

## Bodyguard 6101

### Chapter 6101 Anti-Piracy Pill Furnace

Zhaoming stood up after Zheng Dongsheng was done with his arrangements, ""That's all for now. I'll wait for your news when I get back. I hope you can give me an answer as soon as possible. "

"Shopkeeper Kang, don't worry. I will do my best!" Zheng Dongsheng cupped his fists slightly and said with some discomfort in his heart.

No matter what, he was still a respected high level pill master, and being ordered around by a little kid like Kang Zhaoming was something he couldn't be happy about. If it wasn't for the fact that he needed help from the central Chamber of Commerce, he wouldn't be able to stand it.

A look of disdain flashed across Zhaoming's face under the cloak. He gave a soft "en" and walked out without even raising his hands, leaving Zheng Dongsheng still with his hands cupped in front of his chest, his eyes filled with anger.

No matter how pissed he was, Zheng Dongsheng couldn't show it. The cooperation between the central Chamber of Commerce and the medicine sect wasn't equal from the start. He could only blame himself for being ignored by Kang Zhaoming. He had to do what he had to do.

After half a day, the heavenly pill Chamber of Commerce's drawing of lots finally ended. Those who managed to buy the automatic alchemy furnace were naturally overjoyed, while those who didn't could only blame their bad luck. Then, they stood rooted to the ground like nails, unwilling to leave even if they were beaten to death. They were prepared to continue drawing lots the next morning.

Shang Wanyi was helpless as well. This was going to affect the sales of the other products. However, it was not right to chase everyone away. He could only compromise and plan a queue path in front of the door. Then, he would give up the rest of the space. At least, it would allow other customers to enter and exit the heavenly pill Pavilion.

No one had any objections to this. It was beneficial for everyone to have a standardized queue. Otherwise, if they were to crowd around in a chaotic manner, no one would be guaranteed.

The shop assistant of the famous medicine sect brought a list to Zheng Dongsheng. On it were the names of the five lucky people who had bought the automatic alchemy furnace. They were all people with no great background or Foundation. It was pure luck that they had drawn a lot.

Because of the 30-day limit of the heavenly pill Pavilion, apart from the famous medicine sect and central, the possibility of these five people being targeted was not high. However, there was still the possibility that some families and sects could not buy automatic alchemy furnaces, so they might as well recruit them. Although their own strength was not much, with an automatic alchemy furnace, it was equivalent to having a fifth realm Alchemist, which was very worth it.

Zheng Dongsheng had already made arrangements. After getting the list, he immediately sent someone to contact the five lucky people. He used trickery, coercion, and bribery. He did everything he could. He finally got two of the automatic alchemy furnaces and quickly sent someone to deliver them to the central Chamber of Commerce.

However, before night fell, Kang Zhaoming sent a message, telling Zheng Dongsheng to continue collecting the automatic pill furnaces from the heavenly pill Pavilion. The fees would be deducted from the central Chamber of Commerce's share.

Zheng Dongsheng almost vomited blood. The central Chamber of Commerce's share would be taken away every day. There was no new business at all now. How could there be a cut? This little bastard was using all sorts of methods to squeeze him!

In the central area of the middle Island, Zheng Dongsheng didn't dare to really steal or Rob, so he paid a great price for the two automatic alchemy furnaces.

Kang Zhaoming still wanted more, so Zheng Dongsheng could only pinch his nose and send people to line up across the street in disguises. If they could get a seat at the front, it would be much better than paying the price later ...

The reason why the central government continued to request for more automatic alchemy furnaces was that two were completely insufficient. After receiving them, the technical staff of the central government was prepared to dismantle one of them and reverse-engineer the structure of the automatic alchemy furnace. However, just as they dismantled one of the panels, the most technologically advanced control device made a soft sound, and wisps of green smoke rose up. The magical automatic alchemy furnace had become an ordinary alchemy furnace.

"Miss nie, the automatic alchemy furnace of the heavenly pill Pavilion Chamber of Commerce has an anti-dismantling device. Our technology is not strong enough to crack it. Why don't we teleport back to the secular world and let the people there take care of the dismantling?" The technician reported expressionlessly. Their main research direction was biological genetics. Pure Electronic Technology was indeed not comparable to the secular world.

Luan xiaoru didn't think much about it and agreed to his proposal. The remaining one was sent to the wormhole to be transported to the secular world.

However, this automatic alchemy furnace couldn't be transported out at all. It merely disintegrated into a mass of particles at the entrance of the wormhole and was then forcibly reassembled before being thrown back.

Everyone stared at the lump of metal with their mouths agape. How could they still see the slightest hint of an automatic alchemy furnace? Ever since the wormhole had been activated, nothing like this had ever happened. It was truly unbelievable.

After receiving the notice, Luan xiaoru personally rushed to the wormhole entrance. When she saw the metal cluster, her expression was extremely solemn.

"That little girl, han Jingjing, has already studied wormholes to such an extent. Not only can she destroy teleportation, but she can also forcefully interfere with the reconstruction of objects. Her existence is already our biggest problem." Luan xiaoru sighed and shook her head slightly.

Han Jingjing's scientific and technological abilities had already exceeded Central's control. Automatic alchemy furnaces were just small tricks, and it didn't matter how well they sold. However, wormholes were different. Luan xiaoru was even considering whether she should kill han Jingjing at all costs.

Unfortunately, she knew that killing Han Jing Jing was no different from killing Lin Yi. It wasn't a good time to do it yet.

"Lady ni, the famous medicine sect has sent over two more automatic alchemy furnaces from the heavenly pill Pavilion. Should we try to teleport them again?" A technician from the center bowed and reported. He saw that Luan xiaoru was in a bad mood, so he didn't dare to speak too loudly.

"Without decoding the wormhole technology in the automatic alchemy furnace, do you think the teleportation will work? Send all of them for research. No matter how much damage they suffer, we must dismantle this automatic pill furnace!" Luan xiaoru ordered coldly and then turned to leave.

Regarding Han Jing Jing's matter, she had to think carefully about how to deal with it. As for the famous medicine sect, they were just small characters anyway. It was not a big deal to lose a few days of popularity.

The miserable Zheng Dongsheng didn't know that he was no different from a speck of dust in Central's eyes. However, when he received the notice that they needed more automatic alchemy furnaces from the heavenly pill Pavilion, he really wanted to die.

The famous medicine sect, who had been known as a competitor, had bought the heavenly pill Pavilion's products time and time again. It was about time for the famous medicine sect to take down their brand and use it as firewood.

In comparison, the loss of funds in the process of purchasing was not a big deal ...

When the central island was in a rush to buy automatic elixir furnaces, Lin Yi and Li Zao Yi's flying spirit beast had already been flying in the sea fog for two days.

With his previous experience, Lin Yi could roughly estimate his position by looking at the map. Even if there were flying beasts, he would use his spirit sense to sense them and avoid them.

Chapter 6102 If You're Not Interested, Forget It

A normal person's spirit sense's range was almost the same as their vision in the sea fog, and their vision range was at most three to five meters in front of them. Lin Yi, on the other hand, wasn't in that range at all-he couldn't compare to Gongyang Jie and LAN Tiefu, but he was still a lot further than normal people!

In fact, Li Zao Yi's spirit sense was also very strong, but it was still a lot weaker than Lin Yi's, so she probably didn't sense the danger that was avoided.

"Lin Yi, how come everything's so calm this whole time? It's completely different from the legends. We didn't lose our way, did we?" After the initial awkwardness, Lin Yi and Li Zao Yi's relationship finally returned to normal, and they spoke more freely.

"Why? do you really want to be in danger? No problem, I'll do as you wish. " Lin Yi smiled faintly-this weird girl sure was bored. Wasn't it better to be safe and sound?

"You know I didn't mean it that way!" Li Zao Yi rolled her eyes at Lin Yi. After the two of them got to know each other, her expression was a lot richer, and it wasn't that cold poker face she had when they first met.

