

Bodyguard 6261

Chapter 6261 Discovered Another One

"It's usually more convenient to get information in restaurants or inns. Let's go to that restaurant to eat and ask if anyone knows." Lin Yi estimated that the assassin wouldn't be back for a while, so he dragged yang Shaowen to dinner to buy time for his main body to explore the forbidden area.

On the other side, Lin Yi's real body, disguised as a burly man in the red dust manifestation, was walking towards his target. He had the faint aura of a spirit beast, so no one suspected him.

Walking on the streets of the capital, there were at least three or four out of ten spirit beasts like Lin Yi right now. Who would pay attention to him?

After the time it took to finish a cup of tea, Lin Yi was already close to the coordinates the little spirit beast sent him. This was the most remote corner of the capital, and people rarely came here, but because of the coronation ceremony, too many spirit beasts came in, and even the most remote corner became quite lively.

It was a good thing that some of the spirit beasts had left in the past two days, or else it would be impossible for Lin Yi to enter the forbidden area without attracting attention.

According to the Spirit beast's coordinates, the entrance to the forbidden area was between the walls of a house. This was completely different from the forbidden areas in the palace, and Lin Yi was suspicious of the existence of the spatial chains.

After a few spirit beasts passed by, Lin Yi quickly flashed into the corner of the wall, using his spirit sense to pay close attention to the situation at the intersection, in case there were other spirit beasts passing by.

He didn't even need the thing to do anything-he could feel that there was a hidden formation here, but breaking it wasn't something he could do yet.

A spirit beast's head appeared in the corner, and it waved at Lin Yi with its claws, signaling for him to come in.

Lin Yi reached out his hand and touched the corner-the cold and rough feeling was no different from the other walls. Even if a spirit beast came, they wouldn't be able to tell.

After the spirit beast greeted Lin Yi, it went back into the wall silently. Lin Yi's divine sense detected a few more spirit beasts approaching, and he didn't hesitate anymore and stuck his body to the wall.

An invisible barrier stopped him for a second, and Lin Yi went in completely. It was obvious that the barrier was used to prevent spirit beasts from entering by mistake, and had no effect on humans.

Lin Yi didn't care why this was happening-it was good for him, after all. If he was hunted down by the spirit beasts in the future, he'd be able to buy more time by hiding in these forbidden areas.

After passing through the invisible barrier, Lin Yi's vision blurred for a moment before he found himself in a vast green field.

"This can't be another independent space, right?" Lin Yi couldn't help but mumble. Were there really so many places similar to the illusion fog space in the southern island?

"Silly boy, do you think that independent spaces are like cabbages on the side of the road that you can find everywhere? This is only a forbidden area formed by a formation!" The ghost laughed evilly. He didn't think that it was inappropriate for him to rely on Lin Yi to find this place as the Green Dragon from back then.

"Senior ghost, are you alright?" Lin Yi asked, concerned. He continued, "If there's nothing else, I need to set up a short-distance teleportation formation here as well, so that it'll be more convenient for me to come here next time."

The ghastly thing's strange laughter came to an abrupt end. It spat and said, ""Brat, I thought you really cared about me, but it turns out you just want free labor!"

"The capable do more work. Since senior ghost has recovered, you naturally have to come out and do things. I can't let you eat and drink for free here!" Lin Yi was just joking around with the damn thing, and in a flash, he caught up to the spirit beast.

"Let's see if there are any Void Spirit chains first. If there aren't any, wouldn't we have worked for nothing?" The demonic thing naturally didn't mind. As it spoke, it had already extended its divine sense to find the location of the void Spirit chain.

The little spirit beast didn't walk far before it stopped and turned to look at Lin Yi. Lin Yi's divine sense had already sensed that there was an invisible barrier in front of the spirit beast, preventing it from moving forward.

"Senior ghost, there's also a restriction formation here. It's different from the one before, and it seems to block everyone who wants to enter." Lin Yi stood in front of the invisible barrier and observed carefully, but he didn't find any signs of a formation. It was clearly beyond his ability.

"That's right. The array and restriction here are pretty good. It can barely be considered a level nine defense array. When I was still in the spirit beast clan, I had set up many arrays of this level." The damn thing's eyes were much better than Lin Yi 's, and he could see everything with just a glance.

"Don't tell me this is the formation you set up? Senior ghost, tell me honestly, could it be that your primordial spirit is actually incomplete? So you don't remember many things?" Lin Yi asked suspiciously. As the head of the four elders, he shouldn't know nothing about the forbidden area of the capital.

It wasn't just the forbidden area. He was also unclear about the other information that he should know. It was a very reasonable explanation that his primordial spirit was missing, resulting in his incomplete memory.

"What nonsense are you spouting ... It's the truth! Don't say, it's possible!" The damn thing thought about it and didn't argue with Lin Yi. Maybe his spirit was too injured back then, so he lost some memories that he didn't even notice.

"Right? I was just wondering why you, the head of the four great elders, were such a failure. If it wasn't for this reason, I would have really thought that I met a fake former Azure Dragon." Lin Yi chuckled and continued to tease the ghost. As the ghost's strength slowly recovered, his essence spirit became more and more condensed. Who knew when he would remember all the things about the spirit beast clan, but he couldn't count on it now.

Fortunately, this defense array was nothing to these ghostly things. Not to mention breaking it, opening the array door and entering at will was a piece of cake.

While the two were talking, Lin Yi entered the formation door smoothly under the guidance of the ghostly thing. The little spirit beast didn't need to be told to follow him, and it was smart.

After passing through the defense array, the scenery changed again. The green grass disappeared, and there was only a huge tree inside. The entire trunk was so large that it would take ten people to wrap their arms around it. However, other than the trunk, there were not many branches and leaves. It just stood there in the defense array.

"It is indeed one of the void Spirit chains!" Lin Yi smiled as he looked at the chains wrapped around the trunk.

It was in a different place from the one in the palace, but the chain was the same. Lin Yi believed that this was one of the five chains, but he didn't know if it was one of the chains that sealed the frog.

Chapter 6262 Greatest Treasure

"You're quite lucky, kid. You found two forbidden areas of the void essence chain so easily. Unfortunately, there shouldn't be any forbidden areas in the capital city. If you want to continue looking for the void essence chain, you can only leave the capital city and enter the forest." The demonic thing said as he asked Lin Yi to set up a short-distance teleportation formation.

After the first experience, the second time was a lot easier. Lin Yi was able to coordinate with the ghostly thing's setup very well, and didn't need to use up too much of his energy.

The forbidden area he found this time was at the very edge of the city, too-it was a completely different level of difficulty from the palace. The requirements for setting up a teleportation formation would be much lower, and Lin Yi even had the feeling that he'd be able to set up short-distance teleportation formations on his own after a few more tries.

"Alright, it's done. Let's leave this place immediately. My clone probably can't last much longer." After finishing the teleportation formation, Lin Yi clapped his hands in a great mood.

Before he found all five Void Spirit chains, he didn't need to try to remove the seal, so there was nothing he could do here. It was better to leave as soon as possible.

"Lin Yi, let that Pigsy out from your Jade space." The demonic thing suddenly spoke, telling Lin Yi to let Skybolt pig out.

Lin Yi blinked, but didn't ask why. He put the little spirit beast into his bag and let Skybolt pig out.

Skybolt pig still looked like a simple and honest little fatty. He came over with a smile and cupped his hands, ""Boss, is there something you need me to do? Where did that LAN Guzha guy go?"

"LAN Guzha has gone to help me with something. Take a look and see if there are any hidden treasures here." Lin Yi didn't know what the hell wanted Skybolt pig to do, so he told him to look for treasure first.

In the forbidden area of the spirit beast clan, besides the void essence chain, there might be some good things. Since he was idle, it would be good to get some gains.

"Boss, the biggest treasure here is that chain. It's a pity we can't take it. And this tree trunk is pretty good too, but we still can't take it ..." Skybolt pig shook his head and sighed.

