

## Bodyguard 5921

### Chapter 5921 The First Hit

Anyone who bought a Jade card from the first ten rooms would receive a notification like this. House Li wasn't worried that there wouldn't be any rooms of the same level to exchange since house Li usually reserved rooms one, two, and three for themselves. One was for their own use, and the other was for some distinguished guests to use, like Lin Yi.

Uncle Li didn't wait for Qian Xiaodong to speak and rushed to smile. "Since Master Lin is using the Li family's Jade token, room number five is Naturally Yours."

After saying this, he immediately turned to the staff member who was leading the way and asked, "According to the rules, we can exchange rooms of the same level. Which number is empty?"

"Number 4 is empty," the staff member said.

Normally, in this kind of top-notch auction, there would not be any empty rooms left. The Li family of the extreme north had only reserved rooms one to three, but for some reason, there was an extra room four today.

The people at the auction house had never encountered such a sudden exchange before. When uncle Li asked him, he subconsciously pointed out the room closest to him.

"Room Four's not bad," Lin Yi smiled faintly, "hurry up and send them there!"

Number four sounded like a death sentence to Lin Yi, and Qian Xiaodong's face turned even uglier. Uncle Li pulled him to room four and whispered, "Young city Lord, number four is not bad either. It's convenient to monitor him by his side, and it's also close to number six, right?"

Qian Xiaodong thought that it made sense and didn't resist too much. He glared at Lin Yi, greeted Yu Ziqing, and followed Uncle Li angrily.

He swore to himself that he wouldn't let Lin Yi buy anything today! Other than that, if he had the chance, he would kill Lin Yi!

Yu Ziqing waited for the money to leave before pointing at Lin Yi, telling him to wait and see. However, Lin Yi didn't even look at him, treating him like air.

This feeling of being ignored made Yu Ziqing so angry that his chest hurt, but he couldn't do anything about it, so he could only bring the middle-aged woman beside him into private room number six.

"Brother Lin, why do you have to do this?" Cai Zhongyang smiled bitterly. You have the right to choose your room, so you should have made sure that they don't know where you are. Now, you're being attacked from both sides. Do you really want to fight with them today?"

"Don't worry, brother Cai," Lin Yi smiled, "I know what I'm doing. You can go to your room first!" If you need any help, I'll have Wei Shenjin look for you. "

"Alright, as long as you know what you're doing," Cai Zhongyang didn't say anything else. He knew Lin Yi's abilities, he was much stronger than himself. There was nothing for him to worry about, "Speaking of which, if they see me with you, I'm afraid they'll come and bid for the item I bid for. I don't think they'll be able to help you today."

Lin Yi blinked. "That's possible. Brother Cai, it seems like I've dragged you into this. But these two kids have a limit to their spiritual jades. It'll be quiet after they finish spending it."

Cai Zhongyang thought that Lin Yi was just comforting him and didn't take it to heart. After saying a few more words, he went straight to the room of the five elements Chamber of Commerce.

Lin Yi brought Wei shenjin into room number five and looked around. The room was about fifteen or sixteen square meters, and it was pretty spacious. There was a transparent crystal film facing the auction stage, and they could see the hall and the auction stage clearly from the room.

There were two comfortable chairs in front of the crystal membrane, and in front of the chairs was a round crystal platform. From the instructions on it, it was used for bidding and completing transactions.

In addition, there was a cabinet in the room, which contained all kinds of precious spirit fruits and spirit tea for the user to use at will. On the other side, there was even a soft couch, which the user could lie on and sleep on at any time if needed.

Lin Yi sat down and called Wei shenjin, "You sit too, don't be so restrained, or do you want to go find miss Shang?"

Wei shenjin smiled awkwardly. "No, Yuhua is with uncle Shang. We'll talk about it after today's auction."

As he spoke, Wei shenjin took out a plate of spirit fruits from the cabinet and placed it on the coffee table beside Lin Yi. He then made some spirit tea and sat down on another chair after a while.

The two chatted for a while, and the thousands of empty seats in the hall were almost all taken up. The rooms were probably the same as well-Lin Yi could see some familiar faces looking down from above, some he knew, some he didn't know.

After a short while, a graceful woman in Palace clothes came up on the auction stage. She walked elegantly to a small platform and looked around the entire Hall and the VIP rooms on the second floor.

"Welcome, distinguished guests, to the northernmost Island. I am the chief auctioneer of the northernmost auction house, Huang Wen Jing. I am honored to host today's auction and witness the Grand occasion of this top-notch auction with all of you!" Huang Wen Jing had a smile on her face. Her voice was soft and clear, and she spoke at a moderate speed. Even without using a sound amplification spell, she could still ensure that everyone in the auction house could hear her clearly.

With just a few words, the noisy Hall suddenly quieted down. Everyone's eyes were focused on Huang Wen Jing who was on the stage.

"It's a great feeling to be the center of attention. It makes me feel like I'm really the center of attention. Unfortunately, I know that everyone is just anxious about when I can start the auction, and they don't really like to see me talk nonsense. Alright, as you wish, today's auction will officially begin!" Huang Wen Jing said with a smile.

There was a burst of soft laughter from the audience. If a beautiful woman could have a sense of humor, there would always be people supporting her. Many people had a good impression of this beautiful auctioneer just because Huang Wen Jing had started the auction so decisively.

In the middle of the auction stage, there was a Square stage the size of a tea table. On it, there was a white jade tray covered with a transparent crystal cover. On it, there was a small black ring.

"Everyone, please take a look. The first item for today is this storage ring!" Huang Wen Jing tilted her body to face the crystal cover and raised her arms. She smiled and introduced, ""As the first auction of this top-notch auction, of course we have to bring out something good. The space in this storage ring is about the size of an auction box. Other than living things that can not enter, anything can be stored in it!"

#### Chapter 5922 Storage Ring

The hall was filled with gasps-there weren't even storage bags on Sky Class Island, let alone storage rings. The storage bag Lin Yi just got was already a very valuable item, and this ring was a thousand times more valuable than his.

Huang Wen Jing paused for a moment, and a look of satisfaction flashed in her eyes. This was the effect that she wanted for the first auction. As long as the atmosphere was stirred up, the subsequent auctions would definitely be much smoother.

"The starting price of this storage ring is ten million spiritual jade pieces. Each bid must be at least five hundred thousand spiritual jade pieces higher than the previous bid. Now, may the interested friends bid boldly!" Huang Wen Jing's words were not provocative, but those who heard it could not help but bid. They had a feeling that they would miss it if they did not bid.

"Eleven million spirit Jade!" Someone in the hall immediately made a bid, and it was an additional one million spirit Jade.

More than 90% of the people present had no idea how much a storage ring was worth. However, even a fool would know that a ring with such a large storage space was definitely not something that could be bought with just 10 or 20 million spirit Jade.

If Lin Yi didn't have the Jade space, he would've gotten the storage ring himself, even if he didn't get the storage bag. As for now, he wasn't interested at all!

He wasn't interested in getting the ring, but he still needed to participate in the auction. He wanted to see how determined Qian Xiaodong and Yu Ziqing were to deal with him.

In just a few short breaths, the bidding price had broken through the twenty million spirit Jade mark with an unstoppable momentum, approaching the point of thirty million spirit Jade.

Lin Yi smiled as he placed his hand on the crystal ball, "Fifty million spirit Jade!"

His voice didn't travel out. Instead, it turned into a bid and appeared on a projection in the hall. This bid immediately beat all the previous bids.

The hall fell silent. Fifty million wasn't too high-it wasn't much compared to the storage ring, but Lin Yi's bid was almost double the original price-this made everyone freeze.

