

Bodyguard 6321

Chapter 6321 Quickly Stop The Ship!

"Master Lin, the spirit beasts have fallen out with the central region. Right now, the southern part of the island is in chaos. I think we have a chance to fish in troubled waters. As long as we can save my grandson Zheng Tian Qing and my cousin Zheng Dong Jue, the Zheng family will definitely follow Master Lin's lead. We will definitely do our best to complete any order!" After Zheng Dongsheng calmed down, he realized that this was a good opportunity. He got his flying spirit beast closer to Fei Yi and asked Lin Yi to help again with a smile.

"Zheng Dongsheng, you're not trying to harm me, right? Didn't you see how the spirit beast clan was trying to kill me?" Lin Yi frowned and glared at the old man impatiently, "Also, I don't have the time to go to the southern island now. Even if I do, I don't have the ability to save them. Didn't I tell you that I'll naturally fulfill my promise when I'm stronger? If you don't believe me, then stay away from me!"

"Of course not. Of course, I believe in Master Lin. It's just that I miss my grandson and brothers too much. That's why I'm a little anxious. I thought that with Master Lin's heroic bearing, he might be able to succeed just by giving it a try. Since Master Lin doesn't feel confident, of course, I'll wait until he's confident." Zheng Dongsheng quickly put on a smile and changed the topic. No matter what, he didn't dare to offend Lin Yi now.

Zheng Dongsheng himself didn't realize that he respected Lin Yi more and more. When they were enemies before, he never had an advantage over Lin Yi, but he didn't feel like this either. If he could talk to Kang Zhaoming, he would find that he felt the same way as Kang Zhaoming.

"So, what do you want by following me? If there's nothing else, then go do your own things!" Lin Yi waved his hand impatiently. He wasn't a bloodthirsty person, or he would've killed these Zheng family people a hundred times over.

Seeing that Zheng Dongsheng had cooperated with him once in the southern island, Lin Yi couldn't turn against him before he fulfilled his promise. He could only let Zheng Dongsheng stick to him like glue.

"Master Lin, I actually want to go back to the East continent to take a look too. I heard that Master Lin is going to the East continent this time too, so I thought that we could go back together." Zheng Dongsheng smiled submissively. He actually wanted to keep an eye on Lin Yi, in case he couldn't find him in the future.

Once Lin Yi broke through, Zheng Dongsheng was ready to bring up the past and ask Lin Yi to go to the southern island to save the people. He understood Lin Yi's personality well-as long as it didn't cross his bottom line, he could talk about anything. If it was someone with a more violent personality, he wouldn't dare to watch him so closely.

"Do as you wish, just don't get in my way." Lin Yi shook his head and directed feiyi to fly towards the North Island.

Zheng Dongsheng didn't dare to delay and followed. Fortunately, feiyi didn't go at full speed, so he could see the back of Lin Yi and the others.

He didn't even land on the North Island when someone came up to him-it seemed to be a disciple from the rising Sky Pavilion.

"Senior brother Lin, you're finally here! The ship to the East Province has been waiting for you for a few days. If you don't come today, we'll set off at noon. Little Senior Sister Shangguan is going crazy with worry, hurry to the dock and board the ship. " The disciple had been waiting for a long time, and started blabbering as soon as he saw Lin Yi.

Lin Yi was a bit surprised-it seemed like there were Sky Tower disciples waiting for him all over the island, and they'd stop him as soon as they saw him.

It was almost noon, and the fleet should be setting off soon. Lin Yi wanted to find the king of junk and his friends from the GreenCloud Pavilion to catch up, but it seemed like he didn't have time.

"Is Pavilion master Shangguan over there?" Lin Yi needed to give Shangguan Tianhua an answer regarding the South Island. Although Shangguan LAN 'er was going to the East continent, and Shangguan Tianhua would most likely send her off, Lin Yi couldn't be sure what a master like him would do.

"Yes, because we're about to set off, the pavilion master is also there." The disciple brought Lin Yi and the others in a hurry, turning back to answer his question respectfully.

Lin Yi's reputation in the North Island was quite shocking now. Among the new generation of disciples, no one could stand up to him. Gongyang Jie was probably the only one who could be compared to him, so this disciple respected Lin Yi from the bottom of his heart, not just because of Shangguan Tianhua and Shangguan LAN 'er.

Lin Yi was relieved to hear that Shangguan Tianhua was there as well. It made sense-it wasn't just Shangguan LAN 'er who was leaving this time, the vice principal of the Feiyang school, Shangguan LAN 'er's master, Zhang jinmiao, was also here. It was only right for Shangguan Tianhua to send her off personally.

However, if that was the case, he would have to see his friends from Beidao again the next time he returned.

When they arrived at the dock, the fleet had already set sail. Shangguan Tianhua was waving at the deck of the ancient warship on the dock. Zhang jinmiao and Shangguan LAN 'er were on it.

Shangguan LAN 'er's expression was a little lonely, and she waved at her Grandpa perfunctorily. Her big eyes kept looking in other directions, most likely to see if Lin Yi could make it back in time.

Shangguan LAN 'er didn't even bring Curly Bear with her because she was going to the mystic class Sea area to study. She wouldn't feel lonely with Lin Yi's company, but she didn't expect Lin Yi to stand her up. It was easy to imagine how disappointed she was.

The curly Bear, who was waving its paws at Shangguan LAN 'er on the shore, suddenly turned its head and cried out happily. Its chubby body rushed towards Lin Yi who was rushing over.

"Stinky thing, I haven't left yet and you're already playing by yourself!" Shangguan LAN 'er was just looking at Curly Bear when she realized that the little guy had run away. One could imagine how bad her mood was, but she immediately became happy, because she saw Lin Yi's arrival!

"Hahaha! Master, master, my Lin Yi Junior Brother is here! Tell them to stop the boat and wait for him to board!" Shangguan LAN 'er was extremely happy. She held Zhang jinmiao's arm with both hands and shook it quickly, her feet still jumping.

"Alright, if you keep shaking, master's arm will be broken by you." Zhang jinmiao smiled and reached out her hand to touch Shangguan LAN 'er's fair forehead.

Shangguan LAN 'er shrunk her neck and stuck out her tongue, letting go of Zhang jinmiao's arm. She realized that the ancient battleship stopped moving again without her master's command. Captain ao Tianba came to the side of the ship and waved at Lin Yi with a big smile.

Chapter 6322 East Province! Set Sail!

Lin Yi got a little intimate with Curly Bear, who was pouncing on him, before sending it off to play. Shangguan Tianhua was smiling at him, and Lin Yi didn't want to waste his time with Curly Bear.

"Pavilion master, I'm back!" Lin Yi brought the group in front of Shangguan Tianhua and greeted him with a fist salute.

"You came just in time. Otherwise, LAN 'er would blame me for sending you out and not being able to catch up with her to go to the East Province." Shangguan Tianhua waved his hand with a smile, telling Lin Yi not to stand on ceremony. His eyes, however, were filled with admiration.

With Shangguan Tianhua's eyes, he could tell that Lin Yi's true strength had undergone a complete transformation. Although his level didn't increase, his combat strength was definitely several times stronger than before, especially the degree of condensation of his spirit and the powerful aura emitted by his consciousness. Not to mention mountain split realm cultivators, even Earth split realm cultivators might not be able to have such power. Only sea split realm cultivators could be compared to him.

Of course, this was determined by the Sky Class island's spirit cultivation system. If it was the ancient martial world's system, Lin Yi's spirit and spirit would only be a lot stronger than others of the same level. It was impossible for him to cross two levels, but unfortunately, there was no such strong practitioner in the ancient martial world.

