

Bodyguard 6011

Chapter 6011 Feiyang College

Lin Yi knew that Mystic division schools had very high standards, but he didn't think there would be a sea-shattering teacher. With a master of this level guiding them, it was no wonder that all the geniuses in the Golden Division were fighting to get into Mystic division schools.

"Other than that, there are various courses you can choose from in the Academy, such as alchemy, weapon forging, array techniques, and so on. As long as you want to learn, there's nothing you can't learn!" Shangguan LAN 'er introduced the place to Lin Yi very proudly. She had been bragging so much about the mystic division Sea area because she wanted Lin Yi to stay there with her. How boring would it be if she stayed there alone?

Although Zhang jinmiao loved Shangguan LAN 'er very much, she was still her master. If she wanted to slack off and play, she couldn't go to her master, right? That would be asking for a beating!

"By the way, I heard from LAN 'er that you're a very good Alchemist, and you're already Mystic first level?" Zhang jinmiao's eyes lit up as she looked at Lin Yi, interested.

A Mystic class level one refiner wasn't rare in the mystic division, but a young one like this was extremely rare. Not to mention, Lin Yi's combat strength was also shocking. If they could get him into Feiyang school, they wouldn't lose out!

"It can't be considered powerful, it can only be used to concoct some pills." Lin Yi waved his hand humbly. He was already a Mystic second level refiner on the northernmost Island, but it was still because of the Shennong cauldron and the automatic refining system. It was better to keep a low profile than to be too arrogant.

"It's really good! Our Feiyang Academy has a complete system of alchemy. If you're interested, you can stay with LAN 'er when you go to the East continent. I believe it will be of great help to you. " Zhang jinmiao didn't say directly that she wanted to recruit Lin Yi, but everyone understood what she was trying to say.

It was a pity that Zhang jinmiao didn't know that Lin Yi's master was Zhang Liju. Otherwise, she'd change her story. Even in the mystic division, the title of the divine Doctor and the divine elixir wasn't something that the Masters of the academies could compare to.

"Many thanks, senior Zhang. With such an opportunity, this junior is naturally interested. When the time comes, I'll need senior's help." Lin Yi, of course, wouldn't turn down something as good as this-he didn't know if he'd end up staying at Feiyang school, but he needed to learn something useful first.

A sweet smile appeared on Shangguan LAN 'er's face. She was already very happy that Lin Yi could go to the East Province with her, and now that he could stay in Feiyang school with her, what news could be better than this?

Zhang jinmiao was also very satisfied with Lin Yi's attitude. To be able to get a genius like this, this trip was definitely a big harvest. Not to mention, there was also Shangguan LAN 'er, who was also extremely talented in cultivation. If she wasn't always lazy, her strength would definitely be far beyond her peers.

"Senior Zhang, this junior would like to ask if there are any courses on cultivating the spiritual sense in the Academy?" Lin Yi had the battle tactics of heaven's fortune to train his spirit, but he'd never systematically come into contact with this area. It'd be perfect if Feiyang college had a course on spirit training.

"Yi, you've already started cultivating your divine sense?" Zhang jinmiao's eyes brightened, a faint surprise on her face. She thought that she had already overestimated Lin Yi, but it seemed like she had still underestimated him!

In the Titan realm, although the spiritual sense was not the main means of battle, it could be used as an auxiliary and had an extremely powerful combat amplification effect. A cultivator with a powerful spiritual sense against a cultivator with a weak spiritual sense, under the circumstances of the same strength, could form an overall suppression.

"I only have a glimpse of the door and a little bit of divine sense." Lin Yi waved his hand humbly, not mentioning how strong his spirit sense was.

Zhang jinmiao didn't suspect anything. Normally, one would only start cultivating the spiritual sense after the mountain opening stage. It wasn't easy for Lin Yi to be able to understand the technique as a xuansheng. If she knew that Lin Yi's so-called "little bit of spiritual sense" was enough to crush her, what would she think?

"You're quite far-sighted to be able to cultivate your soul consciousness in advance. Normally, cultivators only start to cultivate in this aspect after the mountain opening stage. In a real battle, soul consciousness is an auxiliary means that can improve a lot of combat power. But if you want to directly use it as a means of attack or defense, you must at least reach the sea splitting stage. However, some cultivators who specialize in the study of soul consciousness can be very powerful at the mountain opening stage. Some earth stage geniuses can also use various spiritual sense skills proficiently. " What Zhang jinmiao thought was that Lin Yi might be a genius in the area of spirit sense. When he reached the earth formation stage, he should be able to become the number one under the shattered Sea!

After a slight pause, Zhang jinmiao continued, ""The Academy does indeed have courses on the spiritual sense, but they're basically all set up for students at the mountain opening stage. Moreover, they're all very shallow uses of the spiritual sense, such as assisting in battle, making the attack more accurate, making it easier to find the opponent's flaws, and also releasing the spiritual sense to Scout the surrounding environment and find places that are not easy to see with the naked eye, and so on."

"So you're saying that the Academy doesn't teach any spiritual sense attack or defense skills?" Lin Yi was a little disappointed. The way Zhang jinmiao described the use of spirit sense was indeed the most basic of all. It was the most basic of basics and was useless to him.

Compared to the ancient martial world, the heaven class island's consciousness was far too lacking. If the ancient martial world had the dense Qi and resources like the heaven class Island, the Masters that came out would definitely be able to crush their opponents of the same level.

"There are no public lectures on spiritual awareness skills, but there are some ancient books in this area in the Academy's Depository. As long as you have enough academic credits, you can go to the depository to exchange for what you want." Zhang jinmiao could tell that Lin Yi was interested in the spirit sense skill, and immediately threw out the Sutra Pavilion as a bargaining chip.

Lin Yi showed enough interest, "How do you get the credits? Other than exchanging for the items in the sutras Depository, is there any other use?"

"Of course, academic credits are like the Academy's currency. You can only obtain them by completing missions or performing well. As long as the Academy releases resources, you can exchange them for cultivation pills, weapons, tools, cultivation techniques, and so on. You'll know these things when you arrive in the East Province. I can't explain it clearly now." Zhang jinmiao gave a simple introduction and waved her hand, not saying anything else. She wanted to keep Lin Yi in suspense and make him want to join Feiyang school even more.

Lin Yi didn't ask any further. They would have a lot of time to figure these things out when they went to the East continent anyway. They started talking about all kinds of strange things, and Lin Yi felt like his eyes were opened. Shangguan LAN 'er was even more fascinated. Only LAN Guzha was barely able to pretend to eat and drink like a gentleman. Even so, he had already eaten several times more than the

other four people combined ... Fortunately, there were disciples who could replenish his food at any time.

Chapter 6012 Lee Zhengming Came Looking For You

The dinner was full of joy. Lin Yi left with LAN Guzha and prepared to head to the junk King's forging pool. The sky was already dark, and the flying saucer and red dust manifestation should be completed. He could fly to Middle Island as soon as he got them.

However, as soon as Lin Yi and Li Zhengming walked out of the pavilion, they saw li Zhengming pacing back and forth at the entrance, looking a little anxious.

"Lee Zheng Ming, why are you here?" Lin Yi was surprised, but he was still quite happy. He thought that everyone had gone out on a mission with Lu bianren, but li Zhengming was still on the North Island.

"Boss Lin Yi! I heard that you're back, so I came here to wait for you. " Li Zhengming raised his head and saw Lin Yi. He quickly went up to greet him, his face full of anxiety and excitement.

LAN Guzha was already used to Lin Yi's lackeys popping up from time to time. He patted li Zhengming's shoulder and pointed at his own nose, "Brother, you're Lee Zhengming, right? I'm lan Guzha, also the boss's little brother. Let's get closer in the future. I'm very easy to get along with, as long as you bring me to eat good food!"

"Brother LAN, how are you?" Lee Zhengming was slightly stunned. This big guy named LAN Guzha had a strong sense of oppression. He was definitely a master, so Lee Zhengming did not dare to be slow and greeted him very politely.

