

Bodyguard 5941

Chapter 5941 Unusual Sea Beast

LAN Guzha thought to himself, boss, don't you know that I'm a glutton? why are you still asking me why? However, he really didn't dare to say this out loud. He could only roll his eyes and chuckled, ""It's like this, boss. You don't know, but there are many powerful sea beasts around this Island, and they all come in groups. I'm alone, so it's difficult to level up in a short time. That's why I plan to rest on the island for a while before thinking of a way to level up."

Lin Yi paused for a moment before turning serious."LAN Guzha, is what you said true? You're not joking, right?"

LAN Guzha scratched his head, not sure what Lin Yi was referring to. After thinking about it carefully, he felt that he wasn't joking at all, so he nodded his head hard and said, ""Boss, would I, LAN Guzha, lie to you? Of course, it's all true. "

Then, he asked with uncertainty, ""Boss, which part of my sentence sounds like a joke to you?"

Lin Yi waved his hand, frowning as he fell into deep thought. He believed that LAN Guzha wouldn't be spouting nonsense, but were there really that many powerful sea beasts near the northernmost Island?

For LAN Guzha to say that it was powerful, it had to be a sea beast at the great fulfilment xuansheng or even the mountain opening stage, right? And in groups?

"LAN Guzha, tell me in detail. How many powerful sea beasts are there around the northernmost Island? What's his strength like?" Lin Yi looked at LAN Guzha's shadow seriously and asked in a deep voice.

LAN Guzha did not think too much about it. He replied with an "Oh" and began to recall, "It's hard to say the exact number, but they're basically in groups of three to five. In terms of strength, there's one at the early stage of mountain split in one group, and a few at the peak of the late stage or the great circle of the mysterious Ascension realm. I've swum around the island and I've probably met seven or eight groups of people with this composition. "

Lin Yi let out a breath of relief. If it was only this level, then there was no need to worry. At most, there were seven or eight sea beasts of the early mountain opening stage and some followers of the peak of the late stage of mysterious Ascension. The northernmost Island could definitely deal with them easily.

Even ao Tianba's ancient warship could easily deal with the siege of sea beasts of this level.

"I'm probably overthinking it. " Lin Yi shook his head and smiled,"LAN Guzha, continue to investigate and see if there are any more powerful sea beasts in the vicinity of this Sea area. Then, go to the dock. I will ask Captain ao Taba on the ancient warship to arrange for you to land on the island."

LAN Guzha was immediately overjoyed."Alright, boss. Don't worry. Leave this to me. There won't be any problems." By the way, I wonder if there's anything special on this Island that's delicious? Wait, boss, don't tell me. Let me find out on my own when I get on the island! Hahahaha!"

Lin Yi didn't know what to say-this guy was here to find good food!

After LAN Guzha said a few more words, the two ended the communication. Lin Yi kept the communication bead and thought about asking li Zeyu when he had the time to see if there were so many sea beasts of the mountain opening and xuansheng stages around the northernmost Island.

If it had only appeared recently, they would have to be on high alert in case a sea beast tide attacked the northernmost Island before they could react.

Although the coastline of the northernmost Island was protected by a barrier left behind from ancient times, so many years had passed, and it was unknown whether it could still resist the attack of a large number of sea beasts.

After thinking about it for a long time, Lin Yi couldn't help but laugh. He realized that he was thinking too much. He could just mention the sea beasts to Li Zeyu. In terms of dealing with sea beast attacks, the Li family of the extreme north was definitely not on the same level as an outsider like him. Instead of worrying over nothing, he would go back and check today's harvest!

Yu Ziqing, Zheng Tianqing, and the others didn't find anything on the eastern Beach, so they could only go back and have a look. Li Zeyu couldn't find Lin Yi, so he went in another direction. Lin Yi's divine sense covered the eastern Beach completely, so he knew everything there.

Aunt Lan was in the early stages of mountain opening, but her spirit wasn't as strong as Lin Yi's—she couldn't detect Lin Yi's spirit sense at all.

Lin Yi wanted to follow behind Yu Ziqing and the others to see if he could kill them in a place where no one was around. Unfortunately, Li Zeyu and his North Town guards were not far from these three guys. Once there was a battle wave, they could arrive in an instant. If he used red dust manifestation, he could hide from the North Town guards for a short time, but Lin Yi's moves would be exposed sooner or later, and Li Zeyu would inevitably have a grudge.

After thinking about it, Lin Yi decided not to get rid of them for the time being. They were on the northernmost Island, after all, and he'd have to deal with them sooner or later.

Since there was no chance, Lin Yi didn't force it. He went to meet up with Li Zeyu and Wei Shenjin, so that they wouldn't waste time looking for him.

"Brother Li, it's been hard on you to come out and find me!" Lin Yi said as he approached.

Li Zeyu and Wei Shenjin heard Lin Yi's voice and were pleasantly surprised. They ran over with the northern Battlefront guards.

"Brother Lin, are you alright? Wei Shenjin said that something might happen to you, but it gave me a shock. If something happened to brother Lin on the northernmost Island, then what face would I, Li Zeyu, have to stand in the world?" Li Zeyu ran over and took a closer look at Lin Yi. Seeing that he wasn't injured, he said in relief.

Yu Ziqing and the other two saw Lin Yi and Li Zeyu's group from a distance and were suspicious. It confirmed their suspicions that Qian Xiaodong and Uncle Ouboli were probably dead. The question was, how did Lin Yi do it? Was he really relying on his own strength?

In any case, there was nothing else they could do in this situation. They could only look from a distance and quickly leave.

"Boss, I'm worried that you'll be set up by someone, so I went to ask Young Island Master Li for help ..."
Wei Shenjin said, embarrassed.

Lin Yi waved his hand, "I understand, you're worried about me too, I'm just troubling you too much."

"Brother Lin, you don't see me as a friend anymore, do you? It's just a small matter, not a big deal. Besides, it's our northernmost island's responsibility. By the way, I wonder how your friend is doing?" Li Zeyu remembered that Lin Yi came out to look for hou guanqi. Now that Lin Yi had appeared, where was hou guanqi?

"He's fine, he went back earlier," Lin Yi smiled.

Wei shenjin heaved a sigh of relief and said, "is Alchemist hou also fine?" That's good! Boss is amazing, nothing happened as soon as he got into action. "

Chapter 5942 Impending Storm

After a slight pause, Wei shenjin continued, ""Boss, since there's nothing else, I'll take my leave first. I want to go to the Wantong Chamber of Commerce to take a look."

One look at him, and Lin Yi knew that he was looking for Shang Yuhua. One day apart felt like three years, after all. Lin Yi waved his hand. "Go, it's fine even if you don't come back today!"

Wei shenjin was immediately embarrassed. After saying goodbye to Li Zeyu, he quickly left the place.

Lin Yi turned to look at the ocean and recalled LAN Guzha's description. "Brother li, are there many sea beasts around the northernmost Island?"

Li Zeyu thought that Lin Yi was just asking casually, and didn't take it to heart. He smiled and replied, "Of course there are many sea beasts, but they won't be too close to the northernmost Island because we have ancient restrictions here. Normally, the more powerful the sea beasts are, the more difficult it is for them to approach the northernmost Island. Only sea beasts below the Yuanying stage will easily appear around the northernmost Island."

Lin Yi blinked-this wasn't what LAN Guzha had described. Could there really be a problem?

"Don't worry, brother Lin. Our northernmost Island is definitely a very safe place. In fact, those sea beasts below the nascent Soul Stage were deliberately allowed in by the restriction. After all, we also have cultivators who need to train in the coastal waters. With those sea beasts as opponents, the effect is not bad." Li Zeyu thought that Lin Yi was worried about the safety of the northernmost Island and laughed inside.

Although the area of the northernmost Island was small, it had been standing in this Sea area for many years. How could it be dangerous?

