

## Bodyguard 6451

### Chapter 6451 Pill Refining Guidance

Unfortunately, Qing Danzi's spirit sense was too weak, and he couldn't use the spirit sense pill fire.

In this way, many alchemy techniques could not be learned, so he could only think of ways from the pill recipe.

He could only find more elixir recipes and materials for Qing Danzi to practice with. As time passed, he would naturally improve.

Lin Yi didn't lack recipes, but most of them required the use of the spirit sense refinement fire, so giving them to Qing Danzi wouldn't be of much use.

He could only choose some suitable ones for Qing Danzi to use now.

"Thank you for your guidance, master. I think so too, so I've been searching for some pill recipes to practice, so that I can deepen my own accumulation."

Qing Danzi nodded respectfully. He had the same thought as Lin Yi.

Unfortunately, at his level, he could basically find all the elixir recipes in the yellow-class Sea area of the East continent. New elixir recipes were not so easy to find, so the results were minimal.

"I have some pill recipes here, you can take them to practice."

Lin Yi said as he took out a pen and paper, quickly copying down the elixirs that were suitable for Qing Danzi.

Most of the recipes he recorded were for Yellow Class level Seven and Mystic class level one, with a few for Mystic class level two.

More than half of them were ordinary spirit herbs and spirit herbs, and the rest were sea beast cores. Spirit beast cores were the least in number, because spirit beast cores were used to refine pills.

Qing Danzi was completely stunned-Lin Yi's speed was unbelievably fast, putting a recipe aside in the blink of an eye.

Moreover, there were many pill recipes that he had never seen before, especially the ones where sea beasts 'and spirit beasts' inner cores were infused into the pill. It was simply unbelievable that one could actually refine pills like this?

"Qing Danzi, take these pill recipes back and study them carefully. Then, try to refine them slowly. When you can easily refine all the pills in these pill recipes, I think your alchemy skills will naturally improve!"

Lin Yi smiled faintly and organized the copied recipe before passing it to Qing Danzi. He then instructed seriously, "You only need to know about using the cores of sea beasts and spirit beasts as alchemy materials. Don't easily reveal it to others!"

Qing Danzi bowed respectfully and raised both his hands above his head, receiving the recipe with great respect.

As far as he was concerned, this was the legacy of Lin Yi's alchemy skills, the legacy of his sect-he had to take it seriously!

"Yes, many thanks, master! I understand!"

Qing Danzi couldn't hide the excitement in his heart, and his voice began to tremble.

"These are all trivial matters. Since there's still time, if you don't mind, why don't you refine a few furnaces of pills for me to see? we'll see if there's any room for improvement."

Lin Yi smiled faintly and waved his hand, letting Qing Danzi demonstrate the process.

Although Lin Yi couldn't do the proper way of refining elixirs himself, he could still use his strong spirit sense to observe the problems in Qing Danzi's process and correct them.

Lin Yi's hands weren't strong enough, but his experience and judgment in the field of alchemy made him more than enough to be Qing Danzi's master.

"Yes! It's disciple's honor to be able to receive teacher's guidance. "

Qing Danzi was very excited. To be able to get Lin Yi's personal guidance was a more precious opportunity than these recipes.

In the yellow-class Sea area of the East continent, Qing Danzi's alchemy skills were already top-notch. If he had any problems, he couldn't even find someone to discuss it with, let alone someone to guide him.

It was also because of this that his alchemy skills had stagnated.

After all, he'd take a lot of detours if he tried to figure things out on his own. If he wanted to improve, he'd need Lin Yi's guidance as his master, and he'd need to go to Mystic to find a higher level refiner to learn from!

Unfortunately, with Qing Danzi's strength, he couldn't go to Mystic class Sea area freely. So Lin Yi was the only alchemy master he could count on.

Lin Yi didn't think too much about it-since they were master and Disciple Now, of course he had to give her some pointers. He couldn't let her call him master for nothing, could he?

Qing Danzi was extremely fast, as if he was afraid that Lin Yi would go back on his words. He quickly took out his own cauldron and started making the pills.

This time, he chose the mystic first level mountain channel pill. It was precious, but it could be considered precious. A pill that could open up the meridians of a cultivator in the mountain opening stage would definitely be sought after if it was circulated.

The difficulty of making it was considered above average among Mystic first level elixirs.

In terms of Orthodox alchemy techniques, Qing Danzi had done a very good job. There was no problem with the series of early processing.

However, when he started to refine the pill, the control of the fire was a little weak. There were also some problems with the temperature change of the pill fire, so when he was condensing the pill, it would not be too stable. It was a small matter to affect the quality, but if it was serious, it would become difficult to form the pill.

Other than that, Qing Danzi also had some other minor problems. They were not very obvious and should have been caused by his habits. If he could correct them, the success rate and quality of his alchemy would be improved.

Lin Yi wouldn't have noticed these details before he went to the ancient martial world. His spirit sense wasn't strong enough back then, and he could only rely on Han Jing Jing's automatic refining godly item to find the problem.

But now, he didn't need to. He could see it clearly with his divine sense.

"Master, I've failed!"

The mountain Meridian elixir ended in failure, and Qing Danzi lowered his head in shame, not daring to look at Lin Yi.

Usually, when he refined the mountain channel elixir, his success rate was not bad. It was at least 60%!

He didn't expect to fail right in front of Lin Yi today. He was probably a little nervous, but that wasn't an excuse for him to forgive himself.

"Well, it doesn't matter. We just want to find the problem. If you can make it perfectly, then I don't need to see it!"

Lin Yi smiled, not minding at all.

He had a unique vision. Since he had found the problem with Qing Danzi, he could naturally come up with a solution, so he was now very confident.

Lin Yi pointed out Qing Danzi's problems bit by bit, explaining the reasons in simple terms and giving suggestions on how to solve them.

The more Qing Danzi listened, the more excited he became. His eyes were frighteningly bright, as if they were about to burn with flames.

While Lin Yi and his disciple were studying the pill Dao, the students who passed the selection were also returning to the Academy.

No one would deliberately wait until the last day to report. If there was an accident on the way and they were delayed, they would not be able to find the place even if they cried.

Chapter 6452 Enter The Inner Court To Play?

Shangguan LAN 'er was walking around in front of Lin Yi's room out of boredom. Lin Yi and Qing Danzi had been in there for a few days, and she was already regretting treating this teacher-nephew so well!

How could she just take Lin Yi as her Junior Brother the moment she arrived?

This was simply preposterous!

Did he even have any respect for her, his little uncle-master?

"Miss LAN 'er, is boss Lin Yi here?"

Just as Shangguan LAN 'er was feeling unhappy, she heard a familiar voice. She looked up and saw that Hao Zili had returned.

"Oh, it's Hao Zili. Junior Brother Lin Yi is in his room, teaching his disciple alchemy. If you want to see him, you can go and knock on the door."

Shangguan LAN 'er saw Hao Zili and was instantly happy. She immediately urged him to knock on the door and call Lin Yi out.

"Ah? I'm not in a hurry, let's wait until boss Lin Yi is done. "

Hao Zili quickly shook his head and waved his hand. The master and disciple were having a class. If he were to rashly disturb them, he would be asking for trouble!

He was going to follow Lin Yi to the mystic class sea anyway, and he wasn't in a hurry to see Lin Yi. He'd be able to see him when he set off.

"Coward."

Shangguan LAN 'er muttered to herself, but she could only give up. She could not force someone to knock on the door.

At this moment, Lin Yi's room door suddenly opened, and he walked out with a smiling Qing Danzi.

"Boss Lin Yi, I'm back! Min huichen and feiyi will stay in the valley for the time being. They'll come and replace me in half a year. "

Hao Zili quickly greeted Lin Yi and reported the whereabouts of the other two.

Hao Zili was worried that Lin Yi would blame min huichen and feiyi for not coming to see him off.

Of course, it wasn't that they didn't want to come. They just happened to have some business to take care of in the blissful Valley, and they couldn't leave. It was also difficult for Hao Zili to leave the blissful Valley.

