

## Bodyguard 6281

### Chapter 6281 Better Kill The Wrong Than Let Him Go

"It turns out that you were so bold as to sneak into the palace to assassinate him. What are you guys doing? Immediately seal the city gates and search the entire city. Find the Golden Dragon! This guy's clone can't be too far away from the main body, or it will dissipate on its own. He must still be nearby!" Li Yan didn't know that the Golden Dragon had tried to assassinate Lin Yi and the others, but he was excited to hear about it. He gave orders to The White Tiger guards and the patrolling guards as well.

Although the guards were not under the control of The White Tiger clan, these ordinary patrol members did not dare to refute when it came to a major matter of sneaking into the palace for an assassination. They immediately used a special method to send a message to the entire city, and a search for the Golden Dragon was about to be carried out.

The Golden Dragon's clone was stunned for a moment before he smiled and nodded. "Very good, very good, all of you are very good! However, if these ordinary minions want to catch me, they're looking down on me too much. We'll meet again, and I'll remember today's matter. One day, I'll repay you!"

Lin Yi let out a breath of relief. The Golden Dragon didn't expose the big frog's identity at all costs. It seemed that this guy was quite loyal to the big Frog. This was for the best. After all, running for his life was the last resort. Lin Yi didn't want to choose an uncertain method unless it was the last resort.

"Lin Yi, we'll meet again. You should look forward to our next encounter!" The Golden Dragon gave a weird smile and nodded at Lin Yi before the clone disappeared.

Blazing heaven thought that the Golden Dragon was threatening Lin Yi, saying that he'd keep trying to kill him next time.

Lin Yi was the only one who understood the Golden Dragon's true intentions. He might have to kill Lin Yi, but he must be hoping to work with Lin Yi to get the frog out of the illusion fog space. If Lin Yi couldn't help him, the Golden Dragon would take revenge without any restraint.

No matter what, Lin Yi had the frog's stuff, and it was a very precious clue. The Golden Dragon probably wouldn't expose Lin Yi so easily before he got it.

"Elder Lin, it seems like the Golden Dragon holds a grudge against you. You have to be more careful when you travel in the future." Blazing heaven reminded Lin Yi out of kindness.

"Thank you for your concern, young master Tian. Shall we leave now?" Lin Yi smiled faintly. Even if the Golden Dragon didn't come looking for him, he'd still go looking for him. Taking revenge for yang Shaowen was one thing, but it was also important to find out more about the big frog's Shadow Guard family.

"I originally wanted elder Lin to deign to make a trip, but the Golden Dragon has fled for fear of punishment. It seems that the truth is clear, so I will arrange for the matter of hunting the Golden Dragon. I won't trouble elder Lin. If it's convenient, I will give you a simple explanation of Fang Long's vein here." Blazing heaven seemed to have confirmed that the Golden Dragon was the killer, and naturally relaxed a lot when it came to Lin Yi. With his men's arrangements, he wasn't in a hurry to go after the Golden Dragon.

"It's actually quite simple. I came out with yang Shaowen to look for clues about the assassination attempt in the palace. I heard that the Golden Dragon in the dragonize pool has similar moves to the assassin, so I came here to find out more. I happened to meet Li Yan in front of my door. Young master Tian, you might not know this, but Li Yan and I had a small conflict in the palace. " Lin Yi didn't plan on hiding the history between him and Li Yan-it wasn't hard to ask.

"I know about this. It's just a small misunderstanding. It's my brother's fault for not being sensible. Elder Lin, you don't have to take it to heart." Blazing heaven smiled and waved his hand. His attitude was very sincere.

Lin Yi was a little surprised. Li Tian was indeed much stronger than Li Yan. If Li Yan's personality was similar to his brother's, he might not have died this time.

"Many thanks for young master Tian's understanding. Because of that little conflict, we had a bit of an unpleasant encounter today. Then, we entered the Dragon Transformation pool one after another. At that time, I even suspected that Li Yan was the instigator behind this, but it seems that I was thinking too much." Lin Yi casually voiced his suspicions, but Blazing Heaven was shocked.

Now, those who had a relationship with the Golden Dragon would definitely not end well. If the Vermilion Bird and the Green Dragon caught hold of something, even the White Tiger would not be able to escape.

"Elder Lin is right, Li Yan is just a bit unruly. He's always been able to do small things, but he wouldn't dare to do such a big thing even if you gave him two more guts." Blazing Heaven quickly chimed in and tried to exonerate Li Yan.

Li Yan was already dead, but if Lin Yi insisted on this point, then there would be no proof. With the Vermilion Bird and the Azure Dragon around, any small mistake would be magnified.

"Li Yan and the Golden Dragon should have crossed paths before. They entered the Dragon Transformation pool and were received as guests, while Yang Shaowen and I were treated as enemies and were trapped in the formation of the Dragon Transformation pool. At first, the Golden Dragon was probably not in the dragonize pool, so we were lucky enough to kill one of his men. Then, this guy

suddenly appeared, and the situation was extremely unfavorable for us. At this time, Li Yan also led his men to help the Golden Dragon kill us. It was all thanks to yang Shaowen's hidden trump card that we were able to break the formation and temporarily get a chance to catch our breath. " Lin Yi explained the whole thing in a simple way, 90% true and 10% false.

Blazing heaven nodded his head repeatedly. He didn't know how much he believed, but he couldn't find any fault with it.

"Young master Tian should be able to guess the situation at that time. When the Golden Dragon and Li Yan joined forces, yang Shaowen and I had almost no chance of survival. However, for some unknown reason, the Golden Dragon suddenly attacked Li Yan. Li Yan was caught off guard and was killed in an instant. "Then, there was a chaotic battle. Your men were all annihilated, and two of the Golden Dragon's men died. Yang Shaowen and I took the opportunity to attack, but yang Shaowen was killed by the Golden Dragon in the end. Then, all of you came over. Fortunately, I survived." Lin Yi's face didn't change as he continued to trick blazing heaven, cutting out some things he couldn't say and changing some facts.

"So that's how it is. I've long known that the Golden Dragon is a vile person whose emotions are fickle. I didn't think that he would even dare to kill our White Tiger clan's direct descendant. He's truly audacious. Many thanks for elder Lin's honest words. In the future, if you have the time, you can come to our White Tiger clan as a guest. I'll take my leave first today." Blazing heaven cupped his hands to Lin Yi and left with his guards.

After they were far away, blazing heaven ordered the guard beside him in a low voice, ""Pass on my order, dark Tiger Hall, send elite men of sacrifice to kill Lin Yi. This man's words aren't true, and I'm afraid he's related to Li Yan's death. We'd rather kill the wrong person than let him go!"

"Yes, young master Tian!" The guard was slightly surprised, but he did not say anything. Not everyone could mobilize the men of sacrifice of the dark Tiger Hall. There were less than one palm of men in The White Tiger clan, and blazing heaven was one of them.

## Chapter 6282 Also A Guess

Of course, blazing heaven could only mobilize a limited portion of it, but it was enough.

Once the dark Tiger Hall men of sacrifice appeared, it was either you die or I die. It was even normal for them to die together. However, there was no situation where both sides were alive, so The White Tiger clan wouldn't use them easily. After all, the price of cultivating a dark Tiger Hall man of sacrifice was extremely high. The guard didn't expect blazing heaven to use a dark Tiger Hall man of sacrifice to deal with Lin Yi!

As blazing heaven's confidant, the guard was very hesitant. He didn't know if he should persuade blazing heaven. After all, this matter was too big. If he didn't handle it well, it would have an extremely negative impact on blazing heaven's status in the clan.

"I know what you want to say, but you don't have to say it. Lin Yi must die, even if it's to let Li Yan die in peace!" Blazing heaven said coldly. He then left without looking back.

On the other side, Lin Yi only had the chance to chat with the sea beast Masters after blazing heaven had left.

"Thank you for your help. May I know how to address you?" Lin Yi cupped his hands politely-he had to be polite when the guy came to his rescue.