"I was delayed for some time. I didn't expect the departure date to be today. It's a good thing I came back in time." Lin Yi was sweating as well-he'd been waiting on the island for a couple more days, otherwise he wouldn't have been in such a rush.

The southern island was important, but he'd already taken care of most of it, which was why he wasn't in a rush to come back. It wasn't appropriate to send the news first, and it wouldn't be good if it got out. That was why Lin Yi decided to tell Shangguan Tianhua in person.

"You've worked hard on this trip to the South continent. Did you gain anything?" Shangguan Tianhua asked with a smile. With his strength, as long as he didn't want anyone to overhear his conversation with Lin Yi, no one would be able to eavesdrop on them.

"I did find something, but it's a long story. Pavilion master, please wait a moment. I'll ask brother ao Tian to set sail later." Lin Yi greeted ao Tianba from a distance. The southern island wasn't something that could be explained in a few words, but with their friendship, it wasn't a big deal to delay the departure.

"There's no need for that. The voyage this time is rather tense. In order to avoid any delays, let's talk directly on the ship. Vice President Zhang jinmiao will also listen. After I'm done, I'll rush back on my own." Shangguan Tianhua waved his hand, and Lin Yi and the others were all on the ancient warship. Ao Tianba had already activated the shield when he saw Lin Yi, so they weren't stopped.

"Lin Yi, Lil" bro, what took you so long? Everyone has been waiting for you for many days! If we don't leave now, we won't be able to make it for the registration. " Shangguan LAN 'er ran over, complaining, but her little face was full of bright smiles, without any intention of blaming him.

As long as Lin Yi was here, Shangguan LAN 'er was already very, very happy!

"I'm sorry, I was delayed and didn't pay attention to the date. I've kept you waiting!" Lin Yi smiled and gave Shangguan LAN 'er a look before greeting Zhang jinmiao, ao Tianba, and the others.

After some small talk, Shangguan Tianhua went into an empty room, ready to talk to Lin Yi about the southern island.

The ancient battleship set off again, and Hao Zili, Zheng Dongsheng, and the others were taken away by ao Tianba to arrange rooms. Only Zhang jinmiao and Shangguan LAN 'er followed them into the room.

After the four were seated, Shangguan Tianhua smiled at Lin Yi. "Now that there are no outsiders, tell me in detail what happened to you in the South continent."

"Yes, Pavilion master!" Lin Yi nodded. He started from the time he explored the ruins with li Zao Yi, and he felt that it was necessary to let Shangguan Tianhua know about the refinement of spirit beast inner cores.

As expected, this matter surprised Shangguan Tianhua. The spirit beast clan did not have much demand for elixirs, so many precious spirit herbs grew in the forest of the southern island. Except for those that could be directly consumed by spirit beasts, almost no spirit beasts would touch them. There were some adventurers among human cultivators who specifically looked for these high-grade spirit herbs to sell. It was dangerous, but the profits were high.

After the spirit beast clan consumed the elixir refined from the spirit beast's inner core, these spirit herbs would obviously become something that the spirit beast clan needed, and it would be even more difficult to obtain them in the future.

But that wasn't the main point, and Shangguan Tianhua didn't interrupt Lin Yi.

When Lin Yi mentioned the illusion fog space and the frog, Shangguan Tianhua was moved. An ancient beast with unfathomable strength would be a great threat to the human race once it was born.

"Lin Yi, what's your plan for that Big Frog?" Shangguan Tianhua cut Lin Yi off for the first time after he left the illusionary mist space.

"I wanted to let him out." Lin Yi didn't hesitate. This was something he'd decided a long time ago, and even if the Alliance was destroyed, it wouldn't change.

"It's good that you can think this way. It's true that one must keep their promises. " Shangguan Tianhua nodded, praising Lin Yi's decision."Moreover, your friend is still in the beast's hands. You can't just leave him be. But have you ever considered that the beast's power may be beyond your imagination? once it breaks free, it may be a disaster for our human race. How should we deal with such a situation?"

"Pavilion master, we'll discuss this matter later. I'll continue to describe it later. Because the situation has changed a lot, I actually hesitated about whether to release the big Frog or not." Lin Yi only smiled faintly, not answering the question immediately.

"I was too impatient. Please continue." Shangguan Tianhua couldn't help but chuckle, waving his hand for Lin Yi to continue.

Shangguan LAN 'er blinked her big eyes, envious of Fang Zao Yi. Junior Brother Lin Yi went to the southern island and experienced so many ups and downs, dangerous and exciting things, while she could only play with curly bears in the northern island. It was really boring! Luckily, it was finally her turn to go to the East continent with Lin Yi-it should be more interesting than the South continent, right?

Well, he was thinking too far ahead-let's continue listening to Lin Yi's exciting stories!

Lin Yi continued to talk about what happened after he entered the spirit beast King City. Some of the twists and turns were even better than the illusion fog space, but Shangguan Tianhua, Zhang jinmiao, and the others didn't interrupt him anymore. Even when they heard about the spirit beasts, sea beasts, and the central Alliance, their expressions only changed slightly.

Chapter 6323 A Well-Deserved Genius

Lin Yi only stopped after he finished talking about how they escaped the southern island and entered the sea. He tried to get to the main points, but it still took a lot of time.

Shangguan Tianhua sat quietly in his chair, organizing Lin Yi's words in his mind. There was too much information, and he had to digest it first.

"Lin Yi, you've really done a great job this time! I just wanted to collect some information about central, but I didn't expect you to see through such a huge conspiracy!" Zhang jinmiao was the first to speak up, praising Lin Yi while still feeling a little scared.

If they didn't send Lin Yi to the South continent to collect information, the spirit beast clan might start to attack the islands with the power of a three-way Alliance. With the number of top masters of the spirit beast clan, plus the sea beast clan and the central continent, the islands would be crushed even if they all gathered together, let alone fighting on their own.

"I was just lucky." Lin Yi shook his head humbly. He was indeed quite lucky.

"In this world, you can be lucky once, but not twice or thrice. You don't need to be polite!" Shangguan Tianhua smiled as he pointed at Lin Yi. "In this entire matter, your decisions and thoughts were very mature, and your choices were extremely appropriate. Although I have my reservations about the consequences of releasing the beast, I agree with what you've done. "

"That's right, releasing the ancient beast to cause internal conflict in the spirit beast clan is a brilliant idea. It's a pity that you didn't have enough time to complete it, Lin Yi. Otherwise, the spirit beast clan would've been in deep trouble already. " Zhang jinmiao commented, satisfied with Lin Yi.

Lin Yi was only supposed to accompany Shangguan LAN 'er to the East Province, but Zhang jinmiao felt that she should get Lin Yi into Feiyang school at all costs.

Such a genius with courage, wisdom, and luck, and also an alchemy master, if he joined Feiyang college, he would definitely be able to raise the status of Feiyang college by a level. Fortunately, he was from the same school as his disciple, Shangguan LAN 'er. As the saying goes, the pavilion closest to the water enjoys the moonlight first. This innate advantage must be used well.

"There's no rush for the ancient beast. Although he can cause infighting within the spirit beast clan, he can also unify the spirit beast clan by force. Lin Yi's strength is not strong enough, and it might not be a bad thing that he didn't succeed in releasing it this time. " Shangguan Tianhua saw through everything, and his thoughts were in line with Lin Yi 's.

Releasing the giant frog now was the last resort that he had no choice but to do. After splitting up the sea beast clan and destroying the three-way Alliance, he was no longer in such a hurry.

"Right, Lin Yi, what's your strength level now?" Shangguan Tianhua's tone suddenly changed, as if he was considering what level Lin Yi would need to be to release the frog.

Lin Yi blinked as well-he should be able to tell Shangguan Tianhua's level of strength as long as he didn't try to hide it. Was there a need to ask?

