

## Bodyguard 6021

### Chapter 6021 Zhou Nianqing's Death

"Boss, you're so thoughtful!" LAN Guzha was a little scared of formations and stuff, and quickly returned to Lin Yi's side, watching his surroundings vigilantly.

As Lin Yi expected, the two were fast, but they only crossed a hundred and eighty meters before the Li family villa's formation was activated.

"A level Seven trap array is similar to the defensive array outside. However, its power is much weaker than an Ordinary Level Seven array. It seems that the level of the person who set it up is very limited!" The demonic thing had a look of disdain on his face. He was a top-notch earth-grade array master. This kind of array that could barely be considered to have reached Level Seven was really not worth mentioning.

"Senior ghost, help me break out of the trapping array quickly. Lee Zhengming is waiting for me to save him!" Lin Yi really wanted to use this opportunity to study formations, but time waited for no one. Something might have happened to Li Zhengming, and he had to find him as soon as possible.

"You still have the cheek to say that, kid. You've been learning the Dao of formations from me for so long, but you can't even deal with this kind of lousy formation. You really can't carve rotten wood!" The demonic thing laughed evilly. In fact, Lin Yi's comprehension of formations was definitely among the geniuses.

Lin Yi was speechless-how long had he been studying formations? He was already a golden class pinnacle formation master-he couldn't set up a Mystic class formation, but he could at least make it unaffected. If this was rotten wood, then everything in the world was rotten wood.

The damn thing was just joking-it wasn't going to delay the real business. After teasing Lin Yi a little, he guided him to find the nodes of the formation and brought LAN Guzha out of the trap formation easily.

A while later, Lin Yi and LAN Guzha arrived at the entrance of the Li family's Manor. It was a flat rocky area on the hillside, where the lower-level disciples of the Li family practiced their martial arts. There were already five people waiting for Lin Yi and LAN Guzha at the entrance.

"Oh, isn't this the new disciple of the GreenCloud Pavilion, Lin Yi? what brings you here today?" One of them recognized Lin Yi as soon as he saw him, and walked over with a weird expression.

"Who are you?" Lin Yi glanced at the old-looking guy, unable to remember when he'd met someone like this.

The guy paused, embarrassment flashing across his face. He knew Lin Yi, but Lin Yi didn't know him. Didn't that mean they weren't on the same level?

"I'm the senior brother in charge of mysterious Pavilion, li yikou from the Li clan of the North Island. Junior Brother Lin is so famous, it's understandable that you don't know a nobody like me!" The old man called li yikou looked unhappy. His words were still sharp, but his momentum had completely weakened.

"You know you're a nobody, but you still talk so much nonsense! My boss doesn't have time to care about you, get lost!" LAN Guzha glared at li yikou. Li yikou was startled by his fiendish look.

He wanted to flare up, but for some reason, he felt a chill in his heart as he looked at LAN Guzha. He did not dare to continue speaking.

"Where is Zhou nianqing?" Lin Yi didn't have the time to deal with a small fry like this. He was just a senior in charge of the pavilion, and was only at peak nascent soul. If he dared to attack first, LAN Guzha would be happy to teach him a lesson.

The thin middle-aged man at the very edge of the group of five trembled slightly and subconsciously moved his feet.

"You're Zhou nianqing?" Lin Yi's eyes were like lightning as he looked at the man coldly.

"That's right. I'm Zhou nianqing. What's the matter?" Zhou nianqing knew that she couldn't hide it, but she was confident that she was safe in the Li family's Villa, so she puffed out her chest and looked at Lin Yi calmly.

"Where is Lee Zheng Ming?" Lin Yi didn't waste any time and got straight to the point, his aura slowly rising.

Of the five people in front of him, other than li yikou who was a peak nascent soul cultivator, three of them, including Zhou nianqing, were in the xuansheng stage, and the last one was in the early mountain opening stage. However, these people's strength was very weak, probably accumulated through the use of pills. They couldn't even gain an advantage against opponents of the same level, let alone a monster like Lin Yi.

Other than the early-stage mountain-opening cultivator, the other four couldn't help but change their expressions when they felt the aura of a peak late-stage xuansheng coming from Lin Yi. The speed of Lin Yi's rise was simply too shocking. What was his cultivation level when he became the new generation King? Only a few years had passed!

In terms of cultivation speed, Lin Yi was scarier than the head of the Li family's Manor, Li Shui. Since they'd offended someone like him, they had to get rid of him before he grew up!

The house Li's early-stage mountain-opening man sneakily sent out a signal, probably gathering Masters to surround and kill Lin Yi. Unfortunately, he didn't know that Lin Yi was least afraid of group battles. The sea beast tide not long ago was enough to prove everything.

Zhou nianqing sneaked a glance at the Li family. He was the one who caught Li Zhengming, but he was the one who gave him as a gift to the Li family. Now that Lin Yi had come to their doorstep, he shouldn't be the one stepping in.

"Lin Yi, Who Do You Think You Are? how dare you come to our house? A mere GreenCloud Pavilion won't be able to protect you. Even if Pavilion master Shangguan values you, he won't allow you to do as you please!" Li yikou shouted sternly. He was the weakest among the people present, so he couldn't keep his cool.

Lin Yi's body flickered, leaving an afterimage where he was. His real body appeared behind Zhou nianqing like a ghost, and he raised his hand to send out a thin stream of five elements killing Qi, instantly restricting the guy's movement.

House Li's men only realized that Zhou nianqing had fallen into the enemy's hands when Lin Yi's shadow started to fade away. However, Lin Yi had already brought him back to his original position. He slammed his foot on the ground and stepped on Zhou nianqing's chest. He looked down at Zhou nianqing coldly.

"I'm asking you one more time, where is Lee Zhengming?!" Lin Yi, of course, knew that Li Zhengming was in the Li family's Villa, but he had to intimidate them before he saved them. He didn't want these guys to attack Li Zhengming first, and that would be bad.

Zhou nianqing stared at Lin Yi in fear, his mouth wide open but unable to utter a single word. Lin Yi's five elements killing intent was destroying his meridians. The pain was like hell.

"Since you don't want to say it, then you don't have to say it!" Lin Yi glanced at her indifferently and exerted a little strength in his feet. The five elements killing intent in his body exploded, completely destroying all his meridians and life force.

Zhou nianqing's eyes, which had quickly dimmed, were filled with unwillingness. He clearly didn't have the chance to say it!

Lin Yi wanted to get rid of this guy. He broke his follower's limbs and sent him to one of the masterminds behind the destruction of Qiushui Villa. He didn't need Li Zhengming to deal with this bastard. Lin Yi would take revenge for his follower.

Chapter 6022 Li Shuigao

The four from House Li felt a chill run down their spines. Zhou nianqing was a Mystic Ascension primary stage master, but he was no different from an ant in Lin Yi's hands. He was crushed to death with a single step. What was even more terrifying was that they could see it with their own eyes, but they couldn't do anything to stop it from happening!

"Hand over my brother Lee Zhengmin. Don't make me say it a second time!" Lin Yi kicked Zhou nianqing's body in front of the four men, his face cold.

"I don't know what you're talking about, but if you think that the Lee family will be so easily intimidated by you, then you're far too wrong!" The leader of the group was still calm. He didn't care about Zhou nianqing's body and looked at Lin Yi calmly.

"LAN Guzha, go in and find her!" Lin Yi didn't waste any more time-he waved his hand, signaling for the fight to begin!

LAN Guzha laughed. He'd been itching to fight after seeing his boss get first place. He listened to Lin Yi's order and charged at the four men with a gust of wind.

They were both in the early stage of mountain split, but the Li clan was the weakest in the early stage of mountain split, while LAN Guzha was able to contend with the weakest in the early stage of earth split. The two were not on the same level at all. The true energy on his fist had already whizzed over before he had even arrived. The four people from the Li clan felt that they could not stand still at the same time.

