Chapter 6181 The Punishment For Being Impulsive

"How could he lie to this seat? If you randomly bite, this Lord won't easily forgive you!" Green Dragon said indifferently, his eyes scanning Lin Yi.

"Elder, don't worry. I definitely won't dare to speak nonsense!" Zheng dongjue wiped his cold sweat and continued, ""Elder, you may not know this, but Lin Yi's alchemy skills are extremely powerful and fast. When he went to the northernmost Island, he could make a few high-tier pills in a day. I'm ashamed of my own inferiority to this kind of skill. So now, he only takes out one pill every three days. He's obviously lying to you, elder!"

Lin Yi's face was calm, and he didn't care about Zheng dongjue's words at all. He did show off his ability to quickly make elixirs on the northernmost Island, and those Zheng family idiots thought that he only did it because he used elixirs to recover his energy. Now they used it to attack him, it was ridiculous. If he was so glib, he could just admit that he used elixirs to recover.

Qing Long's eyebrows twitched as he looked at Lin Yi, "Master Lin, I wonder if you have any different opinions on what he said? If you really have the ability to refine more pills, it will be beneficial to both of us. This King promises that you will definitely be handsomely rewarded. "

"I'm sorry to disappoint you, elder Azure Dragon. I'm not afraid that you'll laugh at me, but I went to the northernmost Island for a few treasures in the auction. Because I was short of money, I had to use medicinal pills to quickly recover my physical strength and genuine Qi in order to raise funds. That's how I could continue to make medicinal pills. However, this method is very harmful to my Foundation and can't be used again. I believe that you won't force me to do that, right?" Lin Yi smiled faintly and looked at Green Dragon, not feeling guilty at all.

If the Green Dragon dared to ask Lin Yi to continuously make elixirs, he'd say that he'd be crippled after making one batch!

In any case, if he didn't use the Shennong cauldron, he would really be a good-for-nothing Alchemist. There was no need for him to disguise himself.

"Of course I won't! Don't worry, Master Lin. I'm the most reasonable person in the world. I won't do something as stupid as killing the chicken to get the egg and neglecting the essentials. But what this guy said makes sense. Master Lin, you have the experience and ability to continuously refine pills. It won't take too long for you to recover your energy and true Qi. Can you speed up the refining of pills?" Green Dragon didn't force Lin Yi to use the pill to recover his energy, but he didn't want to let him go so easily either.

"Elder Azure Dragon, you may not know this, but the pill you're making this time is completely different from the normal ones. I'm willing to bet that even if I were to take out the recipe, without my guidance, there's no other refiner on Sky Class Island who's on the same level as me, or even higher, and they wouldn't be able to make the pills you need! So in terms of time, it naturally can't be compared to ordinary medicinal pills!" Lin Yi explained with a smile. He wasn't lying-without the spirit sense and refinement fire, there was no way to use the cores of spirit beasts, even if the pill God Zhang Liju came.

It didn't matter if Lin Yi came up with the recipe himself-he was sure that this method was more complicated and troublesome than spiritual medicine. He didn't want Lin Yi to just do it like that, though.

"Master Lin, just tell me. What's the fastest pill refining speed? I'm not afraid to tell you that our spirit beast clan's new king of spirit beasts will be holding a coronation ceremony soon. At that time, we will need a lot of medicinal pills. If you and Grandmaster Li Zao can't refine enough medicinal pills as soon as possible, it will be very troublesome!" The Azure Dragon did not say anything threatening, but his words naturally carried a hint of warning.

"The coronation ceremony of the king of spirit beasts? It sounds very important. Elder Azure Dragon, please give me some time to think about it. " Lin Yi's eyes lit up, but he hid it well.

He still remembered that the new king of spirit beasts had helped him before. If he had the chance, he wanted to go to the coronation ceremony and see if he could find a way to ruin Central's plan.

After a moment of silence, Lin Yi clapped his hands, "Elder Green Dragon, since you've already put it this way, I'll go all out! I promise to speed up the refining of the pills on the list. I guarantee that I can refine at least one pill a day! Of course, the portion of this pill belongs to me and Master Li Zao. We'll try our best to make three pills in two days for the two of us. May I know when the coronation ceremony for the king of spirit beasts will begin? I'll calculate how many pills we can refine. "

"That would be for the best! The coronation ceremony will be held in a month's time, so please make more pills as soon as possible. It's better to be prepared than to sharpen your spear in the face of battle!" A satisfied smile appeared on Azure Dragon's face. He then turned to Zheng dongjue and berated, "Get lost! It almost caused a misunderstanding between Master Lin and me. If there's a next time, there's no need for you to continue living. "

Lin Yi sneered to himself. Azure Dragon was just putting on a show to calm him down. He didn't really blame Zheng dongjue at all. Otherwise, why would an elder at the sea Rift realm waste his breath on an ant like Zheng dongjue? But if they disobeyed, they would casually destroy the other party.

Zheng dongjue's face was filled with fear. He had not thought of this for the time being. He only thought that he had really angered the Azure Dragon. He immediately nodded his head and asked for forgiveness. He was afraid that the Azure Dragon would really vent his anger on him.

"Elder, I'm just thinking for you. I didn't expect Master Lin to have so many hidden secrets. Please give me a chance to atone for my mistake!" After Zheng dongjue apologized and saw that the Azure Dragon did not really blame him, he slowly came to his senses and raised his head carefully.

"What kind of opportunity do you want?" Azure Dragon cast a sidelong glance at Zheng dongjue indifferently. He felt that Zheng dongjue might still be of some use to him, which was why he was willing to waste time listening to his nonsense. Otherwise, he would have killed this old man with a slap.

"Elder, I am the Deputy Hall Master of the Nakajima pill Hall. I have some experience in alchemy. My grandnephew, Zheng Tianqing, is also a famous genius Alchemist. Although our alchemy skills are far inferior to Master Lin and master lizao 's, we are more than enough to make some simple pills. Since Master Lin and master lizao can't make many pills, why don't we help them make pills as a supplement to the two masters? what do you think, elder?" Zheng dongjue suddenly thought of such an idea.

Chapter 6182 Why Are There Only Two?

Zheng Tianqing's eyes lit up as he followed behind him. He suddenly felt that his second Grandpa was not that stupid. He finally came up with a feasible solution.

As long as the Azure Dragon agreed to their request, it would be equivalent to acknowledging their identities. Although the man in the black bamboo hat was behind him, he would be able to build a good relationship with the spirit beast clan. It would be extremely beneficial in terms of both safety and movement.

Most importantly, Lin Yi made those recipes sound so amazing. As long as Green Dragon asked, the two of them would have a chance to get new recipes. This was a business with no losses!

"Elder Azure Dragon, I think my second Grandpa is right. Even though we're not as advanced as Master Lin and Master Li Zao, we can still make normal golden grade elixirs. As long as Master Lin can give us the recipe and teach us how to make the elixirs, I believe that we'll be able to help you!" Zheng Tianqing

took a step forward, cupped his fists and bowed to the Azure Dragon with a smile on his face. He was trying his best to fight for this opportunity.

"What you said makes sense. Master Lin and master Xia can make some high-level pills and the two of you can help to make some low-level pills. Master Lin, I wonder what you think?" Qing Long turned to Lin Yi, his face emotionless. No one could guess what he was thinking.

Lin Yi smiled faintly as he glanced at the two, who were full of hope. He didn't seem to care.

"Elder Azure Dragon, these two people have some grudges with me. If you want me to teach alchemy to my enemies, you might as well kill me now! My alchemy skills are the sect's Secret. Let alone my enemies, even if it's a few alchemists who have nothing to do with me, I will absolutely not teach them. " Lin Yi waved his hand with determination. He believed that if Qinglong really wanted the pill, he would know which one to choose.

As expected, Green Dragon didn't force the issue after hearing Lin Yi's words. He waved his hand casually, "If that's the case, then this matter is over. The two of you better behave yourselves and don't interfere with the two grandmasters' alchemy. Otherwise, I'll cut you into a thousand pieces, do you understand?"