"We didn't help much, elder Lin is too polite!" One of them smiled and waved his hand. Lin Yi could clear yang Shaowen's name, and their impression of Lin Yi skyrocketed. They didn't have any resentment towards him anymore.

"I'm yang wenshao, and he's yang Tianwen." The other one introduced themselves to Lin Yi.

Lin Yi was surprised. Were these two masters yang Shaowen's brothers? This name is too similar, right?

"There's no need for elder Lin to be surprised. We sea beasts have always given names at will, so the names of the few of us were just randomly made up. Because we happened to be together at that time, we were called that way. It's not that we have any blood relations. " Yang wenshao explained to Lin Yi, and the realization dawned on him.

It turned out that there was no rule to the naming of the sea beast clan. It was entirely a matter of interest. Perhaps those Royal clans would have a fixed surname inheritance, while ordinary sea beasts would not be so particular about it.

No wonder Xiao Yan and LAN Guzha were from the same sect in ancient times, but now they had two different surnames. Although they were disciples of the royal family, they should have some autonomy in choosing their surnames, right?

This kind of situation was very rare in the human race, because a family relied on their surnames as a cohesive force. If their married daughters had changed their surnames, it would be even more treasonous to change their own surnames. They would be called bastards who forgot their ancestors.

"So that's how it is. It seems like you guys are very interested in literature!" Lin Yi smiled faintly and replied casually. He didn't bother about their names anymore and turned around to lead them to the palace.

Yang Shaowen's body would be taken care of by yang Tianwen and the others. Lin Yi didn't need to get involved. What he needed to do was to find an opportunity to avenge yang Shaowen. Of course, the sea beast clan wouldn't just sit back and do nothing. A guard at the consummate stage of earth splitting realm-whether it was for the sake of his face or something else, he had to seek justice.

The three of them rushed all the way back to the palace without any delay. However, they didn't know that because of this, they had avoided blazing heaven's ambush. Almost at the same time as they entered the palace, The White Tiger clan's dark Tiger Hall's men of sacrifice had also arrived, but they could only watch the three of them pass through the palace gate.

The Dare-to-die fighters of dark Tiger Hall were not afraid of death, but they were not fools. They knew how much trouble they would bring to their master if they fought at the gate of the Imperial Palace. In comparison, it was better to wait for the next opportunity.

After entering the palace, yang wenshao and yang Tianwen brought Lin Yi to the sea beast clan's base. Xiao Yan was also paying close attention to the development of the situation. If it weren't for the fact that sending out a sea Rift realm master was too shocking, he would have sent a sea Rift realm guard to protect Lin Yi.

"Brother Lin, it's great that you're fine!" Xiao Yi was already waiting by the lakeside, his face lighting up when he saw Lin Yi, standing up to greet him.

LAN Guzha was there as well, dressed in a beast guard uniform and disguised his appearance. People who weren't familiar with him wouldn't be able to recognize him.

"Boss, you're fighting without me again. That's not very kind of you!" LAN Guzha's bitter expression gave Lin Yi goosebumps.

"Brother Xiao, I'm really sorry that I've caused yang Shaowen's death!" Lin Yi didn't bother with LAN Guzha and cupped his fists to Xiao Yan apologetically.

The relationship between the two of them had become much closer, but it was not to the extent that they had no explanation for yang Shaowen's death.

"Brother Lin, you don't have to worry too much about it. Yang Shaowen's sacrifice to protect you was worth it. However, I, Xiao Yan, will definitely avenge him. After all, he has been with me for so many years. He is my brother!" Xiao Yi said in a serious tone. Whether he was trying to win people's hearts or he really had the intention, Lin Yi was more pleased.

"Boss, why don't you let me follow you? with me here, no one can even think of hurting you." LAN Guzha wanted to stay by Lin Yi's side-it was torture just thinking about fighting when it wasn't his turn.

"You better behave yourself. If you go out now and the spirit beast clan and the people in the center see you, will you have a good ending?" Lin Yi glared at LAN Guzha and scolded with a smile, warning the guy not to cause trouble.

Xiao Yan thought that Lin Yi was referring to LAN Guzha's transformation, not knowing that Lin Yi was referring to the fact that LAN Guzha should still be in the illusion fog space in the hearts of the spirit beasts. If he suddenly appeared, the entire plan would be ruined.

LAN Guzha was also well aware of this. He could only shake his head regretfully and go to the side to eat and drink to mend his broken heart.

"Brother Lin, come sit down and talk." Xiao Yan smiled and gestured for Lin Yi to take a seat before asking, "Did you manage to find out anything during this trip?"

Xiao Xiao was more interested in the news from central and whether the spirit beast clan was plotting against the sea beast clan. He was not too concerned about the Golden Dragon.

Lin Yi understood this, but he didn't get any news from the other side of the city other than the Golden Dragon. He couldn't make up anything for Xiao Yan.

"We were ambushed by the Golden Dragon when we went out this time, and we found out his possible identity when we asked around. Yang Shaowen and I went to one of his strongholds, the Dragon Transformation pool, to investigate, and then a series of things happened ..." Lin Yi briefly explained what happened, and then explained, "I suspect that the Golden Dragon's mastermind might continue to target you after dealing with me. That's why I went to investigate."

"There's no need to explain, brother Lin. I actually have my own speculations. No matter which of the four Grand elders of the inner sect is behind this, their purpose is to mess up the situation and attack those who disagree with them. After I'm done with you, I'll be the best target!" Xiao Xiao laughed coldly. Ever since he found out that the spirit beast clan and central were working together to conduct secret experiments on the genes of the Royal sea beasts, the anger in his heart had not stopped for a moment.

Chapter 6283 Disbanding The Outer Hall

"Brother Xiao, you are right. Unfortunately, we couldn't find any useful clues in the Dragon Transformation pool. The only thing to worry about is that the Golden Dragon killed Li Yan and tried to frame yang Shaowen. This might be an excuse for the mastermind behind him to deal with you. Although blazing heaven didn't fall into his trap, we still have to be on guard. If his first trap doesn't work, he will definitely come up with another!" Lin Yi knew that the Golden Dragon had killed Li Yan on the spur of the moment to cover up the news about the frog.

Even if the Golden Dragon's actions were an accident, the mastermind behind him would most likely take advantage of the opportunity to deal with the sea beast clan.

"It's a pity that we don't know when our reinforcements will arrive. The safest place now is the palace. As long as we don't leave the palace, the spirit beast clan must ensure our safety. Otherwise, we'll have to face the revenge of the entire sea beast clan." Xiao Yan sighed softly, his tone revealing a rare trace of helplessness.

He knew that what he said made sense, but nothing was absolute. If the spirit beasts continued to use the Golden Dragon as a means of assassination, it might not be safe even in the palace.

If Xiao Yan was assassinated in the palace, the spiritual beasts could say that it was due to personal grudges. At most, it would be a mistake for not protecting Xiao Yan well. It was not to the extent of falling out with the sea beasts.

Xiao Yan wanted to leave the spiritual beast clan's Royal City immediately. However, he did not dare to leave before the reinforcements arrived. He was feeling extremely conflicted.

"Brother Xiao is right. If we leave the capital now, we'll only give those villains a chance to kill us. We'd better wait and see." Lin Yi nodded in agreement, but he was wondering if Skybolt pig could find the forbidden area of the void chains.

He'd already found two forbidden areas with the void chains within the Royal Palace, but the remaining three were outside the royal city-it wouldn't be easy to find them. Lin Yi didn't plan on leaving just yet, and it would be more helpful if Xiao Yan stayed.

"Brother Lin, why don't you move over to my place too? we can look after each other when we're together," Xiao Yan suggested all of a sudden, not sure if it was for LAN Guzha's sake or if he really saw Lin Yi as one of his own.

"Many thanks, brother Xiao. However, junior martial sister Li Zao and I have an alchemy task, and we can't come and go as we please. If we were to change our residence at will, I'm afraid it would attract the attention of the spirit beast clan. At that time, it wouldn't be beneficial for us." Lin Yi thanked her softly before rejecting her politely.

