Chapter 5911 The Last Test

"If she's in a hurry to use it herself," he continued after a pause, "with her current strength, she won't need a Mystic first level pill at all. A golden sixth level pill would be enough for her. There are many people on the northernmost Island who can refine this level of elixir. There's no need to come to me to refine the elixir. "

"So what? Are you stupid? "I don't care if she's up to something or not. Now that she's offered me some benefits, I'll just take them first. Have you forgotten a saying in the secular world?" When the Cannonball comes, peel off the Cannonball and eat it, then hit the Cannonball back! That's right, right?" The damn thing said, exasperated. If he could, he'd even ask Lin Yi to get Hua Lianxin back.

"Alright, senior ghost, stop joking with me. Help me analyze what's so strange about it." Lin Yi didn't know whether to laugh or cry. Since the damn thing was out, he might as well let him use his remaining energy.

The demonic thing stopped talking nonsense and said after a short pause, ""Actually, it's good that you're doing this. If this Hua Lianxin is really sent here by someone, there will definitely be a next time after you reject her once. The next time, the offer may be even higher. As long as it's not an offer you can't reject, then continue to reject it. Let's take a good look at what the person behind this wants."

It was different with the thing around. Lin Yi thought so himself, but his thoughts were clearer when the thing spoke.

The easiest way was for Lin Yi to follow her and see if she was meeting or discussing with anyone. As long as he could hear something, everything would be clear.

Unfortunately, the buildings on the northernmost Island all had restrictions that prevented spiritual sense from probing. Although it was easy for Lin Yi to break it open by force, it was Li Zeyu's territory after all. It would be too disrespectful to do so, so he didn't even mention tracking her. Perhaps Hua Lianxin really just wanted to ask him for help in refining pills?

Hua Lianxin's words were natural, and there weren't any flaws in her actions. If it weren't for the coincidence that she was with Yunxiao, Lin Yi wouldn't have suspected her. The facts proved that her suspicion was reasonable.

After returning to the Hundred Flower Chapter's base, Tong Wochong was also waiting for Hua Lianxin. After hearing her report, he immediately left quietly to find the three Zheng family members.

After Zheng Dongjue heard the situation, he said with a smile, "F * ck, you're saying that Lin Yi has already rejected requests for refinement? Very good. It seemed that he had used up all the pills for recovering true Qi. Now, there was only one chance left for the auction. We can carry out our plan now!"

Zheng Dongsheng looked at his grandson and said, "Tian Qing, did you buy the ghost cicada wings?" "I'll have to rely on this thing next."

"Don't worry, Grandpa, I've already bought it!" Zheng Tianqing raised his head proudly, but his heart was hurting. The ghost cicada wings were originally planned for Qian Dongdong to use against Lin Yi, but in the end, Qian Dongdong only agreed to let Zheng Tianqing use the spirit Jade to buy the wings.

Damn it, that bastard Qian Xiaodong had said something about a friendship price, but in the end, he had directly offered a sky-high price of 25 million Yuan. He even had the face to say that the friendship between the two of them was priceless. Such a low price was only given on account of Zheng Tianqing.

Zheng Tianqing felt like he should jump off a building at this price, but in order to deal with Lin Yi, he had no choice but to grit his teeth and buy this precious 'friendship'. Fortunately, his Zheng family was an alchemy family, one of the most profitable families. Otherwise, this damn ghost cicada wings would've made him go bankrupt.

Zheng dongjue said to Tong wozhui with a pleasant expression, ""Sniff, when do you think it's best to use the ghost cicada wings to lure Lin Yi into attacking again?"

"Second Grandpa, of course it's better to do it immediately!" Zheng Tianqing said, a little displeased. I was the one who designed this plan, and I was the one who brought back the ghost cicada wings. Shouldn't I be the one to make the decision?"

"Tian Qing, how can you speak to your second Grandpa like that?" Zheng Dongsheng glared at him and said. Then, he turned to Zheng dongjue and said, "This kid's temper is like this, don't bother with him."

Zheng dongjue laughed and said, "how could that be? cousin, you're thinking too much. What Tian Qing said makes sense. He should be the one to grasp the timing. I just wanted to let the crouching breath express his opinion so that we can make up for what we missed."

Zheng Tianqing's face looked much better. He immediately said, "Second Grandpa, my tone just now wasn't very good, please take it to heart. Crouching Tong, my second Grandpa is asking you, do you have any thoughts?"

Tong woyin lowered his head and said respectfully, ""I think we can test Lin Yi again. We've already asked for three times the market price, so we'll ask for five times this time. If he still doesn't agree, then we'll be sure to save it for the auction."

"Alright, let's do that!" Although Zheng Tianqing felt that it was a little indecisive, he had spent twenty-five million spiritual Jade to buy the ghost cicada wings. He did not dare to waste them. After all, it did not matter if he confirmed it one more time.

Zheng Tianqing thought for a moment before he continued, "Since we're testing the waters, why don't we just ask for ten times the price? there's not much difference between three or five times the price. Ten times the price is more impactful!"

"Master Qing, if we pay ten times the price, we won't be able to earn much even if we're sure that Lin Yi can make special grade elixirs. Plus, he might get suspicious if we do that. After all, ten times the price is more than enough to buy his refining opportunity at the auction," "I'm sorry," Tong Wosen reminded him. This was his duty as a subordinate. As for whether Zheng Tianqing would listen to him or not, it was not within his control.

Zheng Tianqing felt that what Tong wuhui said made sense, but he would not admit his mistake, so he sneered and said, "Maybe Lin Yi left behind the ability to make pills more than once? Without enough benefits, we might not be able to move him, so we have to offer him a price he can't refuse. "

"Young master Qing is right. I didn't think it through." Tong woyin admitted his mistake, but a trace of disdain flashed across his face, which no one could see.

Zheng dongjue tried to smooth things over, "Tianqing has a point, and so does the slurp. In my opinion, we should compromise. Since we offered three times the price before, we'll offer six times the price this

time. It's twice the price last time, and it's enough to attract Lin Yi's attention. As for ten times, it's a bit too much, and it'll easily attract Lin Yi's attention and suspicion. Six times is about right."

"My co-rental lady" could be found on QQ reading and QQ Browser.

The Tang sect's poison doctor had returned to Huadu but had become the tsundere young miss 'co-rented bodyguard!

"Vicious bestie, pure School Belle, hot policewoman, sexy female cat burglar, all of them are sticking to me ..."

Chapter 5912 News Of The Ghost Cicada Wings

With a way out, Zheng Tianqing did not insist on his own opinion. He nodded and agreed, "Second grandpa's right, then it's decided. Wooshan, I'll leave this to you. Give me a reply as soon as possible so I can arrange the next thing."

"Yes, young master Qing. I'll take my leave first!" Tong wuhui said calmly, then bowed to Zheng dongjue and Zheng Dongsheng and left.

In any case, it was just an insignificant plan. Cheng Gu was happy to lose, but he was also happy to lose. He would just do as they wished! Crouching Tong thought to himself as he quickly disappeared into the night.

The next morning, Wei shenjin reported to Lin Yi, ""Boss, Hua Lianxin from the hundred flower chapter came to see you again. Do you want her to come in?"

Lin Yi's lips curled up into a smile as he expected it. He nodded faintly, "She's a guest. Please invite her to the living room."

What kind of price would they offer today? Would there be any follow-up after the rejection? Thinking about it, he was looking forward to it.

He came to the living room to see Hua Lianxin already there, greeting Lin Yi respectfully. "Master Lin, I'm really sorry to disturb you so early."

"Protector Hua, if you feel embarrassed, don't come so early next time!" Lin Yi said casually, making it hard to tell if he was joking or being serious.

