

Bodyguard 6241

Chapter 6241 Failed Request

"Elder Lin, we're not here to discuss whether or not to use human cultivators to develop it. We're here to discuss how to develop it more efficiently and who should be assigned to rule the cage breath Sea region. Therefore, elder Lin, please don't express your opinion casually, just wait for the vote to be cast!" Green Dragon was already taking care of Lin Yi's feelings, and explained a bit to comfort him.

"Elder Azure Dragon, you're wrong! Elder Lin was the elder that the king had personally appointed to refine pills. Did he not even have the right to express his own opinions? Besides, elder Lin's objection is human nature. I think it's reasonable. Instead of enslaving human cultivators, it's better to hire human cultivators with some remuneration. I believe they will burst out with more enthusiasm for work!" The White Tiger's eyes turned, and it spoke up to support Lin Yi.

"Thank you for your righteous words, White Tiger elder!" Lin Yi smiled and cupped his fists, thanking the two.

No matter what The White Tiger's goal was, Lin Yi had to accept the favor since he asked.

White Tiger laughed and waved at Lin Yi without saying anything else. He wanted to wait until he had accumulated enough strength before arm-wrestling with Vermillion Bird, but he suddenly realized that Lin Yi was one of the people he could use to accumulate strength. So, White Tiger joined in without hesitation. It was just two sentences anyway, and if he could win Lin Yi over, it would be very useful!

Don't forget, Lin Yi was able to become an elder because of the king of spirit beasts. If Lin Yi became White Tiger's ally, the king of spirit beasts 'vote would be no problem.

"Since you're so enthusiastic, Elder White Tiger, why don't you go and take charge of the development of the cage Sea region? With you overseeing things, it should be very smooth. " The Azure Dragon looked at The White Tiger with a smile that was not a smile. If he could get rid of this troublesome fellow, it would be more convenient for him to do things in the capital.

"For such an important task, isn't Elder Green Dragon more suitable? Besides, you're the one who's been following me from the beginning to the end, so you can't trouble two people for the same matter. You can continue to shoulder this burden!" The White Tiger laughed and immediately kicked the ball back. It would definitely not be fooled.

He was hoping that the Vermilion Bird and the Azure Dragon could leave Yunwu city as soon as possible so that he could take advantage of the situation. How could he go to the cage breath Sea area? I won't go even if you beat me to death!

"If the elders trust me, why don't you let me guard the cage breath Sea region?" Lin Yi suddenly suggested. Since he couldn't stop the human lightning practitioners from becoming slaves, he might as well become a commander and save a group of human practitioners.

"Elder Lin is The Alchemist elder of our spirit beast clan. You can't leave the capital easily. Although it's important to keep the sea area, it's not more important than you, elder Lin. So, this matter is definitely not going to work!" Qinglong rejected immediately. Letting Lin Yi go to the Dragonbreath Sea area was like letting a Tiger return to the mountain. He wouldn't do something so stupid. What if Lin Yi turned the good situation around?

"Didn't elder Azure Dragon just say that there's an elixir production project in the cage breath Sea area? If I go, it'll definitely be helpful in elixir production!" Lin Yi didn't want to give up yet. Going to the Dragonbreath Sea area was to think of a way to ruin the enemy's plan and also to avoid being discovered when he wanted to escape.

"It's rare for elder Lin to take the initiative to volunteer. How about this, let's vote and see how many people agree to let him go?" The man in the black bamboo hat suddenly said. This was the first time he had taken the initiative to participate today.

Lin Yi couldn't help but raise his guard-would central help him? Did the sun rise from the West? There must be something wrong with this abnormal situation! However, he had no other choice. He could only wait and see.

The man raised his right hand after he finished speaking, agreeing to let Lin Yi be the commander.

Azure Dragon and Vermilion Bird weren't willing-they didn't want to make their stand clear even though it was the man's idea. Xiao Yan didn't mind either-he'd be there if it was up to the Dragon and Vermilion Bird, but it was Lin Yi's idea, so he'd have to give up.

Zheng Dongsheng looked at the man in the black bamboo hat and raised his hand after some hesitation. Lin Yi's eyebrows twitched, suspecting that central found this old man and recommended him to Green Dragon.

This suspicion was not without basis. With Central's pervasive style, it was not strange at all for the Zheng family to fall into their arms. Moreover, the famous medicine sect was still selling automatic alchemy furnaces. This was obviously something that central had come up with.

However, these were not important. It was the best result that Zheng Dongsheng and the black bamboo hat could support him. White Tiger and black Tortoise wanted to win him over, so they should also agree.

Lin Yi raised his hand as well, but The White Tiger and black Tortoise didn't agree. It wasn't hard to understand-Lin Yi was the alchemy elder appointed by the king of spirit beasts, and The White Tiger and black Tortoise were hoping to rope in Lin Yi so that the king of spirit beasts would be on their side. How could they agree to let him go to a remote place like the Dragonbreath sea?

"Elder Lin, it's rare for me to agree with Azure Dragon's opinion. Compared to the development of the Dragonbreath Sea area, you, as the alchemy elder, are more important. So, I can't agree to you leaving the capital to go to the Dragonbreath Sea area. I'm sorry!" White Tiger explained with a smile, so Lin Yi wouldn't hold a grudge against him and become even more difficult to deal with.

"Elder White Tiger has good intentions, Lin Yi appreciates it." Lin Yi smiled and put down his arm naturally. He understood the key point and understood what White Tiger meant.

"Elder Lin, it looks like everyone can't bear to see you leave the capital. Then there's no other way!" The man smiled as if he didn't really care if Lin Yi could go to the sea.

White Tiger looked at black bamboo hat deeply. He didn't support Lin Yi to go to the Dragonbreath Sea area not only because he didn't want to lose potential allies, but also because of black bamboo hat's abnormal behavior.

"Alright, this matter ends here. Although the development of the cage breath Sea area is important, it's not so important that an elder has to personally oversee it. Azure Dragon, you choose a commander at the sea splitting stage to take charge of everything. As for the transportation of human cultivators, we'll proceed according to the plan we previously set! What do you all think of my suggestion?" The Vermilion Bird tapped the table with her finger and made a decision.

Although he had added a question at the end, it was just a formality and no one took it seriously.

"I agree!" As soon as Red Sparrow finished, Green Dragon raised his hand in agreement. Xiao Yan, Zheng Dongsheng, and black bamboo hat all expressed their support, too. Only Lin Yi firmly opposed it, but it was useless for him to oppose it alone.

White Tiger and black Tortoise didn't say anything, which meant that they had given up on voting. In fact, it didn't matter whether they said anything or not, it didn't make any sense.

Chapter 6242 Instigating A Rebellion Against Zheng Dongsheng

"Elder Vermilion Bird, there's something unusual in the palace. I need you to deal with it." A spirit beast expert appeared outside the meeting hall just as the decision was passed. He reported respectfully at the door.

"You're so insensible! Can't you see that there's an elder meeting going on? What's so urgent that you can't wait?" The Vermilion Bird pretended to be displeased and chided her, putting on the airs of a chief elder.

"Elder Vermilion Bird, your subordinates aren't that insensible. It seems like there's really something important going on. Let's take a break for today and continue after we're done." The Green Dragon smiled and played the role of the Vermilion bird's little brother to help him out.

"That's true. Then everyone, let's disperse! Azure Dragon, make some arrangements for the matters of the cage Sea region. After you've selected a suitable commander, report to everyone. After all, this is the joint decision of the elders Guild and we can't treat it lightly. Do you understand?" The Vermilion Bird nodded her head and said a few words before she excused herself from Xiao Yan and the black bamboo hat man. She then stood up and walked out of the hall.

White Tiger and black Tortoise looked unhappy and left with him. Although the Vermilion Bird did not have the title of the Regent King, he acted like one. The two of them were extremely dissatisfied, but there was nothing they could do.

If Lin Yi didn't want to go to the Dragonbreath Sea area, White Tiger and black Tortoise could still lower themselves and befriend him, but it was too embarrassing to go to him now. They'd have to wait for another chance.