"Fifty million spirit Jade! The distinguished guest in room five has bid fifty million ... Sixty million spirit Jade!" Before Huang Wen Jing could finish her sentence, she immediately raised her voice and turned to

the direction of the fourth box."The distinguished guest in box four has bid sixty million spiritual Jade. That's the highest bid so far!"

Lin Yi smiled faintly-Qian Xiaodong had made his move. Let's see how much he wanted to snipe Lin Yi!

"A hundred million spiritual jades!" Lin Yi wasn't in the mood to test the money's bottom line bit by bit-he raised the bid by forty million right away.

The storage ring wasn't of much use to Lin Yi, but he could give it to someone else if he got it. After all, he only had one Jade space, and it was much more convenient to have a storage ring.

" 100 million spiritual Jade! "The guest in room five immediately raised the bid to 100 million spiritual Jade. I want to say that there's no loss in bidding for it at this price, because this kind of storage ring has been passed down from ancient times. It's not something that can be obtained easily ... 150 million! Box four has bid 150 million spirit Jade!" Huang Wen Jing did not expect the first round to be so popular. Although the storage ring was a good item, the bidding was too outrageous.

The starting price of 10 million was indeed set at a very low price. This was also a decision made to hype up the atmosphere of the auction. Now, it seemed that the effect was really good. At least, this kind of hot bidding was really rare.

Huang Wen Jing initially wanted to take the time to explain more about the storage ring's background, but it seemed like there was no need for that anymore. So, she decided to host the auction with a peace of mind.

In room four, uncle li frowned and reminded, ""Young city Lord, isn't this increase a little too big? Even if we have enough spiritual jades, we can't waste them on battle energy, right? After all, this isn't our target. "

"Don't worry, uncle Li, I'll stop after I raise the price one more time. That idiot Lin Yi will think that I'm fighting him at all costs. I'll stop right after I raise the price one last time and let him buy his own storage ring to play with,"Qian Xiaodong said with a dark smile.

The storage ring was indeed a good item, but Qian Xiaodong did not care much about it. He was the young city Lord of torrent city. If he wanted the storage ring, he could ask his father to go to the mystic Sea region. There was a high chance that he could get it.

At the start, Qian Xiaodong really didn't want Lin Yi to get a single item, but now he felt that it would be interesting if he could empty out all of Lin Yi's spirit Jade at once and become a spectator from the second round onwards.

As soon as Qian Xiaodong finished, the projection showed Lin Yi's new bid-two hundred million spirit Jade!

The entire Hall had quieted down a long time ago. It was not that the storage ring was not worth 200 million spiritual Jade, but that there was almost no one in the hall who could afford to take out 200 million spiritual Jade. Therefore, the competition had now shifted to the private rooms on the second floor.

However, with such a high bid, most of the private rooms on the second floor chose to wait and see. If the storage ring were to appear at the end of the auction, the price might be higher because by that time, all the items in the auction would have been settled. Those with extra spiritual jades would not mind spending more.

As for now, the first round of bidding had just begun, so everyone was still relatively cautious.

Except for Qian Xiaodong!

"Two hundred and fifty million spirit Jade!" Qian Xiaodong didn't think too much about it and immediately announced his final bid.

Huang Wen Jing looked at the latest bid on the projection and announced, ""Two hundred and fifty million spirit Jade! The guest in box four has bid two hundred and fifty million spirit Jade. Is there anyone who wants to make a higher bid?"

Two hundred and fifty million spirit Jade in the first auction was actually quite a good price. However, Huang Wen Jing was still not very satisfied with the result because the first round of bidding had been too quick. If the price had been raised bit by bit, she believed that the price would have been even higher, and the atmosphere would have been more lively. Unfortunately, there seemed to be some kind of conflict between number four and number five, and there was clearly a sense of fighting spirit in them.

"Two hundred and fifty million spirit Jade going once! Two hundred and fifty million spirit Jade going twice!" Although Huang Wen Jing felt that it was a pity, her professionalism allowed her to not waste any time. She immediately started the countdown.

Qian Xiaodong was taken aback-he'd expected Lin Yi to continue raising the price, so why did he stop here?

Chapter 5923 Fight For It

To be honest, it was not a loss to buy such a large spatial ring with 250 million spiritual Jade. It was quite a good deal. However, Qian Dongdong was not happy at all when the deal was made under such circumstances, because things did not go as he had planned!

"Two hundred and fifty million spirit Jade going thrice! Congratulations to the guest in the fourth box for obtaining this ancient interspatial ring!" Huang Wen Jing knocked the small hammer in her palm on the small hammer seat on the host's table, making a crisp sound. At the same time, she straightened her arm and pointed her palm in the direction of the fourth box, attracting everyone's attention.

Her graceful posture and expression were as pleasing to the eye as a dance. She was indeed worthy of being the head auctioneer of the northernmost auction house.

Xiaodong didn't think that getting the storage ring was anything worth congratulating at all. He was extremely unhappy that he didn't manage to plot against Lin Yi, but the deal still had to be completed. He took out two hundred and fifty million spirit Jade cards and placed them in the portal on the crystal platform. Soon, he got the storage ring.

"Young city Lord, this trade isn't a loss. I think Lin Yi doesn't have that many spiritual jades, so he can't raise the price." Uncle Li could tell that Qian Xiaodong was in a bad mood, so he comforted him.

Qian Xiaodong's eyes lit up as he nodded, "That's right, uncle Li, you're right. Lin Yi probably ran out of spiritual jades. He's just a country bumpkin from the countryside like Beidao. If it wasn't for the fact that he's been amassing a lot of money these days, he wouldn't have more than a hundred million spiritual jades. I miscalculated and didn't think about this. It won't happen again. "

In room five, Lin Yi shook his head and sighed, "The guy next door is really rich and generous. This ring is quite good for him."

Wei shenjin asked in confusion, "boss, if you want it, why don't you continue to bid?" If you don't have enough spirit Jade, I think guild leader Cai, guild leader Hong, and uncle Shang would be more than happy to lend it to you. At most, you can help someone refine pills. "

"I didn't want it. I just wanted to see how Rich The Kid next door is." Lin Yi smiled and shrugged.

Wei shenjin was speechless-he thought that Lin Yi was determined to get something when he saw how intense the fight between Lin Yi and Qian Xiaodong was, but it turned out to be just a joke!

As he spoke, the second item appeared on the stage. It was a special grade mountain gaze pill. Lin Yi was a little speechless. This pill was clearly his creation, but he didn't think it would be used as an item!

It didn't matter if Lin Yi made it or not, he couldn't participate in the auction. He was a Mystic class level two refiner, it was too embarrassing to buy a pill like this.

Lin Yi felt that it was a pity that he'd wasted a chance to scam someone. He could only hope that the next item would be of use to him.

Soon, the mountain gaze pill was auctioned off, and the third item appeared on the stage. A snow-white longsword appeared in a crystal box, and there was a faint, cold white mist rising from the sword.

"Huh?" Lin Yi was surprised, "this sword is not bad, Wei shenjin. It seems very suitable for you. How about it, are you interested in buying it?"

In the ancient martial world, Lin Yi had seen similar swords before. For example, the ice soul sword in Bing Wuqing's hand and the shattered ice sword in Leng Leng's hand were both powerful weapons.

Wei shenjin had been with Lin Yi for quite some time and had helped him a lot. If he could get the sword, it would be a good gift for him.

"This sword is called the snow fog sword. It is one of the best weapons for ice and snow element cultivators. The wielder of the sword can increase the power of their martial arts by 20%. In a life-and-death battle, it is equivalent to temporarily increasing a small realm." Huang Wen Jing was not in a hurry to announce the start of the shoot. Instead, she introduced the functions of the snow mist sword in detail.

