

Bodyguard 6211

Chapter 6211 Greatest Flaw

"It doesn't matter if I give you more, but unfortunately, the limit of my divine sense control on you two is twenty, so it's useless to give you more. Remember, don't bite off more than you can chew, and it's best to stop before you overdo it. Don't talk to me about backup. Although these little things I made aren't strong in defense, they're truly immortal. It doesn't matter if they're broken, as long as they're placed together, they'll recover after a while. If you want to completely destroy them, you'll have to have my strength. " The big Frog pointed at itself as if it was looking down on the world and was all-powerful.

Lin Yi blinked-so that meant that the one he just killed wasn't really dead, but he'd attracted over eight hundred spirit beasts to attack him. It was a huge loss!

But after hearing what the big Frog said, Lin Yi started to pay more attention to the twenty undying color changing spirit beasts in the bag. Their attack power was secondary, but their undying and color changing attributes made them the best Scouts. If the big frog's trace of divine sense could detect what these spirit beasts were going through, it would be heaven-defying!

"Alright, since you've already said so, you won't give us anything no matter how much you want. Also, do you have any other good things? take them all out. Don't take them out bit by bit." Lin Yi's expression was calm, as if he didn't care much about the big frog's things. In fact, he was quite satisfied. After all, these things were good life-saving items. It was no exaggeration to say that after getting the things from the big Frog, Lin Yi and Li Zao Yi had a few more lives. They could now fight against Super masters of the sea shattering realm.

"No more! Do you really think that I'm running a charity and will give you all the good things?" The frog laughed, not minding Lin Yi's cold attitude. As long as they could break the seal, they could point at his nose and scold him for three days and three nights.

"Then send us off. The coronation ceremony for the spirit beast clan's new king should be starting soon. If we go now, we might be able to find a chance. If we miss this opportunity, don't blame us for not trying our best." Lin Yi's eyes flickered as he brought up the coronation ceremony on purpose to make the frog worry and send them out.

"A new king of the spirit beasts has emerged in the spirit beast clan? Hahaha! If you save me, I'll be the new king of spirit beasts. I won't mistreat you!" The big Frog suddenly became excited and laughed hysterically, not forgetting to give Lin Yi and the others some benefits.

Lin Yi didn't have much interest in empty promises, so he didn't mind giving a perfunctory reply. However, he was curious about The Grudge between the big Frog and the spirit beasts. Unfortunately, the big Frog probably wouldn't tell him, so he could only find out when he had the chance.

"You're right. The spiritual beast clan's coronation ceremony is an excellent opportunity. Although all the spiritual beasts have gathered together and the defense seems to be increased countless times, the place where the illusionary mist space is sealed may be unguarded. As long as you find the place, you should be able to easily break the seal!" After laughing, the big Frog instantly sorted out its thoughts, and its hope of getting out of trouble increased a lot.

The place where the illusionary mist space was sealed was naturally extremely important. However, countless years had passed, and it was likely that only a few old fellows in the current spiritual beast clan still knew or even remembered this place. When the attention of the defense was focused on the coronation ceremony of the king of spiritual beasts, it was natural that the guards in other places were neglected.

Especially the Masters of the spirit beast clan, all of whom would be attending the coronation ceremony. It would be safer and easier for Lin Yi and Li Zao Yi to hide, and it was indeed a once-in-a-lifetime opportunity.

"You're right, there's no time to waste. I'll send you out immediately. This time, we must finish this in one stroke! If I can get out of this, I'll definitely repay you!" The big Frog made another promise, indicating that it was not just saying it casually, and that it really had such a plan.

"Senior, we have two other human cultivators with us. I wonder if they're Dead or Alive?" Li Zao Yi suddenly asked. Although the two guys from the Zheng family were annoying, Zheng dongjue was the Vice Hall Master of the hall of alchemy after all. No matter what, they had to find out whether he was Dead or Alive.

"Is that your companion? The illusionary mist space is quite large, and my divine sense is limited, so I can't cover the entire place. I'll help you find the two people you mentioned. " The big Frog didn't have much interest in the others. It said it quite seriously, but in fact, it was just perfunctory. It didn't make much difference whether there were one or three hostages.

"Those two aren't our companions. We just happened to come in together, so we just asked. Actually, it doesn't matter to us whether they're Dead or Alive." Li Zao Yi was silent for a moment, then he said this indifferently and didn't continue to speak.

Lin Yi glanced at Li Zao Yi but didn't say anything. This weird girl was still kind. If the two Zheng family members weren't dead, it would be good for them.

The big Frog looked rough, but it was actually very meticulous. The more Li Zao Yi said, the more it would find the two men from the Zheng family. Whether they were used as hostages or for other purposes, it wouldn't kill them easily.

After the small talk, the big Frog stopped talking. After hearing about the coronation ceremony of the king of spirit beasts, it was a little anxious. It immediately stretched out its hand and tore a crack in the space at the bottom of the lake that could allow one person to pass through.

"Let's go. After you leave, you'll be in the same position as before. I look forward to you removing my seal as soon as possible and reuniting with your friends!" The big Frog grinned and pointed at the crack, signaling Lin Yi and Lizao Yi to go in.

Lin Yi was shocked. The frog's strength was unfathomable. The illusionary mist space wasn't an independent space, but it was able to tear the space barrier so easily and stabilize it without any effort. It was terrifying.

If not for the two chains restricting it, this illusionary fog space's cage would have long become the big frog's back garden. It could come and go as it pleased, without the slightest ability to restrict it.

"Then we'll take our leave. Senior, please wait for our good news!" Lin Yi smiled and cupped his hands at the big Frog as he stepped into the crack with Li Zao Yi.

He didn't show any signs of suspicion during the whole process, but he realized his mistake the moment he stepped into the crack! Because he knew about Wang Shiyang's plan, he deliberately did not look at Wang Shiyang. This was his biggest flaw!

Normally, when a friend leaves, it's always time to say goodbye. How can you be so indifferent? The frog wouldn't have used Wang Shiyang to keep Lin Yi and the others busy if it wasn't related at all. He could only hope that the frog didn't notice this detail so that Wang Shiyang could escape.

Chapter 6212 The Awakened Skybolt Pig

Lin Yi resisted the urge to look back after stepping into the crack-he'd already pretended to be indifferent, and turning back would only make things worse!

Wang Shiyang, on the other hand, didn't think too much about it. After Lin Yi and Lizao Yi entered the crack, he immediately tried to follow them in.

Wang Shiyang's timing was also quite good. It was the moment when the spatial Rift began to shrink and no longer allowed a person to pass through. This should be the moment when the big Frog let its guard down the most!

Wang Shiyang's tense mood relaxed after he successfully teleported. As long as he entered the crack, even if the big Frog had the ability to tear it apart again, it would not be able to catch him easily.

Once he returned to the spirit beast forest, he would immediately activate the directional teleportation talisman. He only needed to use it once and he would be able to appear ten thousand miles away. According to the Spirit beasts, the range of activity of the cracks in the illusionary fog space rarely exceeded the ten thousand mile area.

The plan was perfect, but it was not so easy to execute. Wang Shiyang thought that he would teleport directly into the rift. However, when he reappeared, he could only watch as the rift closed up in front of him at a seemingly slow speed, but it was actually very fast!

"How is this possible? My teleportation is not working?" Wang Shiyang was shocked. He wanted to teleport again and try to break the spatial barrier of the crack. However, no matter how hard he tried, he couldn't move an inch.

"Little guy, don't waste your energy. This space is under my control. Although you have the talent of teleportation, it's completely impossible for you to escape from my eyes. Just stay here and be a hostage!" The big Frog laughed as it stretched out its hand and pulled Wang Shiyang in front of it.