Lin Yi shook his head and pondered, "Brother Li, I actually thought of something. When I came to the northernmost Island, I saw many powerful sea beasts on the deck of the ancient battleship in the nearby Sea area. They were all swimming in groups of three to five. The weakest was at the peak of the late stage of mysterious Ascension, and the strongest was at the initial stage of mountain opening. I've seen at least four or five groups of sea beasts in this way, but the northernmost Island is powerful, so I didn't pay much attention to it. I felt something was wrong."

Lin Yi, of course, couldn't tell Li Zeyu about LAN Guzha. He could only use the excuse that he saw it on the deck. No matter what, this information was sent to Li Zeyu, and Lin Yi couldn't care less about what he would do.

Li Zeyu's expression changed slightly upon hearing this. He wouldn't doubt Lin Yi's words, but this kind of thing completely overturned his understanding, so he didn't know how to react.

There were so many powerful sea beasts in the sea near the northernmost Island, and they were in an organized operation? What were they trying to do? A general attack on the northernmost Island?

"Brother Lin, thank you for your reminder. I'm sorry, I have to arrange for someone to confirm this news immediately, so I can only excuse myself!" Li Zeyu's expression was no longer as calm as before. He cupped his fists with a little anxiety and left with the North Battlefront guards in a hurry.

Lin Yi cupped his hands at Li Zeyu's back as a return of the greeting. He didn't know if he should hope that LAN Guzha's news was true or false. If it was true, Thule Island was in trouble, but if it was false, he would be letting Li Zeyu down.

Hou guanqi was waiting for Lin Yi when he returned to the five elements Chamber of Commerce. He immediately greeted Lin Yi, "Lil bro Lin, you're back!"

"Brother hou, why didn't you go back and rest?" Lin Yi suppressed his thoughts and greeted Cai Zhongyang with a smile.

Cai Zhongyang smiled. "Big senior brother was afraid that we would be worried, so he came to let us know that he was safe. He said that you would be back in a while. I didn't expect you to be here so soon."

He looked behind Lin Yi and saw no one else, so he continued, "Did Wei shenjin not find you? I thought he would come back with you. "

"He found me," Lin Yi smiled faintly, "but seeing that I'm fine, he quickly went to find miss Shang."

Cai Zhongyang and hou guanqi laughed out loud and even sighed about how good young people were.

Lin Yi stood in the yard and chatted with the two for a while. He was still thinking about LAN Guzha, so he said that he wanted to stay on the ancient battleship for a night before saying goodbye.

Cai Zhongyang and hou guanqi didn't find anything wrong with it. Lin Yi was on very good terms with ao Tianba, and he was an honorary vice-captain as well. It was normal for him to spend the night there.

Lin Yi went to the ancient warship and found ao Tianba on the bridge. He was looking at the surveillance formation on the ancient warship with a serious face.

"Brother ao Tian, What are you looking at?" Lin Yi asked as he walked closer to ao Tianba, sticking his head out to look at the surveillance formation. As the honorary vice-captain of the ancient ship, there was nothing wrong with that.

Ao Tian BA turned to Lin Yi and nodded, "Brother Lin is here. The sea around the northernmost Island has not been very peaceful for the past two days, so I didn't have the time to attend the auction. I've been looking at these surveillance arrays all day."

Lin Yi was now sure that LAN Guzha's information was completely true. Even ao Tianba felt that something was wrong-it was clear how close the sea beasts were to the northernmost Island.

"Brother ao Tian, the ship's surveillance array has a limited range. What can you see?" Lin Yi asked, confused. If there were sea beasts in the surveillance formation, it meant that the dock had been taken!

Ao Tianba shook his head and laughed."It's good that they can't see anything. I'm just afraid that they'll see something. There are people on top who keep an eye on them day and night. If there's anything unusual in the distance, they'll inform me first. As long as it's not a sudden attack from the sea, my fleet should be able to resist it."

"Is the situation that serious?" Lin Yi's expression turned serious as well-ao Tianba's decision to set up a security measure like this showed just how serious the situation was."Brother ao Tian, what did you find?"

Ao Tianba laughed bitterly."I can't say exactly what I found, but I can vaguely see some powerful creatures appearing in the distance, and there are quite a number of them. Brother Lin, you know that when we faced the sea beast tide together last time, if it wasn't for you controlling the Starfall formation and repelling the sea dragons 'surprise attack, my warship might have been destroyed long ago. That's why I'm very sensitive to the gathering of sea beasts."

Lin Yi was still a little scared when he thought about the sea beast tide. If it wasn't for that thing, he wouldn't be able to control the Starfall formation, and Dragon would've eaten him up like a snack. Could Dragon be behind this again?

"Brother ao Tian, did you inform the Li family of the extreme north? After all, this is their territory. If there's any situation, it's better to let them handle it. " Lin Yi had already mentioned this to li Zeyu, but ao Tianba's warning was obviously more important.

Chapter 5943 Patrol Around The Island

Unfortunately, ao Tianba shook his head."No. After all, the situation is still unclear. If we rashly tell the Li family of the extreme north, we'll offend them. But I've asked someone to remind the people in the northern Garrison who are responsible for monitoring the nearby sea. If they find anything, they should inform the Li family at once. It's more appropriate for me to tell them."

"Brother ao Tian has thought things through thoroughly. This will indeed be better. However, I don't think the northern Garrison has found anything, because just now, li Zeyu has not received any news." Lin Yi sighed. The northernmost Island had been peaceful for a long time, and the northern Garrison had relaxed.

Even a guest Army like ao Tianba had discovered something and had warned them two days ago. However, they had not made any progress until now. It was already a light punishment to say that they were dead.

"Lil bro Lin, you seem to know about this too?" ao Tianba asked, surprised. Did you notice it too? That's right, if not for that, you wouldn't have come to find me now!"

Lin Yi didn't deny it and nodded,"I do know a little. Brother ao Tian, do you still remember that I helped a sea serpent Dragon defeat its opponent on our way here?"

"There is such a thing." Ao Tianba nodded and looked at Lin Yi in surprise,"Did this sea serpent Dragon tell you about this? But that's not right. Even if he wanted to tell you, he couldn't have sent you a message, right?"

Lin Yi smiled faintly, "actually, that sea serpent Dragon is my spirit beast. I have a way to contact him. I came here this time to ask brother ao Tian to create an identity for this guy so that he can go ashore and walk around. Don't worry, he can already transform into a human form. There won't be any problems."

Ao Tianba was shocked and couldn't process what Lin Yi was saying. A sea serpent Dragon was his spirit beast? This was a royal family of the sea, one that could grow into the Overlord of the sea in the future. Lin Yi was able to take them under his wing, this was too shocking!

"Brother Lin, I've always known that you weren't an ordinary person, but I didn't expect you to be so heaven-defying!" After a long while, ao Tianba took a deep breath and said, ""With a brother like you, the pressure on the older brother is huge! Hahaha!"

Ao Tianba laughed and then said seriously, ""What you said is just a small matter. I'll help him solve it later. Since there is a definite source of information, it seems that I have to inform the Li family of the extreme north. Although this is their territory, we can't stay out of it here. The best way is to make the first move."

Lin Yi thought it was true. "That's right. If the sea beasts are really going to launch some shocking attack, then striking first is our only chance. I mentioned this to li Zeyu just now. I think the Li family will take action soon."

Lin Yi paused for a second before smiling. "We were just talking about li Zeyu, and he came over. It seems that the Li family also knows that brother ao Tian's ancient battleship is the most powerful battle fortress, so they came to discuss it with you."

Ao Tianba looked at li Zeyu, who was approaching the ancient battleship through the surveillance array, and laughed. ""That's for the best, I don't have to make another trip. Brother Lin, you have good eyesight, you saw the edge of the room. "

Lin Yi smiled slightly, but didn't explain that he saw li Zeyu with his divine sense and not through the surveillance array.