Xiao Yan did not mind and waved his hand, "You're right. I've been too naive. How about this? I'll let yang Wenshao and yang Tianwen stay by your side. With them, the assassins of the Golden Dragon clan can still hold them off for a while."

Xiao Yan was being quite generous to give Lin Yi one of his strong guards at a time like this. Lin Yi thought about it and didn't reject.

With these two earth formation stage experts, it was indeed much safer. Even if he didn't think for himself, he had to think about Li Zao Yi's situation.

With the two of them following him, it'd be much easier to enter the palace. Lin Yi was still waiting for the pig to find the forbidden area and set up the short distance teleportation formation.

The two of them chatted for a while more, with LAN Guzha joining in from time to time. The atmosphere was pretty good when a spirit beast came to inform them that there was a meeting of the elders, inviting Xiao Yan and Lin Yi to the meeting hall.

"Could it be about the Dragon Transformation pool? The White Tiger wants to seek justice for its own clan?" Xiao Yi was slightly stunned, feeling that the timing of this meeting was a little strange.

"We'll know once we go and take a look. " Lin Yi smiled faintly as he headed to the meeting hall with Xiao Yan.

LAN Guzha also wanted to follow but was rejected by both of them. Although this fellow had disguised himself, he was just a small character in the beginning stage of the mountain. What was the use of following him? Even if Xiao Yan wanted to bring a guard, he would definitely bring a strong one!

Xiao Yan did indeed bring a sea split stage expert with him. After the assassination attempt by the Golden Dragon, he did not dare to be too careless, even if they were in the palace of the spirit beasts.

Zheng Dongsheng was already waiting inside when Lin Yi arrived. He quickly stood up to greet Lin Yi and Xiao Xiao, but an unnatural expression flashed across the old man's face. Lin Yi almost didn't notice it if he didn't pay attention.

"Elder Zheng, you're early. Did anything happen?" Lin Yi sat down beside Zheng Dongsheng and asked casually.

"Ah? No, nothing happened. " Zheng Dongsheng quickly shook his head to deny it. This time, his expression was very good, and he did not show the slightest abnormality.

"It's best if you don 't. If anything happens, remember to tell me in advance. Otherwise, if something happens and the opportunity to save your grandson and cousin is ruined, don't blame me." Lin Yi gave Zheng Dongsheng a deep look, giving him a warning.

"Yes, yes, yes. Elder Lin, don't worry. I naturally know what to do." Zheng Dongsheng nodded and stole a glance at Xiao Yan, who was on the other side of Lin Yi. No one knew what he was thinking.

Before Lin Yi could say anything, the man in the center followed closely behind. Zheng Dongsheng subconsciously stood up to welcome him, but remembering that Lin Yi was right beside him, his body stiffened. He didn't know if he should stand up or sit down.

Fortunately, the man with the black bamboo hat did not care about him at all. He walked straight over and sat down on an empty seat. He had no intention of communicating with the others.

Zheng Dongsheng smiled awkwardly and sat down quietly. Lin Yi and Xiao Yan looked at each other and closed their eyes together.

After a dozen breaths, the four inner sect elders returned and sat down. Red Sparrow tapped on the table, signaling for Lin Yi and the others to pay attention.

"The meeting this time is actually very simple. We just want to announce a decision." Red Sparrow glanced at Lin Yi and the others expressionlessly before leaning back in her chair. "Elder Azure Dragon, you'll be the one to explain."

Lin Yi curled his lips-this Vermilion Bird sure knew how to put on airs. If he wanted Azure Dragon to tell him, then he should've just kept quiet and wasted everyone's time ...

"Alright, the decision I'm going to announce today is that the outer hall Council of Elders will be dissolved. The four outer hall elders will leave the capital immediately and we will send experts to escort you to your destination!" Green Dragon lowered his eyes, hiding his expression. His tone was calm, but the announcement shook Lin Yi and the others.

"Elder Azure Dragon, the Council of Elders of the outer hall is going to be dissolved? Wasn't this too much of a joke? Does the king know about this?" Lin Yi asked.

Chapter 6284 I'll Accompany Elder Lin

Lin Yi didn't want to jump out at this kind of thing, but it was impossible to expect Zheng Dongsheng or the man to ask. It wasn't suitable for Xiao Yan to ask, so he had to ask himself.

He didn't want to leave the capital just yet-it didn't matter if he didn't want to be an outer hall elder, but how was he going to find the forbidden area of the void chains if he left the capital? How do I save the big Frog and Wang Shiyang?

"Elder Lin, you worry too much. The outer hall Council of Elders was originally an unnecessary setting. It is also a preparation for the future. Now that the preparation work is almost done, it doesn't matter whether the outer hall Council exists or not. Everything is on the right track, so there is no need to waste everyone's precious time. When the king comes out of seclusion, we will naturally report this to the king." The Azure Dragon explained with a smile, but everyone knew that he was just spouting nonsense.

"Elder Azure Dragon, I wonder where you're going to send us to after disbanding the Council of Elders of the outer hall?" Xiao Yan suddenly spoke coldly. He was also very unhappy about this matter. Leaving the capital was equivalent to increasing the danger. It would be strange if he was happy!

"Your Highness is an honored guest of the spirit beast clan. Naturally, you can go wherever you want. Our people will follow your orders unconditionally and escort you wherever you want." Azure Dragon slightly nods his head, his posture is very proper.

Xiao Yan laughed coldly. "I think it's not too bad now. It's rare for me to be able to visit the spiritual beasts 'Royal City. I want to play for a while longer. I'm sure you won't have any problems with that, elder Azure Dragon?"

"Your Highness, I'm really sorry. You can visit any place in the South continent except the Yunwu city. It's because we have some internal matters to deal with, so it's not convenient for you to stay in the Yunwu city. This involves the secrets of our spirit beast clan, so it's not convenient for me to explain further to you here. " The Green Dragon's words were beautiful and flawless, completely blocking the possibility of Xiao Yan continuing to refute.

All in all, in short, they wanted to send them all out of the capital. This was so obvious that the ordinary guests would not have the face to stay.

Lin Yi frowned, not understanding what the four elders were up to. Did he see that he was running around to release the big Frog? That was unlikely. If they had known about this, they would have taken him down and started extorting him.

Other than this possibility, the only other possibility was that they were going to attack Xiao Yan and the rest? As long as they were out of the capital, the relationship between the spirit beast clan and the Prince of the sea beast clan would be much smaller if anything happened to him. In this way, they would not have to completely fall out with each other.

Lin Yi and Xiao Yan's eyes met—they were both smart people, and they had the same idea. They didn't know if this was what Green Dragon was planning, but Lin Yi and Xiao Yan were about 70 - 80% sure.

Since Xiao Yan was hesitating about the cooperation between the two tribes, getting rid of him and sending a different emissary from the sea beast tribe would be the simplest and most convenient method. Those so-called guards of the Azure Dragon would not do anything to protect him, and they would most likely turn around and attack him.

"Your spirit beast clan's hospitality is truly eye-opening to me, and I'm amazed! Very well, since you've asked us to leave, we'll become evil guests if we continue to stay. Let's go, but you can't possibly ask us to leave the city today, right?" Xiao Yan had his own pride. As a Prince of the sea beast clan, he was almost swept out of the door with a broom. How could he continue to stay?

After all, he had two experts at the sea splitting stage and several guards at the consummate level of earth splitting realm. If he really wanted to deal with them, he wouldn't be able to succeed without sending out a strong enough lineup.

"Your Highness is really considerate. It's best that we can leave the city today. If your Highness really feels that it's too rushed, you can leave tomorrow morning." The Green Dragon smiled as he said those words that were enough to anger Xiao Yan to death. He did not feel that there was anything wrong with it.

Lin Yi was even more certain that this was the final blow to Xiao Yan! Otherwise, offending the Prince of the sea beast clan like this would not benefit the spirit beast clan in the slightest.