Wang Shiyang's heart was like dead ashes. Teleportation was his biggest life-saving card, but now it had lost its effectiveness. It seemed that he could only stay in this damn illusion fog space and wait for Lin Yi and Li Zao Yi's rescue. He could only hope that they could successfully break the seal when they returned. Otherwise, if this Big Frog got hungry and swallowed him with its tongue, there would be no place to reason with!

As for whether the big Frog would keep its promise and let him go after the seal was broken, it was no longer within his consideration. In any case, this was his last chance to survive.

Lin Yi and Li Zhaoyi came out of the crack but didn't feel Wang Shiyang's aura. He knew that Wang Shiyang's plan had failed. He could only sigh in his heart and save him later.

Fortunately, there was no need to worry about Wang Shiyang's safety. Since the two of them had come out, the frog would definitely keep Wang Shiyang as a bargaining chip to use against them. Before the seal was broken, it would not hurt Wang Shiyang.

"Lin Yi, are we really going to break the seal? That Big frog's strength is very terrifying. If we let it out, I'm afraid it won't be a good thing!" Li Zao Yi said worriedly after the crack disappeared.

On one hand, Wang Shiyang was in the frog's hands, and if he didn't do anything, he would die. On the other hand, Lin Yi and she were both poisoned, and although there was a chance to solve it themselves, it wasn't a big deal.

However, if the frog was released, it would be a disaster for the entire Sky Class Island. The appearance of an extraordinary master wasn't a good thing.

"Let's take it one step at a time. Let's go to the spirit beast clan's Royal City first." Lin Yi shook his head and didn't answer her question. He really didn't know if he should break the illusion fog space's seal or not. He could only wait and see.

He released LAN Guzha and the great Fire Lion from the Jade space. The Skybolt pig, which had been sleeping inside, also came out.

"Boss, this lazy pig is awake. I saw him sleeping inside last time. If I wasn't a picky eater, I would have roasted him into a suckling pig." LAN Guzha winked at Lin Yi as he came out.

When he was in the Jade space, he wanted to talk to Skybolt pig, but the pig had been sleeping like a log. He didn't expect it to wake up this time. No wonder the pig was so excited. Judging from the size of the pig, it was obviously a foodie. They were on the same boat!

The big fire Lion didn't know why it was in this special space at first, but LAN Guzha explained that Lin Yi had a storage space for spirit beasts. It understood and came out normally.

"Skybolt pig, why did you sleep for so long?" Lin Yi felt a sense of familiarity when he saw Skybolt pig- this guy had been sleeping for years, and calling him a lazy pig was no lie.

The last time they were on the North Island, Skybolt pig scared a lot of spirit beasts with his size and aura. This time, he could transform too!

In front of Lin Yi, Skybolt pig quickly turned into a little fatty, with a simple and honest smile on his face. He cupped his fists at Lin Yi, "Boss, I can finally transform into a human and follow you around. I haven't been sleeping these days, but cultivating and evolving! Even though I still don't have much attack power, my strength has already reached the peak of the original level!"

"So powerful? Did you eat something good?" Lin Yi blinked as he felt Skybolt pig's strength-it really was peak nascent soul! This guy could get so much stronger just by sleeping, could it be that he had some unknown bloodline?

"Boss, when I was in the space, I did eat a little of your food, but not too much! And this evolution doesn't seem to have much to do with what I ate-it must've been the Qi from the North Island that washed over me, and that's why I've been able to level up so much!" Skybolt pig was afraid that Lin Yi would blame him for eating the food in the space, so he told Lin Yi that his body changed on its own.

In fact, Lin Yi didn't care about these things. As long as it was useful to the people around him, he didn't care how much he ate. As for Skybolt pig's evolution, it was a good thing!

When they were on the North Island, Skybolt pig wasn't always with Lin Yi-he went out for fun with Curly Bear for a while, and with his treasure hunting abilities, he might've found something good there.

When he went to the North Island, he saw that Curly bear's strength had improved a lot. Although it wasn't as much as the Skybolt pig, the pig's contribution was still there.

"Benefactor, that's very possible. When the old Spider and I came to Sky Class Island, our strength also increased greatly. Although we relied on the inheritance of the spirit beast clan, I heard that there were very few spirit beasts with outstanding talent that could awaken on their own, and thus increase their strength by a large margin." The Great Fire Lion and the Skybolt pig had spent a short time together in the medium, and they had a good relationship, so he helped to say a few words.

Chapter 6213 Returning To The Capital

Lin Yi waved his hand. It didn't matter how Skybolt pig got stronger. The stronger he was, the happier Lin Yi would be. The fire Lion was too kind, worrying that Lin Yi would blame Skybolt pig. He was overthinking.

"You're quite good at leveling up. I've made some pills recently, and there are some that are suitable for you. Let's help you level up to the xuansheng stage before we continue!" Lin Yi flipped his hand and took out an elixir. It was made from the inner core of a spirit beast, and was equivalent to the Thunder elixir. It was one of the lower-level elixirs on Azure Dragon's list, but he didn't expect to use it now.

"Thank you, boss!" Skybolt pig smiled and swallowed the pill. He didn't need to be polite with Lin Yi-in terms of experience, LAN Guzha was miles behind him.

After spending some time, Lin Yi created a lightning punishment for the pig, allowing it to reach the mysterious Ascension stage. In fact, spirit beasts didn't necessarily have to go through a lightning punishment to reach the mysterious Ascension stage, but spirit beasts that went through it would be stronger and stronger.

Of course, strength was nothing to Skybolt pig. His strongest move was to use the aura of a high-rank spirit beast to scare a low-rank spirit beast. If he met an opponent of the same rank, the only choice was to run away.

"Great Fire Lion, the spirit beasts that were escorting us this time have all been annihilated except for you. We can only rely on you to bring us to the spirit beast clan's Royal City to participate in the coronation ceremony of the new king. This is because no one has ever escaped from the illusionary fog space before. So, when you return, don't tell anyone that we have entered the illusionary fog space. Just say that the others have been pulled into the space. The few of us were quick to react and were very lucky to escape the illusionary fog space's crack." When they were on their way again, Lin Yi specifically gave the fire Lion a few instructions.

As for the big Frog, Lin Yi didn't tell the big fire Lion and the others. It wouldn't do them any good to know about it. It was safer for them not to know.

"Boss, just how did we escape from that illusionary mist space? Didn't Wang Shiyang make it out?" It was not convenient for the Great Fire Lion to ask more questions, but LAN Guzha did not have any scruples. In his opinion, the few people here were his own people, and there was no need to hide from any one of them.

Before Wang Shiyang's defense talisman broke, Lin Yi had put the two of them into the Jade space, so they didn't know what happened after that. It was said that no one had ever come out of the illusionary mist space after entering it, but Lin Yi had come out with Lizao Yi in such a short time. It was no wonder LAN Guzha was curious.

"We'll talk about the details later. Wang Shiyang didn't make it out. He sacrificed himself this time to give Li Zao and I a chance to leave. Fortunately, he's only trapped in the illusionary mist space and isn't dead. We'll think of a way to save him in the future!" Lin Yi didn't want to talk about it, so he gave a vague explanation.

These words were the truth, but they were simplified a lot. If he told LAN Guzha about the big frog's situation, this guy would most likely be eager to fight with the big Frog. As for whether he was a match for the big Frog, it was never within his consideration.

Seeing that Lin Yi didn't really want to talk about the illusionary mist space, LAN Guzha didn't say anything else. The group moved quickly, and they didn't encounter any spirit beasts along the way.

With Skybolt pig's help, Lin Yi was able to find some treasures along the way. The spirit beast forest had been deserted for so many years, and spirit herbs weren't very useful to the spirit beasts, so the harvest was quite good.