"I'm now at the great circle of black Ascension, and I can break through to the mountain opening stage at any time. However, I feel that I can still accumulate more, so I'm not in a hurry to break through." This was his strength on the surface, and Lin Yi didn't need to hide it.

Besides, everyone in the room was trustworthy, and Lin Yi didn't have to hide it from them.

Zhang jinmiao's eyes brightened. Before Shangguan Tianhua could say anything, she interrupted,""Lin Yi, you made the right choice. You'll have more potential if you break through later than if you break through in a hurry, so don't rush into it, okay?"

Lin Yi was a little taken aback, not understanding why Zhang jinmiao was suddenly so passionate and eager to teach him about practicing. But that was his plan anyway, so he didn't feel disgusted. He nodded after thanking Zhang jinmiao.

"You're thinking of getting Lin Yi into Feiyang school, right? Don't worry, he's going to accompany LAN 'er to the mystic division Sea area anyway, so he can't run away. " Shangguan Tianhua smiled and turned to Lin Yi."Deputy Dean Zhang hopes that you can enter Feiyang college as a student. However, the college has strict rules. You can only be a young man in the xuansheng stage. Those who are below or above the xuansheng stage are not qualified to be a student."

"So that's how it is! Don't worry, President Zhang, I'm going to keep little Senior Sister LAN 'er company. I won't go anywhere other than the Feiyang college. " Realization dawned on Lin Yi-if he were to level up, he'd lose the chance to enter the school as a student-that was dangerous. He was at the stage of breaking through, and he didn't have the time to consolidate his strength after breaking through. It was

only after he found out that he could accumulate more in the secret realm that he didn't choose to level up. He was quite lucky.

Hearing Lin Yi's attitude, Zhang Jinmiao smiled happily. She didn't expect to not only get a talented disciple like Shangguan Lan'er, but also get Lin Yi, who couldn't even be described as a genius, to join the Feiyang school. This trip was worth it!

"Lin Yi, I wasn't asking about your strength level on the surface, I was asking about your true strength." Shangguan Tianhua asked Lin Yi again after the brief interlude. His eyes were sharp, and he could tell that Lin Yi's true strength was not as simple as it seemed.

Lin Yi understood—he knew what Shangguan Tianhua's strength was like, and he didn't need to ask.

"With my current combat strength, it shouldn't be a problem for me to cross realms and deal with those in the mountain opening stage." Lin Yi muttered to himself, deciding to be a little conservative.

After going through the secret realm, Lin Yi didn't even need to use his trump cards to be able to fight against normal Masters from early to peak early Earth-opening stage, and he could even be stronger if he used his ultimate moves. But those who could reach earth-opening stage weren't normal, so he could probably deal with mountain opening stage Masters.

"As expected, your potential is shocking. To be able to reach this stage, everyone is an invincible genius. Of course, invincible doesn't include those geniuses of the same level—it's only for normal practitioners. Lin Yi, you're already a genius!" Shangguan Tianhua smiled, full of praise for Lin Yi's strength.

In fact, he could tell that Lin Yi was holding back. After all, this little guy's essence spirit and consciousness were so strong, and he was still at the stage of mountain-splitting with a thought. It was a waste of talent to fight someone at the mountain-splitting stage.

Chapter 6324 Take Good Care Of LAN 'Er

"He's indeed a genius. He's able to deal with an opponent at the great circle of mountain split with his great circle of mysterious Ascension cultivation level. Although he's not unprecedented in his talent, he's still a top-tier person!" Zhang jinmiao was also full of praise. She was extremely happy that she was able to recruit such a genius.

Lin Yi's description didn't go into the details of the battle or the opponent's strength, so Zhang jinmiao didn't have a clear idea of his strength. After hearing Lin Yi's words, she finally understood how strong this guy was.

Who knew what Zhang jinmiao would think if she knew that Lin Yi was just being modest.

"Pavilion master and vice headmaster, you flatter me. I only had a fortuitous encounter. There are many people who are more powerful than me. My strength is still far from enough." Lin Yi was still quite low-profile in front of the two seniors.

However, he was still very curious about Shangguan Tianhua's strength, because he could see through Zhang jinmiao's strength. She was a complete earth-splitting cultivator! In the royal city of the spirit beast clan on the southern island, this strength might not be considered outstanding, but on the Sky Class Island, it was an absolute master.

According to The Guardian contract, no one in the sea splitting realm would be able to come out into the world, so in theory, a master in the great circle of earth splitting realm was the strongest. However, Lin Yi couldn't see through Shangguan Tianhua's strength at all. Zhang jinmiao couldn't tell Lin Yi's true

combat strength, but Shangguan Tianhua could. From these signs, Shangguan Tianhua should be much stronger than Zhang Jinmiao.

Perhaps Shangguan Tianhua had not been at the sea split stage when he became the pavilion master of the rising Sky Pavilion. Although he had broken through later, he had never fought. Therefore, no one knew his true strength.

"It's right for a young man to be humble, but don't undervalue yourself. Your talent is definitely the best among your peers. Go to the mystic division Sea area and train yourself. When you come back, you might have enough strength to fulfill your promise to the ancient beast, and it won't matter if you let him out." Shangguan Tianhua encouraged Lin Yi and changed the topic back to the cooperation between the spirit beasts and central.

"Although Lin Yi has broken the Alliance this time, the central forces have spread all over the islands. With them as spies, the spirit beasts can easily take down the islands even without the help of the sea beasts. Also, the restrictions on the islands are far less effective on the spirit beasts than on the sea beasts. I'll inform the islands about this as soon as I go back and clear the central forces, and improve the restrictions on the spirit beasts."

"Pavilion master, there's one more thing that I haven't finished. After leaving the southern island, I found out that my friends in the middle Island had accidentally destroyed the Central's plan to build an air mechanized Army. This plan was originally used to transport the spirit beast clan for an overseas expedition. After it was destroyed, the spirit beast clan and the central had a Rift." Lin Yi had an agreement with central, but that didn't stop him from telling the truth.

After a slight pause, Lin Yi continued, "Because of this plan, central was forced to sign an alliance with me. They agreed to do their best to help the islands defend against any invasion when the islands are attacked. The crack I'm talking about is that the spirit beast clan and central have fallen out with each other on the southern island. The relationship between the two sides has entered a cold period.

"You mean you don't need us to deal with central? They'll come and help us at a critical moment?" Shangguan Tianhua raised an eyebrow, surprised at Lin Yi's reaction.

He asked Lin Yi to go to the South continent to investigate central. There was no reason for him to keep hiding now that he had something on central. What if central suddenly turned around when the spirit beasts attacked?

"That's roughly what he meant. " Lin Yi thought for a moment and added,"but we can't trust the people in central too much. I may have signed an agreement with them, but we all know how effective it is. So we still have to continue to investigate the various strongholds in the monitoring center. If they do anything, we'll take care of them immediately to avoid the consequences."

"Well said! I'll make the necessary arrangements. Is there anything else you need to say?" Shangguan Tianhua was already preparing to leave. He had already gathered all the information he needed and had come up with the appropriate countermeasures. There was no need to waste any more time on the ship.

"That's all for now. If there's any new situation, I'll find a way to contact the pavilion master from the East Province. " Lin Yi shook his head, indicating that he had nothing else to say.

"In that case, I'll go back first. LAN 'er, listen to Master's words and cultivate well, okay? Don't be so playful-you'll only be a burden if you go out with Lin Yi when he goes on an adventure. The South Island is already that dangerous, and the East continent will only be worse! You have to be careful!" Shangguan Tianhua stood up and gave Shangguan LAN 'er some more instructions.

"I know, Grandpa! You've already said it so many times, my ears are about to grow calluses. Do you like to be long-winded when you're old?" Shangguan LAN 'er did not give in. She gently stomped her feet and acted coquettishly, giving off a lovely aura.

