Chapter 6231 The Problem Of Candidates

"Your Majesty is right! It will be more convenient and faster to deal with Affairs by adding a few more elders. Now that our tribe's power has spread all over the South continent, such a decision is really wise!" The White Tiger laughed and agreed with the king of spirit beasts.

In his opinion, if the number of elders increased, they would be able to occupy half of the territory. Vermilion Bird and Azure Dragon's stalls were too big, and there were more things that they needed to deal with personally. This indirectly increased The White Tiger's authority in the elders Guild.

Moreover, judging from the matter of the Royal Alchemist just now, the king of spiritual beasts 'proposal was obviously to weaken the Vermillion Bird and the Azure Dragon's right to speak. Of course, The White Tiger would support it immediately. Not only would it be able to move closer to the king of spiritual beasts, but it could also attack the opponent. Why not?

The Vermilion bird's lips curled into a faint sneer. He looked at the king of spiritual beasts with a profound look and nodded without care. "Your Majesty is right. Do you have any suggestions for the new candidates?"

As the puppet king supported by the Vermillion Bird, the king of the spiritual beasts usually came into contact with the Vermillion Bird and the Azure Dragon's people. Even if it wanted to choose a candidate, it could not escape this scope, so the Vermillion Bird was not worried at all.

If the king of spirit beasts had privately colluded with White Tiger and black Tortoise and wanted to nominate their Masters, Vermilion Bird could have completely rejected the candidate, so there was no conflict with this proposal.

"Elder Vermillion Bird, your inner sect Elder Council will decide on how many more elders you'll add, and you'll only need to report to me. But this time, for the sake of our spirit beast clan's development, I suggest adding two more elder Alchemist seats. We'll give them to Master Lin Yi and master lizao. " The king of spirit beasts smiled and pointed at Lin Yi and Li Zao Yi, wanting to promote them to elders!

Even Lin Yi was a little surprised. He didn't understand why the king of spirit beasts was so fond of him. He couldn't be an Imperial refiner, so he wanted him to be an elder and be on the same level as the Vermillion Bird and Azure Dragon. Did the king of spirit beasts really want Lin Yi and lizao Yi's elixirs to increase their strength?

Of course, Lin Yi didn't believe this reason himself. He felt that this King of spirit beasts treated him differently, but the Golden Mask covered his face and his voice, too. He couldn't hear any unique characteristics from it.

"Your Majesty is wise. I believe that the two grandmasters can definitely become alchemy elders!" White Tiger immediately agreed. The enemy of his enemy was a natural ally. Supporting Lin Yi and Lin Yi to become elders was beneficial to White Tiger's side. Of course, he would support the king of spirit beasts.

One sentence was all it took to deepen her relationship with the king of spirit beasts, and she'd be able to get Lin Yi to remember her immediately, gaining the favor of these two masters. At the same time, she'd be able to deal a blow to the Vermillion Bird and Azure Dragon-it was killing three birds with one stone!

"Your Majesty, it's not impossible to set up alchemy elders, but our clan is currently in a period of rapid development, and the two alchemy grandmasters have outstanding abilities. We must put as much time and energy into alchemy as possible! Even if he became an elder, he wouldn't be of much help. Therefore, I think that one alchemy elder is enough. What does the great King think about the remaining alchemy elder who can go all out?" The Vermilion Bird bowed slightly. He didn't completely deny the

idea of the king of spiritual beasts, but only reduced the number of people to one, which surprised everyone.

"Elder Vermillion Bird, you're right. Let's make Lin Yi an elder then!" The king of spirit beasts nodded in satisfaction. Just like that, Lin Yi became an elder of alchemy who was on the same level as the four elders!

"My King, the additional elder positions are to serve our future plans, so let's call them outer hall elders. This way, it will be more convenient to distinguish them from the cabinet elders." The Vermilion Bird took the opportunity to voice out her thoughts. "The elders of the outer hall have the same voting power as the inner hall elders when it comes to matters involving external plans. However, they have no right to interfere with the internal affairs of our spirit beast clan. Your Majesty, you should agree with this, right?"

"No problem! You're very thoughtful, elder Vermillion Bird!" The king of spirit beasts had achieved its goal, so the rest of the matter didn't matter.

White Tiger and black Tortoise's expressions changed slightly. The Vermillion bird's suggestion clearly destroyed their plans of getting more people. With Lin Yi as a precedent, it wasn't appropriate for a master from the spirit beast clan to become an outer hall elder. The remaining candidates would probably be from the sea beast clan and the central core.

As expected, the Vermilion Bird was planning to do so. Without waiting for The White Tiger and the others to respond, he said, ""Besides the elder, Master Lin, I suggest that Prince Xiao Yan of the sea beast clan be the elder of the sea tribe and one of the two emissaries from the center to be the central elder. The Royal Alchemist, master Zheng, will be the elder of the human tribe. With reference to the arrangement of the inner sect's four elders, we will form the outer Hall's four elders. Your Majesty, do you think this arrangement is appropriate?"

"My King, the external clan doesn't need that many elders. With the alchemy elder Master Lin here, we don't need the human elders anymore. We can have the sea Race elders and the central Elders. So, three external clan elders are enough!" The White Tiger was shocked and immediately stood up to object!

It's fine if it's Xiao Yan and the people from central. As the two sides of cooperation, it's reasonable to choose one representative to become an outer hall elder. Who is that Zheng Dongsheng? He was a chess piece that the Azure Dragon had arranged for him. If he was also inserted into the outer hall, wouldn't the Vermillion Bird and the others have control over the outer Hall's Council of Elders?

He had thought that this would be an opportunity, but he did not expect the Vermillion Bird to turn the situation around with a few words. No wonder this bastard agreed so readily.

Lin Yi smiled faintly. He understood what Vermillion Bird was planning, but it wasn't a bad thing for him. With the position of an outer hall elder, it'd be much easier for him to do things.

It would be best if he could destroy the cooperation between the three parties. If it really did not work, he would destroy the seal of the illusion fog space at all costs and let the big Frog come out to mess things up.

As for whether the big Frog would be good or bad after it came out, it was not something he could consider!

"Your Majesty, Elder White Tiger is right. An external clan elder isn't an insignificant position. Having Master Lin as an Alchemist elder is enough to represent the human race. As for master Zheng, he should just be a Royal Alchemist." The Black Tortoise spoke in support of The White Tiger. Putting aside Xiao Yan and the people in the center, Zheng Dongsheng, who was found by the Azure Dragon, must not be allowed to become an outer clan elder.

"The two elders are right. The sea tribe elder and the central elder can confirm it. As for the human elder, let's continue to negotiate!" The king of spirit beasts nodded. It didn't agree or disagree, but just gave a vague reply.

Chapter 6232 Another Four

The so-called negotiation was just to let the Vermilion Bird and the others do what they wanted. It was to see who would take the initiative. As the king of the spiritual beasts, he could not play much of a role.

The four elders also understood this point, so they looked at each other with sparks in their eyes.

"Don't you want to ask for my opinion? What external clan elder, do you think this Prince wants to be an elder?" Xiao Yi laughed and retorted without giving him face.

He was the Prince of the sea beast clan. He was not interested in the spiritual beast clan's external clan elders, especially when he had to stand side by side with two mysterious pill Masters. This was simply lowering his status as a Prince!

"Your Highness, the status of our clan's external clan elder may not be more honorable than your current status, but this is to make our cooperation closer. If your Highness is not interested, you can arrange for a trusted expert to participate." The Green Dragon smiled faintly and continued Xiao Yan's sentence.

"Elder Azure Dragon's words are quite pleasant to the ear. I'm not against becoming the external clan elder of the spirit beast clan, but the central representative is our cooperative partner. You dare to be an elder of the outer hall with me?" Xiao Yan nodded to the Azure Dragon and smiled back.

