

## Bodyguard 6121

### Chapter 6121 Tomb Guardian Puppet

He remembered that Li Zao Yi had said that there were two identical Jade plates in the pill Hall. One of them was in the Zheng family's hands now. He didn't know if it was really the same. If two Jade plates were needed to open it together, it would be troublesome.

"Alright, be careful!" Li Zao Yi nodded in agreement. Lin Yi held the Jade plate and moved forward cautiously. His intuition and the Jade space didn't alert him, so he didn't have to worry about his safety.

After a few steps, Lin Yi came to the center and placed the Jade plate in the groove. It fit perfectly, as if the Jade plate was meant to be there.

A faint light lit up from the Jade plate once again. However, there was no guiding light this time. Instead, the Jade plate began to slowly spin in the light.

Lin Yi took two steps back and looked at the glowing Jade plate carefully, ready to activate his Thunder escape technique at any time. If he felt danger, he would leave with Li Zao Yi immediately.

As the Jade plate turned, a green stone gate slowly appeared on the opposite side of the steps. It was thirty meters tall and seven or eight meters wide. It was covered with ancient and profound patterns. Just looking at it made one feel like they had gone through a lot.

The damn thing could not help but sigh inwardly. The array Dao here was even more profound than that of Wang Ba's. Even if it had not completely exceeded the scope of a level nine array, it was definitely at the peak of level nine.

"Lin Yi, it seems like the real ruins are behind the stone door. Let's go in!" Li Zao Yi walked to Lin Yi's side and whispered, her eyes full of surprise.

"Wait!" Lin Yi's eyes flashed as he moved to the side, shielding Li Zao Yi behind him. A golden-haired monkey suddenly appeared in front of the stone door, half-squatting. He was about 2.3 meters tall when standing up, but because the stone door behind him was too big, the golden-haired monkey didn't seem very eye-catching.

"The spirit beast clan?" Li Zao Yi was slightly startled. She couldn't sense the exact strength level of this golden-haired monkey, but that faint pressure made her know that she definitely wasn't this golden-haired monkey's opponent.

"He's not from the spirit beast clan!" Lin Yi's face was serious as he used his spirit sense to cover the golden-haired monkey. It looked like a spirit beast, but he was sure that it wasn't a real one.

Li Zhaoyi looked at the golden-haired monkey in confusion. No matter how she looked at it, it should be a spirit beast. Why did Lin Yi say it wasn't? Could it be that this ape was from the sea beast clan? Sea ape?

Lin Yi didn't explain further. He was sure because there was a ghost in the Jade space. If the ghost said it wasn't, then it definitely wasn't!

Lin Yi felt that something was wrong as well-the golden-haired monkey was strong, at the early stage of earth creation, but it didn't have a soul. Simply put, it was just a puppet!

The ghost was a master in all aspects, be it soul, spirit beasts, or puppets. Lin Yi had been influenced by him, and even without the ghost, his eyes were more than enough.

The golden-haired monkey opened its eyes, a murderous glint in its golden pupils. Lin Yi wouldn't even be able to tell if it was a puppet if it wasn't for the fact that it was a little slow.

"Roar! If you want to pass through this gate, you must first defeat me!" The golden-haired monkey opened his mouth and let out a furious roar. However, his next words also revealed his identity. He was The Guardian of this huge stone door.

"Lin Yi, it seems like this ruin isn't that easy to enter, but why isn't the ape attacking us? Do we have to go over there before it will act?" Li Zao Yi was very confused-she knew too little about the refiner's ruins, but with Lin Yi by her side, she didn't feel any pressure when facing that terrifying golden-haired monkey.

"This golden-haired monkey is just a puppet. I'm afraid it was used by The Alchemist who left this ruin as a Guardian. There are similar spirit beasts in the secular world! If we don't show any intention of entering the remains, it won't make a move. " Lin Yi answered her question casually, but he was a little confused himself. If the refiner didn't want anyone to go in, why did he leave the location Jade plate to guide people?

"Then are we going in? It looks pretty powerful. " Li Zao Yi couldn't see the golden-haired monkey's true strength level, but from its aura, it should be much stronger than Lin Yi.

She was confident in Lin Yi, but she didn't feel safe just fighting him head-on.

"I'll go test this guy's strength first. You stand on the stone steps. That should be a safe area. It won't attack you. " Lin Yi guessed that this platform was within the golden-haired monkey's attack range, so he told Li Zao Yi to go up the stairs.

Li Zao Yi nodded. She knew that she wasn't strong enough to help Lin Yi, so she tried her best not to be a burden to him.

"Lin Yi, don't force it. If the golden-haired monkey is too strong, we won't go in." Li Zao Yi turned around and was about to leave, but he couldn't help but remind Lin Yi that it didn't matter what treasures were in the ruins. What was important was that Lin Yi didn't get hurt!

"I know. You should also pay attention to yourself. Don't be swept by the aftermath of the battle." Lin Yi smiled and waved at Li Zao Yi.

Once she was on the stone steps, Lin Yi used his butterfly steps and reached the stone door in the blink of an eye.

"Get lost!" The golden-haired monkey roared in anger. A black stone staff appeared in his hand out of nowhere. He simply swept it over, and the violent Zhen Qi at the end of the staff directly tore the air in front of him, making a violent Sonic Boom.

Lin Yi was shocked. The golden-haired monkey's moves were simple, but the force of the stick was heavy. If he was hit by it, he'd be dead, even if his bones broke.

"This puppet is really powerful! I can't be careless!" Lin Yi was on high alert as he activated his butterfly microsteps to super limit and dodged the black stone staff at the last second.

The black stone rod didn't slow down at all, and the other end of the rod was even faster and more violent as it went for Lin Yi's chest. The tip of the rod hadn't even touched Lin Yi yet, but the sharp Qi felt like it was tearing Lin Yi's skin apart.

Even with his super butterfly micro steps, he almost couldn't Dodge the stone staff. Lin Yi's heart shivered, and he barely dodged it. He raised his hand and a lightning arc shot out, hitting the golden-haired monkey.

If it was a normal spirit beast, it would at least be paralyzed for a while after being hit by Lin Yi's lightning arc. However, this golden-haired monkey was a refined puppet, so it wasn't afraid of the lightning attack at all. Without even a pause, it turned the stone rod nimbly and smashed down at Lin Yi's head.

The powerful aura surrounded Lin Yi, and his super butterfly microstep was affected, making it difficult for him to move smoothly.

Chapter 6122 Too Late

Lin Yi had no choice but to use his lightning movement technique. With a flash of lightning, he was already behind the golden-haired monkey.

Without waiting for Lin Yi's attack, the golden-haired monkey twisted his wrist without even looking back. The violent and domineering Stone staff changed direction in the air nimbly, turning from a downward smash into a reverse whip and appearing in front of Lin Yi in an instant.

The lightning continued to flash, and this time Lin Yi appeared at the spot where the rod had just swept past. As expected, the golden-haired monkey couldn't change his move anymore, and Lin Yi finally had the chance to attack.

The Dragon-shaped killing intent of the five elements whizzed out and slammed into the back of the golden-haired monkey. Unfortunately, it did not cause much damage to him. It only knocked off a piece of golden fur and made him stagger a few steps.

"What a strong defense! The Dragon-shaped killing intent of the five elements can only do this much. Although a small portion of it can still penetrate its body, the damage it has caused is not enough!" Lin Yi's heart was heavy as he continued to use his lightning escape while thinking about how to deal with the golden-haired monkey.

Because it was a puppet without a soul, many of Lin Yi's spirit sense methods were useless. It was also immune to lightning martial skills, and the five elements killing Qi wasn't ideal. Lin Yi was really having a headache.

If he could break through to the mountain opening stage now, his attack power would be several times stronger, and he would have some confidence in dealing with this golden-haired monkey. Unfortunately, the xuansheng peak stage wasn't the mountain opening stage, and the golden-haired monkey's suppression on Lin Yi was too strong.