Lin Yi didn't know whether to laugh or cry-this guy really didn't stop talking about food at all. He'd just had dinner, and now he was talking about food again.

"Lee Zheng Ming, what's the matter? You seem to be in a hurry. I didn't see you the last time I came. They said you went out to do something. Did you just come back?" Lin Yi pulled LAN Guzha to the side, in case the guy interrupted again.

"Boss Lin Yi, I went to the old address of qiushui villa when you came back last time, so I couldn't see you. I've been secretly investigating the case of the qiushui villa massacre for the past two years, and I finally found some clues, but I didn't know what to do. I heard that you've returned to the North Island, so I came to see you in a hurry and asked for your advice." Li Zhengming looked left and right before moving closer to Lin Yi and explaining in a low voice.

Lin Yi suddenly understood-so li Zhengming was busy with qiushui villa's matters. As the only survivor, qiushui villa had almost become his inner demon. No wonder he'd missed Lin Yi's meeting last time when he went out alone.

"It's not convenient to talk here, let's go back to the GreenCloud Pavilion!" Lin Yi scanned the area with his spirit sense and didn't find anyone suspicious, but it wasn't appropriate to talk about such confidential things in front of the entrance.

"Yes, boss!" Lee Zheng Ming nodded. He did not want to talk about the clues of qiushui Manor here. It would be bad if he accidentally alerted the enemy.

Lin Yi had wanted to bring li Zhengming to the cave at the forge pool, but he thought that the king of junk might have already started forging and wouldn't want to be disturbed.

"Boss, where did you want to go just now?" Li Zhengming's sharp senses picked up on Lin Yi's hesitation and asked softly.

"Oh, it's nothing. I was just thinking of looking for the trash King. Since I've met you, I'll return to the GreenCloud Pavilion first." Lin Yi smiled. There was no need to hide anything from Li Zhengming.

The only worry was whether the king of junk would still care about Lin Yi after he started making the ghost speed wings. This was also the reason why he wanted to take the item away as soon as possible. At least he could discuss how to use it with the king of junk.

"Boss, if you have something to do, go ahead. My matter isn't urgent, so it's not too late to talk about it after you're done. Why don't I go to the GreenCloud Pavilion and wait for you?" Li Zhengming was anxious, but he couldn't let Lin Yi delay his business for his sake. He told Lin Yi to go do his work without hesitation.

Lin Yi pondered for a moment. With his speed, it wouldn't take long for him to get to the cave and back to the pavilion. If Li Zhengming were to walk a little slower, he might be able to get there at the same time.

This way, it didn't seem like there would be any delays. It wouldn't be a problem for him to go to the forging pool first.

"That's good too. Go to my place in the GreenCloud Pavilion and wait for me. I will be back soon. LAN Guzha, are you coming with me or are you going back to the GreenCloud Pavilion first?" Lin Yi decided to go find the king of junk first. After he dealt with Li Zhengming, he could fly to Nakajima directly, so that he wouldn't have to affect the king of junk's ghost speed wings.

This was related to Lin Yi's future strength and life-saving trump card-he couldn't be careless.

"Of course I'm following you, boss. Brother Lee Zheng Ming, you should go back first. There's not much food left at boss's place, you can buy some food on the way, and we can have a good chat later." LAN Guzha was acting as if he knew Li Zhengming very well, and Lin Yi suspected that this guy would've gone back with Li Zhengming if he hadn't finished all the food in the place this afternoon.

Li Zhengming replied. It was just preparing some food, it wasn't a big deal. But it was already so late, could it be that boss Lin Yi didn't even stay for dinner when he went to visit Pavilion master Shangguan?

The three of them split up. Lin Yi brought LAN Guzha along as they moved forward at top speed. He didn't use lightning escape, but this speed was still quite shocking. They returned to the cave where the forging pool was in just a moment.

After entering the restriction, the king of junk immediately noticed Lin Yi and LAN Guzha's arrival and greeted them with a smile.

"Brother Lin, I'm glad I didn't fail you. Your mask has been successfully fused, and the flying saucer and the starry sky flowing flame gold have also been perfectly fused. Take it away quickly. I'm going to start refining the ghost speed wings!" Rag King passed the flying saucer to Lin Yi without waiting for him to reply.

There was a layer of faint flame burning on the surface of these two items, and they had the same metallic luster. There was no doubt that not only was the thousand thread mask fused with the red dust manifestation, but a little starry sky flowing flame gold had also been added.

"Royal brother, isn't the red dust all creation mask too eye-catching? Can the flames be eliminated?" Lin Yi was very satisfied with the flying saucer-he put it into the Jade space after a quick inspection, but what the hell was with the fire on red dust manifestation? Could it still be concealed?

"Haha, brother Lin, don't worry. This is a normal reaction after adding the starry sky flowing flame gold. When you use it, the flame will disappear and it will not be exposed at all. The red dust all creation mask doesn't have much defensive power, but now it can at least protect your face from getting hurt too easily. " The king of junk explained proudly. It was already difficult to fuse two masks. If it were any other blacksmith, the failure rate would be at least half. However, not only did he complete the fusion perfectly, but he also added the starry sky flowing flame gold to improve the quality of the mask. He was definitely proud of it.

Chapter 6013 New World Of Mortals

Lin Yi put his heart at ease and covered his face with red dust manifestation, trying to change his appearance. As expected, there was nothing wrong. This time, he was using the thousand-thread mask as Ling Yi's appearance. The original red dust manifestation didn't have this face.

He flicked the mask a few times-it looked like a normal human face, but only he knew that the force he used was all nullified by red dust manifestation without a sound. This defense was pretty good!

Not only that, Lin Yi's finger that flicked on the mask felt a slight fire fluctuation-he was hit back a little. It wasn't strong, but it was enough to surprise people.

However, these weren't the main points. The most beautiful thing was that the new red dust all creations had a further improvement in the disguise. Lin Yi could clearly feel that even a master at the early stage of the shattered Sea realm might not be able to see through the current Red dust all creations!

"Brother Wang, you're really a genius at forging! This red dust manifestation mask is so beautiful!" Lin Yi complimented, and with a thought, he changed his appearance silently, faster and more secretive than before.

"It's good that brother Lin is satisfied. It's just a small matter!" The king of junk looked pleased, but he still waved his hand humbly.

"Brother Wang, are there any differences in the usage of these two upgraded items?" Lin Yi took off the mask, satisfied with the result.

"There's no difference. Brother Lin, just use the same method as before!" The king of junk was very conceited. If he changed the way he used it, he would not be able to show his ability. He only made some improvements to the original usage, like the speed of the mask's transformation. It didn't affect Lin Yi's habits.

"Excellent! I still have some matters to attend to, so I'll be leaving first. I'll come back to find brother Wang in a few days, so take care!" Lin Yi didn't waste any more time. Li Zhengming was still waiting for him to talk about qiushui villa, so he cupped his hands and left immediately.

"What's the point of saying thanks between us? If you have something to do, just go. In a few days, the ghost speed wings will be completed, and remember to come and get it!" The king of junk cupped his fists casually, signaling for Lin Yi and LAN Guzha to leave.

If he wasn't waiting for Lin Yi to come and get the stuff, he would've started making the ghost speed wings already. Now that he'd delivered the stuff, he couldn't wait to start making it.

Lin Yi smiled. He knew what the king was thinking. He nodded and left with LAN Guzha.

After leaving the cave, the two of them rushed to the GreenCloud Pavilion at full speed. It wasn't long before they arrived at Lin Yi's residence, but to their surprise, li Zhengming hadn't arrived yet.

"Boss, it seems like this brother Lee Zheng Ming is quite a good friend. He knows that I like to eat, so he's been buying a lot of things. He's not back yet!" LAN Guzha chuckled. He was already fantasizing about the delicious food that Lee Zhengming had brought over. His impression of this new brother of his increased even more.

Lin Yi smiled faintly and ignored the glutton. He extended his spirit sense in the direction of the pavilion to see if li Zhengming was still on the way.