Lin Yi smiled. No matter how strong a master was, he would still become a normal elder when it came to someone he cared about, and Shangguan Tianhua was no exception.

Shangguan Tianhua laughed out loud. He did not know what to do with this girl. Otherwise, he would not have asked Zhang jinmiao to take her in as a disciple. The pavilion master of the rising Sky Pavilion was the best teacher in the world.

After exchanging a few more words that did not matter, Shangguan Tianhua took the lead and left the room.

The ancient ships and fleet were quite fast, and they were already quite a distance away from the North Island. They couldn't see the island with their naked eyes, but luckily, there were some normal flying spirit beasts on the ships. As the honorary vice-captain, Lin Yi could lend one to Shangguan Tianhua.

"Then I'll go back. Lin Yi, take good care of LAN er. When you come back, it'll be time to settle the score with the spirit beast clan and central!" Shangguan Tianhua ordered Lin Yi in a low voice. He didn't wait for Lin Yi to reply before waving at Zhang jinmiao and Shangguan LAN 'er. He patted his flying spirit beast and flew out of the gap in the shield.

Lin Yi smiled and cupped his hands at Shangguan Tianhua, who was far away. With him on the northern island, Lin Yi was at ease.

Seeing her grandfather disappear into the distance, Shangguan LAN 'er finally felt a little sad. Although she had been to other islands in the past, such as the West Island, the middle Island, and so on, it had not been for a long time. She had not left Shangguan Tianhua for a long time. But this time, it was different. She had gone to the Academy in the mystic division Sea area. She did not know how long it would take for her to graduate.

Chapter 6325 I'm Going To Cultivate

It was a good thing that Lin Yi was here, and she wouldn't be too lonely. Plus, her master was nice too, and Shangguan LAN 'er was happy.

"Lin Yi Junior Brother, let's go Tour the ancient battleship, it's fun here." Shangguan LAN 'er, who was happy again, let go of Zhang jinmiao and jumped to Lin Yi's side, pulling on his sleeve, wanting to take a look around the warship.

Lin Yi was the honorary vice-captain of this ancient warship. He wasn't a very competent one, but he knew the situation of the entire ship. Did he need Shangguan LAN 'er to tell him if it was fun or not?

"Alright! Where are we going?" Lin Yi smiled, not trying to dampen the mood. He followed Shangguan LAN 'er around.

Zhang jinmiao turned around with a smile. If it was someone else, she wouldn't let her disciple go out alone, but it was Lin Yi. In Shangguan LAN 'er's heart, she probably didn't even care as much as Lin Yi did. Besides, Lin Yi was a talent that Feiyang college had to win over. The closer he was with Shangguan LAN 'er, the better it would be for the college.

All that was left was the exam, and he hoped that Lin Yi wouldn't show off too much, in case the other schools targeted him. Feiyang school was famous in the mystic division Sea area, but it wasn't the most famous school. There were a few schools that were stronger than them, and those were the top schools.

With Lin Yi's strength and talent, he'd definitely be fought over by all the schools once he reached the mystic division Sea area. The only person who could get him into the Feiyang school was probably the little girl Shangguan LAN 'er!

So Zhang jinmiao couldn't wait for Shangguan LAN 'er to stick to Lin Yi all day long, and they couldn't leave each other. This was the best condition-with a new guy like Lin Yi, no other school would be able to suppress Feiyang school!

Shangguan LAN 'er felt that these past few days were her happiest days. Although Curly Bear was staying on the North Island, having Lin Yi by her side seemed to be more interesting than Curly Bear.

Curly Bear, who was on the North Island, looked at the endless sea resentfully, wondering if Shangguan LAN 'er had forgotten about him. Then, she turned around and ran off to cause trouble.

If Lin Yi knew that he was more interesting than Curly Bear in Shangguan LAN 'er's heart, who knew what he would think ... Curly Bear ...

"Lin Yi, Lil" brother, did you notice that we've been sailing for a few days, but we haven't seen a single sea beast? Could it be that the fleet is too strong, so they're avoiding us?" Shangguan LAN 'er, who was enjoying the sea breeze on the bow deck, suddenly asked a question that Lin Yi didn't even notice.

It made sense. Normally, even if the sea beasts did not attack the fleet, they would not avoid it from far away. It was indeed unusual that they had not seen any sea beasts for the past few days.

"Maybe so. This is an ancient warship. When it was on the northernmost Island, it broke the sea beast tide apart. It must be famous now!" Lin Yi smiled and started talking nonsense.

However, he was thinking to himself, could it be because of Xiao Yan that such a situation occurred? the communication Pearl that Xiao Yan gave him previously was not kept in the Jade space, but in the storage bag that he carried with him. Perhaps this item could emit the aura of the Royal sea beast clan through the storage bag?

"It's such a pity, Lin Yi junior, you've been through so many interesting things, and I wasn't able to participate in any of them. I hope that when I go to the East continent, I can have such an interesting story with you." Shangguan LAN 'er's regretful expression immediately turned into longing. The speed of her expression changing was quite fast!

"It's wonderful to say that, but at that time, it was a narrow escape from death. If you were just a little bit unlucky, you might have died many times. You'd better stay in the Academy and cultivate. If anything happened, even if you lost a few more strands of hair, your grandfather would come to me for revenge." Lin Yi smiled as he teased Shangguan LAN 'er. There shouldn't be any danger on this trip to the East continent's Academy.

Mystic class Sea area had more levels and resources. If Lin Yi wanted to continue to accumulate before breaking through, it was a good choice. Now that he had a good relationship with the sea beast clan, the center was temporarily dormant, and the spirit beast clan was far away in the South continent, it was a rare time to cultivate.

"It's not as exaggerated as you said! I think you just don't want to take me, your little Senior Sister, out on an adventure, treating me as a burden, right?" Shangguan LAN 'er pretended to be angry, puffing up her cheeks like a cute little goldfish, and Lin Yi's mood brightened up just looking at her.

"How could little Senior Sister LAN 'er be a burden? However, your grandfather has repeatedly urged you to cultivate well. Even if we are going to explore, we should wait until you have completed a certain amount of studies, right? Otherwise, what would your master have said when he wrote to the pavilion master?" Lin Yi laughed as he talked nonsense with Shangguan LAN 'er. He was still thinking about what happened just now. It seemed like he needed to find a chance to use Xiao Yi's communication bead and ask if he had any other functions. He could also ask about LAN Guzha's situation.

Looking at the time, LAN Guzha should have begun to accept the inheritance and awakening of the royal family of the sea beasts. He hoped that everything would go smoothly. When they met again, if this guy could enter the sea Rift stage, there would be no pressure to release the big Frog.

"You're all bad people, always forcing people to cultivate, Hmph! Then I'll go cultivate, don't disturb me!" Shangguan LAN 'er wrinkled her nose and snorted twice. She turned around and walked towards the cabin, looking as if the Miss was very angry and didn't want to talk to her anymore.

Of course, this was just a little trick she was playing with Lin Yi. The chemistry between the two was getting better and better, and Shangguan LAN liked to get Lin Yi's attention from time to time.

"Okay, then you go and cultivate for a while. I'll find you for dinner tonight." Lin Yi smiled faintly. He didn't chase after her as Shangguan LAN 'er thought, but let her go back to her training.

This was very awkward-Shangguan LAN 'er didn't really want to go back and train. Training wasn't as fun as playing with Lin Yi.

"Then what are we having for dinner?" Shangguan LAN 'er suddenly turned around, a bright smile on her face as she asked Lin Yi, her face completely devoid of the training she'd mentioned earlier.