The four inner sect elders left one by one, and the four outer sect elders naturally had no reason to stay. Xiao Yan was the first to leave, followed by the black bamboo hat elder. Zheng Dongsheng was still thinking about his grandson and cousin, and after some hesitation, he didn't leave with them. He purposely waited for them to leave before he went to talk to Lin Yi.

"Elder Lin, I am very sincere in making peace with you. In the future, our two families will work together on Nakajima, and our business will be better. It is the same in other aspects. As long as elder Lin needs me, everything can be discussed." Zheng Dongsheng squeezed out a smile and didn't mention Zheng Tianqing and Lin Yi. He only tried to get on Lin Yi's good side.

This was where Zheng Dongsheng was experienced. He knew that if he asked Lin Yi directly, Lin Yi might not answer immediately. It was easier to get the answer he wanted by showing his attitude first.

"Elder Zheng, you're too kind. In fact, there's no enmity between our two families that can't be resolved. It's best if we can shake hands and make peace. Since you and I can work together to fight against the outside world, I'll tell you the truth." Lin Yi smiled and lowered his voice on purpose. He even stuck his head out of the door to look. This cautious attitude would make Zheng Dongsheng believe him more.

In fact, this was just a facade. Lin Yi wanted to know what was going on outside the door, so he just needed to scan with his spirit sense. It was much more convenient than looking with his eyes. The four

elders of the spirit beast clan had already left, so he could only extend his spirit sense outside the door. There shouldn't be any trouble.

When Zheng Dongsheng heard this, he suddenly smiled. After nodding slightly, he looked like he was all ears.

"Originally, your two family members came with me, but we encountered a mysterious illusionary mist space on the way. They and a friend of mine were trapped inside and can't come out for the time being. I'm currently thinking of a way to save my friend. Originally, your two family members had no relationship with me, but now that we're United against an external force, I naturally have to save them as well." Lin Yi said softly as if he was serious. He wasn't lying, but this was only part of the truth.

Zheng Dongsheng's expression changed slightly. His identity and status were very awkward. Of course, the people of the Spirit beast clan would not specifically talk to him about the illusion fog space. Therefore, this was the first time he had heard this term.

Although he did not know what the illusion fog space represented, his intuition told him that this was definitely not a blessed Grotto. Zheng Tianqing and the other man were probably not very comfortable being trapped in it.

"Master Lin, I wonder if you have any ideas? If there's anything you need my help with, please let me know. For the sake of our common goal, I'll definitely die without hesitation!" Zheng Dongsheng cupped his hands in respect. Zheng Tianqing was his most valued grandson. In order to save the two of them, it was not an exaggeration to say that he would do anything.

"Don't worry, I'm planning to rescue them. I have some progress, but it won't be that easy. I need some time. If you cooperate with me, I believe I'll find a feasible solution soon." Lin Yi didn't give a definite guarantee, but that made Zheng Dongsheng trust Lin Yi even more.

If Lin Yi said it out loud, even if Zheng Dongsheng didn't say it out loud, he'd think that Lin Yi was just talking nonsense. It was far better than this! If Lin Yi had just said that he had a plan, why wouldn't he go save his friend?

"Don't worry, Master Lin. I'll definitely cooperate with you. I just don't know what I should do to cooperate with you. " Zheng Dongsheng subconsciously bowed, completely in the rhythm of Lin Yi's Alliance.

"Don't worry about anything else. What I need the most now is your support in this elder conference! Of course, you can't support me every time, as that would arouse suspicion and vigilance. You can only support me when I give you the signal!" Lin Yi smiled faintly. He didn't think that he would be able to pull Zheng Dongsheng into his camp so easily.

Vermilion Bird and Azure Dragon had tried their best to promote Zheng Dongsheng, but they didn't know that in the end, they had made a wedding dress for someone else. When the situation suddenly turned around at the elders meeting at the critical moment, he didn't know what expression these two guys would have.

Especially when Lin Yi thought that Zheng Dongsheng might have been recommended by central, he was even happier. It was his favorite thing to do, and he had to carry on this tradition.

"I understand, I understand. I'll definitely cooperate with Master Lin. Then, I'll leave the matters of the illusionary mist space to Master Lin!" Zheng Dongsheng agreed. As long as he could save Zheng Tianqing and Lin Yi, nothing else was important. Whether he could continue to maintain a good relationship with Lin Yi after they came back would depend on the situation.

"Let's go. It's easy to arouse suspicion if we stay too long!" Lin Yi waved his hand, signaling for Zheng Dongsheng to leave first.

The two didn't take much time to talk, but it was indeed more eye-catching to continue to delay. Zheng Dongsheng quickly nodded and agreed. He whispered goodbye and left quickly.

Lin Yi walked out of the meeting hall slowly with his hands behind his back. This time, there were no spirit beast guards following him back to his residence, as if giving him some freedom as an outer hall elder. Unfortunately, there were sentries at every intersection, and Lin Yi guessed that the paths he could take were limited long ago. It didn't matter if there were spirit beasts following him or not.

Chapter 6243 Instigating A Rebellion

As expected, when he wanted to go in another direction, a spirit beast guard immediately told him that it was a prohibited area, and that only the road leading to his side Palace was unobstructed.

"Prince Xiao Yan, please wait!" Lin Yi had been walking for a while when he saw Xiao Yi walking in front of him at a steady pace. He had an idea and immediately called out to him.

"What is it?" Xiao Yan didn't want to talk to Lin Yi at first-a human Alchemist wasn't good enough for him, but Lin Yi was one of the outer hall elders, after all, and was considered his colleague. He had nothing to do anyway, so he decided to listen to what Lin Yi had to say first.

"Is His Highness also going this way? Since we're on the way, we'd like to ask Your Highness about the caged Sea region. " Lin Yi said with a smile as he made up an excuse.

In fact, Lin Yi felt that one Zheng Dongsheng wasn't enough. Maybe he could get Xiao Yan on his side as well. Among the four outer hall elders, the man in the black bamboo hat who represented the center

couldn't make them defect. Zheng Dongsheng chose to work with Lin Yi for the time being because of the Zheng family. The only one left was Xiao Yan, the Prince of the sea beast clan.

Xiao Yan was the "most respected" of the four, and it was almost impossible to win him over. However, Lin Yi felt that the sea beasts had a special status, and they were only participating in the Vermillion Bird and Central's plan for benefits. It wasn't impossible to win him over.

"The matter of the Dragonbreath Sea region? I'm not interested, you can talk to the Green Dragon yourself!" Xiao Yi's face didn't change at all, and he turned to leave as soon as Lin Yi finished.

The cage Sea region was indeed close to the territory of the sea beasts. There were many sea beasts there, so neither the human clan nor the spiritual beast clan had any interest in exploring it. However, Xiao Yan was not interested in that area at all. Hence, the spiritual beast clan wanted to control the cage Sea region. After offering sufficient benefits, the sea beasts agreed readily.

"Your Highness, in addition to the matter of the sea area, there are some more confidential matters I would like to discuss with Your Highness. If your Highness can spare some time, we will definitely learn something!" Lin Yi smiled, not discouraged by Xiao Yi's coldness.

"You're really persistent! Fine, I'll give you a chance to tell me. If you dare to lie to this Prince, even if the king of spirit beasts is protecting you, you won't be able to live well!" Xiao Yi paused and turned to Lin Yi with a playful smile.

"Thank you, Your Highness!" Lin Yi cupped his fist and followed behind Xiao Yan.

Because of Xiao Yan's presence, the spirit beast guards didn't dare to stop Lin Yi. They could only watch as he and Xiao Yan walked into the sea beast clan's resting palace.

Lin Yi, the outer hall elder, and Li Zao Yi only lived in the smallest side hall, but the sea beast representative group had an entire group of palaces. The pavilions and towers weren't as exquisite and beautiful as humans, but they were well built. There was even a Lake, and they used formations to draw in seawater directly from the sea, filling this group of palaces with the aura of the ocean.

The sea beast clan's residence here was indeed worthy of being said to be as comfortable as home! From this, one could see how big the difference in status between Lin Yi and Xiao Yan was in the eyes of the spirit beasts!

