

## Bodyguard 6171

### Chapter 6171 Azure Dragon's Intervention

However, the other spirit beast's eyes lit up. He hadn't paid attention to her before, but after approaching, he discovered that this human woman was really beautiful.

After spirit beasts transformed, their sense of beauty also began to approach that of humans. Therefore, beautiful women were still beautiful in their eyes. Li Yi's level of beauty was even more outstanding!

"Yi, this little girl is really good. I like her. You two deal with these two reckless things, and let me use my big stick to teach this little girl a good lesson. Maybe she can't stand it and will tell us first!" This spirit beast expert's face revealed an undisguisable lecherous smile. He reached out and wanted to pull Li Zao Yi's wrist.

Lin Yi's face turned cold, and his killing intent rose. These two peak late mountain split cultivators were looking for death if they wanted to touch Li Zao Yi and LAN Gu Zha!

Sensing Lin Yi's change, LAN Guzha was also prepared to attack. As long as his boss removed the spirit binding rope, he could kill these two idiots immediately!

Although LAN Guzha's strength was still at the peak of the early stage of the mountain split, he had fought with the golden-haired monkey countless times in the illusionary realm. His combat power was no longer what it was in the past. Although the probability of him being completely defeated was at least 99% out of 100 times, he could still win against the golden-haired monkey once or twice occasionally.

With this kind of strength, killing a spirit beast at the peak of the late mountain split stage in seconds was definitely not a problem!

The guard leader squinted his eyes-he felt danger from Lin Yi again. He wasn't the target this time, but the sense of danger wasn't any weaker than last time.

"It really wasn't a coincidence. I was right to bring the three of them here! As long as this kid uses his trump card once, I will know how to deal with it! Just wait and see how I'll deal with him!" The head guard sneered in his heart. He didn't care whether the two accomplices he brought with him were Dead or Alive.

They were meant to be cannon fodder, and as long as they could test Lin Yi's trump card, their deaths were worth it!

In fact, the three spirit beasts who came with them didn't have any direct relationship with the head of the guards. They were just friends, and they helped each other out in small things. For example, to the three spirit beasts, it was a good thing to deal with Lin Yi and the others.

However, they weren't idiots after all. Which one of them hadn't experienced countless life and death tribulations to be able to grow to the mountain opening stage? Lin Yi's killing intent was so condensed that it was almost tangible. If the two at the front couldn't feel it, then they would really die!

"Hell! It seemed like he had been F \* cking tricked! How is this the killing intent a human at the great circle of black Ascension should have?" The two guys who entered the cage cried out in pain. They wanted to leave, but they didn't dare act rashly, afraid that they'd become Lin Yi's target.

Lin Yi squinted his eyes at the two. He had already made up his mind to use the soul-snatching hand to get rid of the idiot who tried to trick Yi Zao Yi, but his spirit sense suddenly detected the Green Dragon's appearance, so he forced himself to hold back.

Given the strength of the former Azure Dragon's spirit sense, Lin Yi retracted his spirit sense as soon as he noticed the new Azure Dragon's appearance.

The accumulated murderous aura also disappeared without a trace, as if it had never appeared. The two Spirit beast Masters who were on full alert suddenly felt stunned. For a moment, they were not sure whether they should attack or not.

"I didn't expect Azure Dragon to come so quickly. It seems that he is also near the Zhen Duan Sea area. That's why he came here as soon as he received the news. Don't act rashly and restrain your divine sense. Don't let Azure Dragon see anything wrong." Lin Yi warned LAN Guzha and Li Zhaoyi carefully. Their spirit sense was far stronger than Sky Class island's people of the same level. Normal earth formation stage cultivators might not be able to see through it.

However, the new Azure Dragon was different. He was a true Super Master of the sea shattering realm, and his divine sense was far stronger than ordinary earth splitting realm cultivators. If he was related to the ghostly Wuxian in this aspect, he would be several times stronger than Lin Yi.

LAN Guzha and Li Zao Yi nodded slightly to show that they understood. Before they could react, the Azure Dragon appeared in the prison like a ghost.

At the same time, a man with a black bamboo hat followed behind Qing Long. Lin Yi looked at the man with some fear, trying to guess the man's identity.

His spirit sense didn't detect this person before, and now that he suddenly appeared, if he wasn't too strong, then the only possibility that could block Lin Yi's spirit sense was that he had some kind of item!

Lin Yi couldn't tell the man's strength level, so he wasn't sure just how strong he was. And the unknown spiritual awareness tool made him not dare to act rashly.

"Subordinate greets elder!" When the spirit beast clan's experts saw the Azure Dragon appear, they all cupped their fists and bowed, greeting him with respect.

The Azure Dragon first nodded slightly at the man in the black bamboo hat. Then, he casually waved his hand to signal the experts of the spirit beast clan to step aside.

"Master Lin, I didn't think that we would meet again so soon. I'm really sorry. My subordinates didn't know their limits. Please forgive me if I've offended you." Azure Dragon says smilingly, but his expression doesn't seem to be apologetic in the slightest. This kind of attitude is somewhat worth pondering over.

"Elder Azure Dragon, you must be joking. It was just a misunderstanding. I didn't expect that you would come. I'm very scared." Lin Yi smiled faintly as he spoke in a tone that was neither haughty nor submissive, but his eyes were on the man.

"What's going on? Can anyone tell me why Master Lin and the rest are being locked up?" Green Dragon nodded at Lin Yi and put on a stern face as he looked at the spirit beast Masters coldly.

The aura of a sea shattering realm master instantly enveloped the entire area. Even if it wasn't targeted at Lin Yi and the others, they could still feel the extreme coldness, as if they had fallen into an ice cave.

A Super Master of this level was indeed not something they could fight against at the moment. Lin Yi remembered that the ancient warship helped Li Lin fight the sea-shattering beasts on the northernmost Island. It was really risky. If there was even the slightest mistake, it would be enough to crush him.

The head of the guards trembled and subconsciously stole a glance at the black bamboo hat. He did not know how to answer the question of the Green Dragon elder.

Although the man in the black bamboo hat had a distinguished status, he was still an outsider. Elder Azure Dragon was the most powerful figure in the spirit beast clan.

Qing Long's eyes slightly narrowed. He clearly saw the guard leader's small movements. He immediately understood that this matter was not unrelated to the man in the black bamboo hat!

Chapter 6172 Since We're Here, We'll Take It

After thinking for a while, the Azure Dragon asked the man with the black bamboo hat, "What's going on? Didn't she say to try not to offend Lin Yi? You've changed your mind?"

At Azure Dragon's level, his ability to transmit messages was countless times stronger than Lin Yi's. It was impossible to eavesdrop on him. Lin Yi didn't even notice that he was communicating with the man.

The man with the black bamboo hat did not answer the Azure Dragon's question. He just suddenly raised his hand and smacked down. The head guard who was standing at the side with his head lowered was caught off guard and his head was directly crushed by the palm of the man with the black bamboo hat.

"Elder Green Dragon, I also rushed here after receiving the news. I heard that this prison guard acted on his own initiative. You won't blame me for being too cruel, right?" The man with the black bamboo hat said to Azure Dragon with a chuckle as he leisurely retracted his palm.

Lin Yi's pupils contracted-this man was indeed very strong, far stronger than he'd imagined. The guard leader was at the initial stage of earth creation, and while he wasn't on guard, not everyone could take him down with one palm.

He'd noticed Lin Yi's attempt to use the hook on the guard leader, but the guard leader didn't even have time to react when the man made his move. He could tell that the man was far stronger than the guard leader.

Azure Dragon gives a faint smile and gives black bamboo hat a meaningful look. If he wanted to stop black bamboo hat from killing the guard, he would naturally succeed. However, Azure Dragon didn't even move a finger and just let the guard leader be killed.

"Why would I? we are strategic partners. He's just a disobedient little minion. It's fine if I kill him." Azure Dragon waved his hand nonchalantly. He had already roughly understood what was going on.

