

Bodyguard 6221

Chapter 6221 The Heavily-Guarded Square

"It doesn't matter. We'll do as you say, elder Azure Dragon!" Lin Yi wasn't too happy with the guy's attitude, but he didn't object to it since he could go to the coronation ceremony in advance. The seal might be nearby.

"Master Lin is really reasonable. Let's go over then!" The earth stage spirit beast Master nodded with a fake smile and didn't say anything else. He brought Lin Yi and Li Zao Yi towards the palace. As for Hua Wuling and the other two, he sent them back to rest. It was unsightly to keep injured subordinates like them by his side.

Lin Yi didn't have any bad feelings towards Hua Wuling and the others. He smiled and waved goodbye before leaving with the earth opening stage spirit beast.

"May I know how I should address you?" Lin Yi saw that they were getting closer and closer to the palace, and the spirit beasts were getting fewer and fewer. He asked, but there was no respect in his tone, it was like a normal conversation between peers.

"My surname is Qin and my name is Qin Shou. Master Lin, you can call me whatever you want. I don't mind." Qin Shou's expression was indifferent. It was obvious that he had no intention of becoming friends with the two of them.

Beast? He really lived up to his name. It seemed that he was really an honest boy! Even the name was so direct.

"Is the coronation ceremony held in the palace? Aren't there not many people who can go in to watch the ceremony today?" Lin Yi smiled and asked casually, but he sighed inside. It was a joke to ask the fire Lion to bring him to the coronation ceremony.

With the Great Fire lion's identity, it was already very good for him to be able to enter the capital. It was simply impossible for him to continue to enter the palace to watch the coronation ceremony.

If it weren't for all the unexpected events, Lin Yi would probably only be able to experience the atmosphere of a coronation ceremony in the capital.

"It's indeed in the palace, but it's in the worship square of the palace. In addition to many high-level members of our spirit beast clan, there are also some invited guests and guards who are lucky enough to be able to watch the ceremony around the square." Qin Shou's meaning was not wrong, but his tone and attitude made it seem like he was giving alms, as if Lin Yi was lucky enough to be able to go in and watch.

Lin Yi would've slapped the idiot if he wasn't busy. This idiot really thought he was something. He was only earth formation stage, and Lin Yi's strength wasn't any weaker than him. Even the spiritual beast puppets the frog gave him could kill him instantly.

As the saying went, "if you don't get along, half a sentence will be more." Lin Yi didn't want to waste time talking to this idiot. He shut up and looked at the places they passed by with lizao Yi, memorizing the terrain and the guards "situation.

After entering the palace, Lin Yi could clearly feel a strong spirit sense scanning the area. It was clear that there were Masters from the spirit beast clan monitoring the entire Palace at all times, so he didn't dare to release his spirit sense as a means of observation, in case he exposed his own spirit sense.

Lin Yi had warned Li Zao Yi before, so he didn't use his spiritual sense. Qin Shou didn't have the mood to entertain them since they didn't say anything. The three of them walked into the palace quietly.

Every time they passed by a guarded door, Qin Shou would show them a gold medal. After seeing the gold medal, the guard didn't even say anything and just cupped his fists to send them in. It was obvious that this gold medal represented a high status. Lin Yi was a little suspicious as to whether Qin Shou had the right to have this kind of gold medal. Maybe it was just a temporary use from Green Dragon.

Unfortunately, Qin Shou would put it away in his storage bag every time he used it. Lin Yi would have to kill Qin Shou first before he could get the gold Medallion.

He didn't know if it was because the spirit beasts were better at preserving their ancient heritage, but Lin Yi noticed that the stronger spirit beasts on the southern island all had storage bags, which was very different from the other islands.

It wasn't wise to take Qin Shou's storage bag in the palace. Lin Yi thought about it for a while and gave up the idea. After passing through eighteen layers of guards, Qin Shou brought Lin Yi and Li Zao Yi to a huge square. There was a square altar in the middle that was more than 50 meters high. It should be the legendary heaven worship square.

There was a spirit beast soldier standing like a javelin every two steps around the square. Each of them was at the great circle of mysterious Ascension. There were nearly a thousand spirit beast experts in a circle!

If a thousand spirit beasts at the peak of the mystic Ascension realm were to form a battle formation, one attack would probably be enough to kill a normal sea Rift realm cultivator. Lin Yi was on alert. If the big Frog was sealed in this place, he would have no way to attack it.

In addition to these elite soldiers, there were also many Captain-level spirit beasts that were randomly moving around. If they wanted to cause trouble here, they would be easily killed by the spirit beast clan!

"Two grandmasters, you can take a look around here. I won't be accompanying you. The seats for the foreign guests are over there. When it's about time, you can go over and take a seat." Qin Shou pointed at a row of seats at the edge of the square, signaling for Lin Yi and the others to go over before he turned and left.

Lin Yi turned his head and looked over. The decorations weren't simple, but they weren't Grand either. It was clear that the spirit beasts didn't care much about guests, which was a little strange.

If someone from the center came, the spirit beast clan wouldn't neglect them, right? Lin Yi and Li Zao Yi were still under house arrest, so it was normal that they didn't get any good treatment, but the heart of the matter was different! The central region and the spirit beast clan had a cooperative relationship. They were allies on equal footing. There was no reason for them to be arranged in such a position. Could there be other areas?

"Lin Yi, what do we do now? Are we just going to wait here?" Li Zao Yi looked left and right. There was really nothing to see in this square. Apart from the high platform and the numerous spirit beasts and soldiers, it was empty. Wherever he went, he would be stared at by countless people. To be honest, Li Zao Yi preferred to stay in his room and study alchemy.

"Yeah, let's go sit over there first. We'll see if there are any other people coming. Maybe we'll see some familiar faces." Lin Yi smiled faintly as he pointed at the guest area and walked over.

Lin Yi wanted to get here earlier and check if he could find the seal on the frog, but he was disappointed. Not only could it not move freely, it couldn't even release its divine sense.

"Are you saying that the black bamboo hat and the red Bamboo hat in the valley will also come?" Li Zao Yi knew about central as well, and she knew who Lin Yi was talking about.

Chapter 6222 I Want To Challenge You!

"I'm more than 90% sure I'll meet them. To be honest, I'm quite interested in their true appearance under the bamboo hats. " Lin Yi had some guesses about their true identities, but he couldn't be sure until he saw them for himself.

The two talked as they walked, and they soon arrived at the guest area. It was still early, and there was no one else other than the two of them, so Lin Yi graciously picked two of the best seats and sat down. He invited Li Zao Yi to eat the spirit fruit on the table.

Although the place was not luxuriously decorated, the food prepared by the spirit beast clan was still very good. Those spirit fruits were all precious. They could hardly be seen on the other big islands for sale. They were all specialty products from the spirit beast forest.

Those who were weaker, like golden core and nascent soul cultivators, could eat one of these fruits. It was equivalent to what they'd get from practicing in isolation. Even Lin Yi and Li Zao Yi would benefit from it.

"These things are really good. It would be great if I could bring a batch when I leave later." Lin Yi couldn't help but praise after eating a few fruits.

"There won't be a lot of such a good thing. It's not easy to buy it in the market." Li Zao Yi covered her mouth and smiled. In fact, she also liked this kind of spirit fruit. It was delicious and beneficial to cultivation. If she could really get a batch back, she wouldn't object.

"If you can't buy it in the market, you can ask the Green Dragon for help. We've worked so hard to refine pills for him. We can't be stingy with a few fruits!" Lin Yi smiled-he wasn't really asking for the fruit, he was just saying it.

"The two of you are really in a good mood. You're eating and drinking here without any pressure!" A deep man's voice suddenly came from the side. Lin Yi and Lizao Yi had actually seen the muscular man walking over, but they didn't pay attention to him.

She didn't expect him to take the initiative to come over and talk to her. Moreover, he looked like he came with ill intentions. He was most likely here to find trouble.