The golden-haired monkey started roaring again after he steadied himself. He waved the black stone staff around even more, combining dominance and agility. Lin Yi was having a hard time using the lightning escape technique to move around the platform.

"Brat, your ability to escape is not bad. Do you dare to take a hit from my staff? There's no way we can pass through the stone gate like this!" The golden-haired monkey laughed out loud. It was obvious that

it still had some energy left in its attack. It was clearly just a puppet, but it was no different from a real life.

"You're just relying on your strength to be higher than me. If we were at the same level, you wouldn't even dare to take a punch from me!" Lin Yi even took the time to scoff at the golden-haired monkey as he flashed. The speed of lightning escape was insane, and the golden-haired monkey wouldn't be able to hit Lin Yi for a while.

It was a pity that Lin Yi didn't know what this puppet used as its power source, or else he would've killed it just by using up its power.

"You're quite stubborn! Do you think I've already used all my strength? Hehe, let's see how this move works!" The golden-haired monkey's big mouth revealed a human-like cunning smile. The black stone staff in his hand suddenly hit the ground, and the entire staff emitted a brilliant light.

A forest of Vajra staffs!

Countless stone rods shot up from the platform without a single gap. Li Zao Yi's face was pale. Although the power of the attacks was restricted to the platform, she felt scared just by watching from the side.

It was all thanks to Lin Yi that she was able to stand on the steps. If she'd stayed on the edge of the platform, she'd have been smashed to pieces by the countless stone rods.

"Lin Yi! You must be fine!" Li Zao Yi's fingers were twisted together unconsciously, and her joints were turning white, but she didn't feel it at all. If she could, she really wanted to rush up and help Lin Yi, even if it was just to fight for a chance.

Unfortunately, she knew that she'd only distract Lin Yi if she rushed out. As for the impact on the golden-haired monkey? Would there be any impact if a person stepped on an ant while walking?

For example, Lin Yi kept sending out lightning arcs into the sky from the stone rods. The stone rods' attack range wasn't endless, and they stopped after flying up twenty meters.

It was the first time that the ghost speed wings appeared in a battle, and Lin Yi couldn't use his lightning movement technique limitlessly. He had to use this trump card.

"You're indeed powerful. It seems that I can only show my true ability. Otherwise, it'll be too embarrassing if I can't even enter the door!" Lin Yi's wings flapped slightly as he hovered in the air, looking down at the golden-haired monkey.

There was a faint smile on the corner of his mouth, as if he had the confidence to deal with it.

The golden-haired monkey spun the black stone staff a few times in his hand and kept it on his back with a Swoosh. The forest of golden staff disappeared and the platform returned to its previous smooth and mirror-like appearance.

"Kid, you can fly? You do have some skills, but you can't beat me by floating in the sky. Since you want to show me your true ability, show me!" The golden-haired monkey half-squatted with one leg and raised the tip of the other foot, beckoning at Lin Yi with a finger.

Lin Yi smiled faintly and nodded, "I won't let you down."

With that, Lin Yi looked around the platform and took a closer look at the golden-haired monkey.

"Monkey, are you unable to leave the range of this platform?" Lin Yi flapped his wings and went up a bit more, but he felt an invisible force stopping him from going any higher-it was probably the formation on the platform.

"So what? Cut the crap, where's your real ability? If you don't take it out, I'm going to end it!" The golden-haired monkey grinned as the black stone staff on his back spiralled out again, pointing at Lin Yi in the air.

"What's the ending action? You're going to be defeated by me in one move?" Lin Yi sneered as a super pill fire bomb appeared in his palms.

This move was actually not suitable for a one-on-one battle. The preparation time was too long, and it was very difficult to use.

But in terms of attack power, it was definitely Lin Yi's strongest move. As the time passed, it was even stronger than the five elements killing Qi and lightning burial.

With the golden-haired monkey's speed, it wasn't easy for the Super pill fire bomb to hit him, but the platform was only so big. If Lin Yi's guess was right, the golden-haired monkey's range of activity was only so small, and the explosion would be enough to drown the platform!

"What is that thing? It feels a little dangerous!" The golden-haired monkey was taken aback, but he didn't mind Lin Yi's provocation. He squinted his eyes and stared at the Super alchemy bomb in Lin Yi's hand.

The golden-haired monkey then decided that he could not wait any longer. As time passed, the sense of danger he felt from those two things grew stronger and stronger. It was obvious that the kid up there was not bragging!

The Qi on the black stone rod exploded, and the air around it twisted. The golden-haired monkey was really going all out this time, and he didn't dare to be careless anymore after feeling the threat from Lin Yi.

Lin Yi smiled coldly. It was too late for him to realize that now!

Chapter 6123 Meeting LAN Guzha

When the Dragon-shaped killing intent of the five elements didn't cause much damage, he had already started to form the Super alchemy fire bomb. If there wasn't the restriction of the array, he only needed a little bit to destroy the entire platform!

"Little Junior Sister, retreat immediately. Retreat as far as you can. I'm afraid that the formation on this platform can't withstand my attack!" Lin Yi took the time to send a message to Li Zao Yi. He flapped his wings and dodged like a ghost, just in time to avoid the stone stick that the golden-haired monkey threw out.

When Li Zao Yi heard Lin Yi's voice, he was extremely worried, but he still flew out immediately. He was afraid that he'd drag Lin Yi down if he was late.

Lin Yi's spirit sense noticed that Li Zao Yi had already retreated seven or eight steps, and he could probably avoid the aftermath of the Super alchemy bomb. He didn't hesitate anymore and put his palms together, and a terrifying aura instantly spread out on the platform.

The golden-haired monkey was taken aback-Lin Yi hadn't even attacked yet, and the aura alone was enough to make his hair stand on end. If he were to take a direct hit, even his body wouldn't be able to take it.

The golden-haired monkey did not bother to retrieve the stone staff after missing its attack. It half-squatted and clenched its fists on the ground. It roared towards the sky, and invisible waves instantly filled the entire space of the platform. The terrifying sound waves were like countless blades dancing wildly.

Lin Yi's ghost speed wings flapped and barely opened up a small area, gaining temporary freedom of movement. He immediately pressed down on the Super pill fire bomb.

This time, the Super alchemy bomb was already at Lin Yi's limit. Any more and he would be caught in the explosion range.

But now, Lin Yi could use that little bit of control to lock onto the golden-haired monkey!

The terrifying explosive force completely tore apart the golden-haired monkey's sound wave. The originally spherical super alchemy fire bomb formed a fan-shaped attack wave, and the entire platform was within its attack range.

The golden-haired monkey used both his hands and feet like a bolt of golden lightning. The moment the Super alchemy bomb descended, he forcefully rushed to the edge of the platform and grabbed onto the void to climb up.

Lin Yi was speechless. The platform restricted the monkey from leaving this area, but he didn't think that it would use this as an escape route!

If it was Lin Yi, he wouldn't be able to do that, because the boundary wasn't very effective on him. From the start of the fight, Lin Yi was in an undefeatable position.

The moment he felt that he couldn't fight Lin Yi, he could leave the platform. The golden-haired monkey was restricted by the formation and couldn't go after Lin Yi unless it could kill him in one hit!

It was because of this that Lin Yi didn't expect the golden-haired monkey to be able to Dodge his attack like this. The Super alchemy bomb covered the entire platform, but the shape was always fan-like, so all he had to do was climb up along the edge and he would be able to escape.

But even so, the golden-haired monkey was still affected by the Super alchemy bomb. His movements began to slow down, as if he had suffered some damage. As expected, when the Super alchemy bomb was condensed to the limit, its power was much stronger than the Dragon-shaped killing intent of the five elements.

Lin Yi's eyes turned cold when he saw that the golden-haired monkey was out of range. He gritted his teeth and controlled the remaining force of the explosion to the side. This wasn't the direction of the stone steps, so Lin Yi wasn't worried about Li Zao Yi.