"What else can we eat? we'll go and take a look when the time comes. You should go and cultivate for a while. You have to finish your daily homework, or your master will have an opinion." Lin Yi smiled as he patted Shangguan LAN 'er's head. She had a period of time every day to train, and this was the homework Zhang jinmiao gave her, so she couldn't go against it.

Chapter 6326 Smooth Sailing

Although Zhang jinmiao also hoped that Shangguan LAN 'er could spend more time with Lin Yi, her disciple's training was also very important. LAN' er's talent was extremely outstanding, and she could be considered a little genius. She was too lazy before, and didn't want to train properly, which was why her strength was so low.

After she'd gotten a bit more strict with her, she'd started showing off her talent in practicing-she was her disciple, after all, and there was no way she'd sacrifice her own practicing just to get Lin Yi on her side.

"Alright, I'll finish my homework as soon as possible and come to find you. Don't run around! This is little Senior sister's order, you must obey it!" Shangguan LAN 'er pointed at Lin Yi, and only returned to her room unwillingly after he agreed.

Lin Yi smiled and shook his head. After Shangguan LAN 'er left, he took out Xiao Yan's communication Pearl from his storage bag, wrapped it in his Qi and sent it into the sea below the warship.

It was different from LAN Guzha's communication bead. Xiao Yan's bead used spiritual sense to communicate with Lin Yi directly. It was obviously of a higher level.

"Brother Lin, you finally remembered to contact me! I thought you'd look for me when you heard that the spirit beast clan and central had fallen out. " Xiao Yi greeted Lin Yi with a bright smile, seemingly in a good mood.

"Brother Xiao, I have to thank you for your notice. Although they have fallen out on the surface, they may still keep in touch behind the scenes, so you can't be careless. If you have the opportunity, you should pay more attention to the movements of these two families." Lin Yi thanked him and casually reminded Xiao Yi of the possibility of a double-crossing.

"We've been through life and death together, what's there to thank! However, your reminder is very reasonable. Whether it's the spirit beast clan or that central, they're both sinister and cunning. Although I don't know why they turned against us, they might be lying to us. We really have to be careful! Don't worry, I'll take note of this." Xiao Yi was filled with hatred towards the two houses, and he agreed without Lin Yi saying anything.

"There's also the cage Sea region. If it's convenient for you, you'd better take over it. Don't leave any opportunities for them. The resources there may not be of any use to your sea beast clan, but they are very important to their two clans." Lin Yi never believed that central would follow an agreement so obediently, so he didn't mind doing as much as he could.

"No problem. It's said that the development of the caged Sea area has stopped. I'll have my little ones go there to take a look, so as to avoid the central region and the spirit beast clan from deceiving the world." Xiao Yi trusted Lin Yi quite a lot, and he agreed to whatever Lin Yi said without hesitation.

"There's nothing else to pay attention to other than these. How's LAN Guzha?" Lin Yi put aside the spirit beast clan and central and asked about LAN Guzha's condition.

"LAN Guzha has already begun to accept the inheritance and awaken. Although the process was a little tortuous, the result is good. You don't have to worry about him. The next time you meet, he will definitely make you look at him in a different light!" Xiao Yan couldn't help but pause at the mention of LAN Guzha, making Lin Yi suspicious.

"How is the process tortuous? Are you in trouble?" LAN Guzha was Lin Yi's brother. If there was any danger, he'd rather LAN Guzha not receive the inheritance.

"There are some small problems. You know that I'm not the only Prince of the sea beast clan, so when I bring LAN Guzha back, I'll always be viewed with hostility by other brothers with ulterior motives. Fortunately, LAN Guzha also has our royal bloodline, so it's useless no matter how much they object. Don't worry, brother Lin. With me around, LAN Guzha will definitely be fine. If he's missing even a strand of hair when he returns to your side, you can come to me for revenge!" Xiao Yi explained the problems they'd encountered, promising Lin Yi that he didn't need to worry.

"So it's like this, then I'll leave it to brother Xiao! If there's anything you need my help with, please contact me at any time. " Lin Yi remembered that it wasn't that easy for Xiao Yan to contact him-the communication bead would cut off all contact with Xiao Yan once it left the water, and it was inconvenient without real-time communication.

"Alright, I won't hold back if there's anything I need. Brother Lin, be prepared to help me at any time." Xiao Yan laughed out loud as he made a joke. Lin Yi really couldn't help much with the affairs of the sea beast clan. On the other hand, LAN Guzha would be Xiao Yan's strongest helper once his strength made a qualitative leap.

This was also one of Xiao Yan's main reasons for bringing LAN Guzha back. As long as LAN Guzha could display a strength similar to Lin Yi 's, Xiao Yan would be able to stand out among the princes.

"No problem, I'll be waiting for brother Xiao's call!" Lin Yi replied with a smile. He paused for a moment before continuing, "By the way, I wanted to ask you just now, does this communication bead you gave me have any other functions?"

"Other functions? This kind of aura is very difficult for you humans and spirit beasts to detect, but ordinary sea beasts can sense it from very far away. Out of respect for the royal family, they won't easily come close, so you won't be attacked by sea beasts when you sail in the sea with my communication Pearl. " Xiao Yi thought about it and found a pretty good function, but it didn't mean much to him, so he didn't mention it to Lin Yi.

Lin Yi suddenly understood-no wonder he didn't see any sea beasts along the way. Other than that, this communication bead could also be used as a location. He was wondering how the sea beast that sent him the message knew he was on the back of the wing, but it felt Xiao Xiao's aura and came to block the way.

Lin Yi didn't really care about this-if he didn't want the sea beasts to find him, he could just move the communication Pearl from the storage bag to the Jade space. The storage bag couldn't block Xiao Yan's aura, but the Jade space didn't.

Even if Xiao Yan were to enter the Jade space himself, the outside world would not be able to sense anything, much less the remnant aura of a mere communication Pearl.

"Brother Xiao, you've really given me something good. With your communication bead, the journey will be much easier and faster." Lin Yi sighed after thinking about it.

As the honorary vice-captain of the ancient warship, Lin Yi knew how much influence the sea beasts had on the ship's navigation.

Chapter 6327 There's A Fleet Blocking The Road Ahead

A voyage without the interference of sea beasts would greatly increase the speed and safety, and the consumption would also be reduced. If he told ao Tianba this news, he would be very happy, right?

"It's just a small trinket. What brother Lin made for me is a million times better than my communication Pearl ..." As Xiao Yan spoke, an alarm sounded from the ancient battleship.

Lin Yi blinked. The sea monsters wouldn't attack the fleet, and the weather was pretty good. There were no signs of a storm, so what did the alarm mean?

Although it wasn't the highest level of combat alarm, it was still an emergency alarm. They must have discovered an enemy.

Lin Yi didn't extend his spirit sense out, and he didn't find anything wrong within his sight. He couldn't confirm what was going on yet.

"Brother Lin, are you in trouble? Do you need my help?" Xiao Yi could feel the situation around them, so he asked Lin Yi enthusiastically.

The only way to contact him was in the sea. As long as he was in the sea, as a Prince of the sea beast clan, he had enough capital to say that he could help.

"I'm not sure yet. If you need help, I won't hesitate to help." Lin Yi smiled. He wanted to find ao Tianba and ask him what was going on, so he decided to end his contact with Xiao Yan.

"Brother Lin, just put your communication bead in the sea. I'll be able to notice what's happening on your side. I might be able to help you when it's critical." Xiao Yi seemed to have guessed Lin Yi's thoughts and quickly finished his sentence before he cut off the communication.

"Alright, I'll have to trouble brother Xiao then." Lin Yi thought that this was a good idea-it didn't take much effort anyway.

The guests on the ancient warship who heard the alarm all rushed onto the deck. Shangguan LAN 'er, the girl, probably had not started cultivating yet, also ran up with Zhang jinmiao.