"This place is really not bad. Your Highness must be very comfortable here, right?" Lin Yi followed Xiao Yi to the lakeside, the faint smell of the sea lingering around his nose. He couldn't help but praise.

What made Lin Yi even happier was that the formation that could direct seawater from the sea was a type of teleportation formation. He was thinking of how to build a good relationship with Xiao Yan, and using this teleportation formation to get LAN Guzha out of the Jade space was not a bad idea.

"The spirit beast clan is indeed thoughtful. I wonder who was able to set up an environment that our sea beast clan likes. I'll have to thank them later." Xiao Yan chuckled and casually praised.

"Your Highness, the seawater looks very fresh. Could it be that the bottom of the lake is connected to the ocean?" Lin Yi pretended that he didn't know anything about formations and tried to test Xiao Yan's knowledge.

The formations transporting seawater were only physical-they couldn't transport living things directly. If Xiao Yan knew this, Lin Yi wouldn't let LAN Guzha out so easily.

The damn thing did bring Lin Yi to the spirit beast forest through the whirlpool in the sea before, but those secret tunnels had big uses-they couldn't just be used for a Lake for fun.

"How could there be such a long passage? even if there is, the seawater would have been purified into fresh water by the underground soil when it reached here. As far as I know, the spirit beast clan has set up a formation to transfer seawater here. In this regard, they are indeed much more powerful than our sea beast clan." Xiao Yan complimented once more but did not continue to be cold to him.

Lin Yi was relieved-he knew that Xiao Yan wasn't that good at formations, and probably couldn't even see the formation that transported the water.

"Your Highness is too humble. There are countless powerful sea beast Masters in the ocean, and there must be someone with outstanding talent in the field of array Dao. It's just that they haven't revealed it yet." Lin Yi smiled faintly, thinking of a better way to get LAN Guzha out.

"That's all for now. What secret do you want to tell me?" Xiao Yi didn't want to waste any more time and cut straight to the point.

"Prince, please calm down. This matter is related to the Allies of your sea beast race. I hope that Your Highness will not be too surprised after hearing this!" Lin Yi said as he walked towards the lake, getting ready to get LAN Guzha out.

He couldn't expose the space in the Jade in front of Xiao Yi, so Lin Yi had to think of a way to hide it.

"What does Central's matter have to do with me? Shouldn't you go talk to central?" Xiao Yi smiled coldly, not taking Lin Yi's words to heart. Of course, he was still a little curious, so he didn't want to chase Lin Yi away immediately.

"This matter is closely related to the Prince and the sea beast clan. You might not believe what I'm saying, so I've asked one of your clansmen to come. Perhaps it'll be more convincing." With that, Lin Yi threw out the level eight invisibility formation disk, activating it instantly and hiding himself completely.

Xiao Yan may be strong, but it was impossible for him to see what was going on in the formation disk right away. Lin Yi released LAN Guzha immediately after the formation was activated and told him what to say.

Xiao Yan's eyes turned cold when he saw Lin Yi disappear, but he didn't act immediately out of self-confidence. There were masters of the sea beast race scattered around the palace, and Lin Yi would only humiliate himself if he tried anything funny.

Chapter 6244 LAN Guzha Acknowledges His Family

It was because of this confidence that Xiao Yan gave Lin Yi the most important time. He saw the ocean formed Lake suddenly surge with huge waves, and if it weren't for the restriction, it might have drowned the palace.

"Lin Yi, come out right now, or I'll let you know the price of offending me!" Xiao Yi's patience wasn't that good, and he wasn't happy to see this. He felt that Lin Yi was just trying to be mysterious, as if he didn't care about him at all.

With that, the waves in the lake were still surging and Xiao Yan was about to attack when the invisibility formation retracted, revealing Lin Yi and LAN Guzha.

Xiao Yan was surprised. He didn't expect someone else to appear other than Lin Yi. However, LAN Guzha's aura was only at the mountain opening stage and didn't pose much of a threat to him, so Xiao Yan was able to remain calm.

"Your Highness, what happened?" There was a lot of movement at the side of the lake. The Marine beast clan's expert in charge of protecting Xiao Yan would naturally rush over. Before he even arrived, his monstrous aura had already enveloped over.

"I'm fine. You can go and do your work. Don't disturb this Prince!" Xiao Yan smiled faintly and raised his voice to stop the guards from coming to the rescue.

Xiao Xiao's orders were quite effective. Before he finished speaking, the guards in the distance stopped and turned around. However, Lin Yi could feel that the two strongest sea shattering realm Masters were not completely at ease. Their divine senses were faintly visible around the lake. Although they couldn't know what was going on here, they could appear at any time if Xiao Xiao was in danger.

"Thank you for your magnanimity, Your Highness!" Lin Yi smiled and cupped his fists, thanking him from the bottom of his heart. It was indeed a little risky in that situation, and if Xiao Yan were to turn on him, he'd have ordered his men to attack.

"I'll wait for your explanation!" Xiao Yi turned around and sat in the pavilion by the lake, looking at Lin Yi coldly.

Before Lin Yi could say anything, Xiao Yan suddenly felt a very familiar aura from LAN Guzha, and his eyes turned to LAN Guzha involuntarily.

"You're also from the sea beast clan? And he's a Royal?" Xiao Yan's brows furrowed. There were many descendants of the royal family of the aquatic beasts, but there were definitely not too many of them. Their bloodline was destined to be unable to reproduce on a large scale. Their low fertility rate also limited the reproduction of their race.

That was why Xiao Yan could be said to know almost all the disciples in the royal family, but he had never seen LAN Guzha before. Moreover, LAN Guzha's strength seemed to be a little weak compared to the royal family.

"That's right, I'm from the Royal sea beast clan, but not from the Sky Class Island. In ancient times, our branch was also from the Sky Class Island, but after a big change, our branch was separated from the Sky Class Island. I only returned to the Sky Class Island recently ..." LAN Guzha was telling the truth, but it was all Lin Yi's Secret advice.

If this guy were to say it himself, he would probably say something like 'delicious', 'who can fight', and so on ...

"What did you just say? Are you a descendant of the royal family that was lost in the ancient times?" Xiao Yan's eyes widened and he had an expression of disbelief.

"Your Highness, did you know about this in ancient times?" Lin Yi was surprised to see Xiao Yan like this. He didn't think that this sea beast Prince would really know. The ancient Jianghu and Sky Class Island were one in the ancient times, but not many people knew about it because of the long history.

"There are records of our Royal sea beast clan. It is said that the Royal clan of that time was the blood brother of our ancestor and had an extremely close relationship. Therefore, the records that were preserved are relatively complete. Are you really a descendant of that royal family of sea beasts?" Xiao Yan had already stood up and walked to LAN Guzha's side to size him up carefully.

"I don't know if you're talking about our group, but it's true that I've only just arrived on Sky Class Island." LAN Guzha shrugged his shoulders. He was still not used to Xiao Yan's enthusiasm.

"That's great! He didn't expect to meet his long-lost Clansman on this trip to the spirit beast clan's territory! By the way, what's your name? How did you get here just now?" Xiao Yan clapped his hands with a big smile on his face. He was obviously more interested in LAN Guzha than the secret Lin Yi was about to reveal.

"My name is LAN Guzha. I came here through the formation that transported seawater earlier!" LAN Guzha scratched the back of his head. He thought to himself, "did boss call me out just to acknowledge me as a relative?"

In fact, the sea beast clan had information on LAN Guzha. For example, this guy was very active on the northernmost Island. Unfortunately, the level of the information was not high enough. At most, it was submitted to the middle management of the sea beast clan. The real Royal clan would not care about a small conflict in a small place like the northernmost Island.

Not to mention that Lin Yi was the most eye-catching one in the sea beast tide on the northernmost Island, not LAN Guzha. Even if the Royal sea beasts paid attention to him, they would be attracted by Lin Yi's brilliance.

Xiao Yan himself did not know anything about formations. Even though he was curious how LAN Guzha could pass through the formation and they could not be transported, it did not matter!

"LAN Guzha, you're a little weak. How about this? when we return, you'll follow us. When we reach the clan-ground, you'll definitely be able to improve your strength quickly! And our King will definitely welcome you back!" Xiao Yan did not dwell on the teleportation problem of the formation. He did not really understand it anyway. He was very excited as he wandered around LAN Guzha.

