber of Commerce?"

"Is there? Why do I remember that you're the one who's always scamming people?" Lin Yi smiled faintly and didn't give Wei shenjin a chance to argue. He signaled for him to be quiet and entered the trading hall.

Wei shenjin could only hold it in and not say anything. His boss was always right. In any case, tricking this kid was an honorable matter. He would go back and brag about this heroic deed to Yuhua.

Yu Ziqing also saw Lin Yi and Wei shenjin in the crowd, and a trace of hatred flashed in his eyes. If he didn't know that he was the master today and couldn't do anything inappropriate, he would've ordered people to attack.

"Ladies and gentlemen, I'm Yu Ziqing, the young city Lord of yeyue city in the East Province. I'm also a disciple of Xixing Academy in the East Province. I'm very happy to have received your honor to attend the trade fair that I've organized. Now, let's officially start the trade!" Yu Ziqing made a simple opening statement and announced the start of the trade fair.

He'd prepared a lot of things to say, but he lost all interest after seeing Lin Yi and Lin Yi.

After the announcement, he gestured for his men to take out the first item for exchange. Then, he turned to the old man beside him and whispered a few words.

The old man didn't look at Lin Yi and Wei shenjin, but Lin Yi clearly felt a hidden spirit sense sweep past him. The old man was obviously an opening sect master, but in terms of strength and technique, he was still far from Lin Yi.

Lin Yi's lips curled into a cold smile-this guy was just in the beginning stage, after all, and if he thought he'd be able to take him down like that, he'd have to be prepared to lose all his teeth.

Yu Ziqing's first item wasn't bad. Things from the East continent were really sought after, and they were quickly traded away. In fact, this item could be auctioned off, but even though the auction would last for a few days, many things might not be able to be auctioned off in time. That was why there was such a small trade fair, as long as one could get what they needed.

The second item was still Yu Ziqing's item. His subordinate was introducing it,""Everyone, please take a look. This is an incomplete version of a top-notch Thunder-type escape technique. Although it only has the first two levels of the mental cultivation method, it is undoubtedly one of the most powerful escape techniques, especially for Thunder-type cultivators. As long as you can learn the Thunder escape technique, the only thing that can be faster than you is probably the legendary teleportation. Even if you don't have a Thunder spirit root, you can still cultivate it, just that the effect isn't as good!"

Lin Yi couldn't help but be moved by the introduction. He did have a lightning element attack method, but he didn't have an escape technique. If he could get this, he would be even stronger.

Although Yu Ziqing only took out the first two volumes, Lin Yi didn't really care. After all, the creation battle technique he practiced was incomplete, so it didn't matter if the lightning escape technique was incomplete.

Unfortunately, Yu Ziqing was the one who took it out, and Lin Yi didn't think he'd be able to get it even if he went to trade for it. He decided to just send a voice transmission to Hong Zhong, "Brother Hong, I'm very interested in this lightning evasion technique. However, there's a bit of enmity between me and that brat called Yu Ziqing, so I'll have to trouble you to help me exchange for it."

Hong Zhong stood in front of Lin Yi and didn't even turn his head after hearing Lin Yi's voice, as if nothing had happened. He waited for the guy to finish his introduction and smiled, "I wonder what you want to exchange this lightning movement technique for?"

The guy who introduced them looked at Hong Zhong and nodded with a smile, "The first choice is a water escape technique of the same level, and the second choice is an ice attribute martial skill of the same level. If you don't have it, please state what you can offer and see if it's enough for the exchange."

Before Hong Zhong could speak, someone else shouted, "Your Thunder escape technique is incomplete. Can the water escape technique or ice attribute martial skill of the same level also be incomplete?"

Chapter 5908 Lightning Escape Technique In Hand

Lin Yi's heart tightened. If someone asked this, it meant that they had something in their hands. He didn't know if hongzhong had a practitioner's art in this area.

Lin Yi did have some ice element skills, but they were all low level ones. They couldn't be compared to his opponent's lightning escape. In that case, it wouldn't be easy to get his hands on this skill.

The guy on the stage shook his head. "Of course it has to be complete. Although our Thunder escape technique is incomplete, it's not inferior to a complete martial skill of the same level. So, we won't accept the condition of an incomplete one."

Whispers immediately broke out below. Using an incomplete chapter to exchange for a complete escape technique of the same level was a bit of a whimsical idea. The person who had just asked the question had no intention of continuing to speak.

