

Bodyguard 6271

Chapter 6271 Price To Pay

"Golden Dragon!" Lin Yi said in a low voice. It wasn't the first time he'd been attacked. It was the signature sneak attack of the master of the Dragon Transformation pool, the Golden Dragon. Without a doubt, this guy came back before he could break the formation!

Under Lin Yi's command, the two Spirit beasts launched area-of-effect attacks. Hundreds of earth formation stage attacks instantly covered the trap & kill array, destroying half of the attack formed by the array itself and forcefully revealing the Golden Dragon's invisibility barrier.

At the same time, Lin Yi continued to use his lightning escape technique and appeared next to yang Shaowen, pulling him away quickly. It was too disadvantageous for them to stay in the trap and kill array, and they had to change the situation.

In such a short time, yang Shaowen was almost at the end of his rope. If Lin Yi had come a second later, this powerful sea beast might have fallen in the Dragon Transformation pool.

"Elder Lin, leave quickly, don't worry about me!" Yang Shaowen breathed a sigh of relief. He still remembered his mission and wanted to persuade Lin Yi to leave.

It didn't matter if he meant it or not, Lin Yi knew that he couldn't just leave him behind.

"Don't speak! Focus on recovering from your injuries!" Lin Yi whispered as he tossed a healing pill into yang Shaowen's mouth. It was made from the inner core of a sea beast and was originally prepared for LAN Guzha who liked to fight when he was free.

Yang Shaowen was slightly stunned, but he did not say anything. The elixir melted in his mouth, and the effect was obvious. He did not have the time to talk, but used all his strength to circulate his cultivation technique and heal his injuries with the elixir.

Lin Yi's eyes shifted, and a few lightning bolts landed on the Golden Dragon's invisible shield. It didn't break, but the shield continued to ripple.

Under the guidance of the lightning arcs, the remaining three spirit beasts focused their attacks on the invisible barrier. The Golden Dragon didn't even have a chance to Dodge and was forced to reveal itself again.

At this time, the Golden Dragon was also extremely sullen. He was a well-known assassin of the spirit beast clan, but he had failed three times in a row and was forced to reveal his traces. His reputation would be completely destroyed if others knew about it.

Damn it, the Golden Dragon couldn't even see what Lin Yi did to break through his defense at the first moment-this was a huge humiliation to him!

"The Golden Dragon is here! Let's attack and kill the two of them!" Li Yan saw the Golden Dragon, and yang Shaowen was heavily injured. He decided to help the Golden Dragon kill Lin Yi.

In fact, the best choice was to watch from the sidelines and let the Golden Dragon kill Lin Yi, but Li Yan had a new understanding of Lin Yi's strength. How could someone who could force the Golden Dragon to show itself in an instant be simple? Moreover, Li Yan believed that he would most likely not be able to block such an attack.

To say that he would most likely not be able to block it was an overstatement. The truth was that if he were to face such an attack head-on, Li Yan believed that he would definitely die.

Li Yan didn't mind offending a xuansheng stage human, but he couldn't eat or sleep in peace if he offended someone who could threaten his life. Besides, it was hard to say if Lin Yi would tell White Tiger that he was in cahoots with the Golden dragons. So, after considering everything, Li Yan decided to attack!

All of this takes a long time to describe, but in reality, from the moment Li Yan stopped hesitating to the moment he attacked again, only a few short sentences had passed. The Golden Dragon had just appeared when it was shocked to find that it had several powerful helpers on its side.

Lin Yi snorted. This Li Yan didn't know what he was doing. If he had the chance, he wouldn't show any mercy to Li Yan!

Several lightning bolts were shot out, all aimed at the nodes of the array. Lin Yi had already set up the formation flags and forced the key points of the array to appear.

The lightning arc was the last straw that broke the camel's back. With the first node exploding, the entire trap & kill array stopped moving. Without the restriction of the formation, Lin Yi was still in a difficult position against the spirit beasts led by the Golden Dragon, but at least he had some time to catch his breath.

"I didn't expect elder Lin to be an array master. He's so powerful. The information I received before was not accurate enough. I, the Golden Dragon, have suffered a loss in this deal!" The Golden Dragon in

black waved his hand, signaling for his spirit beast Masters to keep their formation and surround Lin Yi. He then pulled down his black mask.

A sickly pale, thin face appeared in front of Lin Yi. He didn't have a beard, but he looked to be at least forty or fifty years old. His eyes were especially dark, with a cold light flashing through them.

Of course, the appearance of a spirit beast couldn't represent his age. Lin Yi didn't really think that the Golden Dragon was a middle-aged sick uncle. Perhaps his real age was only around the same as a human youth, and he made himself look like this to pretend to be deep.

Li Yan's face darkened. He was just about to say that he'd do his best to kill Lin Yi, but just as he was about to attack, the Golden Dragon and Lin Yi were in a confrontation. It looked like they were going to have a little chit-chat, and that was awkward! Should he continue? It's better to prepare some melon seeds and tea to join the Tea Party?

"Golden Dragon, I don't care who ordered you to do this. Since we're here, you should know that the person behind you won't stand up for you. This is a high-level battle between the spirit beast clan. I'm afraid he'll come and eliminate you as soon as possible. He won't give you a chance to bite him out. So, I advise you to leave as soon as possible. That's the best way to save your life!" Lin Yi looked at the Golden Dragon with a faint smile on his face.

"Hahahaha, elder Lin, you're so funny. I, the Golden Dragon, have been in the spirit beast clan's Royal City for a long time. There are many people who want to kill me, but who has succeeded? If anyone below the sea Rift stage wants to deal with me, they'll most likely be sending themselves to their deaths. As for experts at the sea Rift stage, they're very confident in their status, so how many of them would be willing to come? Besides, even if they come, they might not be able to stop me!" The Golden Dragon laughed hysterically with an insufferably arrogant air.

However, what he said was also reasonable. If a spirit beast at the sea splitting stage tried to deal with the Golden Dragon at the earth opening stage, he could only succeed. Otherwise, he would become the laughingstock of the spirit beast clan. Unfortunately, the Golden Dragon was good at hiding his traces and his ability to escape was even more powerful. Except for the top few spirit beast Masters, who dared to say that they could catch him?

It was because of this that the Golden Dragon was able to do well in the capital. As long as he did not directly offend the top few, no one would pay him any attention.

Chapter 6272 You Should Have Profited

"Golden Dragon, I don't think I need to tell you who's behind you. Do you think you can escape if they really want to deal with you?" Lin Yi said calmly, a mysterious smile on his face.

The Golden Dragon's face stiffened slightly. It was not impossible, but rather quite possible. However, he had no way out now, and it would only be more dangerous if he didn't complete the task.

"Golden Dragon, why are you talking so much nonsense with him? He's in your territory, do you think I'm afraid of him? This young master just happened to be here today and helped you get rid of this brat. Consider it a small favor!" Li Yan was afraid that the Golden Dragon would be persuaded by Lin Yi, so he quickly stood up and encouraged it to attack.

It was not his first time in the transdragon pool, and he knew the Golden Dragon Well, so he spoke without any hesitation.

"Young master Yan is too kind, but this person's identity is sensitive. Aren't you afraid of causing trouble?" The Golden Dragon turned around slightly and looked at Li Yan with a faint smile.

With Li Yan's help, the pressure on the Golden Dragon would be reduced by a lot. The first two assassinations were unsuccessful, so the impact shouldn't be too big. This time, Lin Yi came to him on his own accord, and no one would say anything if he was killed in the Dragon Transformation pool. With Li Yan as a shield, there was nothing to worry about anymore!

"What's so sensitive about him? he's just a human race Alchemist, does he really think he's some Big Shot? To us spirit beasts, killing him is as easy as killing an ant! How about it, if you don't dare to make a move, then let me do it!" Li Yan glanced at Lin Yi in disdain before patting his chest.

It was better to provoke than to invite. If Li Yan really wanted to deal with Lin Yi himself, he'd have to think about it, but he was sure that the Golden Dragon wouldn't just stand by and do nothing after hearing what he said.

