

## Bodyguard 5951

### Chapter 5951 Not Human?

After turning around, Yu Ziqing continued, ""This doesn't feel right. If Lin Yi can kill both of them easily, then his strength is too terrifying. It's too dangerous for us to stay on the northernmost Island, we should leave as soon as possible!"

"If we leave, what will we do about that matter?" "Although there's some progress, it's not stable yet. If there's any accident, all the previous efforts will be in vain!" Auntie LAN said hesitantly.

Yu Ziqing smiled sinisterly. "It's alright. Zheng Tianqing is here. I've underestimated that kid in the past and always thought that he was an idiot. I didn't expect him to have some brains. I can make good use of it. I've hinted to him that he'll be happy to take over."

"Since young city governor has made your decision, I have no more objections." Auntie LAN frowned slightly, but she finally nodded in agreement.

Yu Ziqing finally stopped spinning around and sat down to drink a mouthful of spirit tea. He sighed softly and said, "It's a pity that we can't use our backup plan against Lin Yi-we need to stay away from this guy before we leave! However, this fellow probably won't be able to live past the next few days. "

Auntie LAN regretted it as well-she didn't think she should've made an enemy out of a genius like Lin Yi, but Yu Ziqing was too stubborn-she had to leave the island early to avoid Lin Yi.

As for Yu Ziqing's belief that Lin Yi wouldn't make it past these few days, auntie LAN didn't agree with it at all. On the contrary, she always felt that Lin Yi could grow into an existence that she had to look up to.

When Zheng Tianqing rushed to Yu Ziqing's place, Lin Yi was shopping for food with LAN Guzha. Wei shenjin was with them at first, but compared to the food, the beauty of Shang attracted his attention more, so he reported to Lin Yi early and went to find Shang Yuhua halfway.

LAN Guzha expressed his indignation at this and severely reprimanded this brother he had just met for valuing his lover over his friends. Then, he righteously ate Wei shenjin's share as well.

Lin Yi laughed as he watched LAN Guzha eat and drink. This guy's appetite seemed to have increased a lot after coming to Sky Class Island. He wondered if this mutated Sea Dragon still had the Taotie genes. If this continued, there might be a famine wherever he went.

"Boss, you're eating too?" LAN Guzha mumbled as he munched on a piece of unknown meat.

"I'm full already, you can eat by yourself," Lin Yi smiled.

"Oh, then don't waste your portion." LAN Guzha grabbed the untouched portion of food in front of Lin Yi and tossed it into his mouth.

Lin Yi didn't know whether to laugh or cry-this guy was just testing him? He actually wanted to eat it?

"LAN Guzha, Speaking of which, there's a fellow over there. He seems to have a good appetite as well. It's comparable to yours!" Lin Yi had nothing to do, so he used his spirit sense to scan the area. He found a burly man who ate like LAN Guzha and told him about it.

LAN Guzha raised his head to take a look. Of course, he did not see anyone. However, his divine consciousness soon discovered the burly man. He snorted and said, "Annoying fellow, the smell on your body is really unpleasant."

"Smell? LAN Guzha, do you have the genes of a dog? You can smell someone from so far away?" Lin Yi asked, amused. They were miles away-even a dog wouldn't be able to smell it, right?

LAN Guzha raised his brows and forcefully swallowed the food in his mouth. "Boss, actually it's not that I smelled anything, but when I scanned him with my divine sense, I had a feeling of loathing him, or rather, it's the aura on his body that made me a bit allergic."

Lin Yi didn't know what to say-this was the first time he'd heard that someone's scent could cause an allergic reaction. A mysterious sure-kill technique?

However, LAN Guzha did not seem to be spouting nonsense. He scanned the burly man carefully with his divine sense a few times, trying to find out how his aura made LAN Guzha allergic. Unfortunately, it looked normal no matter how he looked at it. There was nothing strange.

"LAN Guzha, don't tell me that you hate him because someone who can snatch your food has appeared?" Lin Yi couldn't help but make a ridiculous guess, but it was quite possible with LAN Guzha.

LAN Guzha actually thought about it seriously after hearing Lin Yi's words. He then stuffed a piece of meat into his mouth, "Boss, you're so smart. Maybe it's true!"

Lin Yi's face darkened, and just as he was about to give LAN Guzha a look of disdain, the thing laughed eerily, "You two stupid kids, forget about that stupid sea serpent Dragon, his head is full of meat, what can we count on him? But even a kid like you is like this, you really are influenced by the company you keep! You'll become stupid if you stay with this stupid flood Dragon. "

Lin Yi smiled faintly at the mockery. "Senior ghost, it seems like I've spent more time with you than LAN Guzha. One is marked by one's proximity to Vermillion, right?"

The demonic thing sneered. "Of course it's hard to become as outstanding as me. But it's easy to become as stupid as a stupid flood Dragon. Obviously, you've chosen the easy path."

Alright, there was no point in bickering with these ghostly things ...

Lin Yi quickly changed the topic. "Senior ghost, what are you trying to say?"

"The man you saw with your soul sense wasn't human at all. I can only tell you this much. I won't waste any more time with you. I'm going to continue my closed door cultivation. Don't come looking for me if there's anything important." The ghostly thing laughed a few more times, and then it immediately fell silent.

Lin Yi blinked-the guy wasn't human? Just as he was about to ask, the ghostly thing went into seclusion again. He had no choice but to continue his research.

If this fellow wasn't human, could it be that he was a sea beast in human form? Just like LAN Guzha?

However, after LAN Guzha transformed into a human, as long as he did not deliberately release his aura, he was exactly the same as a human. This was due to his genetic mutation. If that burly man was also a sea beast, it was impossible for him to achieve the same level as LAN Guzha.

"LAN Guzha, can you feel that big man carefully and see if he's transformed from some sea beast?" Lin Yi's expression turned serious as he whispered.

If the sea beasts could transform into human form and enter the northernmost Island, then the danger would be too great. The possibility of the northernmost Island being captured at any time would be great!

LAN Guzha was taken aback, but he'd always followed Lin Yi's orders unconditionally. He sent his spirit sense over without hesitation, covering the burly man's entire body.

#### Chapter 5952 Spirit Beast Transformation

This had completely alerted the burly man. After all, LAN Guzha's spirit couldn't be compared to Lin Yi's at all, and his control of his spirit was even more so. It was impossible for such an action not to be noticed.

After sensing LAN Guzha's divine consciousness spying on them, the burly man actually used his own divine consciousness to Scout in the opposite direction. The strength of his divine consciousness was not weak. His strength was at least above the mountain split stage.

LAN Guzha's body trembled. He snorted softly and said, "Boss, that guy isn't a sea beast. His aura doesn't have the smell of the ocean. If he was a sea beast, I wouldn't hate him. However, he is indeed not a human, but a member of the spirit beast clan!"

Lin Yi's spirit sense easily blocked the burly man's spirit sense and used a simple spirit sense vortex to completely destroy it. He then turned around and said in surprise, "Why are the spirit beasts here at the northernmost Island instead of the southern island? Could it be that he wanted to expand? Even if it's an expansion, isn't the span from the southernmost to the northernmost a little too large?"

It was no wonder that the ghastly thing could see through this fellow so quickly. It turned out that they were all members of the spirit beast clan. Even if they were in disguise, the ghastly thing, who was once a spirit beast elder, could tell with a single glance.

The burly man's divine sense was like a clay ox entering the sea, instantly losing contact with his body, and there was a faint backlash. He immediately knew that he had encountered an expert, so without any hesitation, he got up and ran.

"Stop eating, let's catch that guy first!" Lin Yi pulled at LAN Guzha.