Unfortunately, there was no trace of Lee Zhengming along the way. Perhaps he had really gone to buy food for LAN Guzha?

With that in mind, Lin Yi sat down and waited patiently. If li Zhengming was really going to buy ingredients, it shouldn't take too much time. He should be back soon.

The market area had a spirit sense restriction, and Lin Yi couldn't break it by force. Otherwise, he'd be able to find out where he was.

After waiting for a while, li Zhengming still didn't show up. Lin Yi felt that something was wrong. Li Zhengming was so anxious before, it was obvious that he was very concerned about qiushui villa. How could he waste so much time because of LAN Guzha's words?

Previously, Lee Zhengming and LAN Guzha did not know each other at all. Naturally, he did not know how big LAN Guzha's appetite was. At most, he would buy the food for four to five people. He would definitely not buy as much as LAN Guzha thought!

"LAN Guzha, come with me to find Lee Zhengming!" Lin Yi stood up suddenly, his face serious.

Under normal circumstances, li Zhengming would've been waiting for Lin Yi, but he was still missing. It was hard to tell if Lin Yi was being targeted in the dark, considering that he was still investigating the incident at qiushui villa.

"Alright!" LAN Guzha stood up immediately. He didn't know why Lin Yi was so nervous all of a sudden, but he always followed his boss's orders without asking why.

The two had just stepped out of the door when a disciple from the GreenCloud Pavilion came running over. He was pleasantly surprised to see Lin Yi, and he sped up to the two, cupping his fists and bowing.

"Lin Yi-Shixiong, you're back! Please hurry up and save senior brother Lee Zheng Min!" This disciple of the GreenCloud Pavilion didn't even bother to take a deep breath as he spoke in a somewhat disorderly manner.

Lin Yi's eyes narrowed as he sent out a stream of pure Qi to help the disciple straighten out his breathing. "Don't worry, tell me where Lee Zheng Min is. "

"When senior brother Li was buying food, he had a conflict with the Zhou family for some reason. Then, they broke his arms and legs and took him away. I saw it from afar. Although I wanted to help senior brother Li, my strength was too weak. If I went up, I would only be courting death. So, I rushed back to ask for help." This disciple of the GreenCloud Pavilion was only a golden core cultivator. Even Lee Zheng Ming's arms and legs were broken and he was taken away. If he went up, he would only be serving food to the other party. It would be more appropriate for him to come back and ask for help.

"What kind of family is the Zhou family? How dare you hurt my brother, LAN Guzha!" LAN Guzha roared before Lin Yi could react. Li Zhengming only got into trouble because he went to buy food for LAN Guzha. LAN Guzha naturally thought that he was the cause of this mess. Even if it had nothing to do with him, his boss's follower was still his brother. He couldn't let his brother get bullied!

The GreenCloud Pavilion disciple felt LAN Guzha's explosive aura and his knees went weak. He almost collapsed to the ground. Even if it was not directed at him, the aura that was released during the mountain opening stage was enough to crush him.

Fortunately, Lin Yi acted in time to protect this disciple, not letting him be affected by LAN Guzha.

"LAN Guzha, be quiet!" Lin Yi raised his hand to stop LAN Guzha from roaring. They needed to know where Li Zhengming was going first. "Junior Brother, where is the Zhou family?"

Lin Yi's expression was calm, but the killing intent in his words made the disciple shiver. LAN Guzha's aura was terrifying enough, but compared to Lin Yi's bone-chilling cold, he felt that it was better to face LAN Guzha.

Chapter 6014 Zhu Wen Restaurant

"Senior brother Lin, the Zhou family is one of the aristocratic families on the North Island. The disciples of the family are scattered among the three pavilions and are considered one of the better families on the North Island. Their ancestral home is in the sunset Hill, north of the island." The disciple pointed Lin Yi in the right direction as he spoke.

Lin Yi could tell that this house Zhou was just a normal Noble House, not bad in the eyes of a disciple of the GreenCloud Pavilion. It couldn't be compared to the ancient noble House hidden behind the scenes.

Even an old Noble House wouldn't be able to live in peace after touching Lin Yi's follower like this, let alone a normal Noble House!

"Who from the Zhou family took Lee Zhengming away? Did you go to luoxia Hill or somewhere else?" Lin Yi's cold eyes looked towards the direction of the luoxia Hill, confirming li Zhengming's whereabouts for the last time.

"This ... Senior brother Lin, I only saw the Zhou clan take senior brother li away. As for where he was taken, I'm not too sure! It must be Zhou nianqing and a few guards from the Zhou family who captured senior li. " The GreenCloud Pavilion disciple, who had calmed down, looked a little ashamed. In fact, he did not dare to get too close to those people from the Zhou clan, and he had rushed back to report this. He really did not know where Lee Zheng Ming had been taken to.

"It's fine. We'll look in different places. Is there any property of the Zhou family near the place where Lee Zhengming was taken away?" Lin Yi wanted to kill his way up to the sunset Valley, but after some consideration, he felt that li Zhengming might not have been sent there yet. He could settle the score later, and the most important thing now was to save li Zhengming.

"Yes, there is. There is a detailed restaurant there, which is the property of the Zhou family. Senior brother Li might be taken to the restaurant." The disciple immediately nodded his head. He was very familiar with that area, so there was no need for him to consider it.

"Many thanks, Junior Brother! This little thing is for you!" Lin Yi tossed a Jade bottle to the disciple and turned to LAN Guzha, signaling for him to follow.

The disciple who just caught the Jade bottle looked up and saw that Lin Yi and LAN Guzha had already disappeared like ghosts. When he looked again, they were already hundreds of meters away. He opened the Jade bottle and took a look. He was overjoyed. There were three Supreme-grade golden cores inside, just enough for him to reach the full-stage of the Golden core realm! Lin Yi-Shixiong's generosity was well-deserved!

To Lin Yi, golden cores weren't worth mentioning at all-with the cores as the main ingredient, making golden cores was a piece of cake. What was a few as a token of appreciation?

Lin Yi was so anxious that he almost used his lightning escape. If it wasn't for the fact that he might have to fight a big battle later and needed more stamina, he would have fought for time without holding back.

Even so, the two of them arrived at the market area in the shortest time possible. The moment they entered the area, Lin Yi's spirit sense swept out without any hesitation and found the detailed restaurant in an instant.

"Over there!" Lin Yi shouted in a low voice and changed his direction first. LAN Guzha followed closely behind Lin Yi without a word.

A few breaths later, Lin Yi and LAN Guzha were standing outside the door. The location wasn't bad, but it wasn't a particularly busy area either. It was clear that the Zhou family's position in the North Island was quite normal.

"Boss, let me handle this!" LAN Guzha took the initiative to volunteer. This time, they were not fighting for the sake of fighting. This fellow was really angry that Lee Zhengming was arrested.

Lin Yi didn't say anything but nodded. LAN Guzha stepped out and punched the door. One of the waiters was about to come out and greet him with a smile, but he was scared and ran back into the restaurant screaming.

With a loud crash, the door of Zhu Wen restaurant was completely shattered. LAN Guzha had held back, or else the waiter could not even dream of escaping.

Lin Yi's spirit sense broke through the hole in the restriction that LAN Guzha had made and searched for Li Zhengming's traces in the restaurant. The restriction on spirit sense in this restaurant wasn't strong. Without LAN Guzha's destruction, Lin Yi could use his spirit sense to tear the restriction, so the internal obstacles were instantly messed up by him.

The reaction of the restaurant was also very fast. Within two or three breaths, five or six cultivators had already rushed out. Unfortunately, the strongest one was only in the middle stage of the original infant stage, and the rest were in the Golden core stage. These ant-like existences, no matter how many of them there were, it would be useless.

As for the people dining in the restaurant, they did not seem to be panicking. They only avoided the area of the main door and retreated to a corner to look out curiously. They had probably never seen such a situation where people came knocking on the door, and they felt that it was very fresh in their hearts.