Regardless of whether they were in the mountain split stage or the nascent Soul Stage, they could not help but step back under LAN Guzha's fist. If they had stayed any longer, they might have exploded and died.

And this was the result of LAN Guzha showing mercy. He remembered Lin Yi's words-kill only when the other party attacked and threatened him. The four people in front of him didn't seem to meet the requirements ...

Lin Yi didn't bother with LAN Guzha's battle. He tapped his feet and shot out like lightning, directly flying into the Li family's Manor. Since Zhou nianqing was here, li Zhengming shouldn't be too far away.

Lin Yi's spirit sense swept through the door and destroyed some simple restrictions in order to find li Zhengming as soon as possible.

However, the first thing he saw wasn't li Zhengming, but the Masters from house li. There were fifteen xuansheng stage Masters and two mountain opening stage Masters. They were much stronger than house Zhou, but they were all the same in Lin Yi's eyes.

"How dare you come to our Li family and cause trouble! You really don't know how the word 'death' is written!" One of the peak of the late stage of the mysterious Ascension realm roared as he pounced over. His hands were already filled with violent pure Qi, ready to attack Lin Yi at any moment.

Lin Yi smiled faintly and casually used his wild fire Bagua Palm. The raging flames engulfed the whole area, trapping all the practitioners who came to help. The guy who was at the front screamed and flew back at two to three times the speed he came at, the pure Qi in his hands long gone.

The rest of the people immediately reacted as if they were facing a great enemy. They used all their strength to block Lin Yi's wild fire Eight Trigram palm. It wasn't easy for them to block it, and no one was injured anymore. However, they didn't dare to be careless.

"I don't want to talk nonsense. Hand over my brother Lee Zheng Ming, or I'll let you all know how the word 'death' is written!" Lin Yi stood with his hands behind his back, his cold eyes sweeping over the dozen Masters.

The Li family experts felt a chill in their hearts. The peak of the late stage of mysterious Ascension realm who had spoken just now was now lying on the ground, spitting out blood. He couldn't even swallow the healing medicine. It seemed like he was going to die.

He was the one who said that Lin Yi didn't know how to spell the word "death," and Lin Yi used him to spell it out for everyone in the Li family.

"It's really powerful and awe-inspiring! I, Li Shuigao, would like to see how you're going to make us recognize the word "death" again!" A man suddenly appeared in the middle of the confrontation, and even Lin Yi didn't notice how he got there.

"Li Shui Gao?!" Lin Yi's pupils contracted-this young man, who didn't even look thirty years old, was tall and thin, and had a humble smile on his face. Just by looking at his appearance, one wouldn't think that he was an ungrateful Wolf.

"Boss, I've dealt with the guys outside!" LAN Guzha landed beside Lin Yi and reported in a low voice. He looked at Li Shuigao with extreme vigilance. This guy had a faint sense of danger. Even the careless LAN Guzha didn't dare to be careless.

"GreenCloud Pavilion newcomer King Lin Yi, you're really something. You don't even put the elder Council in your eyes, do you think that the GreenCloud Pavilion is enough to protect you? Or will Shangguan Tianhua stand up for you?" Li Shuigao's smile didn't match his tone at all, and it made Lin Yi feel like he was being split apart.

"Li Shuigao, don't beat around the bush. The person Zhou Nianqing brought is my brother. Otherwise, I'll find him myself. " Lin Yi couldn't see through Li Shuigao's true strength, so he guessed that he wasn't at the peak of the mountain-opening realm. This B \* star was probably at least at the initial stage of earth-opening realm.

Moreover, li shuigao's strength was very stable, completely different from his clansmen. He was definitely a difficult opponent to deal with. LAN Guzha might not be able to withstand it.

"I don't know what you're talking about. Today, you attacked my li clan's manor house. I won't argue with you about other things, but you have to give me an explanation for this matter!" Li shuigao denied li Zhengming's existence completely, only using the fact that Lin Yi came to cause trouble as an excuse.

"Then there's nothing more to say!" Lin Yi shifted his feet and used his super butterfly micro steps to appear in front of li shuigao. He then used his Bagua Palm again!

The new raging fire Bagua Palm was very practical, and the activation speed was extremely fast. Lin Yi used it the most, but it wasn't enough to deal with Masters like li shuigao.

"Such a simple martial art technique is your ultimate move? I'm a little disappointed!" Li Shui Gao chuckled and drew a small circle in front of him with his hand. At the same time, he retracted his finger.

The flames of the wild flame Eight Trigrams palm were instantly sucked in by the small circle in front of li shuigao. It was as if it had fallen into a bottomless black hole, and not a single bit of it leaked out.

Lin Yi's lips curved up. He didn't expect the palm to do anything to li shuigao, he was just testing the waters.

At the end of the flames, a five-colored Dragon-shaped killing intent of the five elements whizzed towards Li Shui Gao. It waved its front claws and casually tore apart the circular seal that Li Shui Gao had casually set up. Unfortunately, the flames of the wild flame Eight Trigrams palm had already dissipated, and it did not form a counterattack.

"This move is not bad, there's something to see!" Li Shui Gao's eyes brightened, the smile on his face grew wider, and the aura on his body also rose rapidly.

#### Chapter 6023 Clone Versus Clone

LAN Guzha didn't say a word and rushed to the other targets at the same time as Lin Yi made his move. He held them back temporarily so that they wouldn't interrupt the battle.

Facing the dragon-shaped killing Qi of five elements, Li Shui Gao put his hands together and pushed out with all his might. A sharp spear-like Zhen Qi directly pierced into the front of the killing Qi of five elements and began to struggle with it.

Lin Yi didn't stop, his body was as fast as lightning as he attacked Li Shuigao's side again. This position was extremely tricky, and he could be seriously injured if he wasn't careful. Li Shuigao didn't panic, he just took two steps sideways and dodged Lin Yi's attack.

"Is this all you've got? Then I'll start my attack, are you ready to receive my attack?" Li Shui Gao's lips curled into a smile. Before he could finish his words, he had already launched an astonishing attack!

Li Shuigao's body swayed as he casually threw out a punch. His true Qi formed a terrifying wave that rushed towards Lin Yi.

In an instant, Lin Yi felt the space around him being compressed to the point where he couldn't even do the simplest of dodges. He could only go with the flow of the opponent's attack, and if this continued, he'd be in an absolute passive position.

LAN Guzha was taken aback. The power of this move was something that even his body might not be able to withstand. With Lin Yi's physical strength, he would be in deep trouble if he was hit directly.

It was a pity that LAN Guzha couldn't get away even if he wanted to help Lin Yi. None of the Li family's elites were his match individually, but when they worked together, it wasn't easy to deal with them.

Lin Yi's expression didn't change. Li shuigao's attack wasn't weak, but he didn't need to take it head on. He activated the three Cloud Dragon appearances and left a shadow behind, easily escaping the pressure of the wave.

"Interesting. He is indeed a rare genius!" Li shuigao's eyes turned to Lin Yi's position instantly, and hundreds of water arrows shot out, sealing off all possible escape routes.

However, these water arrows only managed to penetrate the second shadow. When Lin Yi reappeared, he was already less than a meter away from li shuigao.

A stream of five elements killing intent whizzed into li shuigao's body, but Lin Yi didn't feel happy at all. He used his super limit butterfly microsteps and left his spot in an instant. Countless water arrows hit the spot as he left. Li shuigao, who was hit by the five elements killing intent, exploded and turned into a pool of water, scattering on the ground.

"Not bad, not bad. To be able to break through the clone I created with my true energy, I'm getting more and more interested in you. You should know that my greatest hobby is to kill geniuses like you!" Li Shui Gao stood a dozen meters away, gently clapping his hands. He had a satisfied smile on his face, as if he had just enjoyed a wonderful performance.

Lin Yi looked at li shuigao coldly. This guy was indeed strong. He wouldn't be able to beat him if he didn't use his trump card.

