Chapter 6491 The Trapped Cloud Valley Is A Face

"Why is there an earthquake? Is there another earthquake in the valley?"

The trainees who had barely escaped death were all dumbfounded. They had never heard of such a thing before!

Lin Yi turned around and stared at the crack!

Amidst the violent shaking, Lin Yi seemed to see the crack opening and closing slowly, and some strange aura was coming in and out of the crack.

"Go! Quickly leave this trapped cloud Valley!"

Lin Yi channeled his Qi and roared out, his voice spreading throughout the valley. He was doing his best, and it was up to fate how many people he could save.

As he shouted, Lin Yi waved his hand and put away all the high-level formation flags. He then activated lightning and instantly appeared beside Shanguan LAN 'er and the others.

"Leave this place immediately, there's something strange about this Valley! It feels like I can't resist the danger. "

Lin Yi quickly finished his sentence and picked up Shangguan LAN 'er, signaling Leng rufeng to carry yang qianxue. He then pulled Leng rufeng's arm and flew up into the sky with his ghost speed wings.

As for Wang shiqing, Lin Yi wasn't too worried about her. The girl had a ten thousand mile teleportation formation on her, and she was probably even better at escaping than Lin Yi.

Besides, she wasn't really an innocent and stupid little girl-fine, she was a little girl, but that didn't make her look like an innocent and stupid girl at all. She had a stomach full of little schemes, and she wasn't any weaker than Lin Yi.

She still had the teleportation talismans from the Alliance, and she could just go back to the arena. Lin Yi had enough cloud-trapping iron, and he didn't want to give up the chance to get points so easily.

But Lin Yi didn't expect Wang shiqing to be so thick-skinned as to hug Lin Yi's leg the moment she saw him flying with the three girls.

Lin Yi wasn't in the air yet, and his speed wasn't at full speed yet, so it wasn't hard for Wang shiqing to carry him. However, with four people on his back, he felt that he had the potential to become a flying spirit beast!

"Big brother Lin Yi, you can't leave me here. I'm still so young, can you bear to let me be eaten by wild beasts?"

Wang shiqing looked at Lin Yi pitifully, like a koala bear that wouldn't let go of his leg.

Lin Yi didn't know what to say-what kind of beast could eat you? Aren't you afraid of breaking your own teeth!

However, if he wanted to follow, then so be it. It didn't matter if he had a little one. He would just do it for Wang Shiyang's sake.

"Lin Yi, Junior Brother, take Xiao Qing with you. She's so young, who's going to save her if she's in danger?"

Shangguan LAN 'er immediately pleaded for Wang shiqing.

Lin Yi thought to himself,"she's so young, but she'll be fine even if you're in danger ... You're worrying for nothing ..."

However, Lin Yi had already decided to bring Wang shiqing along, so he naturally agreed to Shangguan LAN 'er's request, which was a small gain.

As soon as he finished speaking, before Lin Yi could even fly up, a mountain came crashing down into the valley. The momentum of the mountain covered the entire Valley, causing the sky to darken.

"What's going on?"

Lin Yi was shocked-he'd never seen an entire mountain come crashing down like this before!

He spread his ghost speed wings at full force and flew everyone out. It was impossible to fly up, as that would be courting death!

In an instant, the light of many teleportation talismans appeared in the valley. No one was a fool. Under such circumstances, those who were not confident in their chances all chose to escape. After all, the situation was too strange.

Lin Yi and the others flew out from the edge of the valley, and the mountain behind them crashed into the valley, causing a huge tremor. The strange thing was that the mountain didn't destroy any important parts of the valley, only some scattered rocks and stuff.

Lin Yi and the others didn't even have the time to celebrate that they dodged the mountain when they realized that the mountain rose up again. It was as agile as a whip and continued to chase after them.

"I saw a ghost! What is this?"

Lin Yi's shock was no small matter. He flapped his ghost speed wings with all his might and dodged the attack with great difficulty. His back was already covered in cold sweat.

Carrying four people with him greatly affected the speed of ghost Speed's wings, otherwise Lin Yi wouldn't be in such a sorry state.

"Boss, let's return to the venue first. See if you can go to the teleportation point. If you can't, don't force yourself. The Alliance of schools won't ignore this accident."

Leng rufeng quickly said to Lin Yi and activated the teleportation formation with yang qianxue, returning to the venue.

They weren't afraid of death, but they didn't want to be a burden to Lin Yi. Without them, Lin Yi's speed could be maximized.

Lin Yi couldn't stop them in time and could only watch them leave.

Lin Yi picked up his speed when the two left, and only then did he have the time to look back.

The mountain behind him was indeed strange. At first, Lin Yi thought that it had fallen after the mountain had broken, but now he realized that the mountain wasn't broken at all. It was still connected to the ground of Buji mountains!

However, the connection between the mountain and the ground was now soft and flexible, and it did not look like a rock at all.

To be more precise, it would be more appropriate to describe the mountain as an arm!

Thinking about his arms, Lin Yi's mind flashed like lightning. He turned back to look at the valley, and he felt like crying.

Looking down from the sky, the crack in the valley looked exactly like a mouth, while the entire Valley, upon closer inspection, looked like an extremely strange face!

Shangguan LAN 'er understood what they meant when Lin Yi was still in shock. She wrapped her arms around Lin Yi's neck and whispered in his ear, "Lin Yi, Lil' bro, I'll head back first. Be careful and don't force yourself. Safety is the most important!"

After saying that, Shangguan LAN 'er also activated her own teleportation talisman and returned to the venue.

Lin Yi's body felt lighter, and he was able to use his ghost speed wings to the maximum. The mountain Peak's attack became clumsy, and it couldn't even touch Lin Yi.

"Wang shiqing, why are you still here?"

Lin Yi was flying up and down, observing the peak with all his heart and soul, but he felt like he'd forgotten something. He lowered his head and saw that Wang shiqing was still holding on to his leg.

In the entire Valley, other than those who had died, most of them had already returned. In other words, other than Lin Yi and Wang shiqing, everyone else had been wiped out in this test.

"Little Qing's hands are busy. You can't take out the teleportation talisman!"

Wang shiqing didn't even bat an eye as she said such unbelievable nonsense!

Chapter 6492 Teleportation Talismans Failed

Lin Yi almost laughed out loud-he didn't know if this little thing was saying that she was cute or angry!

The little one was on his leg anyway, and the impact on Lin Yi was very limited-he'd just treat it as an extra Greave!

Plus, Lin Yi didn't have time to deal with her right now-his priority was to deal with that unknown thing.

At this point, Lin Yi was even more certain that the valley down there was a living thing!

The entire trapped cloud Valley was actually its hidden face, and that crack was basically its mouth. It would extract the clouds from time to time, or perhaps it was relying on the clouds to obtain energy.

Lin Yi, on the other hand, created hundreds and thousands of clones to absorb the clouds, and the efficiency was extremely high. It was like snatching food from a Tiger's mouth-of course they'd be angry!

He might be able to create a stronger Cloud Beast, but Lin Yi's blatant act of snatching food had violated the other party's dignity. So, he decided to throw away his disguise and rolled up his sleeves to fight Lin Yi himself.

Lin Yi flapped his wings and continued to rise higher and higher, but the Xi n Valley below him also started to rise, and the mountains nearby also rose with it. For hundreds of miles around him, he didn't know what was this thing's body.

"Ha ... What am I fighting for food with?"

Lin Yi's mouth twitched a few times. He couldn't imagine fighting with such a strong creature for something. Only someone who was tired of living would do that!