Unexpectedly, Hong Zhong took out a small book and said, "What a coincidence, I happen to have an ice storm martial skill here. It should be more than enough to exchange for your Thunder escape technique, right?"

"Ice storm?" Yu Ziqing's eyes lit up, and he immediately interrupted, "Is it a complete martial skill? If you are, then I agree to the exchange!"

The people below the stage looked at Hong Zhong in surprise. Those who knew him were puzzled. Hong Zhong wasn't a thunder element cultivator, and he had always been very smart. How could he be so muddled today? The ice storm was quite famous. Its value was not inferior to that of the Thunder escape technique, let alone the incomplete version of the Thunder escape technique.

Hong Zhong smiled faintly. He wouldn't explain that this was what Lin Yi wanted, of course. It was just an ice storm, what was it? Lin Yi's favor wasn't something she could get easily, so she didn't mind getting a few more.

Lin Yi, of course, knew that. He could only remember hongzhong's good intentions and repay him when he had the chance. The Thunder escape technique was very important to him, so he wouldn't stop hongzhong.

"The complete version of the ice storm, of course. Since you've agreed, let's exchange!" Hong Zhong didn't even bother to bargain. If he was the one who wanted to exchange, he might have asked the other party to take out enough spiritual Jade to make up for the difference, but since it was for Lin Yi, the more expensive the better. He even wanted Yu Ziqing to ask for a few million spiritual Jade from him.

Yu Ziqing's face was filled with joy. He didn't think he would have the opportunity to make a fortune. When he heard that Hong Zhong was willing to exchange the complete version of the ice storm for him, he agreed without a second thought. After he got it, he couldn't wait to read it.

Hong Zhong didn't give it to Lin Yi immediately after getting the lightning escape technique. He kept it and waited for the next item to trade with a calm expression. If Lin Yi still needed it, he could continue to trade for it.

Yu Ziqing had prepared a few things, but he was not in the mood to pay attention to them. After obtaining the ice storm, he was already satisfied. If he had not wanted an ice-type martial technique, he would not have fought with Wei shenjin at the northernmost Chamber of Commerce. In the end, he had spent eight million spiritual jades to buy an ordinary martial technique that cost 100000 spiritual jades.

The next few items weren't bad either, but Lin Yi wasn't too interested in them, so he didn't want to sell them.

Very quickly, Yu Ziqing's items were all traded, and all that was left was for the people who came to take turns to trade. Lin Yi didn't want to trouble two people at the same time, so he asked Hong Zhong to go up and buy the ghost cicada wings, waiting for the other party to state the conditions. Unfortunately, no one took out the ghost cicada wings to trade, so he could only give up.

They were both students of the Western prosperity Academy, so Qian Xiaodong naturally came to support them, but he came a little later, so Lin Yi didn't notice him at first. It was only when he felt the unfriendly gaze that Lin Yi saw the kid walk to Yu Ziqing's side.

Qian Dongdong had the ghost cicada wings, but after knowing Zheng Tianqing's plan, he would not take them out now. Therefore, Hong Zhong could not be exchanged for the ghost cicada wings.

The small trade fair ended as night fell, and Lin Yi managed to get two herbs for Mystic first level elixirs. He didn't come for nothing, but he wasn't planning on going to the other two trade fairs.

Most of the people who had come to the northernmost Island had already appeared in this trade fair. They had brought out almost all the items that could be exchanged, so there was no point in continuing to participate in the trade fair.

As for the identity card, Lin Yi gave it to Wei shenjin, telling him to go with Shang Yuhua next time, in case there was something good there, at least someone could bid for it.

After returning to the base of the five elements Chamber of Commerce, Hong Zhong gave the incomplete version of the lightning escape technique to Lin Yi.

"Brother Hong, thank you so much, your ice storm ..." Lin Yi cupped his fists gratefully.

"Lil bro Lin, there's no point in saying things like that. It's just a martial technique that you can't use, and you're still fussing over it with your big bro!" Hong Zhong said, pretending to be displeased. It was just a high-grade martial skill, so he really didn't take it seriously.

Lin Yi laughed out loud. "Brother Hong, what I meant was that your ice storm is a pretty good martial skill. Do you have anything similar? just give it to me!"

"Hey, you have the nerve to say that. Why didn't I see that your skin was actually thicker than mine before?" Hong Zhong was stunned for a moment before he burst into laughter.

Of course, he knew that Lin Yi was joking. The book was worth it if Lin Yi said that. If Lin Yi really wanted to argue about it, then it just meant that he was still an outsider in Lin Yi's heart.