If they dared to make a move in this area, they would definitely be breaking the rules of the North Island. Most of these onlookers were thinking that even if LAN Guzha had a powerful background, it would be difficult to settle things peacefully. The people from the law enforcement Hall would arrive soon, and there would not be any danger if they stayed here.

"Audacious fanatic, you dare to act so atrociously in our restaurant! Don't you know what this place is?" The mid-stage nascent soul cultivator was ready to attack the moment he came out, but after seeing LAN Guzha and Lin Yi, he quivered and suppressed the thought of attacking. Instead, he shouted.

It wasn't that this guy could tell how strong Lin Yi and Lin Yi were, but he couldn't tell at all. Under normal circumstances, he could even tell that they were early stage Mystic Ascension realm Masters with one look. Could these two be far beyond that?

He didn't think that the two of them were normal people. LAN Guzha's punch that broke the door and destroyed the hidden restriction was definitely not something simple.

"Are you stupid? I don't know what kind of place this is, so why would I come looking for trouble?" LAN Guzha extended his hand and grabbed the nascent soul intermediate stage cultivator by the neck. He lifted the cultivator before him as if he was lifting a little chick and sprayed a mouthful of saliva on the poor fellow's face.

The nascent soul intermediate stage cultivator's face turned red and his legs kicked back and forth. His heart was cold. These two people were indeed Masters far beyond his perception. Even in the Zhou family, there were not many of such Masters.

The rest of the Golden core stage cultivators were completely scared out of their wits. Each and every one of them stood there in silence, not knowing what to do at all. The strongest among them did not even have the ability to resist and was just casually lifted up by someone. If it were any other person, wouldn't they be crushed to death with just a finger?

Lin Yi's face was as cold as ice as he looked at the men, "Where is Zhou nianqing?"

After the first scan, he did not find Lee Zhengming in zexiao restaurant. Now, he was going through a second check. If he could find Zhou nianqing, the result would be the same.

Chapter 6015 The Zhou Family

The cultivators looked at each other fearfully. No one had the courage to speak first. Zhou nianqing's status in the Zhou family was not low. Whoever dared to betray him would not have a good time.

"Boss asked a question and you guys didn't answer. What are you looking at?" LAN Guzha roared in rage. He exerted more force in his hand and broke the neck of the nascent soul intermediate stage cultivator who was being held by the neck. He died in extreme grievance.

In fact, this guy really wanted to answer Lin Yi's question. In the current situation, he just wanted to stay alive. He didn't have time to care about revenge, but LAN Guzha was holding him so tight that he couldn't even say a word. He didn't even have the chance to surrender, and he was killed by LAN Guzha in the end. This death was really unfair.

"Two seniors, steward Zhou did not come to the restaurant, so we really don't know where he is. If the two seniors want to find him, why don't you go to the luoxia Hill to take a look!" One of the Golden core practitioners couldn't care about anything else and quickly stepped out to answer Lin Yi's question.

The impact of the death of the mid Yuanying stage was too strong for them. Between the choice of dying now or dying in the future, this guy did not hesitate to choose the latter.

With someone taking the lead, the others immediately heaved a sigh of relief and immediately nodded in agreement. Anyway, they had to send these two killing gods away first. As for who would be unlucky after going to the luoxia Hill, it was none of their business.

Lin Yi was disappointed. If Zhou Niaoqing wasn't here, then li Zhengming wouldn't be here either. He should've gone to luoxia Hill first. He could only hope that li Zhengming would be fine.

The only reason Lin Yi could relax a little was that Zhou nianqing had taken li Zhengming away, and at least he wouldn't kill him in the short term. Otherwise, there would be no need to go through so much trouble. However, it was hard to guarantee that this guy wouldn't kill li Zhengming in the long run.

"LAN Guzha, let's go to the luoxia Hill!" Lin Yi turned around and walked away. Time was of the essence, and if something happened to li Zhengming, it would be too late for regrets.

"Stop! You broke the door of our Zhu Wei restaurant and killed our people, and you think you can just walk away like that?" A shout suddenly rang out, and at the same time, a shocking aura burst out.

The peak of the intermediate stage of the xuansheng realm!

Following the shout, a violent attack was aimed at Lin Yi's back. The guy who came out might have thought that Lin Yi was easier to deal with, so he didn't choose to kill LAN Guzha.

Lin Yi didn't want to bother with this guy at all. It was more important to save Li Zhengming right now. He was only at the peak of the mid-stage of the mysterious Ascension realm. He'd only be able to barely do anything if he leveled up.

However, LAN Guzha could not stand it! What kind of thing was this, to actually dare to sneak attack boss from behind, simply didn't know how to write the word "death"!

In a flash, LAN Guzha appeared in front of the peak of the mid-stage of the mysterious Ascension realm. The sneak attack on Lin Yi had been dispelled by him. He reached out his hand casually and grabbed the guy's neck.

"Do you want to die? Who Do You Think You Are to sneak attack my boss?" LAN Guzha lifted this cultivator who was at the peak of the mid-level xuansheng stage and shook him with all his might. The Golden core stage cultivators at the side were dumbfounded again. They were afraid to see another expert whose neck had been broken.

This was a peak of the mid-stage of the mysterious Ascension realm! But why was it no different from the middle Yuanying stage? What kind of strength did this blue-golden haired big guy have?

"LAN Guzha, don't waste time. Quickly kill him and go to the sunset Hill to save the others!" Lin Yi looked coldly at the peak of the mid-stage of mysterious Ascension in LAN Guzha's hands. It was a round-faced, beardless, short, fat old man. He looked like a member of house Zhou. Lin Yi had no mercy for an enemy who dared to ambush him.

"Alright, boss!" LAN Guzha agreed. He was about to crush this idiotic old man who thought he was very powerful.

"Stop! The law enforcement Hall is here. Everyone, stop!" Suddenly, five figures approached from the distance. Before they even arrived, their voices could already be heard.

LAN Guzha did not care about the law enforcement Hall or the discipline Hall. If it was cotton candy, it could still arouse his interest. Anyway, boss 'words were everything. What others said was just floating clouds.

"LAN Guzha, stop for a moment!" Lin Yi frowned and stopped LAN Guzha at the last moment.

He didn't care about the others, but he still had to give face to the Hall of Justice. This was Gongyang Jie's territory, after all, and Lin Yi didn't want to make things too unpleasant with this guy. After all, he was someone Shangguan Tianhua valued.

LAN Guzha's fingers were almost in the chunky old man's neck-the old man would've been dead if Lin Yi had been a second slower.

"How audacious! Do you still dare to commit murder in front of our law enforcement Hall? Immediately put down shopkeeper Zhou and follow us to the law enforcement Hall to be punished. Otherwise, don't blame us for being impolite!" The five from the Hall of Justice came over, and the leader pointed his weapon at Lin Yi and LAN Guzha.

Although none of the five of them could compare to the short and fat old man who was being carried by LAN Guzha, as members of the law enforcement Hall, they naturally had their own trump cards when facing powerful people.

Lin Yi's face darkened. These five were just carrying out their duties, but this attitude pissed him off.

The five of them stood in a specific position, forming a simple trap and kill array, surrounding Lin Yi and Lin Yi. At the same time, the weapons in their hands had a subtle effect of suppressing their strength. If Lin Yi was just a normal peak late stage of the mystic Ascension realm, he might be suppressed to the early stage.

The law enforcement Hall was quite something, but it was a pity that they were up against Lin Yi and LAN Guzha-their methods were useless.

LAN Guzha was a mountain opening mutant Sea Dragon, and Lin Yi wasn't an ordinary peak late-stage mysterious Ascension cultivator either. He only used his spirit sense to scan the area, and the suppressive force was completely removed. Not even a trace of it remained.

"Are you alright, shopkeeper Zhou? Don't worry, we'll save you immediately!" The leader of the enforcers consoled the old man before turning to Lin Yi and LAN Guzha."Why aren't you surrendering? do you want to disobey the law enforcement Hall? I'll count to three, if you don't let him go, kill him without mercy!"