But Lin Yi wasn't worried. The reason why he didn't use something as powerful as the soul Catcher hand was because he wanted to see how big the difference was between his strength and earth splitter.

"What do you think? my clone is more powerful than your shadow, right? It's not easy for you to break one of my clones. As a reward, I'll show you something even more powerful!" Li Shui Gao raised his arms, and another six identical clones appeared beside him. These weren't just illusions, but real people. The aura fluctuations on their bodies were exactly the same as the original.

Seven Star illusionary water!

If Lin Yi's spirit sense wasn't so strong, he wouldn't be able to tell which one of the seven li shuigaos was the real one, especially when they were arranged into the Big Dipper. It was even easier to confuse people with their formation.

But li shuigao didn't expect that Lin Yi's spirit sense was strong enough to lock onto his real body, and could even see through the illusions to accurately determine the strength of the clones. In fact, the clones weren't even one-tenth of li shuigao's real strength.

"You think you're so great just because you have six clones? What a joke!" Lin Yi laughed coldly as his body started to move. One and two, two and four, four and eight ...

Wood forest thousand transformation!

Speaking of clones, Lin Yi's move was enough to turn li shuigao's Seven Star illusory water into dust. In an instant, hundreds of Lin Yi's appeared on the flat ground, and not a single one was a shadow.

Unfortunately, the power of the thousand forest transformation was there for all to see. All the clones added together were just cannon fodders, they couldn't threaten Li Shui Gao at all.

Because of that, li shuigao's lips curled up in disdain after the initial shock. He unleashed the full power of the seven Star illusionary water and killed hundreds of Lin Yi's clones in an instant.

"I thought you had some impressive moves, but it turns out to be just a trash martial technique. It's more like a scare tactic!" The seven li shuigos had the same mocking expression on their faces, and they didn't stop at all. Every second, hundreds of Lin Yi's clones would disappear. If this continued, they would be able to completely clear out the effect of the thousand forest of trees in less than a breath or two.

"You're right, this is just to scare you!" Lin Yi's real body suddenly appeared in front of li shuigao's real body, with two different flames in his palms.

Without waiting for li shuigao to react, Lin Yi slammed his hands together and sent a violent ball of pure Qi fire towards his face.

Super pill fire bomb!

Lin Yi had already planned this from the start-he'd use the thousand changes of wood forest to affect li shuigao's judgment, and then take advantage of the fact that he could sense the other party's true body to quietly fire a super alchemy bomb.

Li shuigao was taken aback. He didn't expect Lin Yi to be able to find his body so accurately. However, he didn't take Lin Yi's attack to heart. Although a practitioner at the peak of the late stage of mysterious Ascension was talented and could challenge those who were two levels higher than him, it wasn't enough to threaten him.

However, li shuigao immediately realized that he was wrong. The small ball of fire in Lin Yi's hand burst out with a wave that made him feel like his soul was about to leave his body. In an instant, he made an accurate judgment and knew that he couldn't block it, so he immediately got his clone to act as a meat shield.

The Super alchemy bomb whistled through the air, and Li Shui Gao placed all 6 of his clones in front of him to block the attack. As he watched the clones turn into water droplets and evaporate, he felt a chill in his heart for the first time.

This Lin Yi, he really did underestimate him!

Lin Yi and Li shuigao both backed off after the explosion, putting some distance between them. LAN Guzha didn't continue to fight with the other Li family members and took the chance to retreat to Lin Yi's side.

## Chapter 6024 Lightning Array Disc

"Boss, are you alright? These guys can take a beating!" LAN Guzha said softly. If it was any other time, he would be happy to have the opportunity to fight, but now was not the time.

"It's fine. I'm just testing the waters. " Lin Yi smiled faintly, not too bothered by it.

"Lin Yi, you're amazing! No wonder you're one of the strongest new player Kings! That's enough for your warm-up, let's get serious!" Li Shui Gao patted off the dust on his body and slightly twisted his neck a few times, as if he was really just playing around.

"I also feel that there's no point in wasting time. If you have any other tricks up your sleeve, just bring them out!" Lin Yi had pretty much figured out the difference between him and Li Shuigao. Although the guy was only in the initial stage of earth split, his strength didn't seem to be much stronger than the peak of mountain split. Perhaps it was because he just broke through not long ago.

In a normal battle, Lin Yi might not be this guy's opponent, but that was under the premise that he didn't use many of his ultimate skills. This was also the reason why he was so confident.

"It's too embarrassing for me to fight seriously against a little guy like you. It seems that you have studied formations. Today, I'll let you see one of my treasures. Open your eyes and take a good look!" Li Shui Gao suddenly changed his mind and took out a palm-sized array. After activating it, the entire platform was covered in it.

"A Grade 7 lightning array disc!" Lin Yi was taken aback. He'd never seen a formation disk before, but he'd heard of it from some ghost. He didn't think that Master Li would have something so precious.

It was said that this array disc was a treasure passed down from ancient times, and no one could make it now. Therefore, there were almost no traces of it in the Sky Class Island.

It was no wonder that Li Shuigao was able to train so many xuansheng stage underlings in less than twenty years. The Thunderbolt formation disk could mimic the lightning tribulation to help people advance to the xuansheng stage, but this type of knock-off lightning tribulation was weaker than the one Lin Yi made, so the xuansheng stage underlings of Li Shuigao were weaker than the same level practitioners.

In addition to creating lightning tribulations, the lightning array disc was also a killing array for attack. Within the range of the array, countless lightning bolts could kill the enemy completely. The only problem was that the array disc required a large amount of lightning and spiritual Jade as its energy source. Spiritual Jade was fine, but lightning could only be collected and stored in stormy weather, so there were still some restrictions on its use.

"You're quite knowledgeable to be able to tell that this is a Thunderbolt array disc. I wonder if you can withstand the Thunderbolts?" Li Shui Gao was extremely proud of himself. He rarely had the chance to fight against his enemies, and he had not used this Thunder array disc for a long time. The amount of Thunder source stored inside was enough to deal with two juniors at the peak of the late stage of mysterious Ascension and the initial stage of mountain split. It was more than enough.

Lin Yi and LAN Guzha had weird expressions on their faces, but they didn't want to say anything. Using the disc to deal with Lin Yi was like using dry wood to put out a fire. They didn't know what to say.

If it was any other Level Seven formation disk, Lin Yi wouldn't be able to do anything without the help of some ghostly thing. But Li Shui Gao just had to take out a lightning formation disk, Lin Yi could only laugh.

Dozens of lightning bolts struck Lin Yi and LAN Guzha at the same time under li shuigao's control. The two of them seemed to have been scared out of their wits, not moving at all as they watched the lightning bolts land on their bodies.

After LAN Guzha's mutation and the refinement of Lin Yi's lightning, his body was extremely strong. These lightning bolts were just tickles to him at most. If there was any threat to him, it would have to be the real lightning.

As for Lin Yi, he had the lightning escape technique on him-not even the real lightning could hurt him, let alone the normal lightning stored in a level Seven formation disk.

"Boss, this guy's lightning is so weak. Why don't you show him what real lightning looks like?" LAN Guzha came over and winked at li shuigao as he spoke. The way he looked at li shuigao was full of gloating.

"Don't worry, he'll see it soon!" Lin Yi smiled faintly, ready to strike.

Li Shui Gao had a bad feeling in his heart. The effect of the Thunderbolt array disc did not seem to be as good as he had imagined. Those two brats could still whisper to each other as if nothing had happened under the lightning arc. Could it be that it had not been used for too long, and the lightning inside had lost its original power?

With that thought, li shuigao worked even harder to activate the Thunderbolt formation disk, sending out even more lightning arcs to attack Lin Yi and LAN Guzha. The power that was almost connected into one was quite intimidating.