"Yes, yes, yes, this lowly one understands!" The two quickly bowed and cupped their fists-they'd lost the chance to get Lin Yi's recipe and skills, but they didn't care too much. There'd be more chances in the future, and as long as they could keep their lives right now, they'd win!

Green Dragon said a few more words before turning around and leaving. Lin Yi and the others went back to their rooms and did their own things.

After two days of silence, the Green Dragon sent a peak late mountain split spirit beast to get the pills. Lin Yi gave him two pills he'd prepared long ago, but the guy expressed his dissatisfaction on the spot.

"Why are there only two? The elder said that you will hand over the three pills in two days. Did you guys slack off?" This spirit beast expert's face was gloomy, and his tone was extremely unfriendly.

"Three in two days is a speed that can only be achieved after the period of stability. Right now, we're still fumbling around, so the speed will be slower. Elder Azure Dragon should understand this." Lin Yi said faintly. It wasn't a big deal for him to take out three pills, but the Green Dragon might push it. He could only take out two this time and slowly increase his strength in the future.

"Elder Qing Long will understand, but I, Xiong Bao, don't. The elder said three, but you only gave me two. How am I supposed to explain this to the elder? You must take out three pills today!" This spirit beast expert named Xiong Bao was extremely overbearing. Where did he get his confidence from?

"What are you saying? Even your elders have to speak to my boss politely, Who Do You Think You Are? You dare to make a big fuss here, do you believe this great master will slap you to death?" LAN Guzha rolled up his sleeves and jumped out without waiting for Lin Yi's reply. He had been holding it in for the past few days, and now that he had a big, thick-headed boy, he had to grab the chance to pick a fight!

"Who the hell are you? get lost!" Xiong Bao's temper was obviously not that good either. He was a little angry after being provoked by LAN Guzha.

LAN Guzha was overjoyed in his heart. This was the effect he wanted!

"I'm your uncle! I'm talking to you, and you dare to tell me to get lost? Get lost!" When LAN Guzha had made Xiong Bao dizzy, he had almost made himself dizzy as well. He was slightly stunned for a moment and felt that he had said the right thing. Then, he revealed a smile and felt that his eloquence had improved.

Xiong Bao did not understand what LAN Guzha was saying at that moment. It was definitely not something good. He roared in anger and raised his palm, ready to teach LAN Guzha a lesson.

Green Dragon only sent a random underling to get the pills, not mentioning how strong Lin Yi and the others were or how important they were. Xiong Bao thought that these humans were captured to be used as alchemy machines, so naturally, he wouldn't be nice to them.

In addition, with LAN Guzha, this guy who loved to see the world in chaos, the conflict seemed to have become reasonable.

Seeing that Xiong Bao was about to make a move, LAN Guzha was overjoyed. He was still considering whether he should let this idiot hit him first and then kill him in a self-defensive posture. If he made the first move, he might cause trouble for his boss later on, so he could only endure it for now!

Unfortunately, LAN Guzha's plan failed in the end. It was not that Xiong Bao had changed his mind, but that someone had stopped his actions.

"Lord Xiong Bao, they are alchemists invited by the Azure Dragon elder for the coronation ceremony. If you attack them, the consequences will be unpredictable!" A figure appeared in front of Xiong Bao the moment he raised his hand, and began to persuade him with a low voice.

With Xiong Bao's bad temper, if he really wanted to fight, he definitely wouldn't be able to stop him. Fortunately, he only raised his hand at this time, so when he heard this, the anger in his heart was instantly extinguished.

Elder Azure Dragon and the coronation ceremony of the king of spirit beasts were the most important people and matters in the spirit beast clan. He was just a low-and mid-tier spirit beast at the peak of the late mountain split stage. If he were to mess things up, no one would be able to save him.

It was the big fire Lion who rushed out to stop Xiong Bao. It was his turn to guard Lin Yi and the others today. Although he was weak, he was the first one to stand up and stop Xiong Bao when Lin Yi was in trouble.

LAN Guzha sighed in pity. He knew that the fire Lion and Lin Yi had a very good relationship, so he couldn't blame him for being a busybody. He could only hope that Xiong Bao would vent his anger on the fire Lion, so he could help him or something.

"What you said makes sense. There's no need for me to lower myself to their level. I'll go back and report this to the elder. Let's see if he wants to teach you a lesson!" The bear revealed a ferocious smile and glared at LAN Guzha. Then, he turned around and left with the two pills.

Chapter 6183 Quietly Watching

Although he seemed to be a rough and reckless person, there were also times when he was meticulous. Now that he had made a move without any reason, no matter what the result was, he might not be able to gain an advantage from the higher-ups. When he went back, he would exaggerate things in front of the elder of the Green Dragon and give him an order.

There were benefits to working for the elders. Even if there was no credit, there was hard work. Without hard work, at least he could get familiar with them. In the future, if the Green Dragon wanted to promote someone, it would be considered a success if Xiong Bao's face flashed in his mind.

At that time, he would be ordered to come over and teach people a lesson, killing two birds with one stone, so why not?

Lin Yi and the others naturally didn't know what Xiong Bao was planning. After they left, they pretended to thank the Great Fire Lion for his help.

"Benefactor, this place is far too dangerous. I think we should find an opportunity to leave this place as soon as possible. I've already gathered some information in the past few days and have designed an escape route. There's a good chance that we can escape." The fire Lion pretended to talk nonsense with Lin Yi loudly and immediately lowered his voice, trying to persuade Lin Yi to escape.

"Great Fire Lion, I appreciate your kind intentions, but I can't agree to this. Not to mention that I'm not in any danger now, even if there is, I can't let you gamble with the lives of your entire clan. Alright, let's not talk about this again. Let's go back and continue to refine pills to avoid suspicion. " Lin Yi replied quickly and cupped his fists before bringing LAN Guzha and Li Zao Yi back to the thatched cottage.

The fire Lion was helpless. He wasn't the only guard around the thatched cottage. He couldn't tell Lin Yi too much. If he revealed his relationship with Lin Yi, it would only make the escape plan more difficult.

On the other side of the thatched cottage, Zheng Tianqing's face was full of regret. He had finally seen the Masters of the spirit beast clan about to make a move, but he did not expect that in the end, it would end up with nothing.

The man with the black bamboo hat and master Pao both told him not to act rashly against Lin Yi, so he naturally wouldn't do anything. However, if the spirit beast clan were to make a move, it would have nothing to do with him. Unfortunately, he was stopped by the fire Lion.

"Tian Qing, that spirit beast has a good relationship with Lin Yi. Should we expose this? This kid lost his helper?" Zheng dongjue stood by the window and whispered to Zheng Tianqing.

"Second Grandpa, please don't leave that spirit beast guard alive. They might think of running away at any time, and then we'll make a move. Not only will we have more credit, but we can also use this opportunity to hurt Lin Yi. If we tell anyone now, Lin Yi won't be hurt at all!" Zheng Tianqing waved his hand and laughed sinisterly.

He couldn't take the initiative to deal with Lin Yi, but if Lin Yi wanted to die, it had nothing to do with him. As long as the big fire Lion was still here, if Lin Yi wanted to escape, he would need to borrow the big fire lion's strength. Zheng Tianqing only needed to watch from the side and secretly push it!

"That makes sense! Tian Qing, you're so thoughtful! Let's just sit here and watch Lin Yi jump into the pit himself. Don't you think we should think of a way to give them more pressure? that way, they'll want to leave this place more, right?" Zheng dongjue was still regretting that Xiong Bao didn't make a move-Lin Yi and the others would've taken the risk to escape if he did.

"Let's just wait and see. We'd better not get involved if we can. " Zheng Tianqing was very cautious. He did not want to be involved in this. Whether it was the black bamboo hat's side or the Azure Dragon elder's side, they would not let him off easily if they found out that he was playing tricks.