Li Zao Yi, who was a pill refining fanatic, almost couldn't move. She wanted to follow Skybolt pig and collect spiritual herbs everywhere. It was rare to enter a natural spiritual herb Treasury like the spirit beast forest. It would be a waste of an opportunity if she didn't collect them properly!

Lin Yi tried his best to convince her, promising her that there would be more chances in the future. He even told her about Wang Shiyang's suffering through voice transmission before she made up her mind to go to the king City of the spirit beasts for the ceremony.

The journey was calm and peaceful, and there was no danger. Finally, they arrived at the capital city of the spirit beasts. The huge capital city was already filled with spirit beasts, and those with low strength did not even have the qualifications to enter the city. They could only rest in the forest outside the capital and wait for the coronation ceremony to begin before they contributed an insignificant cheer.

"These are the guests of elder Azure Dragon. I've been ordered to bring them here to attend the coronation ceremony of the king of the spirit beasts." The big fire Lion was negotiating with the guards at the gate with a calm face. Lin Yi and Li Zao Yi were waiting on the side.

LAN Guzha and Skybolt pig were kept in the Jade space, not outside. Skybolt pig wasn't on the list to begin with, and it was weird for him to suddenly appear. Lin Yi didn't even know if he should go and break the illusion fog space's seal yet, so LAN Guzha couldn't stay outside either.

LAN Guzha, who was hidden, could be used as a surprise attack during a critical moment, and it could also ensure his safety. LAN Guzha didn't really want to hide in the Jade space, but he had no choice under Lin Yi's insistence.

"These two must be Master Lin and master lizao, right? Elder Green Dragon has already informed us. I didn't expect you to arrive so late. Where are the rest of the people?" The guard walked over and greeted Lin Yi politely, obviously giving face to Green Dragon.

"Something happened on the way, and the rest of the people died." Lin Yi smiled, not planning on hiding anything. So many spirit beast Masters had disappeared, there was no way to hide it.

"Met with misfortune? What's going on?" The Guard's face turned a little unsightly. He thought that the rest of the spirit beast Masters were nearby. He didn't expect that they were all dead. This was a big deal!

"It's a long story, but this place doesn't seem very convenient," Lin Yi looked at the guard indifferently, not explaining in detail.

Or rather, this guard didn't have the right for Lin Yi to explain. He was just a little original infant stage cultivator, asking about things like this was a bit too much.

The Guard's face changed again. He also thought of the inappropriateness of his words. Not only could he not say this matter here, but at the same time, he could not know about it. If he Knew Too Much, he might be killed.

"I'm sorry. Please follow me, Masters. I'll go and inform Elder Green Dragon!" The guard didn't dare to delay-he nodded to his companion at the gate and quickly led the three into the city.

A low-level spirit beast like him usually had no chance to meet a Big Shot like the Green Dragon. This time, it was a good opportunity to get to know them. Moreover, these two human alchemists seemed to be important figures to the Green Dragon. It would be good to have a good relationship now in the future.

Chapter 6214 The Legend Of The Spirit Beast Clan

"Today is the day of the coronation ceremony. It's a bit crowded in the city. You've come in time. Otherwise, you'd have missed the Grand ceremony in the afternoon!" The guard smiled as he led the way, turning back to chat with Lin Yi and Lizao Yi, but he didn't mention the whole escort team being wiped out.

"So the ceremony is going to start this afternoon. We've come back in time and almost missed such a grand event!" Lin Yi smiled and started chatting with the guard.

The guard was overjoyed, and so he went along with Lin Yi's flow and started talking about the hot topics that had been happening in the city.

Of course, what he talked about was all "common knowledge". He was not afraid of revealing any secrets by using it as a topic, and it was a good excuse to get closer to them.

Lin Yi was very interested in this as well, but it was a pity that the guard was only telling him the interesting stories of the spirit beast clan. It didn't mean much to him.

As they spoke, the group of people quickly passed through the capital and soon arrived at the residence of the Azure Dragon elder. The guard asked the spirit beast at the door to inform them and then waited outside for the Azure Dragon to summon him.

The guard wanted to go in with them and show his face in front of Green Dragon, but Green Dragon only said that he wanted to see Lin Yi, Li Zao Yi, and the big fire Lion. He didn't even mention the guard.

The guard was disappointed, but there was nothing he could do. He could only smile and send the three in.

"Your subordinate greets you, elder Azure Dragon!" When the three of them arrived at the living room, the Great Fire Lion was a few steps ahead and saluted the Green Dragon respectfully. After all, he was also the Green Dragon's subordinate, so he had to be polite.

"Elder Azure Dragon, we meet again!" Lin Yi only smiled faintly and cupped his fist as a greeting. Li Zao Yi did the same, and the two didn't show too much respect to Green Dragon.

"Master Lin, master lizao, why are you so late? did something happen?" The Green Dragon asked the three of them to sit down with a pleasant expression. Even the Great Fire Lion had a share. It was considered to be exceptionally doting.

Lin Yi laughed coldly in his heart. From the time the three of them entered the capital until now, there should be enough time for Green Dragon to gather information. He couldn't even be bothered to answer this kind of fake question.

"In response to elder's words, something did happen on the way. The team escorting the two masters was almost completely annihilated except for this subordinate. It is unknown if there are any other survivors, so it is estimated that there is no hope." The fire Lion wasn't Lin Yi. The Green Dragon's question wasn't directed at him, but he still took the responsibility of answering.

This was also to ease the tension between Lin Yi and green Dragon. It wouldn't be good for both sides if they fell out.

"What exactly happened? tell me in detail." Green Dragon didn't continue asking Lin Yi and turned to the fire Lion.

As a result, the Great Fire Lion naturally recounted the appearance of the illusionary fog space crack and many people were taken away by the space crack. A few people, such as the three of them, escaped because they had seen it coming early.

As for the others, those who had yet to return were probably in grave danger. In other words, in the entire team of spirit beasts, only the three of them might come back alive.

"Such a huge incident actually happened. It's a good thing that Master Lin and master lizao are safe and sound. It was said that no spirit beast or human had ever been able to escape from the illusionary mist space! Although you haven't entered the illusionary mist space, it's still rare for you to be able to leave safely! Why don't you tell us about the situation before and after the crack appeared? this is a rare experience for us spirit beasts!" Qing Long smiled faintly and spoke naturally to the group.

Lin Yi would never believe that elder Qing Long didn't know about the spatial tear, but he was acting like he'd just heard about it. He didn't know what the guy was thinking.

"Actually, there's nothing special about it. Our brothers who were scouting ahead accidentally discovered some traces that foreshadowed the appearance of the illusionary mist spatial Rift, so they told us to immediately turn back. Unfortunately, as soon as we finished speaking, the illusionary mist spatial Rift suddenly appeared, dragging the people who were walking ahead into it. We reacted relatively quickly and happened to be at the edge of the rift, so we were lucky enough to escape!" Lin Yi

smiled as he described the situation, half-truths and half-lies-people who weren't there at the scene wouldn't be able to find any flaws.

"So that's how it is! Master Lin and master lizao were indeed people with great luck! It's been thousands of years since I've heard of anyone who was able to escape from the illusionary mist spatial tear. We must have a good celebration when we return. " Azure Dragon's expression is extremely calm. No one knows whether he's praising or ridiculing him.

Lin Yi knew that the Green Dragon wouldn't believe him easily, but he didn't have any evidence. The other party couldn't do anything about it. Lin Yi would leave the southern island after the ceremony anyway, so it didn't matter what the Green Dragon thought.

"Elder Azure Dragon, this illusionary mist space is so peculiar. How did it appear? I've never heard of it on the other big islands. Could it be a secret realm unique to the South Island? Or is it another spatial plane?" Lin Yi asked a few random questions, not expecting the Green Dragon to answer. He was just showing the curiosity of someone who knew nothing about the illusion fog space.