"Don't worry, the direction is right. In two days at most, we will reach the outskirts of the South continent's Xiao Luo sea. I hope your compass will be useful there. " Lin Yi looked at Li Zao Yi teasingly. If the Jade plate could be used in the Yu Luo Sea area, it would save him a lot of trouble. But this kind of heaven-defying luck probably didn't come by so easily, right?

Li Zao Yi's pretty face was slightly red. She felt a little guilty when this matter was brought up, so she could only sneer and deliberately turn her head to raise her chin, putting on a disdainful and tsundere appearance to avoid this topic.

Lin Yi smiled faintly and didn't continue. He controlled the flying spirit beast to adjust its angle a little.

In his spiritual sense, there was a flying vicious bird circling in the sea fog five miles away. He could have avoided it, but since Li Zao Yi felt it was boring and not dangerous, he would find it to relieve his boredom.

From the energy coming from the bird, Lin Yi could tell that it wasn't that strong. It should've just broken through to the early stage of the mysterious Ascension realm not long ago. It was a slightly stronger peak nascent soul realm. To normal practitioners, it was an extremely dangerous existence, especially in the sea fog. It had natural attributes, but to Lin Yi, even if it was at the early stage of the mountain opening realm, it was no big deal, let alone a mere mysterious Ascension realm primary stage.

After getting a little closer, Li Zao Yi also noticed the existence of the flying bird. She turned around and said in surprise, "There's a flying vicious bird up ahead. You didn't fly there on purpose, did you?"

"Little Junior Sister is really smart. I want to see how strong these vicious birds that live in the sea fog are. If we encounter one that is at the same level as us, should we escape or try to fight?" Lin Yi said with a straight face. If he said that he found the flying beast because he saw that it had nothing to do, he'd probably kick him off the flying beast right away.

Lizao Yi looked at Lin Yi suspiciously. She felt that Lin Yi's words weren't very credible, but it did make sense. She couldn't find a reason to refute him.

Before she could figure it out, the vicious bird had already discovered the approaching aerial spirit beast. It immediately flapped its wings and silently pierced through the sea fog, drawing a perfect arc in the air, preparing to launch a sneak attack from the side.

Unfortunately, Lin Yi's and Li Zao Yi's spirit sense could ignore the sea mist at close range. The bird's sneak attack was a joke.

"You're quite cunning! Little Junior Sister, can you try to deal with it first?" Lin Yi smiled faintly and suggested.

On the surface, Li Zao Yi and the flying vicious bird were about the same level of strength, but considering that the combat power of the flying vicious bird was stronger than human cultivators of the same level, and in the special environment of the sea fog, its true combat power was one or two small levels higher than its appearance.

Li Zhaoyi was eager to try, but Lin Yi's words made her reluctant. Why did she have to try just because he told her to?

"Not interested. You go and deal with it. We'll hurry!" Li Zao Yi's tsundere nature flared up. She turned her head to the side and said coldly.

"Alright, since you're not interested, then forget it." Lin Yi shrugged and fired a lightning arc when the bird got close.

The bird that thought it was as stealthy as a ghost crashed into the lightning arc without any warning. Its body started to smoke and black as it screamed in pain. Lin Yi didn't kill it, but it would fall into the sea before the numbing effect of the lightning arc disappeared.

In this Sea region filled with Sea Fog, powerful sea beasts roamed everywhere. Those who had not reached the mountain opening stage or even the earth opening stage didn't even have the qualifications to divide their territory. It was foreseeable what kind of miserable fate the flying bird would have after falling into the sea.

On the surface, li Zao Yi looked like he didn't care about Lin Yi's abilities, but in reality, he admired Lin Yi's abilities. They were both young people, and they were both called geniuses, but whether it was strength or alchemy, Lin Yi seemed to be able to suppress her. With this guy by her side, li Zao Yi felt at ease for some reason.

There was a soft plop from below-the bird might not be able to fly back up alive after falling into the sea. Lin Yi patted the flying spirit beast and smiled,"Buddy, hurry up and leave this place, so you don't get surrounded!"

As he spoke, Lin Yi's spirit sense had already detected a few flying beasts surrounding them. They were probably attracted by the cries of their fallen comrades. Their strength varied, ranging from early nascent soul to peak xuansheng. No wonder the sea fog was regarded as a natural chasm.

Once he got lost in the sea fog on a flying spirit beast, he'd become food for these flying beasts sooner or later. Lin Yi was a little scared thinking about it now. Back then, he and Huang xiaotao were really ignorant and fearless, and they were able to pass through safely. Their luck was invincible!

After hearing Lin Yi's words, the flying spirit beast of the pill Hall flapped its wings and increased its speed by another two tenths, rolling up the thick Sea Fog around it. Following Lin Yi's guidance, it flashed past the gap in the encirclement that was about to close.

"Lin Yi, my compass is not working!" Li Zao Yi didn't know if Lin Yi was flying in the right direction, so she took out her compass to check the route. She didn't know when, but they'd entered the magnetic field of the sea fog. The needle on the compass was spinning, but it couldn't point the direction.

"It's fine, we don't need the compass. " Lin Yi smiled and shook his head.

#### Chapter 6103 Capture Them

Li Zao Yi's slightly flustered mood instantly calmed down. It was the right decision to ask Lin Yi to go to the South continent with her. His calm and collected look easily infected her. As long as he was here, it seemed that any problem could be solved easily.

All of a sudden, lizao Yi started panicking again, but this time, it was completely different from before. She realized that she had developed an inexplicable sense of dependence on Lin Yi, and this kind of dependence made her suddenly feel a little lost.

Lin Yi didn't notice li Zao Yi's sudden silence. He thought that she was still worried about the Compass's malfunction. The two of them had been in this kind of cold and quiet situation for the past few days anyway, so he didn't suspect anything.

The last time he went to the South continent with Huang xiaotao, they didn't encounter any magnetic field disorder. Lin Yi said it was fine, but he was a little worried. Fortunately, his divine sense was still effective and he passed through this area safely.

On the way, li Zao Yi was even quieter than before, as if she had returned to her cold personality when they first met. Lin Yi asked a few times, but he didn't get a decent answer, so he just continued on with peace of mind. After more than a day, they finally flew out of the sea fog area, and there was a feeling of sudden enlightenment in their divine sense and sight.

"This place is already very close to the Yu Luo Sea area. Look at those black dots in the sky, they are the flying spiritual beasts that the cultivators of the Yu Luo Sea area ride." Lin Yi pointed into the distance. The two hadn't spoken much for more than a day, and they were already in the South continent.

This girl was really weird-she'd fallen into a low mood for no reason at all, and Lin Yi really didn't know what was going on.

"Yes, we've finally arrived at the South continent!" Li Zao Yi let out a soft sigh. She didn't know what it meant, but fortunately, she was willing to speak and seemed to have returned to normal.

In fact, Li Zao Yi didn't understand her own thoughts. After leaving the thick fog area and arriving at the crescent Sea area, their time alone was almost over. She felt a little more relaxed, but also a little disappointed.

Before Li Zao Yi could sort out her thoughts, there were seven or eight black dots in the distance that must have discovered them, and they flew over noisily.

Lin Yi used his spirit sense to scan them, but he didn't pay much attention to them. They were all xuansheng or Yuanying stage cultivators, so they were completely harmless. The only thing that surprised him was that only the one at the front had a human cultivator on it, and the rest were all spirit beasts that had transformed into human forms.

It was no wonder that he could meet so many experts so easily before entering the Yu Luo sea. When he came to the Yu Luo sea in the past, the Yuanying stage was already a great expert. The xuansheng stage was even able to run amuck in various Sea regions. But now, because of the intervention of the spirit beast clan, the great experts of the past had become ordinary goods.

"Lin Yi, those flying spirit beasts seem to be coming for us." Li Zao Yi collected her thoughts and said in a calm tone. Although there were a few of them who were stronger than her, she wasn't worried about any danger.

"Perhaps they are here to welcome us?" Lin Yi smiled faintly. Of course, this was nonsense. The Yu Luo Sea area never welcomed outsiders, but there were always robbers.