"Is there anything I don't dare to do in my dragonize pool?" the Golden Dragon laughed.

Li Yan was secretly pleased with himself and thought, "just as I expected," he was about to strike while the iron was hot and continue to encourage the Golden Dragon to attack, but this guy suddenly changed the topic and said, "However, since young master Yan is so enthusiastic, I can't possibly not give you face. In that case, I'll have to ask young master Yan and your experts to display their strength first and teach this brat a good lesson. We'll just hold the line for you from the side!"

"Ah?" Li Yan was instantly dumbfounded. I was just casually saying it, did you really take it seriously?

The Golden Dragon turned and pointed at Lin Yi, signaling Li Yan to go. Lin Yi was happy to buy time since yang Shaowen wasn't recovering that fast anyway.

"Golden Dragon, this is your territory. I don't think it's appropriate for me to take action, but it's not appropriate. You should go. We'll hold the line for you. Let's see how you kill this kid with your divine power!" Li Yan came back to his senses and immediately wanted to retreat.

Not to mention the consequences of directly attacking Lin Yi, he didn't think he was Lin Yi's match in terms of strength alone. He could support from the side, but as for attacking directly ... Forget it ...

"I don't even mind, so why are you still rejecting me? hurry up and go!" The Golden Dragon laughed and gave in very politely.

However, in the next instant, a second Golden Dragon appeared beside Lin Yi, his palm almost touching Lin Yi's head. The original Golden Dragon looked at him with a strange smile.

A clone! Lin Yi had actually just seen the Golden Dragon's cloning technique. It was weaker than the thousand forest transformation, but it was very effective for sneak attacks and escaping. For example, the conversation with Li Yan this time was just to paralyze Lin Yi and then launch a surprise attack. It seemed to be going very smoothly.

Lin Yi didn't seem to notice the situation at all. He didn't react at all as the Golden Dragon's palm went through him.

"A shadow?" The Golden Dragon, who had thought that he would succeed this time, was instantly dumbfounded. He was an expert in this field and naturally knew the trick.

He did not have time to think. The Golden Dragon that had missed its attack split into two and flew in two directions at the same time, giving yang Shaowen a blow.

Lin Yi thought that it was a close call. He thought that it was weird for a top-tier assassin like the Golden Dragon to chat with Li Yan. As expected, this guy had bad intentions!

The Golden Dragon's clone had almost zero strength, but its aura was enough to pass for the real one. Even Lin Yi couldn't tell which one was real and which one was fake, so he could only choose one to attack.

Lin Yi appeared beside one of the Golden dragons like a ghost, his raging fire Bagua Palm crashing down with endless flames!

Although Lin Yi's raging fire Eight Trigram palm wasn't very effective against Masters like the Golden Dragon, at least he could confirm that this was his real body!

As a result, the wild fire Eight Trigram palm dispersed the Golden Dragon's clone without any hindrance. His real body was on the other side. As for the attack on yang Shaowen, it naturally came to an end.

Yun Longsan's turn in the air wasn't enough for Lin Yi to continue his pursuit, but it was a completely different story with the help of the lightning escape technique. After making sure that he had found the wrong target, Lin Yi flashed to the side of the other Golden Dragon. His Dragon-shaped five elements killing intent whizzed out, and his divine sense vortex descended as well.

"Still a clone?!" All his attacks missed again, and Lin Yi couldn't help but be shocked. He turned to look at the Golden Dragon on Li Yan's side.

He was sure that the Golden Dragon's sneak attack was a genuine attack. It was impossible for a clone to have that kind of power. However, if the Golden Dragon's original body had been standing there all this time, it couldn't be that all of the Golden Dragon's clones had the same attack power as the original body, right?

But Lin Yi had an idea-perhaps not all the clones had the same strength as the original, but the original could be transferred to other clones at any time!

After thinking about it, Lin Yi realized that he didn't find out what the Golden Dragon's real body went through when he created the clone. Perhaps this wasn't a coincidence!

"Lin Yi, your strength isn't just for show. You're only at the peak of the mystic Ascension realm, but your combat strength is on par with a Peak Mountain splitter. You also have many trump cards. This business is a big loss, and it looks like I'll have to ask for more fees." The Golden Dragon acted as if the sneak attack hadn't happened. He was still smiling at Lin Yi.

Li Yan's expression was a little strange. He could tell that Lin Yi's strength was insane, but it didn't seem to be a threat to him. Where was the Golden Dragon that Lin Yi forced out from the countless earth-opening stage attacks? Could it be that he still had to hide? It was meaningless!

"No loss, no loss. I've even delivered myself to your door. You should have profited from this." Lin Yi smiled. Who didn't know how to talk nonsense?

Chapter 6273 What's The Benefit?

The five spirit beasts needed time to recover after using their full strength, and Lin Yi didn't mind waiting for a while. When yang Shaowen and the spirit beasts recovered, he'd have a higher chance of winning.

"That's true. Elder Lin came to me personally and brought many interesting things. How can I ask for more?" The Golden Dragon laughed as he looked at Lin Yi.

"Interesting things? I wonder what you're interested in?" Lin Yi's heart skipped a beat-he suspected that the Golden Dragon had already found the spirit beast.

After all, the Golden Dragon was an absolute expert in stealth and hiding. He might overlook it when he was not paying attention, but once he was suspicious, it was not impossible to find the little spirit beast.

Could it be that the sneak attack just now was also to find the little spirit beast? The Golden Dragon lived up to his name-Lin Yi had never underestimated him, but he still did.

"You know what I like, but I'm afraid you don't know why I like it. Do you want to guess?" Lin Yi didn't understand the Golden Dragon's riddles.

However, from his words, he had indeed seen through the existence of the little spirit beast. Perhaps he was interested in these little fellows who looked somewhat similar to him?

Li Yan, on the other hand, was even more confused. He didn't understand what the two of them were talking about at all. He just wanted the Golden Dragon to kill Lin Yi as soon as possible. They weren't flirting at all!

"Since you said I don't know, I'm afraid I won't be able to guess it even if I try. Why don't you just tell me?" Lin Yi could feel that the spirit beast was ready to go all out again. He secretly held an earth formation talisman in his hand, ready to attack at any time!

They did fall out, but it wasn't the way Lin Yi thought it would be. He was looking at the life-and-death scene in front of him in shock. To be honest, he'd never thought of something like this.

A second ago, the Golden Dragon was still laughing and chatting with Li Yan. Suddenly, it appeared behind Li Yan and casually used its fingers as a knife to easily stab into Li Yan's heart. With a burst of true Qi, it instantly killed Li Yan.

At the same time, the spirit beast Masters in the Dragon Transformation pool also activated their battle formation. However, their target wasn't Lin Yi or Yang Shaowen, but the guards beside Li Yan. Although these guards were all at the earth formation stage, they were caught off guard and were panicking as well.

When they found out that their young master Li Yan had been killed by the Golden Dragon in an instant, the guards felt as if their world had collapsed. They had been working together just a moment ago, so how did they suddenly become mortal enemies?

The shock and disbelief in Li Yan's eyes had yet to fade when the light in his eyes quickly faded away. It was true that the Golden Dragon was an assassin, but Li Yan had never thought that this fellow would actually dare to attack him. He was a direct descendant of The White Tiger clan. Even if he was a double-digit descendant, The White Tiger clan would not allow anyone to humiliate a top clan of the spirit beast clan in such a way!

The Golden Dragon's lips were still curled up in a smile. He did not seem to mind as he pulled out his blood-covered palm. His body swayed slightly and once again appeared behind one of the guards. With a casual strike, he took another fresh life.

The remaining guards were even more flustered. Their strength was not on par with the Golden Dragon, and they had to deal with the offensive formation while their minds were in a mess. They had no power to resist the Golden Dragon, who was a top-tier assassin.

In the space of a single breath, Li Yan and his guards had been completely annihilated, leaving behind only corpses and blood.

"Li Yan is also one of your targets?" Lin Yi asked faintly after everything was settled. In fact, all of this happened in a very short time-those with slower mental processes might not even have time to react.