"How awe-inspiring! The law enforcement Hall is really amazing. I'd like to ask, where is the law enforcement Hall when my friend was injured and taken away by Zhou nianqing from the Zhou family?" Lin Yi laughed coldly as he glared at the enforcer.

Lin Yi was only giving Shangguan Tianhua face and didn't want to cause any trouble with Gongyang Jie's men. He wasn't afraid of the Hall of Justice. Even if Gongyang Jie came here personally, he wouldn't be able to get a good look from him if he talked to him with that attitude.

Chapter 6016 Conflict With The Law Enforcement Hall

"We don't know what you're talking about, but we'll investigate it later. You're the ones who are picking a fight now, don't force us to take action!" The deacon softened his tone a little. It was obvious that he knew about Lee Zhengming's matter, so he was a little scared when he spoke.

Lin Yi's eyes turned cold. The people from the Hall of Justice knew that Li Zhengming was injured and taken away, but they didn't stop it at all. Did they collude with the Zhou family?

"LAN Guzha, let's go! Bring that short fatty along!" With the suspicion in his heart, Lin Yi didn't want to waste his breath on these people anymore. He changed his mind and didn't want to kill the old man. He wanted to take him as a hostage, thinking that he could use him to exchange for Li Zhengming.

Since this short and chubby old man was the manager of Zhu Wen restaurant, and his surname was Zhou, he should be an important member of the Zhou family. It was enough to exchange for Lee Zheng Ming. It would not be too late to settle the score with the Zhou family after Li Zheng Ming was rescued.

"Impudent! How dare you be so arrogant in front of the law enforcement Hall? did I let you go? Today, you two can only go to the prison of the law enforcement Hall and follow us obediently. If you resist, you will be killed without mercy!" The law enforcement Hall's Deacon roared with extreme anger. It was the first time he had been ignored like this. On the North Island, the law enforcement Hall was a rather transcendent existence. Even the higher-ups of the three great pavilions would not be so rude.

"I'm going to save someone. This is supposed to be the law enforcement Hall's job, but now you want me to do it. When this is over, I will go to Gongyang Jie and ask him if the law enforcement Hall has changed their surname to Zhou. " Lin Yi hmphed coldly and turned to leave. He wasn't afraid of Gongyang Jie turning on him if these guys dared to make a move.

LAN Guzha followed closely behind Lin Yi with the chunky old man in his hand, glaring at the five men with hostility.

The leading Deacon of the law enforcement Hall felt a chill in his heart. He did have some dealings with the Zhou clan and usually received quite a lot of benefits. If this matter was disclosed to the higher-ups, it would be difficult to predict what the outcome would be.

If this guy knew Lin Yi, he wouldn't be so biased towards house Zhou, but Lin Yi just left for two to three years. He was quite famous in the North Island, but not many people really knew him. These people didn't even know who Lin Yi was.

It was because of this that they made the worst decision possible-to attack and capture Lin Yi!

The leading Deacon didn't know if Lin Yi really knew Gongyang Jie, but he'd just bring him into the hall first, and he'd be the one to decide what to do with him later on. He didn't even greet Lin Yi, let alone count to three, and just attacked Lin Yi.

The five of them were in a joint-attack formation, and after the leader made his move, the other four would naturally attack together. Five streams of Qi intertwined to form a Qi net, falling on Lin Yi's head.

They could tell that LAN Guzha was just a follower between the two of them. As long as they could control Lin Yi, they could easily win.

Lin Yi had anticipated their attack. He turned around and rushed into the five men's encirclement, using his raging fire Eight Trigram palm.

To be honest, the five of them working together were quite strong, but they were nothing in Lin Yi's eyes. One wild fire Eight Trigram palm was enough to solve the problem.

The net-like attack formed by five streams of genuine Qi was swept away by the violent flame, leaving not even a trace of residue. Not only that, the deacon in the front was hit in the chest. The crisp sound of bone cracking was heard. This guy was directly sent flying, and he crashed into the people who followed behind.

The aftershock of the surging flames was not targeted at anyone, but once the formation was broken, the remaining three could not even withstand such a level of aftershock. They all spat out a mouthful of blood and staggered back a few steps before collapsing to the ground.

"I'll spare your lives for now. I'll settle the score with you later!" Lin Yi retreated and left with LAN Guzha after saying that.

They left behind a group of people who were full of horror. They looked at the two people in awe as they disappeared into the distance. The surrounding onlookers were all asking who this ruthless man was. He even dared to beat up the people of the law enforcement Hall. Although he didn't kill a single one, the deacon who led the group only had one breath left. Who knew when he would die?

After someone who knew Lin Yi revealed his identity, everyone suddenly felt that this was very normal. After all, to be able to become a legendary figure of the younger generation, he definitely wasn't a simple person. Then, everyone felt that house Zhou of the luoxia Hill was in for some bad luck ...

Lin Yi and LAN Guzha stood outside the Zhou family's main door, thinking that the Zhou family was going to be in deep trouble today. No matter what they did to hurt Li Zhengming and take him away, it wasn't going to end so easily.

The ancient noble houses on the North Island would definitely have a sea-shattering expert, and the lower-class ones would have earth-splitting experts. The Zhou family, on the other hand, was just a normal Noble House, and they only relied on the many disciples in the three pavilions. The real masters were at most in the mountain opening stage, and to Lin Yi, mountain opening stage experts were no match for them.

If the Zhou family didn't have a Foundation Stage cultivator, LAN Guzha alone would be enough to wipe them out, not to mention the two Foundation Stage fighters on the beach, waiting for Lin Yi to assign them tasks so they could get the antidote as soon as possible.

"Boss, are we going to fight our way in? Or are you going to call them out from here?" LAN Guzha was still carrying the short and chubby old man, manager Zhou. This time, he was afraid that he would accidentally kill him again, so he grabbed his collar very carefully. At least, he gave the old man a chance to breathe.

However, this old man's cultivation had been completely sealed. He couldn't even speak, let alone resist.

Lin Yi's spirit sense covered the entire Hill and observed it carefully. The Zhou family's Villa had a defense array, but it wasn't a high level, only a level 5 defense array. Lin Yi's array skills had improved, and although he could only set up a level 3 array, he could see through Level 5 ones. Breaking the array was a bit difficult, but entering and exiting was barely possible.

"We'll be too passive if we wait for them to come out. Let's just fight our way in!" Lin Yi smiled faintly. As long as he could get in, it was naturally safer to go in and save them. It was only a level five formation, after all, and it couldn't trap them.

"Alright! Boss, just watch me!" LAN Guzha's face was instantly filled with joy. He loved this kind of thing the most. In addition to the fact that he had saved Lee Zhengming, this fellow was definitely full of energy. He strode toward the Zhou clan's manor house's main entrance.

"Stop!" A person dashed out from outside the door, wanting to stop LAN Guzha from approaching. However, when he saw that this fellow was holding onto shopkeeper Zhou, he immediately felt that something was wrong and immediately sounded the alarm.

Chapter 6017 Barging Into The Sunset Hill

In fact, the report was about to arrive at this time, but Lin Yi and Lin Yi were too fast, so the Zhou family didn't have time to prepare.

LAN Guzha could not be bothered with such a minor character. He casually threw a punch and smashed the door into pieces.

The Zhou clan's defensive formation was usually maintained at a minimum consumption state. As the entrance and exit, it was in an unguarded state before it was fully activated. That was why LAN Guzha could easily destroy it.

As the alarm sounded, a layer of light flashed across the broken gate. A faint light film immediately enveloped the entire villa. The defense array at the lowest consumption state was instantly activated. LAN Guzha's second punch could only land on this faint light film and create circles of ripples, but it could not cause any damage to the villa behind the light film.

"LAN Guzha, attack here!" Lin Yi called out, and a lightning arc appeared on one point of the light membrane.

Without another word, LAN Guzha swung his fist with all his might and followed the landing point of the lightning arc. After just one punch, a crack as tall as a person appeared.