For so many years, he had been sleeping well, but the moment he came, he made him so angry that he jumped up. This ... Could only be said to be a bad hand!

However, when he recalled what the trainee had said, perhaps something like this had happened before. When the creature woke up, very few people could escape alive.

Those who used the teleportation formation to return to the square were considered lucky-they didn't even get to see what it really was. The only one they saw was Lin Yi, and that useless Wang shiqing ...

"Wow, this thing is so big! Lin Yi bro, look, look, it's really big!"

Wang shiqing didn't seem to notice at all as she hugged Lin Yi's leg. She was very excited, but Lin Yi felt a little weird listening to her.

"Hey, where is the teleportation point?"

Lin Yi had completely given up on fighting this big guy-this was beyond his knowledge!

Not to mention the black bead that the big Frog had given him, even if the big Frog came in person, it would probably not be a match for this big guy!

Lin Yi wasn't even an ant in front of him, and anyone would be furious if an ant snatched their fat meat twice.

"The teleportation point? Let me see!"

Wang shiqing was serious this time. She turned her head left and right and then laughed."I found it, I found it! It's in his nest! Big brother Lin Yi, are you going to his nest to teleport back?"

Lin Yi didn't know what to say. He flapped his wings and dodged the two mountains "attacks, forcing himself to find where giggle was hiding.

Well, it was still clear, but it didn't feel right to teleport to the nest of squeaks.

"Why don't I send you to the nest and see if you can teleport?"

Lin Yi dodged another attack and raised a brow at Wang shiqing.

"Big brother Lin Yi is a bad guy, how could he treat Xiao Qing like this?"

Wang shiqing had just been laughing heartlessly, but now she was on the verge of tears. Her acting skills were unparalleled.

The unknown creature below had already stood up, and Lin Yi felt that even his ghost speed wings couldn't keep up with its speed.

"Roar!"

A violent roar sounded, and Lin Yi flipped a few times in the air, caught off guard, almost getting slapped by the other side ... It was a mountain peak, and the turbulence was indeed shocking!

"Lin Yi big bro, let's just run. We really can't beat this one!"

Wang shiqing's face became serious again, and she gave her suggestion.

Lin Yi felt that it was time for him to run as well-he was interested in the big guy, but it was obviously more interested in him. It was better to run away!

"If your hand is free, you can teleport yourself back first!"

Lin Yi asked Wang shiqing as he stabilized himself and sped up.

"I'm not free! If Lin Yi bro doesn't leave, I won't leave either-I want to live and die with him!"

Wang shiqing's eyes curved into crescents when she smiled, making her look extremely cute, but Lin Yi felt that she was a little fox!

He didn't know what this little fox was up to. Why didn't she leave this dangerous place at this time?

At this time, the giant creature that couldn't reach Lin Yi roared and took a deep breath. All the clouds in the sky were sucked into its mouth. If Lin Yi didn't Dodge quickly, he would've been sucked in as well.

"It's so good at absorbing?"

Lin Yi, who'd just escaped death, was speechless as well-when he was in the Xi n Valley, he was probably just a random snack that people made when they slept, but now, he was having a real feast.

"Big brother Lin Yi, aren't you going to run? Don't tell me you're going to wait for it to come and deal with you?"

Wang shiqing tilted her head and asked, making Lin Yi speechless.

At this time, it was indeed time to run!

However, the big guy opened its mouth and countless clouds rolled out, turning into threads that filled the sky. They crisscrossed and formed a huge cloud Net, covering the entire sky.

Lin Yi was shocked. His ghost speed wings were fast, but the net had sealed all his escape routes. He couldn't run even if he wanted to!

After all, the ghost speed wings were for flying, not teleportation, so he couldn't directly avoid the cloud net's blockade through the space Channel.

"Little Qing, quickly activate the teleportation talisman. It'll be too late if you're late!"

Lin Yi took out his own teleportation talisman and activated it.

"It's already too late!"

Wang shiqing's face was full of tears. This time, she was really panicking. That big guy's Cloud Net had cut off the connection between the entire space and formed a world of its own!

The transfer array talismans of the Alliance of Academies and her Wang family had lost their effectiveness.

Lin Yi's heart sank. He felt it too. The teleportation formation didn't work. This was F * cking bad!

"Senior ghost, hurry up and come out to help. Don't enjoy your later years in peace!"

Lin Yi didn't dare to hesitate and called out the thing.

"You little brat, you really don't know when to stop! I've only helped you once, why are you here again? Is it so difficult for an old man like me to enjoy my old age in peace? Eh, a method to isolate space, interesting!"

The damn thing didn't even have time to complain before it immediately discovered the difference in the cloud Net.

Chapter 6493 Only Weakness

On the contrary, the unknown thing did not attract the attention of the ghost. In his opinion, it was just a prehistoric mutant, a life left behind from ancient times. It was not like he had not seen it before!

"Is there any way to solve this?"

Lin Yi didn't waste any time-breaking the cloud Net was the most important thing!

Otherwise, if they were trapped in it and the creature was so huge, no matter how fast ghost Speed's wings were, they would not be able to fly out and would definitely be killed.

"Let me see, don't worry!"

The demonic thing was not in a hurry. Although his research on space was half-baked and could not even be considered to have a superficial understanding, at least he had some research, so he could still try.

"Senior ghost, just look! But I'm really in a hurry ..."

Lin Yi smiled bitterly. He tried his best to Dodge, but the cloud Net was still shrinking, and the space he could move in was getting smaller and smaller. The situation didn't allow the ghostly thing to study it.

"You can be anxious, I can't be anxious!"

The bastard had the air of a master, but what he said was the truth. Lin Yi could be anxious, but he couldn't. The more anxious he was, the worse it would be.

"Alright, I'll be in a hurry, you don't have to be in a hurry!"

Lin Yi smiled bitterly and drew an arc in the air, avoiding the countless branches and rocks that shot out from the big guy.

His ghost speed wings accidentally touched the edge of the cloud Net, and Lin Yi's body swayed, almost falling off.

The cloud Net might have been made of clouds, but its effect on the ghost speed wings was beyond Lin Yi's imagination.

"Little Qing, are you afraid of being electrocuted?"

Lin Yi had no other choice but to use his lightning escape.

"I'm afraid, I'm afraid! Don't hit me, Lin Yi bro!"

Wang shiqing screamed, her arms and legs gripping Lin Yi's leg with all their strength. She wasn't lying, she was really scared.

"Do you want to be smashed by him or electrocuted by me?"

Lin Yi smiled, leaving the choice to her.

"Is there a third option?"

Wang shiqing looked up and down, feeling like she was better off dead!

"Yes, I'll throw you down. He might not find you, so he won't hit you or electrocute you."

Lin Yi shrugged as he dodged another wave of attacks, but he felt like he was at his limit.

"Then Lin Yi big bro, can you shock me a little more gently?"

Wang shiqing pouted and was about to cry.

"I'll try my best ..."

Lin Yi's mouth twitched-this lightning really wasn't something he could control!

Perhaps it would be fine, or it would be painful. He had been reluctant to use it on Shangguan LAN 'er before, but this time, he had no choice. Wang shiqing had delivered herself to him. If she had left earlier, nothing would have happened!

"Come on! Little Qing was ready! Electrocute me to your heart's content, Lin Yi bro!"

Wang shiqing's face looked as if she was ready to die, and Lin Yi felt that she was a walking emoji!

The cells in Lin Yi's body started to rub against each other, and tiny lightning arcs started to appear on his body.

Wang shiqing's hair stood on end as she hugged Lin Yi's leg. Her face turned dark.

However, she tightened her arms and legs around Lin Yi.