The two continued to whisper, discussing how to kill Lin Yi as much as possible while protecting themselves. It was just that the difficulty was too high, and all their talk was useless.

A moment later, Lang Qi came to find Zheng Tianqing. The two went to the bamboo house again to see the man in the black bamboo hat in the name of taking a walk. Lang Qi was not there when Xiong Bao came, but he still heard about the small conflict, so he asked Zheng Tianqing on the way.

Zheng Tianqing did not go into detail and only briefly mentioned it. On the way, another spirit beast also joined in. It was the helper that the previous guard leader had pulled in and the expert at the consummate level of the mountain splitting realm who later became the new guard leader.

"Brother Zheng, you know Lord Hu Ling, so I won't introduce you. This time, Lord Hu Ling wants to meet that Lord, so I need your help to introduce him to me, brother Zheng!" Lang Qi patted Zheng Tianqing's shoulder with a smile and gave him a look.

"So Lord Hu Ling is going to visit that Lord? It's my honor to help you!" Zheng Tianqing understood that Hu Ling was the same as Lang Qi and wanted to find another way out. Naturally, he wouldn't reject this kind of good thing. The more spirit beasts the black bamboo hat man gathered, the more help it would be to him. It would also be more confident in dealing with Lin Yi in the future.

The only thing that puzzled Zheng Tianqing was that Hu Ling had personally witnessed his friend, the head guard of the early stage of earth-splitting realm, being slapped to death by the man with the black bamboo hat. Was this guy masochist? And he's in a hurry to seek refuge with the black bamboo hat? Aren't you afraid of being slapped to death?

"Hahahaha, why are you calling me an adult? we're all friends. In the future, we'll take care of each other and help each other. Slowly, we'll become brothers. Don't you think so, brother Zheng?" Hu Ling laughed and patted Zheng Tianqing's shoulder. They looked so intimate that if someone who didn't know the situation saw them, they would have thought that they were best friends.

"Big brother Hu is so generous! Then brother won't be polite, we'll be brothers in the future, and so will brother lang Qi!" Zheng Tianqing nodded with a smile. Since the other party had taken the initiative to express goodwill, there was no need for him to be polite.

Normally, an expert at the great circle of mountain-opening realm would not be interested in talking nonsense with a small figure at the nascent Soul Stage like Zheng Tianqing. He also knew that he had borrowed the power of the man in the black bamboo hat, but it did not matter. As long as he could borrow power, it did not matter who he borrowed it from.

The three of them quickly arrived outside the bamboo house. This was usually a restricted area for the spirit beast clan, so they were not afraid of being seen by others. Moreover, there was a divine sense shielding restriction. Unless an expert like the Azure Dragon elder forced his way in, no one would be able to detect the situation quietly.

"My two brothers, please wait here for a moment. I'll go in and see if that Lord is free." Zheng Tianqing said to Hu Ling and lang Qi with a smile, pretending to be reserved. This was also a great opportunity to show that his identity was different. Of course, he could not miss it.

"It's my pleasure. Since I took the liberty to come here today, I really don't know if that Lord has the time to meet me. In that case, I'll have to trouble brother Zheng to go in and inform him first." Hu Ling did not mind at all. He smiled and cupped his fists at Zheng Tianqing.

Chapter 6184 The Reason?

"Then this little brother will go in first." Zheng Tianqing nodded and turned to walk toward the bamboo house.

In fact, he was not confident. If he was blocked by the invisible true energy again like last time, he would lose all his face. He would not be able to maintain his image as a trusted aide in the black bamboo hat in front of Hu Ling and lang Qi.

Fortunately, the two masters in the bamboo house gave him face this time and didn't make a move on him. It seemed that they really treated him as a little brother, which made him feel much more at ease.

When they arrived at the door of the bamboo house, Zheng Tianqing bowed respectfully and said, ""Your Excellency, your subordinate, Zheng Tianqing, requests an audience!"

"Come in!" The indifferent voice of the man with the black bamboo hat rang out from inside. At the same time, the bamboo door opened by itself without any wind. However, Zheng Tianqing, who was standing at the door, could not see the situation inside.

It was not until he stepped through the bamboo door that he felt a sudden sense of enlightenment. There were still two people in the bamboo house, the black bamboo hat and the red Bamboo hat. Even their positions had not changed. Zheng Tianqing wondered if they had been sitting there all these days.

"Your subordinate Zheng Tianqing greets the two lords!" Zheng Tianqing's mind was spinning with thoughts, and his body had already automatically begun to bow.

"Zheng Tianqing, do you have any news today?" The man in the black bamboo hat casually waved his hand and asked indifferently.

"Master, Elder Green Dragon sent a spirit beast Master called Xiong Bao to take the pills Lin Yi and the others made. They had a little verbal conflict because of the quantity, but they didn't fight. Other than that, they didn't make any other moves. " Zheng Tianqing replied respectfully. He was considering whether he should tell the people with the black bamboo hats about the Great Fire Lion.

He couldn't let Green Dragon know that the fire Lion was on good terms with Lin Yi, or he'd lose his value. As for black bamboo hat's side, it didn't seem like a big deal to tell them. At most, they'd know what to do.

"Is there anything else?" The man with the black bamboo hat didn't seem to be interested in such a small matter. He didn't even have the thought of asking for details.

"My Lord, there is a new guard leader, Hu Ling, outside. Lang qiyou probably told him to join you, so he came to me and asked me to introduce him to you. Do you have any objections?" Zheng Tianqing had no intention of taking credit for this matter, so he described the facts objectively.

Lang Qi was recommended by Zheng Tianqing, so no matter what credit lang Qi had, he would naturally have a share. He did not know if Hu Ling's sudden request to join was a blessing or a curse. Zheng Tianqing knew that it was the right thing to do to shirk his responsibility.

"The new head of the guards. Let him come in and have a chat. If he is sincere in serving us, he will be of some use!" The man in the black bamboo hat nodded slightly. He treated Hu Ling better than lang Qi. At least he was willing to give him a chance to meet.

Zheng Tianqing did not ask the stupid question of whether to let lang Qi in. The black bamboo hat man only said to let Hu Ling in, which meant that lang Qi was not qualified enough. He would only embarrass himself if he said more.

"Yes, this subordinate will let Hu Ling in!" Zheng Tianqing replied and turned to call Hu Ling in.

When Hu Ling heard the call, he walked in with a smile and cupped his fists respectfully. "Greetings, my Lords. I'm hu Ling. I'm willing to contribute a little under your command. I hope you can take me in."

Hu Ling's words could be said to be humble. According to his status in the spirit beast clan, there was no need for him to be so humble. Zheng Tianqing, who was standing aside, felt that Hu Ling seemed to have some kind of plan.

"You're being too serious. We were allies with the spirit beast clan to begin with, and we're now in your territory. It's great that you're willing to help us, chief Hu. We welcome you very much. We'll have to trouble you in the future!" The man with the black bamboo hat spoke to Hu Ling in a very gentle and polite manner. There was even a hint of a smile in his words, which made Zheng Tianqing very surprised.

It was Hu Ling who had come to offer his services to the man with the black bamboo hat. Why was he suddenly so polite? It was completely different from his previous style!

Although he found it strange, Zheng Tianqing was not stupid enough to ask. He stood aside and pretended not to hear anything.

Hu Ling chuckled and flattered the man in the Black Hat. Junior Brother Pao, who was sitting next to him, suddenly said, "Zheng Tianqing, tell me in detail about the small conflict you mentioned just now. Why did it end up like this?"

"Brother Pao, why are you suddenly interested in this? It's just a verbal conflict, is there a problem?" The man in the black bamboo hat asked curiously. Was there a need to bring up such a small matter?

"Senior brother, don't you feel curious? Why would a spirit beast get into a verbal conflict with Lin Yi? If they knew how important Lin Yi was, there wouldn't be any conflict, but since it happened, the spirit beasts wouldn't let it go easily. Aren't you curious about the reason behind this?" Junior Brother Pao chuckled and explained his analysis in a calm tone.