"Brother ao Tian's attention was focused on the surface of the sea, so he didn't pay attention to the dock." Lin Yi turned around and walked out after a casual sentence. "I'll go and welcome him. Brother ao Tian, you can wait here. "

"That's good too, then I'll leave it to you, lil bro Lin. " Ao Tianba didn't stand on ceremony. Lin Yi was the honorary vice-captain of the ancient battleship, after all. It was very appropriate for him to welcome li Zeyu on his behalf. If li zaixiang came on the ship, he would have to personally welcome him.

After a while, Lin Yi and Li Zeyu arrived at the bridge. Ao Tianba didn't act arrogantly and waited at the door, smiling, ""Welcome, Young Island Master Li. I'm sorry for not welcoming you."

Li Zeyu respectfully cupped his fists and said, "li Zeyu greets Captain ao Tian. This time, I have taken the liberty to board the ship because I have a presumptuous request. I hope that Captain ao Tian can do his best to help."

Ao Tianba invited li Zeyu to sit at the side, then said, ""Let's get straight to the point. Some traces of abnormal activity of high-level sea beasts have appeared in the safe area of the northernmost Island. This matter can be big or small. I wonder what you want me to do?"

Li Zeyu nodded and said, "Captain ao Tian is indeed forthright. I would like to thank you for your reminder to the North Garrison. It's a pity that we didn't find any of those useless things!" "Therefore, we can't count on these guys. Today, I'm here on behalf of the Li family of the extreme north to ask Captain ao Tian to pilot your ancient warship and patrol around the extreme north Island a few times with our warships to see what's going on. Once we find any sea beasts of the mountain opening and Xuan Sheng stages entering the safe area, we'll immediately eliminate them. What do you think, Captain ao Tian?"

After a slight pause, Li Zeyu added, ""Of course, all the consumption and expenses of the ancient warship will be borne by the Li family of the extreme north. Captain ao Tian must not bear this responsibility."

To put it bluntly, the Li family wanted to hire ao Tianba's ancient battleship to patrol and clear the island, but in a nicer way, they asked him to help pay for the cost and losses, which was enough to show ao Tianba face.

Ao Tianba had the same intention all along, and the two of them hit it off as soon as they saw it. They quickly entered the actual negotiation phase, and Lin Yi, as a person both sides agreed on, naturally joined in as well.

With everyone's sincerity in their cooperation, it didn't take long for the negotiation to be completed. Ao Tianba immediately gathered the crew and prepared for the departure of the ancient warship. Li Zeyu also gave an order to the three warships of the northernmost Island to leave the port first and wait for the ancient warship to lead the patrol around the island.

Lin Yi didn't get off the ship and followed-if everything went well, it wouldn't take too long to circle around the island. He'd be able to circle around four to five times before dawn, and he wouldn't miss the third day of the auction.

Lin Yi pinched his chin as he looked at the sea on the monitor, ""Brother ao Tian, what if those sea beasts see our battleships and immediately retreat into the deep sea?"

"Isn't it better to retreat to the deep sea? They're tactful!" Ao Tianba laughed nonchalantly. If he didn't have to fight, he didn't want to waste his resources on killing sea beasts. Those things couldn't be killed all at once, and there wouldn't be anything valuable left after firing the ship's cannons. In any case, li Zeyu's remuneration was fixed. Even if he didn't fire a single shot, it would still be that much.

Chapter 5944 LAN Guzha Returns

Lin Yi shook his head, "what I mean is, if the sea beasts know how to retreat on their own, then maybe there's really someone behind this. Otherwise, some of these sea beasts would definitely try to attack the fleet and only run away when they realize they can't win. They might not even run to the deep sea. They might just run around in circles with the fleet."

Ao Tianba was slightly stunned. He frowned and said, ""Brother Lin, you're right. If that's the case, it'll be more troublesome. However, the wisdom of these sea beasts isn't much worse than that of those old cunning guys. If there's only one or two of them, they won't take the initiative to provoke us. It's possible that they'll go around in circles."

"No matter what, let's go out and take a look! If we don't solve the problem of the sea beasts, we won't be able to rest easy even if we participate in the auction!" Lin Yi said with a smile. He was thinking if he should contact LAN Guzha and ask him to pay attention to the movements of the sea beasts.

After the ancient warship sailed out of the dock, it immediately met up with the three medium-sized warships that were already waiting at the periphery. They braved the wind and waves and began their patrol around the island. As expected, those sea beasts did not actively provoke the fleet. They immediately turned around and avoided them when they saw them from afar. Some fled into the deep sea outside, while some accelerated to escape. They were indeed playing a game of circles with the fleet.

Lin Yi and ao Tianba weren't sure if this was a planned operation or if it was just a coincidence.

He looked at the one-third of the island ring and turned to ao Tianba, "Brother ao Tian, let the three warships behind us turn around and advance in the other direction!"

Ao Tianba's eyes flashed and he laughed, ""That's exactly what I want! Younger brother Lin is indeed a man who is suitable to adventure on the sea. It's such a pity that you're not with this elder brother!"

Lin Yi smiled faintly. "Maybe there will be a chance in the future. Brother ao Tian, you should focus on developing your fleet first. Who knows, one day I might be the real Captain of your fleet!"

"Hahaha, it's a deal then. This elder brother will wait for your arrival!" Ao Tianba laughed heartily, then turned around and ordered, ""Order the warships on the northernmost Island to turn around and advance from the other side. We'll launch a joint attack and kill all the sea beasts that don't want to leave this Sea area!"

"Yes!" The crew member in charge of passing the order immediately ran out and sent orders to the fleet behind.

It was the best choice for them to turn around at this distance. The distance they had just arrived was an empty area of the sea beasts. It was not easy for the sea beasts that had fled to the deep sea to come back. After all, the restriction on the northernmost Island would still be somewhat affected.

Therefore, at least one-third of the distance between the three medium-sized warships would not encounter any sea beasts. After they left the three medium-sized warships, the speed of the ancient

warship would increase, and the efficiency of chasing after the sea beasts would immediately become apparent.

When the three warships crossed the starting line, the ancient warship would be able to complete about three-quarters of the remaining two-thirds of the journey. The last part of the journey would be the distance that the three medium-sized warships and the ancient warship would have to cover!

As long as the sea beasts did not escape to the deep sea, they would be torn apart by the cannons of the battleships. By then, they would be able to determine whether the sea beasts had any plans.

After the three ships left, Lin Yi told ao Tianba that he was looking for LAN Guzha. He went to the deck alone and spread out his spirit sense, looking for LAN Guzha.

The communication bead indicated that LAN Guzha was nearby, and Lin Yi guessed that he could find his position. As expected, this guy was hiding in the deep water under the ancient battleship. He didn't know how he got past the surveillance formation, but at such a close distance, if he was discovered by the people on the ship, they would definitely fire a shot at him without hesitation.

"LAN Guzha, hurry up and come up!" Lin Yi used his Qi to wrap the communication bead up and put it in the water. He put it back after shouting.

After LAN Guzha heard Lin Yi's call, he didn't say anything and immediately shot into the sky. Of course, when he left the water, he transformed into his human form. His clothes were still the casual style of the secular world, not a drop of water on them. They were preserved in perfect condition.

After greeting ao Tianba, the people on the ship naturally would not attack LAN Guzha. However, even if they did, LAN Guzha would not care.

Other than the Starfall formation, LAN Guzha could still take a hit or two from the other cannons. With Lin Yi on the ship, it would be a waste of his honorary vice-captain status if he couldn't make them stop after one or two hits.

"Boss! I can finally be by your side again! I've missed you so much!" LAN Guzha lunged at Lin Yi with an exaggerated expression, but Lin Yi dodged him with a light step.

"Don't give me that. Do you want to eat to death?" Lin Yi exposed LAN Guzha's thoughts without holding back. This glutton put at least 80% of his attention on food, and the other 20% was on handsome clothes and beating people up ...

LAN Guzha did not argue but laughed out loud, "Boss knows me best. Is there any good food on this ship? I'm starving, let me eat first!"

Lin Yi didn't want to waste time with this guy and asked directly, "How's the thing I told you to do? Is there any new situation?"