"Are you okay?"

Lin Yi's lightning movement combined with his ghost speed wings made him extremely agile.

"I'm ... I'm fine! It's just a little numb and numb ..."

Wang shiqing's voice sounded like she was crying, and it was obvious that she wasn't feeling well. Her face was dark, and it blocked her natural rich expressions.

"That's good! It's not a big problem. You'll get used to it ..."

Lin Yi wasn't sure if he'd get used to it, but he thought that it'd probably get used to being numb.

"Lin Yi big bro ... You're so annoying!"

Wang Shi cried without tears. She thought it would be over in a while, but what the hell did it mean that she would get used to it in a while?

"I told you to go back earlier, but you didn't. Now you're blaming me for suffering?"

Lin Yi didn't know what to do-it was as if no one wanted to bring a little burden like her along! He'd have kicked her off the stage if it weren't for Wang Shiyang!

The big guys down there couldn't do anything to Lin Yi, but the cloud Net in the sky was getting tighter and tighter-the space was compressed to the extreme!

If this continued, the cloud Net would be his clothes, and Lin Yi would be compressed into a button.

"Senior ghost, how's your research going? I don't want to be in a hurry, but I can't not be!"

Lin Yi was really worried now-he'd have to go back and forth on the surface of this guy's body!

This was not a big deal as long as he did not get caught. However, the trees and rocks on the surface of the big fellow's body were controlled by the clouds and turned into extremely threatening weapons. This was very F * cking frustrating!

"There's no other way! Even if you're dying of anxiety, you have to let me research it first!"

The demonic thing was also a little angry. This thing related to space was really not something that could be done by just looking at it.

Lin Yi could only continue to run for his life, not daring to disturb the ghost again.

He knew that the thing was going all out now, and it was Lin Yi's life and death, so it was the thing's life.

The cloud Net had completely covered the big guy's body, and Lin Yi's ghost speed wings had lost their effect. He couldn't fly at all, and if he accidentally touched the cloud Net, he would lose his balance. He could only rely on lightning escape now.

"Lin Yi bro, we won't die Here, will we?"

Wang shiqing's hair bun was loose, and the cute little girl now had an Afro. Her face was dark, and she looked funny.

Lin Yi was in a terrible mood, but he couldn't help but laugh. If he really couldn't escape, at least he wouldn't be so depressed.

"Don't worry, we'll be fine!"

Lin Yi could only comfort her like that. In fact, he wasn't sure if she was really fine.

"I found it! Lin Yi, the only unstable point of this big guy's spatial lock is in its nest, because it's a teleportation point! So, as long as you can enter the squeak's nest, you'll have a chance to leave this place. "

The damn thing had found the weakness of the spatial lock, but whether Lin Yi could succeed or not was up to him.

"The original teleportation point? Can we still be teleported back?"

Lin Yi was a little stunned-he didn't think he'd have to go back to the big guy's nest after all that.

"What are you thinking? After the space was sealed, where would there be a chance to teleport back? That teleportation point is a space node. Although you can't teleport, because of the existence of this node, this guy's space seal is not perfect enough. As long as you break this node, you can tear a gap and escape. At that time, you can escape however you want, at least you won't be sealed in this world!"

The demonic thing was very angry that he didn't fight back. He had told this kid to study array Dao well, but he didn't listen!

Chapter 6494 Final Attack

In fact, Lin Yi's progress was already extremely fast, and the ghost couldn't really say much. It was just complaining.

Not to mention, even the damn thing only knew a little about space. It wasn't realistic for Lin Yi to understand it too.

"I understand! By breaking the original teleportation point, we can tear apart the spatial seal that guy set up. Leave it to me!"

Lin Yi's spirits were lifted-he just wanted to leave this place as soon as possible. As long as there was a way, it didn't matter how small the chances were-it was better than waiting for death.

After talking to the ghostly thing, Lin Yi made a turn in the air and flew back to the original teleportation point.

"Lin Yi bro, what are you doing? It's very dangerous there!"

Wang shiqing shrieked in fear. That was one of the most dangerous areas. The big guy kept waving its arms, so the creak kept opening and closing.

It was easy to rush in, but in the next second, he would be crushed into a pile of meat sauce at any time.

Lin Yi didn't have the time to explain to Wang shiqing. He was already at his maximum speed, and in a flash, he was already beside the big guy's nest.

The original teleportation point was not far away!

A super alchemy bomb had already formed in Lin Yi's palms. He put his hands together and combined the two bombs into one. He turned into a lightning arc and charged towards the transfer point.

The big guy had already noticed Lin Yi's movements. Countless trees and rocks controlled by the cloud Qi swarmed over like raindrops, completely surrounding Lin Yi!

At the same time, the cloud Net had shrunk to an extreme extent, causing the cloud Qi here to be very rich. The long-lost Cloud Beast Army appeared once again, flying towards Lin Yi's side.

Lin Yi stretched his arm forward, flashing the Super pill fire bomb in his palm as he charged towards the teleportation point.

Anything that stood in his way was pushed away by the Super pill fire bomb. During this process, the Super pill fire bomb was still condensing and expanding!

Lin Yi couldn't think too much at this time, or he'd be overjoyed!

The Super alchemy bomb could still be used in this way under the strong control of his divine sense. It could be considered an unexpected gain.

However, the gathering speed of the cloud beasts was beyond Lin Yi's expectations. He could only force his way in. Under the flash of lightning, Lin Yi flew in through the tiny gaps and detonated the Super alchemy fire bomb!

Lin Yi's body bounced back with a loud explosion. The explosion was concentrated in front of him, but the aftermath was still strong.

"How is this possible?!"

Lin Yi stared at the portal Point, wide-eyed-the expected destruction didn't happen. Instead, dense rocks, trees, and clouds appeared in front of the portal Point, completely surrounding it.

"Lin Yi bro, run! This guy was obviously prepared!"

Wang shiqing didn't know why Lin Yi wanted to destroy the teleportation point, but with her intelligence, she could guess that there must be something wrong here. Otherwise, the security wouldn't be so tight.

Lin Yi had to admit that Wang shiqing was right. If even a ghost could see through it, then how could this guy not know the weakness of the space seal he created?

He made it look like he wasn't on guard so that he could attract Lin Yi over!

"This big guy is also a sinister master! It seems that the size of the body has nothing to do with being sinister and Black-bellied!"

Lin Yi mumbled as he glanced at Wang shiqing.

"Lin Yi bro, why are you looking at her?"

Wang shiqing pretended not to understand. Her big eyes were innocent and clear, but her small face was dark, which made her less convincing.

Lin Yi smiled and didn't continue the topic. He started making the Super alchemy bomb again.

He didn't succeed earlier because the enemy was prepared, but another reason was that Lin Yi's super alchemy bomb didn't take too long to form, so it wasn't powerful enough.

If it was just to break through the teleportation point, it would be enough. However, now that they had encountered the enemy's prepared defense, it was like an egg hitting a rock.

Since it was not powerful enough, he would increase its power!

Lin Yi turned into a lightning arc again, flying around the big guy's nest and increasing the size of the Super alchemy bomb.

"Lin Yi big bro, are we really not going to escape? However, Xiao Qing was still very happy to die with her big brother! To be able to have a genius like big brother as a scapegoat, little Qing doesn't seem to have lost out at all. "

Wang shiqing still had the mood to talk nonsense at a time like this, Lin Yi had to give it to her.

Although this little girl's talent wasn't the best, her strong heart was definitely the best!

If it were any other girl, not to mention fainting, crying and screaming hysterically or being so frightened that she lost her voice was a normal reaction. How could she do this?

