Chapter 6351 I'll Remember You

Gong Linzhou didn't pay attention to yang jadeite, but turned to look at Lin Yi, the disdain in his eyes still not restrained.

"Lin Yi, right? Didn't you come up the stage to challenge the number one? If you don't even have the confidence to challenge me, then it's better for you to go down as soon as possible, or you'll feel humiliated later!" Gong Linzhou's lips curled into a mocking smile, and Lin Yi wasn't sure if he was doing this on purpose.

Off the stage, Leng rufeng's eyes turned cold as he clenched his sword. He was ready to teach this arrogant guy a lesson, but he couldn't do it after seeing Lin Yi's calm face.

Lin Yi couldn't help but chuckle. This Gong Linzhou guy was really arrogant. His strength wasn't bad-he was already at the peak of the late stage of xuansheng, and even had one foot in the peak of xuansheng. He was one of the top candidates in this test.

But so what? Just from the surface, Lin Yi was already at the peak of Mystic Ascension, and the kind that could split open a mountain with a single thought. Where did this guy get his confidence from?

"Hey, have you thought about it? Do you want to go down yourself, or do you want me to beat you down? Don't waste your time here, I can take on nine of you without any problem. " Gong Linzhou's ability to entertain himself was really strong-Lin Yi didn't even say anything, and he was the only one talking non-stop. He felt so good about himself that he could fly.

The one against nine meant that the other nine were all included, including Lin Yi. Gong Linzhou didn't say it out loud, but it was clear that he wasn't targeting anyone-he was saying that every single one of you here was trash!

"Gong Linzhou! Don't be too arrogant! Did they really think that by cultivating in seclusion for a few years and avoiding those talented geniuses, they would be able to dominate this year? That Lin Yi, if you don't want to challenge him, then come down and let me see what he's got!" Some of the audience couldn't hold back their emotions anymore, and started berating Gong Linzhou, demanding Lin Yi to leave the stage.

"Silence! Any more noise and you'll be disqualified from the challenge!" The first group of judges spoke indifferently, directly suppressing the dissatisfaction of the people below before turning to Lin Yi, "Do you want to challenge Gong Linzhou, who is temporarily in first place? If you don't want to challenge him, then tell me who you want to challenge. "

"I wanted to challenge the first place, but after seeing how arrogant he is, I changed my mind. It's better to fight steadily!" Lin Yi smiled faintly, making the most vulnerable statement under Gong Linzhou's proud and disdainful gaze.

Leng rufeng, who was below the stage, was slightly stunned. Then, he chuckled and loosened his grip on the hilt of his sword.

How could Leng rufeng's boss admit defeat so easily? It seemed that Gong Linzhou was in for a bad time!

In fact, Gong Linzhou's name was quite well-known in the Yellow Sea area of the East continent. Leng rufeng had heard of him before. This guy was a genius of the Western brilliance Academy, but he was a little stubborn. When he had just entered the xuansheng stage, he was not willing to go to the

xuansheng Sea area at all. He was only willing to take the assessment when he thought he could suppress others.

Last year was a good year for recruiting students at the mystic division Sea area, and many geniuses emerged, but Gong Linzhou did not participate. Instead, he continued to cultivate in seclusion. It was only this year that he came out of seclusion with the strength of the peak late stage of the mystic Ascension realm, preparing to take the first place in this year's assessment!

If it wasn't for the fact that he felt that there was no way for him to continue improving his strength after going into seclusion, he might have continued his seclusion and only come to participate in the assessment when he was at the great circle of black Ascension.

"You're really a coward! If you don't even have the courage to challenge me, how can you participate in the assessment? Go back and cultivate properly, and come back next time! So that we won't lose face in the mystic division Sea area!" Gong Linzhou's "I knew it" expression only intensified, his disdain and contempt for Lin Yi intensifying.

"Gong Linzhou, Lin Yi doesn't want to challenge you. Get off the stage quickly, don't waste the time of the ranking battle." The judge looked at Gong Linzhou coldly, feeling very dissatisfied.

He's just a peak late stage mysterious Ascension cultivator. What's the point of being so arrogant? When his strength was insufficient, he didn't even have the courage to come and take part in the assessment, and he actually had the cheek to talk about others?

"Judge, this kind of trash doesn't even have the heart to challenge the strong. It's a waste of time to keep him on the stage. Why don't you let him go? I'll set up an arena here. Whoever wants to take first place can come up and defeat me. What do you think?" Gong Linzhou didn't want to go down at all, and he even suddenly had the idea of occupying the ring and becoming the ring master.

Lin Yi was really speechless-the guy said he didn't want to challenge the first place not because he was afraid of Gong Linzhou, but because he wanted to teach Gong Linzhou a lesson! But that fellow didn't notice it at all, it was really boring.

"Alright, stop talking nonsense here. Hurry up and get down!" Lin Yi's body moved and appeared beside Gong Linzhou like a ghost, his mocking voice ringing in the other's ears. Gong Linzhou, who didn't notice at all, had goosebumps all over his body and almost jumped up on his own.

It was really close-Lin Yi's hand was already on his neck before he could jump, lifting him up as if he were a piece of tissue paper and throwing him out of the ring.

Gong Linzhou, who was unable to react in time, felt the world spin around him. Then, he fell to the ground with a loud crash, like a wild goose falling on the sand. Fortunately, other than raising a cloud of dust, he did not suffer any injuries.

The moment he landed, Gong Linzhou actually wanted to adjust himself, but at that time, he was unable to use his true energy at all, which was why he was in such a sorry state. Thinking back to his high-spirited and disdainful look just now, those people who were watching the joke at the side directly laughed until they suffered internal injuries. His face and ears were even redder, and he wished he could just bury his head into the ground and never come out again.

"You sneak attacked me! Lin Yi, I'll remember you! Gong Linzhou of the Western prosperity Academy will remember you! Challenge me if you dare! I'll let you know that other than sneak attacks, you're nothing!" Gong Linzhou smacked the ground and stood up straight, pointing at Lin Yi and cursing.

Only by defeating Lin Yi could he wash away his shame. As for Lin Yi throwing him down so easily, Gong Linzhou attributed it to a sneak attack.

"You think I'll challenge you just because you say so? Wouldn't I lose face then?" Lin Yi let out a teasing smile, feeling that it was quite interesting to play around with Gong Linzhou.

"Lin Yi, name the person you want to challenge." The judge was secretly surprised. He could clearly see how powerful Lin Yi was. To be able to catch Gong Linzhou so easily and throw him out without any resistance was not something an ordinary peak xuansheng stage could do. This was a talent who was at least at the mountain split stage!

Chapter 6352 I'll Show Mercy

The other judges had their own speculations as well-they'd all put Lin Yi on the list of people they'd be paying attention to for now, so they could recommend him to their respective schools when they got back to Mystic division.

"Lin Yi, you're a coward, a coward who only knows how to sneak attack. If you don't dare to challenge me, then I'll just say it-people like you will be looked down upon wherever you go! Don't even think about having any higher achievements in the future!" Gong Linzhou heard that Lin Yi didn't have any intention of challenging him, and immediately used all the insults he could think of on Lin Yi. Whether or not he could wash away the humiliation was all up to this wave.

"Alright, since you want to be beaten up so much, it would be unreasonable if I don't fulfill your wish. Come on, come on. I'm really scared of you." Lin Yi had a look of disgust on his face as if he really was pissed off by Gong Linzhou's scolding, but he didn't care at all.

Gong Linzhou's childish curses were not even one percent of what the secular world used, okay? How could she make Lin Yi angry? He'd planned this all out, and even if Gong Linzhou didn't say anything, Lin Yi would've challenged first place anyway.