It didn't matter if he was a sea beast or a spirit beast, turning into a human and sneaking into the northernmost Island was a very serious matter. Li Zeyu was Lin Yi's friend, after all. If the northernmost Island was in trouble, Lin Yi would definitely not sit by and do nothing.

LAN Guzha grabbed two pieces of meat and followed Lin Yi.

If it weren't for the fact that there were so many people here, Lin Yi would've used his lightning movement technique to chase after the burly man. The only weakness of lightning movement technique was that it made too much noise when used. Even people from far away could easily see the flashing lightning arcs ...

Fortunately, other than lightning movement, Lin Yi's super butterfly micro steps was also very fast, and it was very suitable for crowded places. After a few small movements, he left LAN Guzha behind.

The burly man in front seemed to have felt Lin Yi's eyes on him-his speed increased again, almost turning into a shadow. Even if Lin Yi gave it his all, the distance between them was still widening.

If he didn't use the lightning escape technique, it seemed like he really wouldn't be able to catch up to this guy. He didn't know what his true form was, but his speed was actually so fast!

Fortunately, Lin Yi and LAN Guzha's senses were locked on to this burly man. Even if they couldn't catch up now, as long as he didn't escape from the northernmost Island, they didn't have to worry about him flying up to the sky. They would catch him sooner or later!

However, in the middle of the chase, the burly man jumped into a building, and Lin Yi's spirit sense lost him!

"Hell! There's a restriction that blocks out divine sense in that area!" Lin Yi cursed under his breath. Even if his spirit sense could tear apart the restrictions, it wasn't something that could be done in a short time. He could only chase after the man and see if he could find him with his eyes.

There was still some distance between Lin Yi and LAN Guzha, so Lin Yi decided to just send him a message, "LAN Guzha, I'll go in and find that guy. You use your divine sense to cover the periphery of this area. Don't let that guy escape!"

As long as he was sure that the burly man was still in this area, even if Lin Yi couldn't find him, he could still inform Li Zeyu and have the Li family send people to search together. In such a small area, even if they dug three feet deep, it wouldn't take much time.

It was a good plan, but before Lin Yi could enter the area, a patrol team from the northern Garrison came over and blocked his way.

"Halt, this is the city guards institution's restricted area, no entry allowed!" The leader of the northern guards coldly raised his sword and stood in front of Lin Yi.

"There's a spy in there just now," Lin Yi said seriously, "come with me and catch him!"

"Stop! If you take one more step, we won't be polite!" The leader saw that Lin Yi was still moving forward, so he took half a step back and pulled out his long sword. The other nine also pointed their weapons at Lin Yi.

Lin Yi's face turned cold. "You guys didn't care about the spy who went in just now, but now you're blocking my way. Can I think that you're in the same group as the spy?"

The leader of the northern Battlefront Army was unmoved. He said coldly, "We didn't see anyone else enter, we only saw you trying to break into the guard Institute. This is the last warning, leave immediately, or don't blame us for not showing mercy!"

At this time, LAN Guzha had already landed beside Lin Yi. Seeing the ten Northern vanguards "aggressive appearance, he immediately raised his arms and said, "Who the hell are you? how dare you warn my boss! Are you tired of living? Boss, can I beat them up?"

Lin Yi raised his hand to stop LAN Guzha, who was about to make a move. No matter what, the northern Garrison guards were li Zeyu's subordinates. One had to look at the owner before hitting the dog. Moreover, this matter was the trouble of the northernmost Island itself. There was no need to be nosy and make li Zeyu an enemy for no reason.

More importantly, with the guy's speed, Lin Yi didn't know where he was going without his spirit sense locking on. He was sure that he was still in this area, but he couldn't find him alone.

"Alright, since you won't let me in, then I won't go in. When your Young Island master comes, I think you can go in, right?" Lin Yi smiled coldly. It wasn't easy to be treated like that.

"Don't use the young Island master to pressure people. We'll talk after you've invited the young Island master!" The leader was like a stone in the latrine pit, smelly and hard, and he still didn't let go even now.

One of the northern Garrison guards behind him suddenly whispered, ""Captain, I think this is Lin Yi, Master Lin. The master Lin who bid 400 million spirit Jade for one refining opportunity! He and the young Island master are really good friends!"

The leader of the northern Army was a bit surprised. He thought it was a bit tricky, but he didn't think he did anything wrong, so he didn't back off.

LAN Guzha was extremely pissed as he mumbled to Lin Yi, "Boss, this guy is really annoying. Let me beat him up. I promise I won't kill him!"

Lin Yi ignored LAN Guzha and formed an ordinary pill fire bomb with his hand. He added a trace of consciousness and threw it into the air, detonating it and creating a bright spark in the night sky.

#### Chapter 5953 The Missing Spirit Beast

He was too lazy to look for Li Zeyu and directly used this method to attract the attention of the Li family in the extreme north. For such a situation to occur in the Wei Institute, there would definitely be people coming to check it out. Due to yesterday's sea beast incident, the chances of Li Zeyu personally coming over were still very high.

All Lin Yi needed to do was wait here after the fireworks.

"LAN Guzha, go to the other side and keep watch. Don't let that guy sneak out." Lin Yi ordered calmly. His spirit sense could cover the entire outer area of this area, but the burly man was too fast. If he didn't let LAN Guzha guard over, he might not be able to catch up to him even if he found his tracks.

"Yes," LAN Guzha replied. He looked at the ten Northern vanguards with regret. What a great opportunity to fight! It was a pity that his boss didn't allow him to do it. He hoped that there would be a new opportunity on the other side!

The leader of the northern Garrison was still expressionless. As long as Lin Yi didn't enter the forbidden area, he wouldn't interfere no matter what he did. Of course, this was also because he knew Lin Yi's identity. If it were anyone else, setting off fireworks in the sky above the city guard Institute, they'd be eating free food in prison.

LAN Guzha went around in a circle and ran to the opposite side. Lin Yi didn't have to wait long before Li Zeyu arrived with his Northern Battlefront Army guards.

"Brother Lin, what are you doing here? What's happening?" When Li Zeyu saw Lin Yi, he was still a little surprised. He was also curious, why did he run into Lin Yi everywhere he went?

Lin Yi nodded to Li Zeyu. "Brother Li, I was eating with my friend just now. We found a suspicious guy and chased him all the way here. That guy went inside, but I was blocked by the northern Garrison guards, so I set off some fireworks to attract you here."

"A suspicious-looking guy? What does it look like? Why does brother Lin feel suspicious?" Li Zeyu didn't think that Lin Yi would be so free as to come here and talk nonsense to make fun of him, so he asked very seriously.

Yesterday's sea beast incident was also Lin Yi's reminder, and Li Zeyu now had a huge sense of trust in Lin Yi. As long as Lin Yi said it, he basically wouldn't have any doubts.

"I'd like to ask brother Li first, are there any restrictions on the spirit beasts and sea beasts that can take human form on the northernmost Island?" Lin Yi smiled.

"As for spirit beasts, as long as they have a proper identity card, they can still come onto the island, but sea beasts can't. The ancient restriction on the northernmost Island is specifically targeted at sea beasts, so once sea beasts that can transform come onto the island, they will reveal their original form. The auction this time is very important, and all the spirit beasts that can transform have been invited out of the northernmost Island. Therefore, at this stage, there are theoretically no spirit beasts or sea beasts on the island!" Li Zeyu's explanation was very detailed, and Lin Yi understood immediately.

The guy who had escaped into the city guards institution was indeed a black-listed person! It was a good thing Lin Yi didn't know that spirit beasts were allowed in the northernmost Island, or he wouldn't have chased after him.