"It can quickly increase my strength?" LAN Guzha's eyes brightened. This was good news. In order to be able to fight better, he loved to quickly increase his strength.

"Ahem, Your Highness, the secret that I just told you about central is also related to your sea beast clan! LAN Guzha is more aware of this. That's why I thought of a way to get him here. " Lin Yi saw that Xiao Yi was in the middle of the excitement, throwing Central's secrets to the back of his mind. He had to step out and remind her.

"Oh, right. You mentioned it just now. What exactly is that secret? What does it have to do with LAN Guzha and our sea beast clan?" Xiao Yi clapped his hands and remembered that there was such a thing.

"In fact, Central's power is extremely large. It's not just on the sky Island, but also in the world where I came from and the world where Lan Guzha's clan is. Central's favorite research is to use the genes of different clans to create super soldiers. It's the same in the mortal world, in the world where Lan Guzha is from, and in the sky Island! It's just that the Sky Class island's practitioners are generally stronger, so it'll be a bit difficult to carry out Central's plan. " If he wanted to win Xiao Yi over, just LAN Guzha's identity as a cousin was not enough, so Lin Yi had to make Xiao Yi feel the pain. What was more suitable than the Central's research?

Chapter 6245 Xiao Yi's Suspicion

"What are the genes you are talking about?" Xiao Yan did not really understand, but he still had a general idea.

"Your Highness, you can understand it as a bloodline. LAN Guzha is one of the victims of Central's experiment. He was the king of the sea beasts in that world. In the entire ocean, there is almost no bloodline more noble than his. Not only that, LAN Guzha's entire body almost collapsed due to over-extraction of his genes. " Lin Yi's words were the truth, and there was no need to exaggerate them, and it was enough to move Xiao Yan.

"That's right. If it wasn't for boss saving me, I, LAN Guzha, would've died in Central's hands. I heard that Central's headquarters is on Sky Class Island, so I went through all the trouble to follow boss here to find central and take revenge!" LAN Guzha was suddenly enlightened. He didn't need Lin Yi's guidance to say something like that.

"Preposterous! How dare central use the Royal bloodline of the sea beasts to create those ugly puppets? You simply don't know how to spell the word "death"!" Xiao Yan was infuriated. The royal family of the sea beasts did not care about the ordinary sea beasts at all. As there were too many of them, they were of little use other than being used as cannon fodder. However, for the same royal bloodline, as long as there was no conflict of interest, they would basically pay considerable attention to them.

After hearing about LAN Guzha's encounter, Xiao Yan did have a reason to be angry, but he did not immediately go to find the black and red Bamboo hats to question them.

As for LAN Guzha addressing Lin Yi as boss, Xiao Yan was a little unhappy as well. How could a noble descendant of the Royal sea beast acknowledge a human as boss? If it wasn't for the fact that Lin Yi saved LAN Guzha, he would've flipped on Lin Yi first.

"Your Highness, the secret that I'm going to talk about is actually related to their genetic modification plan. This time, central has formed an alliance with the spirit beast clan and has also pulled in your sea beast clan. On the surface, it seems that they want to ask for a favor from the sea beast clan. However, I'm afraid that their real purpose is to continue collecting the genes of the sea beast clan to create new super soldiers. This is not my wild guess, but the truth." Lin Yi smiled, very satisfied with Xiao Yan's reaction. He continued to add fuel to the fire.

"You're saying that central wants to secretly attack our sea beast clan? Do they have the guts to do so?" Xiao Yan's eyes narrowed. He was very angry with LAN Guzha's encounter, but he had never experienced it personally. His anger was limited, but if central had their eyes on him, then the nature of it would be completely different.

To be honest, Xiao Yi thought that Lin Yi was exaggerating things to scare him, but now that he was involved, he couldn't help but ask.

"Your Royal Highness, you might be thinking that instead of attacking the massive sea beast clan, why don't you attack the spirit beast clan? The Royal genes of the spirit beast race are indeed not inferior to the Royal genes of the sea beasts. There are even the legendary divine beast genes in the bloodlines of the four great elders. These are all extremely suitable test subjects. Why must it be the sea beasts?" Lin Yi maintained his smile as he started guiding her patiently.

"So you're saying that central has colluded with the spirit beast clan and is using our sea beast clan's bloodline for an experiment?" A dangerous light flashed in Xiao Yan's eyes. Under Lin Yi's guidance, he was indeed suspicious, "In the three-party alliance, the only role of the sea beast clan is to transport soldiers and to contain the attacks. It seems unnecessary for the spirit beast clan to pay such a high price. To ensure the transportation of soldiers, they only need a large number of ships, and then use one-tenth of the original price to ensure a smooth route ..."

Once a person's suspicion was born, it would grow like wild grass silently and unconsciously, taking the absolute upper hand.

Xiao Yan was like this now. He felt that there was no need for the spirit beasts to ally with the sea beasts, but he never thought of using ships to attack the other large islands. If the attack did not go smoothly, how could they compare to the sea beasts' reinforcements? Moreover, if they did not tie the sea beast clan to their warship, the spirit beast clan would be completely annihilated in the vast ocean if they were to stab them in the back.

"Your Highness is indeed wise. Although there's no evidence, I dare to guess that central wants to use the genes of the Royal sea beasts to create a batch of puppets suitable for ocean combat. These puppets are likely not rejected by the defense arrays of the major islands. In this way, the spirit beast clan may not have to pay too much of a price and can smoothly attack the other major islands." Lin Yi was starting to admire himself-what the hell was this? even he was starting to believe it!

However, on second thought, those guys in charge of the central management might really have done that. He might have accidentally told the truth!

"Detestable! I definitely won't let them succeed! Hmph, if they really dare to lay their hands on me, I'll let the spirit beast clan and central know what a disaster is!" Xiao Yan laughed coldly, his face revealing an obvious murderous intent!

There weren't many experts at the sea Rift stage in the sea beast diplomatic mission this time, and most of the commanders in the capital were stronger than them, let alone the four great elders. However, there were many more powerful sea beasts in the endless sea than the spirit beasts on the southern island. After all, the area and number of sea beasts were on completely different levels!

Therefore, if they really fought, the spirit beast clan might not be able to gain the upper hand.

"Your Highness, I think it's dangerous for you to stay in the southern island. If it's convenient, you should leave as soon as possible!" Lin Yi pretended to persuade her. In the current situation, Xiao Yi would never leave!

If he did not suspect anything, Xiao Yan would have left if he wanted to. However, he had to consider if his sudden departure would cause the spiritual beast clan and central to take a risk and make them stay.

"That's not right, that's not right. It's too obvious to leave now, and it's not safe enough. In the palace, the spirit beast clan will have some scruples if they want to attack us. After all, this is their lair. If something happens here, they won't be able to escape punishment and they won't be able to answer to our clan. The best time to attack is when we're leaving!" I have to inform the clan to send reinforcements!" Xiao Xiao was completely in the zone. The reason why he didn't doubt Lin Yi's words was because LAN Guzha was right beside him. There was an obvious mutation on this guy's body. Other sea beasts might not be able to detect it directly, but he, a king of the sea beasts, saw it clearly!

With the evidence right in front of him, Xiao Yi had no reason to doubt Lin Yi's words. It was a matter of his own safety anyway, so it was better to believe it than not. It was always right to be prepared.

Chapter 6246 Great Harvest

"By the way, LAN Guzha, how did you teleport here? Can we reverse the teleportation and get out?" Xiao Xiao suddenly thought of LAN Guzha's appearance just now. If he could be directly teleported back to the sea, there would be no problem.

"I used a teleportation talisman to get here. Boss gave me a coordinate and then used the original teleportation formation to get here. Unfortunately, that was a one-time use talisman, so it's impossible to leave now!" LAN Guzha shook his head in frustration, and Lin Yi couldn't help but laugh to himself. This guy's acting talent wasn't bad, after all-just a few pointers and the effect was pretty good!