Lin Yi's way of speaking was exactly what Hong Zhong wanted.

Cai Zhongyang and hou guanqi had a good harvest today, so they were naturally in a good mood. Everyone sat down, talked, laughed, and ate something. The atmosphere was quite harmonious.

When they were almost done eating, Yunxiao came to visit Lin Yi, and Hong Zhong and the others went their separate ways. There were still a few days before the auction started, and they had plenty of time to chat and drink.

Lin Yi brought Yunxiao back to his room and asked indifferently, "Sect leader Yun, you've come to find me so quickly. Could it be that you're worried about me?"

"I wouldn't dare, I wouldn't dare. Master Lin, please don't misunderstand!" Cloudsky hurriedly waved his hand and explained with a humble smile, "I just happened to see Master Lin returning from a trade fair and thought that I should pay him a visit. I just wanted to ask about Master Lin's alchemy skills."

"I said that I would give you the pill before the auction started. If you don't believe me, you can take it back." Lin Yi said, a little displeased. He'd already finished making the pills, but he didn't want to give them to Yunxiao so soon. It'd take at least two days for things to be more normal.

Chapter 5909 Exiting Seclusion

As for taking the things back, that was complete nonsense. The pills had already been formed, so what was left? Medicinal dregs?

Yun Xiao waved his hand vigorously again and said, "no, no. Master Lin, please don't misunderstand. When I said about the pill refining matter, I meant that my friend heard that I was looking for master Lin to refine pills for me. So, he asked me to ask if I could ask Master Lin to help refine pills for me. I told him that I've already mentioned it the last time, but he still asked me for help again and again. I didn't give him face, so I could only ask Master Lin for help."

Lin Yi frowned. "I told you, we'll talk about this after you're done with your elixir. If you really want a clear answer, then I'll tell you that before the auction starts, I won't be taking any other requests other than the elixir I promised you!"

Yunxiao was overjoyed-Lin Yi's answer was exactly what he wanted to hear. He put on a regretful face, "That's a pity. But there's no other way. Master Lin's health is the most important. You must take care of yourself. I'll go and reject my friend. I'm sorry to disturb you today. I'll take my leave!"

With that, Yunxiao stood up, cupped his fists, and bowed before leaving the room.

Lin Yi didn't stand up to send him off this time, frowning as he watched Yunxiao leave. He didn't feel it last time, but he felt weird today. This Yunxiao was really weird, coming here just to ask if he could make elixirs for someone?

Normally, since he was here, he would at least care about the progress of his medicinal pills, right? Was he afraid of offending Lin Yi? If that was the case, he shouldn't have come here at all, right?

After thinking about it, Lin Yi decided to ignore him. He wanted to study the lightning movement technique in his free time. He owed Hong Zhong a big favor, so he hoped that it wouldn't disappoint him!

The first level of the lightning escape technique, the body of the lightning!

To perform the first level of the Thunder escape technique, there had to be thunder and lightning. In simple words, it was to use the power of Thunder to perform the escape technique. As for how far the user could escape, it depended on how much power of Thunder the user could borrow.

If it was someone else, the first level of the lightning escape technique would be a useless skill. To use it, one must have lightning. Who would borrow lightning from their house every day?

However, Lin Yi didn't have this problem. He could even create a lightning punishment, so what was the big deal with the lightning for the first level of lightning escape?

After a short while, Lin Yi had completely mastered the first level of the lightning movement technique- the physical body of the lightning movement technique. Even if he saw someone using the lightning movement technique, he had a high chance of copying it, and it was much easier to learn with the genuine version.

With a random lightning arc, Lin Yi's body disappeared and reappeared on the other side of the arc. He was only three to four meters away, but the speed was like teleportation!

"So fast!" Even Lin Yi himself was stunned for a moment before he was overjoyed. This lightning movement technique was indeed powerful. If he was in a battle, wouldn't he be able to appear at any location he wanted?

The one step of heaven and earth he learned from the ancient martial world and the three appearances of Cloud Dragon had a similar effect, but Lin Yi knew that those skills were just a smokescreen. If he met a real master, he might be seen through or even counter-attacked, but the lightning escape was completely different. How strong would a practitioner have to be to catch that speed that was like teleportation?

Especially when Lin Yi used a wide-range skill like lightning burial, who would be able to find him?