He didn't expect the Green Dragon to answer Lin Yi's question seriously.

"It's said that in ancient times, the illusionary mist space was a prison that our spirit beast clan used to imprison powerful spirit beasts. At first, it was a secret realm controlled by a formation, but later it became an independent space. It probably involved a powerful ancient strange beast, and the entire secret realm was forcibly changed into an independent space by him. From then on, the spirit beast clan of the southern island lost their means of entering the illusionary mist space and could only passively wait for the space to open a crack. " Green Dragon explained calmly, and Lin Yi realized that it seemed to be true!

However, such a grand title as ancient beast was more suitable for those Qilin and Taotie. A Big Frog ... It was more comfortable to use the name ancient giant beast.

"Elder Azure Dragon, according to what you've said, aren't there many powerful beasts of antiquity in the illusionary mist space? And now that the spatial Rift was under their control, why didn't they come out? With the strength of these powerful exotic beasts, they should at least be able to dominate a region when they come out, right?" Lin Yi asked, pretending to be confused. He really hadn't decided if he should break the seal and let the frog out, but now that the Green Dragon mentioned it, he had to seize the opportunity and get some information first. No matter what choice he made in the future, it would be beneficial.

"Haha, Master Lin, you seem to be very interested in the legends of our spirit beast clan!" Green Dragon laughed as he glanced at Lin Yi.

Chapter 6215 The Reason To Come Back

Lin Yi's heart skipped a beat, thinking that he'd let something slip, but the Green Dragon didn't say anything. He continued, "Actually, Master Lin's understanding is still a little wrong! There shouldn't be that many beasts of antiquity in the current illusionary mist space. At most, there should be two or three. It's even possible that only one is left. "

Lin Yi was surprised. The Green Dragon had never been in the illusion fog space before, but he had a very accurate judgment of the situation inside. There was probably only one big Frog left in the illusion fog space now!

There were a lot of spirit beasts left, but they were all puppets made by the big Frog and could not be considered real spirit beasts.

"Elder, are you saying that the beasts will fight among themselves, and only one or two will be left after the survival of the fittest? Then wouldn't the remaining ones be extremely powerful? If they come out,

will the spirit beast clan be able to resist them?" Lin Yi's question was a little rude, but fortunately, his relationship with Green Dragon was only on the surface. Neither of them cared if he was being polite.

"Hahaha, Master Lin, you're thinking too much. No matter how strong one or two ancient beasts are, there's a limit. They're definitely within the control of our spirit beast clan. Moreover, it's not easy for them to come out. Otherwise, they would have come out long ago after so many years." The Azure Dragon laughed heartily and waved his hand. He did not seem to care about the strange beasts of antiquity in the illusionary fog space at all.

Lin Yi curled his lips. If the Green Dragon really didn't care, he wouldn't have such an accurate judgment of the situation in the illusion mist space!

It was clear that the higher-ups of the spiritual beast clan had already noticed the threat of the illusion fog space. After all, once the exotic beasts of antiquity escaped from the illusion fog space, they would not be able to deal with them with a simple beast wave tactic. The four great elders might have a chance of winning if they joined forces.

It was precisely because of this that it would be much more difficult to destroy the place where the illusionary mist space was sealed than expected. The strength of defense for a place that was valued and a place that had been forgotten were clearly not the same.

"You're right, elder Azure Dragon. With the protection of the elders' divine might, no ancient beast will be a match for us!" The Great Fire Lion flattered him at the right time, faithfully playing the role of a small spirit beast who was looking forward to being recognized by the higher-ups.

"You're from the fire Lion Clan, right? You've done well this time. You've successfully brought Master Lin and Master Li Zao to the capital. You've done a great service. I'll reward you later!" The Green Dragon glanced at the Great Fire Lion casually and nodded perfunctorily.

Azure Dragon wasn't stupid-the lion was obviously weaker than Lin Yi, but it was able to bring both of them to the capital. Who would believe that there wasn't something fishy going on? Hence, his attitude towards the lion was cold. At the same time, he was still suspicious of Lin Yi's intentions.

Lin Yi and Li Zao Yi were alchemy machines that were locked up by the spirit beasts. There was no reason for them to stay in the southern island when they had the chance to escape. It was too strange for them to follow the spirit beasts to the king City.

"Thank you for your praise, elder! This is what a subordinate should do! In fact, it's not this subordinate's credit that I was able to bring the two masters to the capital this time, but that the two masters specially came to ask for elder's help. This subordinate also received a lot of help from the two masters on the way. " The big fire Lion said humbly and explained the loopholes in the story.

This was part of Lin Yi's plan all along, and he had to fix such an obvious hole.

"Oh? What can I do for you, Master Lin? I'll do my best to help you. " Azure Dragon's attitude towards the lion didn't change much, but his suspicions were greatly reduced. He looked at Lin Yi with interest.

"It's like this. Elder Azure Dragon, you should still remember that I have a brother by my side called LAN Guzha. He also went missing in the attack of the illusionary fog space's crack. I searched with the help of this friend from the fiery Lion tribe, but unfortunately, I didn't find anything. He doesn't know much more about the illusionary fog space than me, so I can only take the liberty to come and see you, elder. I hope that I can get some help from you! Whether it's sending out more people or gathering more information, it's much more efficient than the two of us looking for it ourselves. I hope elder can lend us a hand. " Lin Yi put away his smile and cupped his hands, bowing seriously.

Besides being safe and acting as a surprise attack, LAN Guzha was allowed to hide in the Jade space as an excuse for the Great Fire Lion to bring two people back!

If LAN Guzha was here, wouldn't Lin Yi and the others run in a three-on-one situation? There was no need to ask to know that there was definitely a scheme in coming to the capital!

"So it's this matter! Don't worry, Master Lin. Even if you didn't say anything, I would have sent people to search for them. After all, many of our spirit beast clan's experts have gone missing. I can't just leave them be. " After hearing Lin Yi's request, Green Dragon felt relieved.

With Qing Long's understanding of Lin Yi's personality, it was reasonable for him to come to the capital and ask for help for his brother LAN Guzha!

This way, it wasn't strange that the fire Lion could bring people back. At the same time, Lin Yi's curiosity about the illusion fog space was explained.

"Thank you, elder Azure Dragon. This matter can't be delayed. Please arrange it as soon as possible. If I can find my brother LAN Guzha, Lin Yi will definitely repay elder's kindness!" Lin Yi chuckled to himself- LAN Guzha was eating roast meat with Skybolt pig in the Jade space, there was no way the Green Dragon could find him!

"That's good. Fire Lion, you are more familiar with the location over there. Go and pass on my orders. Choose two hundred experts to search for survivors with you! After the ceremony is over, I will continue to send more people to help. " The Azure Dragon nodded and casually ordered the Great Fire Lion to lead the search.

Being able to lead two hundred spirit beast Masters at once, the big fire Lion was promoted to a moderate position. This should be one of the rewards from the Green Dragon. In any case, the big fire Lion had to show a happy smile, accept the order loudly and leave.

As he left, he cleverly said goodbye to Lin Yi. After all, they'd been through life and death together, and this was normal. If he didn't say hello to the two of them to avoid suspicion, it'd make the old fox suspicious.

Lin Yi let out a breath of relief. The fire Lion wouldn't be implicated if he left. Although he hadn't decided whether to break the seal, it was obviously beneficial to the fire Lion if he could clear his name.

After the fire Lion left, Green Dragon turned to Lin Yi, "Master Lin, Master Li Zao, the coronation ceremony is about to begin. I won't be accompanying you guys. Do you guys want to rest for a while before going to attend the ceremony?"