The golden-haired monkey howled as he tried to run along the edge of the platform, but he still couldn't get out of Lin Yi's super alchemy bomb's attack range.

"Stop! You've passed the test, you can enter the stone door!" As a puppet, the golden-haired monkey actually knew fear. Seeing that its powerful body was unable to resist, it simply admitted defeat!

If the Super alchemy bomb still had some energy left, Lin Yi would've knocked the golden-haired monkey out without hesitation. Unfortunately, when he tried to change his direction, he was already at the end of his rope. Even if the golden-haired monkey didn't say anything, he didn't have any energy left to deal with it.

But Lin Yi could still make more Super Fire bombs-as long as the golden-haired monkey was injured enough, he could take care of it easily. It was a good time for this guy to admit defeat.

"Are you sure we can go in?" Lin Yi slowly flapped his ghost-speed wings and hovered in the air, looking down at the golden-haired monkey.

Half of the ape's golden fur had been charred black. It gritted its teeth and nodded in pain. "I'm sure you can. As long as you defeat me, you'll have the right to enter the gate. This is the qualification token!"

A rectangular Gold Medallion appeared in the golden-haired monkey's hand, and he threw it at Lin Yi. It was fast, but it didn't contain any pure energy and didn't cause Lin Yi any harm.

Lin Yi's spirit sense scanned the gold medal a few times before it got close, making sure there weren't any traps. He then reached out and grabbed the medal.

"When you insert the qualification token into the groove on the base of the door, the mechanism to open the door will appear. Without this token, even a super expert at the sea splitting stage can forget about opening this stone door!" The golden-haired monkey explained briefly. The wounds on its body were healing rapidly. As expected of a high-level puppet, its self-healing ability was really powerful.

Lin Yi was surprised as well. He thought that if the golden-haired monkey didn't admit defeat, he could still create more super alchemy bombs to deal with it, but now he realized that the speed of creating the bombs wasn't even as fast as this guy's recovery. If the golden-haired monkey didn't admit defeat, it would be hard to deal with.

After all, the Super alchemy bomb had the weakness of being too slow to form. The first time, it could heavily injure the golden-haired monkey, but the second and third time, after the monkey was prepared, the effect wouldn't be as good.

"Eh? It's LAN Guzha and the others!" Lin Yi was just about to head to the stone door when he discovered LAN Guzha and the others with his spirit sense. Overjoyed, he left a temporary spirit sense mark on the platform and turned into a shadow as he flapped his ghost speed wings, speeding towards LAN Guzha and the others.

The shaking on the platform caused the formation to pause for a moment, which was why Lin Yi was able to see them and fly out of the platform without much resistance. The formation probably wasn't fully restored yet.

It could also be that Lin Yi had the qualification token, so the formation was no longer an obstacle to him. It didn't matter anymore as long as he could find LAN Guzha and the others.

With ghost speed wings at full power, his speed was only a little slower than the lightning movement. In a breath's time, Lin Yi was above the four of them.

"Boss! I knew you would find us!" LAN Guzha was the first to spot Lin Yi-the guy was soaking in the water, completely at ease, not at all aware that he was trapped.

Chapter 6124 Still Missing A Key

"Boss!"

"Boss!"

"Boss Lin Yi!"

Hao Zili and the other two were all overjoyed as they greeted Lin Yi respectfully. They didn't know where they got a wooden board from, but it wasn't crowded on it.

"I've finally found you. Feiyi, bring them and follow me!" Lin Yi smiled and didn't say anything else. He waved his hand, signaling for them to leave.

"Yes! Boss!" Fei Yi bowed in response and immediately leaped, transforming into his true form and floating in the air.

LAN Guzha and the other two jumped up as well. Lin Yi led the way and returned to the platform along the way they came. With the spirit sense mark and the bewildering formation still in effect, the group returned to the platform smoothly.

"Lizao, this is LAN Guzha, Hao Zili, min huichen, and feiyi!" Lin Yi didn't care if they'd seen Lizao Yi before, pointing out some things as he landed.

"Greetings, Master Li Zao!" Hao Zili and the others were all participating in the auction on the northernmost Island. Of course, they knew who the big shots were, and they were even more respectful to those who were with Lin Yi.

"Boss, you found me another sister-in-law?" LAN Guzha whispered into Lin Yi's ear, winking at him. They were all Masters here, though, and it didn't make much of a difference if he were to whisper.

Li Zao Yi's pretty face immediately blushed, and even the back of her delicate earlobes turned red. However, she still had to pretend to be calm and pretend that she didn't hear anything. It was really hard on her.

Lin Yi glared at LAN Guzha. This guy really didn't know how to keep his mouth shut. He said anything he wanted. Luckily, Liyi was on their side, or she would've been punished!

"Lin Yi, let's go and see how to open the stone door first!" Li Zao Yi stiffly changed the topic, but this was indeed something she was more concerned about, so it wasn't too sudden.

Lin Yi replied and took out his token. The stone door was huge, and the base was taller than Lin Yi. The golden-haired monkey had already recovered and was smiling at Lin Yi.

A small rectangular slot appeared in front of Lin Yi, the same size and shape as the token. After he inserted it, a slightly bigger round slot appeared on the side, clearly the door opening mechanism the golden-haired monkey was talking about.

Lin Yi blinked a couple of times-this looked familiar.

"Did you use a positioning Jade plate to open the door?" Lizao Yi walked behind Lin Yi and immediately recognized that this circular groove was the same as the one in the center of the platform.

It seemed that the Compass's mission was not over yet. The first time was to reveal the stone door, and the second time was to open the stone door.

"It should be right. I'll go and get the location Jade plate." Lin Yi smiled and moved to the center of the platform, reaching for the positioning Jade plate.

He didn't know what material this thing was made of, but it wasn't damaged in the slightest when the Super pill fire bomb exploded with such great power. Perhaps it's because it's one with the formation that it's able to withstand the Super alchemy fire bomb?

The golden-haired monkey by the stone door suddenly laughed loudly, punching the ground a few times before pointing at Lin Yi, "Kid, so you only have one key? Why didn't you say so earlier? why did Master Monkey waste so much effort?"

The golden-haired monkey was obviously very proud. It even started to call itself Master Monkey. Looking at its gloating appearance, who would believe that this was just a puppet?

Lin Yi blinked. He felt that something was wrong, but he didn't stop and took out the location Jade plate.

The moment the Jade plate left the groove, the stone door started to fade. Lin Yi activated his lightning escape technique and instantly appeared under the base of the door, pressing the Jade plate into the circular groove.

Unfortunately, it was useless no matter how fast he was-the stone door didn't have any force to hold on to, and the Jade plate went straight through the shadow. If Lin Yi wasn't holding onto it, it would've fallen to the ground.

The only thing that didn't disappear was the qualification token that was embedded in it. After losing its support, the Golden token started falling. Lin Yi sighed and picked up the token, looking at the golden-haired monkey.

"Why are you looking at Master Monkey? Besides, Master Monkey won't give you another key! To open the stone door, two keys were needed! I'll say it again. Without the key, even if you're a super expert at the sea splitting stage, you can forget about opening the stone door!" The golden-haired monkey had a smug look on his face-it seemed like Lin Yi's defeat still bothered him.

Now that Lin Yi had lost, the guy was overjoyed.

"Lin Yi, it looks like we're still looking for those two from the Zheng family-they have the other Jade plate!" Li Zao Yi frowned slightly. She didn't want to move with Zheng Tian Qing and the others, so she asked Lin Yi for help alone. She didn't think that she still had to go to them after all this.

"It doesn't matter. I already know the location. It won't take much time to go back and get the other Jade plate." Lin Yi smiled and put the token and Jade plate into his storage bag.

LAN Guzha came over and looked at the golden-haired monkey with an unfriendly gaze. "Boss, that monkey looks pretty annoying. Can I beat him up?"

Lin Yi smiled. This guy was just itching for a fight. Fine, Lin Yi thought that the golden-haired monkey was asking for a beating too, but LAN Guzha was no match for him.