In fact, many of Li Zeyu's words were incorrect. For example, after the sea beasts transformed, they would reveal their original form on the island. LAN Guzha, this fellow from the royal family of the sea beasts, was obviously not among them. It was probably a benefit brought about by the mutation.

In theory, there were no spirit beasts, but that was only in theory. There was definitely something wrong with the management of the spirit beasts on the northernmost Island. At least that burly man was a real spirit beast, Lin Yi was sure of that.

"Brother Li, the suspicious-looking guy I mentioned just now, according to my observation and estimation, he should be a spirit beast that has taken human form. As for whether he has always been on the island or if it is his first time here, I don't know. If brother Li is interested, why don't you capture him first?" Lin Yi said with a faint smile as he pointed at the area.

Li Zeyu's face changed and he immediately ordered the North Garrison, ""Seal off the city guard post immediately. Gather all the North Garrison guards and search inch by inch. We must find the spirit beast!"

With Li Zeyu, the young Island master, personally giving the order, the northern Battlefront guards, who were blocking Lin Yi, naturally didn't dare to have any objections. They immediately sent out the alarm signal to gather.

The entire North Garrison was in an uproar. All the soldiers in the garrison finished their equipment at the fastest speed and appeared in their respective areas.

Li Zeyu said with slight pride, ""Brother Lin, don't worry. This is one of the North Garrison's encampments. As long as the spirit beast is still inside, it can't escape!"

"Brother li, it's not a big deal. I just feel that it's strange for a suspicious spirit beast to appear at this time. Could he be related to the abnormality of the sea beasts?" This was what Lin Yi was most worried about, and Li Zeyu was probably the same.

As expected, li Zeyu's expression immediately became serious. ""Although spirit beasts and sea beasts have never had any contact, these two incidents were too coincidental. We really need to take it seriously. I won't say any thanks, but brother Lin's feelings for our northernmost Island are in my heart."

"Ha ... It's important to know each other. It's just a small matter, no need to be so polite." Lin Yi waved his hand with a smile before turning to the Institute.

This was the North Garrison's station, and Lin Yi couldn't just go in and search directly. He and LAN Guzha were guarding the two ends, and their divine senses were monitoring the space outside the station. They weren't afraid that the burly man would sneak out.

Li Zeyu wanted to invite Lin Yi to go in and take a look, but he didn't say much after Lin Yi rejected him. He just stood there with Lin Yi and chatted with him.

After a short while, a soldier from the northern Garrison ran over and cupped his fists, bowing, ""Young Island master, we didn't find any suspicious people in the garrison. All the members of the North Garrison were present, except for six who were on vacation."

Lin Yi frowned. He was sure that the man had entered the buildings and didn't leave from another direction. Now that the northern Battlefront Army couldn't find him, there were only two possibilities. He was either well-hidden or someone was helping him in the dark!

It was clear that the latter possibility was higher, but Lin Yi couldn't bring himself to say it in front of Li Zeyu.

Li Zeyu's face was also a bit ugly. He also knew that Lin Yi wouldn't lie to him, so there must be something wrong with the northern Garrison. In addition, there was a sea beast at the xuansheng stage that broke through the forbidden area of the northernmost Island. Even ao Tianba and Lin Yi knew about it, and they even informed the northern Garrison. In the end, the northern Garrison didn't find out for two days, which made Li Zeyu feel that the northern Garrison was really an empty name!

"You mean this young master and brother Lin are here to make you guys happy? There's only so little space. What are you guys doing? you can't even find a person who just entered?" Li Zeyu revealed a cold smile. However, when the North Garrison guard saw this, he felt a chill from the bottom of his heart.

Chapter 5954 The Back Of Zheng Tianqing

If the young Island master were to lose his temper, it would definitely not be a fun thing!

"This subordinate will immediately ask them to re-search. We must find the spy who sneaked into the guard station!" This guy quickly expressed his attitude loudly. Although he didn't think that there would be any changes in the search, it was still better than suffering the young Island master's anger now.

"Remember, even if we have to tear down the entire city guards institution, we have to find that spirit beast that has taken human form!" Li Zeyu's tone became more serious. It was related to the safety of the northernmost Island, so he would definitely not take it lightly.

"Yes, Young Island master!" The northern Battlefront guard answered respectfully and ran back to give the latest order.

After the time for one incense stick to burn, it was still the same Northern Battlefront Wei. He ran out in a hurry, bowed and reported, ""Young Island master, we haven't found any traces of outsiders, but in a remote corner of the city guards institution, we have found a tunnel that is hundreds of meters deep. We have yet to find out where it leads to."

"A bunch of trash. They don't even know that a tunnel has been dug out in their own encampment!" Li Zeyu was simply going crazy. He had lost so much face that he couldn't even say anything!

Lin Yi was more and more sure that there was a traitor helping the spirit beast. Otherwise, how could there be a passage like this, and how could the spirit beast know the location?

Lin Yi's spirit sense could reach a hundred meters underground, but who would extend their spirit sense that far? The traitor was quite cautious, but he managed to hide from Lin Yi and LAN Guzha's senses and sent the spirit beast out.

Li Zeyu suppressed his anger and turned to Lin Yi, ""Brother Lin, I've embarrassed myself. Shall we go and take a look at that passageway? At least we need to know where it leads to. "

"Alright, let's go together!" Lin Yi nodded. He was more interested in finding out who the traitor was than the passage.

The North guard lowered his head in shame after being scolded by Li Zeyu. When he heard that the two of them wanted to check the passage, he quickly led the way and led them there.

Lin Yi's face was calm, but his heart was on high alert. Since he was sure that there was a mole in the North Garrison, he had to prevent the other party from acting out of desperation and directly attacking Li Zeyu, the young Island master.

Fortunately, the strongest person in the North Battlefront was only at the peak of the late stage of mysterious Ascension. Lin Yi was confident that he could easily defend against an opponent of this level, even if it was a sneak attack.

After a few turns, a hidden cave entrance appeared in front of Lin Yi. From the surrounding, there were traces of a concealment array being set up here, and the level of the array couldn't be seen anymore. It was probably Li Zeyu's words that he would find it even if he had to tear down the guard post. Under the violent search of the northern Garrison, they directly destroyed the concealment array, revealing the cave entrance.

Lin Yi's divine sense entered the hole, but he didn't find any danger. Besides, a few soldiers of the North guard had already gone in, so he and Li Zeyu didn't stop and jumped into the hole directly.

After quickly going down the slope, Lin Yi's spirit sense confirmed that the tunnel was over twenty miles long, and the exit should be near the northern beach of the northernmost Island.

Li Zeyu walked quickly without saying a word. He was a little confused now. These things had happened one after another, making him doubt his control over the northernmost Island. He also had a faint feeling of danger.

This kind of danger was not directed at him, Li Zeyu, but at the entire Li family, or even the entire northernmost Island. If he was not careful, the northernmost Island would be in danger of being destroyed.

When Lin Yi and Li Zeyu entered the tunnel, Zheng Tianqing was looking at the garrison station from afar. He was originally going to find Yu Ziqing, but he saw the fireworks Lin Yi made on the way, so he came to see the situation.

If it wasn't for Lin Yi, Zheng Tianqing would've left after a few glances. Although his two grandpas told him to stay away from Lin Yi, he would still mind if he really met him. It would be great if he could take the chance to trick Lin Yi.

After Lin Yi and Li Zeyu entered the station, Zheng Tianqing suddenly heard a soft rustling sound in his ears, followed by a deep male voice, ""Zheng Tianqing, let's find a place where there's no one else to talk!"