"Boss, you're amazing! You found the array door so quickly!" LAN Guzha laughed as he praised. He then carried manager Zhou and entered through the crack.

Lin Yi smiled faintly and didn't say anything. He followed her in.

This defense formation had just been activated at full capacity and the energy output had yet to stabilize. That was why the entrance formation door could be opened so easily. After it had stabilized, LAN Guzha would need to punch at least five or six more times to achieve such an effect.

The man from the Zhou family who had fallen into the broken door was shocked. He didn't expect that the defense formation couldn't stop him for even a second and let him in.

Although there were still many restrictions behind them, since the defense formation couldn't stop them, the restrictions inside were at most of the same level. It would probably be difficult to stop these two enemies.

Seeing that the situation was not good, this guy immediately got up and ran in with all his might. He should be going to inform the Zhou family to prepare the strongest defense, right?

Lin Yi didn't care about small fry like him. He passed LAN Guzha from the back and led the way. After a few turns, they successfully walked out of the first defense formation and entered the main gate of the Zhou family's manor house. Of course, the main gate no longer existed.

"Boss, this house of the Zhou family is quite beautiful. Why don't we snatch this place and give it to Lee Zhengming to calm him down?" the man asked. As soon as LAN Guzha entered the room, he planned to give this place to Li Zhengming. It would be logical for him to come over to freeloader in the future. It was really a joy to look at the scenery and eat delicious food!

"Let's save Lee Zhengming first!" Lin Yi didn't expect this guy to think like this at all. His spirit sense was constantly breaking the restrictions and searching for Li Zhengming's whereabouts.

However, before he could find Lee Zheng Ming, he found out that more than a dozen Masters from the Zhou family had gathered and were rushing in this direction. To be exact, both parties were about to meet in this big courtyard.

"Boss, there's quite a number of these guys, but they're all trash. You can go and find brother Lee Zhengming, and leave this trash to me, LAN Guzha, to clean up!" LAN Guzha also noticed these people who had come over. His expression was slightly excited. Fighting was as fascinating as food. If one could eat and fight at the same time, that would definitely be the most wonderful thing in the world.

The only thing that could be more wonderful than this situation was perhaps to wear super handsome clothes, eat delicious food, and fight. Other than that, there was nothing else!

Lin Yi stopped in his tracks and signaled LAN Guzha to keep quiet. He watched as the thirteen men closed in on them.

"My two friends, why did you break into our Zhou family's Mountain Gate and capture our restaurant's manager? Did I offend the two of you in any way?" The old man at the front had a gloomy expression, but he still managed to squeeze out a smile and politely asked.

Among the 13 people, other than the old man who was at the peak of the early mountain split stage, there was also a middle-aged woman who was also at the early mountain split stage. The rest were all cultivators at the xuansheng stage and the nascent Soul Stage.

This kind of strength was considered decent outside, but Lin Yi didn't even have the interest to fight. It was too weak. Only LAN Guzha could fight Mystic class opponents, let alone nascent and xuansheng.

"Who is Zhou nianqing? He captured my brother Lee Zheng Ming, hand him over immediately, and I can return this short and fat old man to you. As long as you give me a reasonable compensation, I will no longer pursue your fault. " Lin Yi put his hands behind his back and stood up straight, looking at them indifferently, giving them a chance to live.

The old man's face darkened and he sneered, ""So you're the accomplices of the remnants of qiushui Manor. Since that's the case, don't leave today. Go accompany your brothers!"

Before he could finish, the formation in the villa activated-there was a level five trap & kill array in the courtyard. The reason why the Zhou family rushed here was to stop Lin Yi and Lin Yi here so they could use this trap & kill array to deal with them.

Although Lin Yi had displayed his skills when he entered the defensive formation, this level five trap and kill formation was no ordinary formation. As long as they could trap him for a few seconds, the thirteen of them could definitely keep two of them here.

The old man from the Zhou family wanted to know more about Lin Yi's background at first, so he was still being polite. Now that he knew that Lin Yi was Li Zhengming's partner, he lost interest in pretending anymore. As the trap and kill array was activated, the thirteen Masters from the Zhou family also attacked.

Lin Yi smiled coldly. If he was alone, it would be difficult for him to find a way out of a level five trap and kill formation quickly and safely, but with this damn earth-tier formation master here, a mere level five formation wasn't even worth mentioning.

Lin Yi threw out a couple of normal array flags at the same time as the Zhou's activated, delaying the activation of the level five trap and kill formation for a moment. If he had higher level array flags, he could even use this formation to attack the Zhou's with the guidance of this damn thing.

It was a pity that Lin Yi only had the normal formation flags he bought—he'd have to ask the king of junk to make some high-level formation flags the next time he came to the North Island for the ghost speed wings.

"LAN Guzha, do it!" Lin Yi shouted as he charged at the Zhou's. He needed to take them down before the formation could work.

Lin Yi thought that a hostage would be useful, but these people didn't even ask if manager Zhou was alive or dead. It seemed that this short fatty was not even a fart in the eyes of the Zhou's higher ups.

Chapter 6018 Overbearing

LAN Guzha heard Lin Yi's call and charged in as well, throwing manager Zhou at the enemy as a weapon. Thinking about how he'd carried him all the way here and didn't use him at all, LAN Guzha felt a little unlucky.

"Not good! The formation hasn't been activated, retreat!" The old man who had spoken earlier felt that something was amiss. He immediately roared and took the lead to turn around and retreat. However, the only one who could keep up with his speed was the middle-aged woman who was at the early stage of the mountain split realm. The other 11 cultivators of the Zhou clan who were at the xuansheng stage and the original infant stage had already rushed forward. It was too late to retreat even if they wanted to.

Lin Yi and LAN Guzha didn't even use any profound martial arts. With just a simple punch and a kick, they took down all eleven xuansheng stage Masters in the blink of an eye. Including that manager Zhou, twelve people were lying in the courtyard, not a single one alive.

There was no need for Lin Yi to be polite anymore, since he'd said something like "survivors of qiushui villa." The Zhou family would completely disappear after today!

The remaining old man and the middle-aged woman from the Zhou family felt their bodies turn cold. They knew their own capabilities very well. If they wanted to kill twelve Masters of the xuansheng and original infant stages, they would need to at least use their martial arts skills. It would take a lot of effort and effort. They couldn't do it as easily as Lin Yi and LAN Guzha.

In other words, the two of them staying here was probably just to make the other party a little more serious. The speed of their death should not be much slower than the twelve clan members.

With this realization, the two of them madly urged their life-force even more. They didn't care even if it would leave behind a huge hidden danger. Now, as long as they could escape from this courtyard, they might be able to save their lives!

However, in the next moment, the two Zhou house masters fell into the abyss of despair. Lin Yi had already appeared in front of them like a ghost, looking at them with a mocking expression.

The old man made up his mind and used his strongest martial skill, trying to force Lin Yi back. He had to open up a path of escape no matter what. The middle-aged woman was scared, but after a moment of hesitation, she quickly cooperated with the old man's attack.

"Have you all forgotten that I'm still here? How can you look for my boss to fight?" LAN Guzha suddenly appeared between the two of them. He chuckled softly and spread his hands apart.

The two from the Zhou family felt as if they had fallen into an ice cave. Lin Yi and LAN Guzha's speed were both so shocking. Even if they wanted to escape, they couldn't outrun the two.

The only way to survive was to kill one of them first and then deal with the other one!

The old man's attack just now changed direction and changed its target to LAN Guzha. The middle-aged woman, on the other hand, didn't understand his intention at the first moment. She dodged LAN Guzha's palm and continued to attack Lin Yi.

LAN Guzha's outstretched hands drew a circle and guided. The two people's attacks immediately lost their accuracy. They were involuntarily drawn by an invisible force and collided into each other in the air.

Lin Yi stood in front of them, unmoving. The shockwaves from the attacks didn't affect him at all. After LAN Guzha dealt with the attacks, he easily controlled the two of them, one in each hand.

"Boss, are we going to kill these two?" LAN Guzha grabbed the two by the neck and carried them to Lin Yi with ease.