"Many people hate me! Who Do You Think You Are?" The golden-haired monkey rolled its eyes at LAN Guzha in disdain and even deliberately made a provocative gesture.

"Boss, I really can't take it anymore. Can you let me beat him up?" LAN Guzha had already begun to roll up his arms and sleeves. He was rubbing his fists and wiping his palms, ready to make his move.

"That monkey has already turned illusionary. Are you going to punch the air?" Lin Yi glared at LAN Guzha. As The Guardian puppet of the stone door, the golden-haired monkey naturally followed suit.

LAN Guzha wasn't the golden-haired monkey's opponent at all-even if he could exchange a few moves, he wouldn't be able to fight it now unless Lin Yi placed the Jade plate back in the middle of the platform.

There was no point in doing this just to get LAN Guzha beaten up, and Lin Yi wasn't that bored. If LAN Guzha could beat the golden-haired monkey, then it wouldn't hurt to be bored for a while.

"Kid, since you know the location of the second key, you should hurry up and get it. The qualification plate is only effective for seven days. After seven days, it will be useless. Master Monkey was too careless this time. Next time, it won't be so easy to get the qualification plate." The golden-haired monkey grinned at Lin Yi and waved his fist before disappearing into the door.

Chapter 6125 Immediate Morning Memory's Hidden Attribute

"Let's leave this place first!" Lin Yi smiled at the place where the golden-haired monkey disappeared and turned to greet Fang Zao Yi.

Li Zhaoyi nodded. He knew that Lin Yi was going to Zheng Tianqing to get the second Jade plate. He didn't want to see the Zheng family, but there was no other way to enter the ruins.

"Boss, what is this place? How could that monkey disappear just like that? this time, it ran away quickly. Otherwise, I would have beaten it up until all its teeth were missing!" LAN Guzha said with slight disappointment. It was truly unpleasant that they did not end up in a fight.

"You talk too much! Let's go!" Lin Yi didn't want to bother with this guy and called Hao Zili and the others to leave.

LAN Guzha chuckled and followed behind Lin Yi, leaving the seat beside the boss for his new sister-in-law.

Hao Zili and the other two were shocked. They didn't say anything, but the stone door was obviously something special. Even if it was in the East continent, it would attract the attention of many forces. They didn't expect Lin Yi to find it so easily, and they were trapped for so long without any clues.

Their boss was indeed their boss. His luck and abilities were not something they could compare with. Hao Zili and the other two had unknowingly changed a little. Of course, getting rid of the poison was the most important thing, but continuing to follow Lin Yi after getting rid of the poison might not be a bad idea.

The group of people slowly walked down the stone steps, and still only a small distance could be seen. Those hidden in the sea fog couldn't be detected with spiritual sense, as if it was completely empty air. This array was indeed quite clever!

Even the ghostly things could only get a glimpse of the door.

"Feiyi, bring them and follow behind us. Don't get too far away, in case we fall into the maze again!" When they reached the last step, Lin Yi turned around and gave some instructions to the others before jumping up with Li Zao Yi and landing on the back of the flying spirit beast that had been waiting here.

Feiyi replied and transformed back into his original form. He was floating in the air. LAN Guzha winked at Hao Zili and Min Huichen, indicating that Lin Yi and Li Zhaoyi should be alone and that they should not disturb them. Hao Zili and Min Huichen pretended not to see it and quickly jumped on Feiyi's back.

Although the Pill Hall's flying spirit beast was fast, it could not transform. Its strength could not be compared to Feiyi. Therefore, Feiyi flying beside it made it feel a little uncomfortable.

Lin Yi patted the beast's neck, consoling it for a bit before leaving immediately. The formation was frozen for a short while, giving the damn thing a chance to study it thoroughly. It wasn't hard to get out of the sea fog now.

After getting out of the sea fog formation under the guidance of the ghostly thing, Lin Yi took out his compass and made sure that the city was right in front of them before rushing with everyone.

"I thought I would have to fly all over the South continent's sea to find the ruins you mentioned. I didn't expect to find it so quickly. I don't even need to be too far away from the black arc sea. I can use the black arc city as my base!" Lin Yi looked at Li Zao Yi as he tried to start a conversation.

This weird girl kept changing, and Lin Yi didn't know if she'd answer him or not.

"Yes, when we come from Nakajima, the first stop would normally be the Crescent City in the crescent ocean. I reckon that by the time we return, the pill Hall's ship will be arriving soon." Lizao Yi's face didn't change at all as she nodded faintly. She didn't feel that her words were completely unrelated to Lin Yi's.

Li Zao Yi was thinking that with the speed of the ship, they should be reaching the black arc Sea area soon if everything went smoothly. After all, Lin Yi and the others had already wasted a lot of time. They might be able to meet the people from the pill Hall when they returned to the black arc city.

"Apart from Zheng dongjue and Zheng Tianqing, are there any other high-ranking members of the pill Hall who are participating in this expedition?" If it were just the Zheng family, Lin Yi wouldn't mind taking their Jade plates, but it'd be difficult if there were other people. He'd have to give his master some face.

"I'm not too sure. Maybe there is, maybe not. But even if there is, it's Zheng dongjue who is the leader." Li Zao Yi shook her head slightly. She didn't know much about the daily affairs of the pill Hall, so she didn't know how many people would be participating in the ruins exploration this time.

"Do you think we should snatch the Jade plate and run, or should we give the pill Hall face and act together with them?" Lin Yi smiled. Since lizao Yi was his teammate, he'd let her worry about this.

Especially since li Zao Yi was the head refiner of the pill Hall, Lin Yi wanted to tease her a little when he asked her to answer this question.

As expected, li Zao Yi was slightly stunned at first, then she smiled and said, "Snatch it and run? That sounds interesting, but if they find out my identity, How do I explain it?"

"You think it's good?" Lin Yi was stunned as well-the weird girl was weird indeed, and couldn't be measured with common sense! Have you forgotten that you are also the chief Alchemist of the pill Hall? Isn't your master Zhang Liju? Was there really no problem with this?

"Very good! Do you think I should cover my face? By the way, didn't you bid for a mask of the world of mortals on the northernmost Island last time? Let's play the role of a Bandit!" Li Zao Yi was in high spirits, and his usually cold face actually showed a rare rich expression.

Lin Yi sweated-did this girl really enjoy doing this sort of robbery? Did he have to be so excited? Why did he feel like he had unlocked some hidden attribute in li Zao Yi's body ...

"There's no rush. We'll talk about it when we find them. " Lin Yi wiped his cold sweat-he hadn't even thought about robbing the two from the Zheng family yet, but Yi was so straightforward that he couldn't even stop her!

The cold and proud image of a genius Alchemist crumbled in Lin Yi's heart ...

Li Zao Yi was talking excitedly, but she suddenly realized that she seemed to have lost her composure. Her pretty face immediately blushed, and she coughed lightly."I was just joking, you didn't take it seriously, did you? Haha, you really took it seriously? You've been tricked by me, right? Hahaha ..."

Lin Yi glanced at li Zao Yi. Tricked? Please, I've already seen through everything, how could you possibly lie to me?

However, this way, the awkward atmosphere between the two was gone. Lin Yi could finally talk and laugh freely with li Zao Yi. At least the road back to twisted arc city wouldn't be so dull.

Before Lin Yi's group reached the city, a giant treasure ship from the middle Island slowly stopped at the dock. The first to disembark was Zheng dongjue's exploration team.

Chapter 6126 Caught The Moment He Disembarked

"This twisting arc city is not bad. It looks prosperous, but it's just like this in a remote place like the South continent!" Zheng Tianqing was the second to come down. He followed Zheng dongjue and looked around with disdain.

He felt that since he was from the East continent and was a prominent figure in Middle Island, he had connections with the central Chamber of Commerce and the organization behind him. His status was

naturally extraordinary. It was definitely an honor for this lousy place to be able to come to twisted arc city.