Zheng Tianqing's eyes turned slightly cold. He looked around quietly and found that no one was paying attention to him. He then slowly left the crowd and walked into an empty alley.

"What do you need me to do?" Zheng Tianqing asked in a low voice after making sure that no one was around.

There was a micro-communication device in his ear. He heard that it was a high-tech product from the secular world. He didn't know what high-tech was, but it was very useful.

As long as it didn't exceed the communication range, two people could easily achieve real-time communication, which was very convenient. Moreover, this thing was like a mole stuck to the ear, which didn't hinder the usual movement, and no one would notice this thing.

"You will immediately meet up with Ziqing and make some noise on the island to divert the attention of Li Zeyu and the others." The man's deep voice quickly gave the order and then warned, ""Be careful not to expose your identity!"

Zheng Tianqing's eyes flickered, "Yu Ziqing is indeed one of your people!" When did you guys get to know him? Before or after me?"

"Zheng Tianqing, now is not the time for you to ask questions. Mind your words and tone. Also, Yu Ziqing isn't one of us yet. Don't worry, he won't have the authority to command you. " The man's deep voice reproached sternly and then comforted her.

"Alright, I'll try my best to get him in and make him my little brother." Zheng Tianqing chuckled and took note of his surroundings. "Can you tell me what happened? What was your plan in Thule Island?"

The man's low voice was slightly impatient. "You're not qualified to know yet. Just follow our orders. This is the first time you've truly worked for us. I hope you'll perform well!"

Zheng Tianqing was suddenly speechless. He had just joined the organization, and it was wishful thinking for him to get enough access to the information all at once. So, although he felt uncomfortable, he could only pinch his nose and accept it.

"Haha, I just want to cooperate better. Since you can't tell me, then forget it." Zheng Tianqing laughed drily and found a way out.

Unfortunately, the deep male voice did not even want to give him a way out. "There's nothing I can't tell you. It's just that your level isn't high enough and you're not qualified to know. You don't need to have any thoughts during the operation, just do as I tell you! I'll let you know if there are any changes. "

Chapter 5955 We're All In The Same Group

The corner of Zheng Tianqing's mouth twitched a few times. He suppressed the displeasure in his heart and said, "I know! Go find Yu Ziqing now, is there anything else you need to explain?"

"No, you can go now!" The man's deep voice did not say much. As for how to carry out his mission, it was up to Zheng Tianqing to decide.

This was also a test. If Zheng Tianqing could not do a good job, it would not be a pity if he was killed by the people of the northernmost Island. If he could successfully complete this task, he might become a key training target.

When Zheng Tianqing set off again to find Yu Ziqing, Lin Yi and Li Zeyu had already left the passage with a few of the northern Garrison guards. The exit was indeed on the northern beach. The northern Garrison guards who came first were scattered around searching, but Lin Yi didn't have much hope in their operation.

He'd already sent out his spirit sense to search for the man, but it'd been so long, and with that guy's speed, he'd already been out of Lin Yi's range. Plus, he was very sensitive, and didn't leave a single trace on the beach.

"Brother li, we can't find that guy. Let's go back first. The North Garrison guards will come with us. It's useless to keep them here. After all, he is a master in the beginning stage of the mountain opening. Even if we find him, we'll just be sending them to their deaths." Lin Yi shook his head and turned to li Zeyu, preparing to send him back first.

"Brother Lin is right, let's go back first!" Li Zeyu forced a smile, calculating his next step in his heart.

He could ignore the spirit beast that had taken human form for now, but he had to find the person who had dug this tunnel! Li Zeyu decided that when he returned, he would control the entire North Garrison of the city guards institution and interrogate them individually. He would not mind even if they were all locked up. After all, there was more than one city guard institution on the northernmost Island.

This was also because of li Zeyu's kind heart. If it was a ruthless superior, under the situation where they couldn't find the mole, they would probably kill the entire Northern Garrison of the Wei Institute without leaving a single one alive!

Lin Yi hesitated, but decided to remind li Zeyu,""Brother li, this matter may be an individual event, but I have a feeling that the sudden appearance of this spirit beast is likely to be related to the abnormality of the sea beasts. You'd better find a way to repair the restriction on the northernmost Island as soon as possible, and you can't relax on other things."

The other things naturally referred to finding the traitor in the North Garrison. Lin Yi didn't say it too clearly, but li Zeyu understood.

"Don't worry brother Lin, I've already told my old man about the restrictions. Although we can't set up ancient restrictions, we can still fix them. As for the other matters, I'll sort them out immediately. " Li Zeyu nodded in agreement. When he saw the exit of the underground tunnel, his expression became even uglier.

Such a long underground passage was definitely not built overnight. There was no doubt that the mole had been lurking for a long time. The loosening of the restriction might also be done by that guy.

Perhaps it wasn't just one person who betrayed the northernmost Island. If it was only one person, it was hard to imagine that after doing so many things, no clues were found out.

Lin Yi looked at the vast ocean under the night sky. There was a powerful seal that was passed down from ancient times. Even an earth-grade formation master like this damn thing would find it hard to break this seal if he wasn't familiar with it, let alone him.

"Brother li, maybe we can start by asking the people who maintain or monitor the restriction." Lin Yi seemed to be reminding her casually, but he didn't say anything else.

Li Zeyu cupped his hands at Lin Yi and nodded lightly. The restriction had loosened up, but no one reported it. There must be something wrong with the people monitoring and maintaining it. Also, when sea beasts above the xuansheng stage entered the safe zone, ao Tianba sent people to warn them, but they didn't respond. This was also a problem.

These aspects could be investigated, but when li Zeyu thought about how the defense of the northern Garrison had become so badly damaged, his mood became heavier.

"The few of you, completely destroy this passage and come back!" After li Zeyu gave the order to the gathered Northern Battlefront guards, he left with Lin Yi.

A few of the northern Garrison guards who had been with him also stayed behind to help destroy the passage and to keep an eye on the northern Garrison guards in case there was a mole among them who could take the opportunity to slip away.

At the same time, Zheng Tianqing had already arrived at Yu Ziqing's residence. Since he knew that Yu Ziqing was with him, his attitude was not as respectful as before.

"Young city Lord Yu, I've come to discuss something with you." Zheng Tianqing casually cupped his fists and sat down.

In the past, he would always bow and cupped his fists, not daring to make the slightest mistake. However, it was different now. Such a small detail made Zheng Tianqing feel secretly happy.

Zheng Tianqing was happy, but Yu Ziqing was, of course, unhappy. Did this idiotic follower think that he could be so presumptuous just because he was a little closer to him? However, when he thought about how he was about to push the blame to Zheng Tianqing, he endured his unhappiness.

"Tian Qing, I also have something to discuss with you. It seems that we have a tacit understanding!" After a chuckle, Yu Ziqing reached out and patted Zheng Tianqing's shoulder, appearing to be very friendly.

Zheng Tianqing thought that the deep male voice had also informed Yu Ziqing about this matter, so he was not surprised. "Young city Lord Yu is right, our tacit understanding will get better and better in the future! Do you want to say it or do you want me to say it?"

Yu Ziqing was thinking about how to make Zheng Tianqing willingly catch the pot he threw out, so he waved his hand politely. "You mentioned it first, so of course you're the one who brought it up first. I'm all ears. "

"Alright, then I'll say it!" Zheng Tianqing did not hold back. Since he was already a member of the organization and Yu Ziqing was not, he was considered Yu Ziqing's senior. It was normal for him to announce the mission.

After clearing his throat, Zheng Tianqing adjusted his posture and raised his chin slightly. "Young city Lord Yu, we have received orders from the higher-ups. We have to secretly create some trouble together to divert the attention of li Zeyu or the Li family in the extreme north. However, in the process, we must not be seen through. Do you understand what I mean?"