The man in the Black Hat didn't care about this at first, so he didn't think about the reason. But after hearing what Junior Brother Pao said, he felt that it was indeed a little strange.

"Zheng Tianqing, tell me what happened in detail." Since he had doubts, the man in the Black Hat motioned for Zheng Tianqing to explain. It just so happened that Hu Ling was the head of the guards, so he gave him a few words of advice.

"Yes, my Lord! That spirit beast Master, Xiong Bao, expressed his dissatisfaction because of the lack of pills. LAN Guzha, who was beside Lin Yi, couldn't hold it in and argued with him. Both parties got angry, and Xiong Bao was about to fight, but a fire Lion Guard stopped him. After a few words of persuasion, both parties calmed down and let the matter pass. "

"Fire Lion guards? What's the background of this spiritual beast? how can it stop the two parties that are about to fight?" Junior Brother Pao looked at Hu Ling with interest. As the leader of the guards, he should have some understanding of his men.

"I know. This is a great fire Lion from the secular world. He was originally assigned to guard the ruins in the oduo cultivation city. Recently, there wasn't enough manpower, so he was transferred here to help. This guy's strength is low and he just broke through to the mysterious Ascension stage not long ago. By right, he shouldn't have the ability to stop Xiong Bao. It seems that he's quite smart." Hu Ling did not think much of it and casually commented on the Great Fire Lion.

Junior Brother Pao seemed to nod slightly, his Red Bamboo hat slightly shaking.

"Lin Yi's luck is pretty good. If Xiong Bao got into a fight with them, the spirit beast clan would just kill him. That'd save them a lot of trouble." The man in the black bamboo hat laughed. He'd always wanted to use the spirit beast clan to get rid of Lin Yi. It would be best if he could do it without interfering.

Chapter 6185 I'll Give You One More Chance

The speaker did not mean it, but the listener took note of it. Hu Ling was worried that he would not have a chance to show off, but after hearing this, his mind suddenly became active. His eyes rolled twice, and he revealed a confident smile.

"My Lords, it's not difficult for us spirit beasts to kill Lin Yi and the others. If you want, I can arrange it in secret. The next time someone comes to get the pills, we'll let them have an inevitable conflict!" Hu Ling thought that he was showing his loyalty, but Zheng Tianqing was already sneering in his heart. He knew that this fellow was looking for trouble.

It was a good thing he didn't take the responsibility for recruiting him, or else the two bamboo hat Men might take their anger out on him.

The man with the black bamboo hat seemed to be quite interested. Hu Ling had just joined them, and if he could kill Lin Yi, central could push all the blame to the spirit beast clan after they cut off their relationship with Hu Ling. It wasn't something that couldn't be done, and the chances of success were high.

"Junior Brother Pao, what do you think of Hu Ling's suggestion? This sounds feasible. " The man in the black bamboo hat didn't immediately make a decision, but turned to ask the man in the red Bamboo hat.

"Senior brother, I don't think this is a good idea. It's fine if Hu Ling succeeds, but if he fails, it'll easily involve us. Whether it's the pressure from the top or the Alliance with the spirit beast clan, we'll suffer great losses. This is not an outcome we can bear. So, for safety's sake, it's better not to have any ideas." Junior Brother Pao pondered for a moment before answering the black bamboo hat man's question. His words were tactful, but his attitude was firm. He didn't agree with Hu Ling's proposal.

Hu Ling had always thought that the person in charge was the black bamboo hat. Moreover, from the way they addressed each other, the black bamboo hat was also the red Bamboo hat's senior brother. Since the black bamboo hat was interested in his plan, of course he would try his best to contribute to the plan.

"Don't worry, my Lords. I'll make sure that not a single drop of water leaks out. I won't drag you two into this. As long as you nod your heads, Lin Yi and the others will die. You just need to sit here and watch!" Hu Ling patted his chest and looked at the man in the black bamboo hat with a fervent gaze.

If he wanted to gain the trust of the man, he had to do something that satisfied him. If he couldn't do anything, how could he become the trusted aide of the man in the Black Hat? Hu Ling was well aware of this, so he naturally did his best to complete the task and make himself an important figure in the man's heart.

"Are you done?" Junior Brother Pao said coldly after Hu Ling finished. Zheng Tianqing shook his head, knowing that Hu Ling had completely offended master Pao.

The man in the black bamboo hat might be the one in charge here, but master Pao's words also carried a lot of weight. They could discuss it, but others didn't have the right to interrupt. A guy who just came to huling District dared to refute master Pao's words. To put it more seriously, it was like a slap in the face, so it was no wonder master Pao was angry.

Zheng Tianqing was smart enough to remain silent. He did not want to be involved in this mess, and it was the best choice to protect himself now.

"I'm done. What can I do for you, Sir?" Hu Ling was stunned and asked subconsciously.

Then, Hu Ling saw a foot suddenly appear on his chest and instantly sent him flying. Although he could clearly see the foot, he did not even have time to react. He was sent flying like a cannonball.

Although the bamboo building was protected by a restrictive formation, Hu Ling's momentum was too strong. It was likely that he would break through the bamboo building. The man in the black bamboo hat clicked his tongue and waved his hand. Hu Ling stopped in the air and slowly flew back.

"Junior Brother Pao, you really have a bad temper. You should temper yourself in the future. After all, Hu Ling is here to join us. You can't disappoint him!" The man in the black bamboo hat seemed to be trying to persuade Junior Brother Pao, but he didn't take Hu Ling seriously at all. When Hu Ling heard that, he was truly disappointed.

The mouthful of blood that he had barely managed to hold back spurted out. Hu Ling suddenly regretted his decision to get involved in this mess. It was not good to develop well in the spirit beast clan. With his status, although he could not enter the real upper echelons, he was still living very comfortably in the middle and lower levels.

"Senior brother is right, this little brother will remember. But this Hu Ling's been urging us to deal with Lin Yi-he's probably up to something! As far as I know, he should be a friend of senior brother's previous subordinate, right? Seeing that his friend was personally killed by senior brother, he still rushed over to offer his service. I don't believe that he doesn't have any ulterior motives. " Junior Brother Pao pointed at Hu Ling and said indifferently. In the blink of an eye, he had already pinned the crime of having ill intentions on him.

Hu Ling spat out another mouthful of blood. He wanted to explain himself, but there was no way he could. In fact, he did have a little selfishness. However, the strong preyed on the weak among spirit beasts. He did not have a close relationship with the previous guard leader, so he would not risk his life for a dead friend. That selfishness had nothing to do with the previous guard leader.

"Brother Pao is right, so are you going to kill him? In any case, no one knew that he would come, so it's no big deal to kill him. " With a wave of his hand, the man in the black bamboo hat threw Hu Ling, who was floating in front of him, at Junior Brother Pao's feet. His meaning was clear."You can do whatever you want with him. I won't interfere."

"Milords, please spare my life. This lowly one sincerely wants to serve you. Previously, I was also planning for you two milords wholeheartedly. If I overstepped my boundaries, please forgive me! Please give me another chance, I will work for you two with all my heart, I will not dare to have any second thoughts!" Hu Ling swallowed the blood in his mouth and knelt on the ground in a hurry, begging for his life in fear.

The head guard from before was at the initial stage of earth splitting, so the black bamboo hat could kill him easily. He was only at the consummate level of mountain splitting. If the red Bamboo hat was not willing to let him go, he would definitely not live past today.

For the sake of survival, Hu Ling did not mind giving up his dignity. As long as he could get a chance to live, he would throw away all the useless things.

"Seeing that you're quite tactful, I'll give you another chance." Junior Brother Pao snorted and took out a black pill. He threw it in front of Hu Ling and said,""Take this soul devouring bone eroding pill and I can take you in. If you perform well in the future, the poison in your body will be removed."