"I agree with Prince Xiao Yan's point of view. However, Master Lin is the alchemy elder that the king has personally appointed. There's nothing wrong with him being an outer hall elder with the Prince. On the other hand, the Royal Alchemist Zheng Dongsheng overlaps with Master Lin. Secondly, his task of refining pills for the king is also very important. So, there's no need to consider master Zheng as an outer hall elder, right?" The Black Tortoise immediately followed Xiao Yan's words and tried to finalize the matter.

"If that's the case, then let Grandmaster Zheng be a substitute outer hall elder. He won't participate in the usual meetings and decisions, and will fill in the vacancy when there is a vacancy. It's easier to vote with the seven elders of the inner and outer halls. " The Vermilion Bird did not insist. Although master Zheng was hired by the Green Dragon, he was not their direct descendant. Even if he managed to become an outer clan elder, he might not be able to help.

Moreover, the sea beast clan and the central were strong reinforcements that the Vermilion Bird had found. With Xiao Yan and the people from the central, they still occupied the majority of the outer hall elders. Whether or not Zheng Dongsheng was present did not matter much.

"So be it, elder Vermillion Bird. You have the final say. Let's continue our previous discussion and discuss how we can better cooperate." The White Tiger waved its hand, showing respect for the Vermilion Bird.

Lin Yi's spirits lifted-he hoped that this wasn't just a formality, and that they'd come to an agreement beforehand like before, and that they'd be able to get something useful out of this.

With the outer hall elder title above his head, Lin Yi could now participate in the discussion openly and confidently. Even if he didn't say anything, he would be the first to know about the spirit beast clan's plan.

He didn't know what the king of spirit beasts was thinking, appointing Lin Yi as one of the outer hall elders. If it was any other spirit beast, it wouldn't be an exaggeration to say that he was colluding with enemies.

"Let's stop here for today. The king is tired after the coronation ceremony. The distinguished guests should rest for a while. We'll arrange another elder meeting tomorrow to discuss the direction of our cooperation. " Red Sparrow waved her hand and ended the meeting.

Lin Yi was disappointed, but he didn't say anything.

Tomorrow it shall be. He could sort out the things that happened today and perhaps find some clues that he had missed.

The king of spirit beasts stood up and said, "I won't be attending tomorrow's meeting. If there's anything that I need to know, I'll let the elders know." Also, if elder Lin Yi is free, you can come and find me. I'm very interested in your pills. "

"Thank you for the favor, my King. Lin Yi can explain to you anytime." Lin Yi quickly smiled and cupped his fists. Everyone could see that the king of spirit beasts was protective of him, and he himself didn't understand it either. If he had the chance to talk to the king of spirit beasts alone, it wouldn't be bad for him.

"My King, you should go back and rest first. Elder Lin Yi needs to familiarize himself with the outer hall elders and prepare for the elder meeting tomorrow. He won't be able to meet my King for a while! If your Majesty is interested in alchemy, you can ask the Royal Alchemist Zheng Dongsheng. " The Vermilion Bird glanced at Lin Yi and stopped the king of spirit beasts from meeting with Lin Yi in private.

As a subject, it was too rude to speak to the king of the spirit beasts like this. However, the people present had long seen the true status of the king of the spirit beasts. Everyone was clear that the Vermillion Bird still had the greatest authority among the spirit beasts.

"Alright, what Vermillion Bird elder said makes sense. Elder Lin, you should first familiarize yourself with the rights and responsibilities of an outer hall elder! We'll talk again when we have the chance. " The king of spiritual beasts smiled faintly and did not react to the Vermilion bird's strength.

In fact, the king of spirit beasts had disobeyed the Vermillion Bird several times today. He knew that he could not do anything to the Vermillion Bird for the time being. It was not a good idea to really fall out with the Vermillion Bird, so he could only choose to endure for the time being.

"Yes! Don't worry, Your Majesty. Once I've familiarized myself with it, I'll definitely find an opportunity to pay my respects to you. " Lin Yi smiled. Since it wasn't a good time now, he'd think about it later.

As long as she was still in the spirit beast clan, she would always have the opportunity to meet the king of the spirit beasts alone and figure out why he was so protective of her!

Seeing that the king of the spiritual beasts was about to leave, Xiao Yan and the two men in bamboo hats in the center stood up to send it off. After all, it was still the Supreme ruler of the spiritual beasts on the surface. There could not be any lack of etiquette, otherwise it would negatively affect their future cooperation.

After a while, the people in the main hall dispersed, leaving only Lin Yi and Li Zao Yi. The two Spirit beast guards at the entrance led them to the side hall.

It was more of a surveillance than a guide, but Lin Yi didn't mind. As long as he could stay in the palace, it was a rare opportunity.

On the way, Lin Yi could feel a subtle divine sense sweeping back and forth. It was obvious that he and Li Zao Yi were still the main targets of the spirit beast clan's surveillance, and it wasn't suitable for them to do anything for the time being.

"Please rest here. If you need anything, you can ask the people outside to do it! The palace is different from other places. Without permission, it's very easy to enter some forbidden areas, and you'll be killed without mercy!" The spirit beast guard smiled and warned Lin Yi before turning around and leaving.

Chapter 6233 Changed Person

"Thank you for the reminder!" Lin Yi smiled faintly and thanked the spirit beast guard before turning around to look at his surroundings.

The side Palace wasn't big, but it had three rooms-it was more than enough for Lin Yi and Li Zao Yi to live in. However, there were guards every five steps and ten steps around the side Palace, and it was very tight. It would be very difficult to leave this place quietly.

"Lin Yi, what do we do now?" Li Zao Yi sent a voice transmission to Lin Yi. Because there were many guards outside, there wasn't any spirit sense monitoring the side hall. It was safe and secretive to communicate with voice transmission.

"We'll wait and see!" Lin Yi smiled and started looking at the decorations after talking to Li Zao Yi.

The spirit beast clan was well-versed in formations, and this former Azure Dragon was a true master of formations. Lin Yi didn't dare to underestimate them-there might be some sort of surveillance formation here.

He looked around and didn't find anything. Lin Yi finally relaxed. With his and the ghost's skill in formations, they should be able to see if there was a hidden surveillance formation.

"It seems that the spirit beast clan really doesn't take us seriously! I've only arranged for some ordinary guards. " Lin Yi walked around casually and turned back to Li Zao Yi with a smile.

"Do you have any ideas?" Li Zao Yi smiled. From Lin Yi's expression, it seemed like he was about to make a move.

"That's right. I want to go out and see the suspicious locations that those little fellows have found. If it really is the seal hub of the illusionary mist space, then I'll find an opportunity to destroy it." Lin Yi nodded slightly. The poison the big Frog put in him wasn't important. The important thing was that the spirit beasts "plan was too dangerous for humans. It was necessary to release the big Frog to disrupt it.

Of course, he also had to save Wang Shiyang as a hostage. This guy was quite loyal. It was a pity that he couldn't escape the illusion fog space. He hoped that the big Frog wouldn't make things too difficult for him.

"How do we get out? If we alert the Vermilion Bird and the Azure Dragon, it will be very troublesome. " Li Zao Yi didn't doubt that Lin Yi couldn't leave this place. If he really went all out, she believed that the guards outside wouldn't be Lin Yi's match.

However, this was the palace of the spirit beast clan. If they made too much noise, they would attract the real Super Masters. Lin Yi and Li Zao Yi together wouldn't even be able to fight one of their fingers.

The guards outside weren't Lin Yi's match individually, but it was impossible for him to leave the side hall without being noticed.

"Don't worry, I have my own plans!" Lin Yi narrowed his eyes and smiled slyly. He took out the level eight formation disk and activated it, placing it in the side hall.