Unfortunately, the people of the twisting arc city did not know who Zheng Tianqing was. No one had the time to deal with this arrogant idiot.

Although he was wrong, it was not as if no one paid attention to him. At least one person immediately went up to them and blocked their way when they saw Zheng dongjue and the others disembarking from the ship.

"You need to pay a travel and stay fee to enter the city. How many of you are there? Do you want to pay separately or together?" The fellow who had come to collect the spiritual Jade stretched out his hand lazily and beckoned to Zheng dongjue with his finger.

He did not say how many spiritual jades he needed, probably because he wanted to determine how Zheng dongjue and the others would pay before calculating. Unfortunately, he had met the first young master Zheng Tianqing, so he was destined to have no chance to calculate the spiritual jades.

"Get lost! This young master came to this broken place to give you face, and you actually dare to charge this young master a travel fee and a stay fee? Don't you have eyes?" Zheng Tianqing slapped away the hand of the guy who collected the spiritual Jade. He raised his chin arrogantly and looked down at the person who collected the spiritual Jade from the corner of his eyes.

The man was obviously stunned for a moment, and the lazy expression on his face disappeared without a trace. What followed was a meaningful and interesting smile, and the eyes that looked at Zheng Tianqing began to shine.

"How dare you hit a toll collector in our twisted arc city? He had guts! I hope you're fat enough!" The guy who had his hand sent flying chuckled. After shaking his hand, he put two fingers in his mouth and blew a clear whistle.

Before Zheng Tianqing could understand what was going on, more than a dozen figures rushed over from the surroundings. Their auras were fully displayed. All of them were at least at the late stage of the mysterious Ascension realm. At least one-third of them were at the mountain opening stage. It was simply effortless for them to crush Zheng dongjue and his group.

Zheng dongjue and Zheng Tianqing's faces turned pale on the spot. They had not taken the turtle arc city seriously at the beginning. According to previous intelligence, in the turtle arc sea, a nascent Soul Stage cultivator could run amuck. Among the people from the pill Hall who came this time, there were several guards at the xuansheng stage. There was even a guest elder at the mountain opening stage following them.

It was precisely because of this that Zheng Tianqing dared to be so presumptuous. If he had known that there were so many masters here, and that they were all waiting by the side of the road, he would not have opened his mouth to show off, let alone make a move.

In fact, the alchemy Hall had received information that the South continent's Sea area was controlled by the spirit beasts, but Zheng dongjue had been completely focused on dealing with Lin Yi and the heavenly elixir Pavilion. He didn't care about the South continent's situation at all.

If it wasn't for the appearance of the remains, Zheng dongjue estimated that he would never set foot in the South continent even if he died, so he didn't bother to pay attention to the information in this area.

Zheng Tianqing was the same. He came from the noble East continent and looked down on the South continent. Why would he study the South continent? In the end, he kicked an iron plate the moment he got on the island.

If they had paid more attention to the South continent and collected information about the South continent before coming here, they would not have made such a joke.

To put on airs in a city controlled by the spirit beast clan, he simply didn't know how to spell the word 'death'!

"Capture all of them! Kill anyone who resists!" The spirit beast in the lead commanded coldly. The aura on his body was already at the peak of the late stage of mountain split. He alone was enough to suppress everyone from the pill Hall.

The pill Hall guest elder who had come along this time was merely an expert at the peak of the initial stage of the mountain opening realm. In front of so many experts from the spirit beast clan, he did not even dare to have the thought of resisting!

Everyone knew that the spirit beast clan was extremely powerful. In the case of the same rank, they could almost suppress human cultivators. Except for some powerful geniuses, human cultivators were naturally at a disadvantage against the spirit beast clan.

"Stop! We are from the Nakagama pill Hall! You can't just attack us! We'll pay the travel fee!" Zheng Tianqing was already panicking. He quickly opened his mouth to show weakness, hoping to calm the other party's anger.

"Travel fee? It was too late! It's no longer a matter of spirit Jade!" The guy who collected the fees just now looked at Zheng Tianqing with a smile and hid at the side with his hands behind his back, gloating at his misfortune.

His strength was not high, and even Zheng Tianqing was much stronger than him. That was why his palm was easily opened. However, he represented the spirit beast clan. If he dared to make a move, he would be challenging the entire spirit beast clan!

"So what if it's the pill Hall? Coming to the South continent, even if you are from an ancient family, you have to follow our rules. If you dare to touch our people, you have to pay the price!" The leader of the transformed spirit beasts had a look of disdain on his face, and the others in charge of attacking did not even stop for a moment.

The name of the pill division was indeed famous, but the only one who was really good was Zhang Liju—he was the top of the pyramid no matter where he went!

The pill Hall that he had left behind could still enjoy a great reputation and special privileges among human cultivators, but it was nothing in front of the spirit beast clan.

"I'm not only from the pill hall, I'm also from the East continent, and ..." Zheng Tianqing watched as a palm came toward his face. He wanted to tell her all the connections he had, but he was sent flying by the slap.

If he could first say that he had a cooperative relationship with the central Chamber of Commerce, he might be treated differently. Unfortunately, Zheng Tianqing did not know the relationship between the spirit beast clan and central. Although the organization behind him had a spirit beast partner when he was on the northernmost Island, these relationships were extremely secretive. With his identity, it was not enough for him to come into contact with this information.

When Zheng Tianqing was sent flying, the people from the pill Hall gave up resisting. They had no choice. The opponent was too strong. Resisting would only give the other party an excuse to kill him on the spot. In order to save their lives, it was better to cooperate.

Even so, the spirit beast clan did not show any mercy. They seized the opportunity to beat up these targets. Although it was not fatal, the pain of the skin and flesh was inevitable.

Zheng Tianqing spat out a mouthful of blood along with his teeth. Then, his body was hit by countless heavy fists. He wanted to speak again, but it was only a few more mouthfuls of blood.

"Don't kill them. Take them all away. Search for anything of value on them. Then, see if you can contact someone who can redeem them." The spirit beast clan leader waited until the fight was almost over before he spoke up to let his subordinates take the pill Hall's people and leave the dock.

Chapter 6127 Didn't Bring The Ransom

The surrounding people didn't dare to watch the show. At most, they looked from afar and whispered about the reckless actions of these outsiders.

Zheng dongjue was so depressed that he wanted to vomit blood. Of course, he had indeed vomited a lot of blood. This time, he had come to the South continent to find the ruins of the ancient alchemists. Unexpectedly, as soon as he arrived at the twisting arc city, his belongings had been plundered by the spirit beast clan.

The spiritual Jade and the like were fine, but the key was the Jade plate used to find the location of the ruins. If he couldn't get it back, he would have come to the South continent in vain.

Fortunately, the spirit beast clan was probably not very interested in the remains of The Alchemist. Even if they knew the use of the Jade plate, it was likely that they would return it to Zheng dongjue. Of course, the premise was that they would obtain the corresponding benefits.

The eight people from the pill Hall had come to the South continent in high spirits, but now they were all dragged away from the dock like dead dogs.

Zheng dongjue was a person who cared about his reputation a lot. He even had the thought of dying after being treated like this.

Speaking of which, being beaten up until his face was swollen beyond recognition did not seem to be completely without any benefits. At least, others would not know who he was even if they saw him ...

It felt like a few hundred years had passed, but in reality, it had only been a few minutes. The eight people from the pill Hall were thrown into the same prison. Although it was built very simply, because of the support of the array, it was almost impossible for anyone below the earth formation stage to forcibly break it open and escape.

"I'll give you a chance. Find a way to contact the people of your Nakajima pill Hall and get a ransom to redeem you as soon as possible. If you're locked up here, there will be nothing for you to eat or spiritual Jade for you to cultivate. How long you can last will depend on your own strength. Oh, I forgot that your strength has also been sealed, so you can only rely on your own physical bodies to support it!" The leading spirit beast looked at the eight people in the cage mockingly, not forgetting to mock them.