Cold sweat broke out on Hu Ling's forehead. Human elixirs were not effective on the spirit beasts, but poisons were different. Poisons that could kill humans could most likely kill the spirit beasts, and some might even be more effective.

Chapter 6186 Master Pao's Suggestion

The soul devouring bone eroding pill was one of them. Although Hu Ling had never seen it in person, he had heard some rumors about it. He knew how powerful it was. Unfortunately, he was in a more disadvantageous position. No matter how poisonous the poison was, he had to take it with his eyes closed. Otherwise, he would die on the spot.

There was no time to hesitate. After understanding the key points, Hu Ling immediately gritted his teeth and swallowed the soul devouring bone eroding pill. He then laughed bitterly. "Milords, I wonder how this lowly one should perform in order to obtain the soul devouring bone corroding pill's antidote?"

In fact, it wasn't difficult to refine the soul devouring bone eroding pill. It was a yellow-grade poison that could only be effective on cultivators below the earth formation stage. Once their strength reached the sea splitting stage, it would completely lose its effect.

However, there were hundreds of ways to make the soul devouring bone pill, and there were also hundreds of antidotes. If one didn't know which one was poisoned and randomly took different antidotes, the poison would only double and become incurable. It was because of this that Hu Ling had no thoughts of resisting. He only wanted to complete the task of the two bamboo hat Men and Exchange it for the correct antidote to save his life.

"It's very simple, just work for us with all your heart. First of all, remember, Lin Yi and the others can't be in trouble for the time being. You have to ensure their safety, but you have to monitor their every move closely at all times. There can't be any mistakes. " Junior Brother Pao raised his right index finger and ordered Hu Ling calmly.

"Yes!" Hu Ling finally understood why he'd been put through this-he'd been flattering the wrong person. Lin Yi wanted him to live, but he'd been trying his best to get rid of him. It was already a blessing that he was still alive.

"Second, you don't have to keep your position as the head of the guards anymore. When you go back, announce that the big fire Lion has done a great job in stopping the conflict between Xiong Bao and Lin Yi's group, so he'll be in charge of all the guards on Lin Yi's side. You can just be the big fire lion's assistant." Junior Brother Pao didn't know why he had made such a request.

Even the man in the black bamboo hat didn't understand.

"My Lord, that Great Fire Lion is only at the early stage of the mysterious Ascension realm. He's barely qualified to be a guard. Isn't it a little inappropriate to be a leader? It's not that I don't want to give up my position, but no one else will be convinced!" Hu Ling bit the bullet and looked at his Junior Brother, Red Bamboo hat Pao. It was not that he did not want to cooperate, but this situation would easily incur the wrath of the higher-ups of the spirit beast clan!

"That's why you should be his assistant! With your help, who would dare to oppose? As for the outside world, you're still the leader, and there's no need to really draw a clear line between you and them. Alright, let's just say it like that!" Junior Brother Pao waved his hand, signaling for Hu Ling to leave.

Hu Ling felt aggrieved, but there was nothing he could do. He could only bow to the two and leave. He had wanted to take advantage of them this time, but he had lost his life.

After Hu Ling left, Junior Brother Pao said to Zheng Tianqing, who was pretending to be dead, "Zheng Tian Qing, contact the Great Fire Lion when you return and convey our goodwill. He should be a smart spirit beast and knows what to do. What we need now is a spirit beast with brains."

Zheng Tianqing's heart was filled with disgust as he thought to himself, "how smart is that Fire Lion?" He was able to stop the conflict only because he had Green Dragon's name, and he was also Lin Yi's friend!

There was simply no chance of roping him in, alright? But Zheng Tianqing didn't say what he was thinking, because he thought that master Pao's arrangement was quite good. With the big fire lion's power, it would be easier for Lin Yi to escape. In other words, Lin Yi would fall into the trap more easily. Wasn't this what Zheng Tianqing wanted to see? why would he object?

"Sir, please rest assured. This subordinate understands what to do!" Zheng Tianqing bowed and cupped his fists respectfully to show his obedience to the order.

After the man in the black bamboo hat waved Zheng Tianqing away, he turned around and asked, "Brother Pao, what are you doing? Couldn't they just control Hu Ling? Why did he have to go through the extra trouble of roping in the Great Fire Lion? And forcefully push the Great Fire Lion to the position of the guard leader?"

"Senior brother, don't you think this is a good move? The Great Fire Lion is just a pawn used to test the spirit beast clan and serve as the foundation of our cooperation. If we can't even tolerate this, the spirit beast clan's sincerity is worth considering again. We need to be more careful in our cooperation this time. " Junior Brother Pao chuckled as he revealed his plan. As for whether he really thought so, it was hard to say.

The man in the Black Hat didn't think much of it. He thought that Junior Brother Pao was being immature. Testing him would most likely become an obstacle to their cooperation. This incident might even affect their cooperation.

However, although Junior Brother Pao was not as strong as him, his speed of improvement was terrifying. He was the one with the most potential in central. He was currently very popular, so he could not say anything.

"Junior Brother Pao, you're not wrong. I'm just slow-witted and don't quite understand. Why don't you explain it to me in detail?" The man with the black bamboo hat said casually, giving Junior Brother Pao a chance to show off.

"Senior brother, you're too modest. Now that you don't want to waste your time on these trivial things, I will explain my thoughts. Please correct them!" Junior Brother Pao cupped his fists at the man in the black bamboo hat, paused for a moment to sort out his thoughts, and then slowly said, ""The spirit beast clan has allocated the Zhen Duan Sea area to us as our base in the South continent, so we should be the ones in charge of this area. However, this is not the case at all. The entire Zhen Duan Sea area is still under the control of the spirit beast clan, so I want to use this method to test it out."

"He deliberately promoted a weak spirit beast like the Great Fire Lion to see the reaction of the higher-ups of the spirit beast clan?" The man with the black bamboo hat still didn't think much of it. In his heart, he felt that this was completely unnecessary.

"In any case, this Great Fire Lion has nothing to do with us. No matter how the spirit beast clan reacts, it has nothing to do with us. If he can really take this opportunity to rise to the top, it means that his brain is indeed far superior to his own kind. With this connection, he will be on our side no matter what. After all, the spirit beast clan will not believe that he is not one of us. As for failure, there's nothing much to say. The spirit beast clan can do whatever they want to him. We don't care. " Junior Brother Pao shrugged his shoulders, indicating that he had chosen the Great Fire Lion because he had simply found cannon fodder.

Chapter 6187 Won't Leave

The man in the black bamboo hat nodded. The Great Fire Lion was cannon fodder, and so was Hu Ling. After this incident, the spirit beast clan would know that Hu Ling had been controlled by the central government. Otherwise, why would they be willing to give up the position of leader to help a weak spirit beast like the Great Fire Lion?

Junior Brother Pao's meaning was very clear. He wanted to use these two dispensable cannon fodder spirit beasts to test the attitude of the spirit beast clan. In the Zhen Duan Sea area, who was the one who kept his word?

If the spirit beast clan acquiesced to Junior Brother Pao's nonsensical personnel arrangement, it would mean that Central's right to speak in this area had surpassed the spirit beast clan. If it suffered a strong rebound, it would mean that the cooperation between the two sides was only superficial. The entire zhenduan Sea area was only given to central verbally. In fact, the spirit beast clan did not mean it.

"Junior Brother Pao is indeed thoughtful. Let's just wait and see how the spirit beasts react before we make any plans." The man with the black bamboo hat still didn't think Junior Brother Pao was right, but he didn't object. There was no loss in trying anyway. It would be good for his future plans if he could understand the thoughts of the spirit beasts.

After the two came to an agreement, the matter was settled. At the same time, the dejected Hu Ling, Zheng Tianqing, and lang Qi returned to Lin Yi's hut. The big fire Lion hadn't changed shifts yet, so Hu Ling called him to an empty hut and talked to it with Zheng Tianqing for a dozen minutes.