Lizao Yi tilted her head and looked at Lin Yi. She didn't understand what was the use of a stealth formation disk. Although there were no spiritual senses of spirit beast experts watching the side hall now, it didn't mean that there would be no more in the future. Could it be that hiding in the concealment formation disk would make the other party think that they had already escaped, and then remove the guards outside, and then take the opportunity to leave?

It wasn't impossible, but even Li Zao Yi didn't think it would succeed. The spirit beast clan wasn't all muscular animals. They also had extremely wise people, so it wasn't difficult to see through a small trick.

Li Zao Yi didn't ask, so Lin Yi didn't explain. Time was precious, and no one knew if the higher-ups of the spirit beast clan would suddenly come to find him, so he had to act quickly!

"Hey, brother, please come in. I want to add something to my room. Come here and let me tell you!" Lin Yi said to a guard outside after setting up the formation.

The master from the spirit beast clan was taken aback. The person who brought Lin Yi here did say something similar, but it was just a courtesy, wasn't it? Who would take it seriously?

But Lin Yi was an outer hall elder, after all-he had to take care of his face. The spirit beast paused for a moment before nodding and walking in.

"What do you need, elder Lin?" The spirit beast Master didn't seem to be on guard at all-after all, there were so many companions outside, and this was the palace. If Lin Yi made any moves, he'd be in trouble.

"Here, I need to add something to this room." Lin Yi smiled and gestured for the guard to enter.

The spirit beast guard didn't suspect Lin Yi at all. He followed behind Lin Yi, still thinking about what he needed to add to the side hall. He didn't realize that he'd walked into the range of a stealth formation.

Once he was within the range of the formation, even spirit beasts of the sea Rift realm and above wouldn't be able to see what was happening. Lin Yi could do whatever he wanted.

However, Lin Yi didn't dare to be careless. Not being able to see it was a huge flaw in itself, so he had to remove the invisibility formation disk in a very short time. Otherwise, he would be suspected by the spirit beast clan.

In just a breath's time, the invisibility formation disk was put away by Lin Yi. Even the spirit beast Masters outside didn't notice it in such a short time.

"This is the room. I need some furniture. Sorry to trouble you." Lin Yi pushed open a door and turned to point at the spirit beast guard with a smile.

The spirit beast guard nodded indifferently and didn't say anything. However, a strange look flashed in Li Zao Yi's eyes.

She didn't follow Lin Yi into the formation, so she didn't see what happened inside, but she was sure that this spirit beast guard wasn't the same one as before. From the outside, there was no difference, but Li Yi was paying close attention to Lin Yi's movements and naturally noticed the slight difference in the spirit beast Guard's face.

In fact, it wasn't just his appearance. The aura on his body also had some strange fluctuations. If one didn't pay attention, they might have missed it, but Li Zao Yi's divine sense could clearly feel that the aura of this spirit beast guard was making a small adjustment. With this adjustment, it became more and more similar to before, and it was almost impossible to distinguish between the real and the fake.

"Lin Yi?" Li Zao Yi carefully sent a voice transmission to Lin Yi. Even though she was 90% sure, she still didn't dare to send a voice transmission to the spirit beast guard. It was more appropriate to ask Lin Yi for safety reasons.

"It's me. I used the world of mortals to disguise myself. " Li Zao Yi's voice was directed at Lin Yi, but the spirit beast guard replied her.

Li Zao Yi's brows slightly moved, but she immediately nodded with a calm expression. She had already roughly understood in her heart.

"There happened to be someone in the world of mortals who looked very similar to this spirit beast expert. So, I imprisoned him and disguised myself as him." Lin Yi took advantage of the time when he was adjusting his aura and appearance to continue explaining to Lizao Yi.

Chapter 6234 Forbidden Land Of Spirit Beasts

Lin Yi called the spirit beast guard in earlier because he found a similar face in the world of man creation. After the upgrade of the mask and the king of rags, all the masks in the world of man creation had a small adjustment function. The original face was eighty percent similar to the spirit beast guard, but after some small adjustments, it was at least ninety percent similar.

As long as one was not particularly familiar with the person and paid special attention, it was difficult to notice the problem at first glance, especially when the imitation of the aura on the body was quite perfect. It was not impossible to pass off the fake as the real one.

As for the extra Lin Yi, Lizao Yi wasn't surprised at all. Lan Guzha would always use the thousand changes of wood and forest to create a few clones to fight for fun, and she was used to it.

"My thousand forest illusionary technique can only last for about two hours. After I go out, you can just shut yourself in. I'm going out to investigate, so I'll be back soon." Lin Yi was planning to destroy the illusion fog space's seal as soon as possible, but he thought about how it might affect Lizao Yi if he left her here. He changed his mind and decided to focus on scouting.

The spirit beast didn't have any defensive items on it, so Lin Yi used his soul-snatching hand to take its spirit away and put it into the Jade space, leaving no trace behind. He'd have to leave it here with his clone, and there wouldn't be any danger for the time being.

"I understand, you should go! To avoid suspicion." Li Zao Yi smiled faintly and sent Lin Yi a message.

If the spirit beast guards came in for too long, they would attract the attention of the other guards. Lin Yi's disguise might look perfect, but it wasn't flawless. It was more important to not attract attention.

Lin Yi knew that time was precious, so he didn't say anything more. He kept his cold face and turned to leave.

"Bao Feng, what instructions does that external clan elder have?" One of the guards sneered as he saw the spirit beast guard Lin Yi was disguised as.

Lin Yi had already transferred everything from the spirit beast guard to himself, and one of them was a waist tag with the word "Bao" on it. Hearing the Guard's words, he immediately knew that the name of the guy he was impersonating was Bao Feng.

"Hmph, they're all just some chicken and dog bits and pieces. They really think they're elders!" Lin Yi hmphed coldly and lowered his voice on purpose, as if he was venting his dissatisfaction. In fact, he was trying to cover up his lack of voice.

No matter how similar they looked, their voices and tones were different, and familiar companions would notice it immediately. Lin Yi's intentional act was extremely clever in covering up the flaws.

"Hahaha, he's a genuine elder! You'd better be careful, don't offend the elder, you can't afford to!" The spirit beast guard who spoke earlier had a gloating expression on his face, and it was more of a joke. It was clear that he didn't care about Lin Yi, the new outer hall elder.

Lin Yi didn't want to say more. He just hmped and waved at the guard before walking out.

The guard thought that Lin Yi was in a bad mood and didn't think too much about it. He laughed a few times and watched Lin Yi walk out of the side hall.

There were so many guards around, and most of them saw Lin Yi come out and tell Bao Feng to go in to do something, but no one thought that in just a breath or two, the Bao Feng who went in was Lin Yi. So, no one carefully observed Lin Yi and let him walk out of the encirclement.

As a guard of the spirit beast clan, the Masters in the palace wouldn't waste too much time on him. Lin Yi moved quickly, and in a few minutes, he was very close to the place where the little spirit beast had found him. A powerful spirit sense in the palace only scanned him once, and it didn't even stop for a second. It just went straight through.

Lin Yi couldn't help but secretly rejoice. It was a good thing that he thought of this idea. If he didn't have the identity of a guard of the spirit beast clan, it would be impossible to get close to the target quietly.

"This place is really remote. The closer we get, the fewer spiritual beast guards there are. Could it be that the seal of the illusionary fog space is not valued by the spiritual beast clan?" Lin Yi couldn't help but be a little suspicious. It was strange that they got close to their target so smoothly. The spirit beasts shouldn't be so careless.

The more Lin Yi thought about it, the more it didn't seem right. How could a guard walk around the palace without being stopped? Unless the Bao Feng that he was impersonating had a very impressive identity, it would not make sense.

"Senior ghost, what do you think? This is your territory, don't keep quiet!" Lin Yi raised his guard, but he didn't dare to use his spirit sense to scan the area. He could only ask the damn thing in the Jade space.