"Okay, I got it. Let me introduce you. This is my disciple, the chief Alchemist of the Morning Star golden class cultivator Institute, master Qing Danzi. This is my ... Friend, Hao Zili. You two get to know each other. "

Lin Yi wasn't a narrow-minded person and didn't mind min huichen and feiyi's absence at all. He'd only think that they were unnecessary if they came and went back, so he introduced them to each other with a smile.

However, when he introduced Hao Zili, he did not know what to say for a moment, so he simply said that they were friends.

Once Qing Danzi and Hao Zili heard each other's name, they knew that they were both famous people. They immediately greeted each other, and with Lin Yi's connection, they became even closer.

"Lin Yi junior, I've been waiting for you for a few days and you didn't come out, but you came out as soon as Hao Zili came. Isn't this bias a little too obvious?"

Shangguan LAN 'er came over with a smile, deliberately showing her white little canine teeth and making a clenched expression.

Unfortunately, that smile had completely betrayed her. She didn't look angry at all!

"No, it's just a coincidence. I just finished talking to Qing Danzi about alchemy. I didn't expect to see you and Hao Zili here as soon as I opened the door,"

Lin Yi smiled. Of course, he wouldn't admit it. Plus, he didn't pay attention to the situation outside when he was studying with Qing Danzi.

Shangguan LAN 'er wouldn't believe him, and no matter what Lin Yi said, they'd go out for a walk first.

Qing Danzi also wanted to follow, but he was pulled back by Hao Zili.

After all, they came from Beidao together, and he knew that if he followed them now, he would be despised by both Shangguan LAN 'er and Lin Yi ...

"Where are we going? Didn't we already pass through the outer court earlier?"

Lin Yi let Shangguan LAN 'er pull him along, but he was thinking about the sneak attack last time.

He wondered if the assassin from hidden death sect would still make a move.

The little spiritual beasts were still scattered around the area. Unfortunately, it was still difficult for them to discover the assassins from hidden death sect.

By the time they discovered it, it would definitely be the moment the other party launched a sneak attack.

"We've been to the outer court, but we haven't been to the inner court yet. Today, little Senior Sister will take you to see it. "

Shangguan LAN 'er smiled like a little fox. She was happy to be with Lin Yi, and she was even happier to bring Lin Yi on an adventure.

She called sneaking into the inner courtyard of the Golden class Women's Academy "exploration." In fact, it wasn't wrong because this inner courtyard forbade outsiders, especially men, from entering.

Lin Yi was an outsider and a man at the same time, so it was definitely against the rules to enter the Inner House.

"That's not good, is it? The women's Academy doesn't allow men to enter. Little Senior Sister, if you drag me in, I'll get into trouble!"

Lin Yi jumped and quickly pulled Shangguan LAN 'er back. What was this nonsense?

If she wanted to go in, Zhang jinmiao could just say the word, and the people from the Academy would probably not reject her. Even if they did not give Zhang jinmiao face, the title of the eldest young lady of the Shangguan family on the North Island was enough for the Academy to give her a certain amount of courtesy.

"What kind of trouble can you cause? I'm not taking you to peep at people bathing and sleeping, I'm just going in to see the scenery. I heard that the scenery in the inner court is very good, don't you want to go with me? Eh, don't tell me you're thinking of going in to peek at her bathing and sleeping, that's why you don't think it's good?"

Shangguan LAN 'er looked at Lin Yi suspiciously, thinking that this deduction made sense!

"What are you thinking? I haven't seen you for a few days, what kind of mess is in your little head!"

Lin Yi couldn't help but smile-he really had nothing to say to Shangguan LAN 'er!

"Since you're not thinking of peeking at them, what's there to be afraid of? It's just looking at the scenery. Even if we're discovered, it's no big deal. In any case, my master will definitely be able to help us settle it. "

Shangguan LAN 'er giggled. This girl had already thought of a way out, so she was naturally fearless.

Lin Yi had to admit that she was right. With Zhang jinmiao's reputation, it wasn't a big deal for them to sneak into the Inner House and look at the scenery.

However, it would still be very embarrassing if he was caught!

But Lin Yi wasn't too worried about that-it wasn't easy to catch him. If he wanted to run, there really wasn't a single person in the Academy who could stop him.

"This isn't a problem that can be solved, but it's wrong to do this!"

Lin Yi was still being serious, not willing to compromise.

"There's a barrier here. How can we open it quietly?"

Shangguan LAN 'er didn't even bother with Lin Yi as she pulled him to the inner courtyard's wall. After looking around, she pointed at the restriction on the wall and asked.

"You see, there are restrictions here. They don't want outsiders to go in, so we'd better not go in."

Lin Yi continued to shake his head, not willing to open the restriction.

However, after Shangguan LAN 'er stared at him with her innocent eyes for a few minutes, Lin Yi finally gave in.

Chapter 6453 The Spirit Lake

"Alright, then let's open the restriction and take a look around the wall ..."

Lin Yi didn't even believe his own words. After entering the inner courtyard, it would be strange if Shangguan LAN 'er could only look at the wall!

He carefully opened a corner of the restriction, making sure that it didn't trigger the alarm. Only then did Lin Yi let out a breath of relief. He was almost a Grandmaster in the field of formations, and he was doing something so boring. No one else would do this!

Lin Yi used his spirit sense to check and made sure that there was no one nearby. He then took Shangguan LAN 'er through the restriction and jumped down from the wall.

He didn't dare to scan further places. It was the Women's College's inner courtyard, so he could scan as he pleased. It would be awkward if he saw something he shouldn't.

With Lin Yi's spirit sense, no one would notice him scanning the area, but he wasn't a gentleman, nor was he a pervert. He didn't want to just scan the area.

"You see, nothing happened, right? I'm telling you, I've already taken a fancy to this position. It's an extremely remote place in the inner Academy. As I expected, there's no one here the moment I entered."

Shangguan LAN 'er had a proud look on her face as she bragged to Lin Yi.

"Yes, yes, yes, you're the best!"

Lin Yi said casually as he scanned the area. "Alright, we've seen and played. There's nothing special here. Let's go back!"

"What? I already said that this is an extremely remote place in the inner Academy. What can we see? If he's gone back after taking a look, then what are we doing here?"

As expected, Shangguan LAN 'er didn't want to, and she pulled Lin Yi's hand and walked in.

Lin Yi didn't know whether to laugh or cry-why was he so nervous?

He wasn't even this nervous when facing the endless sea's beast tide. What was he trying to do?

"Hey, hey, hey, little Senior Sister LAN 'er, don't walk around. It'll be troublesome if someone sees you! Auntie Zhang will be in a difficult position!"

Lin Yi held on to Shangguan LAN 'er and tried to persuade her in a low voice. At the same time, he paid attention to the surrounding movements.

"I won 't, don't be so timid!"

Shangguan LAN 'er pointed to the left and said,""Look, there's a Lake over there. The scenery is so beautiful. Let's go sit by the lake and go back after a while, okay?"

Lin Yi turned around and looked at the lakeside. It was pretty indeed, and there weren't many people around. He could go and sit around and satisfy Shangguan LAN 'er before going back as soon as possible.

"Alright, let's go to the lakeside then. We've agreed that we'll only be sitting here for a while before going back!"

Lin Yi was afraid that Shangguan LAN 'er would go back on her words, so he reminded her.

"I know. You're going to be second to he Hao. Do you want to make a pinky promise?"

Shangguan LAN 'er raised her right pinky and hooked it at Lin Yi.

"I'm still far from old master he Hao. Little Senior Sister, you're too kind."

Lin Yi smiled. He couldn't compare to he Hao! However, he could still make a pinky promise.

The two of them hooked their pinkies together as a promise, and then quietly went to the lake.

Lin Yi's spirit sense carefully scanned around the lake, making sure that there was no one around. He let out a breath of relief.