LAN Guzha did not dare to dally at the mention of serious matters. He quickly shook his head and said, "Boss, I didn't find any new situation. There are no more powerful sea beasts nearby. After your warship came out, half of the original ones also fled. Now, there are a lot fewer sea beasts near the northernmost Island."

Lin Yi frowned, "how did these sea beasts get here?" You're a king of the sea beasts, haven't you heard anything?"

After a slight pause, Lin Yi suddenly remembered that LAN Guzha was also at the peak of Mystic Ascension. The restrictions of the northernmost Island should have had an effect on him, but why didn't this guy seem to be affected at all?

"LAN Guzha, don't you feel anything amiss when you're approaching the northernmost Island?" Lin Yi asked curiously. He didn't know how wide the area of the restriction was, but LAN Guzha was already close to the coast. He must be within the range.

LAN Guzha thought for a moment before he nodded, "I think so. The closer I get to the northernmost Island, the weaker my strength seems to be. I have a feeling that I can't get close when I'm a hundred miles away from the northernmost Island, but Who am I? I'm lan Guzha from the royal family of the sea beasts! I easily broke through that obstruction and came to the northernmost Island to find you, boss. "

Chapter 5945 Chasing Away Sea Beasts

Lin Yi automatically filtered out the bullshit and caught the main points. The extreme north island's restriction on sea beasts above nascent soul should be within a hundred miles from the coastline, and the closer one got to the island, the stronger the restriction.

Other than that, Lin Yi suspected that the problem with the restrictions on the northernmost Island was caused by LAN Guzha, the sea Dragon. With the toughness of his physical body and the terrifying strength he had gained after his mutation, ordinary sea beasts at the early or middle stage of the mountain split stage might not be able to compare with him. However, the restriction on him was still at the xuansheng stage. Therefore, it was indeed much easier for this fellow to break through the outermost restriction.

Fortunately, LAN Guzha was still unable to break through the prohibition defense on the coastline of the northernmost Island. Otherwise, the restriction on the sea beasts would basically be zero.

"LAN Guzha, How long have you been in the waters near the northernmost Island?" Lin Yi asked, confused. He thought that it wasn't the right thing to ask, so he continued, "Or did you discover those powerful sea beasts in groups first when you came to the nearby Sea area, or did you discover them later?"

LAN Guzha scratched his head. He did not quite understand the meaning behind his boss's question, but he did not have to worry about it. All he had to do was to answer truthfully, "I just arrived two days ago. Boss, you know that the guy from before needs some time to digest, so those guys should be ahead of me. Although there weren't that many at the beginning, I did see them in the vicinity when I got close to the northernmost Island."

Lin Yi heaved a sigh of relief when he heard that. It was good that LAN Guzha didn't cause the restriction to loosen. Otherwise, he would be too embarrassed to face Li Zeyu.

As the two of them were talking, the ancient warship had already accelerated and caught up with a few sea beasts in front. The bow cannon of the warship suddenly glowed, and a light beam as thick as a thigh instantly pierced into the sea surface several miles away, accurately hitting a sea beast at the peak of the late stage of mysterious Ascension.

A loud roar came from the distance. It was obvious that the sea beast that was hit was not finished. It seemed that the cannon had avoided the fatal spots of the sea beast, and only seriously injured it.

"This warship's cannons are quite powerful. I'm afraid that not many people in the endless sea would be able to withstand them," LAN Guzha clicked his tongue and praised.

Lin Yi thought that the bow cannon was just the most common weapon of the ancient battleship. The Starfall array was more than a hundred times stronger than the bow cannon.

"Get someone to take you to the restaurant on the ancient battleship first. There are many delicious things there. I'll come back to find you later." Lin Yi's spirit sense caught a few sea beasts diving down a few miles away. He quickly sent LAN Guzha to find his favorite before running to the bridge.

Since these sea beasts didn't want to leave the area, it was safer to clear them out completely. With Lin Yi's help, ao Tianba would have an easier time.

LAN Guzha's eyes glowed as he spoke loudly, "Boss, go ahead and do what you need to do, don't mind me!"

What a joke, with delicious food here, did they still need people to bring them around? Boss, you're still underestimating the instinct of a foodie! Hahahaha!

LAN Guzha was extremely pleased with himself. He rushed to destroy the food reserves on the ancient warship faster than Lin Yi. Lin Yi, on the other hand, returned to the bridge. He didn't have time to talk to ao Tianba and immediately ordered the crew to adjust the angle of the cannon.

Everyone on the ship knew Lin Yi's abilities. The Starfall formation seemed useless during the last beast wave, but it somehow hit Dragon. After that, no one questioned Lin Yi's command.

Ao Tianba was even more direct, giving out orders to the crew. Lin Yi's orders were the same as his, and Lin Yi's orders could even replace his captain's orders at certain times, like the angle of the cannons.

Another dazzling beam of light shot into the ocean several li away. The sea beast at the peak of the late stage of mysterious Ascension realm that had been severely injured was finally killed. Moreover, it had been hit by an extremely precise attack on its vital point!

The remaining sea beasts dived down at an extremely fast speed, and they kept escaping to the side of the sea route. Soon, they would be out of the range of the ancient warship's surveillance array.

Lin Yi's face was calm. This test proved that his spirit sense could accurately aim. If that was the case, as long as they were within the firing range of the ancient warship's cannon, the sea beasts would not be able to escape.

The third shot killed another sea beast at the great circle of mysterious Ascension. The remaining sea beasts went crazy, especially the sea beast at the mountain split stage. It suddenly turned around and attacked the ancient warship.

A water bullet wrapped in powerful vital energy hit the ancient warship like a meteor and hit the outer defense layer, causing a huge chaotic ripple.

The ancient warship only trembled a few times before returning to normal. The attack of a sea beast at the early stage of mountain split realm could not break through the outer defense at all.

Lin Yi's lips curled up into a cold smile. This sea beast was extremely cunning. It looked like it was attacking with all its might, but it was actually just a feint. It would instantly escape when it attacked.

The other two sea beasts at the peak of the late stage of the mysterious Ascension realm followed suit and launched an attack on the ancient warship. Then, they stupidly rushed over and became the target of the cannon fire.

Moreover, the sea beast in the early stage of mountain split realm knew that it was useless to continue forward or go down. This time, it fled directly to the outer sea. With the two underlings to block the cannon, it didn't need to run very fast. It would be fine as long as it was faster than the two cannon fodder.

Lin Yi didn't care about the guy running away. After all, he wasn't controlling it himself, and it wasn't that easy to chase after it. He had to kill the two sea beasts at the peak of the late stage of mysterious Ascension first.

After two consecutive shots, the cannon fodder really became cannon fodder. The huge body of the ancient warship pushed away the waves, and in the end, not even ashes were left.

"Lil bro Lin, you're really wasting talent by not being at sea!" Ao Tianba couldn't help but sigh. Lin Yi's talent in pill Dao was shocking, but he still felt that someone with a talent like this should be focusing on the sea.

They'd talked about this a couple of times already, so Lin Yi just smiled and pointed at the early mountain split sea beast that'd escaped from the formation, "Brother ao Tian, there's still one more fish that escaped the net. Do you think we should chase after him and kill him?"

It wasn't easy to hit a target outside of the surveillance formation, but Lin Yi's spirit sense was much more accurate than that. If ao Tianba wanted to kill the sea beast, Lin Yi could help too.

Chapter 5946 Lin Yi's Chance To Refine Pills

Ao Tianba waved his hand and said, ""Since he's escaping to the outer sea, let him be. We have to eliminate the sea beasts on the island route as soon as possible and join up with the three warships of the northernmost Island."

"Alright, then let's go full speed ahead!" Lin Yi wasn't too passionate about hunting sea beasts, and he didn't mind if ao Tianba didn't want to interfere.

When the ancient warship was at full speed, even the sea beasts in the early mountain-opening stage who were good at speed might not be able to match it. Not to mention, although the restriction on the northernmost Island had loosened, it still had a suppressing effect on the sea beasts above the nascent Soul Stage. As long as the sea beasts were within the sea route and did not escape to the outer sea, they basically could not escape the accurate strike of the warship's cannons.