Lin Yi smiled, thinking that he wouldn't have to worry about it if it were that easy to take the void chain away. He just didn't know if he could take the void Spirit chain away after breaking the seal with the black cone given by the big Frog.

"Silly boy, I asked you to let the pig out, not to find the treasure in this forbidden place, but to find the other void essence chains. With the pig's treasure hunting ability, as long as he can feel the Qi of the void essence chains, even if there is a forbidden place to isolate it, there is a high chance that he will find the place. At least, he is much stronger than your puppet spirit beasts." The demonic thing's tone was filled with disappointment. He usually looked like a smart person, but why couldn't he understand such a simple thing?

Lin Yi understood-he didn't think of that at the time. The pig's treasure hunting ability was undeniable, and as a spirit beast, it was very convenient for it to move around in the forest outside the capital.

"If you can't take it, then you can 'T. I didn't plan on taking it away!" Lin Yi smiled and patted Skybolt pig's shoulder, "It's said that there are five of these void essence chains in the entire spirit beast clan. I found one in the palace and another one here. I think we'll have to find the other three in the forest outside the king's city. Are you confident that you can find them through the formation restriction?"

"Don't worry, boss. If you want me to fight, a hundred of me won't be as good as one LAN Guzha. But when it comes to treasure hunting, a hundred LAN Guzha's won't be as good as one of me!" The simple and honest little fatty patted his chest proudly. It was rare that he could be of help, so he definitely had to perform well.

"You can find it? Do you feel anything now?" Lin Yi was overjoyed-with Skybolt pig here, the remaining three chains shouldn't be too hard to find. He'd break the seal as soon as he found them and save Wang Shiyang. At the same time, he'd let the big Frog come out and mess things up. He'd turn the spirit beasts upside down first.

"Uh, I don't feel anything ... I should only be able to notice it when I'm close enough." Skybolt pig said awkwardly. He was just about to Pat his chest and guarantee Lin Yi's safety when he asked the question.

"That's true. Then you should hurry out of the city and walk around the forest near the capital. Try to find a place as soon as possible." Lin Yi paused before continuing, "There shouldn't be a problem for you to leave the city. However, you might encounter some danger in the forest. Your strength is still too weak here, and your fighting ability is even more lacking. It seems that I'll have to arrange some bodyguards for you."

"Boss, although you're telling the truth, can you be more tactful?" Skybolt pig scratched the back of his head and smiled.

"Can't you be more tactful? Sure, you're not weak, but the spirit beasts near the royal city are too powerful. I don't think you can find many that you can defeat. Are you being tactful enough?" Lin Yi smiled faintly and pulled Skybolt pig out of the array.

"...Forget it, boss, you should just go straight to the point ..." Skybolt pig slapped his forehead and decided not to dwell on this matter.

He came to the grass outside and let the little spirit beast out of the bag. He ordered the frog to protect Skybolt pig through the frog's consciousness. Since they were going to find the void chain, the little spirit beast didn't reject him.

Other than that, Lin Yi also contacted four spirit beasts to come over and protect Skybolt pig. With five earth stage spirit beasts guarding Skybolt pig, and in the territory of the spirit beasts, Skybolt pig's safety was basically guaranteed.

"Boss, this place makes me feel a little uncomfortable. I feel like I'm about to be expelled." The pig could clearly feel the restrictions on the spirit beasts.

He didn't feel it when he was in the Jade space, but it was obvious when he came out. On the contrary, he didn't feel it when he was in the second layer of the defense array.

"I almost forgot that this place is sealed off from the spirit beasts. They will be restricted from entering, but it shouldn't be a problem for them to leave." Lin Yi didn't mind. This kind of force wouldn't cause any harm. After all, it was a forbidden area for spirit beasts. Although they were forbidden from entering, they wouldn't hurt them.

Skybolt pig didn't resist the force and was quickly sent out of the forbidden area. Lin Yi followed him out. There were no spirit beasts passing by, and they didn't cause any trouble.

"Boss, then I'll just go out of the city. What if I find the place?" Skybolt pig wanted to perform well, so he didn't want to waste any time.

Chapter 6263 Expert Golden Dragon

"When you find a place, your bodyguards will send me a message. Just pay attention to your safety. You've brought enough pills and stuff, right?" Lin Yi pointed at the little spirit beast and said.

"Don't worry, boss. I've brought all the pills that are suitable for me. " Skybolt pig grinned-he wasn't going to stand on ceremony with Lin Yi. He took all the cores and elixirs in the Jade space, just in case.

"Alright then, you can leave the city. Find a low-profile place and don't provoke others!" Lin Yi didn't mention that the other four spirit beasts would go and protect Skybolt pig, in case the pig didn't know his place.

These little things were very good at hiding, and even the Skybolt pig wouldn't be able to find them if they followed and protected them in the dark. One was enough.

"I know. Don't worry, boss. We won't cause trouble and we're not afraid of trouble, right?" Skybolt pig waved his hand with a sneer and ran to the city gate with the little spirit beast on his shoulder.

They were on the city wall, and the gate wasn't far from here. Lin Yi turned a corner and watched as Skybolt pig left the city, relaxing a lot.

It wasn't easy for the spirit beasts outside to enter the city, but there were no restrictions on leaving. Even if Lin Yi wanted to leave now, no one would stop him.

After sending Skybolt pig away, Lin Yi turned around and ran back to the restaurant. His clone was still eating and drinking with yang Shaowen to buy time, and also to get some information. Although yang Shaowen still didn't realize that it wasn't Lin Yi with him, Lin Yi didn't want to be careless. He had to switch back as soon as possible.

After a while, Lin Yi came to the restaurant. The clone found an excuse to leave his seat and walk around in a corner. Lin Yi used his spirit sense to interfere with other people's probing and quickly put away the

red dust manifestation. He dispersed the clone and walked out, switching places without anyone knowing.

"Elder Lin, what are you doing there? Did you find something?" Yang Shaowen asked curiously as he saw Lin Yi coming back after a short walk.

The two of them had been eating for quite some time. In fact, yang Shaowen was getting a little impatient. As an expert of the sea beast clan, he did not like the food of the spirit beast clan very much.

"Oh, nothing much. I thought I saw someone familiar just now, so I went over to take a closer look. Turns out I was mistaken." Lin Yi waved his hand casually, brushing it off.

"Elder Lin, it seems like we can't get any useful information here. Why don't we go somewhere else?" Yang Shaowen suggested carefully. He was supposed to listen to Lin Yi's orders this time, and he might be overstepping his authority.

Lin Yi's real body wasn't here before, and he only had a clone to make up the numbers. He didn't really get any information at all, and was mostly eating, drinking, and chatting with yang Shaowen. He'd also secretly pay attention to the other people's conversations in the restaurant.

If that was the case, it was basically impossible to get any useful information. It was understandable that yang Shaowen did not want to continue wasting his time here.

"Alright, let's go then!" Lin Yi shrugged. He came out mostly for the forbidden area in the capital, and now that he'd achieved that goal, he could go help Xiao Yan in peace.

He asked the waiter for the bill before asking, "Buddy, have you ever heard of an expert who is good at stealth and sneak attacks? he has an invisible layer of defense around his body that can make him invisible, and he can also use Phantom doppelgangers?"

He was just asking casually and never expected to get a definite answer. After all, high-level assassins wouldn't reveal their identities casually. As the saying went, assassins were nameless. The more powerful an assassin was, the more he would pay attention to protecting his own information from being leaked.

Unexpectedly, the shop assistant didn't think much of it and directly nodded. "Oh, I know. You're talking about the Golden Dragon, right? are you looking for him to fight or are you being targeted by him?"

"You really know? What's the background of this Golden Dragon? can you tell us?" Lin Yi didn't know how to describe his feelings-this guy was someone even the former Azure Dragon didn't know about, but it seemed like all the spirit beasts in the capital knew about him!

Nameless assassin? It seemed that the spirit beast clan did not have such a rule at all ...

As Lin Yi spoke, he stuffed a few pieces of spirit Jade into the worker's hands as thanks for wasting time. The spirit beast worker beamed as he took the Jade, his expression becoming more and more affectionate.