Hua Lianxin choked for a moment and felt a little awkward. She could only smile and say, ""Master Lin is a magnanimous person. I don't think he will hold it against me. "It's like this. Last night, I went back and discussed it with the leader of the hundred flower chapter. Because this pill is very important to our leader, we must get it before the auction. For this, we are willing to increase the cost of refining the pill to six times the market price. This is the limit we can afford. I hope that Master Lin can consider it carefully. "

Six times the price was a sky-high price, but Lin Yi didn't even bat an eye. He said calmly, ""Protector Hua, I think I've already made myself clear yesterday, so I don't want to repeat myself. If you've only come to say this, then you can leave now."

Hua Lianxin suddenly smiled. "Master Lin, please don't be anxious. Since you're still willing to see me, it means that this matter can be discussed. Let's have a good chat. Perhaps we can reach an agreement while seeking common ground while reserving our differences?"

Lin Yi looked at her with a smile, "Is there anything else you'd like to say, protector Hua? I've already said that I won't sell anything before the auction, so there's no point in raising the price. If you really have a lot of spiritual jades, you might as well go to the auction and buy my chance to refine pills. By then, I can even make you a Mystic level two pill, let alone a Mystic level one pill. "

"Master Lin, you're going to auction off a chance to refine pills too. Why don't you just sell it to me? As long as the hundred flower chapter has it, we'll definitely give it to you in full. " Hua Lianxin's eyes turned and she gave this rather reliable suggestion with a smile.

If Lin Yi only wanted to get some spiritual Jade, then this suggestion was pretty good. It didn't matter how much he earned, it was all the same.

Lin Yi didn't say anything, only smiling faintly. He looked at Hua Lianxin, signaling that there was no room for discussion.

"Alright, alright. I understand what Master Lin means!" Hua Lianxin raised her hand in defeat. Then, she narrowed her eyes and smiled like a fox. "Master Lin, I have a piece of information regarding the ghost cicada wings for you. I wonder if you would agree to refine a pill for me?"

"You have news of the ghost cicada wings?" Lin Yi really didn't expect to hear the words "ghost cicada wings" from Hua Lianxin's mouth. Although it was just a piece of news, it was enough to move him.

"That's right, it's the ghost cicada wings. Master Lin, didn't you ask to buy Ghost cicada wings on the ship? Are you interested in knowing how to find the ghost cicada wings?" Hua Lianxin said confidently, as if she'd already known that Lin Yi would agree.

"Boy, just agree to her request. It's just alchemy, you won't suffer any losses." The ghastly thing couldn't help but say. With the information on the ghost cicada wings, it would be much easier to obtain them. It was much better than not having any target at all.

As for whether or not Hua Lianxin was planning something, the bastard couldn't tell. No matter how he looked at it, she was giving benefits to Lin Yi. If she was planning something, could it be that this beautiful lady wanted to pursue Lin Yi? If that was the case, the ghost felt that there was no harm in conspiracies like this.

Lin Yi didn't reply but squinted his eyes at Hua Lianxin and smiled, "Guardian Hua, since you have information about the ghost cicada wings, it must be on the northernmost Island. Even if you don't tell me, I have a great chance to find out, right?"

"So what?" Hua Lianxin was still smiling, as if she didn't care if Lin Yi could find out anything.

Lin Yi shrugged. "Nothing much. It's just that if you tell me about the ghost cicada wings now, I'll owe you a favor. If you need to make elixirs in the future, I'll make the arrangements first. If you don't tell me, I'll have to investigate it myself. No matter what the result is, it'll make me hate you and your hundred flower chapter. Not to mention making elixirs for you, even the sky elixir Pavilion in Middle Island will put you on the unwelcome list. Guardian Hua, which choice do you think is more suitable for you?"

Hua Lianxin's face changed-she didn't want to offend a genius Mystic like Lin Yi, and even make a strong enemy for the hundred flower chapter.

Lin Yi's words were not a threat, but a fact. Because of this, Hua Lianxin would not take it lightly.

However, this woman wasn't a simple person. She immediately showed a sweet smile and said,""Master Lin, you're such a Joker. Actually, when I mentioned the ghost cicada wings, I had to tell Master Lin about it. It doesn't matter if you refine pills for us or not. It's a great deal to exchange information for Master Lin's friendship!"

"It's a favor!" Lin Yi corrected with a smile. Getting his friendship with information was too cheap.

"If there's a favor, there'll naturally be friendship!" Hua Lianxin laughed nonchalantly. Initially, she wanted to try and see if she could get a chance to refine pills. It seemed like there was no hope. However, it did not matter. She did not expect to get it anyway.

Hua Lianxin did not waste any more time and said,"Master Lin, according to the information that the hundred flower chapter has received, there will be a small trade fair this afternoon. Someone will be taking out the ghost cicada wings to trade for them. If you are interested in the ghost cicada wings, you must not miss the small trade fair this afternoon. This news is absolutely reliable!"

Chapter 5913 Fighting For Merit

Lin Yi blinked. The ghost cicada wings would appear in a small trade fair? He had participated in the auction twice, but he had never been able to get the ghost cicada wings. Why did they appear on their own this afternoon?

Could it be that someone new had just taken it out? Then how did Hua Lianxin receive the news?

Lin Yi was still a little confused, but he didn't mind her leaving. He just waved her away.

Yesterday, he was just about to say that he wouldn't be going to the small trade fair anymore, but he didn't think that he would have to go there again today. No matter what, the ghost speed wings were something he had to get. With the ghost speed wings and the lightning escape technique, even if he met a Super Master of the sea Rift stage, Lin Yi didn't think that he would lose. If he couldn't win, he could just run!

"Senior ghost, have you noticed anything strange about this Hua Lianxin?" Lin Yi shook his head and decided to ask the thing if it knew anything about the conspiracy.

"Yes, I'm sure of it!" The ghastly thing said solemnly.

"What is it?" Lin Yi thought to himself that the older the wiser-he himself didn't notice anything wrong.

"This woman has taken a fancy to you! You'd better give in to her!" The ghastly thing said very seriously. In the end, it couldn't hold it in anymore and began to laugh strangely.

Lin Yi's mouth twitched-he suddenly felt that this thing was pretty good in isolation ...

"Alright, stop joking around. Let's talk about serious matters!" Lin Yi said helplessly. Hua Lianxin was pretty, but she wasn't his type. Wait, what was he thinking? he was being led astray by the ghost!

The ghastly thing stopped laughing and said,""Well, there is one strange thing. She really wants you to refine pills. It doesn't seem to be accurate. She has been testing if you can continue to refine pills before the auction. Do you understand what I mean?"

Lin Yi's eyes brightened-he'd been confused as well, and he had an idea after being pointed out like that.

"Senior ghost, you think that Hua Lianxin and Yunxiao are actually on the Zheng family's side, right? These guys gave me a lot of spiritual jades and elixirs on the ancient warship, and they're here again? How could there be such a good person in this world? Next time, when you beat them up, you must be gentler!" Lin Yi laughed. He wasn't sure yet, but it was most likely the case.

On the ancient warship, although the ghost was in seclusion, he still knew some things that happened, so he could connect the two together.

To be honest, Yunxiao and Hua Lianxin's acting skills were much better than the four idiots back then. Lin Yi almost didn't notice their flaws.

"That's why I said you should take it all. You saved them the pills and spiritual jades that were given for free. What a prodigal!" The ghostly thing mumbled, but Lin Yi pretended not to hear it.

A moment later, Tong wuzhui returned to where Zheng dongjue and the others were. Hua Lianxin had already disclosed the information of the ghost cicada wings to Lin Yi according to his instructions. Now, it was Zheng Tianqing and the others "task. As long as he informed them, the mission was completed.