"Alright!" Gong Linzhou laughed loudly and lifted his foot to step onto the stage. However, he felt a strange sense of weakness as he took a step. After thinking about it carefully, he realized that perhaps he wasn't really looking forward to this fight. Otherwise, he wouldn't have just been fighting with his mouth under the stage. He would've rushed up to the stage and fought Lin Yi to the death.

Unfortunately, it was already too late to back down now. There was no way to retreat even if he wanted to!

"Are you done? Alright, let's start!" The judge looked at Gong Linzhou, who was dawdling, and felt very impatient. This guy, how much time had he wasted? Although he was quite strong, he would definitely not put him on the list of recommendations.

"It's done ..." Gong Linzhou answered subconsciously, and then he felt his vision blur. Lin Yi, who had been staring at him, suddenly disappeared.

Not good! That bastard was going to launch another sneak attack!

Gong Linzhou's face turned pale with fright. He had the thought in his mind, but his body couldn't react in time. Lin Yi's movements were as fast as lightning, and the judges found it hard to catch. They could only barely see it.

Although Lin Yi could choose to take down Gong Linzhou head-on, he thought that this method was quite interesting. It didn't matter if it was a sneak attack or not-Gong Linzhou wouldn't be able to block it anyway.

In the eyes of the judges, Lin Yi left a trail of afterimages behind him as he appeared beside Gong Linzhou in an instant. He didn't do anything else, just lifted his leg and gave a light kick. Gong Linzhou was sent flying out of the ring like a cannonball, landing on the ground once again.

Everyone was dumbfounded. The first time, Gong Linzhou wasn't prepared for it, but the second time was a different story. Even if Lin Yi had a sneaky intention, Gong Linzhou had been extremely careful, but it was no use. The result was the same as before, not even changing his landing posture.

"Lin Yi! You sneak attacked again! Lord Judge, are you not going to do anything about such a despicable person?" This time, Gong Linzhou regained his senses a little faster. He felt as if his entire world had collapsed. He simply sat on the ground and did not get up as he loudly questioned the members of the recruitment team who were acting as judges.

Other than Leng rufeng, none of the remaining eight members found it funny. They looked at Lin Yi with fear in their eyes. They were all measuring their strength in their hearts. Could they withstand Lin Yi's simple attack?

In the end, the conclusion he reached was shockingly similar! Therefore, everyone's heart was filled with a sudden chill, and no one was in the mood to laugh at Gong Linzhou ...

"You said you were ready, how can you blame others for ambushing you?" The judge on the stage said coldly and immediately announced the result, "Lin Yi's challenge to the temporary first place has been successful. He'll take his place and become the temporary first place. The rest of you will be promoted by one place. Now, let's move on to the second challenge."

Lin Yi gave Gong Linzhou a harmless smile. He remembered that he'd heard of the Western prosperity Academy before-Qian Xiaodong, the guy he met on the northernmost Island, was from that school,

wasn't he? did Gong Linzhou know that unlucky Qian Xiaodong? He'd already killed a genius from the West rising Academy on the northernmost Island, and he'd won another one this time-it wasn't a big deal.

After he went down, the person who was originally in ninth place, now in tenth place, stood on the stage with a heavy heart. He originally wanted to fight for first place, but now he had no confidence at all.

Lin Yi's strength was just the tip of the iceberg-it was obvious from his casual attitude that he wasn't serious at all. If he couldn't even beat someone who wasn't serious, what was the point of challenging them?

Although the judge didn't say what bonuses and rewards the top ten would receive, from the benefits of being first, it should be more beneficial the further one went. Therefore, after some consideration, the tenth-ranked person chose the safer way. He first challenged someone he had heard of. He was currently ranked sixth, so the probability of winning should be more than 60%.

The final result was just as he had expected. After a tough battle, he won the challenge before the time it took for an incense stick to burn was about to end, and he jumped to the new sixth place.

The rest of the battles followed the same conservative thinking-no one wanted to challenge Lin Yi. Gong Linzhou had lost to Lin Yi, and in a very sorry state, but no one wanted to challenge him for second place. Everyone wanted to see if this proud guy would challenge Lin Yi again.

However, this did not include Leng rufeng!

Leng rufeng couldn't stand Gong Linzhou's arrogance towards Lin Yi anymore. Although he'd been taught a lesson by Lin Yi twice, he still wanted to teach that guy a lesson himself.

Through this indirect method, Leng rufeng could also evaluate how big the gap was between his strength and Lin Yi 's. Back then, Lin Yi's strength was still below his, and it was only through constant battles that he was able to quickly improve. Although he respected Lin Yi, Leng rufeng had always been confident in his talent and strength. After defeating Gong Linzhou, he would challenge Lin Yi to learn from each other. This was also a way for him to show his respect.

"Gong Linzhou, come up! You don't have the right to take the second place!" Leng rufeng's voice was as cold as ice. Everyone felt a chill spreading through their bodies when they heard it.

"Who Do You Think You Are, to actually dare challenge me? Seeing that your courage is commendable, I will show you mercy later!" Gong Linzhou's expression was dark and cold. He had lost so much face previously, and now that he had finally calmed down, he was challenged by Leng rufeng. It was a good time for him to vent his anger.

Chapter 6353 You're Capable

"I've heard that Leng rufeng from the soaring Cloud School is quite powerful. After all, he has been to the mystic division Sea area before. To be able to challenge someone of a higher level, he must not be underestimated!" Although the yellow-class Sea area of the East continent was vast, some famous students 'names would still be spread among the academies. Leng rufeng was one of them, and of course, Gong Linzhou was also one of them. Seeing the two of them fighting, some people immediately began to whisper.

"That's right. Even though Leng rufeng came back from the mystic division sea and hasn't returned for a few years, ordinary opponents of the same level can't beat him! Gong Linzhou seems to be stronger, but I think Leng rufeng will win this time!" Among the others, Leng rufeng had the most supporters. This was why no one had challenged him before.

"I don't think so. Gong Linzhou is a little arrogant, but he still has some strength. He suffered a loss just now and has no place to vent his anger. Now that Leng rufeng took the initiative to challenge him, he might be used as a target to wash away his shame. Although I don't like Gong Linzhou, to be honest, the victory might still be this annoying fellow." Some people supported Leng rufeng, while others supported Gong Linzhou. It was a pity that there was no opening here, otherwise, these guys would definitely go up and place their bets.

The two stood facing each other on the stage. Gong Linzhou had been thrown off the stage twice by Lin Yi without any reaction, so he was extremely prepared for a sneak attack. He put on a defensive posture the moment he came up, afraid that Leng rufeng would do the same.

Two exquisite daggers appeared in Gong Linzhou's hands. Although his attitude was arrogant, he was very clear-headed in his heart. He had heard of Leng rufeng's reputation and knew that he was definitely not an easy opponent.

On the other hand, Leng rufeng's expression was calm as he drew his long saber. He had not drawn his saber in all the previous battles. Now that he was facing Gong Linzhou, he had drawn his saber at the first moment. It was obvious that he did not care about that guy as much as he showed on his face.

"Hmph, Leng rufeng! A piece of trash who couldn't even survive in the mystic division Sea area, where did he get the courage to challenge me? Come, I'll let you attack first for three moves, in case others say that this young master is bullying trash!" Gong Linzhou didn't dare to be the slightest bit careless, but his words still made him look like he was asking for a beating. This was actually a way to numb the enemy.

"Aiya, in that case, I should have let you attack me for three, four, five, six moves first! Have you been scolding me in your heart, saying that I'm bullying trash?" Lin Yi suddenly opened his mouth and asked, the look of sudden realization on his face-it was a perfect imitation.

On the stage, Gong Linzhou's foot slipped and he almost fell to the ground ... This B * stard, he really touched a sore spot! Just you wait, there will be a time for you to cry!