Come to think of it, the first time Lin Yi and Huang xiaotao came to the Yuhuan Sea area, they were stopped by that idiot Cheng keitian. So when he saw the flying spirit beast, Lin Yi immediately felt that it was familiar.

Li Zao Yi turned around and glared at Lin Yi. She'd never been to the South continent before, but she wasn't so naive as to think that someone would welcome her.

The flying spirit beasts on both sides were extremely fast. In addition, they were facing each other. In a breath's time, they had already closed the distance between them and the distance between them.

Lin Yi didn't need to use his spirit sense to see that there was a young-looking guy on the flying spirit beast. He was at the peak of the mid-stage of the original level, which was nothing in Lin Yi's eyes, but he would've been an Overlord in the South continent in the past.

He didn't see such a guy in the competition of the five big bodyguard agencies last time. Could he be a new rising star? To be able to lead a group of powerful spirit beasts, he was considered to have some ability.

As for the shapeshifting spirit beasts behind them, it was obvious that they were from the spirit beast clan. Their Masters had even appeared in the outer area of the Xiao Luo Sea area at the edge of the South continent. It seemed that the spirit beast clan had a very high control over the South continent.

"Hey! Stop right there!" The young man at the front shouted at Lin Yi and Lin Yi, and their flying spirit beasts stopped in the air.

Lin Yi didn't want to bother with them at first, but since they were blocking his way, he might as well ask them about the situation in the Yu Luo sea.

"Who are you people? I've never seen him before! Don't tell me he came through the sea fog!" When the young man saw Li Zao Yi's unparalleled appearance, his eyes immediately lit up. He asked casually, but his eyes never left Li Zao Yi.

Li Zao Yi frowned slightly and glanced at the other person in disgust. She pulled a long face and didn't have any interest in talking.

Lin Yi smiled faintly, "we're from the Zhen Duan Sea area. We lost our way and came here. This should be the Yu arc Sea area, right?" May I know how to address you?"

"So you're from the Zhen Duan Sea region. You're lucky to be lost here!" The young man waved his hand casually and didn't even look at Lin Yi. He continued to stare at Li Zao Yi and smiled, "This little girl is quite pretty, and the rarest thing about her is that she has great strength. She just happens to be the cultivation vessel that master needs. This trip was not in vain, and this young master will be able to drink a few mouthfuls of soup. Go, catch her!"

One of the spirit beast clan's experts behind him nodded and replied, "Young master Lu, don't worry. She won't be able to escape!"

Before he finished speaking, the spirit beast's imposing manner was fully released. With a light tap of his feet, he directly flew over from the back of the flying spirit beast. The five fingers of his right hand bent into a Dragon Claw and grabbed Li Zao Yi's arm like lightning.

"You're just a lowlife at the peak of the early stage of the mysterious Ascension realm. How dare you be so arrogant in front of me?!" Lin Yi snorted and blocked in front of Li Zao Yi. He threw out a simple punch and violent pure Qi rushed towards the claw like a real substance, colliding with it in the air.

Lin Yi's body was as steady as Mount Tai. Even the corner of his clothes didn't move at all. The spirit beast under his feet didn't feel any pressure at all. On the other hand, the peak of the early stage of the mysterious Ascension realm couldn't get close to Li Zao Yi. He couldn't even get close to her in the air and was sent flying by the punch.

Chapter 6104 Spirit Beast's Subordinate

Even if he was a spirit beast with a strong body, he could not withstand the violent power contained in this punch!

As soon as he flew back, the bone armor on his arm had already made a faint and clear cracking sound.

His companion's expression changed when he saw this. He subconsciously urged his flying spirit beast to move in the direction where he was flying in, wanting to catch him. However, the impact was far beyond his imagination. This transformed spirit beast of the mysterious Ascension middle stage could not even stop him. The moment the two of them came into contact, they were both sent flying.

Everyone was silent! Young master Lu, who had been extremely arrogant just now, suddenly became as quiet as a cicada in winter. He did not dare to say a word more!

He was strong, but he was still a long way from the xuansheng stage. Two xuansheng stage spirit beasts couldn't even take one punch from Lin Yi-he'd be asking for death if he still dared to challenge Lin Yi.

The two flying spirit beasts whose Masters had been knocked away flapped their wings and rushed over like lightning. At least they managed to get the two guys back before they fell into the sea. However, they had temporarily lost their fighting power. Human healing pills were not very effective for the spirit beast clan, so the two of them did not stay. They informed young master Lu and retreated first.

The frightened young master Lu calmed down a little. The two Spirit beasts had gone back to heal their injuries, but at the same time, they had also gone back to ask for help. If he could stall for a while longer and wait for the experts from the twisted arc city to arrive, there would be nothing to be afraid of.

Lin Yi retracted his fist and looked at young master Lu calmly, a smile of disdain on his face. "You're young master Lu, right? Do you have any other moves to use? If you don't have it, then answer a few of my questions honestly, and I might let you live if I'm in a good mood!"

The spirit beasts behind surrounded young master Lu in the middle, staring at Lin Yi vigilantly. They might not be Lin Yi's match in terms of strength, but this young master Lu was obviously someone they had to protect. In the face of Lin Yi's threat, they had to ensure young master Lu's safety first.

Young master Lu, who was surrounded in the middle, wanted to cry but had no tears. These spirit beasts were so stupid. Why were their brains so simple? You've surrounded this young master's escape route, and you're deliberately not letting me go?

However, with so many masters of the spirit beast clan surrounding him, young master Lu's heart was more or less at ease. No matter how strong Lin Yi was, the aura he displayed just now was only at the peak of the xuansheng realm. It was not easy to deal with all these Masters of the spirit beast clan at the same time.

If he knew that Lin Yi wasn't afraid of a group fight, would he still be able to wait for death here?

"Hey, I'm warning you! Now, the wind arc Sea area is completely in the hands of the spirit beast clan. I have a very good relationship with the spirit beast clan. I'm not afraid to tell you that they are all Masters of the spirit beast clan. If you dare to offend us, I guarantee that you will not have a foothold in the entire South continent!" After young master Lu gained some confidence, he started to Bluff-it would be great if he could scare Lin Yi.

"Really?" Lin Yi smiled faintly. I'm getting a little scared by your words. Is the spirit beast clan that powerful now?"

"That's right. Let's not talk about other places. Our Yingluo Sea area is already completely controlled by the spirit beast clan. Therefore, if you hurt us here, even if you are in the mountain opening stage or even the earth splitting stage, you can't escape easily!" Young master Lu spoke louder and louder, as if it would make him more convincing. He didn't know that Lin Yi was just trying to get information from him.

"Can we go? I don't want to stay here any longer!" Li Zao Yi was very disgusted with young master Lu and the others, but it didn't seem appropriate to kill them just like that. Even if someone offended her, she usually wouldn't take the initiative to say that she wanted to kill the other party.

A doctor had the heart of a parent, and as much as he hated young master Lu and the others, he'd inherited Liju's benevolence. He just wanted to leave with Lin Yi, so he'd let them live.

"Alright, let's go!" Lin Yi didn't mind. He hadn't gotten any useful information from young master Lu yet, but with twisted arc city right in front of them, it'd be much easier to get information from Qitian bodyguard agency.

I wonder if LAN Guzha and the other three have arrived here safely? Lin Yi told LAN Guzha that he would ask the people from Qitian bodyguard agency to help him get some information when he reached the Yu Luo Sea area. Perhaps they were waiting at the Qitian bodyguard agency?

Thinking about LAN Guzha and the other three, Lin Yi's expression was a little distracted, but in young master Lu's eyes, he thought that Lin Yi was guilty, so he agreed immediately when Li Zao Yi said that he wanted to leave. This guy was sure that his words had scared the two of them, and in a moment of heat, he made the decision to stop them!

"You want to leave? It won't be that easy!" Young master Lu's sudden shout didn't scare Lin Yi and Lizao Yi, but it scared the spirit beasts around him.

Knowing that the other party was an expert, was it really good to provoke him like this? Wasn't he afraid that the other party's anger would rise in his heart and he would directly kill him to silence him and destroy his corpse?

Even if they wanted to wait for reinforcements, wouldn't it be better to follow them from a distance?