"No, no, no. Young master Yan is my client. Our previous cooperation can be considered pleasant. Moreover, his status is noble. In the capital, no one would want to risk offending The White Tiger clan to buy his life." The Golden Dragon shrugged his shoulders, as if he was not the one who had just killed Li Yan.

"I really don't understand. Since no one dared to take the risk to offend The White Tiger clan, then why did you still kill them in front of me? Are you not afraid of The White Tiger clan's revenge?" Lin Yi didn't understand. Li Yan had come to the Dragon Transformation pool, and there was no way that no one had seen him. If he died here, the Golden Dragon wouldn't be able to stay out of it.

"I killed him? No, no, no, the one who killed young master Yan was clearly that sea beast clan's expert. What does it have to do with me? If I capture this murderer, it can also be considered as giving an explanation to The White Tiger clan, don't you think so, elder Lin?" The Golden Dragon waved its hand,

and the blood on it instantly flew away. Not a single drop was left behind, as if it had never been stained.

"Aren't you too naive? Would a direct descendant of The White Tiger clan not have a divine sense imprint left behind when killed by someone? If that's the case, this arrogant brat would've been killed many times already, right?" Lin Yi didn't believe that The White Tiger clan wouldn't be able to tell who the killer was after Li Yan's death-he'd encountered something like that himself.

"Elder Lin is right, but that was outside, in my Dragon Transformation pool, this kind of spiritual awareness imprint is not so magical. Your friend has already left a mark on his body, so you don't need to worry about me!" The Golden Dragon pointed at yang Shaowen. He did not look like he was joking at all.

Lin Yi was shocked. He didn't see the Golden Dragon move, but if the mark of Liyan's death was really on yang Shaowen, then the Golden Dragon's mind was really terrifying!

"Golden Dragon, you killed Li Yan and then shifted the blame to the sea beast clan. What good would it do you? Even if there are any benefits, Li Yan still died in your Dragon Transformation pool. I don't think The White Tiger elder will let you off so easily. " Lin Yi didn't want to dwell on this. He was more curious about why the Golden Dragon suddenly turned hostile and killed Li Yan.

"Elder Lin will know very soon whether there are any benefits. Now, let me take down this friend of yours first!" The Golden Dragon waved his hand, and the spirit beasts from the Dragon Transformation pool immediately turned to Lin Yi and Yang Shaowen.

Whether or not they could kill Lin Yi aside, the Golden Dragon would be able to take down yang Shaowen easily as long as the formation kept him busy.

Lin Yi's heart tightened, and he was about to order the spirit beasts to attack. Without the level six trap and kill array, the five spirit beasts and hundreds of earth opening stage attacks were enough to kill these seven mountain opening stage spirit beasts instantly. He would have no problem protecting yang Shaowen from the Golden Dragon's attack.

Lin Yi wouldn't be this nervous if it wasn't for the Golden Dragon's strange moves. To be honest, the skill of switching between clones and real bodies was pretty good. If he could learn it and merge it with the thousand changes of forest, the power would instantly increase to a whole new level.

Chapter 6274 I'll Grant You Your Death

So Lin Yi really hoped that the Golden Dragon could use it a few more times, but Lin Yi didn't pay much attention to it before. After all, compared to the thousand changes of wood and forest, the Golden Dragon's skill looked a lot weaker.

At the critical moment, the Golden Dragon suddenly raised his hand and roared, ""Stop!"

The spirit beast formation stopped immediately, and Lin Yi didn't move either. He was secretly watching if the Golden Dragon was going to use the same trick to attack yang Shaowen.

"One, two, three, four, five ... Five! Indeed, I was right. The five little fellows beside you are quite good!" The Golden Dragon didn't look at Lin Yi, but its eyes scanned Lin Yi's body-those were the five little spirit beasts.

As expected, he had been seen through!

Lin Yi suddenly understood. The Golden Dragon asked the formation to attack just now was to test Lin Yi. This guy might have sensed the presence of a small spirit beast before, but he wasn't sure. This time, he finally understood. When these little guys were ready to attack, there was a slight spiritual Qi fluctuation. The Golden Dragon checked and saw it.

If Lin Yi didn't order the little spirit beast to attack, the Golden Dragon's test would've turned into a real attack, and there would've been no turning back. He just didn't know what the Golden Dragon wanted to do now.

"The spirit beast capital city's first-class assassins are indeed extraordinary. These little guys can't be discovered so easily. I'm very curious, after you know of their existence, what are you going to do? Don't think that your subordinates can block their attacks. You have a battle formation, so do I!" Lin Yi smiled faintly as he communicated with the frog's spirit sense, carefully arranging the five little spirit beasts' positions.

He wasn't lying-as a formation master who could break a level six trap and kill formation, Lin Yi had no problem making five spirit beasts form a simple battle formation.

If it wasn't for the fact that he needed the frog's divine sense, Lin Yi would've done it long ago. He couldn't do anything about it now. These little guys could indeed take down the spirit beast Battle formation in the Dragon Transformation pool, but he couldn't count on them for a short period of time. After forming a battle formation, it was different. It would be very easy to suppress the other battle formations, and even the Golden Dragon could be enveloped in it.

"Elder Lin, relax. I don't want to fight with you for the time being. Otherwise, I wouldn't have killed Li Yan and brought trouble upon myself. Killing these guys is a sign of my sincerity. I hope you can have a good talk with me." The Golden Dragon smiled and waved his hand to show that he was not hostile.

Lin Yi's lips curled up into a mocking smile. He'd be crazy to believe the Golden Dragon's words. Li Yan's body was still warm, and it was a lesson ready to be learned.

"I know you might not believe me, but it doesn't matter as long as you can answer my questions!" The Golden Dragon shrugged as if he really didn't care if Lin Yi trusted him or not. He pointed at the spirit beast beside Lin Yi, "I just want to ask elder Lin, where did you get these little guys from? If you can tell me, I, the Golden Dragon, will be elder Lin's friend from now on. For the sake of my friend, I will definitely do anything. "

"Two ribs? Are you the one who stabbed your friend in the ribs? This is indeed something you like to do!" Lin Yi didn't hide his sarcasm at all—he really didn't want to talk to people like this.

"Elder Lin, as long as you tell me what I want to know, I'll tell you what you want to know. How about we make a fair exchange? You should know that this is the Dragon Transformation pool, so I don't need to do this. The Dragon Transformation pool doesn't just have a Grade 6 trap and kill array. Believe me, it's absolutely a very simple thing for me to deal with you here. " The Golden Dragon was still smiling, as if these threats were just a joke.

Lin Yi, however, believed that the pale-faced man wasn't joking. Perhaps he really did have something up his sleeve that he couldn't see through.

"I want to know who hired you to assassinate me and Zheng Dongsheng in the palace. But even if you tell me, I'm afraid I won't be satisfied. So, what else can I expect you to tell me?" Lin Yi smiled faintly. The person behind this wouldn't contact the Golden Dragon personally. It would be easier to get one of his trusted aides to do it.

Since the mastermind had gone through so many twists and turns to find the Golden Dragon, it was pointless for Lin Yi to investigate. Even if the Golden Dragon told him the truth, it would be useless information.

"That's all I have to say. Whether you believe it or not, willing or not, it's your own choice! Tell me the answer now. Do you want to talk to me in a friendly way? Or do you want me to take you all down first?" The Golden Dragon was still smiling, but there was a hint of coldness in his eyes. It was obvious that he was losing his patience.

"If you think you can take us down, then go ahead and try!" Lin Yi didn't care at all as he looked at the Golden Dragon. He didn't know why this guy was so interested in the little spirit beast. Maybe it was because he could use it as a reference for his cultivation, or maybe he wanted to find some breakthrough opportunities from the little spirit beast. No matter what, it wasn't Lin Yi's style to cooperate.

"Since you refuse a toast only to drink a forfeit, then don't blame me for not being polite!" The Golden Dragon's face turned cold as his aura skyrocketed. It seemed like he was going to give up on sneak attacks and attack Lin Yi directly.