"The two of you must be from outside the capital, right? No wonder no one had heard of the Golden Dragon. He was a well-known master in the capital. His own strength was strong. Not to mention that he was invincible in the earth stage, there were not many earth stage cultivators who could do anything to

him. Furthermore, the Golden Dragon's assassination skills are quite powerful. Even if there are people stronger than him, they won't easily offend him. After all, if someone who likes to sneak attack is targeting you, you can't be sure when he'll stab you in the back. " The restaurant wasn't too busy at this time, and the waiter who accepted Lin Yi's spirit Jade was quite dedicated to his work as he started explaining the origins of the Golden Dragon.

"Aren't you afraid that he'll deal with you after hearing what you said about the Golden Dragon?" Yang Shaowen couldn't help but interject. If it were him, he would definitely be unhappy if people who were much weaker than him talked about him behind his back. It was not a big deal to kill a few low-level ants casually.

"How is that possible? We're just promoting the Golden Dragon's name. He'll only be happy to hear it and definitely won't deal with me. Otherwise, how could his reputation be known by everyone?" The shop assistant looked surprised. He could not understand what yang Shaowen was thinking.

It seemed that the way of thinking of these two races was different. Of course, Lin Yi himself felt that the way of thinking of the spirit beasts was very strange.

"You don't need to pay attention to him. Continue." Lin Yi gave yang Shaowen a look, telling him to stop talking in case the guy stopped halfway.

According to the shop assistant, there were many people who knew about the gold Royals, but there were probably only a few who could explain it in detail like this shop assistant.

"Alright, where were we just now? Oh right, if you mention it, you'll be stabbed in the back!" The waiter patted his forehead and said, ""My train of thought is broken. I don't know what to say. If you two want to know something, just ask. I'll be speechless."

Yang Shaowen couldn't help but roll his eyes when he heard this. His train of thought was cut off with just one sentence? Could it be that he wanted to get more spiritual Jade as a benefit? If this kind of small fry dared to speak like this in the sea, he would have long been slapped to death.

Chapter 6264 Dragon Transformation Pool

"We asked just now, what's the background of this Golden Dragon? Or rather, who does he work for?" Lin Yi smiled faintly, not taking the waiter's words to heart. He only wanted to know who ordered the Golden Dragon to come.

If it was Vermilion Bird and Azure Dragon, then it was within expectations. But if it was white Tiger and black Tortoise, then Lin Yi's situation was more dangerous. Four elders wanted to deal with him at the same time, and he had no choice but to run.

"Eh, Didn't I tell you? The Golden Dragon did not work for anyone, he only worked for resources! As long as there were enough benefits, no matter who came to find him, he would take action. Therefore, if you want to ask him for help, you must first prepare a large amount of resources. If someone asks for the Golden Dragon to deal with you, then you'll have to pray for luck! Of course, you should be proud that you've managed to get elder Jin to deal with you!" The waiter's words were within Lin Yi's expectations.

No matter who hired this Golden Dragon, an assassin who had no connections with any parties was obviously the most suitable candidate. If they sent a direct descendant, it would be fine if it succeeded, but if it failed, it would immediately become an excuse for the political enemies to attack.

The four inner sect elders were all cunning old foxes, and Lin Yi was prepared for this. It seemed that he had to find the Golden Dragon first and force him to tell him who the mastermind was.

"Then Where can I find the Golden Dragon if I want to ask him for help?" Lin Yi could tell that the guy knew where the Golden Dragon was-perhaps all the spirit beasts in the city knew, and only these outsiders didn't.

"It's impossible to meet the Golden Dragon directly, but if you want to ask him for help, you can go to the dragonize pool in the west of the city and find the Golden Dragon's agent. Give the agent the information about the target and half of the reward. After the task is completed, you can send the other half of the reward. Don't think about not paying the other half after the task is done. The Golden Dragon's ability to find people is excellent." The shop assistant didn't forget to warn them in case they made a mistake after Lin Yi gave them the spirit Jade.

Lin Yi chuckled to himself, but still thanked her anyway.

"Oh right, this Golden Dragon, could he be a Dragon?" Lin Yi suddenly thought of the problem and quickly pulled the guy back.

"Tsk, what dragon race? it's just a nice name." The waiter looked around and lowered his voice. It was obvious that he was not trying to make the Golden Dragon famous, so he felt a bit of psychological pressure when he said it.

Seeing that there weren't many diners around and no one should be paying attention to this place, the restaurant waiter continued in a low voice, "The Golden Dragon's original form is a shadowless snake. He wanted to evolve into a Dragon, so he gave himself a name with a Dragon in it. He also called one of his strongholds the Dragon Transformation pool. If he was really a Dragon, he would not have been fighting alone. He would have become an important member of the higher-ups of our spirit beast clan."

"So that's how it is! I'm afraid it's not that easy for shadowless snake to evolve into a Dragon, right?" Lin Yi smiled. He thought that if the Golden Dragon was really from the Dragon race, it might be related to the Green Dragon. However, it was hard to say if there was a Dragon in their names.

"It's not that easy, but they're strong and have a lot of resources. It's good to have such a dream! Maybe one day, the opportunity will come and he will really become a dragon!" When the waiter said this, he finally returned to his normal voice. He had entered the rhythm of promoting the Golden Dragon again.

"Thank you for explaining. You can go now!" Lin Yi said with a smile before leaving with yang Shaowen.

The Golden Dragon wasn't a Dragon, so it had nothing to do with the thing. It was understandable that the old man couldn't remember, but he didn't even know where the Dragon Transformation pool was. Lin Yi was more and more suspicious that the thing had lost a part of its memory.

In fact, it was not strange. The strength of the ghost's primordial spirit was probably not even one percent of its peak strength. It was still far from a complete recovery, so it was not strange that its memory was somewhat incomplete.

If Lin Yi wasn't too weak back then, and the Jade space had just opened, the demonic thing wouldn't have found the Jade space at all with its essence spirit at that time.

For example, the Vermilion bird's spirit was as strong as the Green Dragon's Peak, but it still couldn't detect the Jade space. Lin Yi was getting stronger and stronger, and his fusion with the Jade space was getting more and more perfect. Unless they destroyed his body and pulled out his spirit, they wouldn't be able to detect the Jade space at all.

Lin Yi and Yang Shaowen couldn't count on the ghost, so they could only ask for directions to the west of the city themselves. Fortunately, this dragonize pool was a very famous place in the capital, and they could just ask any spirit beast on the road, and at least one of them would know the place.

Yang Shaowen revealed a trace of powerful aura, and the spirit beasts who were asked answered respectfully, not daring to show any dissatisfaction.

"Elder Lin, isn't it good to just randomly grab someone to lead the way for us? why ask repeatedly?" Yang Shaowen was getting impatient, but he didn't dare to show it. He pretended to ask Lin Yi casually.

"Recently, the royal city of the spiritual beasts has raised its defense level because of the coronation ceremony. If we capture a spiritual beast to lead the way, we might alert the patrol team. We still have to avoid such unnecessary trouble." Lin Yi explained with a faint smile.

Yang Shaowen suddenly came to a realization. Although it would not be a big problem for him to kill one or two ordinary spirit beasts in the capital before the sea beast clan and the spirit beast clan completely fell out, they had come out this time to investigate the central government and the spirit beast clan. It was indeed not appropriate to be too high-profile.

The Golden Dragon's assassination did not seem to have much to do with central, but yang Shaowen did not dare to be too careless. He would not be able to bear the consequences if it ruined Xiao Yan's plans.

"Elder Lin, you're so thoughtful. I can really learn a lot from you." Yang Shaowen chuckled, trying to flatter Lin Yi a little.

Lin Yi smiled faintly, throwing the flattery to the back of his mind after a few polite words.

In fact, with Lin Yi's spirit sense, he could just cover the area and find the location of the Dragon Transformation pool, but he didn't do that. The reason was the same-it was necessary to keep a low profile in the spirit beast King City.