It wasn't convenient for the man to attack Lin Yi himself, so he wanted to use the spirit beast clan to get rid of Lin Yi. It was a simple method, not too complicated.

The only thing that made Azure Dragon wary was the power behind Lin Yi. If even the man with the black bamboo hat didn't want to deal with him, the spirit beast clan shouldn't offend the person behind him.

The man in the black bamboo hat laughed and said, ""Elder Azure Dragon, you're indeed a heroic man. It's all thanks to you that our organization can cooperate with the spirit beast clan. Let's call it a day. Goodbye!"

With that, the man cupped his fists and left.

Lin Yi's eyes turned cold. The man didn't say which organization he was from, but Lin Yi was sure that it was central. Central wanted to kill him with the help of the spirit beast clan, and then kill him immediately after the failure. It seemed like there was still some tension between them!

If he made good use of it, he might be able to split the Alliance between the two. If he could do it, it would definitely be a great thing!

Apart from Lin Yi, Zheng Tianqing's eyes lit up as well. He'd guessed that this man was from central. They'd finally found the organization after being in the South continent for so long?

Zheng Tianqing wanted to ask, but he was afraid that he would ruin the man's plan. After hesitating for a long time, the black bamboo hat had disappeared without a trace, so he didn't have the chance to speak.

"Elder Azure Dragon, I've really troubled you this time. I've even made a special trip to Lufeng forest for you. Thank you!" Lin Yi was thinking about how to break the cooperation between the spirit beasts and central, but he was still thanking Green Dragon.

Green Dragon turned to Lin Yi and squinted his eyes, "Master Lin is a rarely seen alchemy master. Plus, there's also master Li Zao. It's worth it for me to come here personally. It's rare for the two grandmasters to come to the territory of our spirit beast clan, so please take a good rest here. It just so happens that our spirit beast clan is lacking in alchemists, so I hope the two of you can help us. "

Lin Yi blinked, thinking that this new Azure Dragon was really a weasel paying a chicken a New Year's visit. He didn't have good intentions, but thinking about it, the valley in Lufeng forest was one of the more secretive bases of the spirit beast race, completely different from black arc city. Azure Dragon could let Lin Yi and the others go in black arc city, but it didn't mean that they could let them go in this Valley.

"Well said, well said. It's just alchemy. We won't refuse such a small matter, especially since Elder Green Dragon has come here to help us. We're all friends, so everything can be discussed! It just so happens that we also need to recuperate properly, so it's just right for us to stay here. " Lin Yi smiled, pretending that he didn't understand the meaning behind his words.

"What are you still doing? Hurry up and release Master Lin and the others!" Green Dragon was satisfied with Lin Yi's tactfulness and turned to the spirit beast Masters.

After the head guard was killed, these guys were all silent and didn't dare to move at all. The Azure Dragon's Roar brought them back to life and they rushed into the cage one by one, fighting to untie the spirit binding chains.

The spirit beast Master who had some dirty thoughts about Li Zao Yi didn't dare to get close to her at all. He hid far away, afraid that he'd be found out. This way, the Zheng's father and son got an advantage- they were treated as Lin Yi's companions. Not only did they untie the spirit binding rope, but they also got the master's flattering smile.

Zheng Tianqing wasn't in the mood to thank Lin Yi. He just wanted to leave this place as soon as possible and find the man in the black bamboo hat. If he could get this connection, it might be possible to kill Lin Yi here and now.

Lin Yi only glanced at the two, not saying that they weren't his friends. They were just two insignificant people, after all. Letting them go was giving the pill Hall face.

"Arrange a place for Master Lin and the rest to stay. I still have things to do, so I won't be able to accompany them. Remember, you must treat Master Lin and the rest well and ensure their safety! We must not allow Master Lin and the rest to leave the guards' line of sight. Do you understand?" Qing Long continued to order the spirit beast Masters after Lin Yi and the others were untied.

The spirit beast Masters were a little scared-it sounded like he wanted them to monitor Lin Yi and the others? What was elder Azure Dragon trying to do? Coming here personally to release Lin Yi and the others, just to let them live in a more comfortable cell?

"This subordinate understands! I will definitely do it well! I definitely won't disappoint you, elder!" Regardless of whether they understood it or not, these spirit beast experts had to act like they understood it completely. When facing the Azure Dragon, they could only obey!

Lin Yi laughed coldly in his heart, but he didn't care too much. As long as the Azure Dragon was here, he would not have a chance to escape. Since he was already here, he would just take things as they came. After the Azure Dragon left this place, he would definitely have a chance to escape.

Chapter 6173 Stay Behind To Refine Pills

Besides, Lin Yi was thinking about how to break the partnership between the spirit beasts and central. The guy with the black bamboo hat was in the valley too. He might as well try it out, whether it worked or not.

It was a pity that the man had a spirit sense blocking item on him, and Lin Yi lost track of him after he left his line of sight. He'd have to look for him again.

Azure Dragon ignored the loyalty of the spirit beast Masters and turned to Lin Yi, "I'll take my leave first. I'll come back to look for Master Lin when I'm free."

"Please go ahead, elder Azure Dragon. If you need any elixir, just tell me. As long as you have the elixir formula and spiritual medicine, I will do my best!" Lin Yi cupped his fists casually. He suddenly remembered that the spirit beast clan didn't have much demand for elixirs. Did the Azure Dragon ask him and Li Zao Yi to make elixirs for the recipes for the inner cores of the spirit beasts in the ruins?

With Green Dragon's status, he naturally knew why Lin Yi and the others were brought to the valley. It was possible for him to test Lin Yi without making a sound. No, this wasn't even a test. If Green Dragon really wanted Lin Yi to make the core of a spirit beast, it basically meant that the heritage was in their hands.

Lin Yi's head started to hurt when he thought about this. The black bamboo hat was already scary enough. If the Green Dragon targeted them as well, they'd have no hope of escape.

However, this wasn't without its benefits. If he could use the recipes of the spirit beasts as a bargaining chip to make the spirit beasts give up on the center and work with Lin Yi instead, it would be a good deal.

As Lin Yi was thinking, Green Dragon had already turned around and left. He was polite to Lin Yi before, but now he only maintained the most superficial respect. Perhaps he thought that Lin Yi was in the

hands of the spirit beasts and couldn't escape even if he had wings. He would probably become the alchemy machine of the spirit beasts in the future.

"Master Lin, this way please! We brothers will arrange a comfortable residence for you!" After the Green Dragon disappeared, the spirit beast Masters let out a breath of relief. One of them greeted Lin Yi politely and led the way.

Because Green Dragon's attitude towards Lin Yi wasn't clear, these spirit beast Masters didn't dare to be slow. They'd rather be polite than offend Lin Yi. What if Elder Green Dragon really valued Lin Yi and came back to deal with them?

Lin Yi nodded to Fang Zao Yi and LAN Gu Zha and followed the spirit beast Masters out of the prison. Zheng Tian Qing wanted to find the man with the black bamboo hat immediately, but he didn't dare to move around in the territory of the spirit beasts. He could only follow Lin Yi from a distance and wait for them to settle down.

The group of people did not go far. They stopped at a relatively remote place in the valley. The prison of the spirit beast clan was set up in a remote place. How good could it be if it was not far from the prison?

"Master Lin, this courtyard was specially built according to the customs of the human race. It's very suitable to host you all. Take a look and see if you're satisfied?" The spirit beast who was leading the way asked with a smile. His attitude was very good.

Lin Yi's spirit sense had seen this yard before, but he didn't pay much attention to it. He didn't expect it to be their living quarters.

Although it was called a small courtyard, it was actually a simple house built in the countryside. There were eight rooms in total, and there was a fence around it. The style was more rough and did not have the slightest bit of elegance.

However, these huts were protected by simple formations-they weren't too hard. Normal golden core cultivators wouldn't even be able to break them with a full-force attack, so Lin Yi was pretty satisfied with this.

"It's alright, let's do it here!" Lin Yi waved his hand casually, as if he had the right to choose.

