

## Bodyguard 6111

### Chapter 6111 I Know How To Do It Too

At this moment, li Zao Yi, who went to the back to help, came out and saw the vicious look on the West Mountain old sect's face. She frowned and said to Lin Yi, ""The bride is almost ready. Hurry up and drive away the irrelevant people. The auspicious time is coming soon!"

West Mountain sect master looked over and his eyes brightened. He had seen many women, but he had never seen someone as beautiful as li Zao Yi. He forgot to attack Lin Yi.

"Good, good, good! It was truly an excellent cultivation furnace! Unparalleled color, unparalleled talent, and the most rare thing is that his primordial Yin has not been released. With this cauldron, this old man will definitely have the chance to break through!" West Mountain sect master was extremely excited and couldn't help but Mutter to himself as he looked at li Zao Yi.

His cultivation speed could be said to be fast or slow. In addition to ordinary resources, the most important thing was a suitable cultivation furnace. In the early stage, it was easy to find female cultivators, but the later one went, the more powerful the cultivation furnace would be. The aptitude of the cultivation furnace itself was also extremely important. Because of this, the West Mountain sect master settled in the Longzhou escort agency and cultivated the strength of the poison eyes mercenary group to help them find suitable cultivation furnaces.

Without a doubt, li Zao Yi was an excellent furnace. When the old sect master of West Mountain saw her, he even forgot that Qitian bodyguard agency had another target, Xia luoluo. She was also a good furnace. Unfortunately, her original Yin had been released, so the effect was greatly reduced. Otherwise, he would have taken her by force long ago. Why would he wait until now?

Lin Yi didn't know what to say-why were these idiots from the South continent acting like they'd never seen a beauty before? every time they saw one, their eyes would go wide, and they wouldn't be able to move an inch.

Lin Yi's suspicions were confirmed very quickly-those people who had their eyes on them were Birds of a Feather! This was because the two Spirit beast guards who had returned from the Xiao Luo Sea area had also followed them to Qitian escort agency.

"Old Zong, these two are the ones who injured us. Young master Lu and the rest were most likely destroyed by them!" The two Spirit beast guards saw Lin Yi and quickly ran to West Mountain old sect's side, pointing at Lin Yi and Li Zao Yi.

With the sect leader of the West Mountain sect and a few of his companions, the two Spirit beast guards who hadn't fully recovered were emboldened and looked at Lin Yi with hostility.

"Ling Yi! So it was you who killed my disciple!" The old sect master of West Mountain was furious. He slapped the tea table beside him into powder.

"Is that idiot Lu your disciple? No wonder he's as perverted as you!" Lin Yi understood and waved his hand, "It's not the first disciple I've killed. What's there to be surprised about? you'll get used to it as you kill more. "

West Mountain sect master almost vomited blood. Was it easy for him to train a disciple? I got used to it as I killed!

"Little bastard, you're looking for death!" West Mountain old sect master couldn't take it anymore and reached out to grab Lin Yi.

The violent true Qi gathered and formed an invisible palm, grabbing at Lin Yi's throat first. The real palm of West Mountain sect master was pulled back instead. As the two palms crossed, a cloud of black Qi quickly gathered.

Lin Yi didn't take the palm head-on. He dodged it and swung his arm to the side, deflecting the palm to the window on the side and flying out of the living room.

"The little bastard does have the capital to be arrogant. However, he's only at the great circle of black Ascension. He's still far from it!" West Mountain old sect master sneered on the surface, but he was extremely frightened inside. Last time when he chased after Lin Yi, what was his strength?

To be honest, even West Mountain sect master himself didn't remember Lin Yi's strength at that time. He was just an ant that could be crushed easily. If Lin Yi didn't find a loophole, he wouldn't be able to escape even with wings.

How much time had passed? Lin Yi was already at the peak stage of xuansheng, and he was also strong enough to challenge those of higher levels. If they let him do what he wanted, West Mountain sect master wondered how long he could suppress Lin Yi.

He had to kill this brat today no matter what, or else he would become a great threat!

West Mountain old sect master's eyes were extremely cold. Since he was determined to kill Lin Yi, he wouldn't leave any flaws for Lin Yi to escape. As long as he attacked with all his might, he didn't believe that Lin Yi could escape again!

The black gas formed a long sword in his hand. The tip of the sword shook and stabbed at Lin Yi's forehead and throat.

Lin Yi looked disdainful. He knew that the old sect master of West Mountain was very strong, and could even fight with ordinary Masters of the earth-opening stage, but he wasn't afraid at all. The main reason was that the old sect master of West Mountain was an evil cultivator!

No matter how strong he was, as long as he wasn't at the earth formation stage, Lin Yi could counter his Arts!

In fact, even at the earth stage, Lin Yi could still escape if he couldn't win. His escape methods were incomparable to last time!

Under Lin Yi's control, the lightning arcs landed on the long sword formed by the black Qi and easily melted it. It didn't pose any threat at all.

West Mountain sect master's expression changed drastically. Thunder-type martial arts techniques naturally restrained all evil cultivators' mental cultivation methods and martial arts techniques. Unless the difference in strength between the two sides was so great that they could ignore this restraint, there was almost no chance of victory against Thunder-type martial arts techniques.

The difference between him and Lin Yi wasn't that big yet. In other words, it was impossible for him to suppress Lin Yi with his strength today!

After understanding this, West Mountain old sect master stopped using martial arts to deal with Lin Yi. Instead, he raised his hand and grabbed at the air, using his killer move, the misty soul-hooking hand!

Lin Yi smiled faintly and didn't Dodge at all. In the past, he had to rely on the ghostly thing's help to be immune to the soul-snatching hand's attack, but now he didn't need the ghostly thing's help at all. He could completely resist the ultimate attack of West Mountain sect.

West Mountain sect master was also nervous-the soul-devouring hand didn't kill Lin Yi before, and he didn't know if he'd succeed this time. If it didn't work, he really needed to run for his life-he didn't want to see Lin Yi again!

"Are you at your wit's end? I also know the soul snatching hand!" Lin Yi's lips curled up as he spoke to the old sect master with a mocking expression. Although the God bracelet was immune to the old sect master's soul-snatching hand, he wasn't prepared to let the old sect master attack him.

The three consciousness vortexes formed a triangle and surrounded West Mountain old sect's soul snatching hand. As they spun madly, they continuously consumed the soul snatching hand's consciousness power.

Their spirit sense was invisible and colorless, so they could only rely on their feelings to judge the situation. However, West Mountain sect master's face had already turned pale. He knew that he was no match for Lin Yi in terms of spirit sense. Those three strange vortex-shaped spirit sense attacks were even stronger than his soul-snatching hand.

Chapter 6112 The Intervention Of The Spirit Beast Clan

Lin Yi didn't find it strange at all-everything was calculated. He knew that his three vortexes were enough to stop the old sect's Soul Catcher hand, but they weren't enough to threaten the old man. So, he used his own Soul Catcher hand right after the vortexes!

In terms of power, the improved version of the soul snatching hand was even more powerful than the original. Fear flashed through the eyes of West Mountain sect master, and then his pupils lost all light. His whole body fell to the ground softly.

He probably couldn't even remember how many opponents he'd killed with the soul snatching hand in his life. Who would've thought that he'd also be defeated by the soul snatching hand in the end? this could be considered as the cycle of heaven and earth. Wasn't this retribution?

Lin Yi threw the old man's spirit into the Jade space and put the storage bag into his bag. The stronger the bad guy was, the richer he was-he'd probably be able to make a fortune again.

Young master Lu and the others he met in the crescent Sea area didn't even have a storage bag, so Lin Yi had almost no interest in collecting the spoils. The old sect of West Mountain was different. He was a super big Bad guy who controlled the Dragon Boat escort and the poison eye mercenary group. As long as there were some precious things, they would end up in his hands.