"Wow, it's really beautiful. The people from proud of dawn Academy hid such a beautiful place in the inner court and didn't let anyone see it. They're so stingy!"

Shangguan LAN 'er couldn't help but exclaim when they arrived at the lakeside, scaring Lin Yi. She was calling someone stingy in their territory, and she even sneaked in! Wouldn't she get beaten to death?

However, to be honest, this Lake was indeed very beautiful. He didn't feel it from a distance, but when he got closer, he realized that the dense fog on the lake was not fog, but spiritual energy!

There were no restrictions around the lake, but the dense spiritual energy on the surface of the lake did not leak out in the slightest, so one could not feel the uniqueness of this Lake from a distance.

With such rich spirit Qi, it would definitely be twice the result with half the effort for cultivation. This was definitely a good place to cultivate. No wonder the proud of dawn Academy would place this place in the inner court. Anyone would do the same.

As the spiritual energy in the lake was extremely dense, there were many plants growing on the shore around the lake.

The flowers were red and the Willows were green. It was like a paradise on earth. It was not without reason that Shangguan LAN 'er fell in love with this place at first sight.

But Lin Yi still had a weird feeling-this was such a good place, and no one was guarding it?

Although it was said to be in the inner court of the Academy, it shouldn't be possible for just anyone to come here to cultivate, right?

Only the outstanding disciples of the proud of dawn Academy were qualified to enter such a cultivation paradise.

"Lin Yi Lil" bro, come and take a look-the water's so comfortable, it's like Qi drop! If I cultivate here, I'll be able to save a lot of time for fun!"

Shangguan LAN 'er picked up a handful of lake water and felt the rich spiritual Qi in it, but in her heart, she thought that she could save time to play ...

Lin Yi was speechless. He thought that LAN 'er had suddenly awakened and was going to focus on cultivation, but she still wanted to play!

Of course, the water in this Lake was not real spirit Qi liquid. The difference between the two was still very big. This was just water with abundant spirit Qi. But even so, it was quite extraordinary.

If it was placed outside, it would be enough to attract the covetous eyes of many forces.

Wait a minute!

Cultivating inside?

Lin Yi was shocked.

He suddenly understood why he had that strange feeling. He didn't use his spirit sense to check the situation in the lake. He had only scanned the lake and its surroundings.

There was a high possibility that there were students cultivating in the lake without guards!

With that in mind, Lin Yi's spirit sense scanned into the lake instinctively. There were indeed many Flat Rock mats at the bottom of the lake, and five women were cultivating on them. Damn it, because they were in the water, they were all wearing very little. They weren't completely naked, but they were just a little stronger.

Lin Yi almost choked on his own saliva. He quickly retracted his spirit sense and covered his mouth with his hand as he coughed a few times. Sweat was coming out of his forehead.

He didn't expect to see something he shouldn't have in the end!

Hurry up and leave!

It would be bad if they were discovered!

"Junior Senior Sister LAN 'er, don't talk. This is the cultivation place for the students of the proud of the morning Academy. Someone is cultivating in the lake. Let's go quickly!"

Lin Yi didn't have time to explain. After explaining, he was about to leave with Shangguan LAN 'er.

It was already wrong to sneak into someone else's place, and it would be a great taboo to disturb someone else's cultivation!

Even if it was for the sake of Zhang jinmiao, Liu Ziyu, and Huo yudie, the school of proud dawn would definitely feel uncomfortable.

Chapter 6454 Discovered

Shangguan LAN 'er was slightly stunned, and suddenly felt a little guilty.

She was just playful and not ignorant. If someone came to disturb her while she was cultivating, she might end up in a state of Qi deviation. Even if the proud of the morning Academy did not pursue the matter, she would always feel guilty.

Just as the two were about to sneak away, bubbles began to appear in the lake. It was obvious that the people at the bottom of the lake had noticed something and were preparing to come up to take a look.

Lin Yi's spirit sense wouldn't have been able to detect the girls "cultivation level, but they were cultivating in the water and were extremely sensitive to the flow of spiritual Qi in the water. They could sense even the slightest change!

Lin Yi's spirit sense didn't hide at all as he sent it into the lake. He was surprised to find someone there, so there were some fluctuations.

"Oh no, the people in the lake are coming out. We have to leave immediately!"

Lin Yi pulled Shangguan LAN 'er and was about to use his lightning escape technique to leave when someone came over from not far away!

And that direction was where Lin Yi and Shangguan LAN 'er came from. It was probably impossible for them to go back the way they came.

"We're in trouble! We can't go back, or we'll be discovered!"

Lin Yi's lightning escape was naturally extremely fast-even if he brushed past them, they wouldn't be able to see him!

The problem was that Lin Yi's lightning movement was no longer a secret after he got first place, and it had almost become a tag on his identity.

It was such an obvious flash of lightning-Lin Yi wouldn't believe it himself if he said he didn't know who had sneaked in.

"Then let's go this way! We'll go around it!"

Shangguan LAN 'er was starting to regret bringing Lin Yi along. She didn't really care about herself, but getting caught would be troublesome.

But to be honest, being with Lin Yi always seemed to be this thrilling!

"That side won't do either, there are more people!"

Lin Yi immediately rejected Shangguan LAN 'er's suggestion. This place was still considered remote, and if they went that way, they'd only meet more and more people, and they'd go deeper into the inner courtyard. Wouldn't they be looking for trouble?

Seeing that the people in the lake were about to rush out of the water, Lin Yi had no choice but to hide behind a rock on the shore with Shangguan LAN 'er.

The rock wasn't big, only about the height of a person, and its width was slightly smaller than its height. It was barely enough to hide two people.

However, how could they avoid the people from the proud of dawn Academy by hiding like this? Shangguan LAN 'er did not believe it.

"It's useless for us to hide here, right? Wouldn't you see it immediately if someone came from behind?"

Shangguan LAN 'er looked at Lin Yi uncertainly. Although Lin Yi had almost become the synonym of omnipotent in her heart, he didn't seem to be reliable at all!

"It's fine, you just need to chant a spell. Come, follow me. You can't see me, you can't see me!"

Lin Yi smiled mischievously. Now that he had a temporary solution, he was in the mood to play with Shangguan LAN 'er again.

"Really? You can't see me, you can't see me!"

Shangguan LAN 'er looked at Lin Yi suspiciously, and really did start chanting.

This innocent girl was too cute. She didn't even realize that Lin Yi had already left a level eight formation disk behind.

By keeping the range of concealment around the two of them, they would not have to worry about the surrounding environment being affected. It was definitely the best plan to deal with the current situation.

"Hualala!"

The sound of water coming out of the lake came from behind him. Lin Yi didn't dare to use his spirit sense to look around, but some embarrassing and erotic images inevitably appeared in his heart. Fortunately, a few female cultivators walked over and diverted his attention.

"Senior Sister, why are you all out? it's not time for cultivation yet, right?"

The female cultivators who came later greeted him one after another. They were a little surprised that the female cultivator who was cultivating in the lake came out early.

"Oh, I felt like someone was spying on us just now, so I stopped cultivating. Did you guys notice anyone?"

One of the female cultivators said casually as if she was looking around.

"Is anyone there? I didn't see it! Sisters, look around. Did someone really sneak in?"

The later female cultivator was slightly startled. Although she didn't seem to care much, she still had the people who came with her spread out to take a look.

Shangguan LAN 'er was still mumbling to herself, "you can't see me, you can't see me," but the tension in her heart didn't decrease at all, and her body subconsciously leaned into Lin Yi's arms.

It was only when a female cultivator passed by them without showing any signs of abnormality that Shangguan LAN 'er was convinced that these people really couldn't see her!

Just as her nervousness subsided a little, Shangguan LAN 'er found herself snuggling tightly in Lin Yi's arms. Her heart started beating again.

However, this feeling made her feel extremely at ease and very comfortable. After a moment of conflict in her heart, the 'you can't see me' in her mind turned into 'I don't know, I don't know, I don't know'!