"So that's how it is, that's a pity! Wait a moment, I'll get someone to ask for help!" Xiao Yan was no longer concerned about the teleportation formation. He turned around and sent out a signal. An expert from the sea beast clan appeared beside him like a ghost.

Xiao Yan whispered a few words to the sea beast expert. The man bowed and disappeared without a trace.

"Alright, my people will send a request for help back to the clan. We'll just wait for the reinforcements to arrive. I estimate that they'll arrive in ten days at the latest, or four or five days at the earliest." After Xiao Yan and the rest left, their faces revealed a relaxed expression. They were clearly very confident in their reinforcements.

"Your Highness, I have a presumptuous request. It's not convenient for LAN Guzha to appear in the spirit beast clan's Palace, and he can't be discovered by the people from central. So, I would like to ask Your Highness to temporarily take LAN Guzha in and allow him to stay here for a while. I think the spirit beast clan won't enter your place easily." Lin Yi didn't mention anything about Xiao Yi's support, telling LAN Guzha to stay by Xiao Yi's side.

Lin Yi had already told LAN Guzha the rest of the things through telepathy, asking him to find a suitable opportunity to remind Xiao Yan. In fact, Xiao Yan was an extremely smart person, and he could understand Lin Yi's thoughts even without saying it.

"Don't worry, elder Lin. I was just about to have a good chat with LAN Guzha. Even if you didn't ask, I would have asked him to stay here with me. " Xiao Yan laughed and took out a set of marine race attire for LAN Guzha,"Wear this. It can slightly change your appearance and aura. People who are not very familiar with you will definitely not recognize you."

Lin Yi was overjoyed. He wanted to lend Hong Chen Wan Xiang to LAN Guzha so that the spirit beasts wouldn't find out about his whereabouts. Now, everything was solved. Hong Chen Wan Xiang would be more useful to him.

"Thank you, elder brother. I won't be polite!" Laughed LAN Guzha ha ha as he took the clothes and immediately put them on. He did not expect them to fit him so well.

Other than eating and fighting, this fellow had a big hobby of wearing handsome clothes. The clothes that Xiao Xiao gave him belonged to the middle-class elites and looked pretty good. Hence, LAN Guzha was very excited and could not wait to try it on immediately.

"Thank you for taking care of LAN Guzha, Your Highness. I'll take my leave now!" Lin Yi could tell that Xiao Yan had a lot to say to LAN Guzha, so he decided to resign and leave the rest to LAN Guzha.

"Elder Lin, you're too kind. I won't keep you here today. We'll help each other in the future. If you have any problems, just come to me." Xiao Yan put on a forthright face, but Lin Yi knew that it was all for LAN Guzha's sake. It wasn't Xiao Yan's intention.

Lin Yi exchanged a few more pleasantries before telling LAN Guzha to be careful. He then left the place with his hands behind his back.

He'd gotten quite a lot today, and he was happy enough to be able to connect with the sea beast race. Who knew, the three-house Alliance might break down soon!

After Lin Yi left the sea beast clan's base, he was forced to go back to the spirit beast guards "state. Other than the path back, there was no other path.

"Both are outer hall elders, but isn't the difference in treatment a bit too big?" Lin Yi chuckled to himself, but he didn't mind. To put it bluntly, Xiao Yan was a guest of honor on the surface, while he was just a prisoner. It would be strange if the spirit beast clan treated them the same.

Lin Yi strolled around the palace, stopping every now and then to look at the scenery. The spirit beast guards didn't restrict him as long as he didn't go in any other direction.

"In the forbidden area of the palace, it seems that the previous one is the only one with the void essence chain. Where are the other void essence chains?" Lin Yi's little spirit beasts had pretty much searched the entire Palace, and with the guidance of that damn thing, they knew where the forbidden areas were, but they didn't find anything new.

"Senior ghost, as the chief elder back then, how could you not even know where such an important thing as the void essence chain was? To be honest, I'm suspecting if I've met a fake elder of the Azure Dragon!" Lin Yi teased in his heart, and even the damn thing couldn't help but laugh.

"You brat, I was so busy back then, where would I have the time to care about such a small matter? That Big Frog has existed since ancient times. To the current spirit beast clan, it's almost like a legend. Not to mention me, I reckon that in the entire spirit beast clan, you can't find two or three people who know about the void essence chain. " The ghastly thing laughed twice, refusing to admit that it was ignorant.

"I don't really believe what you said. If I have the opportunity later, I'll go and ask The White Tiger and black Tortoise elders. From the looks of it, they seem to want to rope me in, so I'm sure there will be many opportunities." Lin Yi said, but he knew that it wasn't appropriate to ask the two elders.

The frog's existence was of great importance. It didn't matter if White Tiger and black Tortoise knew about it or not. If the void essence chain was destroyed, they would first look for Lin Yi, who had heard about it. They might be having a good time with the Vermillion Bird and the Azure Dragon, but if there was a threat to the spirit beast clan, they would definitely work together to destroy it.

Lin Yi didn't want to expose himself completely to the spirit beast clan. Even if he could escape from the South Region in the future, it wouldn't be a good thing to be hated by the entire spirit beast clan.

"If you want to, then go ask. I need to continue recuperating. Don't disturb me if there's nothing important!" The ghostly thing fell silent again after saying that. It seemed like he hadn't fully recovered from the exhaustion yet. Lin Yi was grateful and didn't bother him anymore.

Through the big frog's divine sense, Lin Yi could indirectly command the little spirit beasts. As long as the big frog's divine sense determined that Lin Yi's order was fine, the little spirit beasts would carry it out. Since he didn't find anything in the palace, he might as well let these little guys leave the palace and search the entire capital.

Chapter 6247 Specially Opposing

With their methods of hiding, they were able to move around the palace without making a sound, and they wouldn't be discovered easily if they were spread out into the capital. Lin Yi was quite at ease with this.

Unfortunately, it didn't seem likely that there would be a forbidden area in the capital that the spirit beasts couldn't pass through. Lin Yi thought that they would have to search outside the capital in the end to get peace of mind.

This wasn't something that could be solved in a short period of time, and Lin Yi decided to give up on the idea of releasing the frog to mess things up. He'd found five forbidden areas where the void chains were placed, and he still couldn't destroy them.

Fortunately, he had placed LAN Guzha beside the Prince of the sea beast clan, Xiao Yan, and there was already some possibility of destroying the three-way Alliance. In addition, there was an unexpected spy, Zheng Dongsheng, so there was no problem at all.

When he returned to the side hall, he found that Li Zao Yi had already closed up to refine pills. The spirit beast clan had probably started to urge him to refine pills when he wasn't around. Although Li Zao Yi had some survivors, he still had to do the necessary alchemy.

Lin Yi wanted to talk to Li Zao Yi about the progress, but it seemed like he wouldn't have the chance for now. As an elder, he couldn't stop making elixirs. Since he didn't have much to do, he went into seclusion to make elixirs.

The next day, Lin Yi guessed that the spirit beasts would come for a meeting again. He packed up and left the room. The spirit beast guard from yesterday was there.

Lin Yi didn't disturb Li Zhaoyi as she was still refining in her room. He followed the spirit beast guard to the meeting hall. He wasn't the first one to arrive today. Zheng Dongsheng arrived first and saw Lin Yi. The spirit beast guard on the side greeted Lin Yi with a cold nod.

As Lin Yi arrived, the other elders arrived one after another. After yesterday's first meeting, they didn't even bother with the small talk and went straight to the point.

"There was an emergency in the palace yesterday, so the meeting was interrupted. We'll continue today." The Vermilion Bird looked at the people in the room with an indifferent expression.

"Elder Vermilion Bird, what's the matter that you need to deal with personally? If you need any help, just let me know. My abilities may be limited, but my intentions are absolutely sincere. " Xiao Yi smiled, looking very friendly. Only Lin Yi knew that the guy was pissed.

"Thank you, Your Highness. It's all done. If there's a need, I'll definitely ask Your Highness for help." The Vermilion Bird revealed a smile. He was already giving Xiao Yan a lot of face.

However, in Xiao Yan's eyes, because of his preconceived notion, he felt that the Vermilion bird's smile had a deeper meaning. Even if he did not say that it was perfunctory, he felt that it was definitely hypocritical.