Chapter 6216 The Conflict Between The Spirit Beasts

"Elder, do what you need to do, you don't need to pay attention to us! If it's possible, please assign a few experts to show us around the capital. We'll go to the ceremony when it's almost time." Lin Yi smiled faintly and offered to let the Green Dragon sect follow them.

Qing Long was very satisfied with Lin Yi's attitude, and was even more convinced that LAN Guzha was really missing. He summoned four mountain opening spirit beast Masters to accompany Lin Yi around the capital.

The status of an expert at the mountain opening stage was not low in the spirit beast clan. At the very least, they were at the level of a leader. With four of them by his side at once, he could be considered to be quite impressive in the capital.

"Everyone, this capital is really big. Can we go anywhere we want? There's no taboo, right?" After leaving the Azure Dragon mansion, Lin Yi immediately asked the four spirit beast Masters.

After hearing Lin Yi's question, three of them were expressionless and didn't have any intention to answer. Only one Spirit beast who took the form of a young woman smiled and explained, ""The capital is indeed huge. We might not even be able to walk through it in a day. I wonder where the two masters would like to go?"

"How should I address this big sister? If possible, of course we want to go everywhere. Why don't you introduce us to the regional distribution of the capital first?" Lin Yi smiled and nodded, wanting to find out more about the situation in the capital.

At present, ninety-nine percent of the spirit beast clan's experts were already gathered in the spirit beast King City. Although his divine consciousness was strong, he did not dare to scan randomly, lest he was discovered by the spirit beast clan's experts. If that happened, he would be in a bad situation.

"Master Lin, you really know how to talk. My name is Hua Wuling. Master Lin can just call me by my name. The distribution of the capital is actually very simple. Look over there, that's where the palace is. Around the palace are the residences of the four great elders, and a little further out is the commander's residence under the elders. But usually, they all had their own territories, so they would rarely stay in the capital! It's only a grand ceremony like today that everyone will return to their residences in the capital. " Hua Wuling's appearance was very beautiful. He didn't know which race of spirit beast she was from, but it was very pleasant to see her smile and give pointers.

"Then we'll call you sister Wuling. Is sister Wuling always in the capital or did she just come back?" Lin Yi asked casually, but he was shocked inside. There were at least a hundred commander's mansions below the four elders, which meant that there were at least a hundred Masters in the city who were only below the four elders.

Among these commanders, there were probably many experts at the sea splitting stage. The rest were also experts at the great completion of the earth-splitting stage and the peak of the late stage of earth-splitting realm. The current Azure Dragon was also one of the former commanders.

With such a huge group of Masters, they had the strength to compete with several other major islands except for the East continent. If the spirit beast clan really wanted to deal with a force like the northernmost Island, which was guarded by only one ancient family, it would be very easy.

"I don't dare to." Hua Wuling waved her hand with a smile, but didn't reject the title too firmly. It was obvious that she didn't see any harm in being on Lin Yi's good side.

If she knew that Lin Yi was actually thinking of removing the seal on the frog in the illusion fog space, she probably wouldn't think that way. Once the frog came out, the first to suffer would be the entire spirit beast clan!

"I will stay in the capital most of the time. Sometimes, I will only go to other places when the elder of the Green Dragon gives me a task! Master Lin and master lizao, if you have the chance in the future, you can come and visit me more often. " Hua Wuling laughed as she led the group in another direction.""The Royal Palace is a restricted area. Random people can't get close to it. There are too many experts there. Even if we go there, we will be detected by too many divine senses. It will be very troublesome. Let's go to a fun place."

"Yes, the guest will do as the host says. Today, we'll listen to sister Wuling!" Lin Yi made it look easy to talk to, but he was already on alert-the royal city was definitely not an easy place to go!

If the seal the frog was talking about was in the direction of the Imperial City, then this mission would be very difficult. However, even the frog didn't know where the seal was, or Lin Yi wouldn't have to work so hard.

Li Zao Yi followed Lin Yi quietly and didn't say anything. He followed Lin Yi's lead. Hua Wu Ling would sneak a glance at Li Zao Yi from time to time, thinking that this girl was really cold and proud.

"Since that's the case, I'll take you to taste the unique food of the spirit beast clan first. Then, we'll go to a few fun places in the capital. It might not be as interesting as the places of your human clan, but it'll definitely have a different taste!" Hua Wuling chuckled as she turned around to speak. She didn't pay attention and bumped into a tall man.

"Little girl, you're throwing yourself into my arms, are you trying to let this Lord have a taste of you?" The tall man took the opportunity to hug Hua Wuling. His thick hands were even restlessly attacking the sensitive parts of her body. Hua Wuling's expression immediately turned ugly.

"Get lost!" Hua Wuling shouted in anger. The aura on her body suddenly burst out. Her strength at the peak of the middle stage of the mountain split realm was fully displayed. Some of the spirit beasts who had not yet reached the mountain split realm were forced to take a few steps back.

Those who were able to enter the capital were at least spirit beasts in the middle or late stage of the nascent soul realm. However, the streets were still full of beasts, and it was normal to bump into them once or twice. However, there were not many as bold as the burly man. As a small leader in the Azure Dragon elder's residence, Hua Wuling naturally could not stand such vexation. She did not expect that her aura would only force some unrelated passers-by to take a few steps back, but the fellow in front of her was not affected at all. It was obvious that his strength was not weaker than hers.

"Yo, you're quite feisty. I like feisty women like you the most. It's really fate today!" The muscular man laughed.

Behind the burly man, there were a few fellows who looked like companions. They also laughed as if they were used to this kind of thing and had no intention of coming forward to persuade him.

"How audacious!" The three spirit beasts behind Lin Yi shouted in unison, crossing Lin Yi and attacking the burly man opposite of Hua Wuling.

All three of them were stronger than Hua Wuling, and he guessed that the Green Dragon sect's Hua Wuling was here because she was more suited to deal with Lin Yi.

The burly man didn't even raise his eyes. Three of his companions behind him immediately came forward and easily blocked the three mountain split experts.

Although they had already controlled their true Qi to avoid revealing it too much, under the situation where their strength was similar, the collision still caused a violent fluctuation!

Chapter 6217 Lin Yi Makes His Move

Those who were slightly weaker had already retreated involuntarily. The originally crowded street became even more embarrassing in an instant, and the surrounding people were thrown off their feet.

Hua Wuling's face turned red. Although she had protected her private parts, the other party did not seem to want to give up and wanted to move her arm away by force!

Don't look at how she was talking and laughing gently before, her personality was actually quite strong!

Her aura, which had been stagnant, suddenly burst out again, breaking through Hua Wuling's own limits in an instant. She was directly promoted to the peak of the late mountain split stage, close to the great circle of perfection.

The burly man's expression changed. He was not afraid of Hua Wuling's sudden increase in strength, but he was worried that she would use a self-harming move. Many spirit beasts had this kind of innate ability. As the saying goes, a trapped beast would still fight. In a desperate situation, a spirit beast could sacrifice its life in exchange for a sudden increase in strength.

Although not all spiritual beasts had this innate ability, there were definitely many that could use it. Clearly, Hua Wuling was one of them.

The burly man only wanted to have some fun, but he definitely did not want to kill anyone. After all, the spirit beast clan forbade infighting during special times, especially in the capital. Now that both sides had been occupied, if the matter got out of hand, none of them would be able to escape.

"You're crazy! Do you have to risk your life like this?" The burly man bellowed in a low voice. He was also anxious and wanted to subdue Hua Wuling directly. However, he did not expect that this would only anger her even more.

Hua Wuling's pupils had already contracted into vertical slits, and she revealed her sharp tiger teeth in her mouth. Although she was still in human form, the sudden increase in her strength had made her show signs of returning to her original form.