The only regret was that the first level of the lightning body wasn't completely untraceable. He could only use the trajectory of the lightning to move, so the direction was the same as the lightning. Lin Yi could indeed determine the Lightning's target when he attacked, but he couldn't change it after using the escape technique. If someone could see where he was going to attack, they would have a chance to defend against it no matter how fast the lightning escape technique was.

The good thing was that Lin Yi's lightning movement was incomplete, but he still had the second stage of the technique, which allowed him to control lightning with his body!

The second layer could be said to make up for the first layer's missing part, allowing Lin Yi to change the direction of the lightning as he wished. Of course, the chances of changing it weren't very high, as the energy of the lightning couldn't be maintained for long-it would disappear in the blink of an eye.

After training for a while, Lin Yi mastered the technique of controlling lightning with his body. A lightning arc appeared in the room again, but this time, after Lin Yi disappeared, the lightning arc changed direction twice before disappearing.

Lin Yi revealed himself and couldn't help but clench his fist and wave it. Success! Even though the incomplete lightning escape technique only had these two levels of mental cultivation methods, it was enough for him.

Originally, he could already challenge those of higher levels. Now that he had the Thunder escape technique, he was even more confident. Even if he encountered someone he couldn't defeat, he could escape if he wanted to.

The biggest use of the lightning escape technique wasn't to teleport in a battle, but to travel in a straight line. If he used the natural lightning in the sky, it wouldn't be hard to travel a thousand miles in an

instant. Lin Yi wasn't strong enough yet, and the lightning arcs he created could only cover a hundred meters at most. If he used it to escape, not many could catch up to him.

Lin Yi was just about to celebrate when the damn thing in the Jade space spoke up, "Kid, you're quite lucky to have obtained the lightning movement technique! Even though it's only two levels, it's still very rare. "

"Senior ghost, you've come out of seclusion!" "Did you gain a lot from your closed door cultivation?" Lin Yi smiled, pleasantly surprised.

"It's alright. Unfortunately, the soul quenching pill is useless to me for the time being. I'll wait until you get the soul nurturing wood and let this old man take care of it." The ghostly thing sounded like he was in a good mood. It seemed like the effects of his closed-door cultivation this time were pretty good.

"Don't worry, I'll definitely get the soul raising tree! We're not lacking in spirit Jade now!" Lin Yi's tone was like a nouveau riche 's, but he quickly changed the topic and asked about the lightning escape technique, "Senior, you know about the lightning movement technique, right? Are there the next few levels?"

"No, I didn 't!" The demonic thing replied straightforwardly, "I don't know the lightning escape technique, so do you think I have the mental cultivation method after that?" Could it be that whoever knows the name of the lightning movement technique will definitely understand it?"

Lin Yi didn't know what to say-things were things, after all, not omniscient. He could only go for the next best thing, "Then do you know how many levels there are in the lightning escape technique?"

Without a specific heart technique, at least he knew how much he was missing. At least he had a direction to work hard on.

Chapter 5910 Things Are Strange

The demonic thing laughed. "I don't really remember how many levels there are, but the third level should be combining the body with lightning, and the fourth level should be combining the body with lightning. As for whether there are any more levels after that, well ... I don't remember!"

Lin Yi chuckled to himself. What did it mean it didn't remember? it obviously didn't know. He didn't want to expose the thing, so he thought about the information he got from it.

"Lightning with the body, lightning with the body." Although the incantation for the third and fourth levels was gone, he could roughly guess the direction of his future development from the name.

Lin Yi's heaven's fortune battle tactics and his omnipotent true Qi were best at copying other people's skills, and his deduction ability was needless to say. Once he had a direction, he might not need the chant at the back-he could create his own suitable practitioner's Arts to perfect the lightning escape technique.

"Senior ghost, it's good to have you around. I feel like I've gained a lot just by listening to you brag!" Lin Yi said with a face full of emotion. This was the truth-if there were ghosts in the ancient martial world, he'd have a much easier time.

"What nonsense are you talking about, you brat?" the thing said unhappily. "When did I brag?" This is simply preposterous!"

"Senior ghost, you're not focusing on the right thing. Shouldn't you be in tears after hearing the first part?" Lin Yi laughed. It wasn't bad to talk and laugh with these things when he was in a good mood.

"If I could have tears in my eyes, why would I still need you, little brat?" The damn thing couldn't help but curse. As Lin Yi got stronger day by day, his body's recovery was also quite gratifying. Perhaps it wasn't impossible to rebuild a body. In terms of mood, he was even better than Lin Yi!