"What do you mean by not easy? Young master Lu, please tell me!" Lin Yi raised an eyebrow and turned to look at young master Lu with a smile. He didn't want to kill him, but he couldn't stop him from coming to kill him!

Young master Lu's heart went cold-Lin Yi's gaze scared him, but he couldn't back off now. He could only bite the bullet and say, ""You injured two of my companions, and you're just going to leave like this without even giving an explanation?"

Li Zhaoyi glanced at young master Lu unhappily, thinking that this person was really annoying, and he liked to be unreasonable. Lin Yi hurt people to help her, and it was self-defense. Your people were injured because they were too weak, what did it have to do with Lin Yi?

"What kind of explanation do you want?" Lin Yi's face was calm as he extended his divine sense to the limit to see if there were any hidden giant level Masters of the spirit beast clan.

"Don't resist. Seal your cultivation and add our restrictions. We'll talk after we return to twisted arc city!" Young master Lu wanted to sound tough, but he couldn't because of Lin Yi's strength. His weak tone made the spirit beast Masters around him want to cover their faces.

"You're really daydreaming!" Lin Yi shook his head lightly, a mocking smile on his face as he replied coldly, "I don't want to waste any more time. I'll give you one last chance. Either get lost or die!"

"Too arrogant! Did he really think that he was invincible just because he was at the great circle of black Ascension? All of you together, kill him for this young master!" Young master Lu was triggered by Lin Yi's disdainful attitude, and he yelled with a red face.

The spirit beast Masters around him heard the order and attacked Lin Yi and Li Zao Yi at the same time without hesitation!

#### Chapter 6105 You Have No Other Choice

They weren't as strong as Lin Yi individually, but four or five of them working together was a force to be reckoned with. A normal peak xuansheng stage wouldn't dare to fight them head on.

"Spare that little girl's life and give her to my master as a furnace tripod!" Young master Lu called out again and immediately controlled his flying spirit beast to turn around and run.

He couldn't even get involved in a battle of this level-even the slightest aftershock could take his life, not to mention that he wasn't sure if Lin Yi would really be killed by the spirit beasts. For safety's sake, it was better to get back to twisted arc city and gather reinforcements.

"You're really trash! These experts of the spirit beast clan must be blind to choose to protect such a fellow!" Lin Yi looked down on young master Lu in his heart, but he didn't hold back at all. Wild fire Eight Trigram palm whizzed out, and the spirit beasts' attacks were evaporated by Lin Yi's violent fire Qi before they could even complete their attacks, disappearing without a trace.

"Not good, quickly retreat!" The spirit beast at the forefront was horrified. Unfortunately, he only had time to shout out four words before he was hit by the wild fire Eight Trigram palm.

One simple punch from Lin Yi was enough to send two of them flying, and now that he'd used the improved wild fire Eight Trigrams palm, the power was unparalleled. The first two, along with the flying beasts below, directly exploded into a cloud of dust in the air. The ones at the back were slightly better-after two uses of the wild fire Eight Trigrams palm, they didn't turn into ashes either. They only had broken bones, spat out blood, and fell straight into the sea.

Lin Yi couldn't guarantee if he'd be Dead or Alive when he fell into the sea, but he'd be dead if he didn't die-the sea beasts wouldn't be nice to food that came to their doorstep.

Young master Lu, who had just flown out of the range of the battle, turned his head back and was wondering if his spirit beasts would have a chance to kill Lin Yi. It was this look that made his eyes widen and his pupils shrink!

Even if he had a slight guess, he still could not believe that what he saw was the truth. Those few spirit beast experts who had transformed into human form could not even block one move!

The two who had been injured earlier were lucky to have already gone back. Otherwise, they would not have been able to escape the fate of being killed.

Young master Lu was filled with regret. If he had known earlier, he would have gone back with the two of them. It was too late to say anything now. The best plan was to escape quickly.

The only thing that comforted him was that his flying spirit beast was the fastest, at least faster than Lin Yi and Li Zao Yi. He also had the advantage of being the first to attack-as long as he maintained this advantage, he could get back to twisted arc city first.

"Damn B \* stards! When I return to twisted arc city, I'll let you know the miserable consequences of offending me!" Young master Lu desperately urged the flying spirit beast to speed up. At the same time, he didn't forget to be ruthless. It was as if he was not running for his life in a hurry after saying those words.

"Why do we have to go back to twisted arc city? Why don't you tell us what will happen to us?" Lin Yi's voice suddenly sounded in young master Lu's ears!

This was the voice that was really ringing in his ears. The cold tone instantly caused the fellow's body to stiffen, and he almost fell off his aerial spirit beast.

Lin Yi stood behind young master Lu, calm and unruffled, his eyes mocking as he watched the man slowly turn his head around like a robot.

This guy was too naïve-it was just a flying spirit beast, and under Lin Yi's lightning escape, it wouldn't be able to escape even if it was a few times faster. Not to mention, he still had his ghost speed wings-it could be said that no one could catch up to Lin Yi in the Sky Class Island!

Unless it was one of those spirit beasts with special talents, like a completely evolved Sky Bird, they might barely be able to compete with Lin Yi in speed.

Thinking of the spirit Bird, Lin Yi couldn't help but think of Huang Xiao Tao.

"You ... How did you catch up?" Young master Lu looked at Lin Yi in a daze, and then looked at Li Zao Yi who was still flying over. He wanted to ask for mercy, but he changed it to such a boring question.

"It seems like you're not going to tell us what will happen to us. Fine, I'll tell you what will happen to you. I gave you a choice just now, either get lost or die. Your choice is to die embarrassedly!" Lin Yi smiled faintly and raised his palm.

"Wait! I chose to get lost! I've already left! You can't kill me! Spare me! I've already left!" Young master Lu immediately kneeled on the back of the flying spirit beast, begging for mercy as he kowtowed. The feeling of being shrouded in the shadow of death made him on the verge of collapse. As long as he could live, he would do whatever Lin Yi said.

"If there's a next life, remember to get lost when you choose to!" Lin Yi couldn't be bothered with these people's begging-he wouldn't have killed them if they'd just left.

Young master Lu still wanted to say something, but Lin Yi didn't give him the chance. With a light palm, the guy fell off the flying spirit beast with smoke all over his body. With a plop, he sank into the endless sea and disappeared.

Li Zao Yi controlled her aerial spirit beast and flew over. She said with a calm expression, "Aren't you afraid of getting into trouble for killing them all?"

"I've always kept a low profile and never caused trouble. But if trouble comes knocking on my door, I won't be afraid. " Lin Yi shrugged nonchalantly. He wanted to investigate the situation of the various seas in the South continent quietly, but he'd just reached the edge of the Yu Luo sea and already caused such a big commotion.

"There are two more who escaped earlier. Aren't you going to chase them?" Li Zao Yi still looked cold and distant, but her words revealed her concern for Lin Yi.

"No need. It doesn't matter if we have them or not." Lin Yi waved his hand and returned to Li Zao Yi's flying spirit beast.

"Why did you come back? That aerial spirit beast is also very good!" Li Zao Yi looked surprised, but in fact, he was a little happy in his heart.

"I'm more used to this pill Hall's flying spirit beast. I don't think that guy's flying spirit beast is good enough!" Lin Yi said with a faint smile.

Li Zao Yi responded with a soft "Oh." Her expression didn't change and she didn't say anything more. However, when she turned her head, her beautiful eyes became brighter.

The two of them continued to fly forward. Li Zao Yi took out the Jade plate and pretended to look at it seriously, but in fact, her heart was floating. She didn't know what she was thinking for a long time. She had never experienced such chaotic thoughts in her life.

"Is there any indication on the location disk?" Lin Yi saw that Li Zao Yi had been looking at the Jade plate for a long time without moving, so he asked curiously.

Chapter 6106 The Qi Family's Happy Event

"Ah? "Ah!" No... Looks like we haven't reached the place yet!" Li Zao Yi's face was slightly red. She didn't pay attention to the location disk in her hand at all. Her eyes were only on it for show!