Before Zheng Tianqing could finish listening to the referee's report, he was furious."F * ck you, I've said it before, I'm the one who decides when to use the ghost cicada wings. What's the meaning of this trade fair?"

Zheng dongjue seemed to have a lot of trust in Tong wozui, so he tried to smooth things over, ""Tian Qing, don't be so excited. Let's hear the reason for the deep breath first. I believe that he won't do it casually. Isn't it?"

Crouching Tong smiled and bowed, ""Thank you for your trust, vice Hall Master. I just thought it was more appropriate to do so. I'm really sorry for not being able to inform young master Qing in advance."

"You think it's more appropriate?" Zheng Tianqing sneered and slammed the table. "Then do you think you're more suitable to be the boss here?"

His words were a little harsh, and Tong wozian quickly said to Zheng dongjue, "Vice head, that's not what I meant. I just think that if we simply raise the price of Lin Yi's pills, or even take out the ghost cicada wings, it'll definitely make him suspicious. Once he's alerted, it'll be extremely difficult for him to use the auction as an opportunity. For now, let's release the news of the ghost cicada wings first, and when the trade fair comes, he'll have to agree to the conditions of the pill if he wants it. By then, he won't be able to go back on his word even if he wants to, unless he's willing to give up the ghost cicada wings!"

Zheng dongjue went through these words in his mind and immediately clapped his hands and laughed. "Good! Well said! If he went to Lin Yi's house and asked for the ghost cicada wings, he might reject it, but if it was the trade fair, he'd have no choice but to do it! Otherwise, the entire northernmost Island would know his bad nature, and it wouldn't matter if he had the opportunity at the auction or not!"

Zheng Dongsheng also nodded in agreement. Although he didn't say anything, he felt that what Tong woken did wasn't wrong. Letting Lin Yi take the initiative to trade was a great move.

Zheng Tianqing was the only one left. He saw that his two grandpas didn't object, so he naturally couldn't say anything more. He could only stare at the referee with hatred. This bastard was just a servant. How dare he steal the credit from his master?

Zheng Tianqing was the one who had planned this plan, but at the last moment, this bastard had jumped out and taken the credit. It was as if he had eaten a fly. It was so annoying!

"Tian Qing, you'll arrange for someone to lure Lin Yi into the trap at the trade fair this afternoon. Since he wants the ghost cicada wings so much, why don't we just let him make a Mystic second level pill? we've made him so much money, it's time for him to return some to us." Zheng Dongsheng was still very concerned about his grandson. Seeing that he was not in a good mood, he appointed him to do this.

Zheng Tianqing glanced at the referee and nodded. "Grandpa, don't worry. I know what to do. I'll make sure this is done perfectly, just wait for Lin Yi's show!"

Tong wozhan left calmly. He didn't want to get involved in the rest of the matter from the start, and it was best if Zheng Tianqing took over. The plan was going to fail nine out of ten times, and in that case, he might as well go back and think about other ways to deal with Lin Yi.

Soon, the afternoon's trade fair began, and Lin Yi went with the others. This time, Shang Wanyi and Shang Yuhua were finally going as well. Wei shenjin's mood immediately rose by several times. As expected, he would only be excited when Shang Yuhua was around!

Chapter 5914 The Conditions Of The Exchange

Lin Yi wasn't interested in who was hosting the trade fair. His only goal was to get the ghost cicada wings, and he ignored everything else.

Hong Zhong and the others had made a few moves and obtained some things that they were interested in. In this kind of trade fair, everyone's items were basically private. Whether it was the Hong Chamber of Commerce, the five elements Chamber of Commerce, or the Wantong Chamber of Commerce, non-private items would only be auctioned and would not be traded in this kind of trade fair.

The trade fair had been going on for about two hours, and Lin Yi was starting to get worried since he still hadn't seen the ghost cicada wings. He wondered if Hua Lianxin had received the wrong information, or if she was just spouting nonsense to get Lin Yi's gratitude. After all, without the ghost cicada wings, she could use it as an excuse to say that the other party had changed his mind.

But just as Lin Yi started to lose his patience, the ghost cicada wings finally appeared!

A man with a hood that covered his face appeared on the trading platform. He took out a Jade box and said, "A pair of ghost cicada wings in exchange for a henna pill!"

There was a sudden uproar below the stage. Everyone thought that this guy was crazy. He actually used a pair of ghost cicada wings to exchange for a sea acceptance pill. Wasn't this too whimsical? No wonder he was wearing a hood. He knew that it would be embarrassing!

Lin Yi scanned with his spirit sense, but he couldn't get it into the hood. It seemed like this thing could also prevent the detection of spirit sense, but the effect wasn't very good. As long as Lin Yi wanted to, he could destroy it at any time. Unfortunately, the ghost cicada wings belonged to the other party. If he wanted it, he couldn't just mess around like this!

"My friend, the ghost cicada wings are rare, but in terms of value, they're not even one-tenth of a henna pill, right? You're not being sincere with your offer!" Someone in the audience could not help but complain.

This kind of trade fair was an occasion where everyone exchanged things with each other. Even if the value of the items exchanged was not equal, the difference would not be too ridiculous. Such a high price on the stage was simply breaking the rules of the trade fair, so it would cause dissatisfaction.

The man with the hood said coldly, ""If you're not willing to exchange, then shut up. No one is forcing you to exchange!"

The person who spoke earlier was speechless, because what he said was right. The trade fair was about willingness, and no one would force you to trade.

However, Lin Yi was reminded by the person. He really wanted the ghost cicada wings, but this price was too outrageous. He didn't have any more hyna pills, and even if he did, he'd have to think about it.

The demonic thing laughed."Kid, the guy on the stage seems to be here for you. He knows that you want the ghost cicada wings. That's why he deliberately offered a high price."

"Senior ghost, do you think that this guy is also in cahoots with cloud flower and Lotus Xin?" Lin Yi smiled. He had the same thought as well, and if the ghost was thinking the same thing, then he probably wouldn't be wrong.

"You'll know if it's true or not if you keep watching,"the ghostly thing chuckled.

Lin Yi didn't need the thing to tell him what to do-he didn't have the hynadan he wanted anyway, so he decided to just wait and see.

The man in the hood on the stage waited for a while before he said coldly, "I heard that someone wanted to buy the ghost cicada wings, so I took this out. I didn't expect that a mere hyna pill would be enough to scare them. I can only say that the person who wanted to buy the ghost cicada wings wasn't very determined to buy this thing!"

Many people who knew Lin Yi couldn't help but look at him. After all, he had publicly asked to buy the ghost cicada wings on the ancient warship. As for the trade fair later, when Hong Zhong came out to buy it, everyone knew that it was Lin Yi who asked for it.

"See, they're really coming for you!" The ghastly thing said as if it had expected this.

"That doesn't mean he's with Yunxiao. I'll test him first." Lin Yi smiled faintly.

After talking to the ghost, Lin Yi raised his voice, "I do want the ghost cicada wings, but I don't have the hyna pill. Do you think you can trade it for something else?"

"You're the Lin Yi who got the chance to refine Mystic second level pills at the auction, right? If it's you, you don't need a finished product. I can provide the materials, and you can make a welcoming sea pill for me, then the ghost cicada wings will be yours!" The hooded man on the stage said unhurriedly, and the conditions for the exchange instantly dropped by several times.

A finished henna pill and an elixir were two completely different things, not to mention that he was providing the elixir himself-all he had to do was make the elixir.

"Hehe ... We're indeed in cahoots!" "I don't know what they're trying to do," Lin Yi said with a smile, "are they really trying to get a hyna pill?"