When it came out, the big fire Lion was still a little dazed, not understanding how it suddenly became the leader of these spirit beasts guarding Lin Yi.

With his strength, although he wasn't the weakest of all the guards, he was at least in the bottom three. How could he be the leader just like that?

No matter what, it was good for Lin Yi. After the big fire Lion understood this, he didn't reject it. He had to think of a way to save Lin Yi first. Nothing else was important.

Hu Ling gathered all the spirit beast guards and made an announcement. However, he did not dare to directly say that the Great Fire Lion was the guard leader. After all, there were people from various factions in the spirit beast clan among these people. He could not be too obvious or it would be difficult to explain.

After everyone had left, the big fire Lion found an empty space and went to Lin Yi with the excuse of checking on Lin Yi's refining progress.

"Benefactor, I've suddenly become the head of the guards. If you're willing to leave, the success rate will be several times higher than before. Take this opportunity and quickly leave with me, okay?" The fire Lion came over to tell Lin Yi what happened and to persuade Lin Yi to leave again.

Lin Yi's rejection was normal, but the fire Lion felt that the success rate was at least 60% this time, so he mustered up the courage to try again.

"Great Fire Lion, it's the same no matter how many times you say this. I won't leave with you, so you don't have to persuade me anymore. Tell me how you became the head of the guards again and don't leave out any details. I have a feeling that this matter isn't that simple." Lin Yi waved his hand. He wasn't going to leave this place right now, so it was important to see through the enemy's plan.

"I'm also a little confused about this matter. According to Zheng Tianqing, it seems that the man in the black bamboo hat, who is cooperating with our spirit beast clan, saw my potential and arranged for me to take over the spirit beast guard. I don't know the details, so I can only repeat what he said. " The Great Fire Lion suppressed the confusion in its heart and completely copied Zheng Tianqing's words.

"Is that so? It's indeed a little strange. " Lin Yi pinched his chin and fell into deep thought. From all the signs, it seemed that the man with the red Bamboo hat was helping them, intentionally or otherwise. This really shouldn't have happened!

Could it be Zhang naipao? Was he helping Lin Yi's group because of Zhong pinliang?

If that was the case, wouldn't it have been better if they hadn't been caught in the first place? But Speaking of which, the ones who caught them seemed to be from the spirit beast clan, and it really had nothing to do with Junior Brother Pao.

Lin Yi shook his head and decided to put this matter aside for now. He couldn't do anything without confirming Pao's identity, and he'd have to meet this guy in person if he had the chance.

"Great Fire Lion, will you attend the coronation ceremony of the king of spirit beasts?" Lin Yi remembered that he was making pills for this.

"Yes, the coronation ceremony of the king of the spirit beasts is a grand event for the entire spirit beast clan. All the spirit beasts will participate. Anyway, the entire South continent is under the control of our clan, so there won't be any problem if we withdraw the guards on that day. Whoever dares to make trouble at that time will have to bear the anger of the entire spirit beast clan. I believe no one would dare to do such a thing." The Great Fire Lion looked proud. After staying in the spirit beast clan for a few years, he had developed a sense of belonging to the entire spirit beast clan.

"I also want to see it. Do you have any way to take me there?" Lin Yi didn't stand on ceremony. The big fire Lion even dared to release it secretly, so it shouldn't be a problem to take him to the coronation ceremony to see it.

As expected, the Great Fire Lion nodded readily and said, ""It's a small matter. I'll Take You There to have a look. If there's a chance, it's best to leave the South continent. Speaking of which, it's really a good opportunity for you to leave when the coronation ceremony is here, because all the high-level executives will be gathered at that time. Without the supervision of experts, it will be much more convenient for you to leave. "

"We'll talk about this when the time comes. Great Fire Lion, it's time for you to leave. If you stay too long, you'll arouse suspicion." Lin Yi waved at the big fire Lion. He didn't think that the big fire Lion, the cheap guard leader, could suppress all the guards. When it was time to be careful, it was better to be careful!

The big fire Lion understood this as well, so after saying goodbye to Lin Yi, he turned and left the grass hut, continuing to plan Lin Yi's escape route and preparation.

In the following days, everything became extremely calm. Xiong Bao didn't come looking for trouble with Lin Yi and Li Zao Yi anymore-he must've been warned by the Azure Dragon when he went back to report, so the spirit beasts that came to get the pills were very polite to Lin Yi and the others. There wasn't a problem with the quantity of the pills, and it didn't matter even if one pill was missing.

The only strange thing was that Hu Ling had disappeared. No one knew where he went. Some said he ran away, some said he was secretly killed, and some said otherwise. Anyway, he just disappeared and no one saw him again. Lin Yi didn't care about that. He only cared about the king of spirit beasts 'coronation ceremony!

The fire Lion had not been having a good time recently. He was a weak guard leader. When Hu Ling was around, he could still have some confidence. But since Hu Ling disappeared, the guards who were much stronger than him had a backlash.

Chapter 6188 The Eve Of The Coronation

Fortunately, they were all clear that the Great Fire Lion must have a strong backer behind him, so they did not do anything too overboard. However, there would definitely be some sneers and mockery, which was also to test the Great Fire lion's bottom line.

Lin Yi didn't have any good ideas, so he could only secretly give the big fire Lion some pills to help him increase his strength. Green Dragon's list of pills had this kind of pill. After the big fire Lion ate it, it went from the early stage to the peak of the early stage of the mysterious Ascension realm, and could break through to the mid stage at any time. Unfortunately, the effect of the pill stopped there and no longer had any effect.

As for the Qi in the Jade space, it was only pure enough to help others form their nascent soul. It couldn't do anything beyond that. Perhaps it'd be useful when the Qi evolved to a higher level, but for now, Lin Yi couldn't do anything about it.

It was because of this that Lin Yi didn't directly help people level up these days, since that would cause the person to be stuck at a bottleneck. He'd rather use pills to practice-the speed wasn't instant, but at least he didn't have to worry about it being restricted.

After getting Lin Yi's help, the fire lion's strength increased extremely quickly. Although he was still at the bottom of the guards, this kind of cultivation speed and the possible background behind him won him some attention.

At least, no one would object if he went to Lin Yi.

"Benefactor, the coronation ceremony of the king of spirit beasts is about to begin. Elder Azure Dragon has already left. Are you sure you don't want to take the opportunity to leave the South continent?" The fire Lion saw Lin Yi and brought up the topic that he'd been rejected so many times. With Hu Ling's disappearance, he had almost no power left, so he desperately wanted to help Lin Yi escape.

"Great Fire Lion, why are you bringing this up again? I said I'll only leave after I see the coronation ceremony. How about it? Are we also going to attend the coronation ceremony?" Lin Yi shook his head with a bitter smile. This fire Lion was quite persistent, trying to talk him out of it every time he saw him. He had so much to talk about.

"Well, if you're going to attend the coronation ceremony, you can indeed get ready to set off." The fire Lion knew that Lin Yi wouldn't run away. After shaking his head, he looked out of the grass hut, "The proposal to bring you to the coronation ceremony has been approved, so I don't have to bring you secretly. You can go with me openly, but there will be more guards around you, so I hope you don't mind."

"That's good. With so many experts protecting me, I shouldn't be in any danger." Lin Yi smiled faintly, not rejecting the situation at all.

It would be strange if there weren't enough guards to watch him when he went to the core area of the spirit beast clan to participate in the coronation ceremony of the king of the spirit beasts!

Moreover, judging from the fact that their cultivation bases were not restricted, there must be some Masters at the earth splitting stage or above among the spirit beasts who were escorting them. As for the sea splitting stage, it was unlikely. After all, they were experts who were almost at the elder level like Azure Dragon, so it was impossible for them to be the escorts.