Judging from the strength of both sides, the Golden Dragon did have the confidence to do so. No matter how strong Lin Yi was, he was only a peak xuansheng after all. The difference between them was two big levels, and he was definitely an existence that could crush others.

"Golden Dragon, I'd like to see how impolite you can be!" At the critical moment, yang Shaowen suddenly stood up and stood between the two of them.

"Brother yang, have you recovered from your injuries?" Lin Yi smiled-he'd noticed that yang Shaowen's injuries were almost fully recovered. He wasn't injured to begin with, and with the help of the pill, it was only natural that he'd recover at an extremely fast speed.

"Thank you for the pills, brother Lin. It's just a small injury, but I'm fine now!" Yang Shaowen laughed and didn't turn around. However, the way he addressed Lin Yi was enough to tell the change in his attitude.

It was only because of Xiao Yi's orders before, but now he respected Lin Yi from the bottom of his heart and treated him as a friend.

"You're just a puny sea beast, and you really think you're so powerful! You're already on my death list, and since you're so eager to die, I'll fulfill your wish!" The Golden Dragon cast a disdainful glance at yang Shaowen and waved its hand. Suddenly, the water in the lake not far away surged up into the sky. Countless water lines transformed into small silver Snakes and shot toward yang Shaowen.

Chapter 6275 Paying Respects To The Great Guardian

"Hahaha! You're really bold to play in the water in front of us sea beasts. I wonder who gave you the courage to do that?" Yang Shaowen revealed a mocking smile. All sea beasts, no matter what attribute they had, were born to play with water. In the face of such an attack, he certainly had nothing to fear.

When the silver water snakes were approaching, yang Shaowen suddenly released all of his genuine Qi, which caused the silver Snakes to stop for a moment. Then, half of them were forcibly split and exploded into countless crystal water droplets.

Yang Shaowen wrapped his arms around himself and waved them around casually. The water droplets swirled and danced in the air in an orderly manner. In an instant, they condensed into a group of small sharks, all of which opened their mouths and rushed toward the remaining water snakes.

"You've got some skills indeed. You're worthy of being an expert of the sea beast clan!" The Golden Dragon even had the time to praise him, as if it did not care about the half of the water snakes that yang Shaowen had snatched away.

Facing the attack of the water sharks, the group of water snakes controlled by the metal-Elemental Dragon did not stop. They continued to charge at yang Shaowen, trying to kill him first.

Yang Shaowen was not afraid at all. He formed an invisible defensive layer with his genuine Qi in front of him, preventing the water snakes from advancing any further. Meanwhile, the group of water sharks that were following closely behind had already started to devour the water snakes.

Lin Yi was very interested in this kind of battle. Since yang Shaowen had the upper hand, he naturally didn't need to rush to help.

Yang Shaowen couldn't help but feel relieved when he saw how powerful the water sharks were. In just two seconds, more than half of the water sharks had won the battle. The situation had become one-sided. He wondered if he should send half of the water sharks to attack the Golden Dragon.

Before he could make up his mind, the group of water sharks advanced even more fiercely and completely destroyed the group of water snakes in an instant. Yang Shaowen had no more hesitation and immediately controlled the group of water sharks to turn around and attack.

Suddenly, something happened. All the water sharks shattered instantly and turned back into countless tiny water snakes, surrounding yang Shaowen.

Yang Shaowen turned pale with fright. He had never thought that his control over the water flow would be inferior to that of a spirit beast clan member. Moreover, the advantage he had earlier was all a deliberate act by the Golden Dragon to numb him!

The water snakes were too close to yang Shaowen, and their numbers and quality were much better than before. Yang Shaowen was caught off guard, and the genuine Qi defense he had set up was torn apart like paper.

Lin Yi was surprised as well-the Jade space didn't have warning abilities, so he didn't notice anything suspicious about the Golden Dragon.

To be honest, Lin Yi really didn't think that yang Shaowen would lose to the move he was so proud of. The Golden Dragon didn't say anything-the dragonize pool didn't just have a level six trap and kill formation. There were even more powerful things in there.

At such a close distance, Lin Yi didn't even have the time to save yang Shaowen. He could only watch as the water snakes swarmed him like a tide, not knowing if he'd have a chance to escape!

"The sea beast clan's experts are indeed amazing at playing with water. They've truly made people look at them in a new light!" The Golden Dragon was still in the mood to tease yang Shaowen while controlling the water snakes to attack. It was obvious that it still had some energy to spare.

Lin Yi didn't have time to waste on him. He sent out a Dragon-shaped killing intent of the five elements and crashed into the endless tide of water snakes, hoping to help yang Shaowen escape.

In a head-on confrontation, yang Shaowen had the upper hand over the Golden Dragon. However, the situation had changed completely. In addition to the Golden Dragon's cunning, the Dragon Transformation pool had a strong effect on yang Shaowen. He had the geographical advantage!

If Lin Yi didn't make a move, yang Shaowen wouldn't be able to escape unscathed from this sudden attack. He might even die.

The Dragon-shaped five elements killing intent entered it, but it was like a clay ox entering the sea-it didn't make any waves at all. The difference in strength between Lin Yi and the Golden Dragon was just too big, and with the help of the Dragon Transformation pool, the Dragon-shaped five elements killing intent could easily deal with Masters at the mountain opening stage, but it wasn't even qualified to deal with the Golden Dragon right now.

Under Lin Yi's control, the little spirit beast followed closely behind the dragon-shaped five elements killing intent, and the concentrated attacks finally tore open a crack. As long as yang Shaowen, who was trapped inside, could seize the opportunity, they might be able to escape from it.

What made Lin Yi dumbfounded was that someone did come out of the crack, but it wasn't yang Shaowen-it was a Golden Dragon!

Another clone technique! In the Dragon Transformation pool, the Golden Dragon's clone technique was like a bug. There was no way to trace when it was used and where it would appear-Lin Yi couldn't even replicate it!

It was the same this time. The Golden Dragon had been controlling the water snakes from the same spot the whole time. Lin Yi didn't think that he would use his clone technique to enter the water snakes after trapping yang Shaowen. With his sneak attack skills and the water snakes in the Dragon Transformation pool, he had an 80% chance of killing yang Shaowen instantly.

The Golden Dragon and the water snakes dispersed at the same time, and yang Shaowen was no longer breathing. Lin Yi didn't think that a master at the peak of earth creation realm would be killed by the Golden Dragon so easily. The name of the famous assassin in the capital was well-deserved.

Yang Shaowen's death wouldn't matter much if he'd just left the palace-he was still a stranger to Lin Yi back then, after all, but after the short time they'd spent together, they'd established a friendship. They were no longer strangers.

Lin Yi's eyes turned red when he saw yang Shaowen's death. He took out the Black Pearl that the frog had given him. It was a killer weapon that could kill ordinary sea Rift realm cultivators instantly. The frog had only given him two of them, and each of them could only be used three times at most. It was definitely a life-saving trump card.

Lin Yi took it out without hesitation because of yang Shaowen. It was clear that his anger towards the Golden Dragon had reached its limit. Besides, in the Dragon Transformation pool, neither the small spirit beasts nor the attack formation from Wang Shiyang were enough to threaten the Golden Dragon.

Lin Yi didn't know if the Black Pearl could kill the Golden Dragon in one go. The Golden Dragon's cloning technique was too weird. Who knew if the target was just a clone? But no matter what, Lin Yi had to help, whether it was for himself or for yang Shaowen.

However, the Golden Dragon's expression changed as soon as the Black Pearl appeared. Before Lin Yi could activate the Black Pearl, the guy knelt down on one knee and bowed to Lin Yi, "Greetings, great Guardian!"

The other spirit beasts from the Dragon Transformation pool all knelt down and bowed to Lin Yi, "Greetings, great Guardian!"

Lin Yi was dumbfounded. He held the black bead in his hand, not knowing if he should keep activating it or just observe the situation.