In fact, the breaking of the Alliance wasn't the most fatal thing, and it wouldn't cause a devastating blow to the spirit beast clan and Central's plan. It was the complete fall out with the sea beast clan that would make the sea connecting the islands a forbidden zone for the spirit beast clan. Lin Yi didn't think that the spirit beast clan needed to take this risk. In other words, they must have some other purpose for attacking Xiao Yan.

"Today was indeed too rushed. I'll go back and pack up. I'll leave the capital tomorrow morning!" Xiao Yan's expression was as cold as ice and the fire in his heart was about to explode. The four old fogeys in front of him were too powerful and he could only hold it in for a while.

Xiao Yan did not know where the reinforcements from the sea beast tribe were. All he could do now was to stall for as much time as possible. It would be best if he could have two more hours.

"Elder Azure Dragon, how will we arrange this? Can I leave with Prince Xiao Yan?" Lin Yi asked. It was dangerous to be with Xiao Yi, but he might be able to escape with his trump card.

If the Green Dragon insisted that Lin Yi and the others couldn't go with Xiao Yan, it would be troublesome. It wouldn't be convenient to be under house arrest.

"Elder Lin, you still need to refine pills for my clan, so you won't be going with the Prince and the others. I'll send guards to send you back to your original places to continue your seclusion." As Lin Yi expected, the Green Dragon didn't want to release him.

Lin Yi was Central's biggest enemy, and they couldn't kill him easily due to some reasons. Putting him under the control of the spirit beast clan was the best choice, and they could also make suitable elixirs for the spirit beast clan. It was killing two birds with one stone.

"Elder Lin, you should return with me. We can look out for each other on the way!" The man in the black bamboo hat chuckled and spoke in a rare manner.

Zheng Dongsheng's face became weirder and weirder. Lin Yi didn't know what Zheng Dongsheng was thinking, but Zheng Dongsheng knew that Lin Yi was in a bad mood.

The man's strength was unfathomable, and Lin Yi couldn't even tell how strong he was. Lin Yi felt like he had no chance of winning against the man.

"This Prince and elder Lin hit it off very well. Since I have nothing to do when I return, I'll accompany elder Lin to his place!" Xiao Yi suddenly smiled and asked to go with Lin Yi.

This was completely out of Azure Dragon's expectations-Xiao Yan's fastest route back to the sea beast clan was in the opposite direction from Lin Yi's, spending at least twice the time.

Chapter 6285 Is It Reasonable?

But he'd already said it-other than going to the palace, Xiao Yi could go wherever he wanted, and he could go with Lin Yi.

"It's good that Your Highness wants to take a look around the southern part of the island. It's decided then. We'll set off tomorrow morning. I'll arrange for people to escort you." The Azure Dragon did not say much, as if he had no objections to Xiao Yan's decision.

"Thank you for your concern, Elder Green Dragon!" Xiao Yan smiled. His sudden decision to go with Lin Yi made sense. He was further away from the reinforcements of his sea beast clan.

If he were to leave alone, Xiao Yan estimated that he would be killed before he could even meet up with the sea beast race's reinforcements. On the other hand, traveling with the man in the center with the black bamboo hat seemed to be more dangerous, but in reality, the other party would have more scruples if they wanted to make a move.

This could be considered a gamble, but Xiao Yan felt that his choice was correct. Furthermore, following the man with the black bamboo hat might make it easier for him to find out Central's plot.

"Now that I've finished talking about the Azure Dragon, I have a private matter to ask elder Lin." The White Tiger's eyes were wide open as it looked at Lin Yi sharply.

"White Tiger elder, please speak your mind. I will definitely tell you everything I know." Lin Yi smiled and cupped his fist politely.

In fact, Lin Yi could already guess that The White Tiger was probably going to ask about Li Yan's death in the Dragon Transformation pool. After all, he was a direct descendant of The White Tiger clan, and there was no way he could just ignore it.

"Blazing heaven sent a message to me saying that Li Yan died at the hands of the Golden Dragon. The Golden Dragon is likely to be the murderer who tried to assassinate you in the palace. You are the only witness other than the Golden Dragon. What exactly happened?" As expected, The White Tiger wanted to ask about Li Yan. Lin Yi wasn't surprised.

"White Tiger elder, I've already told young master Tian everything I need to say. He should have reported it to you, right? I wonder if there's anything that elder doesn't understand that I need to explain? Please feel free to say it. " Lin Yi didn't mind repeating what happened in the Dragon Transformation pool, but his instincts told him that The White Tiger didn't seem to want to know much about it.

"Blazing heaven has indeed reported elder Lin's account to me. What I want to know is whether you think that the Golden Dragon killing Li Yan is related to the assassination in the palace? Ever since this incident happened, I have sent people everywhere to gather information. It is very likely that Li Yan

suspected the Golden Dragon's identity and deliberately went to the Dragon Transformation pool to investigate. The Golden Dragon sensed that something was wrong and suddenly killed him. Elder Lin, do you think my guess is reasonable?" The White Tiger suddenly changed the topic and brought the matter back to the assassination in the palace.

As for who directed the assassination in the palace, there was no conclusion yet. The White Tiger said this because he had used Li Yan's death to get himself out of it.

If Lin Yi didn't know the Golden Dragon's motive, he would've suspected that he'd misjudged Li Yan after hearing The White Tiger's words. Did he really want to investigate the Golden Dragon? was that why he was killed?

"Very reasonable! It's a pity that I didn't find any strong evidence to prove The White Tiger elder's words. " Lin Yi's lips curled into a mocking smile. It seemed that the spirit beast clan's internal strife was inevitable, and he was happy to see it.

The White Tiger didn't seem to care too much about Li Yan's death. Instead, it was completely focused on using this as an opportunity to strike at its opponent.

"Elder White Tiger, although the death of Li Yan is considered an internal affair of your clan, it can also be said to be a matter of the entire spirit beast clan. As for the specific truth, we must find out the truth. I have already ordered that all forces within and outside the capital will go all out to capture the Golden Dragon. I believe that this fellow will not be able to escape so easily!" The Vermilion Bird spoke unhurriedly, drawing everyone's attention to him.

The White Tiger snorted. It was clear that it did not appreciate the Vermillion bird's words. Most of the guards in the capital were in the Vermillion bird's hands. It was really difficult to say whether they could catch the Golden Dragon!

"Elder Lin, the news I received was not complete. Could you please describe what happened in the Dragon Transformation pool in detail?" Azure Dragon smiled at Lin Yi after Vermilion Bird was done. His attitude was quite nice.

"No problem. I'll start from when I was ambushed by the Golden Dragon after I left the palace ..." Lin Yi repeated what he told blazing heaven. Azure Dragon and the others all listened expressionlessly without saying anything.

"That's what happened. If the reinforcements didn't come in time, I'm afraid I would have been killed by the Golden Dragon. " Lin Yi said, still a little scared.

"In that case, Li Yan wanted to join forces with the Golden Dragon to deal with you first? In the end, he was killed by the Golden Dragon?" The Green Dragon's ability to pick a fight was not weak, and he immediately grasped the important point.

"Azure Dragon, what do you mean by this? Are you trying to say that my White Tiger clan's descendants are colluding with the Golden Dragon?" The White Tiger was instantly enraged. At this critical juncture, he did not want to take the blame.

"I didn't say that. I'm just asking about the truth. What are you so nervous about, White Tiger elder?" The Azure Dragon looked at The White Tiger in a calm and unruffled manner. He was thinking about how to make this matter true.

"Elder Lin, I want to know how you broke the Dragon Transformation pool's spell formation. This isn't something that just anyone can do. It seems that elder Lin is also a hidden master!" The Black Tortoise,

who had been silent all this time, suddenly spoke. He was also trying to help The White Tiger change the topic. It could be confirmed that Li Yan and the Golden Dragon were in contact, and it would only make things more troublesome if he said more.

Everyone was also very interested in this, so when they heard Black Tortoise mention it, they did not object.