"Benefactor, once those guards are in position, it will be difficult for you to leave. Don't you want to consider leaving now? This might be our last and best chance!" The fire Lion didn't want to give up and asked again. Once they left this place, he couldn't help Lin Yi even if he wanted to. Although the three of them were strong, it was impossible to escape from the hands of those spirit beast Masters.

"Heh ... Fire Lion, you're really ... Alright, alright, you don't have to worry about this. I value our lives very much, so I will never get involved in a situation where we're bound to die. After witnessing the coronation ceremony, I will naturally have a way to leave. Speaking of life-saving cards, the spirit beast clan is far inferior to our human clan." Lin Yi smiled and comforted the fire Lion. Whether he believed it or not, the plan wouldn't change.

"Well, since you are so confident, I won't say much. If you need my help, please just tell me. I, the fire Lion, will help you even if I have to risk my life!" The fire Lion patted his chest and said seriously, "The departure date is tomorrow. Since all the spirit beast clans will be going there, we can only walk through the forest on foot without the help of aerial spirit beasts. The journey will take about two days. Benefactor, if you need to prepare anything, you can do it today!"

"Alright, see you tomorrow!" Lin Yi nodded, and the fire Lion left.

Lin Yi couldn't even imagine the Grand scene of the entire spirit beast Clan Gathering together. How many spirit beasts were there in the entire South continent? they would probably find out this time. If they could get a few nuclear warheads from the secular world and throw them at the coronation ceremony, they might be able to destroy half of the spirit beast clan's strength.

Of course, this was just talk. If they really threw a nuclear warhead, those spirit beasts at the sea Rift stage or even more powerful would naturally have a way to change the trajectory. They might even hit it back. In front of real experts, such hot weapons had lost their meaning unless more advanced weapons were developed. The center had made good development in this area, but it was unknown if there were already weapons that could deal with experts at the earth creation stage and above.

As Lin Yi was thinking about all these ridiculous things, Azure Dragon had already returned to the core area of the spirit beast clan. Before the coronation ceremony began, the four elders had to hold a meeting to discuss the distribution of power after the coronation.

"Green Dragon, we've been waiting for you. Quickly sit down and start!" In the elders' meeting room, the Vermilion Bird sat at the head of the table and nodded at the Azure Dragon with an indifferent expression.

The Vermilion Bird was the uncrowned king of the spirit beast clan. Naturally, he was the one who presided over the elder's meeting. The Azure Dragon did not dare to be negligent. He cupped his fists and apologized to the Vermilion Bird. Then, he took a seat on the left and greeted the other two elders.

Other than Vermilion Bird, the other two elders nodded calmly at Azure Dragon as a form of greeting. One of them was The White Tiger elder who had a rough appearance and a full beard. He looked like a burly man, while the other was the Black Tortoise elder who had a goatee on his chin and was bald and thin like an old man.

The two elders were of the same generation as the Vermilion Bird, and they were as powerful as the ghost. Although they were not as powerful as the Vermilion Bird, they were only slightly weaker. It would be easy for the Vermilion Bird to defeat them, but it would be almost impossible for him to kill them.

Chapter 6189 Mutual Defense

The strength of the new Azure Dragon could be considered top-notch among the spirit beasts, but he was still somewhat lacking compared to these two. If it was a one-on-one fight, The White Tiger and the Black Tortoise had the possibility of killing him. Only by joining forces with the Vermilion Bird could he possibly fight The White Tiger and black Tortoise duo to a draw.

As a result, the four elders were now in a clear group. The White Tiger and black Tortoise formed a group, which was slightly better than the Vermillion Bird, so the Vermillion Bird promoted the Azure Dragon. The two sides reached a balance, and in general, the Vermillion Bird had the upper hand, so he could become the de facto leader of the spirit beast clan.

"Everyone's here, let's start. " The Vermilion Bird rapped her fingers on the table twice, as if she was the host of a meeting.

"Elder Vermilion Bird, there's actually no need for this meeting. After the coronation ceremony, the king will be able to preside over all the affairs of our spirit beast clan. In the future, we only need to follow orders. Don't you think what I said makes sense?" The bald Black Tortoise smiled kindly and opened his mouth, wanting to set the tone of this meeting.

"Elder Black Tortoise, you're wrong. Although the king has been crowned, he's still young, and his strength and experience are not enough. I'm afraid that he won't be able to control the spirit beast clan rashly. What I mean is that elder Vermilion Bird should temporarily take on the position of the Regent. Before the king has truly grown up, you'll continue to control the spirit beast clan." The Green Dragon was an elder that the Vermillion Bird had promoted. At this time, he naturally began to play the role of the Vermillion bird's Vanguard and the role of waving flags and shouting.

The Vermilion Bird sat there quietly. He knew that after the coronation ceremony of the king of spirit beasts, it would be difficult for him to continue to be in power. However, he did not expect the Black Tortoise to jump out and oppose him without even waiting for the meeting to start.

"Elder Azure Dragon, strength and experience need to be accumulated. It's precisely because of this that the king should interact more with and handle more Affairs after being crowned. If everything is handled by elder Vermilion Bird, when will the king be able to grow? I think elder Black Tortoise's words are very reasonable. After the coronation ceremony, let the king begin to hold power and learn how to deal with the affairs of the clan. With us assisting from the side, I think there shouldn't be any problems. " The White Tiger's voice was just like his appearance, full of energy and unusually loud. People who didn't know him would think that he was quarreling, but in fact, he was just speaking normally.

"Elder White Tiger, before this, elder Vermilion Bird had been handling the affairs of the clan. Not only did she manage it well, but she also led the spirit beast clan to achieve a great expansion. Let's not talk about her achievements first, but at least it proves that there is nothing wrong with elder Vermilion bird's leadership. Now is a good opportunity for our spirit beast clan that only comes once in a hundred years. It is the right decision to hand over the power to the king. However, you also said that the king needs time to grow, but the development of our spirit beast clan does not have that much time. Elder Vermillion Bird will lead us to develop for the time being. When the king has grown to a certain level, we will return the power to the king. This is our responsibility to the entire spirit beast clan!" The Azure Dragon was very impassioned as he spoke righteously. In short, it was an absolute mistake to ask the Vermillion Bird to hand over her power!

"Elder Azure Dragon, don't twist the truth!" The Black Tortoise put away his kind face and sneered at the Azure Dragon, ""I don't deny that you've done a good job, but with our help, you might be able to do better after the coronation ceremony. After all, you're one of the people who can help you, and you can't just leave. Could it be that elder Vermilion bird's talent can only be used when he's in power, and there's no more after the king is in power?"

"Alright, be quiet. The meeting of the four great elders is not for you to quarrel!" The Vermilion Bird rapped his knuckles on the table a few times as he spoke with a calm expression. It was as if he wasn't the center of the argument that the other three were having.

"Elder Vermillion Bird, do you have something to say?" The Black Tortoise turned to look at the Vermilion Bird. He knew who was the most important person here.

In fact, with the Vermilion bird's strength and prestige in the spiritual beast clan, it was not impossible for him to forcibly become the new king of the spiritual beasts. However, with the Black Tortoise and The White Tiger present, if he did so, it would inevitably lead to division and even internal strife in the spiritual beast clan. For the ambitious Vermilion Bird, this was obviously unacceptable.

"Elders, after the coronation ceremony, the king will naturally participate in the affairs of the clan. However, our current mess is rather large and it's not easy to straighten it out in one go. The king's strength is currently in a period of rapid improvement and there's no benefit in being distracted by a large number of trivial matters. It's not for the sake of the Vermillion Bird love Inn's authority, but for the sake of the king. It's best to let the king cultivate and improve his strength first. After all, the survival of the fittest is the only way for the spirit beast clan. The king of spirit beasts is too weak, and its bloodline alone can't convince the masses. " The Vermillion bird's voice was not loud, but it was very imposing. For a moment, The White Tiger and the Black Tortoise also fell silent.

The strength of the king of the spirit beasts was indeed its weakness. Although it had made great progress with the help of a secret method, it was only at the xuansheng stage. Not to mention the four elders, any small leader was more powerful than the king of the spirit beasts.