"Silly boy," the ghostly thing laughed. "I guess those idiots think you're relying on some external force to keep refining pills, so they keep testing if you can continue to refine pills. Then they will use the ghost cicada wings to lure you to make a move. The opportunity at the auction will be wasted!"

Lin Yi blinked, finally understanding that the ghost's guess might be true. He'd never had such concerns, so he didn't think about it. The truth was usually that simple!

After thinking it through, Lin Yi didn't know whether to laugh or cry. He did rely on external forces to make elixirs. Whether it was the endless Qi in the Jade space or the consumable essence spirit from the soul-hooking hand that could directly turn into the fire, they didn't belong to him. However, these things couldn't be used up. He could only say that these people were very stupid and naive if they wanted to use up all of his opportunities to make elixirs.

"Do you regret it? I should've told you to accept the pill refining commissions that were delivered to your door. Those are all spirit Jade!" The ghostly thing said with a strange laugh, but it was just a casual remark.

Whether it was him or Lin Yi, they both knew that if they kept accepting requests, the ghost cicada wings would never appear. It was because of Lin Yi's decisiveness that they used the ghost cicada wings as bait.

It only took a moment for Lin Yi to figure out the cause and effect of the interaction with the ghost. He smiled faintly and said to the hooded man, "It's not that I can't concoct the accept sea pill, but I need time. The auction is about to begin, can we trade after the auction?"

"Of course not. If you agree to make the pill, you have to do it before the auction starts, or else ..." The man rejected Lin Yi's suggestion. After the auction? It's already too late. All the hard work and design were for nothing!

Chapter 5915 Who's The One Fishing?

"That means the deal can't go on!" Lin Yi interrupted, shaking his head.

Since he knew that the wings were bait, Lin Yi didn't need to worry anymore. It was like fishing-he wouldn't take the bait before the fish took the bait, and when he couldn't catch it, he'd have to add more.

Now it was a contest of patience. After knowing the other's goal and trump card, Lin Yi was sitting on the fishing platform, and it wasn't certain who would be the bait.

The hooded man started panicking when he heard Lin Yi give up so quickly. Why was this development so different from the script? The plot should not have developed like this!

Could it be that Lin Yi's desire for the ghost cicada wings wasn't that urgent? Then why did he still make a public request?

The man in the hood couldn't figure out the key point at the moment, so he could only say, ""Wait! The pill has to be refined before the auction starts. I can give you two sets of materials, and you only need to refine one. This is a rare opportunity-no one knows if you can make a Mystic second level pill or not, and you might not be able to get a good price for it in the auction. This is the best time for you to prove yourself!"

Lin Yi seemed to be moved by the guy's words. He pinched his chin and nodded, "What you're saying does make sense. As long as I can prove that I can refine a Mystic second level pill, the auction will be even smoother. But if I refine the accept sea pill first ..."

Lin Yi didn't finish his sentence on purpose, making an expression as if he'd said something wrong. He laughed dryly and changed the topic. "I still need to think about this. I can't give you an answer immediately."

"You should think about it, but I don't always have the ghost cicada wings. If I can't get the henna pill before the auction, I'll keep the ghost cicada wings for myself." The man decided to add fuel to the fire after seeing Lin Yi's hesitation. "In addition to the two portions of welcoming the sea pill's ingredients and the ghost cicada wings, I'll add another five million spirit Jade. This kind of condition can't be obtained at any time, so if you miss it, then you miss it!"

"You're really bad, kid!" The demonic thing cackled. "You deliberately made him think that you can't continue to refine pills for a short time after refining the all-in pill, so he's even more determined to trade with you!"

"Senior ghost, we're still good friends even if I don't tell you the truth. Can we still have fun together in the future if you expose me like this?" Lin Yi laughed in his heart as he joked with the thing, but he put on a struggling expression. "This friend, this matter is still rather important. Right now, let's not delay other people's time. Why don't we wait until the trade fair is over before we discuss it in detail?"

Lin Yi knew that the more he pushed, the more the hooded man would want to trade with him. He wasn't worried that he'd lose the chance to get the ghost cicada wings.

A normal person would've just called the deal off, but Lin Yi was sure that the hooded man would offer him even more. He should really thank such a nice person.

The man wanted to confirm the deal with Lin Yi right there and then, of course-there were so many people watching, after all, and he knew that if he pushed too hard, Lin Yi might really reject him. He'd be an idiot if that happened.

So, after some thought, the man in the hood nodded. "If that's the case, then we'll talk about it later. But I have to make it clear in advance that my request will not change!"

"I see. I'll tell you the details when the time comes. You can come to the residence of the five elements Chamber of Commerce to find me later!" Lin Yi laughed, not wanting to continue.

The hooded man's eyes lit up, thinking that he'd understood something. Lin Yi didn't want to reveal the details of the deal, which meant that it was a deal!

With this realization, the hooded man didn't persist and laughed. "Good! If that's the case, I'll come and talk to you in detail after this is over. Trust me, you won't be disappointed with this deal. "

Lin Yi was disdainful. Who was this idiot? did he really think that he was that good at acting? to be honest, even the four guys on the ancient battleship were better than him at acting, let alone Yunxiao and Hua Lianxin. At least they would call him Master Lin as a form of respect when they asked for help. Unlike him, he was always talking and talking. Was he afraid that people wouldn't know that he didn't like Lin Yi?

After the deal was made, the hooded man put away his things and left the stage empty for the next person to display his items. Then, he left the trade fair, obviously not interested in the rest of the trade.

After this interlude, the following transactions indeed became a little boring. Everyone's thoughts were a little scattered, and the atmosphere suddenly became as calm as water.

Lin Yi asked the ghost in his heart, "senior ghost, what's the price for making Mystic second level pills?" Was the car that the guy just drove normal?"

Ghostly thing laughed dryly. "It's about the same. Two sets of ingredients for one pill, plus the ghost cicada wings and five million spiritual jades. That's very generous. A normal Mystic second level pill should be like this, right?"

Fine, Lin Yi knew that he'd wasted his time asking-she was obviously pretending to know something.

"No, I have to ask how much it costs to make a Mystic second level pill. I can't lose out. It's rare to meet such a good person, I have to make good use of him and extort more!" Lin Yi thought about it-he had to make up for the losses he'd suffered from rejecting Hua Lianxin.

Speaking of which, this was also an opportunity. Back then, he had promised Zhuang Yifan that he would help him refine the welcoming of sea pill. However, at that time, his cultivation level was not high enough. Now, he could refine both of them together. When the time came, he would give one to Zhuang Yifan and consider it as fulfilling his promise.

The demonic thing chuckled. "Alright, I admit that I'm not familiar with this. After all, the spirit beast clan doesn't really use elixirs, and a Mystic second level Alchemist isn't everywhere on Sky Class Island. Even

in the yellow Class Sea area of the East continent, there might not be one, so this price is even more difficult to determine."

Lin Yi couldn't help but smile-it wasn't easy to hear this thing admit that it didn't know anything, and it was a rare occasion."I understand. Senior ghost, don't worry, I won't laugh at you. Ha ..."

Chapter 5916 The Walking Spirit Jade

"If you won't laugh at me, then what the hell are you laughing at!" The demonic thing said angrily, and Lin Yi's double critical hit came back,"Hehe ..."

The only person on the entire northernmost Island who knew how to make Mystic second level elixirs was probably that weird girl, li Zao Yi. If Lin Yi wanted to know more about this, she seemed to be the most suitable person.

But Cai Zhongyang and hou guanqi were Zhang Liju's disciples, they should know a bit, right? Lin Yi wasn't sure, and immediately asked the two people beside him. He was sure that these two really didn't know!