Lin Yi's lips curled up as he raised his hand and shot out dozens of lightning bolts that were a few times thicker than the one on the disc, instantly tearing apart Li Shui Gao's lightning net. At the same time, he kept absorbing the scattered lightning essence and turned it around to attack Li Shui Gao.

If it weren't for the fact that the lightning explosion and lightning burial were hard to control, Lin Yi would've razed the entire villa to the ground if he didn't accidentally hurt Li Zhengming.

"A lightning element cultivator!" Li Shui Gao's expression changed drastically. He only had time to let out a cry of surprise and immediately retreated. Facing these lightning bolts, he didn't dare to be careless.

The formation wasn't enough to pose a threat to early stage earth creation, but Lin Yi's lightning bolts were clearly stronger than the formation. Li Shuigao didn't want to get hurt.

He really didn't expect Lin Yi to have hidden so much, and it was an extremely rare lightning element practitioner at that. If it was any other opponent, they'd probably use their strongest attack from the start. Who would be like Lin Yi, who was so much weaker, but still hide his lightning element martial arts?

Lin Yi activated his lightning movement! He appeared next to Li Shui Gao in an instant and shot out another two lightning bolts. At such a close distance, he couldn't Dodge at all and all of them struck on his body.

Li Shuigao twitched, but before Lin Yi's next wave of attack, he managed to shift his position, trying to distance himself from Lin Yi.

Unfortunately, Lin Yi's movement speed in the lightning zone was as fast as teleportation, and Li Shuigao's movement was no different from a snail's. Before Li Shuigao could move, Lin Yi was already waiting in the predetermined route.

The divine sense Whirlpool and the five elements killing Qi were used at the same time. Li Shui Gao immediately let out a blood-curdling screech. His primordial spirit and meridians were both severely injured. In comparison, the muscle paralysis caused by the Thunder arc was nothing.

With a few cracking sounds, the disc broke into a few pieces and fell to the ground. Lin Yi looked at it with some pity. This was a treasure passed down from the ancient times. It might not be of much use to him, but it could at least create a lot of Masters in the xuansheng stage on the North Island.

"Master!" The rest of the Li family Masters saw Li Shuigao's miserable state and all of them roared as they rushed over, trying to save him from Lin Yi.

#### Chapter 6025 Gongyang Jie's Appearance

Lin Yi snorted coldly, he raised his hand and shot out dozens of lightning bolts, blocking these people a dozen meters away. At the same time, he kicked Li Shui Gao over and stepped on him.

"If you dare to move again, Li Shui Gao will be finished!" Lin Yi's cold eyes swept across the dozen Li family Masters, making them silent and not dare to move.

"Lin Yi! Don't act rashly, our clan head is a member of the North Island's Council of Elders. If you are injured, even the entire GreenCloud Pavilion can't save you!" One of the mountain opening Masters stood there, not daring to come over, but he couldn't help but warn Lin Yi, hoping that he'd be able to use words to make Lin Yi stop.

"Don't talk to me about useless things. Bring my brother Lee Zheng Ming out immediately, or else no one can save your Lee family! The first one to die will be Li Shui Gao!" Lin Yi exerted a bit of force on his foot, and Li Shuigao moaned again. The killer Qi and the consciousness vortex had tormented him enough. He wasn't dead yet, but he'd lost all ability to fight back. He couldn't even scream.

The person who spoke gritted his teeth and turned around to give the last xuansheng stage master a look, signaling him to quickly bring Lee Zheng Ming out.

"Boss, it's over? It seems a little dangerous to leave so many of them behind. Why don't I take care of them first?" Seeing that Lee Zhengming was about to be rescued, LAN Guzha suddenly had an idea. The battle just now was not satisfying at all. If he did not take this opportunity to make a move now, he probably would not have any chance to do so.

Lin Yi turned around and glared at LAN Guzha. Getting Li Zhengming back was the most important thing right now. He didn't want to cause any more trouble.

To be able to take down Li Shui Gao so easily, other than Lin Yi's own strength, luck played a big part as well. If that guy didn't suddenly use some lightning formation disk, it would be impossible for Lin Yi to defeat him so easily.

Within the range of the formation, Lin Yi could fire out lightning bolts in both quantity and quality. It was beyond normal standards because he used all the lightning stored in it. Now that the formation was destroyed, it was difficult to fire out lightning bolts of that level again.

Plus, Lin Yi had already used up a lot of his stamina and Qi. Although he had the Jade space to replenish it, it was impossible for him to recover to his peak state in an instant. It was better for those Masters to not force Li Zhengming too much for the time being, in case it put Li Zhengming at a disadvantage.

LAN Guzha shrunk his neck back. He could tell that Lin Yi didn't want to continue fighting for the time being. He could only glare at the Masters, threatening them with his eyes to stop moving.

After a while, Lee Zheng Ming was brought over. However, he looked very miserable. His limbs were all broken, and his body was covered in wounds. His clothes were completely soaked in blood, as if he had just been pulled out of a blood pool. If he was an ordinary person, he would have died just from the blood.

Lin Yi's eyes turned cold as killing intent surged in his heart. He wanted Li Zhengming to decide how to deal with House Li himself, but he almost changed his mind and wanted to destroy the villa himself.

"Lin Yi, this person has already taken the recover pill, his life isn't in danger for the time being. His hands and feet are all injured, and he can recover with a little treatment. Then, return our villa Lord to us!" The Xuansheng stage expert who brought Lee Zheng Ming out explained loudly. He was afraid that Lee Zheng Ming would suddenly die, so he wanted to exchange Lee Shui Gao back as soon as possible.

To be honest, these Masters didn't know why Li Shuigao lost to Lin Yi all of a sudden, but most of them thought that Lin Yi was a lightning element practitioner, so Li Shuigao's use of the array disc helped his opponent instead of actually losing to Lin Yi.

It was precisely because of this thought that they felt that they could still defeat Lin Yi and LAN Guzha with so many of them working together after exchanging for Li Shuigao.

LAN Guzha didn't need Lin Yi's order and immediately rushed over to carry Li Zhengming. The Li family Masters wanted to stop him but were scared away by his fierce eyes.

"Lin Yi, you've taken your people away, can you let the owner go now?" The mountain opening master looked at Lin Yi, afraid that he'd go back on his words.

Lin Yi didn't care about the guy at all. He took out a peak grade seven recover pill and put it in li Zhengming's mouth. Then, he transferred his own pure Qi to li Zhengming's body, quickly healing his injuries.

Fortunately, Lee Zheng Ming looked like he was seriously injured on the surface, but there were not many internal injuries in his body. Other than his broken limbs, he was only unconscious due to excessive blood loss.

Seeing Lin Yi treating li Zhengming's injuries without restraint, the Li family members were getting restless. LAN Guzha stepped forward at the right time, his eyes wide with anger as he swept his gaze across each and every one of their faces.

They'd all seen LAN Guzha's power just now-even if they all attacked together, they wouldn't be able to take him down in a short time. Plus, li shuigao was still in danger under Lin Yi's feet, so no one dared to make a move in the end.

After knowing that li Zhengming was fine, Lin Yi temporarily gave up on the idea of annihilating the entire Li family. It was better to let li Zhengming do it himself, but Lin Yi didn't plan to let li shuigao and the Masters of the Li family go.

The soul Catcher hand silently took away li shuigao's spirit, leaving his body on the ground. Lin Yi's body flashed and a few lightning bolts exploded in the group of people. He used the lightning to get in the middle of them.

The strongest of these people was only at the mountain opening stage, so it wasn't something that Lin Yi couldn't handle. Not to mention, these people had weak foundations. The mountain opening stage wasn't much stronger than a normal peak xuansheng stage, so Lin Yi didn't feel any pressure dealing with them.

The wild fire Eight Trigram palm combined with the killing intent of the five elements was used casually. These people were caught off guard and they were swept away in an instant. However, Lin Yi didn't kill them all. He only crippled their cultivation, so that they wouldn't be an obstacle to Li Zhengming's revenge in the future.