As the former Azure Dragon, he was more familiar with the palace than a newcomer like Lin Yi could.

"Now you want to ask for my opinion? What were you doing earlier!" The demonic thing hmped, expressing its dissatisfaction with Lin Yi's actions.

"Senior ghost, stop fooling around. This is a real Dragon's pool and a Tiger's Den. If I'm not careful, my little life will be lost!" Lin Yi didn't know whether to laugh or cry as he continued to communicate with the thing in his mind.

"To be honest, I don't know exactly where the seal of the illusionary mist space of that Big Frog is. However, the place you're coming from now is a forbidden area of the spirit beast clan. You're not allowed to approach it normally!" The ghostly thing knew the importance of the situation and stopped joking around. It started introducing the place to Lin Yi.

"A forbidden area? Then wouldn't it be too sudden for me to get close?" Lin Yi was shocked and stopped in his tracks.

Getting close to the forbidden area without permission and being discovered by the Masters of the spirit beast clan, even if he wouldn't be killed immediately, it would be easy for his identity to be exposed. If they guessed that Lin Yi's target was the illusion fog space's seal, it would be hard for him to not die.

"It's very sudden, but the most dangerous place is also the safest. The closer you get to the forbidden area, the less likely it will be for you to be discovered. " The thing laughed, confusing Lin Yi.

"Senior ghost, what do you mean by that? Don't tell me that no one will pay attention to it just because it's a forbidden area?" Lin Yi didn't understand. Since it was a forbidden area, people would pay more attention to it. Why didn't they pay attention to the spirit beasts?

"Apart from a few high-level officials who have the means to enter the forbidden area of the palace, ordinary spirit beasts can't even get close to it! Take note, it 's' can't get close ', not' don't dare to get close '! There are restrictions here, and if ordinary spirit beasts want to get close, they will be directly repelled. Because of this, the spirit beast clan's experts who are responsible for using their spiritual sense to observe the palace will not pay too much attention to the surroundings of the forbidden area. " The ghost explained, and Lin Yi understood immediately.

Chapter 6235 Finding The Seal

"Senior ghost, do you mean that the forbidden land only affects the spirit beasts and has no restrictions on the human race?" Lin Yi blinked in disbelief.

The forbidden land of the spirit beasts was not guarded by humans. What was the reason for this? Could it be that the person who set up the restriction was actually from the human race?

"Why don't you think about it? who could have hidden from the surveillance of the entire spirit beast clan and secretly come to the vicinity of the forbidden area? If someone could do this, then even if the jinzhi were effective against humans, they wouldn't have much of an effect!" The damn thing obviously didn't count Lin Yi in-Lin Yi only managed to get here by chance.

This was similar to the restriction that repelled the sea beast clan on the northernmost Island. It was ineffective against human cultivators!

The forbidden area in the spirit beast clan's Palace was naturally a forbidden area for the spirit beast clan. This was because the southern island forest was naturally a forbidden area for humans, not to mention the palace!

Ordinary spirit beasts would be rejected when they approached the forbidden area. Of course, there was no need for the higher-ups of the spirit beasts to pay attention to this place.

"That makes sense! I'd better hurry. Although I'm sealed by the spirit beast clan now, I'll still die if I'm discovered!" Lin Yi nodded and started running again.

If a master from the spirit beast clan were to sweep the area and find Bao Feng in a place he shouldn't be, it would be impossible for Lin Yi's identity not to be exposed.

The lightning escape was too big of a move, and it wasn't easy to use ghost speed wings in the palace of the spirit beasts, so Lin Yi could only rely on super limit butterfly micro steps. Fortunately, as he got stronger, the time he could use super limit butterfly micro steps and the speed he could burst out with increased by many times. It was only a little bit inferior to the lightning escape for a short time.

He felt his body being blocked by an invisible force field for a second, and then he passed through it easily. Lin Yi guessed that he had entered the so-called forbidden area.

"Senior ghost, have we reached the place?" Lin Yi didn't stop and continued to follow the direction he sensed, confirming with the ghost in his heart.

"I don't know if you've reached your destination, but this place is indeed one of the forbidden areas of the palace. From here on out, ordinary members of the spirit beast clan can't enter." The demonic thing replied indifferently, not objecting to Lin Yi entering the spirit beast clan's forbidden area at all.

"Speaking of which, how did those little guys that the big Frog brought in get in? Are they not considered spirit beasts?" Lin Yi relaxed a little, and understood the reason before the ghost could answer.

In fact, those little spirit beasts were no different from puppets. They couldn't be considered as members of the spirit beast clan, so it was understandable that they were not stopped when they entered the forbidden area.

The only thing he couldn't understand was why the seniors of the spirit beast clan had made the restriction like this. They had deliberately blocked the people on their side, but had allowed outsiders in. Could it be that the forbidden area actually contained some great danger?

Lin Yi stopped walking when he thought of the possibility. He asked the ghost uncertainly, ""Senior ghost, you don't know anything about the situation in this forbidden area? Is there some kind of danger, which is why you're forbidding your clansmen from entering? aren't you afraid that the enemy will sneak in?"

"What you said isn't impossible, but unfortunately, I didn't pay much attention to these Forbidden Lands before, so I'm not sure if there are any dangers." The bastard wasn't embarrassed at all, but Lin Yi was lamenting how he'd failed as chief elder!

Lin Yi had no choice but to continue running in the dark after disdaining the damn thing. As for the direction he was on alert in, he changed from avoiding the surveillance of the spirit beasts to the environment of the forbidden area.

Although the Jade space had an early warning system, Lin Yi didn't dare to be careless. Some danger couldn't be predicted before it was activated, and once it was activated, he might not have time to react.

Sensing the beast's location, Lin Yi spent a few more minutes before he finally reached his destination. The forbidden area in the palace wasn't small, and if it weren't for the extreme butterfly micro-step's speed, it'd take at least an hour to walk.

"Eh, this is a concealment array? Are there any traps inside?" Lin Yi muttered to himself as he stood in front of a fake mountain.

On the ground under the fake mountain, a little spirit beast given by the big Frog was waiting for Lin Yi. It didn't look surprised at all when Lin Yi came in Bao Feng's appearance. It recognized Lin Yi based on the trace of divine sense the big Frog left on Lin Yi's body, so it didn't matter what the person in front of it looked like.

"You little thing, you can even see through the concealment array? He's really amazing!" Lin Yi glanced at the little spirit beast, impressed by the big Frog.

The invisibility formation in front of him was at least level eight and above, and Lin Yi couldn't see through it with his current ability. This was the help of the damn thing's ability, but the little spirit beast could do it. It was enough to prove how powerful the big Frog was.

The little spirit beast's eyes didn't change at all. It shook its head at Lin Yi and turned around to enter the range of the invisibility formation.

Lin Yi stepped forward and followed. He knew that it was unlikely to be dangerous inside. Whether the big Frog could come out or not depended on Lin Yi, so the little spirit beast couldn't bring it into a dangerous place.

Lin Yi's vision blurred the moment he stepped into the formation-the fake mountain had completely disappeared, and what appeared in front of him was a platform made of green stone. There was a black iron pillar surrounded by three people on the platform, and there was a chain as thick as a child's arm wrapped around it. The only strange thing was that one end of the chain extended out of the pillar and disappeared into the air, as if it had pierced through another space.

"This is the seal of the illusionary mist space?" Lin Yi was a little surprised-things were going a little too smoothly. Could it be that destroying the pillars and chains would break the illusion fog space's seal on the frog?

If it was that simple, would the big Frog have been locked in the illusionary fog space for so many years?