"Elder Black Tortoise, you're too kind. I've also said that this is most likely due to yang Shaowen's efforts. If it weren't for him, I'm afraid I would have died in the Dragon Transformation pool!" Lin Yi insisted on his theory-there was no way they'd be able to tell even if they didn't believe him.

"Yang Shaowen, an expert from the sea beast clan, was not weak. However, he should have died before the Dragon Transformation pool was destroyed, right?" Everyone present was an old monster and could not be easily fooled.

"That's true, but the trump card brother yang left behind has successfully broken the Dragon Transformation pond's barrier, attracting the attention of many parties. " Lin Yi said, sticking to this point.

"Alright, these are not big matters. There's no need to get tangled up in them." The Azure Dragon said indifferently. He probably felt that he would not be able to get any useful information from Li Yan, so he decided to focus on the collusion between Li Yan and the Golden Dragon.

"Why don't you all go back first? we'll leave tomorrow morning, and there are still many things to prepare. If there are any questions, we'll ask again." The Black Tortoise spoke slowly, meaning to send the outsiders away first and that it was better to solve the internal affairs by themselves.

Chapter 6286 What Scheme Do You Have

The Vermilion Bird and the Green Dragon did not object. They had basically known what was going on, so there was no need for them to wrangle in front of outsiders.

"In that case, we'll take our leave first." Lin Yi smiled faintly as he stood up and cupped his hands. To him, it was enough to mess things up.

Xiao Yan also got up and left. Zheng Dongsheng did not dare to delay, so he quickly bowed and left. Only the man in the black bamboo hat sat still, as if he still had something to say.

Lin Yi really wanted to put a spirit beast here to eavesdrop, but even the weakest one here was at the sea Rift realm. He couldn't be sure if they would find out. If they were exposed, it would be a big problem!

So after thinking about it, Lin Yi gave up on the idea of taking a risk and left the meeting hall with Xiao Yan and Zheng Dongsheng.

"Brother Lin, do you have anything you need to pack? Why don't I go with you to your place to pack up, come to my place tonight, and leave tomorrow morning?" Xiao Yi invited Lin Yi with a smile as they walked out the door.

"It's fine. Brother Xiao, you can go back first. I'll be back soon. It won't take much time. " Lin Yi smiled and cupped his hands in thanks.

There wasn't much to pack-he'd bring the most important things with him, but Lizao Yi was still there, and Lin Yi needed to pick her up.

"Let's go together. It won't take much time anyway." Xiao Yan insisted with a smile, his purpose being to ensure Lin Yi's safety.

The Golden Dragon's whereabouts were unknown, and if Lin Yi acted alone, it would give the guy a chance to sneak attack him. With Xiao Yan and his sea shattering guard by his side, he had to restrain the Golden Dragon's level.

"Alright, let's go then." Lin Yi shook his head and didn't insist. He brought Xiao Yan and his guards to his place.

Zheng Dongsheng saw that no one was paying attention to him, so he quickly went up and smiled, ""Your Highness, Master Lin, do you think I should stay with you? I'll be leaving the capital with you guys tomorrow. "

"Elder Zheng, don't you need to clean up? Why don't you go back to your own residence first and meet up with us tomorrow morning?" Lin Yi glanced at Zheng Dongsheng indifferently, disdainful of this two-faced guy.

He couldn't get rid of Zheng Dongsheng now, or Lin Yi would've kicked him out long ago. He was an eyesore.

"No, no, I came to the South continent lightly and didn't bring anything, so I'm free to go back and forth. I don't need to go back at all. I'll go with you." Zheng Dongsheng's skin was extremely thick. He immediately seized the opportunity and insisted on occupying a place.

"Get lost! Do you have the right to speak in front of this Prince? Do you want to die?" Xiao Yan's eyes suddenly widened in anger and he started to scold Zheng Dongsheng.

At this moment, Xiao Yan once again displayed his initial strong and cold temperament. The impatience in his expression made Zheng Dongsheng feel that he would be killed by Xiao Yan at any time.

Zheng Dongsheng's back was covered in cold sweat. He was facing the Prince of the sea beast clan. In his eyes, Zheng Dongsheng was not even an ant. If he really wanted to kill him, no one would say anything. Did he expect Lin Yi to save him?

Without any words, Zheng Dongsheng immediately nodded and turned to leave. He would never do such a thing as courting death.

"Well done, brother Xiao!" Lin Yi smiled and gave Xiao Yan a thumbs up. Zheng Dongsheng was following them and it wasn't convenient for them to talk. After they drove him away, it was much more casual.

"You can't be nice to this kind of person. Otherwise, he'll be insatiable. According to my previous methods, it's best to kill him with a slap." A smile appeared on Xiao Yan's face as well. He was a completely different person compared to before.

"I don't know what the spirit beast clan is up to. They actually drove us out of the capital. We're just short of being expelled from the country." Lin Yi changed the topic to leaving the capital, and Xiao Yan's expression turned serious.

"I feel like they're going to make a move on me. Brother Lin, your journey should have been safe, but after I joined in, it's hard to say. I'm really sorry, I might have dragged you down." Xiao Yi was straightforward, telling Lin Yi what he was thinking without hiding anything.

"Brother Xiao is thinking too much. You have to know that I'm at the front of their list. You walking with me is clearly protecting me!" Lin Yi smiled faintly. It was indeed more dangerous for them to go together, but their defense would be stronger too. It didn't matter who suffered more.

If the spirit beast clan dared to attack them in public, they wouldn't have sent them out of the king City. They could kill them all at any time now. Since they didn't do that, Lin Yi believed that even if they were ambushed halfway, they wouldn't go too far. Who would believe that the spirit beast clan had nothing to do with sending out ten sea shattering realm cultivators?

"Brother Lin's words are making me feel a little embarrassed. Alright, let's not continue with the formalities between us brothers. Let's talk about something else. That black bamboo hat guy is a higher-up of the central. Does the Green Dragon want to send you to the central control area?" What Xiao Yan was most interested in right now was still central. Other than safety considerations, it wasn't like he didn't want to see Central's base on the southern island with Lin Yi.

"That's right. My hostile relationship with central is a bit complicated. They can't wait to kill me, but they have some concerns. It's best if they can kill me with a borrowed knife. I can't explain it right now, but I'll explain it to you in detail when I have the chance." Lin Yi waved his hand, suddenly moved.

The mastermind behind the Golden Dragon would probably have to eliminate the Green Dragon from the list of suspects, as the Green Dragon gave Lin Yi the feeling that he was protecting him. If the Green Dragon wanted to kill Lin Yi, there would be plenty of opportunities, and sending him back to Central wasn't one of them.

It was just as Lin Yi said-central wouldn't kill him for now, and green Dragon should know that as well. To put it simply, returning to central was giving Lin Yi a chance to leave the capital safely. If he didn't, the man would've been happy to arrange other dangerous routes.

The problem was, why did Green Dragon take care of Lin Yi? The two had met a few times, but they weren't close. Lin Yi had received some help from Green Dragon, and there must be something he didn't know.

"Senior ghost, what do you think this new Azure Dragon is plotting against me? I keep feeling that there's something wrong with him. " Lin Yi didn't understand, and could only ask for help from the damn thing in the Jade space.

He'd used up quite a lot of his ghostly things recently, but Lin Yi had quite a lot of good stuff in the Jade space, so he could recover pretty quickly.

"I can't say for sure. Maybe he felt a trace of my aura on you?" The demonic thing made a random guess, but it suddenly felt that it was very possible.

Chapter 6287 The Azure Dragon's Inheritor

"Didn't you say that the new Azure Dragon has nothing to do with you? even if he sensed your aura, he wouldn't give you face and come to take care of me, right?" Lin Yi curled his lips-he didn't think that the ghost's words had any value.

"Wait, wait, let me think. I seem to have forgotten something? What was it? That's right! This new Azure Dragon might have really sensed my aura, so he intentionally protected your life!" The ghostly thing laughed eerily. It had obviously thought of something new.