Wei shenjin said longingly, "if I can have such a sword, my strength will definitely increase by a lot. Boss, I will be participating in the auction later. Let's try and see if I can get it first."

It would probably be very difficult for Lin Yi to get the snow mist sword in room five, and it was also useful to Ziqing. This time, it was time for this guy to come out and mess things up!

Huang Wen Jing's introduction was very detailed. The snow mist sword was indeed a good sword, but it was a pity that not many people practiced ice-type mental cultivation methods, so it was destined that the auction price of the snow mist sword would not be too high.

"The starting price of the snow mist sword is three hundred thousand spiritual jades. Each increment must not be less than ten thousand spiritual jades!" Huang Wen Jing announced the start of the bidding.

Compared to the storage ring, the starting price of the snow mist sword was not even a fraction. However, in the eyes of those who needed it, there was not much difference in value between the two.

"Three hundred and fifty thousand spirit Jade!" Someone in the hall immediately raised the bid by 50000 spiritual jades. The starting price was not high, so naturally, there were more people who were interested in the snow mist sword.

"Three hundred and sixty thousand spirit Jade!"

"Three hundred and eighty thousand spirit Jade!"

The speed of bidding in the hall was not slow, but the ones who really bid were only a few people. From this, it could be seen that there were indeed not many ice element cultivators.

"Name your price if you like it, don't worry about not having enough spiritual jades!" Lin Yi smiled at Wei shenjin.

"Thank you, boss!" Wei shenjin was overjoyed.

He had some spiritual jades himself, but with Lin Yi's words, he had nothing to worry about.

"A million spirit Jade!" Wei shenjin put his hand on the crystal ball and directly doubled the price. This was a time to show his confidence. As long as he could show his power, it was likely to scare off many competitors.

As expected, the sudden increase in the bidding price caused the few people in the hall to pause for a moment, and no one raised a new price for a while.

"The guest in the fifth box has bid one million spiritual jade pieces. It seems like you're very interested in the snow mist sword. Is there anyone else who also likes the sword?" Huang Wen Jing asked with a smile.

At this moment, the effect of the storage ring could be seen clearly. Although Huang Wen Jing was not particularly satisfied with the first auction, it was undeniable that with the 25000000 spiritual Jade deal, a million spiritual Jade bid would not be worth mentioning.

If the snow mist sword had been the first item to be auctioned off, the few people in the hall who wanted it would have probably given up. However, they now felt that one million spiritual Jade was far from the price they had in mind.

"One million and fifty thousand spirit Jade!" After a slight pause, another person in the hall started bidding again.

"One million and eighty thousand spirit Jade!" Another one followed.

Wei shenjin hesitated for a moment and prepared to raise the price to 1.5 million spirit Jade again. However, just as he placed his hand on the crystal ball, a bid of two million spirit Jade appeared in the sixth private room.

Chapter 5924 Lowest Range

"He's really making a move!" Lin Yi smiled faintly and turned to Wei shenjin casually, "Continue bidding, ignore him."

Wei shenjin trusted Lin Yi completely and immediately agreed to the price of two million two hundred thousand.

As soon as this bid appeared on the projection array, it was instantly overshadowed by the bid of three million spirit Jade from room six.

Wei shenjin immediately offered a price of 3.5 million spiritual Jade.

At this time, a few people in the hall below who intended to bid had given up. Even a fool could see that after the fight between room five and room four, room six should be competing with room five.

This was a master who could easily take out 200 million spiritual jades. A few million was far from his bottom line. It was better to just watch the show quietly from the side.

In the sixth private room, Yu Ziqing sneered as he called out the price of seven million spirit Jade, doubling Wei shenjin's price once again.

The middle-aged woman beside him smiled and said, ""Young city governor, although this snow mist sword is not bad, you already have your own weapon and don't need to change it. There's not much use for it, right? Is it really so that Lin Yi won't be able to buy anything?"

Yu Ziqing changed to a gentle smile and said, "Aunty LAN, don't worry. I'm not an idiot like Qian Xiaodong, spending a lot of money to buy things he doesn't need. When the time is right, I'll let Lin Yi bid for it. As far as I know, that guy doesn't know any ice element martial arts, and he didn't have the snow mist sword even if he asked for it. He's most likely giving it to his follower. Spending a lot of money to buy a sword for his follower, he'll probably be heartbroken for a long time, right?"

Yu Ziqing learned this trick from Lin Yi and Wei shenjin at the Northern Chamber of Commerce, and it felt good to use it against Lin Yi and the others.

As for Lin Yi stopping first, Yu Ziqing didn't really care. He could use the snow mist sword anyway, and it would be good to spend more spirit Jade to buy it as a backup weapon. So in this auction, the initiative was completely in his hands, and he was in an undefeatable position.

Wei shenjin called out the price again. Yu Ziqing didn't even look at it and directly called out another 15 million. At the same time, he continued to say to Auntie LAN, "Aunty LAN, did you see that kid's strength clearly just now? Qian Xiaodong said that his old Li and that brat exchanged a blow and didn't gain any advantage. "

Aunty LAN shook her head, "I don't. That Lin Yi is indeed a bit weird. He's actually a Mystic class level two refiner. If possible, it's best to make friends with him. It's good for our city."

"It's just a Mystic second level refiner," Yu Ziqing shook his head and smiled, "it's not like my father doesn't know any Mystic second level refiners from the mystic seas. What's the big deal?" Besides, Qian Xiaodong has a grudge against this kid, so I can't just ignore his face, right?"

Aunty LAN nodded noncommittally. She knew that it was useless to persuade him any longer, so she could only give up.

In fact, in her heart, a Mystic class second level refiner couldn't compare to Lin Yi at all. Let's not talk about how hard it was for Lin Yi to make high quality hyna pills in one day, just his age was enough for aunty LAN to value Lin Yi's talent.

Such a young Mystic second level refiner-how could any Old Mystic second level refiner in the mystic Sea compare to his future potential?

"Oh right, aunty LAN, do you think you can defeat that Lin Yi if you team up with ou Bo?" Yu Ziqing asked casually. Ou Bo was the old man who was with him at the trade fair last time. He was also an early stage mountain split master, and he used his spirit sense to scan Lin Yi.

Aunty LAN didn't want to ruin her relationship with Lin Yi-it was just a small conflict, and it was a fight between young people. It'd be fine if they just smiled and let it go, but if it got any bigger, it'd be too late.

So, she said in an uncertain tone, ""It's hard to say. Lin Yi's strength is hidden, and we shouldn't act rashly before we're sure. "

"You're right. I'll discuss it with uncle later." Yu Ziqing didn't say anything more. He shrugged and turned his attention back to the auction.

On the stage, Huang Wen Jing felt that she was unnecessary. This auction was the same as the storage ring. She did not even need to add fuel to the fire. Some people even had no room to speak.

The starting price of 300000 had risen to 15 million in just a few minutes. It was indeed a Testament to her experience, but the feeling of being unable to participate in the auction made her feel a little defeated as the chief auctioneer.

In room five, Wei shenjin looked at Lin Yi hesitantly, ""Boss, this price is too high. The snow mist sword is good, but it's not worth this price. I think we should just forget it."

Lin Yi smiled faintly, "if you like it, don't give it up. I don't think Yu Ziqing will compete with us all the time. He probably wants to take revenge for what you did to him in the extreme north Chamber of Commerce. He can guess that you want the snow mist sword and not me."

Wei shenjin was slightly startled and couldn't help but nod, ""Boss, what you said is very reasonable. In that case, shouldn't we even more prevent him from getting what he wants?"