"Brother Lin, you actually killed West Mountain old sect? Isn't your strength increasing a little too quickly?" Qi Wenhan was worried about Lin Yi, so he stayed in a corner and watched him and the West Mountain old sect.

He was still scared by the old sect master of West Mountain's attack just now, and he didn't expect the situation to change in the blink of an eye. Lin Yi had completed the process of suppressing and killing

him so easily. The evil cultivator Big Boss of the opening period, the old sect master of West Mountain, didn't even have the ability to fight back, and he was done for so easily?

"I've already told you that if West Mountain old sect dares to come here, they can forget about going back. You didn't believe me!" Lin Yi smiled faintly-he wasn't trying to act cool, but no one would believe him if he told the truth.

Qi Wenhan was speechless. Who would've believed Lin Yi's words before the West Mountain old sect came? Back then, he had been chased everywhere. How long had it been since then? who would believe that he could kill the old sect of West Mountain? Who would dare to believe that?

The small fries that followed the old sect wanted to cheer for Lin Yi, but they didn't expect Lin Yi to kill their boss so easily. They were stunned for a moment before they turned around and ran. If Lin Yi could kill the old sect, killing them was like killing a group of ants. Were they going to wait for death here?

It was a pity that the old sect of West Mountain, who had been so glorious just a moment ago, was now dead without anyone to collect his body. How miserable was that?

Lin Yi frowned and smiled apologetically, ""Brother Qi, I'm really sorry. I didn't think it through. It's too inauspicious to kill someone at the place of your wedding!"

"Brother Lin, what are you saying? If I don't kill this old thing, how can I be at ease in my wedding with luoluo? This corpse is the biggest gift you have given us. It's more precious than anything else!" Qi Wenhan burst out laughing. Lin Yi had killed the old sect master of West Mountain, and he was relieved. He was grateful, so why would he blame the corpse for being inauspicious?

"I'll deal with this guy's body first. It's not appropriate to leave it here. " Lin Yi thought for a moment and walked over to throw the body out of the living room. Before it landed on the ground, he used a mixed refinement fire to completely wrap up the body, turning it into ashes in a breath.

The ashes didn't fall to the ground either. Lin Yi waved his hand and sent a stream of pure Qi out of Qitian bodyguard agency, carrying the ashes away with it. The ashes scattered with the wind. From now on, there was no more West Mountain old sect in this world!

The people of Qitian escort agency received the news, and cheers rang everywhere. The old sect of West Mountain was like a giant mountain on the shoulders of the escort agency. They didn't expect that he would fall at Qitian escort agency today. From today on, the title of the number one escort agency in the South continent should be famous again.

Qi Wenhan walked to Lin Yi's side worriedly after his happiness."Brother Lin, the poison eye mercenary group doesn't just belong to West Mountain sect. They also have the backing of the spirit beast clan. Otherwise, that old man's disciple wouldn't have brought the spirit beast guards out to wander around."

Lin Yi was surprised. It was true. The South continent was almost the world of the spirit beasts. How could ordinary people have so many masters of the spirit beasts as guards? There must be something fishy about this!

"What's the relationship between the spirit beast clan and West Mountain old sect? Didn't you say that the poison eyes mercenary group was the private Army of the West Mountain old sect? why would the spirit beast clan help him?" Lin Yi asked casually. He didn't want to offend the spirit beast clan, but he wasn't afraid of them.

As long as it wasn't a spirit beast elder, he could just run away if he couldn't defeat them. With ghost speed wings and lightning escape technique, it wouldn't be easy to catch him.

"I'm not too sure about the details. In the turtle arc city or the turtle arc sea, the West Mountain old sect is the leader of the human cultivators, or rather, the representative chosen by the spirit beast clan. The control of the poison eye mercenary group is in the hands of West Mountain old sect, but it's usually his disciple who makes the decisions. The spirit beast clan has sent many masters to protect that kid surnamed Lu, so it can be said that both sides have benefits in the poison eye mercenary group. " Qi Wenhan organized his words and roughly explained the situation.

It wasn't detailed enough, but it was enough for Lin Yi.

"In that case, after the West Mountain sect and that kid surnamed Lu died, the poison eye mercenary group became the spirit beast clan 's. What else do they have to be dissatisfied about? I'm helping them!" Lin Yi said with a smile.

In fact, it didn't matter whether the old sect master of West Mountain was dead or not. The real control of the poison eyes mercenary group had always been in the hands of the spirit beast clan. On the surface, it seemed to be the private army of the old sect of West Mountain. However, the entire South continent's sea was already controlled by the spirit beast clan. What was a mere poison eyes mercenary group?

"Brother Lin, no matter what, you're the spokesperson for killing the spirit beast clan. I'm afraid they won't let this matter rest!" Qi Wenhan was worried. Compared to the old sect of West Mountain, the spirit beast clan was obviously a more terrifying existence. Lin Yi could kill the old sect of West Mountain, but he might not face the revenge of the spirit beast clan.

"Don't worry, we'll deal with it when the time comes. When the car comes to the mountain, there'll be a way. When the Boat Comes, it'll cross the bridge. I'll have a way to deal with them when they come. You should hurry up and prepare for the wedding. Don't let the bride wait too long!" Lin Yi smiled and tapped on Qi Wenhan's shoulder. His relaxed attitude did make Qi Wenhan relax a lot.

## Chapter 6113 Central Strategic Partner

"You're right. Anyway, everyone in the Qitian escort agency will be on your side, brother Lin. No matter what happens, we'll face it together!" Qi Wenhan laughed out loud. He was filled with pride. So what if they were from the spirit beast clan? At most, they would return to the previous situation!

"Hurry up, I can't wait to attend your wedding!" Lin Yi didn't say much about this. He smiled and waved Qi Wenhan away. He started to think about how to deal with the spirit beast clan.

Lin Yi said it casually, but the spirit beast clan was still very important to him. It wouldn't be a problem if he was alone, but he could always run away if he couldn't win. It didn't matter if he brought Li Zao Yi along.

However, Qitian escort agency was still in the Yu Luo Sea area. If the spirit beast clan took their anger out on Qitian escort agency, how could Lin Yi be at ease?

It was impossible for everyone in the Qitian escort agency to leave the Xiao Luo Sea area and develop in the North or Middle Island. After all, their roots were in the South continent. It was not easy to re-establish their roots in other places, let alone whether there was room for them to develop in other places.

At the same time, some of the people who had escaped from Qitian escort agency had already sent the news back to the base of the spirit beast clan in the crescent Sea area.

The leader of the spirit beast clan who was in charge of the Yu Luo Sea area was furious. How dare someone in the South continent touch the spokesperson of the spirit beast clan? And he even killed several of their clan's experts? This was simply defying the heavens!

In just a moment, the experts of the spirit beast clan who were wandering around the turtle arc city gathered together and followed behind the commander of the turtle arc Sea area. They surrounded the Qitian escort agency.

Lin Yi's spirit sense had been observing the situation in twisted arc city. How could he not know about the spirit beast clan?

So before the spirit beasts could completely surround the Qitian escort agency, Lin Yi stepped out of the door first. He stood alone with his hands behind his back, waiting for the large group of spirit beasts to swarm over.

The spirit beast commander of the Yu Luo Sea area was greatly surprised. There was no need to continue the encirclement. All the spirit beasts stopped behind him when he raised his hand. They followed his orders and had the aura of an iron-blooded Army.

Lin Yi was shocked. Spirit beasts were known for their individual strength, and they had the absolute advantage in small scale battles of the same level. However, when it came to a battle between two sides, they couldn't be compared to a human practitioner Army at all. They were like a pile of loose sand. But now, the spirit beasts of a small twisted arc city were already as strong as a human practitioner Army. This was quite a terrifying thing!

"You're Ling Yi? The human cultivator who killed the West Mountain old sect and a few experts under my command?" The spirit beast leader's eyes were as cold as a knife as he stared at Lin Yi.