The location of the Dragon Transformation pool wasn't remote, and the two found it very quickly. Yang Shaowen was already on high alert before they got close. After all, they were facing a master who was famous for his assassination skills. It would be suicide if they were careless in the master's nest.

"Elder Lin, isn't the two of us coming too little? Why don't we wait for His Highness to send two more experts to help?" Yang Shaowen couldn't help but whisper to Lin Yi when he saw the pool.

Chapter 6265 Actually Know Each Other

With yang Shaowen's strength, he wasn't afraid of the Golden Dragon. What he was worried about was Lin Yi's safety. If something happened to Lin Yi, he wouldn't be able to answer to Xiao Yi.

"You're already at the gate. Why are you still saying this? the Golden Dragon is still at the earth-opening stage. You're more than enough to deal with him, don't worry!" Lin Yi smiled and patted on Shaowen's shoulder.

With the difference in strength between the two, Lin Yi's action seemed a little undignified, but yang Shaowen didn't have the time to argue with him. He looked at the huge house with a frown.

The appearance of the Dragon Transformation pool was not much different from the residences of the other spirit beast clan experts. It had inherited the architectural style of the spirit beast clan. The only thing that was a little special was the carvings of flood dragon totems on the outer walls. Although they were not fine enough, they still looked very stylish.

The Golden Dragon was not a member of the dragon clan, so it was not qualified to carve a real Dragon. It could only be replaced by a flood Dragon. His shadowless snake had the chance to transform into a flood Dragon, so this pattern was not against the rules.

"The Dragon Transformation pool, elder Lin, didn't you notice that the Dragon Transformation pool is protected by a formation? The two of us are the Golden Dragon's targets. I can't hold them off by myself if they take the initiative to send us into a place full of ambushes!" Yang Shaowen didn't know much about formations, but the defense array of the Dragon Transformation pond didn't hide anything. It was open and anyone who wasn't blind could see it.

There was a world of difference between using a formation and not using one. Under normal circumstances, he might have some confidence in dealing with the Golden Dragon as long as it did not use its speed to Dodge. However, once he was in the formation, he would not stand a chance at all.

"There's indeed an array, but you don't have to worry. It's only a level six defense array. It won't have much of an effect on us. Besides, the dragonize pool is just a stronghold for the Golden dragons to accept missions. It's not that dangerous here. Otherwise, who would come to the Golden dragons for help?" Lin Yi waved his hand, consoling yang Shaowen with a nonchalant smile.

It was just a level six defense array, and Lin Yi didn't even need the help of the damn thing to take care of it himself, so he didn't have to worry about the formation. Besides, other than yang Shaowen, Lin Yi had already secretly gathered five spirit beasts to protect him back at the restaurant.

With the pig looking for the forbidden area, Lin Yi felt that bringing back a few little spirit beasts wasn't a problem at all. The pig was much better at finding things than these little ones.

The giant frog's consciousness was very cooperative-after all, Lin Yi's safety gave them a higher chance of breaking the seal!

On the surface, there was yang Shaowen, a master of the great circle of earth-opening realm, and five small spirit beasts of the earth-opening realm hiding in the dark. Lin Yi's own combat strength was also comparable to an earth-opening realm cultivator. With such a lineup, there was no problem for them to break through the Dragon Transformation pool.

"I didn't expect elder Lin to be an array master! I've been disrespectful!" Yang Shaowen was surprised to hear the difference in Lin Yi's tone.

Whether it was alchemy or formations, they both required a lot of time to improve. How old was Lin Yi? Not only was his alchemy Dao shocking, his strength was outstanding, but he was also a genius in array Dao?

A level six formation wasn't something that just anyone could break, and Lin Yi's nonchalant tone made it clear that he didn't care about the level six formation at all. Just what kind of a monster was this?

"I can't be considered an expert, I only know a little!" Lin Yi smiled faintly and waved his hand humbly. He didn't mean to reveal that he knew about arrays, it was just that he accidentally let it slip.

Since he'd already let it slip, Lin Yi didn't want to hide it anymore. His own array skills weren't that good anyway, and the thing that was strong was the damn thing in the Jade space. With that thing, his trump card in the array path would always be there!

From the moment he suspected that the ghost's spirit had lost its memory due to the damage, Lin Yi had been thinking that the strength the ghost was showing now might not even be his full strength. For example, in terms of array formation, if that damned thing were to return to normal, would his true level be able to reach the legendary heaven-grade array master?

He was really excited just thinking about it! It seemed that if he had the opportunity in the future, he would have to put recovering that ghost's primordial spirit as his priority.

"Master Lin is too humble. He really has the demeanor of a master! Should we go in now?" Yang Shaowen complimented her with a smile. Then, he looked at the transdragon pool with an eager look in his eyes.

Yang Shaowen wouldn't dare to attack the Dragon Transformation pool if no one could break the formation, but since Lin Yi was confident, what was there to worry about?

The strength of the leader of the Dragon Transformation pool, the Golden Dragon, was only on par with yang Shaowen. If they were to fight face to face, he might have some advantage. After all, the Golden Dragon was better at stealth and sneak-attack.

Other than the Golden Dragon, yang Shaowen did not care about the other Masters in the Dragon Transformation pool. Since they had already arrived at the entrance of the Dragon Transformation pool and were not attacked by the Golden Dragon, it was possible that this guy was not even in this stronghold. Yang Shaowen alone was enough to sweep through the Dragon Transformation pool!

"Brother yang, be careful, don't be careless!" Lin Yi reminded him kindly, in case yang Shaowen got overconfident.

Perhaps the Golden Dragon was waiting for the two of them to fall into its trap. After entering the Dragon Transformation pool, it could use all kinds of formations, restrictions, and mechanisms to deal with them.

Lin Yi could break formations, but he couldn't break all the traps. With the Golden Dragon's assassination skills, he couldn't afford to be careless.

"Master Lin, you're right. I'll be careful!" Yang Shaowen shuddered slightly and nodded in agreement.

The Golden Dragon's strength was not inferior to his. He was not afraid of a head-on fight, but his opponent was good at sneak attacks and assassinations. If he was not careful, he might be killed by the Golden Dragon in seconds.

Lin Yi didn't say anything else, as a reminder was enough. Yang Shaowen was able to cultivate to the completion of earth splitter, and he was definitely not comparable to those low-level sea beasts. He may always be smiling at Lin Yi, but his schemes were definitely not below Lin Yi's. Otherwise, Xiao Yan wouldn't have sent him to help Lin Yi alone.

The two of them slowly got closer to the Dragon Transformation pool. Lin Yi extended his spirit sense out and started looking for the array gates of the outer defensive array. He didn't just want to Enter the Dragon Transformation pool. If possible, he wanted to modify these formations and make them his own. Unfortunately, with Lin Yi's skills in formations, it was still a little difficult to do that unless the damn thing could help.

Just as Lin Yi and Yang Shaowen were about to approach the gates and touch the defensive array, six spirit beast Masters suddenly appeared behind them. Lin Yi knew the leader.

Chapter 6266 I'm Looking For Him

"Surnamed Lin, I didn't expect to see you here! Do you still recognize this young master?" Lin Yi recognized this man-Li Yan from The White Tiger clan.

This guy had said that he was going to challenge Lin Yi after the coronation ceremony, but for some reason, he disappeared without a trace. Lin Yi guessed that The White Tiger must've heard about it, and gave an order to stop Li Yan from challenging Lin Yi.

At that time, White Tiger should've already predicted that they would lose in the elder conference. Lin Yi was brought by Green Dragon, but with White Tiger's methods, it wasn't hard for him to find out that Lin Yi and green Dragon didn't get along. It was already careful not to make contact.

Lin Yi looked at Li Yan and had a guess. It seemed that he had underestimated The White Tiger. As expected, none of the four elders were easy to deal with. They were all old and experienced.