Chapter 6276 A Sudden Change In Attitude

If he could confirm that the Golden Dragon in front of him was his true form, he would've been right to activate it, but it was hard to believe that this cunning guy didn't have a backup plan and just exposed all his weaknesses to Lin Yi.

Other than that, Lin Yi was also very interested in the big Guardian. His instinct told him that it seemed to have something to do with the big Frog ...

"Great Guardian, it really is the great Guardian's aura! Elder Lin, do you have any news of the great Guardian?" The Golden Dragon was still kneeling on one knee, looking up at Lin Yi with excitement. It didn't look like it was acting at all.

Lin Yi said coldly as he tried to sense the space around him, "What great Guardian? I don't know what you're talking about!"

The black bead could kill normal sea split realm cultivators instantly, and as long as it hit the Golden Dragon, it would take his life. The only thing Lin Yi needed to confirm now was whether the Golden Dragon in front of him was the real body or not. Apart from that, it was also a pleasant surprise to be able to obtain some information about the great Guardian.

A super alchemy bomb began to form in Lin Yi's palm. Outside the Dragon Transformation pool, the Golden Dragon's clones could be traced, so the best way to determine his true body was to destroy the pool completely.

In terms of destructive power, many of Lin Yi's moves were quite shocking, like the Thunder explosion and Thunder burial, but they were all limited by his strength. There was a limit to their power, of course. The only thing that didn't have a limit was the Super alchemy bomb. It was a weapon that had helped Lin Yi kill stronger opponents since he was weak, and after many improvements, it had almost no limit to its power!

If it went out of control, even Lin Yi himself could be dragged into it. It was the best time to use it to destroy the Dragon Transformation pool, but the movement would be big enough to alarm the entire King City of the spirit beasts!

"Elder Lin, I hope that you can tell me the truth. Where did you get the Black Pearl and those five little fellows? This is related to the great Guardian of our spirit beast clan in ancient times. As long as you can tell me the truth, I, the Golden Dragon, swear that I will not lay a finger on you! To be honest, I killed this sea beast so that I could have a good talk with you, so as to avoid the information about the great Guardian from being leaked!" The Golden Dragon stood up and cupped his fists. He had a serious expression on his face, and it felt as if he was speaking the truth.

Lin Yi wouldn't believe this guy, however, even if he were to be beaten to death.

However, from what he said, could the great Guardian be a Big Frog? What was the relationship between this guy and the frog? If he was the giant frog's subordinate, why didn't he mention it in the illusionary fog space?

Lin Yi's mind moved like lightning, and his hands didn't stop. He continued to form super alchemy fire bombs as he asked faintly, ""What's with the great Guardian you mentioned? If you want me to tell you where this thing in my hand came from, you'll have to tell me about this great Guardian first. "

"No problem, but I have to say something first. If you know about the great Guardian but can't give me satisfactory information, don't even think about leaving the Dragon Transformation pool!" The Golden Dragon nodded and looked at Lin Yi with a serious face.

"You just said that as long as I told you the truth, you'd swear that you wouldn't touch me. Now you're going back on your word? Can't you speak in a more coherent way?" Lin Yi sneered. Before he explained the situation, the Golden Dragon probably wouldn't care about this kind of sneer.

As expected, this guy shrugged his shoulders and said indifferently, ""Not touching you doesn't mean that I'll let you go. This matter is of great importance. I won't let you go after you know all the secrets. Unless you don't ask anything and just tell me what you know, then I can guarantee that you can leave safely!"

The Golden Dragon's words made sense. With his personality, he was being very honest already-Lin Yi couldn't ask for more.

"Alright, I know your condition. Now, tell me what your so-called great Guardian is!" Lin Yi didn't want to dwell on the previous topic. After all, he was more interested in the big Guardian.

"Actually, the great Guardian's matter is not a secret. It's just that it's been a long time, and I'm afraid not many spirit beasts know about it!" The Golden Dragon's pale face revealed a reminiscing expression, but it was hard to say whether it was true or not."In ancient times, the great Guardian was the most Supreme existence in the spirit beast clan. Even the king of spirit beasts respected him very much. However, he was later framed and sealed in a forbidden space. I don't know if he is fine now. Elder Lin,

the bead in your hand has the great Guardian's aura, so I hope you can tell me everything you know truthfully."

"What kind of spirit beast is the great Guardian you speak of? What kind of forbidden space was it that sealed him? What is your relationship with this great Guardian?" Lin Yi calmly threw his question to the Golden Dragon, not having any intention of telling him first.

The Golden Dragon didn't know what to do-he would've forced Lin Yi to talk if he could, but it wasn't something he could rush. He had to answer Lin Yi's question first.

"The great Guardian is an ancient divine frog that was sealed in the illusionary fog space. You're a human cultivator, so you might not know about the illusionary fog space. Back then, it was a place that was specially used to exile and seal powerful spirit beasts, but some unknown changes happened later on and the passageway that connected to the illusionary fog space collapsed. It made it impossible to enter it normally, and no one can come out from it. However, we still don't know what's going on inside. " Lin Yi knew everything the Golden Dragon said, except that the big Guardian was probably the big Frog.

There couldn't be a second ancient divine frog in the illusion fog space besides that Big Frog, right? The Golden Dragon was wrong about one thing. It was not that the people inside could not come out, but that the big Frog was willing to let them out. However, this ability probably came later. Otherwise, the big Frog would not have eaten all the spirit beasts locked inside as food. It would have forced these powerful spirit beasts to come out and find a way to break the seal.

"You haven't told me what your relationship with the ancient divine frog's great Guardian is. It can't be that you have his bloodline, right?" Lin Yi taunted the Golden Dragon again. The Super alchemy bomb in his palm was almost out of his control, and it wasn't too far away from the time he would attack.

Lin Yi had hidden the energy of the Super alchemy bomb, so the Golden Dragon didn't realize how terrifying the Qi in Lin Yi's hand was. As far as he was concerned, how much threat could a human practitioner at the peak of the mystic Ascension realm be, even if he gathered all his Qi?

Chapter 6277 Can't Kill Nor Can't Let Go

"We shadowless snakes have been the great guardian's shadow guards since the ancient times. Our cultivation methods were also improved by the great Guardian. Your little guys have some characteristics of our shadowless Snake Clan, but they are more inclined to change their environment. Because of this, I was suspicious when I saw them. But when you took out that black bead, I was completely sure that you were related to the great Guardian! In fact, I'm guessing that you came from the illusionary mist space!" At this point, the Golden Dragon's pale face actually turned red, clearly extremely excited.

Lin Yi, on the other hand, was secretly shocked-this guy was really meticulous, and his deduction ability was extremely strong. He'd actually guessed that he came out from the illusion fog space with just this little clue.

It seemed like he couldn't be too reckless when using the spirit beast. If the Golden Dragon could see it, the four guardians could see it too. They were all old monsters, and once they saw the spirit beast, they might suspect that Lin Yi came out of the illusion fog space.

For people like the four great protectors, it was normal to kill Lin Yi without asking for the reason, not to mention that there was a reason for suspicion. It was quite dangerous!

He put away the thoughts and turned to the Golden Dragon, "You said that your shadowless Snake Clan is the great guardian's shadow Guard? Then why are you all fine? Could it be that when he sealed your great Guardian, his enemy would let your clan off?"

In fact, what bothered Lin Yi was why the big Frog didn't tell him that there were people outside. If it had told him earlier, Lin Yi wouldn't have to go through so much trouble to find the forbidden area of the void chains. Besides, the big Frog had people of its own. Even if it couldn't enter the forbidden area of the spirit beast clan, it should have been able to find a way over the years.

"Who said we're fine? "In the ancient times, the great guardian's shadow guards and light guards were completely annihilated, and all related families were exterminated. My ancestor was the only Shadow Guard in the entire family who escaped the Great Purge. After a long period of hiding, he appeared again to find a way to save the great Guardian, but unfortunately, he made no progress. I am the representative of this generation in the world, and my purpose is to collect information and look for a possible opportunity!" The Golden Dragon finally revealed his identity, and Lin Yi understood why the guy was being so careful.