"Who are you?" Lin Yi said lazily as he raised his head to glance at the man. He then threw another fruit into his mouth and started chewing.

"Li Yan of The White Tiger clan!" The man introduced himself coolly, looking down at Lin Yi and Li Zao Yi.

"Li Yan, are you here to tell us not to eat too much? Could it be that these spirit fruits were just decorations for the spirit beasts? Then I'm really sorry, we didn't know about this!" Lin Yi said apologetically as he swallowed the fruit in his mouth, as if he really was sorry.

Li Yan looked at Lin Yi in disdain, as if he were looking at a country bumpkin. Of course, he wouldn't come looking for Lin Yi for these spirit fruits. He was a direct descendant of The White Tiger clan, so how could he care about these spirit fruits?

Lin Yi knew this as well, but he said it on purpose to see how Li Yan would react.

"I know you guys haven't eaten such good spirit fruits before. Try your best. It's fine, in case you won't be able to eat them in the future!" Li Yan didn't even try to hide the sneer on his face as he pointed at the two, "I heard that because of you two human spies, our White Tiger clan lost two experts! Is there such a thing?"

Lin Yi smiled faintly, thinking that they were here for this! Li Yan probably didn't dare to mess with the Vermillion Bird and Azure Dragon's men, so he thought Lin Yi and Li Zao Yi were pushovers and wanted to get his revenge on them.

"First, we are not spies! Second, the death of your White Tiger clan is your own fault. What does it have to do with the two of us? From the beginning to the end, I only tried to stop the two sides from fighting, but I didn't succeed. The conflict that broke out later, I, an outsider, couldn't get involved, and you can blame me for that?" Lin Yi shrugged, expressing his innocence.

Li Yan didn't know what the relationship between half a piece of spiritual Jade and the other half was, but he guessed that it was most likely a human's sophistry. He immediately waved his hand and said, "No matter how glib your tongue is, don't try to fool me! If it weren't for you two human spies, there wouldn't have been any internal strife in our spirit beast clan. So, in the end, it's all because of you!"

"You're just trying to frame me! Stop talking nonsense, just do it if you want to, don't talk about useless things! But I'm warning you, don't think that just because you keep calling us spies, we're really spies! To be honest, we didn't come here of our own will. Elder Azure Dragon sent someone to invite us here. If

Elder White Tiger really wants to fall out with elder Azure Dragon, then you can do it!" Lin Yi didn't move at all, his expression extremely calm. His words were half-true and half-false, and even Li Yan started to hesitate.

If The White Tiger elder really wanted to fall out with him, Li Yan would naturally have no qualms about it. Unfortunately, he had acted on his own this time. The previous life-and-death battle had already caused an irreparable crack in the relationship between the two sides. If something were to happen again, it might really cause the spirit beast clan to split.

"Good! But don't think that this matter is over. After my king's coronation ceremony, I will directly challenge you to a life and death duel! Don't even think about stopping me!" Li Yan was silent for a while before grinning at Lin Yi, the killing intent in his eyes almost tangible.

Lin Yi squinted his eyes. He didn't know the rules of a spirit beast fight, but from Li Yan's confident look, it didn't seem like it would be easy to avoid. This was a bit of a headache.

"Li Yan, you're not from The White Tiger clan, but from the rabid dog clan, right? It clearly has nothing to do with me, so why are you biting me and not letting go? Is it because you're afraid of the Vermilion Bird and the Azure Dragon clan?" Lin Yi wasn't afraid of Li Yan turning on him, but he was afraid that they'd get tangled up!

This would greatly affect Lin Yi's follow-up actions. He might not even be able to destroy the cooperation between the spirit beast clan and central, let alone find the seal on the big Frog.

Although Lin Yi's main purpose in coming to the southern island was to gather information, and he'd already accomplished that goal-it was enough for him to report to Shangguan Tianhua. But now that he knew there was a conspiracy between the spirit beast clan and central, wouldn't he be sitting back and watching the enemy grow stronger if he didn't destroy it?

"Afraid? Our White Tiger clan has nothing to fear! You two human spies are bent on destroying the unity of our spirit beast clan. If we don't kill you first, how can our spirit beast clan have peace in the future? You don't have to continue to quibble, I won't fall for your trick. Just wait to accept my challenge, and then die!" Li Yan felt that he had already gained the upper hand, so his tone suddenly became arrogant.

Chapter 6223 The Arrival Of The Sea Beast Clan

It was a pity that with Li Yan's strength, he didn't know who would be the one to challenge Lin Yi. However, the first half of the challenge about destroying the unity of the Spirit beast clan was true!

Lin Yi's face was calm, but he was feeling disgusted inside. That's right, Li Yan was as disgusting as a pile of dog shit to him. He couldn't move easily, and he would stink if he got stuck. If only Qin Shou was here.

That guy was annoying, but he was a master from the Azure Dragon clan, after all. He'd definitely jump out and block the knife for Lin Yi if he met Li Yan.

Lin Yi was still thinking about Qin Shou when the guy turned around and saw the situation in the guest area. He sped up and came to them in the blink of an eye.

"Li Yan, don't disturb our elder's distinguished guest. Leave immediately!" Qin Shou clearly knew Li Yan, as he shouted coldly as soon as he landed.

"Who Do You Think You Are! You're just a dog of the Azure Dragon, how dare you speak to me like that!" Li Yan glanced at Qin Shou with disdain and mockery.

As a direct descendant of The White Tiger clan, his status was indeed much higher than Qin Shou 'S. Li Yan had the right to say such words, but Qin Shou would not fall for it.

"Are you that amazing? Is The White Tiger elder going to make you his successor? You really scared me to death!" Qin Shou retorted impolitely. It seemed that the two had conflicts before.

Lin Yi laughed to himself. This was the situation he was most happy to see, and it would be even better if Qin Shou could get rid of Li Yan!

Enough nonsense, even if this young master isn't The White Tiger clan's inheritor, I'm also much better than you, this guard dog!" Li Yan was slightly stunned. Although he was a direct descendant, his position as the successor of The White Tiger clan was in the double digits. Under normal circumstances, he would not have a chance at all!

There was no point in continuing this topic, so Li Yan turned to Lin Yi after a cold Hmph. "Don't think that you'll be fine just because this guard dog is here. Remember this young Master's words. After the coronation ceremony, just wait to accept the challenge! If you have any last words, leave them behind as soon as possible. But there's no point in staying, the woman who's with you will also go down to accompany you!"

"Since you want to die, then come at me!" Lin Yi's face darkened. In order to avoid trouble, he didn't even bother with Li Yan, but this idiot actually made Li Zao Yi a target. This crossed Lin Yi's bottom line.

Wasn't it just a White Tiger clan's earth splitting stage? did he think that he was some invincible existence? Lin Yi instantly thought of a few ways to kill him. At most, he'd run after doing it. With the life-saving card the big Frog gave him, even the White Tiger might not be able to do anything to Lin Yi and Lizao Yi.

As long as he activated the teleportation talisman that Wang Shiyang gave him, it would not be difficult for him to escape the spirit beast forest!

"Hmph, you're already a dead man in my eyes!" Li Yan sneered and turned to leave. Ever since Qin Shou came over, this guy had become very pretentious. Not only did he call himself "young master," but he also deliberately pretended to be very cold. In fact, it was a joke to others.

"The two of you really know how to cause trouble. If you just stay here, no one can help you if something happens again!" After Li Yan left, Qin Shou warned Lin Yi and Li Zao Yi coldly, as if he wanted to vent his anger on Lin Yi.

"Get lost, you idiot. I don't think you can solve anything by coming here!" Lin Yi didn't give him any face this time either. He'd been hoping that this guy could solve Li Yan's problem, but he'd only been called a guard dog and a Lackey a few times. He was completely useless, and yet he had the nerve to put on airs here?

"How audacious! You really think you're a distinguished guest? Don't forget your status!" Qin Shou probably knew what Lin Yi's position was in front of Green Dragon, and blurted it out in a moment of desperation. However, he regretted it a little after saying it. After all, this matter couldn't be brought out in public.