"It doesn't matter. If you really want the snow mist sword, then don't be afraid of spending too much on Ling Yu. A thousand gold can't buy a good heart. Don't regret it if you miss it." Lin Yi shrugged and started munching on a spirit fruit.

Tens of millions of spiritual jades wasn't a big deal-he wanted to train Wei shenjin to be independent. If Lin Yi had to make all the decisions, it'd be too hard on him.

"Fifteen million spirit Jade going once! Fifteen million spirit Jade going twice!" Huang Wen Jing started counting down. The price of the snow mist sword had already exceeded her expectations. Although it had nothing to do with her, she was still satisfied.

Wei shenjin's eyes narrowed. Before Huang Wen Jing could say it for the last time, he refreshed the projection array with a bid of 15.01 million spiritual Jade!

"15.01 million spiritual jades! A new bid had appeared. It was a bid of 15.01 million spirit Jade from the distinguished guest in the fourth box! Let's see if there are any new bids. 15.01 million spirit Jade going once!" Huang Wen Jing was smiling, but she had a strange feeling in her heart.

The previous bids were all in the hundreds of thousands or millions, and suddenly the lowest bid was a little uncomfortable. This kind of situation should only appear when the starting price was out, right?

In any case, the higher the auction price, the more Commission the auction house would get. Correspondingly, her Commission as the auctioneer would be more generous. Although it was only an increase of 10000, it was not a bad thing. At such a time, the value of Huang Wen Jing as the chief auctioneer would be more evident. So, as she spoke, her eyes looked at the sixth box.

Chapter 5925 All Creations In The World Of Mortals

Yu Ziqing chuckled and said, "interesting, What's this?" Are you trying to provoke me? Or are you ready to admit defeat?"

Twenty million spirit Jade!

This was Yu Ziqing's last bid, and if Lin Yi still wanted to add another ten thousand spirit Jade, he wouldn't continue. The snow mist sword could at most be sold for two million spirit Jade, and now that it was raised to twenty million, it was enough for him to vent his anger.

It didn't matter if he had bought it himself. In any case, he didn't lack this little bit of spirit Jade. He could just take it as a response to Qian Xiaodong's actions.

After Wei shenjin saw the new bid, he immediately let go of the crystal ball, let out a long breath, and leaned back in his chair.

"You don't want it?" Lin Yi smiled faintly.

"I don't want it!" Wei shenjin chuckled. "Boss, you're right. It's hard to buy a good heart with money. But after thinking about it, I feel that the snow mist sword is not what I really want. If I can buy a long saber, it might be more suitable for me." This time, I'll scam that stupid rich guy again. "

Lin Yi smiled and nodded without saying anything else. Wei shenjin's decision and judgment already meant that he had achieved his goal.

On the stage, Huang Wen Jing's smile was as beautiful as a flower as she shouted her last sentence, ""Twenty million spirit Jade going thrice! Deal!"

The small hammer in his palm fell, and the clear sound of the hammer rang out, indicating that the competition for the snow mist sword had officially ended.

Yu Ziqing pouted, "that guy's pretty smart. It looks like it won't be easy to trick him!" Auntie LAN, did you find out what Lin Yi wants?"

From Yu Ziqing's point of view, the storage ring and the snow mist sword weren't things that Lin Yi had to get, and so he gave up on them when it was out of the other party's budget. But if there was something that he had to get, then he wouldn't have to worry about raising the price.

"I don't know," Auntie LAN shook her head.

"Let's hope there's good news from obber!" Yu Ziqing shrugged nonchalantly and completed the transaction of the snow mist sword in the transmission channel. Then, he grabbed the sword and started to play with it carefully.

The next seven items weren't of Lin Yi's interest, but he'd just bid once every time. As long as he made a bid, either Qian Xiaodong or Yu Ziqing would follow up immediately.

But these two guys had learned their lesson-they wouldn't continue to raise the price by a large amount, but just enough to suppress Lin Yi's price.

Lin Yi tested a few times, and after getting a good idea of what these two were thinking, he stopped.

The auction didn't stop just because Lin Yi didn't make a move. On the contrary, the scene was even more explosive than before. After all, anything that could appear in this top-tier auction was of the highest quality.

Another hour passed, and another item caught Lin Yi's interest.

All creations of the world of mortals!

Alright, the name sounded very imposing, but it was actually just a mask ...

Huang Wen Jing was explaining the details of the mask with a smile on her face. The auction had been going on for almost four hours, and it was not easy for her to maintain such a gentle smile.

"The word 'red dust manifestation' means that after using this mask, you can change your appearance and change your aura at will. Under normal circumstances, even a master of the earth stage can't see through the disguise of the mask. If you have any enemies, you can basically rest easy with this mask. Even if you walk face to face with them, they won't find out that you're their enemy."

"However, you can't change your appearance as you wish. This red dust all creation mask has already been refined into different appearances. You can only choose the ones that already exist, and you can't change into anyone else you want to." Huang Wen Jing's explanation was very detailed, and she did not try to hide anything.

If it was a mask that could change its face at will, its value would undoubtedly be much higher. However, even if it could only change into a fixed template, it was still a rare treasure.

It was just as Huang Wen Jing had said-as long as someone with an enemy got their hands on the mask, their safety would be guaranteed. Lin Yi was interested in it because he'd offended quite a lot of people, and it'd be much easier to do things in the future with this mask in his hands.

"The starting price of the red dust nature manifestation is two million spiritual jades, and each bid can not be less than one hundred thousand spiritual jades. If there are any distinguished guests who like it, you may start bidding now!" After Huang Wen Jing announced the start of the auction, the atmosphere became heated.

This mask could be used to save one's life. Anyone who could participate in this kind of top-notch auction, even if they were in the hall, was a big Shot. They regarded their own lives very seriously. It was only natural that the world of mortals would be popular.

In just the span of a few breaths, the bids in the hall had skyrocketed, breaking through the 5000000 spiritual Jade mark. Furthermore, the price was still rising, albeit at a slightly slower rate than before.

Lin Yi waited until the price in the hall reached seven million before raising it to ten million.

Although a sudden increase of three million spiritual Jade was a bit of a big deal, everyone was already used to it. However, everyone knew that as long as room number five made a bid, room number four and room six would definitely follow suit. Hence, ten million spiritual Jade was only the beginning.

As expected, after bidder No. 5 made the bid, bidder No. 4 immediately placed a bid of thirteen million spiritual Jade.

Lin Yi smiled faintly. He understood that Qian Xiaodong really wanted the mask. From what he'd learned, Qian Xiaodong would only raise the bid by one minimum, and that was pure trouble. If he raised it by a lot, it meant that he really wanted it. After Lin Yi gave up, Qian Xiaodong would continue to bid with others.

"Since you really want this mask, I won't let you have it!" With that, Lin Yi called out a price of fifteen million.

Unexpectedly, Yu Ziqing from room six also added two million spiritual Jade. It was obvious that he wanted to join the competition.

Since the auction started, Qian Xiaodong and Yu Ziqing had a tacit understanding that they didn't fight for anything. When they were fighting Lin Yi, one made a move and the other didn't. This was the first time that both of them were competing with Lin Yi at the same time.

"Ha ... It's just a mask, but it attracted the two young city Masters of the East Province to fight for it. It seems that these two idiots have a lot of enemies!" Lin Yi said with a smile, offering a new price.

Then, another private room joined in, and the price quickly broke through 25 million. It looked like another huge auction item was about to appear.

Chapter 5926 Fisherman Benefits

Huang Wen Jing calmly took the time to announce the latest price on the projection array, but her heart was already blooming with joy. The more people participated in the bidding, the higher the price of this red dust manifestation would rise. She did not expect that a mere mask would attract so many people to compete for it.