"Li Yan, what a coincidence to meet you here. What's the matter? Do you think you can't beat me in a challenge, so you want the Golden Dragon to help you?" Lin Yi stopped in his tracks and turned around with a cold smile. He didn't like Li Yan at all, and a few sarcastic words were nothing to him.

With Li Yan's sudden appearance here, anyone who saw him would wonder if he had any connection with the Golden Dragon. Could it be that The White Tiger was the mastermind behind the Golden Dragon? If that was the case, then The White Tiger's schemes were truly terrifying!

"What a joke! You're just a trashy xuansheng stage human cultivator. You're not even worth a fart in my eyes. If it wasn't for the king's high regard for you and the fact that he had appointed you as an elder of

pill refining, I would have challenged you to death long ago! Do you need gold Royals?" Li Yan snorted disdainfully, but his eyes were filled with unwillingness.

When Li Yan said he wanted to challenge Lin Yi, he swore that no one would be able to stop him, but in the end, he didn't even make a sound. Lin Yi might not have cared, but Li Yan felt that he had lost all his face!

"I realize that your bragging skills are much better than your hands. The White Tiger elder just helped me, so I'll let you off today for the sake of The White Tiger elder. If you dare to provoke me again, do you believe that I'll just cripple you?" Lin Yi's lips curled into a mocking smile, intentionally provoking Li Yan.

It wasn't that Lin Yi really wanted to deal with Li Yan, but his relationship with The White Tiger was a little complicated right now, and he didn't want to turn on him so easily. If it was another situation, he wouldn't have to deal with a small fry like Li Yan, but this was the entrance to the Dragon Transformation pool, and the Golden Dragon was involved. Lin Yi couldn't be careless. He might provoke Li Yan a little, and he might reveal something.

"If you have the ability, then do it! A trashy Alchemist actually dares to challenge this young master, this is truly heaven-defying!" Li Yan's expression was gloomy, and his eyes were filled with irrepressible anger. However, his hands did not move at all, completely unlike the first time they had met in the palace.

He didn't even need to guess to know that this was a warning from The White Tiger. Otherwise, with Li Yan's personality, he wouldn't have been able to hold back from attacking Lin Yi after being mocked like this!

"I've already said that I won't stoop to your level for the sake of The White Tiger elder. Don't stand here and be an eyesore!" Lin Yi's expression was calm, but his words almost drove Li Yan mad!

"How audacious! You don't want to live, do you?" Before Li Yan could say anything, one of the guards behind him could no longer hold back.

"Apologize to young master Yan immediately. Otherwise, don't even think about leaving this place alive!" The other guard also jumped out to show his loyalty.

The others were not willing to fall behind either, and the scene became a little explosive for a while. As long as Li Yan gave the order, a chaotic battle could happen at any time.

A dignified direct descendant of The White Tiger clan, an expert of the earth formation stage, was actually treated as a junior by a trashy human cultivator of the xuansheng stage. This was simply bullying!

Although Lin Yi could be considered White Tiger's colleague in terms of the relationship between the outer hall and inner hall elders, what did that have to do with Li Yan?

Lin Yi's expression was calm. He saw Li Yan clench his fist, and the meridians in his hand burst. He knew how angry this guy was, but after two breaths, Li Yan calmed down. This surprised Lin Yi-it seemed like he had underestimated this guy!

"Surnamed Lin, I'll allow you to be arrogant today. This young master will let you know one day that the people of The White Tiger clan can't be bullied by any rubbish human race cultivator!" Li Yan raised his hand, stopping the guards behind him from going on a rampage as he looked at Lin Yi coldly.

Lin Yi hmped, his disdainful look on his face. Li Yan, who had just managed to calm himself down, almost exploded again.

"Good dogs don't block the way, go away! This young master has something to do!" Li Yan suppressed his anger and walked around Lin Yi to the Dragon Transformation pool.

There was nothing he could do. He, Li Yan, did not dare to disobey The White Tiger's orders. Although he was a direct descendant, he was still a double-digit number of direct descendants. He had no status in front of The White Tiger.

Lin Yi raised an eyebrow. He didn't think that Li Yan was really looking for the Golden Dragon. What was the connection between them?

If The White Tiger was really the one who ordered the Golden Dragon to kill Lin Yi and Zheng Dongsheng, Li Yan shouldn't have come to the Dragon Transformation pool to find the Golden Dragon so openly. Did he really think that the Vermillion Bird and the Green Dragon's men were blind?

"Elder Lin?" Yang Shaowen asked Lin Yi in an undetectable voice, wondering if they should attack Li Yan and the others.

Lin Yi shook his head lightly, telling yang Shaowen to calm down. Since Li Yan was going to find the Golden Dragon, their best choice was to wait and see.

Li Yan didn't care about Lin Yi's presence at all. He brought his men to the entrance of the Dragon Transformation pool and signaled for his men to knock on the door. That kind of carefree attitude made Lin Yi think that it wasn't a Golden Dragon hired by White Tiger.

The door of the transdragon pool opened quickly, and a middle-aged man with a dull expression appeared at the door. He glanced at the people outside indifferently.

"Please come in if there's anything you need. If not, please leave!" The middle-aged man paused for a second as he looked at Lin Yi before speaking to the crowd.

"Is the Golden Dragon here? This young master has something to discuss with him!" Li Yan raised his chin and glanced at the middle-aged man from the corner of his eyes. His expression was extremely arrogant, most likely because he was very dissatisfied with his attitude.

It was one thing for the great young master Li Yan to lose to Lin Yi, but how dare a mere Assassin's guard dog show him attitude? did he really think that The White Tiger clan was a pushover just because they didn't show their might?

Lin Yi was pretty much certain that Li Yan had nothing to do with the assassination in the palace. He probably didn't know that the Golden Dragon had entered the palace to attack Lin Yi. Otherwise, he wouldn't have said that he had something to discuss with the Golden Dragon.

Chapter 6267 Powerful Illusory Formation

In other words, even if the Golden Dragon was really in cahoots with The White Tiger, Li Yan was just a minor character who knew nothing about it. It was basically impossible to get any useful information from him.

"Master isn't here. If there's anything, please come in. Someone will naturally report the matter to master." The middle-aged man continued to speak with an expressionless face. He stepped aside slightly and gestured for Li Yan and the others to enter the dragonize pool.

Li Yan snorted, as if he felt that it was beneath him to talk nonsense with this guard. With his hands behind his back, he walked through the door.

"It's really easy to enter this Dragon Transformation pool! Let's follow them. " Lin Yi smiled as he called out to yang Shaowen and followed them in. The middle-aged man lowered his head, not trying to stop them.

In fact, yang Shaowen was reluctant to go in. The formation of the Dragon Transformation pool had not been broken yet. Was it really okay to go in like this? He and Lin Yi would be in danger if the Golden Dragon set up an ambush.

However, Lin Yi had already entered the Dragon Transformation pool first, and no matter how unwilling yang Shaowen was, he had to follow behind. He couldn't afford to be blamed by Xiao Yan.

"Elder Lin, do you have confidence in the array here ... Ah?" Yang Shaowen moved closer to Lin Yi, his eyes worried.

"Don't worry, with me here, these formations are just decorations. If I want to break them, it will only take a single thought. " Lin Yi smiled faintly, his smile mysterious.

Yang Shaowen smiled bitterly to himself. He had never seen Lin Yi's methods before, so he could only listen and believe. The Dragon Transformation pool was a dangerous place, and he had to follow Lin Yi

without hesitation. The only good news was that Prince Xiao Yan should be sending reinforcements already, right?

Not to mention the two super experts at the sea splitting stage, just two guards with similar strength to yang Shaowen would be enough to deal with the current situation.

As the two of them spoke, they had already passed through the gate and entered a place that was completely different from the outside. There were no houses here, only a huge Lake. There were some strange stone mountains on the side of the lake, and some scattered stones for people to rest.

Li Yan and the others who came in before Lin Yi and Yang Shaowen disappeared in the blink of an eye. Lin Yi turned around and didn't find anything. Perhaps they were taken somewhere else when they came in. They didn't know each other well anyway.