It was a skill to be able to talk to Lin Yi at a time like this!

"Is it really good to be a scapegoat at this time? Do you believe that I'll throw you down to fill this big guy's stomach?"

Lin Yi smiled, scaring her without holding back.

"Then I don't want Lin Yi bro to be a scapegoat-little Qing's hugging him like this isn't exactly a scapegoat, it's more like a scapegoat!"

Wang shiqing even rubbed her belly against Lin Yi's leg to show that she was indeed using her belly as a cushion, not her back.

"If you put it that way, I should be the one using you as a stepping stone, right?"

Lin Yi was speechless as he barely dodged another wave of attacks.

He was talking nonsense with this crazy girl at a time like this-he felt like he was going crazy!

"Alright, I guess I'll be of some use if I can be Lin Yi bro's stepping stone!"

Wang shiqing pretended to sigh, showing that she was a girl who knew the big picture.

Lin Yi really couldn't care about her this time. The space around him had been compressed to the extreme, and even his lightning escape technique couldn't help him. He had to try to attack the teleportation point again.

Success or failure, life or death, it all depended on this!

The lightning arc flashed by, and Lin Yi controlled it to change directions, flying through all kinds of tiny gaps and finally appearing in front of the teleportation point's defense.

The Super alchemy bomb was completely nullified by this layer of defense, so Lin Yi didn't want to waste the Super alchemy bomb this time. He'd call for lightning burial first!

The dense lightning had already turned into Liquid Lightning, falling from the sky like a waterfall. It landed on the defensive layer outside the teleportation point, forcibly blasting a crack.

Chapter 6495 Changing The Rules

Lin Yi released all the little spirit beasts and ordered them to release their strongest attack at once, coordinating with the lightning burial attack. After that, he put them away immediately.

Finally, Wang shiqing wasn't just a spectator anymore. She took out her own formation as well. The attack wasn't as strong as Lin Yi's lightning burial or the spirit beast's burst, but it was still useful.

Lin Yi took the chance and detonated the Super pill fire bomb in his palm. Most of the power went into the portal through the crack, and a small part made the crack even bigger.

With a loud explosion, the cloud Net, which had shrunk to its limit, shook violently. It didn't break, but Lin Yi's sharp senses had already noticed that there was a crack in the cloud net's spatial seal!

"Now! If we don't run, we'll really be finished!"

Lin Yi didn't dare to waste any time and turned into a lightning arc, flashing through the gap!

"He's out!"

Lin Yi was overjoyed. He was worried that something unexpected might happen, but it really went smoothly.

"Lin Yi big bro, I'll be leaving first, I'll be waiting for you at the square!"

Wang shiqing took out the teleportation talisman the Alliance gave her as soon as she left the cloud Net. She didn't forget to greet Lin Yi.

Lin Yi's leg glowed, and before he could say anything, Wang shiqing had returned to the square. It seemed like this girl had enough of the lightning escape technique ...

After Wang shiqing left, Lin Yi wasn't in a hurry to go back anymore. He used lightning movement and ghost speed wings and instantly covered a huge distance!

Looking back, the big guy didn't seem to have the intention to continue chasing. The cloud Net on the surface of its body was quickly sucked into its mouth, and its huge body slowly sank, as if it was going to return to its original state.

"Is this a sign of disdain?"

Lin Yi floated in the air and looked into the distance. He let out a breath of relief after seeing this.

"Don't tell me you still want it to value you?"

The ghost laughed evilly. He was in a good mood after Lin Yi escaped, "Actually, this big guy is not awake at all. He just subconsciously wants to chase away the little bugs that are snatching his food. It's just like when ordinary people in the secular world sleep, if there is a mosquito buzzing around their ears, they will also wave it away or use a blanket to drive it away. If he is awake, do you think you can escape so easily?"

Lin Yi didn't know what to say-there was nothing wrong with that.

In the eyes of the giant, Lin Yi was probably just a little bug that was causing trouble. If they were to take him seriously, even Earth-splitting or sea-splitting cultivators might not be qualified to fight against this giant.

"Such a huge life form was hidden in the Buji mountains, and no one actually discovered it? And what is this thing?"

Lin Yi held his forehead, thinking that he was extremely lucky to have survived!

"It doesn't matter what it is. What's important is that there's probably no one in the entire Mystic class Sea area that can threaten this big guy, so it doesn't matter if anyone finds it or not. Do you think anyone would dare to provoke it? It's already pretty good to be able to get some cloud energy to form the cloud trapping refined iron in its mouth. "

The ghost's opinion was still more accurate, and the truth was the same. No matter whether anyone knew of this big guy's existence, no one would dare to do anything to it.

If he really angered this big guy and made it wake up completely, the entire Mystic Sea region might be in trouble.

"You're right. This big guy isn't something we can afford to provoke. Those who woke it up before were probably killed by it. We're lucky to be able to survive. We shouldn't disturb it in the future. "

Lin Yi nodded and prepared to return to the Plaza.

The teleportation point had already been destroyed. If they wanted to return, they could only use the teleportation talisman. In any case, everyone would return this way. At most, everyone would not get a share. It was impossible for all the academies to not recruit a single person. There would always be other countermeasures.

"By the way, senior ghost, what do you think those black stones used to refine the cloud-trapping fine iron are? It can't be the crumbs from that guy's mouth, right?"

Lin Yi suddenly thought of something. If he was right, the iron might be the big guy's saliva or something. It felt a little weird.

"Why are you so conflicted? It's not like I want you to eat the cloud trapping fine iron, but why does it matter if I use it to make weapons? Besides, you could've just sold the cloud trapping fine iron in exchange for spirit Jade. "

The ghost laughed evilly, finding Lin Yi's thoughts laughable.

Lin Yi felt like he was overthinking things, too, and decided not to dwell on it any longer. He activated the teleportation talisman and returned to the square.

When Lin Yi returned to the square, it was a mess-everyone was talking about the fall of the valley, and how the results of the fifth round should be calculated.

Everyone, including Lin Yi, didn't come back through the teleportation point. They all activated their teleportation talismans. Strictly speaking, it was a failure.

"Boss, you're back! Are you alright?"

Leng rufeng was the first to see Lin Yi. A smile appeared on his cold face as he walked up to him.

"Lin Yi junior, are you hurt?"

Shangguan LAN 'er saw Lin Yi and rushed over, overtaking Leng rufeng.

"I'm fine. What could happen to me? you guys know that I'm the best at escaping. "

Lin Yi smiled faintly as he waved his hand to greet everyone, even teasing them.

Jiang He hai and Qin Yue, who were eliminated first, came up to say hello as well. With the healing pills Lin Yi had given them, the two were basically healed.

"All of the candidates, other than those who accidentally died in the Xian Yun Valley, have all returned. Now, I will announce the results of the fifth round."

The old man from before no longer had a smile on his face. Instead, he had a serious expression.

"According to the previous rules, in today's fifth round of assessment, it should be said that not a single preparatory student has successfully passed. However, considering the special circumstances this time, the rules will be changed."

The old man paused for a moment, his eyes slowly sweeping across the students present. Then he continued, "This time, it was our fault for not gathering enough information. That's why there were such unexpected changes. After an emergency discussion, we have decided to change the rules of the assessment."

Lin Yi had expected this—if a portion of the people could make it back, then the rules wouldn't change. The problem was that no one was coming back as requested, and the rules had to be changed.