If it weren't for Li Zhengming's emergency treatment, this guy would've dealt with them for a long time. Lin Yi was quite satisfied with the fact that he didn't drag things out.

"Where are Zhou nianqing and Li Zhengming? If you tell me, I'll let the women and children of the Zhou family live. If you don't, the Zhou family will be exterminated!" Lin Yi's face was cold and unfeeling. He didn't mean to kill the old and the weak, but it was enough to scare the two.

As expected, the old man and the middle-aged woman's expressions changed drastically. LAN Guzha took the opportunity to loosen his grip a little, allowing them to speak.

"You can't do this. This is the North Island. The law enforcement Hall will never agree to exterminate an entire family!" As soon as the old man caught his breath, he immediately shouted loudly.

But this wasn't the answer Lin Yi wanted to hear!

A palm landed on the old man's face with a crisp sound. Lin Yi didn't use any pure Qi, but his normal strength sent two of the old man's teeth flying, and half of his face quickly swelled up.

"My patience has a limit. Don't talk nonsense with me!" Lin Yi pulled back his hand and turned to the middle-aged woman with cold eyes. "You tell me! Otherwise, the Zhou family will be the next qiushui mountain village!"

The middle-aged woman couldn't help but shiver and quickly said, ""What happened at qiushui Manor has nothing to do with our Zhou clan. You can't vent your anger on the Zhou clan!"

Lin Yi's eyes narrowed, his gaze piercing the woman's heart like needles. Only then did she remember that she didn't answer Lin Yi's question.

He didn't get slapped in the face like the old man did, perhaps because he wasn't used to hitting women yet, but this kind of treatment obviously wouldn't last long.

"Zhou nianqing didn't return to the Zhou family. He only sent someone to deliver a message saying that he had caught the fish that escaped the net from qiushui Manor. It's just a waste of time if you want to find the person you're looking for here!"

"That's why my boss asked you where that Zhou Qing-something bastard took my brother. If you say one more word of nonsense, do you believe that this Lord will directly tear you apart?" LAN Guzha roared in rage and used the old man's head to hit the middle-aged woman's head. Both of them had their cultivation sealed and their bodies were only a lot stronger than ordinary people. After being hit by LAN Guzha, they immediately felt dizzy and almost fainted.

"LAN Guzha, be gentle. You still need to ask more questions!" Lin Yi didn't know whether to laugh or cry- it was a good thing the guy was holding back, or their heads would've exploded.

LAN Guzha laughed embarrassedly. He quickly shook his arms a few times to wake the two of them up as soon as possible.

"I don't have time to beat around the bush with you. The next sentence isn't the answer I want. The Zhou family will be exterminated, and I will search your souls!" Lin Yi's tone was cold again as he pointed at the middle aged woman's forehead. He didn't release the power of his essence spirit, but the woman could already feel that her essence spirit was about to leave her body.

Was it really a soul-searching technique?

The middle-aged woman's shock was no small matter-she'd only just started learning about spirit sense cultivation and didn't even know the basics. She couldn't tell the difference between soul search and essence devour, and Lin Yi's essence devour was of a higher level and more powerful than soul search, so she didn't bother to use the derived soul search-it was just a scare anyway, and the effect of essence devour was more obvious.

Chapter 6019 The Li Family

"Zhou nianqing took the person they caught to the Li family! This really has nothing to do with the Zhou family. It was Zhou nianqing's own doing. Please let us go!" The middle-aged woman was sweating profusely, and her lips were trembling, but she did not dare to make a single mistake.

Lin Yi didn't believe that it had nothing to do with house Zhou at all-he wouldn't have said that they were the survivors of qiushui villa if it really had nothing to do with them!

Back when they massacred qiushui villa, even if the Zhou clan was not the main culprit, they would have been accomplices.

"Which Li family? Where are they?" Lin Yi frowned. He had been to two places in a row, but he still couldn't find li Zhengming. He had already wasted a lot of time, and it would be hard to guarantee his safety if this continued.

"The family of the North Island's Elder Council, li shuigao. The Li family's manor house is on the west side of the North Island. You can see it if you go in that direction!" The middle-aged woman didn't dare to delay at all. She quickly finished her words and looked at Lin Yi uneasily, hoping that he could go to house li and cause trouble, and let the Zhou's go.

"LAN Guzha, cripple that old man and bring this woman to the Li family!" Lin Yi didn't have time to waste-he had to get rid of the Zhou family, but it wasn't a big deal compared to li Zhengming. He'd leave it to him to decide what to do after he saved the person in question.

In any case, the Zhou family's elites had already been completely annihilated, so it didn't matter whether they were dealt with earlier or later.

LAN Guzha agreed and destroyed the old man's cultivation without hesitation. He then carried the middle-aged woman and flew towards the West of the island.

"Tell me about the Li family's situation!" Lin Yi's pure Qi blocked the wind in front of him as he turned to look at the middle-aged woman in LAN Guzha's hands.

He brought her along so that he could get some information before they reached the Li family. Only by knowing yourself and your enemy can you win a hundred battles. The waters in the North Island were

quite deep, and Lin Yi didn't want to know nothing about the enemy. It wouldn't do him any good in saving li Zhengming.

The middle-aged woman had already accepted her fate and answered cooperatively, ""The Li family is a new family that has risen in the last ten years. The most powerful one is the family head, li shuigao. It's said that he's already at the consummate level of mountain split and even the initial stage of earth split. He's one of the most powerful members of the North Island's Elder Council."

Lin Yi was relieved. LAN Guzha could deal with li Zhengming if it was just this level of strength. It seemed that it was not as difficult to save li Zhengming as he had imagined.

In particular, the Li family was just a newly rising family, which lacked a profound background. Without an old monster in the sea splitting stage, which was a must for an ancient family, they were not really terrifying.

"This Li Shui Gao is the mastermind behind the qiushui villa massacre case. Many people actually know about this, but everyone has a tacit understanding. Speaking of which, li shuigao is the adopted son of the master of qiushui Manor. He was never mistreated before, but for some reason, he actually brought people to destroy the manor. " The middle-aged woman was very cooperative and told Lin Yi all the secrets, perhaps hoping to move Lin Yi with this attitude and get him to live.

"Li shuigao is indeed an ungrateful and despicable villain. I heard that he's a junior of the lady of the hillwater Manor. Because his family's fortune fell, he sought shelter with the lady of the manor, so he was adopted and treated as his own son. Who knew that he would attract such a tragic disaster in the end?" The middle-aged woman said as she glanced at Lin Yi, sighing.

Lin Yi suddenly understood-li Zhengming's original name was Qiu Jiming, and his enemy was li shuigao. Why did he change his surname to li? it wasn't because he wanted to remember his enemy, but because his mother's surname was li!

"The Li Shui Gao from more than ten years ago was already this powerful?" Lin Yi suddenly thought of this problem. If li shuigao was already in his mountain opening stage, then it wouldn't be difficult to secretly replace li Zhengming's father as the Master of the Mountain villa. Why would there be a need to create a scandal of killing his benefactor's family?

The middle-aged woman was slightly stunned. Her actual age was naturally far from middle-aged. It was just that she was already middle-aged when she could slow down aging, so she really knew a lot about things that happened more than ten or twenty years ago.

For example, before the qiushui Manor was exterminated, she just happened to know what li shuigao's strength was!

In fact, Li Shui Gao was just a nobody at that time, and his strength was far from being comparable to hers. It was quite a coincidence that she knew Li Shui Gao, so there was no need to mention it. However, in a short ten years, Li Shui Gao had turned from an ant that she could only look up to to an expert that she had to look up to. Thinking about it carefully, it was really a little unbelievable!

"At that time, li shuigao was only at the early Yuanying stage. He was only a relatively talented young man. He was not even worth mentioning when compared to me, who was at the peak of the late xuansheng stage. Even in the qiushui villa, he wasn't a particularly powerful expert. I just didn't expect that he would soar to the sky in one go. I'm afraid he must have had some kind of fortuitous encounter." The middle-aged woman's heart skipped a beat. Could this be the reason why Li Shui Gao exterminated the entire qiushui Manor?