Shangguan LAN 'er had been listening to Lin Yi's stories for the past few days, and she was very envious of him. Hearing the alarm, she didn't feel nervous at all, but was extremely excited instead. Her little face was full of excitement, and Lin Yi couldn't help but laugh when he saw her.

Ao Tianba didn't wait for Lin Yi to find him-he went to the bow deck.

"Brother ao Tian, what happened? Why aren't you commanding in the bridge, but on the deck?" Lin Yi looked at ao Tianba, surprised. The alarm was going off, and the captain wasn't giving any orders?

"Lil bro Lin, I'm here to look for you, aren't I? if something were to happen later, I'd still need your help in controlling the formation." Ao Tianba laughed and did not look too nervous. It seemed that the alarm was not enough to trouble him.

But Lin Yi had to control the formation-this wasn't a small matter, was it? Lin Yi was curious as to what happened.

"The lookout has discovered a fleet in front of us, blocking our route. From the flag, they should be my competitors. I don't know what they mean, so I asked everyone to be on guard." Ao Tianba lowered his voice and started explaining before Lin Yi could ask anything else.

"You guys may be competing, but are you guys going to fight at sea?" Lin Yi couldn't help but laugh. The fleet was a business, after all, and even if they were competitors, they didn't have to fight each other every time they met, right?

A battle between two fleets would only result in both sides suffering losses. It would not benefit anyone, so what was the point? It would make more sense if one side was a pirate.

"Usually, it won't. Everyone goes their own way, but the situation is special now. The location is very sensitive, so we have to be careful." Ao Tianba shook his head with a bitter smile, his voice somewhat helpless.

"What do you mean?" Lin Yi still didn't understand, and waited for Ao Tianba to explain.

"On this trip to the East continent, there will soon be a redistribution of the fleet's route. Anyone who makes a living on the sea must participate in this meeting. If the other party takes the opportunity to attack us, we will have one less opponent to compete for the route. In addition, there's only a narrow passage in the sea we're in right now. Don't look at the surrounding sea surface as if there's nothing unusual, if we deviate from the passage, we'll be wiped out at any time." Ao Tianba explained softly and quickly to Lin Yi, who finally understood.

He'd heard ao Tianba mention the convention before, and he'd wanted Lin Yi's help at the time. Even if Lin Yi didn't go to the East continent with Shangguan LAN 'er this time, he'd probably send him an invitation.

"I know about these waters. Human ships can only pass through specific sea routes." Xiao Yan's spirit sense sounded in Lin Yi's mind, supplementing ao Tianba's words. "In addition to specific sailing routes, there are microscopic creatures called hidden reefs growing under the sea. They are not sea beasts, but they are very destructive to ships."

"Once a ship enters the range of the hidden reef, many hidden reefs will immediately gather rapidly and form an indestructible reef. They will destroy the bottom of the ship, and this kind of destruction can ignore defense. Even the ancient warship under your feet will find it difficult to withstand it. If the hidden reef wasn't divided into yin and yang, and both sides didn't interfere with each other at a certain distance, your human fleet wouldn't even have a small passage."

Lin Yi was surprised by Xiao Yan's explanation. The world was indeed big, and there were all kinds of strange things. He had never heard of a hidden reef like this before, but in some ways, it was extremely powerful.

With the ability to ignore defense, it was useless no matter how powerful the ship was. It would sink in the end.

Lin Yi could finally see the fleet in the distance after ao Tianba and Xiao Yan finished talking. They had a few more ships than ao Tianba's fleet, especially the number of battleships. Other than the ancient battleship as the flagship, they had three large battleships for combat.

On the other hand, apart from the ancient warships, ao Tianba's fleet was made up of treasure ships. Although treasure ships had certain combat and defensive capabilities, they were nothing compared to large combat warships.

"The opponent's strength is not bad. Brother ao Tian, your competitor is a little strong." Lin Yi smiled faintly as he looked at ao Tianba teasingly.

"Hahaha, with lil bro Lin here, what's a few battleships? You won't just stand by and watch me get bullied, will you?" Ao Tianba didn't mind Lin Yi's teasing at all-he laughed and patted Lin Yi's shoulder.

Chapter 6328 Zheng Dongsheng Who Mediated

As long as Lin Yi was willing to help, it was possible for him to destroy the entire fleet. To be able to control the Starfall formation and ten thousand mile formation so perfectly, the ancient battleship's combat power could be considered to have doubled.

"Brother ao Tian really thinks highly of me. I can't help it, I'm the honorary vice-captain after all." Lin Yi put on a helpless face before exchanging a laugh with ao Tianba.

To be honest, Lin Yi really didn't think much of the enemy's ships. If they were to fight, the side with more numbers might not have the upper hand.

This was what they were thinking, but the other side didn't think the same way. The three large warships that were originally escorting them had quickly moved to the front after seeing ao Tianba's fleet. They followed the flagship ancient warship and formed an arrow formation. They were clearly ready to attack.

Lin Yi scanned with his spirit sense and confirmed the width of the channel. There were indeed countless small particles floating under the sea on both sides. They should be hidden reefs. The hidden reefs of the yin and yang race were quite far away from each other, forming a safe passage that could barely allow two fleets to pass by each other. As long as both sides had no bad intentions, they could sail slowly and be safe.

Unfortunately, the two fleets were obviously full of malice, and neither of them was at ease to travel at such a close distance.

The safest way was for one side to turn around and leave this reef sea, making way for the other side to pass through, and then enter the passage again. However, as competitors, who would be willing to show weakness? In the end, they could only argue for a while.

The two fleets slowly stopped before they entered their respective shooting range. Ao Tianba condensed his Qi into his dantian and shouted with true Qi, ""Gu Yunhao, do you know the rules? I was the one who entered this passage first, and we've already traveled two-thirds of the journey. As the latecomer, shouldn't you retreat first?"

"Ao Tianba, don't try to compare yourself with me. You sailed two-thirds of the way here and you came in first? Why don't you just say that you're traveling light and fast because your business is bad? Can't you see that the waterline of my ship is much deeper than yours? We have a lot of cargo on board, so it's not convenient for us to turn around. You guys should go back. Anyway, there's nothing here, so it's much easier to turn back by air. " Gu Yunhao also used his true energy to amplify his voice and shouted. After he finished speaking, deafening laughter immediately sounded on the ship.

"You put so many hold-down stones on your ship because you're afraid it'll capsize. It'd be weird if it wasn't heavy. You're as slow as a snail, and you have the cheek to blame other people's ships for being fast? Whoever asked you to transport them would be blind! Don't talk nonsense with me, we've already passed two-thirds of the channel. According to the rules, you have to give up the channel immediately!" Ao Tianba was not someone to be trifled with. He ridiculed him on the spot and demanded Gu Yunhao to give way to him.

This requirement had been lowered. Gu Yunhao didn't have to back out, he just had to let ao Tianba's fleet pass. With Lin Yi around, ao Tianba believed that if the other party wanted to do something, he wouldn't be the one to suffer.

"Who Do You Think You Are? how dare you ask me to give way to you? How about this, I'm in a hurry today, so I won't talk nonsense with you. Move to the side and let us pass!" Gu Yunhao also changed his tone, changing from asking to Dodge. The side that dodged was actually at a slight disadvantage. Ao Tianba's words were also taken into account in addition to Lin Yi being his trump card.

The width of the entire safety passage was limited, and it was barely enough for two fleets to pass by each other. Once the control was not good and there was a slight collision, a stationary ship was definitely not as easy to control as a moving ship, and it was easy to enter the range of hidden reefs.

The speed of these little things 'mutation was extremely fast, and they would not give you any time to react. As long as you entered this range, the invincible reef would appear, and it was possible that the entire fleet would be destroyed just like that.