With a low roar, Hua Wuling's arms suddenly shook and she forcefully broke free from the burly man's hands that were grabbing her arms. She struck with her right elbow with all her might, and the violent true energy hit the man's ribs without any reservation.

The burly man cried out in pain. After gritting his teeth and enduring the pain, he raised his hand and used his palm as a knife, ruthlessly cutting at the back of Hua Wuling's neck in an attempt to knock her out.

The spirit beast clan forbade internal strife, but as long as a small conflict did not lead to a bloody murder, no one would seriously investigate it. After all, the spirit beast clan was also a bloodthirsty clan. A small training was harmless. It was precisely because of this that the burly man had shown mercy and wanted to keep the peace.

Unfortunately, Hua Wuling had almost entered a demonized state. As her strength soared, her mind was filled with thoughts of washing away her humiliation. After her attack succeeded, she bent down and turned around. In an instant, she appeared beside the burly man and avoided his palm.

The burly man's palm missed. He knew that things were not looking good. Hua Wuling's strength was much weaker than his before, but after she unleashed her power, the difference was not much. She might even be slightly stronger than him. He lost the upper hand because of his carelessness.

He punched out dozens of times in a row like lightning. Every punch hit the burly man's ribs where he had just been hit by the elbow. Moreover, his control was excellent. He was knocked into the air but was not sent flying!

After a series of violent attacks, the anger in Hua Wuling's chest had almost dissipated. After her normal thinking ability was restored, she was afraid that she would kill the other party. Not only would she be unlucky, but her family would also be implicated.

Therefore, in the last wave of attacks, Hua Wuling had already withdrawn most of her power, allowing the burly man to escape. Otherwise, with their similar strength, Hua Wuling might not be able to kill the other party directly, but it would be easy for her to be severely injured.

However, how could the burly man be satisfied with being beaten up by Hua Wuling, who was weaker than him? Originally, he wanted to turn a big matter into a small one, but now he didn't care anymore!

"You're looking for death!" The burly man roared. The muscles on his arms instantly expanded, and a terrifying wave formed around his body. Hua Wuling was about to stop and retreat, but her body was involuntarily pulled forward. She could not escape even if she wanted to.

The burly man threw out a punch. Hua Wuling could not stand still and could only hurriedly raise her fist to meet the attack. She could only use 50 - 60% of her strength. A dull explosion sounded, mixed with the crisp sound of bones breaking. Her arm had been broken by the other party in one move.

Although this kind of injury could heal quickly with her strength level, they were still in the middle of a battle. Originally, they were evenly matched, but now the situation had taken a sharp turn for the worse. The burly man had an absolute advantage.

Lin Yi sighed softly. He was happy to see the internal strife of the spirit beast clan, but Hua Wuling suffered this disaster because of him. They had been on good terms before, so it was a bit unreasonable for him to continue watching her in trouble.

"Go and help her!" Immediately remembering something, she spoke to Lin Yi through telepathy and gently held his hand, smiling and nodding at him.

Lin Yi blinked and let go of her hand before she could respond. This girl was so kind. A doctor indeed had the heart of a parent-it was the best description for her.

The scorching flames engulfed the entire area. Although Lin Yi hadn't actively broken through yet, with his current strength, it was an easy and pleasant thing for him to suppress an initial mountain stage master. So as soon as he used the raging flame Eight Trigram palm, both sides felt their breathing tighten, and an extreme sense of danger emerged in their hearts.

In comparison, Lin Yi's side was slightly better off. After all, he was targeting the burly man's side, and they were only affected a little.

The ones who felt the real pressure were the four men led by the burly man. They couldn't help but turn their attention to the seemingly weak human practitioner when Lin Yi attacked.

It all happened in the blink of an eye, and there wasn't even time to think. The men on the muscular man's side subconsciously diverted most of their energy to either defend or counter Lin Yi's attack.

Amidst the continuous explosive sounds, the violent true energy wrapped in heat waves spread in all directions. The spirit beasts in the surroundings who had not retreated in time were even more confused and disoriented. They wanted to escape, but they were restricted by the crowded crowd and could only stumble and drift with the flow.

Fortunately, Lin Yi was able to control himself. He didn't want to hurt the spirit beasts around him and cause more trouble. He had a mission now, and if there was a murder, it would be hard not to notice.

"Stop!" Lin Yi temporarily separated the two and shouted, trying to stop the situation from developing. After all, his purpose was to help Huawu Ling, not to defeat the opponent. It was meaningless to continue fighting.

Chapter 6218 Arrest Them

Hua Wuling was resenting the fact that she was soft-hearted at the last moment, which caused her to be in a difficult situation. She wanted to use a suicidal move, but she didn't expect Lin Yi to intervene and force the four to stop.

She was about to use this chance to launch a full-powered attack when she heard Lin Yi's roar. She subconsciously stopped what she was doing and retreated behind Lin Yi.

It had to be said that the concept of the strong being respected was deeply rooted in the spirit beast clan. Now that Lin Yi was Hua Wuling's companion, he was stronger, so she could accept and obey his words. If he was an enemy, things would not be so simple.

For example, the burly man and his companions. After Hua Wuling's three companions retreated, they surrounded Lin Yi aggressively, clearly not convinced by the attack just now.

"Human? How could there be a human in the capital? are you all spies?" The burly man narrowed his eyes and laughed sinisterly.

The streets were filled with transformed spirit beasts, and it didn't look like a beast King City. It looked more like a human city, so Lin Yi and Li Zao Yi didn't stand out at first, and the burly man didn't recognize them.

But the moment Lin Yi made his move, his aura was revealed, and all the spirit beasts could feel that this was a true human practitioner!

The Azure Dragon had allowed Lin Yi and Lizao Yi to come to the capital, and the Vermillion Bird knew about it as well, but it wasn't something that the people at the top would notify all of them. That was why the Azure Dragon sent Hua Wuling and the other three to follow Lin Yi and Lizao Yi.

On one hand, it was surveillance. On the other hand, it was protection. It also allowed the spirit beast clan in Yunwu city not to make things difficult for the two of them. It was not that Huawu and the other three were strong enough to suppress the entire city. It was just that they represented Azure Dragon. In Yunwu city, other than a few people, no one dared to touch Azure Dragon's residence.

"Impudent! We're the guards of the Azure Dragon sect's elder, and these two are the elder's distinguished guests. Who are you? How dare you offend the elder's guests and accuse us of being spies! I think you're the spies!" "Shut up!" Hua Wuling pointed at the muscular man and shouted.

He thought that by mentioning the Azure Dragon's identity, the other party would obediently retreat or at least apologize. He did not expect that the burly man would not care at all. He looked at Huawu Lingling and smiled evilly. "Elder Azure Dragon, you think you're so great? We're even from The White Tiger elder's residence! Won't there be any spies in your Azure Dragon mansion? Perhaps you're colluding with human spies behind the elder's back and trying to ruin my king's coronation ceremony?"

Lin Yi was surprised—he didn't think that these spirit beasts were from The White Tiger elder's house. It seemed like the two elders didn't really get along—could it be that they had some sort of grudge?

This was good news. The internal chaos of the spirit beast clan was beneficial to the human clan. Otherwise, with so many masters in the spirit beast clan, the other big islands would not be a match for the spirit beast clan unless the East continent gave full support.

"How dare you slander the Azure Dragon elder? Who gave you the courage?" Hua Wuling sneered and suddenly became calm.

Now that it had escalated to a conflict between two major elder's houses, it was not as simple as a private fight between a few guards. Thus, Hua Wuling forced herself to calm down. As for her broken arm, she could not be bothered with it for the time being.

"Don't talk nonsense. When did I slander the Green Dragon elder? With so many brothers watching, it's not that easy to make false accusations!" The burly man waved his hand nonchalantly. At most, he had said something disrespectful to the Green Dragon. After that, he immediately changed his words and targeted the underlings like Hua Wuling. He could not be considered to have anything against them.