Chapter 6496 First Place's Reward

"Before the unknown lifeform awakens in the fallen Cloud Valley, all students who return through the transfer talisman will be subjected to the original rules of the test. There will be no changes, and three points will still be deducted! It should be said that 99% of these people will not be able to enter the academy. I can only hope that your performance next year will be better. Other than that, the other trainees were all sent back after the unknown lifeform began to move, so the change began at that time. "

The old man spoke very slowly to ensure that everyone could hear him clearly and had time to digest the information.

Lin Yi sighed to himself. Even so, Jiang He and Qin Yue still didn't have the chance to enter the school. Even if it was the fifth round, these people who were teleported back before the big guy awakened didn't have the right to participate.

"Students who sense danger during the awakening of the unknown life form will not be penalized, regardless of whether they have the cloud trapping fine iron or not. The Alliance of Academies will compensate them with two points as compensation for the incomplete information! Those who return in the middle stage of the unknown life form's awakening will be given three points of compensation. The last batch of students will be given four to seven points of compensation, depending on the degree of detail of the information they can provide. "

The old man couldn't help but look at Lin Yi.

Without a doubt, Lin Yi was one of the last batch of members. He was the only one who persevered to the end, and naturally, he was the one who provided the most detailed information.

Although Wang shiqing also came back very late, according to the intermittent images sent back by the surveillance formation set up by the college Alliance around the valley, Wang shiqing was just relying on Lin Yi and was lucky enough to escape danger.

No one said anything, but everyone knew that Lin Yi would be the Apple of everyone's eye in the future.

Normal schools didn't have the confidence to fight for Lin Yi, but the top three schools and some other sub-schools were already thinking about how to get Lin Yi to join them with good conditions.

"The initial stage of awakening refers to the time when the Xi n Valley trembles. The middle stage refers to the time when the peak of the mountain Falls into the Xi n Valley. Everything after that is considered the late stage. The compensation points will be determined by the time period and the degree of detail of the information provided."

The old man's eyes were still on Lin Yi and his team, but he explained everything clearly.

Lin Yi found Wang shiqing in the crowd. He didn't know what happened to the girl, but she was clean and tidy again. She was cute again, and when she saw Lin Yi, she waved at him with a sweet smile.

To be honest, Lin Yi was starting to suspect that the girl had anticipated this compensation from the Alliance, which was why she didn't want to leave and dragged it out until she almost died with Lin Yi.

If that was the case, then this little girl's intelligence was truly somewhat terrifying. She was already so intelligent at such a young age. How much more intelligent would she be when she grew up?

Without a doubt, Lin Yi's small group, other than Jiang He hai and Qin Yue, had the most to gain from this trip to the valley. The other one would be the two-faced little demon, Wang shiqing.

The thought of Qin Yue and Jiang He hai made Lin Yi think of that bastard Xue Peng. He'd wanted to take revenge for them, but he didn't expect this to happen.

Leng rufeng had almost forced Xue Peng to teleport back or kill him in the Xi n Valley. He did not expect that the unforeseen event would give Xue Peng a chance to score.

With Xue Peng's original points and the compensation points from the fallen Cloud Valley, he could barely make it to the divine refining Academy's admission threshold. Furthermore, he was the most outstanding candidate in this Academy, so his points were also the highest!

This time, Xue Peng was basically guaranteed to be able to enter the divine refining college.

"Lin Yi, you're the last one to return. Please come up to the stage and describe everything you've been through. We'll give you enough points and rewards."

The old man on the stage regained his warm smile and waved at Lin Yi politely.

Leng rufeng had already mentioned to Lin Yi that before he came back, everyone else had been questioned by the higher-ups of the Alliance, including Wang shiqing, so it was normal for Lin Yi to be called up alone.

Lin Yi nodded and put the matter of Xue Peng and Wang shiqing aside for now. He walked up the stage easily and cupped his fist to the higher-ups on the stage.

Lin Yi didn't think it was a good idea to mess with that big guy, so he didn't hide anything. He even suggested some of his own speculations to get everyone's attention, in case someone wanted to mess with it and cause chaos in the mystic Sea.

As expected, after hearing Lin Yi's description, everyone's face turned serious. Knowing how strong the unknown lifeform was, they all decided that the area of the Buji mountains should be marked as a forbidden area.

In the mystic division Sea region, the Alliance of Academies was undoubtedly the strongest power. No matter if it was the noble houses or other powers, they were nothing in front of the Alliance of Academies. So if they decided to make the area around the valley a restricted area, they would definitely succeed.

"Lin Yi, you're the strongest in both talent and strength, and you have the brains and the courage! By the way, you're still the first place in the yellow region entrance exam. Originally, the top ten would have some points as a reward, but your performance was too outstanding, and your points have far exceeded the admission points of the top schools. Points are useless to you, so we've discussed and decided to give you this as a reward. "

The old man smiled as he took out a ring for Lin Yi. Was this a gesture of goodwill?

According to what Lin Yi knew, this old man was a Vice-Principal of the divine refinement college, and an elder of the college Alliance. It was already impressive that someone of his level was here for the test!

After all, it wasn't the recruitment year yet, so it wasn't enough for the top student of a top school to come personally.

"Many thanks, elder. In that case, it would be impolite for this junior to refuse!"

Lin Yi didn't stand on ceremony. As far as he was concerned, the information he provided was very important to the mystic division Sea area. He should get some rewards.

Moreover, the top ten in the Yellow Sea area had been promised rewards, but they didn't say what the rewards were.

To tell the truth, points were of no use to Lin Yi at all!

Chapter 6497 Fighting For Lin Yi

Of course, points were very useful to the top ten in the Golden sea region. Whether it was one point, two points, or three points, it could affect their stay in the mystic Sea region. This was more meaningful than anything else!

Lin Yi took the ring and started looking inside.

It was a storage ring, and Lin Yi wasn't unfamiliar with it-he'd gotten one on the northernmost Island before, and gave it to Han Jing Jing as a delivery item.

The space in the storage ring was slightly larger than the one he received last time, and there were quite a lot of cultivation resources in it. Lin Yi didn't want them yet, but it was enough to show the generosity of the Alliance.

The storage ring itself was an extremely rare and precious item. In the Yellow Sea region, storage bags were more common, but storage rings were rare.

In the other big islands outside of the East continent, even storage bags were rarely used. That was why the ring auction on the northernmost Island had attracted a lot of people.

"Lin Yi, a genius like you should receive the best training. Feiyang college is good, but it's still lacking in some areas. I wonder if you're interested in coming to our divine refinement college? I can guarantee that I'll give you the privileges and resources that only those extremely talented geniuses can have during the recruitment year! Believe me, you'll definitely improve quickly in our divine refining college, and you'll become a super star in the mystic division sea in a short time. "

The old man waited for Lin Yi to put away the storage ring before immediately sending out his offer.

The ring was a gift from the Alliance, but he was the one who'd given it away-it was natural for Lin Yi to feel close to him, and it was best to strike while the iron was hot.

This was probably the first time a young fellow from the North Island had seen a storage ring. Furthermore, there were so many resources in it. He must be feeling excited right now. If he seized the opportunity, he might be able to take him down!

This was what the old man was thinking. As for what the Feiyang college thought, it was none of the divine refining College's business.

It was a pity that the old man didn't know Lin Yi well enough-a mere storage ring wasn't even worth a corner of the Jade space, so why would he care?

As for the resources inside, they were worthless to a nouveau riche like him. He'd already thought of giving it to Shangguan LAN 'er the moment he'd gotten it.

Lin Yi's own storage bag was enough for him to cover up for a bit-he didn't need a storage ring at all.