"If you ask, elder Vermillion Bird, I won't refuse." Xiao Yan laughed out loud, but an undetectable cold glint flashed across his eyes.

Lin Yi chuckled to himself-he knew that Xiao Yan meant that Vermilion Bird was more open and honest, and that they'd have more opportunities to work together in the future. If he were to stab her in the back, then there'd be nothing to say.

He didn't know what LAN Guzha said yesterday, but it seemed to have worked. The Vermillion Bird might not have noticed Xiao Yan's dissatisfaction, but Lin Yi saw through it as if it was a fire.

"Your Highness is truly a forthright person!" The Vermilion Bird complimented him indifferently and brought the topic back to the meeting. "Today's first topic is about the sea beast race. I hope your Highness will take care of me. "

"Elder Vermilion Bird, you're talking about the joint exercise. In order for our plan to be carried out smoothly, we'll need to invest a lot of manpower and resources, especially the sea beasts. It must be treated as a real battle, and the number of troops invested can not be less than 80% of the plan." The Azure Dragon waited for the Vermilion Bird to finish and immediately added an additional explanation.

Lin Yi and Zheng Dongsheng were the only two people present who didn't know what the plan was. The other six were obviously people who knew, so no one asked for the details.

"Elders, I've thought about the joint exercise carefully, and I don't think it's necessary! You have to know that we sea beasts are not interested in summoning such a large-scale sea beast tide, especially when it's mainly for long-distance transportation. Anyway, when the plan is implemented, I guarantee that there won't be any problems with long-distance transportation. Therefore, it's better to reduce the number and scale of this joint exercise to 10% of the plan. " Xiao Yan said lazily. He did not remember saying that he would not reject the Vermilion bird's request.

"Ten percent of the plan? What was the point of such a drill? This is an exercise to ensure the plan goes smoothly. If we can't test it completely, we might as well not do it!" The Azure Dragon was slightly startled. Then, his expression turned somewhat unsightly, and his tone of voice became unpleasant.

"If you don't want to do it, then don't do it! I don't mind!" Xiao Xiao grinned and looked at the Azure Dragon fearlessly. After hearing about Central's coveting of the genes of the Royal Marine beasts, this fellow already had the thought of falling out with them.

Since he was in the spirit beast clan's Palace, the Vermilion Bird and the others would not attack him directly and give the sea beast clan a chance to take revenge. Thus, Xiao Yan had no qualms.

"Your Highness, if you have any other ideas, you can bring them up for discussion. Our cooperation is about mutual trust. Only then can we be sincere and United. If we keep our words to ourselves, nothing

will be done!" The Vermilion Bird glanced at Xiao Yan and suddenly smiled. As expected of the actual leader of the spiritual beasts, his judgment and bearing were admirable.

"You're overthinking things, elder Vermillion Bird. I'm just stating the facts, and I don't have any other thoughts. Let's discuss it. Is there any problem?" Xiao Yan shrugged his shoulders. Although he was prepared to fall out with them, he did not need to do so until the last moment.

"No problem! We're all allies, so we can't miss out on the joint exercise. Let's not talk about the specific number first. Let's vote to see if the joint exercise is necessary. I think it's necessary. Please raise your hand if you object!" The Vermilion Bird did not continue to argue with Xiao Yan and immediately started the voting process.

Furthermore, the Vermilion bird's way of speaking was very tactful. He first stated his position and then asked those who opposed to raise their hands. Under normal circumstances, even if Xiao Yan was really against it, he would not object when the Vermilion Bird had clearly expressed his approval.

If the Vermilion Bird asked those who agreed to raise their hands, Xiao Yan would most likely ignore it. But if he asked those who disagreed to raise their hands, he would have to consider carefully whether he should raise his hands. If he hesitated for a while longer and did not raise his hand, it would mean that he agreed.

Lin Yi didn't have that many concerns-he didn't want the Vermilion Bird to be happy with what he wanted, so he raised his hand to object.

Chapter 6248 The Attitudes Of Several Parties

Vermilion Bird had expected Lin Yi's reaction, so she wasn't surprised at all. She smiled and nodded at Lin Yi, ""Elder Lin is really enthusiastic. Do you need to tell me why you are against the exercise plan?"

He was just joking. No matter what Lin Yi said, no one would take it seriously. As long as Xiao Yan, the Prince of the sea beast clan, didn't object, they would have to agree to the joint exercise for the sake of the Alliance's cooperation.

"We're going to vote now. You don't need to give a reason, do you? If there's a need to continue the discussion, there's no need to immediately vote. " Lin Yi smiled faintly. He didn't know anything about the joint exercise at all, so he couldn't give a reason.

Everyone knew that he was opposing for the sake of opposing, so it didn't really matter if he said the reason or not.

"Well, elder Lin is right. Besides him, who else would like to object to the drill plan?" Green Dragon curled his lips and ignored Lin Yi. He was ready to finish the vote as soon as possible.

Through yesterday's meeting, the Green Dragon had a general understanding that the Vermillion Bird family had already occupied the majority of the votes in the elders' meeting. Therefore, under the premise that The White Tiger and black Tortoise's opposition was invalid, they basically adopted an attitude of abstaining.

There was no point in Lin Yi jumping around alone-if it weren't for Xiao Yi, Green Dragon wouldn't mind letting Lin Yi do it a little longer.

White Tiger and black Tortoise, just as Azure Dragon had expected, continued to remain silent. It seemed like they were going to give up again. However, an accident happened to the person whom Azure Dragon thought would definitely not have a problem.

Lin Yi wanted to use Zheng Dongsheng at a more critical moment, but this matter concerned the sea beast clan. If he succeeded, it might crack the Alliance between the three forces. So, he made a quick decision and asked Zheng Dongsheng to help immediately!

To be honest, Zheng Dongsheng was also very panicked when he was fighting against the Vermillion Bird and the Azure Dragon in the territory of the spirit beast clan. However, compared to his precious grandson, Zheng Tianqing, it was fine to take a risk!

After all, he also understood that Lin Yi had the support of the king of spirit beasts. The Vermillion Bird, Azure Dragon, White Tiger, and black Tortoise didn't get along, and the chances of him being killed immediately weren't too high. If his life was in danger, Zheng Dongsheng might have to consider it carefully.

"Elder Zheng! Did you not hear what I said?" The Vermilion bird's eyes turned cold, and his red eyebrows flew up. He did not reveal the aura on his body, but the invisible pressure had already made Zheng Dongsheng sweat all over, as if he had just been fished out of the water.

With the difference between the two, one look from the Vermillion Bird was enough to kill Zheng Dongsheng. Fortunately, this was the meeting hall, and there were other people watching on the side. This made the Vermillion Bird somewhat apprehensive and did not directly kill him.

"Elder Vermilion Bird, what are you doing? Elder Zheng is your beloved general. Even if there's a difference in opinions, there's no need to scare him!" White Tiger was secretly happy. Although he didn't know what had happened, when he saw Zheng Dongsheng, who Green Dragon and the others had spent so much effort to support, suddenly turn against him, he couldn't be happier. If he didn't take the opportunity to hit him when he was down, he would be letting himself down.

Zheng Dongsheng was sweating profusely. He wanted to argue, but under the pressure of the Vermillion Bird, he couldn't even open his mouth to speak. At this time, he realized that he was still too naive and had underestimated the Vermillion Bird and the others.

The Vermillion Bird and the Azure Dragon wanted to kill a human in the spirit beast clan's territory. Even white Tiger and the others wouldn't say anything. Zheng Dongsheng wondered if he was tricked by Lin Yi. This couldn't have been deliberately planned by that brat, right?

"Elder Vermillion Bird, are you trying to kill the chicken to warn the monkeys by doing this in front of me? In your eyes, am I the monkey?" Xiao Yan glared at the Vermillion Bird coldly. He was no match for the Vermillion Bird, but the Vermillion Bird did not target him, so he was not affected.

After Xiao Yan finished speaking, he did not wait for the Vermillion Bird to speak. He raised his right hand and clearly expressed his objection to the joint exercise! Even if this matter was approved by the elders, it would still require Xiao Yan's approval before it could be carried out smoothly. The Vermillion Bird and the Azure Dragon were most afraid of this Prince raising his hand to object. In the end, what they feared would happen.