Even if the two elders didn't get along well, the underlings had no right to be disrespectful to the other party's Big Boss. Therefore, the burly man was actually a little annoyed that he spoke too fast.

"Who dares to make a move in the capital? Do you not want to live anymore?" A loud shout came from the distance, and the surrounding spirit beasts immediately opened up a path for a patrol team of ten people to quickly enter the scene of the fight.

The burly man and Hua Wuling glared at each other without moving their heads. The power of the capital's patrol team was great, but the leader was only a spirit beast at the consummate level of the mountain splitting realm. It was not enough to deter them.

Moreover, each of them had the four great elders of the spirit beast clan behind them. As long as there were no murder cases, they did not have to be afraid of the patrol team doing anything to them!

"We're the guards of the Azure Dragon elder's mansion. We're accompanying the elder's distinguished guests to tour the capital. If you encounter these scoundrels, brothers of the patrol team, quickly take them down!" Hua Wuling stretched out her uninjured arm and pointed at the group of people from The White Tiger mansion, trying to get the patrol team to come over.

In fact, Hua Wuling was really confident because the palace's patrol team was under elder Vermillion Bird's command. Everyone knew that the new Azure Dragon elder was promoted by elder Vermillion Bird and was absolutely a hardcore fan. When faced with such a situation, she would naturally side with the Azure Dragon people.

"What a joke. Do you think you can do whatever you want just because you're the elder of the Green Dragon? Do you really think that our White Tiger elder's guards are weak? The brothers in the patrol team are known for being fair. Would they listen to your one-sided words and attack the people of The White Tiger residence? Don't you think too highly of yourself?" The burly man sneered. Despite his rough appearance, he was actually very meticulous. With just a few words, he had stopped the patrol team from siding with Hua Wu Ling.

The patrol Leader was indeed troubled. Both sides were subordinates of one of the four great elders. Emotionally speaking, he naturally had to side with the Azure Dragon elder. However, The White Tiger elder was not to be trifled with either, especially at this stage. Even the Vermillion Bird elder was unwilling to fall out with The White Tiger and wanted to maintain a superficial harmony. If he sided with Hua Wuling, would it not be good for both sides?

At this moment, the patrol Leader sincerely wished that he had never been here before. Otherwise, he would have been stronger. It would have been better if he had reached the earth-opening stage. This way, he could suppress both sides by force. At least, he could calm the situation first.

It was a pity that his strength did not have much of an advantage over the two sides. If they really started a fight, it would only make the situation infinitely worse, so he could only watch coldly from the side, not saying a word.

"Brothers of the patrol team, do you see that? there are two human cultivators over there. Is the distinguished guest of elder Azure Dragon a human cultivator? Which one of you believes that? I suspect that this is a spy who has sneaked into the capital to disrupt my king's coronation ceremony. You'd better capture him first and then interrogate him properly!" The burly man pointed at Lin Yi and Li Zao Yi, not caring about the consequences.

Chapter 6219 Starting A Conflict

The spirit beast clan was cooperating with the center, so it was not surprising that a human guest would appear. However, this news was not a secret in the bases and strongholds outside. On the contrary, not many spirit beasts in the core area of the spirit beast forest knew about it.

The spirit beasts around them, who didn't know what was going on, looked at Lin Yi and Lin Yi with suspicion. After all, the relationship between the spirit beast clan and humans had never been good.

"Do you want to die? You even dare to slander our elder's distinguished guest! Even if The White Tiger elder were here, he would still have to be polite to Master Lin and Master Li Zao. Who Do You Think You Are?" Hua Wuling was furious. However, the after-effects of her outburst just now were starting to show. In addition, her arm's fracture had not been treated yet. Even if she wanted to attack, she could not do so with her heart.

If the burly man really won over the patrol team, they would be embarrassed today. Fortunately, the patrol team would not do that. Even if they were not clearly biased, they would definitely not help the people from White Tiger.

"Alright, alright, stop quarreling. Let's go back first. It's not good to affect others here!" The patrol Leader rubbed his eyebrows and sighed in his heart. Today was really unlucky. Why did he encounter such a terrible thing? it was not easy to talk to both sides. He could only leave the scene first and then slowly smooth things over.

"It's enough for you to take away these spies, why do you want to take us? Could it be that you're thinking of dealing with us brothers in a place with no one else? Hmph Hmph! Who gave you the authority? How dare you say that you want to bring back the guards of our White Tiger Palace?" The burly man snorted coldly and stared at the patrol Leader with an unkind expression. He seemed to have an unforgiving attitude.

Unfortunately, what reason did he have? The patrol Captain was originally apprehensive of The White Tiger elder, but when he heard this fellow's shout, he immediately flew into a rage out of humiliation! I'm giving you face, but you're still pushing it? What was The White Tiger? My master, the Vermillion Bird elder, is the true ruler of the spirit beast clan!

"Just go when I tell you to, why are you talking so much nonsense? Are you trying to go against the patrol team? Do you really think that The White Tiger elder can do whatever he wants in the entire capital?" The patrol Leader displayed his authority as a law enforcer. With the Vermillion Bird behind him, there was nothing to be afraid of in the spirit beast clan's capital!

He also understood that if the Vermillion Bird elder did not want to fall out with The White Tiger completely, would The White Tiger want to fall out with the Vermillion Bird elder?

Relationships are all mutual. Everyone respects a person with high status. Since you don't give me face, then don't blame me for not giving you face!

The patrol leader's words were a bit heavy. The stout man's face suddenly changed. The spirit beast experts of the patrol team raised their weapons in unison and aimed at the experts of The White Tiger mansion.

In terms of strength, this entire patrol team was no match for the guards of The White Tiger's residence. However, they represented the laws and rules of the spirit beast clan. If the burly man dared to resist, it was almost equivalent to rebellion. Even if The White Tiger came forward, it could not save them.

"Is there a need to be so ruthless? If we don't resist, you'll take us back and lock us up for a few hours, and then you'll become our mortal enemies. Are you going to never leave this patrol team?" The burly man raised his hand slightly to stop his companions from acting rashly. He looked at the patrol Leader with a frosty expression.

"What's wrong? Was he threatening the law-enforcement officers? Who gave you the guts to speak to the patrol team that represents the security of the capital like this?" "Shut up!" Hua Wuling immediately stepped forward and shouted, confirming the burly man's crime. At the same time, she motioned for her other three companions to exert pressure on him.

After joining forces with the patrol team, they could easily suppress the guards of White Tiger's house. Lin Yi laughed in his heart. The burly man seemed smart, but he didn't think before he spoke. It was all his own fault that he caused the current situation.

However, Lin Yi was happy to see this situation. On the big hand, the infighting of the spirit beasts could make humans safer, and on the small hand, it allowed Lin Yi to fish in troubled waters. Whether or not he helped the big Frog break the seal, it was beneficial and harmless.

"Hmph, you're planning to join forces to deal with the people of The White Tiger Palace? If you have the guts, then try it. Do you think we'll be afraid of you?" The burly man's face was as gloomy as water. He

took his companions and got into a fighting stance, showing no intention of cooperating with the patrol team.

This guy was also certain that the patrol team would not dare to attack him. After all, he did not do anything too excessive. It was unreasonable for the patrol team to join forces with the Azure Dragon mansion's guards to deal with them.

As long as they continued to confront each other, in the end, they would either alert the higher-ups of the spirit beast Realm to come over, or they would just let it be, and everyone would save some face.

"You can do it, but we can 't? Why didn't you say these things when you humiliated Huawu Ling?" No one had expected that the first to explode would be one of Hua Wuling's companions. This fellow had not said a word since leaving the Azure Dragon mansion, but now, he had inexplicably exploded.