"Deputy Dean Wang, isn't this a little against the rules? You're now representing the college Alliance, not your divine refinement college! Lin Yi's applying to Feiyang school, too-isn't it a bit too much for you to poach him right in front of our school?"

Zhang jinmiao was really angry now. She knew that Lin Yi wouldn't go to another school, but he was being ignored like this. If she didn't say anything now, people would really look down on Feiyang school.

"That's not right, Vice Dean Zhang-a genius like Lin Yi would make Vice Dean Wang love him too. Not to mention, Lin Yi was the top scorer in this exam, and his performance was impeccable. A peerless genius like him-even a ten-point talent might not be able to compare to him. Getting into the top three schools is his responsibility to Lin Yi!"

A handsome middle-aged man retorted, but he wasn't supporting the divine refinement college. He was fighting for Lin Yi.

"Lin Yi, I actually think that our Pride Academy is the most suitable for you! If you're interested, I can also guarantee that everything will be the best treatment!"

The middle-aged man smiled at Lin Yi after retorting Zhang jinmiao.

The pride and divine refinement schools had both extended an olive branch to Lin Yi, and only the peerless school's people were hesitating, not sure if they should join in the fun.

"Vice Deans, don't forget that once you use your recruitment rights to recruit students from other Academies, you can't take in any other students this time! Aren't you afraid of freezing the hearts of the students who applied to your Academy by doing this?"

Zhang jinmiao sneered. The reason why the peerless school students were hesitating was because they had Wang shiqing.

The girl only came back a little earlier than Lin Yi, and although she said that it was all thanks to Lin Yi, it was undeniable that Wang shiqing's talent was equally strong!

This was especially so for this girl, who was the youngest but the most intelligent among this batch of students. Even if she didn't rank first, she would definitely be able to enter the top ten.

Giving up on Wang shiqing and fighting for Lin Yi, who was so popular, didn't feel like it was worth it.

Xue Peng and Liang lingchen's faces turned green at the sight-they barely passed the test after getting their compensation points, and now the top school they were applying to was trying to recruit Lin Yi!

If Lin Yi agreed, they would lose their chance to enter a top school!

Not only that, but they could not even enter the next top school because they had failed the application. No matter how high their score was, they could not change their application target, unless an Academy was willing to recruit them.

Although there weren't many geniuses with a talent score of nine, those inferior top schools would still care about their reputation. They would rush to recruit people that the top schools didn't want. How much water did his brain need to be to make such a decision?

"You're thinking too much, Vice Dean Zhang. As long as Lin Yi can join, the others don't matter. If Vice Dean Zhang feels like we're losing out, I can make a request to use our students to exchange for the school! Of course, to show how much we value Lin Yi, we'll pay a higher price to complete the exchange."

Old man Wang suggested to Zhang Jinmiao with a smile.

The so-called exchange of students was completely different from recruitment. This was a normal exchange between two academies through the Alliance of Academies. The exchange of students was recognized by the rules.

Generally speaking, if a lower tier school wanted to exchange students with a higher tier school, it would be more disadvantageous. This was because the students themselves would yearn for a higher tier school, so sometimes the weaker side could only grit their teeth and swallow their pride.

However, this time, the divine refining college offered to compensate them, which was extremely rare in the history of exchange students.

But this way, the divine refining college could accept students as usual, and Lin Yi would still be a member of the flying college. They only needed to exchange later.

This was good news for Xue Peng. At least it was acceptable for him to be able to enter the Feiyang school, a second-best school that was slightly inferior to the top schools.

Chapter 6498 Don't Refuse Yet

"No!"

Zhang jinmiao's face turned cold as she rejected the suggestion without hesitation. She was being so forceful because she wanted to share some of Lin Yi's pressure, so that he wouldn't offend the two top schools too much.

Zhang jinmiao was quite clear about this kid's temper. He was definitely amenable to coaxing but not coercion!

The divine refining school and the pride school were so aggressive in recruiting Lin Yi, even offering him benefits in exchange. How could he be happy?

He wasn't a commodity that could be measured by value and then determined whether it was worth exchanging for. This wasn't attention, it was humiliation!

"I'm sorry, I will only go to the Feiyang school. I won't go to any other school. "

Lin Yi didn't wait for them to refute Zhang Jinmiao's words and cut off all hope.

Vice Principal Wang and the middle-aged man from the pride Academy had ugly expressions on their faces. They represented two of the top three Academies. No one had ever rejected them so directly when they used their recruitment rights!

To be honest, they felt like they'd lost face for the school, and the one who'd made them lose face was Lin Yi!

"Lin Yi, I hope you don't act rashly-think about it carefully. The top three and the sub-top schools may seem like they're only a little bit apart, but that little difference is like the difference between heaven and earth! Don't take your future into account, we're doing this for your own good!"

Vice Dean Wang suppressed his anger and forced a smile to persuade Lin Yi.

If he could bring Lin Yi back in the end, he could make up for the loss of face he'd lost, so he wanted to try one last time.

"Thank you for your high regard, Vice Dean Wang. But I've already said that I won't go anywhere other than Feiyang college!"

Lin Yi smiled faintly, continuing to reject the Dean in a manner that was neither servile nor overbearing.

The label of not knowing what's good for him landed on Lin Yi's head, and the divine refinement and pride Academies hated him to the core!

They wouldn't be angry if Lin Yi gave up on Feiyang school and went to another top school. After all, it was a competition between schools of the same level. It was just a student's preference.

But Lin Yi's decision to go to Feiyang school was like slapping a top school in the face.

At this time, the people of peerless school were very happy. It was a good thing that they didn't fight for Lin Yi because of Wang shiqing. Although they could still recruit Wang shiqing if they lost, it would definitely make the smart girl feel uncomfortable!

In the end, not only would he lose face, he would also offend the Wang clan.

On the other side, Liang Ling Chen was extremely happy. Lin Yi not choosing to join the Pride Academy gave her a chance, and this was a good thing. There was no enmity between them to begin with, and the unhappiness he had in the fallen Cloud Valley was now gone.

As for Xue Peng, his thoughts were completely different from Liang Ling Chen 'S. He was not as happy as he had imagined that he would be able to continue his studies in the divine refining Academy.

If Lin Yi accepted the offer, he'd hate him to death, but Lin Yi rejected Vice Dean Wang's offer. Xue Peng hated Lin Yi as much as he hated him, maybe even more!

Xue Peng glared at Lin Yi with extreme hatred, thinking that he'd risked his life to get a place in the divine refinement college, but Lin Yi had abandoned it like it was nothing!

Did I get into the divine refining Academy by picking up an opportunity that you didn't want? What the hell are you? If I have the chance in the future, I'll definitely hack you into a thousand pieces!

Lin Yi felt Xue Peng's eyes on him and glanced over indifferently. Lin Yi didn't care about the anger and hatred in his eyes at all.

This time, he had to accompany Shangguan LAN 'er. Otherwise, Lin Yi wouldn't mind accepting Vice Dean Wang's recruitment and going to the divine refining college to study, taking away Xue Peng's place.

Lin Yi had always held grudges against Qin Yue and Jiang He hai in his heart, but now wasn't the time. Xue Peng wanted to deal with him, and Lin Yi never thought of letting him go.

"Leng rufeng, are you willing to join the divine refining college?"

Vice Dean Wang was furious, but he still kept a smile on his face. Since Lin Yi was out of the question, he could only go for Leng rufeng!

In this batch of geniuses with nine points, the strongest would definitely be Lin Yi. The one with potential that wasn't inferior to Lin Yi was Wang shiqing, and the other one would be Leng rufeng!