Lin Yi and Li Zao Yi were able to make elixirs for spirit beasts. Even if they were prisoners, they were still very important. There was no need to offend them.

"What are our identities? At least it's better than your identity, right? If you don't have anything to say, then please get lost, we don't want to see you!" Lin Yi was a little angry. Just like what Li Yan said, Qin Shou was just a dog under the Green Dragon's feet. Did he really think he was somebody?

If Li Yan wanted to challenge Lin Yi, he would definitely be killed by Lin Yi. There was no need for him to swallow his anger now. It didn't matter if Qin Shou was added to the list. He could kill a few more at once!

In any case, now that the Azure Dragon had a request for him and Li Zao Yi, as long as they didn't do something too heaven-defying, they would probably keep it to themselves in the end. Moreover, there was still an ally in the center watching from the side.

"Good! You're good! You're on your own!" Qin Shou pointed at Lin Yi, his face paling as he turned to leave.

He had no choice-Lin Yi wasn't someone he could touch yet, and he couldn't take the blame from Green Dragon. He could only endure it for now and take revenge when he had the chance.

"Lin Yi, we've suddenly become the enemy of Two Spirit beast elders. The situation isn't good!" Li Zao Yi smiled. She said that, but her trust in Lin Yi didn't waver at all.

"It doesn't matter, we'll act according to the situation." Lin Yi's lips curled up as he waved his hand casually, not paying it much mind.

He was hesitating whether he should release the frog now or wait until he was stronger enough to fight the frog. But now, Lin Yi felt that it wasn't a bad thing to let the frog out and muddy the waters of the spirit beast clan.

"Well, we're not afraid of them." Li Zao Yi nodded her head, and a rare confident smile appeared on her face.

As the two were talking, a group of people came from afar. The young man in the lead had a heroic aura, but Lin Yi couldn't help but feel that this person looked a little like LAN Guzha.

It wasn't just their looks, but their aura and presence. Lin Yi immediately thought of LAN Guzha when he first saw them.

"The sea beast clan?" Lin Yi squinted his eyes and rubbed his chin as he muttered to himself. LAN Guzha was most likely a member of the sea beast clan, and it was very likely that he was a Royal among the sea beasts!

Judging from their direction, it seemed that they were also coming to the foreign guests' seats. Therefore, it was more and more likely that they were Royal sea beasts.

"The spirit beast clan and the sea beast clan have joined forces. It's a big disaster for us humans!" Li Zao Yi spoke to Lin Yi with a worried face.

The reason why the spirit beasts of the southern island did not invade the other big islands on a large scale was that there was an endless sea between them!

Chapter 6224 Tricked

If they wanted to cross the endless sea for an expedition, the Army of spirit beasts was likely to be caught in a dilemma if there was an accident. It was also possible that they would be annihilated by the Masters of the other big islands!

After all, on the ocean, the warships of humans were much more powerful than those of the spirit beasts.

However, the situation would be completely different if the sea beast clan joined in. Apart from a small number of human warships that had been passed down from ancient times, the rest were not considered powerful. The sea beast clan would not be afraid of them at all.

When the two clans joined forces, even the middle Island might not be able to resist them, let alone the weaker ones like the West Island and the North Island!

"I should have guessed it! There were already signs of this when we were on the northernmost Island. Perhaps the northernmost Island was an experimental training for the three parties?" Lin Yi frowned and started thinking about how to break the Alliance between the spirit beasts and the sea beasts.

Compared to the Alliance between the central region and the spirit beast clan, the threat of the sea beast clan was obviously countless times stronger!

In terms of strength, the sea beast clan was far superior to the spirit beast clan. If it weren't for the fact that the islands had defensive formations against the sea beast clan, and that the sea beasts didn't have much desire for land, there would've been no place for humans on the Sky Class islands.

Once the central and the two races reached an Alliance agreement, the shortcomings of all parties would be made up for, and the human cultivators would really be faced with a disaster!

The two didn't continue after a few words-the people had already arrived. The young man in the lead glanced at Lin Yi and Li Zao Yi, not wanting to get to know them. He found a place to sit down.

Only two of the eight Masters who followed him sat behind him, while the other six stood to the side. Lin Yi noticed that the six who were standing were all earth-opening Masters!

Lin Yi couldn't see the cultivation level of the two sitting down, but they were able to make six earth opening realm Masters stand while the two of them were sitting. They must be strong. If he was right, these two were probably sea shattering realm Masters!

Lin Yi would be the first to believe that this young man wasn't a Royal if he had this many guards!

They were both Royal sea beasts, but the immemorial small world was not worth mentioning compared to the sky Island. The top sea beasts there were only small fries here.

"Are you all friends of the sea beast clan? I didn't expect to see you here. What a surprise! I'm Lin Yi, an Alchemist!" Lin Yi stood up and walked a few steps, waving his fist at the young man in the lead.

If he wanted to break the Alliance, Lin Yi had to fight with these sea beast Masters to see if he could get a chance.

"Please return to your seats. Our master doesn't want to know you!" One of the six men stepped forward and blocked Lin Yi's path, waving him away coldly.

Although those who could attend the spiritual beast clan's coronation ceremony were definitely not ordinary people, Xiao Xiao, as a member of the Royal sea beast clan, naturally did not have a good impression of human cultivators. Even if they were from the cooperative Center, he could not be bothered to get to know them. Furthermore, these two young human cultivators did not look like emissaries from the central center.

Lin Yi didn't give up, though. He wanted to break the Alliance, so what was this little difficulty?

It was a pity that LAN Guzha was in the Jade space and could not be released. Otherwise, he could let this fellow go and have an exchange. Perhaps there would be an unexpected surprise. After all, he was also a member of the sea beast clan.

"I've been presumptuous, but I don't have any ill intentions. I wonder if you've ever heard that there's some disharmony between the elders of the spirit beast clan? I was invited by elder Azure Dragon to attend the ceremony, but I didn't expect to be targeted by The White Tiger elder's clan several times just now. I couldn't even stand up to elder Vermillion bird's subordinate. If I had known that the spirit beast clan would be like this, I wouldn't have come even if you beat me to death. " Lin Yi spoke as if he was telling the truth, but only those who knew the truth would feel that something was wrong.

"What do you mean by that?" The sea beast Master who stopped Lin Yi looked at him coldly, not wavering at all.

"I just wanted to ask if you know some of the secrets. If you can tell us a bit, at least we can be prepared and avoid any fights between the great elders that will harm us innocent people." Lin Yi smiled and replied calmly.

He didn't directly warn the sea beast clan to watch out for the internal strife of the spirit beast clan. Instead, he put himself in the position of a weakling and indirectly pointed out the dangers and troubles that the spirit beast clan might bring.

"Go! We don't know what secrets you're talking about. Leave immediately, or don't blame me for being impolite!" The sea beast Master waved his hand to chase Lin Yi away again, his expression impatient.

Lin Yi smiled faintly-he'd achieved his goal. He'd already planted the seed of potential problems in the hearts of these Masters, and the moment there was any sign of trouble, this seed would immediately take root and sprout. If the spirit beast clan really had an internal conflict, there was a 70 to 80% chance that they'd choose to retreat.

Even if the sea beast clan were to make a move in the end, it would not matter if they helped the party that invited them over! In this way, the fiercer the battle, the greater the losses the spirit beast clan would suffer, and the lower the threat to human cultivators.

"Alright, alright, alright, I'll go back now! I just want to get some information, you don't have to be so fierce!" Lin Yi pretended to be helpless as he shrugged and returned to his seat.

As soon as he sat down, Lin Yi felt the big frog's consciousness in his Qi sea jump slightly, and he was shocked.

If the big Frog could sense everything outside through this trace of divine sense, it would be too terrifying!

However, Lin Yi guessed that the frog wasn't that powerful to be able to ignore the barriers of space. At most, it could sense Lin Yi's general location in the illusionary mist space.