LAN Guzha looked resentfully at the Li family experts who were groaning on the ground. He should be the one doing this. How could his boss do it himself? It was a rare moment of fun! It seemed that he could only eat more good things to make up for it when he went back.

When Lin Yi was done, five figures rushed over from the mountain Gate. The first one was especially fast, reaching the platform in a breath's time and appearing outside the Li family's Gate.

"Lin Yi! Aren't you disrespecting the law enforcement Hall by doing these things?" It was Gongyang Jie from the law enforcement Hall. When he saw the Li family Masters groaning on the ground, Gongyang Jie's poker face darkened even more.

Chapter 6026 Favor

"Hall Master Gongyang, they kidnapped my brother for no reason and even seriously injured him. Is there a problem with me coming to save him? Your law enforcement Hall didn't do anything, so why would I be in your way if I took action?" Lin Yi didn't look too happy either-the two from the Hall of Justice had been helping House Zhou the whole time at the censoring restaurant, and now that he'd just taken care of House Li, Gongyang Jie suddenly appeared to question him. There was no way he could be happy.

"I'll naturally investigate what you've said. I'll never let go of a person who has committed crimes on the North Island. However, your current behavior has also violated the rules of the law enforcement Hall, so you'll have to go back with me." Gongyang Jie looked at Lee Zhengming who was still unconscious, and he did not seem to have any intention of changing his mind.

LAN Guzha stepped forward in anger, "how can you speak to my boss like that?!" Could it be that you're on the same side as these guys, so you're standing up for them now?"

"Impudent!" A few other people from the law enforcement Hall rushed over and just happened to hear LAN Guzha's words. The crowd was instantly impassioned and they started to scold him angrily.

"Our Hall Master is famous for being impartial and incorruptible. Who Do You Think You Are? how dare you slander our Hall Master like this? just this alone is enough for you to enter the law enforcement Hall!"

"Hall Master, you can't be polite to this kind of person. Moreover, he's the one who injured his colleagues. Please order for him to be arrested and brought to justice!"

.....

Gongyang Jie waved his hand, stopping his men from talking. He looked at Lin Yi indifferently, "Lin Yi, I've said it before, I'll get to the bottom of everything. We'll know how you've been punished when the results are out. Come back to the hall with me now, don't drag the GreenCloud Pavilion into this!"

"So What if I don't go back with you?" Lin Yi was furious, too, and his words were even more impolite.

Not to mention that Lee Zhengming's matter had not been solved yet, even if it had been solved, he still had to hurry back to Nakajima. Where would he find the time to accompany Gongyang Jie in the law enforcement Hall?

"Believe me, you will definitely return with me!" Gongyang Jie's expression didn't change at all, but his words were full of confidence. Lin Yi could feel that he had already made up his mind.

"Then we'll wait and see!" Lin Yi squinted his eyes, his gaze piercing into Gongyang Jie's eyes like needles. Their gazes were like physical objects, and they had started an invisible confrontation.

LAN Guzha took a step forward and prepared to attack Gongyang Jie first. However, the next moment, he felt as if he had fallen into a quagmire. He could not move at all. Even lifting a finger was extremely difficult.

So strong!

Lin Yi couldn't help but exclaim. Gongyang Jie was indeed the number one genius of the North Island. He could restrain LAN Guzha without making a sound, and they couldn't see through his true strength.

Compared to Gongyang Jie, li shuigao was indeed just a piece of trash!

Lin Yi had already started calculating if his ultimate skills would be effective against a master like this, but no matter if it was the soul Catcher hand or lightning burial, he'd have to kill Gongyang Jie if he used them. He didn't have the intention to kill him yet.

At the last moment, a figure appeared in the middle of the field and laughed, blocking Gongyang Jie and Lin Yi, ""Hall Master Gongyang, why are you so serious?"

Lin Yi looked up and relaxed. He was too focused on Gongyang Jie to notice LAN Tiefu's presence.

"LAN Tiefu, do you want to meddle in the affairs of the law enforcement Hall?" Gongyang Jie glanced at LAN Tiefu coldly. He didn't seem to buy it.

"No, no, I'm only the eldest senior brother in charge of the rising Sky Pavilion. I don't have the right to interfere in the affairs of your law enforcement Hall. However, the pavilion master already knows about the matter here. He said that he will personally handle it, so it's not a problem for the law enforcement Hall to not care about this matter. " LAN Tiefu smiled and waved his hand, looking like a peacemaker.

Gongyang Jie immediately fell silent. In the entire North Island, the only person who could make him bow his head was Shangguan Tianhua. Other than him, even those from the ancient aristocratic families would not be able to order him to do anything.

Speaking of which, Shangguan Tianhua did have the right to take charge of this matter. This did not conflict with the law enforcement Hall's law enforcement. It was just like how the supernatural Investigation Bureau would intervene halfway when the police in the secular world received a case.

"In that case, I'll take my leave first!" Gongyang Jie thought about it for a moment and retracted his Qi. He nodded to LAN Tiefu and Lin Yi before leaving with his men.

Lin Yi was stunned. Gongyang Jie just left like that? It was just a single sentence from Shangguan Tianhua?

"Junior Brother Lin, don't stoop down to Gongyang Jie's level. That's just how he is. He always puts on a long face, but he's actually not that selfish." LAN Tiefu walked to Lin Yi's side and explained to Gongyang Jie.

"Don't worry, senior brother LAN. I won't mind." Lin Yi smiled faintly. He was a little angry just now, but it was over now. There was no need to hate Gongyang Jie. After all, it was his duty.

LAN Guzha chuckled as he came over and casually cupped his fists. "Senior brother LAN? I'm also surnamed LAN, maybe we were relatives in the past!"

Lin Yi didn't know what to say-this guy really liked to claim kinship, didn't he? LAN Tiefu couldn't possibly be related to Lin Yi by blood-he was a human, not a sea beast!

"Oh, such a coincidence? Then we'll have to get closer in the future!" LAN Tiefu laughed as he patted LAN Guzha's shoulder. Lin Yi didn't know why, but he felt that LAN Tiefu was a lot friendlier than before. Could it be that he saw Lin Yi's rapid increase in strength and wanted to make friends with him?

Or did he hear about Lin Yi's pill refining skills? Or was it simply for the sake of Shangguan Tianhua? No matter what, Lin Yi liked it when people showed kindness to him.

"Senior brother LAN, will the matter here be very troublesome?" Lin Yi asked, a little embarrassed as he looked at all the grumbling Masters.

If he'd known that he'd be causing trouble for Shangguan Tianhua, he wouldn't have come here in the first place. Coming here to save him would be the best choice.

"It's fine. You can go back now. I've heard about the cause and effect of this matter. I'll handle the rest. Don't worry!" LAN Tiefu smiled as he waved his hand, telling Lin Yi to bring li Zhengming back for treatment.

"Thank you very much, senior brother LAN. Let's have a good chat in the future!" Lin Yi didn't stand on ceremony anymore-it didn't matter if it was Shangguan Tianhua or LAN Tiefu, he'd remember it all, and he'd repay them in the future.

#### Chapter 6027 The Reason For The Destruction Of Qiushui Villa

After a simple farewell, LAN Guzha rushed to carry li Zhengming and followed Lin Yi to the GreenCloud Pavilion. The North Island's Li family was basically crippled after this battle. Their core member, li shuigao, was dead, and the rest of the Masters had lost their cultivation. Any small family could be stronger than the Li family. It would be much easier for li Zhengming to take revenge in the future.

As he was leaving, Lin Yi's spirit sense scanned that the middle-aged woman from the Zhou family was still in the hidden place. The level one invisibility formation he set up was still intact, so he didn't bother with her. House li was already done for, so house Zhou probably wouldn't dare to come out and cause trouble. As for whether or not li Zhengming wanted to get even with house Zhou in the future, that was none of Lin Yi's business.