To hide her absent-mindedness, she immediately added, ""Yes, I have to keep an eye on the location disk at all times. Otherwise, it'll be troublesome if I miss the range!"

"I don't know how big the area of the compass is, but it's good to look at it often. But we're about to reach twisted arc city, so why don't we keep it first?" Lin Yi pointed at the bustling city in the distance with a smile.

Li Zao Yi nodded. After keeping the compass, he looked at the black arc city in the distance and said, "That's the center of the black arc sea, the black arc city? It looks very prosperous, no worse than an ordinary city in Nakajima. "

"Yes, when I first came here, I thought the South continent was a desolate place. After all, it's under the influence of the spirit beast clan. I didn't expect to see such a prosperous city. It's really unexpected." Lin Yi smiled as he recalled his first experience with Huang xiaotao.

The last time they came back, they ran into that idiot Cheng qiitian. At that time, Lin Yi wasn't strong enough and had to team up with Huang xiaotao to protect himself. So, they were always in trouble. This time, it was different. Even if young master Lu had a group of xuansheng stage spirit beasts as bodyguards, he was still killed by Lin Yi the first time he tried to fight Lin Yi!

As they spoke, the flying spirit beast approached the dock. Lin Yi knew the rules here-for outsiders like him, their flying spirit beast could only stay on the dock. Even for the local practitioners, other than the higher-ups of the top forces in twisted arc city who could fly in with their own flying spirit beast, they all had to stop at the dock to enter.

Before landing, Lin Yi and Li Zao Yi's senses had already discovered that the number of human practitioners and spirit beast humans on the dock was almost the same, but the spirit beast clan clearly had a higher status. Human practitioners could only do physical work, while the spirit beast clan did things like collecting spirit stones and supervising.

"A foreign cultivator? The parking fee for the aerial spirit beast was fifty spirit jade pieces, valid for three days. If the fee exceeded three days, ten spirit jade pieces would be charged per day. If the aerial spirit beast was not paid in ten days, the aerial spirit beast would be confiscated! The entry fee to the city is 100 spiritual jades, and the entry pass is valid for 15 days. If you exceed the time limit, you have to apply for a replacement immediately, or you will be expelled from the city!" A young man in spirit beast form saw Lin Yi and Li Zhaoyi's flying spirit beast land and immediately walked over to read out the fee rules with a blank face.

Lin Yi was speechless-this amount of spirit Jade wasn't even a drop in the ocean for him right now, but it was sky-high when he was in the Foundation Stage-the spirit beast clan sure was brutal!

"Two people's travel fee, the rest is the parking fee for the flying spirit beast!" Lin Yi couldn't be bothered to argue with this spirit beast young man. He took out three hundred spirit jades and got two thumb-sized white jade passes and a bronze token for flying spirit beasts.

"Hang the Jade pass on your waist, or else you will be expelled from the city for not having a Jade pass." The spirit beast youth kept the spirit Jade and specially reminded him. His attitude was quite good.

"Many thanks!" Lin Yi nodded and left the dock with Li Zao Yi. He was a little confused-why didn't anyone come to him for revenge?

The two Spirit beasts that escaped earlier should have returned to the city long ago. Even if they didn't know that Lin Yi had killed young master Lu and the other spirit beast guards, they wouldn't just let go of the fact that they were injured, right?

"The order here is not bad. I thought the South continent would be a more chaotic place." Li Zao Yi seemed to be quite satisfied with twisted arc city. It was completely different from her original idea of a fight happening at any time.

Since the two Spirit beast guards didn't do anything, Lin Yi decided to put the matter aside for now. The strongest person in the city was only at the peak of mountain split realm, after all. They didn't have the aura of an earth split realm master, and this level of strength wasn't enough to suppress him.

"The management of the spirit beast clan is good. Although they have increased the taxes, it is still within an acceptable range." Lin Yi nodded in agreement. He was surprised at the situation as well, but the parking fee for flying spirit beasts, the city entry fee, and the like were all very familiar-they were all in the style of the common world!

So Lin Yi made a bold guess that central was the one behind all this. Perhaps it was central who suggested that the spirit beast clan manage the city.

"Lin Yi, is the thing you're doing in arc city? If not, let's leave this place as soon as possible and go to other seas to take a look. " Li Zao Yi took some time to look at the location disk, but it still didn't show any information, so she wasn't very interested in staying in twisted arc city.

"Don't worry, I'm going to look for someone in arc city first. " Lin Yi waved his hand. He was going to the Qitian bodyguard agency to look for LAN Guzha. If they were still in black arc city, they would probably be there.

Before they came to the South continent, Lin Yi told LAN Guzha to go to the Qitian escort agency once they reached the city. He didn't know if they were in the city, but if they got lost in the sea fog, they might be lost.

No matter what, Lin Yi had to go to Qitian bodyguard agency first. Even if LAN Guzha and the others didn't come, he still had to meet Qi Wenhan and the others. Besides, Qitian bodyguard agency was the local tyrant of twisted arc city. They should have some understanding of the situation in the various seas of the South continent.

"MMH!" Li Zao Yi didn't say anything else and walked quietly beside Lin Yi. It would've been a pretty good feeling if people didn't keep looking at her.

Just as she was thinking about whether she should get a cloak or a hat to cover her face, Lin Yi had already brought her to the entrance of Qitian bodyguard agency.

Compared to the last time he was here, Qitian escort agency's main entrance was much more imposing. It should have been renovated. After all, it had become the head of the five major escort agencies, so it was necessary to put up a good front.

But that wasn't what Lin Yi was concerned about-the red "happy" word on the door and the red silk fireworks on the door frame. Was Qitian bodyguard agency having a happy event today? Then it really was better to come at the right time than to come early!

Li Zao Yi looked at the word "happy" on the door without any fluctuations on her face, but she seemed to be thinking about something in her heart, as if she was in a daze.

"Little Junior Sister, we're in luck today. We'll be in time for Qi Wenhan and Xia luoluo's wedding. They're all my friends. Let me introduce them to you when we get in!" Lin Yi's spirit sense had already scanned Qi Wenhan in the hall, who was wearing a red wedding dress. After confirming that it was his wedding, he smiled and said to Fang Zao Yi.

Li Zao Yi came back to her senses and said with a faint smile, ""Alright!"

#### Chapter 6107 A Sorrowful Atmosphere

What made Lin Yi curious was why there wasn't anyone welcoming them at the entrance. By right, there weren't many guests inside yet, so there should be many people who hadn't arrived yet. It would be rude if no one was at the door to welcome them.

With Lin Yi's relationship with the Qitian bodyguard agency, he didn't need to knock on the door. The two of them walked into the agency side by side.

There were lights and decorations everywhere on the way to the living room, but there was no one. Lin Yi felt that it was strange. In his divine sense, Qi Wenhan didn't seem to be happy at all. Instead, he seemed to be frowning. His father, Qi Zhiyuan, also had a heavy expression, sitting on the chair without saying a word.

If Lin Yi didn't see Xia luoluo in the bridal chamber, he would really think that Qi Wenhan had married someone he didn't like.

"Brother Qi, is today your wedding day? I was just in time to congratulate you!" Lin Yi was full of questions, but when he entered the living room with Li Zao Yi, he smiled and cupped his hands to congratulate Qi Wenhan.

Without waiting for Qi Wenhan to speak, he greeted Qi Zhiyuan and the others.

"Brother Lin! What are you doing here?" Qi Wenhan was surprised when he saw Lin Yi, but he was overjoyed and quickly greeted him with a bow.

It was the same for Qi Zhiyuan. The Qitian bodyguard agency was able to become the head of the five big bodyguard agencies all because of Lin Yi. Of course, Lin Yi was called Ling Yi at that time, but it didn't matter. The Qitian bodyguard agency's gratitude and respect for Lin Yi had never decreased.

After some small talk and a simple introduction to Li Zao Yi, everyone realized that the girl beside Lin Yi wasn't Huang Xiao Tao anymore, but another pretty girl.

Lin Yi couldn't help but open his mouth to ask, "Today is brother Qi's wedding day, right? Why does it seem like everyone's mood isn't right?"