The slight throbbing this time was probably planned, a signal to remind Lin Yi to move quickly. At the same time, the bags with the little spirit beasts slowly opened up.

It seemed that he had been tricked! He couldn't control these little spirit beasts by chance. They were controlled by the big frog's trace of divine sense! Lin Yi was shocked!

No wonder the big Frog said that it couldn't control the little spirit beast without its divine sense. In fact, Lin Yi couldn't control it even with its divine sense. It just became the big frog's divine sense and controlled Lin Yi's body.

"Lin Yi, what should we do? If we release those little spirit beasts here, won't we be discovered?" Li Zao Yi was a bit anxious, but unfortunately, she couldn't do anything. Just the wisp of divine sense in her sea of Qi made her unable to resist.

Chapter 6225 Situation Discovered

"Don't worry, since the big frog's divine sense has taken the initiative to attack, the outcome is in his own hands. I don't think he will trick us and cut off his own retreat! Although a wisp of his divine sense is weak, it shouldn't be a problem to hide the movements here. " Lin Yi was confident in the big Frog. It was a being that was stronger than ghosts in terms of spirit. Although the divine sense attached to them was very small, as long as it wasn't a particularly strong practitioner of divine sense, they wouldn't be discovered.

That was indeed the case. The experts of the spirit beast clan did not dare to observe the area without restraint because of the arrival of the sea beast clan. After all, Xiao Yan's followers were not weak. It would be bad if they caused any misunderstandings.

The sea beast Masters were guests in the spirit beast's territory, too, and wouldn't spread their senses out for no reason. This gave Lin Yi a small space.

The big frog's wisp of divine sense seemed to have noticed this situation, so it suddenly opened the little spirit beast's bag and released eight little spirit beasts. They sneaked out quietly and began to investigate the palace where the seal might be.

"This guy still has a conscience. He didn't release all twenty of them. At least, he left twelve of them to be our bodyguards." Lin Yi smiled bitterly and shook his head, sending a message to Li Zao Yi.

Although it said that, Lin Yi knew that the big Frog didn't care about his and Li Zao Yi's safety that much. The main reason was that the two of them had to operate the black cone to remove the seal, and the small spirit beast couldn't do that.

"Their concealment ability is really amazing. If I didn't know beforehand, I might not have been able to discover their traces." Li Zao Yi also transmitted her voice and sighed. As soon as those eight little spirit beasts came out of the cloth bag, they immediately became one with the surrounding environment. It was difficult to discover them with the naked eye even if they were very close.

The most important thing was that these little things could not only avoid the naked eye, but also distort the divine sense a little. If one didn't pay special attention to them or search for them carefully, even a sea splitting stage expert wouldn't find them easily.

Because they were puppets created by the big Frog, these little spirit beasts had almost no life aura. When they were motionless, they were no different from a stone, a Bush of grass, or a piece of dead

wood. When they moved, they were as fast as lightning and as silent as ghosts. They were definitely natural Scouts!

"The big Frog is really far-sighted. With these little things, it will be much easier to find the place to remove the seal. Let's wait and see!" Without Wang Shiyang, Lin Yi didn't want to release the frog, but he changed his mind.

With the birth of such an ancient Almighty, the spirit beast clan would probably not be so idle as to join forces with the sea beast clan and the central to deal with human cultivators. By then, they would probably be too busy to take care of themselves!

Therefore, as long as they could resolve this crisis, everything would be worth it.

The only thing he needed to worry about was whether the Vermilion Bird and the other top masters of the spirit beast clan would be completely vulnerable in front of the big Frog. If the big Frog United the spirit beast clan without any effort, the situation would become even more terrible.

He hoped that the Vermilion Bird and the other elders could at least fight on par with the big Frog!

Lin Yi knew that the best result would be hard to come by, but he could only hope for it. If the frog didn't come out and mess things up, he would be helpless once the three sides succeeded.

In a breath or two, the eight little spirit beasts had completely disappeared from the square. Lin Yi didn't dare to release his consciousness, so even he didn't know where they went. As for whether he could find any useful clues, it would depend on their luck.

As they spoke, two more people walked in from the entrance-one with a black bamboo hat and the other with a Red Bamboo hat. Lin Yi squinted his eyes-he'd seen the man with the black bamboo hat in the valley, but he'd heard the fire Lion mention the one with the Red Hat.

Both of them were extremely reserved, and Lin Yi couldn't see through their strength. The man in the red Hat was called Pao, but he didn't know who the man in the Black Hat was.

"The people from the central region have arrived as well. They didn't bring any followers with them, but their auras aren't any weaker than the sea beast clan 'S. I wonder where they get their confidence from." Lin Yi only smiled coldly and didn't pay much attention to it.

The two in the center saw Lin Yi and Li Zao Yi from afar, but they probably knew that they would meet Lin Yi here, so they weren't surprised at all. They even nodded slightly as a greeting.

Lin Yi didn't know who the black bamboo hat guy was, but if Pao with the red Bamboo hat was really naipao, then they'd be old acquaintances. He nodded faintly.

The man walked over and saluted with his fists. He was more serious than he was with Lin Yi, but he wasn't too humble. As far as Lin Yi was concerned, the two sides must've come to an agreement, so they were now equal.

Xiao Yan didn't stand up, he only turned his head slightly and nodded at the man with the black bamboo hat. Even though they were working together, this direct descendant of the royal family of the sea beasts still looked down on human cultivators from the bottom of his heart.

The two people in the center didn't care. They sat down on the other side and waited for the coronation ceremony to start.

For a moment, the area fell into a quiet and strange atmosphere. The relationship between the three parties was clearly divided on the surface, but all parties felt that the other two were not on their own side.

For example, Xiao Yan. Although he had some agreements with central, he did not think that any human cultivator was on the same side as him! She felt that Lin Yi was on the same side as central.

The man knew that he had to work with the sea beasts, but he couldn't trust them completely. He was more guarded against them than Lin Yi was.

Lin Yi, on the other hand, was a different story. In this place, other than himself and Lizao Yi, everyone else was an enemy. It was hard to tell if the man in the red Bamboo hat was a friend or an enemy, and even if it was Zhang Naipao, he might not be on the same side as him.

In this weird atmosphere, time passed by quietly. After a while, the spirit sense in Lin Yi's Qi sea jumped and sent a message over. It seemed that the eight little spirit beasts had found something.

"Lin Yi, did you get the big frog's message too?" Li Zao Yi told Lin Yi, the big frog's spirit sense alerted the two of them.

"That's right. It seems like we've found something, but we're not sure. We need to confirm it!" Lin Yi's face didn't change, but he was shocked inside.

Chapter 6226 The Coronation Ceremony

Lin Yi didn't think that these spirit beasts would be able to notice the situation in such a short time! Perhaps the big Frog knew the general location of the seal from the beginning, but it hadn't come out for too long and wasn't sure, so it didn't tell him and Li Zao Yi.

It was a pity that Lin Yi couldn't leave now. The moment he walked out of the guest resting area, the spirit beasts' senses would land on him immediately, not to mention the spirit beast guards that were everywhere around the square.

The frog's spirit beast puppets had extremely strong stealth abilities, which was why they could escape so easily. Lin Yi didn't have this kind of silent ability, and he could be easily discovered even if he teleported.

"Are we really going to remove the seal on the big Frog?" Li Zao Yi wasn't worried about how to leave. In contrast, she was more worried about the consequences after the big Frog came out.

"If there's a chance, I still have to do it! Wang Shiyang was in his hands, so he couldn't just leave him be! Besides, it might not be a bad thing for us human cultivators to have the big Frog to mess things up!" Lin Yi told Li Zao Yi calmly, but he was already planning how to get to the place where the spirit beast found him.

However, before he could come up with a solution, a large number of spirit beast experts began to appear in the square. They entered in an orderly manner and stood at a certain point in the square in order, forming an extremely neat square formation!

It was obvious that the coronation ceremony was about to begin!