Lin Yi suspected that this guy was in love with Hua Wuling, and was still holding a grudge over what happened just now. This was the perfect opportunity for him to take revenge on the muscular man.

Before he finished speaking, the guy who had spoken had already pounced forward and gathered all the true energy in his body to launch an attack on the burly man. The three sides were already tense, and any movement could cause a complete explosion. The moment this guy made a move, it was equivalent to a spark falling into a pot of oil. All the people who were confronting each other had no choice but to attack!

Lin Yi stood in front of li Zao Yi and took a step back to prevent her from getting involved. After all, li Zao Yi's strength wasn't enough to withstand the fluctuations caused by the battle between the Masters of the mountain opening stage.

"Be careful, don't get hurt." Lizao Yi stood behind Lin Yi, a faint smile on her face as she spoke to Lin Yi telepathically.

"Don't worry, it won't be easy for them to hurt me. " Lin Yi was telling the truth-it might be impossible for him to deal with so many mountain opening Masters, but it wasn't a problem for him to protect himself.

But how could Lin Yi just stand on the side and protect himself when there was such a good opportunity to sow discord? Of course, he wanted to take advantage of the situation to stir up a conflict between the elders of the spirit beast clan.

"Senior ghost, are there any guys with powerful divine senses spying on us?" Lin Yi didn't want to get himself involved, so he made sure that there weren't any Masters with strong senses around before he made his move.

The giant frog in the illusionary fog space might be much stronger than the ghostly thing in terms of divine sense, but in the king City of the spirit beast clan, there were only a handful of people more powerful than the ghostly thing. It was even more impossible to hide from the ghostly thing!

Chapter 6220 Sneaking Around And Doing Bad Things

"Not yet. Are you planning to do something bad secretly?" The demonic thing laughed evilly. He didn't have a good impression of Vermilion Bird and Azure Dragon, and white Tiger wasn't close to him either, so he didn't mind what Lin Yi wanted to do.

"What do you mean by doing bad things? I'm doing a good deed and taking revenge for sister Wuling!" Lin Yi joked with the ghost for a bit before quickly using his hand.

His target was the brawny man who violated Hua Wuling. There was nothing to feel bad about killing a beast like him. Lin Yi saw the opportunity and used the invisible and invisible soul-devouring hand on the man's head.

This man didn't have any spirit sense defense items on him, so his spirit was easily captured by Lin Yi. What would happen when fighting an opponent of the same level? Of course, he would die!

Lin Yi didn't grab the man's spirit, but only made his body stiff for a moment. He then canceled the hand, and the man's opponent easily tore his chest apart. The man screamed in pain and fell to the ground, twitching and dying.

"Sixth brother! You actually dared to kill! I'm going to kill you all!" The burly man's companion roared and rushed toward the spirit beast expert who had killed sixth brother with red eyes.

That guy himself was stunned for a moment. Although his attack was extremely fierce, with sixth brother's strength, there was definitely a chance to resist or even launch a counterattack. Who knew that under one blow, sixth brother was finished. Looking at his posture, he should be on the defense, but for some reason, he stopped at the last moment.

In a battle between Masters, there was no room for error. It was that momentary pause that caused sixth brother to fall into a dead end. What was even stranger was that his body seemed to have lost most of its defensive ability. Otherwise, it would not have been so easy to kill him in one blow.

Although he felt strange, after killing his target, the Azure Dragon mansion's spiritual beast expert also began to become excited. Facing a new opponent, he did not hesitate to roar and continue to rush forward.

He had already killed one anyway, so it didn't matter if he killed one or two more!

If it was said that both sides had some scruples at the beginning and wanted to control the battle to the extent of injury without death, then with the death of the burly man, sixth brother, the battle instantly began to be filled with the smell of blood!

Lin Yi protected Li Zao Yi and backed away a bit more. He just wanted to use someone else to kill that old six, so now was the time to hide his achievements and fame.

As for how things would develop next, it didn't matter. In any case, there would definitely be cracks between the spirit beast elders. If he could find an opportunity to continue provoking them, he might be able to see a civil war between the spirit beast clan.

The spirit beasts that could run away had already run far away. The people fighting weren't ordinary people, and no one wanted to get involved. Lin Yi and Li Zao Yi easily retreated out of the range of the battle and watched the huge battle quietly.

After the Azure Dragon mansion's people and the patrol team joined forces, their strength was already far superior to The White Tiger mansion's guards. Now that one of the other party's guards had died, they were even more unstoppable. In just a dozen breaths, they had captured all of them alive.

However, in just a dozen breaths, each of the three sides had an expert fall, and most of them were injured. The one who died was the spirit beast expert who killed sixth brother. He was attacked by the other party, so he could not escape and could only be killed!

It was precisely because of this that one of the guards in White Tiger's residence had also been killed. This was a one for one exchange. It was hard to say who had the upper hand. The one who had died in the patrol team was a weak one. He was only at the xuansheng stage. It was normal for him to die in a battle of this level.

"Bring them back. You guys can follow them!" The patrol leader's body was still bleeding. Part of it was his enemy's blood, and the other part was his own blood. His face was also very ugly.

Hua Wuling didn't say anything but nodded. She brought the two remaining spirit beasts over to Lin Yi,""Master Lin, let's go with the patrol team! If he didn't cooperate, it would be very troublesome. If we follow them back, we'll just be going through the motions. "

"No problem, let's go together! I just hope that it won't delay our participation in the coronation ceremony this afternoon. " Lin Yi smiled faintly, shrugging his shoulders to show that he didn't mind.

Everyone followed the patrol team and left the scene. The bodies of the dead spirit beasts were also dragged away. As for the people who came later, all they could see was the blood on the ground.

The group followed the patrol team and did not go too far. There was a stronghold nearby. Although it was not big, it was enough to accommodate these people.

Due to the death of four spirit beasts and the injury of many spirit beasts, the patrol Leader no longer had the authority to deal with this matter. Before he returned, he had sent a message to the higher-ups, hoping that they could come and take over these bosses so that he would not be caught in the middle.

The two sides that had just been in a life-and-death battle naturally could not sit together and drink tea and chat in peace. However, The White Tiger's side had been subdued, so they could only glare at the Azure Dragon's side. In return, they were greeted with a variety of insults and humiliation.

The patrol Leader smiled bitterly inside-he couldn't really stop the three from Azure Dragon's side. After all, they lost a master as well, and he knew that White Tiger's people were holding grudges against him. He decided to just ignore them and talk to Lin Yi and Lin Yi. They weren't good people, after all, so he didn't care if they lived or died!

This awkward situation didn't last for long. The patrol leader's superior came to deal with the incident with some people. However, he was accompanied by two earth-splitting stage Masters from the Green Dragon and white Tiger. At this level, the people from the three parties were still polite and maintained a superficial harmony.

"Alright, you don't have to say anything. Come back with me first. We'll deal with this matter after my king's coronation ceremony is over." After some small talk, the earth-splitting stage expert on The White Tiger's side coldly glanced at his remaining subordinates and indifferently said a few words before turning around and walking out.

This time, no matter who was right or wrong, The White Tiger side suffered the most. Two mountain opening experts had died. It would be strange if he still had a good mood.

The face of the earth-splitting stage expert on the side of the Green Dragon sect was not very good either. After the people from The White Tiger sect left, his face slightly improved. He said a few more words to the people from the patrol team before leaving with Hua Wuling and the others.

"Masters, I'm really sorry for what happened. The elder said that the coronation ceremony is about to begin. Why don't you stop wandering around the capital and wait at the venue first? what do you

think?" The earth-opening stage spirit beast who had come to pick them up spoke politely, but the expression on his face showed that he was not negotiating.