"As long as Master Lin is satisfied! Then please go in and rest. " The spirit beast let out a breath of relief. If Lin Yi wasn't happy, he didn't know if he should move Lin Yi to another place.

"Hey, can we go around? You don't have to stay here all the time, do you?" LAN Guzha pursed his lips. He did not care where he was staying, but it was a little too uncomfortable to be cooped up in his room.

Green Dragon didn't say anything about imprisoning Lin Yi and the others-this guy was just trying to fight for it. It'd be good if they could walk around the area-what if they found a few like-minded spirit beast Masters to fight or something?

Zheng Tianqing, who was following behind them, immediately perked up his ears. He had been wondering how he could find the man with the black bamboo hat. If he was confined to these thatched cottages, he might not be able to see the man with the black bamboo hat again even if he died.

The few spirit beast experts looked at each other and hesitated. They really did not know how to answer LAN Guzha's question. The leader's meaning was too vague. It was indeed difficult to understand it by themselves!

"It's fine to walk around, but this Valley is an important base for our spirit beast clan. There are many places that are prohibited from approaching, including us. So, in order to prevent you from accidentally entering the forbidden area and causing unnecessary disputes, you must be accompanied by us if you want to move around in the vicinity." The spirit beast expert who led the way hesitated for a moment before he deliberated and proposed a method that seemed to be a win-win situation.

No matter what Elder Green Dragon's true thoughts were, there shouldn't be anything wrong with this! This guy was also very satisfied with his suggestion.

Zheng Tianqing was secretly happy. With this level of activity, it was much better than being locked up in the straw hut. No matter what, there was still hope of finding the man in the black bamboo hat.

"If I didn't want you to follow me, what would you do? Want to fight me?" LAN Guzha cackled eerily. He felt that he was extremely intelligent to have found an excuse to fight so quickly.

If he attacked the spirit beast clan for no reason, it would definitely bring trouble to boss. However, if the spirit beast clan attacked first, it would be a completely different story.

"Of course not. You're the esteemed guests of Elder Green Dragon. How can we fight you? If you don't want us to follow you, we can only restrict you from leaving the thatched hut to avoid any unnecessary misunderstandings!" The spirit beast leading the way squinted his eyes and smiled very happily. This way, they would have less to worry about.

LAN Guzha was immediately rendered speechless. He could only roll his eyes and enter the thatched hut first after snorting twice.

"Boss, these two huts look the best, so you and sister-in-law can stay there. I'll stay in the one next to you. Old man and young man of the Zheng family, you can go to the two rooms at the end. Don't disturb us if there's nothing important, or I'll definitely kill you." LAN Guzha did a quick check and assigned the best rooms to Lin Yi's side. As for Zheng Tianqing and the other two, they received the worst treatment without a doubt.

Chapter 6174 As Expected, It's Related

Zheng dongjue didn't argue, lowering his head and moving to the hut at the edge with Zheng Tianqing. He knew that both of their lives were in Lin Yi's hands, so he didn't dare to object.

Lin Yi, on the other hand, didn't even look at the two, treating them like air. They could do whatever they wanted.

When the leading spirit beast saw that several people had entered, his heart relaxed a lot. He called for the spirit beast experts who had come with him to quickly get into position. At the same time, he also sent people to gather his subordinates to prepare to keep an eye on them when they went out for a stroll.

What surprised the spirit beasts was that the first one to ask for a walk wasn't lan Guzha, but Zheng Tianqing, who hadn't spoken much. When Lin Yi and the other two entered the thatched cottage, Zheng Tianqing immediately jogged out with a smile and applied to go out and take a look.

"My Lords, I would like to familiarize myself with the nearby area. Is it convenient?" Zheng Tianqing bowed and asked humbly. If he had something to offer, he would have bribed them without leaving a trace. Unfortunately, he was short of money and could only win by relying on his thick skin.

The spirit beast who had just led the way was the consummate level of mountain opening brought by the head of the guards. Now, the strongest spirit beast among the present saw that Zheng Tianqing's cultivation was only at the nascent Soul Stage, and his heart had a little contempt.

The Azure Dragon elder seemed to only care about Lin Yi and Lizao Yi, and didn't care about a small character like Zheng Tianqing!

"Go, just don't wander around. Lang Qi, take him for a walk, but be careful." The spirit beast waved his hand casually and selected another mid-stage mysterious Ascension realm spirit beast to follow Zheng Tianqing. As the strongest one on the scene, he was indeed qualified to be the commander.

The spirit beast named Lang Qi was originally a prison guard who took shifts. When he saw the arrival of the Azure Dragon elder, he could only follow his orders. Now that he was called out, he looked at Zheng Tianqing with some disdain and nodded helplessly.

Zheng Tianqing quickly went over to greet him. Not to mention that Lang Qi was much stronger than him, the area he could walk in was all in Lang Qi's hands. He had to flatter Lang Qi.

Lang Qi did not have much interest in weaklings like Zheng Tianqing. He just gave him a perfunctory reply and walked to the side listlessly.

It had to be said that Zheng Tianqing did have some brains. After observing Lang Qi's words and expressions, he quickly figured out Lang Qi's character. Lang Qi was actually a little happy after being coaxed.

"Kid from the Zheng family, tell me, what's your relationship with Master Lin? Why don't you two look very intimate?" Lang Qi's eyes were still filled with disdain for Zheng Tianqing, but he was still willing to chat with him.

Zheng Tianqing maintained his embarrassed smile and said, "Master Lang Qi, I actually don't have much of a relationship with that Lin Yi. This kid's eyes are on the top of his head, and he likes to trick people. If we're talking about our relationship, it's that he's tricked our family many times. If it wasn't for Elder Green Dragon protecting him, I would've killed him long ago!"

Lang Qi glanced at Zheng Tianqing, thinking that he had never seen someone as shameless as this guy. How dare he talk about killing Lin Yi? It was said that the guard leader who was killed by the man didn't even dare to move in front of Lin Yi. That was an early Earth-splitting master, Zheng Tianqing was just a nascent soul cultivator, what was he?

"If you're not related to that Master Lin, then what's the point of keeping you alive? I'll eat you up like a snack sooner or later. " Lang Qi squinted at Zheng Tianqing and laughed evilly.

Zheng Tianqing was shocked. His strength was too low. The original infant stage could be regarded as an ordinary master in the middle Island, but in front of the spirit beasts of the South continent, he was not even an ant.

If a spirit beast really wanted to kill him, he wouldn't even have the ability to resist. Thinking of this, Zheng Tianqing couldn't help but regret saying that it had nothing to do with Lin Yi.

"Hahahaha, Zheng family brat, you're not scared, are you? What a coward! You're a coward, and even your meat is sour. We spirit beasts don't like to eat people like you!" Lang Qi laughed and did not forget to mock Zheng Tianqing.

Zheng Tianqing was embarrassed and his face was a little red, but he still smiled, for fear of offending Lang Qi.

Remembering that he had come out to find the man in the black bamboo hat, Zheng Tianqing took the opportunity to mention, "Master Lang Qi, although I don't have any relationship with that Lin Yi brat, I do have some relationship with that master in the black bamboo hat! I'm actually a member of the central Chamber of Commerce. Judging from the look of that Lord with the black bamboo hat, he seems to be a high-level figure in our central Chamber of Commerce. I wanted to ask him before, but the difference in status is too big, so I didn't dare to be rash!"

"You are related to that Lord?" Lang Qi was slightly startled, and the contempt on his face immediately disappeared. The head guard was slapped to death by the black bamboo hat man. If he, a small guard, offended him, he would probably die without knowing how.

Zheng Tianqing was overjoyed. Lang Qi's question had almost confirmed the identity of the man with the black bamboo hat. He was indeed related to the central Chamber of Commerce! It seemed that he had made the right move!

"Lord Lang Qi, I wonder if it's convenient for you to take me to meet that Lord? As long as I can confirm that I'm from the same organization as that Lord, I'll definitely reward you handsomely!" Zheng Tianqing could not find the location of the man in the black bamboo hat at all after so long, so he could only hope that Lang Qi could take him there.