Gong Linzhou forcibly suppressed the anger and resentment in his chest and focused his attention on Leng rufeng. At the same time, he secretly warned himself that Leng rufeng was not an easy guy to deal with. If he failed again and caused the battle to fail, he would really have no face to show off in front of those trash below the stage!

"Are you sure you want me to attack you three times first?" Leng rufeng stood up straight like a knife, and a sharp aura began to rise from his body. "If you lose before you have the chance to attack, don't blame me for not warning you in advance!"

"You? To be able to force this young master to make a move in advance, I'll consider you capable!" Gong Linzhou was still stubborn, but he didn't dare to make any promises. If by any chance ... That would be very embarrassing ... Although it wouldn't be as embarrassing as the previous two times ...

"Then take this!" Leng rufeng did not waste any time. He was more used to making a move directly. Whether Gong Linzhou wanted him to attack first or not, he would definitely attack when it was time.

The temperature of the entire arena dropped instantly, making people feel as if they were in a World of Ice and snow. Gong Linzhou, who was in the middle of it, suddenly felt that his blood vessels were not flowing smoothly, and his true energy was stagnant. He was extremely surprised.

Leng rufeng's reputation was well-deserved, he did have some skills! However, if that was the case, it was nothing impressive!

Gong Linzhou's face revealed a contemptuous expression, and his body emitted a faint flame with a bang. This was the direct use of true Qi to transform into a physical form, which was just right to deal with Leng rufeng's World of Ice and snow.

Cold air and flames intertwined, making a slight sizzling sound. Water vapor began to rise around Gong Linzhou's body. The two hadn't even made a move yet, but they had already begun their initial confrontation.

"Come on! Is your saber just for show? Is this little bit of cold air used to cool down this young master's body?" Gong Linzhou continued to provoke Leng rufeng with a disdainful tone. As for whether he was really that relaxed, only he knew.

Lin Yi finally understood that Gong Linzhou was born with a foul mouth and liked to trash talk, but he found the wrong person to trash talk to. He was thrown off the stage immediately after trash talking Lin Yi, but to Leng rufeng? Hehe, he didn't buy it at all!

He raised his long blade slightly, and a vast amount of cold air gathered on the blade. Gong Linzhou suddenly felt that he could not continue speaking, because the entire ring seemed to be enveloped by the sharp edge of a huge long blade. No matter where he dodged, he could not avoid the slash of the blade.

"Saber Force! Oh my God! What a powerful Saber Force! How was Leng rufeng challenging someone of a higher level? He's clearly able to challenge those of a higher realm. I'm afraid that even an ordinary expert at the beginning of the mountain wouldn't be able to block his saber momentum!" Some people were already exclaiming in a low voice. At the same time, they were secretly glad that they had not challenged Leng rufeng before. Otherwise, they would not have been able to withstand even one strike from him.

The judges who were watching the battle were also in high spirits. Leng rufeng was also a rare genius! If it was last year, they would all be top students and would be heavily recommended to their own Academies!

Lin Yi smiled and nodded. Leng rufeng's blade Force was smoother and more complete than the first time he saw it, and the power was more than ten times stronger. Maybe it was because he used a long blade. The first time they fought, he only used an ice blade, but the changes were still clear to Lin Yi, which made him very happy.

The audience could feel the power and extraordinariness of Leng rufeng's saber aura. Gong Linzhou, who was in the middle of it, was even more shocked. His experience was tens of times more intense than the audience. Because Leng rufeng had locked the power of his saber aura in the space of the ring, the audience could only feel the power that had dissipated.

I can't wait any longer! Once Leng rufeng's Saber Force was fully developed, he would be defeated without even using a single move! Gong Linzhou's mind raced, and he instantly made a decision!

"Good! Leng rufeng, you're really something!" Gong Linzhou let out a loud roar. The flames on his two-handed daggers burst out and formed two flaming wings. He pounced at Leng rufeng with his body, trying to break Leng rufeng's control of his knife momentum.

Chapter 6354 Battle Between Leng Xiao

The crowd below the stage burst into laughter. Gong Linzhou had just told Leng rufeng that Leng rufeng would be considered capable if he could force him to make a move. In the end, this guy had taken the initiative to attack before the other party had even made a move. Moreover, he had admitted that Leng rufeng was capable first. It was a fair and just move.

Of course, from Lin Yi's point of view, this Gong Linzhou was just a Joker, and the bad impression he had of him from before had unknowingly dissipated a lot. At least now, he didn't seem like someone like Qian Xiaodong.

On the stage, Gong Linzhou could not care less about what the people below him were thinking. He only wanted to get to Leng rufeng as soon as possible. Otherwise, the situation would only get worse.

Fortunately, his fire-type martial arts technique could still restrain Leng rufeng. Well, it was not a restraint. At most, he was not restrained by Leng rufeng. This was already very good. If it were someone else, their strength might be restricted by 30% to 50% and they would not be able to fight at all!

"Leng rufeng! Watch my sword!" Gong Linzhou drew a fiery red arc in the arena and came to Leng rufeng's side. He shouted and combined his two swords, forming a three-meter long flaming giant sword, which stabbed at Leng rufeng like lightning.

Leng rufeng's feet did not move, but the long saber in his hand trembled slightly. A cold Saber Light suddenly appeared in front of the giant sword and collided with it. Flames flew everywhere, and the saber Light scattered in all directions. This time, the two of them were evenly matched. Neither of them had the upper hand!

"You're a good saber! I'm also a good sword! Again!" Gong Linzhou laughed out loud. He turned his body and moved behind Leng rufeng like a ghost, trying to attack from behind.

The people below the stage who heard this couldn't help but laugh and think, "I'm so cheap too!" Can't you be any more despicable?

How could Gong Linzhou have the time to think about what he was saying? The first time they fought, it seemed like they were evenly matched, but he knew that he was at a slight disadvantage.

As the main attacker, Gong Linzhou's sword attack had been prepared, while Leng rufeng's blade attack was just a casual defense. The amount of genuine Qi invested by both sides was not equal. Moreover, when the blade attack and the flame sword finally offset each other, the flame was completely shattered, but the blade attack still had a little bit of residue. Although it did not cause much damage, it was enough to prove that Leng rufeng's strength was above Gong Linzhou's!

Suppressing the anxiety in his heart, Gong Linzhou laughed again and waved his swords quickly. Countless flames left the swords and turned into small fire Birds that circled around Gong Linzhou and Leng rufeng. The ice and cold air was also melted by the flying Fire Birds.

"Leng rufeng, look at your sword! Take my hundred birds return to nest sword!" Gong Linzhou's figure kept moving around, waving his short sword behind Leng rufeng's back. Countless Fire Birds let out sharp cries and rushed toward Leng rufeng like a flood of red flames.

Leng rufeng took a step forward and made a half turn. His long saber circled back and slashed. The cold air in the entire ring suddenly soared wildly. Under the guidance of the saber Light that seemed slow but was actually as fast as lightning, it directly froze the space between him and Gong Linzhou. Countless Fire Birds were suspended in the air. Their bodies were covered in bright icicles, but they could not break the ice.

The blade light followed closely behind the cold air. The icicles in the air were turned into powder by this blade, and the flames were also completely extinguished. Gong Linzhou turned pale with fright. He crossed his two short swords in front of his body and desperately moved to the side, finally avoiding the direct impact of the blade light. Then, using the crossed short swords as a fulcrum, he pushed his body to accelerate and avoid it.

Leng rufeng's eyes were as cold as a knife, and his face was expressionless. With a slight shake of his wrist, his knife aura suddenly exploded, and countless knife gleams appeared out of thin air. Like sharks chasing after blood and butterflies lingering around the fragrance of flowers, they all gathered around Gong Linzhou.