The big Frog was probably a famous rebel in the history of the spirit beast clan. As for whether it was true or not, there was no way to prove it. The Golden Dragon's identity had been exposed, and the spirit beast clan would most likely not tolerate him, so it could not be too serious.

"Have you never thought that your great Guardian might have already fallen? After all, the ancient era is too far away from the present, and almost no one knows what happened back then. I'm afraid there are only a few who participated in it back then, right?" Lin Yi still had a lot of questions, so he temporarily stopped the Super alchemy bomb. He was at the point where he could control it, and he had to activate it immediately if he continued.

"Elder Lin, whether the great Guardian has fallen or not is exactly what I want to ask you. I hope you can tell us the truth. This is the answer that our clan has been searching for for a long time. If you can help us save the great Guardian, you will be the great benefactor of our clan!" The Golden Dragon seemed to be certain that Lin Yi had the news of the frog as he looked at him with anticipation.

To be honest, Lin Yi did hesitate for a moment. If the Golden Dragon was really the big frog's Shadow Guard inheritance, then he could get help from it. But this guy killed yang Shaowen in front of him, and

his personality was fickle. He talked and laughed in front of him, but stabbing him in the back was a common occurrence. He really wasn't a good partner.

"I know about the illusion fog space. I encountered a spatial tear in the illusion fog space on my way to the capital this time and pulled a few of my companions in. The black bead in my hand and these little fellows flew out from that spatial tear. As for whether or not the great Guardian created these things, I can't determine that!" Lin Yi muttered to himself, deciding to hide the fact that he'd entered the illusion fog space.

Jin Long wasn't someone he could trust, and even if yang Shaowen was dead, Lin Yi wouldn't tell him about it. After all, it involved the frog, and he couldn't be too careful. If he didn't keep it a secret, he'd get into trouble.

Other than the fact that he'd entered the illusion fog space and seen the frog, everything else Lin Yi said was the truth. The Golden Dragon didn't suspect anything. After all, it'd been so long since he'd heard of anyone coming out of the illusion fog space. Lin Yi's explanation was more believable.

"It must be right! As expected, the great Guardian is still healthy!" The Golden dragon's eyes lit up, and he couldn't help but raise his voice. "The Grand Guardian definitely hasn't given up on escaping. He's sent these things to test the possibility of leaving the illusionary mist space. As long as we can get in touch with the great Guardian and help him break the seal, who in the entire spirit beast clan can stop the great Guardian?"

Lin Yi smiled coldly to himself. The frog didn't have the confidence to give up, but it was locked up by the void chains. Even if the Golden Dragon could contact it, it couldn't help it.

The places where the void essence chains were located were all forbidden areas of the spirit beast clan. They naturally repelled spirit beasts from entering. Unless they found a specific entry tool, the spirit beast clan would not be able to enter at all. How could they talk about breaking the seal?

Moreover, the array inside was quite extraordinary. Even if the Golden Dragon was lucky enough to find a tool to enter and exit, he could not easily break the array. Even if he could break the array, how could the void essence chain be destroyed so easily?

"I've already told you everything I know. Is there anything else you want to say?" Lin Yi said faintly, interrupting the Golden Dragon's thoughts.

Lin Yi decided to give up on working with the Golden Dragon after hesitating for a second. The Golden Dragon killed Yang Shaowen, and he had to avenge him. The Golden Dragon was too dangerous, and working with him was like asking a Tiger for its skin. He could be killed by the Golden Dragon at any time. Finally, Lin Yi released the frog because he needed it to save Wang Shiyang and destroy the cooperation between the spirit beasts and central. That would not be a disruption, but a huge threat that would be more difficult to deal with than the Vermilion Bird.

"Elder Lin, you should understand that in our line of work, credibility is very important. So I can't give up the task of getting rid of you. But I also promised not to make things difficult for you. There's no other way. You'd better follow me and accompany me to find the great Guardian!" After a slight pause, the Golden Dragon continued, "Didn't I just say that you can't leave after I tell you about the great Guardian?"

Chapter 6278 Lost Opportunity

"There was such a thing, but I didn't agree with you!" Lin Yi smiled faintly—wasn't she a little too naive to think that she could take his freedom with just a few words?

The Super alchemy bomb in his palm continued to form-Lin Yi had increased the amount of spirit sense he put in, so he could control it more easily. It indirectly increased the upper limit of his power.

If the Golden Dragon hadn't killed yang Shaowen, Lin Yi might've chosen to work with him because of his relationship with the frog. Unfortunately, the guy acted too quickly, causing him to be on Lin Yi's blacklist.

"It's not up to you to agree or not, elder Lin. I hope you won't do anything that will make things difficult for us. " A smile reappeared on the Golden Dragon's face, and he looked harmless.

However, this smile reminded Lin Yi of the time when Li Yan and yang Shaowen died. It seemed like the Golden Dragon was about to make a move again, but Lin Yi was still useful to him, so he would probably go easy on him and save his life. It was because of this that the Jade space didn't give him any danger notifications.

Since Lin Yi was on guard, he wouldn't give the Golden Dragon a chance to attack him. He activated the three appearances of cloud and Dragon instantly, leaving an afterimage where he was standing. His real body appeared in the air, and he threw the Super alchemy bomb into the pool.

The Black Pearl was a killer weapon, and Lin Yi didn't want to waste it before confirming the Golden Dragon's true form. He had to solve the problem of the Dragon Transformation pool first.

As Lin Yi made his move, the Golden Dragon appeared behind Lin Yi's afterimage as expected and sent a hand knife towards Lin Yi's neck, but it went through without any resistance.

"Another afterimage!" The Golden Dragon raised its head and looked at Lin Yi, who was in the air. It didn't care too much about the Super pill fire bomb that was flying towards the Dragon Transformation pool.

The two golden dragons didn't move, and a third Golden Dragon appeared behind Lin Yi in the air. This guy's clone technique was indeed unbeatable within the Dragon Transformation pool!

Lin Yi's [three appearances of cloud and Dragon] was the perfect counter-this attack only went through a shadow.

This time, Lin Yi appeared behind the Golden Dragon in the air. He wasn't sure if this was the Dragon's real body, so he could only test it with normal martial arts.

The palm was blocked by the Golden Dragon, but it couldn't counter Lin Yi's attack. Judging from its strength, it was probably just a clone.

"Boom! Boom! Boom!" At this moment, the Super pill fire bomb fell into the dragon Transformation pool and exploded with a shocking destructive power. The entire Dragon Transformation pool was blown up into the air.

Because he had added in enough spiritual power, Lin Yi had almost perfect control over the explosion this time. All the power was locked within the range of the Dragon Transformation pool, and not a single bit was leaked out.

It was precisely because of this that the power of the Super alchemy bomb surged back and forth, forcibly pushing it up by several levels. As the source of the entire Dragon Transformation pool, all of the formations were almost completely destroyed by such an attack from the inside out.

Lin Yi and the Golden Dragon were both sent flying by the shockwave. This time, Lin Yi's spirit sense finally caught the location of the Golden Dragon's original body.

As expected, after the Dragon Transformation pool was destroyed, the Golden Dragon's avatar technique immediately dropped several levels, and it was no longer as untraceable as before!

Lin Yi was secretly happy. The black bead was about to be activated, but the spirit beasts below suddenly attacked him recklessly. Even with the small spirit beasts 'suppression, it was useless. They were fighting with their lives to save the Golden Dragon.

The chance was gone-Lin Yi dodged this wave of attacks, but it wasn't that easy to tell which of the four golden dragons was the real one!

"To hell with it!" Lin Yi mumbled to himself before casting the thousand forest transformation again. Dozens of clones split up and pounced on the four golden dragons. Since he couldn't tell them apart, he'd use the clones to test them out. In terms of numbers, he wasn't afraid to compare.

The little spirit beasts took advantage of the opening that was exposed when they were attacking Lin Yi with their lives on the line. They took the opportunity and instantly killed two of the Golden Dragon's men. The entire battle formation came to a standstill. If it weren't for the fact that these little guys had time to recover, the remaining five would probably be killed in an instant too.