She didn't know that she was still in Lin Yi's warm embrace, and she just continued to stay in that position.

Lin Yi felt the soft body of the young girl in his arms, and the faint fragrance of Shangguan LAN 'er's body lingered in his nose. His heart was also slightly shaken.

However, this wasn't the time to be flirting. He was still nervously watching the female cultivators from the proud of dawn Academy around him, afraid that someone would be able to see through this level-eight concealment array disc.

Lin Yi was overthinking things-he'd been with this thing for too long, and while he thought that a level 8 formation disk was normal, it was definitely a high-level treasure to other people!

Formation Masters weren't cabbages. It was impossible to meet one or two of them so easily!

"No one! Did you guys find anything?"

"I didn't find anything. What does it look like? Male or female?"

"I didn't find anything here either. Did someone really come in?"

"Our inner Academy has a restriction. I don't think anyone can enter, right?"

The scattered female practitioners chattered loudly, not realizing that Lin Yi and Lin Yi were right under their eyes.

At this point, the situation was basically safe. As long as they left, Lin Yi and Shangguan LAN 'er could sneak back to the outer courtyard and pretend that this never happened.

Lin Yi relaxed a little, but at that moment, the Jade space's alarm became extremely intense!

Lin Yi wasn't unfamiliar with this situation-every time the assassin from hidden death sect launched a sneak attack, there would be this sudden warning of danger.

"It's another assassin from hidden death sect!"

Lin Yi was furious!

Chapter 6455 Dimensional Invisibility

This bastard, he's like a ghost!

Moreover, he really knew how to pick the right time to make his move. If he could catch him, he would definitely kill this bastard!

Lin Yi didn't have the time to think about how someone from hidden death sect managed to get into the outer courtyard, but he was sure that this guy followed him and Shangguan LAN 'er into the inner courtyard.

Otherwise, how could he have known their exact location when he and Shangguan LAN 'er were hiding in the concealment array disc?

Many thoughts flashed through Lin Yi's mind, but he didn't have the time to sort them out. He had to face the arrow at full strength now. The invisibility formation disk was not a defensive formation disk, and it had no defensive capabilities at all. The arrow from the hidden death sect assassin could penetrate the invisibility formation without any resistance and go straight for Lin Yi and Shangguan LAN 'er!

The two of them were so close together that if Lin Yi couldn't avoid it, Shangguan LAN 'er would definitely die!

In that split second, Lin Yi put away the invisibility formation disk and used his super limit butterfly microstep to Dodge to the side with Shangguan LAN 'er.

An arrow as fast as lightning flashed past Lin Yi's side silently, drawing blood from his left arm before exploding!

The rock behind them was crushed into powder, and at the same time, a big hole was blasted in the ground.

If Lin Yi dodged to the left, he would be able to completely avoid the arrows.

However, Shangguan LAN 'er was in his right arm, and if he dodged to the left, she would be in extreme danger. Lin Yi would rather die than do something like that.

When he first came to Songshan, he treated Guan Xin like that, let alone Shangguan LAN 'er.

Although he could also use the lightning movement technique, he had wasted some time trying to put away the formation plate. It was clearly too late.

The explosion of the arrow brought about a huge wave of air, and the female cultivators of the proud of the morning Academy cried out in unison!

No one was able to discover Lin Yi and Shangguan LAN 'er at the moment, which was a great fortune in the misfortune!

"Block the gap in the restriction! That bastard must still be in the inner court!"

Lin Yi ordered the spirit beast calmly.

To be able to hit the place where they were hiding, it must be in the inner court. If that guy wanted to retreat, he would probably return the same way. After all, the inner court of the proud of dawn Academy was not open to the public. It was impossible for the other party to choose an unfamiliar route to retreat.

Once the other party reached the outer court, it would be extremely difficult to capture him. Therefore, they had to stop him before he returned to the outer court!

Fortunately, the nine little spirit beasts were on guard in the outer courtyard, and they were not far from the gap in the restrictive barrier.

As for Lin Yi himself, he used the battle tactics of heaven's stolen fortune to stop the bleeding from his wound before spreading his ghost-speed wings and dashing towards the gap in the wall like a ghost.

Now that he was out of danger, Lin Yi gave up on using lightning escape. It would be too obvious, after all, and everyone would know it was him.

So Lin Yi immediately activated his ghost speed wings, and of course, his speed wasn't slow at all!

As his strength increased, the speed of his ghost speed wings would also increase. Right now, it was only slightly inferior to the lightning escape technique.

The Jade space's alarm woke up the ghostly thing who was engrossed in studying the space formation flag, and it sent all its spirit sense to Lin Yi.

After the two of them combined their divine senses, they could even discover the spatial scales. No matter how good the assassins of hidden death sect were at hiding, they could not escape their search!

"I found it! This bastard is really something!"

Lin Yi's eyes were as cold as ice as he locked onto his target with his spirit sense. There was a thin layer of spatial fluctuations around the guy, as if he was completely separated from this space!

To put it simply, it had the same effect as su Lu's dimensional scabbard, but it was much cruder. It could be considered a simplified version of the dimensional hiding technique!

"Interesting. Lin Yi kid, catch him and we'll study him. Now that he's appeared in front of us, it won't be easy to escape!"

The ghostly thing laughed strangely.

He was on the verge of going crazy with his Space Research. If Lin Yi didn't say no, he would've taken su Lu's sword and studied it.

Now that he found out that an enemy could actually use a super simplified version of the dimensional skill, his eyes immediately lit up!

He didn't mind simplifying it-the simpler it was, the easier it would be for him to see through and comprehend it. Then, he'd teach it to Lin Yi and let Lin Yi use it to deduce it-it was perfect!

"Don't worry, senior ghost, this guy won't be able to escape today!"

Lin Yi gritted his teeth and laughed coldly.

Sneak attacks again and again. If he didn't pay a price, did he really think this was his backyard, where he could come and go as he pleased?

Ghost Speed's wings flapped again. Even if Lin Yi had Shangguan LAN 'er with him, his speed was still not something the assassins from hidden death sect could compare to!

The most mysterious thing about the guy was his ability to hide. In terms of speed, he was naturally faster than normal practitioners of the same level, but compared to Lin Yi, he was like a snail.

In less than a breath's time, Lin Yi had already arrived!

His injured left arm did not affect his attack at all. He raised his hand and a Dragon-shaped five elements killing Qi roared as it rushed towards the assassin from hidden death sect.

The guy turned to Lin Yi in shock, obviously not expecting Lin Yi to be able to find him!

The possibility of that happening was almost non-existent, but it was the truth. Not only did Lin Yi discover him, he even launched an attack that was enough to heavily injure him.

Although he was a heaven-rank assassin of the hidden death sect, his true strength was only at the peak of the late stage of earth creation. His body was not strong, and his close combat ability was even weaker.

Because he was good at long-range attacks and sneak attacks, the success rate of his assassination was extremely high, and it was only natural for him to become a heaven-ranked killer.

So when Lin Yi got close to him, there was a flash of fear in his eyes!

Normally, an expert at the peak of the late stage of earth creation would not have such an emotion when facing a little guy at the great circle of mysterious Ascension!

However, he had failed three times in a row to kill Lin Yi, and now he was even discovered and got close to him. This was beyond his imagination.

Even an assassin who had always been as calm as ice could not help but have emotional fluctuations.

The Dragon-shaped killing intent of the five elements whizzed out and directly rushed towards the Assassin's chest!

However, the dimensional hiding layer around his body was not only for hiding, but also for defense!

It was not easy to enter a dimensional space!

Even the Dragon-shaped killing intent of the five elements could not penetrate it in one go.

After realizing that Lin Yi's terrifying attack didn't break through his defense, the guy let out a breath of relief!

The next moment, he immediately sped up and rushed to the gap in the wall.

Chapter 6456 Still Escaped

"Interesting, interesting! Lin Yi kid, can you copy this move? It's very useful!"