After a while, the three of them returned to Lin Yi's residence in the GreenCloud Pavilion. Li Zhengming was still unconscious, which was good for his recovery, so he let him continue sleeping. Lin Yi wanted to use this time to investigate what happened in qiushui villa back then!

After sending LAN Guzha to take care of Li Zhengming, Lin Yi entered his room and released Li Shuigao's primordial spirit.

"Lin Yi, what do you want to do to me? I'm warning you, let me go now, or someone will definitely come and find trouble with you!" Li Shuigao's primordial spirit was a little weak. As soon as he came out, he shouted to boost his courage.

"Oh? There's someone behind you? Why don't you tell me about it?" Lin Yi smiled faintly, but his eyes were as cold as ice.

Lin Yi was planning to use the soul-searching technique to find out the truth behind the qiushui villa's annihilation-if the guy was smart enough to tell him the truth, he might be able to avoid the pain of the soul-searching.

"Don't even think about getting any information from me. It won't take long for you to know how much trouble you've caused! Don't think that you can do whatever you want just because Shangguan Tianhua is protecting you. Even if the ascending Sky Pavilion and GreenCloud Pavilion join forces, they won't be able to protect you and the people around you!" Li Shuigao didn't know what the consequences of his arrogance were, and continued to threaten Lin Yi.

"If you put it that way, I'm actually very curious to know what kind of trouble I've caused. Since you don't want to say it, then I'll find the answer myself. Well, it'll hurt a little. Bear with it!" Lin Yi stretched out his hand expressionlessly, activating the soul-searching technique derived from the primordial spirit devour.

He was usually unwilling to use the soul-searching technique, but that didn't mean that he didn't dare to use it. At most, it would cause him some trouble later.

In order to get to the bottom of the truth, especially with the possible people behind li shuigao, Lin Yi naturally wouldn't care about this small trouble.

Li shuigao's yuan spirit let out a blood-curdling scream-the pain of his soul being torn apart, even if it was a torture of a thousand cuts. He didn't collapse immediately because Lin Yi didn't want him to collapse, at least not before the soul search was complete.

In this room, Lin Yi had already set up a sound-proof barrier so no matter how much li shuigao screamed, it wouldn't leak out at all. After a while, his screams became softer and softer, and he finally fell into silence. His spirit had completely disappeared under the overbearing search of the soul-searching skill.

An expert at the initial stage of earth creation realm had completely fallen, leaving no chance for reincarnation. However, an ungrateful villain like him didn't deserve pity at all for having such an ending.

However, Lin Yi's brows still furrowed slightly. His soul-searching skill was very successful, but the information he got was incomplete. There were still many fragments missing.

There were two reasons for this. One was that li shuigao's spirit was too weak, and there was a lot of damage during the soul search. The vortex from before also affected him greatly. The other reason was that Lin Yi's soul search technique still had flaws, and he couldn't get the complete memory of the other party.

Before li shuigao, Lin Yi had never used the whole soul-searching skill before, so this was the first time he knew of the flaws. Fortunately, he could deduce most of the missing parts from the clues he had.

"Boss, Lee Zheng Min has woken up, do you want to see him?" LAN Guzha asked loudly from outside the room. The soul search should not have taken much time. The fact that Lee Zhengming could wake up proved that his injuries were not serious.

To cultivators, broken limbs were nothing. As long as they had pills, they could be connected in minutes. Even if they lost their original parts, it was easy to regrow a broken limb.

"I'll be there immediately. " Lin Yi rubbed his forehead and stood up. After searching li shuigao's soul, he suddenly realized a problem. The elder with the surname Li who intervened in the qiushui Villa case and pressured the enforcement Hall back then wasn't the Li shuigao now, but someone else. He really didn't pay attention to this point.

Back then, li shuigao was far from having the qualifications to enter the elder Council. He only shot up to the top a few years after the qiushui villa massacre case. The elder with the surname Li, on the other hand, disappeared without a trace after that incident. Lin Yi almost made a huge mistake this time.

However, in Lee Shui Gao's memory, there was almost no information about that elder Lee. It seemed that this matter could only be left to Lee Zheng Ming to investigate on his own.

Li Zhengming was able to sit up by the time Lin Yi walked over. His face was still a little pale, but he could move his hands and feet. He was recovering well.

"Boss Lin Yi, it's all thanks to you this time, or I'd have died a horrible death." Li Zhengming nodded with a bitter smile as he saw Lin Yi enter, expressing his sincere gratitude.

"We're all brothers, so there's no need to be so polite. Tell me about your investigation of that incident." Lin Yi pulled over a chair and sat down, wanting to hear what Li Zhengming had to compare with Li Shuigao's memories.

"Good! I was just a kid back then, and I didn't know much about the whole thing, but after two years of investigation, I found some clues. It's a long story, I hope you don't mind me being long-winded, boss Lin Yi." Li Zhengming sat up a little straighter. He was planning to tell Lin Yi everything, so he had already organized his thoughts.

Lin Yi only smiled and nodded, signaling for him to continue.

"The cause of the incident back then should be that our Qiu family had obtained a treasure map. An ordinary man is innocent, but it's a crime to possess a piece of Jade. Qiushui Manor wasn't a powerful family, and if they could secretly obtain this treasure, their strength would be able to increase greatly. However, this news was leaked by that traitor, Li Shui Gao, and he colluded with foreign enemies to exterminate my Qiu family! Their goal is to get this treasure!" Li Zhengming's eyes were filled with hatred and anger. Although he knew that Lin Yi had saved him, he hadn't received the news that Li Shuigao was dead yet. His hatred towards this traitor didn't decrease at all.

Chapter 6028 Qiushui Manor And Gongyang Jie?

"In these two years, I've been trying to find a clue from scratch. I've been trying to figure out the general situation of the matter. Li Shui Gao was one of the masterminds and got a lot of benefits from the treasure, but I've never been able to find out who he was working with." When Li Zheng Ming said this, he could not help but feel a little depressed. Just by investigating up to this point, he was almost killed. If he wanted revenge, the road ahead was really bleak!

"Who was the elder with the surname Li who interfered in the investigation of the case and put pressure on the law enforcement Hall? You've investigated it, haven't you?" Lin Yi knew more than Li Zhengming why Li Shuigao would collude with the enemy to destroy Qishui Villa. The general situation wasn't wrong, so he wasn't surprised at all. What he was concerned about was that Elder Li.

"I've indeed investigated that Elder Li. It's said that he's an outsider who left the North Island after becoming a member of the Elders Guild. This person was also quite low-key when he was on the North Island and basically didn't have any interactions with others. I investigated for a long time but didn't find anything, so I could only put it aside for now." Li Zhengming didn't pay much attention to that Elder Li, his attention was all on the traitor Li Shui Gao.

"Boss Lin Yi, I was looking for you just now to ask for your opinion on how to deal with the Li family of the North Island. After that traitor Li Shuigao got the treasure, his strength increased by leaps and bounds, and he also trained a large number of Masters as his subordinates. He's already considered a strong force in the family of the North Island, and he's also a member of the Elder Council." Li Zhengming suddenly stopped. This was his personal matter, and there was no point in dragging Lin Yi into it.

He didn't know how much Lin Yi had to pay to save him this time, and he'd feel bad if Lin Yi continued to get involved in the Qishui Villa incident.

Lin Yi, on the other hand, didn't think too much about it. Since Li Zhengming had accepted him as his boss, then Qishui Villa's business was naturally his business. If it wasn't for the fact that he was in a hurry to go back to the Middle Island and use the spirit gathering branch to try and save Han Jingjing, then rush to the South Island to investigate Central's plan, Lin Yi would have stayed here to deal with the Qishui Villa's business before leaving.