A sharp aura filled the entire arena. The green bricks on the ground that were covered with restrictive spells also revealed dense traces of blade marks. The ground here would not be damaged by a battle within the xuansheng stage. Now, Leng rufeng's blade Force had left marks on the ground even though it was only the aftermath. It was obvious that its power had been raised to the level of the mountain split stage.

"Amazing!" Gong Linzhou roared loudly. It was unclear if he was cheering for himself or for Leng rufeng. However, everyone knew that if he did not have a more powerful martial technique, he would most likely drop from second place!

The two exquisite daggers were suddenly clapped together by Gong Linzhou, forming a new daggers. It turned out that this was originally the Mandarin Duck sword. After being combined, the body of the daggers lit up with a fiery red light.

No one knew what kind of mechanism Gong Linzhou had triggered, but the sword hilt, which had originally only been a one-handed grip, had quietly extended into a sword hilt that could be held with two hands. Although the blade of the sword had not changed, the surging true Qi had condensed into a wide and large sword on the body of the short sword.

This time, it was completely different from the previous fire sword. The fire sword only had a form, but this time, the sword condensed by genuine Qi was no different from a real sword.

Everything was completed in a flash. Leng rufeng's knife momentum launched a general attack, and Gong Linzhou's big sword also launched a defense.

The heavy sword had no edge, and no skill!

Gong Linzhou held the sword with both hands. The originally exquisite short sword seemed to weigh thousands of catties. The body of the big sword did not have any sharpness at all. It streaked across his body extremely slowly, forming a perfect arc.

Countless blade lights were attracted by the arc and plunged into it, producing muffled sounds like raindrops hitting banana leaves. Gong Linzhou's face was flushed red, and it was obvious that he was reaching the limit of what he could withstand.

Originally, this move was used to attack with more power, but it was forced into a defensive move by Leng rufeng's saber momentum. It was easy to imagine how depressed Gong Linzhou was.

"Not bad!" Leng rufeng's eyes lit up. It was rare for him to praise his opponent. It seemed that he had underestimated Gong Linzhou. The power of this sword attack alone had already exceeded the scope of the xuansheng stage. It had reached the initial stage of the mountain opening stage. This guy did have the capital to be arrogant.

Those who could cross ranks to challenge were all powerhouses who were one in a hundred or even one in a thousand. They could not be encountered casually.

It was a pity that Gong Linzhou was unlucky. If he didn't meet Lin Yi, then he would meet Leng rufeng. Both of them were geniuses that were even more insane than him. It was impossible to turn the tables with this sword.

Behind the countless tiny blade auras was the long blade in Leng rufeng's hand!

The cold air gathered on the blade of the long saber, forming a huge blade more than five meters long. There were no fancy moves, just a simple slash. Gong Linzhou felt that the world in his eyes had been frozen, and the saber Light that filled the world had cut the frozen world in half.

Heaven and earth collapsed, and the world shattered! Even if they knew that this was an illusion brought about by a martial technique, it was enough to make people lose their courage.

The judges' expressions had changed. The power of the saber had broken through the ring because Leng rufeng could not control the saber's momentum. He could not control the saber's power that could threaten and injure the judges.

Chapter 6355 The Most Talented Genius

If this blade really hit, let's not talk about whether Gong Linzhou could block it, even if he could, he would probably be seriously injured!

It was the judge's duty to protect the top ten young talents. Therefore, the judge who was hosting the competition rushed forward immediately to stop Leng rufeng's saber!

Now, he could only hope that Gong Linzhou's sword arc could hold on for a little longer, at least until he had exhausted most of Leng rufeng's Saber Force!

However, what made the judge almost vomit blood was that when Gong Linzhou saw that things were not looking good, he actually turned around and ran without the slightest hesitation. He directly jumped off the stage, like a rabbit that had been shot in the butt by an arrow, his speed was extremely fast!

After losing its target, Leng rufeng's saber aura could have slowly dissipated and then been controlled by him. However, the judge had rushed into the range of the saber aura. Under the guidance of Qi movement, the saber aura immediately changed direction and aimed at the judge.

Leng rufeng was helpless. He had tried his best to control it, but the judge was too strong. After the saber Force was activated, even the genuine Qi that he had saved was forcibly drawn out in the face of such a threat. This was the biggest flaw of his Saber Force.

Fortunately, the judge's strength was at the consummate level of the mountain opening realm, so he was not injured by Leng rufeng. After some effort, he finally eliminated the attack without any danger.

"In this round, Gong Linzhou jumped out of the ring. Leng rufeng won, and his ranking will be temporarily changed to second place. The next challenger, please come on stage. " The judge didn't say much, but the way he looked at Gong Linzhou had changed.

One would never understand how terrifying Leng rufeng's saber aura was if they did not experience it for themselves. Judging by the strength of the consummate level of mountain splitting realm, one could also faintly feel that it was impossible to break free from the locking of the saber aura. How could Gong Linzhou easily jump out of the ring when he was facing the saber aura head-on?

Those who didn't know what was going on only saw Gong Linzhou's desertion. Only he understood that being able to escape at that time wasn't much easier than fighting head-on!

Of course, Leng rufeng was more aware of this, so he looked at Gong Linzhou in a different light. As proud as he was, he would always look at some powerful guys in a different light. This was the appreciation of those on the same level.

"Leng rufeng! You're amazing! This young master wasn't prepared this time. I've taken advantage of you and been cheated by you! Next time, don't even think about using this trick to trick me. Let me tell you, the same trick is ineffective against this young master. You'd better prepare something new!"

Gong Linzhou had escaped far away. When he saw that the knife power had dissipated, he wiped his cold sweat and ran back, still muttering and refusing to admit defeat.

Leng rufeng revealed a rare smile. He ignored this verbal attack and walked down the arena.

"Hey, Leng rufeng, I'm telling you, you're lucky that you don't practice swordsmanship. Otherwise, you might be the second best swordsman in the world! Because this young master will definitely be the world's number one sword in the future. If you learn the sword, you will definitely not be inferior to this young master. No, you will be slightly inferior, so you will be the world's number two sword!" It was unknown if Gong Linzhou was overly agitated, but he actually ran up to Leng rufeng and started talking non-stop about the sword. Leng rufeng, who had never been attacked by trash talk, could not help but feel a little annoyed.

You're the most despicable person in the world now! Why would he need to wait for the future? You're also the second most despicable person in the world! You're all the B * tches in the world, you should be satisfied now?

The cold, proud, and aloof Leng rufeng could not help but start ridiculing Gong Linzhou's verbal skills in his heart ...

"Alright, go to the side. Do I know you well?" Lin Yi couldn't stand it anymore and waved Gong Linzhou away.

The guy was still a little scared when he saw Lin Yi, mumbling something under his breath, but didn't dare to talk to Lin Yi anymore and walked to the side.

"Boss, that guy is also very powerful. We can't underestimate him." Leng rufeng waited for Gong Linzhou to leave before communicating with Lin Yi through voice transmission.

"You're talking about the last time he escaped, right? To be able to easily escape from your saber aura lock, he does have some skills. " Lin Yi nodded slightly. He had experienced Leng rufeng's blade Force before, and it wasn't just once or twice. Naturally, he understood the secret behind it.

Furthermore, with his current strength and vision, he knew all the details of what had happened in the ring like the back of his hand. This was the reason why he was able to guide yang qianxue earlier!

"That's right, I'm a little surprised that Gong Linzhou was able to escape! His sword arc must have blocked the saber Aura's lock, right?" Leng rufeng's eyes were sharp in battle and he could basically see through what was going on.

"That's right, Gong Linzhou's martial arts technique does have its merits. In terms of control ability, he's even better than your knife force. You can learn from it and continue to improve your knife force.