The ghastly thing was very excited, as if it had seen its favorite toy. Naturally, it would not let the killer go no matter what.

"I can't see through it, so I can't copy it!"

Lin Yi was a little depressed.

His battle technique for seizing heaven's fortune could indeed copy most martial skills, and some could be copied with just a glance!

However, there were indeed many skills that he could not replicate.

For example, the lightning escape technique, the wind escape technique, and the Assassin's dimensional defense and concealment technique!

It was clear that there were different levels of skills as well, and Lin Yi could copy and learn anything below a certain level. The truly profound skills could only be learned or comprehended by himself.

For example, the third level of the lightning escape technique, combining body with lightning, was also because he had the first two levels as the foundation. Otherwise, no matter how many electric eels and single-horned thundercloud beasts Lin Yi had, he wouldn't be able to learn it successfully.

"It doesn't matter if you can't duplicate it. Just catch that guy and make him hand it over!"

The ghastly thing laughed evilly. As for whether the other party would hand it over, it was not within his consideration at all.

Against such an enemy, he would not have any psychological burden, be it devouring his primordial spirit or searching his soul.

"I think so too!"

Lin Yi smiled faintly. He communicated with the thing faster than lightning. The assassin only entered the outer yard through the gap after finishing his sentence.

Lin Yi's body flashed and left the inner yard as well, closing the restriction as he went.

It was a dangerous situation, but Lin Yi relaxed a little after closing the restrictions. It was as if the pressure of staying in the inner yard was no less than facing the killer!

"Lin Yi, Lil" bro ..."

Shangguan LAN 'er left the inner courtyard, still a little dizzy and confused about the situation. Everything had happened too quickly, and she could not react in time with her strength.

"I'm fine, don't worry!"

Lin Yi lowered his head and smiled at Shangguan LAN 'er in his arms, his warm eyes calming her down.

Those little spirit beasts waiting in the outer courtyard immediately launched a full attack on the assassins from hidden death sect!

Countless earth-opening stage attacks were concentrated on the defense of the dimensional space around this guy's body, directly breaking it into pieces.

After all, it wasn't a perfect skill. It was just the crudeest dimensional skill, so it naturally couldn't resist so many earth-opening stage attacks.

Lin Yi was a little worried that the spirit beast would tear this guy apart.

Fortunately, the nine little spirit beasts' control of power was quite precise. After breaking the defense of the dimensional space, the remaining attacks only injured the other party, but not tore it apart.

"It's a pity that his dimensional skills are the crudest. If they were more refined, he would be able to travel in the dimensional space without revealing his tracks! It's impossible to attack him without the ability to break through the dimensional space. "

The damn thing looked regretful. It didn't even think about the fact that Lin Yi would never be able to catch this killer if the other party really had such an ability!

That would truly be like a lingering spirit attached to the bone.

"That's right, this guy's skill is still a little rough. I don't know if it's because he hasn't mastered it, or if it's only at this level! If he can improve further, I'm afraid only su Lu's saber can hurt him. I'm at my wits 'end against him. I was really lucky this time!"

Lin Yi smiled faintly and slapped down with his hand, preparing to trap the opponent's spirit first and then slowly interrogate him for information on the skills and hidden death sect.

Most importantly, Lin Yi really wanted to know who hired the hidden death sect to kill him. Was it Qian henduo?

Qian henduo was already dead. If hidden death sect failed again this time, would they stop?

But that didn't matter anymore-he'd go to hidden death sect and uproot them if he had the chance.

"Eh? Divine sense methods are actually ineffective!"

Lin Yi blinked, and his hand went through the guy's body as if he were air!

It would make sense if the dimensional defense around him was still there, but his body was full of wounds, and he definitely didn't have any tools to defend his divine sense. How did he do it?

"Let's capture him first!"

The ghostly thing had a bad feeling as well and quickly reminded Lin Yi to control his body first.

"Lin Yi, you're really strong! To be able to force me to this point, forcing me to use my extremely precious life-saving trump card, next time, I will definitely take revenge! Just you wait! I'll come and find you again! Also, I've already found your weakness. You have to pay attention to it in the future! Hahahaha!"

The assassin revealed a sinister smile as he glared at Lin Yi and Shangguan LAN 'er.

Lin Yi's body went cold-he understood what this guy meant!

He had chosen to let himself get hurt in order to protect Shangguan LAN 'er, and although it was all under his control, it was a clear signal that he would rather get hurt in order to protect Shangguan LAN 'er!

If the first three assassinations were all targeted at Lin Yi, and Shangguan LAN 'er was just a fish in the pond, then this assassin from hidden death sect, in order to kill Lin Yi, would put his main targets on the people around Lin Yi.

No matter if it was Shangguan LAN 'er or anyone else, like Li Zao Yi, Ning Xuefei, etc., As long as they appeared beside Lin Yi, they would be targeted by the assassins of hidden death sect. And this was just to kill Lin Yi.

It might sound a little awkward, but it was easy to understand. It was hard to kill Lin Yi directly, but he had to protect the people around Lin Yi with all his might. He would neglect his own safety, so it was easier to kill Lin Yi if he killed the people around him.

"Kill him!"

Lin Yi's face turned green as he gave the order to kill the spirit beast without hesitation. At the same time, he released his Dragon-shaped five elements killing intent and formed a super alchemy bomb. It wasn't enough-he even prepared to use lightning burial.

Other than that, Lin Yi also let go of Shangguan LAN 'er and took out the black bead that the big Frog gave him. This was his last and strongest trump card. In order to deal with this assassin from hidden death sect, he really didn't hold back at all!

Unfortunately, the guy's life-saving card was strong. Before Lin Yi could use his full power, the guy disappeared from where he was, leaving no trace or aura.

"It's a dimensional channel, similar to long-distance teleportation. I didn't expect this guy to have such an ability. I was too careless!"

The ghastly thing's tone was also extremely heavy. He clearly had a great advantage, but in the end, the other party had escaped.

Chapter 6457 Set Off Tomorrow

"Senior ghost, can you track his aura? Or is it a sign of someone escaping?"

Lin Yi's heart was filled with killing intent-he'd almost suffered internal injuries from not being able to use so many powerful moves, but it was nothing compared to the threat of the killer!

"A dimensional tunnel is a little different from spatial teleportation. If you teleport, you will leave some spatial fluctuations, but a dimensional tunnel is different. It hides directly in a dimensional space. Unless you can enter a dimensional space, you will definitely not be able to find any fluctuations or aura of the other party."

The demonic thing was helpless. He had studied the broken Space Array flag, so he had some knowledge about space.

"Damn it!"

Lin Yi crushed the Super alchemy bomb in his hand and dispersed the dark clouds.

If he could, he really didn't want to control himself and unleash all these big moves.

"Lin Yi, Lil" bro, are you okay? If that assassin escapes, then so be it. Next time, he won't have any trump cards to save his life. We'll definitely be able to catch him. "

Shangguan LAN 'er peeked her head out from behind Lin Yi, carefully looking at the dark-faced Lin Yi, softly consoling him.

"Little Senior Sister is right, he won't be so lucky next time!"

Lin Yi took a deep breath and gave her a big smile, nodding at her.

No matter how unwilling he was, Lin Yi still had to be in his best state when facing Shangguan LAN 'er. He couldn't let her worry too.

Fortunately, they were going to the mystic Sea soon. The assassins from hidden death sect might not be able to follow them to the mystic Sea!

When he returned from the mystic class Sea area, it would be the time for hidden death sect to be completely destroyed!

"Lin Yi, what happened?"

Zhang jinmiao felt the shockwaves from the battle and rushed over with the members of the recruitment team. She immediately asked with concern when she saw Lin Yi and Shangguan LAN 'er.

"Auntz Zhang, it's all right now. The assassin from before came again. This time, we almost caught him, but he escaped with some mysterious prop!"

Lin Yi didn't go into the details, only briefly explaining it.

Zhang jinmiao shivered. She knew about the assassin from hidden death sect, but she didn't think that he would sneak into the outer court of proud of Dawn School to assassinate Lin Yi. He was too bold.