"Sir, I can contact my companions to send the ransom, but I need a communication jade talisman. Can you return it to me for a while?" Zheng Dong couldn't care less about his face. In order to escape this cage, he had to seize the opportunity.

"A communication jade talisman? I'll look for it. " The leading spirit beast looked through the things they had plundered and picked up a jade talisman that was two fingers wide and the length of a palm."Is this the thing?"

"Yes, yes, this is it! Please let me use it, someone will send the ransom soon. " Zheng dongjue quickly nodded. This jade talisman was something only the higher-ups of the alchemy Hall had. Within a certain range, they could communicate with each other. Although they could not talk directly, it was still very efficient.

To put it simply, this jade talisman was a tool to send messages to each other. It was not much different from real-time communication. The only flaw was the distance. It was definitely impossible to send a message from the Yu Luo sea to the middle Island. Now, Zheng dongjue could only hope that he would be near the Yu Luo sea of the South continent.

"Take it and use it. The eight of you are all important figures in that Nakagama pill Hall, right? I won't scam you, just give them a discount of six million spirit Jade each, so eight of them will be forty-eight million. And you have some spare spirit jade pieces here that I don't care about. If you want them, you can redeem them with spirit Jade. It'll be a half-sale, half-gift deal, so it'll be a whole fifty million. " The leading spirit beast threw the Jade talisman into the cage and casually stated a price.

In fact, the spiritual Jade that he had plundered from the eight people was about 20 to 30 million. Therefore, the price of 50 million was not too outrageous. These people should not feel too much pressure.

Zheng dongjue felt like he was about to vomit blood again. However, six million was indeed considered cheap. As the dignified vice Hall Master of the alchemy Hall, a net worth of sixty million was not too much.

The good news was that the location Jade plate was considered worthless and classified as something that could be redeemed. This made Zheng dongjue a little happier.

"Master lizao, I'm Zheng dongjue. We've been detained by the Lord of the spirit beast clan in arc city. We need to pay a ransom of fifty million spirit Jade before we can leave. If you receive my message, please come and save us as soon as possible. I still have some things I want to tell Master Li Zao face to face. " Zheng Dong didn't dare to delay and quickly sent out a message for help. Then, he waited for li Zao Yi to come and save him.

Now, he could only pray that li Zao Yi would receive the message. If she couldn't receive it from too far away, then they would really be finished.

After their strength was sealed, they were not much different from ordinary people. Although they did not have much demand for food, they still needed to consume energy. Without food, spiritual Jade, and true energy, they could only last two to three days more than ordinary people.

At this time, Lin Yi and the others weren't far from twisted arc city. Li Zao Yi felt the movement of the communication jade talisman and immediately took it out to check with a frown.

"Zheng dongjue and the others have been captured by the spirit beast clan of twisted arc city!" Li Zao Yi really didn't know what to say. She wanted to Rob them, but the spirit beast clan had struck first!

"These unlucky kids. We don't know if the Jade compass is in the hands of the spirit beast clan. This saves us the trouble of snatching it." Lin Yi smiled faintly. The new Azure Dragon elder had just paid a

high-profile visit to the Qitian bodyguard agency. It would be a piece of cake for him to get a few people out of the hands of the spirit beasts.

"After we rescue them, it'll be hard to shake them off!" Li Zhaoyi said unhappily. She wanted to go on an adventure with Lin Yi alone, so what was the point of having those two annoying people from the Zheng family with her?

However, she really couldn't ignore the people from the pill Hall and leave after taking the Jade plate.

It wasn't long before they could see the city in the distance. When Lin Yi arrived at the pier, he jumped off his flying spirit beast and scanned with his spirit sense, finding the place where Zheng dongjue and the others were locked.

After paying a few hundred spirit Jade and getting entry passes for LAN Guzha and the others, Lin Yi led them to the prison.

At this moment, the spirit beasts that had captured the people from the pill Hall had already dispersed. There were only two late-stage mysterious Ascension spirit beasts guarding the entrance of the prison.

"I'm here to take away those people from the nakisland pill Hall." Lin Yi came to the prison entrance and cupped his hands politely. He could use green Dragon's power, but there was no need to show off to the guards.

"Did you bring the ransom?" One of the guards looked at Lin Yi arrogantly and gestured for him to take out the money.

"I didn't bring any money," Lin Yi shook his head with a smile.

"You dare to come here without a ransom? do you want to break into the prison?" The Guard's eyes turned cold as he pointed his weapon at Lin Yi, getting ready to call for his comrades.

"I know your commander. Take a few people and leave. He won't say anything." Lin Yi smiled faintly. The commander of the spirit beasts in twisted arc city would definitely give him face for something as small as this.

"Who Do You Think You Are? you dare to come and swindle people with the title of our commander? I think you're tired of living! I'm telling you, don't even think about taking her away without a ransom. If you piss us off, we'll throw you in too!" The guard laughed coldly, rejecting Lin Yi's offer.

Chapter 6128 Release Just Like That?

Looking at their unfriendly eyes, Lin Yi could've really taken them if he'd said something.

Lin Yi was speechless. This was the typical case of the easy to see but difficult to deal with. They didn't even know who Lin Yi was and just mentioned that they knew the commander.

"How about this? you guys go and find the commander of the spirit beasts in twisted arc city. I'll talk to him directly!" Lin Yi said as he used his spirit sense to locate the spirit beast commander. Unfortunately, some of the buildings in the city blocked divine sense too, so he couldn't find the guy.

The spirit beasts should have a way to communicate with each other, and if the two guards were willing to help, it would be faster than Lin Yi himself.

"Who Do You Think You Are? You said you wanted to find our commander, and he found one for you?" One of the guards sneered, thinking that Lin Yi was being delusional. He shook his head and added, "Also, this is a prison. It's independent and not under the commander's jurisdiction. Even if you really find the commander, don't even think about taking her away without paying the ransom!"

Lin Yi blinked-was he supposed to bring up the new elder? Actually, fifty million spiritual jades was not a big deal to him, but it was really meaningless to use it to redeem the two annoying fellows of the Zheng family!

"Boss, why are you talking so much? let me kill these two guys. They are not capable, but they have a big mouth. I can't bear to see such people!" LAN Guzha came over with a sneaky smile. There was no need to ask-this guy wanted to fight again. Lin Yi was tired of bringing a follower like this.

The two guards took half a step back in unison and looked at LAN Guzha with a vigilant expression. They were about to send out a warning signal because the aura that was faintly emitted from LAN Guzha's body had already made them feel danger.

"Go to the side, what are you doing!" Lin Yi turned to glare at LAN Guzha. Breaking into twisted arc city, did he really think that the spirit beast clan was easy to bully? The new Azure Dragon might have already left this place, but who knew if the spirit beast clan still had earth-splitting or even sea-splitting experts guarding nearby?

"If you have spiritual Jade, then redeem him. If you don 't, then leave. Don't talk nonsense here, or we won't be polite!" The two guards looked at each other, and one of them shouted loudly.

They wanted to mess with Lin Yi and the others a little, but after realizing that their strength was far from enough, they gave up on the idea.

It wasn't that they couldn't get a master to come over, but when the spirit beast clan was in control of the city, they had set strict rules. They'd have to take responsibility if they called the police. As long as Lin Yi and the others didn't do anything, the two guards couldn't do anything.

As they were talking, Lin Yi's spirit sense found traces of the spirit beast commander. He seemed to have received the news of Lin Yi's return to twisted arc city, so he was rushing over. He didn't need to worry about normal things, but if Lin Yi got into a conflict with the spirit beast clan, then he would be in a difficult position.

After all, he was someone that even elder Azure Dragon valued, and the spirit beast commander didn't dare to treat him lightly. As long as Lin Yi was in the city, he had to get the best care.

"Don't worry, your commander will be here soon. We'll talk about this later!" Lin Yi waved his hand and smiled. The spirit beast commanders were extremely fast, and they would appear in a few breaths.