It seemed like he had to go find li Zao Yi. Lin Yi wasn't interested in the deal anymore, so he told the others that he had something to do and would meet up with them at their place. He left alone.

The hooded man left first, but Lin Yi didn't care. He'd come looking for him anyway, so he didn't need to worry.

After a few turns, Lin Yi quickly found where the pill Hall was. He told the disciples guarding the door that he was looking for li Zao Yi and waited quietly at the door.

If it was someone else who wanted to see Li Zao Yi, the guard would probably ignore them, but Lin Yi's name was still very famous in the central island, especially in the pill Hall, so the disciple didn't dare to be slow. He quickly ran in to pass the message, then ran back and respectfully cupped his fists, "Master Lin, Master Li Zao has invited you!"

"Many thanks!" Lin Yi thanked her with a smile. He didn't put on any airs when she was being polite to him.

After entering the front door, he raised his head and saw Lizao Yi standing at the living room door. Lin Yi was a little surprised—he didn't think that this weird girl would be there to welcome him personally. He was a little overwhelmed by the favor.

Seeing Lin Yi come in, Lizao Yi immediately revealed a smile and nodded, "Lin Yi, did you come to me because you wanted to work with me to make the recovery pill?"

Lin Yi couldn't help but slap his forehead. How could he have forgotten about this? No wonder this weird girl came out to wait for him. It was all a misunderstanding. He'd always wanted to make the recovery pill by himself, so he didn't even consider Li Zao Yi at all. She obviously didn't think that way.

Thinking about it, Lin Yi and Li Zao Yi didn't have much interaction to begin with. For him to come personally, it seemed like it was just about making the revival pill, right?

"I'm sorry, there's no need to mention the matter of refining the recovery pill. I came to find you today for other matters." Lin Yi was straightforward and said that there was no hope of cooperation, not afraid that Lizao Yi would kick him out.

Fortunately, Li Zao Yi was a good person and didn't immediately drive him out. She just wiped the smile off her face and nodded coldly. "Is that so? then sit for a while and have a few cups of tea. I'm busy with something. I'll come and talk to you later."

Lin Yi didn't know what to say-this girl was quite the practical one. She didn't even want to talk when she knew it wasn't a partnership, much less drink tea? She probably wouldn't be back even if he drank a few buckets of tea.

"Wait, I have something to ask you. It won't take up much of your time." Lin Yi took two steps forward and stopped Li Zao Yi. If he really let her go, he wouldn't be able to see her today unless he agreed to cooperate with her.

Li Zao Yi looked at Lin Yi with a calm face and didn't say anything.

That expression, that gaze, he was just short of writing eight big words on his forehead: If you have something to say, say it quickly!

Lin Yi scratched his head. Was there a need to make things so difficult just because he refused to work with Lin Yi?

In any case, let's ask the question first. "It's like this, I wanted to ask you, do you know how much it costs to make Mystic second level pills?"

Li Zao Yi still didn't say anything and just looked at Lin Yi ...

Lin Yi sweated. He had to change his way of asking, "Someone asked me to make a welcoming of sea pill. He offered two sets of ingredients, a pair of ghost cicada wings, and five million spiritual jades. Do you think this price is appropriate?"

"What a loss!" Li Zao Yi answered this time, but it was just two words. Then, she turned her head arrogantly and went back to her room.

Lin Yi's mouth twitched. He really wanted to ask if it was him or the guy who asked him to make the elixir that lost out, but he knew that Li Zao Yi wouldn't continue to answer, so he could only give up.

The damn thing was laughing like crazy-Lin Yi was losing to Li Zao Yi, and he was so happy ...

Lin Yi shrugged and mumbled, "I've lost, I've definitely lost. This time, I'll definitely make that guy bleed. He actually wanted me to lose!"

The hooded man, who was walking into the auction house, felt a chill run down his spine. He did not know why, but he had a bad feeling ...

Lin Yi didn't go back to the trade fair after leaving the Pill Hall's encampment. Instead, he went back to the Five Elements Chamber of Commerce's encampment and waited for the man in the hood to come find him.

About an hour later, the guy came by himself. Wei shenjin and the others weren't back yet, but Lin Yi ordered the five elements Chamber of Commerce to bring him to the living room.

Lin Yi received the notice and strolled over unhurriedly. Ghost cicada wing wasn't going to escape anyway, so there was nothing to rush.

"Lin Yi, what's your decision? Do you accept my conditions?" The man sat on the chair, not getting up to welcome Lin Yi. His tone didn't sound respectful at all, either-it was as if Lin Yi was the one begging him to make the pill.

Lin Yi didn't mind. In his eyes, this idiot was just a walking pile of spiritual Jade. What was there to argue about?

"I've thought about it, but it's still a little difficult! I'm not afraid to tell you the truth, I can refine the accept sea pill, but after refining it, I may not have the ability to complete the alchemy Commission at the auction. This is a matter that will ruin my reputation, so I'm very hesitant!" Lin Yi's troubled face made it sound like he was telling the truth, and the hooded man was relieved.

Wasn't this what he wanted to hear! She'd worked so hard just to make Lin Yi lose the ability to complete the request at the auction-what was there to hesitate about now that Lin Yi had admitted it?

"Alright, let's be quick about it. I'll raise the previous five million spirit Jade to ten million spirit Jade. I don't think you'll be able to get ten million spirit Jade even if you had that alchemy opportunity at the auction, right? After completing my Commission, if you feel that you can't do it, then go and cancel the auction!" The hooded man said straightforwardly, giving Lin Yi an idea.

Chapter 5917 Ghost Cicada Wings In Hand!

In fact, he went to the auction house just now to confirm this matter. Could the auction items that had already been publicly announced be canceled?

The answer was yes! However, there would be very severe punishment. The bidder would have to pay three to five times the starting price of the item, and at the same time, the bidder would be disqualified from the auction. They would also be expelled from the northernmost Island and would not be allowed to come to the island for ten years.

Although this auction house was also the property of the Li family of the extreme north, and with Lin Yi and Li Zeyu's relationship, he might not be punished too badly, but this would have a fatal blow to the reputation of the auction house. The Li family of the extreme north might not take the initiative to break their own rules.

Even if Lin Yi only gave him thirty million spirit Jade or something, the hooded man would be satisfied. At least it could cause conflict between Lin Yi and house Li, and at the same time damage Lin Yi's reputation. As long as he could ruin Lin Yi's reputation, everything would be worth it.

If he went back to Middle Island and spread the news, the heavenly elixir Pavilion's reputation would be ruined.

Lin Yi didn't know what the guy was thinking, and he continued to act tough. "Ten million spirit Jade is still too little! This was a Mystic second level pill-how many people on the entire Sky Class Island could make it? As far as I know, the only ones who can make Mystic second level pills are those in the mystic seas-I'm the only one here!"

This wasn't nonsense, and the man himself admitted it, so he couldn't help but nod. "You're right. Fifteen million spiritual jades is my final offer. I can't ask for more. After all, I provided two sets of materials. More importantly, I also provided a pair of ghost cicada wings!"

"Alright!" Lin Yi slammed the table. Refreshing! Twenty million spirit Jade it is then!"

The hooded man almost spat out a mouthful of blood. Didn't you F * cking say that you'd be happy? why did you raise the price again?! Didn't they say 15 million spirit Jade?!

"How is it? This is my selling price, it can't be any cheaper. If you agree, then refine the pill. If you don't agree, then forget it! No one is to speak nonsense!" Lin Yi estimated that the price was about the limit of what the other party could afford. Since there was a profit to be made, it was enough.

The hooded man wanted to cry, but no tears came out. Of course he was young master Zheng Tianqing, a pair of ghost cicada wings. Qian Xiaodong accepted a friendly low price from him, and he almost jumped off a building. Now Lin Yi even offered a blood-vomiting price. He was about to vomit blood. What was wrong with this world? Why were there profiteers everywhere?