"Yang feicui, have almost all the students come? If we're almost there, let's go to the mystic division Sea area in advance. We can't stay here for long, so it's good to go back early. "

Zhang jinmiao nodded and turned to look at yang feicui, who was the closest to her, and asked.

Yang jadeite was also a member of the recruitment team. She was usually responsible for arranging the students 'information records and so on. It was indeed the right choice to ask her.

"Almost everyone has arrived. There are still two or three people who haven't arrived."

Yang jadeite didn't even need to think about it. She spoke directly and even nodded to Lin Yi as a greeting.

Lin Yi nodded as well-they were old acquaintances, after all, and he wouldn't neglect someone who was friendly to him no matter how bad his mood was.

"What's the highest ranking among these two or three? How many days are there until the deadline?"

Zhang Jinming continued to ask without any expression.

As the main person in charge of the recruitment team, she had the right to decide how to eliminate a few ordinary members first. After all, the elimination rate would not be too low in the mystic division sea.

"They're not in the top 10, and their rankings are rather low. From the overall performance, the highest is around the 60th or 70th place! There are still three days left before the deadline. "

Yang feicui understood Zhang jinmiao's meaning, and she didn't object to Zhang jinmiao's decision. After all, they were all ordinary students, and one more or one less wouldn't affect the overall situation.

"It's three days and they still don't know how to arrive early. Bringing them back will only lead to their fate of being eliminated! Tell everyone to leave for the mystic class Sea area tomorrow morning. If they can make it, bring them along. If they can 't, tell them to go back to where they came from. "

Zhang jinmiao's face was cold-what was the big deal with eliminating two or three people for Lin Yi and her precious disciple?

"Alright, I'll pass the message down."

Yang feicui nodded and agreed. Since Zhang jinmiao was the one who made the decision this time, she just had to follow the order. As for the result, it was none of her business.

"Lin Yi, LAN 'er, you guys go back and get ready. We'll be going to the mystic division tomorrow. When we reach Feiyang college, I don't think those clowns from hidden death sect will dare to follow us!"

Zhang jinmiao waved her hand for the people to leave before speaking to Lin Yi and Lin Yi.

"Aunt Zhang, there's no need to worry. That guy is injured and suffered a big loss. He won't be back for a while."

Lin Yi smiled, trying to persuade Zhang jinmiao to wait for the scheduled time. After all, it wasn't easy for the students who hadn't arrived yet to get a place in the exam.

"We'll set off tomorrow morning. You don't have to worry. Those who really value this assessment will arrive at least ten days earlier! Those who didn't show up in the last two or three days already had a problem with their attitude. Even if they went, they wouldn't be able to escape the fate of being eliminated. It was better to stay here and not waste everyone's time! This can be considered a hidden final assessment. "

Zhang jinmiao waved her hand. She was worried that after the killer suffered a loss, he would attract more killers. She was very clear about the horror of a heaven-ranked killer.

It was better to return to the mystic class Sea area as soon as possible than staying here in fear. Lin Yi and Shangguan LAN 'er were both top geniuses, especially Lin Yi. He was a demon who could change the quality of Feiyang college. They had to bring him back safely.

"Alright, I'll go back and make some preparations. I'll also check if ru Feng and the others have arrived."

Lin Yi didn't argue anymore-he just needed to make sure that his friends made it. He didn't care about the others.

Lin Yi had been staying in his room with Qing Danzi to teach alchemy for the past few days, and he was dragged to the inner courtyard by Shangguan LAN 'er the moment he stepped out of the door. He didn't know if Leng rufeng and the others were here or not.

"Lin Yi junior, it's my fault this time. I shouldn't have dragged you here!"

Shangguan LAN 'er only felt fear after recalling what had happened. She lowered her head and apologized to Lin Yi in a low voice.

"What does it have to do with you? I'm the one who implicated you! Please don't blame me for this. "

Lin Yi smiled and consoled her in a relaxed tone, even patting her head.

Shangguan LAN 'er's heart was suddenly filled with a strange emotion, but when she remembered that her master was still there, she immediately felt a little shy and quickly shook her head away, peeking at Lin Yi with a slightly red face.

Chapter 6458 Let's Fly Too

"I'm your little Senior Sister, not your Little Junior nephew, how can you touch my head like this?"

Shangguan LAN 'er felt even more embarrassed after saying that. She didn't even know why she had said that. It was really inexplicable!

"Alright, LAN 'er, let's go back first. Lin Yi's with us."

Zhang jinmiao smiled knowingly. She felt that it was really inappropriate for her to stay here, but she was worried about the two of them, so she could only urge them to hurry back.

Lin Yi replied and followed the two.

At the same time, he used the big frog's divine sense to communicate with the little spirit beasts, asking them if they had remembered the characteristics of the killer's dimensional hiding technique and if they could discover him in advance next time.

In the end, he got a positive answer. Since these little spirit beasts had seen the killer's skills, they would pay special attention to the fluctuations in this area next time.

Lin Yi finally heard some good news, and he felt a bit more at ease.

However, his own jade pendant had a similar function. It was just that this assassin was too strange, and he didn't know if the jade pendant's function would be effective against this kind of dimensional hiding technique.

The spirit beast's defense didn't have much of an effect this time-the guy didn't even notice that he was behind Lin Yi. It was a complete failure!

If the little spirit beasts who wanted to protect Lin Yi and save the big Frog had any intelligence, they would be very unconvinced.

When he returned to his residence, Hao Zili and Qing Danzi were having a good conversation.

The two were both famous figures in the yellow-class Sea area of the East continent. One was a top alchemy master, and the other was a top-tier master in the beginning stage. They had known each other for a long time, and with Lin Yi's relationship, they felt like old friends.

As for Leng rufeng, yang qianxue, Jiang He hai, and Qin Yue, the two couples had returned as well. They were also waiting in the yard for Lin Yi to return.

Lin Yi's return naturally made everyone busy with some small talk.

Knowing that they would set off tomorrow, everyone said that they had to go back and prepare.

After all, they couldn't stay in the outer court of the Academy. They had to stay in the nearby town, so there were still some things that needed to be packed.

After they agreed to meet the next day, they all left.

The next morning, the students who had received the notice were all waiting outside the gate of the proud of dawn Academy. After Zhang jinmiao came out with the members of the recruitment team, they set off together.

The two who were late didn't manage to make it in time, and they were unlucky. They managed to squeeze into the top 100, but because they wanted to arrive at the right time, they missed the opportunity to go to the mystic Sea area to participate in the assessment.

"Everyone, get on your flying spiritual beasts and head to the teleportation array at the mystic-class Sea area. If you don't have your own flying spiritual beasts, you can borrow them from the morning's Pride Academy. Although I don't know how many of you can stay in the mystic division Sea area, I hope that all of you can stay. I wish you all the best in passing the test. Alright, let's go!"

Zhang jinmiao said a few simple words and got on the flying spirit beast. She actually liked Lin Yi's flying saucer more, but as the head of the recruitment team, it wasn't good to give it special treatment. She could only be like everyone else.

A large group of flying spirit beasts rose into the sky. There were not only preparatory students who were going to take part in the assessment, but also some people of similar status as Hao Zili. They could be considered as the followers of the preparatory students!

However, if you want to go to the mystic division Sea area normally, you must be at least at the mountain-opening stage.

Not everyone had the right to have a follower in the early stage of the mountain opening stage in the Golden sea region. Basically, only the son or daughter of a city Lord could have this treatment.

The teleportation formation to the mystic-class Sea area wasn't hidden, but not everyone could go there.

Those below the mountain-opening stage could only enter with the pass issued by the Academy. Those who had reached the mountain-opening stage had no restrictions on their passage, but were instead restricted from staying.

Masters who weren't native to Mystic class sea areas had to leave after the time limit was up, or else they wouldn't be able to come back.