"Thirty-five million spirit Jade! The distinguished guest in room 10 has bid 35 million spirit Jade. "Box four has a new bid. Thirty-six million spiritual Jade ..." Huang Wen Jing spoke very quickly, creating a tense atmosphere.

In fact, it was indeed very intense right now. Lin Yi hesitated for a moment before calling out fifty million spirit Jade.

This mask was indeed a good thing, but it was not without its flaws. Huang Wen Jing had just said that even Earth-splitting cultivators could not see through the disguise. So, wouldn't sea Rift cultivators be able to see through it? Besides, it wasn't impossible for him to see through an earth stage cultivator-mountain opening stage cultivators weren't much of a threat to Lin Yi's current opponents, but earth stage cultivators were a bit of a problem. With this mask, he couldn't guarantee that he'd be able to trick earth stage cultivators, and so its value dropped a lot.

Fifty million spirit Jade was already the limit Lin Yi set for himself. If he didn't need to buy the soul raising wood and the spirit gathering branches, he could put in more spirit Jade, but he couldn't be too willful now.

With the sudden increase of over ten million, the people in room 10 fell silent. Before Lin Yi could place his bid, Qian Xiaodong and Yu Ziqing walked out of their rooms at the same time, wanting to negotiate with each other. There was only one mask, and they couldn't kill each other, which would benefit Lin Yi.

Qian Xiaodong and Yu Ziqing had thought that they could bid at any time after reaching each other's private room, but they didn't expect to meet each other at the door of the fifth private room.

After exchanging a few words, when the two of them returned to the sixth private room, they heard Huang Wen Jing's announcement from the stage."Fifty million spirit Jade going thrice! Deal!"

The two of them subconsciously rushed towards the crystal ball, wanting to continue bidding. The clear sound of the hammer had already sounded, and the deal was settled!

"Hell! It's all your fault, why the F \* ck are you snatching from me!" Qian Xiaodong was furious. He pushed Yu Ziqing's shoulder and shouted.

Yu Ziqing also reached out to push Qian Xiaodong. ""If you didn't fight with me, why would you do this? You still have the nerve to be rude to me!"

Aunty LAN quickly separated the two of them. "Young city governor and young master Qian, you are both students of the same Academy and good friends. There is no need to argue over such a small matter. It is just a mask. With your status, you don't need such a thing at all."

Yu Ziqing was extremely aggrieved. He thought that if he went over and discussed it, the mask would end up in his and Qian Xiaodong's hands. He didn't expect that Lin Yi would take it away from him.

Which idiot in room 10 was that? If you don't have spiritual Jade, why are you here? you can't even buy time. What a useless person!

"Aunty LAN, why didn't you bid for me?" Yu Ziqing did not dare to blame Auntie LAN, but he still grumbled a little.

Aunty LAN smiled. "Young Governor, although that mask is good, it's definitely not worth 50 million spiritual Jade. The price is too high, and it's not very useful to you, so I can't make a decision."

Yu Ziqing rolled his eyes, and could only say nothing more.

"That bastard is lucky this time. Ziqing, I think I should just stay here to avoid such a situation from happening again. Let's Make a Deal first. If there's something that we both like, we'll bid for it first. Then, we'll discuss who will take it. The one who takes it will compensate the other. How about it?" Qian Dongdong said with a face of bad luck.

"Alright, let's do that!" Yu Ziqing didn't know what to do. He and Qian Xiaodong were on par in terms of wealth, and if they really fought, it would only end in a lose-lose situation. Lin Yi would benefit from it for nothing, so this was the best way to negotiate.

Lin Yi, who was in room five, was stunned as well. He was prepared to give up, but those two idiots stopped at the last moment. Did they think things through?

No matter what, Lin Yi was in a good mood after the deal. He studied red dust manifestation for a while and put it on.

The mask was as thin as a cicada's wing, but it was very elastic. There was no strange feeling when he put it on his face, and after it fit completely, Lin Yi's spirit sense naturally felt a mark in the mask. He needed to refine this mark before he could use the mask.

[The world of mortals is indeed not simple. It's not some common thing!] Lin Yi was overjoyed. He sent his spirit sense into the mark and started refining it.

This was where the benefits of having a strong spirit were shown. If it was a normal xuansheng stage practitioner from a Sky Class Island, it might take a day or two to refine the mark, but Lin Yi only used a dozen breaths of time to completely refine the mark.

After the refinement, there were hundreds of different faces in his spiritual sense. Although it was not as arrogant as the name "red dust manifestation," it was enough to surprise people that there were more than 10000 of them.

Lin Yi randomly chose a middle-aged man's face, and the shape of his face changed in an instant. Not only that, but his body also became a little burlier, and the aura around him was completely different.

Wei shenjin's mouth was wide open as he looked at Lin Yi's change. He was surprised, "Boss, this mask is too awesome! I can't believe it's you when I see you change!"

Lin Yi took out a phone from the Jade space and took a selfie. He nodded, satisfied. "It's true. There's no flaw at all. I don't even recognize myself!"

The Lin Yi now was a completely ordinary middle-aged man, the kind that would disappear in a crowd. What was even rarer was that his aura was so ordinary that you wouldn't notice him even if you walked past him.

The fifty million spirit Jade was well spent! Besides, Lin Yi had already thought of a way to use the mask to break the two idiots "malicious bidding.

Weren't they keeping an eye on room five? when the branch came out, Lin Yi would put on the mask and enter the hall to participate in the auction. As long as Wei shenjin cooperated with them in the room and bid for some insignificant items, he'd be able to hide it from these two idiots.

After putting the mask away, Lin Yi smiled. "I didn't come here for nothing. With this mask, I'm lucky that I got something good. I wonder what other good things will be auctioned today."

Chapter 5927 Level-Eight Concealment Array Disc

Wei shenjin also laughed and said, "boss, that storage ring should be the best item on the first day of the auction. However, there might be another precious item at the end. It might not be inferior to the storage ring." It's a pity that the auction house didn't announce the details of the items in advance. "

Lin Yi smiled and nodded, "of course they won't announce it in advance. If there's only one auction, it'd be good to announce it first, but this auction will last for a few days. If they announce the catalog every day, many people might not come. Only when people know all the items but not the catalog every day will people come every day, in case they miss out on what they want."

Perhaps only on the last day would they be able to deduce what would be auctioned. However, by that time, the remaining items should be the finale of the finale. No one would miss the auction on the last day.

As the two spoke, the auction was still going on. All kinds of treasures and rare items were being auctioned off one after another. Lin Yi didn't continue bidding, but he couldn't help but sigh. This auction was indeed a top-tier one.

He had originally thought that the 100 to 200 million spiritual jades in his hands would be enough to bid for the soul-gathering branch and the soul nurturing wood. Unfortunately, after witnessing the Grand Auction, he realized that this amount of spiritual jades was not enough.

Other than the first item, the storage ring, which was worth two hundred and fifty million spirit Jade, there was another deal that was worth over a hundred million. There were almost ten deals that were worth tens of millions, and none of them were lower than a million. Lin Yi could only hope that he could get more spirit Jade from the auction with his alchemy skills. Otherwise, he'd have to use some of his elixirs to exchange for spirit Jade.

Unknowingly, the sky had turned dark. After an entire day of auction, although these cultivators were not physically tired, they were mentally exhausted. The first day's finale auction had finally officially appeared.

"Today's last item is also a treasure passed down from ancient times. There's no way to replicate it on Sky Class Island today-please take a look!" Huang Wen Jing maintained her smile and pointed at the crystal cover. Inside the cover was a round plate the size of two palms. There were extremely complicated patterns on it, forming a mysterious image.