Lin Yi frowned before Zheng Tianqing could reply. "Wait, let me calculate. It still seems like I've lost too much ..."

"Deal! Deal!" Zheng Tianqing quickly raised his hand and shouted. He didn't even have enough blood to vomit, alright?

Lin Yi didn't even have the chance to say if he agreed or not when Zheng Tianqing took out three Jade boxes and threw them to Lin Yi. At the same time, he took out two purple spirit Jade cards and said, "Two sets of ingredients, a pair of ghost cicada wings, and 20 million spiritual jades. I'll give them all to you. When can you start refining the elixir?"

Lin Yi took it and praised, "You're really good at doing business. I was going to ask for thirty million spirit Jade, but you made a deal! Forget it, forget it, this is the first time I'll take care of you. Next time you come to me for alchemy, I can't let you off so easily!"

Zheng Tianqing searched for a knife. He might as well just stab this bastard to death. He was too evil! This is considered doing business? This was considered letting him off easy? No, it would be too easy on this bastard if he was stabbed to death. He had to be cut into pieces!

It was a pity that Zheng Tianqing knew that even ten of him combined wouldn't be able to take on Lin Yi's finger, so he could only imagine the happy scene in his heart and not mention it in reality ...

Lin Yi suppressed his excitement and put away the ghost cicada wings and the two purple spirit Jade cards. He opened the two Jade boxes and saw that there were no problems. He also had the recipe, so he nodded, satisfied, "Not bad, not bad. Since I've taken your money, I'll start to refine pills now. You can come back tomorrow night to take it!"

"Are you sure you can succeed? If you fail, I'll have you compensate me!" Zheng Tianqing suddenly felt a little indignant. He had taken out so many things at once. Wouldn't he go bankrupt if he couldn't get them back?

Lin Yi smiled faintly, "I've said it before, if you come to me for refining, I'll pay for all the failures. Don't worry, you can go now!" Don't delay my pill refining!"

Zheng Tianqing snorted and said, "that's good. Remember what you said!" I'll come back tomorrow night!"

After the guy left, Lin Yi immediately went back to his room and opened the jade box with the ghost cicada wings. It was empty, as if there was nothing inside.

However, Lin Yi's spirit sense could clearly detect a pair of invisible cicada wings. They were invisible because they were constantly vibrating and changing their shape as if they were adapting to the flow of the air.

"I finally got it! It's not easy!" Lin Yi let out a long breath. With the ghost cicada wings, he could finally make ghost speed wings.

The combination of lightning escape and ghost speed wings excited Lin Yi beyond words. Let's not talk about running away for now, but in a fight, he'd only know how powerful the combination was after trying it out.

The ghost was very happy as well-the stronger Lin Yi's ability was, the safer he was. To be honest, Lin Yi was the luckiest guy he'd ever met, or else he wouldn't be able to get this strong in just a few years.

"Alright, don't be so smug. Hurry up and refine the pill." Happy as he was, he still didn't hold back when it was time to attack Lin Yi.

Lin Yi smiled faintly and ignored him. He put away the ghost cicada wings and took out the Shennong cauldron.

While inputting the pill recipe into the automatic pill refining system, he said to the ghost, "Senior ghost, why do you think that guy refined the accept sea pill? With his little strength, he's still a hundred thousand miles away from being able to take the henna pill. "

"Why do you care so much about him?" the ghastly thing said lazily. Maybe he only has this Mystic second grade material, maybe he wants to use it in the future, maybe he's taking it to an auction, or maybe he's giving it to someone to do him a favor, none of these matters!"

Lin Yi suddenly thought of something, "that's not necessarily unimportant!" If he's giving it to someone, then he's definitely giving it to an expert at the great circle of the earth splitting stage so that he can use it to sense the sea splitting stage and increase the chances of leveling up. I'm no match for such an expert. If this guy uses henaten to beg the other party to kill me, I'll be in danger. "

Chapter 5918 Don't Want To Succeed, Want To Fail

The ghastly thing laughed eerily. "You're thinking too much. Anyway, you already have the Thunder escape technique. Under normal circumstances, even a super expert at the sea splitting stage might not be able to catch you immediately. If you add the ghost speed wings, the success rate of your escape is still about 50%."

"The lightning movement technique and ghost speed wings only have a 50% chance of escaping?" Lin Yi was shocked. He had underestimated the Super masters of the sea split realm.

"What do you think?" the demonic thing said disdainfully. This is the weakest cultivator at the early stage of the sea splitting realm, the kind that has just advanced. When your strength is slightly stabilized, your chances of escaping will continue to decline. So, kid, you should quickly cultivate and improve your strength!"

Lin Yi didn't know what to say-he'd been working very hard already, and there weren't many on the entire Sky Class Island who could compare to him in terms of leveling speed. Too bad his strength wasn't enough for a giant to look at.

"Forget it, I'll cross the bridge when it comes to it. I'll just refine the accept sea pill first!" Lin Yi shrugged and turned his attention back to the recipe. He entered the recipe into the system and the analysis was completed.

Lin Yi put the two sets of ingredients in, and he estimated that it would produce four hyna pills. It was a pleasant surprise. He wouldn't have to worry about running out of ingredients even if he gave one to Zhuang Yifan.

After the curves appeared, Lin Yi started to focus on the refinement. This time, it took him a little longer-more than eight hours. Mystic second level was harder, after all, completely different from Mystic first level.

In the end, he did not obtain four pills; instead, he had only obtained three. At the same time, the quality of the pills was different. There was only one special grade pill, while the other two were not bad, both high grade.

"It's a pity that one of them was ruined. They're all spiritual jades!" The ghastly thing sighed and said. In fact, he didn't really care. He just said it for fun.

Lin Yi's attitude was pretty good-he put the pills away, satisfied. "It's already very good to have such a result on your first time making a Mystic second level pill. It's a high-grade hyna pill, it's definitely not embarrassing to take it out. "

"It's good that you're satisfied!" The ghastly thing laughed and said, ""Do you think the guy who schemed against you will continue to ask you to refine pills when he sees you take out the henna pill?"

Lin Yi nodded, "I think he will, but that guy already spent a lot of spirit Jade, he probably doesn't have much left." At most, he was just testing me. "

"Then do you want to take it? Who cares how many spiritual jades it is, let's earn first!" "The things you want to buy aren't cheap, so it's better to earn more just in case," the ghostly thing said with a smile.

Lin Yi smiled, "I'm not going to take any more. We have to give him some hope. If we let him lose hope now, it won't be fun anymore. It's just spiritual jades, we can earn it anytime."

The ghastly thing praised sincerely, ""That's reasonable. You're getting worse and worse!"

"You're too kind, it's just that one is marked by the company one keeps!" Lin Yi replied humbly.

"Are you saying that I've been led astray by you?"

"Senior ghost, even though you don't have a body yet, you can't be so shameless, right?"

.....

The two talked for a while before Lin Yi pulled himself together and started studying the books he bought. The knowledge of spiritual medicine was very useful to him, so he spent most of his time reading the herb Essence's detailed explanation. He would also study formations occasionally. This damn thing didn't know much about spiritual medicine, but he was definitely a master in formations, and this made Lin Yi's progress quite fast.

A day passed quickly, and Lin Yi was so focused on studying that he almost forgot about the pill business. It was only when Wei shenjin called him that he knew that the creditors were here.

"Boss, there are two people at the entrance. One is Yunxiao and the hooded man from yesterday's trade fair. Both of them said that they came to find boss to get the pills." Wei shenjin touched the restriction outside the room and then reported loudly.