Lang Qi hesitated. He didn't care about the reward, but the man in the black bamboo hat was someone that even the elder of the Green Dragon had to be polite to. It would be a good thing for him if he could get to know him.

Although the spirit beast clan's rules seemed to be very strict, such as prohibiting private fights within the clan, they were actually set up for low-level spirit beasts. No one would say anything if a high-level person like the Azure Dragon elder killed a few low-level spirit beasts in a bad mood. After all, the spirit beast clan still followed the law of the jungle.

In such an environment, lang Qi felt that if he helped Zheng Tianqing, he might get unexpected returns in the future. The only thing he needed to worry about was what the Azure Dragon elder would think if he did that.

"Lord Lang Qi, if I'm really from the same organization as that Lord, I'll definitely introduce you to him for a good chat. Maybe you'll regret not meeting him earlier? This is a rare opportunity. Anyway, I just want to walk around and it's possible to go anywhere. The location of that Lord shouldn't be some forbidden area, right?" Zheng Tianqing's eyes rolled as he chuckled and continued to persuade lang Qi.

#### Chapter 6175 Trying To Build A Relationship

Without Lin Yi, his nemesis, Zheng Tianqing felt that his thoughts and mind were much clearer and faster. After seeing lang Qi's hesitance, he immediately added more fuel to the fire.

Lang Qi's eyes brightened. The most important thing to him was to establish a relationship with the man with the black bamboo hat. He was very satisfied that Zheng Tianqing could say it so bluntly, especially when he said that it was possible to go anywhere. It made him think of the saying that he had no responsibility at all.

It was just as Zheng Tianqing had said-the place the man with the bamboo hat lived in wasn't in any forbidden area. The Azure Dragon elders didn't mention Lin Yi's area of activity when they gave their orders, so it wasn't a problem for Zheng Tianqing to walk over.

"Then it's settled! Come with me!" Lang Qi thought for a moment and immediately led Zheng Tianqing in another direction. When they were about to reach their destination, he signaled Zheng Tianqing to pay attention.

"I've never been to this area before, but I know that the Lord lives in that bamboo building over there. If you want to see him, I'm afraid you'll have to pass some dangerous tests. Kid from the Zheng family, are you sure you want to go?" Lang Qi wished that Zheng Tianqing would hurry over, but he still tried to persuade him hypocritically.

"I want to go over! Lord Lang Qi, you can wait for my good news here!" Zheng Tianqing was full of confidence. He said loudly and smugly. Then, he strode toward the main entrance of the small building. He had come here with great difficulty. He must see the man in the black bamboo hat!

Zheng Tianqing raised his spirits and took a step toward the bamboo house. Unexpectedly, two invisible true energy appeared out of thin air and left two deep black pits in front of his feet.

His attitude was obvious. If he dared to take another step forward, he would not be pierced through the ground, but Zheng Tianqing's body. It was more appropriate to call it a warning than a dangerous test.

Zheng Tianqing's back was drenched in cold sweat. He only managed to take a step forward with the tip of his toes touching the ground. He did not even have time to lower his heels. When he saw the bottomless pit, he did not dare to move at all. He could only stand there, his body tensed up.

"My Lord! I'm Zheng Tianqing from the famous medicine sect in Nakajima, and I have a business relationship with manager Kang Zhaoming of Nakajima. I've come to visit you today, and hope that you can take some time out of your busy schedule to meet me!" Zheng Tianqing stood on his tiptoes and cupped his fists in an extremely awkward posture as he bowed. As he did not know if the man in the

black bamboo hat was from central, or if he was concerned about Central's name being exposed, he could only vaguely mention his identity and origin.

Zhaoming's strength was average, but he was the manager of the central Chamber of Commerce. Zheng Tianqing thought that the man would know him if he told him Zhaoming's name.

After he finished speaking, Zheng Tianqing did not dare to raise his head. He still maintained his awkward posture, waiting for instructions from the bamboo house to see him.

Lang Qi, who was behind them, quietly retreated seven to eight feet. He did not want to be involved in the disaster. Just as Zheng Tianqing was an ant in his eyes, he was probably no different from an ant in the eyes of the black bamboo hat man in the bamboo house.

If it were not for his duty to monitor Zheng Tianqing, Lang Qi would have turned around and left at this moment. Whether it was to make friends with the black bamboo hat, to make connections, to hold on to this leg, and so on, he first had to be able to keep his life.

After a while, a lazy voice came from the bamboo house, "Zheng Tianqing, come in and talk!"

"Yes! Thank you, my Lord!" Zheng Tianqing was overjoyed. He was finally able to land on his tiptoes. He carefully wiped the cold sweat off his forehead.

"Zheng ... Tian Qing, talk to that Lord nicely. Don't offend him!" Lang Qi's eyes flashed with a trace of envy as he quickly reminded Zheng Tianqing. At the same time, he also vaguely reminded Zheng Tianqing not to forget what he had promised him.

Zheng Tianqing turned around and nodded to Lang Qi with a smile. "Don't worry, Lord Lang Qi. I know what I'm doing."

If he could successfully establish a relationship with the man in the black bamboo hat, Zheng Tianqing would no longer pay attention to this little spiritual beast guard. However, the situation was still unclear, so he still had to pretend to be polite.

"That's good. I wish you all the best!" Lang Qi smiled in satisfaction and waved at Zheng Tianqing gently. He no longer looked down on him like before.

Zheng Tianqing stopped talking nonsense and quickly walked to the front of the bamboo house. He bowed respectfully and said, "Your Excellency, this lowly one has come in!"

"Hmm." A faint "hmm" was heard from inside. Zheng Tianqing quickly put on a smile, pushed the bamboo door open, bent over, and walked in with small steps.

"I, Zheng Tianqing, pay my respects to Your Excellency!" Zheng Tianqing did not dare to raise his head. He glanced at the two toes in front of him from the corner of his eye. He quickly bent his waist deeper, knelt on one knee, and greeted them respectfully.

"Get up. You've come to see me. What do you want to say?" The man in the black bamboo hat spoke in a calm tone, causing Zheng Tianqing to feel uneasy.

He wondered if this Big Shot had heard of him, Zheng Tianqing. Or was it just for Kang Zhaoming's sake?

"Thank you, Your Excellency!" Zheng Tianqing thanked him respectfully and quickly thought about it. He stood up quickly and raised his head slightly. He was surprised to find that there was more than one person in the room.

In addition to the man in the black bamboo hat that he had seen before, there was another man in a Red Bamboo hat sitting on the other side. However, there was no fluctuation of aura on his body. If Zheng Tianqing had not seen it with his own eyes, he would have thought that there was nothing there except air.

"Zheng Tianqing greets this Lord!" To be able to sit on the same level as the black bamboo hat man and be dressed so similarly, he must be a high-ranking member of the organization. Zheng Tianqing did not dare to be negligent and quickly bowed to greet him.

The man in the red Bamboo hat grunted indifferently, but his body didn't move at all.

"Junior Brother Pao, you should have heard of this Zheng Tianqing, right? In the operation on the northernmost Island, he was the only one who was more outstanding. The higher-ups once mentioned that he could be trained well. " For some reason, the man in the black bamboo hat mentioned this to Junior Brother Pao, who was wearing the red Bamboo hat.

In Zheng Tianqing's ears, this simple sentence was no less than a thousand praises. He was immediately overjoyed.

"Your Excellency is too kind. It's all because of the organization's leadership. This lowly one was only following instructions! If the two Daren need this lowly one's help, please let me know!" Zheng Tianqing had a flattering smile on his face as he cupped his fists and bowed to show his loyalty.

Junior Brother Pao snorted noncommittally and waved his hand to indicate that the man in the black bamboo hat did not need to mind him.

"Zheng Tianqing, you went to the ruins with Lin Yi and the others, right? Tell me the process in detail, don't miss a single detail!" The man in the black bamboo hat nodded to Junior Brother Pao and then ordered Zheng Tianqing.