Although the spirit beast commander looked rough and bold in his human form, he was a burly man. In fact, he was meticulous and extremely calm. Otherwise, he would not have been able to serve as a commander.

It was precisely because he saw that Lin Yi seemed to have some sort of backing that he decided to change his mind and start the massacre. He wanted to test Lin Yi's background first.

"That's right! I killed them all!" Lin Yi smiled faintly. He didn't need to hide this kind of thing, and there was no point in denying it. The two fish that escaped the net were right behind the spirit beast commander, looking at him.

"You have guts! Since you've admitted it, then obediently surrender and I'll leave you with an intact corpse!" The spirit beast leader waved his hand, and two Spirit beast Masters immediately charged forward from the left and right, ready to capture Lin Yi.

These two were both early stage spirit beast Masters, and the spirit beast commander sent them to test Lin Yi, knowing that they wouldn't be able to catch him.

If it was that easy to take Lin Yi down, the West Mountain old sect wouldn't have been killed so easily. These two Spirit beast Masters couldn't beat the West Mountain old sect even if they worked together.

Lin Yi's face was calm as he faced the two initial-stage mountain-opening spirit beasts charging at him. He didn't even bother to take out his hands and just raised his legs to kick them.

Wild fire thousand legs!

The leg shadow that was wrapped in flames hit the two, and they flew back even faster than when they came. Fortunately, their bodies were strong, and Lin Yi didn't want to kill them. They stabilized themselves after they returned to the spirit beast formation, without any injuries.

"You do have some strength. However, do you think that you can challenge our spirit beast clan with your strength?" The spirit beast commander smiled coldly. The failure of his two men was completely within his expectations, but if that was all Lin Yi had, he would die today!

"The spirit beast clan is nothing more than this! You haven't even figured out my identity and you want to capture me? do you think that you can swallow anyone just because you have good teeth?" Lin Yi's face was calm, but his tone was even tougher, not backing down at all.

The spirit beast leader was a little startled. The more confident Lin Yi was, the more he didn't dare to act rashly. A meticulous person would inevitably be a little overcautious. If they met a rough and reckless person, they would have attacked Qitian bodyguard agency with all their might. In that case, Lin Yi would have no choice but to escape with everyone.

"Who are you? tell me so I can get to know you. What kind of amazing person has come to twisted arc city?" The spirit beast leader laughed and asked the question. If Lin Yi didn't have such a shocking identity, he swore he would make this kid beg for death!

As the commander of the spirit beast clan, how could anyone play around with him?

"Fine, then listen carefully. My real name is Lin Yi, a disciple of the three pavilions on the North Island, the owner of the heavenly elixir Pavilion on the middle Island, a Mystic Alchemist, the honorary vice-

captain of the Qitian escort agency, the honorary vice-captain of the Hong Chamber of Commerce, the honorary vice-captain of the aotian fleet's ancient battleship ... I'm a strategic partner of the central Chamber of Commerce!" Lin Yi revealed his identity in a very casual way. He didn't look at the spirit beast commander on purpose, but his spirit sense captured any slight change in expression on the other party's face.

Whether it was the disciples of the North Island, the owner of the heavenly elixir Pavilion, or even the mystic Alchemist, the commander of the spirit beasts revealed a faint disdainful smile. These identities might be very noble on the other islands, but this was the South continent. The spirit beast clan did not care about the disciples of the three pavilions of the North Island, nor did they care about the mystic Alchemist, because they had a very low demand for elixirs.

As for the titles and honors that followed, they were even more laughable. What did these identities have to do with the spirit beast clan? Why did this brat think that the spirit beast clan would care about these identities that were nothing?

However, when Lin Yi mentioned the central Chamber of Commerce's strategic partner, the spirit beast commander's face finally changed. It was only a flash of surprise, but under Lin Yi's divine sense, no matter how small the change was, it couldn't be hidden.

Chapter 6114 Troublesome Person

Lin Yi's lips curled up. The spirit beast clan was indeed in cahoots with central, and this spirit beast commander obviously knew some of the secrets.

The reason why he first said a long list of identities that were destined to be useless was to throw out the last excuse of being a strategic partner of the central Chamber of Commerce.

If he said this at the beginning, then his purpose in coming to the South continent was obvious. He was obviously here for central. He had to keep a low profile, and it would be troublesome if he attracted the attention of central.

But it was different now. With all the useless identities mixed in, the spirit beast clan wouldn't suspect Lin Yi at all for mentioning the strategic partner of the central Chamber of Commerce. After that, he even mentioned the West Island and the Azure Dragon elder, as if he was casting a wide net, trying to use all kinds of identities to scare the spirit beast clan.

The spirit beast leader's eyes flickered. If what Lin Yi said was true, then with his status, it was indeed difficult to arrest him. It seemed like he had to report it to the higher-ups.

"Hahahaha, what an important guest! I didn't expect you to know our elder. In that case, please stay at Qitian escort agency for a few more days. Let me contact the elder of the Green Dragon and see if you have a chance to meet your old friends. " The spirit beast leader laughed at the sky, not mentioning anything about the central Chamber of Commerce. This was a secret of the spirit beast clan, and even if Lin Yi was really a strategic partner of the central Chamber of Commerce, he wouldn't say it out loud in a situation like this.

So he could only come up with the elder name to calm Lin Yi down first, and then decide what to do with him after consulting the higher-ups.

"That's for the best. It's been a few years since we parted on the West Island. I'd like to see Elder Green Dragon too. Of course, he's very busy, so it's normal that he can't find the time. Anyway, I'll be attending my brother Qi Wenhan's wedding at the Qitian bodyguard agency for the next few days and reminisce about the old days. If Elder Green Dragon is free, I'd like to visit him." Lin Yi was just making things up- he'd only met Elder Green Dragon once and talked to him a couple of times, what sort of friendship did they have?

If Green Dragon knew that Lin Yi met him in the southern island, he might just come and kill Lin Yi.

Lin Yi understood that the spirit beast commander was warning him not to leave the city so that the spirit beast clan would have time to investigate if Lin Yi was telling the truth.

Everything else didn't matter-what mattered was Central's attitude. Since they were sure that the spirit beasts were connected to central, Lin Yi was pretty much sure that he'd be fine.

The one year truce wasn't over yet, and the main point was that central didn't dare to touch Lin Yi, especially in the South continent. If something went wrong, their arrangements here would be exposed.

If the spirit beasts killed Lin Yi without knowing, central would be happy, but now that they knew, they couldn't let the spirit beasts do it.

"You're too kind, young hero Lin. I'll go back and report this to Elder Green Dragon and see if he's free. Don't worry, I'll have news soon. I'll come back to visit and inform you then!" The spirit beast commander put on an act of politeness and quickly cupped his hands in farewell.

As for the elder of the Azure Dragon that he had mentioned, neither of them took it seriously. How could an elder of the Azure Dragon have the time to care about a little guy who had not even reached the opening stage of his mountain?

"Take care, commander. Come over for a cup of tea and a chat when you have time!" Lin Yi cupped his fists and said goodbye. Qi Wenhan's wedding was about to start, and he needed to get rid of the spirit beasts so he could attend.

With a wave of his hand, the spirit beast commander took away many of the sea beast experts around him. However, there were still some who did not leave. Instead, they scattered and surrounded the entire Qitian bodyguard agency.

Lin Yi shrugged and walked in. He didn't care about this kind of obvious surveillance at all. If they wanted to run, even ten times the number of people wouldn't be able to stop them. If they wanted to stay outside, then let them.

The Qitian bodyguard agency was filled with joy and wasn't affected by the spirit beast clan outside at all. Lin Yi also blended in very quickly. The wedding preparations were done long ago. Although there were a lot of manpower missing, it was still organized according to the rules. Qi Wenhan and Xia luoluo had gone through a lot of hardships. They were already satisfied to be able to get married, so there was no need to be picky.

On the other side, the spirit beast commander quickly returned to its old nest and used the communication device provided by the center to get in touch with the spirit beasts on the southern island.