"I already told you that we are not under the command of the commander. Even if he comes, he can't interfere with our Affairs. Besides, you said he would come, so he must come? I even said that I could send him flying with a fart!" One of the guards might have been too nervous and said something that he would definitely regret.

"Try farting and see if I'll be blown away by you!" A cold voice came from the sky. It was the spirit beast commander of twisted arc city.

He came faster than Lin Yi expected-it was clear that he used some sort of trick, and that was enough to prove how important Lin Yi was to him.

"Commander!" The two guards were shocked and quickly stood at attention and bowed. Although the prison was not under the control of the spirit beast commander, the two of them were only guards of the prison and were not as powerful as the other party.

If he really wanted to take care of them, he could just issue a transfer order and send them under his command. It would be absolutely easy to take care of them however he wanted to.

The spirit beast commander, who had appeared like a ghost, glanced coldly at the two guards. When he turned his head, he immediately put on a warm smile, as if a spring breeze had brushed his face.

"Why did Master Lin come to this lousy place? if there's anything, just let me know and I'll naturally arrange everything!" The spirit beast commander cupped his fists at Lin Yi with a smile. Whether it was Lin Yi's identity as the strategic partner of the central Chamber of Commerce or Elder Green Dragon's high regard for him, the spirit beast commander had to lower his status.

"You're being too polite, commander. It's just a small matter. The people from the Nakajima pill Hall have some connections with me. They might have been locked up because of some misunderstanding, so I just wanted to take them away." Lin Yi smiled faintly and returned the salute.

"I see. It's indeed a small matter. In the future, if there's such a thing, Master Lin can just let me know and I'll arrange it. Why would I need to trouble you to make a trip personally?" The spirit beast leader laughed as he waved his hand. Giving Lin Yi a favor like this was something that didn't cost anything at all. It could get closer to him without any losses-it was perfect!

"You two, didn't you hear what I said? Hurry up and invite Master Lin's friends out!" The spirit beast leader turned to look at the two guards, and his face turned cold again. When he opened his eyes, the majesty of a superior was instantly revealed.

"Lord Commander, we can't make the decision on this matter! The prisoners in the prison can't be released just because you want to!" The two guards looked at each other. In the end, it was the unlucky guy who could blow away a spirit beast commander with a fart who couldn't bear it and braced himself to speak.

"Eh? What did you just say? This Lord didn't hear clearly, say it again!" The spirit beast commander's eyes widened, and his aura surged. He was the commander of the spirit beasts in twisted arc city. He had asked to release a few insignificant people, but he was actually rejected by the prison guards? How was he going to get off the stage?

Not to mention, he was in front of Lin Yi right now. He just promised that it was a small matter, and now he was slapped in the face by two small figures. How could he continue living in the future?

"Commander, I'll say ..." The guard trembled and wanted to repeat himself. Although he was afraid, since he had already offended the spirit beast commander, he had to go all out. Anyway, they were not in the same system now. So what if he ignored him?

Chapter 6129 Trying To Renege On Your Debt?

However, before he could finish his words, the spirit beast commander slapped him. The guard didn't even have the chance to react. His face was slapped and he turned back. His neck made a loud and crisp sound, and it was unknown if it was broken.

"What did you just say? Speak louder, I can't hear you!" The spirit beast commander said coldly. His hand didn't stop moving, and he slapped his neck to the other side. At the same time, he raised his foot and kicked the guard who didn't say a word.

After taking two slaps, the guard was almost dead. The spirit beast commander did not withdraw his leg, but swept it around and kicked the unlucky Guard's waist. As he was swept away, the crisp sound of bones breaking rang out.

"Hey! Didn't you hear what I said? Speak up! I can't hear you!" The spirit beast leader took a step forward and stood beside the guard who was lying limply on the ground, panting heavily. He looked down at the guard with a cold gaze.

"Lord Commander, please spare me! What he meant was that although the prisoners in the prison can't be released at will, Lord Commander is different. As long as you open your mouth, whether you want to kill, cut, or release these prisoners, it's all up to you!" The other guard who had been kicked away quickly knelt down and begged for mercy. As long as he could live, who cared what the spirit beast commander wanted to do!

"Do you mean that I'm tyrannical and broke the rules? You're going to settle the score with me after this matter is over, right?" The spirit beast commander turned to look at the guard, and his tone became colder.

"No, no, I definitely didn't mean that!" The guard shuddered and hurriedly shook his head and waved his hands, afraid that he would end up in the same position as his companion.

The spirit beast leader hmphed coldly but didn't say anything else. The guard was scared stiff, and he suddenly had an idea. He clapped his hands and said to Lin Yi, "Master Lin! Your friend is fine, this little one will immediately bring him out to hand over to you. There are also some of their things here, but

the spirit Jade and the like have already been handed over, so this little one can't return them to your friend!"

Hearing the Guard's words, the spirit beast commander's face looked a lot better, feeling that he had regained some face in front of Lin Yi. He nodded slightly to the guard, indicating that he did well.

"They're not my friends!" Lin Yi smiled faintly. Forget about the spirit Jade, but I do need to get those things back. "

The guard suddenly felt a little embarrassed. If he wasn't your friend, why the hell did you come here? If he wanted the items, he could have just said so. The extra items were only worth two million spiritual Jade. He did not have to bear that much responsibility if the items were taken away and left behind!

The spirit beast leader didn't know what was going on-if she wasn't Lin Yi's friend, why did he have to mention her? However, it didn't matter. It was just a favor at no cost, so it didn't matter.

The guard sneaked a glance at the spirit beast commander. Seeing that he didn't say anything, he immediately turned his head and entered the prison to bring out Zheng dongjue and the others, as well as the things left inside.

"Lin Yi?!" When Zheng dongjue and Zheng Tianqing saw that Lin Yi was also here to redeem li Zao Yi, they immediately felt ashamed. They were so embarrassed that they couldn't show their faces when their enemies saw them in such a miserable state!

"Is everyone doing well here?" Lin Yi looked at the two with a sneer. He didn't want to add insult to injury, but it was a rare opportunity. It was interesting to laugh at these two annoying people.

Zheng dongjue and Zheng Tianqing lowered their heads at the same time, pretending that they didn't hear or see Lin Yi. However, they still greeted Li Zao Yi politely and thanked her for coming to redeem them in time.

"I didn't buy your freedom, it was Lin Yi who came out and saved you." Li Zao Yi's face was calm as she indifferently said to the two of them.

The two looked at Lin Yi, confused. They didn't understand why their enemy would be so kind as to save them. Was he here to laugh at them?

"What are you looking at? Do you think I saved you for nothing? Give me back my spiritual Jade, 50 million!" Lin Yi raised his hand and waved his fingers, indicating that he had used fifty million spirit Jade to redeem them.

The guard at the side was speechless. So you're here to hack the ransom into your own pocket? Can't you have a bottom line? You can discuss it after we leave this place. Don't say it in front of the people who can collect the ransom!

Zheng dongjue and the others didn't suspect anything. After all, they were the ones who told Li Zao Yi about the fifty million spirit Jade. However, how could they be willing to give Lin Yi fifty million spirit Jade just like that? Moreover, they didn't even have half a piece of spiritual Jade with them. What could they use to pay off their debts?

"Lin Yi, don't lie to us. With our relationship, how could you possibly take out fifty million spirit Jade to redeem us? This must be Master Li Zao's spirit Jade, right? We'll naturally return it to Master Li Zao

when we return, don't even think about coveting our spirit Jade!" Zheng Tianqing didn't want to give Lin Yi the spirit Jade even if he was beaten to death and immediately started acting shamelessly.

"I've never offered a single piece of spiritual Jade!" Li Zao Yi once again opened her mouth to clarify herself. What she said was also the truth, but she didn't say half of it.

Zheng Tianqing was speechless. Li Zao Yi came with Lin Yi. It was impossible for him to get Li Zao Yi to deal with Lin Yi.