At this point, Lin Yi had no choice but to give up on the idea of leaving and think of a way after the coronation ceremony.

As expected, plans couldn't keep up with changes. He had thought that the best time to act before the ceremony was to start, but he didn't expect to be trapped at the scene.

The weakest of the people standing in the square were at the beginning stage, and Lin Yi couldn't help but take a deep breath at the dense crowd of beginning stage Masters!

He had already tried his best to overestimate the strength of the spirit beast clan, but he had still underestimated them by too much!

On the major islands, those at the mountain opening stage were already peak existences on the surface. Their numbers were extremely small, but in the spirit beast clan, they were like cabbages on the side of the road, becoming extremely common existences.

Even in the East continent's major Academies and cities in the Yellow Sea area, the people in the mountain opening stage were all high-level figures. The spirit beast clan could do whatever they wanted in the Yellow Sea area just by the opening stage in the heaven worship square. Fortunately, the East continent also had the mystic Sea area. Although Lin Yi had never been there, he thought that he shouldn't be afraid of the spirit beast clan's Army in the mountain opening stage.

After the mountain opening stage, it was time for the masters of the earth opening stage to enter the arena. They did not stay in the square, but slowly climbed up the steps in the middle, and then stopped on the steps according to their strength or status.

Needless to say, the platform above the high platform was reserved for the sea Rift stage expert, the four great elders, and the king of the spirit beasts!

Since he couldn't leave for the time being, Lin Yi decided to calm down and observe the true strength of the spirit beasts.

Basically, all the powerhouses of the spirit beast clan had gathered for today's coronation ceremony. Judging from the current number, it would be enough to sweep across the few major islands if there was no obstruction from the endless sea.

Lin Yi didn't know the strength of the mystic class Sea area in the east continent, but other than that, the other islands probably wouldn't be a match for the spirit beasts even if they worked together.

Suddenly.

Thousands of deep bugle horns sounded at the same time, and the entire square suddenly became solemn.

In the sky above the palace, a projection of the square appeared with an array, allowing the spirit beasts who could not enter the palace to see everything here without any hindrance.

As the bugle sounded, a group of people slowly walked up the stage. The leader was the king of spirit beasts that Lin Yi had met once before, but this time, he didn't wear a bamboo hat. Instead, he used an exquisite Golden Mask to cover his face. The wide and gorgeous golden robe covered his whole body, so Lin Yi couldn't see his height.

Beside the king of spirit beasts, other than the red-haired Vermilion Bird and the Azure Dragon elder, there were two other elders with extraordinary auras. It was Lin Yi's first time seeing them, but the thing told him that they were the other two elders, the Xuanji White Tiger and the Black Tortoise!

There were ten other men and women who had the right to follow behind these five people. Lin Yi was unfamiliar with them.

"These are the ten great guardians of the spirit beast clan! Every one of them has reached the sea shattering stage. Their status is between that of a commander and an elder, and they are also extremely noble. However, they don't have much substantial power in their hands. Some commanders who have real power may respect them on the surface, but they are more or less disapproving of the Guardians in their hearts. " The thing seemed to know what Lin Yi was thinking and reminded him.

"So that's how it is. Then the current Azure Dragon was chosen from these ten great protectors?" Lin Yi asked. He'd thought that Qinglong was a commander.

"That's right. So, don't look at how these guardians don't seem to have any real power. As long as they side with one of the elders, their status will rise." The ghostly thing nodded.

At this moment, the king of the spirit beasts stood on the altar, followed by the Vermilion Bird. They began to recite the prayer of offering sacrifices to the heavens. All the spirit beasts lowered their heads solemnly and prayed silently in their hearts with extreme piety.

Lin Yi had never thought that the spirit beasts, who were known for their survival of the fittest, would have such a strong foundation of faith.

Although they did not know what kind of God they worshipped, it was still very shocking that the entire spirit beast clan was so submissive.

Lin Yi didn't understand-the spirit beasts were supposed to be a dog-eat-dog Race, but why was it that they were almost unified internally? In addition to the power of the king of spirit beasts, this belief was probably one of the most important reasons.

The entire coronation ceremony lasted about two hours. Although the various ceremonies of the spirit beast clan were not considered complicated, it still took some time.

Lin Yi, the center, and the sea beasts were just guests throughout the ceremony, watching from the guest area with no one disturbing them.

Most of them, on the other hand, were in a state of confusion as well, not understanding what these spirit beasts were doing at all. It was just like the last time Lin Yi saw them, they were just huhuha, huhuhe ...

After the end of the worship ceremony, the king of the spirit beasts solemnly took a golden crown from the Vermillion bird's hand and slowly put it on its head. The array in the sky was synchronized so that all the spirit beasts could see this scene with their own eyes!

"Long live our King, long live, long live!" Loud cheers sounded both inside and outside the palace, like a tsunami. It was so uniform that Lin Yi was shocked by the momentum.

Chapter 6227 The Cabinet Elders Council

From this moment on, the spirit beast clan finally had a new, true king. All the spirit beasts felt that they had a backbone. Unfortunately, the lower-ranked spirit beasts did not know that the king of the spirit beasts after the coronation ceremony still did not have enough power to do anything.

Long live, long live, long live. In the secular world, this would only be a beautiful wish of an ancient Emperor. But here, it was not a strange thing!

It was normal for a powerful spirit beast to live for tens of thousands of years. If the king of the spirit beasts was really a ruler, it would be even more difficult for the human cultivators on Sky Class Island.

Lin Yi's face was calm, but his heart was in turmoil. The spirit beasts weren't scary when they were in a state of disunity, but when they were united, that was the scariest thing for humans!

The successful coronation of the king of the spirit beasts would obviously make the spirit beast clan more United. If the four elders could put aside their grudges and fully assist the king of the spirit beasts, even without the center and the sea beast clan, they would be a strong enemy of all the humans on the Sky Class Island!

"My people are my family. From now on, I'll give all my brothers and sisters sufficient resources. The spirit beast clan will rise again!" The king of the spiritual beasts raised his hands and pressed them down slightly. The cheers inside and outside the royal city immediately died down. However, his simple words made all the spiritual beasts cheer again.

This time, the king of the spirit beasts did not stop them. It let the cheers continue for a long time. After it lowered its volume, it continued, "Because I'm still young and my strength is lacking, I have to focus on cultivation for the time being. For the long-term peace and stability of our spirit beast clan, it's necessary to select a few highly respected seniors to help with the clan's Affairs."

Lin Yi's lips curled up into a cold smile-the entire ceremony was bullshit, this was the most important thing!

If he was not wrong, the Vermilion Bird would be given the most power, just like before. The only difference was that after the coronation of the king of spirit beasts, he would have the right to hold the power to assist the king, and it would not be as controversial as before.

"I've decided to set up a cabinet Elder Council to replace me in decision-making! The four great elders will be the first members of the Cabinet Elders Council. Anything can be carried out as long as the elders Council has a majority vote. If the votes are equal, then I will make the final decision. " When the king of spirit beasts announced this decision, almost no spirit beasts opposed it. After all, the Vermilion Bird and the other three great elders originally held more than 80% of the power in the spirit beast clan. Now, it was just an official title.

After thinking about it carefully, the king of the spirit beasts still had a lot of power. All the spirit beasts knew that the four elders were now divided into two factions. The decision of the elders Council was almost certain to be evenly matched, so the importance of the king of the spirit beasts was self-evident.

If the two factions reached a consensus, even if the king of spirit beasts opposed it, it would be useless. The new king did not have the ability to fight against the four great elders alone.

Lin Yi subconsciously held his chin and quickly analyzed the pros and cons of the situation. He felt that this matter was not that simple, but he couldn't see the essence yet. However, the king of spirit beasts' voice made him a little suspicious. It seemed different from the last time they met!

Was it because he was wearing the Golden Mask that his voice became more dignified? However, as the king of the spirit beasts, why couldn't he show his true face? With the Vermilion Bird and other experts by his side, even if the king of spirit beasts was weak, he did not have to worry about any danger!