Lin Yi's situation and the details of their meeting were reported to the higher-ups, and when the higher-ups of the spirit beast clan received the news, they confirmed it with central.

"A strategic partner of the central Chamber of Commerce?" When miss nie heard the name, she couldn't help but be a little stunned. Fortunately, there was a detailed explanation of the meeting between the leader of the spirit beasts and Lin Yi, especially every conversation between them, so she didn't suspect that Lin Yi was testing the spirit beasts.

"That Lin Yi guy's really troublesome, he's always in trouble no matter where he goes. But there's nothing wrong with him saying that-at least we're cooperating for now. He probably couldn't withstand the pressure from the spirit beast clan, so he casually mentioned our names, right?" A man in a cloak beside Miss Nie said faintly, obviously very familiar with Lin Yi.

"Maybe. This kid is really troublesome. He just ruined our plan on the northernmost island. Why did he go to the South continent?" Miss Nie frowned. Her instincts told her that Lin Yi's appearance in the South continent was up to no good, but she didn't want to mess with him before he caused any trouble.

He thought that he was going to do something in the bag for sure, but it always ended up in an unstable way, and the main reason was Lin Yi.

"Tell the spirit beast clan not to mess with Lin Yi or ignore him. Just send someone to watch him in secret and don't do anything else! I want to know what he wants to do in the South continent. Remember, do not ever reveal the relationship between the spirit beast clan and central. Do you understand?" Miss Ling tapped her fingers on the table and finally made up her mind.

"Understood. Inform the spirit beast clan immediately!" The messenger from the center immediately conveyed Miss Ling's message to the southern island.

After passing on the message, it was already the afternoon of the next day when the commander of the spirit beasts in Twisted Arc City received a reply. At the same time, one of the higher-ups of the spirit beast clan had also arrived in Twisted Arc City.

In Qitian bodyguard agency, the wedding was finally completed successfully. There were no troublemakers, and everything was perfect. Lin Yi and Li Zao Yi were even toasted by the bride and groom, as well as the others. It was a good thing that they were all strong practitioners, so it didn't matter if they drank more.

## Chapter 6115 Azure Dragon Visits

Lin Yi, Qi Wenhan, and the others were drinking tea and chatting in the back garden of the bodyguard agency when they received the news that the spirit beast commander had brought people to visit Lin Yi.

"The big shots of the spirit beast clan have arrived. Brother Qi, come with me to meet them." Lin Yi smiled and stood up to greet Qi Wenhan.

His spiritual sense already knew who had come, and to be honest, he was a bit surprised.

"You guys go ahead, I'll stay here and chat with Miss Li Zao." Xia luoluo smiled gently at Qi Wenhan. She didn't want to get involved in these things, and Lin Yi didn't ask them to go with him, so she wouldn't go.

"Okay, I'll go take a look with brother Lin." Qi Wenhan nodded and quickly got up to follow Lin Yi.

He'd heard about how Lin Yi faced the spirit beasts alone at the entrance yesterday, and as the young master of the Qitian bodyguard agency, he couldn't let Lin Yi face the spirit beasts alone again.

Lin Yi didn't think too much about it. He brought Qi Wenhan along because he thought that it was a good opportunity for the Qitian bodyguard agency to build a good relationship with the spirit beasts. Since the South continent was controlled by the spirit beasts, it couldn't be changed. Only by building a good relationship with them could the Qitian bodyguard agency survive better here.

"Elder Green Dragon! I didn't expect you to come here personally. It should be a junior visiting you! You're really too impolite!" Lin Yi smiled as he walked into the living room, greeting him politely.

The higher-up from the spirit beast clan was the new elder Azure Dragon, whom Lin Yi had met once on the West Island. He was a true master of the sea Rift realm, and Lin Yi didn't dare to show any disrespect.

As for the spirit beast leader from black arc city, Lin Yi greeted him as well. After all, he was in charge of the black arc Sea area, and the Qitian escort agency had to follow his orders.

Qi Wenhan had seen Green Dragon before, but he didn't have the chance to talk to him. He didn't expect this God to be here today. He quickly followed behind Lin Yi and greeted him.

"Master Lin, you're too kind. We hit it off the first time we met. I heard that you've come to the Wai qu Luo sea. I happened to be in the nearby sea, so I came to meet you to reminisce about the past. I hope you don't mind my sudden visit." The Azure Dragon elder smiled gently and waved his hand casually, gesturing for the two to not be so polite.

"It's an honor for us juniors that Elder Green Dragon can come. You're too kind to us!" Lin Yi smiled faintly and sat down with Qi Wenhan.

When a normal practitioner saw a sea Rift realm master, it would be good enough if they could just stand there and talk to him. Who could be as relaxed as Lin Yi?

Even if Elder Green Dragon didn't release his aura, the faint pressure was enough to make Qi Wenhan sweat. The spirit beast commander was the same. With the Green Dragon around, he tensed up and didn't dare to relax at all. Only Lin Yi didn't show any signs of abnormality.

"It's rare for Master Lin to come to the South continent. As the host, I have to treat you well. If Master Lin needs anything, please let me know. In the South continent, my words are still in effect." Elder Green Dragon laughed. His attitude was extremely gentle, and he didn't seem like a Super Master of the sea shattering realm at all. Instead, he seemed more like an elder next door, which made Lin Yi feel very strange.

He really couldn't understand why the Green Dragon was so polite to him. This time, it was for the sake of central. However, the Azure Dragon had already shown such an attitude the last time on the Western Island. What did he see in him?

Could it be that the spirit beast clan had colluded with central long ago? But last time, Lin Yi didn't even sign the truce agreement!

The Azure Dragon didn't just address Lin Yi as Master Lin, but Lin Yi knew that he wasn't being polite just because he needed the pills. The spirit beast race never had much interest in pills.

"Thank you, elder Azure Dragon. I'm only here to attend brother Qi's wedding and accompany a friend of mine to explore the South continent's sea. I don't want to trouble you, elder Azure Dragon." Lin Yi was telling the truth, but he couldn't tell the Green Dragon his real purpose.

"I see. I noticed it when I came just now. This young friend Qi must be Master Lin's newly married friend. This Lord came in a hurry and didn't prepare any congratulatory gifts, so I'll just take some small things to make up for the number. " The Azure Dragon took a jade pendant from his waist and handed it to Qi Wenhan.

Qi Wenhan quickly stood up, bowed, and answered, ""Thank you, Elder Green Dragon, for your generous gift. I'm really ashamed of myself!"

Even if it was just a brick, Qi Wenhan would still be grateful to Qing Long, let alone an exquisite jade pendant. After all, he was an elder of the spirit beast clan. In the future, the ordinary spirit beast clan would not dare to provoke Qitian escort agency in the twisted arc city.

"It's not anything good, sorry to see that! It's said that it can withstand the full blow of an expert at the initial stage of earth creation. It's meaningless to me, and it's just a decoration I carry around. It can still be of some use to my little friend Qi. " The Azure Dragon elder waved his hand nonchalantly and explained the function of the jade pendant.

Qi Wenhan was overjoyed. He had thought that it was an ordinary jade pendant, but it wasn't! This was equivalent to having an extra life!

After expressing his gratitude again, Qi Wenhan kept the jade pendant and sat back in his chair.

"On behalf of brother Qi, I would also like to thank the elder of the Azure Dragon for spending so much money on you!" Lin Yi smiled and cupped his fists. He knew that the Green Dragon gave Qi Wenhan this gift because of him, so he still had to thank him.

Before Green Dragon could say anything, Lin Yi continued, "There's something I have to apologize to senior Azure Dragon about. About the West Mountain old sect ..."

"Master Lin, you don't have to take it to heart. He's just a small fry. He's asking for death. Who can he blame?" Green Dragon interrupted Lin Yi with a wave of his hand, his face nonchalant.