Qi Wenhan sighed again at the mention of the topic. Lin Yi gave him back his pillar of support, but he still didn't know where to start.

That hesitating look of his made Lin Yi both angry and amused. When did the heroic Qi Wenhan become so wishy-washy?

Not only Qi Wenhan, but Qi Zhiyuan was also the same. The chief of the five major escort agencies had an ugly expression on his face. He shook his head and sighed, as if he had suddenly aged a lot.

"What happened? Say something, you guys!" Lin Yi scratched his head, not understanding what they were doing.

Seeing that they really didn't want to tell him, Lin Yi could only use his spirit sense to scan the new room again. He was afraid that it would be impolite, so he only touched it a little before leaving. Now he realized that Xia luoluo was secretly wiping her tears in the new room, crying like a Pear Blossom in the rain.

"Brother Qi, did you have a fight with Xia luoluo? What could a person who was about to get married not say? If you really quarreled, then quickly go and apologize!" Lin Yi lowered his voice and whispered into Qi Wenhan's ear.

Qi Wenhan shook his head with a bitter smile. He had finally gotten to where he was with Xia luoluo. How could they have ended up like this because of a quarrel?

"Brother Lin, don't ask anymore. It's not what you think. We're brothers, I don't want you to be dragged into this." Qi Wenhan sighed and waved his hand with a bleak expression.

Lin Yi's eyes turned cold, "could it be that someone wants to make things difficult for Qitian bodyguard agency?" If you're my brother, then tell me! Besides, I'm the honorary Vice Chief of the escort agency!"

"Brother Lin, it's precisely because we're brothers that I don't want you to get involved. We haven't seen each other for so long, and I didn't expect to meet you in such a situation. The other party is too strong, far from what we can fight against. You'd better leave this place as soon as possible!" Qi Wenhan's eyes were firm. He was grateful to Lin Yi, so he didn't want to drag Lin Yi down with him no matter what.

Normally, Lin Yi wouldn't stay if Qi Wenhan said that, but now that he knew that someone was forcing the Qitian bodyguard agency, he would never leave.

It was a pity that LAN Guzha and the rest did not seem to have come to the Qitian escort agency. Otherwise, they would know what had happened. Speaking of which, they did not know where these guys had gone. They probably lost their way and flew to another Sea region, right?

Lin Yi didn't have to worry about the four-man team. In terms of strength, LAN Guzha, who had reached the mountain opening stage, could hold out for a while even if he met a master in the early stage of earth creation. Hao Zili and min huichen weren't weak either, and they were smart. With the fast speed of the wings, LAN Guzha could go into the sea if they couldn't fly. This team shouldn't be in much danger.

When he had time, he would go to the seaside and contact LAN Guzha with the communication Pearl. He was afraid that they would not be able to reach the South continent after getting lost. It would be funny if they did not even know where they were ...

Lin Yi's thoughts went back to the Qitian escort agency. He was still thinking about how to get to the bottom of this when a guy rushed in with a fierce look on his face and shouted, "Have you thought it through? I advise you not to take things too hard and court death!"

The Qis "father and son, as well as the people from the bodyguard agency, all had unsightly expressions on their faces. Only Lin Yi was secretly happy-he was just worried that no one would tell him the whole story, and now this guy came to his door to explain it to him. He didn't need to ask to know that the trouble at the Qitian bodyguard agency had something to do with this guy.

Lin Yi looked at the crowd, not saying anything. He believed that the guy who rushed in would explain himself.

Sure enough, that guy's expression was extremely arrogant after he came in. He held his chest with both hands and raised his chin, saying loudly, "Don't waste my time! What's your decision?"

Qi Wenhan stood up and said angrily, "if you have the guts, come at me, Qi Wenhan. Do you think you're so great for bullying the weak?" There's no coward in our Qitian bodyguard agency! It's better to be broken Jade than intact tiles!"

"Hahahaha! He had backbone! It was a pity that people with backbone had always lived short lives! You even want to drag the entire bodyguard agency down with you, saying that you'd rather die as a piece of Jade than die as a tile. What kind of Jade are you? It's just broken tiles from the beginning to the end, alright?" This fierce-looking man laughed out loud and ruthlessly taunted Qi Wenhan.

Qi Wenhan's face was a little pale. He wasn't afraid of death. What he was most afraid of was implicating the entire bodyguard agency. This guy's words hit his soft spot.

"As the head of the five major bodyguard agencies, we were bullied by others without any ability to fight back. So what if it's destroyed? we, the Qi family, are all brave men. We'd rather die standing than live kneeling!" Qi Zhiyuan stood by his son's side with a stern expression.

The rest of the people gathered around them and glared at the fiendish guy. This made Lin Yi and Li Zao Yi, who didn't move, seem a little out of place.

Chapter 6108 He Won't Leave

Only now did Lin Yi understand why there were so few people in the Qitian bodyguard agency. It turned out that only the Qi family's core members were left behind. The others had either been dismissed or ran away. It was clear how big of a background this fiendish guy had!

"You refuse a toast only to drink a forfeit, huh? Old Zong had taken a fancy to Xia luoluo and allowed her to become his furnace tripod. That was a blessing given to him because he thought highly of her. It was also giving face to your Qitian bodyguard agency, yet you still don't know what's good for you? Did he deliberately want to turn a happy event into a funeral? It doesn't matter. What Qitian escort agency, what South continent's boat King, if you don't know what's good for you, then you can all die!" The guy glanced at Lin Yi and Li Zao Yi. He didn't seem to care at first, but after seeing Li Zao Yi's unparalleled looks, his eyes lit up and he spoke even louder.

He was threatening the people of Qitian bodyguard agency on the surface, but he was actually trying to scare Lin Yi and Lizao Yi. He probably wanted to take Lizao Yi with him.

Lin Yi couldn't help but be happy. This guy was really daring. He even had ideas on Lizao Yi. Was he in a hurry to reincarnate?

The general course of the matter was now clear. It was the old Zong behind this guy who had taken a fancy to Xia luoluo and wanted the Qitian bodyguard agency to offer themselves to him as a furnace. There was really no one else who could do such a bad thing in such an open and aboveboard manner.

"Brother Qi, who is this idiot? Does his family know that he's so arrogant?" Lin Yi had a rough idea of who was behind this-there was no need to be polite. Let's hit the dog's paw first!

"Brother Lin, these are the people from the poison eyes mercenary group!" Qi Wenhan was shocked by Lin Yi's words. He just wanted Lin Yi to stay out of it, but he didn't expect Lin Yi to say something like this.

Too bad he'd already said it-it was impossible to take it back now. What should he do to make this guy shift his attention away from Lin Yi?

Qi Wenhan quickly thought of a solution, but Lin Yi was surprised, "Poison eye mercenary group? Weren't Cheng haonan and Cheng Qitian both dead? Why haven't they disbanded yet?"

He originally thought that this guy was backed by the West Mountain old sect, but he didn't expect it to be the poison eye mercenary group. However, after thinking about it carefully, it seemed to make sense. After all, Wu Bao Liang was in the poison eye mercenary group, and the Cheng family father and son were also practicing evil Arts with him.

The old sect of West Mountain chased Lin Yi to take revenge for Wu Bao Liang, so it was normal for him to take over the poison eyes mercenary group. However, the last news Lin Yi got seemed to say that the old sect of West Mountain was staying in the Dragon Boat escort. Was he supporting the poison eyes mercenary group as a Lackey again?

Lin Yi nodded slightly as the thoughts flashed through his mind. He had more or less figured out the relationship between the two.

The guy from the poison eyes mercenary group glared at Lin Yi and pointed at him, "Little brat, what are you? How dare you set up our poison eye mercenary group like this! Are you looking for death? Hurry up and obediently hand over this little girl beside you, and this old man can still spare your dog life, otherwise ..."

"Ba da!" After a crisp sound, the guy who was shouting suddenly found that his finger had been turned around and was pointing at his nose. Then, he felt a burning pain on his palm.