An hour later, the ancient warship had successfully merged with the three warships from the northernmost Island. Most of the powerful sea beasts that LAN Guzha had discovered had been killed. Only a small portion had escaped to the outer seas.

The three medium-sized warships of Thule Island continued to patrol around the island, while ao Tianba's ancient warship returned to its normal speed and returned to the dock of Thule Island.

After clearing the sea, the three medium-sized warships were enough to guard the route, so ao Tianba could be considered to have successfully retreated. However, according to the agreement, if a large number of high-level sea beasts were discovered again, the ancient warship would be the first to attack.

"Brother ao Tian, do you have any thoughts on the behavior of these sea beasts?" Lin Yi was sitting in ao Tianba's private waiting room, holding a cup of spirit wine made from spirit fruit, a little confused.

Ao Tianba took a sip of wine and said, "brother Lin, do you think these sea beasts are a little strange?" In fact, it's not a big deal. It's not rare for powerful sea beasts to gather with a few weaker sea beasts. The law of the jungle in the ocean is too many to count, so perhaps those weak sea beasts are just food for them to feed on. "

"There's such a situation?" Lin Yi blinked. It did make sense.

"Alright, don't think too much about it, lil bro Lin. Those sea beasts' movements are all in a mess, and it doesn't look like they have a single commander. If it's really a planned operation, they'll all retreat or gather together to launch a siege when our ships are deployed. Let's not talk about this. Let's have a good drink and chat. Tomorrow, you can attend the auction with a peace of mind. I'll take care of the matters at sea with my fleet!" Ao Tianba finished his sentence and clinked his glass with Lin Yi's, finishing the wine first.

Lin Yi wanted to say, what if the sea beasts were doing this on purpose to confuse them? However, on second thought, he realized that even though the intelligence of powerful sea beasts was similar to that of humans, this kind of strategy and sacrifice did not seem to be the style of sea beasts. Perhaps he was really thinking too much. Thus, he shook his head with a smile and drank the wine in his cup.

The Li family would take care of the sea beasts, and there was still ao Tianba-Lin Yi didn't need to interfere too much.

He decided to think about the auction tomorrow. He had the soul gathering branch, and if he could get the soul nurturing wood tomorrow, he'd fly back to the island in a flying saucer. He wanted to wake up

Han Jing as soon as possible. If it weren't for the soul nurturing wood for that ghostly thing, he would've left the northernmost island after the auction.

The next morning, Lin Yi and LAN Guzha left for the auction after chatting with ao Tianba for the whole night.

Otaba personally brought him to the edge of the deck, and the crew member in charge of the dining room's food came over with a pale face and said, ""Captain, we need to replenish our food supplies today."

"Didn't you just replenish your food for three days yesterday?"

"The guy beside vice-captain Lin finished it ..."

Before going to the auction, Lin Yi went back to the five elements Chamber of Commerce base to meet Wei shenjin and Cai Zhongyang. He also introduced LAN Guzha to them, telling them that he was a new follower he took in on the northernmost Island yesterday.

LAN Guzha's social ties were not bad. He quickly became familiar with Wei shenjin and Cai Zhongyang. The few of them arrived at the auction while talking and laughing, and entered their own private rooms.

Lin Yi didn't need to stay in the main hall anymore-that Qian Xiaodong was done for, and he'd given all his spirit Jade to Lin Yi. He didn't have to worry about not getting the soul raising wood.

A few minutes later, Huang Wenjing announced the start of the third day of the auction. Lin Yi's refining opportunity was a surprise to him, but it wasn't surprising that it was Lin Yi's turn since he already got it yesterday.

"Friends, I'm sure everyone still remembers yesterday's auction for Grandmaster Li Zao Yi's alchemy opportunity, right? Friends who didn't manage to get a picture, do you feel a little regretful? It doesn't matter. Today, we have a better opportunity to make up for yesterday's regrets!" Huang Wen Jing's smile was very bright. He didn't know if it was because the auction house had specially taken care of her, but he felt that she was more passionate than before.

"In the past few days, an alchemy master has become famous on the northernmost Island. I'm sure everyone has heard of him. That's right, he's Lin Yi, Master Lin!" Huang Wenjing showed the receipt Lin Yi had written to everyone, "Master Lin's most recent alchemy was the mystic second level pill, the hyna pill. According to our sources, that pill is of high quality, and very close to special quality. Today, we're auctioning off a chance for Master Lin to refine pills!"

Everyone in the audience, regardless of whether they knew or not, began to talk about it. Although most of the people present didn't have a use for the mystic second level pill, they might be able to make friends with a Super Master of the earth opening stage with this opportunity.

Especially since Lin Yi promised that the quality of the pills would be top tier, there was nothing to worry about!

Zheng Tianqing laughed sinisterly in the medicine sect's box. He was the one who released the news of the henna pill, of course. He wanted to give more people the confidence to participate in the auction. The higher Lin Yi's bid was, the harder it would be to deal with in the end.

After Huang Wenjing finished introducing Lin Yi's promise, she continued to speak with enthusiasm, "If not for the fact that I don't have enough spiritual jades, I'd like to participate in the auction for such a talented alchemy master!"

The audience laughed kindly, and their anticipation for Lin Yi's chance to practice increased.

"Alright, I'll cut to the chase. We'll start the bidding for Master Lin's alchemy opportunity now. The base price is ten million spirit Jade and each increment must not be less than one million spirit Jade!" Huang Wen Jing announced with a smile, and someone immediately made a bid.

Chapter 5947 Sky-High Price

Twenty million spirit Jade! He directly doubled the base price.

However, this level of bidding was not enough to scare the others. The second bid doubled the bid by 40 million spiritual Jade!

Many people in the hall who wanted to join in the fun immediately burst into tears. With this kind of rhythm, how could they have the room to intervene? One or two more times and it would break a hundred million, right?

Unfortunately, they didn't expect that after one or two times, the next bid would be 100 million!

The third bid appeared on the projection array. Even Huang Wen Jing was stunned. She had never seen such a bidding before. The base price was ten million, and the third bid was already one hundred million? Was there a need for this?

Zheng Tianqing, who was in the famous medicine sect's private room, smiled proudly and said to Zheng Dongsheng, "Grandpa, we don't have to worry about it. We'll bid for as many spiritual jades as we can, even if we have to use the public funds from second grandpa's pill Hall. Only we know that Lin Yi, that idiot, can't continue refining!"

Zheng Dongsheng stroked his beard and laughed, "Tian Qing, you're right. Since we know that Lin Yi won't be able to make good on this opportunity, of course we'll use as many spirit jades as we have. This time, not only will we ruin this kid's reputation, we'll also make him pay us double!"

Speaking of this, Zheng Dongsheng clapped his hands and said, "Aiya, Tian Qing, you should've just said our maximum. If we bid 100 million now, what if the others don't follow? Are we going to raise the price ourselves?"

"Don't worry, Grandpa. I've asked a friend for help. This won't happen. If we call out too much, people will think we're fools!" Zheng Tianqing looked confident. The helper he was talking about was, of course, Yu Ziqing.

As the two of them conversed, the bidding price outside had already been refreshed, and the range was very large as well. It had directly reached one hundred and fifty million spirit Jade!

As expected, Zheng Tianqing's face was full of pride. He glanced at his grandfather and bid 200 million spiritual Jade.

The audience in the hall was going crazy-this way of increasing the price was too exciting. Although Lin Yi's one chance at refining was almost equivalent to a Mystic second level pill, and a high quality one at that, you still had to have the materials ready if you wanted to make a pill, right? The ingredients for a Mystic second level pill were also not something that could be easily obtained!

Huang Wen Jing did not say a word on stage. It was not because of the speed of the 10 million to 200 million increase in five bids, but because the person who had just bid 150 million was in Room 1!