The Azure Dragon really didn't care about the old sect of West Mountain. He was just a representative who was picked to manage the twisted arc city. If he died, so be it. Someone else could do the same.

In any case, the one in control behind the scenes would always be the spirit beast clan, so it didn't matter who the spokesperson was.

The spirit beast commander standing beside the Azure Dragon rolled his eyes and took the opportunity to bow, "Elder, Qitian escort agency is quite famous in the various seas of the South continent. It's the head of the five major escort agencies. The next escort agency meeting will also be hosted by Qitian escort agency at the Xiao Luo Sea area."

The Azure Dragon elder turned around and gave the spirit beast commander a satisfied look. 'This kid is not bad, he's quite smart!'

"Since that's the case, you should work well with the Qitian escort agency in the future. That old sect master of the West Mountain is already dead. The new spokesperson will be someone from the Qitian escort agency. They are all Master Lin's friends and not outsiders. You can let whoever is more convenient to represent you come forward. How about it?" Said the Azure Dragon elder.

Chapter 6116 Contacting LAN Guzha

The reason why he suggested this was actually because Elder Green Dragon was going with the flow and giving Lin Yi a lot of face. As he said before, it didn't matter who became the representative of the spirit beast clan.

Lin Yi didn't think that Green Dragon would be so easy to talk to. Not only did he not care about the old sect of the West Mountain, he even helped Qitian bodyguard agency out. Why did he do that?

Qi Wenhan was overjoyed. In this way, the Qitian escort agency would become the Overlord of the South continent's sea. With the support of the spirit beast clan, who would dare to touch the Qitian escort agency's goods?

However, Qi Wenhan knew who brought all this, so he didn't dare to say anything until Lin Yi said anything. He only looked at Lin Yi with a warm gaze.

"Brother Qi, you should thank Elder Green Dragon. This is a rare opportunity. Work hard in the future!" Lin Yi smiled and nodded at him.

With the Qitian escort agency's relationship with the spirit beast clan, it would be more convenient for them to gather information about central in the future, especially regarding Central's plan for the South continent. It would be easier for the Qitian escort agency to gather information if they stepped in.

"Thank you, Elder Green Dragon!" Qi Wenhan quickly stood up, cupped his fists, and bowed respectfully. He was very sincere in thanking the Azure Dragon and the spirit beast commander.

The Green Dragon naturally did not care about Qi Wenhan's gratitude. After a few words of encouragement, he stood up and said, "Master Lin, I still have matters to attend to. I won't be staying any longer today. If you have time, you can come and chat with me at any time. Remember, in the South continent's sea, if you have any needs, just let me know. I will do everything within my power!"

"Thank you, Elder Green Dragon. If I need anything, I will definitely not hesitate to help you!" Lin Yi smiled and replied, not taking it too seriously. After all, Green Dragon's courtesy probably came from central.

The group stood up and walked out together. Lin Yi and Qi Wenhan walked the two out the door.

When he returned to the bodyguard agency, Qi Wenhan still felt like he was in a dream. His entire person seemed to be floating.

"Brother Lin, we were just talking to Elder Green Dragon! That's a real super expert at the sea splitting stage! He's amazing!" Qi Wenhan suddenly grabbed Lin Yi's hand and shouted. For a weak cultivator like him, a master of the sea shattering realm was no different from his idol. To be able to see one with his own eyes, and even drink tea and chat with him, it was such a blessing!

"Brother Qi, you don't have to be so excited, right? He's just an expert at the sea splitting stage. As long as we work hard, we can also become experts at the sea splitting stage or even the heaven breaking stage in the future!" Lin Yi smiled faintly. Elder Green Dragon wasn't as unattainable as he used to be. He still had the real green Dragon in the Jade space.

In the future, his strength wouldn't be something a mere sea Rift could stop. Any master who seemed unattainable was a goal Lin Yi would work hard to surpass, so there was no feeling of worship.

Qi Wenhan wasn't Lin Yi after all. Although he felt that Lin Yi's words made sense, he was still excited and couldn't help but talk non-stop. He didn't care too much about the Qitian bodyguard agency's rise in status.

No matter what, Lin Yi was satisfied that things could be solved so easily. The next step was to contact LAN Guzha and continue to find out more about central in the South continent and help Li Zao Yi search for the ruins.

When night fell, Lin Yi went to the edge of the city by himself. After making sure that no one was around, he took out LAN Guzha's communication Pearl and activated it in the water.

LAN Guzha's image appeared in a flash, his face full of excitement as he looked at Lin Yi, "Boss, have you come to the South continent? That's great!"

"I'm already at twisted arc city. Where are you guys? Shouldn't we be at the wind arc Sea area first?" Lin Yi pointed at the city behind him, speechless.

We've left for so many days, and we don't know where we've wandered off to. We really can't let LAN Guzha lead the team in the future.

"Boss, I don't know where we are either. Come and save us!" LAN Guzha revealed a rare look of shame, but the meaning behind his words made Lin Yi's heart sink.

"What's going on? Tell me slowly, what's the situation?" Lin Yi's face was serious. LAN Guzha and the others were quite strong. Could they have been attacked by sea beasts above earth formation stage?

"Boss, after we lost our way in the sea fog, we don't know where we turned to. Although those flying vicious birds didn't cause us any trouble, we just couldn't leave the sea fog area. Even if we tried to contact you now, we can't sense the exact location of the communication Pearl." LAN Guzha explained in detail this time, or perhaps Hao Zili was helping him organize his words.

Lin Yi let out a breath of relief, but his brows were still furrowed. LAN Guzha and the others were lost in the sea fog? It shouldn't be like this-this guy's spirit wasn't as strong as Lin Yi 's, but he had a natural advantage-he could go into the sea!

The sea fog had the effect of isolating divine sense, but it was much smaller in the sea.

So even without the compass and map, with LAN Guzha exploring the way in the sea, they should not have gotten lost.

"Are you guys alright?" Lin Yi rubbed his forehead, unsure of what to do. He decided to make sure the four were safe first.

"We're all fine. We've just been circling in the sea fog. Boss, come and pick us up!" LAN Guzha suddenly slapped his forehead and continued,"Boss, the Pearl I gave you can roughly sense my location. Look at the light emitted by the Pearl in the sea. The most concentrated point is where I am. Although I can't sense the bead, you should be able to find us through it, boss. "

"Let me see!" Lin Yi quickly used his spirit sense to wrap around the communication bead in the sea. After careful observation, he found that the light on the surface was different.

If one didn't look closely, they might think that the light was very even, but with Lin Yi's spirit sense, he could easily tell that there was a spot with a thicker blue light. It should be the direction that LAN Guzha was talking about.

"There is indeed a bit of light that is denser. LAN Guzha, are you saying that I should follow this direction to find you? What's the approximate distance?" Lin Yi felt like he was wasting his breath asking that

question. LAN Guzha said he couldn't sense the communication bead, so how could he know the approximate distance?

As expected, LAN Guzha only shook his head with a bitter smile. It was indeed rare to see this fellow reveal a helpless expression.

"Alright, I'll set off immediately. Don't move. As long as nothing happens, I should be able to find you," Lin Yi didn't say anything else, only giving them a reminder.

#### Chapter 6117 Preparing To Leave

After ending the call, Lin Yi memorized LAN Guzha's location and was ready to go back and find Li Zao Yi to leave the Yu arc Sea area.

From the light of the bead, LAN Guzha and the others were indeed in the sea near the South continent. This was more troublesome. If they got lost on the way from the middle Island, Lin Yi would have a higher chance of finding them.

"Boss, we're not going anywhere now. We'll just stay here and wait for you. I'll bring them to the sea, so there won't be any danger." LAN Guzha smiled again. As long as Lin Yi was here, he felt that everything would be fine.

"In addition, will you also be affected by the sea fog when you enter the sea?" Lin Yi heard that LAN Guzha had been on the surface the whole time, and suddenly wanted to ask if this guy had been neglecting the fact that he could go into the sea ...