"What else can I do? Continue!" Lin Yi looked at this guy indifferently. Breaking the finger that was pointing at him was just the beginning. Who gave him the courage to humiliate Qitian bodyguard agency in front of him and even try to kidnap lizao Yi?

"Ah!!!!" The guy screamed in pain. Even a powerful cultivator was no different from an ordinary person when he was caught off guard.

When he subconsciously used his left palm to cover his broken right index finger, Lin Yi made his move again, grabbing his left palm with lightning speed. With a crisp crack, the guy's left wrist was broken.

"

"Brother Lin ..." Qi Wenhan smiled bitterly and shook his head. He was happy to see Lin Yi beat this guy up, but he was worried about what to do next,""Brother Lin, didn't the poison eyes mercenary group ally with the Longzhou escort agency? although the key figures died, the Longzhou escort agency was protected by the West Mountain old sect, so the poison eyes mercenary group, which was supposed to fall apart, survived. Now, they've almost become the private soldiers of the West Mountain old sect, and their combat power is far from what the poison eyes mercenary group used to be."

"Hehe ... It's that old fart from West Mountain sect! In the past, he had some scruples and didn't dare to openly stir up trouble, but now he's become bolder!" Lin Yi smiled faintly and casually kicked the unlucky guy's knee, breaking one of his legs and making him fall to his knees.

Qi Wenhan was worried. He and the Qitian bodyguard agency were already in this state. At most, they would just destroy each other. Lin Yi, on the other hand, didn't need to get involved!

Back then, the West Mountain old sect chased after Lin Yi for so long. Although they didn't know how Lin Yi escaped in the end, it was clear that the two weren't on the same level.

Now that they were going to settle the Old and New grudges, the old sect would never let Lin Yi go!

"Brother Lin, it's better for you to leave the city before the West Mountain sect finds out! We're not allowed to leave the Qitian bodyguard agency, so we can't escape. When you're stronger, you can come back and avenge us!" Qi Wenhan rushed up and pushed Lin Yi's arm, telling him to run.

Lin Yi had tried so hard to escape once back then, who knew if he could escape again? If he didn't leave now, he wouldn't have another chance.

As for Lin Yi's disdain towards West Mountain old sect master, Qi Wenhan subconsciously ignored it. He couldn't beat others, but that didn't mean he couldn't look down on others. It was understandable.

"If you want to take revenge, why wait until the future! As long as the West Mountain old sect dares to come, I can make sure he won't be able to return!" Lin Yi smiled faintly and waved his hand at Qi Wenhan, telling him not to worry.

To be honest, Lin Yi almost forgot that he still had an enemy like West Mountain old sect. The soul hooking hand he stole from him had helped him a lot, and there were a few times when he was on the verge of death. He really didn't have much killing intent when he thought about this old thing.

Although he was chased by this old thing to the point where he had no way out last time, it also allowed Lin Yi to have many fortuitous encounters, such as knowing the movement of the Spirit beast clan, meeting the Dragon of five evils again, comprehending the killing intent of the five elements, and so on. If he didn't come to find trouble with Qi Wenhan this time, even if Lin Yi saw the old sect of West Mountain face to face, he might not take the initiative to take revenge.

Chapter 6109 Unlucky Fool

Qi Wenhan was stunned. He couldn't believe Lin Yi's words, but he'd seen Lin Yi do so many amazing things. He didn't think Lin Yi was lying.

The unlucky man kneeling on the ground finally became a little more resolute. At least he no longer screamed in pain. He struggled to stabilize his body, raised his head, and grinned hideously. "Little brat! Don't be smug, you actually dare to say that old Zong will not be able to return? Let me tell you, old Zong doesn't even need to personally take action to deal with a small character like you. When young master Lu returns from the sea, he will be able to flatten the Qitian escort agency with his spirit beast guards! I'll kill you all! Of course, the pretty girls can live!"

"So much nonsense! An idiot who only remembers how to eat and not how to beat!" Lin Yi slapped the other side of the man's face, sending a few of his teeth flying. Both sides of his face were now swollen, and he looked much better.

Lin Yi only remembered what the guy was talking about after shaking his hand. Spirit beast guards? It couldn't be those idiots he met just now, right? At this time, they should have been almost digested by the sea beasts, so why would they come to help?

"The young master Lu you're talking about, don't tell me he's that guy?" Lin Yi wondered if there was really such a coincidence. He wanted to confirm it first, so he casually described the appearance of young master Lu and the few spirit beasts in their transformation.

"You know our young master Lu? Are you afraid now? Hahahaha, I'm telling you, it's too late for you to know!" The guy laughed with a swollen face. He even leaked his words. He was able to squeeze out a proud expression. He was really a rare talent in acting tough!

"If you put it that way, I do know them. Just now at the edge of the crescent sea, this guy brought his spirit beast guards to show off to me. In the end, they didn't act well and accidentally fell into the sea and drowned! There were only two Spirit beast guards who were good at swimming. At least they got on an aerial spirit beast and flew back to report the funeral. Why didn't you receive the news?" Lin Yi's serious face made it sound like he was talking nonsense, and the unlucky guy was stunned.

"How is that possible? don't you brag! Our young master Lu and the spirit beast guards are so powerful! Even an ordinary early stage mountain split cultivator might not be able to win against them, and you're actually saying that he will drown?" The guy was furious, but he was scared of Lin Yi's beating-he didn't dare yell like he did when he first came. Plus, it was hard to speak properly without teeth, let alone roar or something like that.

Lin Yi didn't want to waste time with him and waved his hand impatiently, "Whether it's true or not, you'll know when you go back and ask. Hurry up and get lost. Go back and tell the old sect of West Mountain that Ling Yi is back and is waiting for him at Qitian bodyguard agency. If he wants to find me, he'll have to come quickly!"

The poor guy paused, evidently not expecting Lin Yi to let him go so easily. Who would want to die if they could live? Therefore, he was only stunned for a moment before he immediately ran out, not even bothering to say anything.

He'd lost a leg from Lin Yi's kick, but that wasn't much for a practitioner-he'd stood up on one foot the moment he'd left the living room, and jumped up and down as fast as he could, disappearing in the blink of an eye.

"Brother Lin, West Mountain old sect is a true powerhouse in the beginning of the mountain. Moreover, the combat power of evil cultivators is stronger than that of ordinary cultivators. Do you really have a way?" Qi Wenhan really wanted to keep the guy who ran away. That way, he could at least buy some time for Lin Yi to escape. However, in his selfish heart, he really hoped that Lin Yi could kill the old sect of West Mountain. Only then would he, Xia luoluo, and the Qitian bodyguard agency have a tomorrow.

"It's okay, brother Qi. Don't worry. Hurry up and get ready for the wedding. Don't let the bride wait!" Lin Yi smiled and patted on Wenhan's shoulder.

Such a simple action gave him endless confidence. Qi Wenhan's spirit soared. He cupped his fists and nodded. "Good! I'll leave everything to brother Lin then! You and I are brothers, I can't thank you enough! Today, let's drink two more cups of your brother's wedding wine!"

Qi Wenhan had also thought it through. No matter how this matter ended, he would make Xia luoluo his bride today. Even if he had to die, the two of them would go to the netherworld hand in hand as husband and wife!

Qi Zhiyuan's worried expression disappeared and he laughed. "Well said! The wedding is about to begin. What are you guys waiting for? hurry up and prepare!"

The people in the bodyguard agency suddenly felt as if they had woken up from a dream. Although they still had some hidden worries in their hearts, they were not afraid of death, so what was there to be afraid of? they immediately got to work.

It was a pity that Xia luoluo's family had already left arc city, so there were only a few people who could attend the wedding. She had a deep relationship with Qi Wenhan and would rather die than leave. That was why she had stayed. Of course, even if she wanted to leave, the spies of the West Mountain old sect would not let her go. The entire twisted arc city was almost completely controlled by the West Mountain old sect!

While Qitian bodyguard agency was preparing for the wedding, the unlucky guy with a broken leg jumped out of the door. He immediately hired a means of transportation on the street and ordered them to rush to Longzhou bodyguard agency at full speed.