There was no need to talk about Leng rufeng's strength. He was able to suppress both Liang Ling Chen and Xue Peng by himself, and he had a bunch of helpers with 80% talent. Even if his performance was not as good as Lin Yi 's, he was only a little bit weaker.

Moreover, Leng rufeng's blade Force already had a trace of the early stage of a domain. If trained well, he might not be much weaker than Lin Yi.

Associate Hospital director Wang felt that since he had already lost face, he did not mind losing face again. If he could recruit Leng rufeng, at least he could save some face.

As for Xue Peng, he didn't take him to heart at all. So what if he was a genius of the Xue family? The top schools always respected the strong. If a group of people could not defeat Leng rufeng, what would Xue Peng do if they could get Leng rufeng?

Xue Peng's face turned green, and then red. He never thought that after failing to recruit Lin Yi, Vice Dean Wang would try to recruit Leng rufeng again. He didn't put Xue Peng in his eyes at all!

Even if Leng rufeng rejected him in the end, Xue Peng would still be embarrassed if he were to enter the divine refining college!

In the divine refining Academy, where geniuses gathered, a person like him, who had been abandoned many times, was simply the best target for everyone to laugh at!

On the other side, Zhang jinmiao's expression was also quite ugly. Vice Dean Wang was trying to poach people from Feiyang college. To put it nicely, he was optimistic about the future of these people. To put

it bluntly, he was slapping Feiyang College's face in public. It was not much different from falling out with them.

The proud school's middle-aged man hesitated, but decided not to join the fight for Leng rufeng. It wasn't that he didn't think highly of Leng rufeng, but he thought that it wouldn't be easy to recruit him since he was Lin Yi's companion. He'd lose face again if he made a mistake.

At the same time, they would completely offend Liang Ling Chen and the family behind her. Even though the pride Academy didn't care, they didn't have to be so extreme.

After all, Liang Ling Chen's talent wasn't bad either, and it was hard to say who would be stronger or weaker.

Just as Leng rufeng was about to reject the offer, Lin Yi's voice rang in his ears.

"Rufeng, don't reject it yet. Just say that you want to be with qianxue, so you can't accept the recruitment. If it's an exchange, you can consider bringing qianxue along."

Lin Yi spoke quickly, but Leng rufeng understood what he meant instantly.

He was looking for an opportunity to deal with Xue Peng! Lin Yi had put in a lot of effort to get revenge for Jiang He hai and Qin Yue!

Chapter 6499 Xue Peng Who I Hate To Death

"Boss, are you saying that qianxue and I will go to the divine refining Academy, and Xue Peng will go to the Feiyang Academy so that you can deal with him?"

Leng rufeng understood what Lin Yi meant, but he still needed to confirm it.

"That's right. If you accept the recruitment, Xue Peng will at most lose his chance to enter a top tier Academy. If he comes back next year, he might encounter Jiang He hai and Qin Yue again. In order to prevent this kid from taking revenge on Jiang He hai next year, we'll have to let him enter an Academy this year. However, if we're not in the same Academy as him, it'll be difficult to deal with him. Now that there's a chance, I'll get him to my side so that I can teach him a lesson at any time. But this will have to trouble you!"

Lin Yi said with a sigh.

He was disgusted by such a method of exchange. He felt sorry for Leng rufeng and yang qianxue for asking him to do this. However, he believed that Leng rufeng would not mind for the sake of Jiang He and hai.

That was the truth. Leng rufeng had long regarded Jiang hehai as his brother. In order to avenge him, what was the big deal with a mere exchange?

The only bad thing was that he couldn't follow Lin Yi. Even if divine refinement school was better than Feiyang school, he didn't think it was better than following Lin Yi.

"Deputy Director Wang, Yang qianxue is my fiancée. I don't want to be separated from her, so I can't accept your offer."

After communicating with Lin Yi through voice transmission, Leng rufeng raised his voice to answer Vice Dean Wang.

From an outsider's point of view, Leng rufeng was just thinking about it for a while, and there was nothing strange about it. They didn't know that he was discussing with Lin Yi how to deal with Xue Peng.

"Leng rufeng, are you saying that you don't object to coming to the divine refinement college? you're only unwilling to accept it because of the limited number of people you can recruit?"

Deputy Dean Wang's eyes lit up. He did not expect that Leng rufeng would actually give in. He was already prepared to continue embarrassing himself!

Xue Peng's expression kept changing. He really hated Lin Yi, Leng rufeng, and the others to death. He even hated Vice Dean Wang of the divine refinement college.

"That's right, that's exactly what I meant. I heard that there's only one quota for recruitment for each Academy, and for this quota, one has to give up all the enrollment spots of the current batch."

Leng rufeng nodded slightly and looked at Deputy Dean Wang calmly.

Zhang jinmiao was confused. Wasn't Leng rufeng Lin Yi's follower? Why did he suddenly say that he wanted to go to the divine refining college?

But after seeing the look Lin Yi gave her, she knew that it was Lin Yi's idea. She didn't know why, but she was at ease.

As long as Lin Yi didn't leave, he didn't mind letting Leng rufeng go!

"What's the problem? I've already told you that you can apply for an exchange quota. You and yang qianxue will be able to enter the divine refining Academy, and we will definitely not mistreat you. "

Vice Dean Wang laughed out loud. Even without Lin Yi, Leng rufeng was still better than Xue Peng.

Xue Peng's face darkened completely. Not only would he not be able to stay in the divine smelting college, but he would also be used as a bargaining chip in exchange for Leng rufeng. This kind of humiliation was driving him crazy!

If it wasn't for the fact that the divine refining college was so powerful that even the entire Xue clan couldn't compare to it, he would have fallen out with them.

"Deputy Dean Zhang, Leng rufeng is willing to come to our divine refinement college with his fiancée, yang qianxue. How about we make an exchange?"

Vice Dean Wang looked at Zhang jinmiao with a smile, his depression from Lin Yi's rejection finally dissipating a little.

Leng rufeng's talent wasn't bad at all, maybe a bit weaker than Lin Yi 's, but Vice Dean Wang thought that the divine refining college had a lot of resources, and Feiyang college couldn't compare to it. So, the result of training Leng rufeng might be better than Lin Yi' s. When that time came, he would make Lin Yi regret it!

"Why should I agree to the exchange?"

Zhang jinmiao's face was cold, not giving Deputy Dean Wang any face.

In fact, she had already received Lin Yi's message, asking her to agree to the exchange, but she couldn't agree so easily. She needed this old man to pay a higher price.

"Deputy Dean Zhang, our families have always been on friendly terms. Exchanging students will only strengthen the cooperation between our families. How about this? since the students have agreed to it, let's have a good discussion on how to complete the exchange."

Vice Dean Wang also understood Zhang jinmiao's unhappiness, so he acted very magnanimous. He laughed and called Zhang jinmiao to the side to talk about the details. As for what price they would pay in exchange for Leng rufeng and yang qianxue, Lin Yi didn't need to worry about it.

After the fight on stage was over, Lin Yi cupped his hands to the people from the Alliance of schools and returned to his formation, joining Leng rufeng and the others.

"Rufeng, qianxue, I'll have to trouble you this time. In order for Xue Peng to be under my watch, I have to sacrifice you."

Lin Yi nodded at Leng rufeng and yang qianxue apologetically. They were supposed to be together, but he asked them to go to the divine refining college instead. It was indeed a little unreasonable.

"Boss, don't say that. The divine refinement college is one of the top three schools. Once we go there, we'll be valued, so our cultivation speed won't be any worse than in Feiyang college. When we can leave the college in the future, we'll go to the mystic Sea area together."