The sea fog shouldn't affect LAN Guzha in the water, especially after he entered the ocean. His ability to distinguish directions at the bottom of the sea should be even easier than Lin Yi's divine sense in the air.

"That's right, I wouldn't have noticed if you didn't mention it, boss!" LAN Guzha was obviously a little stunned. By right, he should not be affected by the sea fog since he was in the sea. "That means I'm being restricted by some invisible force. Even if I dive into the sea, I can't escape the influence of the sea fog. I thought it was a special Sea Fog on sky rank Island, but now it doesn't seem to be the case!"

"It seems like you've entered a formation. Don't worry, if there's no danger, don't move. I'll find you soon." Lin Yi understood that LAN Guzha and the others were really unlucky. It seemed like it wouldn't be easy to save the four of them.

"I understand. Don't worry, boss. We won't move. We'll wait for you to come and find us! However, this place is quite strange. Boss, if you're not confident, don't take the risk to come in. If you're trapped, then it's all over!" LAN Guzha nodded seriously and warned seriously. He wanted to get out of danger, but he couldn't let Lin Yi get into danger because of this!

"I know. Take care. That's all for now. Keep in touch!" Lin Yi smiled slightly. He was touched by LAN Guzha's concern. The guy was usually carefree, but he had a careful side in critical moments.

After ending the call with LAN Guzha, Lin Yi put away the communication bead and rushed back to the Qitian bodyguard agency. He called Li Zao Yi out and prepared to leave.

"Brother Lin, why are you leaving so suddenly?" Qi Wenhan rushed out and asked. If Lin Yi wanted to leave, he would naturally inform him, so he ran over with Xia luoluo.

As for his father, Lin Yi didn't inform him along with his father, so only Qi Wenhan and Xia luoluo knew that they were leaving.

"Brother Qi, I have friends who got lost, so I'm going to pick them up. When I'm done, I'll come back to find you, so don't worry too much." Lin Yi didn't explain in detail. After a few words, he was about to leave.

Qi Wenhan couldn't keep him, so he could only take a step back and say, ""Brother Lin, your friends are my friends as well. I'm very familiar with all the places in the South continent sea. If I go with you, it should be easier to find them. "

"There's no need for that. There are still many things here that brother Qi needs to take care of. Besides, you two are newlyweds, so it's not appropriate for you to travel around. Don't worry, I have a rough location, so it's easy to find them. If it really doesn't work, I'll ask brother Qi for help." Lin Yi turned down Qi Wenhan's suggestion. He could solve this problem himself, and it was more useful for him to stay here and help Qi Wenhan gather information.

Seeing Lin Yi's determination, Qi Wenhan didn't say anything more. He and Xia luoluo walked Lin Yi out of the Qitian bodyguard agency. They wanted to walk all the way to the dock but Lin Yi rejected them. In the end, they waved goodbye at the gate.

After leaving Qitian bodyguard agency, Lin Yi brought Li Zao Yi and sped along. They quickly came to the dock to pick up the flying spirit beast. They didn't even take the spirit Jade that they overpaid before and directly took off and left the city.

It was a good thing that Green Dragon removed the restrictions on the two after their visit, or it'd be a lot harder for them to leave.

Lizao Yi didn't ask any questions as Lin Yi dragged her out. She was calm as if she didn't care where Lin Yi wanted to go or what he wanted to do. She just needed to follow him.

After flying out of the city, Lin Yi confirmed the direction and explained to Fang Zao Yi, "Before I came here, a few of my friends had already arrived in the South continent. I got the news that they were lost in the sea fog, so I'm going to find them now."

"Yes, you told Qi Wenhan just now." Li Zao Yi lightly nodded and said very indifferently.

Lin Yi didn't make it clear before, but that was the general meaning.

Lin Yi scratched his head, unsure of what to say. "If we fly in this direction, we don't know how long we'll have to fly for. All along the way, we'll be in places we've never passed before, so you can look at the compass. Maybe you'll find the location of the ruins."

"Yes, you're right. I'll take a look now!" Li Zao Yi still nodded her head lightly, then she took out the Jade plate and looked at it carefully.

In fact, the possibility of the ruins appearing in the sea was very low. They were most likely on some islands, so he shouldn't be able to see anything now.

Lin Yi thought that it was strange-why did Lizao Yi become so cold and quiet again? This strange little girl was really interesting. He really couldn't understand what she was thinking.

However, he could not care about her now. He would think about it after he found LAN Guzha and the rest.

After flying for a certain distance, Lin Yi would control the flying spirit beast to slow down, wrap the communication bead in pure Qi, and let it sink into the sea. He would then use his spirit sense to check the intensity of the light on the surface of the bead, making sure that it didn't deviate from the direction.

During this process, LAN Guzha would reveal himself and tell Lin Yi about their situation. There were basically no changes. The four of them stayed where they were and the sea beasts didn't come to trouble them. Their safety was not a problem for the time being.

After flying for a day, Lin Yi finally entered a Sea Fog. The visibility dropped drastically, and it was difficult to sense his direction.

"It seems that we're getting close to them. The sea fog here is indeed very special. It's not the ordinary kind of Sea Fog." Lin Yi's expression was serious. The sea mist didn't affect the magnetic field, but his spirit sense's range was severely suppressed. It wasn't even as good as the sea mist with the magnetic field he had encountered before.

#### Chapter 6118 Maze Formation

"It's really strange. I've never heard of this Sea Fog." It was rare for Li Zao Yi to take the initiative to speak. The Jade plate didn't display anything, so she wasn't in a hurry. However, after entering the sea fog, she kept feeling that something was wrong.

"Little Junior Sister, don't you think that this Sea Fog doesn't seem to be completely natural? there are even traces of man-made action in it?" Lin Yi used his Qi to wrap up a small cloud of sea mist and put it in front of his eyes to observe it carefully. He even used a bit of refinement fire to burn it.

"Did you find anything?" Li Zao Yi shook his head and focused on the sea mist in front of Lin Yi, but he didn't notice anything wrong.

"I'm just guessing. I feel that there's something wrong with this Sea Fog." Lin Yi retracted his Qi and fire- he didn't notice anything special after the sea mist was gone.

"Let's look at the positions of your friends. They might be very close. " Li Zao Yi said indifferently. At the same time, she released her divine sense to check the surroundings. Although the range wasn't too large, it was many times stronger than eyes.

Lin Yi nodded and immersed the communication bead in the water. After using his spirit sense, he couldn't help but frown.

"It's strange indeed. Even the communication bead can't locate LAN Guzha and the rest!" Lin Yi sighed and put away the communication bead.

The most intense light that represented the direction was wandering around the surface of the bead. It was no different from a compass entering a Sea Fog with a magnetic field. However, in this place, the compass could be used, but it was a pity that following the compass might not necessarily lead them out.

"This also proves that they are nearby. Perhaps we can find them by flying around." Li Zao Yi consoled Lin Yi, and what she said did make sense.

Previously, the communication Pearl was in the outside world, so it could still indicate LAN Guzha's location. However, LAN Guzha himself could not sense the location of the communication Pearl. Now that the communication Pearl had lost this function, it meant that the situation of both parties was basically the same. They were most likely in this Sea Fog area.

"Little Junior Sister, we'll need your help from now on. We'll each be responsible for exploring one direction, so that our divine senses can extend a longer distance and have a higher chance of finding them." Lin Yi smiled as he looked at Li Zao Yi. It wasn't like he couldn't get Li Zao Yi to help him, but it would be easier with Li Zao Yi's help, and the atmosphere between the two would be a lot better.

Lin Yi put in a lot of effort to spend time with this weird girl, and Li Zao Yi didn't reject her. She nodded and chose a direction, releasing her spirit sense to explore.