You're pursuing too much power in your Saber Force. Although you have an additional killing force that will increase your power, it's useless if you can't control your moves.

Therefore, your current cultivation direction should be to strengthen your control of the blade Force. Exquisite blade technique changes and simple horizontal and vertical slashes have their own advantages, but it is undeniable that changes make it easier to hit the enemy, especially in the ice and snow area you have formed. " Lin Yi's eyes were definitely the best, or he wouldn't be able to copy so many other people's martial arts skills, so it was quite easy for him to guide Leng rufeng.

Realization dawned on Leng rufeng, and he looked at Lin Yi with even more respect.

"Boss, you really are the most talented genius I've ever seen. Not only is your cultivation speed astonishingly fast, but even your insight is a level above others. Ru Feng truly admires you!" Thinking back to when they first met, Lin Yi was still so weak, but now he'd far surpassed him, and could even point out the problem in his training-it was amazing!

What Leng rufeng didn't know was that Lin Yi had already suppressed his breakthrough speed. Otherwise, he would have been an opening Mountain Master by now. Fortunately, he didn't break through, or he wouldn't be able to participate in the mystic division Sea area test. He could only enter the Mystic division Sea area as an opening Mountain Master, and the time he could stay there would be greatly limited.

"You're also a rare genius. It's really not easy to cultivate Blade Force to such a scale at this level!" Lin Yi complimented Leng rufeng as well. He turned and said, "I can see that your cultivation is quite solid. This

is very good. Don't rush to break through the level. The most correct way of cultivation is to accumulate and then burst out."

After the secret realm, Lin Yi had a deep understanding of this. He was very happy to see that Leng rufeng was walking on this path as well, but he was afraid that Leng rufeng would give up on his own path, so he reminded him.

Chapter 6356 First Place!

"I understand. Don't worry, boss!" Leng rufeng nodded. He knew the benefits of breaking through after accumulating enough experience. That was why he was not in a hurry. Otherwise, he would have been able to advance at least two levels.

As the two were talking, another battle had ended. Lin Yi and Leng rufeng were in first and second place, and they didn't care about the rest of the battles.

In the next round, it was Gong Linzhou's turn. He could only challenge the first and second place, and both of them had just defeated him. He wanted to take revenge, but it would only make things worse at the end. After looking at Lin Yi and Leng rufeng, he gave up.

In Gong Linzhou's own words, he said, ""I'm in a good mood today, so I don't want to argue with you two. You're lucky, but you won't be so lucky next time ..."

No matter what, after Gong Linzhou gave up his challenge, he no longer had the right to challenge Lin Yi and Leng rufeng. However, if his ranking continued to drop, he could continue to challenge those who were ranked third and below even if he couldn't challenge the first and second in the next round.

"Boss, why don't we go up and have a spar? you can also give me some pointers?" After Gong Linzhou, it was Leng rufeng's turn. He was very eager to fight Lin Yi, but this kind of thing needed Lin Yi's consent. He couldn't make decisions on his own.

"There will be plenty of opportunities in the future, so let's forget about today! One joss stick's time isn't interesting, not to mention that you haven't modified your Blade Force yet. When you have made some progress, we can have a good spar. " Lin Yi smiled and shook his head. He had no interest in fighting with Leng rufeng here.

Although it was interesting to spar with Leng rufeng, it could be done in private in the future. There was no need to do it at this time and place.

Leng rufeng thought about it and agreed. He hadn't even fully digested Lin Yi's advice. He wouldn't gain much from sparring now. He might as well wait until he understood it. Maybe he would get more inspiration.

"I give up the challenge!" Leng rufeng waved his hand at the judge on the stage to signal that he would not continue the challenge.

The judges didn't have any objections. They'd seen Lin Yi and Leng rufeng's strength. As the first and second in the top ten, no one would have any objections. These two were indeed worthy of their positions.

The next challenge was basically a fight between people with similar rankings. Because the gap was not big, no one would really go all out to fight to the end. After all, there was still the third round. If they exhausted their physical strength and were taken advantage of by the people behind, it would be boring.

As for the top three, no one challenged them in the second round. Lin Yi, Leng rufeng, and Gong Linzhou were recognized as the strongest among the ten, and all of them had the strength of a mountain-opening stage cultivator. The remaining seven didn't have the ability to challenge Mountain-opening stage cultivators, so the rankings changed between four to ten.

After the second round ended, everyone was clear about their strength and their own positions. Therefore, there were almost no challengers in the third round. There was only one person who wanted to fish in troubled waters, but in the end, he returned in defeat. Thus, the ranking competition for the top ten ended.

The judges sighed in their hearts. The first place should have been the most intense battle, but after only one battle, it was settled. The second place was the same. There was no fight for the third place at all, and Gong Linzhou had automatically fallen to third place. The top three were decided in only two battles, which was unprecedented.

After all was said and done, Lin Yi's group was just too strong-they were way ahead of the others, giving them no hope at all.

"Lin Yi, well done! I told you you could do it, I didn't think you'd get first place in one battle, congratulations!" After the ranking battle ended, yang jadeite came up to congratulate Lin Yi with a smile. As the judge of Lin Yi's group, it was normal for her to do this. It was inappropriate for other people to come over and get close to him.

They were all instructors from the various major Academies. Even if he wanted to recruit people, he couldn't do it in front of others, right? It wasn't easy to get familiar faces.

In addition to Lin Yi and Yang jadeite, the judge of Leng rufeng's team also came over enthusiastically. He came under the pretense of congratulating Leng rufeng for getting the second place, and seeing the relationship between the first and second place, he naturally came to congratulate him as well.

They were just trying to get to know each other-Lin Yi knew that he'd only be going to the Feiyang school, so he greeted them politely. He wasn't too friendly, but he wasn't too distant either. Who knew if any of his friends would come to their school in the future?

The group of people seemed to be old friends who had known each other for many years. They returned to the high platform in front of them, chatting and laughing. It was already midnight, but there were many torches lighting up the place, so it was still as bright as day.

The students who had passed the assessment were all waiting here. They wanted to know if the student recruitment team had any other explanation.

They were all cultivators above the xuansheng stage. It didn't matter if they didn't sleep for a few days. Naturally, they didn't think it was hard to wait for a while. This was related to their future development in the xuansheng Sea area. No one would take it lightly.

"The hundred students who passed the test have all been selected, and the top ten ranking battles have also been decided. First of all, let's congratulate the top ten students!" Zhang jinmiao took the list of the top ten and glanced at it. A smile appeared on her face as if she had expected it. Then, she faced the audience and began to announce.

"The 10th place is from ... The 9th place is from ... The 8th place is from ..." As Zhang jinmiao announced them one by one, the audience started to cheer. These were all the best of this batch, and they might need her to take care of them in the future. No matter how unhappy they were, they could not show it. It would be meaningless if they were targeted and hated them.

"The third place is Gong Linzhou from the West rising Academy!" Zhang jinmiao raised her head to look at the list-she'd been paying the most attention to Lin Yi, of course, but she still couldn't help but be overjoyed when she saw that it was first place, so she ignored the others.

Since the first place was already confirmed to be someone from Feiyang college, then the second and third place could also be appropriately watched to see if they could be pulled into Feiyang college. If they could take all the top three, Feiyang college would make a big profit this time.

However, when she saw Gong Linzhou's haughty expression, as if everyone owed him millions of spirit Jade, Zhang jinmiao suddenly felt that it was not a bad idea to leave the third place to the other Academies. It was easy to attract jealousy and hatred if one ate all of it alone ...

Chapter 6357 Assemble In A Month

"The second place is Leng rufeng from soaring Cloud School!" This one was not bad. Although he looked a little cold, he was as sharp as a blade. He was a talent! I heard that she's on good terms with Lin Yi? There's a chance!