"Elder Lin, this place is a little strange. You must be careful! If you're not confident, you'd rather wait for a while before deciding. " Yang Shaowen was thinking about Lin Yi's safety, but he was also thinking about his own safety.

"Don't worry, it's just an illusionary formation, there's no danger. " Lin Yi smiled faintly and waved his hand at yang Shaowen. He then focused his attention on his surroundings.

The level six defense array on the outside wasn't the only formation in the Dragon Transformation pool- Lin Yi had expected this, and wasn't surprised at all. The illusion array inside, on the other hand, was only level five, so it wasn't difficult for Lin Yi at all.

In just a few seconds, Lin Yi had seen through the illusion formation. He gestured for Yang Shaowen to follow behind him and walked out of it.

"Eh, this Lake seems to be a little smaller. There are also a few waterside pavilions on the side of the lake. Elder Lin, have we left the illusory formation?" Yang Shaowen took a look and noticed the slight changes immediately. However, he was not sure if they had really left the range of the illusory formation.

"That's right, the illusion array of the Dragon Transformation pool is only used to block out some unwanted guests. It doesn't have any killing power, so the two of us have clearly been classified as uninvited guests." Lin Yi's lips curled up into a cold smile. It was just a place to get business, but the Golden Dragon still put some thought into the dragon Transformation pool.

The illusory formation was indeed not lethal. However, there was still a level-six trap and kill formation behind the illusory formation. With the Golden Dragon's unparalleled stealth and assassination techniques, almost no one under the sea splitting stage could survive this. Even some experts who had just entered the sea splitting stage would most likely die if they were trapped in it without knowing the array Dao.

"Hehe, it seems that the Golden Dragon is not here. That's why he's so petty as to use an illusion array to stop us. Elder Lin, why don't we tear down this stupid pool first? at that time, we won't have to worry about the Golden Dragon not appearing!" Yang Shaowen's mind was spinning quickly. He was already prepared to make a big move to make the Golden Dragon feel distressed while he was away. At the same time, he would also make his situation safer.

"Don't worry, the illusory formation is just the appetizer. They will naturally treat uninvited guests like us in the same way." As Lin Yi spoke, he took out a few formation flags and dropped them into the level six trap and kill array.

Lin Yi's talent in formations far exceeded his own in alchemy, especially with everyone helping him with formations and the ten thousand amplification formation. His improvement speed was shocking-it wasn't even enough to describe it as god-like.

Although Lin Yi might not be able to break through a level six trap and kill array quickly, especially with someone controlling it, it was much easier to protect himself in this level six trap and kill array.

Several array flags disappeared in the array. Lin Yi pulled yang Shaowen and stepped into the array easily. Countless sharp attacks surrounded them from all directions, but when they got close to Lin Yi and Yang Shaowen, they were like water meeting a stone or a breeze blowing through a tree trunk, sliding past them without affecting their pace at all.

"Master Lin, your array skills are amazing! If I were to enter this formation alone, I'm afraid it'd cause me a lot of trouble. If the Golden Dragon were to launch a sneak attack, I'd most likely be finished!" Yang Shaowen was greatly amazed. His expression was slightly exaggerated, but it was 70% to 80% sincere.

He did not understand the art of formations, but it did not mean that he did not understand the power of formations. Those attacks had not landed on them yet, otherwise, with yang Shaowen's strength, he would have found it difficult to deal with them.

"It's just a small trick. If you know array Dao, you'll think that this little ability is not worth mentioning." Lin Yi smiled faintly-he really didn't think he was anything special. After all, there was a formation master to compare with-a mere level six trap and kill formation couldn't even be used to protect itself, and it was already a failure, okay?

Yang Shaowen shook his head, thinking that Lin Yi was being humble. He wasn't someone who didn't know anything, and he knew that this wasn't a small trick.

Although Lin Yi had protected the two from the formation, yang Shaowen didn't dare to be too careless. Since the people from the Dragon Transformation pool activated the formation without saying anything, it meant that they knew that their identity as golden dragons had been exposed, and there was no way out. Killing the target now was the best result.

Chapter 6268 Crazy Counterattack

As they were talking, four sharp attacks came from the front, back, left, and right of the two men. This time, it wasn't the formation that was controlling the attack, but the spirit beasts in the Dragon Transformation pool who were hiding in the formation, using the formation as a cover to launch a sneak attack on Lin Yi and Yang Shaowen.

These four guys who had launched the sneak attack were not very strong. They were all in the range of the mountain opening stage. Under normal circumstances, yang Shaowen would not even look at them in the eye. He could easily kill a dozen of them with a casual move of his fingers.

However, yang Shaowen could only passively defend himself in the trap and kill array of the Dragon Transformation pool. If it wasn't for Lin Yi, he wouldn't even be able to sense the sneak attack of these four mountain opening stage juniors.

"Elder Lin, you can continue. I'll block the sneak attack of these shameless people!" Yang Shaowen shouted in a deep voice. He waved his palms and blocked all the attacks from all directions. However, he could not find his target even if he wanted to fight back.

Lin Yi nodded slightly and didn't say anything else. With him dealing with the trap and kill array, yang Shaowen could easily defend against the Ambusher. The two of them complemented each other well.

The spirit beasts in the Dragon Transformation pool had the geographical advantage, but they couldn't break through yang Shaowen's iron wall defense. Lin Yi threw out a few more formation flags from time

to time. Although he couldn't break the level six trap and kill array on the spot, he kept moving towards the core of the Dragon Transformation pool while ensuring the safety of the two. After a while, they would be out of the range of the trap and kill array.

Once the two left the formation, the Dragon Transformation pool wouldn't have any restrictions anymore. Even with the formation's help, they couldn't do anything to them-who could stop them if they left the formation?

After realizing this, the spirit beasts in the Dragon Transformation pool became even crazier, and more and more people came to attack. In just a breath's time, four people became eight, surrounding Lin Yi and Lin Yi.

"Elder Lin, although these guys aren't very strong, after joining forces, they seem to have formed a battle formation. Their power is constantly increasing. It's a little difficult for me to resist them!" Yang Shaowen's face turned ugly. He was supposed to be an opponent who wanted to harm Lin Yi, but not only couldn't he kill a single one of them, he even needed Lin Yi's help to stabilize the situation.

This made yang Shaowen feel very aggrieved. He was a Grand Master of the consummate level of the earth-opening realm, but he couldn't fight back when he was besieged by a few weaklings in the mountain opening stage. It sounded like a joke.

"Don't worry, just hold on a little longer. We'll be able to get out of this formation soon!" Lin Yi didn't have time to help yang Shaowen, so he comforted him and continued to speed up.

If Lin Yi asked for help from a ghost, a mere level six trap and kill array would turn to dust with a flick of his finger. However, this didn't benefit him at all. Without a lot of training, no matter how talented he was, he wouldn't be able to achieve great things in the field of arrays.

Lin Yi understood this, and so did the damn thing. It didn't want to help Lin Yi break the formation at all, unless Lin Yi was in a life-threatening situation. This training would only increase in the future.

Yang Shaowen sighed. Since Lin Yi said so, he could only continue to block the attacks from the outside. If he affected Lin Yi, the trap & kill array's power would surge over, and it would be even more dangerous.

The spirit beast Masters "own battle formation and trap and kill formation worked together perfectly. As Lin Yi and Lin Yi went deeper, the power multiplied, and yang Shaowen found it harder and harder to block. His forehead was already covered in sweat.

Lin Yi's pupils contracted. If this continued, yang Shaowen would be seriously injured before he could break out of the formation. In the Dragon Transformation pool, Lin Yi couldn't guarantee that he would have the upper hand if the Golden Dragon returned without yang Shaowen.

Since he didn't ask for help from the ghosts, of course, Lin Yi wouldn't ask for it now. In fact, it wasn't that there was no way to solve the current situation. For example, five small spirit beasts could easily kill the eight spirit beasts in the trap and kill array, but this was one of Lin Yi's trump cards Against the Golden Dragon. It would lose its purpose if he exposed it too quickly.