The two of them were each in charge of one side. The flying spirit beasts were also slowly gliding at a low altitude above the sea. Unfortunately, LAN Guzha and the other three were nowhere to be seen. Not only that, there were no sea beasts in the sea, nor were there any flying ferocious birds in the sky.

Lin Yi's spirit sense continued to probe as he asked the ghostly thing, "Senior ghost, do you have any thoughts on the situation here? Is there a formation or restriction?"

"Kid, your array Dao is not weak. At least you can see some clues. There is indeed a formation in this Sea Fog region, but I can't see it clearly for the time being." The demonic thing's spirit sense also came out of the Jade space and carefully checked the surrounding situation.

With his primordial spirit cultivation, it was easy for him to hide from Li Zao Yi, so he wasn't worried about being discovered.

After a moment, the ghostly thing retracted its divine sense and praised,""Amazing! The sea fog in this region is naturally formed and has its own bewildering effects. It was later perfected by an extremely powerful formation master, so it's very difficult to find any traces of a formation. If it weren't for the myriad amplification formation, even I might not have been able to leave this bewildering formation. "

"So you're saying that you can break out of the formation now?" Lin Yi calmed down. It was good to have something with him-it could even break a natural formation like this.

"Break the formation? Don't think too highly of this old man, kid. The power of this formation is not as simple as you think. It's already good enough to be able to leave, but you actually want to break out of the formation?" The demonic thing snorted, and its words showed that it held this formation in high esteem.

Lin Yi was speechless-this thing was a real level nine formation master, and even he said that they couldn't break the formation, that they had to find a way to leave. This was a very powerful formation-could it be that it was beyond level nine? Wouldn't it be even more powerful than ancient formations like the Starfall formation and the ten thousand mile formation?

"Kid, I'll warn you first that we're still on the edge of this formation. If you go any deeper, even this old man can't guarantee that you'll be able to leave. Although this is only a bewildering formation and there won't be any danger to your life, if you're trapped inside, it's hard to say how long you'll need to get out. Whether you want to leave the formation immediately, you should think about it carefully!" The damn thing reminded Lin Yi and fell into silence.

"Of course we have to go in. LAN Guzha and the rest are still inside. We can't just ignore them! Senior ghost, you have to work a little harder and study this bewildering formation!" Lin Yi smiled. He believed that this thing wouldn't have any objections. As a high level formation master, how could he let himself down if he didn't study a high level formation that he couldn't solve?

The ghostly thing didn't object to it. It snorted and started to analyze the natural maze seriously. Lin Yi, on the other hand, focused on looking for LAN Guzha and the others. If they could find them and leave as soon as possible, it would save them a lot of trouble.

The flying spirit beast advanced slowly for another half a day, but Lin Yi and Li Zao Yi still didn't find anything. They were at a point where even the ghost wasn't sure if they could leave this place.

In other words, Lin Yi and the others were lost in the sea fog as well. Not only did they not find LAN Guzha and the others, but they also lost their lives. This was the worst outcome.

Lin Yi tried to contact LAN Guzha with the communication bead as well, but it was to no avail. LAN Guzha's location was getting more and more chaotic. It was easy to lose hope if they kept moving forward aimlessly.

Li Zao Yi was the first to stop searching. Her primordial spirit was very tired from constantly using her divine sense to probe and needed to rest for a while before she could continue.

"Little Junior Sister, you've worked hard." Lin Yi said in a low voice. He regretted bringing Li Zao Yi with him. He should've made her wait at Qitian bodyguard agency.

"It's not hard!" Li Zao Yi glanced at Lin Yi and said faintly. She took out the Jade plate out of habit. Recently, she'd been holding it all the time, and she didn't know if she really wanted to find the ruins that much.

It was originally a subconscious action, and her eyes had only casually swept over the Jade plate, but Li Zao Yi's calm and beautiful face suddenly changed.

Chapter 6119 Go Together

"It ... It's showing the location!" Li Zao Yi didn't expect that the position Jade plate would really change, and for a moment, he couldn't speak properly.

Lin Yi blinked, understanding what she was talking about. He quickly looked at the Jade plate in her hand, and there was indeed a gray mist on it. There was a small white dot in the center, and on the left side, there was a small green Dot slowly flashing.

"There is indeed a reaction! The ruins are nearby!" Lin Yi was overjoyed-no wonder this natural maze was perfected! It was to hide the remains of The Alchemist!

Ordinary people might be trapped in the formation, but as long as they had a positioning Jade plate, they could reach the ruins by following the instructions on it.

"The green dot has disappeared!" Li Zao Yi exclaimed in a low voice. After the green dot at the edge extinguished, it didn't continue to flash, and then the White dot in the center also began to slowly dim.

Lin Yi slapped his forehead and immediately controlled the flying spirit beast to turn back. He guessed that the green dot represented the Jade compass in Li Zao Yi's hand because it was at the edge of the display. If the direction was wrong, it would immediately fly out of the display range.

Or maybe the White dot in the middle represented the Jade plate and the green dot represented the ruins. None of these were important, as the meaning was the same anyway.

"There it is! This is the correct direction!" Lizao Yi was a smart girl, she didn't need Lin Yi's explanation to know what he meant.

Lin Yi controlled the flying spirit beast to fly in different directions for a distance. He could now confirm that the green dots represented the Jade plate in Li Zao Yi's hand. With the guidance, no matter how exquisite the maze formation was, it wouldn't be able to block the two of them who could make fine directional adjustments at any time.

"Little Junior Sister, the location of the ruins has been confirmed. I hope you can help me find my four friends before entering the ruins, is that okay?" Lin Yi hesitated, worried about LAN Guzha and the others.

"Lin Yi, I think you should think from a different perspective. Trying to find your friends in this sea mist is like looking for a needle in a haystack. Why don't we go to the ruins first? first, we might find them on the way, and second, it'll be easier to find their traces after we get there." Li Zao Yi didn't agree to continue searching for LAN Gu Zha and the others. Instead, she advised Lin Yi to go to the ruins first.

"Brat, you should listen to this girl. She's really thinking for you!" Lin Yi was speechless that even the ghost was supporting Lizao Yi this time.

The ghostly thing continued to persuade him, "if you continue to run around like a headless fly, the chances of finding LAN Guzha and the rest are already slim. It will be troublesome if you lose your direction again!" Moreover, after we reach the ruins, we might be able to find the core that controls the formation. At that time, if you want to find someone, you can just directly break the formation. "

Lin Yi had to admit that the ghostly thing's words made sense. It was easier to find the people in the formation by controlling it than by relying on luck.

The only thing Lin Yi was worried about was that this maze was modified from a natural formation, and it was hard to say if it could be controlled completely. Even a powerful formation master like the ghost couldn't guarantee that he could control a natural formation, at most, he could enter and exit it as he pleased.

Li Zhaoyi looked at Lin Yi after he finished speaking, waiting for him to make a decision. Lin Yi nodded in the end, ""What you said makes sense, Little Junior Sister. Let's go to the ruins first. I hope we can meet LAN Guzha and the others on the way."

"Yes, we'll definitely be able to find them." Li Zao Yi slightly nodded, and a faint smile appeared on her pretty face.

Lin Yi's willingness to listen to her advice made her very happy. When the two first met, lizao Yi was rejected by Lin Yi all the way here.

The two of them immediately controlled their flying spirit beasts and continued to move forward according to the direction indicated on the compass. Many times, they were clearly moving forward, but the direction indicated on the compass would always deviate, and there were even situations where they flew back. It was obvious that the maze did not lose its effect because of the compass in their hands.

Fortunately, Lin Yi was able to adjust his direction at all times. The green dot on the compass was a little twisted, but it was still getting closer to the White dot in the center. After another half a day, the two dots were almost touching.

It was a pity that LAN Guzha and the other three could not find it. They could only place their hopes on the control hub of the formation in the ruins.

"From the location Jade plate, we should have arrived. Did you find anything?" Li Zao Yi spread out her divine sense, but she didn't find any ruins. The surroundings were still foggy, and there was only sea water.