As the chief auctioneer of the northernmost auction house, he naturally knew who was in the first box. It was the owner of the entire northernmost Island, the northernmost Li family!

Under normal circumstances, even if someone from the Li family gave out the Jade token, very few people would choose to use the number one box, because it was the symbol of the Li family's status. In the auction, the number one box would almost never bid. After all, the auction house was owned by the Li family, and bidding casually would break the rules of the game.

However, once the number one private room bid, no one would continue to bid without giving face. In terms of financial resources, who could be compared with the Li family of the extreme north? Continuing to bid would only offend people, and there would be no benefits.

The hall was strangely quiet. The bid of the Li family of the extreme north was instantly surpassed by the same amount. This was not giving the Li family any face at all, and was preparing to slap their face?

Zheng Tianqing didn't even notice that the last bid was from Room 1. He was still smiling and saying to Zheng Dongsheng, "Grandpa, you see, someone's helping us raise the price. It looks like that Lin Yi kid's really popular. That's for the best, it'll be much easier to ruin his reputation later."

"300 million spiritual jades! Private room number one bids 300 million spiritual Jade going once!" Huang Wen Jing waited for the new bid to come out and immediately began the countdown. If it was not for the rules, she would have immediately struck the hammer and sealed the deal!

"Damn, he's really rich and overbearing. Grandpa, how many spiritual jades can we use in total? Three hundred thirty million?" Zheng Tianqing was overjoyed, so he did not hear Huang Wenjing's words about the 300 million spiritual Jade bid from private room number one.

Zheng Dongsheng heard it, but before he could react, Zheng Tianqing had already refreshed the final bid.

"Wait ..." Zheng Dongsheng's stretched out hand weakly grabbed the air twice. In the end, he could only helplessly shake his head with a bitter smile.

"Grandpa, what do you want me to wait for?" Zheng Tianqing turned around and asked.

"The bidder just now was in private room number one ..." Zheng Dongsheng really wanted to cry but had no tears. He had already offended Li Zeyu before, and now he was snatching things from the Li family. He didn't give them any face at all. Whether he could leave this northernmost Island or not was going to be a problem!

Zheng Tianqing looked at his grandfather suspiciously. Then, he suddenly understood what the number one private room meant.

The Li family of the extreme north!

The grandfather and grandson were in a difficult position-they'd just been planning on making Lin Yi's alchemy opportunity go for a sky-high price, and then they'd be able to make a fortune out of it. Who would've thought that the sky-high price would put house li in the picture?

No matter how many spiritual jades he had, he would definitely be angry if he was played like this ...

In the number one box, li Zeyu was indeed quite angry. He had to get Lin Yi's alchemy opportunity, no matter what it took!

Li Zeyu had already arranged for someone to take Li Yi's alchemy opportunity yesterday, and today was Lin Yi 'S. Li Zeyu didn't want any accidents to happen, so he directly bid in the number one box. He didn't expect there to be such an ignorant fellow, actually arguing with him all the way.

"You're really blind to be competing with this young master in spirit Jade!" Li Zeyu cursed hatefully and raised his hand to bid the Super sky-high price of 400 million spiritual Jade.

Even a Mystic second level pill couldn't be sold for such a sky-high price, and this was just a one-time opportunity to refine the pill. The people in the hall couldn't understand what these rich people were thinking!

Zheng Dongsheng and Zheng Tianqing's foreheads were dripping with cold sweat. Not to mention that they didn't have spiritual Jade to increase the price now, even if they had spiritual Jade, they wouldn't dare to increase the price. It might be fine to secretly scheme against the Li family of the extreme north, but it was hard to say what would happen if they offended them openly.

"What do we do?" Zheng Dongsheng looked at his grandson in a daze with a terrified look.

The experience of being imprisoned and tortured as soon as he arrived at the northernmost Island was still fresh in his mind. Was he going to revisit the old place?

Zheng Tian Qing looked at Huang Wen Jing's quick countdown on the stage. After taking a few deep breaths, his eyes flashed with a trace of determination, "Grandfather, I'll immediately go to the number one private room to ask for Li Zeyu's forgiveness, and then explain to him. I don't think he'll blame us after hearing our reason. Besides, this is their Li family's auction. We're bidding within the rules, so he has no reason to argue with us. "

Chapter 5948 Begging For Mercy

Zheng Dongsheng slightly relaxed and nodded, "Not bad, not bad. Tian Qing, you're right. Then I'll have to trouble you. Quickly go and explain!"

As for being within the scope of the rules, it was better to go to hell. On the northernmost Island, the Li family was the rule!

Zheng Tianqing sneered. "There's nothing to be wronged about. A man knows when to yield and when to stand tall. This small setback will be returned to Li Zeyu sooner or later." Alright, there's no time to waste. I'll go over first!"

"Go, go. You must be patient, understand?" Zheng Dongsheng didn't forget to remind him, but he would never say that he would explain on behalf of Zheng Tianqing.

"Four hundred million spirit Jade going thrice! Deal! Congratulations to the guest in the number one box for getting a chance to refine pills from Master Lin!" Huang Wen Jing dropped the hammer without any

hesitation and secretly heaved a sigh of relief. At least things were back on track. Otherwise, she would have been in a difficult position.

Lin Yi's jaw dropped as well-he didn't think that he'd be able to get 400 million spirit jade pieces for this opportunity. He'd thought that 100 million spirit jade pieces would be good enough.

If he had auctioned it off earlier, he wouldn't have been so tight-lipped when he bought the soul-gathering branch.

At this time, Zheng Tianqing quickly came to the door of the No. 1 private room and carefully touched the restriction on the door. Under normal circumstances, no one was allowed to disturb the people in the private room, but now he couldn't care less. Anyway, he had already offended the people inside, so it didn't matter how much more or less he did.

A cold-faced Northern Garrison guard opened the door and looked at Zheng Tianqing, ""I'll give you three breaths 'time to explain yourself. Otherwise, you'll die!"

Zheng Tianqing's heart turned cold. His knees went soft and he knelt on the ground. He lowered his head and said in a trembling voice, "Is that Young Island Master Li inside? I'm here to admit my mistake. I'm sorry, I didn't mean to bid against you just now. There's a reason for that!"

"So it's you!" Li Zeyu stood up and turned his head. When he saw that it was Zheng Tianqing, he immediately showed a disgusted expression. "You didn't do anything wrong. It's just a normal bidding. Isn't it natural for the higher bidder to get it? Are you trying to insinuate that I'm abusing my power for personal gain and that there's a shady deal going on in our auction house?"

This was a serious accusation. Zheng Tianqing quickly shook his head and said, "That's not true, the young master is the fairest person in the world. The reason I bid with him was to stop you from getting Lin Yi's refining opportunity, because I know that he won't be able to refine any pills in a short time. "

Li Zeyu frowned slightly and said unhappily, ""What nonsense are you talking about? Since brother Lin is auctioning off his pill refining skills, he definitely can refine pills. Are you trying to frame him?"

"Young master Li, you might not know this, but Lin Yi wanted to get the ghost cicada wings he's always wanted, so before the auction started, he forced himself to make Mystic class level two pills. As a refiner, I can tell you responsibly that after Lin Yi makes the pill, he won't be able to make any pills for at least one or two months. Is he planning to wait until he comes back here to redeem this opportunity?" Zheng Tianqing was full of motivation when he was smearing Lin Yi's name. These thoughts had run through his mind many times, so it was very smooth when he said it.

Li Zeyu snorted. "This matter has nothing to do with you. You can leave. I will discuss the rest with brother Lin."

Zheng Tianqing wouldn't let go of this rare opportunity to pick on Lin Yi. He quickly advised, "Young Island Master Li, I think you should call Lin Yi over first and ask him if he can make elixirs in these few days. After all, it's a big business of four hundred million spirit Jade-it's always right to be cautious!"

Whether or not it worked, Zheng Tianqing wanted to plant a thorn in Li Zeyu's heart. If he could make Li Zeyu and Lin Yi become enemies, that would be the best.