Yu Ziqing was stunned for a moment, then his expression changed slightly. "You're also from that organization?!"

Chapter 5956 Delay

"That's right!" Zheng Tianqing saw his expression and felt an inexplicable sense of pleasure. He immediately pretended to be indifferent and nodded. "I know that young city Lord Yu is not a member of our organization yet, but it doesn't matter. With a talent like young city Lord Yu, as long as he is willing, he will definitely be able to join us smoothly and quickly rise to the top."

On the surface, these words seemed to be praising Yu Ziqing, but in reality, it was completely Zheng Tianqing's subtle show-off. However, Yu Ziqing did not care about these minor details.

If Zheng Tianqing was a member of that organization, then his plan of shifting the blame to someone else would have been completely in vain. Fortunately, this idiot had said it first. Otherwise, if that organization knew his thoughts, it would be difficult to deal with.

Although Yu Ziqing and that organization were only in a cooperative relationship, ye Yue city had indeed benefited from the cooperation. If he did not do a good job, he would not be able to explain it to them when he returned.

Zheng Tianqing was pleased with himself for a while, but Yu Ziqing didn't seem to have any reaction. He couldn't help but ask, "Young city Lord Yu, do you have any opinions on this operation? Wasn't this what you wanted to talk about just now?"

"That's right, that's what I wanted to say just now!" Yu Ziqing hurriedly took advantage of the situation and laughed dryly to cover it up. "I'm just thinking about how to handle this matter properly! It's not easy to create trouble without being discovered. You have to think about it carefully. "

"You're absolutely right. That's why we need to have a good discussion." Zheng Tianqing deeply agreed with this. He did not want to get himself involved in a stupid mission. Safety first!

"Tian Qing, do you have any ideas? Why don't you tell me about it first?" Yu Ziqing smiled as he inched closer, displaying a very intimate attitude, but he was actually trying to calm the chaos in his heart.

He was currently thinking about how to escape from the northernmost Island without any worries. How could he have the mood to accompany this idiotic follower and cause trouble? However, it didn't seem appropriate to run away now that something had happened.

Aunty LAN and Yu Ziqing looked at each other, but they couldn't provide him with any ideas.

"I can't think of any ideas at the moment. Young city Lord Yu is resourceful, do you have any suggestions to discuss?" Zheng Tianqing acted like a leader listening to advice. He picked up the spiritual tea at the side and took a sip.

"I haven't thought of it yet, so let's think about it!" Yu Ziqing gave a perfunctory reply and leaned back in his chair, casually changing the topic. "By the way, did something happen in the North just now? Did you notice anything when you came over?"

"It's the North sanctuary, something happened. I'm not too sure about the details, but Lin Yi and Li Zeyu went over, so I didn't dare to get too close. " Zheng Tianqing only paid attention to Lin Yi, he didn't really care about what happened at the Institute.

The northern city guards institution?

Yu Ziqing's heart skipped a beat, and his body that had just leaned back into the chair straightened up again. "In the North, isn't there someone I introduced to you? Li Zeyu and Lin Yi going there, could it be related to him?"

Zheng Tianqing was stunned for a moment. Someone in the northern border guards institution was related to this organization? Wait, something happened at the city guards Institute, and the higher-ups ordered him to create some trouble to divert his attention. He would not believe that the two things were not related.

If the person in trouble was someone in the North Garrison who had connections with the organization, then this order was easy to understand. It was obvious that the person in the North Garrison was very important to the organization. Only by diverting the attention of Li Zeyu and the others could they better protect this person.

Zheng Tianqing felt that he was a genius to be able to deduce so much information from just a few words.

"The situation is unclear, but we've already prepared for the worst. That's why we've come up with this plan." Zheng Tianqing pretended to be profound and nodded. He then pretended to casually mention, "Young city Lord Yu, how's the matter going?"

"It's going very smoothly, but if something really happened to that person in the northern border guard station, I'm afraid there will be a lot of variables. Tian Qing, will you also be in charge of this matter this time? If you're the host, I think the success rate will be higher!" Yu Ziqing did not doubt him and answered Zheng Tianqing casually.

Moreover, it was not easy to get a chance to mention this matter. Yu Ziqing seized the opportunity and wanted to continue pushing the blame away. These two guys were also interesting. One wanted to inquire about this matter in a roundabout way, while the other was digging his own grave to get rid of this matter. If they could be clear about it, perhaps they could hit it off.

"The higher-ups have mentioned this to me before, but my main priority is to complete this operation. If young city Lord Yu needs my help, you can tell me at any time. I will do my best to provide assistance. After all, we are all working for the organization." Zheng Tianqing patted his chest. He wanted to ask Yu Ziqing what he was doing, but he didn't dare to be so obvious.

Who knew what the consequences would be if this news spread to the organization?

Yu Ziqing was secretly happy. Zheng Tianqing's words were enough. When the time came, he would ask for his help and slowly let him take the lead. Then, he could take advantage of the situation and retreat.

Unfortunately, it seemed like she wouldn't be able to leave the island tomorrow. She had to keep a distance from Lin Yi and not give him a chance to kill her.

That was what she said, but it was still very difficult to carry out her plan without giving Lin Yi a chance to do anything. Yu Ziqing and aunt LAN looked at each other again, and the two had the same intention in their eyes ... Delay!

After thinking about it carefully, something had happened to the northern border guards institution. If something had happened to the person who had introduced him to the organization, then Yu Ziqing's matter would not have to continue. It would only take a day or two for the auction to end. At that time, it would not be strange for the two of them to return to the East continent.

After coming up with an idea, Yu Ziqing began to beat around the bush with Zheng Tianqing. They could not come up with any effective plan until dawn, and the auction on the fourth day was about to begin!

Lin Yi led LAN Guzha and Wei shenjin on the way to the auction house. After sending Li Zeyu back yesterday, he ran around the northernmost Island a few times and used his divine sense to search back and forth, but he didn't find any traces of the burly man. It was as if he had disappeared into thin air.

Lin Yi even sent his spirit sense a couple hundred meters into the ground, but he didn't find anything new.

Sometimes, when he thought about it, even Lin Yi felt that he was being too nosy. He didn't rest at all and just stayed up all night.

Chapter 5957 Blackmail

LAN Guzha was throwing food into his mouth as he used his divine perception to scan the surroundings. He felt very embarrassed when he was taken away by the spirit beast who had transformed into a human yesterday. Hence, he was still looking for clues seriously today. As long as he could be scanned by his divine perception, there was absolutely no way to hide from the spirit beast's aura on that fellow.

"Boss, what do you think is the background of that guy yesterday? his speed is even faster than mine. Of course, if he were in the sea, I would overtake him a few times in minutes." LAN Guzha's speed on land was not his strong suit, but he was still unconvinced.

"It's probably a spirit beast that's fast," Lin Yi smiled faintly, "it wouldn't be faster than you even on land!"

LAN Guzha was very pleased with his words. He did not mind even though he knew that his boss was consoling him.

It was a pity that they didn't find that bastard spirit beast along the way. Otherwise, this fight would definitely be very comfortable.

After the three entered room five, the auction started. After three days of bidding, it was still as hot as ever. It was a pity that Lin Yi didn't care much about anything else other than the soul raising wood, so there weren't many chances for him to bid.

In room six, Yu Ziqing was also looking at the auction stage below absent-mindedly, not interested at all. He didn't want to come to the auction at first, Lin Yi was just next door, and he really didn't want to be so close to this dangerous guy, but Zheng Tianqing kept talking to him about how to cause trouble on the northernmost Island to divert Li Zeyu's attention, forcing him to stay next door to Lin Yi rather than continue discussing some bullshit plan with Zheng Tianqing.