"What do you mean? Don't keep us in suspense!" Lin Yi urged unhappily, but he was secretly happy. The more things the ghost remembered, the more help it would be to him.

"I just didn't think of it, it's not that I forgot!" The damn thing explained, afraid that Lin Yi would say he had a bad memory. "The inheritance of the four inner sect elders can't be completely inherited by just a random title. In addition to the suitable talent and bloodline, there must be the inheritance of the previous elder. That kid must have felt my aura, so he paid special attention to you. Unfortunately, I'm in the Jade space, and he can't find any of my items. He must be very strange, right?"

Lin Yi was speechless at the ghostly thing's smug laughter-it only told him about something so important now? It seemed that the symptoms of memory loss were quite serious. The good news was that it was finally developing in a good direction. Being able to remember was the best proof that it was slowly recovering.

"Senior ghost, when do you think the Green Dragon started to sense your aura? The West Island? Or this time at the wind arc Sea area?" Lin Yi even suspected that he was discovered the first time he came to the southern island, but the possibility was extremely low. If that was the case, he wouldn't have been able to escape the southern island.

"You're asking me? How would I know?" The demonic thing said righteously, "If I stayed in the Jade space, how could that kid find me? it's all because you're too disappointing, always asking me for help. That's why there are times when I leak my aura and leave it on you for a while. How do you think I know when that kid found me?"

Lin Yi smiled bitterly to himself-this guy was always bothering him, and he just said he didn't know!

"If the Azure Dragon has discovered your aura, does that mean that the Vermillion Bird and the others have also discovered it? Then why did they let us go?" Lin Yi gave up on the previous question and wisely changed his direction.

"I'm afraid that only Azure Dragon would be more sensitive to my aura. Vermillion Bird and the others are stronger, but they won't be easy to detect. This is the resonance of the primordial spirit, a unique characteristic between two generations of Azure Dragons. I think that kid has already obtained something I left in the clan, so even though he's not a complete inheritor of the Azure Dragon, he's barely qualified to sense me. " The ghostly thing seemed to have recalled a lot of things, and it spoke in a very organized manner.

"Senior ghost, what did that Azure Dragon obtain from you? and what else do you have that he needs now?" Lin Yi was curious-what did the Green Dragon's legacy require? Were the Vermilion Bird, White Tiger, and black Tortoise the same?

"Er ... These are the top secrets of the spirit beast clan. I can't tell you right now, but I'll tell you in the future!" The ghostly thing coughed twice and spoke nonsense with a serious face.

Lin Yi knew that it was likely that the demonic creature's memory of this part was still a bit blurry, so he decided not to mention it. Otherwise, it wouldn't have given Lin Yi some secret. The two of them were one now, and there were no secrets between them. In the entire spirit beast clan, other than the true king bloodline, the demonic creature didn't care about anything else.

The exchange of their consciousness was completed in an instant, and Lin Yi didn't ask about it anymore, letting the ghost sort out its memories.

He went back to the side hall after a short conversation with Xiao Yan. Li Zao Yi had just finished refining and was waiting for Lin Yi.

Lin Yi explained the situation briefly and asked lizao Yi to follow him to the sea beast's base. They would leave the palace the next morning, and lizao Yi didn't have any objections.

The important things were all kept in the storage bag, so there was no need to waste time packing. The group returned to the palace of the sea beast clan without encountering any mishaps.

Perhaps all the preparations were already on their way back, so they didn't need to make any extra arrangements in the palace. However, Lin Yi and the others didn't dare to be careless and still set up a tight defense.

Fortunately, the night was rather peaceful. The next morning, Azure Dragon brought a group of twenty spirit beast experts to the sea beast clan's encampment, ready to personally send them out of the city.

"It's my honor to have elder Azure Dragon send us off personally!" When Xiao Yan saw the Azure Dragon, he sneered.

"It's a big deal that His Highness has left the capital. It's only right for the Azure Dragon to send him off. The Vermilion Bird elder was supposed to come as well, but something happened and he couldn't get away at the moment. I'm in charge of it now." The Azure Dragon smiled as if he did not hear the mockery in Xiao Yan's words and spoke at a moderate pace.

Lin Yi frowned-he'd been on high alert ever since he found out that the Green Dragon was probably very concerned about the weird aura on him. He'd felt a spirit sense sweep across his body just then, and even his storage bag wasn't spared.

If he didn't pay attention, Lin Yi wouldn't have noticed this trace of spirit sense at all. As expected, the Green Dragon still hadn't given up on finding clues about the former Green Dragon on him. Unfortunately, he was going to return disappointed this time. The ghost was staying safe and sound in the Jade space, and the Green Dragon wouldn't find anything unusual.

"Elders, you're all busy. I don't dare to trouble you. Let's say goodbye!" Xiao Yi cupped his hands expressionlessly and turned around to leave with his guards and Lin Yi.

Zheng Dongsheng had been waiting at the door for a long time. He didn't dare to call the door because he was afraid of Xiao Yan. When he saw them coming out, he quickly went forward and bowed in a flattering manner. Then, he consciously followed the team.

"His Highness is angry with us! Please forgive us for our poor hospitality this time. If there's a chance in the future, we'll definitely apologize to His Highness. Let me see his Highness out of the city today. " The Green Dragon didn't mind Xiao Yan's attitude at all, continuing to smile and talk to Xiao Yan, which Lin Yi found strange.

No matter what, if the Azure Dragon wanted to send him off, Xiao Yan could not reject him. He could only let him follow him out of the palace.

Chapter 6288 Maybe She's Acting

The 20 guards were the team that was escorting them this time. Although there were not many of them, they were all experts at the earth splitting stage and above. The leader was even a commander at the

sea splitting stage. They were quite a powerful force and were not much weaker than the guards around Xiao Yan.

The only thing they needed to worry about was that if these guys turned around and attacked them from the inside, their group would be doomed.

When they arrived at the city gate, the man with the black bamboo hat was already waiting for them. The man with the red Bamboo hat from before was nowhere to be seen. He had probably left the capital first.

Before leaving, Lin Yi really wanted to see the big fire Lion one last time, but he didn't know where he was now. In order to avoid Qinglong's suspicion, he couldn't ask the big fire Lion for his whereabouts. He could only meet him in the future.

After some farewells, the group finally set off. There was still no news from Skybolt pig, so Lin Yi could only leave him here for the time being and continue searching for the forbidden area. He'd come again when he had the chance. He had the little spirit beast to protect him anyway. As long as he didn't run into a spirit beast Master of the broken sea realm, he wouldn't be in any danger.

Once the mission was completed, the pig could use the little spirit beast to find Lin Yi. With the big frog's spirit sense, they would be able to find Lin Yi in the entire southern island.

"Lin Yi, that guy with the black bamboo hat really doesn't look good. Should we find a quiet place and take him down for a confession?" Xiao Yan had learned how to communicate with Lin Yi by now, and he carefully discussed the plan with Lin Yi.

From Xiao Yan's point of view, the people sent by the spiritual beast clan were more like surveillance than protection. However, in terms of strength, they were slightly inferior to his personal guards.

As such, as long as he had a proper plan, there was a high chance that he would be able to kill the spirit beast clan's expert and then take down the man in the black bamboo hat.

"This person's strength is unfathomable. We don't have the confidence to win. Let's wait and see!" Lin Yi shook his head and replied to Xiao Yan.

Lin Yi was happy to see the sea beasts fight to the death with central, but now wasn't the time to deal with the man with the black bamboo hat.

"Alright, I'll do as you say!" Xiao Yi didn't insist and agreed to Lin Yi's suggestion.

At this point, they had already been gone for more than half a day. The spiritual beast Kingdom had long disappeared into the distance. Xiao Yan's men were all on high alert, afraid that the expected ambush would happen. Moreover, at least half of their attention was placed on the spiritual beast guards beside them, to prevent them from stabbing them in the back.

The man didn't walk with Lin Yi and the others. He was at the front of the group, and Lin Yi and the others were at the back of the group. When the man stopped, the whole group stopped as well.