"Elder Lin, your strength has really surprised me time and time again! You're actually able to do this. You even destroyed my Dragon Transformation pool. Amazing! However, this commotion is so great that the entire capital can sense it. The patrol guards will arrive soon. Do you really want to continue fighting with me?" The Golden Dragon laughed. This guy was extremely cunning. Even in his real body, he only used the strength of his clones, making it impossible for Lin Yi to tell the difference.

Lin Yi hmphed. He knew that the Golden Dragon was afraid of the Black Pearl-the frog's presence made it clear that the Pearl wasn't something simple even if it didn't know its true power.

"The patrol guards are here. Shouldn't you be the one who's afraid? You've killed Li Yan and yang Shaowen, and at the same time, you've offended both The White Tiger clan and the sea beast clan. I don't think you'll be able to survive!" Lin Yi's spirit sense had already detected the many masters rushing over.

In addition to the spirit beast patrol team, there were also two other elite guards from the sea beast clan. They must have received yang Shaowen's request for help earlier, but everything happened too quickly after they entered the Dragon Transformation pool. Yang Shaowen had already died before they could arrive.

Further away, several experts with the aura of white tigers could be seen making their way over. It was clear that Li Yan's death had alarmed The White Tiger clan. Under such circumstances, no matter how powerful the Golden Dragon clone was, it would not be able to escape the fate of being surrounded.

"Elder Lin, you have the great Guardian's tool in your hand and the great Guardian's puppet by your side. Even I don't believe that you have nothing to do with the great Guardian. Do you think the four great guardians will believe it? As for Li Yan and yang Shaowen, what did their deaths have to do with me? Yang Shaowen killed Li Yan and his guards, but because it happened in my territory, I couldn't pretend that I didn't see it. In order to give The White Tiger clan an explanation, I wanted to take yang Shaowen down, but I accidentally killed him. This is something I can't do anything about, so who can blame me for it?" The Golden Dragon chuckled and pushed away all the matters.

Lin Yi's face changed. It was just as the Golden Dragon said-there was no way to tell. Even if he could confirm this guy's true form, Lin Yi couldn't use the Black Pearl against him because he'd never used it before. He didn't know if there would be too much of the frog's aura left behind after activating it.

Lin Yi could only sigh as the closest patrol arrived.

Chapter 6279 It Was All His Doing

Lin Yi knew that he had lost the chance to kill the Golden Dragon here. In order to not expose his relationship with the frog, he had to stop for now. Otherwise, not only would he be in trouble, but Li Zao Yi in the palace would also be dead.

He put away the Black Pearl and ordered the little spirit beasts to run away. Lin Yi stopped and all the clones disappeared. The Golden Dragon only left one clone behind, and the others followed. It was obvious that he was afraid that Lin Yi would kill him at all costs.

"Elder Lin is indeed a wise person. I hope that we will have the opportunity to work together in the future! Also, regarding the matter of those two people, I believe that elder Lin will also explain the truth clearly. You don't need me to remind you, right?" The Golden Dragon emphasized the word "truth," clearly hinting for Lin Yi to tell the truth.

Lin Yi hmped and ignored the Golden Dragon, but he knew that the spirit beasts wouldn't believe anything he said. Plus, it was easy to pull out the big Frog, so the Golden Dragon's words were more appropriate.

However, Lin Yi had already made up his mind to find a chance to get rid of the despicable Golden Dragon. Even if it was just to avenge Yang Shaowen, he couldn't let him go!

"Elder Lin, are you alright? What's wrong with yang Shaowen?" The first to arrive were two sea beast Masters. Their speed was much faster than the spirit beast patrol team, so they were the first to reach Lin Yi's side.

Lin Yi pondered for a while before answering their questions. "Brother yang was killed by the Golden Dragon! This matter is a little complicated. Let's talk about it after we return. "

If the sea beast clan and the spirit beast clan were still working together, Lin Yi might use yang Shaowen's death to incite Xiao Yan and the spirit beast clan to turn on each other, but there was no need for that now.

Xiao Yan was already prepared to part ways with the spiritual beast clan. It was not wise to add fuel to the fire at this time. After all, the sea beast clan's strength in the capital was still very weak. It was very dangerous for Xiao Yan to fall out with them.

If Lin Yi was a little more Black-bellied and didn't care about Xiao Yan's life and let him die in the spirit beast clan's King City, the sea beasts would probably launch a large-scale attack on the southern island immediately. Even if they couldn't break through the southern island's defensive barrier, the spirit beast clan wouldn't be able to pass through the sea again!

Unfortunately, Lin Yi wasn't a cruel person-he wouldn't do something like this ...

"He's the Golden Dragon?" One of the sea beast Masters pointed at the Golden Dragon angrily. It wasn't that this guy was famous, but it was just that the Golden Dragon was the only one left other than Lin Yi. All the other spirit beasts had retreated, so it wasn't hard to tell.

"How dare you kill a member of our sea beast clan! You're simply courting death!" Before Lin Yi could reply, the other one roared, ready to attack the Golden Dragon.

The strength of these two sea beast Masters was almost on par with yang Shaowen. Without the support of the Dragon Transformation pool, the Golden Dragon's original body might not be able to defeat them in a head-on confrontation, let alone the clone that was left behind. It was afraid that the clone would not even be able to withstand a single move from them.

"Stop! Who dared to make a move in the capital! Don't you want to live anymore?" Before the experts of the sea beast clan could make a move, the patrol guards of the spirit beasts had already arrived at the scene. Although they were not very strong and any one of the people present could kill them in seconds, they represented the face of the spirit beast clan. If they really made a move, it would be equivalent to declaring war on the entire spirit beast clan.

"Everyone, this is the Dragon Transformation pool, the territory of the Golden Dragon. They trespassed the Dragon Transformation pool and even provoked us. What do you think we should do about this?" The Golden Dragon raised his chin and pointed at the three.

Although the two sea beasts had just arrived, it didn't stop the Golden Dragon from counting them as provocatively. After all, the Dragon Transformation pool was his territory, so he had the right to speak.

As soon as he finished speaking, the people of The White Tiger clan also arrived. Their leader was a young man with a face full of killing intent. His appearance was quite similar to Li Yan 's, and he was probably one of the direct descendants of The White Tiger clan.

"Who killed Li Yan? Who gave you the courage to touch our White Tiger clan's people in the capital?" When this young man saw Li Yan's broken corpse on the ground, he immediately became furious. His aura suddenly burst out. He was also an expert at the great circle of earth creation.

Lin Yi shook his head. These three groups all spoke the same way when they first arrived-each one was more powerful than the last. It all came down to how things ended.

"Young master Tian, young master Yan was killed by yang Shaowen from the sea beast clan. I wanted to take down the murderer and hand him over to The White Tiger clan. I didn't expect that fellow to be so strong. I was no match for him even if I didn't use my full strength. In the end, I barely managed to kill him. I'm really sorry!" The Golden Dragon had a guilty look on his face, as if he had made a huge mistake by not capturing yang Shaowen alive.

"Golden Dragon, what's the meaning of leaving a clone here? Are you feeling guilty?" Young master Tian, who was also Li Yan's brother, sneered. He didn't believe the Golden Dragon's words.

"You're talking nonsense! Yang Shaowen had nothing to do with the people of The White Tiger clan, so how could he possibly go and kill people? It must be you, you B * stard, who's trying to frame us. Elder Lin, tell us the truth. You're delusional if you think you can frame us, the sea beast clan!" The sea beast expert who wanted to attack just now was practically roaring in anger.

Yang Shaowen's death was already vexing enough, and this murderer even wanted to frame him for killing a direct descendant of The White Tiger clan.

Although Xiao Yan's thoughts had not been directly revealed to his guards, this kind of matter that could cause a diplomatic incident must not be easily contaminated. He did not know that his casual words actually pointed to the truth. He was definitely the new emperor of truth!