"A level-eight concealment array disc can cover a space of up to 100 square meters after it is activated. Even an expert at the sea splitting stage can forget about discovering the concealment space formed by this array disc unless he is an array master above level-eight. This is definitely an essential treasure for cultivation and treasure hunting. The starting price is ten million spirit Jade, and each bid must be no less than five hundred thousand spirit Jade. The bids begin now!" Huang Wen Jing didn't go into detail about the formation plate, as it was unnecessary.

There was no need to say anything about the finale item. Moreover, it was a high-level array disc that had been passed down from ancient times. It was useless for people who didn't know the goods to say anything. Those who knew the goods would know the value of it without you saying it.

Lin Yi, for example, sat up straight after hearing that it was a level eight invisibility formation disk.

He had been studying array formation recently. Of course, he knew what a level-eight array disc was. A simple comparison would make it clear. For example, the Starfall array on ao Tianba's ancient battleship was actually a level-nine array technique. From this, one could see how powerful a level-eight array disc was.

Although an array board was an item refined by an array master and was slightly weaker than a directly arranged array, under normal circumstances, people with lower standards would not be able to detect it at all.

"Twelve million spirit Jade!" The fastest bidder was room six, and what Lin Yi found strange was that room four seemed to have completely given up on bidding. Room six, on the other hand, was extremely active and kept bidding.

Lin Yi didn't know that Qian Xiaodong had gone to room six as well, but he didn't care. He'd be able to get rid of these two guys at the auction tomorrow.

There were quite a few people who knew that a level 8 formation plate was a good item, so the competition was intense. Lin Yi had the same idea, but he still had to save his Jade for the soul nurturing branch and soul gathering branch. He could only be a spectator again.

Under Huang Wen Jing's deliberate guidance, the bidding price soared in just a few minutes, breaking the hundred million mark almost without a pause. The final price was one hundred and thirty-six million spiritual Jade, and it went to room six!

"Distinguished guests, today's auction ends here. We'll be waiting for everyone to come again tomorrow at the same time. Thank you!" Huang Wen Jing bowed elegantly on the stage. The first day of the auction had officially come to an end.

When Lin Yi left with Wei shenjin, he saw Qian Xiaodong and Yu Ziqing coming out of room six. He finally understood why room four fell silent-it was because of these two idiots.

Qian Xiaodong laughed as he saw Lin Yi come out, "You're lucky today, Lin. But you won't be so lucky tomorrow. Do you not have enough spiritual jades? Why don't you come and beg this young master? perhaps this young master will be happy and reward you with tens of thousands of flowers. "

Lin Yi glanced at him indifferently, not planning to respond at all. As a famous Mystic class second level refiner, he could earn spiritual Jade anytime he wanted. Even if he couldn 't, he could exchange some of his elixirs for a large amount of spiritual Jade. Qian Xiaodong was just a rich kid who only knew how to rely on his family, how could he compare himself to Lin Yi?

Yu Ziqing didn't say anything and walked past Lin Yi with aunty LAN without looking back.

"Young city Lord, let's go, there are too many people here," uncle li whispered to Qian Xiaodong.

He didn't finish, but Qian Xiaodong understood what he meant. He looked at Lin Yi, who had already turned and left, and a trace of ruthlessness flashed in his eyes, "Alright, we'll talk when we get back!"

After a while, Lin Yi brought Wei shenjin back to the five elements Chamber of Commerce's base first. He didn't stay but turned around and left the yard quietly. He put on the red dust manifestation mask in a quiet place and turned into a dark-faced middle-aged man. He rushed to the auction with big steps.

During the time he was away, all the guests in the auction house had left, leaving only a few staff members to do some tidying.

A young man from the auction house greeted Lin Yi courteously as he walked in. "Sir, today's auction has ended. If you want to participate in the auction, please come again tomorrow."

"I'm not here for the auction," Lin Yi shook his head, "I just wanted to ask if you guys sell items here?"  
Are there any more seats in the hall?"

"So you have something to auction. Please follow me." The young man maintained his usual courtesies as he led Lin Yi in, "The seats in the middle of the hall are basically sold out. However, if the item you put up for auction is approved, you can get an extra number plate. It will be very far back, perhaps in the corner at the back."

#### Chapter 5928 Auctioning The Soul Tempering Pill

"It doesn't matter. It's fine as long as you can enter the auction." Lin Yi was secretly happy-he just wanted to enter the hall to participate in the auction, and it didn't matter where it was. After all, the more in the corner it was, the less attention it would attract-this arrangement was just what he wanted.

The two soon arrived at the room where the items were being auctioned off. Lin Yi sat down for a while before a man with a goatee came over and cupped his fists to Lin Yi. "I heard that you have something to auction. What type is it? Can you take it out and have a look?"

Lin Yi took out six Jade bottles he'd prepared beforehand. "I'm auctioning six pills. You can auction them in two to three groups, or you can auction one by yourself. As for the pills, you can check them as you wish. "

The goateed man didn't care too much. If he could take out six pills to auction at once, it was obvious that they weren't precious. After all, rare spiritual herbs were also hard to find.

"This customer, this auction is a top grade item auction, so if your pill grade doesn't meet the requirements, you may not be able to be auctioned. I have to make this clear to you in advance. "But there'll be lower level auctions in the future ..." Goatee didn't check the pill right away, but started explaining to Lin Yi.

Lin Yi said impatiently, "you'll know if I'm qualified or not when you take a look!" If it doesn't work, I won't go on set. I won't blame you!"

The goateed man choked and could only nod in embarrassment. ""I've said too much. Let's see what good thing it is!"

Lin Yi hmphed and didn't say anything else. His dark face showed a hint of disdain. Since he was a different person, he couldn't have the same personality as the original.

The goateed man was starting to get angry-if Lin Yi's pill wasn't up to standard, he'd have to make fun of it, but if it was just up to standard, then sorry, he had the right to decide if he wanted to use it or not.

After reaching out to grab a Jade bottle, the expression on the goateed man's face became much more serious. This was the quality that he had to have as a professional in the auction house. No matter what it was, he had to first pay attention to his mentality.

It was this habit that prevented him from missing out on Lin Yi's pills, otherwise it would've caused a bigger mess.

"What kind of pill is this? It's special grade!" The goateed man mumbled, but he was sure that the pill Lin Yi took out wasn't Mystic-it was golden class, even if it was a golden class seventh level pill. He could say that it wasn't up for auction.

If goatee didn't correct his attitude earlier, he'd probably know that Lin Yi's pill wasn't going to be up for auction at first glance. It was because of his good habits that he took a few more looks.

"Eh? Something doesn't seem right!" The goateed man looked at the Jade bottle in his hand with a strange expression. He brought the mouth of the bottle to his nose and sniffed it gently. A wisp of pill fragrance instantly entered his nose and rushed into the depths of his sea of consciousness. Immediately after, his weak divine sense actually trembled slightly.

"What?" The goateed man's face changed, and he quickly covered the bottle. He raised his head and looked at Lin Yi, his voice low and excited, "This honored guest, could your pill be the legendary spirit tempering pill?"

As a professional who specialized in verifying the auction items on the northernmost Island, even if he had not seen the soul quenching pill, he must have heard of it. If he did not have such extensive knowledge, he would not be qualified to sit here.

Lin Yi said proudly with his chin raised, "You're quite knowledgeable. These six pills are indeed spirit tempering pills, and they're all Supreme-grade spirit tempering pills. I wonder if they're qualified to be auctioned?"

"There are! Of course I'm qualified!" The goateed man immediately became extremely enthusiastic. The little bit of dissatisfaction he had just now had long disappeared. The other party had taken out six soul quenching pills, and he was still there saying that it was not qualified. If it were him, he would also be unhappy.