"You don't have to worry about the Li family. In fact, although Li Shui Gao obtained a lot of benefits from the treasure and used it as a Foundation to rapidly rise up in a short ten years, he only obtained a small

part of the treasure. The majority of it was taken by his partners. So, we should try our best to find Li Shui Gao's partners." Lin Yi had most of li shuigao's memories, so he naturally knew how much this traitor had gained from the Qiu family's treasure map.

One-tenth!

Just one-tenth of the treasure had allowed him to become a member of the North Island Elder Council in a few years. Then, in the next ten years, he had built a powerful family.

The Li clan's manor house's array techniques, including the Thunderfall array disk, were all part of the treasures. Other than that, there were also a large number of cultivation resources. Without these resources, li shuigao would not have been able to rise so quickly, and it would have been difficult for his subordinates to compete with those families with long histories.

"Boss Lin Yi, you know more than I do-have you been following what happened at qiushui villa for the past two years?" Li Zhengming was a little confused, but he was also touched. No matter what the reason was, it was enough for Lin Yi to care about him.

"I just happened to receive some information in this area, so I have a better understanding of Li Shui Gao's matters." Lin Yi said vaguely. It wasn't that he didn't trust li Zhengming, but he didn't want too many people to know about the soul search.

After a slight pause, Lin Yi changed the topic."Actually, you can tell Gongyang Jie about this. Things are different now. The law enforcement Hall is in his hands, and it can be said that it's quite fair. Although I don't like that cold guy, I believe that the investigation of the qiushui Manor incident will have a good progress with him."

"Boss, I don't really trust Gongyang Jie." Lee Zheng Min hesitated for a moment, but he still decided to tell the truth, ""When the great changes happened to qiushui Manor, I was just a child. I wanted to play, so I hid in a secret room and escaped. At that time, the murderer I saw was a masked Man in Black. Although his face was covered, his figure was exactly the same as Gongyang Jie 's!"

Lin Yi froze for a moment before starting to search through li shuigao's memories. There was indeed this Man in Black, one of the leaders that li shuigao was working with, but his real identity had always been a mystery. Li shuigao had spent almost twenty years trying to figure out who he was working with.

The Idiot's threat wasn't directed at the masked man, but some other big shots in the elder Council, some of whom were from the ancient noble houses, but they were all developed later on and had nothing to do with the qiushui Villa case.

Li shuigao's memories of the masked man weren't very clear, but after li Zhengming's reminder, Lin Yi had a vague impression of him. The man's figure was indeed very similar to Gongyang Jie 's.

"This alone doesn't seem to prove anything, right? After all, there are similarities between people. Even their appearances can be the same, let alone their figures. " Lin Yi wasn't too sure-Gongyang Jie wasn't very likable, but it was hard to believe that the guy was involved in the qiushui villa massacre and was one of the masterminds.

"Boss Lin Yi, I know that we can't conclude anything from this, but it's a possibility, and I don't want to take the risk." Lee Zheng Ming shook his head with a serious expression. From the first time he saw Gongyang Jie, he already had this suspicion. With his first impression, he would not be easily shaken.

Lin Yi didn't believe it, but thinking about Gongyang Jie's sudden appearance in the Li Manor, as well as the Hall of Justice's protection of the Zhou family, he couldn't help but suspect that Gongyang Jie was the Man in Black.

"Have you investigated Gongyang Jie's strength?" Lin Yi suddenly thought of this problem. It had been almost twenty years since the incident at qiushui villa, and Gongyang Jie was only in his early twenties at the time. He was a rare genius, but his strength wasn't that shocking.

The current Gongyang Jie could easily destroy the hillwater villa by himself. However, if he joined forces with Li Shui Gao 20 years ago, they probably wouldn't be able to do much.

"Boss, you think Gongyang Jie wasn't strong 20 years ago, right? I've already investigated this matter. He's a genius that appears once every few hundred years on the North Island. When he was twenty years old, he was already much stronger than all of us in the Qiu family!" Lee Zheng Ming gritted his teeth and said angrily. It was because of this that he was even more certain that Gongyang Jie was the murderer.

Chapter 6029 There's Still A Second Level

Lin Yi didn't know what to say-Gongyang Jie already had the power to destroy qiushui villa back then, so it was only natural that he'd become a suspect.

"Alright, since you said so, the law enforcement Hall will ignore it for the time being. We will list Gongyang Jie as a suspect and investigate him in secret. Make sure that you don't arouse his suspicion. If Gongyang Jie really did it, we don't have the strength to deal with him for the time being!" Lin Yi was still doubtful, but he still warned Li Zhengming seriously.

With Gongyang Jie's strength back at the Li family's Villa, Lin Yi might not be able to beat him even if he used all his cards, especially a genius like him. He might have done some research on the divine sense, and he had to be prepared for things like the soul snatching hand to fail.

"Boss Lin Yi, don't worry, I won't do anything stupid. I'm here to discuss with you about what I should do. Should we take revenge on the Li family first, or should we keep them alive to avoid alerting the enemy and kill them with the masked Men in Black later?" As for the Zhou family, Lee Zheng Ming would not let them off either, but they were only accomplices, so he was not in a hurry to deal with them.

"Lee Zheng Ming, I want to apologize to you. Lee Shui Gao has been killed by me, and some of the Masters from the Lee family in the North Island have been crippled by me. I'm afraid you won't have the chance to take revenge on Lee Shui Gao, but the Lee family is still there. If you want to deal with them, you can go at any time." Lin Yi suddenly felt a little annoyed. He should've left a trace of li shuigao's spirit and body for li Zhengming to kill with his own hands. It would've been more meaningful.

As expected, when Lee Zheng Min heard that Lee Shui Gao was dead, he was stunned and didn't know how to react. For so many years, he had been thinking about how to take revenge every day, but in the end, the traitor was already dead!

"Thank you, boss, for avenging me! "That guy died in boss's hands, it's no different from me killing him myself. It's a pity that he died too easily ..." Li Zhengming sighed and waved his hand in relief. Lin Yi killed li shuigao to save him, which was a good thing for this traitor. He had prepared a lot of torture methods for this traitor.

Lin Yi smiled. Only he knew that li shuigao didn't die easily. The soul search was as painful as hell. This bastard lost his chance to reincarnate, but he had tasted all the Hell's punishments before he disappeared.

"Since the Li family has lost all their Masters, we'll let them go for the time being. Let's see if the black masked man from before will come out and take over the Li family. Boss, do you think there's a problem with me thinking this way?" Lee Zheng Ming quickly adjusted his mood. After knowing that Lee Shui Gao was dead, he felt much more relaxed. He immediately started to think about his future plans.

"Sure, but you should still investigate in secret. However, now that your identity has been exposed, you must pay attention to your safety. It's best to wait for senior brother Lu bianren and the others to return from their mission, and then act as a group. I'll be leaving the northern part of the island for a while, so I can't do this with you. " Lin Yi said apologetically. As Li Zhengming's boss, it was his duty to help him settle the issue at qiushui villa, but he didn't have the time to stay here without any clues.

"Boss, go do your own things. I'll settle this myself!" Li Zhengming quickly shook his head. Lin Yi had already helped him too much, and this time, he even saved his life. He really couldn't Tie Boss Lin Yi to Beidao for his own sake.

"Oh right, boss Lin Yi, I found some clues in the ruins of the old qiushui villa-it's about the treasure. If you have time, I'd like to ask you to come with me." Li Zhengming suddenly brought up the treasure that led to the destruction of qiushui villa, and Lin Yi was a little surprised.

"Didn't Li Shui Gao and the others already take the treasure? Could there be another one?" Lin Yi didn't understand. Li shuigao must have gotten the real treasure, or else he wouldn't have become a hero and a powerful family with just one-tenth of it.

"I'm not too sure yet. The clue I got is that the treasure has two levels. What Li Shui Gao and the others took out might only be the first level. Because it has already been opened, no one will explore that place again. If we go there now, we might be able to find the treasure on the second level." Lee Zheng Ming was slightly excited. Lee Shui Gao had only obtained a small portion of the treasures on the first floor, and he was already able to soar to the top. If they could really find the treasures on the second floor, wouldn't it be very easy to rebuild the qiushui Manor?