He had just come from the poison eye mercenary group, and the West Mountain old sect usually stayed at the Dragon Boat escort agency, so he had to go to the Dragon Boat escort agency to report the news.

Lin Yi said that young master Lu was dead, and this guy actually believed him a little. The reason why he didn't know was probably because the news was still with the Longzhou escort agency and hadn't reached the poison eye mercenary group. The old sect of West Mountain might be furious right now, and to be honest, he was worried that he would be treated as a punching bag if he went there now.

"I hope that the news of Ling Yi's return will make old Zong feel better!" The unlucky fellow sighed and started praying. He had heard of Ling Yi's name before. It was said that Ling Yi was the enemy that the old sect wanted to kill the most. Unfortunately, he had never been able to find any traces of Ling Yi. Who would have thought that he would deliver himself to the old sect's doorstep?

As soon as he entered the gate of the Longzhou bodyguard agency, he heard the angry roar of the old sect master of West Mountain from the living room in the distance, accompanied by the sound of tools breaking. He was really angry.

"Hey, brother, what's wrong with old Zong?" This guy didn't dare to go in and report. When he saw a bodyguard at the door, he quickly waved his hand and asked.

The people from the Dragon Boat escort and the poison eye mercenary group were basically family, so they knew each other. After hearing the question, the escort came over and whispered, "Young master Lu's Two Spirit beast guards came back and said that they encountered a strong enemy and needed reinforcements. So old Zong sent his experts over, but they only took back young master Lu's flying spirit

beast. I heard that young master Lu and the rest of the spirit beast guards have all fallen, and not even their bones are left!"

Hearing this, the unlucky man's heart suddenly turned cold. Even though he had already guessed it, he still couldn't help but be frightened after confirming it.

#### Chapter 6110 Worn Out Iron Shoes

Putting young master Lu's strength aside, the spirit beast guards around him were all Masters at the xuansheng stage and above. If old Zong had not reached some secret agreement with the spirit beast clan, how could he possibly mobilize such high-level spirit beast Masters?

Out of the seven xuansheng stage spirit beasts, Ling Yi had easily taken care of five of them. This fellow was really strong! Could it be that he really had the strength to challenge the old sect of West Mountain?

"Hey, old Zong has noticed you and is calling you over!" The executioner gently pushed the unlucky fellow's shoulder, waking him up from his daze. He then waved his hand and left.

The unlucky man was extremely terrified. He quickly jumped into the hall and saw the West Mountain sect master, who was still angry at the seat of honor. He quickly knelt down and said, "This subordinate pays his respects to old Zong!"

"What's wrong with you? Who made you so miserable? Would Qitian escort agency dare to resist?" The West Mountain sect master said with a gloomy face. His eyes, which were as cold as knives, swept across the fellow's body, making him shiver all over and not dare to move at all.

"Old Zong, I did go to the Qitian bodyguard agency. However, the person who injured me was not from the agency. It was an unfamiliar face. Not only did he attack me without any scruples, but he also did not respect you at all. He said that even if you went there personally, you would not be able to return!" This guy knelt on the ground and deliberately said some words that would easily anger the West Mountain old sect.

Lin Yi did say these things before, but after linking them together, the effect was better than the original.

As for the fact that young master Lu might have been killed by Lin Yi, he decided to keep it a secret. It was enough to anger him a little. If he went too far, he might become a tool for West Mountain old sect to vent their anger.

"You have guts! Who was it that dared to speak so arrogantly? Could it be that some earth formation stage powerhouse has come to twisted arc city?" The old sect master of West Mountain narrowed his eyes and sneered. In the past two years, the Dragon Boat escort and the poison eye mercenary group had been his lackeys to collect the resources and furnaces needed for his cultivation. His strength had improved very quickly. Although he had not reached the earth-splitting stage, the combat power of the evil cultivators was already strong. Coupled with his means of spiritual awareness, ordinary early stage earth-splitting cultivators might not be his opponent.

He was confident in his strength, but he would never be impulsive. If he really encountered an opponent he couldn't deal with, the West Mountain old sect would rather escape than fight back. This was the biggest reason he could live until now. So after listening to the report of his younger brother, he still needed to determine the background of the opponent.

"Elder Zong, he's a very young man. He said that his name is Ling Yi and that he's waiting for you at the bodyguard agency. If you want to find him, you should go to the Qitian bodyguard agency!" The guy only mentioned Ling Yi's name when the time was right-the West Mountain old sect would probably move out to take revenge on Lin Yi and help him get his revenge.

"Ling Yi? Hahahaha, it was really easy to find it after a long journey! She hadn't heard any news from him for so long, and he actually came back on his own! Good! Today, I'll go and meet this rat that only knows how to run!" The West Mountain old sect master stood up suddenly and flew out while laughing.

When he passed by the unlucky man who was kneeling on the ground, he smacked his head with his palm. At the same time, he pulled the wisp of primordial spirit into his bag.

"You knew that the other party was Ling Yi, but you didn't tell me directly. Instead, you were beating around the bush. You really don't know how the word "death" is written!" The old sect master of West Mountain snorted coldly. He didn't stop at all. In a breath's time, he had already left the Dragon Boat escort agency and rushed to the Qitian escort agency.

The distance between the two families wasn't too far. With the speed of the old sect master of West Mountain, he arrived at Qitian bodyguard agency in less than a minute.

"Ling Yi! You are indeed here! Let's see where you can run to today!" West Mountain old sect master saw Lin Yi sitting in the living room drinking tea and laughed evilly. He stretched his body and flew over like a Vulture.

Lin Yi put down his cup and waved at West Mountain sect master, "Long time no see. Why don't you come over for a cup of tea and reminisce?"

West Mountain old sect master had already reached out his hand to attack Lin Yi, but he didn't expect Lin Yi to sit there so calmly without dodging at all. For a moment, he didn't know what to do, so he stopped and turned to sit next to Lin Yi.

"There's no need to drink tea, as long as you don't run, this old master can give you a chance to leave your last words. " West Mountain old sect master smiled proudly. He had absolute confidence that Lin Yi had no chance of running away at such a close distance.

Since everything was under his control, why not show off in front of his enemy?

"Old man Xishan, I was chased by you the last time. I don't want to do it again. So don't worry, as long as you don't run, I won't chase you!" Lin Yi smiled faintly and gestured for the bodyguard agency to bring a cup of tea for West Mountain old sect master as well. No matter what, he was a guest, and it didn't matter if he was an uninvited guest or an evil one-serving him a cup of tea would show his magnanimity.

"Kid, are you joking? Or was he so nervous that he couldn't even speak properly? Do you think I'll let you chase after me?" The old sect master of West Mountain glanced at Lin Yi in disdain. In the entire yuhuang arc Sea area and even the big sea areas of the South continent, except for the spirit beast clan and the sea beast clan, he didn't care about anyone else.

Although he hadn't broken through to the earth-splitting stage yet, with his current combat power and the means of spiritual awareness attack, even the cultivators of the earth-splitting stage might not be his match. In the South continent, where there were no ancient aristocratic families, the West Mountain old sect was an Overlord!

"It's not up to you to say whether you will or not. Old man Xishan, if you didn't come, I would have almost forgotten that I have an enemy like you. Why did you have to provoke my friend? You're making me want to kill you!" Lin Yi shook his head. He was speaking the truth, but to others, he was just bragging.

West Mountain old sect master laughed and pointed at Lin Yi, "Interesting, you brat, when you brag, it's as if you're telling the truth. Come, come, come, quickly tell this old master, which old monster did you find to deal with this old master? So that this old man can be mentally prepared! Let's see if we should prepare to escape in advance. "

In fact, his divine sense was very clear about whether there was a suspicious expert nearby! Don't forget that he was also an expert in the spiritual sense!

Only Lin Yi didn't care at all. He smiled faintly, ""I'm enough. Why would I need anyone's help?"

"Hahahaha, I really like the way you act tough. Not bad, not bad! Did you finish your last words? After you're done, get ready to go!" The old sect master of West Mountain said with a smile. His face turned serious and he was ready to attack Lin Yi.