"Vermillion Bird elder is the head elder of the cabinet Elder Council, and the other three are ranked equally. Until this King's strength is strong enough, Vermillion Bird elder will lead the cabinet Elder Council! I hope that everyone can work together and contribute their strength to the prosperity of our spirit beast clan!" The king of spirit beasts confirmed the Vermillion bird's position and said a few words of encouragement before retreating to the side amidst the cheers of countless spirit beasts.

After that, Vermillion Bird came out and gave some formal speech, which received a very good response. Lin Yi felt that this guy might be the one who benefited the most from the coronation, but it was hard to say what would happen in the future.

Whoever controlled the king of spiritual beasts in the inner cabinet Elders Council would have the right to speak in the entire spiritual beast clan. If the king of spiritual beasts was a puppet supported by the Vermillion Bird, it was certain that the Vermillion Bird would have unparalleled authority in the short term. However, it was difficult to say whether the king of spiritual beasts would continue to be a puppet after a long time.

The White Tiger and the Black Tortoise were already dissatisfied with the Vermillion Bird. As long as the king of spirit beasts had the idea of leaving the Vermillion Bird, it would be easy for them to join forces with the two elders.

At that time, the situation would be completely reversed. The side with the majority would no longer be Vermilion Bird and Azure Dragon!

Of course, the probability of this happening was not high. In the end, the Vermillion bird's strength still occupied the highest level of the spiritual beast clan. Unless the king of the spiritual beasts could grow to a sufficient height, it was not qualified to escape the Vermillion bird's control.

Vermilion Bird announced a new set of measures on the stage. She didn't mention the real plan, but it was clear that she wanted to increase the military strength. Lin Yi watched on coldly, feeling that the situation was getting more and more dangerous.

On the other hand, the representatives from the sea beast clan and the center were very interested in the Vermilion bird's speech. They nodded from time to time, wishing they could cheer loudly.

After a while, the Vermilion Bird finally finished speaking. Then, The White Tiger, Black Tortoise, and Azure Dragon all came forward to say a few simple words, finally ending the coronation ceremony.

All the spirit beasts called out "long live the Emperor" three more times before leaving the heaven worship square in succession. The projection in the sky had also completely disappeared. Most of the spirit beasts inside and outside the palace had started to return, and the huge group of spirit beasts had slowly decreased in number.

"Honored guests, the king and the four elders have invited you in." Most of the spirit beast Masters at the mountain split stage and above had left, and only then did a spirit beast soldier at the peak of the mystic Ascension realm run over and bowed to Lin Yi and the others.

This invitation was for everyone in the guest area, which naturally included the sea beast clan and central. Lin Yi was a little surprised, not knowing what the king of spirit beasts was up to.

If they wanted to discuss any secrets, it would be enough to call the spirit beast clan and the people from the center. Why did they have to bring him and Li Zao Yi, two alchemists under house arrest?

Although Lin Yi didn't want to join in the fun, it seemed like it wouldn't be good to reject the king of spirit beasts 'invitation. He could only helplessly bring lizao Yi and follow behind the crowd.

The king of spirit beasts and the four great elders had already walked down from the high platform at this moment. They returned to the newly repaired Palace Hall together and waited for the arrival of the crowd.

Chapter 6228 The Battle Between The Royal Alchemists

The first to enter was the man in the black bamboo hat and the man in the red Bamboo hat. However, after they entered, they only exchanged a few words with the Vermillion Bird elder before sitting down quietly.

The sea beast clan, led by Xiao Yan, did not say anything either. After they sat down, they waited for the king of spiritual beasts to speak.

Lin Yi and Li Zhaoyi, on the other hand, decided to take things as they came. They casually found a seat and sat down, wondering what these people wanted to research.

The king of spirit beasts sat on the throne above the main hall. The Golden Mask was shining, and no one could see the expression on the face behind the mask.

As the chief elder of the cabinet Elder Council, Vermilion Bird stood up with a smile and cupped his hands to the three parties as a greeting.

"I would like to express my deep gratitude to all of you for attending the coronation ceremony of the new king of the spirit beast clan! Next, I'll discuss with you all the possible cooperation in the future! I hope that everyone will be open and honest, and become each other's most solid allies. " Red Sparrow nodded at Xiao Yan and the two men in bamboo hats as she spoke. Lin Yi, on the other hand, was ignored.

But Lin Yi didn't mind at all. He didn't think that he could work with the spirit beast clan, and it was good enough that they didn't cause any trouble.

"Elder Vermilion Bird, I wonder what right do the two of them have to join our alliance? If you don't have enough strength, you'll only drag us down!" Lin Yi didn't mind, but someone else jumped out! Xiao Yan pointed at Lin Yi and Li Zhaoyi coldly and questioned the Vermillion Bird.

Even though he was not as powerful as the Vermilion Bird, he was still on the same level as the Vermilion Bird. After all, he represented the entire sea beast tribe!

"Prince Xiao Yan, please calm down. Allow me to introduce you! These two are the genius human alchemists, Lin Yi and Li Zao Yi!" Red Sparrow smiled and didn't mind Xiao Yan's attitude. She pointed at the two and introduced them.

A look of disdain appeared on Xiao Yan's face. An Alchemist was of no use to the sea beast clan. No matter how talented he was, he was still a human. He was not even qualified to be Xiao Yan's follower. What right did he have to be on the same level as him?

Moreover, human elixirs were not of much use to the sea beasts, just like the spiritual beasts. That was why Xiao Yan did not care about them.

"Prince Xiao Yan is a direct descendant of the royal family of the sea beasts. His status is extremely noble. The two of you should try to get closer to him if you have the opportunity." Vermilion Bird turned to Lin Yi and Li Zao Yi and introduced them to the members of the sea beast clan.

Other than Xiao Yan, he also mentioned the sea beast Masters in the sea Rift realm, but those in the earth formation realm didn't deserve to be introduced by the Vermilion Bird. Lin Yi smiled and nodded, his attitude neither humble nor overbearing, pretending not to see Xiao Yan's disdain.

"Elder Vermilion Bird, I heard that these two human alchemists are very good at refining pills and can refine pills for our spirit beast clan. Is that true?" The king of spirit beasts suddenly asked, showing great interest in Lin Yi and Lin Yi.

"Indeed! The pill that was offered to the king was refined by them. " The Vermilion Bird was slightly startled. It seemed that he did not expect the king of spiritual beasts to suddenly interrupt. However, in front of the sea beast clan and the central emissary, he could not be too obvious. He could only nod in response to the king of spiritual beasts 'question.

"This King's strength is currently in a period of rapid growth, and I really need such alchemists to continuously provide suitable medicinal pills for this King's cultivation! How about this, Master Lin Yi and Master Li Zao Yi will be my personal elixir Masters and stay by my side, making elixirs for me at any time. I wonder if the elders of the cabinet Elder Council have any objections?" The king of spiritual beasts was

wearing a Golden Mask, so outsiders could not see the expression on his face. However, the Vermilion bird's face was definitely not happy.

The new king of the spirit beasts was definitely raised by the Vermillion Bird. The coronation ceremony had just been held, and the new king of the spirit beasts dared to openly sing a different tune from her? Have your wings hardened?

In fact, the king of the spirit beasts did not provoke the Vermilion Bird on its own initiative. As the new king, in order to improve its strength, what was wrong with taking in two Royal alchemists? What made the Vermilion Bird unhappy was that he had not asked for permission beforehand. This kind of self-assertive behavior was extremely taboo to the Vermilion Bird.

"My King, these two alchemists are extremely important to the development of our spirit beast clan. It is not a problem for them to become the Royal alchemists. However, this will have a great impact on our future strategy ..." The Vermillion Bird tried to tactfully dispel the king of spirit beasts' thoughts. It was not good to flare up in front of so many people. If it was just the two of them in private, the Vermillion Bird would have already turned hostile and scolded them.