"What are you talking about? 50 million spiritual Jade. Hurry up, don't try to renege on your debt!" Lin Yi knew that they didn't have any spiritual jades with them, so he purposely spoke up to make them look bad. It was quite interesting.

"So what if you don't pay? What can you do to me if I go back on my word?" Zheng Tianqing made up his mind and decided to continue his great undertaking of being a scoundrel to the end.

Zheng Dongjue and the rest of the people from the pill Hall stood to the side and didn't say anything, letting Zheng Tianqing and Lin Yi talk.

"Are you really going back on your word? No problem, then you can continue to stay inside!" Lin Yi smiled and turned to the guard. "I'm sorry, please send them back. There might be someone who will come to redeem them in the future, but it definitely won't be today. "

The guard was overjoyed. If he could bring these people back, his responsibility would be reduced by half. If he could really receive the ransom, losing some small things would not be a big deal.

"Don't worry, Master Lin. It won't be troublesome at all. I'll bring them back right away!" The guard bowed and smiled. He then pulled the chain in his hand and coldly said, "Let's go. What are you looking at? Go back to the prison and reflect on your actions!"

Zheng dongjue and the others were all dumbfounded, especially Zheng Tianqing. He thought that Lin Yi had used the spirit Jade to buy their freedom, and this matter was over. Even if he didn't give them the spirit Jade, Lin Yi wouldn't do anything to them in front of lizao Yi. Who would've thought that the spirit beast guards here would be so obedient?

Chapter 6130 Do You Have Any More Questions?

The problem was, how did Lin Yi command the spirit beasts? Was he related to the spirit beast clan?

Moreover, their relationship didn't seem to be ordinary. Otherwise, he wouldn't have the authority to command the spirit beasts to do things as he pleased!

"Lin Yi, let's talk this out-we'll definitely pay you back the spiritual Jade we owe you, but we don't have any spiritual Jade with us right now. When we get back to the central island, we'll definitely pay you back the fifty million spiritual Jade!" Zheng dongjue quickly opened his mouth to admit defeat. He did not want to be locked up in prison again. After his strength was sealed, he really could not last long at his age. It was only 50 million spirit Jade. Here!

"Vice Pavilion master Zheng is really good with words. Since you said you'll pay me back, then write an IOU!" Lin Yi's lips curled up as he looked at Zheng dongjue with a teasing smile.

Zheng dongjue could be considered to be able to let go of things easily. At this time, he did not hesitate at all and nodded his head in agreement.

Lin Yi wasn't too interested in the things they'd left behind-he only took the location Jade plate and left the rest to them.

"Master Lin, the matter here has come to an end. I wonder if you have the time to invite me to have a meal?" The spirit beast leader smiled and cupped his fists at Lin Yi. He did Lin Yi a favor this time, and it would be better if they could deepen their relationship.

Lin Yi returned the salute,"thank you for your help this time, commander. I should be the one treating you, but I have something to do now and have to leave the city immediately. I can only thank you next time."

The spirit beast leader paused, but he didn't think that Lin Yi wasn't giving him face. He'd already done him a favor, and it didn't matter if they ate or not.

"Master Lin, do you have any urgent matters? Is there anything you need help with? in the Yu Luo Sea area, I still have some ability. " The spirit beast leader said confidently. If he could really help, it would be another favor. He had to be on good terms with Lin Yi.

"I had already left black arc city, but I rushed back after receiving their call for help. I'm very grateful for your concern, but you probably can't help me with my matters." Lin Yi smiled and explained briefly before rejecting the spirit beast commander's offer.

"Since that's the case, I won't hold Master Lin up any longer. If there's anything you need in the future, just let me know. When you reach black arc city, you must come and have a drink with me!" The spirit beast chieftain laughed, and Lin Yi naturally responded with a few words.

After leaving the prison, Lin Yi brought Lizao Yi, LAN Guzha, and the others to the dock. Since he had the Jade plate, he naturally wouldn't bother with Zheng Dongjue and the others.

There were other people in the pill Hall, but they were all guest guards. They didn't have much power in the pill Hall, and were basically Zheng Dongjue's men. Lin Yi didn't have to worry about their fate.

Lin Yi wouldn't bring the Zheng family's people to search for the ruins if he didn't have to. Unfortunately, he had taken the Jade plate for Zheng Dongjue's location. How could he lose them so easily?

"Lin Yi! That positioning Jade plate belongs to our pill Hall. You have to return it to me!" Zheng Dongjue couldn't take it anymore as Lin Yi was almost at the dock. He quickly stopped him and asked for the Jade plate.

"Boss, this old man is really shameless. It's obviously ours, but he still says it's his. Can I beat him up?" LAN Guzha's eyes brightened. He quickly came forward to fight Zheng Dongjue, hoping that they could have a good fight.

Zheng Dongjue's face changed. He asked for the Jade plate because he had no other choice. He knew how strong Lin Yi's side was. It was not something the eight of them could fight against.

If a fight were to break out, LAN Guzha would probably be able to sweep the entire scene by himself. Hence, it was better to avoid fights if possible.

"No, Lin Yi, listen to me. The ransom is fifty million, and it includes our things. Since I wrote you fifty million spirit Jade, then the location Jade plate is ours, right? We're all influential people in Nakajima, so we still have to be reasonable, right?" Zheng dongjue quickly waved his hand. At the same time as he stopped LAN Guzha, he babbled on and on about facts and reasoning, saying everything in one go.

Lin Yi blinked. Zheng dongjue's words made sense-since he wrote the IOU, then the items that were redeemed should be theirs.

"The location Jade plate belongs to the pill Hall, and now it's Lin Yi who took it back. I said it's fine for him to have it, do you guys have any questions?" Li Zao Yi suddenly opened her mouth coldly, which made Zheng dongjue choke on his words.

As the head refiner of the pill Hall, he did have the right to hold the compass. Yi was with Lin Yi right now, so it didn't matter who had it.

Moreover, Zheng dongjue was the one who couldn't keep the position Jade plate, and now he wanted to take it back. How could there be such a good thing?

"Master Li Zao, it's not a problem if you want the positioning Jade plate. Didn't you already take one before? Alright, alright, we don't want the Jade plate anymore. However, exploring the ruins is an important activity for the pill Hall. Everyone is together. This should be fine, right?" Zheng dongjue pointed out that Li Zao Yi already had a Jade compass and went for the second best option, asking to go to the ruins with Lin Yi and the others.

Li Zao Yi was extremely unwilling, but they brought up the name of the pill Hall, so she couldn't reject them. She could only look at Lin Yi.

Lin Yi didn't have a choice-he wouldn't have bothered with these two Zheng idiots if it weren't for Lizao Yi. He had to consider Lizao Yi's position first.

"If you want to follow me, then so be it. But if you encounter any danger, you have to be responsible for it. I won't save you." Lin Yi looked at Zheng Dongjue and Zheng Tianqing from the corner of his eyes, a smile on his lips.

The ruins were not simple. Just the golden-haired monkey puppet guarding the door was already at the initial stage of earth creation. After entering the stone door, who knew how many dangers they would encounter?

To put it bluntly, if it wasn't for Lin Yi, these people from the Pill Hall wouldn't even be able to get through the door!

"Of course. Master Lin, you don't have to worry about safety!" Zheng Dongjue gritted his teeth and laughed. In fact, he did not think that they would encounter much danger. It was just the remains of an Alchemist, how dangerous could it be?

"By the way, you said in the message that you have something to tell me. What is it?" Li Zao Yi suddenly thought of this matter and immediately looked at Zheng Dongjue.

"Uh, it's actually about the ruins. Master Lizao, you left early, so you didn't have time to read up on some information about the ruins. That's what I wanted to talk about." Zheng Dongjue said without changing his expression. Of course, he deliberately didn't tell Li Zao Yi about the remains, so even if he set off later than Li Zao Yi, he wasn't worried that he would be beaten.