"Gu Yunhao, don't you have any shame? I'm the one who advanced the most, and I was the one who suggested the route first. Why? Are you trying to be unreasonable just because you have more boats?" Ao Tian BA sneered. He was a direct descendant of the AO Tian family. Although he did not rely on the family's help, he still had his pride.

Even without Lin Yi, he wouldn't back down in a situation like this-he'd never be able to sail again if he backed down in a situation like this. Everyone on the ship would lose their support.

"Hey, you're right! I have many boats, I'm being unreasonable, so what? If you don't open up a path, I'll let you know what it means to bring humiliation upon yourself!" Gu Yunhao laughed wildly as he waved his hand. His flagship and the three large warships behind him began to activate their weapons and aimed at ao Tianba's fleet.

The two sides were only a little bit out of each other's shooting range. As long as they continued to move a little, they would be able to enter each other's shooting range.

"Captain ao Tian, the other party has more ships and more firepower. There's no need to be angry with them. This is good for everyone and won't hurt our relationship, right?" Zheng Dongsheng saw that the weapons on the opposite ship were ready and panicked. He quickly moved to ao Tianba's side and whispered to persuade him.

In Zheng Dongsheng's opinion, ao Tianba was just a little bit angry and had a bad relationship with the other party, so he was somewhat embarrassed. As long as he could be given a way out, he should immediately come down.

For the sake of his own safety, Zheng Dongsheng didn't mind stepping on this stage. As long as he could resolve the conflict that was about to come, what was the big deal with a little so-called dignity?

"Zheng Dongsheng, get lost!" Lin Yi's face went cold as he yelled at ao Tianba. How could a two-faced man like Zheng Dongsheng understand ao Tianba's pride?

Besides, if both sides were to start a war, it was hard to say who would be at an advantage. With the same Starfall formation, how could Lin Yi's control be comparable to Gu Yunhao's?

Now that the ancient battleships were fully prepared, they could use the ten thousand mile formation to break in and the Starfall formation to attack with full force. Even if the enemy had all of them, they might not be able to withstand Lin Yi's violent tactical attack, let alone one ancient battleship and three large battleships.

"Master Lin, I'm doing this for Captain ao Tian's own good. It's also for the good of all the passengers on the warship. We don't have to get involved in a battle that we're obviously going to lose because of our own fleet's problems!" Zheng Dongsheng still wanted to argue, but he forgot that he still needed Lin Yi's help.

"If you think you're going to lose, you can get off the boat now. I, ao Tianba, will never force anyone to advance and retreat with me." Ao Tianba glanced at Zheng Dongsheng coldly. If this old man didn't come with Lin Yi, he would've thrown him into the sea already.

Chapter 6329 The Sea Beast Tide

Zheng Dongsheng's face suddenly turned red. He wanted to say something, but he couldn't say a word. He had heard of ao Tianba's reputation. If he said anything more, he would really not be polite.

Compared to Gu Yunhao's threat, Zheng Dongsheng could still see clearly that ao Tianba was the more dangerous one, because he was now on their ship. If they wanted to deal with him, they didn't need the weapons on the warship at all. Just one finger was enough.

After ao Tianba finished speaking, he ignored Zheng Dongsheng. This kind of small character was really not worth his attention.

"Brother Lin, that shameless Gu Yunhao is obviously looking for an opportunity to deal with me. He wants to take the opportunity to weaken my strength, or even kill me directly. It seems that you have no choice but to make a move." When ao Tianba turned to Lin Yi, his face was warm and friendly like a spring breeze.

"Of course, don't worry, brother ao Tian. I'll do my best!" Lin Yi smiled and cupped his hands together.

If Lin Yi wasn't here, Gu Yunhao's plan would have a high chance of success. Due to the special nature of the sea, ao Tianba's ancient warship didn't have any space to Dodge. It could only take the enemy's attack head-on.

If they were to fight in an ordinary Sea area, even if ao Tianba couldn't defeat them, he would at least be able to escape. However, it was very difficult to do so in this passage.

"Brother Lin, do you want me to find some soldiers to boost your morale? That guy actually wants to fight with numbers. Let's show him what it really means to fight with numbers!" Lin Yi was just about to control the formation when he heard Xiao Yan's words. He was overjoyed.

How could he have forgotten about this person? He was the Prince of the sea beast clan. Who could be more awesome than him in the sea? Of course, the king of the sea beasts was the exception.

"Brother Xiao, those hidden reefs won't affect the sea beast clan, right?" Lin Yi didn't think of asking Xiao Yi for help before because the area of the hidden reefs on both sides was too wide. If they had the kind of attack that could ignore the defense of sea beasts, it would be useless no matter how many sea beasts came.

"Don't worry, the hidden reefs only target ships. Our sea beast clan won't be affected. Some special sea beasts even like to eat hidden reefs. I've already sent out an order through the communication Pearl. In just a little bit of time, all the sea beasts in the vicinity will gather together and form a wave of sea beast tide to deal with that idiot who wants to fight with more people. So that you can help your friend get rid

of a competitor?" Xiao Yi asked enthusiastically. It was a rare opportunity to help Lin Yi, and he had to treasure it!

"It's enough to just scare him a little. Brother ao Tian also needs an opponent who's stronger than him, but not too strong, as a Whetstone. Then, he'll deal with his opponent himself." Lin Yi smiled faintly. He had no intention of using Xiao Yi to kill Gu Yunhao.

As he chatted with Xiao Yan, ao Tianba, on the other side, was a little confused. Why was Lin Yi just standing there when he agreed to help? Gu Yunhao's side was almost ready for battle.

"Ao Tianba, I'll give you one last chance. Don't say that I, Gu Yunhao, am unreasonable. Get the hell out of here. Otherwise, you'll all have to play with the hidden reefs today!" Gu Yunhao laughed arrogantly on the other side. He said that he was persuading them to surrender, but it was more like he was seizing the time to attack ao Tianba.

"Brother Lin, let's go to the bridge. Gu Yunhao really thinks he's powerful. Let's show him how the ancient warship should be used in the right way!" Ao Tianba ignored Gu Yunhao and snorted coldly. He was about to pull Lin Yi away to prepare for battle.

"Brother ao Tian, don't worry. Let's just stay here and watch a good show!" Lin Yi smiled and waved his hand at ao Tianba, signaling him to look at Gu Yunhao's fleet.

"What's there to watch?" Ao Tianba was taken aback. He trusted Lin Yi and didn't insist on going to the bridge. He stood at the bow of the ship and looked at Gu Yunhao carefully.

After risking his life on the northernmost Island, ao Tianba had developed the habit of trusting Lin Yi unconditionally. This situation was similar to Xiao Yan 's-every time Lin Yi made a decision, no matter how strange it seemed, it would be proven right in the end. So if Lin Yi said there was going to be a good show, ao Tianba would believe it!

Lin Yi didn't know how long it would take for Xiao Yan to mobilize the sea beast tide, but he believed that Xiao Yan was a reliable person. As expected, they didn't wait long. Not long after Gu Yunhao finished speaking, an extremely long line of water started to surge towards them from the distant sea level.

"That's ... The sea beast tide?!" Ao Tianba's expression changed. What was the most feared encounter for voyagers? An irresistible storm and an irresistible tide of sea beasts!

Although it was not the first time they encountered a sea monster tide, ao Tianba's expression changed when he saw the rapidly approaching water line. He subconsciously issued the highest level of combat alert.

Gu Yunhao's weapons were already prepared, and ao Tianba had not issued this alarm. Now, the moment he saw the sea beast tide, he did not hesitate to order his men to prepare for battle. From this, it could be seen how important the sea beast tide was to him.