"Elder Vermilion Bird, you're wrong. What could be more important than increasing the king's power? When the king becomes powerful, the spirit beast clan will naturally develop as well! Moreover, since Your Majesty has mentioned this, we should at least discuss it in our cabinet Elders Council. Why don't we vote now?" The White Tiger interrupted the Vermilion Bird with a fake smile. He could not miss such a good opportunity.

Since the issue was proposed by the king of spirit beasts, it was equivalent to having the king's clear vote in the inner Elder Council! As long as White Tiger and black Tortoise's Alliance openly supported the king, it would imperceptibly tie the king to their war chariot. This would lay a solid foundation for the future confrontation with Vermillion Bird and Azure Dragon.

"It's just a small matter, why would we need to discuss it with the cabinet elders? White Tiger elder, aren't you making a mountain out of a molehill?" The Green Dragon laughed and continued the conversation, "The king needs an official Alchemist, and the strategy of our spirit beast clan also requires alchemists. So, it's fine to arrange for both sides. What's there to discuss?"

"Elder Green Dragon, do you mean that one of these two alchemists can be the king's personal Alchemist?" The White Tiger raised its eyebrows and seemed noncommittal. However, its eyes were already fixed on the king of the spiritual beasts.

If the king of the spiritual beasts insisted on having both alchemists as his personal alchemists, then there was nothing to say. Even in front of the sea beast clan and the people from the center, he would have to fight the Vermillion Bird and the Azure Dragon head-on and strive to pull the king of the spiritual beasts into his camp.

However, if the king of the spirit beasts softened first, The White Tiger would not stupidly continue to stand up for it. That would only offend the king of the spirit beasts.

"No, no, no. Master Lin and master lizao are both geniuses in alchemy. There's no problem for them to become the king's official alchemists. It's just that the king still has a lot of room for improvement and doesn't need alchemists of the same level as the two of you for the time being. So, I've already prepared another suitable official Alchemist for the king." Azure Dragon smiled with confidence. He then raised his hand and snapped his fingers. Immediately, the spirit beast guards outside the hall bowed and agreed. It was obvious that they had made arrangements.

Chapter 6229 It's Actually An Old Acquaintance Again!

Lin Yi was surprised. An Imperial refiner for the king of the spirit beasts? An ordinary Alchemist was of no use to the spirit beast clan. To put it bluntly, other than the sky-class islands in the high-level Sea area of the East continent, there were only a few alchemists who could refine the spirit beast clan's elixirs!

One of the reasons was that the method to condense the consciousness pill fire had been lost, but if one wanted to use the consciousness pill fire, the strength of the primordial spirit and the consciousness couldn't be low.

On sky-class islands, people usually started cultivating their spirit sense after the sect-opening stage. Geniuses in the peak earth-splitting realm might have a chance to reach Lin Yi and Li Zao Yi's level of spirit sense, but ordinary sea-splitting cultivators might not be able to.

An Alchemist at the sea splitting stage? They were the backbone of the ancient families. How could they come to the South continent to be the Imperial alchemists for the spirit beast clan?

But from what the Green Dragon was saying, it seemed like the refiner he was preparing wasn't as good as Lin Yi and Li Zao Yi. This confused him, and he couldn't figure out what the Green Dragon was up to.

"Elder Azure Dragon, that's very kind of you. However, I still think that these two grandmasters are more suitable to become Royal alchemists. Perhaps the alchemists you've prepared can be used for other purposes." The king of the spiritual beasts was silent for a moment. Then, it opened its mouth again to fight for it. The Vermilion Bird didn't say anything, but a cold light flashed in its eyes.

Azure Dragon is also a bit surprised in his heart. However, he does not show it on his face. He still says with a smile: "My King, I've already said that Master Lin and master lizao's standards are higher. It's too much of a waste for them to be your personal alchemists. The alchemists I've prepared for you are enough to satisfy your needs for now."

These words were already somewhat impolite. In the face of a newly crowned King of spirit beasts, the Azure Dragon dared to speak so stiffly. The meaning behind it could be seen by those with discerning eyes.

Xiao Yan leaned back in his chair and looked at everything that was happening in front of him with a playful smile. This was the internal affairs of the spirit beast clan. He was only interested in watching the show and had no intention of interfering.

"Green Dragon, what are you saying? What's the problem with the king wanting a higher level Alchemist? Shouldn't we give the best to the king?" White Tiger's bell-like eyes glared at the Azure Dragon and scolded him loudly. Whether it was in terms of experience or strength, he was above the Azure Dragon. He might be a little reserved with the Vermilion Bird, but he would not be polite with the Azure Dragon.

"Elder White Tiger, isn't the purpose of our cabinet Elders Council being established to assist the king in handling Affairs reasonably before he grows up? I wonder if there's a problem with my words? At this stage, the best Alchemist for the king won't have a better effect than the one I recommend, and that will also affect the development of our clan. Elder White Tiger, do you think it doesn't matter if it affects the entire clan?" The Azure Dragon's tone was indifferent, but the meaning behind it was extremely unyielding. As an elder who had been promoted by the Vermilion Bird, he naturally had to take on the responsibility of charging into the enemy lines.

"Alright, stop talking!" The Vermilion Bird didn't give The White Tiger a chance to speak and directly cut it off with a cold voice.

In any case, quarreling in front of the sea beast clan and the central representative would be a failure for him. Other than giving others the impression that he did not have enough control over the spirit beast clan, there was no benefit to speak of.

The White Tiger snorted. He could not give the Vermilion Bird any face, but before the king of the spiritual beasts said anything, he would only make the Vermilion Bird feel disgusted if he said too much. So, after exchanging a glance with the Black Tortoise, he chose to remain silent for the time being.

"My King, let's take a look at The Alchemist recommended by the Azure Dragon first." The Vermilion Bird expressionlessly cupped his hands at the king of spiritual beasts. Although he did not show it clearly, everyone could see that he was already somewhat dissatisfied.

The king of spiritual beasts felt the chill on the Vermilion bird's body and knew that it would only have the opposite effect if it spoke again. Thus, it nodded slightly and temporarily acquiesced to the Vermilion bird's proposal.

The hall fell into silence for a while, but it wasn't long before the guard from before came in with an old man. Lin Yi looked at him-it was someone familiar!

Zheng Dongsheng!

How did this old man come to the southern island? Lin Yi did think that the Green Dragon might have sent Zheng dongjue or Zheng Tianqing-the illusion fog was the frog's territory, after all, and if Lin Yi could come out and do something, the frog could naturally send one of the Zheng family's people out as a way to keep Lin Yi in check.

He didn't expect the Zheng family to still be the Zheng family, but it was Zheng Dongsheng who had stayed in Nakajima before!

"Zheng Dongsheng greets the king and the four great elders!" As soon as Zheng Dongsheng entered the hall, he immediately lowered his head and took a few steps forward. He respectfully cupped his hands and bowed. He did not dare to neglect.

As for Xiao Yan and central, he didn't even greet them. He even ignored Lin Yi and Li Zao Yi as if he didn't know them.

"Your Majesty, Zheng Dongsheng is the chief Alchemist of the famous medicine sect in Middle Island. He used to be very famous in the East continent and is a rare talent in alchemy! With his strength, he's more than enough to temporarily serve as an Imperial Alchemist. " Azure Dragon turned to the king of spirit beasts with a smile and introduced Zheng Dongsheng to him.

Lin Yi curled his lips. Zheng Dongsheng's alchemy skills were not bad. He could barely make normal xuansheng stage elixirs, but it was impossible for him to make elixirs for spirit beasts.

The strength of the king of spirit beasts was indeed not strong enough. It was only at the xuansheng stage. However, to use Zheng Dongsheng as an Imperial Alchemist, wasn't it too disrespectful to the king of spirit beasts? Even if she wanted to put up a front, she should at least make it look rich and magnificent.