The other way was for Lin Yi to help himself. With his understanding of formations, even with the help of a level six trap and kill formation, the battle formation of eight spirit beasts would only be slightly troublesome.

Wood forest thousand transformation!

Lin Yi switched his focus from leaving the trap and kill array to simply protecting himself. He suddenly had the energy to attack. Dozens of clones rushed into the trap and kill array outside the defensive circle, and at the same time, he used his strongest power to activate the wild fire Eight Trigram palm.

Violent flames immediately soared into the sky. Although the strength of the clones was far inferior to the main body, the clones that rushed into the array had to face the attack of the trap and kill array at the same time. Therefore, all the attacks were self-destructing.

Because of this, dozens of weaker version of the palm stacked on top of each other, the power was much stronger than when Lin Yi used it himself. Under Lin Yi's conscious control, the target was all the weak points of the formation and the battle formation, catching the eight spirit beast Masters off guard.

The operation of the trap & kill array paused for a moment due to Lin Yi's sudden attack. The perfectly integrated spirit beast Battle array suddenly had a slight deviation, and the eight spirit beast Masters appeared at the same time.

"Do it!" Lin Yi ordered in a low voice. He had to split his attention to fight the trap & kill array, and he could only count on yang Shaowen to complete the attack.

Yang Shaowen was already prepared. The moment Lin Yi spoke, he had already attacked one of the spirit beast Masters with all his might, not even caring that he had entered the attack range of the trap and kill array.

A level-six trap & kill array was enough to cause yang Shaowen a lot of trouble, but it was not so easy to hurt him. Therefore, yang Shaowen had to get rid of one of his opponents first, even if he had to suffer some minor injuries.

The battle formation of these eight spirit beast Masters was extremely powerful, but once one of them was missing, its power would drop sharply. Even if they were to hide in the trap and kill array again, yang Shaowen would not be under as much pressure as before.

In the face of yang Shaowen's attack, a trace of fear flashed in the spirit beast master's eyes. After all, he was facing a master of the consummate level of the earth splitting realm head-on. His strength was only at the peak of the middle stage of the mountain splitting realm. Without the help of the battle formation and the formation technique, he could not even withstand one move from yang Shaowen.

Under the guidance of the battle formation, the remaining seven spirit beast Masters instantly attacked yang Shaowen together in an attempt to save their companions. Unfortunately, yang Shaowen had vented all his anger that he had been holding back for a long time in this attack. How could they possibly block it so easily?

Just as the spirit beasts were about to rescue him, yang Shaowen's palm had already appeared on the spirit beast expert's forehead like a ghost. The fear in his eyes had yet to fade away, but it instantly turned into despair. An abundant and unstoppable true energy hit his head like a torrent. His skull, which was originally comparable to the hardest rock, exploded like a ripe watermelon.

Chapter 6269 Someone Help

The blood that splattered was completely vaporized by yang Shaowen's genuine Qi before it could dissipate. As this guy's primordial spirit was relatively weak, although it was not a direct attack on the primordial spirit, it still disappeared along with the blood rain. It was really unlucky.

Yang Shaowen made up his mind. He ignored the blood on his body and tried to retreat to Lin Yi's side. He had already achieved the result he wanted with his lightning-fast attack. There was no point in trying to fight in the formation's attack range.

However, he was still a moment too late. The attacks of the other seven spirit beast Masters, supported by the battle formation, were as fast as the attacks of ordinary earth-splitting cultivators. Since their companion had already died, their target was yang Shaowen, and they had completely blocked his way to retreat.

Yang Shaowen's eyes flashed with ruthlessness. Since he could cultivate to such a level, he naturally did not lack many life-and-death experiences. Since there was no way to retreat, he could only make up his mind and fight his way out!

Lin Yi was just about to help yang Shaowen when he suddenly changed his direction. He didn't retreat but charged forward instead, taking more damage to deal with the nearest master.

It was better to break one finger than to injure ten! Yang Shaowen was well aware of this. In a flash, he would rather sacrifice his own defense to inflict heavy damage on the enemy's battle formation again. With two out of eight people gone, the power of their battle formation would drop by at least 80%. This was a good deal!

Lin Yi was shocked and looked at yang Shaowen in a new light. In this situation, he could've just defended himself and waited for Lin Yi's help. The damage would've been one or two times less than the current choice. Such bravery was indeed worthy of being Xiao Xiao's high-level guard!

If all the experts of the sea beast clan were like this, it would not be difficult to wipe out the five great islands!

Dozens of attacks landed on yang Shaowen's body, leaving many bloody wounds. He had a defensive item that could offset some of the attacks. Then, he rushed to the nearest spirit beast with his strong body, gritted his teeth, and threw a punch.

Unfortunately, this time, the other party was well prepared. He dodged with all his might, and with the help of the other six people, he managed to divert yang Shaowen's punch by beating around the bush. He managed to avoid the fatal punch without much trouble.

Yang Shaowen snorted coldly. Before he could retract his fist, he immediately swept it horizontally. Even though he had yet to hit his target, the strong wind that was brought up by the thunderous momentum had already suppressed the other party so much that he could not breathe.

Although the seven spirit beast Masters were shocked, they did not panic. They activated their battle formation again and turned from attack to defense. After defusing most of yang Shaowen's attack power, they once again diverted some of the attack trajectory with a simple move. This actually caused him to brush past his target for the second time.

At this moment, the momentary stagnation of the trap and kill array had disappeared. Although the battle formation of the seven spirit beast Masters was not perfect, they still managed to integrate into the trap and kill array smoothly. Yang Shaowen could only watch helplessly as the enemy in front of him disappeared, and the attacks that his body had to withstand suddenly increased by a lot.

"To hell with it!" Yang Shaowen cursed in a low voice. The aura on his body suddenly burst out. His arm made a big circle and forcibly dispersed the attacks behind him. He exerted force on his feet and squeezed through the gap.

Lin Yi's defensive circle was not far behind him, and he could reach it in two to three steps. However, the seven spirit beast Masters who re-entered the trap and kill array were resentful that yang Shaowen killed their companion. Naturally, they wouldn't let him go so easily. All their attacks were directed at yang Shaowen, and Lin Yi didn't care about them at all.

"Ha ... You really think I'm just a decoration!" Lin Yi smiled faintly as he muttered. A Dragon-shaped killing intent of the five elements whizzed out.

The other party's attention was all on yang Shaowen, wanting to kill him while he was trapped in the trap and kill array, but they forgot about Lin Yi. Without the pressure of the trap and kill array, Lin Yi had more energy to attack. The Dragon-shaped killing intent of the five elements roared back and rushed into the eye of the trap and kill array easily.

"Not good!" The seven spirit beast Masters were all shocked, knowing that they had made a big mistake. Lin Yi was able to come and go freely in a level six trap and kill array, letting him attack the eye was no different from opening the door to a thief.

Unfortunately, it was too late to turn back now. Their only hope was to take care of yang Shaowen, who was in the perfect stage of earth creation, before dealing with Lin Yi together.

From their point of view, Lin Yi's strength alone might not be enough to defeat any one of them. Without yang Shaowen, he would definitely die in a one against seven battle, so they were still hoping for a fluke.

If they knew that their master, the Golden Dragon, couldn't kill Lin Yi in the palace, they wouldn't think that way.

The Dragon-shaped killing intent of the five elements whizzed around, appearing and disappearing in the trap and kill array, constantly stirring the foundation of the array. Although it could not be broken in a short time, the operation of the entire array was greatly affected.

The battle formation formed by the seven spirit beast Masters was revealed once again. Yang Shaowen was overjoyed. He was most afraid that he would not be able to see his opponents, as he would not be able to display his superior strength. As long as he could see these guys, he would not be afraid even if their battle formation was powerful!

Continuous explosions were heard. Yang Shaowen was enjoying himself. At the critical moment, he narrowly escaped death and temporarily blocked the deadly attacks. Lin Yi didn't stay idle either. He used the thousand changes of wood and forest again, using dozens of clones to harass the seven spirit beast Masters and help yang Shaowen.