However, not long after the auction started, the micro-communication device in his ear rang. A deep male voice directly appeared in his ear, ""Young city Lord Yu, you still have the mood to attend the auction? Why didn't you cooperate with Zheng Tianqing to cause trouble on the island and distract the Li family's attention?"

Yu Ziqing immediately sat up straight. Judging from this guy's words, he should be on the northernmost Island. Otherwise, he wouldn't have such an accurate grasp of the situation. The communication distance of this communicator couldn't be too far, right?

"Please mind your tone. I'm not from your organization. Don't use that kind of commanding tone when you speak to me!" Yu Ziqing clearly expressed his displeasure. In fact, their Night Moon City was only a collaborator, and they had no intention of joining other people's organizations.

The man was silent for a moment before he continued, ""You're right, but don't forget that we have an agreement. We've done what we should do. I hope that young city Lord can also do what you should do."

"Tell me first, what happened in the Imperial Guard station last night? Is the person I introduced good?" Yu Ziqing didn't answer the question, but asked the crucial question.

"There's been an accident. The Li family has isolated the place. Although he hasn't been exposed yet, he can't help much, so I need you to distract the Li family's attention. You may have to do the rest by yourself." The man's deep voice said unhurriedly, but his tone still made Yu Ziqing very annoyed.

It was just that now wasn't the time to be fussing over such things. Yu Ziqing took a deep breath and conveniently put forward his own thoughts,"Without the cooperation of the internal people, even if I know what to do, I can't do it. I can't do what you said. I'm sorry, I have to go back to the East Province today!"

Putting aside the dangerous Lin Yi who was watching from the side, just the task he had to do was enough to make him die without a burial ground.

If it wasn't for the other party offering a bargaining chip that yeyue city couldn't refuse, Yu Ziqing wouldn't have had to get involved in this mess!

His father had told him not to provoke the Li family of the extreme north as much as possible. If he really did that thing himself, it would not be a matter of provoking them, but a situation where he would have to fight the Li family to the death!

"Young city Lord Yu, perhaps you should think about the consequences of going back today!" The man's deep voice chuckled, as if he had Yu Ziqing in the palm of his hand,"Do you think you can easily withdraw now? "Don't be naïve. You've already gotten yourself involved in this matter. Since it has already started, there's no way to stop it. Otherwise, not only would Night Moon City have offended the Li family of the extreme north, but they would also have offended our organization. Do you really think that night Moon City would be unscathed under the retaliation of these two parties?"

Yu Ziqing shivered inwardly. He had to admit that what this fellow said was very reasonable. If he insisted on leaving, he would really offend both parties at the same time. Although yeyue city was powerful, it would probably not be able to withstand such a blow.

"What organization are you from? don't talk to me about the South continent auction Association. No one is a fool. Tell me your real identity!" Yu Ziqing considered for a moment, then stated his request coldly.

Previously, the man with the deep voice had been contacting him in the name of the southern continent auction Association. He said that the southern continent was going to hold a Grand Auction, but it was snatched by the northernmost Island. After this top-notch auction, the southern continent auction Association would not be able to attract enough people to participate even if they could barely hold an auction. After all, people who could participate in top-notch auctions were not available at all times. It was self-evident how many people would be left after the northernmost Island consumed them.

However, as the plan went on, Yu Ziqing felt that something was wrong. How could a mere auction Association have so much power? Was he trying to destroy the auction on the northernmost Island? He was clearly going to swallow the entire northernmost Island alive, okay?

The deep male voice chuckled. "Young city Lord Yu, you're thinking too much. I'm indeed a member of the Nanzhou auction Association, but I can tell you that there's a more powerful organization behind our Association. I can't tell you the details unless you join us." Don't worry, as the young city Lord Of Night Moon City, joining our organization will not bring shame to your status. Believe me, in our eyes, Night Moon City really is nothing. "

His words weren't polite at all, but Yu Ziqing felt that he was telling the truth. He couldn't tell why, but he just had this feeling.

Aunt Lan turned to Yu Ziqing and winked at him, signaling him not to agree to any of the other party's requests. Even if she couldn't hear the other party's words, she could guess that it was definitely not something good.

Yu Ziqing shook his head slightly in response to aunty Lan's worry. He then said, "If you want me to join you, the previous conditions are not enough. Shouldn't you show me more power? Otherwise, why would I, the young city Lord Of Night Moon City, join an organization that's not even as good as our city?"

#### Chapter 5958 Starry Sky Flowing Flame Gold

"You're right. It's normal to have such doubts. We're not asking you to join us right now. What I want you to do is to complete the contents of our agreement. I don't care what you do, but you must complete it from tonight to tomorrow morning. Otherwise, we'll treat it as a failure. You know the consequences." The man's deep voice sounded nonchalant, and he even threatened Yu Ziqing.

Yu Ziqing was extremely angry, but he had no other choice. He could only grit his teeth and agree.

Now, he wanted to find Zheng Tianqing to discuss the problem of making trouble on the northernmost Island. If he did not make some noise, how could he complete the task in one day?

Moreover, Zheng Tianqing, that idiotic follower, had said that he would ask him for help when he needed it. Now was the time when he needed it!

Yu Ziqing, who was feeling depressed and angry, looked up at the projection array in the hall. The bidding price was 18.5 million spirit Jade, but he did not know what was being auctioned. Then, he called out a bid of 50 million spirit Jade.

This young master was in a bad mood, so he wanted to smash people with spiritual jades!

The person who had made the previous bid wanted to cry but had no tears. Huang Wen Jing had already made her second bid, and it seemed like the hammer was about to strike the final blow. Where did this

250-million suddenly appear? she had directly increased the bid by more than 30 million! The original bid was not even 20 million, okay?

"Young city Lord, what's going on? What did you agree to?" Aunty LAN had been anxious for a long time. Seeing Yu Ziqing bid, she knew that the negotiation had ended, so she quickly went forward to ask. As for the 50 million spiritual Jade, it was a small matter. She would just throw it to a beggar on the roadside.

Yu Ziqing slammed the coffee table beside him in anger. "I have no choice but to agree. That guy threatened me, and if I don't agree, our Night Moon City will be in trouble! There's no other way. I have to complete that task, and it has to be done before dawn tomorrow!"

Aunty Lan's face suddenly turned ugly. He had to finish it before dawn tomorrow? She knew how difficult it was. Even if ou Bo was still here, it wouldn't be easy to do, let alone the two of them.

"Aunt LAN, don't worry about it. I know what I'm doing. Hmph, I, Yu Ziqing, am not someone who's so easily stumped. I'll definitely be able to resolve this smoothly!" Yu Ziqing clenched his fist tightly, then completed the 50 million transaction for an unknown item.

Wei shenjin clicked his tongue in praise in room five, ""It seems that Yu Ziqing is also a silly but rich man. He's willing to spend 50 million spiritual jades on such a lousy thing. What a wastrel!"

LAN Guzha had a look of approval on his face. "That's right, that's right. Fifty million spiritual Jade, how much food can you buy? that's practically a F \* cking mountain!"

LAN Guzha even had an intoxicated expression on his face as he fantasized about a mountain of meat right in front of him. Lin Yi was speechless at this.

The next item was a metal ball the size of a basin. There were constant ripples on the surface of this metal, and its shape was constantly changing.