When the guards on the teleportation array saw the large group of aerial spirit beasts beginning to land, one of them had already come out to welcome them. When he saw that the leader was Zhang jinmiao, he immediately smiled.

"Director Zhang, you're back so soon? There's still two more days!"

The strength of this guard was not weak either. He was already at the consummate level of the mountain-splitting realm.

However, in front of Zhang jinmiao, he was still not enough. Not to mention, one was the vice principal of Feiyang college, while the other was just a guard of the teleportation array. The difference in status between the two was huge.

"I had some things to do, so I went back two days earlier."

Zhang jinmiao didn't put on any airs. She smiled and nodded at him as a greeting.

"I can't help it, you're a noble and busy person! How is it? are there any good seedlings this time that can enter your eyes?"

The guard didn't regard Zhang jinmiao as an outsider and laughed as he chatted with her.

"There are indeed a few good seedlings. I wonder which Academy will benefit from them."

Zhang jinmiao smiled faintly but didn't say that the best was already in the Feiyang College's bowl.

"No matter which Academy they go to, they are all selected by you, principal Zhang. According to the rules, they can be considered as half your disciples."

The guard chuckled and complimented him. He turned to the side and said, ""Dean Zhang, let's go through the teleportation procedures first. These are the rules, so we can only trouble you."

"It's no trouble at all. This is what I should do. Of course, I have to follow the rules. Otherwise, it would be a mess."

Zhang jinmiao was very graceful, and she turned around to let Shangguan LAN 'er follow her.

As for Lin Yi, she didn't care about him since he was with Leng rufeng and the others.

The guards took Zhang jinmiao and Shangguan LAN 'er to the house next to the teleportation array to go through some formalities, while the other members of the recruitment team began to count the number of people and organize their teams, preparing for the teleportation.

"Boss, are you sure you want to apply for Feiyang college?"

Leng rufeng asked after making sure there were no outsiders around.

"That's right. LAN 'er wants to follow her master. I'm accompanying her to the Academy, so I'm definitely going to Feiyang Academy. What about you?"

Lin Yi smiled. He knew that Leng rufeng and yang qianxue might go to the school they had been to before, and they would get back up where they fell, so he didn't force them to come with him.

"In that case, qianxue and I will go to Feiyang college too!" Su mo said.

Leng rufeng did not hesitate at all and made his decision.

Lin Yi was a little surprised, but he understood after thinking about it.

Although he did not know which college Leng rufeng went to for the first time, he had obviously let it go, or rather, he had buried it in his heart. He would not take revenge on purpose, but he would not miss the opportunity.

Chapter 6459 Conflict At The Teleportation Array

There was competition between the mystic division schools, so Leng rufeng still had a chance to take revenge. He entered Feiyang school to follow Lin Yi, so there was nothing wrong with that.

"That's good. It'll be more lively if everyone is together. "

Lin Yi nodded. Of course, he wouldn't reject them. With Leng rufeng and yang qianxue following him, he wouldn't have to worry about cultivation resources.

They were all extremely talented geniuses, and as long as they had enough resources, their strength would increase by leaps and bounds.

In the future, whether it was facing the center, the spirit beast clan, or the hostile sea beast clan, Lin Yi wouldn't be able to do it alone. It was better to have a few strong helpers than to fight alone.

"Jiang hehai, Qin Yue, which Academy are you two planning to apply to?"

Lin Yi turned back to look at Jiang He and hai Tianqing-if possible, it'd be best if they came together.

"We also want to go to Feiyang school, but the chance is not high."

Jiang He hai was a little embarrassed. He and Qin Yue were quite talented, but they were still far from being as good as Leng rufeng and Leng shaoting. They could only be considered average, so it would be difficult for them to get into Feiyang college.

"I heard that Feiyang school is a top school only second to the three super schools. It's one of the top five schools in the mystic division Sea area. It's very difficult to get in. I'm afraid we're not strong enough to get in, so we're looking for an ordinary school to apply for it."

Qin Yue looked a little helpless as well. She wanted Jiang He and herself to follow Lin Yi, of course. Anyone who followed Lin Yi was no simple character, but their strength was there-they couldn't be forced.

If he asked Lin Yi for help, Zhang jinmiao might be able to get some special treatment.

But getting spots like this wasn't interesting to them, and they might be looked down upon by Lin Yi and the others. They'd rather fight for it with their own strength.

"That's true, and once you've decided which school you're going to apply to, you can't change it. Even if your grades are just a little worse, you can't go to a Lower School, so it's very important to choose a school that suits you. Every year, many people can't stay because of the wrong choice. In fact, with their strength, as long as they choose a Lower School, they have a chance to stay in the mystic Sea area. "

Yang qianxue also said a few words. She also hoped that everyone could be together, but in comparison, staying in the mystic division sea was more important.

There was no comparison between schools in the Yellow Sea and those in the mystic Sea. It could be said that no matter how bad a school in the mystic Sea was, it was still better than a school in the Yellow Sea!

First of all, the concentration of spiritual energy was not on the same level. The overall concentration of spiritual energy in the mystic Sea area was much stronger than that in the Yellow Sea area.

Then, there was the quality of the teachers. In the Golden sea region, ordinary teachers at the Xuan Sheng stage could take up the position. Those at the mountain opening stage were basically the higher-ups of the Academy.

In the beginning stage, they were only ordinary teachers. Even in the top Academies, they were not qualified to be teachers during the beginning stage. The lowest was an expert of the earth-splitting stage.

Many schools in the Golden class Sea area didn't even have a single one of this level. How could they compete?

"That's what we're thinking too. Anyway, we'll see when we get to the mystic division Sea area. Every Academy has a different quota for enrollment, and the admission score is also different, so we'll have to see first before deciding! If Feiyang college has a lot of students, we can still try. "

Jiang He hai waved his hand with a smile. Lin Yi admired his calm attitude-people with that attitude knew what they wanted, and had a clear goal, increasing their chances of success.

"Eh? Ren Zhongyuan and the rest seem to be in a conflict with someone."

Qin Yue suddenly pointed in the direction of the teleportation array and said. Although they didn't usually get along, Ren Zhongyuan was still from the soaring Cloud School and they were schoolmates.

Lin Yi, Leng rufeng, and the others looked at the teleportation formation. Ren Zhongyuan, Yi Xiaotian, and the others were arguing with a middle-aged man.

The middle-aged man's face was gloomy. Although he was not strong, he was already at the peak of the late stage of mountain split. He was definitely not someone Ren Zhongyuan and the rest could fight against.

"That trash only knows how to cause trouble! Why don't you take a look at yourself and see if you can settle the trouble. "

Leng rufeng snorted coldly. He was full of disdain for Ren Zhongyuan. However, since they were all from soaring Cloud School, Ren Zhongyuan could ignore it, but Leng rufeng did not want to ruin the reputation of soaring Cloud School.

If it was necessary, he would help out. Otherwise, if word got out that the soaring Cloud School was not United at all and didn't even help when their own students were being bullied, then their reputation would be completely destroyed.

"Do you want to go and take a look?"

Lin Yi saw through Leng rufeng's thoughts, so he asked in a low voice.

Lin Yi didn't care about a peak late-stage mountain split cultivator, but it was impossible for him to stand up for Ren Zhongyuan. He was already being generous by not stepping on him.

"Let's wait and see. It'll be best if they can settle it themselves. Don't waste our time. "

Leng rufeng shook his head slightly. An ordinary conflict should not be a big problem. Moreover, there were guards at the teleportation array. They would not allow them to fight at the teleportation array.

The few of them paid attention and focused their attention on the other side. The quarrel between the two sides could be clearly heard.

"I'm already giving you face by telling you to get lost. If it was in the past, when I had a bad temper, who would F \* cking talk nonsense with you? He had been killed with a single slap! Did these little brats really think they were somebody? He was just going to take part in the Academy's examination, and it was not certain that he would be able to enter the academy. So what if he did? If I want to kill you, I can do it, who would care?"