Lin Yi found it strange as well. His spirit sense was much stronger than Li Zhaoyi's and had a larger range, but he still didn't find any ruins.

Judging from the distance ratio of the previous positioning Jade plate, the range of his spiritual sense should be enough to cover the area after the two points overlapped, unless the positioning Jade plate did not show the location of the ruins.

"Little Junior Sister, are you sure this thing can guide us to the ruins? Or do you have any more descriptions about the ruins? For example, the remains are actually at the bottom of the sea?" Lin Yi's spirit sense also extended into the sea, but it wasn't enough to see the bottom of the sea. This wasn't normal seawater, and LAN Guzha had already experimented with it before, so the suppression of the sea on spirit sense was stronger than the sea fog.

The last time he had accompanied Tian xingdao to Wang BA's Island to find the follow-up cultivation method of the creation battle technique, there had been a situation where they had sunk into the sea during high tide. Thus, he suspected that these ruins might have also sunk to the bottom of the sea.

"There's no detailed description. Now that the two points have completely coincided, we should be on the ruins. Perhaps we're really at the bottom of the sea?" Li Zao Yi was a little embarrassed. She dragged

Lin Yi to explore this place, but he only had this unreliable Jade plate. There wasn't even a detailed description of the ruins "location and appearance. It didn't make sense.

If it weren't for LAN Guzha and the others, she and Lin Yi would never have thought that the ruins were hidden in the sea fog. It would be a waste of time and energy to fly around the entire South continent.

"I'll go down and take a look, you wait for me up there. " Lin Yi's spirit sense couldn't go deep into the sea, so he had to dive himself. With his strength, he didn't have to worry about the water pressure.

"Let's go together! If there's any danger, we can still look out for each other. " Li Zao Yi said with a firm attitude.

#### Chapter 6120 Discovery Of Ruins

"Little Junior Sister, I'll have to take care of you if you go down. It's safer to stay up there." Lin Yi waved his hand and added before she could say anything, "Also, if you stay here and look at the location Jade plate, you might find something. That's it, I'm going down!"

Li Zao Yi opened his mouth to say something, but in the end, he nodded. He felt that if he followed Lin Yi's strength, he would only cause more trouble.

Lin Yi's body was covered with pure Qi as he jumped off the flying spirit beast, splitting the water and entering it. The resistance didn't have much effect on him, and he soon reached the limit of his spirit sense.

As his body went deeper, his divine sense went deeper and deeper, but he still couldn't see the bottom. Lin Yi didn't dare to go any deeper, because there was a strong aura at the bottom of the sea.

"A sea beast at the great circle of the earth splitting stage? This is a little troublesome!" Lin Yi believed that he had no problem dealing with a sea beast at the peak of the mountain opening stage, but he had no chance of winning against a sea beast at the peak of the earth opening stage, especially in the deep sea. If he really alerted it, he wouldn't be able to escape even if he wanted to.

He'd thought that there wouldn't be any sea beasts in the area, but it didn't seem to be the case. If the ruins really were down there, Lin Yi felt that it would be wise to give up for now and come back when he got stronger.

After pausing for a while, Lin Yi started to float up. If the sea beast at the peak of the earth opening stage found him, even Li Zao Yi would be in danger. It was better to get away from it as soon as possible.

After getting back on the flying spirit beast, Lin Yi immediately increased the altitude, getting away from the land opening stage sea beast.

"Did you find anything?" Lizao Yi saw that Lin Yi came up so quickly and controlled his flying spirit beast to fly higher-she knew what was going on down there.

"We've found a sea beast at the great circle of the earth opening stage. If the remains are down there, we'd better give up. " Lin Yi shook his head with a bitter smile. He still wanted to enter the ruins and find the control hub of the maze formation, and then find LAN Guzha and the others. He could only pray that they wouldn't be discovered by the sea beasts at the peak of earth creation stage.

"The great circle of the earth-splitting stage?!" Li Zao Yi revealed a shocked expression. In front of such a powerful existence, she probably couldn't even resist his pressure. Even if there really were ruins below, she wouldn't have the chance to enter.

His only hope was to see if the ruins would appear somewhere else.

Lin Yi didn't want to give up, so he took the Jade plate and started studying it.

The white and green dots coincided perfectly. There was no mistake at all. The place where they stopped was where the ruins were. However, from the current situation, it was impossible to tell at all.

Moreover, the function of this Jade plate was a little too weak. Was it really only used to indicate directions? If that was the case, there should be more details. What was going on now?

"This is so strange. Does this Jade plate have other undiscovered uses?" Lin Yi mumbled as he subconsciously sent his spirit sense into the compass.

It wasn't that he and Li Zao Yi hadn't tried to use their spirit sense to check the Jade plate before, but they didn't find anything unusual. But this time, it was obviously different. As soon as Lin Yi's spirit sense went in, the surface of the Jade plate lit up with a faint light, and the white and green light DOT's overlapping position became clearer. Li Zao Yi was about to say something when he saw a small light pillar rush out from the two overlapping points in the center of the Jade plate and split into countless undetectable light rays above the two people. The sphere wrapped the two of them within.

"Look there! It's the entrance to the ruins!" Li Zao Yi cried out in alarm and pointed down. There was originally nothing but the sea fog and sea water, but now it was as if a gust of wind had blown away the sea fog, revealing a stone staircase.

"This Jade plate is indeed strange!" Lin Yi was overjoyed. Before he could do anything, the ball of light carried him and Li Zao Yi away from the flying spirit beast and landed on the stone steps.

As he descended, more and more stone steps were revealed, but Lin Yi's spirit sense couldn't see them. He didn't know what was at the end of the stairs.

As the two of them landed on the first step, the ball of light closed up again and turned into a straight line, pointing to the top of the stairs. It was obvious that it wanted the two of them to follow the direction of the light.

"Little Junior Sister, follow behind me and be careful." Lin Yi said with a serious face as he started walking up. He could only see ten steps up the stairs, and he couldn't tell if there was any danger.

Li Zao Yi nodded and followed behind Lin Yi, paying attention to their surroundings. Her spirit sense and eyes could only see the ten steps. Any further and it would be all Sea Fog.

After walking up more than 90 steps, the two finally saw a stone platform at the end. Although they kept going up, there was still water surging around the platform, which was really strange.

Lin Yi had asked the damn thing before, and knew that it was affected by the formation. He didn't mind it too much, but he hoped that he could find the control hub as soon as possible and break the restriction.

The light on the positioning Jade plate disappeared completely after the two of them stepped on the rock platform. It was obvious that it had completed its role as a guide.

"This is the ruins?" Lin Yi frowned as he looked around, confused. He only got a clear view of the place after he stepped on it. The entire platform wasn't that big, only the size of two basketball courts.

Other than the stone steps they had taken when they first arrived, there were no other passages around the platform. The platform was really just a platform, and there was nothing on it. To say that this was a relic left behind by an ancient Alchemist, wasn't it a little too simple?

Li Zao Yi poked her head out from behind Lin Yi and looked around. She suddenly pointed at the center of the platform, "Look over there, isn't there a groove on the ground?"

Lin Yi was a little surprised. He didn't just look at it with his eyes, he also scanned the platform with his spirit sense a few times. He didn't find any grooves at all, not even a crack. However, when he followed Li Zao Yi's finger, he really did see a circular groove that was slightly lower than the ground.

"What's going on? It was clearly very flat just now!" Lin Yi reached out to stop Li Zao Yi, who was about to step forward. He muttered as he observed the situation around him more carefully.

"Lin Yi, don't you think that the groove and the positioning Jade plate look very compatible?" Li Zao Yi pointed at the Jade plate in Lin Yi's hand and pointed at the groove in the center of the platform.

"That's true. Little Junior Sister, please wait here for a moment, I'll go and try. " Lin Yi realized that the Jade plate wasn't just a guide, it was also a key to the ruins.