"Starry sky flame gold, an extremely rare forging material. However, the most precious thing about this item is not that it is rare, but that it can directly cover the surface of any refined weapon, defensive equipment, tools, etc., Forming a perfect layer of defense. It can also provide the ability to attack with fire, and at the same time be immune to a certain level of fire attack. The most important thing is that it can increase a certain attribute of the covered item, and the effect can be said to be heaven-defying! The starting price is ten million spirit Jade, and each increment must be no less than five hundred thousand spirit Jade!" Huang Wen Jing smiled as she introduced the items and announced the start of the auction.

In a bad mood, young city Lord Yu immediately bid thirty million spirit Jade, as if he didn't lack money.

Lin Yi was very interested in the gold after hearing Huang Wenjing's introduction. He wondered if it would have any effect on the high-tech flying saucer that han Wenjing made. After buying the soul nurturing wood, he was prepared to fly back to Middle Island on the flying saucer. If the starry sky flowing flame gold could improve the flying saucer's performance, it would be a good choice to buy it with some spirit Jade.

"Forty million spirit Jade!" Lin Yi was also very rich now, and tens of millions of spirit Jade didn't matter at all.

Yu Ziqing's heart shivered when he saw the bid from room five. He was most afraid of having any interaction with Lin Yi and attacking him like he did at the start of the auction. He wouldn't dare to do that anymore.

So the moment Lin Yi made his bid, Yu Ziqing immediately extinguished his fire. He wasn't interested in the starry sky flowing flame gold anyway, so he let Lin Yi bid.

Yu Ziqing's room was silent now-Lin Yi thought he'd be able to get the gold so easily, but another room added two million spirit Jade.

Room eight added another three million spirit Jade as well. It seemed that the value of the starry sky flowing flame gold was still underestimated. So many people liked it, it was no less than Lin Yi's spirit tempering pill.

However, thinking about it, it made sense. This item could directly increase the attributes of the weapons and armor in one's hand. Although it was an external item, it was not much different from the effect of a spirit tempering pill to temper one's spiritual sense. The effect might even be better, so it was normal for it to attract so many people to bid.

Lin Yi was just about to add another ten million when the sound amplification formation in room eight activated. "I'm Dachang Lu from Morning Star City. I've taken a fancy to this starry sky flowing flame gold. Besides, I only have this much spiritual Jade. If anyone wants to be on my side, just continue bidding!"

"This stinky scoundrel!" Lin Yi couldn't help but chuckle. He thought that Dachang had learned to control his personality after coming to the northernmost Island, but he was still the same, daring to force himself on the auction.

However, this old scoundrel's strength had increased quite a bit. He had already reached the peak of the middle stage of the mountain split realm. This cultivation speed was quite good. He should have had some fortuitous encounter in the past two years.

Since they were acquaintances, Lin Yi didn't want to ruin the guy's reputation. If he could get it, he'd extort some from him later-half of the cosmic Flame gold was enough, anyway.

If someone didn't want to dump Dachang, Lin Yi wouldn't mind bidding again.

On the stage, Huang Wen Jing unhappily warned, ""The distinguished guest in room number eight, please do not make such threatening and intimidating remarks in the auction. Otherwise, our auction house has the right to disqualify you from the auction!"

A similar incident had already happened before. Although Zheng dongjue from the pill Hall had ended up with an ashen face, it did not mean that the auction house would continue to tolerate such things. Therefore, this time, Huang Wen Jing immediately reacted and her attitude was very unyielding.

Chapter 5959 Old Scoundrel

Dachang Lu laughed and said, "little girl, how am I threatening you?" I only expressed my love for the starry sky flowing flame gold. If I can't bid for it, I'll be thinking about it day and night, and I won't be able to sleep. I'll keep thinking about the person who got the starry sky flowing flame gold. These are all facts. How did describing the facts become a threat? You can't accuse a good person!"

Lin Yi was amused-this old scoundrel hadn't changed at all. He was still as good at pestering people as ever. Huang Wenjing might be a pretty girl, but she'd still have a hard time arm-wrestling with this old scoundrel.

However, Huang Wen Jing had no intention of arguing with Dachang Lu. She replied coldly, "Senior Lu, please conduct yourself with dignity. Other than the normal price, do not make any personal remarks. Otherwise, your price will be invalid!"

"Hey, little girl, are you threatening this old man? Even if Li Zaixiang is here, he has to be polite when speaking to me. You little girl, are you trying to be cheeky?" There was some anger in Dachang's voice, but Lin Yi knew that it was all an act. The old man wouldn't get angry so easily, and he was only pretending. Only an idiot would believe him.

Huang Wen Jing was unmoved. Even the smile that she had been maintaining was gone. However, this cold-faced girl's appearance was quite fun to watch.

"4550 spirit Jade going once. Is there anyone who would like to raise the bid? The starry sky flowing flame gold is a rare treasure!" Huang Wen Jing said unhurriedly. Since the start of the auction, she had never incited bidding during the countdown. Today, she was deliberately doing this because she was angered by Dachang Lu.

No one felt that Huang Wen Jing's actions were inappropriate. They even hoped that the fifth or sixth box could continue to bid higher than the arrogant Dachang Lu. These two boxes were obviously not short of money and were not afraid of trouble. Unfortunately, after they made their bids, there was no more movement.

"Forty-five million spirit Jade going twice!" Huang Wen Jing's eyes swept across the private rooms on the second floor, and there was a faint disappointment in them. It seemed that Dachang Lu's threat had worked. Otherwise, there would have been a new offer.

For such a large lump of starry sky flowing flame gold, 455 spirit Jade was definitely worth it. An additional 30 to 40 million spirit Jade was within the normal range. Unfortunately, after being stirred up by that damned Lu Dachang, it seemed that there was no higher bid.

Knowing that there was no point in dragging things out, Huang Wen Jing made a third bid and officially confirmed that the starry sky flowing flame gold was Lu Dachang 's.

LAN Guzha asked in puzzlement, "boss, you know that stinky Rascal? He didn't seem like a good person, right? Even if you know him, you don't have to be afraid of him, right?"

"Who says I'm afraid of him? I just feel that since there's something free, why spend the spiritual Jade? Wouldn't it be interesting to squeeze something out of such a scoundrel?" Lin Yi explained with a smile.

LAN Guzha's eyes immediately brightened. He asked excitedly, "Boss, this old scoundrel won't agree so easily, right? If he gets arrogant, can I beat him up?"

"I don't think that old scoundrel will give you the chance. Alright, let's not talk about him for now. Let's continue to look at the next item." Lin Yi smiled faintly. He didn't think that Dachang would reject him. At most, he'd give him some normal pills in exchange.

The next items were things that Lin Yi wasn't interested in. Something like the starry sky flowing flame gold was rare, and so he didn't bid much. Time passed quickly, and the fourth day of the auction came to an end. It seemed like the soul raising wood would only be available on the last day.

With nothing else to do, Lin Yi decided to continue asking li Zeyu about the northernmost Island. After the auction was over tomorrow, he would have to return to the island first, but hou guanqi, Cai

Zhongyang, Hong Zhong, and the others might stay for a few more days. It would be troublesome if something happened and they were all trapped.

Lin Yi didn't go look for Dachang yet when he walked out of the room-the guy was walking in his direction with his son.

"Oh my, isn't this Master Lin? I heard that you're also on the northernmost Island. I wanted to visit you but I couldn't find you. I finally got to see you today!" Dachang Lu laughed as he walked over, showing great enthusiasm.

He'd heard about Lin Yi's friendship with Zhuang Yifan. He was a big Shot in the East continent, completely different from a guest elder in the morning Star City. Lin Yi's value naturally rose in his eyes.

Not to mention, Lin Yi himself was a Mystic second level refiner! In the yellow-class Sea area of the East continent, the status of a Mystic second level Alchemist was no less than that of Zhuang Yifan.