Of course, with the help of the bloodline pressure, the king of the spirit beasts could be invincible among its peers and sweep across those of higher ranks. However, the pressure would be greatly weakened if it had the bloodline of the four great elders. Only when they were of the same strength could they have an advantage.

Both the Black Tortoise and The White Tiger were unable to refute the Vermilion bird's words. However, this did not mean that they would admit that the Vermilion Bird would continue to rule the spirit beast clan.

"Elder Vermilion Bird is right, but the king's cultivation doesn't have much conflict with his power. The king can leave everything to us to deal with, and the king can make the arrangements, not any of us! There's no need to bother the king with the small matters, and the important matters can be reported. Won't there be no problems then?" The Black Tortoise thought for a moment and finally suggested a method that he thought was feasible.

In fact, in the end, he still couldn't let the Vermillion Bird family monopolize the world!

The Vermilion bird's lips curled into a faint sneer. If it were not for the sake of the complete spirit beast clan, he would not have bothered to pay attention to these two conservative old things. In fact, he was the one who supported the king of the spirit beasts, and he also agreed to the coronation ceremony. Even if the king of the spirit beasts was really in power, it would not be able to escape his control in the end.

"Then that's it. After the coronation ceremony, the king will have the right to make decisions, and we four elders will be responsible for assisting him. Now, all our power will be handed over to the king, and the king will make new arrangements. No matter what the king decides, we must agree with it unconditionally. Is there a problem?" The Vermilion bird's sneer disappeared as she narrowed her eyes and made a firm decision.

Chapter 6190 Reaching A Consensus

The Black Tortoise and white Tiger's hearts jolted. Although this was the result they wanted, they still felt that something was not quite right. Would the Vermilion Bird hand over his power so easily?

Azure dragon's eyes flash. He immediately nods and says: "Since everyone has the same opinion, I don't have any other opinion. Let's do it this way!"

The Black Tortoise and The White Tiger felt that something was amiss when they heard the Azure Dragon's words. They immediately understood what was going on. The Vermillion Bird had found the king of the spiritual beasts. Although the Vermillion Bird did not appear to be close to the king of spiritual beasts and had resisted a little under pressure, it was undeniable that it was probably just an act.

If the king of spirit beasts and the Vermilion Bird were originally on the same side, then the motion proposed by the two elders was completely sending him to the edge of the blade and taking the initiative to hand over the power in his hands.

Could it be that the Vermillion bird's goal was not the Regent King at all? Was he actually planning to take over The White Tiger and black Tortoise's forces from the very beginning?

At the thought of this, White Tiger and black Tortoise suddenly broke out in a cold sweat. The reason why they worked so hard to concentrate the power in the hands of the king of spiritual beasts was that they did not want the Vermillion Bird to become too powerful. Secondly, they had private contact with the king of spiritual beasts and really wanted to help it grow.

However, if this was all part of the Vermillion bird's scheme, it would be too terrifying! The king of the spirit beasts would become a true puppet, and the Vermillion Bird would become the uncrowned king of the spirit beasts. The entire spirit beast clan would become a huge war machine, and the flames of war would burn in every corner of the sky Class Island.

"Actually, there are still a few days before the coronation ceremony. We don't have to be in such a hurry. There's no problem in discussing it slowly." The White Tiger laughed and began to stall for time with a loud voice.

"Elder White Tiger, isn't this the result you wanted? What else was there to discuss? If you don't agree, then we'll do it according to what Elder Green Dragon said. Are you willing?" The Vermilion Bird looked at The White Tiger with a faint smile. He knew that although this fellow looked rough on the outside, he was actually very cunning. He definitely could not be treated as a reckless man.

"That's why we can discuss this slowly. Do you really have to make a decision now, elder Vermillion Bird? This is related to the hundred-year plan of our spirit beast clan, so we can't afford to make any mistakes. " The White Tiger shook its head and made up its mind to stall for time.

In any case, he, The White Tiger, had an unreasonable appearance in front of others, so it was normal for him to be a scoundrel.

"Elder White Tiger, don't you want to hand over your strength? It's understandable, after all, they've worked hard to build it up, so it's really a heartache to hand it over like this!" Azure Dragon faintly smiled and glanced at White Tiger and white Tiger. He then continued, "Everyone has the same heart and logic. If Elder White Tiger thinks this way, we think the same way! Why should we make things difficult for each other? It's better to think of a reasonable solution. Otherwise, there won't be any results in a few years. "

The Black Tortoise glanced at The White Tiger, and their eyes met. They knew that the Vermilion Bird and the Azure Dragon would not give up until there was a result today. However, they knew that this might be a trap dug by the other party, so how could they jump into it so easily?

"Elders, how about we compromise the two plans? after being coronated, the king should not monopolize the power. After all, he's still young and needs time and space to grow up. His cultivation should not be delayed either. He should participate in some Affairs appropriately. When he grows up, he can completely withdraw his power. What do you think?" The Vermilion Bird rubbed her fingers together and began to tap the table again. The rhythmic tapping made The White Tiger and black Tortoise want to nod in agreement.

"Elder Vermillion Bird, you're right. How should we do it?" The White Tiger shook its head slightly, and it seemed to be asking a question in a loud voice.

"It's very simple. The four of us will retain the strength in our hands and form an Elder Council to deal with Affairs. Everything will be decided by vote. The minority will follow the majority. If both sides are equal, we will ask the great King to make a decision. The great King will be the last vote and has the right to veto, but he will not have the right to pass. What do you think?" The Vermilion Bird was secretly pleased. This method seemed gentle, but it was no different from before.

As long as the king of spirit beasts was in his hands, and he had also supported the Azure Dragon, he would always have the absolute advantage of three votes in this elder group. Although he had not recruited the power of white Tiger and black Tortoise, with this title, the two of them must abide by the decisions of the elder group, or else it would be considered a rebellion. After all, the king of spirit beasts existed here, which was completely different from before!

Previously, the Vermilion Bird was still in a state where he held the Emperor hostage and commanded the vassals. It was normal for the vassals to listen to him. Now that the king of spirit beasts had been crowned, the Vermilion Bird could say that this was the will of the king of spirit beasts. If The White Tiger and the Black Tortoise resisted, they would be regarded as traitors.

"Elder Vermilion Bird, you've thought it through thoroughly. This is a very good plan, and we agree to it!" White Tiger and black Tortoise looked at each other and saw the helplessness in each other's eyes.

They knew that the Vermilion bird's proposal was still the same, but there was nothing they could do. Compared to directly handing over all their power and strength, at least they still had a chance to resist.

Damn it, they were the ones who came up with this plan. They couldn't just deny it now, could they? It didn't matter if they slapped themselves in the face, but the problem was that they couldn't find a better way.

"The two elders are really righteous. Then it's settled. When the coronation ceremony comes, we'll announce the new power structure in public." The Vermilion Bird smiled. He was quite proud that he could resolve this matter so easily.

The coronation ceremony of the king of the spirit beasts was actually to gather power. After uniting the spirit beast clan, he could start his grand plan.

"Let's move on to the next topic. Let's talk about how we should receive our distinguished guests!" The Vermilion Bird was in a good mood, and the smile on his face was still there. He began to discuss the coronation ceremony with the three of them. There was nothing much to say about these trivial matters, and the people below would take care of them. However, he was in the mood and did not care about wasting time. He had a good time chatting with them.

The Vermilion Bird and the Azure Dragon were happy, but The White Tiger and the Black Tortoise were naturally unhappy. The two of them were thinking of ways to deal with it while they pretended to be snakes and talked nonsense. They just didn't know what the key to break out of this situation was.

After more than two hours, they finally finished talking about these trivial matters. The White Tiger and the Black Tortoise left in a hurry to discuss countermeasures in private, while the Azure Dragon stayed behind to have a private conversation with the Vermilion Bird.