"Bring them to the living room, I'll be right there," Lin Yi said as he opened the door.

"Yes, boss!" "Yes!" Wei shenjin agreed very simply and turned to walk to the door.

Lin Yi took out four Jade bottles and walked to the living room slowly. Not long after, Yunxiao and Zheng Tianqing, who were disguised as the hooded man, came in.

Cloudsky respectfully cupped his fists and bowed, ""Yunxiao greets Master Lin. Tomorrow is the start of the auction. I wonder if Master Lin has already completed the auction?"

Zheng Tianqing, on the other hand, had no intention of greeting Lin Yi. He sat down on the chair and asked, "Have you finished refining my accept sea pill?"

Lin Yi ignored Zheng Tianqing and cupped his fists to Yunxiao. "Sect leader Yun, please sit down and talk. Your pills have been concocted. These three Jade bottles are all you need. You can check them."

Yunxiao wasn't in the mood to sit down. He quickly picked up the three Jade bottles Lin Yi put on the table and opened them one by one, nodding excitedly, "That's right, these are the three pills. Thank you, Master Lin! Cloudsky will take his leave first!"

"Sect leader Yun, why don't you sit down and have a cup of tea?" Lin Yi asked casually, not really trying to keep her.

Yun Xiao hurriedly cupped his fists and said, "thank you, Master Lin. I still have other matters to attend to. I won't disturb you any longer today. I'll come and visit you again another day. Goodbye!"

After he finished speaking, he turned around and left with the three Jade bottles. He was very straightforward.

Zheng Tianqing looked at Yunxiao as he left, even forgetting that Lin Yi didn't care about him.

Zheng Tianqing knew that Tong wooshui had asked Yunxiao for help, but he didn't suspect anything when Tong wooshui said he only agreed to make two pills from Lin Yi and gave him five portions of ingredients. He didn't expect Yunxiao to take three pills.

But this wasn't important, so he put it aside for now-he'd ask Tong wozui about it when he got back. The main thing now was to get the hyna pill and see if Lin Yi could continue.

"Lin Yi, is my hynadan ready? Don't Let Me Down!" Zheng Tianqing said seriously. In fact, he was thinking that it would be better if Lin Yi couldn't take it out. After all, the guy had said that he'd pay the full amount if he failed yesterday.

If Lin Yi really did fail, Zheng Tianqing would wake up laughing from his dreams. What was better than not losing anything and also hurting Lin Yi?

Chapter 5919 Thinking That His Plan Worked

It would be even more perfect if he could get back the ghost cicada wings that Lin Yi wanted!

Lin Yi looked at Zheng Tianqing as if he was an idiot. He pointed at a Jade bottle on the other table. "Don't you see the Jade bottle that contains the pills? Don't try to wear a hood if you don't have good eyesight. You'll easily hit the wall!"

Zheng Tianqing's face heated up. He really didn't see the Jade bottle Lin Yi put on the side. He cursed Lin Yi for being cunning. He must have done it on purpose to humiliate him!

If Lin Yi knew what he was thinking, he'd be very polite and tell him that there was no need to go through so much trouble to humiliate him-he could just do it directly. Who had the time to go through all those roundabout tricks?

Zheng Tianqing coughed twice to cover up his embarrassment. He picked up the Jade bottle and opened it. There was indeed a high-quality welcoming of sea pill inside. To be honest, he did not know how to describe his feelings at this time. His plan had obviously succeeded, but he did not feel any joy when he saw the pill.

"The pill's fine, right?" Lin Yi smiled. If there's no problem, our deal is complete. You can go now!"

Zheng Tianqing put away the Jade bottle and took a deep breath. "Refine me another pill! The price is still the same, what do you think?"

"No, I won't!" Lin Yi shook his head.

Zheng Tianqing was stunned for a moment before he continued to probe, "I'll add another ten million spirit Jade?"

"I won't!" Lin Yi looked at Zheng Tianqing impatiently and said coldly, "You can leave now! I won't send you off!"

"Hey, what's with your attitude?" Zheng Tianqing stood up angrily, but he was actually very pleased with himself. The more Lin Yi acted this way, the more it meant that his plan had succeeded.

Lin Yi couldn't be bothered with him anymore and turned to leave. This Zheng Tianqing was an idiot- what was with his attitude when he asked for help, and why was he picking on the refiner?

Zheng Tianqing snorted a few more times and left the courtyard of the five elements Chamber of Commerce with satisfaction after Lin Yi had left.

After taking a few turns and removing his hood, Zheng Tianqing quickly returned to his place. His two grandfathers were waiting for his news.

"Grandpa, second Grandpa! It's a success!" As soon as he entered the room, Zheng Tianqing excitedly reported the good news before he could even close the door.

Zheng Dongsheng motioned him not to be anxious. He closed the door of the room, put on the restriction, and then asked with a smile, ""Are you sure that Lin Yi can't make elixirs anymore?"

"I definitely can't concoct any more pills. Otherwise, he wouldn't have been completely uninterested in the price I offered later on!" Zheng Tianqing's face was full of pride as he explained how he'd raised the price to ask Lin Yi for help, only to be rejected immediately.

"Good!" Zheng dongjue stroked his beard and laughed. Well done! Tian Qing is really the Qilin son of our Zheng family! With you around, the Zheng family will definitely prosper!"

Zheng Tianqing was humble, which was rare for him."Second Grandpa, you're too kind. It's all thanks to you and second grandpa's training."

This attitude made the two old men even more satisfied, and the wrinkles on their faces were so wide that flowers were about to bloom.

Zheng Tianqing took out the Jade bottle with the hyna pill and handed it to Zheng Dongsheng, "Grandpa, that Lin Yi really does have the ability to act cool-he actually made a Mystic second level welcoming sea pill, and the quality is high! Take a look. "

Zheng Dongsheng's face turned serious. Before he saw it with his own eyes, he was still doubtful even if Lin Yi said he could make Mystic second level pills. Now that it was confirmed, his mood was completely different.

An Alchemist of Mystic second level could easily occupy a place in the mystic Sea, not to mention the Golden sea in the East continent. It was definitely not a good thing to offend such an Alchemist.

"It's indeed a high quality hyainerdan! We can't let this Lin Yi live, or our Zheng family will be destroyed by him!" Zheng Dongsheng carefully checked the pill in the Jade bottle and said with a gloomy face.

Zheng dongjue tapped his fingers on the coffee table. After a long while, he sighed softly and said, "If Lin Yi was that easy to kill, he would've died a long time ago. Let's put this matter aside for now, we'll talk about it after we solve this."

Zheng Dongsheng nodded and didn't say much about this topic. He put away the henna pill and said, ""Dongjue, I'll take this welcoming of the sea pill. Whether or not we can go back to the East continent depends on whether this pill can satisfy Zhuang Yifan. I heard that Lin Yi got Zhuang Yifan's appreciation because of an earth strengthening pill. If we give him this welcoming of the sea pill, at least we can go back to the East continent,"

"Cousin's return to the East Province is a necessary step for the rise of our Zheng family. A mere welcoming into the sea pill is nothing!" Zheng dongjue waved his hand indifferently. In fact, one portion of the medicinal materials used to refine the all-in sea pill belonged to the pill Hall, one portion was

taken out by Zheng Dongsheng, and the spirit Jade was Zheng Tianqing 'S. He had no loss to begin with, so it was normal to be a little generous.

"Tian Qing, do you have any ideas on how to deal with Lin Yi during the auction?" This time, the matter was handled beautifully. Even Zheng dongjue valued Zheng Tianqing a lot more, and even when he asked questions, he had to smile warmly.

Zheng Tianqing pretended to be reserved and smiled."I was just about to report to grandfather and second grandfather. When the time comes, we'll ..."