Chapter 6176 Awesome Junior Brother Pao

Originally, the man wanted to use the spirit beast clan to get rid of Lin Yi. That way, the people behind Lin Yi could only take revenge on the spirit beast clan, but they couldn't vent their anger on the center. The balance wouldn't be broken, but unfortunately, his plan failed. Green Dragon had more or less seen through his goal and would treat Lin Yi more carefully from now on, so the man had to think of another way. If he couldn't kill Lin Yi, it would be good to make use of him.

In order to use him, they had to first figure out what Lin Yi had experienced in the ruins, and what he had obtained was naturally the most important thing. That was why the man with the bamboo hat showed a hint of interest in Zheng Tianqing.

"Yes! "My Lord, we started with Lin Yi in moon arc city ..." Zheng Tianqing bowed slightly and explained the situation in a simple and clear way. He didn't add in any personal opinions, which was rare.

This made the man with the bamboo hat very satisfied. He felt that Zheng Tianqing was still okay and was indeed worthy of training. If he casually added his own judgment in the narrative, it would affect his judgment. It was the best way to explain things clearly and simply.

"So that's how it is-so you guys don't know what Lin Yi and the others found in the ruins, and you can't even be sure if they found anything?" The fingers of the man wearing the black bamboo hat tapped on the coffee table gently, again and again, causing Zheng Tianqing to feel nervous for no reason.

"Y-yes, please forgive me, my Lord! However, after they came out, they were brought here by the experts of the spirit beast clan. Moreover, their belongings were taken away. If they really found something, it should be in the hands of the spirit beast clan, right?" Zheng Tianqing guessed carefully. In fact, he also felt that Lin Yi's things wouldn't be taken away so easily, but he didn't dare to say anything without evidence.

"Brother Pao, what do you think?" The man in the Black Hat turned to Junior Brother Pao, who was wearing a Red Hat, and asked gently.

"Maybe Lin Yi and the others really didn't get anything from the ruins, but we can't be sure about that yet. Senior brother, you can do whatever you want." Pao replied calmly as if he didn't want to get involved, but his tone implied that he was protecting Lin Yi. Zheng Tianqing and the man didn't take it to heart.

"It's possible. Zheng Tianqing, do you have any way to listen in and find out what Lin Yi and the others got from the ruins?" The man didn't think the three would leave empty-handed, and so he turned to Zheng Tianqing. It was more like an order than a request.

Of course, Zheng Tianqing did not have the guts to refuse. Whether he could do it or not, he had to agree to it!

"Of course, there's no problem. Milord, don't worry. This lowly one will do his best to thoroughly investigate this matter!" Zheng Tianqing felt bitter in his heart, but on the surface, he patted his chest and promised.

"Not bad. You've done well. Our organization won't mistreat you!" The man in the black bamboo hat chuckled and turned to the man in the red Bamboo hat. "Brother Pao, what do you think of this? Is it alright to leave it to Zheng Tianqing?"

"If senior brother thinks it's possible, then it's definitely possible! Zheng Tianqing seems to be quite clever, so I'll just use it for now. " Junior Brother Pao nodded noncommittally. After a slight pause, he pointed at Zheng Tianqing and said, "Remember, the mission given to you by the organization is to monitor Lin Yi and find out what they found in the ruins. No matter what they do, you must inform us at once. You can't do anything without permission! Do you understand?"

"I understand, I'll listen to master Pao's orders. If there's anything wrong with Lin Yi, I'll inform you two masters immediately. I won't do anything on my own!" Zheng Tianqing knew that Junior Brother Pao's status was not lower than that of the black bamboo hat man, so he bowed and agreed very respectfully.

These were all his immediate superiors, and he could not offend them no matter what. His future development would depend on their impression of him.

"Very good! You'll definitely have a bright future in the future!" Junior Brother Pao encouraged him indifferently, then returned to his previous self and remained silent.

The man in the black bamboo hat chuckled and gave Zheng Tianqing a few words of encouragement. He was about to send Zheng Tianqing away, but this fellow took the initiative to mention the spirit beast clan.

"My Lords, the spirit beast clan seems to be interested in Lin Yi as well. I wonder if they want the things in the ruins or are they more interested in Lin Yi himself?" Zheng Tianqing was more concerned about this. If he could not figure it out, it would have a great impact on his future actions.

The man in the black bamboo hat wasn't in the mood to explain. He casually waved his hand and said, "You don't have to worry about the spirit beast clan. Just do what I've asked you to do!"

"Yes, my lord. However, with the help of an expert from the spirit beast clan, perhaps this lowly one's task will be easier to complete. There just happens to be an expert from the spirit beast clan outside who wants to offer his services to my Lord. Do you think you should accept his offer?" Zheng Tianqing did not forget what he had promised lang Qi. It just so happened that he did need help. If he could take lang Qi under his wing with the help of the black bamboo hat, it would be the best!

"It doesn't make a difference whether he's a small fry or not. If you think you can make use of him, then do it. You don't need to do it when you meet him. Tell him that as long as he does it well, he will get many benefits in the future!" The man in the black bamboo hat had no intention of meeting lang Qi. A spirit beast of this level was indeed not qualified to meet him.

Only the spirit beast leader, who was a master of the earth opening stage, was barely enough for him to personally subdue. As for lang Qi, Zheng Tianqing could handle it.

Zheng Tianqing also came to a sudden realization, but he didn't care. Anyway, with the black bamboo hat's words, it was enough to explain to lang Qi. As long as lang Qi still wanted to leave a way out for him in central, he was not afraid that Zheng Tianqing would not help.

"This subordinate understands! Don't worry, milords, I know what to do. I'll take my leave now!" Zheng Tianqing secretly changed his self-address to "subordinate." Seeing that the two men in bamboo hats

did not object, he was secretly happy. After bowing respectfully, he immediately and carefully retreated from the bamboo house.

Lang Qi, who was waiting outside, was also a little anxious. When he saw Zheng Tianqing come out, he could not help but feel slightly relieved. He waved to Zheng Tianqing and smiled. "Brother Zheng, did things go smoothly?"

This guy's attitude towards Zheng Tianqing was also getting better and better. From the initial Zheng family boy to Zheng Tianqing, and now he was directly promoted to brother Zheng, because he knew that Zheng Tianqing's status had completely changed when he came out of the bamboo house. As long as the black bamboo hat man intended to cultivate him, the high-level officials of the spirit beast clan would have to give Zheng Tianqing some face, not to mention a small guard like him.

Chapter 6177 Spirit Beast's Pill

"Brother Langqi, I'm really sorry. Although I mentioned it, that Lord didn't have the time to meet you. I'm really sorry!" Zheng Tianqing's face was full of pride, but he had to put on a regretful expression. It was really hypocritical.

Lang Qi spat in his heart, but showed a grateful expression on his face. "It's already good enough that brother Zheng mentioned lang Qi in front of that Lord. It doesn't matter to you whether it succeeds or not. You don't have to take it to heart!"

"That being said, I've failed to live up to brother lang Qi's expectations. Fortunately, I didn't go in vain this time. The Lord said that he didn't have a chance to see you for the time being, but it doesn't mean that he's unwilling to accept brother lang Qi. As long as you can help me with a little task and complete the Lord's task, I will definitely have the opportunity to drink and chat with him in the future. I can guarantee this with my character!" Zheng Tianqing patted his chest with great strength, looking very forthright and forthright.

"Is this true? Brother Zheng, if there's anything you need me to do, please feel free to let me know. As long as it's within my capabilities, I won't refuse!" Lang Qi wasn't stupid. He knew that the real show was here, so he patted his chest cooperatively.

All he needed was an opportunity to get close to the man in the black bamboo hat. It was impossible for him to betray the spirit beast clan, so he had already set the scope of his words in advance.

"Brother lang Qi, don't worry. It's just a small matter. I won't make things difficult for you!" Zheng Tianqing chuckled and leaned close to lang Qi's ear. He began to say this and that.