The spirit beast turned to look at Lin Yi and suddenly released an attack at the iron pillar on the platform. However, before the attack could even get close to the platform, a chain flew out of the iron pillar like lightning and destroyed the spirit beast's attack completely. At the same time, the force didn't slow down and continued to shoot at the attacker.

Lin Yi was a little surprised. He knew the little spirit beast's level of attack very well, and the chain easily broke the little spirit beast's attack and continued to attack it without any resistance. It must be as easy to deal with him as well.

Chapter 6236 Destroy Or Give Up?

In the face of the chain's surprise attack, the little spirit beast only had time to twist its body a little, and this was done immediately after the attack. However, it still couldn't avoid the iron chain's penetration, and half of its body was directly broken.

Fortunately, this kind of injury was nothing to it, and it could recover after some time. After the iron chain hit the target, it made a crisp sound and slowly retracted back to the iron pillar and re-integrated into the chain. It was completely different from the lightning speed when it launched an attack.

"No wonder this forbidden area doesn't have any other defenses. Just the iron chains on the high platform are not easy to break!" Lin Yi looked at the pitiful spirit beast and looked up at the low-profile iron pillars and chains. He couldn't help but smile bitterly and shake his head.

It was clear that the little spirit beast had already suffered before, and it was only showing Lin Yi what it was up against this time. In terms of attack power, it was at least at the late stage of earth creation, or even the peak of that stage.

Lin Yi didn't think that he could withstand an attack like this with his body's strength. In other words, if he wanted to destroy the pillars, he had to be prepared to be killed at any time.

The most important thing was that there weren't any formations inside-the iron pillars and chains had their own attack power. Lin Yi was scared when he thought about it-if it weren't for the spirit beast's warning, he'd be dead if he just walked up there.

As he had thought before, there were some dangers that the Jade space could not warn him before they were activated. When they really descended, there was no time to react at all.

"Senior ghost, what are these chains? You've never heard of it?" Lin Yi didn't move from his spot, but he took out the defensive talisman Wang Shiyang gave him.

The chain's attack was too powerful and too fast-Lin Yi wasn't sure if he could Dodge it, but he had to prepare to take it head on.

"I'm afraid this really is the seal of the giant frog in the illusionary fog space. Although I've never seen this thing before, I've heard of it. " The ghastly thing's joking tone changed and he said slowly and seriously,"The iron chain on the high platform is the legendary void essence chain of the spirit beast clan. It can pass through the barrier of different spaces to lock the target. I didn't think of it before, but now I understand why that Big Frog could treat the illusionary fog space as its back garden but couldn't leave it."

"Is it because of this void essence chain? To be able to pass through different spatial barriers was indeed very impressive! Senior ghost, do you know how to crack this thing?" Lin Yi scratched his head. He was more concerned about how to open the seal. As for the origin of the chains, it wasn't within his consideration.

"It's a little difficult for someone of your strength. I advise you to give up." It was rare for the bastard to say that Lin Yi wasn't strong enough, but it was the truth. He and Lin Yi were in the same boat, and if something happened to Lin Yi, he wouldn't run. It was obviously out of Lin Yi's ability, so it was better to stop him.

"If you don't have enough strength, there are other ways to make up for it. Senior ghost, just tell me what you want to do!" Lin Yi hesitated-he might not have the luck to get close again.

Therefore, if he needed a powerful attack, he could still use other methods even if he was not strong enough.

For example, gathering all the little spirit beasts to attack together, or the attack formation that Wang Shiyang gave Lin Yi-they could all be used as consumables.

These consumables wouldn't affect Lin Yi's body, and from the chain's attack just now, it seemed like the person who attacked him directly wouldn't be attacked.

The most important thing was that he still had the black cone that the big Frog had given him. This was an item specially used to break seals!

Lin Yi took out the black cone, but it didn't react no matter how hard he tried. He didn't know if he found the wrong target or something else.

"It's not that easy. I vaguely remember that there are five void essence chains in total, and this is only one of them. I don't know which void essence chain that Big Frog is locked by, or it's possible that it's locked by five at the same time. Even if you can destroy one, it's useless. It will also attract the attention of the entire spirit beast clan. No one can save you at that time!" The ghostly thing said solemnly.

Lin Yi guessed that the black cone would only work after finding the corresponding or all the void chains that trapped the frog!

It was not easy to destroy this void essence chain, and the huge movement it would cause was also conceivable. Whether it would succeed or not, it would attract the attention of the entire spirit beast clan was basically a certainty.

He didn't know if the frog was locked by this chain, but if it wasn't for this one or several chains, Lin Yi wouldn't be able to get close to the other chains so easily even if he broke this one.

"Senior ghost, do you mean that we should not touch this void essence chain for the time being, and find another location before we find a way to destroy it in one go?" Lin Yi pondered for a moment, giving up on the idea of destroying it.

"I didn't say that, but it's necessary for you to think this way. Anyway, the big Frog isn't in a hurry to come out. When you've raised your strength above the earth creation stage, you can try to see if you can break the void essence chain. At that time, you probably won't need the broken thing that the big Frog gave you to succeed." The demonic thing laughed evilly. Not to mention how long it would take for Lin Yi to reach earth formation stage, even if he did, the spirit beast clan would definitely monitor him even more closely. They wouldn't let a master of this level escape their control.

"Senior ghost, can you set up a short-distance teleportation formation now?" Lin Yi changed the topic and decided not to dwell on the void chain anymore. He was preparing for his next move.

"Remove the" is "word!" The demonic being spoke with great confidence.

"Didn't you say that you didn't do much research on space, so you weren't good at things like teleportation arrays?" Lin Yi was overjoyed, but he still exposed the true nature of this thing.

"That was before. I'm a genius in the field of arrays. How can a short-distance teleportation array be difficult for me?" The damn thing didn't care about Lin Yi's words at all, but the last sentence revealed his lack of confidence, "But after I set it up, it's hard to say if there will be any problems. Kid, you have to think carefully. Don't look for me if there are any problems!"

Chapter 6237 Setting Up The Teleportation Array

"Will I die?" Lin Yi didn't know what to say-a half-baked teleportation formation could really kill someone ... For example, a thousand year turtle ...

When it came to space, there was no room for any mistakes. If one's body was torn apart by the unstable space during the teleportation process, half of them would go to the East and the other half to the West, wouldn't that be extremely unjust?

"How is this possible? Are you doubting my array Dao level? I'm telling you, no one will die! Well, it's definitely too much, it's more or less the case!" At first, ghostly thing was quite unyielding, but as he spoke, he began to feel guilty.

Lin Yi thought that he shouldn't count on the damn teleportation formation anymore-it'd be much safer if he just went there again. Even if he didn't get the chance to come back, it'd be much better than dying on the way.

"Hahahaha, don't worry, I'm just joking with you. I guarantee that there won't be any life-threatening danger. If you die, I'll be finished too! We'll set the distance to be shorter so that the success rate will be higher. Come on, hurry up and don't let anyone find out. " The ghostly thing seemed to feel embarrassed and ordered Lin Yi to set up the formation without waiting for him to say anything.

"Why do I feel like I've been tricked by you?" Lin Yi mumbled to himself, but he didn't reject the ghostly thing's suggestion. He took out a bunch of formation flags and started setting up a short-distance teleportation formation.

It wasn't too difficult to set up this kind of short-distance teleportation array. The difficult part was how to connect the nodes of the array stably and form a stable coordinate of the space Channel. In the past, the damn thing didn't study space. Even if his array Dao was high enough, he couldn't set up this kind of teleportation array.

However, with the help of the myriad amplification array and Wang BA's experience in this area, this damned thing could be considered to have made up for this shortcoming, and indeed had the ability to set up short-distance teleportation formations.

Lin Yi followed the ghostly thing's instructions and quickly laid out the general structure of the formation, but he couldn't do the key parts. The ghostly thing had to borrow Lin Yi's body again and do it himself to complete it.