On the last night before the auction, the northernmost Island was still calm on the surface, but no one knew what was going on in the dark.

When the sun rose the next day, the quiet northernmost Island suddenly became lively. Today was the official start of the top-notch auction that only happened once in several years or even more than a decade. The guests who had been waiting for a long time had woken up early to prepare, waiting to enter the auction and squander the spirit Jade in their hands.

Lin Yi wasn't in a hurry, but Wei shenjin had been walking around in the yard since early in the morning. He would circle around Lin Yi's room door from time to time, and although he didn't say anything, his meaning was obvious! It was time to get up and set off!

When Lin Yi came out, Cai Zhongyang was almost ready. The three of them walked together towards the auction house.

The five elements Chamber of Commerce had their own room, so Cai Zhongyang and Lin Yi would part ways in the end. It was the same for Marquis hongzhong and Guan Qi, so the two didn't come over to meet up.

"Brother Cai, what is the number of the five elements Chamber of Commerce's private room? I'll be more careful when the time comes so that I won't have to fight with you for things. " Lin Yi asked with a smile as he remembered.

Cai Zhongyang laughed and said, "yes, I forgot that you don't know about it." I'm in room twelve, senior brother hou guanqi is in room fourteen, and manager Hong and the others should be in room fifteen. They're all pretty close, what about you?"

Chapter 5920 This Is My Private Room

Lin Yi shrugged. "I don't know yet. The card li Zeyu gave me doesn't specify a room. When I see an empty room, I'll just go in. You'll be coming with me anyway, so I'm not afraid that I won't be able to find it."

As they spoke, they arrived at the auction house. At this time, there were already many people at the entrance, but these were all seats in the first floor. Lin Yi's room was on the second floor, a VIP seat. The entrance was in the other direction.

There were people in charge of bringing the guests to their rooms on the second floor, but what Lin Yi didn't expect was to see two people who didn't see eye to eye with each other before he even entered- Qian Xiaodong and Yu Ziqing.

"Hey, isn't that Lin Yi, Master Lin? what a coincidence!" Qian Xiaodong sneered as he waved his hand at Lin Yi, "I've heard that you've earned quite a bit of spirit Jade from refining pills these past few days. Do you want to buy something? Let me tell you, as long as I'm here, don't even think about buying a single treasure!"

Uncle Li smiled bitterly. The news of Lin Yi's success in making the mystic second level pill had spread to a small area. It wasn't a good thing to offend such a powerful refiner. It was best to turn enemies into friends if possible, but Qian Xiaodong didn't look like he would stop until he pissed Lin Yi off to the death.

On the other end, Yu Ziqing laughed coldly as well, ""Little Dong, you're wrong. Even if you weren't here, he wouldn't be able to buy anything!"

These two were both students of the same Western prosperity Academy, and they were both young city Lords. They were close, and it was obvious that they were working together to deal with Lin Yi.

Lin Yi frowned-these two weren't that strong, but their financial resources were extraordinary. It'd be troublesome if they worked together to get what Lin Yi wanted.

Qian Xiaodong and Yu Ziqing laughed out loud when they saw Lin Yi's face. They turned around and left with their guards proudly.

Cai Zhongyang said in a low voice, "brother Lin, you don't have to worry about them. If there's anything you want, you can tell me or President Hong and the others. We can use our Chamber of Commerce's name to make a move. I don't think they will be able to destroy it."

This was indeed a good idea-if the two just stared at Lin Yi and let someone else bid for it, it might not attract their attention.

Lin Yi smiled faintly, "brother Cai, don't worry. It's a small matter. I'll take care of it. If I really can't handle it, I'll ask for your help."

Cai Zhongyang smiled and nodded. "That's right. We're brothers. There's no need to be polite." Let's go, let's see which two rooms those two second generation young masters are in. "

Lin Yi's heart moved-he'd wanted to just pick a random room, as long as it didn't attract attention, but he might as well be high-profile now. At least those two idiots would know where he was, in case they found the wrong person.

With a sweep of his spirit sense, Lin Yi knew that Qian Xiaodong was in room five and Yu Ziqing was in room six. The people in the first ten rooms were all of high status. Cai Zhongyang and the others were all outside of room ten, which was enough to explain this problem.

But the Jade in Lin Yi's hands was a gift from Li Zeyu himself. He had the privilege of choosing a seat in the top ten rooms, even if it was a room that was reserved by someone else.

If someone else had already entered the private room, they naturally couldn't drive the guest out. However, as long as they hadn't entered the private room, they could choose this jade pendant at will. It couldn't be helped. This was the territory of the Li family in the far north. No one had the right to interfere with where the guest wanted to sit in their own home. No matter how distinguished the guest was, he should let the host choose first, right?

Lin Yi pinched the Jade that represented the Li family of the extreme north in his hand, a smile on his lips. He said goodbye to Cai Zhongyang and quickly chased after them.

Qian Xiaodong was about to open the door when Lin Yi stopped him, "I'm sorry, but this is my private room!"

"What a country bumpkin! He doesn't even know where his private room is!" Qian Xiaodong said to Yu Ziqing with a smile, not hiding the disdain on his face at all.

Lin Yi didn't get angry, he only smiled, "It's hard to say who's the country bumpkin, but this room is mine, so there's no mistake about it."

Qian Dongdong sneered and raised his hand to show his Jade card, on which the number five was clearly engraved, ""Look carefully, country bumpkin! This is this young master's private room. If you want to die, you should at least pick a good place. This is not a place suitable for burying your cheap bones!"

Yu Ziqing also laughed and chimed in, "Little Dong, don't blame him. This idiot might have bought a fake Jade plate from outside and it just so happens to be from the fifth private room. Sigh, a country bumpkin is a country bumpkin. It's normal that he can't get a good Jade plate."

Lin Yi looked at the two idiots as if they were idiots, mocking them. "Have you not heard of my relationship with the Li family of the extreme north? Hehe ... It seems that you haven't heard of it before. Once you leave the East Province, your father's sphere of influence will immediately expose your retardedness and low abilities!"

Qian Xiaodong was furious. He turned to uncle li and said, "Uncle li, take this bastard down!"

Uncle li didn't make a move. Instead, he lowered his head and reminded her in a low voice, ""Young master, this is the auction house of the northernmost Island. It's not a good place to fight!"

To tell the truth, uncle li really didn't want to fight Lin Yi. After the short test last time, he realized that Lin Yi wasn't a simple person. He wasn't even unfathomable. This kind of person, if he didn't have full confidence in killing him, he shouldn't make a move. Otherwise, it would bring great trouble to the city.

Qian Xiaodong was slightly stunned when he heard this. The encounter at the northernmost Chamber of Commerce was still fresh in his memory. There were probably more experts guarding the auction house. It was likely that someone would come out and stop them as soon as they started fighting here. It was indeed not a good place to fight.

Lin Yi wasn't afraid of them at all. Uncle li was only at the early stage of mountain opening realm, and Yu Ziqing had an ordinary-looking middle-aged woman at the same level. Even if these two joined forces, it wouldn't be hard for Lin Yi to deal with them. As long as they dared to make a move, Lin Yi would dare to kill them here and now.

Unfortunately, the guy called uncle li was very calm. With one sentence, he managed to calm down Qian Xiaodong, who was about to go berserk.

Lin Yi flipped his hand and took out the Jade, revealing the words "extreme north Li family" on it. "Did you see clearly? Is this room number five mine?"

Qian Xiaodong gritted his teeth in hatred, but he couldn't say anything. When they bought the Jade tokens, they had been warned in advance that there might be people from the Li family using their private rooms, but they would use private rooms of the same level in exchange.