It wasn't anything special, just monitoring Lin Yi and giving him a little trouble from time to time. As long as it wasn't something that would hurt him, the man would be happy to see it.

After hearing this, lang Qi immediately felt relieved. He felt that these things were really not a problem. They were completely within the scope of his tolerance! Therefore, these two guys immediately put their arms around each other's shoulders and back, as if they were brothers wearing the same pair of pants. There was really no one else like them!

Lin Yi still didn't know that Zheng Tianqing, the idiot he treated as air, had hooked up with the man in the black bamboo hat and the guard of the spirit beast clan, lang Qi, after going out for a walk. Otherwise, he would have to re-evaluate Zheng Tianqing.

He didn't know if it was Zheng Tianqing's bad luck, but whenever he faced Lin Yi, no matter how he planned, he would always end up shooting himself in the foot. However, when he didn't target Lin Yi directly, he seemed to have some good luck. It was a bit strange, but he didn't realize it himself.

After Zheng Tianqing came back, he didn't do anything strange and hid himself, starting to monitor Lin Yi and the other two's movements. Unfortunately, they didn't come out after entering the grass hut, and Zheng Tianqing's spirit sense hadn't even started training yet. It was impossible to expect him to use his spirit sense to investigate like Lin Yi, so he could only stand guard by the window and watch the grass hut.

Zheng Dong didn't know what Zheng Tianqing was busy with, but he felt that it was important to keep an eye on Lin Yi. He didn't need Zheng Tianqing's request to keep an eye on Lin Yi, hoping that one day he'd be able to follow behind Lin Yi and the others and break out of this damn cage.

Time seemed to pass faster here, and a day passed in the blink of an eye. Zheng dongjue and Zheng Tianqing's eyes were tired from staring, but Lin Yi and the other two didn't come out for a walk. Even LAN Guzha stayed in the thatched hut.

Zheng Tianqing was even considering if he should go through some trouble to draw Lin Yi out. His mission would be impossible to progress otherwise.

Just then, Green Dragon arrived again. There was no need to report-Lin Yi brought lizao Yi and LAN Guzha to welcome him first. After all, they still had to maintain a friendly relationship on the surface.

"Elder Azure Dragon, may I know what brings you here today?" Lin Yi smiled and cupped his fists casually. His attitude was neither humble nor arrogant. Even though Qinglong was a sea-shattering expert, Lin Yi still treated him the same.

"Master Lin, of course I'm here to ask you to help me refine pills. And Master Li Zao, not only are the two of you the best alchemists in the younger generation, you're also quite powerful even among those alchemists who have been famous for a long time. It's already an honor to have one of you help us. Our

spirit beast clan is really lucky to have both of you help us refine pills at the same time!" Azure Dragon laughed and said. As for whether or not he really thought so, only he himself knew.

Lin Yi knew that this wasn't a discussion-this was an order or a notification. If he rejected it, they'd fall out immediately. For now, Lin Yi didn't want to completely fall out with Green Dragon.

"Elder is too kind! If it's just about refining elixirs, we've already agreed that elder Azure Dragon will provide me with the necessary spiritual herbs and so on. I won't refuse to refine elixirs!" Lin Yi agreed readily. As for whether or not they could make it, and what quality it would be, it all depended on how the spirit beasts treated the three.

"Master Lin, you're indeed a straightforward person. I'm relieved to hear you say that. There are many alchemy materials here. Also, there's a list of the pills we need. Master Lin, take a look at the list first. If there's anything you don't have, just tell me. I'll find someone to prepare it for you!" Green Dragon took out a storage bag and gave it to Lin Yi, his eyes full of interest.

Lin Yi raised an eyebrow and took the storage bag without saying anything. He sent his spirit sense into it and saw a lot of alchemy materials, but he didn't expect that the main material in the bag was the inner cores of the spirit beasts.

If Lin Yi didn't have the recipe collection from the ruins, he would only be able to stare at these materials helplessly. He could try making them now, but he didn't know if the Shennong cauldron could make the inner cores of spirit beasts.

"Elder Azure Dragon, there's a problem with the materials you've given me. I've never used the inner cores of spirit beasts to refine pills before." Lin Yi said calmly as he retracted his spirit sense. He'd seen the list of elixirs Qinglong needed-most of them were healing elixirs for spirit beasts, and some were for cultivation.

Lin Yi and Li Zao Yi wouldn't have a problem if they used spirit herbs to make it, but it wasn't very effective for spirit beasts. It could only be effective after adding the inner cores of spirit beasts.

"Master Lin, just because you haven't made it doesn't mean you can't. I believe that with the two of you're extremely talented, it'll be a piece of cake for you to research it. After all, the path of alchemy leads to the same destination. No matter which branch it is, the principles are the same. Moreover, the two of you have entered the remains of ancient alchemists. Even if you didn't find anything good, you should at least have some knowledge, right?" The Azure Dragon squinted his eyes and smiled faintly. Although he spoke in a calm manner, the undeniable meaning behind his words was extremely obvious.

Chapter 6178 Closing In Step By Step!

"Since elder Azure Dragon thinks so highly of us, of course we have to do our best to study it. If we can successfully refine it, it will be a great improvement." Lin Yi smiled and didn't reject the offer. He wanted to try and see if he could succeed with the cores of spirit beasts. Since Qinglong was here to give him the materials, he didn't need to be polite.

"Master Lin, you're a smart person. I believe that it won't take long for you to find a way to refine pills. Tomorrow, at this time, I'll come back and wait for good news!" Qinglong was being polite, but he was actually forcing Lin Yi to give him the finished product within a day.

"Elder Azure Dragon, refining pills isn't like cooking. You can't just take it out casually. Come over tomorrow. I can't guarantee that I'll give you any results!" Lin Yi's expression was calm as he rejected the offer. He couldn't leave himself with such a big trap. No matter how the Green Dragon forced him, the speed of the refinement couldn't be decided by the Green Dragon.

"How long do you plan to take to give me an answer?" Green Dragon didn't get angry and looked at Lin Yi calmly.

"Come up with a result within ten days!" Lin Yi said after thinking about it.

"Three days at most. After three days, I'll see it as you're not cooperating on purpose! It's decided then. I'll come back in three days. I hope I can hear good news. " Qing Long made his decision in an unquestionable tone and gave Lin Yi a meaningful smile. He didn't wait for Lin Yi's reaction before turning around and leaving.

Lin Yi's eyebrows twitched, but he didn't say anything. If the Shennong cauldron could make elixirs with the cores of spirit beasts as the main ingredient, it wouldn't even take three days. If it couldn't, it wouldn't matter even if Lin Yi had three years.

On the other side of the house, Zheng Tianqing was secretly pleased with himself. He was happy to see Lin Yi getting beaten up. He finally got some information from his surveillance this time. He would have something to report to the man with the black bamboo hat later.

After Qinglong left, Lin Yi brought lizao Yi and LAN Guzha back to his hut. He opened the storage bag Qinglong gave him and took out everything inside.

In addition to hundreds of spirit beast inner cores, there were also many supplementary spirit herbs. In the territory of the spirit beast clan, there were many spirit herbs and spirit fruits. These things were not very useful to the spirit beasts, and no human dared to collect them. After countless years, even the low-grade spirit herbs were of the highest quality.

"Green Dragon is quite thoughtful. He even prepared a pill furnace for us!" Lin Yi smiled and threw the two cauldrons to the side. His Shennong cauldron and lizao Yi's nine revolution heaven cauldron were both in the Jade space. The spirit beasts only took lizao Yi's old cauldrons. The two cauldrons from the Green Dragon were slightly better than the ones lizao Yi used before, which was not bad.

Unfortunately, Lin Yi and Lizao Yi had the Shennong cauldron and the nine revolution heaven cauldron in their hands. They didn't care about these two cauldrons-they weren't interested in cauldrons at all in the Green Dragon's storage bag.