"Alright, let's quickly leave this place! If he continued to stay, he might attract attention. I'm going into seclusion for a while, don't come looking for me if there's nothing important. " The ghostly thing seemed to be a little weak, and it fell silent again after saying a few words.

Lin Yi didn't say anything, knowing that the thing used up all its energy to set up the formation. He didn't know if it was because the teleportation formation was too difficult, or if there were other reasons.

He checked the short-distance teleportation formation and the invisibility formation again. After making sure that there were no problems, Lin Yi activated the invisibility formation and put away the spirit beast that had recovered. He then turned and left the place.

The thousand transformations clone in the side hall was about to disappear. Lin Yi had to go back as soon as possible, or Yi would be in danger.

This time, he had gained a lot from this adventure. At least, he had found the location of the void essence chain, and had successfully set up a short-distance teleportation array. As long as he could find the other four and repeat the same thing, he could launch a series of attacks in the shortest time possible when he had the strength.

If they didn't move, they would be fine. But if they moved, they would destroy everything, not giving the spirit beasts any time to react!

On the way back, Lin Yi let out the rest of the little spirit beasts. He and Li Zao Yi wouldn't be in any danger for a short time. Instead of keeping these little things, it was better to let them gather information. With the big frog's divine sense controlling them, Lin Yi didn't have to be distracted by their actions.

After leaving the forbidden area, Lin Yi picked up a Jade table and chair from his loot and walked through the sentries. He took less time than when he came and returned to the side hall.

"Bao Feng, why have you been gone for so long? I f * cking thought you went to find a lover to fool around with!" The guard from before laughed and teased Lin Yi.

"Don't mention it. It's not easy to find this thing. After all, he's an elder of the outer hall. We can only spend more time!" Lin Yi intentionally shook the Jade table and chairs a bit, mumbling to cover up the difference in his voice as he entered the side hall.

The Guard's eyes were drawn to the Jade table and chairs for a moment, but Lin Yi had already disappeared into the door when he looked again. He shook his head with a smile and didn't say anything.

The tables and chairs used by the spirit beasts were very different from those used by humans, so it wasn't that Lin Yi didn't have Jade tables and chairs in the palace, but they were extremely rare. It wasn't a problem to spend more time looking for them.

If Lin Yi just randomly took a few items from an empty Palace to make up the numbers, it would raise suspicion. This was a lucky hit.

Lizao Yi was in his room, paying close attention to the movement in the direction of the door. Lin Yi's clone disappeared a few minutes ago, and he would be lying if he said he wasn't nervous. So when he saw Lin Yi's fake burst in with his divine sense, Lizao Yi couldn't help but let out a long breath, and his entire body relaxed a lot.

Lin Yi didn't stay in the hall. He carried the tables and chairs into the room, activated the invisibility formation, and threw his body out of the Jade space.

After removing the red dust manifestation and returning to his original appearance, he released the sealed-up essence spirit and stuffed it back into his body. After all, this guy had entered the side hall, and Lin Yi couldn't just let him disappear without a trace.

He might have to use Bao Feng's identity in the future, but as long as he didn't leave too many flaws, he'd have a chance to use this move again. Of course, Lin Yi wouldn't let Bao Feng wake up just like that—he still had to do the necessary things.

Lin Yi only woke the guy up after he did something to the sealed spirit.

"Hey, wake up! Wake up! What was going on? He suddenly fainted?" Lin Yi squatted down beside Bao Feng and patted his face.

Bao Feng opened his eyes with difficulty, his mind blank. He couldn't remember where he was at all. It took a while before he recognized Lin Yi, the new outer hall elder that they looked down on!

"What's going on? Did I suddenly faint? Why are you here?" Bao Feng looked at Lin Yi, dumbfounded. He struggled for a while before standing up unsteadily.

"You don't remember? Just now, I asked you to help me find something. Oh, it's this set of Jade table and chairs. I'm quite satisfied with it. I was just thanking you when you suddenly fainted on the ground. Are you feeling unwell?" Bao Feng was touched by Lin Yi's concerned face.

Who said that there were no good people in the human race? This human race's alchemy elder seemed to be a pretty good person! Bao Feng was thinking about Lin Yi's good points as he tried to recall what he had helped him with, but he couldn't remember anything at all.

Chapter 6238 Greatest Flaw

In fact, Bao Feng didn't even have any memory of how he entered this room, so he couldn't confirm what happened. Maybe Lin Yi caught him from the outside, but the possibility was extremely low. After all, there were so many spirit beast Masters outside.

"I'm sorry, my head hurts, I'll take my leave first ..." Bao Feng shook his head slightly and cupped his hands at Lin Yi calmly before turning to leave.

Bao Feng didn't really care about this human elder. Plus, he was in a hurry to find out the truth, so he didn't have the mood to talk to Lin Yi anymore.

"Take care, and take care of your health!" Lin Yi laughed at Bao Feng's back. It seemed that his little trick on Bao Feng's soul was a success!

"Lin Yi, did everything go well?" After Bao Feng left the side hall, Yi immediately sent Lin Yi a message to ask about the situation.

"There's been some progress, but it's not smooth. We'll talk about this later." Lin Yi smiled and replied loudly, "Lizao, come and take a look at the new tables and chairs. They're not bad in shape, and they're quite handy."

Instead of saying this to Li Zao Yi, it was more appropriate to say that this was for the spirit beast guards outside to hear. After they were sealed and left, they asked their companions at the door with blank eyes.

The spirit beast guard didn't suspect anything when he saw Lin Yi enter and exit the side hall in disguise, but he didn't think that Lin Yi was behind this. After all, both times burst entered the side hall, he only stayed for a short time-Lin Yi wouldn't have enough time to do anything to him.

Not to mention, Lin Yi had spoken to the guard when he came in and out, and the guard didn't notice anything wrong on the spot. There was no evidence to prove that it wasn't Bao Feng himself.

"Bao Feng, what happened to you all of a sudden? Did he lose his soul? Or did he secretly drink just now? When did I start to have no impression of him?" The guard said he didn't suspect Lin Yi, but he was still suspicious of the seal. There was no reason for a master like him to do something like this.

"Do I look like I'm drunk?" Bao Feng unhappily glared at his companion. He was still on duty. Let alone drinking, he didn't even dare to speak loudly. Now, when he was communicating with his companion, he had also deliberately lowered his voice.

Lin Yi's luck wasn't bad-his dissatisfaction really did look 70 - 80% similar to Bao Feng 's, and with the dissatisfaction in his tone, it was no wonder that Bao Feng's friends couldn't tell the difference.

"My last memory was to guard the door with you. When I woke up, I was already in the room in the hall. This is strange. Do you think we should report it to the higher-ups?" Bao Feng didn't wait for his companion to speak and asked with slight hesitation.

"Please don 't!" The spirit beast guard quickly lowered his voice and interrupted Bao Feng. After looking around, he said in an even lower voice,""Are you stupid? If the higher-ups find out about this, you will definitely be transferred from your post. A guard who loses his memory for a short period of time is obviously not a good guard. If nothing happens, it's fine. If something happens, the few brothers nearby will be in trouble! Listen to me, don't torment yourself. I saw you go in and out twice with my own eyes, and I also saw you bring things over for the alchemy elder. There's no problem!" The spirit beast guard didn't know that his casual words had made Lin Yi, who was secretly observing the situation, completely relax.

As long as this matter wasn't reported to the Azure Dragon or the Vermilion Bird immediately, there wouldn't be too much of a problem. Moreover, from the looks of it, it didn't seem to have a strong desire to search for memories.

"Well, since you say so, then let's pretend I didn't mention it. When we change shifts, we'll go to the old place for a drink. I heard that there's a new spirit monkey wine this time. There are so many people in the city. If we miss today, there might not be any left tomorrow." Bao Feng laughed and didn't dwell on it anymore. He might still have some doubts, but at least his actions wouldn't affect Lin Yi.