While the two were talking nonsense, Wei shenjin reported from outside the door, ""Boss, someone's looking for you. He says he has something important to tell you!"

Lin Yi used his spirit sense to scan the area. There was indeed a young woman at the entrance-it was probably the person Wei shenjin was looking for, but Lin Yi didn't know who she was. What important matter did she have?

If he wasn't in a good mood, he wouldn't even bother with this young woman. Right now, it didn't matter if she had something important to tell him.

"Invite her in!" Lin Yi said as he opened the door and walked to the living room. It'd be inconvenient to see a girl in the room.

The woman came in quickly and saluted respectfully when she saw Lin Yi. "NAKAJIMA TAKASHI sect's right Guardian, Hua Lianxin, greets Master Lin."

"So it's protector Hua. Please sit down and talk." Lin Yi nodded politely and extended his hand for her to take a seat. This was another small sect he'd never heard of before, but he couldn't be impolite since she was a guest.

"Thank you, Master Lin." Hua Lianxin smiled gently and sat properly below Lin Yi. She said respectfully, "I've come to visit Master Lin so late because I have a favor to ask of you. "

Lin Yi raised an eyebrow, a strange feeling rising in his heart. Why did this scene feel so familiar?

Lin Yi smiled before Hua Lianxin could continue, "Protector Hua's so-called important matter can't be that you want to find this Lin to refine pills, right?"

Hua Lianxin was slightly stunned. She then said sweetly, "Master Lin's eyes are really sharp. I wanted to ask Master Lin to help me refine a furnace of pills. Because I've seen the quality of the pills that Master Lin made on the ship, I've finally managed to gather all the spiritual herbs I needed in the past two days. As for the cost of the pill, please state your price, Master Lin. Although the hundred flower chapter is a small sect, we do have some savings in terms of spiritual Jade. "

Lin Yi smiled faintly. "Protector Hua, you're late. I've already promised to concoct pills for someone else. Before the auction begins, I won't concoct pills for anyone else. If you can wait, you can go to the heavenly elixir Pavilion to find me after you return to the middle Island. If you can't wait, you can go to the alchemy Hall's Grandmaster li Zao Yi and try. Of course, you can also participate in the auction. I'll have a chance to concoct pills on the northernmost Island. As long as you win the auction, you'll be able to do it before the auction ends. I'll definitely be able to refine pills for you. "

Hua Lianxin could not hide her disappointment. She shook her head and said, "That's too late. I hope to be able to get the pills I need before the auction starts. Master Lin, I wonder if you can make an exception and help me refine the pills first. The cost is negotiable. I wonder how much spirit Jade the previous person who asked you to help me with paid? our hundred flower chapter can pay double the amount."

Lin Yi's face darkened as he replied coldly, "Protector Hua, do you think that I'd do something treacherous for the sake of your spiritual Jade?"

"Master Lin, please forgive me. Lianxin has misspoken!" Hua Lianxin quickly stood up and bowed in apology, "You know that's not what I meant. I just didn't think it through and said something wrong. I hope Master Lin doesn't mind."

Lin Yi hmped softly, "Don't mention this again. Please go back, Guardian Hua. If you want to refine pills, consider my previous suggestions. I won't see you out!"

Hua Lianxin smiled bitterly, "Master Lin, is there really no room for discussion?" I don't expect you to make it for us first. Even if you're free after you've completed that person's request, we're willing to pay you three times the market price. I wonder if Master Lin would consider it. "

If it was before Yunxiao came, Lin Yi would've agreed to such good conditions, but Hua Lianxin followed him not long after Yunxiao left. First, it was hard for Lin Yi to say yes to Hua Lianxin after rejecting Yunxiao, and second, this whole thing was strange. He didn't want to follow others 'rhythm before he figured out the reason.

"Protector Hua, say no more. Please leave!" Lin Yi's attitude was firm-he wouldn't agree to it no matter what.

Hua Lianxin could only leave helplessly. Lin Yi didn't know if she was really feeling regretful or not.

"Why didn't you agree to refine pills for her? this kind of benefit is delivered to her door, why not take it!" After Hua Lianxin left, the ghastly thing said with a strange laugh.

Lin Yi shook his head,"this is a little weird. Senior ghost, do you think it's necessary for Hualian Xin to spend three times the market price to make a pill?" Even if he auctioned it, he might not be able to recover the loss of this pill refining fee, right? It's impossible for her to know the quality of the pill I've refined, so it's not strange even if it failed. If it were me, I would definitely not do this. "