"What's happening up ahead?" A guard from the sea beast clan asked. Lin Yi's spirit sense had already scanned over and found a group of masked Men in Black not far away, quietly watching this group.

"These are the people who ambushed us? Something doesn't feel right!" Lin Yi frowned. There were about fifty people in total, a few more than their team. Judging from their auras, they were all earth formation stage and above.

However, it didn't seem very reliable to just block their way and kill them openly, especially when they were facing a target who was stronger than them. It was even stranger.

"Protect the elders!" The commander of the spirit beast clan shouted in a low voice and rushed to the front of the team in an instant. He roared, ""Who has the guts to stop our clan's distinguished guest in the spirit beast forest? Don't you want to live?"

The masked Men in Black didn't pay any attention to him. While the spirit beast commander was talking, they quickly changed their formation and formed an attack-type battle formation.

"Kill him!" The spirit beast commander's expression changed slightly. He waved his arm forward and rushed out with the 19 earth opening stage experts.

"Eh? Did they really attack to protect us? could it be that we have wrongly accused them?" Xiao Yan was a little stunned and did not know if he should let his guards follow them out.

However, considering that he could weaken the strength of the guards of the spiritual beasts and prevent their future actions from being hindered, Xiao Yan dispelled this idea and continued to sit on the mountain and watch the Tigers fight.

"Brother Xiao, pay attention to your defense. Just because you rushed out to fight doesn't mean that you're protecting us. It might just be an act!" Lin Yi warned as he extended his spirit sense to the left, right, and back to see if there were any other ambushes.

Fifty earth formation stage cultivators were strong, but they weren't enough to compare to the strength of their team. Lin Yi didn't believe that they would only send so few people.

"I understand. Let's see if it's true or not." Xiao Yan laughed coldly and looked at the battle in front of him.

However, in the next second, Xiao Xiao was completely stunned. Not to mention the fifty masked Men in Black, even the twenty expert guards from the spirit beast clan had disappeared. There were no traces of fighting at the scene, nor were there any fluctuations of spatial teleportation. However, the large group of people had disappeared just like that, as if they had never existed.

"What's going on? Where are those people?" The members of the sea beast clan instantly became nervous. If the two groups of people had fought each other until their flesh and blood were scattered all over the ground, they wouldn't have had any emotional fluctuations. However, this strange situation was really hard for them to let go.

Fear came from the unknown. No one knew if the power that had caused so many experts to disappear would suddenly fall on them, but they could do nothing but passively defend.

"Brother Lin, what's going on? Do you have any clues?" Xiao Yan was so depressed that he couldn't even be bothered with telepathy anymore and asked Lin Yi directly.

"I don't know ..." Lin Yi's spirit sense was scanning like crazy, but he didn't find anything unusual. The seventy or so Masters really did disappear!

It would be easy to explain if the illusionary mist space crack had appeared, but there were no spatial fluctuations here. It was definitely not the doing of the big Frog.

Zheng Dongsheng almost peed his pants in fear. He couldn't care less about Xiao Yan's displeasure now as he desperately squeezed into the sea beast clan's defensive circle. Because this guy seemed to be related to Lin Yi, the sea beast clan's guards didn't stop him from entering.

The only one who could still be considered calm was the man with the black bamboo hat. He stood in front of them with his hands behind his back, as if he had not seen the disappearance of the twenty spirit beast experts. The black veil on his bamboo hat did not even move.

Chapter 6289 The Impatient LAN Guzha

"Be careful, there's an enemy attack!" Lin Yi didn't have time to care about the man. He used his spirit sense and noticed that there were more than twenty masked Men in Black. They were all above earth-opening stage and they were coming for him.

The guards of the sea beast clan did not dare to be negligent and also formed a battle formation to intercept Xiao Yan. Other than the two sea Rift stage experts, almost 80% of the remaining earth creation stage guards were gone. Only yang Tianwen and yang wenshao, as well as LAN Guzha, remained by Xiao Yan's side to protect him.

The two sides collided in the blink of an eye. Countless attacks had just bloomed when they disappeared again. Everyone in the battle disappeared together, just like the previous situation!

"Hell! What's going on?" Xiao Yan was about to go crazy. So many experts under him had disappeared in a flash, how was he going to continue on the road after that?

The attack of the spiritual beasts was within their expectations. However, such a strange method of attack was beyond their imagination.

Judging from the strength of the two groups of attackers, there was no problem with a direct frontal attack. In addition, the spirit beast expert who was guarding them had turned his weapon against them. The guards of the sea beast clan were definitely not their opponents. However, the other party had used an incomprehensible method.

"Senior ghost, do you feel any fluctuations of a formation here?" Lin Yi was also suspicious-he could only ask the thing if there was a formation he couldn't see through.

"Don't worry, hold on!" The ghostly thing couldn't give an answer right away, either. After consoling Lin Yi, it started searching with all its might.

If the Azure Dragon was nearby, he'd probably be able to feel the aura of the former Azure Dragon on Lin Yi. Lin Yi had originally planned to avoid troubling these things before leaving the spirit beast forest, but it didn't work out.

Just as the two parties behind him disappeared, three masked Men in Black who were exuding powerful auras of the sea Rift stage appeared on the left like ghosts. One of them rushed towards the man in the black bamboo hat, while the other two pounced towards Xiao Yan.

Xiao Yan's two guards at the sea split stage did not dare to be negligent. They both stepped forward to fight. The aftermath of a battle of this level could very likely kill Xiao Yan. They naturally had to prevent the other party from getting close.

"Lin Yi, this is all an illusion, tell them not to act rashly!" The demonic thing suddenly roared, trying to get Lin Yi to stop the two sea shattering realm Masters.

Unfortunately, his warning came a little too late-the three men had already started fighting their targets the moment Lin Yi opened his mouth.

Without a doubt, the three strongest Masters on the scene had disappeared mysteriously again. Now, only Lin Yi, LAN Guzha, Xiao Yan, the two sea split realm guards, and Zheng Dongsheng were left. Their strength was at its lowest.

"Senior ghost, what's going on? Where did they all go?" Lin Yi asked the ghostly thing in his mind before signaling everyone to gather together and form a defensive formation.

"If I'm not wrong, there's a [Dark Illusion barrier] here! The black-clothed masked men that had appeared earlier were actually just illusions. As long as he ignored them, they would not be affected. Anyone who fights with The Phantom will be trapped in the barrier, temporarily unable to escape!" The ghost gave a simple introduction, allowing Lin Yi to understand what he was facing.

"This type of [Dark Illusion barrier] can be considered an extension of the array. It can also be considered a variant of the array. The people trapped in the barrier won't be in danger for a short period of time. What you need to pay attention to now is that the person who set up this barrier might launch a real attack after trapping most of the experts!" The ghostly thing could clearly see that after using the barrier to trap most of the people, the ones left behind would be the target of the attack.

"Then, are the opponents that appeared this time an illusion or a real opponent?" Lin Yi saw more than twenty earth-opening stage Masters rushing over, all in black with masks on and with the same menacing aura-no different from the ones before.

So the question was, should the rest of them accept the challenge? Or was he just going to see if he would be injured even if he was attacked?

"With the strength of the few people you have left, I think continuing to use Phantom is really making a mountain out of a molehill!" The ghost didn't think much of it-he knew what Lin Yi was really capable of. If there were only twenty earth stage cultivators, they wouldn't be able to do anything to them.

"No matter what, let's test them first!" Lin Yi smiled faintly. Other than Zheng Dongsheng, he didn't want to split up with the rest of them.

Therefore, the safest way was naturally to use the doppelganger to attack first as a test!

Wood forest thousand transformation!

Hundreds of Lin Yi's doppelgangers instantly filled up the distance between them and the masked man, and they were quickly destroyed by the overwhelming attacks.

This was to be expected-as long as the enemy wasn't an illusion, Lin Yi's real body wouldn't be able to take an attack from any of them, let alone these weak clones. As long as he could verify that the enemy was real, he'd have completed his mission.