Li Zao Yi was also paying attention to the conversation at the door. Although the two Spirit beast Masters were very quiet, Lin Yi and Li Zao Yi were both using their spirit sense to investigate. Without the interference of a stronger spirit sense, it wasn't difficult to hear clearly.

"This set of tables and chairs is really not bad. I like it too." Li Zao Yi smiled and spoke to Lin Yi, "Where did you get this Jade table and chair? It won't cause any suspicion, right?"

"I took it out myself." Lin Yi paused as he realized that he had been too careless. This kind of Jade table and chairs might not be found in the spirit beast Palace. If someone noticed this, they would easily guess that it wasn't Bao Feng who was leaving the side hall for the first time!

Xiao He really won and lost! Because they were not tables and chairs from the palace, others could not be sure where Bao Feng found them. For the same reason, if someone familiar with the style of the tables and chairs in the palace saw them, it was inevitable that they would be suspicious.

His only hope now was to seal the table and never mention it again. No matter how unfamiliar the tables and chairs were, they wouldn't be suspicious. Otherwise, the Azure Dragon and Vermillion Bird wouldn't be able to hide what Lin Yi did to his soul.

"Maybe I'm thinking too much. No one will pay special attention to these little things." Li Zao Yi consoled him. There were some things that didn't need to be said out loud, as everyone was clear in their hearts.

Since the flaw had already been left behind, it was too late to fix it now. He could only respond to the changes by not changing, lest the flaw become bigger and bigger.

Lin Yi waved his hand and didn't say anything else. He told her about the discovery of the spirit beast clan's forbidden land and the fact that they might have to destroy five void essence chains to free the frog. Lizao Yi couldn't do anything about it. Other than her extraordinary talent in alchemy, she was like a child in all other aspects, very cute and cute. It was basically impossible to expect her to think of a way.

After nightfall, the guards outside changed. Bao Feng didn't mention the memory loss before he left, afraid of getting into trouble. This was the best situation for Lin Yi. After tomorrow, the two might never cross paths again, and everything that happened today would disappear.

The night passed uneventfully, and when dawn came, the spirit beasts finally brought some food over. They didn't continue to wait for Lin Yi, the elder of the alchemy division, and Li Zao Yi, the master of the alchemy division. Although the two of them didn't really need food, at least it meant that the spirit beasts didn't completely ignore them.

"Elder Lin, there's an elder's meeting today. Please come to the meeting hall to join the meeting!" After breakfast, a spirit beast suddenly appeared at the door before noon, seemingly bowing to Lin Yi with its hands cupped.

Chapter 6239 The First Elders "Meeting"

"Alright, I'll be there immediately!" Lin Yi nodded slightly and told Li Zao Yi to be careful so that he could go into seclusion and refine elixirs before Li Zao Yi came back. Then, he followed the spirit beast Master out of the side hall.

After walking for a while, the spirit beast Master brought Lin Yi to the meeting hall. It was a smaller Hall than yesterday 'S. Lin Yi guessed that the king of spirit beasts wouldn't be attending today, so he moved from the hall to here.

After entering the meeting hall, Lin Yi realized that he was the first one to arrive. There was an oval-shaped table in the empty Hall, and the main chair was slightly bigger and more luxurious, probably reserved for the king of spirit beasts. Although he wouldn't be attending, he had to show respect.

There were four chairs on each side. It was obvious that they were for the elders of the inner and outer hall. The only interesting thing was the number. Eight chairs. Zheng Dongsheng was also arranged among them. This substitute elder was not qualified to attend. Now it seemed that the situation was somewhat unpredictable.

Lin Yi walked into the hall slowly, not thinking much just because he was the first to be called in. He looked around leisurely, admiring some decorations. To be honest, the decorations of the spirit beast clan were rough and bold, and there was nothing to admire if you looked closely.

A while later, the second person entered the meeting hall-it was elder Zheng Dongsheng. Lin Yi chuckled to himself-was the Vermillion Bird and Azure Dragon trying to tell him that his position among the outer hall elders was lower than elder Zheng Dongsheng 's?

"Lin Yi, I heard that you're with my Tianqing and dongjue. Where are they now?" Zheng Dongsheng saw that there was no one in the hall and immediately asked in a deep voice. He came to the South continent this time for Zheng dongjue and Zheng Tianqing, but he did not expect that he could not find them at all.

He heard from the spirit beast clan that they disappeared with Lin Yi. He wanted to ask yesterday, but the king of spirit beasts and the four elders were there, so he didn't dare to ask. Now that he finally had the chance to be alone with Lin Yi, he couldn't miss it.

"How should I know? Are you asking me to help you look after your child?" Lin Yi's lips curled up as he looked at Zheng Dongsheng with a hint of mockery.

Zheng Dongsheng paused. He wasn't friends with Lin Yi, so it was normal for Lin Yi not to tell him. He might not believe it if Lin Yi told him directly.

"Lin Yi, there are some misunderstandings between us, but we're both humans. In a place controlled by spirit beasts like the South continent, we should put aside our differences and work together to get through this. After all, it's our own business to fight behind closed doors. It's not good to let the spirit beasts laugh at us." Zheng Dongsheng took a deep breath and lowered his voice to persuade Lin Yi. It didn't matter how sincere he was, Lin Yi's impression of this old man had changed.

"What you said makes sense. Human cultivators do need to unite against outsiders. Otherwise, the spirit beast clan will swallow us up sooner or later." Lin Yi smiled faintly and lowered his voice as well. He hated the Zheng family, but it would be good if he could get Zheng Dongsheng's help in this situation.

"Not bad, Lin Yi, you're able to see the big picture-you're indeed the leader of the younger generation!" Zheng Dongsheng gave a thumbs up and praised. He carefully observed the door of the meeting hall. When he saw that no one came in, he continued in a low voice, ""We must unite against the outside world, so tell me the whereabouts of my brother and grandson. While you're in the South continent, the Zheng family will do our best to help you."

He didn't know what happened to the two idiots Zheng dongjue and Zheng Tianqing after they were separated from Lin Yi in the illusion fog space, but it wasn't a big deal to tell Zheng Dongsheng about the

illusion fog space. Azure Dragon knew about it, so if Zheng Dongsheng had the courage to ask Azure Dragon, he could get the news too.

Lin Yi thought that it was worth it to tell Zheng Dongsheng about this, but before he could explain, someone came in.

"The two of them are trapped in a secret realm. I'll tell you in detail when there's a chance. You can come and find me later." Lin Yi said quickly in a low voice and walked to the long oval table. He randomly picked the third chair and sat down.

This time, it was the man with the black bamboo hat who came from the center. Following closely behind him was the Prince of the sea beasts, Xiao Xiao. The two of them had probably met by chance outside the door. Although they were allies, they did not seem to be very close.

Lin Yi had always wanted to destroy the spirit beast clan's three-way Alliance. Seeing the man in the black bamboo hat and Xiao Yan's actions, he suddenly felt a slight change in his heart. He felt that if the two weren't close enough, he could use this as an opportunity to get something out of it!

The man with the black bamboo hat and Xiao Yan came in one after the other. He ignored Zheng Dongsheng and Lin Yi who arrived first and went straight to the long table. The man didn't stop and sat down on the chair next to Lin Yi, leaving the first seat for Xiao Yan.

Even though the Vermillion Bird was the one who initiated the spirit beast clan's plan, the center of the group was still the main force behind the plan. On the other hand, the sea beast clan was only there to obtain some benefits. To put it bluntly, they were here because of their status as mercenaries. As such, the man with the black bamboo hat did not fight for the first position. He wanted to make Xiao Xiao happy so that he could better cooperate with their plan.