"I said, you don't have to worry about me! Get lost now, or I'll send you back to your original room to stay for a few more days!" Li Zeyu's face had already shown an impatient expression. The so-called original room was naturally referring to the cell that Zheng Tianqing had lived in!

Zheng Tianqing's body trembled slightly. It was better not to relive those painful memories. He immediately nodded and said, "Young Island master, don't worry. I'll leave immediately!"

He didn't dare to say anything more. This guy stood up, turned around, and left. He was quite straightforward.

Li Zeyu was a little worried after hearing Zheng Tianqing's words. He wanted to talk to Lin Yi, but he felt that it was too rushed. In the end, he decided to wait until the auction was over before visiting Lin Yi.

After Zheng Tianqing had successfully resolved the crisis of the auction, his mind began to wander again. He looked around and found a staff member of the auction house. After giving him a small bag of spiritual Jade, he said, "Go to room five and find Lin Yi, Master Lin. Tell him that young master Li is waiting for him in room one. Tell him to go and meet the young master as soon as possible!"

The staff member looked at Zheng Tianqing as if he was an idiot and said, "The young Island master is looking for someone. Do you think he needs you to bring a spirit Jade to call me over? Are you the silly one or am I the silly one?"

Zheng Tianqing wanted to slap this bastard with his rich expressions to death, but it was true after thinking about it. Li Zeyu was the young master of the northernmost Island. If he wanted to find Lin Yi, he could've just sent any of the northern Battlefront guards. Why did he have to go through so much trouble?

However, Zheng Tianqing would not give up just like that. He kept the small bag of spiritual Jade and took out a red spiritual Jade card. "I've given you a chance to make a fortune, but you don't know how to cherish it! Your Young Island master asked me to invite Master Lin over to discuss alchemy. Don't you know about the alchemy opportunity of 400 million spiritual Jade just now? It's because I have some

misunderstandings with Master Lin. If I were to invite them over, they might not agree to it. Do you understand?"

The staff member's eyes lit up. Facing 10000 spiritual jades, he was indeed tempted. Who cared if he was stupid or not? with so many spiritual jades, he would definitely be stupid if he did not make a profit!

He grabbed the spiritual Jade card and kept it in his bag. Then, he laughed and said, "Alright, I'll help you. Just you wait!"

"Hurry up and go!" Zheng Tianqing urged him a few times before he hurriedly ran to the bend and hid.

The staff member quickly walked to the door of the fifth private room and touched the restriction. When Wei shenjin came out to open the door, he immediately cupped his fists and bowed respectfully, "Is Master Lin here? Someone told me just now that our Young Island master is waiting for Master Lin in private room number one. He wants to invite Master Lin over. I wonder if it's convenient?"

"Who told you that?" Wei shenjin immediately caught the main point in his words. He looked around but did not see anyone else.

"No need, I know who it is," Lin Yi smiled faintly.

Under his divine consciousness, Zheng Tianqing's self-belief that he was hiding was a joke. There was no need to ask to know that it was this fellow's doing.

Chapter 5949 Failed To Sow Discord

Lin Yi wasn't interested in the items being auctioned anyway-he'd just go and see what this guy was up to. He'd just kill him if he had the chance.

LAN Guzha had almost finished sweeping the food in room five. When he heard about room one, he quickly came over and said, "Boss, where are you going? I'll go with you!"

Lin Yi didn't want this glutton to go to Li Zeyu's place and take a look. He waved his hand immediately, ""No need, you and Wei shenjin can stay here and help me keep an eye on it. If the soul raising wood comes out, you must bid for it no matter what. Don't worry about not having enough spirit Jade. I'm lacking in everything right now, but not spirit Jade!"

The staff left as soon as he received the notice, and Lin Yi walked to room one after giving him some instructions. He passed by Zheng Tianqing's hiding place, pretending that he didn't see him.

If they were not in the auction house, it would have been easy to kill this kid.

He activated the restriction in room one, and it was still the cold-faced Northern Wei who opened the door. However, when he saw that it was Lin Yi outside, his face bloomed like a spring breeze.

"Master Lin! Young master, Master Lin is here!" The northern Guard was smiling so widely that his eyes couldn't be seen. He invited Lin Yi in with extreme enthusiasm. Li Zeyu heard this and immediately stood up and turned around.

"Brother Lin, you've come at the right time! Quickly come over and sit!" Li Zeyu took two steps forward and pulled on Lin Yi's arm, not forgetting to thank him, ""Thank you so much for last night, brother Lin. I didn't even have time to thank you and Captain ao Tian."

"Brother Li, you don't have to be so polite. If you continue like this, I'll go back!" Lin Yi shook his head with a smile, his spirit still locked on to that idiot Zheng Tianqing.

Seeing the door of the first private room open, Zheng Tianqing rushed out and shouted, "Lin Yi, are you here to ask young master Li to cancel your chance to refine pills? I'm telling you, don't even think about it! I'm going to expose your true colors today!"

Li Zeyu immediately said unhappily, "why is this guy still here? The few of you, quickly throw him out. If you don't behave, lock him up. He's really annoying!"

Zheng Tianqing's heart tightened and he immediately shouted, "Young Island master, I'm just thinking for you. Although 400 million spiritual jades is nothing to you, you've paid such a high price for nothing in the end. Do you want to be laughed at by others?"

Lin Yi smiled faintly and raised his hand to stop the northern Wei, ""Brother Li, just let him speak. Once he's clear, he can go to jail in peace."

If he locked Zheng Tianqing up, it would be much easier to deal with him later. This was not a bad idea.

"Lin Yi, you think I wouldn't dare expose you?" Zheng Tianqing sneered. You can't refine elixirs at all now, so why are you still using the opportunity to refine elixirs to deceive Young Island Master Li? to think that the young Island master still treats you as a brother, you despicable villain! If you want to refute me, you will immediately refine the medicinal pill that the young Island master needs!"

Lin Yi frowned. Speaking of the pill Zheng Tianqing needed, there probably wasn't anything else other than the recovery pill. However, he really could not refine the revival pill. Although the reason was completely different from what Zheng Tianqing had thought, the result was the same.

"Brother li, if what you need is a normal Mystic second level pill, like the accept sea pill, I can make it for you today. But if it's the pill from last time, I'm afraid I can't make it for now." Lin Yi didn't try to hide anything, getting straight to the point.

Li Zeyu's face revealed a slight disappointment, and he couldn't help but ask, ""You really can't refine it together with Master Li Zao? I've also won her pill refining opportunity. "

"Brother li, we're brothers. I won't lie to you. Even if li Zao Yi and I join hands, it's impossible for us to refine it successfully. But don't worry, for the time being, it's not a problem if we don't have that elixir. If everything goes well, I'll definitely be able to refine the elixir for you within a year!" Lin Yi estimated that it would take a year for han Jingjing to wake up, and by then, he could upgrade the automatic refining system, increasing the chances of making the recovery pill.

"Lin Yi, you're a liar! Just tell me you can't refine the pill, and you're making so many excuses. Within a year? you said you'd have a chance to refine the pill before the end of the auction on the northernmost Island!" Zheng Tianqing laughed.

"Why are you talking so much nonsense about me and brother Lin? How annoying! Brother Lin, is it okay for me to capture this guy?" Li Zeyu really didn't want to see Zheng Tianqing anymore, but Lin Yi had just said something, so he naturally had to ask for his opinion.

"No problem," Lin Yi shrugged, "I think this guy's annoying too."

"Young Island Master Li, you can't arrest me!" Zheng Tianqing said anxiously. Is this how you treat your guests in Thule Island? He could capture and lock them up as he pleased? Or do you want to take revenge for the auction just now?"

Li Zeyu was stunned. As the young Island master of the northernmost Island, it was indeed inconvenient for him to do this kind of thing. He had a legitimate reason for arresting Zheng Tianqing previously, but now it was at the auction house, and they had just bid for the same item. It would not be good if the news of arresting Zheng Tianqing spread.