Zhang jinmiao had her own plans in mind, and the smile on her face became more and more friendly. Although there were not as many geniuses as last year, the quality of the geniuses this time was not inferior, and might even be better.

It was already a great fortune to be able to get the two most outstanding ones, so Zhang jinmiao would not ask for more.

"First place is Lin Yi from the northern island!" Zhang jinmiao couldn't help but feel proud when she announced Lin Yi's name.

From Beidao, but about to join Feiyang! None of you can take this genius away!

Zhang jinmiao turned around and looked at Shangguan LAN 'er, who was cheering beside her. A trace of love flashed in her eyes. This little girl was very talented. She might be a little weak now, but as long as she cultivated well, even if she couldn't reach Lin Yi's level, she wouldn't be able to win Leng rufeng. It was more than enough to deal with Gong Linzhou.

If Gong Linzhou knew that Zhang jinmiao had such an evaluation in her heart, he would probably jump out and yell, "this young master is going to be the world's number one swordsman in the future, I'm not targeting any of you, but you're all trash in my eyes!"

"From the northern island? He actually got first place? It's that powerful? No wonder I find his name so unfamiliar. Can a place like the North Island produce geniuses?" Those who didn't know Lin Yi were already whispering to the people around them, expressing their feelings.

"That's because you're ignorant! The North Island's Shangguan Tianhua senior is extremely famous in the East continent, and there's also the genius Gongyang Jie who's also a Big Shot in the East continent. I'm afraid this Lin Yi is the second Gongyang Jie from the North Island!" There were also people who immediately retorted, explaining that the North Island had a history of producing amazing people.

"What do you guys know! They're all a bunch of ignorant people, but Lin Yi isn't some nobody. He's been to the Yellow Sea area of the East continent a long time ago-he's the son-in-law of the West Island, the master of master Qing Danzi, the chief refiner of the Morning Star yellow Class practitioner school, and the guest of honor of President Zhuang of the Yellow Sea School Alliance! He's a real big Shot!" Someone who knew a thing or two about Lin Yi started showing off, and as expected, the crowd started exclaiming. The guy's vanity exploded as if he had a close relationship with Lin Yi, and it was full of pride and honor.

"Alright, the spots for the mystic region have all been confirmed. The top ten will receive their rewards during the entrance exam. From now on, you have a month to settle your matters in the yellow region. Whether it's going to your school to go through the procedures, going home to say goodbye to your family, or going to meet your friends and lovers, remember, you only have a month!" Zhang jinmiao pressed her hands down, stopping the growing discussion below the stage.

"We'll gather here again in a month's time. We'll head to the mystic division Sea area together. If anyone is late, they'll be disqualified. Please be careful. Once we set off, even if we catch up, we won't be able to enter the Mystic division Sea area." Zhang jinmiao's smile had already disappeared, and her eyes were calm as she warned him.

Everyone's heart suddenly trembled with fear. Being late would result in disqualification? Who would be willing to be disqualified for being late? Almost everyone was determined to arrive at the Academy a few days in advance. They would rather sleep outside for a few days than be late by even half a minute.

No one would doubt Zhang jinmiao's words, because the recruitment team's strict time requirements were obvious to all. The despair in the eyes of the guy who failed to catch up by only a few hundred meters in the first round was still vivid in their eyes. No one wanted to be the next unlucky person.

"Don't worry, Dean Zhang. We'll remember this and won't be late!" Some of them reacted quickly and had already bowed and cupped their fists to Zhang jinmiao to express their feelings. Even if they couldn't get Zhang jinmiao's favor, they could at least get to know her first.

The others also responded one after another, and the scene became noisy again.

"Alright, since everyone is clear, then let's stop here for today! I'll see you in a month!" Zhang jinmiao waved her hand and did not say anything more. They were dismissed.

Just like that, the admission quota to the mystic division sea was decided in a day. However, this was not to say that the recruitment team was sloppy or rushed. In fact, the preparation work before the assessment had already lasted for more than half a year. Although Zhang jinmiao was always on the North Island and seemed like she didn't care about anything, the instructors of the various Academies were actually running around the East continent to select the candidates. Just like the Spring Festival performance in the secular world, the final performance only lasted a few hours. However, it would take at least a few months to prepare.

"Lin Yi, it's no surprise that you're first in the exam, so I won't congratulate you anymore!" After the students left, Zhang jinmiao brought Shangguan LAN 'er to Lin Yi and started chatting with a smile.

"Auntie Zhang, I'll take it as a compliment!" Lin Yi smiled. He was already familiar with Zhang jinmiao, so he didn't hold back when he spoke. Since she was Shangguan LAN 'er's teacher, he just called her aunty Zhang, which was much more intimate than vice-director or something.

Zhang jinmiao was naturally quite happy about this-Lin Yi's future was limitless, and he was a Mystic as well. Even if they were of the same generation, it wouldn't be a problem-it wasn't easy to call yourself a junior.

"If you want to praise you, just do it. Don't be too proud and arrogant. Is Leng rufeng your friend?" Zhang jinmiao smiled and shook her head. She subtly shifted the topic to Leng rufeng who was beside her.

"Yes, rufeng. Let me introduce you to the vice principal of Feiyang college in Mystic division Sea area, Zhang jinmiao." Lin Yi thought highly of Leng rufeng and wanted to introduce him to Zhang jinmiao, so he just went with the flow.

"Leng rufeng greets senior Zhang!" Leng rufeng didn't dare to be slow, he cupped his fist and bowed respectfully. Not to mention Zhang jinmiao's strength and status, even Lin Yi had to call her aunt Zhang, so he had to treat her with full respect.

"No need to be so polite-you're Lin Yi's friend, so I'll take it upon myself to call you" senior. "I'm very happy to see young geniuses like you-the Sky Class Island will be relying on you guys to carry it forward!" Zhang jinmiao chatted with Leng rufeng affectionately, but she didn't show any intention of recruiting him into Feiyang college.

Chapter 6358 Don't Leave Me Behind

This was a violation of the rules, and Zhang jinmiao wouldn't do it out in the open. Anyway, with Lin Yi around, the chances of Leng rufeng choosing Feiyang school were very high.

Yang qianxue, Jiang He, hai, and Qin Yue walked over at the same time, and Lin Yi introduced them to each other. Zhang Jinming suddenly felt a little troubled-they were all outstanding seedlings. Would the spots for Feiyang college be enough to take them all in?

Of course, compared to Leng rufeng and yang qianxue, Jiang He hai and Qin Yue were slightly less talented. Although they were not weak, they were only ordinary talents. Zhang jinmiao felt that the higher-ups of the college would not care about such talents, so the possibility of them being accepted by other inferior first-tier colleges was higher. She hoped that these people could be together, but unfortunately, these things were not up to her to decide.

"Boss, do you have any plans for the future? We're going back to the Academy. If there's nothing else, why don't you come with us?" After some small talk, Leng rufeng turned to Lin Yi and invited him to go back to the Flying Cloud School.

"No, I promised a friend I'd go find him, so I can't go back to the Academy with you. We'll meet here in a month." Lin Yi waved his hand. He was planning on helping ao Tianba anyway, and a month was more than enough. He just didn't have time for other places.

"I see. It's a pity that we have to go back once, so we can't accompany boss." Leng rufeng looked regretful. He really wanted to travel with Lin Yi. Lin Yi's guidance just now made him understand a lot. If they could travel together, he might improve more after sparring.

"There's plenty of time in the future, so there's no need to rush. " Lin Yi smiled and patted Leng rufeng's shoulder, implying that he wanted him to enter the same school as him. That way, they'd have more opportunities to be together.