"Your Majesty, what the Azure Dragon elder said is very reasonable. This Zheng Dongsheng is enough to be the Imperial Alchemist. This matter is settled. Let's hurry up and talk about the important matters. Don't waste the time of our distinguished guests." The Vermilion Bird didn't wait for the king of spirit beasts to express its opinion and directly made a decision.

"Elder Vermilion Bird, you didn't even ask for the king's opinion before making your own decision. Putting aside the cabinet elders, do you think that you already have full authority to make decisions for the king?" The White Tiger sneered and spoke sarcastically.

Hiring an Imperial Alchemist was a small matter. In principle, the king of the spirit beasts had the final say. However, now that the Vermilion Bird had become the one who made the final decision, it would be too light to say that he had overstepped his authority. The White Tiger's words were reasonable.

"Elder White Tiger, there's no need to discuss such a small matter now. Even if the king has a different opinion, we can discuss it later. What are you trying to do by holding on to this? Is it really a good idea to cast our distinguished guests aside for some trivial matters?" The Vermilion Bird looked at The White Tiger coldly. Under such circumstances, if The White Tiger said anything more, he would immediately turn hostile.

Chapter 6230 Increasing The Number Of Elders

Even if Xiao Yan and the others felt that there was an internal problem within the spiritual beast clan, it would be better than them feeling that the Vermilion Bird had no control over the spiritual beast clan.

"Alright, alright. There's no need to say anything else, elders. We'll do as elder Vermilion Bird says. Alchemist Zheng will be my personal Alchemist!" The king of spiritual beasts suddenly opened its mouth to smooth things over. It was not known if it really wanted the overall situation to be more important or if it was afraid of the Vermilion Bird.

"The king is wise!" The Vermilion Bird and the Azure Dragon cupped their hands in a fake salute. Then, the Azure Dragon turned to The White Tiger and said, "Elder White Tiger, the king has already given clear instructions. Do you have anything else to say?"

The White Tiger snorted and ignored the Azure Dragon's provocation. It also praised the king of spiritual beasts for its wisdom and said no more.

Zheng Dongsheng had been maintaining his previous bow and salutation posture. Because no one paid attention to him, he did not know what to do now. Moreover, listening to the meaning of these big shots of the spirit beast clan, he seemed to have become the reason for their quarrel. This knowledge made him feel deeply uneasy.

Originally, he had been guarding the famous medicine sect in the middle Island. Who knew that he would receive a message that Zheng dongjue and Zheng Tianqing had met with an accident in the South continent and needed a large amount of spiritual Jade to circulate. Zheng dongjue was only his cousin, but Zheng Tianqing was his real grandson. Therefore, Zheng Dongsheng did not dare to be careless and quickly brought spiritual Jade to the South continent to find the two.

Unfortunately, Zheng dongjue and Zheng Tianqing were not found. Instead, they were captured by the Green Dragon's subordinates and given to the Green Dragon. At first, the Green Dragon did not notice him. He only knew that he was related to the other two prisoners, so he had always kept him by his side.

When the spirit beast King mentioned that it needed an Imperial Elixir master, Azure Dragon immediately thought of the three people from the Zheng family. He couldn't find the two with Lin Yi, so he used Zheng Dongsheng to make up the numbers.

This was also why Lin Yi and Li Zao Yi were able to attend the coronation ceremony, but Zheng Dongsheng wasn't there. If it wasn't for the fact that he could use him, Green Dragon would've forgotten about Zheng Dongsheng very quickly.

"Alchemy grandmasters, please step aside for now. Let's first talk about the issue of an alliance with the sea beast race. We've already discussed this matter before, so there are no objections, right?" The Vermilion Bird didn't want to continue harping on the matter of the Royal Alchemist, so she immediately changed the topic to the sea beast clan.

"Why don't you cast your vote? it's the first public vote since the establishment of our cabinet Elders Council. It's very meaningful!" The Azure Dragon gave his suggestion in a timely manner. The cooperation with the sea beast clan was already set in stone, and voting was just a formality.

However, it was the Azure Dragon who proposed this. If White Tiger and black Tortoise supported this suggestion, it would be a good start for Vermilion Bird and Azure Dragon. In the future, whenever they voted on anything in the cabinet Elders Council, they would remember the first vote by the elders Council. White Tiger and black Tortoise were submissive to Vermilion Bird and Azure Dragon. Regardless of whether it had any practical effect, at least they would have some psychological advantage.

If The White Tiger and the others were to oppose the Azure Dragon, then the sea beast clan's face would become unsightly. In the future, the Alliance between the two clans would definitely ostracize The White Tiger and black Tortoise clans.

This kind of good thing, killing two birds with one stone, made the Azure Dragon secretly proud in his heart. He felt that he had perfectly retaliated against The White Tiger's behavior of finding trouble for no reason just now.

The White Tiger scratched his head. For the time being, he hadn't decided whether he should support or oppose, so he was very careful with his words. Before he had sorted out his thoughts, he was unwilling to speak.

"We've already discussed this, what's there to vote on? Don't tell me that Elder Green Dragon wants to see us overturn the decision we've made?" The Black Tortoise spoke unhurriedly, helping The White Tiger out of its predicament.

The White Tiger immediately nodded in agreement. As long as they could bypass the voting, at least they would not be at a disadvantage.

"Elder Black Tortoise, you're the one who sees things clearly. Let's decide on the cooperation. Now, let's discuss the specifics of our cooperation!" The Vermilion Bird said calmly, easily taking the initiative of the meeting.

Lin Yi looked on coldly. How the spirit beasts, sea beasts, and central were going to cooperate was what he wanted to know the most, and they were discussing it in front of him?

Perhaps Vermilion Bird and the others thought that Lin Yi would never be able to escape from the hands of the spirit beasts in this life, so they were unscrupulous in front of Lin Yi and Li Zao Yi. If they knew that Lin Yi still had the directed ten thousand mile teleportation formation talisman, they might not have done this.

"Regarding the cooperation, the conditions have been discussed more or less! If there's no change, then we'll do as we were told. " Xiao Yan had enough of the show and waved his hand lazily. As long as the sea beast tribe could guarantee their own benefits, everything else did not matter to him.

"Prince Xiao Yan is right. We'll just do as we discussed!" The man in the black bamboo hat nodded slightly. Central's cooperation with the spirit beast clan was deeper than the sea beast clan 's. The conditions and whatnot had already been agreed upon.

Continuing to talk about the details here would not benefit the entire plan at all. None of those who could sit here were fools. The so-called discussion was just a process.

Lin Yi understood immediately, and couldn't help but feel a little disappointed. He wanted to get some useful information, but these guys were just putting on a show ... No wonder they were so generous ...

"Elder Vermilion Bird, elder Azure Dragon, do you need the cabinet elders to vote on this?" The White Tiger turned to look at the two of them with a mocking smile. It had finally found a chance to take revenge.

"Since we've already come to an agreement, there's no need to waste any more time. Let's do what we have to do!" The Vermilion Bird snorted, and an unhappy expression flashed across his face.

Lin Yi glanced at White Tiger. He felt that this guy wasn't that simple under his rough appearance. However, he should be able to get someone to be his ally. The more difficult the person was, the more help he would be in the future.

He came to the South continent to get information, but after getting the information, he realized that it was useless to send it back to the North Island. As long as the three sides worked together, no other Island except the East continent could resist them.

So what Lin Yi wanted to do the most right now was to destroy the spirit beast clan's plan, or to put it another way, destroy the Vermilion Bird and Azure Dragon's plan! Judging from the situation just now, the king of spiritual beasts, The White Tiger, and the Black Tortoise might not be on the same side as the Vermilion Bird and the Azure Dragon.

As Lin Yi was thinking, the king of spirit beasts suddenly opened its mouth, "Elders, I feel that the number of inner Pavilion elders is a little small. First, it is easy to create a two-on-two situation during the voting, so I will have to make a decision. Second, you are usually busy and have no time to deal with trivial matters. Why don't we take this opportunity to increase the number of elders!"