Although the spirit quenching pill was only a golden class level Seven pill, things like refining the spirit sense were only taken seriously after the mountain was formed. In other words, it was no problem to treat the spirit quenching pill as a pill for practitioners above the Titan stage. This was equivalent to Mystic class level one or two.

The cultivators on sky-class islands didn't pay much attention to the cultivation of spirit sense, but that didn't mean that they didn't know the importance of spirit sense. The helpless thing was that cultivators below the Titan tier lacked the means to cultivate spirit sense, so the appearance of the spirit tempering pill would definitely cause a lot of fighting, and most of them would be Almighty beings above the Titan tier.

"If that's the case, how much do you think my six pills will sell for?" Lin Yi nodded.

The goateed man carefully placed the Jade bottle back on the table. After a moment of silence, he said, ""In my opinion, the starting price for a single soul quenching pill can be set at ten million spirit jade pieces. The final price will probably be around thirty to forty million spirit jade pieces, and that's a conservative estimate. If we publicize it well and attract the attention of more magnate-level experts, the price will only go higher. It's a pity that we don't have enough time this time. If we had done it a dozen days earlier, we would've definitely attracted more experts to the northernmost Island."

Lin Yi didn't think that the soul quenching pill would be this valuable. If he were to charge thirty million for one, six would be close to two hundred million. It was easy to earn money as an Alchemist!

To make six soul quenching pills, he only used a thin piece of spiritual awareness grass root. Compared to the entire spiritual awareness grass root, it was not even a drop in the ocean. If he needed spirit Jade in the future, he could just get a few soul quenching pills.

"May I know your name?" The goateed man calmed himself down and asked politely. He then remembered that he had not introduced himself and immediately added, "I'm yang lianqing, the manager of the auction house. Everyone likes to call me old Yang. "

"So it's manager yang, my name is mu Shuang. Since my pill can be auctioned, may I know when it will be?" Lin Yi came up with a fake name, and since Ling Yi couldn't use it anymore, mu Shuang had to use it.

He could tell how important the pill was just by looking at yang lianqing's expression. Luckily, Lin Yi got red dust manifestation today, or he'd be in trouble if he used his original face to bid for the pill.

He had to inform Cai Zhongyang and the others not to leak the information about the soul quenching pill.

Yang lianqing smiled as he took out a registration form and handed it to Lin Yi. "I don't know when the auction will be, but I think it's best to put the pill on the last day. That way, we'll have more time to promote it and get a good price."

Chapter 5929 Target Revealed

Lin Yi passed the form back to yang lianqing, signaling for him to fill it out. He asked, "Manager yang, what if I want to buy something but I don't have enough spiritual jades? You know, it's for this reason that I took out the spirit tempering pill. "

Yang Lianqing smiled nonchalantly and took the form. He finished it quickly and showed it to Lin Yi. After making sure that there were no problems, he continued, "That's fine. Brother Mu, you have six soul quenching pills at our auction house, so if you need them, you can bid for them first. We'll settle the payment together at the end. However, the amount for this overdraft settlement is only one hundred million spirit Jade. After all, we can't be sure how much the soul quenching pill will be sold for. "

"Only a hundred million?" Lin Yi pretended to be unhappy. Can't you give me more? six soul quenching pills, no matter how much you bid, it's not going to be 100 million, right? The starting price is already sixty million!"

Yang Lianqing muttered to himself for a moment before he nodded and said, "Alright, I can make the decision to increase brother MU's quota to 120 million. That's the maximum."

Lin Yi nodded, "Alright, I won't make things difficult for you, manager Yang. We'll go with the amount you said!"

Lin Yi was actually quite satisfied with this amount of money. With the chance to refine the elixir and the spiritual jades he had on him, he had quite a lot now. If he didn't have enough, he could use something else as collateral to the auction house. This was within the rules.

"Oh right, manager Yang, I still don't have a number plate for the auction. Do you have any extra?" This was Lin Yi's main goal, after all-the pill was secondary.

"Brother Mu," Yang Lianqing said awkwardly, "you should have been able to get a private room with the item you brought out. But you came too late. There are no more private rooms."

Of course, there were still private rooms. At least, the Li family of the extreme north had reserved two, but yang lianqing was obviously not in charge of that.

"I don't need a private room," Lin Yi waved his hand nonchalantly, "manager yang, just give me a seat in the main hall." Even if it's just a small corner, it's still okay. "

"That's not a problem. If there's still room to squeeze in the hall, then I'll have to trouble brother mu," Yang lianqing smiled as he took out a silver medal and handed it to Lin Yi.

There was a number on it, as well as a diagram of the location in the hall. As expected, it was in the corner.

"Thank you, manager yang. I'll be taking my leave now." Lin Yi cupped his fists as he kept the silver medal.

"Alright, take care, brother mu. After the auction for the soul quenching pill, you can use this silver medal to settle the payment. I've already included your overdraft limit." Yang lianqing put the pill away and stood up with a fist salute. He was supposed to see Lin Yi off, but he was in a hurry to make arrangements after getting the pill, so he said goodbye to Lin Yi at the door.

Lin Yi didn't mind and walked out of the auction house alone. He quickly looked for an empty street and went back to the courtyard of the five elements Chamber of Commerce. He put away the mask and changed back to his identity before walking in.

"Lil bro Lin, you just got back!" Cai Zhongyang was in the yard, greeting Lin Yi with a smile.

"I'm just taking a walk around the area," Lin Yi nodded with a smile. "Brother Cai, you've got quite a harvest today-you'll be able to climb even higher tomorrow!"

Cai Zhongyang's box twelve got four items today, which was a pretty good harvest, but Lin Yi didn't need them. Fortunately, Qian Xiaodong and Yu Ziqing didn't take their anger out on Lin Yi's people, or Cai Zhongyang would be in trouble.

"Brother Lin, why don't you come to my room tomorrow? it'll be easier to bid for anything you want. Don't be angry with those two rich second generation from the East Province." Cai Zhongyang knew that Qian Xiaodong and the other guy were against Lin Yi, and it was obvious that Lin Yi stopped all the bids.

The only exception was the mask, and for some reason, Lin Yi got it.

Lin Yi smiled and waved his hand, "it's okay, I can handle it. It'd be bad if I went to your room and made you the target. After all, you're representing the five elements Chamber of Commerce now." If I need your help, I'll come to you. "

"Alright, if there's anything you need, you can look for me anytime." Cai Zhongyang nodded and didn't say anything else. He had already decided that if necessary, he would fight for the spirit gathering branch. He had to get it for Lin Yi no matter what.

Lin Yi remembered about the soul quenching pill and decided to send a message to Cai Zhongyang. After the latter nodded, he waved back to his room with a smile.

At the same time, Qian Xiaodong and Yu Ziqing were gathered together in another place. Apart from uncle li and aunt LAN, the old man, ou Bo, who had appeared at Yu Ziqing's trade fair before, was also present.

"Little Dong, I've heard some news from my father, so I've asked you to come and listen to it with me." Yu Ziqing invited Qian Xiaodong and uncle li to sit down, then said with a smile.

Qian Xiaodong turned to look at ou Bo and politely asked, "Uncle, what did you find out?"

Ou Bo looked at Qian Xiaodong with an indifferent expression and cupped his fists, "Young master Qian, that Lin Yi has been living in the base of the five elements Chamber of Commerce. I took advantage of the auction today and kidnapped a worker of the Chamber of Commerce. I used some tricks and found out what Lin Yi is going to get in the northernmost Island."

Qian Xiaodong's eyes lit up. He didn't want to know how ou Bo got the news, as long as he knew this, he would be fine, "What is it?"