After a few more words, the four of them left. Lin Yi wanted to ask them to stay for a night before leaving, but after so long, the sky was almost bright. The four of them didn't stay and rushed back to the Flying Cloud School.

"Lin Yi, Lil" bro, you're going to ao Tianba? I also want to go!" Shangguan LAN 'er had been holding it in for a long time. After Leng rufeng and the others left, she immediately jumped out and tugged at Lin Yi's sleeve.

"Ah? I'm not going there to play. You should stay here to accompany Auntie Zhang. I'll be back soon. " Lin Yi scratched his head. He didn't mind bringing Shangguan LAN 'er along, but the assassin had completely hidden himself after that one attack. He didn't know when he would launch his next attack. What if something happened to Shangguan LAN' er?

"Hey, hey, hey, we agreed that you're going to accompany me on this adventure. How can you leave me alone again? You didn't keep your word, did you? Are you trying to be shameless?" Shangguan LAN 'er pouted pitifully at Lin Yi as she scolded him, not wanting to play with her.

Lin Yi's head started to hurt-he did promise Shangguan LAN 'er that he'd go on an adventure with her, and it wasn't his style to go back on his word. But what if she threatened him?

"Lin Yi, you don't have to be so troubled. I'll go with you guys. I don't have anything to do here anyway, so just take it as a sightseeing tour." Zhang jinmiao's heart ached for her disciple, and she immediately stepped in to smooth things over. Although she'd rather Lin Yi and Shangguan LAN 'er go out alone, with her following, their safety would be guaranteed.

"Alright, in that case, let's set off after daybreak." Zhang jinmiao had already spoken, and Lin Yi couldn't reject her. The assassin might not even appear again, and if he left, what if he targeted Shangguan LAN 'er? There was danger on both sides, so he might as well let LAN 'er follow him.

After thinking it through, Lin Yi let go. If he could catch the assassin, he would find the mastermind. If he was still from hidden death sect, he would go and destroy their base when he got stronger!

"That's good. You guys go and rest for a while. I'll make some arrangements for the recruitment team and then come to find you." Zhang jinmiao nodded. As the main person in charge of the recruitment team, she had to make some arrangements before leaving.

Although he had always been a hands-off boss, he couldn't always be completely non-existent.

After daybreak, most of the participants had left, and Zhang jinmiao had finished arranging the recruitment team, ready to go find the AO Tian dam with Lin Yi and Shangguan LAN 'er.

"This is the flying saucer that Jing Jing made. It's so beautiful!" Shangguan LAN 'er couldn't help but exclaim in admiration as she looked at the flying saucer Lin Yi took out and floated in the air.

Zhang jinmiao was also surprised. Flying tools were extremely precious. Even in the mystic Sea, not everyone could have one. Under normal circumstances, it was more common to use flying spirit beasts.

"Jing Jing's talent in manufacturing is indeed unique. Very few people can compare to her. Let's go up first. We'll talk about other things on the way. " Lin Yi smiled as he called the two to board the flying saucer.

Lin Yi hadn't used a flying saucer before-he wanted to keep it as a trump card, and he didn't want to be too high-profile. After all, the shape of a flying saucer was too eye-catching, and it'd leave a deep impression on anyone who saw it.

There was nothing bad about using a flying spirit beast, at most it would be slower. If it was a short distance flight, Lin Yi would be faster if he used his ghost speed wings and lightning escape.

The reason why he took out the flying saucer this time was mainly because he was worried about the assassin hiding in the dark. If that guy were to attack the three people on the flying spirit beast, it would not be so easy to hide. It would be better to use the flying saucer, which would be safer. Moreover, that guy might not be able to catch the flying saucer's trajectory.

Perhaps Lin Yi's flying saucer was really unexpected, or perhaps the assassin had given up on the mission after missing the first shot-the three of them left the Golden class girls "Academy without any trouble.

The meeting hadn't started yet when they found ao Tianba-it was said to be in a few days, and so he was surprised to see the three.

"Brother Lin! Also, director Zhang and miss Shangguan, I didn't expect you to come so soon!" Ao Tianba greeted him enthusiastically. He had just finished dealing with the goods and arrived at the meeting place not long ago, and Lin Yi and the others followed him here. Didn't they say they were going to take the mystic division test?

Chapter 6359 Naval Route Struggle

"Brother ao Tian, are you not happy to see us?" Lin Yi greeted ao Tianba with a smile. To be honest, he didn't expect to be here so soon either-the timing of the test was just too good. It ended in a day, saving him a lot of time.

"No way, brother Lin, you just like to joke with me. Please come in. I'm overjoyed to see director Zhang and miss Shangguan here!" Ao Tianba chuckled and gestured for the three to sit in the guest room on the ancient warship.

"Sorry for disturbing you, Captain ao Tian." Zhang jinmiao greeted ao Tianba courteously. The two weren't that far apart in status, and because of Lin Yi, there was a natural sense of closeness between them. They still maintained a certain level of courtesy when they spoke, but there was no sense of distance.

"Brother Lin, I'm so relieved that you're here. I just got the news that two new fleets have been formed in the Golden class Sea area, and they'll be participating in the sea route competition. We don't know how strong the new opponents are, so I'm really worried without your help." Ao Tianba led the three to his own living room and ordered the servants to prepare food before pulling Lin Yi over.

"Brother ao Tian, don't have too much hope in me. If I fail, I'll let you down," Lin Yi waved his hand with a smile. He wasn't so arrogant as to think that he'd win for sure. After all, this wasn't an individual's combat ability, but a fleet's control.

Fine, Lin Yi only realized now that he didn't know what the competition was about. He'd just taken it for granted.

"Little brother Lin, you're too humble. In my eyes, you're just a little guy who can create miracles. If you don't come and help, I don't have any hope. If you don't win, then it must be the will of the heavens. We'll come again next time, it's no big deal." Ao Tianba laughed heartily, looking very open-minded.

"Haha, since brother ao Tian has said so, then let us brothers join hands and do our best. That's right, why don't brother ao Tian explain to us the general situation of this conference?" Lin Yi smiled faintly-it didn't seem like ao Tianba was determined to win for sure, either. He just wanted to give it his all, and that was good too-they wouldn't feel too much pressure.

"The specific events of the competition are still confidential. They will only be revealed one by one after the competition begins, so we can't make any specific preparations for now." Ao Tianba shrugged his shoulders with a somewhat helpless expression. Perhaps the fleets in the Yellow Sea region could obtain some information through his own connections, but his Foundation in the East continent was too weak, so he could not obtain any useful information at all.

Lin Yi nodded-he'd expected this. Ao Tianba did mention that the competition was different every time, and he didn't know what it'd be like this year. He just didn't think that there'd be no news at all about the Grand meet that was going to start in a few days.

"This time, the most important thing that all the fleets are fighting for is the two spots on the route to the mystic division Sea area. The other routes are not very different. The worst and best routes to the major islands are only ten days apart, so it's not an unbearable difference. But the spots to the mystic class Sea area are extremely hard to get!" Ao Tianba's eyes were filled with anticipation. If he could get a spot to the Xuan class sea, his fleet would have a qualitative leap.

When he returned to Nakajima, he would be able to face his family with his head held high. After all, such an achievement was neither remarkable nor insignificant in an ancient family like the aotian family.

"Aunty Zhang, aren't we going to the mystic division sea by land? How come the sea route can be used?" Lin Yi looked at Zhang jinmiao, confused. He remembered Zhang jinmiao telling him that they went to Mystic division sea by land.

From the Golden sea to the mystic Sea, there was a restriction separating them. Those who were at the beginning of their mountain could apply for a time-limited pass, but those under the xuansheng stage had to follow the school's Guide. Lin Yi always thought that the sea route from the Golden sea to the mystic Sea was blocked, otherwise, wouldn't anyone be able to go there by sea?