Why hadn't he thought about this before? She wouldn't have thought of this possibility if Lin Yi didn't ask.

Lin Yi, on the other hand, was different. He felt that something was wrong at first glance. Li shuigao's sudden increase in strength was probably directly related to the case of the qiushui villa. Under normal circumstances, it was impossible to increase one's strength so quickly, especially after reaching the xuansheng stage.

Li shuigao went from nascent soul to earth split primary stage in ten to twenty years. Compared to Lin Yi, he was as slow as a snail, but compared to this middle-aged woman, it was clear how terrifying this guy's speed was.

This middle-aged woman was already at the peak of the late stage of xuansheng at that time. It took her almost 20 years to break through to the initial stage of mountain split. Although her speed was not considered fast, it was definitely not slow either.

"Don't tell me you've never heard of the reason behind the destruction of the qiushui Manor? Don't tell me that your Zhou family has nothing to do with that matter!" Lin Yi glanced at the middle-aged woman. If house Zhou had nothing to do with this, they wouldn't be so active in helping li shuigao catch li Zhengming.

The middle-aged woman shook her head with a wry smile. She knew that no matter what she said, it was impossible for her to get rid of the Zhou family's involvement, so she simply admitted, ""That's right, the Zhou family did participate in the massacre of the qiushui Manor, but I can swear that we only received an offer that we couldn't refuse and sent our elites to seal off the escape routes of the qiushui Manor, but we didn't participate in the massacre! That's why I'm really not clear about the inside story. "

"Who hired you? It can't be Li Shui Gao right?" Lin Yi smiled coldly. Back then, li shuigao probably couldn't offer a price that house Zhou couldn't reject. If that was the case, could there be someone else behind li shuigao?

Chapter 6020 Barging Into The Li Family Again

However, Li Shui Gao had indeed obtained the greatest benefits. Not only did his strength soar rapidly, but he had also become a powerful figure in the North Island. It seemed that he could only find out the truth after meeting this ingrate.

"It's not Li Shui Gao, it's a very powerful masked man. We still don't know who this masked man was. " The middle-aged woman was helpless-she really didn't know who that person was, or she'd tell Lin Yi for sure in exchange for his favor. Her life was all up to her performance now.

Lin Yi frowned. The first person he thought of was central. This way of doing things, with layers of control and advancement, really did have the taste of central.

The qiushui Villa case happened eighteen or nineteen years ago-could central have already set up their base on Sky Class Island? However, it was also possible that, according to his master's era, the central Chamber of Commerce had existed for a long time, but it had just risen.

"Boss, we're almost at the west side of the North Island. Could the Li family be located in that Mountain Villa?" LAN Guzha interrupted the conversation between Lin Yi and the middle-aged woman, pointing at a large building on the hill.

"That's right, that's the Li family's Manor. Two seniors, seeing that this junior has been very cooperative and has told you everything I know, can you spare this Junior's life?" The middle-aged woman confirmed and looked at Lin Yi carefully, hoping that he'd be kind enough to let her go.

"Boss, should we kill her or cripple her?" LAN Guzha asked for Lin Yi's opinion, but he didn't have any intention of letting the woman go at all. To him, not killing her was already being very lenient.

"First, I'll seal his cultivation base and throw him to a hidden place nearby. We'll talk about other things after we rescue Lee Zhengming." Lin Yi didn't have the habit of killing women, and she was very cooperative. It was a bit unreasonable to just kill or cripple her, so he decided to leave it aside and wait for Li Zhengming to decide how to deal with it.

LAN Guzha didn't object to Lin Yi's decision. He sealed the woman's cultivation and left her in a hidden spot.

Lin Yi threw out some normal formation flags and set up the simplest Level 1 stealth formation, in case some wild beasts came out and ate her. After all, she was an opening sect master-it'd be too sad if she died like this.

After that, the two continued on their way to the Li family's Villa. Lin Yi's spirit sense swept over the whole villa first, covering it.

"They actually have a level Seven defensive formation. This Li family is really not simple!" Lin Yi was a little surprised-a level Seven formation was Earth Class, completely different from a level six formation.

He'd been on Sky Class Island for so long, and it was rare for him to see an Earth Class formation. Most of them were Mystic or even golden class, and he wouldn't even be able to get in if he didn't have something like that.

"Boss, I can't scan my divine sense in, I can't break the restriction of this Manor." LAN Guzha gave it a try but could only helplessly give up the idea of continuing to probe with his divine consciousness.

"It doesn't matter, we'll just fight our way in! Today, you can make your move, just don't drop the ball!" Lin Yi smiled faintly. A level Seven defense formation was too difficult for him, but it wasn't anything to an Earth Class formation master. It wasn't hard to get into the Li family villa.

"Excellent! I've been waiting for you to say that, boss!" LAN Guzha's face was glowing. He rolled up his sleeves and was ready to fight.

As they spoke, the two of them arrived at the mountain Gate below the villa and were stopped by two guards of the Li family.

"This is private property. If you don't have anything to say, please leave immediately. Otherwise, you will bear the consequences!" Seeing the two of them, one of them went up to stop them, probably because Lin Yi and LAN Guzha were unfamiliar to him.

LAN Guzha looked at Lin Yi, not sure if he could make a move now.

Lin Yi shook his head slightly. He needed to make sure first-he couldn't just listen to the middle-aged woman's side of the story. If things weren't as he thought, he'd be used for nothing.

"We are from the Zhou family of the luoxia Hill. Deacon Zhou nianqing brought a man here just now. Is it convenient for us to meet him?" Lin Yi smiled and cupped his fists politely. He just needed to confirm that Zhou nianqing was here, and Li Zhengming was naturally there too.

Hearing that Lin Yi was from house Zhou, the two guards "expressions eased up a little. The one who spoke before nodded, "Oh, it's a friend from the Zhou family. Zhou nianqing just sent him in for a while. If there's nothing important, you can wait here. You should see him coming out soon!"

The guy waved his hand arrogantly, not intending to pass the message to Lin Yi and LAN Guzha at all. It was obvious that the normal people of the Zhou family were not worth mentioning in his eyes, not to mention that he was here to look for Zhou nianqing. It was already good enough for Lin Yi and LAN Guzha to wait at the door.

"I'm sorry, we have something very important to do, and we can't wait!" Lin Yi smiled faintly, and LAN Guzha understood. He moved from Lin Yi's back like a ghost to the front of the two and threw a punch!

The violent true Qi exploded. Although it was not a direct attack on either of them, it still swept the two guards into the air. Finally, they hit the stone steps in front of the mountain Gate, spat out blood, and fainted.

"Boss, do we need to kill such a weakling?" LAN Guzha turned to look at Lin Yi. He didn't really care about killing people, but he was worried that Lin Yi would be unhappy after killing him.

"Since they're not taking the initiative to attack us, and they're not a threat, let's leave them alive for now. We'll wait for Lee Zheng Ming to decide if we should kill them or not." Lin Yi replied casually before entering the villa.

In essence, Lin Yi wasn't a bloodthirsty person. Unless it was an enemy that threatened him or the people around him, he wouldn't hesitate to kill them. The Li family villa was li Zhengming's enemy, and Lin Yi could go and save them, but how he wanted to take revenge was still up to li Zhengming to decide.

"I understand! Boss, I'll lead the way!" LAN Guzha was already aware of the situation. He immediately stepped forward. Those who did not pose a threat and did not take the initiative to attack could retain their lives. On the contrary, they were targets that could be killed.

Lin Yi reached out and pulled LAN Guzha back, "If you walk in front, what if the Li clan manor house activates the formation? Just stay by my side obediently. "

Normally, no family would be able to activate their defensive formations all the time. They would only activate it when they were under attack, so Lin Yi and LAN Guzha could enter the gate without any obstruction. However, they had already triggered the alarm and the formation would probably be activated soon.