In this way, not only was yang Shaowen's life not in danger, but he had even regained some of his advantage. He began to try to attack the seven spirit beast Masters.

"Lin Yi, elder Lin, don't worry, I'll help you!" Just as Lin Yi was about to push his luck and turn his advantage into a victory, Li Yan suddenly shouted and charged in with his men.

The guy came in first, and Lin Yi didn't see him since he came in. The people from the Dragon Transformation pool probably didn't want to offend The White Tiger, so they treated him as a VIP. He didn't expect him to show up and say he was here to help Lin Yi.

They'd just parted on bad terms outside the door, and now Li Yan was saying he'd help Lin Yi. Lin Yi wouldn't believe him no matter what-he'd be happy if he didn't come help the people from the Dragon Transformation pool.

"Brother yang, be careful of Li Yan!" Lin Yi didn't bother to hide it and warned yang Shaowen right in front of Li Yan.

"I understand! Elder Lin, be careful!" Yang Shaowen didn't bother with Li Yan either. He nodded calmly and moved closer to Lin Yi.

Now that the two of them had the upper hand, they could still move around within a small area. Yang Shaowen didn't forget his mission-he came out to protect Lin Yi, and it would be easier to protect him if he got closer, although it seemed like Lin Yi was protecting him more from the current situation ...

Chapter 6270 Tangled Li Yan

The corner of Li Yan's mouth twitched. It was really embarrassing to be called that in front of others. However, he forced a fake smile and pretended not to hear the two men's words as he led his men to attack the spirit beast experts.

"Elder Lin, don't worry. With this young master here, I will definitely not let anything happen to you!" Li Yan laughed as he turned around, blocking one of Lin Yi's attacks.

Lin Yi smiled coldly. Li Yan was up to no good. He said he was here to help, but he was actually doing more harm than good. He said he was going to deal with the spirit beasts in the Dragon Transformation pool, but he didn't plan to do anything at all. He was still blocking Lin Yi and Yang Shaowen's attacks.

Originally, they had some advantages, but with the addition of the few of them, that advantage was immediately gone.

"Get lost!" Yang Shaowen roared. He'd been frustrated by the Dragon Transformation pond's formation for a long time, and now that he'd finally been able to hold his head up high, it was destroyed by Li Yan and the others. Even Lin Yi wouldn't believe it if he said he didn't have any objections.

"How audacious! You're a guard of the sea beast Prince, and you dare to shout at me? are you tired of living?" Li Yan was immediately enraged. He pointed his finger at yang Shaowen, as if he was going to attack him at any moment.

Yang Shaowen couldn't be bothered to deal with this idiot. He was an expert of the sea beast clan. He might show some respect to The White Tiger, but a direct descendant of The White Tiger clan ... What the hell was that? Was it good? How much is one Jin?

As soon as Li Yan finished speaking, yang Shaowen's palm directly flew towards him. This idiot didn't have the support of the trap & kill array and the spirit beast Battle array. Did he really think that any earth opening stage cultivator could be compared to him?

"Young master, be careful!" Li Yan's guards turned pale with fright. They had all witnessed yang Shaowen's strength. Even though he was injured, a single slap from him was enough to make Li Yan suffer.

The two closest cultivators quickly stepped forward to protect Li Yan. If they were to injure the young master, they would definitely suffer when they returned. Fortunately, the people from the Dragon Transformation pool had deliberately avoided Li Yan and the others when they were controlling the formation. Otherwise, it would have been impossible for them to move so quickly.

In the end, yang Shaowen's slap did not manage to land on Li Yan's face as it was blocked by his guard. Compared to Xiao Yan, Li Yan was much weaker. The strongest of his guards was only at the beginning stages of the earth formation stage, which was not much different from his own strength. Therefore, even with the two of them joining forces, they could only barely block yang Shaowen's casual attack. It was already considered good that they did not vomit blood on the spot.

"Good fellow, you actually dare to attack this young master! If I let you leave the spirit beast clan, how will I have the face to come out in the future?" Li Yan wasn't surprised, but happy instead. He didn't come here to help the people from the Dragon Transformation pool, but to enrage Lin Yi so that he could fight back without The White Tiger's blame.

Lin Yi didn't do anything, and neither did yang Shaowen-the two were in the same gang, after all, and it'd be the end of them if they didn't do it!

"Li Yan, you colluded with the Golden Dragon and attempted to murder elder Lin and elder Zheng of the outer Hall's Council of Elders. For this, you did not hesitate to slaughter a group of guards of your White Tiger clan in the palace! Now that the evidence is irrefutable, I'd like to see if The White Tiger elder will put righteousness before family!" Yang Shaowen laughed coldly and retorted without backing down.

He did not mention that The White Tiger elder might be the mastermind behind Li Yan, because it was more powerful to not say it. After all, Li Yan was not a fool and should be able to understand the meaning.

As expected, Li Yan's expression changed after hearing yang Shaowen's words. He didn't know that the Golden Dragon tried to kill Lin Yi and Zheng Dongsheng, but yang Shaowen didn't seem to be lying. If that was the case, he would be in big trouble.

Assassinating an outer hall elder, even if these two outer hall elders knew that it was just for show, the crime was already scary enough. The White Tiger had warned them over and over again not to mess with Lin Yi, but Li Yan still went up on his own accord. If The White Tiger found out, he'd be in big trouble.

Li Yan did come to the Golden Dragon for some reason, but it had nothing to do with Lin Yi. It would be a huge waste if he got dragged into this!

Of course, it wasn't appropriate to say that he was wronged-if he didn't want to go up, Lin Yi wouldn't have dragged him into the trap and kill array, would he? He could only blame his own bad luck for not getting what he wanted.

"Li Yan, if there's any misunderstanding, you'd better get out of the way and not get in the way. Otherwise, even the White Tiger elder might be implicated by you. Don't blame me for not warning you when that happens!" Lin Yi looked at Li Yan with disdain.

It wasn't that Lin Yi wanted to take care of Li Yan, but The White Tiger was still useful to him, and he could let his people go for now. Besides, he still hadn't taken care of the people from the Dragon Transformation pool yet, and Lin Yi thought that it was better for him to focus on taking out one side first.

Li Yan stared at Lin Yi without saying a word. He wanted to force himself to believe that Lin Yi and the others were lying, but his instincts told him that it was all real!

The Dragon Transformation pond was open for business, and even if Lin Yi and Yang Shaowen weren't regular customers, they wouldn't beat someone to death the moment they entered, would they? The correct way to open it was to be respectfully led in like Li Yan.

In other words, the Dragon Transformation pool must have a grudge against these two people! And it wasn't just a small fight! All in all, it was possible that the Golden Dragon would assassinate the two elders of the external clan!

The thought of backing out crossed Li Yan's mind. Lin Yi and Yang Shaowen were much stronger than him, and they didn't really fall out this time. There was still some room for negotiation.

Li Yan was hesitating, not knowing if he should retreat or continue to seize the opportunity to kill Lin Yi. This kind of opportunity didn't come by every day. After killing him, The White Tiger clan might not be involved, but what if they were?

Li Yan's mind was in turmoil, and for a moment, he was frozen in place.

The battle in the trap & kill array would not stop just because of Li Yan's attitude. Within a breath's time, the two of them had already exchanged several blows. As Li Yan was protected by his guards, yang Shaowen did not go out of his way to cause him any trouble.

Lin Yi was about to take advantage of Li Yan's wavering to help yang Shaowen kill a few spirit beast Masters when the Jade space suddenly sent out a strong warning.

Lin Yi instinctively activated his lightning escape technique and moved a few steps away. He avoided the invisible attack but he was within the attack range of the trap & kill array.

Yang Shaowen's pressure increased. Without Lin Yi's restriction on the trap and kill array, he was no longer as relaxed as before. What was worse was that the spirit beast Battle formation in the Dragon Transformation pool had disappeared as well. Not to mention counterattacking, just defending was already exhausting him.