"The Sky Class island's Sea area is so vast, so of course you can go to the mystic class Sea area by sea. But by sea, you can only reach the mystic class Sea area's port city, and all transactions have to be completed there. People who go through the yellow Class Sea area can't leave the port, and even if you have a pass, it's useless. The port city only allows people from the mystic class Sea area to go in and out, but if you want to trade, there's no problem. There won't be situations where the price will be deliberately raised because of this reason." Zhang jinmiao explained with a smile. As the Vice Dean of the School, she knew about these small things.

"So that's how it is. Brother ao Tian, you want one of the two spots, right?" Lin Yi understood the huge business opportunity in this, and naturally understood ao Tianba's desire for victory.

"It's not that I want one of the two spots, but all the fleets want these two spots!" Ao Tianba laughed and waved his hand. "That's why I said we should just do our best. What everyone wants isn't so easy to get."

Lin Yi understood that Ao Tianba didn't want to put too much pressure on him—he'd invited Lin Yi for one of the two spots, after all, and it wouldn't be as easy as he'd said if he failed.

"Well, it's a pity that we don't know what the competition is about, so we can't make any preparations. Brother Ao Tian, if you have any information on the contents of the previous tournaments, why don't you take it out and let us study it? we might be inspired." Lin Yi thought about it and decided that it wasn't a bad idea to refer to the contents of the previous meetings.

"I do have this. I'll take it out for everyone to see." Ao Tianba was naturally prepared for this. He took out a large stack of books from his storage bag. No one knew how many times he had collected the contents of the competition.

Lin Yi picked up the books and gave some to Zhang Jinmiao and Shangguan Lan'er, who quickly flipped through and studied the past battles.

Ao Tianba was not idle either. Not only did he have to participate in the discussion, but he also had to continue sending people to inquire about the news. Even if he got some news before the start, he would still be able to make preparations.

Chapter 6360 What's Our Ranking?

It was a pity that he didn't get any useful information until the start of the competition. He could only bring Lin Yi and the others to the competition for the route.

"Torrent city?" Lin Yi was a bit surprised when he saw the name-ao Tianba had told him to meet up at the port, so he didn't know where the city was.

When he saw it, he was shocked to find that he had arrived at the enemy's lair!

Wasn't torrent city the territory of Qian Xiaodong, the man he had killed? There was also Yu Ziqing from yeyue city, who was also a disciple of Western prosperity Academy. In that case, yeyue city should not be too far away, and the Western prosperity Academy where Gong Linzhou was located should be near these two cities.

"Brother Lin, you don't have to worry. We're only borrowing the territory of torrent city for this Festival. The Qian clan won't have the guts to make a move at this time." Ao Tianba clearly understood what Lin Yi was thinking-they'd all been through the battle on the northernmost Island, after all, and Lin Yi didn't hide anything from ao Tianba, Qian Xiaodong, and Yu Ziqing.

However, ao Tianba really didn't think much of the Qian family of torrent city. In the Golden class Sea area, the strongest force was the Academy. More than 80% of the people in the city were people with low cultivation bases and ordinary aptitudes, who had no qualifications to enter the academy.

As for the remaining twenty percent, most of them would find a school to join. So, the strength of a normal city Lord was at the beginning stage, and those who could reach the earth formation stage were as rare as Phoenix Feathers and Qilin horns. The Masters in the city naturally wouldn't be stronger than the city Lord. With ao Tianba and Lin Yi's strength, and with Zhang jinmiao on the side, even without the protection of the assembly, they weren't people the Qian family could easily mess with.

"The Qian family might not have the strength, but they have the financial resources. We can't let down our guard!" Lin Yi nodded and replied to ao Tianba.

He was now considering whether the assassins from hidden death sect were hired by the people of torrent city. Perhaps it was a joint effort by torrent city and night Moon City. Although their strength could not be compared to the various Academies, in terms of wealth, the ruler of a city would always be richer than the Academy.

If hidden death sect was really hired by flowing city, then the assassin who had disappeared after shooting the arrow might still appear here. They could not let their guard down.

"You're right, brother Lin. We'll be more careful!" Ao Tianba nodded and casually added, but it was obvious that he didn't think much of it.

Lin Yi didn't tell ao Tianba about the assassin at the school, so it was understandable that he didn't think much of it.

Lin Yi didn't tell ao Tianba about this because he didn't want him to be distracted. After all, attending the conference was the most important thing for him right now, and if he were to be distracted by the assassins, he'd only worsen the already disadvantageous situation.

After entering the city, Lin Yi spread out his spirit sense. The Assassin's target was him, and it didn't matter if ao Tianba didn't know about it. He had to be careful at all times, and Shangguan LAN 'er was right beside him. He couldn't let anything happen to her.

The fleet leaders who came to the conference had basically chosen to enter the city at this time, so along the way, they could see many people in the same direction as them. Their temperament was very similar to ao Tianba 's. As someone who had been at sea all year round, he had a very high resolution.

Lin Yi even saw Gu Yunhao, who had a conflict with Ao Tianba's fleet at sea. He didn't expect to be here so quickly.

"The main venue of the festival is right in front of us. After the ceremony and the long speech, we will return to the ship to compete, so we won't have much time to stay in the city." Ao Tianba pointed to a huge square not far away. It was supposed to be an empty space, but a tall dome had been temporarily built. It seemed that the general public was not forbidden to watch the conference.

However, there was still a restriction around the square. Ordinary people could not enter through the restriction. Only in the direction of the city gate, there was an entrance and exit passage. All the people who participated in the meet must have a pass token to enter.

Ao Tianba flipped his hand and took out his token. The guards at the entrance checked it briefly before letting them in.

Lin Yi noticed that none of the ships had more than ten people. It seemed that the token could only bring ten people at most, and the same went for them. Other than Lin Yi, Zhang Jinmiao, and Shangguan Lan'er, Ao Tianba only brought six of his trusted men.

"The fleets that can participate in this meeting have all been selected. Small fleets that are not strong enough are not qualified to enter at all. They can also use those sea routes, but they can not be discovered. Once they are discovered, they will be killed immediately." Ao Tianba led Lin Yi and the others to their seats and introduced them in a low voice.

The ones that could be used for distribution were naturally the best and safest sea routes, and those small fleets could only use long detours or dangerous sea routes. If they met other fleets in these

allocated sea routes, the other party had the right to directly launch a battle. It was normal to destroy them and collect the spoils.

Lin Yi didn't say anything. The strong preyed on the weak everywhere, and the fights at sea were even more intense. It wasn't easy for ao Tianba to grow from one ancient warship to this scale.

"There are only twenty fleets that are qualified to participate in the division of the route this time, and two of them can go to the mystic Sea area. A one in ten chance doesn't seem too low, right?" Ao Tianba chuckled as he started talking to Lin Yi about their chances of victory.

"Brother ao Tian, do you have a ranking for the strength of these twenty fleets? What's our ranking?" Lin Yi glanced at the square-there were more than ten representatives already, and the rest were coming in one after another. He was curious who the strongest fleet was-they should be their strongest opponents.

Lin Yi felt that he had made a mistake not asking about it beforehand-knowing one's enemy was the only way to win!

"Hahaha, this ... There is indeed such a ranking, but it's not a publicly acknowledged ranking. It's just a private ranking, you know." Ao Tianba smiled awkwardly, and Lin Yi's heart skipped a beat. It didn't seem like the first few were the only strong opponents. It couldn't be that all nineteen of them were strong, right?

Shangguan LAN 'er tilted her head and looked at ao Tianba. She did not have any scruples and would say whatever she thought, so before ao Tianba could finish, the little girl had already asked, ""We can't possibly be ranked 20th, right?"