"Lin Yi, you're preparing to make elixirs for the spirit beasts? Although Azure Dragon believes that we've definitely obtained something from the ruins, if he can't find it, then he can't find it. If you can refine a pill that can make a spirit beast's inner core, wouldn't that make him even more suspicious?" Li Zao Yi picked up the Azure Dragon's list of requirements and said with some worry.

Lin Yi must have his own secrets for him to be able to hide his gains from the ruins. If he revealed that he had the recipe, it would only make the Green Dragon more suspicious of them, and that wouldn't be good.

"It doesn't matter. In fact, there's nothing too mysterious about using spirit beast's inner core to refine pills. It's almost the same as using sea beast's inner core to refine pills. The most important thing is the joint use of Zhen Qi pill fire and spirit sense pill fire, so it's not strange that we can refine it. It's completely understandable." Lin Yi smiled faintly and waved his hand. He'd already thought of how to explain it to Green Dragon, and it wasn't a big deal.

"So that's how it is. Since you're confident, I won't say anything more. Just tell me what to do next!" Lizao Yi nodded. She trusted Lin Yi a lot, so she didn't have to worry when Lin Yi said it was fine.

"Study these pill recipes first and see if you can refine them. Use the pill furnace provided by the spirit beast clan to avoid arousing their suspicion. Take these spirit beasts' inner cores and supplementary spirit herbs, and you can refine thirty pills. Control your speed well, it can't be faster than one pill a day. " Lin Yi took out a cauldron and some ingredients, and copied down the recipes for the elixirs on the list for Li Zao Yi.

"Alright!" "Okay!" Li Zao Yi agreed immediately. After taking the recipe from Lin Yi, she said hesitantly, "Actually, one pill a day is a heavy burden for me. Maybe I will need you to help me recover my strength and true Qi."

"Of course, no problem. We don't have to be in a hurry. We'll give green Dragon one pill a day. It's normal for us to give him one pill a few days for high-level pills. I don't think he'll do anything to us, so don't worry." Lin Yi guessed that the Green Dragon wouldn't really kill them, so it didn't matter if they were slow as long as they could make the pills.

Furthermore, it took time for an Alchemist to concoct pills. Not every Alchemist had the Shennong cauldron's automatic pill concoction system like him. Normally, it was already good enough to concoct one pill a day. Furthermore, one had to rest after the concoction. Not everyone could concoct pills continuously.

"I understand. I'll go and study these pill recipes now and try to make pills." Li Zao Yi casually picked up a pill furnace, the spirit beast's inner core, and the spirit herbs, then turned around and walked back to her room.

Lizao Yi was very happy to be able to research new recipes and techniques. As for the spirit beast clan, Lin Yi could think about it. She just needed to do as he said.

"Boss, you guys are going to concoct pills, what about me?" LAN Guzha looked at Lin Yi pitifully. He couldn't do anything here-he couldn't fight, he couldn't eat, and he had no one to talk to. One or two days was fine, but it seemed like Lin Yi and the others were planning to stay for a long time. LAN Guzha was starting to get worried.

Why would Lin Yi stay here for long? If there was a chance, of course, he would leave immediately. Shangguan LAN 'er was still waiting for him to go to the East Province! The problem was that with the Azure Dragon here, they had no chance of escaping at all, not to mention that the unfathomable man in the black bamboo hat was also here.

"LAN Guzha, you have a very important task. When Li Zao Yi and I are refining the pills, we'll be relying on you to guard us. Don't let anyone disturb us, especially those two fellows from the Zheng family. They can't accomplish anything, but they can ruin things. You must be more careful, understand?" Lin Yi knew what LAN Guzha was thinking. He smiled and gave him some instructions.

Chapter 6179 The Green Dragon's Purpose?

When LAN Guzha heard that he had such a heavy responsibility, he immediately patted his chest and said, "Don't worry, boss. With me, LAN Guzha, around, I guarantee that no one will disturb you and sister-in-law refining pills! Especially those two rat-like things. If they dare to come, I'll kill them directly!"

After a slight pause, he didn't forget to ask for Lin Yi's opinion, "Boss, is it okay for me to kill them?"

"It's up to you. If you think it's necessary, just kill him!" Lin Yi thought about it and waved his hand casually. Zheng Tianqing and Zheng dongjue were indeed annoying. They kept finding trouble with them. If it wasn't for the pill Hall and Li Zhaoyi, he would've killed them long ago.

If they still didn't know what was good for them here and threatened Lin Yi and Lizao Yi's safety, then there was no need to tolerate it anymore-they'd just kill them.

LAN Guzha agreed solemnly and returned to his room immediately. He stared at the two men from the Zheng family with his eyes wide open. At the same time, he spread out his divine consciousness and paid close attention to the spirit beast clan's guards around him.

After the leader of the guards was killed by the black bamboo hat man, the strongest person guarding them now was only at the consummate level of the mountain split realm. LAN Guzha did not take this to heart. With his combat strength, he could fight and gain the upper hand against almost all those who had not reached the earth split stage and did not have any special means.

After LAN Guzha left, Lin Yi didn't start studying the alchemy right away. Instead, he made some slight changes to the cottage's formation under the guidance of the ghastly thing.

There was a simple spirit sense-blocking formation on the hut, but it didn't matter to the spirit beast Masters. They could see what was going on inside the hut without a problem. After Lin Yi's modification, it was different. Even a sea Rift realm master like Qing Long would need a few breaths to break through the formation.

A few breaths was enough for Lin Yi to react. He wasn't like lizao Yi, who could just use any decent furnace. Without the Shennong cauldron, he wouldn't even be able to make a golden class first level pill. He had to completely cut off the possibility of being watched.

Other than the spirit sense shielding formation, Lin Yi also set up a simple stealth formation. He could've used the level eight stealth formation disk, but he kept it in the Jade space, and the spirit beasts didn't notice it before. If this thing suddenly appeared, wouldn't it be a lie?

The invisibility formation was simple-there weren't any suitable formation flags, and it was only a Grade 4 formation. But this was something that GUI Dongxi had combined with the thousand amplification formation, and it could buy Lin Yi two to three breaths of time.

"Alright, the preparation work is done. Next, let's start researching the pill recipe! I hope that the Shennong cauldron will not disappoint me!" Lin Yi took out the Shennong cauldron and muttered to himself before entering a new recipe into the automatic refining system.

The cores of spirit beasts and sea beasts were the main ingredients for making elixirs, and they were very similar in nature. Lin Yi estimated that the new recipe should be fine, but he couldn't be too sure until he actually tried it. After all, there were some slight differences between the two.

The good thing was that the Shennong cauldron that Jingjing had just upgraded was very useful-the script was immediately generated after the new recipe was inputted, and Lin Yi let out a breath of relief.

If the Shennong cauldron couldn't refine the elixir with the inner elixir of a spirit beast as the main ingredient, he could only use the old method to help Li Zao Yi recover her true Qi and physical strength and continue to refine the elixir. This would be extremely disadvantageous to them. Fortunately, such a situation didn't occur.

After creating the recipe, Lin Yi immediately started his first attempt. Most of the recipes he got this time required the spirit fire, especially the ones that used the cores of spirit beasts. The spirit fire took up a large portion of the recipe, and the Qi fire was just a supplementary ingredient.

In fact, this was not strange. After all, the elixir made from the inner core of a sea beast was also dominated by the consciousness elixir fire. Even the small Jianghu in the ancient times did not know about the existence of the true Qi elixir fire.

Following the system's instructions, Lin Yi quickly made his first batch of elixirs. He put in four sets of ingredients and finally got five elixirs. They weren't special quality, but they weren't bad either. All five were high quality, and Lin Yi was satisfied.

This cauldron of elixir was enough for the next five days, and Lin Yi could use the extra time to think about how to escape. If possible, he also wanted to find out about Central's plan in the South continent.

After making his first batch of elixirs, Lin Yi didn't continue. He entered the new recipes into the automatic refining system for future use. Azure Dragon didn't bring a lot of materials-for a normal refiner, it would be enough to use for three to five months, but for Lin Yi, it would be used up in two to three days.