The sinister-looking middle-aged man's words were extremely arrogant, as if he had a backer.

Of course, in front of Ren Zhongyuan and the others, he had to rely on his own strength. He was at the peak of the late stage of mountain split, which was more than enough to kill these young fellows in seconds.

"What are you? He dared to make such a big statement here? Any one of our teachers leading the recruitment team is stronger than you. Do you dare to make a move on us? Do you believe that you can forget about leaving through the teleportation formation today?"

Ren Zhongyuan was used to being arrogant, so how could he not react at all after being humiliated?

In addition, there were so many people watching. Ren Zhongyuan felt that if he were to admit defeat, his reputation in the mystic-class Sea area would be ruined!

Therefore, it was necessary to be tough. Once the recruitment team came forward to solve it, everything would be perfect.

He was certain that the recruitment team wouldn't turn a blind eye. After all, bringing the candidates back to the mystic division was their last job, and they had to complete it well.

If the reserve students were to be beaten up in front of the teleportation array, then all the academies' reputation would be ruined.

Chapter 6460 Either Get Lost Or Die

In the mystic division, the most powerful forces were still the academies!

Ren Zhongyuan didn't believe that someone would dare to slap the faces of the major Academies in such an unbridled manner, while the people from the recruitment team didn't even say anything.

"Haha, where did this little brat come from? you're not that capable, but you're pretty awesome. How dare you bicker with me? Why don't you call a few people who are more powerful than me to try! Only a genius who can grow up is a genius. Those who fall will always be trash. You little trash, do you want to die?"

The sinister-looking middle-aged man cursed and went forward to give Ren Zhongyuan a big slap on the face. Ren Zhongyuan was sent spinning a few rounds before he fell on his butt.

"You dare to hit me? You dare to hit me?"

Ren Zhongyuan had a look of disbelief on his face as he shouted loudly, afraid that no one else could hear him.

"So what if I hit you? It's nothing to kill you!"

The middle-aged man laughed coldly and stepped on Ren Zhongyuan's chest. He stomped Ren Zhongyuan to the ground and raised a cloud of dust.

The guards by the teleportation array did not care about the conflict at all. Instead, they laughed and watched the show.

They were also very bored guarding this place. To be able to watch such a farce, it could be considered as relieving their boredom.

Ren Zhongyuan still wanted to say a few more harsh words and wait for the people from the recruitment team to come forward to help. However, just as he opened his mouth, the sinister middle-aged man spat directly into his mouth. He was so disgusted that he almost spat out his intestines!

However, he was unable to move after being stepped on. Ren Zhongyuan was like a fish out of water. He opened his mouth and gasped for air. He looked like he was about to die.

"Hey, don't go too far! Do you really want to kill me? The recruitment team was sent by the entire Alliance of Academies. Are you not giving face to the Alliance of Academies?"

Yi Xiaotian was still quite loyal. He didn't retreat at this time, but went forward to argue with reason.

Well, it wasn't quite accurate to say that he was trying hard. Looking at his trembling appearance, he really didn't have any momentum to try hard.

"You want to die too?"

The middle-aged man cast a sidelong glance at Yi Xiaotian and stared at him with a faint smile.

Yi Xiaotian was immediately silenced.

His strength was similar to Ren Zhongyuan 's, and there was no way he could compare to this sinister middle-aged man. The latter could easily toy with the two of them to death, and they did not even have the ability to resist.

"I'm sorry, I was wrong. Please spare me!"

Ren Zhongyuan, who was on the ground, was covered in dust and dirt. He struggled to admit his mistake.

He wanted to wait for the people from the recruitment team to come and save him, but he was afraid that he would lose his life if he waited any longer!

Therefore, at the critical moment, he immediately admitted defeat without any hesitation.

Leng rufeng, who was about to help, immediately stopped. This was too embarrassing!

It was more embarrassing to be associated with such a person than to leave him in the lurch!

Then he would just treat it as a 'B \* tch' who didn't want to save him ... Who asked him to like being a B \* tch, he deserved to die!

Leng rufeng expressed that he did not know this kind of B \* tch at all. Moreover, he was born Cold. There was no such thing as helping her in his dictionary!

"Hey, little girl, you're all together, right? Do you want to try and see if you can save him?"

The gloomy middle-aged man turned his head and looked at Yao Jiali, who was beside Yi Xiaotian, with a hint of amusement in his eyes.

"No, no. Senior's divine powers are unrivaled. Ren Zhongyuan has already begged for mercy. Senior, please be magnanimous and let him go!"

Yao Jiali's face was full of smiles. She could see the situation. At this time, it was not appropriate to offend the sinister middle-aged man. It was better to admit her mistakes and have a future.

"You're quite sensible, and you're quite good-looking. How about this, come over and have some fun with me, and I'll spare these two pieces of trash! Don't worry, there are benefits to accompanying me. You'll definitely be satisfied. "

The middle-aged man looked at Yao Jiali with a faint smile, but no one knew if he was telling the truth.

Yao Jiali's expression changed. Was he treating her like a prostitute?

Benefits? Benefit your entire family!

If it wasn't for the fact that she knew she couldn't win, Yao Jiali would have flipped out.

However, she really didn't dare to face this sinister middle-aged man!

"Senior, aren't you going too far? We don't have any deep grudges, so why do we have to be so stiff? When the people from the recruitment team came out, everyone's faces did not look good! Why don't we both take a step back and apologize to you, and you'll let us go?"

Yi Xiaotian wanted to lose his temper, but he didn't dare to either. He could only suppress his anger and beg in a low voice.

"What a bunch of trash! I can't stand it anymore!"

Leng rufeng cursed in a low voice. He could not take it anymore.

If it was only Ren Zhongyuan and Yi Xiaotian who were embarrassed, he would not be bothered to get involved. However, Leng rufeng could not tolerate the sinister-looking middle-aged man who was taking liberties with the female cultivator so blatantly.

Although he hated Yao Jiali, this matter did not involve his personal preferences. It was just that the sinister middle-aged man's actions had crossed Leng rufeng's bottom line.

"Go, I support you!"

Yang qianxue encouraged Leng rufeng in a soft and gentle voice. At the same time, she held his hand gently.

As a woman, yang qianxue hated the sinister middle-aged man's methods. Hence, she would support Leng rufeng's decision.

A faint smile appeared on Leng rufeng's cold and hard face. How could he not be satisfied with such a close partner?

"I'm off!"

Leng rufeng whispered into yang qianxue's ear and stepped forward.

The long saber was unsheathed and covered in ice and snow!

"You can either get lost! Either you die!"

Leng rufeng's voice was as cold as a knife, piercing into the sinister middle-aged man's ears.

At the same time, the saber momentum quickly condensed, and the world seemed to be filled with cold blades.

"Interesting, but he's a little too arrogant. It seems that if I don't kill a few idiots who think they're geniuses, no one will be afraid!"

The sinister middle-aged man sneered. Ren chongyuan, who was under his feet, could not help but roar in his heart. 'I'm f \* cking scared now. Please let me go!'

Ren Zhongyuan did not feel grateful at all for Leng rufeng's help. He only felt that Leng rufeng wanted to use him as a background to show off his bravery!

If he wanted to make a move, why didn't he do it earlier? why did he have to wait until now, when they were all begging for mercy?

If this wasn't intentional, then what was?

"I hate people like you who think they're so powerful. Since you don't want to get lost, then die!"

Leng rufeng knew that he might not be a match for this sinister-looking middle-aged man, but he had absolute confidence in his saber!

The unstoppable momentum was the essence of his Blade Force, and Lin Yi did say that he could add some spiritual changes to his Blade Force to increase its power.

However, after thinking about it, Leng rufeng felt that the more changes there were, the more powerful it would be. However, it would also make him lose his momentum.

Advancing forward with indomitable will, advancing with no retreat, going all out!

This was where the soul of his blade was. So after consulting Lin Yi's opinion, Leng rufeng was even more determined in his belief, and his blade's force was upgraded.