"Take care to protect yourself!" Lin Yi didn't have time to say anything. He let out a low roar and stood in front of Li Zao Yi, releasing Ten Little spirit beasts from the bag.

Before leaving the capital, Lin Yi split the twenty little spirit beasts into two groups-one group was to protect Skybolt pig, and the other was with him. It was like having ten earth stage Masters hiding in the dark, and this time, they came in handy.

Thousands of earth-opening stage attacks suddenly burst out, covering the space in front of them. The more than 20 masked Men in Black did not expect to encounter such a dense and crazy wave of attacks. Their original estimation was that at most three or four of them could resist it, and they did not even have the ability to fight back. They did not expect to be hit by a sneak attack before they even had the chance to fight.

In the blink of an eye, seven or eight masked Men in Black at the initial stage of earth creation realm were torn into pieces by the concentrated attacks of the little spirit beasts. The remaining fifteen who were stronger were half seriously injured and half slightly injured. The losses were extremely heavy.

It was a pity that after the ten Little spirit beasts unleashed their full power, they had to wait for a period of time to recover. Otherwise, they would have taken this opportunity to launch another wave of attacks, and they might have been able to kill more than 80% of the black-clothed masked men.

"Hahahaha! It turns out that you're just a group of people who look strong on the outside but are actually weak on the inside. Watch how I'll deal with you!" LAN Guzha burst out laughing as he rushed out. This fellow had been waiting impatiently for a long time. How could he miss out on the good thing of fighting?

He couldn't hold back from the previous waves of Phantom attacks because Lin Yi didn't give the order, and the Masters were too fast for him to keep up.

#### Chapter 6290 Must Leave Quickly

It was better this time. Although Lin Yi's clone couldn't stop the opponent, it did stop it for a moment. Then, the little spirit beast's attack brought an unexpected effect. It was the best time for LAN Guzha to attack!

Although this guy was only in the mountain opening stage, the combat power of the royal family of mutated sea beasts was not to be underestimated. It was not a problem to deal with ordinary earth opening stage monsters.

In just one exchange, LAN Guzha had successfully killed a heavily injured masked Man in Black. At the same time, he had restrained the other three spirit beast experts who were slightly injured.

Yang Tianwen and yang wenshao, the two cultivators of the consummate level of earth splitting, roared and protected Xiao Yan as they launched their attacks with all their might. They wanted to kill a few of the stronger opponents as soon as possible to alleviate the crisis this time.

Lin Yi didn't stay idle either. He stood in front of li Zao Yi and quietly threw out three spirit sense vortexes to join the refinement fire. They landed in the group of black clothed masked men and madly spun, tearing their primordial spirits.

These men were strong, but their spirits were terrifyingly weak. The spirits on Sky Class Island were at the beginning of their cultivation, and in the ancient martial world, they would be at the Golden core stage at most. They couldn't be compared to Lin Yi at all.

As the divine sense vortex wreaked havoc, the remaining black-robed masked men immediately let out blood-curdling screeches. Be it attack or defense, they were all caught in a standstill. Xiao Yan, LAN Guzha, and the other two instantly killed the four black-robed masked men who were slightly injured as if they were chopping vegetables.

"If I had known that their primordial spirits were so weak, I wouldn't have exposed the little spirit beast!" Lin Yi couldn't help but roll his eyes as he mumbled to himself.

He thought that a spirit beast of this level would have a stronger defense in terms of their Yuan Shen, but ... There was no result. Lin Yi could defeat these earth stage masked men by himself!

In just two short breaths, the rest of the men were all killed. Lin Yi finally grabbed a heavily injured man to interrogate, but he didn't expect him to commit suicide!

"Argh! How can these guys not have any strength to fight back? it's not as fun as fighting by myself!" LAN Guzha swung his arms and grumbled heartlessly that his opponent was not strong enough.

Xiao Yan, on the other hand, looked at Lin Yi with a meaningful look before nodding with a smile. "Brother Lin, you're indeed a real person. You're much stronger than the few of us!"

"Brother Xiao must be joking, I just happen to have some tools to restrain the opponent!" Lin Yi smiled faintly, not intending to explain.

The little spirit beasts were good at hiding, and they couldn't keep up after the explosion, so Lin Yi put them back into the bag. Only people who had experienced the vortex could understand how terrifying it was, and the sea beasts he avoided wouldn't notice it.

So Xiao Yan could only guess if Lin Yi didn't want to tell him. It was impolite to ask about other people's cards, after all, so he didn't ask anymore after Lin Yi brushed it off.

"Brother Lin, we still don't know where the others are. What should we do?" After seeing Lin Yi's strength, Xiao Yi unconsciously treated him as his backbone.

"Brother Xiao, I've read about this situation in a certain ancient record. I vaguely remember that it seems to be a kind of illusionary boundary. Those people who disappeared should still be here, but they're trapped in the boundary and can't escape for the time being." Lin Yi couldn't bring up anything weird, so he could only explain the situation to Xiao Yan by saying he saw it in some ancient book.

"Then, does brother Lin have a way to break the barrier?" Xiao Yi's eyes lit up as he looked at Lin Yi with anticipation.

The two strongest sea Rift stage experts beside him were still within the barrier. If he wanted to return to the sea beast clan safely, he could not give up on these two core forces. Of course, the remaining earth splitting stage experts were equally important. However, Xiao Yan's priority was still the two sea Rift stage guards.

"I haven't thought of it yet!" Lin Yi shook his head helplessly. If the thing couldn't think of a solution, there was no way he would know.

If it wasn't for the ghost, Lin Yi wouldn't even know what the dark illusionary barrier was. How was he supposed to solve the problem?

Xiao Yan immediately fell silent. Even though the twenty or so masked experts in black were so easily taken care of, he would not believe that there was no follow-up ambush.

Xiao Yan didn't think that they could last long without these Masters protecting them, especially since Lin Yi said that they were using tools. They wouldn't be so lucky next time.

However, staying here would not solve the problem. If they did not leave as soon as possible, they would only be waiting for death if they were still here when the enemy launched their second wave of attacks.

"Brother Xiao, we must leave this place!" Lin Yi's face changed before Xiao Yan could think of what to do, signaling for them to run.

"What's wrong?" Xiao Yan was slightly stunned. To ask him to give up on the guards trapped in the barrier was almost the same as giving up a life-saving talisman.

"There's another large group of experts from the spirit beast clan coming over. Among them are existences at the sea splitting stage. We're not their match!" Lin Yi explained with a voice transmission, signaling for them to leave.

If this group was the same as the ones before, Lin Yi wouldn't feel any pressure at all. One Spirit sense Whirlpool would be enough to wipe out more than half of them. The problem was that he noticed that these spirit beast Masters weren't wearing black clothes and masks. Instead, they were all dressed in white, as if they were afraid that people wouldn't notice. They were obviously not the same group.

The masked man's spirit was weak, and he died so quickly after being caught. He was obviously a death warrior or something, and probably a master who used some secret technique to help him grow. That was why Lin Yi's spirit attack could easily destroy him. The one who came now was probably not so easy to deal with.

In the entire spirit beast clan, Lin Yi only had a few friends like the Great Fire Lion, and they were all weak existences. These people in white were obviously not his friends, and facing these powerful spirit beasts with bad intentions, when should he not run?

Considering that a spirit beast in the sea split realm wasn't much weaker than Lin Yi in terms of essence spirit, spiritual senses wouldn't be of much use. He still had the Black Pearl as a trump card, but how could he waste something like this? Therefore, it was the best choice to avoid it.

"Brother Lin, how many people are there? How many are at the sea shattering realm?" Xiao Yan was slightly flustered. Without the two guards at the sea split stage by his side, he did not have the confidence to face the pursuit of the experts of the spirit beast clan.

"There are about thirty of them. Two of them are at the sea Rift stage. Everyone, try to conceal your auras and don't expose your whereabouts." Lin Yi reminded him telepathically and asked yang Tianwen to help Zheng Dongsheng. He himself led Li Zao Yi forward.