Moreover, Xiao Yan's timing was very clever. It seemed to be a misunderstanding caused by the Vermillion Bird teaching the traitor Zheng Dongsheng a lesson. No one could say that he did anything wrong. Even if it was the Vermillion Bird himself, he would probably make the same choice if he changed his position.

"Your Highness, there's a misunderstanding here. Let's take a long time to think about this!" The Azure Dragon quickly stepped out to smooth things over, trying to give the Vermillion Bird a way out.

"No need to say anymore! We'll forget about the drill. Our sea beast clan can act according to the plan, but we won't cooperate with you to do some boring things. " Xiao Yan waved his hand coldly and stopped the Azure Dragon from saying anything else.

The Vermilion bird's face was gloomy. He could already see that Xiao Yan was using Zheng Dongsheng as an excuse. Even if he did not pressure Zheng Dongsheng, this guy would still oppose the joint exercise in the end.

He was fine yesterday, so how could he have changed so much after one day? Did something happen that he didn't know about?

Vermilion bird's cold eyes turned to Lin Yi. He was busy with the palace yesterday, so he didn't pay much attention to the reports from his men. Now that he thought about it, it seemed like Lin Yi and Xiao Yan had spent some time together in the sea beast clan's base?

It was a pity that he didn't include the palace in his spirit sense's range to save the sea beast clan's face. So, he had no idea what Lin Yi said or did in the palace.

Lin Yi only smiled faintly when he felt the Vermillion bird's unfriendly eyes. He didn't mind it too much. The Vermillion Bird would definitely hear about his visit to Xiao Yan yesterday, so it wasn't too bad to let Xiao Yan and Zheng Dongsheng make their positions clear today. It was better than letting the Vermillion Bird and the others be on guard, leaving these two spies with no chance to show their strength.

At this point, the only people Lin Yi couldn't control were The White Tiger and black Tortoise elders. If these two still insisted on giving up, then exposing Xiao Yan and Zheng Dongsheng would be a waste. However, Lin Yi thought that this was their best chance to fight for power from the Vermillion Bird. If they missed it, they would be suppressed by the Vermillion Bird and never be able to make a comeback.

"I also feel that the joint exercise is a waste of manpower and money, and it's easy for news to be leaked. It wouldn't be good if it affected the implementation of the plan in the end, so I support Xiao Yan, elder Lin, and elder Zheng's opinions this time!" The White Tiger was worthy of being a figure who could compete with the Vermilion Bird. When Zheng Dongsheng stood up, he was just watching the show. After Xiao Yan clearly expressed his opinion, he immediately understood that his opportunity had come.

Chapter 6249 Shouldn't Have Interfered

Looking at the Vermilion Bird, even if Xiao Yan and Zheng Dongsheng turned back, it was unlikely that they could gain his trust. If The White Tiger did not take the opportunity to win him over, what were they waiting for?

As White Tiger's partner, the Black Tortoise naturally understood White Tiger's intentions. Hence, he immediately raised his right hand. Since he wanted to express his goodwill, he had to do it thoroughly. Moreover, he felt extremely happy just thinking about crushing the Vermilion Bird and the Green Dragon at the elders' meeting.

"At present, there are five votes against it, more than half of them. Therefore, the joint exercise is rejected. Let's move on to the next topic!" The White Tiger revealed a wide smile and nodded to Xiao Yan and the rest while proudly announcing the results for the Green Dragon.

The Vermilion Bird lowered its eyes and suddenly chuckled. In an instant, the pressure from before completely dissipated, as if nothing had happened.

Zheng Dongsheng suddenly collapsed on the chair. His face was as pale as paper, and he was gasping for breath like a fish out of the water.

"White Tiger is right. There is indeed a possibility that this matter has been leaked. It is possible that the other party has received the news. Rather than letting them be on guard, it is better to launch a surprise attack directly." The Vermilion bird's tone was calm and did not seem to be angry at all. He rapped his fingers on the table a few times and continued, ""What's the next topic?"

"It's to redistribute the Army and appoint a commander. " Azure Dragon has also returned to normal. He looks calm and collected, but it's hard to say if he really thinks that way.

"Who are the candidates?" Vermilion Bird glanced at Lin Yi, still wondering how this guy managed to convince the proud Prince of the sea beasts.

"The commander of the Expeditionary Army recommended Cha Guha before. He is the strongest cultivator at the sea shattering stage other than the four great elders. His commanding ability is not ordinary. He can also suppress the generals of the other armies." The Azure Dragon had already decided on the candidate for the Commander-in-Chief, and what he said was indeed the truth.

"The strongest cultivator at the sea splitting stage other than the four great elders? Wasn't this a little too much? As far as I know, there are at least three people who are on par with him. If they really fight, it's hard to say who will win. Moreover, in terms of commanding ability, chugu ha isn't the strongest. There are at least three or four people who are above him. Elder Azure Dragon, you're being a bit irresponsible by saying this. " The White Tiger leaned back in its chair calmly, clearly opposing the Green Dragon.

That chagu ha's comprehensive abilities were indeed not bad, but he was a direct descendant of the Vermilion Bird. Under the Azure Dragon was chagu ha. If it wasn't for the fact that he didn't have the Azure Dragon's divine beast bloodline, he might have been able to compete for the position of one of the four great elders.

The entire Expeditionary Force would gather nearly half of the spirit beast clan's strength. To command such a huge Army, even the feudal vassals would not dare to say that it was an offense. How could The White Tiger be at ease to let the Vermillion bird's people hold the military power?

"I'm also against letting that Cha Gu ha be the commander!" Lin Yi smiled faintly, not caring about anything else.

Green Dragon was furious-he was the one who brought Lin Yi and Zheng Dongsheng to the capital, but the two were always going against him. If this went on, Red Sparrow would start suspecting that Green Dragon was secretly doing something to help others.

"I also object!" Zheng Dongsheng raised his hand without much confidence. He was afraid of suffering the hellish pain again. Unfortunately, he had no other choice.

Since he'd already offended Vermilion Bird and Azure Dragon, he had to be more thorough. If he went back on his word now, not only would he not get their forgiveness, he'd also make White Tiger and black Tortoise, as well as that bastard Lin Yi, an enemy!

Even an idiot would know that two-faced people would die the worst, so Zheng Dongsheng had to follow Lin Yi to the end.

The Vermilion Bird and the Azure Dragon did not even glance at Zheng Dongsheng, as if they had completely ignored this small figure. It was this attitude that made Zheng Dongsheng's heart shiver, as if he was already a dead man in their eyes.

"Elder Lin, we're still in the process of electing a commander. It's not time for a vote yet, so you don't have to be so active in opposing!" Qinglong didn't mention anything about White Tiger or Zheng Dongsheng. He only stared at Lin Yi, his dissatisfaction evident.

"Elder Azure Dragon, you're wrong. Since you've suggested the candidate, of course, it has to be decided by vote. What's wrong with elder Lin voting against it first? I think it's normal!" Black Tortoise spoke up slowly to support Lin Yi-he could attack the enemy and win over potential allies, why not?

"The commander of the Expeditionary Army is an internal matter of the spirit beast clan. The inner hall Elders Council will decide. The outer hall elders do not need to participate." The Vermilion Bird finally couldn't take it anymore and directly kicked out the outer clan elder.

Although there was still a man in a black bamboo hat at the center of the outer hall elders who was his firm ally, the other three seemed to be against him now. Keeping this outer hall Council of Elders would only add to his troubles. It was better to cut the Gordian knot and settle it once and for all.

"Elder Vermilion Bird, that's where you're wrong! Wasn't the establishment of the outer hall Council of Elders to participate in the decision of the big plan this time? Although the Expeditionary Force is the Expeditionary Force of our spirit beast clan, the purpose of its establishment is to carry out this plan. What's the problem with letting the external clan's Council of Elders participate?" The White Tiger was feeling great. How could it let the Vermilion Bird get away with it?