Lin Yi felt that it was a pity-it seemed that it wasn't easy to catch this guy. If that was the case, he didn't need to bother him anymore. He'd just get rid of him.

"Brother li, don't worry about these clowns. Let's sit down and talk about alchemy." Lin Yi turned around and walked away, not bothering with Zheng Tianqing anymore.

Li Zeyu nodded and winked at the northern Garrison Wei. The northern Garrison Wei kicked Zheng Tianqing out and closed the door. It didn't matter how Zheng Tianqing was jumping outside.

Lin Yi said apologetically after sitting down."Brother li, it's really difficult to make the recovery pill. There are some things I don't understand. You can choose to make other Mystic second level pills from this auction. As for the recovery pills in the future, I'll make them for you for free."

Li Zeyu laughed and said,"since brother Lin said that there are still difficulties for the time being, then we can talk about it in the future. Anyway, I don't have any medicinal pills that I need. I might as well put this time's matter aside and talk about it in the future."

"That's fine too. If my alchemy skills level up, brother Li can choose Mystic third or even fourth level pills. Don't worry, I won't increase the price!" Lin Yi said with a smile. It sounded like a joke, but both of them knew that it was a real promise.

After ending the topic of pills, Lin Yi and Li Zeyu discussed the sea beasts from last night. Although there were three medium-sized warships patrolling the coastal area, they couldn't let their guard down. Li Zeyu was also very serious about it, so he would continue to observe the movements of the sea beasts.

Chapter 5950 Surrender

After chatting for a while, Lin Yi left and went back to room five. He couldn't participate in the auction here, since he was representing house Li in room one.

After returning to the private room, LAN Guzha immediately pointed to his eyes and said, "Boss, I didn't even blink my eyes when I saw it. I didn't see the soul raising tree!"

"Okay, I know you've worked hard. I'll take you out for a good meal after the auction!" Lin Yi smiled. He had a lot of spirit Jade anyway-it wasn't a bad idea to let LAN Guzha try the taste of the northernmost Island.

LAN Guzha was overjoyed at once. He said loudly, "Many Thanks, boss!" Then, he continued to stare at the auction stage, hoping that the soul raising wood would appear soon.

It was a pity that the soul raising wood didn't appear at the end of the auction today. Lin Yi didn't lack spirit jades now, and he did buy some things that caught his eye, but he couldn't leave the northernmost Island without the soul raising wood. He could only wait for the auction tomorrow!

Fortunately, the auction was planned to last for five days. Now that three days had passed, there would definitely be some soul nurturing wood in the last two days. In other words, he would be able to return to Nakajima to save Han Jingjing in two days at most!

A cup carved out of spiritual Jade was thrown against the wall by Zheng Tianqing. It broke into pieces and fell to the ground. After returning from the auction, his anger had completely erupted. The poor cup was not the first thing to be smashed to pieces.

Zheng Dongsheng lowered his eyes and said nothing, letting Zheng Tianqing vent his anger. On the other side, Zheng Dongjue couldn't stand it anymore. He frowned and said, "Tian Qing, that's enough. You know that Lin Yi and Li Zeyu's relationship is very good, yet you still tried to sow discord. It's good enough that you're back!"

Zheng Tianqing panted heavily and kicked a chair beside him into pieces. He then said with hatred, "We've planned this plan for so long and spent so many resources. It was finally about to succeed, but Li Zeyu, that bastard, jumped out and destroyed it! How can I take this lying down?"

"So what if I can't? We can't afford to provoke the Li family of the extreme north!" Zheng Dongjue shook his head with a bitter smile and sighed softly. "As the saying goes, Man proposes, God disposes. This time, it's not that our plan wasn't good enough, but that Lin Yi kid's luck is too good. There's nothing we can do about it. Forget it, with Li Zeyu helping him, there's no need to mention the opportunity to refine pills again."

"Li Zeyu, Hmph, this bastard has humiliated our Zheng family time and time again. I, Zheng Tianqing, will never let this go!" Zheng Tianqing gritted his teeth and wanted to grab something to throw, but there was nothing left beside him. He could only continue, "Isn't the Li family of the extreme north very powerful? Later, this young master will uproot them. Let's see how that idiot Li Zeyu can be arrogant in front of me."

Both Zheng dongjue and Zheng Dongsheng thought that Zheng Tianqing was just saying it out of anger, so they didn't take it to heart at all. If the Li family of the extreme north could be killed so easily, how could their Zheng family stand out?

"Cousin brother, I haven't seen the referee for the past two days, and I don't know what he's busy with. Do you want to find him and discuss what to do next?" Zheng dongjue didn't care about Zheng Tianqing's bold words. He turned to ask Zheng Dongsheng, who seemed to be a little listless.

Zheng Dongsheng was frightened by the Li family of the extreme north. In any case, this was the Li family's territory. Offending the Li family here was many times more serious than offending the pill Hall in Nakajima.

Upon hearing Zheng dongjue's question, Zheng Dongsheng quickly shook his head and waved his hand, ""Forget it, let's avoid trouble. On the northernmost Island, Lin Yi has li Zeyu's protection, we can't touch him. Besides, the Li family doesn't have a good impression of us. If Lin Yi provokes us, we'll be in big trouble. Tian Qing, you should know your place and don't mess with Lin Yi before we leave the island!"

Before they left the island, one of their principles was to not mess with Lin Yi, but none of them followed it properly. Now that they were back to square one, they were back to square one.

Zheng Tianqing snorted, neither agreeing nor retorting. Zheng dongjue, on the other hand, nodded gently and said, "Cousin's right, this isn't our territory after all. We've already offended house li, so we shouldn't act rashly. We'll think of a way to deal with Lin Yi when we get back to Nakajima. "

Zheng Dongsheng stood up and came to Zheng Tianqing's side. He patted his grandson's shoulder and comforted him, "Tian Qing, you don't have to be unhappy. We still got something this time. At least Lin Yi

made a welcoming of sea pill for us. Think about the four hundred million price at the auction. We've made a big profit with this pill. Once we get on Zhuang Yifan's good side and rise again in East continent, what would Lin Yi be?"

Zheng Tianqing still looked unhappy, but since his grandfather had said so, he could not say anything more. He reluctantly nodded and said, "I know. Speaking of which, Qian Xiaodong disappeared yesterday. I don't know where he went. I'll go over to check on the situation and build a relationship with Yu Ziqing."

"This is right!" "Yu Ziqing is the young city Lord of yeyue city. There's nothing wrong with building a good relationship with him. He'll be a great help to us when we return to the East Province," Zheng Dongsheng said with a smile.

Zheng Tianqing pursed his lips and showed a disapproving expression. "I know! I know! Alright, I'll be leaving first!"

After he finished speaking, he did not wait for Zheng Dongsheng and Zheng dongjue to react. He turned and left the room.

As for the powerful helper that Zheng Dongsheng mentioned, Yu Ziqing, he felt a little anxious at this time. Qian dongkong was gone, uncle li was gone, and more importantly, uncle ou was gone!

Yu Ziqing didn't care if Qian Xiaodong and his guard uncle li were Dead or Alive, but ou Bo was one of the few Masters in Night Moon City. If it wasn't for his father's love for him, he wouldn't have sent two early stage mountain opening Masters to protect him.

If one of them died out of the blue, Yu Ziqing would be targeted by his other brothers no matter how much his father loved him. However, this was all in the future, so he didn't have to worry about it for the time being. The most important thing was that if something happened to ou Bo, Yu Ziqing couldn't be sure if he would be safe.

Aunty LAN looked at Yu Ziqing walking back and forth in the room and could not help but ask, ""Young city governor, old ou has been missing for so long, and I think he's probably dead. Why don't we ask that person to help us investigate? After all, he's a local tyrant, so it should be easier for him to gather information than us. "

Yu Ziqing waved his hand. "We're just acquaintances. We don't have any real friendship. I'm afraid the other party won't help easily. Besides, with his status, even if he wanted to help, it might not be very effective. It's better not to keep in touch with him."