Seeing ao Tianba's ancient warship sound the highest level of alarm, Gu Yunhao laughed out loud. He thought that it was a response to the threat from his own side, but he immediately knew that something was wrong, because the treasure ship behind them also began to sound the shrill alarm.

"Captain! We found a sea beast tide behind us! It's very fast, and it'll be within attack range in about ten breaths!" Gu Yunhao's observation tower had already sent him some information, and he almost fell into a daze after hearing it.

He had just been provoking ao Tianba, but now, he was being chased by the sea beast tide. If he did not handle it well, his entire fleet might be wiped out.

At this moment, Gu Yunhao really regretted it. If he had not been in a deadlock with ao Tianba, the situation would have been much better, whether they retreated to an open area or went their separate ways.

The worst thing was the current situation. The sea beast tide was about to launch an attack. If he ran forward, he would most likely form a chaotic situation with ao Tianba's fleet. Not only would it be more advantageous for the sea beast tide to attack, but it was also very likely that he would directly enter the hidden reef area and die.

And if they were to turn back and fight, let's not even talk about whether they could defeat this wave of sea beast tide. Just turning the bow of the ship in this safe passage was extremely difficult. If they were not careful, they would still enter the hidden reef area. Such a predicament simply made people want to die.

"Quick, the flagship and battleships should turn around immediately. The last three treasured ships should fight first. We must delay for time until the battleships come to rescue!" Gu Yunhao quickly came back to his senses. Now was not the time to be in a daze. He had to come up with a countermeasure immediately!

Chapter 6330 Enemies In Front And Behind

His response was to sacrifice the last three treasured ships to buy time for the entire fleet, especially for the warships with powerful combat ability to turn around.

Gu Yunhao's heart was bleeding when he gave the order. These were all the assets he had painstakingly saved up, and he might have to give up all of them here today.

Now, he could only hope that ao Tianba, that B * stard, would take advantage of the time he bought for him to turn around and escape instead of adding insult to injury. Otherwise, if they were attacked from both sides, the entire Army would be annihilated. As long as ao Tianba escaped, at least the treasure ship in the middle section would have the opportunity to escape with him. At that time, the flagship ancient warship would activate the ten thousand mile formation, and at least a part of the family's assets would be preserved.

To be honest, when ao Tianba saw that the ships in front and behind Gu Yunhao's fleet had started to turn around, he really wanted to take the opportunity to escape. With them as meat shields, it would give him more opportunities to escape. Before the sea beast tide destroyed Gu Yunhao's fleet, his fleet would be safe.

But Lin Yi didn't say anything-he was still smiling as he watched the show from the bow, and so ao Tianba forced himself to swallow his thoughts. He looked at the Sealine in the distance, but the worry in his eyes couldn't be hidden.

"Brother ao Tian, don't worry. We only need to watch Gu Yunhao's performance." Lin Yi smiled as he consoled the nervous ao Tianba. He couldn't tell him about Xiao Yan, so he'd just let him be nervous for a while.

"Lin Yi, Lil" bro, following you wasn't wrong after all-I see big scenes everywhere I go!" Shangguan LAN'er bounced to Lin Yi's side, looking at the sea beast tide in the distance with excitement, not a single trace of nervousness or worry on her face.

Lin Yi didn't know whether to laugh or cry-the Miss sure was brave. Did she guess that Xiao Yi was the one who found them? It can't be!

At this time, the sea beast tide had already surrounded them, cutting off Gu Yunhao's fleet at the back and starting to attack them one by one.

The order the last three ships received was to stall for time. However, the sailors on the ships had not sold themselves to Gu Yunhao. They were only hired. No one had such a high consciousness to sacrifice their lives for some spiritual jades. Therefore, when the sea beast tide began to attack, some people on the ships tried to resist, while others were busy running for their lives. They tried to leave these ships by all means possible. It was best if they could go to the ancient warship at the front, which was safer.

It was precisely because of this that even if the sea beast tide didn't really want to destroy the treasured ships, in the end, they met with no resistance due to inertia and easily destroyed the last two treasured ships.

Gu Yunhao's heart couldn't help but throb in pain. The two treasured ships couldn't even buy them any time. Including the flagship, the ancient warship, they had only completed half of the turn. If the sea beast tide attacked, the four warships with combat power would be the most defenseless.

"Brother ao Tian, once Gu Yunhao is done changing directions, we'll go through this passage at full speed. Don't worry, the sea beast tide won't attack us." Lin Yi spoke to ao Tianba, explaining the plan.

Ao Tianba looked at Lin Yi in shock. He finally realized that the beast tide was Lin Yi's doing. No wonder he was so confident and wasn't afraid of the beast tide.

"If we pass now, will Gu Yunhao take the opportunity to set us up? If we're too close, it's easy for something to happen!" Ao Tianba did trust Lin Yi, but crossing that tunnel that was just wide enough for a battleship was too difficult. Even the slightest ripple would push them into the hidden reef.

"Brother ao Tian, it doesn't matter even if you slightly shift into the hidden reef area. Due to the sudden attack of the sea beast tide, most of the hidden reefs have actually been washed away. The edge of the passage is almost occupied by the sea beast clan. Therefore, there won't be any pressure at all if we pass through from there. " Lin Yi pointed at ao Tianba-it was just as Lin Yi said, the death sea had a new life.

"It can actually be done like this?" Ao Tianba was amazed. However, this method was too random and couldn't be used as a conventional method, so he didn't take it to heart.

As the two of them were talking, Gu Yunhao's third treasure ship also began to sink. The sea beast tide continued to advance, and the few treasure ships in the middle were like lambs waiting to be slaughtered, looking extremely helpless.

In front of them were their own warships, behind them was the sea beast tide, and on the left and right were the hidden reefs. There was no way out. Fortunately, the three large warships were much smaller than the ancient warships. They completed the turn first and then unleashed their full firepower on the sea beast tide. They were able to temporarily protect these treasured ships.

Lin Yi didn't want to annihilate Gu Yunhao's fleet. Xiao Yan wouldn't let the sea beasts attack with all their might. After sinking three ships, the rest were just to scare them. So after the large warships opened fire, the sea beasts stopped moving. The stronger ones went into the deep sea and swam around. Most of the sea beasts left on the surface were cannon fodder.

For a moment, Gu Yunhao's warship was fighting beautifully. At least, they had the upper hand. However, Gu Yunhao was very clear-headed and knew that those killed by the warship were only small

fries. The sea beasts that dove into the deep sea were the fatal threats. Now was not the time to be careless and relax.

"Brother ao Tian, now is the time! Set off! Gu Yunhao will make way for us!" Lin Yi saw that Gu Yunhao's ancient battleship had also completed its turn and immediately waved his hand to signal the fleet to set off.

Although Gu Yunhao's ancient warship had just turned and occupied more than half of the original passage, Lin Yi calculated the extension of the edge. Even if Gu Yunhao didn't move, ao Tianba's fleet could still pass.

Moreover, with Gu Yunhao's calculations, how could he not make way when he saw ao Tianba moving forward? Someone was going to attract the attention of the sea beast tide. This was a good thing that he could not ask for more!

Ao Tianba had been waiting for this moment-he ordered the fleet to move at full speed the moment Lin Yi opened his mouth. The fleet accelerated as fast as they could.

"Captain, the fleet behind us is coming!" At least 80% of Gu Yunhao's attention was focused on the sea beast tide, but he did not completely let down his guard against ao Tianba. When he heard the report from the person beside him, he immediately turned his head.

"That bastard ao Tianba, is he really going to hit me when I'm down?" Gu Yunhao gritted his teeth and wanted to eat her alive. However, he did not consider that if he were in ao Tian BA's position, he would most likely choose to hit her when she was down.