"Young master Tian, as you can see, there are many experts in the sea beast clan. I'm not guilty, but I'm afraid. The dragonize pool has been destroyed. If I leave my original body behind, won't I be trampled by them as they wish?" The Golden Dragon ignored the expert of the sea beast clan and shrugged his shoulders with an innocent expression.

Blazing heaven hmped and turned to look at Lin Yi. He wasn't an idiot, and he wouldn't lose his mind even if he was furious. If it were some random master with no background, he wouldn't even ask a single question. As long as they were here, they'd just have to admit that they were unlucky and die with his brother, Li Yan. Unfortunately, these people weren't ordinary people, so blazing heaven had to figure out the whole story.

"Li Yan was killed by the Golden Dragon, and so was yang Shaowen!" Lin Yi said faintly. He didn't try to hide it as the Golden Dragon said-he was sure that the Golden Dragon wouldn't tell anyone about the frog.

It didn't matter even if he revealed it-Lin Yi had already thought it through. He could use the short-distance teleportation formation to return to the forbidden area in the palace, and then use the lightning escape and ghost speed wings to quickly merge with the morning memory. He could then use the short-distance teleportation formation to return to the forbidden area by the walls of the royal city. It wasn't impossible to escape.

Chapter 6280 Where To Find It

At most, he would give up on the plan to release the big Frog. Since he was not free yet, he would not make things difficult for Wang Shiyang for the time being.

As for LAN Guzha, he would not be in any danger for the time being if he was with Xiao Yan. Even if the spirit beast clan wanted to break off relations with the sea beast clan, Xiao Yan and his party were not insignificant characters that could be killed as a sacrifice. The possibility of using them as hostages to negotiate with the sea beast clan was higher.

"What? Elder Lin, you can't just make irresponsible remarks and distort the truth! Even if I, the Golden Dragon, have offended you in some way, you should at least tell me the truth!" The Golden Dragon was taken aback, as if he didn't expect Lin Yi to say that. Anyone who saw him would think that he really was framed.

In fact, the Golden Dragon didn't expect Lin Yi to say that. He thought that Lin Yi was being threatened by him, but after thinking about it carefully, he understood what Lin Yi was thinking. He admired Lin Yi and was more alert to Qianqian. She was a strong opponent!

"Golden Dragon, elder Lin said that you killed Li Yan, and you said that yang Shaowen killed him. However, you killed yang Shaowen. The dead can't testify!" Blazing heaven's eyes were cold. He was suspicious of both sides' statements, but he was more inclined to believe Lin Yi's words.

The reason was actually very simple. The dragonize pool was the territory of the Golden Dragon. Li Yan was a master of the earth opening stage, and the guards around him were also of similar standards. It would not be easy for yang Shaowen to kill them all by himself. The Golden Dragon had seen this, so why did he not go and save Li Yan?

In other words, even if Li Yan was really killed by yang Shaowen, the Golden Dragon would not be able to escape the crime of not helping him! Moreover, it was still questionable whether yang Shaowen could exert 100% of his strength in the Dragon Transformation pool.

"Young master Tian, I've already told you that I wanted to take down yang Shaowen, but I accidentally killed him. If you think that I'm trying to silence him, then I have nothing to say. It's my fault for not being able to save young master Yan!" The Golden Dragon shrugged innocently and spread out his hands.

Blazing heaven's words could be considered a flaw. The Golden Dragon had already thought of it, but he had no choice. This was an unexpected incident. It was naturally impossible to compare it to the level of detail that had been planned in advance.

Now, he could only make excuses. If he really couldn't do it, he would just escape from the capital. With his ability, this was something he could do.

Blazing heaven narrowed his eyes and looked at the Golden Dragon coldly. Yang Shaowen of the sea beast clan was already dead. If he continued to pursue the matter, he would become the enemy of the sea beast clan. This was something he couldn't decide.

As for the Golden Dragon, he was just an assassin in the consummate level of earth splitting realm. If he was not so slippery, there were many people in the capital who wanted to kill him. The White Tiger clan naturally would not be afraid of him. The only problem was that if he could not kill him in one go, he would be targeted. In the entire White Tiger clan, there were only a few who could withstand the Golden Dragon's assassination.

It was precisely because of this that there were very few people in the capital who were willing to offend the Golden Dragon. However, if Li Yan had really been killed by this fellow, The White Tiger clan would definitely kill the Golden Dragon to take revenge even if they had to use all their strength.

"Golden Dragon, I can believe you if you want me to, but don't use your clones to talk nonsense. Come here with your true body!" Blazing heaven remained silent for a moment before deciding to reveal the Golden Dragon's true form.

Even if he wanted to make a move, he would have to deal with the main body. Killing a clone was meaningless. Blazing heaven would definitely not make such a mistake.

The Golden Dragon was slightly stunned. After the Dragon Transformation pool was destroyed, he couldn't switch between his real body and his clone as smoothly as before. Blazing heaven had a way to tell whether he was his real body or a clone, so it was impossible to hide it. However, the Golden Dragon didn't dare to show his real body in the current situation. He was afraid that he wouldn't be able to escape if he was caught.

"Young master Tian, I've already said it earlier. If I'm caught by elder Lin and the sea beast clan, I'm afraid that it'll be a disaster for me. Under such circumstances, I don't dare to return with my true body. Young master Tian, you should understand, right?" Blazing heaven's mouth twitched as he squeezed out an ugly smile. He wasn't willing to tell the truth no matter what.

"In front of this young master, no one has the ability to hurt you. I'll give you one more chance, don't say I didn't warn you!" Blazing heaven sneered, but he didn't know that the Golden Dragon was afraid of him!

Without waiting for the Golden Dragon to respond, blazing heaven turned to Lin Yi. "Elder Lin, you're an important witness for today's incident, so I'd like to ask you to come back with me and let the elders in the family question you."

The so-called elder in the house, naturally, was one of the four elders, White Tiger. There might be others, but Lin Yi's status as an outer hall elder meant that it wasn't appropriate for anyone else to interfere.

"No problem, I'm happy to help." Lin Yi smiled faintly. Going to The White Tiger clan with them was definitely going deep into The Tiger's Den, but for the sake of his future plans, he had to go.

The Golden Dragon gritted his teeth-Lin Yi's every step was out of his expectations, but it was reasonable. If he didn't go with him, it'd look like he was really guilty ... Fine, he really was guilty ...

"Young master Tian, forgive me for not being able to show up in my original body. You know that in my line of work, caution is the key to success. Besides, I've already said what I need to say. As for whether young master Tian believes it or not, it's up to you. This avatar of mine can't be maintained for much time. I can't continue to accompany you. Goodbye!" The Golden Dragon smiled lightly and cupped his fists before looking at Lin Yi with a deep look.

"Golden Dragon, think about it carefully. If you offend our White Tiger clan, don't even mention the capital, you can forget about having a stable foothold in the entire southern island!" Blazing heaven furrowed his brows slightly. These words were already a blatant threat.

"Young master Tian, there are plenty of people who want to kill me, but I'm still alive and well! With my abilities, I can protect myself without a problem. Moreover, the southern part of the island isn't something that your White Tiger clan can do with a single hand. It shouldn't be too difficult for me, the Golden Dragon, to find a backer to rely on, right?" The Golden Dragon put down his arm and smiled. He didn't take blazing heaven's threat to heart at all.

Blazing heaven's expression darkened. The Golden Dragon was right. It wouldn't be difficult for him to join the Vermillion Bird or the Azure Dragon. After all, this guy's strength wasn't bad, and he was also good at some very useful abilities.

"Golden Dragon, you sneaked into the palace to assassinate me and elder Zheng, and you still want to find a backer? I'm afraid that wherever you go, they will kill you to prove their innocence. " Lin Yi said with a smile, attacking the Golden Dragon mercilessly.

The Golden Dragon's face changed. Lin Yi was right. No big Boss would take him in after he sneaked into the palace to assassinate an outer hall elder. That would be the same as confirming his identity as the mastermind behind the scenes. The biggest possibility was that he would be killed. Whether it was silencing him or trying to clear his name, it was the simplest and most convenient choice.