Leng rufeng smiled and comforted Lin Yi. Dealing with Xue Peng was what he wanted. What was wrong with going to the divine refining college in exchange? It didn't matter if they went to liuyun Academy.

"Boss Lin Yi, big brother Leng, thank you!"

Jiang He hai and Qin Yue were touched. They were no fools-they knew why Lin Yi and Leng rufeng were doing this.

Perhaps in the eyes of others, entering the divine refinement college was a good thing, but Jiang He and the others knew that for Leng rufeng, following Lin Yi was the best choice. If he were to go to the divine refinement college instead, he would be at a disadvantage.

"What are you thanking me for? We didn't do anything. "

Lin Yi smiled faintly and waved his hand at Jiang He hai. If he'd gotten rid of Xue Peng back at the Xi n Valley, he wouldn't have to go through all this trouble.

However, it was not without benefits for Leng rufeng to go to the divine refining college. At least old man Wang of the divine refining college would not hold a grudge against the Feiyang college!

After all, if a top-notch school was determined to make things difficult for a secondary top-notch school, the secondary top-notch school would be at a disadvantage.

While Lin Yi and the others were whispering to each other, old man Wang and Zhang jinmiao had already discussed the details of the exchange. From Zhang jinmiao's face, old man Wang should have paid a high price, so Zhang jinmiao was quite satisfied.

Chapter 6500 Farewell To Each Other

"Alright, although there were some accidents in this assessment, it has now come to a satisfactory end. The preparatory students who have not reached the cut-off points can leave first. I wish you all the best in advance to pass the assessment next year. "In addition, the students who have reached the cut-off point will have to wait for a while to see if you have enough slots to apply for the Academy. Only then can we decide if you can enter the academy you like."

Old man Wang was still smiling. He seemed to be in a good mood. He probably felt that it was a good harvest to have Leng rufeng join his team.

"Boss Lin Yi, brother Leng, qianxue sis, miss LAN 'er, we'll take our leave now. We'll definitely be able to stay in the mystic class sea next year! We'll meet again then!"

Jiang He hai cupped his hands at everyone. He did not have any regrets. He was already very touched that Qin Yue was willing to give up the chance to stay in the mystic-class ocean and return with him.

Besides, Lin Yi and Leng rufeng were determined to avenge her, what was there to regret?

Although he wanted to take revenge himself, Xue Peng was much more talented and stronger than him. He also had a powerful force behind him. It would not be easy for him to take revenge, so he could only thank Lin Yi and Leng rufeng.

"You're right. Go back and cultivate. Try to come to Feiyang college next year. We will wait for you."

Lin Yi smiled and patted Jiang hehai's shoulder, encouraging him to work hard.

"We will! Everyone, wait for us!"

"Yes!" Qin Yue nodded hard. She was a competitive person, and she had to go back to the yellow-class Sea area because of the river and sea. If she had the chance, she would try her best to reach the top.

Lin Yi took out a storage bag and handed it to Jiang He hai,""Here are some pills that I've concocted myself. They might be of some help to you. Take them and cultivate well!"

"Thank you, boss Lin Yi!"

Jiang He hai accepted the gift without any reservations-he had been triggered by Lin Yi's offer this time, after all, and he had no qualms accepting Lin Yi's kindness for the sake of getting stronger. He'd already decided that he'd follow Lin Yi from now on, even if it meant going through fire and water for him.

Even so, Jiang He hai was shocked when he saw the contents of the storage bag. Wasn't that a little too much?

"Boss Lin Yi, this ... Is too much, I can't take it!"

Originally, he had thought that there would be no pressure to collect some things, but now he was a little frightened! Lin Yi's gift was something that he wouldn't be able to get even if he sold his sea of rivers ten times!

"Don't be so polite with me. It's just some worldly possessions, many of which I don't need. The medicinal pills are all refined by myself, so they're not worth much at all. The two of you just need to take them and cultivate well!"

Lin Yi didn't take back something he'd given away-he waved his hand for Jiang He to keep it.

Jiang He hai and Qin Yue looked at each other but still accepted the storage bag in the end. A favor like this was not something that could be repaid with a simple 'thank you', so they did not say anything more and kept everything in their hearts.

"We'll send you to the teleportation array later. We can't leave right now, so why don't you wait for us outside the square?"

Lin Yi looked back at the stage, not sure when it'd end.

Zhang jinmiao came over and smiled at Lin Yi, shaking her head. "You don't have to worry about Jiang He hai and Qin Yue. They'll be going back with the trainees who failed the test at the yellow-class Sea area, and our recruitment team will be in charge of leading the team. The students who didn't pass the test must be sent back to the Yellow Sea area, so we can't wait for you. "

"Yeah, boss Lin Yi, you guys don't have to worry about us. We'll go back with everyone. Don't you worry about what Dean Zhang has arranged?"

Jiang He hai chuckled and cupped his hands in farewell.

Lin Yi had no choice but to watch as Qin Yue and Jiang He left the square with the people from the yellow-class Sea area. It was only then that he noticed that Ren Zhongyuan and Yi Xiaotian had passed the test and stayed in the mystic-class Sea area!

However, they had all chosen the lower-ranked schools, so the cut-off points were not too high. It was reasonable for them to stay, but Yao Jiali had not passed the assessment and had to return with Jiang He and the others.

Yi Xiaotian did not seem to care about Yao Jiali's loss. From afar, he looked at Yao Jiali happily chatting with Ren Zhongyuan. He did not even care about how his lover was feeling.

Compared to the deep love between Jiang He, hai, and Qin Yue, it was truly disdainful.

One thing worth mentioning was that there was also an old friend of Lin Yi 's, Gong Linzhou. He also stayed in the mystic division Sea area and successfully entered a first tier school, but Lin Yi didn't care about him at all.

Gong Linzhou, on the other hand, knew the difference between Lin Yi and himself. He could only look up to Lin Yi.

"Auntie Zhang, what's the final admission method? If there are enough spots, will all the candidates who pass the cut-off point be accepted?"

Lin Yi asked casually. The students who made it to the end would probably be accepted by the Academy.

"You're right. The situation this time is special. Because of the changes in the fallen Cloud Valley, there aren't many students who have reached the cut-off point, and there are still many slots left. This is especially true for the secondary top tier schools, first tier schools, and second tier schools."

Zhang jinmiao smiled and nodded. She then spoke to Leng rufeng and yang qianxue.

These two were geniuses that Zhang jinmiao had high hopes for, and if it weren't for Lin Yi, she wouldn't have let them go, but she had no choice now. She could only come over and say goodbye to them.

"Master, when can we go to the academy?"

Shangguan LAN 'er was still a little depressed when she saw Jiang He hai and Qin Yue off, but she quickly recovered and began to look forward to her future in the Academy.

It was a pity that Leng rufeng and yang qianxue were going to the divine refining Academy, and Jiang He sea and Qin Yue had returned to the yellow-class Sea area. It was suddenly much more deserted!

It was a good thing Lin Yi was here-he should be able to take on two or three people.

Shangguan LAN 'er felt much happier at the thought of studying alone with Lin Yi at Feiyang school, and so she looked at her master with a warm gaze.

"Soon. After the announcement here, we'll set off for the Academy. You have to be mentally prepared. After you reach the Academy, you have to cultivate properly. You can't be so sloppy anymore."

Zhang jinmiao smiled and touched Shangguan LAN 'er's nose, her love overflowing.

Lin Yi sighed to himself. He felt that Shangguan LAN 'er had to be more relaxed with Zhang jinmiao as her master!

While they were talking, Vice Principal Wang of the divine refining college began to announce the admission list of each college.