"Aren't you worried that the second floor has already been opened?" Lin Yi wasn't too concerned about the news-the possibility of li shuigao and the others only opening the first floor was low, and they'd probably miss it if they went now.

"It's possible, but I still want to take a gamble, because the clues I got mentioned that there's a treasure map that's only used to open the first layer of treasures. If I'm not wrong, it should be the one that traitor Li Shui Gao took from my family. After getting all the treasures on the first layer, without knowing about the existence of the second layer, the possibility of them opening the second layer is very small!" Li Zhengming wasn't trying to convince Lin Yi, but he was trying to convince himself.

He could've gone alone, but he said it now because he wanted to repay Lin Yi. If they really did find the unopened second floor treasure, more than half of it would belong to Lin Yi.

Lin Yi only needed to think about it for a moment to understand why Li Zhengming didn't tell him. He guessed that there shouldn't be any danger in the second floor of the treasure, or Li Zhengming wouldn't have such an expression when he mentioned it.

"I really want to go with you, but there's no way to do it now. I have to rush back to the Middle Island and then to the South continent. It will take at least a few months to return to the North Island. If there's no danger, you should explore it alone. If you find the treasure, try to improve your strength as soon as possible." Lin Yi didn't say it out loud, but the meaning behind his words was clear-even if the treasure was still there, it still belonged to Qiushui villa. He wouldn't get involved in it, and Li Zhengming had to take advantage of this opportunity.

Although the Lee family was not a threat, the real revenge for Qiushui villa had not been taken. If Lee Zheng Ming wanted to take revenge himself, he would need to be strong. This treasure should be able to achieve this goal.

Chapter 6030 Back To Nakagama

Li Zhengming was silent for a moment. Since Lin Yi didn't have time to look for the treasure, he could only go alone. However, he had already made up his mind. If he really found the treasure on the second floor, he would definitely pick out the good stuff and leave it for Lin Yi.

"I understand. Don't worry, boss. I'll see to it." Lee Zheng Ming nodded and the matter of the treasure was over.

"I've said most of what I need to say, and I'm going to head to Middle Island. If you have any problems, you can go to the rising Sky Pavilion and find Shangguan LAN 'er. She'll help you. Remember, you must ensure your own safety no matter what you do. Nothing else is important! Do you understand?" Lin Yi reminded li Zhengming in a serious tone. In fact, he wanted li Zhengming to take care of the threat on the surface first, so it would be safer.

It was a pity that li Zhengming wanted to keep house li and house Zhou as bait to fish out the mastermind. Lin Yi couldn't comment on that, and could only ask him to take care of himself.

If he had any difficulties, he could look for Shangguan LAN 'er. She could probably solve it. Even if LAN' er couldn't handle it, she had Shangguan Tianhua and Zhang jinmiao behind her. At least, they could avoid many dangers like this.

Li Zhengming was touched. He nodded his head to show that he understood and would do as Lin Yi said.

Lin Yi wanted to leave Hao Zili and min huichen to protect li Zhengming, but he was still worried about their loyalty. If they really found the treasure and there were some high-level antidotes in it, these two guys would definitely change sides, and Li Zhengming would be in danger.

Besides, having these two bodyguards by his side wasn't beneficial to li Zhengming's growth. Only in difficult situations would a person become stronger quickly. So, Lin Yi decided to give up on the idea.

"Alright, take care of yourself. I have to go to Nakagama immediately. When I return, I hope to see you even stronger!" Lin Yi patted Li Zhengming's shoulder as he encouraged him.

Before leaving, Lin Yi left behind another storage bag. Inside it were some elixirs for cultivators below the xuansheng stage and a few million spirit Jade cards. These weren't just for Li Zhengming, but for everyone else who wasn't here. With these resources, it was enough to guarantee that they could quickly increase their strength.

Li Zhengming didn't hold back. His life was saved by Lin Yi, so these resources were nothing to him. He would only be able to repay this boss in any way when he got stronger!

After saying goodbye to Li Zhengming, Lin Yi brought LAN Guzha to the beach where they came from. Hao Zili and Min Huichen were quite obedient and stayed. The flying spirit beast was a huge Mountain Eagle, and now it had transformed into a human form, a handsome young man. Lin Yi almost couldn't remember who it was.

"Boss, we're not going to sit on that guy's back and fly to Nakajima, are we?" LAN Guzha looked at the young man conjured by the flying spiritual beast in disdain. As a dignified king of the sea beasts, he was really unwilling to mix around with the flying spiritual beast, especially when this fellow looked ... Very unpleasant to the eye!

In LAN Guzha's eyes, other than his boss, Lin Yi, any other handsome man was an eyesore. Although he believed that no one else in the world was more handsome than him, he still instinctively rejected this kind of person.

"They're too slow, let's take the flying saucer to Nakajima. " Lin Yi replied casually. He didn't realize that the main point wasn't how to get to Nakajima.

LAN Guzha was instantly overjoyed. He raised his chin and said to Hao Zili and the other two, "We're going to Nakajima. If you want to follow us, you should fly up first. When you reach Nakajima, you can just ask anyone to find out where boss is."

This guy didn't even want the three of them to sit on the flying saucer with him. Anyway, flying spirit beasts were used for travel, so he just let them fly slowly to Nakajima.

"Boss Lin, aren't we leaving together?" "Boss?" Hao Zili asked uneasily. He even followed LAN Guzha's way of addressing him and changed it to 'boss '.

Hao Zili thought that it would be awkward, but strangely, when he called Lin Yi "boss," it didn't feel out of place at all. It was as if he was supposed to call Lin Yi that.

"Boss Lin, we're determined to follow you. Please don't leave us behind!" Min huichen quickly smiled and introduced the young man to Lin Yi, "This is feiyi, feiyi, hurry up and greet boss Lin!"

"Feiyi greets boss Lin." This young man, Fei Yi, who was transformed from an aerial spirit beast, was a little shy. He cupped his fists and bowed respectfully. He was still a little choppy when he spoke. He should be the type who did not like to talk much, completely different from LAN Guzha.

"You guys come with us. My flying equipment is enough to take you all." Lin Yi smiled and comforted them. The flying saucer was big enough anyway, so it didn't matter if a few more of them joined.

Hao Zili and the other two were overjoyed. They were most afraid of splitting up with Lin Yi. What if the poison suddenly acted up? wouldn't they die in vain?

Plus, only by staying by Lin Yi's side would they have a chance to show off and get out of this misery. The three of them had already discussed this and reached an agreement.

LAN Guzha naturally wouldn't object to Lin Yi's decision, but he still had something to say, "Since you've acknowledged my boss as your boss, you have to understand the rules. First of all, you have to be clear about the order of arrival. From now on, you have to call me brother LAN, do you hear me?"

Lin Yi couldn't help but feel happy-this guy was quite troublesome these days, why didn't he get Chen Dongcheng and the others to call him LAN bro before? Was it because feiyi was more handsome?

Hao Zili and the other two were also convinced by LAN Guzha. The three of them might not even be a match for LAN Guzha even if they joined forces. So what if he called him brother LAN?

"Brother LAN!" The three of them did not say a word and greeted him respectfully. This made LAN Guzha very satisfied.

"Alright, let's talk when we get to Nakajima. We'll set off immediately!" Lin Yi didn't want to waste any more time. He took out the flying saucer and activated it before leading everyone into the cabin.

Hao Zili and the others were very surprised. This was the first time they had seen such a flying device. Whether it was the exterior or the interior, it had a metallic texture and was completely different from the flying devices in the East continent.

There were a few flying devices on Sky Class Island, but they were extremely rare. Most of them were left behind because there were too few forgers who could make flying devices. The materials were also extremely rare, so the people who could use them were almost all leaders of a force.