Xiao Yan was satisfied with this and sat down beside the man in the black bamboo hat. As the Prince of the sea beast tribe, Xiao Yan felt that he was born to be the one with the highest status here!

Zheng Dongsheng was overjoyed after hearing Lin Yi's words. As long as he knew about the two, he would find them. As for what he said to Lin Yi, he would see how it went when he got the news!

The three outer hall elders were already seated, and Zheng Dongsheng sat down on the last chair beside Lin Yi. The four of them didn't have any interest in talking and just waited for Vermillion Bird and the others.

As Xiao Yan, the Prince of the sea beasts, and the central representative were present, the four elders of the inner sect did not dare to put on too much airs. Very quickly, they came together. However, the Vermilion Bird, Azure Dragon, White Tiger, and black Tortoise groups were clearly separated. Although they entered the door together, anyone with a discerning eye could tell that they were not of the same group.

Not long after Zheng Dongsheng sat down, he saw the four elders appear and immediately stood up to welcome them. He was only a substitute elder of the outer hall, and his strength was extremely low. How could he dare to be as arrogant as Xiao Yan and the others?

Xiao Yan and the man in the black bamboo hat didn't move. They only turned around and nodded at the four elders as a greeting. With their status, they had no reason to lower themselves to greet the elders of the spirit beast clan. Lin Yi didn't care either. He was already giving them face by smiling and maintaining his manners.

The four elders greeted the four people in front of them and sat down.

Chapter 6240 Overruled

"Elders, today's meeting is to discuss and decide some matters, which are all related to cooperation. Before the official start, I suggest that we vote to give the substitute elder Zheng Dongsheng the right to vote. I wonder if anyone has any opinions?" The Azure Dragon immediately proposed to promote Zheng Dongsheng.

Lin Yi smiled faintly. He didn't care if Zheng Dongsheng had the right to vote before he came in, but now he was happy to see it happen. Maybe he could ask this old man to help him at the critical moment.

"Why bring up what we agreed on yesterday? It's already against the rules to let him sit in and listen!" The White Tiger frowned and looked at the Azure Dragon unhappily.

"Elder White Tiger, you're wrong. Since we're already here, why should we care about one more vote? Besides, we're trying out this voting mechanism now. As long as everyone agrees, it's no problem for the substitute elder to vote!" The Azure Dragon shrugged his shoulders with a hint of a smile at the corner of his mouth.

The White Tiger's face was gloomy. He knew that the Azure Dragon was deliberately showing off their strong position in the elders' meeting. Moreover, it was not wrong to vote on Zheng Dongsheng's voting rights as a meeting topic. So, he snorted and no longer spoke.

"Elder Azure Dragon's suggestion is very good. Then let's all vote. I agree that Zheng Dongsheng has the right to vote as an official elder of the outer hall." The Vermilion Bird said calmly as she raised her right hand.

As the initiator, the Green Dragon naturally did not want to fall behind and immediately expressed his agreement. Xiao Yan and the man in the black bamboo hat did not take Zheng Dongsheng seriously at all, but since the Vermillion Bird and the Green Dragon had agreed, they had to do him a favor.

With that, four out of seven people had agreed. It didn't matter if Lin Yi said anything or not, so he was happy to hide himself so that the Vermilion Bird and the Azure Dragon wouldn't suspect him.

The White Tiger and black Tortoise looked at the scene in a daze. They didn't say anything, as if they had already understood that the situation was not in their favor, so they simply gave up on opposing.

Lin Yi raised an eyebrow as he understood what was going on. The Vermillion bird's family already had the advantage in the seven-member elder group, and there was no need to promote Zheng Dongsheng. They probably did this to give White Tiger and black Tortoise a blow, to make them recognize the truth and stop their futile resistance.

"Okay, elder Zheng Dongsheng's voting rights have been passed. Let's move on to the next issue." The Vermilion bird's lips curled up, and he glanced at The White Tiger and black Tortoise beside him. He was very pleased with himself.

"Today, we're mainly discussing how to develop the cage Sea area. It's the sea area in the South continent that's the furthest away from our spirit beast clan. Because of the harsh environment and close to the territory of the sea beast clan, human clans dare not live there although the spiritual energy is good. This time, we've reached an agreement with the sea beast clan to send human cultivators from other seas to develop the cage Sea area. Does anyone have any opinions?" Azure Dragon had the lowest status among the four elders of the cabinet, but he was always the one who raised the issue. It was obvious that the Vermilion Bird had deliberately arranged it behind the scenes, and he was just a Messenger.

"That Sea region has always been under the control of our sea beast clan. However, we don't have a high demand for resources there, so we haven't developed it much. If you want to make use of it, there's no problem. However, our sea beast clan will not interfere with the matter of manpower. You can deal with it yourself." Xiao Yi said lazily, but there was a hint of mockery in his eyes as he glanced at the people.

Out of the four external clan elders, besides Xiao Yan, the other three were all humans. Hence, he really wanted to know how the three of them felt.

The so-called sending human cultivators over for development was actually enslaving human cultivators like slaves, just like how humans liked to enslave spirit beasts as mounts.

"Prince Xiao Yan, don't worry. You don't have to worry about these things. As for the transportation of human cultivators, the spirit beast clan and the central will be in charge of it. The mined minerals and pills will be exchanged for suitable resources and given to you." The Azure Dragon smiled faintly. They had already discussed how to split the loot, so there was no need to say more here.

He specifically mentioned this to let Xiao Yan know which side he should stand on at all times. This Prince's personality was unpredictable. To put it bluntly, no one could guarantee when he would suddenly go crazy and cause trouble.

"Elder Azure Dragon, what's the deal with transporting human cultivators? Are you recruiting cultivators from the major seas and asking them to develop the cage Sea area?" Lin Yi was very sensitive to the plans of the spirit beast clan, especially when it involved humans. He couldn't just sit by and do nothing.

"Elder Lin, there's no problem with that. The resources in the cage Sea area are rich. You should know that human cultivators are very good at gathering resources, and forging and refining pills are all skills that they're good at. If we let human cultivators develop the cage Sea area, we'll definitely get twice the

result with half the effort." Azure Dragon smiled faintly, still being polite to Lin Yi's question. After all, the elixirs that the spirit beast clan needed were only made by Lin Yi and Li Zao Yi.

It was a pity that Green Dragon didn't answer Lin Yi's question directly. How could Lin Yi be satisfied?

"Elder Azure Dragon, do the human cultivators we recruit have the freedom to come and go? Is the reward reasonable?" Lin Yi narrowed his eyes, ready to get to the bottom of this.

It wasn't that Lin Yi was a big-hearted person who liked to put the safety of human practitioners on his shoulders, but he couldn't just pretend that he didn't know anything. He had to at least understand.

"Elder Lin Yi, you're too naïve. There's no reasonable reward and freedom for an elder of the Green Dragon sect. All the human cultivators who are sent to the cage Sea area will be restrained and become our slaves. They will have the freedom to come and go, and even their life and death will be in the hands of elder Azure Dragon." The White Tiger sneered and mocked the Azure Dragon mercilessly.

In any case, the disadvantage in the elder Council was already set in stone. If he had nothing better to do, he could only disgust the Vermilion Bird and the Azure Dragon. That was the limit of what he could do now.

"I object to this!" Lin Yi's face went cold. He knew that the man wouldn't object, but he had to make his attitude clear!

"Your objection is overruled. The matter of opening up the cage breath Sea area has already been decided a long time ago and the plan has already begun to be carried out. It's not something that an

external clan elder like you can stop just because you object!" Vermilion Bird glanced at Lin Yi, not thinking too much of him.

As he said, they couldn't just give up halfway since they'd already started. Lin Yi was just an outer hall elder, after all, and his words didn't mean much to him.