It was not every day that he would shoot himself in the foot, especially when it was the Vermilion Bird and the Azure Dragon who were doing it. He had to find a way to prolong the fun.

"The establishment of the Army is an internal affair. Only after the army is established will it be related to the outer hall elders. Even if the king was here, he would make the same decision! Especially since the establishment of the Army involves military secrets, the external clan elders can naturally be trusted.

However, it is only right for them to keep the secret to a smaller scope. " The Azure Dragon waved his hand to help the Vermilion Bird recover from the disadvantage.

"Elder Azure Dragon's concerns are very reasonable. I also think that the external clan's Council of Elders should not interfere in the Army Affairs of the spirit beast clan. So, we'll take our leave first!" The man in the black bamboo hat suddenly stood up. He hadn't said much from the beginning to the end, but the moment he opened his mouth, he attracted everyone's attention.

The Green Dragon was overjoyed. The people from central were indeed reliable and had helped him quite well.

The man in the black bamboo hat was even more thorough than the Green Dragon had expected. After he finished speaking, he cupped his fists and turned around to leave, not giving anyone a chance to react.

Lin Yi wanted to say something, but the man didn't even have the time to care about him. His body flashed and he was already out of the meeting hall. This man was indeed strong. If Lin Yi wanted to catch up to him, he would have to use ghost speed wings or lightning escape.

Chapter 6250 The King Is In Closed Door Cultivation

If the man with the black bamboo hat stayed, with Xiao Yan as the leader, Lin Yi, and Zheng Dongsheng, they could still maintain the outer Hall's Council of Elders. However, after this guy left, Xiao Yan was too embarrassed to continue speaking, making it seem like the sea beast clan wanted to get involved in the internal affairs of the spirit beast clan.

"Since it is within the scope of the cabinet elders' rights and responsibilities, it is indeed inappropriate for us to stay. I will take my leave first." Xiao Yan was also a straightforward person. After the man in the black bamboo hat left, he immediately stood up and left as well.

His current identity was very sensitive. Although he was certain that Vermilion Bird and the others would not make a move in the palace, he did not dare to provoke them too much. If he was forced into a corner, an accident could easily happen.

Zheng Dongsheng looked at the man with the black bamboo hat and Xiao Yan leaving. He wanted to follow them, but Lin Yi didn't move. He didn't dare to leave first. He had to follow Lin Yi if he wanted to save his grandson.

"Elder Lin, you still don't want to leave? As an elder of alchemy personally appointed by His Majesty, if you have time, you should refine some more pills to repay His Majesty's grace. " Qing Long looked at Lin Yi indifferently, not knowing what he meant.

"You're right, Elder Green Dragon. May I go and see the king? I just want to thank you in person. " Lin Yi's heart moved. If he could see the king of spirit beasts alone, he might get some unexpected gains.

It was necessary to figure out why the king of spirit beasts was helping him.

He brought it up to Vermilion Bird and Azure Dragon to dispel their suspicions, and without Vermilion bird's permission, he wouldn't be able to see the king of spirit beasts. There wasn't anyone in the world that looked like the Vermilion Bird and Azure Dragon, and he wouldn't even have the chance to disguise himself and sneak in.

"The king is going into closed-door cultivation. Elder Lin, please don't disturb the king for the time being. You should go back and refine pills." Red Sparrow waved her hand, signaling for Lin Yi to leave.

"Elder Vermilion Bird, I don't think the king is in seclusion today, right? This closed-door cultivation will last for a long time, so we need to make sufficient preparations. If elder Lin goes over now, he might still be able to see the king. " The one who jumped out to oppose the Vermilion Bird was, of course, The White Tiger.

Before Vermilion Bird could say anything, White Tiger threw out a Jade token and it landed in Lin Yi's hand.

"Elder Lin, this is The White Tiger's elder Jade token. Take it and go find the king. You have to be quick. Otherwise, if the king really goes into seclusion, you won't be able to see him for a while." White Tiger smiled gently at Lin Yi. It didn't matter if he wanted to make friends with Lin Yi or not, Lin Yi still felt good about him.

"Thank you, White Tiger elder. I'll go now!" Lin Yi didn't argue. He put the Jade card away and gave Zheng Dongsheng a look. The two left after a simple fist salute.

After leaving the meeting hall, Zheng Dongsheng's hanging heart finally relaxed a little. Facing super powers like the Vermillion Bird and the Azure Dragon, the pressure was so great that people who had not experienced it could not imagine it.

"Master Lin, are we really going to look for the king of the spirit beasts? What if he has any ill intentions towards us?" Zheng Dongsheng said worriedly. In fact, he wanted to rush Lin Yi to get Zheng Tianqing and Zheng dongjue out as soon as possible!

Unfortunately, he didn't know that Lin Yi didn't have the ability to save them at the moment. He couldn't destroy the chains even if he found them, let alone find all the locations.

"Elder Zheng, don't worry. The king of spirit beasts is kind and will definitely not make things difficult for us." Lin Yi smiled faintly. From the first time he saw the king of spirit beasts, he had a feeling that it didn't have any bad intentions. Not only that, but he also felt a strange sense of intimacy.

Lin Yi sometimes wondered if he knew this King of spirit beasts. However, among the spirit beast clan, other than the demonic thing, the Great Fire Lion and the giant spider that he was most familiar with were both present. The Dragon of five evils was not one of them. Which other spirit beast could become the king of the spirit beasts?

Zheng Dongsheng smiled bitterly. Even if the king of spirit beasts was kind, it was only to Lin Yi. It had never shown any kindness to him, especially the last time they met. He was on the Vermillion bird's side. Who knew what the king of spirit beasts would think when he saw him?

After the pressure of the Vermilion Bird, Zheng Dongsheng really didn't want to face those powerful spirit beasts. Although the strength of the king of spirit beasts didn't seem to be powerful, there were Masters around him!

"If you don't want to go, you can go back first. I'll go find the king of spirit beasts alone." Lin Yi saw the hesitation in Zheng Dongsheng's heart and didn't force it. It was better for him to meet the king of spirit beasts alone than with Zheng Dongsheng.

"Alright!" Zheng Dongsheng immediately nodded, and his expression also became a lot more relaxed,""By the way, Master Lin, can you still have people living there? If it's convenient, can you let me stay for a few days?"

Zheng Dongsheng said tactfully because he was afraid that the Vermillion Bird and Azure Dragon would come after him. They were in the palace of the spirit beasts, and he was a human without any background. If he didn't follow Lin Yi, he wouldn't even know how he died.

"Sure, there's an empty room in my side hall. If you know the way, you can go there by yourself." Lin Yi wasn't someone who liked to burn bridges, and Zheng Dongsheng did play a role in his plan, so it wasn't a problem to take him in for a few days.

Zheng Dongsheng was about to nod and thank Lin Yi when he suddenly remembered that it was a little dangerous for him to go to Lin Yi's place alone. What if the spirit beast guards received orders from their superiors and attacked him on the way?

In comparison, following Lin Yi was the safest and best choice!

"Master Lin, I think I'll follow you for now. We'll go back together to avoid any misunderstandings with Master Li Zao." Zheng Dongsheng laughed twice and casually found an excuse to step down.

Lin Yi shrugged. Zheng Dongsheng could do whatever he wanted. He just wanted to visit the king of spirit beasts as soon as possible. He always felt that there would be a lot of unexpected gains after talking to the king of spirit beasts alone.

It was just a feeling, but Lin Yi always cared about his feelings. Perhaps the southern island's situation would be solved after meeting the king of spirit beasts.

Zheng Dongsheng really wanted to talk to Lin Yi about Zheng Tianqing, but it wasn't a good time. Plus, he was still a little uneasy, so he fell silent beside Lin Yi.

The two walked extremely fast, and with The White Tiger elder Jade card in their hands, none of the spirit beast guards dared to stop them. When they heard that Lin Yi wanted to meet the king of spirit beasts, one of the spirit beast guards even led the way, in case Lin Yi and Lin Yi went the wrong way in the palace.

After a while, the group arrived outside the king of spirit beasts 'Palace. Even the White Tiger's elder Jade card couldn't enter smoothly. They had to go through a message to see if the king of spirit beasts wanted to see them.