"Elder Lu, nice to meet you!" Lin Yi smiled faintly as Lu xiaozhong bowed to him. Lin Yi nodded back in return.

"Eh, is Master Lin in room number five? I didn't know about this before. If I had known, I would have come here to visit Master Lin. " Dachang acted as if this was the first time he knew about Lin Yi's room, smiling and nodding at Wei shenjin and LAN Guzha. He needed to build a good relationship with people who could follow Lin Yi.

Lin Yi was thinking about how to get some starry sky flowing flame gold from Dachang Lu, and so he smiled at the old scoundrel as they walked out.

"Oh right, if Master Lin is in room five, I think he was interested in this item before? If you need it, I'll give this to Master Lin!" Dachang Lu took two steps and suddenly remembered something. He took out a sealed Jade box and handed it to Lin Yi.

Lin Yi scanned it with his spirit sense and knew that it was the starry sky flowing flame gold. It was completely intact.

"How can I accept something that elder Lu spent so much effort to bid for?" Lin Yi wanted to get some from Dachang, but the old man gave it all away so easily. He was a little suspicious.

Dachang's eyes flickered. He looked rough on the surface, but he was actually very meticulous. Lin Yi didn't even open the box and he already knew what was inside. This little detail made him realize that Lin Yi's spirit sense wasn't inferior to his at all, maybe even stronger.

"Hahaha, Master Lin, you're too polite. You can just call me old Lu. This is just a small thing. With our friendship, why would I care about this? Come, come, come, quickly accept it, or else I, old Lu, will take it that you are looking down on me!" Dachang pushed the box into Lin Yi's hands with a "please don't mind it" look.

Chapter 5960 A Sudden Fight

Lin Yi chuckled to himself. Who said this old scoundrel was impulsive and brainless? This was clearly an extremely shrewd old fox. He knew that making him owe him a favor was much more precious than a mere tens of millions of spiritual jades.

Maybe he bought the gold to get on Lin Yi's good side. Dachang Lu probably knew which room Lin Yi was in, and knew that Lin Yi was interested in the gold after seeing him raise the price. He pretended to be a gangster and gave it to Lin Yi.

Otherwise, Dachang wouldn't have given it away without even giving Lin Yi a chance to speak.

"If that's the case, then I won't be polite!" Lin Yi didn't stand on ceremony with Dachang and kept the gold in his storage bag, giving his promise, "Old Lu, in the future, if you need to refine any medicinal pills, feel free to come to me. I can't do it for free, but at least I can give you a discount."

Dachang was overjoyed-he'd befriended Lin Yi for this promise! A Mystic class level two refiner didn't just help you refine pills for free-sometimes, no matter how much you paid them, you might not even be able to get them to refine a pill.

"Hahahaha, Master Lin, you're so forthright. I, old Lu, have the most straightforward personality. I'll definitely trouble you in the future. If there's anything that you need my help with, just ask, Master Lin. I won't say anything else!" Dachang Lu thumped his chest loudly. The people who passed by looked at him strangely, but after being glared at by him, they immediately sped up and left.

Li Zeyu didn't come to the auction today, probably because yesterday's incident hadn't come to an end yet, so he couldn't attend to many things at once. Lin Yi decided to go find him alone to find out more about the progress.

Dachang Lu could tell that Lin Yi wasn't in the mood to talk, so he left with xiaozhong.

Wei shenjin followed the old rules and sneaked off to find Shang Yuhua. Lin Yi brought LAN Guzha to the Li family's mansion in the far north. If li Zeyu wasn't there, he could have a chat with li zaixiang.

"Master Lin, I wonder if you're here to look for the young master or the master?" The guard quickly greeted Lin Yi respectfully when he saw him-this was someone the two island Masters valued, who would dare to slight him?

"Is your Young Island master here?" Lin Yi asked casually. After all, he was more familiar with li Zeyu, and it would be best if he could find him.

The guard shook his head with a smile and gestured for him to enter."The young Island master has left in the morning and hasn't returned yet. Master Lin, why don't you take a rest in the living room first? the young Island master will probably be back soon. Or should I go and inform the island master?"

Lin Yi and LAN Guzha waited in the living room for a while before li zaixiang came out.

"Hahaha, nephew Lin, why didn't you come to see me these past two days? I'm still a patient, after all. Are you afraid that I'll force you to refine pills?" Li zaixiang laughed heartily and made a joke before he came in.

"Uncle Li, you must be joking. If I could refine it, why would I need you to force me?" Lin Yi stood up and cupped his fists before introducing LAN Guzha.

Li zaixiang also greeted LAN Guzha warmly before he motioned for the two of them to sit down and talk.

"Nephew Lin, I've heard from my family's stinky brat that you've been a great help to our Li family for the past two days. I won't say any more polite words. Anyway, you and that brat are like brothers. In the future, the northernmost Island will be your home. I've already ordered people to clean up a small courtyard next to that brat's residence. If you don't mind, you can be his companion." Li zaixiang smiled gently. He wasn't trying to win Lin Yi over, but he really meant what he said.

Lin Yi was a little moved as well. He could feel that li zaixiang's words didn't have any intention of gaining anything from it. It was like an elder talking to a junior.

"Thank you for your love, uncle li. If I'm free, I'll come visit you and brother li often." Lin Yi smiled and cupped his fists in thanks. However, he was not destined to stay in one place for long, so he could only express his gratitude for li zaixiang's invitation.

"Nephew Lin, you must have come here today because of what happened in the past two days, right? I wonder if there's any new discovery?" After the small talk, li zaixiang went straight to the main topic. Although this matter was handled by li Zeyu, he, the island master, was also closely watching the development of the situation. He even had more information than li Zeyu.

Lin Yi thought to himself, I'm here to get some information, what new discovery?

"Uncle Li, I actually came to see how things are going on your side. Is there anything I can help you with?" Lin Yi told him the truth, but before li zaixiang could say anything, a loud explosion came from the center of the island, and strong shockwaves spread in all directions.

Li zaixiang and Lin Yi's expressions changed at the same time. They sent out their spirit sense and found that the battle was not far from the auction house. The five cultivators involved were not weak. Two of them were at the early stage of mountain opening, and three of them were at the peak of the late stage

of mysterious Ascension. If it weren't for the defensive restrictions on the buildings on the northernmost Island, the area would have been razed to the ground by these five Guys.

"Preposterous! How dare you start a fight on my northernmost Island! Do you really think that our northernmost Island is a place where the Tiger Falls into the sun?" Li zaixiang stood up with a cold face and cupped his hands at Lin Yi,""Nephew Lin, it seems that I need to deal with this personally. Please sit for a while. I'll be back soon, and then we can have a few drinks."

"Uncle li, let's go together. Although we don't know what happened, we might have new clues." Lin Yi was starting to get suspicious of the fight-how could people who came to the northernmost Island lack self-control? It was also because fighting was forbidden on the northernmost Island that those who had grudges with each other could safely participate in the auction on the island.

Now that there was an inexplicable fight, it was clear that something special had happened. Perhaps it was just a coincidence, but Lin Yi was more willing to believe that there was more to it.

LAN Guzha swallowed the pastry in his hand in one gulp and stood up with an excited expression. He thought to himself that there was finally a fight to be fought. There was someone he could beat up. He must not miss this great opportunity!

"Alright, nephew Lin, you guys can come after me. I'll take my leave first!" Li zaixiang nodded and did not say anything else. His figure flickered and disappeared on the spot.

Lin Yi's heart skipped a beat. He couldn't tell li zaixiang's strength, but that burst of aura just now was at least earth stage.