Ou Bo didn't keep him in suspense and directly said with certainty, ""Spirit-gathering branch!"

"It's actually the spirit gathering branch! This guy has a good eye. " Qian Xiaodong laughed out loud. The spirit gathering branch was one of the main items of this auction, and all the participants knew that. He wasn't interested in it at first, but since Lin Yi was determined to get it, he had to make things difficult for him.

Yu Ziqing took a sip of the spirit tea and put down the teacup. He said unhurriedly, "Little Dong, aunty LAN told me before that it'd be best if we could be on good terms with Lin Yi, but even if we can't, we shouldn't offend him too much. After all, he's a Mystic class level two refiner-he's quite influential. What do you think?"

"What do you mean?" Qian Xiaodong was slightly startled. He admitted defeat just like that? If you're scared of Lin Yi, then it's fine, I'll do it myself!"

"Afraid? When have I, Yu Ziqing, ever been afraid?" Yu Ziqing laughed arrogantly, then glanced at uncle li. His fingers tapped on the teacup lightly as he said, "What I mean is, since we're going to offend Lin Yi, we might as well just kill him. Aunty Lan's right, it's quite troublesome to have a Mystic second level as an enemy, it's best to find a chance to end this once and for all."

Chapter 5930 Attend In Disguise

"Good! Yu Ziqing, you really didn't let me down!" Qian Xiaodong slammed the table and laughed out loud. Rather than letting Lin Yi spend more spirit Jade, he might as well just kill him.

Qian Xiaodong looked at aunty LAN and then at ou Bo. He pointed at Yu Ziqing and said, "I get what you mean-that Lin Yi guy does have some tricks up his sleeves, and even Uncle Li can't say for sure that he'll win, but with the help of your aunty and aunty LAN, there's nothing to be afraid of from a mere peak of the late stage of the mysterious Ascension realm! Tell me, when do you want to act?"

"Of course we're going to take action on the northernmost Island. Otherwise, once this kid leaves the northernmost Island, do we still have to follow him and hunt him down?" Yu Ziqing seemed to already have an idea, and his face was filled with confidence.

"But the northernmost Island is house Li's territory. We're not afraid of house li, but a Dragon can't beat a snake in its own territory. How can we kill Lin Yi without alerting house li?" Qian Xiaodong frowned. He

wanted to deal with Lin Yi, but that didn't mean that he had nothing to worry about. At the very least, the Li family of the extreme north was someone his old man had repeatedly warned him not to offend.

"Lin Yi that kid wants the spirit gathering branch, right? let's stick to our original plan and bid for it first, then ..." Yu Ziqing smiled slyly.

"Good! You really have a lot of ideas, kid. Let's do it!" Qian Xiaodong stood up and laughed, and with a fist bump with Yu Ziqing, the plan against Lin Yi was settled.

Uncle li and aunty LAN felt that being on good terms with Lin Yi would only benefit their respective factions, but since the two young castellans had decided to go against Lin Yi, they had to go all out. They couldn't let Lin Yi go.

Since they had offended such a genius, they could not give him any more time to grow. Otherwise, they could only watch him grow stronger step by step and kill themselves in turn.

Qian Xiaodong was about to take his leave with uncle li when he suddenly thought of something. He turned to Yu Ziqing and said, ""If we're going against Lin Yi, we can use that idiot Zheng Tianqing as well. He's also Lin Yi's enemy, what do you think?"

"Zheng Tianqing? What use can he be? it's good enough that he doesn't ruin things!" When they were in the East Province, Zheng Tianqing was just a follower of the rich second generation. When they had nothing to do, they would play with him for fun, so he looked down on Zheng Tianqing from the bottom of his heart.

This was how people who were not in the same circle tried to cling onto him, so Yu Ziqing could not be blamed for looking down on him.

"No." Qian Dongdong shook his head, "not to the extent of causing trouble. That guy has been with Lin Yi for a long time, and his family is against Lin Yi in the middle Island. Having someone who knows him would be of some help, right?"

"Alright, you decide. It's too late today. We'll talk to him after the auction tomorrow." Yu Ziqing waved his hand and did not want to continue talking about Zheng Tianqing.

Qian Xiaodong nodded and left with uncle li. Behind Yu Ziqing, aunty LAN and ou Bo looked at each other and smiled bitterly. If they wanted to plot against someone, how could they say that it was too late today? He should be afraid that a long night would bring more trouble, right?

The more detailed the plan was, the less likely there would be any mistakes. This young city Lord of his family was still too inexperienced! Fortunately, the previous plan was fine. Even if Zheng Tianqing did not join, it would not matter, so the two of them did not say anything.

The next morning, Lin Yi didn't wait for Wei shenjin to wake him up. When Wei shenjin arrived at the courtyard, Lin Yi followed him out.

"Boss, you're so early!" Wei shenjin respectfully cupped his fists and bowed, greeting with a smile.

"That's right, let's go earlier today. We don't need to wait for brother Cai." Lin Yi nodded.

Cai Zhongyang had just opened his door and heard Lin Yi's words. He paused and smiled, "Lil bro Lin, are you going to leave me behind and go on your own?"

Lin Yi smiled, "Good Morning, brother Cai. I was thinking that if we split up, those two rich kids wouldn't go after you and the five elements Chamber of Commerce. They might even be able to help me out in times of need."

"That sounds reasonable. But don't worry. It won't be easy for those two kids to target our five elements Chamber of Commerce." Cai Zhongyang said confidently. The five elements Chamber of Commerce came from the pill Hall. A city Lord of the East Province might not be as rich as the five elements Chamber of Commerce.

"Even so, there's no need to look for trouble!" Lin Yi smiled and shook his head. He was really thinking for Cai Zhongyang. He could handle Qian Xiaodong and Yu Ziqing, these two idiots. There was no need for Cai Zhongyang and the others to be involved.

Cai Zhongyang understood Lin Yi's intentions and didn't insist. He waited for Lin Yi and Lin Yi to leave before following them to the auction house.

Lin Yi brought Wei shenjin into room five first. He'd already discussed with Wei shenjin how to cooperate on the way here, so there was no need for him to say anything more.

Seeing that there was no one in the fourth and sixth rooms, Lin Yi decided to transform into Shuang mu and went to the living room downstairs. He found a corner seat and sat down.

After another incense's time, almost everyone was here. The hall was full, even Lin Yi's corner was almost full.

Fortunately, there was a simple restriction in the middle of the hall. A transparent shield could be raised on the left, right, and back of the seats. It would not affect the people behind the seats from watching the auction stage, but they would not be able to observe the situation in other people's seats. It could be considered a bit of privacy.

However, this wasn't of much use. If someone really wanted to observe you, not to mention using their divine sense, even if they stood up, they could see the situation inside from above the restriction. However, this kind of practice was easy to offend people, so generally, no one would do this.

Soon, Huang Wen Jing's figure appeared on the auction stage, signaling the official start of the auction.

After Huang Wen Jing said a few words, she turned to a Jade bottle in the crystal cover and said, "This is today's first item. Inside the bottle is a pill. Perhaps many of you have never heard of this pill before, so I will give you a brief introduction before starting the auction. "

Lin Yi raised his head and looked at the Jade bottle inside the crystal cover. It was extremely exquisite, completely different from the crude things he used. Just the Jade bottle alone would cost at least a few hundred spiritual jade pieces.

He didn't know what kind of pill it was, but Lin Yi didn't care about it at all, so he wasn't going to be the first one.

"This pill is something that our auction house just received, so we haven't publicized it before. However, I believe that anyone who has heard of this pill will not miss this opportunity!" Huang Wen Jing continued with a smile.