After all, other refiners could only use one set of ingredients at a time, and it was already impressive if they could make one or two in a day. Lin Yi, on the other hand, used several sets of ingredients at a time, and could make several times in a day. This consumption speed was ten to twenty times faster than normal refiners.

If he continued to refine pills, it would be strange if the Azure Dragon did not become suspicious the next time he came and found that all the materials had been used up and there were only one or two pills.

For this reason, Lin Yi decided not to continue refining elixirs for now. After sorting out the recipes, he would start thinking about how to break out of this situation. Other than that, he also needed to think about whether he should break through here.

The Lin Yi right now was at the point where he could break through at any time. When he returned to the secular world, he used the star Black coal to train his soul. This breakthrough could reach the perfect mountain opening stage, but it would cause a huge commotion. Breaking through in such a high profile in the enemy camp was just asking for death.

Three days later, Qinglong came to the cottage on time. He didn't know why he was so interested in Lin Yi's elixir making. After all, on the list he gave Lin Yi, most of the elixirs were only for mountain opening stage, and only a few were useful for earth formation stage. As for sea splitting stage elixirs, there wasn't a single one. Perhaps he thought that Lin Yi and Lizao Yi's elixir making skills weren't enough to make elixirs for sea splitting stage spirit beasts.

It was because of this that Lin Yi found it even more strange. He didn't believe that the Azure Dragon would care about his spirit beasts. He asked Lin Yi to make pills for him to train his little brother. The spirit beasts mostly relied on their bloodline to form groups. They wouldn't come to you just because you gave them some benefits.

#### Chapter 6180 Hot Head

For example, if the Azure Dragon wanted to bribe the Vermilion bird's clansmen and branches with pills, there was a 99% chance that he would be rejected. As for the remaining possibility, who could be sure that the other party was not here to be a spy? Even if I do, you might not be confident enough to use it.

"Elder Azure Dragon is really punctual! Exactly three days, no more, no less!" Lin Yi smiled faintly, his tone mocking.

Azure Dragon acted as if he didn't understand and nodded with a calm expression, "Master Lin is worthy of such treatment. The three days are up. I wonder if Master Lin will disappoint me?"

"Of course I won't! Elder Azure Dragon has taken such good care of us, how can I let you down? After three days of research and refining, I've finally succeeded in refining a pill!" Lin Yi didn't waste any time and took out a pill, throwing it to Green Dragon.

This was a healing pill for experts in the mountain opening stage. It could be used for those below the mountain opening stage. For those above the mountain opening stage, the effect would decrease in order. If the Azure Dragon was injured, this pill would probably be useless.

"Master Lin is indeed talented. He was able to research the pill recipe in three days and successfully refine the pill. It seems like he has really gained a lot from the ruins!" Qinglong caught the pill, his eyes flashing with joy as he looked at Lin Yi with a mysterious look.

"Elder Azure Dragon, you've misunderstood me. I've been studying the elixir recipe of replacing spirit herbs with the inner cores of sea beasts for a long time, and I've made quite a bit of progress. Look at these elixir pills. I used to use the inner cores of sea beasts to make them. Because of this experience, it's much more convenient to change them to spirit beasts' inner cores." Lin Yi smiled faintly-he'd expected this to happen. He took out a couple of golden pills and grade seven recover pills from the storage bag the spirit beasts gave him.

These were all refined by him using the inner cores of sea beasts in the past. They were useless to him, but he could occasionally give them to others. He didn't expect that he could use them to scare people now.

Azure Dragon blinked-he'd been pretty sure that Lin Yi got the heritage from the ruins, but the explanation seemed to make sense.

He took the pill from Lin Yi's hands and sniffed it, squinting his eyes.

He did smell the scent of a sea beast on these pills-it was very faint, but he couldn't hide it from him. From the color of the pills, they weren't made recently, either-Lin Yi wasn't lying.

"Master Lin is indeed amazing. You can deduce a new pill recipe with your own ability and even modify it perfectly. Calling you a genius is already belittling you. In terms of alchemy, you're definitely a demon-level existence!" Azure Dragon returned the elixirs to Lin Yi, complimenting him sincerely.

"You flatter me, elder Azure Dragon! Because I need to deduce the pill formula and sometimes make adjustments during the refining process, I will consume more materials. If possible, I would like to ask elder Azure Dragon to send more materials over. " Lin Yi smiled faintly and asked for the materials. He wasn't greedy for the cores, but he was just trying to reduce the Green Dragon's suspicion.

"No problem. Master Lin, feel free to let me know if you need anything. Here are some materials that I've prepared. Take them first. If they're not enough, we'll talk again!" Green Dragon thought that this was normal and gave Lin Yi a storage bag. The entire South continent was under the control of the spirit beasts, so they could have as many elixirs and spiritual herbs as they wanted.

Lin Yi took the storage bag without hesitation. He knew that the Green Dragon wouldn't be here for a few months, and the spirit beasts would do the monitoring. As long as the Green Dragon wasn't in the valley, it would be much easier for Lin Yi to leave.

"How's Grandmaster Li Zao's alchemy progress?" Qinglong didn't forget that there was a genius refiner here. It didn't matter if they got the heritage or not, as long as Lin Yi could make spirit beast cores, Li Zao Yi could do it too.

Li Zao Yi stood behind Lin Yi, not saying a word. She only raised her head when Qing Long mentioned her, "I've also refined a pill, but the quality is a bit lacking. I still need time to study it. "

As she spoke, Li Zao Yi took out the medicinal pill she had prepared earlier and handed it to the Azure Dragon. This was the first time she had refined it, and it was only of low quality. It didn't have much effect on spirit beasts in the mountain opening stage, so it wasn't worth much.

However, the quality of the elixirs she refined later on got better and better. Within three days, li Zao Yi refined a total of four elixirs. Except for the first one, which was of low quality, the second one was of medium quality, and the third and fourth ones were of high quality. Whether it was speed or quality, she was far better than other alchemists of the same level.

After all, she made them one by one, and Lin Yi had multiple sets of materials at once. It was already very hard to do this.

After Lin Yi found out about it, he was deeply impressed. Of course, when he told Qinglong, he only needed to give him the pill from the first time to make up for the number.

"As expected, Master Li Zao's talent is also outstanding. I believe that after you get familiar with it, you'll become more and more used to it. The two of you can rest assured and stay here. I definitely won't mistreat you!" A satisfied smile appeared on Azure Dragon's face. Of course, he didn't care for low-grade medicinal pills, but he was already very happy that li Zao Yi was able to successfully refine them. With this kind of alchemy ability, it was only a matter of time before the quality of the pills increased.

"Elder Azure Dragon, don't worry. We won't let you down!" Lin Yi only smiled, hoping that the Green Dragon would leave as soon as possible.

At this moment, Zheng dongjue suddenly ran out and shouted, ""Elder Green Dragon! This lowly one has something to report!"

Lin Yi frowned as he looked at Zheng dongjue coldly. This old man didn't come out with good intentions.

Zheng Tianqing's face was bitter as he followed behind. He didn't expect Zheng dongjue to find Green Dragon all of a sudden. It was all his fault. He kept asking Zheng dongjue to keep an eye on Lin Yi, but he didn't tell him about central and the two bamboo hat Men, which led to this situation.

"What do you want to say?" The Green Dragon cast a cold glance at Zheng dongjue, giving him a chance to speak.

"Elder, I suspect that Lin Yi is lying to you, and I can't stand it anymore, so I decided to testify against him!" Zheng dongjue secretly swallowed his saliva. He could not help but feel a little regretful. He did not know why he had rushed out in a moment of passion.

Why did she have to come out when she knew that nothing good would come out of going against Lin Yi? It was a pity that they couldn't back down now. If they could get on the Green Dragon's good side, they would be able to do whatever they wanted in the spirit beast clan. Even if they couldn't kill Lin Yi, they didn't have to be afraid.
